**REGISTRATION DOCUMENT SUPPLEMENT**

**SUPPLEMENT 1/2016**

**BARCLAYS BANK PLC**  
**(Incorporated with limited liability in England and Wales)**

**Pursuant to the Global Structured Securities Programme**

---

This supplement dated 15 August 2016 (the "**Supplement**") is supplemental to, and must be read in conjunction with, the Registration Document 3/2016 dated 1 June 2016 (the "**Registration Document**") of Barclays Bank PLC in its capacity as issuer (the "**Issuer**") in respect of its Global Structured Securities Programme (the "**Programme**"). This Supplement constitutes a supplement for the purposes of Directive 2003/71/EC (and amendments thereto) and Section 87G of the UK Financial Services and Markets Act 2000 ("**FSMA**").

Terms defined in the Registration Document shall, unless the context otherwise requires, have the same meaning when used in this Supplement.

The purpose of this Supplement is to amend and supplement the "Risk Factors", "Information Incorporated by Reference", "The Issuer and the Group" and "Forward Looking Statements" sections of the Registration Document due to the release of the Q2 2016 Interim Results Announcement (each as defined in the section "**Information Incorporated by Reference**") as set out below.

**(A) RISK FACTORS**

Following the release of the Q2 2016 Interim Results Announcement, the information in the "Risk Factors" section of the Registration Document is supplemented as follows:

- (i) In the third line of the third paragraph in "6. Legal, competition and regulatory matters" the reference to "Barclays PLC financial statements contained in the Joint Annual Report" is replaced with a reference to "Q2 2016 Interim Results Announcement", so that the full paragraph shall now read as follows:

"Details of material legal, competition and regulatory matters to which the Group is currently exposed are set out in more detail in Note 19 (*Legal, competition and regulatory matters*) to the Q2 2016 Interim Results Announcement. In addition to those material ongoing matters, the Group is engaged in various other legal proceedings in the UK and a number of overseas jurisdictions which arise in the ordinary course of business. The Group is also subject to requests for information, investigations and other reviews by regulators, governmental and other public bodies in connection with business activities in which the Group is or has been engaged. In light of the uncertainties involved in legal, competition and regulatory matters, there can be no assurance that the outcome of a particular matter or matters will not be material to the Group's results of operations or cash flow for a particular period, depending on, among other things, the amount of the loss resulting from the matter(s) and the amount of income otherwise reported for the period.";

- (ii) In the second paragraph of "8. Regulatory action in the event of a bank failure" each of the references to "bail-in power" is replaced with a reference to "bail-in tool";
- (iii) In the last line of "Conduct risks – 2. Legacy Issues" the reference to "Note 29 (*Legal competition and regulatory matters*) to the Barclays PLC financial statements contained in the Joint Annual Report" is replaced with a reference to "Note 19 (*Legal competition and regulatory matters*) to the Q2 2016 Interim Results Announcement", so that the full section now reads as follows:

"Barclays remains at risk from the potential outcomes of a number of investigations relating to the Group's past conduct. While we are continuing to embed cultural change and improved governance, many stakeholders will remain sceptical and so until there is clear and sustained evidence of consistent cultural and behavioural change, the risk to Barclays' reputation will remain. Barclays continues to work to rebuild customer trust and market confidence impacted by legacy issues. For further information in respect of such investigations and related litigation and discussion of the associated uncertainties, please see Note 19 (*Legal competition and regulatory matters*) to the Q2 2016 Interim Results Announcement."

- (iv) The ninth paragraph under "Material existing and emerging risks potentially impacting more than one Principal Risk" - "2. Business conditions, general economy and geopolitical issues" is deleted in its entirety and replaced with the following:

"In the UK, the referendum on EU membership held on 23 June 2016 resulted in a vote in favour of leaving the EU. Potential risks to the Group associated with an exit are set out below. See "UK exit from the EU" below for further detail regarding risks identified by the Group associated with the UK's exit from the EU."; and

- (v) Under "Material existing and emerging risks potentially impacting more than one Principal Risk" after the final paragraph of "3. Business Change/Execution (emerging risk)", inserting the following:

**"UK exit from the EU**

The UK held a referendum on 23 June 2016 on whether it should remain a member of the EU. This resulted in a vote in favour of leaving the EU. The result of the referendum means that the long-term nature of the UK's relationship with the EU is unclear and there is uncertainty as to the nature and timing of any agreement with the EU. In the interim, there is a risk of uncertainty for both the UK and the EU, which could adversely affect the economy of the UK and the other economies in which we operate. The potential risks associated with an exit from the EU have been carefully considered by the Board during the first half of 2016 and relevant actions taken where appropriate. Potential risks for the Group include:

Market Risk

- Potential for continued market volatility (notably FX and interest rates) given political uncertainty which could affect the value of Trading Book positions, Interest Rate Risk in the Banking Book, as well as securities held by the Group for liquidity purposes. Changes in the long-term outlook for UK interest rates might also adversely affect UK Pension IAS19 liabilities.

Credit Risk

- Increased risk of a UK recession with lower growth, higher unemployment and falling UK house prices. This would likely negatively impact a number of the Group's portfolios, notably: higher Loan-to-Value mortgages, UK unsecured and commercial real estate exposures.

#### Operational Risk

- Changes to current EU "Passporting" rights: the UK's formal withdrawal from the EU may result in the loss of cross-border market access rights which would require the Group to make alternative licensing arrangements in EU jurisdictions in which the Group continues to operate.
- The legal framework within which the Group operates could change as the UK takes steps to replace laws currently in force, which are based on EU legislation and regulation.
- Uncertainty over the UK's future approach to EU freedom of movement will impact the Group's access to the EU talent pool, decisions on hiring from the EU of critical roles and rights to work of current Group non-UK EU citizens located in the UK and UK citizens located in the EU.

#### Funding Risk

- Potential for credit spread widening and reduced investor appetite for bank paper, which could negatively impact the cost of and/or access to funding.
- The Group continues to maintain strong credit ratings across rating agencies - while Moody's and Standard & Poor's changed the outlook on most UK banks' ratings to reflect the uncertainty in the economic environment in the UK following the referendum, all the Group's existing ratings were affirmed as part of the post-referendum ratings actions i.e. there was no actual ratings changes. Fitch has not acted, and the Group's ratings outlook remains stable."
