CALYON

CALYON, Calyon Financial Products (Guernsey) Limited and Calyon Finance (Guernsey) Limited (each an "Issuer" and together the "Issuers") may from time to time issue warrants (the "Warrants") or certificates (the "Certificates" and, together with the Warrants, the "Securities") under the programme (the "Programme") described in this document upon the terms and conditions of the Securities described herein as completed, in the case of each issue of Securities, by final terms (the "Final Terms") in respect of such Securities (the "Terms and Conditions"). Securities of any series will, in the circumstances described in the relevant Final Terms, give the holder thereof certain rights against the Issuer as described herein and in the relevant Final Terms, which rights may include the right to receive a cash amount from the Issuer calculated in accordance with the relevant Final Terms or the right to receive delivery of a specified asset or assets against, in certain circumstances, payment of a specified sum, all as more particularly described in the relevant Final Terms.

The payment and/or delivery obligations in respect of the Securities issued by either Calyon Financial Products (Guernsey) Limited ("CFP") or Calyon Finance (Guernsey) Limited ("CFG") are guaranteed by CALYON (the "Guarantor") pursuant to a deed of guarantee dated 17 August 2007 (as amended or supplemented from time to time, the "Guarantee"), the form of which is set out herein. See "Form of Guarantee".

Application has been made to the *Commission de Surveillance du Secteur Financier* (the "CSSF") in its capacity as competent authority under the Luxembourg Law on Prospectuses for Securities to approve this document as a Base Prospectus. Application may be made for Securities issued under the Programme to be listed and admitted to trading on the EuroMTF exchange regulated market of the Luxembourg Stock Exchange (the "EuroMTF Market") or to be admitted to trading on the Luxembourg Stock Exchange's regulated market (the "Regulated Market") and to be listed on the Official List of the Luxembourg Stock Exchange. References in this Base Prospectus to the "Luxembourg Stock Exchange" (and all related references) shall include the Regulated Market and/or the EuroMTF Market, as the case may be (as specified in the applicable Final Terms). In addition, references in this Base Prospectus to Securities being "listed" (and all related references) shall mean that such Securities have been listed and admitted to trading on the Luxembourg Stock Exchange or, as the case may be, an ISD Regulated Market (as defined below). The Luxembourg Stock Exchange's Regulated Market is a regulated market for the purposes of the Investment Services Directive 93/22/EC (each such regulated market being an "ISD Regulated Market"). This Base Prospectus may be used to list and have admitted to trading Securities on the EuroMTF Market or to have Securities admitted to trading on the Regulated Market and listed on the Official List of the Luxembourg Stock Exchange, pursuant to the Programme. The Programme provides that Securities may be listed on such further or other stock exchange(s) as the relevant Issuer may decide. The applicable Final Terms will specify whether or not Securities are to be listed and admitted to trading on the Luxembourg Stock Exchange and/or any other stock exchange(s). The Issuer may also issue unlisted Securities.

Consent under the Control of Borrowing (Bailiwick of Guernsey) Ordinances, 1959 to 1989 has been obtained in relation to the issue of the Securities by CFP and CFG. Neither the Guernsey Financial Services Commission nor the Policy Council of the States of Guernsey takes any responsibility for the financial soundness of the arrangement or for the correctness of any of the statements made or opinions expressed herein with regard to CFP and CFG.

The Securities and the Guarantee have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the "Securities Act"), or any securities laws of any state of the United States, and may not be offered, sold or otherwise transferred within the United States or to, or for the account or benefit of, any U.S. person (as defined in Regulation S under the Securities Act ("Regulation S")), except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and in accordance with any applicable securities laws of any state of the United States.

The Securities are being offered and sold pursuant to the registration exemption contained in Regulation S under the Securities Act. The Securities, or interests therein, may not at any time be offered, sold, resold, traded, pledged, exercised, redeemed, transferred or delivered, directly or indirectly in the United States or to, or for the account or benefit of, a U.S. person (as defined in Regulation S) and any offer, sale, resale, trade, pledge, exercise, redemption, transfer or delivery made, directly or indirectly, within the United States or to, or for the account of, a U.S. person will not be recognised. However, notwithstanding the above, the Final Terms may provide that any Issuer or the manager appointed by any Issuer may arrange for the offer and sale of a portion of the Securities of certain series within the United States exclusively to persons that are both (i) qualified institutional buyers ("QIBs") as defined in Rule 144A under the Securities Act in reliance on the exemption provided by Rule 144A under the Securities Act and (ii) qualified purchasers ("QPs") within the meaning of Section 3(c)(7) and as defined in Section 2(a)(51)(A) of the U.S. Investment Company Act of 1940, as amended (the "Investment Company Act"). See "Offers and Sales" herein. In certain circumstances, exercise, and/or delivery of a specified asset pursuant to the terms of Securities will be conditional upon certification as to non-US beneficial ownership. See "Terms and Conditions of the Warrants" and "Terms and Conditions of the Certificates" herein.

Neither the sale of nor trading in Securities has been approved by the U.S. Commodity Futures Exchange Commission under the U.S. Commodity Exchange Act, as amended. Unless otherwise provided in the applicable Final Terms, Securities may only be offered, sold or delivered at any time, directly or indirectly, outside the United States or to, or for the account or benefit of, non-U.S. persons, and U.S. persons may not trade or maintain a position in such Securities. Any such offer, sale or delivery to, or for the account of, a U.S. person will not be recognised. Such Securities are being offered and sold outside the United States to non-U.S. persons in reliance on Regulation S. See "Offers and Sales" herein.

The Securities are not insured by the Federal Deposit Insurance Corporation.

Each of CFP and CFG have not registered, and will not register, as an "investment company" under the Investment Company Act.

Securities sold in the United States or to, or for the account or benefit of, U.S. persons will be sold through a broker dealer registered under the U.S. Securities Exchange Act of 1934, as amended (the "**Securities Exchange Act**") specified in the applicable Final Terms.

Each series of Warrants (other than Dematerialised Warrants (as defined below)) will be represented by one or more global warrants (each a "**Global Warrant**") and each Series of Certificates (other than Dematerialised Certificates (as defined below)) will be represented by one or more global certificates (each a "**Global Certificate**"), which will, in each case, be issued and deposited with a common depository for Euroclear Bank S.A./N.V. ("**Euroclear**") and Clearstream Banking, société anonyme ("**Clearstream, Luxembourg**"), or with a common depository for any additional or alternative clearing system which is specified in an applicable Final Terms, on the date of issue of the relevant Securities. For the purposes of allowing clearing of Securities in alternative clearing systems, Warrants or Certificates of any series may be issued in registered uncertificated and dematerialised book-entry form (respectively, "**Dematerialised Warrants**" and "**Dematerialised Certificates**" and, together, "**Dematerialised Securities**") in accordance with all applicable laws of the relevant jurisdiction of such alternative clearing system and the rules and regulations of such alternative clearing system or any nominee thereof. Such Dematerialised Securities may include Dematerialised Securities cleared through the Swedish VPC ("**Swedish Securities**") in accordance with the Swedish Financial Instruments Act of 1998 (as amended from time to time), Dematerialised Securities cleared through and registered with a Norwegian securities depository which is expected to be Verdipapirsentraten ASA ("**VPS**") ("**Norwegian Securities**") in accordance with the Norwegian Securities Register Act of 2002 (as amended from time to time) and Dematerialised Securities cleared through Monte Titoli ("**Italian Securities**") in accordance with Article 80 of Legislative Decree no. 58 of 24 February 1998 (as amended from time to time) and its implementing regulations.

Prospective investors should be aware of the particular risks involved in investing in Securities. See "Risk Factors".

In relation to each separate issue of Securities, the final offer price and the amount of such Securities will be determined by the Issuer and the relevant Dealers in accordance with prevailing market conditions at the time of the issue of the Securities and will be set out in the relevant Final Terms.

The Issuers and the Guarantor, having taken all reasonable care to ensure that such is the case, each confirms that, to the best of its knowledge and belief, the information contained or incorporated by reference in this Base Prospectus is in accordance with the facts and does not omit anything likely to affect the import of such information. This Base Prospectus is to be read in conjunction with all documents which are deemed to be incorporated herein by reference (see “*Documents Incorporated by Reference*” below). This Base Prospectus shall be read and construed on the basis that such documents are incorporated and form part of this Base Prospectus.

Securities may be issued on a continuing basis to one or more of the Dealers specified under “Offers and Sales” below and any additional dealer appointed under the Programme from time to time by the Issuers (each a “**Dealer**” and together the “**Dealers**”), which appointment may be for a specific issue or on an ongoing basis. References in this Base Prospectus to the “relevant Dealer” shall, in the case of an issue of Securities being (or intended to be) subscribed or purchased by more than one Dealer, be to all Dealers agreeing to subscribe or purchase such Securities.

No Dealer has independently verified the information contained in this Base Prospectus. Accordingly, no representation, warranty or undertaking, express or implied, is made and no responsibility or liability is accepted by any Dealer as to the accuracy or completeness of the information contained or incorporated in this Base Prospectus or any other information provided by the Issuer or, if applicable, the Guarantor in connection with the Programme. No Dealer accepts any liability in relation to the information contained or incorporated by reference in this Base Prospectus or any other information provided by the Issuers or the Guarantor in connection with the Programme.

The distribution of this Base Prospectus and any Final Terms and the offering, sale and delivery of the Securities in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus comes are required by the Issuers, the Guarantor and the Dealers to inform themselves about and to observe any such restrictions. For a description of certain restrictions on offers, sales and deliveries of Securities and the distribution of this Base Prospectus and other offering material relating to the Securities see “Offers and Sales” below.

Neither this Base Prospectus nor any Final Terms may be used for the purpose of an offer or solicitation by anyone in any jurisdiction in which such offer or solicitation is not authorised or to any person to whom it is unlawful to make such offer or solicitation, and no action has been taken or will be taken to permit an offering of the Securities or the distribution of this Base Prospectus in any jurisdiction where any such action is required.

Persons into whose possession offering material comes must inform themselves about and observe any such restrictions. This Base Prospectus does not constitute, and may not be used for or in connection with, an offer to any person to whom it is unlawful to make such an offer or a solicitation by anyone not authorised so to act.

Prospective investors in any Securities that are U.S. taxpayers should consult their own advisers concerning U.S. tax considerations relevant to an investment in such Securities.

None of the Issuers, the Guarantor or any Dealer has investigated, or has access to information that would permit it to ascertain, whether any company that has issued equity, debt or other instruments to which any Securities directly or indirectly relate is a passive foreign investment company for U.S. federal tax purposes.

The delivery of this Base Prospectus does not at any time imply that the information contained herein concerning the Issuers or the Guarantor is correct at any time subsequent to the date hereof or that any other information supplied in

connection with this Base Prospectus is correct as of any time subsequent to the date indicated in the document containing the same. Investors should review the documents incorporated herein by reference when deciding whether or not to purchase any Securities.

The Securities will be exercisable or entitled to the rights thereunder in the manner set forth herein and in the applicable Final Terms. Whether upon exercise or not, in order to receive payment of any amount or delivery of any asset due under any Security, the Warrantholder and/or the Certificateholder (as defined in the Terms and Conditions) may be required to certify (in accordance with the provisions outlined in “Offers and Sales” below) that it is not a U.S. person or a person who has purchased a Security for resale to U.S. persons and that it is not exercising such Security and/or receiving such payment or delivery on behalf of a U.S. person. Upon transfer or exchange of a Security, the Warrantholder and/or the Certificateholder may, in certain circumstances, be required to certify that the transfer or exchange, as the case may be, is being made to a person whom the transferor or exchangor reasonably believes is not a U.S. person or is a QIB that is also a QP, as applicable, who acquired the right to such transfer or exchange in a transaction exempt from the registration requirements of the Securities Act. The proposed transferee may also be required to deliver an investment letter as a condition precedent to such proposed transfer or exchange.

Notwithstanding anything herein to the contrary, except as reasonably necessary to comply with applicable securities laws, the offeree (and each employee, representative, or other agent of the offeree) may disclose to any and all persons, without limitation of any kind, the tax treatment and tax structure of the offering and all materials of any kind (including opinions and other tax analyses) that are provided to the offeree relating to such tax treatment and tax structure. For this purpose, “tax structure” means any facts relevant to the U.S. federal income tax treatment of the offering but does not include information relating to the identity of the Issuer.

Prospective Warrantholders and/or Certificateholders are hereby notified that the Issuers will be relying on the exemption from the registration requirements of Section 5 of the Securities Act provided by Rule 144A under the Securities Act.

The Securities have not been approved or disapproved by the U.S. Securities and Exchange Commission, any state securities commission in the United States, and none of the foregoing authorities has passed upon or endorsed the merits of any Securities or the accuracy or the adequacy of this Base Prospectus. Any representation to the contrary is a criminal offence. This Base Prospectus does not constitute an offer of or an invitation by or on behalf of the Issuers or any Dealer to subscribe for, or purchase, any Securities.

SERVICE OF PROCESS AND ENFORCEMENT OF CIVIL LIABILITIES

CALYON is a corporation organised under the laws of France. CFP and CFG are corporations organised under the laws of Guernsey. All of the officers and directors named herein reside outside the United States and all or a substantial portion of the assets of the Issuers and the Guarantor and of such officers and directors are located outside the United States. As a result, it may not be possible for investors to effect service of process outside France or Guernsey, as the case may be, upon the Issuers, the Guarantor or such persons, or to enforce judgments against them obtained in courts outside France or Guernsey, as the case may be, predicated upon civil liabilities of the Issuer, the Guarantor or such directors and officers under laws other than the laws of France or Guernsey, as the case may be, including any judgment predicated upon United States federal securities laws.

In an original action brought in France predicated solely upon the US federal securities laws, French courts may not have the requisite jurisdiction to adjudicate such action. Actions for enforcement of judgments of US courts rendered against the French persons referred to in the preceding paragraph would require such French persons to waive their right under Article 15 of the French Civil Code to be sued in France only. CALYON believes that no such French persons have waived such right with respect to actions predicated solely upon US federal securities laws.

AVAILABLE INFORMATION

While any Securities are “restricted securities” within the meaning of Rule 144(a)(3) under the Securities Act, each Issuer has undertaken that it shall, during any period in which such Issuer is neither subject to Section 13 or 15(d) of the Securities Exchange Act, nor exempt from reporting pursuant to Rule 12g3-2(b) under the Exchange Act, make available to each holder or beneficial owner of Securities and any prospective purchaser of any Security designated by such holder or beneficial owner of Warrants, in each case upon request, the information specified in, and satisfying the requirements of Rule 144A(d)(4) under the Securities Act. Any such request should be directed to the Issuer at its registered office as specified in this Base Prospectus.

FORWARD LOOKING STATEMENTS

The Shelf Registration Document incorporated by reference in this Base Prospectus contains forward-looking statements. CALYON and the CALYON Group (being CALYON together with its consolidated subsidiaries, the “**Group**”) may also make written or oral forward-looking statements in their audited annual financial statements, in their interim financial statements, in their offering circulars, in press releases and other written materials and in oral statements made by their officers, directors or employees to third parties. Statements that are not historical facts, including statements about CALYON’s and/or the Group’s beliefs and expectations, are forward-looking statements. These statements are based on current plans, estimates and projections, and therefore undue reliance should not be placed on them. Forward-looking statements speak only as of the date they are made, and CALYON and the Group undertake no obligation to update publicly any of them in light of new information or future events.

Risk Factors relating to the Issuers/Guarantor

- **CALYON**

There are certain factors that may affect CALYON's ability to fulfil its obligations under the Securities or, as the case may be, the Guarantee. These are incorporated by reference in the section below entitled "Risk Factors" and include the following:

- (i) Credit risk, which is the risk of financial loss relating to the failure of a counterparty to honour its obligations.
- (ii) Market risk, which is the risk of negative impact on the Issuer's income due to adverse fluctuations in the value of financial instruments following changes in interest rates, exchange rates or prices of equities and commodities, baskets or equities and stock index.
- (iii) Liquidity and financing risk, which is the risk of loss if the Issuer is unable to meet its financial commitments in a timely fashion and at reasonable prices when they reach maturity.
- (iv) Operational risk, which is the risk of loss resulting from the Issuer's shortcomings in internal procedures of information systems, human error or external events.

- **Calyon Finance (Guernsey) Limited**

Credit risk is the risk that a customer or counterparty will be unable or unwilling to meet a commitment that it has entered with the company. The company manages its credit risk through transacting only with the parent company or other

group companies.

Interest Rate Risk: exposure to interest rate risk is the risk that arises when there is an imbalance between rate and non-rate sensitive assets, liabilities and off balance sheet items. The company's policy is to maintain the interest rate risk at a nil level.

Risk management: The Management regards the monitoring and controlling of risk as a fundamental part of the management process and accordingly involves its most senior staff in developing risk policy and in monitoring its application. The evaluation of the risk inherent in our activities and the development of policies and procedures to control them is carried out by the Board of Directors or senior management.

Clearing Systems

Securities may be cleared through Euroclear, Clearstream, Luxembourg, VPC AB, Verdipapirsentralen ASA, Monte Titoli or such other clearing system as may be agreed between the Issuer, the Agents and the relevant Dealer.

Governing Law

The Securities and the Guarantee will be governed by English Law.

RISK FACTORS

Terms and expressions defined in the Conditions shall, save where the context otherwise requires, have the same meaning when used in this section.

Prior to making an investment decision in respect of the Securities, prospective investors should carefully consider, along with the other matters set out in this Base Prospectus, the following risk factors and reach their own views prior to making any investment decision in respect of the Securities.

The Securities are sophisticated instruments, can involve a high degree of risk which may result in investors losing the entire value of their investment and are intended for sale only to those investors capable of understanding the risks entailed in such instruments. Potential investors are strongly recommended to consult with their financial, tax and other advisers before making any investment decision.

Each of the Issuers and the Guarantor believes that the following factors may affect its ability to fulfil its respective obligations under the Securities or, as the case may be, the Guarantee. Many of these factors are contingencies which may or may not occur and none of the Issuers nor the Guarantor is in a position to express a view on the likelihood of any such contingency occurring.

In addition, factors which are material for the purpose of assessing the market risks associated with Securities issued under the Programme are also described below.

Each of the Issuers and the Guarantor believes that the factors described below represent the principal risks inherent in investing in Securities issued under the Programme, but the inability of either the Issuers or the Guarantor to pay amounts on or in connection with any Securities or, as the case may be, the Guarantee may occur for other reasons and neither the Issuers nor the Guarantor represents that the statements below regarding the risks of holding any Securities are exhaustive.

Factors that may be able to affect CALYON's ability to fulfil its obligations under the Securities or fulfil its obligations under the Guarantee:

See the section entitled Risk Factors contained on pages 60 to 68 and 110 to 126 of the Shelf Registration Document which is incorporated by reference in this Prospectus.

Factors that may affect CFG's or CFP's ability to fulfil its obligations under the Securities:

CFG's and CFP's financial instruments, other than derivatives, comprise money market assets (loans to its parent company) and debt securities issued.

CFG and CFP also enters into derivatives transactions (principally swaps and options).

Risk management

CFG's and CFP's management regard the monitoring and controlling of risk as a fundamental part of the management process and accordingly involve their most senior staff in developing risk policy and in monitoring its application. The evaluation of the risks inherent in CFG's and CFP's activities and the development of policies and procedures to control them is carried out by the Board of Directors or senior management.

Credit risk

Credit risk is the risk that a customer or counterparty will be unable or unwilling to meet a commitment that it has entered into with CFG or CFP (as the case may be). CFG and CFP manage their credit risk through transacting only with their parent company, CALYON, or other parent group companies.

Liquidity risk

Liquidity risk is the risk that CFG or CFP (as the case may be) will encounter difficulty in realising assets or otherwise raising funds to meet commitments. CFG and CFP perfectly hedge the issue of debt securities through the loans to their parent company, CALYON, which match in all respects the issued debt.

Interest rate risk

Exposure to interest rate risk is the risk that arises when there is an imbalance between rate and non-rate sensitive assets, liabilities and off balance sheet items. CFG's and CFP's policy is to maintain the interest rate at a nil level.

Foreign currency risk

Foreign currency risk is the risk that the value of a financial instrument will fluctuate because of changes in foreign exchange rates. CFG's and CFP's foreign exchange exposure arises from issuing debt in currencies other than Euro. The Issuer's policy is to hedge against foreign exchange risks by engaging in exchange rate swaps with their parent company.

Consideration of the above risk factors should also allow for the fact that (i) CFG and CFP systematically hedge themselves with appropriate hedging instruments or contracts, all contracted with the Guarantor acting as hedge counterparty, and (ii) the Guarantor through the Guarantee, takes the commitment to substitute itself for CFG and CFP if, for any reason, they would be unable to fulfil its payment obligations under Securities issued under the Programme.

Factors relating to the Securities

General

The Securities involve a high degree of risk, which may include, among others, interest rate, foreign exchange, time value and political risks. Prospective purchasers of Securities should recognise that their Securities, other than any Securities having a minimum expiration or redemption value, may expire or mature worthless. Purchasers should be prepared to sustain a total loss of the purchase price of their Securities, except, if so indicated in the Final Terms, to the extent of any minimum expiration or redemption value attributable to such Securities. This risk reflects the nature of a Security as an asset which, other factors held constant, tends to decline in value over time and which may become worthless when it expires or matures (except to the extent of any minimum expiration or redemption value). Prospective purchasers of Securities should be experienced with respect to options and option transactions, should understand the risks of transactions involving the relevant Securities and should reach an investment decision only after careful consideration, with their advisers, of the suitability of such Securities in light of their particular financial circumstances, the information set forth herein and the information regarding the relevant Securities and the particular reference security (or basket of securities), index (or basket of indices), currency (or basket of currencies), commodity (or basket of commodities), funds (or basket of funds) or other basis of reference to which the value of the relevant Securities may relate, as specified in the applicable Final Terms.

Risk of Loss of Investments

The trading price of Securities may fall in value as rapidly as it may rise and holders of Securities may sustain a total loss of their investment. Prospective purchasers should therefore ensure that they understand the nature of Securities and should form their own view of the merits of Securities and not rely on information contained in the relevant Final Terms or this Base Prospectus.

The risk of the loss of some or all of the purchase price of a Security upon expiration or maturity means that, in order to recover and realise a return upon his or her investment, a purchaser of a Security must generally be correct about the direction, timing and magnitude of an anticipated change in the value of the relevant reference security (or basket of securities), index (or basket of indices), currency (or basket of currencies), commodity (or basket of commodities), funds (or basket of funds) or other basis of reference which may be

specified in the applicable Final Terms. Assuming all other factors are held constant, the more a Security is "out-of-the-money" and the shorter its remaining term to expiration or maturity, the greater the risk that purchasers of such Securities will lose all or part of their investment. With respect to European Style Warrants, the only means through which a Warrantholder can realise value from the Warrant prior to the Exercise Date in relation to such Warrant is to sell it at its then market price in an available secondary market.

Value of Assets Underlying a Security

The market price of Securities at any time is expected to be affected primarily by changes in the price of the asset(s) (the "**Relevant Assets**") to which such Securities relate. It is impossible to predict whether the price of the Relevant Assets will rise or fall.

Even where payments in respect of Securities are not expressly linked to a rate or rates of exchange between currencies, the value of the Securities could, in certain circumstances, be affected by factors such as fluctuations in the rates of exchange between any currency in which any payment in respect of the Securities is to be made and any currency in which the Relevant Assets are traded, appreciation or depreciation of any such currencies and any existing or future governmental or other restrictions on the exchangeability of such currencies. There can be no assurance that rates of exchange between any relevant currencies which are current rates at the date of issue of any Securities will be representative of the relevant rates of exchange used in computing the value of the relevant Securities at any time thereafter.

Fluctuations in the value of the relevant index or basket of indices will affect the value of Index Linked Warrants and/or Certificates. Fluctuations in the price of the relevant shares or value of the basket of shares will affect the value of Share Linked Warrants and/or Certificates. Fluctuations in the price or yield of the relevant debt instrument or value of the basket of debt instruments will affect the value of Debt Linked Warrants and/or Certificates. Also, due to the character of the particular market on which a debt instrument is traded, the absence of last sale information and the limited availability of quotations for such debt instrument may make it difficult for many investors to obtain timely, accurate data for the price or yield of such debt instrument. Fluctuations in the rates of exchange between the relevant currencies will affect the value of Currency Linked Warrants and/or Certificates. Fluctuations in the value of the relevant commodity or basket of commodities will affect the value of Commodity Linked Warrants and/or Certificates. Fluctuations in the value of the relevant fund or basket of funds will affect the value of Fund Linked Warrants and/or Certificates. Purchasers of Securities risk losing their entire investment if the value of the relevant underlying basis of reference does not move in the anticipated direction.

The Issuers may issue several issues of Securities relating to various reference indices, securities, currencies, commodities or other bases specified in the applicable Final Terms. At any given time, the number of Securities outstanding may be substantial. Securities provide opportunities for investment and pose risks to investors as a result of fluctuations in the value of the underlying investment. In general, certain of the risks associated with Securities are similar to those generally applicable to other options or warrants of private corporate issuers. Options or warrants on equities or debt securities are priced primarily on the basis of the value of underlying securities whilst Currency Linked Warrants and/or Certificates, Commodity Linked Warrants and/or Certificates, Fund Linked Warrants and/or Certificates and Index Linked Warrants and/or Certificates are priced primarily on the basis of present and expected values of the reference currency (or basket of currencies), commodity (or basket of commodities), funds (or basket of funds) or index (or basket of indices) specified in the applicable Final Terms.

Considerations associated with Securities relating to Shares or certain Obligations

The market value for the Securities will be affected by a number of factors in addition to the creditworthiness of the Issuers and the Guarantor and the value of the Relevant Assets including, but not limited to, the volatility of the Relevant Assets, the rate of return of the Relevant Assets, the financial results and prospects of the obligor of the Relevant Assets (the "**Relevant Obligor**"), market interest and yield rates in the Relevant

Obligor and/or the Relevant Assets and the time remaining to the expiration or the maturity of the Securities. In addition, the value of the Relevant Assets may depend on a number of interrelated factors, including economic, financial and political events and factors affecting capital markets generally and the relevant stock exchanges.

Each prospective investor who considers purchasing Securities should reach an investment decision only after carefully considering the suitability of Securities in light of its particular circumstances and after obtaining such professional advice as it deems appropriate. None of the Issuers, the Guarantor or any Dealer is responsible for the lawfulness of the acquisition of the Securities by a prospective investor, nor are the Issuers, the Guarantor or any Dealer a source of advice or credit analysis with respect to the Relevant Assets or the Relevant Obligor. Each prospective investor shall be deemed to have made a representation to such effect each time it purchases the Securities of any Series.

The Relevant Obligor will have no involvement in the offer and sale of the Securities and no obligation to the holder of the Securities. The Relevant Obligor may take actions, such as a merger or sale of assets, without regard to the interests of the Warrantholder and/or Certificateholder as the case may be. Any of these actions could adversely affect the value of the Securities.

If the Issuers issue a Warrant and/or Certificate linked to a Relevant Asset, the Issuers may include historical information about the Relevant Asset in the applicable Final Terms. Any information about the Relevant Asset that the Issuers may provide will be furnished as a matter of information only, and should not be regarded as indicative of the range of, or trends in, fluctuations in the Relevant Asset that may occur in the future.

Securities are Unsecured Obligations

The Securities and the Guarantee each constitute general, unsecured, contractual obligations of the Issuers and, as the case may be, the Guarantor and of no other person. Any person who purchases Securities is relying upon the creditworthiness of the Issuers and the Guarantor and has no rights under the Terms and Conditions against any other person. Neither the Securities nor the Guarantee will be secured by any property of the Issuers or the Guarantor and all Securities rank equally among themselves and, together with the Guarantee, with all other unsecured and unsubordinated obligations of the Issuers and, as the case may be, the Guarantor.

Illiquid Market

It is not possible to predict the price at which Securities will trade in the secondary market or whether such market will be liquid or illiquid. Each of the Issuers may, but is not obliged to, list Securities on a stock exchange. If the Securities are not listed or traded on any exchange, pricing information for the Securities may be more difficult to obtain and the liquidity of the Securities may be adversely affected. If any Issuer does list an issue of Securities on any stock or other exchange, then that Issuer shall use all reasonable endeavours to maintain such listing. Also, to the extent Securities of a particular issue are exercised or redeemed, the number of Securities of such issue outstanding will decrease, resulting in a diminished liquidity for the remaining Securities of such issue. A decrease in the liquidity of an issue of Securities may cause, in turn, an increase in the volatility associated with the price of such issue of Securities.

Each of the Issuers, the Guarantor and any Dealer may, but is not obliged to, at any time purchase Securities at any price in the open market or by tender or private treaty. Any Securities so purchased may be held or resold or surrendered for cancellation. A Dealer may, but is not obliged to, be a market-maker for an issue of Securities. Even if a Dealer is a market-maker for an issue of Securities, the secondary market for such Securities may be limited. To the extent that an issue of Securities becomes illiquid, an investor may have to exercise such Securities to realise value.

Foreign Exchange Risk

Fluctuations in exchange rates of the relevant currency (or one or more of the currencies in a basket of currencies) will affect the value of Currency Linked Warrants and/or Certificates. Furthermore, investors who intend to convert gains or losses from the exercise or sale of Currency Linked Warrants and/or Certificates into their home currency may be affected by fluctuations in exchange rates between their home currency and the relevant currency (or one or more of the currencies in a basket of currencies). Currency values may be affected by complex political and economic factors, including governmental action to fix or support the value of a currency (or one or more of the currencies in a basket of currencies), regardless of other market forces. Purchasers of Currency Linked Warrants and/or Certificates risk losing their entire investment if exchange rates of the relevant currency (or one or more of the currencies in a basket of currencies) do not move in the anticipated direction.

If additional securities relating to particular currencies or particular currency indices are subsequently issued, the supply of securities relating to such currencies or currency indices, as applicable, in the market will increase, which could cause the price at which the Securities and such other securities traded in the secondary market to decline significantly.

Taxation

Each Warrantholder and/or Certificateholder, as the case may be, will assume and be solely responsible for any and all taxes of any jurisdiction or governmental or regulatory authority, including, without limitation, any state or local taxes or other like assessment or charges that may be applicable to any payment or delivery of assets to it in respect of the Securities. The Issuers will not pay any additional amounts to Warrantholders and/or Certificateholder, as the case may be, to reimburse them for any tax, assessment or charge required to be withheld or deducted by the Issuer or any agent from payments in respect of the Securities.

Potential investors should seek independent advice as to their tax positions.

Certain Factors Affecting the Value and Trading Price of Securities

The Cash Settlement Amount or the Redemption Amount (in the case of Cash Settled Warrants and/or Certificates) or the difference in the value of the Entitlement and the Strike Price (in the case of Physical Delivery Warrants) or the value of the Entitlement in the case of Physical Delivery Certificates) at any time prior to expiration is typically expected to be less than the trading price of such Securities at that time. The difference between the trading price and the Cash Settlement Amount (in the case of Cash Settled Warrants and/or Certificates) or the difference in the value of the Entitlement and the Strike Price (in the case of Physical Delivery Warrants) or the value of the Entitlement in the case of Physical Delivery Certificates), as the case may be, will reflect, among other things, the "time value" of the Securities. The "time value" of the Securities will depend partly upon the length of the period remaining to expiration or maturity and expectations concerning the value of the reference security (or basket of securities), index (or basket of indices), currency (or basket of currencies), commodity (or basket of commodities), funds (or basket of funds) or other basis of reference as specified in the applicable Final Terms. Securities offer hedging and investment diversification opportunities but also pose some additional risks with regard to interim value. The interim value of the Securities varies with the price level of the reference security (or basket of securities), index (or basket of indices), currency (or basket of currencies), commodity (or basket of commodities), funds (or basket of funds) or other basis of reference as specified in the applicable Final Terms, as well as due to a number of other interrelated factors, including those specified herein.

Before exercising or selling Securities, Warrantholders and/or Certificateholders, as the case may be, should carefully consider, among other things, (i) the trading price of the Securities, (ii) the value and volatility of the reference security (or basket of securities), index (or basket of indices), currency (or basket of currencies), commodity (or basket of commodities), fund (or basket of funds) or other basis of reference as specified in the applicable Final Terms, (iii) the time remaining to expiration or redemption, (iv) in the case of Cash

Settled Warrants and/or Certificates, the probable range of Cash Settlement Amounts, (v) any change(s) in interim interest rates and dividend yields if applicable, (vi) any change(s) in currency exchange rates, (vii) the depth of the market or liquidity of the reference security (or basket of securities), index (or basket of indices), currency (or basket of currencies), commodity (or basket of commodities) or other basis of reference as specified in the applicable Final Terms and (viii) any related transaction costs.

Certain Considerations Regarding Hedging

Prospective purchasers intending to purchase Securities to hedge against the market risk associated with investing in a reference security (or basket of securities), index (or basket of indices), currency (or basket of currencies), commodity (or basket of commodities), funds (or basket of funds) or other basis of reference which may be specified in the applicable Final Terms, should recognise the complexities of utilising Securities in this manner. For example, the value of the Securities may not exactly correlate with the value of the reference security (or basket of securities), index (or basket of indices), currency (or basket of currencies), commodity (or basket of commodities), funds (or basket of funds) or other basis which may be specified in the applicable Final Terms. Due to fluctuating supply and demand for the Securities, there is no assurance that their value will correlate with movements of the reference security (or basket of securities), index (or basket of indices), currency (or basket of currencies), commodity (or basket of commodities), funds (or basket of funds) or other basis which may be specified in the applicable Final Terms. For these reasons, among others, it may not be possible to purchase or liquidate securities in a portfolio at the prices used to calculate the value of any relevant index or basket. In addition, in certain cases, the ability of Warrantholders and/or Certificateholders, as the case may be, to use Securities for hedging may be restricted by the provisions of the Securities Act.

In the ordinary course of their business, including without limitation in connection with their market-making activities, the Issuers, the Guarantor and/or any of their affiliates may effect transactions for their own account or for the account of their customers and hold long or short positions in the Relevant Assets. In addition, in connection with the offering of any Securities, the Issuers, the Guarantor and/or any of their affiliates may enter into one or more hedging transactions with respect to, among others, the Relevant Assets. The entry into of such hedging transactions or the conduct of such market-making, proprietary or other trading activities by the Issuers, the Guarantor and/or any of their affiliates, may affect the market price, liquidity or value of the Securities in a manner adverse to the interests of the holders thereof.

Effect of Credit Rating Reduction

The value of the Securities is expected to be affected, in part, by investors' general appraisal of the Issuers' and Guarantor's creditworthiness. Such perceptions are generally influenced by the ratings accorded to the Issuers' and Guarantor's outstanding securities by standard statistical rating services, such as Moody's Investors Service Limited, Standard & Poor's Ratings Services, a division of The McGraw-Hill Companies, Inc., and Fitch Ratings Ltd. A reduction in the rating, if any, accorded to outstanding debt securities of the Issuers or the Guarantor by one of these rating agencies could result in a reduction in the trading value of the Securities.

Time Lag after Exercise or Right to Receive Payments/Delivery

Unless otherwise specified in the applicable Final Terms, in the case of any exercise of Cash Settled Warrants or the event entitling receipt of payments or delivery of assets in the case of Certificates, there will be a time lag between the time a Warrantholder gives instructions to exercise or procedures are implemented or satisfied in the case of a Certificateholder and the time the applicable Cash Settlement Amount relating to such exercise is determined and/or such procedures are implemented or satisfied. Any delay between the time of exercise or implementation or satisfaction of such procedures and the determination of the Cash Settlement Amount will be specified in the applicable Final Terms or the applicable Conditions. However, a delay in such determination could be significantly longer, particularly in the case of either a delay in the exercise of

Warrants arising from any daily maximum exercise limitation or, in the case of Securities, the occurrence of a Market Disruption Event (if applicable) or following the imposition of any exchange controls or other similar regulations affecting the ability to obtain or exchange any relevant currency (or basket of currencies) in the case of Currency Linked Warrants and/or Certificates. Any such delay could decrease the Cash Settlement Amount of the Securities being exercised or redeemed from what it might otherwise have been and may result in such Cash Settlement Amount being zero. Warrantholders and/or Certificateholders, as the case may be, who have exercised their Warrants or whose Certificates are being redeemed will not be compensated in respect of any such delay and it will not be possible to withdraw Exercise Notices in respect of such Warrants.

On exercise or redemption, as the case may be, of Physical Delivery Warrants and/or Certificates, there will be a time lag between the time a Warrantholder gives instructions to exercise or, in the case of a Certificateholder, redemption occurs and the time the applicable Entitlement is delivered. Any delay between the time of exercise or, as the case may be, the redemption and such delivery will be specified in the applicable Final Terms or the Conditions. However, a delay in delivery could be significantly longer, particularly in the case of either a delay in the exercise of Warrants arising from any daily maximum exercise number or, in the case of Securities generally, upon due determination by the Calculation Agent that a Settlement Disruption Event occurred at any relevant time. The value of the assets comprising the Entitlement could increase or decrease during this period and could result in the value of the Entitlement being less than the Strike Price or possibly zero. Warrantholders and/or Certificateholders, as the case may be, who have exercised their Warrants or whose Securities have been redeemed will not be compensated in respect of any such delay and it will not be possible to withdraw Exercise Notices in respect of such Warrants.

Limitations on Exercise

If a Maximum Exercise Number is specified in the applicable Final Terms, the Issuers will have the option to limit the number of Warrants exercisable on any date (other than on the final exercise date) to the maximum number specified in the applicable Final Terms and, in conjunction with such limitation, to limit the number of Warrants exercisable by any person or group of persons (whether or not acting in concert) on such date. In the event that the total number of Warrants being exercised on any date (other than the Expiration Date) exceeds such maximum number and the Issuers elect to limit the number of Warrants exercisable on such date, a Warrantholder may not be able to exercise on such date all Warrants that such Warrantholder desires to exercise. In any such case, the number of Warrants to be exercised on such date will be reduced until the total number of Warrants exercised on such date no longer exceeds such maximum, such Warrants being selected at the discretion of the Issuers. Unless otherwise specified in the applicable Final Terms, the Warrants tendered for exercise but not exercised on such date will be automatically exercised on the next date on which Warrants may be exercised, subject to the same daily maximum exercise limitation and delayed exercise provisions.

If a Minimum Exercise Number is specified in the Final Terms, a Warrantholder must tender, or, in the case of automatic exercise, hold, the specified minimum number of Warrants at any one time in order to exercise and, if specified in the applicable Final Terms, if tendering or holding a number at any one time greater than the Minimum Exercise Number, such number must be an integral multiple of the number specified in the applicable Final Terms in order to exercise. Thus, Warrantholders with fewer than the specified minimum number of Warrants or not having the requisite integral multiple will either have to sell their Warrants or purchase additional Warrants, incurring transaction costs in each case, in order to realise their investment. Furthermore, holders of such Warrants incur the risk that there may be differences between the trading price of such Warrants and the Cash Settlement Amount (in the case of Cash Settled Warrants) or the difference in the value of the Entitlement and the Strike Price (in the case of Physical Delivery Warrants) in respect of such Warrants.

Potential Conflicts of Interest

The Issuers, the Guarantor and/or any of their affiliates may also engage in trading activities (including hedging activities) related to the interest underlying any Securities and other instruments or derivative products based on or related to the interest underlying any Securities for their proprietary accounts or for other accounts under their management, subject to compliance with the requirements of the Securities Act. The Issuers, the Guarantor and/or any of their affiliates may also issue other derivative instruments in respect of the interest underlying any Securities. The Guarantor and/or any of its affiliates may also act as underwriter in connection with future offerings of shares or other securities related to an issue of Securities or may act as financial adviser to certain companies or companies whose shares are included in a basket of shares or in a commercial banking capacity for such companies. Such activities could present certain conflicts of interest, could influence the prices of such shares or other securities and could adversely affect the value of such Securities.

Because the Calculation Agent (as defined below) may be the Issuers or the Guarantor or any of their respective affiliates and/or may be providing a hedge in respect of the Securities, potential conflicts of interest may exist between the Calculation Agent and holders of the Securities, including with respect to certain determinations and judgments that the Calculation Agent must make, including whether a Market Disruption Event or a Settlement Disruption Event (each, as defined below) has occurred. The Calculation Agent is obligated to carry out its duties and functions as Calculation Agent in good faith and using its reasonable judgment.

Illegality or Impracticality

If the Issuers or the Guarantor determine that the performance of their obligations under any Securities or the Guarantor has become illegal or impracticable in whole or in part for any reason, the Issuers may cancel such Securities and, if and to the extent permitted by applicable law, pay an amount to each Warrantholder and/or Certificateholder, as the case may be, in respect of each Security an amount equal to the fair market value of such Security, notwithstanding such illegality or impracticality, less the cost to the Issuers and/or its affiliates of unwinding any underlying related hedging arrangements (if any) plus, if already paid by or on behalf of the Warrantholder and/or Certificateholder, as the case may be, the Strike Price, all as determined by the Calculation Agent in its sole and absolute discretion.

Market Disruption Event

If an issue of Securities includes provisions dealing with the occurrence of a Market Disruption Event on a Valuation Date or an Averaging Date and the Issuers determine that in relation to Securities, a Market Disruption Event has occurred or exists on such Valuation Date or such Averaging Date, as the case may be, any consequential postponement of the Valuation Date or Averaging Date or any alternative provisions for valuation provided in any Securities may have an adverse effect on the value of such Securities.

Adjustment Events relating to Index/Commodity Securities

In the case of Index/Commodity Warranties and/or Certificates, if a relevant Index/Commodity Price is (i) not calculated and announced by the Index Sponsor (as defined below) in respect of the Index or the Exchange in respect of the Commodity but is calculated and announced by a successor sponsor or successor entity, as the case may be, acceptable to the Calculation Agent, or (ii) replaced by a successor index/commodity price using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of that Index/Commodity Price, then in each case that index/commodity price will be deemed to be the Index/Commodity Price. In addition, if an Index Modification (as defined below), an Index Cancellation (as defined below) or an Index Disruption (as defined below), a Commodity Modification, a Commodity Change in Content or a Disappearance of Commodity Price occurs (each being an Index/Commodity Adjustment Event), then, except as may be limited in the case of U.S. Warrants and/or Certificates,

- (i) the Calculation Agent shall determine if such Index/Commodity Adjustment Event has a material effect on the Securities and, if so, shall calculate the relevant Settlement Price on a modified basis as set out in the Conditions; or
- (ii) the Issuers shall cancel or redeem, as the case may be, the Securities. If the Securities are so cancelled or redeemed, the amount payable to each Holder in respect of each Security or, if Units are specified in the applicable Final Terms, each Unit, as the case may be, held by it shall be the fair market value of a Security or a Unit, as the case may be, taking into account the Index/Commodity Adjustment Event, less the cost to the Issuers and/or its Affiliates of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion.

Any such adjustment may have an adverse effect on the value and liquidity of such Securities.

Potential Adjustment Events relating to Share Securities

In the case of Share Warrants and/or Certificates, except as may be limited in the case of U.S. Warrants and/or Certificates, following the declaration by the Basket Company or Share Company, as the case may be, of the terms of any Potential Adjustment Event, the Calculation Agent will, in its sole and absolute discretion, determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Shares and, if so, will (i) make the corresponding adjustment, if any, to any one or more of any Relevant Asset and/or the Entitlement and/or the Exercise Price and/or the Multiplier and/or any of the other terms of the Terms and Conditions and/or the applicable Final Terms as the Calculation Agent in its sole and absolute discretion determines appropriate to account for that diluting or concentrative effect (provided that no adjustments will be made to account solely for changes in volatility, expected dividends, stock loan rate or liquidity relative to the relevant Share) and (ii) determine the effective date of that adjustment. Such adjustment may have an adverse effect on the value and liquidity of the affected Share Warrants and/or Certificates.

Other Events relating to Share Securities

In the case of Share Warrants and/or Certificates, if a Merger Event, Tender Offer, De-listing, Nationalisation or Insolvency occurs in relation to a Share, the Issuers in their sole and absolute discretion may take the action described in (i) or (ii) below (except as may be limited in the case of U.S. Warrants and/or Certificates):

- (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any one or more of any Relevant Asset and/or the Entitlement and/or the Exercise Price and/or the Multiplier and/or any of the other terms of these Terms and Conditions and/or the applicable Final Terms to account for the Merger Event (as defined below), Tender Offer (as defined below), De-listing (as defined below), Nationalisation (as defined below) or Insolvency (as defined below), as the case may be, and determine the effective date of that adjustment. Such adjustment may have an adverse effect on the value and liquidity of the affected Share Warrants and/or Certificates; and
- (ii) cancel or redeem, as the case may be, part (in the case of Share Warrants and/or Certificates relating to a basket of Shares) or all (in any other case) of the Securities. Following such cancellation, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the relevant Security being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

GENERAL DESCRIPTION OF THE PROGRAMME

Under the Programme, any Issuer may from time to time issue Securities. The issue price, issue date, exercise price, exercise period, redemption date (if any) applicable to any Securities and any other relevant provisions of such Securities will be specified in the applicable Final Terms.

TERMS AND CONDITIONS OF THE WARRANTS

The following is the text of the Conditions (as amended, supplemented or varied from time to time) of the Warrants which will (in the case of Warrants other than Dematerialised Warrants) be incorporated by reference into each Global Warrant and attached to each Definitive Warrant or (in the case of Dematerialised Warrants) will apply to such Dematerialised Warrants. The Final Terms in relation to an issue of Warrants supplements the following Conditions and may specify other terms and conditions which shall to the extent so specified or to the extent inconsistent with the following Conditions supplement, replace or modify the following Conditions for the purpose of such Warrants.

Unless otherwise specified in the relevant Global Warrant and Final Terms (as defined below), the Warrants of this series (such Warrants being hereinafter referred to as the “**Warrants**”) are, other than in the case of Dematerialised Warrants (as defined below) represented by one or more global warrants (each a “**Global Warrant**”) and, in the case of all Warrants, are issued pursuant to a master warrant and certificate agreement dated 17 August 2007 (as the same may be modified, amended, restated, varied or supplemented from time to time) (the “**Master Securities Agreement**”) between CALYON, Calyon Financial Products (Guernsey) Limited (“**CFP**”) and Calyon Finance (Guernsey) Limited (“**CFG**”) (each an “**Issuer**” and together the “**Issuers**”), CACEIS Bank Luxembourg as principal warrant agent (the “**Principal Warrant Agent**”) and as registrar (the “**Registrar**”), CACEIS Bank Luxembourg as Luxembourg warrant agent (in such capacity, the “**Luxembourg Warrant Agent**” and together with the Principal Warrant Agent, the “**Warrant Agents**” which expression shall include any additional or successor warrant agents) and CACEIS Bank Luxembourg as Transfer Agent (in such capacity, the “**Transfer Agent**” (which expression shall include any additional or successor transfer agents) and together with the Warrant Agents and the Registrar, the “**Agents**”). CALYON shall undertake the duties of calculation agent (the “**Calculation Agent**”) in respect of the Warrants, unless another entity is so specified as calculation agent in the applicable Final Terms. The expression “Calculation Agent” shall, in relation to the relevant Warrants, include such other specified calculation agent. In the case of CFP or CFG, the Warrants are subject to a deed of guarantee dated 17 August 2007 (the “**Guarantee**”) issued by CALYON as guarantor (the “**Guarantor**”).

In the event that the applicable Final Terms specifies that the Warrants are eligible for sale in the United States under Rule 144A (“**Rule 144A**”) under the U.S. Securities Act of 1933, as amended (the “**Securities Act**”), the Warrants (a) may be sold only to U.S. persons (as defined in Regulation S under the Securities Act) that are qualified institutional buyers (each a “**QIB**”) as defined in Rule 144A under the Securities Act who are also qualified purchasers (each a “**QP**”) within the meaning of Section 3(c)(7) and as defined in Section 2(a)(51)(A) of the United States Investment Company Act of 1940, as amended (the “**1940 Act**”), such Warrants being represented by a Rule 144A Global Warrant (the “**Rule 144A Global Warrant**”) or (b) may be sold only outside the United States to a non-U.S. person in an offshore transaction in compliance with Regulation S under the Securities Act, such Warrants being represented by a Regulation S Global Warrant (the “**Regulation S Global Warrant**”).

In the event that the applicable Final Terms do not specify that the Warrants are eligible for sale in the United States under Rule 144A, the Warrants will, other than in the case of Dematerialised Warrants (as defined below), be represented by a Permanent Global Warrant (a “**Permanent Global Warrant**”).

References herein to “**Global Warrant**” include, as the context so requires, a Rule 144A Global Warrant, a Regulation S Global Warrant and a Permanent Global Warrant.

Each Global Warrant has been deposited with a depository (the “**Common Depository**”) common to Euroclear Bank S.A./N.V. (“**Euroclear**”) and Clearstream Banking, société anonyme (“**Clearstream, Luxembourg**”).

If so specified in the applicable Final Terms, and for the purpose of allowing clearing of Warrants in alternative clearing systems, any series of Warrants may be issued in registered, uncertificated and dematerialised book-entry form (“**Dematerialised Warrants**”) in accordance with all applicable laws of the relevant jurisdiction of such

alternative clearing system and the rules and regulations of such alternative clearing system or any nominee thereof (“**Local Clearing System Rules**”).

Warrants designated as “Swedish Warrants” in the relevant Final Terms will constitute Dematerialised Warrants issued in uncertificated and dematerialised book-entry form in accordance with the Swedish Financial Instruments Accounts Act of 1998 (*Sw. lag (1998:1479) om kontoföring av finansiella instrument*) and all other applicable Swedish laws, regulations and operating procedures applicable to and/or issued by the Swedish central securities depository (*central värdepappersförvarare*) from time to time (the “**Swedish CSD Rules**”) designated as Relevant Clearing System for the Swedish Warrants in the relevant Final Terms (which is expected to be VPC AB) (the “**Swedish CSD**”). No physical global or definitive warrants or certificates will be issued in respect of Swedish Warrants other than as provided below and the provisions relating to presentation, surrender or replacement of such bearer instruments shall not apply.

Warrants designated as “Norwegian Warrants” in the relevant Final Terms will constitute Dematerialised Warrants issued in uncertificated and dematerialised book-entry form in accordance with the Norwegian Securities Register Act of 2002 (*lov om registrering av finansielle instrumenter av 5 juli 2002 nr. 64 para. 2-1*) and all other applicable Norwegian laws, regulations and operating procedures applicable to and/or issued by the relevant Norwegian central securities depository (*verdipapirregister*) from time to time (the “**Norwegian CSD Rules**”) designated as Relevant Clearing System for the Norwegian Warrants in the relevant Final Terms (which is expected to be Verdipapirsentralen ASA (“**VPS**”)) (the “**Norwegian CSD**”). No physical global or definitive warrants or certificates will be issued in respect of Norwegian Warrants other than as provided below.

Warrants designated as “Italian Warrants” in the relevant Final Terms will constitute Dematerialised Warrants issued in dematerialised book-entry form in accordance with the Italian Legislative Decree no. 213/1998 as amended and its implementing provisions and all other applicable Italian laws, regulations and operating procedures applicable to and/or issued by the Italian central securities depository from time to time (the “**Italian CSD Rules**”) and are freely transferable by way of book entries on the accounts registered on Monte Titoli S.p.A. (the “**Italian CSD**”). No physical global or definitive warrants or certificates will be issued in respect of Italian Warrants other than as provided below and the provisions relating to presentation, surrender or replacement of such bearer instruments shall not apply.

In the event that the Conditions of the Warrants are inconsistent with the Swedish CSD Rules, the Norwegian CSD Rules, the Italian CSD Rules or any other applicable Local Clearing System Rules, as the case may be, such Swedish CSD Rules, Norwegian CSD Rules, Italian CSD Rules or, as the case may be, Local Clearing System Rules shall prevail.

Except as specified in the following paragraph or in the applicable Final Terms, no Warrants in definitive form will be issued.

In the event that (in the case of Warrants other than Dematerialised Warrants) both Euroclear and Clearstream, Luxembourg are, or (in the case of Dematerialised Warrants), the Swedish CSD, the Norwegian CSD, the Italian CSD or any other relevant alternative clearing system, as the case may be, is closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or announce an intention permanently to cease business and do so cease business and no alternative clearing system satisfactory to the Issuer and the Principal Warrant Agent is available (i) Warrants represented by a Rule 144A Global Warrant or a Regulation S Global Warrant will be exchangeable in whole but not in part (free of charge to the Warranholders) for definitive warrants (“**Definitive Registered Warrants**”) in registered form and in which case the Issuer will deliver, or arrange delivery of, Definitive Registered Warrants in registered form, serially numbered to the Warranholders; (ii) Warrants represented by the Permanent Global Warrant and Dematerialised Warrants (following deregistration from the book-entry registers of the Swedish CSD, Norwegian CSD, the Italian CSD or, as the case may be, other alternative clearing system (or any nominee) will be exchangeable in whole but not in part (free of charge to the Warranholders) for definitive warrants (“**Definitive Bearer Warrants**”) and together with the Definitive Registered Warrants, the “**Definitive Warrants**”) in bearer form and in which case the Issuer will deliver, or

arrange delivery of, Definitive Bearer Warrants in bearer form, serially numbered to the Warrantholders. In such event, the Issuer shall give notice to the Warrantholders of such additional terms as it and the Principal Warrant Agent consider appropriate in respect of the transfers of such Definitive Registered Warrants or Definitive Bearer Warrants, the procedures and time for exercise and payment and/or delivery thereof or thereon and such other matters as it determines are necessary.

Any reference herein to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system approved by the Issuer and, the Principal Warrant Agent as provided in the applicable Final Terms.

The Final Terms for the Warrants complete these Conditions and may specify other terms and conditions which shall, to the extent so specified or to the extent that it is inconsistent with these Conditions, supplement, replace or modify these Conditions for the purposes of the Warrants. References herein to the “**Final Terms**” or the “**applicable Final Terms**” are to the Final Terms or (in the case of any further warrants issued pursuant to Condition 13 and forming a single series with the Warrants) the additional Final Terms attached, in the case of Warrants other than Dematerialised Warrants, to the Global Warrant or, as the case may be, the Definitive Warrant and, in the case of Dematerialised Warrants, prepared in connection with such Dematerialised Warrants and signed by or on behalf of the Issuer.

(b) *Cash Settlement Amount and Alternative Cash Settlement Amount*

- (i) Unless otherwise specified in the applicable Final Terms, the holder of a Cash Settled Warrant (including for the avoidance of doubt a Cash Settled Warrant in definitive form), upon due exercise and subject, in the case of Warrants represented by a Regulation S Global Warrant or a Permanent Global Warrant, to certification as to non-U.S. beneficial ownership, will receive from the Issuer in respect of each Cash Settled Warrant on the Settlement Date, a Cash Settlement Amount calculated by the Calculation Agent (which shall not be less than zero) equal to:

- (A) where Averaging is not specified in the applicable Final Terms:

- (I) if such Warrants are Call Warrants,

(Settlement Price less Strike Price), multiplied by the Multiplier (if any) specified in the applicable Final Terms, and multiplied by, in the case of Debt Warrants only, the Nominal Amount;

- (II) if such Warrants are Put Warrants,

(Strike Price less Settlement Price), multiplied by the Multiplier (if any) specified in the applicable Final Terms, and multiplied by, in the case of Debt Warrants only, the Nominal Amount; and

- (III) if such Warrants are neither Call Warrants nor Put Warrants, the Cash Settlement Amount will be as specified in the applicable Final Terms;

- (B) where Averaging is specified in the applicable Final Terms:

- (I) if such Warrants are Call Warrants,

(the arithmetic average of the Settlement Price for all the Averaging Dates less Strike Price), multiplied by the Multiplier (if any) specified in the applicable Final Terms, and multiplied by, in the case of Debt Warrants only, the Nominal Amount;

- (II) if such Warrants are Put Warrants,

(Strike Price less the arithmetic average of the Settlement Prices for all the Averaging Dates), multiplied by the Multiplier (if any) specified in the applicable Final Terms, and multiplied by, in the case of Debt Warrants only, the Nominal Amount; and

- (III) if such Warrants are neither Call Warrants nor Put Warrants, the Cash Settlement Amount will be as specified in the applicable Final Terms.

Any amount determined pursuant to the above, if not an amount in the Settlement Currency, will be converted into the Settlement Currency at the Exchange Rate specified in the applicable Final

Terms for the purposes of determining the Cash Settlement Amount rounding upwards to the nearest whole unit of the Settlement Currency.

(c) *Physical Settlement*

- (i) Exercise rights in relation to Physical Delivery Warrants (including for the avoidance of doubt Physical Delivery Warrants in definitive form):

Each Physical Delivery Warrant entitles its holder, upon due exercise and subject, where appropriate, to certification as to non-U.S. beneficial ownership, to receive from the Issuer on the Settlement Date, the Entitlement subject to payment of the relevant Strike Price. The method of delivering the Entitlement is set out in the applicable Final Terms.

Warrants exercised at the same time by the same Warrantholder will be aggregated for the purpose of determining the aggregate Entitlements in respect of such Warrants PROVIDED THAT the aggregate Entitlement in respect of the same Warrantholder will be rounded down to the nearest whole unit of the Relevant Asset or each of the Relevant Assets, as the case may be, in such manner as the Calculation Agent shall determine. Accordingly, fractions of the Relevant Asset or of each of the Relevant Assets, as the case may be, will not be delivered and no cash adjustments will be made in respect thereof.

- (ii) Settlement Disruption

If, following the exercise of Physical Delivery Warrants, in the opinion of the Calculation Agent, delivery of the Entitlement using the method of delivery specified in the applicable Final Terms is not practicable by reason of a Settlement Disruption Event having occurred and continuing on any Settlement Date, then such Settlement Date for such Warrants shall be postponed to the first following Settlement Business Day in respect of which there is no such Settlement Disruption Event PROVIDED THAT the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Warrant by delivering the Entitlement using such other commercially reasonable manner as it may select and in such event the Settlement Date shall be such day as the Issuer deems appropriate in connection with delivery of the Entitlement in such other commercially reasonable manner. Where a Settlement Disruption Event affects some but not all of the Relevant Assets comprising the Entitlement, the Settlement Date for the Relevant Assets not affected by the Settlement Disruption Event will be the originally designated Settlement Date. In the event that a Settlement Disruption Event will result in the delivery on a Settlement Date of some but not all of the Relevant Assets comprising the Entitlement, the Calculation Agent shall determine in its discretion the appropriate *pro rata* portion of the Strike Price to be paid by the relevant Warrantholder in respect of that partial settlement. For so long as delivery of the Entitlement is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof, the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Warrant by payment to the relevant Warrantholder of the Disruption Cash Settlement Amount on the third Business Day following the date that notice of such election is given to the Warrantholders in accordance with Condition 11. Payment of the Disruption Cash Settlement Amount will be made in such manner as shall be notified to the Warrantholders in accordance with Condition 11. The Calculation Agent shall give notice as soon as practicable to the Warrantholders in accordance with Condition 11 that a Settlement Disruption Event has occurred. No Warrantholder shall be entitled to any payment in respect of the relevant Warrant in the event of any delay in the delivery of the Entitlement due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer.

(iii) Failure to Deliver due to Illiquidity

If “**Failure to Deliver due to Illiquidity**” is specified as applicable in the applicable Final Terms and, following the exercise of Physical Delivery Warrants, in the opinion of the Calculation Agent, it is impossible or impracticable to deliver, when due, some or all of the Relevant Assets (the “**Affected Relevant Assets**”) comprising the Entitlement, where such failure to deliver is due to illiquidity in the market for the Relevant Assets, then:

- (a) subject as provided elsewhere in these Terms and Conditions as amended by the applicable Final Terms, any Relevant Assets which are not Affected Relevant Assets, will be delivered on the originally designated Settlement Date in accordance with Condition 4(c) and the Calculation Agent shall determine in its discretion the appropriate pro rata portion of the Strike Price to be paid by the relevant Warrantholder in respect of that partial settlement; and
- (b) in respect of any Affected Relevant Assets, in lieu of physical settlement and notwithstanding any other provision hereof the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Warrant, by payment to the relevant Warrantholder of the Failure to Deliver Settlement Amount on the fifth Business Day following the date that notice of such election is given to the Warrantholders in accordance with Condition 11. Payment of the Failure to Deliver Settlement Amount will be made in such manner as shall be notified to the Warrantholders in accordance with Condition 11. The Calculation Agent shall give notice as soon as practicable to the Warrantholders in accordance with Condition 11 that the provisions of this Condition 4(c)(iii) apply.

(d) *Issuer’s Option to Vary Settlement*

If the applicable Final Terms indicates that the Issuer has an option to vary settlement in respect of the Warrants, upon a valid exercise of Warrants in accordance with these Conditions, the Issuer may in its sole and absolute discretion, in respect of each such Warrant elect not to pay the relevant Warrantholders the Cash Settlement Amount or to deliver or procure delivery of the Entitlement to the relevant Warrantholders, as the case may be, but, in lieu thereof to deliver or procure delivery of the Entitlement or make payment of the Alternative Cash Settlement Amount on the Settlement Date to the relevant Warrantholders, as the case may be. Notification of such election will be given to Warrantholders (or, in the case of American Style Warrants and Bermudan Style Warrants, the exercising Warrantholders) no later than 10.00 a.m. (London time) on the second Business Day following the Actual Exercise Date. In the event a Settlement Disruption Event had occurred or is continuing in the period commencing on the Actual Exercise Date and ending on such second Business Day, notification of such election may be postponed up to the earlier of (i) eight Business Days following such Actual Exercise Date so long as such Settlement Disruption Event is continuing, (ii) two Business Days after the end of such Settlement Disruption Event, and (iii) one Business Day prior to the Settlement Date (as may be adjusted in accordance with these Conditions in respect of such Settlement Disruption Event).

(e) *FX Disruption*

- (i) Where the applicable Final Terms specifies that this Condition 4(e) is applicable, if the Calculation Agent determines that on any Valuation Date an FX Disruption Event (as defined below) has occurred and is continuing, the date for determination of the FX Rate shall be postponed until the first Business Day on which such FX Disruption Event ceases to exist (the “**FX Date**”), provided that where on the tenth Business Day following the Valuation Date (the “**FX Cut-Off Date**”) such FX Disruption Event continues to exist, the Issuer may elect to terminate its obligations under the Warrant by (x) paying an amount in a currency not subject to the FX Disruption Event; or (y) delivering or procuring the delivery of an amount of Relevant

Assets, to each Warrantholder the value of which corresponds to the fair market value of each Warrant held by the Warrantholder each as determined by the Calculation Agent in its sole and absolute discretion.

- (ii) Where an FX Disruption Event occurs, the Settlement Date in respect of the Warrants shall be postponed to the Business Day which falls the same number of Business Days after the FX Date or the FX Cut-Off Date, where the Issuer elects to terminate its obligations under the Warrant in accordance with (e)(i) above, as the Settlement Date was originally scheduled to be after the Valuation Date (the “**Postponed Settlement Date**”).
- (iii) If an FX Disruption Event has occurred and is continuing on the Settlement Date or the Postponed Settlement Date (including any Settlement Date postponed due to a prior FX Disruption Event), then the Settlement Date or the Postponed Settlement Date, as the case may be, shall be postponed until the first Business Day on which such FX Disruption Event ceases to exist, provided that where on the tenth Business Day following the Settlement Date or the Postponed Settlement Date, as the case may be, an FX Disruption Event exists the Issuer may elect to terminate its obligations under the Warrant by (x) paying an amount in a currency not subject to the FX Disruption Event, or (y) delivering or procuring the delivery of an amount of Relevant Assets, to each Warrantholder the value of which corresponds to the fair market value of each Warrant held by the Warrantholder each as determined by the Calculation Agent in its sole and absolute discretion.

For the avoidance of doubt, if an FX Disruption Event coincides with a Market Disruption Event, a Settlement Disruption Event or a Failure to Deliver due to Illiquidity, the provisions of this Condition 4(e) shall take effect only after such postponements or adjustments have been made as a result of such Market Disruption Event in accordance with Conditions 16, 17 and 18 as the case may be, or a Settlement Disruption Event in accordance with Condition 4(c)(ii) or a Failure to Deliver due to Illiquidity in accordance with Condition 4(c)(iii), as the case may be, and, notwithstanding the provisions of Condition 4(c)(ii) or Condition 4(c)(iii), the Issuer's payment obligation of the Cash Settlement Amount shall continue to be postponed in accordance with the provisions of this Condition 4(e).

For the purposes of this Condition 4(e):

“**FX Disruption Event**” means the occurrence of an event that makes it impossible through legal channels for the Issuer or its affiliates to either:

- (i) convert the Relevant Currency into the Settlement Currency; or
- (ii) deliver the Settlement Currency from accounts within the Relevant Country to accounts outside such jurisdiction; or
- (iii) deliver the Relevant Currency between accounts within the Relevant Country to a person that is a non-resident of that jurisdiction;

“**Relevant Country**” has the meaning ascribed to it in the applicable Final Terms; and

“**Relevant Currency**” has the meaning ascribed to it in the applicable Final Terms.

- (i) In the case of Warrants represented by a Global Warrant or Dematerialised Warrants, any determination as to whether an Exercise Notice is duly completed and in proper form shall be made by the Relevant Clearing System or Luxembourg Warrant Agent, as the case may be, in consultation with the Principal Warrant Agent and shall be conclusive and binding on the Issuer, the Guarantor, the Warrant Agents and the relevant Warrantholder. In the absence of negligence or wilful misconduct on its part, none of the Issuer, the Warrant Agents and the Relevant Clearing System shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Warrantholder.

(e) *Delivery of an Exercise Notice*

If any Warrantholder does so transfer or attempt to transfer such Warrants, such Warrantholder will be liable to the Issuer for any losses, costs and expenses suffered or incurred by the Issuer, including, without limitation, those suffered or incurred as a consequence of it having terminated any related hedging operations in reliance on the relevant Exercise Notice and subsequently (i) entering into replacement hedging operations in respect of such Warrants or (ii) paying any amount on the subsequent exercise of such Warrants without having entered into any replacement hedging operations.

(g) *Automatic Exercise*

This paragraph only applies if Automatic Exercise is specified to apply in the applicable Final Terms and Warrants are automatically exercised as provided in Condition 4(a)(i) to 4(a)(iii).

Where the Warrants are Physical Settlement Warrants, in order to receive the Entitlement where the Warrants have been exercised automatically, the relevant Warrantholder must either:

- (i) where the relevant Warrants are represented by a Global Warrant or are Dematerialised Warrants, send by tested telex (confirmed in writing) (or, if the Warrants are held in Euroclear, by the Euroclear Bank Information Distribution System (“**Euclid**”)), or such other method as is acceptable to the Relevant Clearing System, a duly completed settlement notice (“**Settlement Notice**”) which shall set out the matters required in respect of an Exercise Notice under Conditions 5(a)(ii)(A) to 5(a)(ii)(C) and 5(a)(ii)(E) to 5(a)(ii)(K) (with necessary changes to refer to the “Settlement” where such condition requires reference to “Exercise”), to the Relevant Clearing System, with a copy to the Issuer and the Principal Warrant Agent on any Business Day until not later than 10.00a.m., Brussels or Luxembourg or other local time (as appropriate), on the day (the “**Cut-off Date**”) falling 30 days after the Actual Exercise Date; or
- (ii) where the relevant Warrants are represented by Definitive Warrants, the Warrantholder should deliver the Definitive Registered Warrant or Definitive Bearer Warrant representing such

Definitive Warrants together with a duly completed Settlement Notice to the Principal Warrant Agent on any Business Day until not later than 10.00a.m. Luxembourg time on the Cut-off Date.

The Business Day falling during the period from the Actual Exercise Date until the Cut-off Date on which a Settlement Notice is delivered in accordance with this Condition 5(g) is referred to herein as the “**Settlement Notice Delivery Date**”, provided that if the Settlement Notice is delivered to Euroclear or Clearstream, Luxembourg or other Relevant Clearing System or the Principal Warrant Agent (as the case may be) after 10.00 a.m., Brussels or Luxembourg or other local time (as appropriate) on a Business Day the Settlement Notice Delivery Date shall be deemed to be the next succeeding Business Day.

Where the Warrants are Cash Settled Warrants no Settlement Notice will be required to be delivered.

Subject to the relevant Warrantholder performing its obligations in respect of the relevant Warrant, as the case may be, in accordance with these Conditions, the Settlement Date for such Warrant shall be:

- (i) in the case of Cash Settled Warrants, the fifth Business Day following the Actual Exercise Date; and
- (ii) in the case of Physical Delivery Warrants and subject to Condition 4(c)(ii), the fifth Settlement Business Day following the Settlement Notice Delivery Date.

In the event that a Warrantholder does not so deliver a Settlement Notice in accordance with this Condition 5(g) at or prior to 10.00 a.m. Brussels or Luxembourg or other local time (as appropriate), on the Cut-off Date the Issuer’s and the Guarantor’s obligations in respect of such Warrants shall be discharged and no further liability in respect thereof shall attach to the Issuer and the Guarantor.

(h) Exercise Risk

Exercise of the Warrants is subject to all applicable laws, regulations and practices in force on the relevant Exercise Date and neither the Issuer nor the Warrant Agents shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts as a result of any such laws, regulations or practices. Neither the Issuer nor the Guarantor nor any Dealer nor the Warrant Agents shall under any circumstances be liable for any acts or defaults of the Relevant Clearing System in relation to the performance of their duties in relation to the Warrants.

(i) Restrictions

If the Final Terms for the Warrants so indicates, the exercise of such Warrants will be conditional upon the person exercising such Warrant providing to the Principal Warrant Agent, or such other person as may be specified, a certification in the form set out in such Final Terms.

6. Minimum and Maximum of Warrants Exercisable

(a) American Style Warrants

This Condition 6(a) applies only to American Style Warrants.

- (i) The number of Warrants exercisable by any Warrantholder on any Actual Exercise Date, as determined by the Issuer, must be equal to the Minimum Exercise Number and any integral multiple thereof or of such other number, each as specified in the applicable Final Terms. Any Exercise Notice which purports to exercise Warrants in an amount less than the Minimum Exercise Number or the relevant integral multiple shall be void and of no effect.
- (ii) If the Issuer determines that the number of Warrants being exercised on any Actual Exercise Date by any Warrantholder or a group of Warrantholders (whether or not acting in concert) exceeds the Maximum Exercise Number (a number equal to the Maximum Exercise Number being the “**Quota**”) as specified in the applicable Final Terms, the Issuer may deem the Actual Exercise Date for the first Quota of such Warrants, selected at the discretion of the Issuer to be such day and the Actual Exercise Date for each additional Quota of such Warrants (and any remaining number thereof) to be each of

the succeeding Business Days, until all such Warrants have been attributed with an Actual Exercise Date; provided, however, that the deemed Actual Exercise Date for any such Warrants which would thereby fall after the Expiration Date shall fall on the Expiration Date. In any case where more than the Quota of Warrants are exercised on the same day by Warrantholder(s), the order of settlement in respect of such Warrants shall be at the sole discretion of the Issuer.

(b) *European Style Warrants*

This Condition 6(b) applies only to European Style Warrants.

The number of Warrants exercisable by any Warrantholder on any Exercise Date must be equal to the Minimum Exercise Number or any integral multiple thereof or of such other number, in each case as specified in the applicable Final Terms. Any Exercise Notice which purports to exercise Warrants in breach of this provision shall be void and be of no effect.

(c) *Bermudan Style Warrants*

This Condition 6(c) applies only to Bermudan Style Warrants.

(i) The number of Warrants exercisable by any Warrantholder on any Actual Exercise Date, as determined by the Issuer, must be equal to the Minimum Exercise Number and any integral multiple thereof or of such other number, each as specified in the applicable Final Terms. Any Exercise Notice which purports to exercise Warrants in an amount less than the Minimum Exercise Number or the relevant integral multiple shall be void and of no effect.

(ii) If the Issuer determines that the number of Warrants being exercised on any Actual Exercise Date by any Warrantholder or a group of Warrantholders (whether or not acting in concert) exceeds the Maximum Exercise Number (a number equal to the Maximum Exercise Number being the “**Quota**”) as specified in the applicable Final Terms, the Issuer may deem the Actual Exercise Date for the first Quota of such Warrants, selected at the discretion of the Issuer to be such day and (a) if the immediately succeeding Business Day is an Exercise Date, the Actual Exercise Date for each additional Quota of such Warrants (and any remaining number thereof) shall be each of the immediately succeeding Business Days that is an Exercise Date until either (A) all such Warrants have been attributed with an Actual Exercise Date or (B) the immediately succeeding Business Day is not an Exercise Date (in which case the exercise of such remaining Warrants (not selected by the Issuer for exercise on the applicable Actual Exercise Date) by a Warrantholder or group of Warrantholders shall be deemed to be void and of no effect) or (b) if the immediately succeeding Business Day is not an Exercise Date, the exercise of the remaining Warrants (not selected by the Issuer for exercise on the applicable Actual Exercise Date) by a Warrantholder or group of Warrantholders shall be void and of no effect. In any case where more than the Quota of Warrants are exercised on the same day by Warrantholder(s), the order of settlement in respect of such Warrants shall be at the sole discretion of the Issuer.

(d) *Minimum Board Lot for Physical Delivery Warrants*

Notwithstanding Conditions 6(a), 6(b) and 6(c) and where applicable, where Warrants are Physical Delivery Warrants they may only be exercised in such amounts as will ensure that the number of Relevant Assets to be delivered to a Warrantholder is equal to an integral multiple of a Board Lot (as defined below). Relevant Assets will be delivered by or on behalf of the Issuer to each Warrantholder only in integral multiples of the minimum board lot for the trading of the Relevant Assets on the relevant Exchange as from time to time specified by such Exchange (the “**Board Lot**”). In circumstances where any Physical Delivery Warrants held by a Warrantholder are not capable of being exercised in amounts which would result in the purchase of a number of Relevant Assets equal to an integral multiple of the relevant Board Lot (each an “**Undeliverable Warrant**”), the Warrants (or such number thereof, as the case may be) shall be treated as Cash Settled Warrants and the Issuer shall pay the Warrantholder an

amount (a “**Board Lot Payment**”) equal to the Market Value (as defined in Condition 20 below) of the Relevant Assets attributable to each Undeliverable Warrant.

If the Calculation Agent determines that the amount of any such Board Lot Payment is of a *de minimis* amount such Warrantholder shall not receive any payment in respect of the Warrants which are not capable of being exercised in amounts which would result in the purchase of a number of Relevant Assets equal to an integral multiple of the relevant Board Lot.

7. **Force Majeure**

The Issuer shall have the right to terminate its obligations under the Warrants, subject to the following sentence, if the Issuer shall have determined that the performance of such obligations or the obligations of the Guarantor under the Guarantee in respect of such Warrants shall have become illegal or impracticable, in either such case whether in whole or in part, in particular as a result of compliance with any applicable present or future law, rule, regulation, judgment, order or directive of any governmental, administrative, legislative or judicial authority or power. In such circumstances, the Issuer will give notice to Warrantholders of such termination in accordance with Condition 11 and, if and to the extent permitted by applicable law, pay to each Warrantholder in respect of each Warrant held by it an amount determined by the Calculation Agent as representing the fair market value of a Warrant notwithstanding such illegality or impracticability less the cost to the Issuer of unwinding any related Hedge Positions plus, if already paid by or on behalf of the Warrantholder, the Strike Price, all as determined by the Calculation Agent in its sole and absolute discretion.

Payment will be made in such manner as shall be notified to the Warrantholders in accordance with Condition 11.

8. **Purchases**

The Issuer, the Guarantor and any of their respective affiliates shall have the right to purchase or otherwise acquire Warrants at such times, in such manner and for such consideration as it may deem appropriate. Any Warrants so purchased may be held or resold or surrendered for cancellation and, if cancelled, may be reissued by the Issuer at such time and in such manner as it may deem appropriate.

9. **Agents and Determination**

(a) *Agents*

The specified offices of the Agents are as set out at the end of these Conditions.

The Issuer reserves the right at any time to vary or terminate the appointment of any Agent and to appoint further or additional Agents provided that no termination of appointment of the Principal Warrant Agent or the Registrar shall become effective until a replacement Principal Warrant Agent or, as the case may be, the Registrar shall have been appointed and provided that (i) so long as any of the Warrants are listed on a stock exchange, there shall be a Warrant Agent having a specified office in each location required by the rules and regulations of the relevant stock exchange, (ii) so long as there are any Swedish Warrants outstanding, there will at all times be a Swedish CSD duly authorised as a central securities depository under the Swedish Financial Instruments Accounts Act and an issuing agent duly authorised as such under the Swedish CSD Rules (the “**Swedish Issuing Agent**”) appointed in respect of such Swedish Warrants, (iii) so long as there are any Norwegian Warrants outstanding, there will at all times be a Norwegian CSD duly authorised as a central securities depository under the Norwegian Securities Register Act and an issuing agent duly authorised as such under the Norwegian CSD Rules (the “**Norwegian Issuing Agent**”) (*Kontofører Utsteder*) appointed in respect of such Norwegian Warrants and (iv) so long as there are any Italian Warrants outstanding, there will at all times be an Italian CSD duly authorised as a central securities depository under Article 80 of Legislative Decree no. 58 of 24 February 1998, as amended (the “**Consolidated Financial Act**”) and its implementing regulations and an issuing agent duly authorised as

such under the Italian CSD Rules (the “**Italian Issuing Agent**”). Notice of any termination of appointment and of any changes in the specified office of any Agent will be given to Warrantheolders in accordance with Condition 11. In acting under the Master Warrant Agreement, each Agent acts solely as agent of the Issuer and does not assume any obligation or duty to, or any relationship of agency or trust for or with, the Warrantheolders and any Warrant Agent’s determinations and calculations in respect of the Warrants shall (save in the case of manifest error) be final and binding on the Issuer and the Warrantheolders.

(b) *Calculation Agent*

In relation to each issue of Warrants where there is a Calculation Agent (whether it be the Issuer or a third party), it acts solely as agent of the Issuer and does not assume any obligation or duty to, or any relationship of agency or trust for or with the Warrantheolders.

All calculations and determinations made by the Calculation Agent shall (save in the case of manifest error) be final, conclusive and binding on the Issuer, the Guarantor and each Warrantheolder. The Calculation Agent may, with the consent of the Issuer, delegate any of its obligations and functions to a third party as it deems appropriate.

(c) *Determinations by the Issuer*

Any determination made by the Issuer pursuant to these Conditions shall (save in the case of manifest error) be final, conclusive and binding on the Issuer, the Guarantor and each Warrantheolder.

10. Meetings of Warrantheolders and Modification

(a) *Meetings*

The Master Securities Agreement contains provisions for convening meetings of the Warrantheolders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution (as defined in the Master Securities Agreement) of a modification of these Conditions or the Master Securities Agreement. At least 21 days’ notice (exclusive of the day on which the notice is given and of the day on which the meeting is held) specifying the date, time and place of the meeting shall be given to Warrantheolders. Such a meeting may be convened by the Issuer, the Guarantor or Warrantheolders holding not less than 10 per cent. (by number) of the Warrants for the time being remaining unexercised. The quorum at a meeting of the Warrantheolders (except for the purpose of passing an Extraordinary Resolution) will be two or more persons holding or representing not less than 10 per cent. (by number) of the Warrants for the time being remaining unexercised, or at any adjourned meeting two or more persons being, holding or representing Warrantheolders whatever the number of Warrants so held or represented. The quorum at a meeting of Warrantheolders for the purpose of passing an Extraordinary Resolution will be two or more persons holding or representing not less than 25 per cent. (by number) of the Warrants for the time being remaining unexercised or at any adjourned meeting two or more persons holding or representing not less than 10 per cent. (by number) of the Warrants for the time being remaining unexercised. A resolution will be an Extraordinary Resolution when it has been passed at a duly convened meeting by not less than 75 per cent. of the votes cast by Warrantheolders at such meeting as, being entitled to do so, vote in person or by proxy. An Extraordinary Resolution passed at any meeting of the Warrantheolders shall be binding on all the Warrantheolders, whether or not they are present at the meeting, save for those Warrants remaining unexercised but for which an Exercise Notice shall have been received as described in Condition 5 prior to the date of the meeting. Warrants which have not been exercised but in respect of which an Exercise Notice has been received as described in Condition 5 will not confer the right to attend or vote at, or join in convening, or be counted in the quorum for, any meeting of the Warrantheolders. Resolutions can be passed in writing if passed unanimously.

(b) *Modifications*

The Issuer may modify these Conditions and/or the Master Warrant Agreement and/or any Final Terms without the consent of the Warrantholders in any manner which the Issuer and/or the Calculation Agent may deem necessary or desirable provided that such modification does not materially adversely affect the interests of the Warrantholders or such modification is of a formal, minor or technical nature or to correct a manifest error or to cure, correct or supplement any defective provision contained herein and/or therein or to comply with any requirement of the Luxembourg Stock Exchange and/or any stock exchange on which Warrants may be listed. Notice of any such modification will be given to the Warrantholders in accordance with Condition 11 but failure to give or non-receipt of, such notice will not affect the validity of any such modification. In connection with such right of modification neither the Issuer nor the Calculation Agent shall be obliged to have regard to the consequences of the exercise of such right for individual Warrantholders resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory, and no Warrantholder shall be entitled to claim from the Issuer, the Guarantor or the Calculation Agent any indemnification or payment in respect of any tax consequence of any such modification.

11. Notices

All notices to Warrantholders where the relevant Warrants are Global Warrants will be valid if (i) delivered to the Relevant Clearing System and in the case of Definitive Warrants to the Principal Warrant Agent, for communication by them to the Warrantholders and (ii) in relation to Warrants listed on any stock exchange, made in accordance with any applicable rules and regulations of such stock exchange. In the case of Warrants listed on the Luxembourg Stock Exchange only, regardless whether such Warrants are represented by a Global Warrant or Definitive Warrants, such notices shall be published on the website of the Luxembourg Stock Exchange (“*www.bourse.lu*”). Any notice given to the Warrantholders in accordance with this Condition 11 shall also be sent to the Guarantor. Any such notice shall be deemed to have been given on the date of such delivery to the Relevant Clearing System or, if applicable, such publication on such website or, if published more than once or on different dates, on the date of the first such publication.

12. Taxation and Expenses

The Issuer shall not be liable for, or otherwise obliged to pay, any tax, duty, withholding or other payment which may arise as a result of the issue, ownership, transfer, exercise or enforcement of any Warrants and all payments made or assets delivered by the Issuer shall be made subject to any such tax, duty, withholding or other payment which may be required to be made, paid, withheld or deducted. A Warrantholder must pay all Exercise Expenses relating to such Warrants in accordance with Condition 5(a).

All payments to be made by a Warrantholder shall be made without withholding or deduction for or on account of tax or otherwise unless required by applicable law. If any such withholding or deduction is required by applicable law, the Warrantholders shall not be entitled to receive, and the Issuer shall not be required to pay, an additional amount in respect thereof.

13. Further Issues

The Issuer shall be at liberty from time to time, without the consent of Warrantholders, to create and issue further Warrants so as to form a single series with the Warrants.

14. Substitution

(a) *Substitution*

Except in the case of Warrants eligible for sale into the United States, the Issuer, or any previous substitute company, shall be entitled at any time and from time to time, without the consent of the

Warrantheolders, to substitute CALYON or any subsidiary or holding company of CALYON (the “**New Issuer**”) in place of the Issuer, as obligor under the Warrants, provided that (i) the New Issuer shall assume all obligations of the Issuer in relation to the Warrantheolders under or in relation to the Warrants including those contained in the Agency Agreement, to which the New Issuer shall become a party for the purpose of such Warrants with such consequential amendments as the Principal Warrant Agent shall deem appropriate, (ii) all actions, conditions and things required to be taken, fulfilled and done to ensure that the Warrants represent legal, valid and binding obligations of the New Issuer have been taken, fulfilled and done (including the appointment of a process agent in England) and are in full force and effect, (iii) if applicable, each stock exchange on which such Warrants are listed shall have confirmed that, following such substitution, the Warrants will continue to be listed on such stock exchange, and (iv) except in the case where the New Issuer is CALYON, the payment obligations under or in respect of Warrants continue to be unconditionally guaranteed by the Guarantor. Where CALYON is the New Issuer, the Guarantee shall no longer apply to such Warrants. Following such a substitution, any reference in these Conditions to the Issuer shall be construed as a reference to the New Issuer.

(b) *Notice of change or substitution*

A change or substitution shall be promptly notified to the Warrantheolders in accordance with Condition 11.

(c) *Tax consequences*

In connection with such right of change or substitution, the Issuer shall not be obliged to have regard to the consequences of the exercise of such right for individual Warrantheolders resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory, and no Warrantheolder shall be entitled to claim from the Issuer any indemnification or payment in respect of any tax consequence of any such change or substitution upon such Warrantheolder.

15. Governing Law

The Warrants, each Global Warrant, the Agency Agreement and the Guarantee are governed by, and shall be construed in accordance with, English law. Each of the Issuer and the Guarantor irrevocably agrees for the exclusive benefit of each Warrantheolder that the courts of England are to have jurisdiction to settle any disputes which may arise out of or in connection with the Warrants or the Guarantee and that accordingly any suit, action or proceeding (together in this Condition referred to as “**Proceedings**”) arising out of or in connection with the Warrants or the Guarantee may be brought in such courts. Nothing contained in this Condition 15 shall limit the right of any Warrantheolder to take Proceedings in any other court of competent jurisdiction, nor shall the taking of Proceedings in one or more jurisdictions preclude the taking of Proceedings in any other jurisdiction, whether concurrently or not. Each of the Issuer and the Guarantor appoints CALYON, London branch at its principal office in England for the time being at Broadwalk House, 5 Appold Street, London EC2A 2DA as its process agent to receive on its behalf service of process of any Proceedings in England.

16. Additional Terms for Index Linked Warrants

(a) *Adjustments*

(i) **Successor Sponsor Calculates and Reports an Index**

If an Index (as defined in the applicable Final Terms) is (i) not calculated and announced by the sponsor specified in the applicable Final Terms (the “**Sponsor**”) but is calculated and published by a successor to the Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent or (ii) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index or (iii) not in existence on or prior to a Valuation Date, but the Calculation Agent considers

there to be in existence at such time an alternative index which, if substituted for the Index, would materially preserve the economic equivalent of the rights of the Warrantholders under the Warrants immediately prior to such substitution, then the Index will be deemed to be the index so calculated and published by the Successor Sponsor or that successor or alternative index, as the case may be.

If (A) on or prior to a Valuation Date in respect of any Series of Warrants the Sponsor or (if applicable) the Successor Sponsor of an Index makes a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent stock or contracts and other routine events), or (B) on or prior to any such Valuation Date the Sponsor or (if applicable) the Successor Sponsor of an Index fails to, or announces its intention not to, calculate and publish the Index other than due to the occurrence on such day of a Market Disruption Event, then the Calculation Agent shall determine the level of the Index at the relevant time on such day using, in lieu of a published official level of the Index, the level for the Index as at the relevant time as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to that change or failure, but using only those securities that comprised the Index immediately prior to that change or failure (other than those securities that have since ceased to be listed on the relevant stock exchange).

The Calculation Agent will notify the level of the Index as calculated by it as described above as of a particular date upon application by telephone or facsimile by an interested person during normal business hours.

(ii) Valuation Date(s)

If a date specified in the applicable Final Terms as being a date of valuation or determination in respect of a Warrant (a “**Valuation Date**”, which expression shall, where applicable, include an Averaging Date) is not, in relation to an Index, an Index Business Day or there is a Market Disruption Event on that day (each as defined below), such Valuation Date shall be postponed until the next day which is an Index Business Day with respect to such Index unless, in the opinion of the Calculation Agent, there is a Market Disruption Event (as defined below) on that day. If there is a Market Disruption Event on that day, then such Valuation Date shall be the first succeeding Index Business Day on which there is no Market Disruption Event, unless there is a Market Disruption Event on each of the five Index Business Days immediately following the original date that, but for the Market Disruption Event, would have been the Valuation Date. In that case (i) the fifth Index Business Day shall be deemed to be the Valuation Date with respect to that Index, notwithstanding the Market Disruption Event, and (ii) the Calculation Agent shall determine the level of the Index on that fifth Index Business Day in accordance with its good faith estimate of the level of the Index that would have prevailed, but for the Market Disruption Event, on that fifth Index Business Day.

For the purposes of this Condition:

“**Index Business Day**” means, in respect of an Index, a day on which (subject to the occurrence of a Market Disruption Event) such Index is scheduled to be calculated and disseminated by its Sponsor;

“**Market Disruption Event**” means, in respect of an Index, the occurrence or existence on any Index Business Day during the one-half hour period that ends at the time at which such Index is calculated and published by the relevant Sponsor (or such other time as may be specified in the

applicable Final Terms) of a suspension of or limitation imposed on trading (by reason of movements in price exceeding limits permitted by the Exchange(s) or otherwise on:

- (i) the Exchange of securities that comprise 20 per cent. or more of the level of the Index;
or
 - (ii) any Related Exchange of options contracts or futures contracts on the Index,
- if, in the determination of the Calculation Agent, such suspension or limitation is material.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from a published change in the regular business hours of the Stock Exchange(s) or any Related Exchange.

For the purpose of determining whether a Market Disruption Event exists at any time, if trading in a security/commodity included in the Index is materially suspended or materially limited at that time, then the relevant percentage contribution of that security/commodity to the level of the Index shall be based on a comparison of (i) the portion of the level of the Index attributable to that security/commodity relative to (ii) the overall level of the Index, in each case immediately before that suspension or limitation; and

“**Related Exchange**” means, in relation to an Index, each exchange or quotation system, if any, on which options contracts or futures contracts on the Index are traded or quoted, and as may be selected from time to time by the Calculation Agent.

(iii) Correction of Index

With the exception of any corrections published after the day which is three Exchange Business Days prior to the due date for any payment of a Cash Settlement Amount, if the Index published on a given day and used or to be used by the Calculation Agent to determine any Cash Settlement Amount, is subsequently corrected and the correction published by the relevant Index Sponsor within 30 days of the original publication, the level to be used shall be the level of the Index as so corrected. Corrections published after the day which is three Exchange Business Days prior to the relevant Redemption Date or, as the case may be, Interest Payment Date will be disregarded by the Calculation Agent for the purposes of determining any Cash Settlement Amount.

(b) Notice

The Calculation Agent shall, as soon as practicable thereafter, notify the Issuer and the relevant Warrant Agent of any determination made by it pursuant to this Condition 16 which shall make such determinations available to Warrantholders for inspection as soon as reasonably practicable after receipt of any written request to do so.

17. Additional Terms for Share Linked Warrants

(a) General definitions

For the purposes of this Condition 17:

“**Basket Company**” means a company whose shares are included in the Basket of Shares and Basket Companies means all such companies;

“**Shares**” and “**Share**” mean, subject to adjustment in accordance with this Condition 17, the shares or a share of the relevant Basket Company and, in the case of an issue of Warrants relating to a single Share, such Share and related expressions shall be construed accordingly; and

“**Share Company**” means the company whose Shares relate to a particular series of Warrants.

(b) *Adjustments*

(i) Potential Adjustment Events

Except as may be limited in the case of Warrants that may be sold into the United States, following each Potential Adjustment Event (as defined below), the Calculation Agent on behalf of the Issuer reserves the right to make such adjustments or to distribute to the Warrantheolders such rights (including without limitation additional Warrants) in connection with the Warrants as it reasonably believes are appropriate in circumstances which the Calculation Agent believes (in its absolute discretion and notwithstanding any adjustments previously made to the Warrants) should, in the context of the issue of Warrants and its obligations thereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent to be appropriate for the purpose of ensuring the economic value attributable to such Warrant (as determined by the Calculation Agent in its absolute discretion) should be as nearly as practicable the same after as before such Potential Adjustment Event has occurred (without considering the individual circumstances of any Warrantheolder or the tax or other consequences of such adjustment in any particular jurisdiction) or is required to take account of provisions of the laws of the relevant jurisdiction or the practices of any relevant market. Any adjustment or distribution by the Issuer by way of issuing additional Warrants shall be subject to such procedures and certifications as the Issuer may require and shall be notified to the Warrantheolders at the relevant time in accordance with Condition 11.

For the purposes of this Condition 17, “**Potential Adjustment Event**” means the declaration by the Share Company or Basket Company, as the case may be, of the terms of any of the following:-

- (A) a subdivision, consolidation or reclassification of the relevant Shares (unless such be an Extraordinary Event (as defined below)) or a free distribution of the relevant Shares to existing holders by way of bonus, capitalisation or similar issue; or
- (B) a distribution to existing holders of the relevant Shares of (a) additional Shares or (b) other shares, capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company or the Basket Company, as the case may be, equally or proportionately with such payments to holders of the relevant Shares, or (c) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price as determined by the Calculation Agent; or
- (C) an extraordinary dividend; or
- (D) a call in respect of relevant Shares that are not fully paid; or
- (E) a repurchase by it of Shares, whether out of profits or capital and whether the consideration for such repurchase is cash, new shares, securities or otherwise; or
- (F) any event in respect of the Shares analogous to any of the foregoing events or otherwise having, in the opinion of the Calculation Agent, a dilutive or concentrative effect on the market value of the relevant Shares.

In determining whether an adjustment should be made as a result of the occurrence of a Potential Adjustment Event, if options contracts or futures contracts on the relevant Shares are traded on the Exchange (as defined in the applicable Final Terms) or any other exchange, the Calculation Agent may have regard to, but shall not be bound by, any adjustment to the terms of the relevant options contract or futures contract made and announced by the Exchange or any other exchange.

Upon making any such adjustment, the Calculation Agent shall give notice as soon as practicable to the Warrantholders in accordance with Condition 11, giving brief details of the adjustment and of the Potential Adjustment Event.

(ii) Adoption of the euro

In respect of a Share Company or Basket Company whose Shares were originally quoted, listed and/or dealt as of the Issue Date in a currency of a member state of the European Union that has not adopted the single currency in accordance with the EC Treaty, if such Shares are at any time after the Issue Date quoted, listed and/or dealt exclusively in euro on the relevant Exchange or, where no Exchange is specified, the principal market on which those Shares are traded, then the Calculation Agent will adjust any variable relevant to the terms of the relevant Warrant as the Calculation Agent determines appropriate to preserve the economic terms of the relevant Warrant. The Calculation Agent will make any conversion necessary for purposes of any such adjustment as of the Valuation Time at an appropriate mid-market spot rate of exchange determined by the Calculation Agent prevailing as of the Valuation Time. No adjustments under this Condition 17(b)(ii) will affect the currency denomination of any payment obligation arising out of the relevant Warrant.

(iii) Extraordinary Events

If any of the following events (each an “**Extraordinary Event**”) occurs on or prior to a Valuation Date in respect of the Share Company or Basket Company, as the case may:

- (A) the relevant Shares are reclassified or changed (other than a change in par value, if any, as a result of a subdivision or consolidation);
- (B) the Share Company or Basket Company consolidates, amalgamates or merges with or into another entity (other than a consolidation, amalgamation or merger following which such Share Company or Basket Company, as the case may be, is the surviving entity);
- (C) the relevant Shares are the subject of a takeover offer that results in a transfer of an irrevocable commitment to transfer all the relevant Shares (other than the relevant Shares owned or controlled by the offeror);
- (D) by reason of the adoption of or any change in any applicable law, the assets of the Share Company or Basket Company, as the case may be, or all of the relevant Shares then outstanding, are nationalised, expropriated or otherwise required to be transferred to any government, governmental agency or authority;
- (E) by reason of the bankruptcy or insolvency (or other analogous event) of the Share Company or Basket Company (a) all the relevant Shares are required to be transferred to any trustee, liquidator or similar official; or (b) holders of the relevant Shares become legally prohibited from transferring them; or
- (F) the relevant Shares cease to be listed on the Exchange and thereafter either (i) cease to be listed on any recognised stock exchange or (ii) have their listing maintained in, in the reasonable opinion of the Calculation Agent, inappropriate conditions,

the Calculation Agent may, in its sole and absolute discretion, determine what amendments are to be made to the terms of the Warrants to take account of the occurrence of an Extraordinary Event as it considers appropriate, such amendments to be effective on the date determined by the Calculation Agent.

In addition, and without limiting the generality of the foregoing, in respect of the Share Company or Basket Company, as the case may be, the Calculation Agent may:

- I. keep the relevant Share as the underlying asset of the Warrants, provided that the Share continues to fulfil the requirements of liquidity and of incontestable reference prices for a traded security as established by the relevant Exchange; or
- II. if the Extraordinary Event involves an offer (or, at the option of a holder of the relevant Shares (a “**Shareholder**”), may consist) solely of shares (whether of the offeror or a third party) (“**New Shares**”), determine the number of such New Shares to which a Shareholder is entitled to receive upon the consummation of such Extraordinary Event; or
- III. if the Extraordinary Event involves New Shares and cash and/or securities or assets other than New Shares (“**Other Consideration**”), determine the number of New Shares, taking into account the amount of Other Consideration (expressed as a number or a fraction of a number of the New Share) to which a Shareholder is entitled to receive upon the consummation of such Extraordinary Event.

In any such case, the New Shares shall be deemed to replace the relevant Share and the Calculation Agent shall make any necessary adjustments to any term of the Warrants as it deems appropriate to take account of such Extraordinary Event, including, without limitation, and if appropriate, to the initial price of the Share (as defined in the applicable Final Terms), or to the closing price of the Share on any relevant Valuation Date and/or to the relevant number of underlying Shares per Warrant, or otherwise as specified in the applicable Final Terms; or

- IV. cancel the Warrants by giving notice to Warrantholders in accordance with Condition 11. If the Warrants are so cancelled the Issuer will pay an amount to each Warrantholder in respect of each Warrant which amount shall be the fair market value of a Warrant taking into account the Extraordinary Event less the cost to the Issuer or any Hedging Party of unwinding any underlying related hedging arrangements plus, if already paid, the Strike Price, all as determined by or on behalf of the Calculation Agent in its sole and absolute discretion. Payments will be made in such manner as shall be notified to the Warrantholders in accordance with Condition 11.

Upon the occurrence of a Extraordinary Event, the Calculation Agent shall give notice as soon as practicable to the Warrantholders in accordance with Condition 11 stating the occurrence of the Extraordinary Event giving details thereof and the action proposed to be taken in relation thereto.

(iv) Valuation Date(s)

If a date specified in the applicable Final Terms as being a date of valuation or determination in respect of an Warrant (a “**Valuation Date**”, which expression shall, where applicable, include an Averaging Date) is not, in relation to a Share, an Share Business Day or there is a Market Disruption Event on that date (each as defined below), such Valuation Date shall be postponed until the next day which is an Share Business Day with respect to such Share unless, in the opinion of the Calculation Agent, there is a Market Disruption Event (as defined below) on that day. If there is a Market Disruption Event on that day, then such Valuation Date shall be the first succeeding Share Business Day on which there is no Market Disruption Event, unless there is a Market Disruption Event on each of the five Share Business Days immediately following the original date that, but for the Market Disruption Event, would have been the Valuation Date. In that case (i) the fifth Share Business Day shall be deemed to be the Valuation Date with respect to that Share, notwithstanding the Market Disruption Event, and (ii) the Calculation Agent shall determine the level of the Share on that fifth Share Business Day in accordance with its good

faith estimate of the level of the Share that would have prevailed, but for the Market Disruption Event, on that fifth Share Business Day.

For the purposes of this Condition:

“**Share Business Day**” means, in respect of a Share, a day that is (or, but for the occurrence of a Market Disruption Event, would have been) a trading day on each of the relevant Exchange(s) specified in the applicable Final Terms and any Related Exchanges other than a day on which trading on any such exchange is scheduled to close prior to its regular weekday closing time;

“**Market Disruption Event**” means, in respect of a Share, the occurrence or existence on any Share Business Day during the one-half hour period prior to the normal close of trading in respect of such Share (or such other time as may be specified in the applicable Final Terms) of a suspension of or limitation imposed on trading (by reason of movements in price exceeding limits permitted by the Exchange(s) or otherwise) on:

- (i) the Shares; or
- (ii) any Related Exchange of options contracts or futures contracts on the Share,

if, in the determination of the Calculation Agent, such suspension or limitation is material.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from a published change in the regular business hours of the Exchange(s) or any Related Exchange; and

“**Related Exchange**” means, in relation to an Share, each exchange or quotation system, if any, on which options contracts or futures contracts on the Shares are traded or quoted, and as may be selected from time to time by the Calculation Agent.

(c) *Dividends*

Where the relevant Final Terms specifies that this Condition 17(c) applies, if at any time from and including the Issue Date to but excluding the Actual Exercise Date (the “**Dividend Period**”) the Basket Company or Share Company, as the case may be, declares a cash dividend to holders of the relevant Shares, the Issuer will give notice as soon as practicable to the Warrantholders in accordance with Condition 11 giving brief details of such distribution. The Issuer will, subject to compliance with any applicable law or regulation, pay or procure the payment of an amount equal to the Dividend Amount on or before the Business Day that falls the number of Business Days constituting the Dividend Settlement Period following the Dividend Payment Date to Warrantholders. The Dividend Amount shall only be payable to Warrantholders holding Warrants on the Ex-Dividend Date and shall be payable to such persons notwithstanding the fact that they may not be holding any Warrants on the Dividend Payment Date.

If there is an FX Disruption Event (as defined below) on the Dividend Payment Date such that the Dividend Amount cannot be determined by the Calculation Agent on or prior to the payment date occurring at the end of the Dividend Settlement Period, the payment date of the Dividend Amount will be postponed until the fifth Business Day after the first following Business Day falling after the end of the Dividend Settlement Period on which there is no FX Disruption Event provided that where an FX Disruption Event has occurred and is continuing on the tenth Business Day following the originally scheduled payment date the Issuer may elect to terminate its obligation to pay the Dividend Amount by paying an amount in a currency not subject to the FX Disruption Event to each Warrantholder, the value of which corresponds to the fair market value of the Dividend Amount as determined by the Calculation Agent in its sole and absolute discretion.

For the purpose of this Condition:

“**Dividend**” means, an amount equal to the actual amount received by the Issuer or any Hedging Party under a Hedge Position in respect of a cash dividend payment by the Basket Company or Share Company, as the case may be, in respect of the relevant Shares;

“**Dividend Amount**” means in respect of each Warrant, an amount equal to the net amount of the Dividends per Share converted into the Settlement Currency on the basis of the foreign exchange rate prevailing on the Dividend Payment Date and determined by the Calculation Agent in its sole discretion equal to the Dividend received or which would have been received by the Issuer or the Hedging Party had such party been the holder of the relevant Shares on the Dividend Payment Date less any Dividend Taxes;

“**Dividend Payment Date**” means the date on which the Dividend is actually received under any Hedging Position;

“**Dividend Taxes**” means any withholding tax and/or other taxes or duties incurred, or any expenses, costs or fees incurred by, imposed or assessed to the Issuer (or any of its affiliates or agents) in connection with any Dividends (including but not limited to any costs incurred in relation to the receipt or payment of Dividends), Hedging Positions or otherwise in connection with the Shares including but not limited to, any costs related to or arising out of any default or delay by any broker, dealer, clearing house or hedge counterparty; and

“**Ex-Dividend Date**” means the date during the Dividend Period on which the Shares, in respect of which a cash dividend has been declared to holders thereof, begin trading ex-dividend on the Exchange.

18. **Additional Terms for Commodity Linked Warrants**

(a) *General Definitions*

For the purpose of this Condition 18:

“**Commodity**” means, subject to adjustment in accordance with this Condition 18, the commodity (or commodities) or futures contract on a commodity (or commodities) specified in the applicable Final Terms and related expressions shall be construed accordingly.

“**Commodity Business Day**” means, in respect of each Commodity a day that is (or, but for the occurrence of a Market Disruption Event, would have been) a trading day on the Related Exchange.

“**Market Disruption Event**” means, in respect of a relevant Commodity:

- (a) the occurrence or existence on any Commodity Business Day:
 - (i) of any suspension of or limitation imposed on trading by the Exchange or otherwise and whether by reason of movements in price exceeding limits permitted by the Exchange or otherwise on:
 - (x) the Exchange; or
 - (y) any Related Exchange of futures or options contracts relating to the relevant Commodity;
 - (ii) of any event (other than an event described in (b) below) that disrupts or impairs (as determined by the Calculation Agent) the ability of market participants in general (A) to effect transactions in, or obtain market values for, the relevant Commodity on the Exchange, or (B) to effect transactions in, or obtain market values for, futures or options contracts relating to the relevant Commodity on the Exchange,
which in either case the Calculation Agent determines is material; or
- (b) the closure on any Exchange Business Day of the Exchange prior to its Scheduled Closing Time unless such earlier closing time is announced by such Exchange at least one hour prior to (A) the actual closing time for the regular trading session on such

Exchange on such Exchange Business Day or, if earlier, (B) the submission deadline for orders to be entered into the Exchange system for execution at the Valuation Time on such Exchange Business Day.

The Calculation Agent shall give notice as soon as practicable to the Warrantholders in accordance with Condition 11 of the occurrence of a Disrupted Day, in respect of any relevant Commodity, on any day that, but for the occurrence of a Disrupted Day, would have been a Valuation Date or Averaging Date.

“**Related Exchange**” means in relation to a Commodity, each exchange or quotation system, if any, on which options contracts or futures contracts on the Index are traded or quoted, and as may be selected from time to time by the Calculation Agent.

(b) *Adjustments*

(a) Successor Entity Calculates and Reports a Commodity Price

If a relevant price of a Commodity (the “**Commodity Price**”) is (i) not calculated and announced by the Exchange but is calculated and announced by a successor entity acceptable to the Calculation Agent, or (ii) replaced by a successor commodity price calculated using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of that Commodity Price, then in each case that commodity price (the “**Successor Commodity Price**”) will be deemed to be the Commodity Price.

(b) Modification of Calculation and Disappearance of a Commodity Price

If (i) on or prior to a Valuation Date or on Averaging Date, the relevant Exchange makes or announces that it will make a material change in the formula for or the method of calculating a relevant Commodity Price or in any other way materially modifies that Commodity Price (other than a modification prescribed in that formula or any other routine events) (a “**Commodity Modification**”), or a material change in the content, composition or constitution of the Commodity (a “**Commodity Change in Content**”), or (ii) on or prior to a Valuation Date or an Averaging Date, in the case of permanent discontinuation of trading in, disappearance of, or of trading in, the Commodity, disappearance or permanent discontinuance or unavailability of a Commodity Price and no Successor Commodity Price exists (a “**Disappearance of a Commodity Price**” and, together with a Commodity Modification and a Commodity Change in Content, each a “**Commodity Adjustment Event**”), then

- (i) the Calculation Agent shall determine if such Commodity Adjustment Event has a material effect on the Warrants and, if so, shall calculate the relevant Settlement Price using, in lieu of a published price for that Commodity, the price for that Commodity as at the Valuation Time on that Valuation Date or that Averaging Date, as the case may be, as determined by the Calculation Agent taking into consideration the latest available quotation for such Commodity and any other information that in good faith it deems relevant; or
- (ii) on giving notice to Warrantholders in accordance with Condition 11, redeem the Warrants, each Warrant being redeemed by payment of an amount equal to the fair market value of a Warrant, less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion. Payments will be made in such manner as shall be notified to the Warrantholders in accordance with Condition 11.

(c) Notice

The Calculation Agent shall, as soon as practicable, notify the relevant Warrant Agent of any determination made by it pursuant to paragraph (b) above and the action proposed to be taken in relation thereto and such Warrant Agent shall make available for inspection by Warrant holders copies of any such determinations.

(d) Correction of Commodity Price

With the exception of any corrections published after the day which is three Exchange Business Days prior to the due date for any payment of a Cash Settlement Amount, if the Commodity Price published on a given day and used or to be used by the Calculation Agent to determine any Cash Settlement Amount, is subsequently corrected and the correction published by the relevant Exchange within 30 days of the original publication, the price to be used shall be the price of the relevant Commodity as so corrected. Corrections published after the day which is three Exchange Business Days prior to the relevant Settlement Date will be disregarded by the Calculation Agent for the purposes of determining any Cash Settlement Amount.

(e) Valuation Date(s)

If a date specified in the applicable Final Terms as being a date of valuation or determination in respect of an Warrant (a “**Valuation Date**”, which expression shall, where applicable, include an Averaging Date) is not, in relation to a Commodity, a Commodity Business Day or there is a Market Disruption Event on that date (each as defined below), such Valuation Date shall be postponed until the next day which is an Commodity Business Day with respect to such Commodity unless, in the opinion of the Calculation Agent, there is a Market Disruption Event (as defined below) on that day. If there is a Market Disruption Event on that day, then such Valuation Date shall be the first succeeding Commodity Business Day on which there is no Market Disruption Event, unless there is a Market Disruption Event on each of the five Commodity Business Days immediately following the original date that, but for the Market Disruption Event, would have been the Valuation Date. In that case (i) the fifth Commodity Business Day shall be deemed to be the Valuation Date with respect to that Commodity, notwithstanding the Market Disruption Event, and (ii) the Calculation Agent shall determine the level of the Commodity on that fifth Commodity Business Day in accordance with its good faith estimate of the level of the Commodity that would have prevailed, but for the Market Disruption Event, on that fifth Commodity Business Day.

19. Currency Linked Warrants, Debt Linked Warrants, Interest Rate Linked Warrants and Fund Linked Warrants

Provisions relating to Currency Linked Warrants, Debt Linked Warrants, Interest Rate Linked Warrants, Fund Linked Warrants and Warrants linked to any other underlying asset will be set out in the applicable Final Terms.

20. Definitions

For the purposes of these Terms and Conditions, the following general definitions will apply:

“**Actual Exercise Date**” means the Exercise Date (in the case of European Style Warrants) or, subject to Condition 6(a)(ii), the date during the Exercise Period on which the Warrant is actually or is deemed exercised (in the case of American Style Warrants (as more fully set out in Condition 4(a)(i))), or, subject to Condition 6(c)(ii), the Exercise Date on which the Warrant is actually or is deemed exercised (in the case of Bermudan Style Warrants (as more fully set out in Condition 4(a)(iii)));

“**Alternative Cash Settlement Amount**” means, in respect of any exercised Warrant, an amount in the Settlement Currency equal to the fair market value of such Warrants, less the cost to the Issuer or any Hedging Party of unwinding any related hedging arrangements, all as determined by the Calculation Agent in its sole discretion;

“**Averaging Date Disruption**” means, in the opinion of the Calculation Agent, that a Market Disruption Event is occurring on an Averaging Date, then, if under “Averaging Date Disruption” the consequence specified in the applicable Final Terms is:

- (a) “**Omission**”, then such Averaging Date will be deemed not to be a relevant Averaging Date for purposes of determining the relevant Settlement Price. If, through the operation of this provision, no Averaging Date would occur with respect to the relevant Valuation Date, then the provision of the definition of Valuation Date will apply for the purposes of determining the relevant level, price or amount on the final Averaging Date in respect of that Valuation Date as if such final Averaging Date were a Valuation Date that was a Disrupted Day;
- (b) “**Postponement**”, then the provision of the definition of Valuation Date will apply for the purposes of determining the relevant level, price or amount on that Averaging Date as if such Averaging Date were a Valuation Date on which a Market Disruption Event had occurred irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a date that already is or is deemed to be an Averaging Date for the relevant Warrant; or
- (c) “**Modified Postponement**”, then:
 - (i) in the case of an Index Linked Warrant relating to a single Index, a Share Linked Warrants relating to a single Share or a Commodity Linked Warrant relating to a single Commodity, the Averaging Date shall be the first succeeding Valid Date. If the first succeeding Valid Date has not occurred as of the Valuation Time on the fifth Exchange Business Day immediately following the original date that, but for the occurrence of another Averaging Date or Market Disruption Event, would have been the final Averaging Date in respect of the relevant Valuation Date, then (1) that fifth Exchange Business Day shall be deemed the Averaging Date (irrespective of whether that fifth Exchange Business Day is already an Averaging Date), and (2) the Calculation Agent shall determine the relevant level or price for that Averaging Date, in respect of such Index Linked Warrant, in accordance with Condition 16(a)(ii) of the definition of Valuation Date, in respect of a Share Linked Warrant, in accordance with Condition 17(b)(iv) of the definition of Valuation Date and, in respect of such Commodity Linked Warrant, in accordance with Condition 18(b)(e) of the definition of the Valuation Date;
 - (ii) in the case of an Index Linked Warrant relating to a Basket of Indices, a Share Linked Warrant relating to a Basket of Shares or a Commodity Linked Warrant relating to a Basket of Commodities, the Averaging Date for each Index, Share or Commodity not affected by a Market Disruption Event shall be the date specified in the Final Terms as an Averaging Date in respect of the relevant Valuation Date and the Averaging Date for an Index, Share or Commodity affected by the occurrence of a Market Disruption Event shall be the first succeeding Valid Date in relation to such Index, Share or Commodity. If the first succeeding Valid Date in respect of such Index, Share or Commodity has not occurred as of the Valuation Time on the fifth Exchange Business Day immediately

following the original date that, but for the occurrence of another Averaging Date or Market Disruption Event, would have been the final Averaging Date in relation to the relevant Scheduled Valuation Date, then (A) that fifth Exchange Business Day shall be deemed to be the Averaging Date (irrespective of whether that fifth Exchange Business Day is already an Averaging Date) in respect of such Index, Share or Commodity, and (B) the Calculation Agent shall determine the relevant level, price or amount for that Averaging Date in accordance with, in the case of such Index Linked Warrant, Condition 16(a)(ii) of the definition of Valuation Date, in the case of such Share Linked Warrant, in accordance with Condition 17(b)(iv) of the definition of Valuation Date and in respect of such Commodity Linked Warrant, in accordance with Condition 18(b)(e) of the definition of Valuation Date; and

The Final Terms in relation to an issue of Certificates supplements the following Conditions and may specify other terms and conditions which shall to the extent so specified or to the extent inconsistent with the following Conditions supplement, replace or modify the following Conditions for the purpose of such Certificates.

Unless otherwise specified in the relevant Global Certificate and Final Terms (as defined below), the Certificates of this series (such Certificates being hereinafter referred to as the “**Certificates**”) are, other than in the case of Dematerialised Certificates (as defined below) represented by one or more global Security (each a “**Global Certificate**”) and, in the case of all Certificates, are issued pursuant to a master warrant and certificate agreement dated 17 August 2007 (as the same may be modified, amended, restated, varied or supplemented from time to time) (the “**Master Securities Agreement**”) between CALYON, Calyon Financial Products (Guernsey) Limited (“**CFP**”) and Calyon Finance (Guernsey) Limited (“**CFG**”) (each an “**Issuer**” and together, the “**Issuers**”), CACEIS Bank Luxembourg as principal certificate agent (the “**Principal Certificate Agent**”) and as registrar (the “**Registrar**”), CACEIS Bank Luxembourg as Luxembourg certificate agent (in such capacity, the “**Luxembourg Certificate Agent**” together with the Principal Certificate Agent, any additional certificate agent appointed by the Issuer, the “**Certificate Agents**” which expression shall include any additional or successor certificate agents) and CACEIS Bank Luxembourg as Transfer Agent (in such capacity, the “**Transfer Agent**” (which expression shall include any additional or successor transfer agents) and together with the Certificate Agents and the Registrar, the “**Agents**”). CALYON shall undertake the duties of calculation agent (the “**Calculation Agent**”) in respect of the Certificates, unless another entity is so specified as calculation agent in the applicable Final Terms. The expression “Calculation Agent” shall, in relation to the relevant Certificates, include such other specified calculation agent. In the case of CFP and CFG, the Certificates are subject to a deed of guarantee dated 17 August 2007 (the “**Deed of Guarantee**”) issued by CALYON as guarantor (the “**Guarantor**”).

In the event that the applicable Final Terms specifies that the Certificates are eligible for sale in the United States under Rule 144A (“**Rule 144A**”) under the U.S. Securities Act of 1933, as amended (the “**Securities Act**”), the Certificates (a) may be sold only to U.S. persons (as defined in Regulation S under the Securities Act) that are qualified institutional buyers (each a “**QIB**”) as defined in Rule 144A under the Securities Act who are also qualified purchasers (each a “**QP**”) within the meaning of Section 3(c)(7) and as defined in Section 2(a)(51)(A) of the United States Investment Company Act of 1940, as amended (the “**1940 Act**”), such Certificates being represented by a Rule 144A Global Certificate (the “**Rule 144A Global Certificate**”) or (b) may be sold only outside the United States to a non-U.S. person in an offshore transaction in compliance with Regulation S under the Securities Act, such Certificates being represented by a Regulation S Global Certificate (the “**Regulation S Global Certificate**”).

In the event that the applicable Final Terms does not specify that the Certificates are eligible for sale in the United States under Rule 144A, the Certificates will, other than in the case of Dematerialised Certificates (as defined below), be represented by a Permanent Global Certificate (a “**Permanent Global Certificate**”).

Each Global Certificate has been deposited with a depositary (the “**Common Depositary**”) common to Euroclear Bank S.A./N.V. (“**Euroclear**”) and Clearstream Banking, société anonyme (“**Clearstream, Luxembourg**”).

If so specified in the applicable Final Terms, and for the purpose of allowing clearing of Certificates in alternative clearing systems, any series of Certificates may be issued in registered, uncertificated and dematerialised book-

(the “**Italian CSD**”). No physical global or definitive warrants or certificates will be issued in respect of Italian Certificates other than as provided below and the provisions relating to presentation, surrender or replacement of such bearer instruments shall not apply.

The obligations of the Guarantor under the Deed of Guarantee will constitute direct, unsubordinated, unconditional and unsecured obligations of the Guarantor and will rank *pari passu* with all other existing or future direct, unsubordinated, unconditional and unsecured obligations of the Guarantor (other than those preferred by law).

4. **Interest**

(i) *Interest Amount*

If so specified in the applicable Final Terms, each Certificate pays interest from and including the Interest Commencement Date of the Certificates at the Interest Rate payable in arrear on each Interest Payment Date.

The amount of interest payable in respect of each Certificate on each Interest Payment Date will amount to the Interest Amount (as defined below) for the Interest Period (as defined below) ending on (but excluding) such Interest Payment Date.

If so specified in the applicable Final Terms, the payment and/or accrual of any interest may be subject to certain events or conditions having or not having occurred (“**Conditional Interest**”).

If interest is required to be calculated for a period ending other than on (but excluding) an Interest Payment Date, it will be calculated on the basis of the number of days from and including the most recent Interest Payment Date (or, if none, the Issue Date of the Certificates) to but excluding the relevant payment date, and the relevant interest rate day count fraction as specified in the applicable Final Terms (the “**Interest Rate Day Count Fraction**”).

Such Interest Rate and/or Interest Amount may be a fixed nominal interest rate (“**Fixed Interest Certificates**”) or floating interest rate (“**Floating Rate Certificates**”) or it may be determined by reference to, and the application of such Interest Rate and/or the payment of such Interest Amount may be limited or affected by, the performance of an Index, a Share, a Debt Security, a Commodity, an Inflation Index or any other underlying security or any combination thereof in the manner specified in the applicable Final Terms (“**Interest Indexed Certificates**”) and, for avoidance of doubt, the provisions in these Conditions relating to such Index, Share, Debt Security, Commodity, Inflation Index or the other underlying security shall apply *mutatis mutandis* in the manner specified in the applicable Final Terms.

(ii) *Accrual of Interest*

Unless otherwise provided in the applicable Final Terms, each Certificate will cease to accrue interest from and including its due date for redemption unless payment of the amount and/or delivery of any Entitlement due on redemption is improperly withheld or refused or unless default is otherwise made in respect of the payment or delivery in which case interest shall continue to accrue from the date such amount or delivery of such Entitlement was due until such amount or delivery of such Entitlement is paid or delivered, as the case may be. For the avoidance of doubt, no interest on the Certificates shall accrue beyond the Redemption Date (as defined below) in the event that delivery of any Entitlement is postponed due to the occurrence of a Settlement Disruption Event.

(iii) *Business Day Convention*

If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is (i) the Floating Rate Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such date shall be brought forward to the immediately preceding Business Day and (B) each subsequent such date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment, (ii) the Following Business Day Convention, such date shall be postponed to the next day which is a Business Day, (iii) the Modified Following Business Day Convention, such date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day or (iv) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day.

(iv) *Interest Rate on Floating Rate Certificates*

The Interest Rate in respect of Floating Rate Certificates for each Interest Accrual Period shall be determined in the manner specified in the applicable Final Terms and, except as otherwise specified in the relevant Final Terms, the provisions below relating to either ISDA Determination or Screen Rate Determination shall apply, depending upon which is specified hereon.

(x) ISDA Determination for Floating Rate Certificates

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Interest Rate is to be determined, the Interest Rate for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate. For the purposes of this sub-paragraph (x), “**ISDA Rate**” for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions (as defined below) and under which:

- (i) the Floating Rate Option is as specified in the applicable Final Terms;
- (ii) the Designated Maturity is a period specified in the applicable Final Terms; and
- (iii) the relevant Reset Date is the first day of that Interest Accrual Period, unless otherwise specified in the applicable Final Terms.

For the purposes of this sub-paragraph (x), “**Floating Rate**”, “**Calculation Agent**”, “**Floating Rate Option**”, “**Designated Maturity**”, “**Reset Date**” and “**Swap Transaction**” have the meanings given to those terms in the ISDA Definitions.

- (y) Screen Rate Determination for Floating Rate Certificates
- (i) Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Interest Rate is to be determined, the Interest Rate for each Interest Accrual Period will, subject as provided below, be either:
 - (a) the offered quotation; or
 - (b) the arithmetic mean of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at 11.00 a.m. (London time in the case of LIBOR or Brussels time in the case of EURIBOR) on the Interest Determination Date in question as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.

If the Reference Rate from time to time in respect of Floating Rate Notes is specified hereon as being other than LIBOR or EURIBOR, the Rate of Interest in respect of such Notes will be determined as provided in the applicable Final Terms.

- (ii) if the Relevant Screen Page is not available or, if sub-paragraph (i)(a) applies and no such offered quotation appears on the Relevant Screen Page, or, if sub-paragraph (i)(b) above applies and fewer than three such offered quotations appear on the Relevant Screen Page, in each case as at the time specified above, subject as provided below, the Calculation Agent shall request, if the Reference Rate is LIBOR, the principal London office of each of the Reference Banks or, if the Reference Rate is EURIBOR, the principal Euro-zone office of each of the Reference Banks, to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time), or if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Interest Rates for such Interest Accrual Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent; and

In the case of Norwegian Certificates, the duly completed Asset Transfer Notice shall be delivered to the Norwegian Issuing Agent in respect of the relevant Norwegian Certificates, with a copy to the Principal Certificate Agent, *mutatis mutandis*, in accordance with the provisions of this Condition 5(c)(i), and such provisions shall be construed accordingly with references to “Euroclear Bank” or “Clearstream Luxembourg”, as the case may be, being deemed to be references to the Norwegian Issuing Agent and references to any action required to be taken by a specified time, being deemed to be to Oslo time. The Norwegian Issuing Agent (or such other entity designated in accordance with then applicable Norwegian CSD Rules as responsible for such actions) shall perform the verification and debiting of the relevant securities accounts referred to in this Condition 5. Physical settlement in respect of Norwegian Certificates will not take effect against the Issuer before the date on which the Norwegian Issuing Agent can request and/or effect the transfer of the relevant Norwegian Certificates to an account designated by the Norwegian Issuing Agent or blocked preventing further transfer by the Norwegian Issuing Agent. Physical settlement will occur in accordance with the Norwegian CSD Rules and delivery of Entitlements will be effected to the holder recorded as such on the fifth business day (as defined by the then applicable Norwegian CSD Rules) before the Redemption Date or, as the case may be, the Automatic Early Redemption Date, or such other business day falling closer to the Redemption Date or, as the case may be, the Automatic Early Redemption Date as may then be stipulated in the Norwegian CSD Rules (such date being the “**Record Date**” for the purposes of the Norwegian Certificates).

(iii) Italian Certificates

In the case of Italian Certificates, the duly completed Asset Transfer Notice shall be delivered to the Italian Issuing Agent in respect of the relevant Italian Certificates, with a copy to the Principal Certificate Agent, *mutatis mutandis*, in accordance with the provisions of this Condition 5(c)(i), and such provisions shall be construed accordingly with references to “Euroclear Bank” or “Clearstream Luxembourg”, as the case may be, being deemed to be references to the Italian Issuing Agent and references to any action required to be taken by a specified time, being deemed to be to Rome time. The Italian Issuing Agent (or such other entity designated in accordance with then applicable Italian CSD Rules as responsible for such actions) shall perform the verification and debiting of the relevant securities accounts referred to in this Condition 5. Physical settlement in respect of Italian Certificates will not take effect against the Issuer before the date on which the Italian Issuing Agent can request and/or effect the transfer of the relevant Italian Certificates to an account designated by the Italian Issuing Agent or blocked preventing further transfer by the Italian Issuing Agent. Physical settlement will occur in accordance with the Italian CSD Rules and delivery of Entitlements will be effected to the holder recorded as such on the fifth business day (as defined by the then applicable Italian CSD Rules) before the Redemption Date or, as the case may be, the Automatic Early Redemption Date, or such other business day falling closer to the Redemption Date or, as the case may be, the Automatic Early Redemption Date as may then be stipulated in the Italian CSD Rules (such date being the “**Record Date**” for the purposes of the Italian Certificates).

(k) *Delivery of an Asset Transfer Notice*

Delivery of an Asset Transfer Notice shall constitute an irrevocable election by the relevant Certificateholder to receive the Entitlement in respect of the Certificates the subject of such notice. After the delivery of such Asset Transfer Notice such Certificateholder may not otherwise transfer such Certificates.

If any Certificateholder does so transfer or attempt to transfer such Certificates, such Certificateholder will be liable to the Issuer for any losses, costs and expenses suffered or incurred by the Issuer, including, without limitation, those suffered or incurred as a consequence of it having terminated any related hedging operations in reliance on the relevant Asset Transfer Notice and subsequently (i) entering into replacement hedging operations in respect of such Certificates or (ii) paying any amount on the subsequent redemption of such Certificates without having entered into any replacement hedging operations.

(l) *Delivery Risk*

Delivery of the Entitlement in respect of any Physical Delivery Certificates is subject to all applicable laws, regulations and practices in force on the relevant Redemption Date, the Optional Redemption Date or, as the case may be, the Automatic Early Redemption Date and none of the Issuer, the Guarantor or the Certificate Agents shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts as a result of any such laws, regulations or practices. Neither the Issuer nor the Guarantor nor any Dealer nor the Certificate Agents shall under any circumstances be liable for any acts or defaults of the Relevant Clearing System in relation to the performance of their duties in relation to the Certificates.

(m) *Settlement Disruption*

(i) Settlement Disruption

If, in the opinion of the Calculation Agent, delivery of the Entitlement in respect of any Physical Delivery Certificates using the method of delivery specified in the applicable Final Terms is not practicable by reason of a Settlement Disruption Event having occurred and continuing on any Redemption Date, the Optional Redemption Date or, as the case may be, the Automatic Early Redemption Date, then such Redemption Date, Optional Redemption Date or, as the case may be,

the Automatic Early Redemption Date, for such Certificates shall be postponed to the first following Settlement Business Day in respect of which there is no such Settlement Disruption Event PROVIDED THAT the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Certificate by delivering the Entitlement using such other commercially reasonable manner as it may select and in such event the Redemption Date, the Optional Redemption Date or, as the case may be, the Automatic Early Redemption Date, shall be such day as the Issuer deems appropriate in connection with delivery of the Entitlement in such other commercially reasonable manner. Where a Settlement Disruption Event affects some but not all of the Relevant Assets comprising the Entitlement, the Redemption Date for the Relevant Assets not affected by the Settlement Disruption Event will be the originally designated Redemption Date, the Optional Redemption Date or, as the case may be, the Automatic Early Redemption Date. For so long as delivery of the Entitlement is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof, the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Certificate by payment to the relevant Certificateholder of the Disruption Cash Settlement Amount on the third Business Day following the date that notice of such election is given to the Certificateholders in accordance with Condition 10. Payment of the Disruption Cash Settlement Amount will be made in such manner as shall be notified to the Certificateholders in accordance with Condition 10. The Calculation Agent shall give notice as soon as practicable to the Certificateholders in accordance with Condition 10 that a Settlement Disruption Event has occurred. No Certificateholder shall be entitled to any payment in respect of the relevant Certificate in the event of any delay in the delivery of the Entitlement due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer.

(ii) *Failure to Deliver due to Illiquidity*

If “**Failure to Deliver due to Illiquidity**” is specified as applicable in the applicable Final Terms and following the exercise of Physical Delivery Certificates, in the opinion of the Calculation Agent, it is impossible or impracticable to deliver, when due, some or all of the Relevant Assets (the “**Affected Relevant Assets**”) comprising the Entitlement, where such failure to deliver is due to illiquidity in the market for the Relevant Assets, then:

- (a) subject as provided elsewhere in these Terms and Conditions as amended by the applicable Final Terms, any Relevant Assets which are not Affected Relevant Assets, will be delivered on the originally designated Redemption Date, the Optional Redemption Date or, as the case may be, the Automatic Early Redemption Date, in accordance with Condition 5(m)(ii); and
- (b) in respect of any Affected Relevant Assets, in lieu of physical settlement and notwithstanding any other provision hereof the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Certificate by payment to the relevant Certificateholder of the Failure to Deliver Settlement Amount on the fifth Business Day following the date that notice of such election is given to the Certificateholders in accordance with Condition 10. Payment of the Failure to Deliver Settlement Amount will be made in such manner as shall be notified to the Certificateholders in accordance with Condition 10. The Calculation Agent shall give notice as soon as practicable to the Certificateholders in accordance with Condition 10 that the provisions of this Condition 5(m)(ii) apply.

(n) *Issuer’s Option to Vary Settlement*

If the applicable Final Terms indicates that the Issuer has an option to vary settlement in respect of the Physical Delivery Certificates, the Issuer may in its sole and absolute discretion, in respect of each such

Certificate elect not to pay the relevant Certificateholders the Redemption Amount, the Optional Redemption Amount or, as the case may be, the Automatic Early Redemption Amount or to deliver or procure delivery of the Entitlement to the relevant Certificateholders, as the case may be, but, in lieu thereof to deliver or procure delivery of the Entitlement or make payment of the Alternative Cash Settlement Amount on the Redemption Date, the Optional Redemption Date or, as the case may be, the Automatic Early Redemption Date to the relevant Certificateholders, as the case may be. Notification of such election will be given to Certificateholders no later than 10.00 a.m. (London time) on the second Business Day following the Redemption Date, the Optional Redemption Date or, as the case may be, the Automatic Early Redemption Date. In the event a Settlement Disruption Event had occurred or is continuing in the period commencing on the Redemption Date, the Optional Redemption Date or, as the case may be, the Automatic Early Redemption Date and ending on such second Business Day, notification of such election may be postponed up to the earlier of (i) eight Business Days following the Redemption Date, the Optional Redemption Date or, as the case may be, the Automatic Early Redemption Date so long as such Settlement Disruption Event is continuing, (ii) two Business Days after the end of such Settlement Disruption Event, and (iii) one Business Day prior to the Redemption Date, the Optional Redemption Date or, as the case may be, the Automatic Early Redemption Date (as may be adjusted in accordance with these Conditions in respect of such Settlement Disruption Event).

(o) *FX Disruption*

- (i) Where the applicable Final Terms specifies that this Condition 5(o) is applicable, if the Calculation Agent determines that on any Valuation Date an FX Disruption Event (as defined below) has occurred and is continuing, the date for determination of the FX Rate shall be postponed until the first Business Day on which such FX Disruption Event ceases to exist (the “**FX Date**”), provided that where on the tenth Business Day following the Valuation Date (the “**FX Cut-Off Date**”) such FX Disruption Event continues to exist, the Issuer may elect to terminate its obligations under the Certificate by (x) paying an amount in a currency not subject to the FX Disruption Event; or (y) delivering or procuring the delivery of an amount of Relevant Assets, to each Certificateholder the value of which corresponds to the fair market value of each Certificate held by the Certificateholder each as determined by the Calculation Agent in its sole and absolute discretion.
- (ii) Where an FX Disruption Event occurs, the Redemption Date, the Optional Redemption Date or, as the case may be, the Automatic Early Redemption Date, in respect of the Certificates shall be postponed to the Business Day which falls the same number of Business Days after the FX Date or the FX Cut-Off Date, where the Issuer elects to terminate its obligations under the Certificate in accordance with (I)(i) above, as the Redemption Date, the Optional Redemption Date or, as the case may be, the Automatic Early Redemption Date, was originally scheduled to be after the Valuation Date (the “**Postponed Redemption Date**”).
- (iii) If an FX Disruption Event has occurred and is continuing on the Redemption Date, the Optional Redemption Date or, as the case may be, the Automatic Early Redemption Date, or the Postponed Redemption Date (including any Redemption Date, the Optional Redemption Date or, as the case may be, the Automatic Early Redemption Date, postponed due to a prior FX Disruption Event), then the Redemption Date, the Optional Redemption Date, the Automatic Early Redemption Date or the Postponed Redemption Date, as the case may be, shall be postponed until the first Business Day on which such FX Disruption Event ceases to exist, provided that where on the tenth Business Day following the Redemption Date, the Optional Redemption Date, the Automatic Early Redemption Date or the Postponed Redemption Date, as the case may be, an FX Disruption Event exists the Issuer may elect to terminate its obligations under the Certificate by (x) paying an amount in a currency not subject to the FX Disruption

Event, or (y) delivering or procuring the delivery of an amount of Relevant Assets, to each Certificateholder the value of which corresponds to the fair market value of each Certificate held by the Certificateholder each as determined by the Calculation Agent in its sole and absolute discretion.

For the avoidance of doubt, if an FX Disruption Event coincides with a Market Disruption Event, a Settlement Disruption Event or a Failure to Deliver due to Illiquidity, the provisions of this Condition 5(o) shall take effect only after such postponements or adjustments have been made as a result of such Market Disruption Event in accordance with Conditions 15 and 16, as the case may be, or a Settlement Disruption Event in accordance with Condition 5(m)(i) or a Failure to Deliver due to Illiquidity in accordance with Condition 5(m)(ii), as the case may be, and, notwithstanding the provisions of Condition 5(m), the Issuer's payment obligation of the Redemption Amount or, as the case may be, the Automatic Early Redemption Amount shall continue to be postponed in accordance with the provisions of this Condition 5(o).

For the purposes of this Condition 5(o):

“**FX Disruption Event**” means the occurrence of an event that makes it impossible through legal channels for the Issuer or its affiliates to either:

- (i) convert the Relevant Currency into the Settlement Currency; or
- (ii) deliver the Settlement Currency from accounts within the Relevant Country to accounts outside such jurisdiction; or
- (iii) deliver the Relevant Currency between accounts within the Relevant Country to a person that is a non-resident of that jurisdiction;

“**Relevant Country**” has the meaning ascribed to it in the applicable Final Terms; and

“**Relevant Currency**” has the meaning ascribed to it in the applicable Final Terms.

(p) *Failure to Deliver Asset Transfer Notice*

If a holder fails to give an Asset Transfer Notice as provided herein with a copy to the Principal Certificate Agent, on or prior to the Cut-Off Date, then the Entitlement will be delivered as soon as practicable after the Redemption Date, the Optional Redemption Date or, as the case may be, the Automatic Early Redemption Date (in which case, such date of delivery shall be the Delivery Date) at the risk of such Holder in the manner provided below. For the avoidance of doubt, in such circumstances such Holder shall not be entitled to any payment, whether of interest or otherwise, as a result of such Delivery Date falling after the Redemption Date, the Optional Redemption Date or, as the case may be, the Automatic Early Redemption Date and no liability in respect thereof shall attach to the Issuer or the Guarantor, if any.

The Issuer shall at the risk of the relevant Holder, deliver or procure the delivery of the Entitlement for each Certificate, pursuant to the details specified in the Asset Transfer Notice or in such commercially reasonable manner as the Calculation Agent shall in its sole discretion determine and notify to the person designated by the Holder in the relevant Asset Transfer Notice. All Expenses arising from the delivery of the Entitlement in respect of such Certificates shall be for the account of the relevant Holder and no delivery of the Entitlement shall be made until all Expenses have been paid to the satisfaction of the Issuer by the relevant Holder.

In the event that a Certificateholder does not so deliver an Asset Transfer Notice as aforesaid by close of business (Brussels or Luxembourg local time) (as appropriate) on the first Business Day falling on or before the 30th day after the Cut-off Date (the “**Final Cut-Off Date**”), the Issuer’s and the Guarantor’s obligations in respect of such Certificates shall be discharged and no further liability in respect thereof shall attach to the Issuer or the Guarantor.

(q) *General*

- (i) None of the Calculation Agent, the Issuer, the Guarantor, any Dealer or any Certificate Agent shall have any responsibility for any errors or omissions in the calculation of any Redemption Amount, the Optional Redemption Amount, Automatic Early Redemption Amount, Alternative Cash Settlement Amount, Disruption Cash Settlement Amount, Failure to Deliver Settlement Amount or of any Entitlement or other amount whatsoever.
- (ii) The purchase of Certificates does not confer on the Certificateholder any rights (whether in respect of voting, distributions or otherwise) attaching to the Relevant Asset.
- (iii) All references in this Condition to “Luxembourg or Brussels time” shall, where Certificates are cleared through an additional or alternative clearing system, be deemed to refer as appropriate to the time in the city where the relevant clearing system is located.
- (iv) Certificates held by the same holder will be aggregated for the purpose of determining the aggregate Entitlements in respect of such Certificates, provided that the aggregate Entitlements in respect of the same holder will be rounded down to the nearest whole unit of the Relevant Asset or each of the Relevant Assets, as the case may be, in such manner as the Calculation Agent shall determine. Therefore, fractions of the Relevant Asset or of each of the Relevant Assets, as the case may be, will not be delivered and no cash adjustment will be made in respect thereof.

(r) *Restrictions*

If the Final Terms for the Physical Delivery Certificates so indicates, the delivery of any Entitlement in respect of such Certificates will be conditional upon the holder providing to the Principal Certificate Agent, or such other person as may be specified, a certification in the form set out in such Final Terms.

6. Limited Recourse

The Issuer shall have the right to terminate its obligations under the Certificates, subject to the following sentence, if the Issuer shall have determined that the performance of such obligations or the obligations of the Guarantor under the Guarantee in respect of such Certificates shall have become illegal or impracticable, in either such case whether in whole or in part, in particular as a result of compliance with any applicable present or future law, rule, regulation, judgment, order or directive of any governmental, administrative, legislative or judicial authority or power. In such circumstances, the Issuer will give notice to Certificateholders of such termination in accordance with Condition 10 and, if and to the extent permitted by applicable law, pay to each Certificateholder in respect of each Certificate held by it an amount determined by the Calculation Agent as representing the fair market value of a Certificate notwithstanding such illegality or impracticability less the cost to the Issuer of unwinding any related Hedge Positions plus, if already paid by or on behalf of the Certificateholder, the Strike Price, all as determined by the Calculation Agent in its sole and absolute discretion.

Payment will be made in such manner as shall be notified to the Certificateholders in accordance with Condition 10.

7. Purchases

The Issuer, the Guarantor and any of their affiliates shall have the right to purchase or otherwise acquire Certificates at such times, in such manner and for such consideration as it may deem appropriate. Any Certificates so purchased may be held or resold or surrendered for cancellation and, if cancelled, may be reissued by the Issuer at such time and in such manner as it may deem appropriate.

8. Agents and Determination

(a) *Agents*

The specified offices of the Agents are as set out at the end of these Conditions.

The Issuer reserves the right at any time to vary or terminate the appointment of any Agent and to appoint further or additional Agents provided that no termination of appointment of the Principal Certificate Agent or the Registrar shall become effective until a replacement Principal Certificate Agent or, as the case may be, the Registrar shall have been appointed and provided that (i) so long as any of the Certificates are listed on a stock exchange, there shall be a Certificate Agent having a specified office in each location required by the rules and regulations of the relevant stock exchange, (ii) so long as there are any Swedish Certificates outstanding, there will at all times be a Swedish CSD duly authorised as a central securities depository under the Swedish Financial Instruments Accounts Act and an issuing agent duly authorised as such under the Swedish CSD Rules (the “**Swedish Issuing Agent**”) appointed in respect of such Swedish Certificates, (iii) so long as there are any Norwegian Certificates outstanding, there will at all times be a Norwegian CSD duly authorised as a central securities depository under the Norwegian Securities Register Act and an issuing agent duly authorised as such under the Norwegian CSD Rules (the “**Norwegian Issuing Agent**”) (*Kontofører Utsteder*) appointed in respect of such Norwegian Certificates and (iv) so long as there are any Italian Certificates outstanding, there will at all times be an Italian CSD duly authorised as a central securities depository under Article 80 of Legislative Decree no. 58 of 24 February 1998, as amended (the “**Consolidated Financial Act**”) and its implementing regulations and an issuing agent duly authorised as such under the Italian CSD Rules (the “**Italian Issuing Agent**”) appointed in respect of such Italian Certificates. Notice of any termination of appointment and of any changes in the specified office of any Agent will be given to Certificateholders in accordance with Condition 10. In acting under the Master Certificate Agreement, each Agent acts solely as agent of the Issuer and does not assume any obligation or duty to, or any relationship of agency or trust for or with, the Certificateholders and any Certificate Agent’s determinations and calculations in respect of the Certificates shall (save in the case of manifest error) be final and binding on the Issuer and the Certificateholders.

(b) *Calculation Agent*

In relation to each issue of Certificates where there is a Calculation Agent (whether it be the Issuer or a third party), it acts solely as agent of the Issuer and does not assume any obligation or duty to, or any relationship of agency or trust for or with the Certificateholders.

All calculations and determinations made by the Calculation Agent shall (save in the case of manifest error) be final, conclusive and binding on the Issuer, the Guarantor and each Certificateholder. The Calculation Agent may, with the consent of the Issuer, delegate any of its obligations and functions to a third party as it deems appropriate.

(c) *Determinations by the Issuer*

Any determination made by the Issuer pursuant to these Conditions shall (save in the case of manifest error) be final, conclusive and binding on the Issuer, the Guarantor and each Certificateholder.

9. **Meetings of Certificateholders and Modification**

(a) *Meetings*

The Master Securities Agreement contains provisions for convening meetings of the Certificateholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution (as defined in the Master Securities Agreement) of a modification of these Conditions or the Master Securities Agreement. At least 21 days’ notice (exclusive of the day on which the notice is given and of the day on which the meeting is held) specifying the date, time and place of the meeting shall be given to Certificateholders. Such a meeting may be convened by the Issuer, the Guarantor or Certificateholders holding not less than 10 per cent. (by number) of the Certificates for the time being remaining outstanding. The quorum at a meeting of the Certificateholders (except for the purpose of passing an Extraordinary Resolution) will be two or more persons holding or representing not less than 10 per cent.

(by number) of the Certificates for the time being remaining outstanding, or at any adjourned meeting two or more persons being, holding or representing Certificateholders whatever the number of Certificates so held or represented. The quorum at a meeting of Certificateholders for the purpose of passing an Extraordinary Resolution will be two or more persons holding or representing not less than 25 per cent. (by number) of the Certificates for the time being remaining outstanding or at any adjourned meeting two or more persons holding or representing not less than 10 per cent. A resolution will be an Extraordinary Resolution when it has been passed at a duly convened meeting by not less than 75 per cent. of the votes cast by Certificateholders at such meeting as, being entitled to do so, vote in person or by proxy. An Extraordinary Resolution passed at any meeting of the Certificateholders shall be binding on all the Certificateholders, whether or not they are present at the meeting. Certificates which have not been exercised but in respect of which an Exercise Notice has been received as described in Condition 5 will not confer the right to attend or vote at, or join in convening, or be counted in the quorum for, any meeting of the Certificateholders. Resolutions can be passed in writing if passed unanimously.

(b) Modifications

The Issuer may modify these Conditions and/or the Master Securities Agreement and/or any Final Terms without the consent of the Certificateholders in any manner which the Issuer and/or the Calculation Agent may deem necessary or desirable provided that such modification does not materially adversely affect the interests of the Certificateholders or such modification is of a formal, minor or technical nature or to correct a manifest error or to cure, correct or supplement any defective provision contained herein and/or therein or to comply with any requirement of the Luxembourg Stock Exchange and/or any stock exchange on which the Certificates may be listed. Notice of any such modification will be given to the Certificateholders in accordance with Condition 10 but failure to give or non-receipt of, such notice will not affect the validity of any such modification. In connection with such right of modification neither the Issuer nor the Calculation Agent shall be obliged to have regard to the consequences of the exercise of such right for individual Certificateholders resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory, and no Certificateholder shall be entitled to claim from the Issuer, the Guarantor or the Calculation Agent any indemnification or payment in respect of any tax consequence of any such modification.

10. Notices

All notices to Certificateholders where the relevant Certificates are Global Certificates will be valid if (i) delivered to the Relevant Clearing System and in the case of Definitive Certificates to the Principal Certificate Agent, for communication by them to the Certificateholders and (ii) in relation to Certificates listed on any stock exchange made in accordance with any applicable rules and regulations of such stock exchange. In the case of Certificates listed on the Luxembourg Stock Exchange only, regardless whether such Certificates are represented by a Global Certificate or Definitive Certificates, such notices shall be published on the website of the Luxembourg is required by the rules of the Luxembourg Stock Exchange ("www.bourse.lu"). Any notice given to the Certificateholders in accordance with this Condition 10 shall also be sent to the Guarantor. Any such notice shall be deemed to have been given on the date of such delivery to the Relevant Clearing System or, if applicable, such publication on such website or, if published more than once or on different dates, on the date of the first such publication.

11. Taxation and Expenses

The Issuer shall not be liable for, or otherwise obliged to pay, any tax, duty, withholding or other payment which may arise as a result of the issue, ownership, transfer, redemption or enforcement of any Certificates and all payments made by the Issuer shall be made subject to any such tax, duty, withholding or other payment which may be required to be made, paid, withheld or deducted. A Certificateholder must pay all Expenses relating to such Certificates in accordance with Condition 5(f).

All payments to be made by a Certificateholder shall be made without withholding or deduction for or on account of tax or otherwise unless required by applicable law. If any such withholding or deduction is required by applicable law, the Certificateholders shall not be entitled to receive, and the Issuer shall not be required to pay, an additional amount in respect thereof.

12. Further Issues

The Issuer shall be at liberty from time to time, without the consent of Certificateholders, to create and issue further Certificates so as to form a single series with the Certificates.

13. Substitution

(a) Substitution

Except in the case of Certificates established for sale into the United States, the Issuer, or any previous substitute company, shall be entitled at any time and from time to time, without the consent of the Certificateholders, to substitute CALYON or any subsidiary or holding company of CALYON (the “**New Issuer**”) in place of the Issuer, as obligor under the Certificates, provided that (i) the New Issuer shall assume all obligations of the Issuer in relation to the Certificateholders under or in relation to the Certificates including those contained in the Agency Agreement, to which the new Issuer shall become a party for the purpose of such Certificates with such consequential amendments as the Principal Certificate Agent shall deem appropriate, (ii) all actions, conditions and things required to be taken, fulfilled and done to ensure that the Certificates represent legal, valid and binding obligations of the New Issuer have been taken, fulfilled and done (including the appointment of a process agent in England) and are in full force and effect, (iii) if applicable, each stock exchange on which such Warrants are listed shall have been confirmed that, following such substitution, the Certificate will continue to be listed on such stock exchange, and (iv) except in the case where the New Issuer is CALYON, the payment obligations under or in respect of Certificates continue to be unconditionally guaranteed by the Guarantor. Where CALYON is the New Issuer, the guarantee shall no longer apply to such Certificates. Following such a substitution, any reference in these Conditions to the Issuer shall be construed as a reference to the New Issuer.

(b) Notice of change or substitution

A change or substitution shall be promptly notified to the Certificateholders in accordance with Condition 10.

(c) Tax consequences

In connection with such right of change or substitution the Issuer shall not be obliged to have regard to the consequences of the exercise of such right for individual Certificateholders resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory, and no Certificateholder shall be entitled to claim from the Issuer any indemnification or payment in respect of any tax consequence of any such change or substitution upon such Certificateholder.

14. Governing Law

The Certificates, each Global Certificate, the Agency Agreement and the Deed of Guarantee shall be governed by and construed in accordance with English law. Each of the Issuer and the Guarantor irrevocably agrees for the exclusive benefit of each Certificateholder that the courts of England are to have jurisdiction to settle any disputes which may arise out of or in connection with the Certificates or the Guarantor and that accordingly any suit, action or proceeding (together in this Condition referred to as “**Proceedings**”) arising out of or in connection with the Certificates or the Guarantee may be brought in such courts. Nothing contained in this Condition 14 shall limit the right of any Certificateholder to take Proceedings in any other court of competent jurisdiction, nor shall the taking of Proceedings in one or more jurisdictions preclude the taking of Proceedings in any other jurisdiction, whether concurrently or

not. Each of the Issuer and the Guarantor appoints CALYON, London branch at its principal office in England for the time being at Broadwalk House, 5 Appold Street, London EC2A 2DA as its process agent to receive on its behalf service of process of any Proceedings in England.

15. Additional Terms for Index Linked Certificates

(a) Adjustments

(i) Successor Sponsor Calculates and Reports an Index

If an Index (as defined in the applicable Final Terms) is (i) not calculated and announced by the sponsor specified in the applicable Final Terms (the “**Sponsor**”) but is calculated and published by a successor to the Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent or (ii) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index or (iii) not in existence on or prior to the Valuation Date, but the Calculation Agent considers there to be in existence at such time an alternative index which, if substituted for the Index, would materially preserve the economic equivalent of the rights of the Certificateholders under the Certificates immediately prior to such substitution, then the Index will be deemed to be the index so calculated and published by the Successor Sponsor or that successor or alternative index, as the case may be.

If (A) on or prior to a Valuation Date in respect of any Series of Certificates the Sponsor or (if applicable) the Successor Sponsor of an Index makes a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent stock or contracts and other routine events), or (B) on or prior to any such Valuation Date the Sponsor or (if applicable) the Successor Sponsor of an Index fails to, or announces its intention not to, calculate and publish the Index other than due to the occurrence on such day of a Market Disruption Event, then the Calculation Agent shall determine the level of the Index at the relevant time on such day using, in lieu of a published official level of the Index, the level for the Index as at the relevant time as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to that change or failure, but using only those securities that comprised the Index immediately prior to that change or failure (other than those securities that have since ceased to be listed on the relevant stock exchange).

The Calculation Agent will notify the level of the Index as calculated by it as described above as of a particular date upon application by telephone or facsimile by an interested person during normal business hours.

(ii) Valuation Date(s)

If a date specified in the applicable Final Terms as being a date of valuation or determination in respect of a Certificate (a “**Valuation Date**”, which expression shall, where applicable, include an Average Date) is not, in relation to an Index, an Index Business Day or there is a Market Disruption Event on that day (each as defined below), such Valuation Date shall be postponed until the next day which is an Index Business Day with respect to such Index unless, in the opinion of the Calculation Agent, there is a Market Disruption Event (as defined below) on that day. If there is a Market Disruption Event on that day, then such Valuation Date shall be the first succeeding Index Business Day on which there is no Market Disruption Event, unless there is a Market Disruption Event on each of the five Index Business Days immediately following the original date that, but for the Market Disruption Event, would have been the Valuation Date. In that case (i) the fifth Index Business Day shall be deemed to be the Valuation Date with respect

to that Index, notwithstanding the Market Disruption Event, and (ii) the Calculation Agent shall determine the level of the Index on that fifth Index Business Day in accordance with its good faith estimate of the level of the Index that would have prevailed, but for the Market Disruption Event, on that fifth Index Business Day.

For the purposes of this Condition:

“**Index Business Day**” means, in respect of an Index, a day on which (subject to the occurrence of a Market Disruption Event) such Index is scheduled to be calculated and disseminated by its Sponsor;

“**Market Disruption Event**” means, in respect of an Index, the occurrence or existence on any Index Business Day during the one-half hour period that ends at the time at which such Index is calculated and published by the relevant Sponsor (or such other time as may be specified in the applicable Final Terms) of a suspension of or limitation imposed on trading (by reason of movements in price exceeding limits permitted by the Exchange or otherwise) on:

- (i) the Exchange of securities that comprise 20 per cent. or more of the level of the Index; or
- (ii) any Related Exchange of options contracts or futures contracts on the Index,

if, in the determination of the Calculation Agent, such suspension or limitation is material.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from a published change in the regular business hours of the Stock Exchange(s) or any Related Exchange.

For the purpose of determining whether a Market Disruption Event exists at any time, if trading in a security/commodity included in the Index is materially suspended or materially limited at that time, then the relevant percentage contribution of that security/commodity to the level of the Index shall be based on a comparison of (i) the portion of the level of the Index attributable to that security/commodity relative to (ii) the overall level of the Index, in each case immediately before that suspension or limitation; and

“**Related Exchange**” means, in relation to an Index, each exchange or quotation system, if any, on which options contracts or futures contracts on the Index are traded or quoted, and as may be selected from time to time by the Calculation Agent.

(iii) Correction of Index

With the exception of any corrections published after the day which is three Exchange Business Days prior to the due date for any payment of a Redemption Amount or, as the case may be, Automatic Early Redemption Amount and/or Interest Amount, if the Index published on a given day and used or to be used by the Calculation Agent to determine any Redemption Amount or, as the case may be, Automatic Early Redemption Amount and/or Interest Amount, is subsequently corrected and the correction published by the relevant Index Sponsor within 30 days of the original publication, the level to be used shall be the level of the Index as so corrected. Corrections published after the day which is three Exchange Business Days prior to the relevant Redemption Date, Automatic Early Redemption Date or, as the case may be, Interest Payment Date will be disregarded by the Calculation Agent for the purposes of determining any Redemption Amount or, as the case may be, Automatic Early Redemption Amount and/or Interest Amount.

(b) *Notice*

The Calculation Agent shall, as soon as practicable thereafter, notify the Issuer and the relevant Certificate Agent of any determination made by it pursuant to this Condition 15, which shall make such determinations available to Certificateholders for inspection as soon as reasonably practicable after receipt of any written request to do so.

16. Additional Terms for Share Linked Certificates

(a) *General definitions*

For the purposes of this Condition 16:

“**Basket Company**” means a company whose shares are included in the Basket of Shares and Basket Companies means all such companies;

“**Shares**” and “**Share**” mean, subject to adjustment in accordance with this Condition 16, the shares or a share of the relevant Basket Company and, in the case of an issue of Certificates relating to a single Share, such Share and related expressions shall be construed accordingly; and

“**Share Company**” means the company whose Shares relate to a particular series of Certificates.

(b) *Adjustments*

(i) Potential Adjustment Events

Except as may be limited in the case of Certificates that may be sold into the United States, following each Potential Adjustment Event (as defined below), the Calculation Agent on behalf of the Issuer reserves the right to make such adjustments or to distribute to the Certificateholders such rights (including without limitation additional Certificates) in connection with the Certificates as it reasonably believes are appropriate in circumstances which the Calculation Agent believes (in its absolute discretion and notwithstanding any adjustments previously made to the Certificates) should, in the context of the issue of Certificates and its obligations thereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent to be appropriate for the purpose of ensuring the economic value attributable to such Certificate (as determined by the Calculation Agent in its absolute discretion) should be as nearly as practicable the same after as before such Potential Adjustment Event has occurred (without considering the individual circumstances of any Certificateholder or the tax or other consequences of such adjustment in any particular jurisdiction) or is required to take account of provisions of the laws of the relevant jurisdiction or the practices of any relevant market. Any adjustment or distribution by the Issuer by way of issuing additional Certificates shall be subject to such procedures and certifications as the Issuer may require and shall be notified to the Certificateholders at the relevant time in accordance with Condition 10.

For the purposes of this Condition 16, “**Potential Adjustment Event**” means the declaration by the Share Company or Basket Company, as the case may be, of the terms of any of the following:-

- (A) a subdivision, consolidation or reclassification of the relevant Shares (unless such be an Extraordinary Event (as defined below)) or a free distribution of the relevant Shares to existing holders by way of bonus, capitalisation or similar issue; or
- (B) a distribution to existing holders of the relevant Shares of (a) additional Shares or (b) other shares, capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company or the Basket Company, as the case may be, equally or proportionately with such payments to holders of the relevant Shares, or (c) any other type of securities, rights or warrants or other assets, in any case for

payment (in cash or otherwise) at less than the prevailing market price as determined by the Calculation Agent; or

- (C) an extraordinary dividend; or
- (D) a call in respect of relevant Shares that are not fully paid; or
- (E) a repurchase by it of Shares, whether out of profits or capital and whether the consideration for such repurchase is cash, new shares, securities or otherwise; or
- (F) any event in respect of the Shares analogous to any of the foregoing events or otherwise having, in the opinion of the Calculation Agent, a dilutive or concentrative effect on the market value of the relevant Shares.

In determining whether an adjustment should be made as a result of the occurrence of a Potential Adjustment Event, if options contracts or futures contracts on the relevant Shares are traded on the Exchange (as defined in the applicable Final Terms) or any other exchange, the Calculation Agent may have regard to, but shall not be bound by, any adjustment to the terms of the relevant options contract or futures contract made and announced by the Exchange or any other exchange.

Upon making any such adjustment, the Calculation Agent shall give notice as soon as practicable to the Certificateholders in accordance with Condition 10, giving brief details of the adjustment and of the Potential Adjustment Event.

(ii) Adoption of the euro

In respect of a Share Company or Basket Company whose Shares were originally quoted, listed and/or dealt as of the Issue Date in a currency of a member state of the European Union that has not adopted the single currency in accordance with the EC Treaty, if such Shares are at any time after the Issue Date quoted, listed and/or dealt exclusively in euro on the relevant Exchange or, where no Exchange is specified, the principal market on which those Shares are traded, then the Calculation Agent will adjust any variable relevant to the terms of the relevant Certificate as the Calculation Agent determines appropriate to preserve the economic terms of the relevant Certificate. The Calculation Agent will make any conversion necessary for purposes of any such adjustment as of the Valuation Time at an appropriate mid-market spot rate of exchange determined by the Calculation Agent prevailing as of the Valuation Time. No adjustments under this Condition 16(b)(ii) will affect the currency denomination of any payment obligation arising out of the relevant Certificate.

(iii) Extraordinary Events

If any of the following events (each an “**Extraordinary Event**”) occurs on or prior to a Valuation Date in respect of the Share Company or Basket Company, as the case may:

- (A) the relevant Shares are reclassified or changed (other than a change in par value, if any, as a result of a subdivision or consolidation);
- (B) the Share Company or Basket Company consolidates, amalgamates or merges with or into another entity (other than a consolidation, amalgamation or merger following which such Share Company or Basket Company, as the case may be, is the surviving entity);
- (C) the relevant Shares are the subject of a takeover offer that results in a transfer of an irrevocable commitment to transfer all the relevant Shares (other than the relevant Shares owned or controlled by the offeror);
- (D) by reason of the adoption of or any change in any applicable law, the assets of the Share Company or Basket Company, as the case may be, or all of the relevant Shares then

outstanding, are nationalised, expropriated or otherwise required to be transferred to any government, governmental agency or authority;

- (E) by reason of the bankruptcy or insolvency (or other analogous event) of the Share Company or Basket Company (a) all the relevant Shares are required to be transferred to any trustee, liquidator or similar official; or (b) holders of the relevant Shares become legally prohibited from transferring them; or
- (F) the relevant Shares cease to be listed on the Exchange and thereafter either (i) cease to be listed on any recognised stock exchange or (ii) have their listing maintained in, in the reasonable opinion of the Calculation Agent, inappropriate conditions,

the Calculation Agent may, in its sole and absolute discretion, determine what amendments are to be made to the terms of the Certificates to take account of the occurrence of an Extraordinary Event as it considers appropriate, such amendments to be effective on the date determined by the Calculation Agent.

In addition, and without limiting the generality of the foregoing, in respect of the Share Company or Basket Company, as the case may be, the Calculation Agent may:

- I. keep the relevant Share as the underlying asset of the Certificates, provided that the Share continues to fulfil the requirements of liquidity and of incontestable reference prices for a traded security as established by the relevant Exchange; or
- II. if the Extraordinary Event involves an offer (or, at the option of a holder of the relevant Shares (a “**Shareholder**”), may consist) solely of shares (whether of the offeror or a third party) (“**New Shares**”), determine the number of such New Shares to which a Shareholder is entitled to receive upon the consummation of such Extraordinary Event; or
- III. if the Extraordinary Event involves New Shares and cash and/or securities or assets other than New Shares (“**Other Consideration**”), determine the number of New Shares, taking into account the amount of Other Consideration (expressed as a number or a fraction of a number of the New Share) to which a Shareholder is entitled to receive upon the consummation of such Extraordinary Event.

In any such case, the New Shares shall be deemed to replace the relevant Share and the Calculation Agent shall make any necessary adjustments to any term of the Certificates as it deems appropriate to take account of such Extraordinary Event, including, without limitation, and if appropriate, to the initial price of the Share (as defined in the applicable Final Terms), or to the closing price of the Share on any relevant Valuation Date and/or to the relevant number of underlying Shares per Certificate, or otherwise as specified in the applicable Final Terms; or

- IV. cancel the Certificates by giving notice to Certificateholders in accordance with Condition 10. If the Certificates are so cancelled the Issuer will pay an amount to each Certificateholder in respect of each Certificate which amount shall be the fair market value of a Certificate taking into account the Extraordinary Event less the cost to the Issuer or any Hedging Party of unwinding any underlying related hedging arrangements, all as determined by or on behalf of the Calculation Agent in its sole and absolute discretion. Payments will be made in such manner as shall be notified to the Certificateholders in accordance with Condition 10.

Upon the occurrence of a Extraordinary Event, the Calculation Agent shall give notice as soon as practicable to the Certificateholders in accordance with Condition 10 stating the occurrence of

the Extraordinary Event giving details thereof and the action proposed to be taken in relation thereto.

(iv) Valuation Date(s)

If a date specified in the applicable Final Terms as being a date of valuation or determination in respect of an Certificate (a “**Valuation Date**”, which expression shall, where applicable, include an Averaging Date) is not, in relation to a Share, an Share Business Day or there is a Market Disruption Event on that date (each as defined below), such Valuation Date shall be postponed until the next day which is an Share Business Day with respect to such Share unless, in the opinion of the Calculation Agent, there is a Market Disruption Event (as defined below) on that day. If there is a Market Disruption Event on that day, then such Valuation Date shall be the first succeeding Share Business Day on which there is no Market Disruption Event, unless there is a Market Disruption Event on each of the five Share Business Days immediately following the original date that, but for the Market Disruption Event, would have been the Valuation Date. In that case (i) the fifth Share Business Day shall be deemed to be the Valuation Date with respect to that Share, notwithstanding the Market Disruption Event, and (ii) the Calculation Agent shall determine the level of the Share on that fifth Share Business Day in accordance with its good faith estimate of the level of the Share that would have prevailed, but for the Market Disruption Event, on that fifth Share Business Day.

For the purposes of this Condition:

“**Share Business Day**” means, in respect of a Share, a day that is (or, but for the occurrence of a Market Disruption Event, would have been) a trading day on each of the relevant Exchange(s) specified in the applicable Final Terms and any Related Exchanges other than a day on which trading on any such exchange is scheduled to close prior to its regular weekday closing time;

“**Market Disruption Event**” means, in respect of a Share, the occurrence or existence on any Share Business Day during the one-half hour period prior to the normal close of trading in respect of such Share (or such other time as may be specified in the applicable Final Terms) of a suspension of or limitation imposed on trading (by reason of movements in price exceeding limits permitted by the Exchange(s) or otherwise) on:

- (i) the Shares; or
- (ii) any Related Exchange of options contracts or futures contracts on the Share,

if, in the determination of the Calculation Agent, such suspension or limitation is material.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from a published change in the regular business hours of the Exchange(s) or any Related Exchange; and

“**Related Exchange**” means, in relation to an Share, each exchange or quotation system, if any, on which options contracts or futures contracts on the Shares are traded or quoted, and as may be selected from time to time by the Calculation Agent.

(c) *Dividends*

Where the relevant Final Terms specifies that this Condition 16(c) applies, if at any time from and including the Issue Date to but excluding the Redemption Date or, as the case may be, Automatic Early Redemption Date (the “**Dividend Period**”) the Basket Company or Share Company, as the case may be, declares a cash dividend to holders of the relevant Shares, the Issuer will give notice as soon as practicable to the Certificateholders in accordance with Condition 10 giving brief details of such distribution. The Issuer will, subject to compliance with any applicable law or regulation, pay or procure the payment of an amount equal to the Dividend Amount on or before the Business Day that falls the number of Business

Days constituting the Dividend Settlement Period following the Dividend Payment Date to Certificateholders. The Dividend Amount shall only be payable to Certificateholders holding Certificates on the Ex-Dividend Date and shall be payable to such persons notwithstanding the fact that they may not be holding any Certificates on the Dividend Payment Date.

If there is an FX Disruption Event (as defined below) on the Dividend Payment Date such that the Dividend Amount cannot be determined by the Calculation Agent on or prior to the payment date occurring at the end of the Dividend Settlement Period, the payment date of the Dividend Amount will be postponed until the fifth Business Day after the first following Business Day falling after the end of the Dividend Settlement Period on which there is no FX Disruption Event provided that where an FX Disruption Event has occurred and is continuing on the tenth Business Day following the originally scheduled payment date the Issuer may elect to terminate its obligation to pay the Dividend Amount by paying an amount in a currency not subject to the FX Disruption Event to each Certificateholder, the value of which corresponds to the fair market value of the Dividend Amount as determined by the Calculation Agent in its sole and absolute discretion.

For the purpose of this Condition:

“**Dividend**” means, an amount equal to the actual amount received by the Issuer or any Hedging Party under a Hedge Position in respect of a cash dividend payment by the Basket Company or Share Company, as the case may be, in respect of the relevant Shares;

“**Dividend Amount**” means in respect of each Certificate, an amount equal to the net amount of the Dividends per Share converted into the Settlement Currency on the basis of the foreign exchange rate prevailing on the Dividend Payment Date and determined by the Calculation Agent in its sole discretion equal to the Dividend received or which would have been received by the Issuer or the Hedging Party had such party been the holder of the relevant Shares on the Dividend Payment Date less any Dividend Taxes;

“**Dividend Payment Date**” means the date on which the Dividend is actually received under any Hedging Position;

“**Dividend Taxes**” means any withholding tax and/or other taxes or duties incurred, or any expenses, costs or fees incurred by, imposed or assessed to the Issuer (or any of its affiliates or agents) in connection with any Dividends (including but not limited to any costs incurred in relation to the receipt or payment of Dividends), Hedging Positions or otherwise in connection with the Shares including but not limited to, any costs related to or arising out of any default or delay by any broker, dealer, clearing house or hedge counterparty; and

“**Ex-Dividend Date**” means the date during the Dividend Period on which the Shares, in respect of which a cash dividend has been declared to holders thereof, begin trading ex-dividend on the Exchange.

17. Additional Terms for Commodity Linked Certificates

(a) General Definitions

For the purpose of this Condition 17:

“**Commodity**” means, subject to adjustment in accordance with this Condition 17, the commodity (or commodities) or futures contract on a commodity (or commodities) specified in the applicable Final Terms and related expressions shall be construed accordingly.

“**Commodity Business Day**” means, in respect of each Commodity a day that is (or, but for the occurrence of a Market Disruption Event, would have been) a trading day on the Related Exchange.

“**Market Disruption Event**” means, in respect of a relevant Commodity:

- (a) the occurrence or existence of any Commodity Business Day:

- (i) of any suspension of or limitation imposed on trading by the Exchange or otherwise and whether by reason of movements in price exceeding limits permitted by the Exchange or otherwise on:
 - (x) the Exchange; or
 - (y) any Related Exchange of futures or options contracts relating to the relevant Commodity;
- (ii) of any event (other than an event described in (b) below) that disrupts or impairs (as determined by the Calculation Agent) the ability of market participants in general (A) to effect transactions in, or obtain market values for, the relevant Commodity on the Exchange, or (B) to effect transactions in, or obtain market values for, futures or options contracts relating to the relevant Commodity on the Exchange,

which in either case the Calculation Agent determines is material; or
- (b) the closure on any Exchange Business Day of the Exchange prior to its Scheduled Closing Time unless such earlier closing time is announced by such Exchange at least one hour prior to (A) the actual closing time for the regular trading session on such Exchange on such Exchange Business Day or, if earlier, (B) the submission deadline for orders to be entered into the Exchange system for execution at the Valuation Time on such Exchange Business Day.

The Calculation Agent shall give notice as soon as practicable to the Certificateholders in accordance with Condition 10 of the occurrence of a Disrupted Day, in respect of any relevant Commodity, on any day that, but for the occurrence of a Disrupted Day, would have been a Valuation Date or Averaging Date.

“Related Exchange” means in relation to a Commodity, each exchange or quotation system, if any, on which options contracts or futures contracts on the Index are traded or quoted, and as may be selected from time to time by the Calculation Agent.

(b) *Adjustments*

- (a) Successor Entity Calculates and Reports a Commodity Price

If a relevant price of a Commodity (the **“Commodity Price”**) is (i) not calculated and announced by the Exchange but is calculated and announced by a successor entity acceptable to the Calculation Agent, or (ii) replaced by a successor commodity price calculated using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of that Commodity Price, then in each case that commodity price (the **“Successor Commodity Price”**) will be deemed to be the Commodity Price.

- (b) Modification of Calculation and Disappearance of a Commodity Price

If (i) on or prior to a Valuation Date or on Averaging Date, the relevant Exchange makes or announces that it will make a material change in the formula for or the method of calculating a relevant Commodity Price or in any other way materially modifies that Commodity Price (other than a modification prescribed in that formula or any other routine events) (a **“Commodity Modification”**), or a material change in the content, composition or constitution of the Commodity (a **“Commodity Change in Content”**), or (ii) on or prior to a Valuation Date or an Averaging Date, in the case of permanent discontinuation of trading in, disappearance of, or of trading in, the Commodity, disappearance or permanent discontinuance or unavailability of a Commodity Price and no Successor Commodity Price exists (a **“Disappearance of a Commodity Price”**) and, together with a Commodity Modification and a Commodity Change in Content, each a **“Commodity Adjustment Event”**), then

- (i) the Calculation Agent shall determine if such Commodity Adjustment Event has a material effect on the Certificates and, if so, shall calculate the relevant Settlement Price using, in lieu of a published price for that Commodity, the price for that Commodity as at the Valuation Time on that Valuation Date or that Averaging Date, as the case may be, as determined by the Calculation Agent taking into consideration the latest available quotation for such Commodity and any other information that in good faith it deems relevant; or
 - (ii) on giving notice to Certificateholders in accordance with Condition 10, redeem the Certificates, each Certificate being redeemed by payment of an amount equal to the fair market value of a Certificate, less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion. Payments will be made in such manner as shall be notified to the Certificateholders in accordance with Condition 10.
- (c) Notice

The Calculation Agent shall, as soon as practicable, notify the relevant Certificate Agent of any determination made by it pursuant to paragraph (b) above and the action proposed to be taken in relation thereto and such Certificate Agent shall make available for inspection by Certificateholders copies of any such determinations.
- (d) Correction of Commodity Price

With the exception of any corrections published after the day which is three Exchange Business Days prior to the due date for any payment of a Cash Settlement Amount, if the Commodity Price published on a given day and used or to be used by the Calculation Agent to determine any Redemption Amount, Automatic Early Redemption Amount or Interest Amount, as the case may be, is subsequently corrected and the correction published by the relevant Exchange within 30 days of the original publication, the price to be used shall be the price of the relevant Commodity as so corrected. Corrections published after the day which is three Exchange Business Days prior to the relevant Redemption Date, Automatic Early Redemption Date or Interest Payment Date, as the case may be, will be disregarded by the Calculation Agent for the purposes of determining any Redemption Amount, Automatic Early Redemption Amount or Interest Amount, as the case may be.
- (e) Valuation Date(s)

If a date specified in the applicable Final Terms as being a date of valuation or determination in respect of an Warrant (a “**Valuation Date**”, which expression shall, where applicable, include an Averaging Date) is not, in relation to a Commodity, a Commodity Business Day or there is a Market Disruption Event on that date (each as defined below), such Valuation Date shall be postponed until the next day which is an Commodity Business Day with respect to such Commodity unless, in the opinion of the Calculation Agent, there is a Market Disruption Event (as defined below) on that day. If there is a Market Disruption Event on that day, then such Valuation Date shall be the first succeeding Commodity Business Day on which there is no Market Disruption Event, unless there is a Market Disruption Event on each of the five Commodity Business Days immediately following the original date that, but for the Market Disruption Event, would have been the Valuation Date. In that case (i) the fifth Commodity Business Day shall be deemed to be the Valuation Date with respect to that Commodity, notwithstanding the Market Disruption Event, and (ii) the Calculation Agent shall determine the level of the Commodity on that fifth Commodity Business Day in accordance with its good faith

estimate of the level of the Commodity that would have prevailed, but for the Market Disruption Event, on that fifth Commodity Business Day

18 Currency Linked Certificates, Debt Linked Certificates and Interest Rate Linked Certificates

Provisions relating to Currency Linked Certificates, Debt Linked Certificates, Interest Rate Linked Certificates and Certificates linked to any other underlying asset will be set out in the applicable Final Terms.

19. Definitions

For the purposes of these Terms and Conditions, the following general definitions will apply:

“**Alternative Cash Settlement Amount**” means, in respect of any exercised Certificate, an amount in the Settlement Currency equal to the fair market value of such Certificates, less the cost to the Issuer or any Hedging Party of unwinding any related hedging arrangements, all as determined by the Calculation Agent in its sole discretion;

- (a) “**Omission**”, then such Averaging Date will be deemed not to be a relevant Averaging Date for purposes of determining the relevant Redemption Amount, Automatic Early Redemption Amount or, as the case may be, Interest Amount. If through the operation of this provision no Averaging Date would occur with respect to the relevant Valuation Date, then the provision of the definition of Valuation Date will apply for the purposes of determining the relevant level, price or amount on the final Averaging Date in respect of that Valuation Date as if such final Averaging Date were a Valuation Date that was a Disrupted Day;
- (b) “**Postponement**”, then the provision of the definition of Valuation Date will apply for the purposes of determining the relevant level, price or amount on that Averaging Date as if such Averaging Date were a Valuation Date on which a Market Disruption Event had occurred irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a date that already is or is deemed to be an Averaging Date for the relevant Certificate; or
- (c) “**Modified Postponement**”, then:
 - (i) in the case of an Index Linked Certificate relating to a single Index, Share Linked Certificates relating to a single Share or a Commodity Linked Certificate relating to a single Commodity, the Averaging Date shall be the first succeeding Valid Date. If the first succeeding Valid Date has not occurred as of the Valuation Time on the fifth Exchange Business Day immediately following the original date that, but for the occurrence of another Averaging Date or Market Disruption Event, would have been the

final Averaging Date in respect of the relevant Valuation Date, then (1) that fifth Exchange Business Day shall be deemed the Averaging Date (irrespective of whether that fifth Exchange Business Day is already an Averaging Date), and (2) the Calculation Agent shall determine the relevant level or price for that Averaging Date in respect of such Index Linked Certificate in accordance with Condition 15(a)(ii) of the definition of Valuation Date and in respect of a Share Linked Certificate in accordance with Condition 16(b)(iv) of the definition of Valuation Date and, in respect of such Commodity Linked Certificate, in accordance with Condition 17(b) of the definition of Valuation Date;

- (ii) in the case of an Index Linked Certificate relating to a Basket of Indices or Share Linked Certificate relating to a Basket of Shares or a Commodity Linked Certificate relating to a Basket of Commodities, the Averaging Date for each Index, Share or Commodity not affected by a Market Disruption Event shall be the date specified in the Final Terms as an Averaging Date in respect of the relevant Valuation Date and the Averaging Date for an Index, Share or Commodity affected by the occurrence of a Market Disruption Event shall be the first succeeding Valid Date in relation to such Index, Share or Commodity. If the first succeeding Valid Date in respect of such Index or Share has not occurred as of the Valuation Time on the fifth Exchange Business Day immediately following the original date that, but for the occurrence of another Averaging Date or Market Disruption Event, would have been the final Averaging Date in relation to the relevant Scheduled Valuation Date, then (A) that fifth Exchange Business Day shall be deemed to be the Averaging Date (irrespective of whether that fifth Exchange Business Day is already an Averaging Date) in respect of such Index, Share or Commodity, and (B) the Calculation Agent shall determine the relevant level, price or amount for that Averaging Date in accordance with, in the case of an Index Linked Certificate, Condition 15(a)(ii) of the definition of Valuation Date - in the case of such Share Linked Certificate in accordance with Condition 16(b)(iv) of the definition of Valuation Date and in respect of such Commodity Linked Warrant, in accordance with Condition 17(b)(e) of the definition of Valuation Date; and

FORM OF GUARANTEE

GUARANTEE

THIS GUARANTEE is made by way of deed on 17 August 2007 by CALYON, a limited liability company incorporated in France as a “*société anonyme*” governed by a Board of Directors, with a share capital of EUR 3,119,771,484, having its registered office at 9, quai du Président Paul Doumer, 92920 Paris La Défense Cedex, France, registered at the “*Registre du Commerce et des Sociétés de Nanterre*” under number SIREN 304 187 701 (the “**Guarantor**”) in favour of the holders for the time being of the Securities (as defined below) (the “**Securityholders**”).

WHEREAS:

- (A) CALYON, Calyon Financial Products (Guernsey) Limited and Calyon Finance (Guernsey) Limited (together the “**Issuers**” and each an “**Issuer**”) and the agents named therein have entered into a master warrant and certificate agreement (the “**Master Securities Agreement**”, which expression includes the same as it may be amended, supplemented or restated from time to time) dated 17 August 2007 in connection with a Warrants and Certificates Programme under which, *inter alia*, each Issuer proposes from time to time to issue warrants (the “**Warrants**”) and/or Certificates (the “**Certificates**” and, together with the Warrants, the “**Securities**”), such expression to include each Definitive Warrant and Definitive Certificate issued by the Issuer and each Global Warrant and Global Certificate issued by the Issuer (where “**Definitive Warrant**”, “**Definitive Certificate**”, “**Global Warrant**” and “**Global Certificate**” have the meanings ascribed thereto in the Conditions (as defined below));
- (B) Terms defined in the Terms and Conditions of the Warrants and the Terms and Conditions of the Certificates as contained in Schedule 4 and 5, respectively, to the Master Securities Agreement, as completed, amended and/or supplemented in the case of any Series of Securities, by the applicable Final Terms, (the “**Conditions**”) shall have the same meaning when used in this Guarantee; and
- (C) This Guarantee replaces, as from the date of this Guarantee, the Guarantee of CALYON dated 18 August 2006 which, for the avoidance of doubt, remains, in full force and effect for all Securities issued prior to the date of this Guarantee.

NOW THIS DEED WITNESSES as follows:

- (1) **Guarantee:** The Guarantor irrevocably and unconditionally guarantees by way of deed poll to each Securityholder that, if for any reason, an Issuer does not pay any sum payable by it to such Securityholder in respect of any Security or, in the event that any Entitlement falls to be delivered under the Conditions, fail to pay and/or deliver such Entitlement in accordance with the Conditions, as the case may be, (including any premium or any other amounts of whatever nature or additional amounts which may become payable under any of the foregoing) as and when the same shall become due under any of the foregoing, the Guarantor will within 14 (fourteen) Business Days after receipt of written notice pay to such Securityholder the amount payable by the relevant Issuer to such Securityholder, or deliver any Entitlement to be paid and/or delivered in accordance with the Conditions by the Issuer to such Securityholder. This Deed of Guarantee shall apply to all Securities issued on or after the date of this Guarantee and all references herein to Securities shall be construed accordingly.
- (2) **Guarantor as Principal Debtor:** Without affecting the relevant Issuer's obligations, the Guarantor will be liable under this Guarantee as if it were the sole principal debtor and not merely a surety. Accordingly, it will not be discharged, nor will its liability be affected, by anything which would not discharge it or affect its liability if it were the sole principal debtor (including (a) any time, indulgence, waiver or consent at any time given to the Issuer or any other person, (b) any amendment to any Security or to any security or other guarantee or indemnity, (c) the making or absence of any demand on the relevant Issuer or any other person for payment or performance of any other obligation in respect of

any Security, (d) the enforcement or absence of enforcement of any Security or of any security or other guarantee or indemnity, (e) the release of any such security, guarantee or indemnity, (f) the dissolution, amalgamation, reconstruction or reorganisation of the relevant Issuer or any other person or (g) the illegality, invalidity or unenforceability of or any defect in any provision of any Security or any of the relevant Issuer's obligations under any of them).

- (3) **Guarantor's Obligations Continuing:** The Guarantor's obligations under this Deed of Guarantee are and will remain in full force and effect by way of continuing security until no sum remains payable or any asset deliverable under any Security. Furthermore, these obligations of the Guarantor are additional to, and not instead of, any security or other guarantee or indemnity at any time existing in favour of a Securityholder, whether from the Guarantor or otherwise. The Guarantor irrevocably waives all notices and demands whatsoever.
- (4) **Repayment to the Issuer:** If any payment or any asset received by a Securityholder is, on the subsequent liquidation or insolvency of the relevant Issuer, avoided under any laws relating to liquidation or insolvency, such payment or delivery of such asset will not be considered as having discharged or diminished the liability of the Guarantor and this Deed of Guarantee will continue to apply as if such payment or obligation to deliver such asset had at all times remained owing by the relevant Issuer.
- (5) **Indemnity:** As a separate and alternative stipulation, the Guarantor unconditionally and irrevocably agrees that any sum or obligation expressed to be payable or deliverable by the relevant Issuer under any Security but which is for any reason (whether or not now known or becoming known to the relevant Issuer, the Guarantor or any Securityholder) not recoverable from the Guarantor on the basis of a guarantee will nevertheless be recoverable from it as if it were the sole principal debtor or obligor and will be paid or performed by it to the Securityholder within 14 (fourteen) Business Days after receipt of written notice. This indemnity constitutes a separate and independent obligation from the other obligations in this Guarantee, gives rise to a separate and independent cause of action and will apply irrespective of any indulgence granted by any Securityholder.
- (6) **Status of Guarantee:** This Guarantee will constitute a direct, unconditional, unsecured and general obligation of the Guarantor and ranks (save for statutorily preferred exceptions) *pari passu* with any other existing or future unsecured and unsubordinated obligations of the Guarantor.
- (7) **Incorporation of Conditions:** So long as any of the Securities remains outstanding (as defined in the Master Securities Agreement) the Guarantor will comply with the provisions applicable to it in the Conditions of the Securities as though the same were set out in full herein.
- (8) **Power to execute:** The Guarantor hereby warrants, represents and covenants with each Securityholder that it has all corporate power, and has taken all necessary corporate or other steps, to enable it to execute, deliver and perform this Guarantee, and that this Guarantee constitutes a legal, valid and binding obligation of the Guarantor in accordance with its terms.
- (9) **Deposit of Guarantee:** This Guarantee shall take effect as a deed for the benefit of the Securityholders from time to time and for the time being. This Guarantee shall be deposited with and held by CACEIS Bank Luxembourg, for the benefit of the Securityholders until all the obligations of the Guarantor have been discharged in full.
- (10) **Production of Guarantee:** The Guarantor hereby acknowledges the right of every Securityholder to the production of, and the right of every Securityholder to obtain (upon payment of a reasonable charge) a copy of, this Guarantee, and further acknowledges and covenants that the obligations binding upon it contained herein are owed to, and shall be for the account of, each and every Securityholder, and that each Securityholder shall be entitled severally to enforce the said obligations against the Guarantor.

- (11) **Subrogation:** Until all amounts which may be payable or any other obligation which may be owing under the Securities have been irrevocably paid or performed in full, the Guarantor shall not by virtue of this Guarantee be subrogated to any rights of any Holder or claim in competition with the Securityholders against the relevant Issuer.
- (12) **Contracts (Rights of Third Parties) Act 1999:** No rights are conferred on any person under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of this Guarantee, but this does not affect any right or remedy of any person which exists or is available apart from that Act.
- (13) **Governing Law and Jurisdiction:** This Guarantee is governed by and shall be construed in accordance with English law. The Guarantor and each Securityholder agrees that the English courts are to have exclusive jurisdiction to settle any disputes which may arise out of or in connection with this Guarantee and that accordingly any suit, action or proceedings (together referred to as “**Proceedings**”) arising out of or in connection with this Guarantee shall be brought in such courts.
- (14) **Process Agent:** The Guarantor hereby appoints CALYON, London branch, at its registered office for the time being in England (being presently at Broadwalk House, 5 Appold Street, London EC2A 2DA) as its agent for service of process in England in respect of any Proceedings and undertakes that in the event of it ceasing so to act it will appoint another person as its agent for that purpose.

This Guarantee has been duly delivered as a deed on behalf of the Guarantor on the day and year first above mentioned.

TAXATION

Prospective purchasers of Securities should consult their own tax advisers about the tax implications of holding the Security and of any transaction involving the Warrant.

Prospective purchasers of Securities should be aware that transactions involving the Warrant, including the issue of any Global Warrant, any purchase or disposal of or other dealings in the Securities and any transaction involved in the exercise and settlement of the Securities, may have tax consequences (including but not limited to possible liabilities to stamp duties, transfer and registration taxes). The tax consequences may depend, amongst other things, upon the status of the prospective purchaser and the terms and conditions of the particular Warrant.

Taxation in France

Prospective purchasers of Securities who are French resident for tax purposes should be aware that transactions involving the Securities including any purchase or disposal of, or other dealings in the Securities and any transaction involved in the exercise and settlement of the Securities, may have French tax consequences. The tax consequences regarding interest, premium on redemption and capital gains in particular may depend, amongst other things, upon the status of the prospective purchaser (i.e. legal entities or individuals). Prospective purchasers of Securities should consult their own advisers about the tax implications of holding Securities and of any transactions involving Securities.

Taxation in Guernsey

CFP and CFG have been granted tax exempt status in Guernsey pursuant to the Income Tax (Exempt Bodies) (Guernsey) Ordinance 1989. The exemption is granted on an annual basis. It is the intention of the Directors of CFP and CFG to apply for such exemption annually. On 30 June 2006, the States of Guernsey resolved to reduce the general rate of income tax paid by Guernsey companies to 0 per cent. in respect of tax year 2008 and subsequent years, and to abolish the status of exempt company with effect from 1 January 2008. The profits of certain companies which are licensed by the Guernsey Financial Services Commission would be taxed at 10 per cent.. However, see also the section below “EU Directive on Taxation of Savings Income”.

Provided a Securityholder does not carry on business in Guernsey and is not resident in Guernsey for Guernsey tax purposes, he will not suffer any charge to Guernsey income tax on any payments received from CFP and CFG, nor will such a holder be required to file or make any return to the Income Tax Authority in Guernsey.

Capital Gains Tax, Wealth Tax, Capital Transfer Tax and Estate or Inheritance Tax do not exist under current Guernsey law and as such no liability to tax will arise on the issue, exercise transfer, realisation or redemption of Security issues by CFP and CFG, nor is any stamp duty or similar tax payable in Guernsey on the issue or transfer of Securities.

A holder of Securities who is resident for tax purposes in Guernsey or who carries on a trade in Guernsey through a branch or agency (to which the Securities are attributable) may be subject to Guernsey income tax on any interest paid in respect of the Securities, and should seek independent tax advice, if necessary, on the liability to tax thereon, and the necessity to disclose the relevant amounts.

EU Directive on the Taxation of Savings Income

On 3 June 2003, the European Council of Economics and Finance Ministers adopted a Directive 2003/48/CE regarding the taxation of savings income in the form of interest payments (the “Directive”). The Directive requires Member States, subject to a number of conditions being met, to provide to the tax authorities of other Member States details of payments of interest and other similar income made by a paying agent located within its jurisdiction to, or for the benefit of, an individual resident in that other Member State, except that, for a transitional period, Belgium, Luxembourg and Austria will instead withholding an amount on interest payments, unless the relevant beneficial owner of such payment elects otherwise. During the transitional period Guernsey will either apply retention tax on interest income paid by paying agents in Guernsey to individuals resident in the EU

countries with which agreements have been concluded, or alternatively will apply automatic exchange of information relating to such payments with those countries.

However, this Directive has been implemented in French law under Article 242 *ter* of the French *Code général des impôts*, which imposes on paying agents based in France an obligation to report to the French tax authorities certain information with respect to interest payments made to beneficial owners domiciled in another Member state, including, among other things, the identity and address of the beneficial owner and a detailed list of the different categories of interest paid to that beneficial owner.

On 21 June 2004, the States of Guernsey authorised the Chief Minister or other Minister designated for the purpose to sign bi-lateral agreements with EU Member States to implement the "same" measures. Under these agreements, as and when they take effect, Guernsey will apply a retention tax on interest income paid by Paying Agents in Guernsey to individuals resident in the EU countries with which agreements have been concluded, or during the transitional period in which Austria, Belgium and Luxembourg will apply similar retention taxes, Guernsey will apply automatic exchange of information relating to such payments with those countries.

Taxation in Luxembourg

The statements herein regarding withholding tax considerations in Luxembourg are based on the laws in force in the Grand Duchy of Luxembourg as of the date of this Base Prospectus and are subject to any changes in law.

The following summary does not purport to be a comprehensive description of all the Luxembourg tax considerations which may be relevant to a decision to purchase, own or dispose of the Securities. In particular, this summary does not describe the tax consequences for a holder of Securities that are redeemable in exchange for, or convertible into, shares.

Each prospective holder or beneficial owner of the Securities should consult its tax advisor as to the Luxembourg tax consequences of the ownership and disposition of the Securities.

Withholding tax

Under Luxembourg tax law currently in effect and with the possible exception of interest paid to individual holders of the Securities and certain entities, there is no Luxembourg withholding tax on payments of interest (including accrued but unpaid interest). There is also no Luxembourg withholding tax, with the possible exception of payments made to individual holders of the Securities and certain entities, upon repayment of principal in case of reimbursement, redemption, repurchase or exchange of the Securities.

Luxembourg non-resident individuals

Under the Luxembourg laws dated 21 June 2005 implementing the European Council Directive 2003/48/EC on the taxation of savings income (the "Savings Directive") and several agreements concluded between Luxembourg and certain dependent or associated territories of the European Union ("EU"), a Luxembourg based paying agent (within the meaning of the Savings Directive) is required since 1 July 2005 to withhold tax on interest and other similar income paid by it to (or under certain circumstances, to the benefit of) an individual resident in another EU Member State or in certain dependent or associated territories, unless the beneficiary of the interest payments elects for the procedure of exchange of information or for the tax certificate procedure. The same regime applies to payments of interest and other similar income made to certain so-called "residual entities" within the meaning of Article 4.2 of the Savings Directive (i.e., an entity without legal personality and whose profits are not taxed under the general arrangements for the business taxation and that is not, or has not opted to be considered as, a UCITS recognized in accordance with Council Directive 85/611/EEC) established in a Member State or in certain dependent or associated territories.

The withholding tax rate is initially 15 per cent., increasing steadily to 20 per cent. and to 35 per cent. The withholding tax system will only apply during a transitional period, the ending of which depends on the conclusion of certain agreements relating to information exchange with certain third countries.

Luxembourg resident individuals

A 10 per cent. withholding tax has been introduced, as from 1 January 2006, on interest payments made by Luxembourg paying agents (defined in the same way as in the Savings Directive) to Luxembourg individual residents. Only interest accrued after 1 July 2005 falls within the scope of the withholding tax. This withholding tax represents the final tax liability for the Luxembourg individual resident taxpayers receiving these payments in the course of their private wealth.

Taxation in Norway

The following summary of certain tax issues that may arise as a result of holding Securities is based on current Norwegian tax legislation and is intended only as general information for holders of Securities, who are resident in Norway for tax purposes. This description does not deal comprehensively with all tax consequences that may occur for holders of Securities. Special tax consequences that are not described below may also apply for certain categories of tax payers, including, mutual funds and persons who are not resident in Norway. It is recommended that prospective applicants for Securities consult their own tax advisers for information with respect to the special tax consequences that may arise as a result of holding Securities, including the applicability and effect of foreign income tax rules, provisions contained in double taxation treaties and other rules which may be applicable.

Individuals

Tax liability

Both return received on the Securities and capital gains received on realisation of the Securities are taxable at a flat rate of 28 per cent. for Norwegian individuals. Losses on realisation of the Securities are tax deductible.

Separate or integrated taxation

Whether the Securities will be subject to separate taxation on settlement or integrated taxation with the underlying assets depends inter alia on the nature of the underlying object of the Securities. Financial options, i.e. options on shares, debentures, foreign currency, quoted financial instruments and index options are always taxed separately from the underlying asset. Whether other financial instruments than financial options shall be taxed separately or integrated must be evaluated in each case. However, financial instruments will as a starting point be subject to separate taxation if the purpose of the instrument is not mainly to arrange for the transfer of the underlying object of the Securities. On this basis the Securities will most likely be subject to separate taxation in Norway. This is assumed in the following where the question is of importance.

Calculation of capital gains and losses

Capital gain or loss is computed as the difference between the consideration received on realisation and the cost price of the Securities. The cost price of the Securities is equal to the price for which the Security holder acquired the Securities. Costs incurred in connection with the acquisition and realisation of the Securities may be deducted from the Security holder's taxable income in the year of realisation. In case of physical settlement of the Securities, the capital gain will be computed as the difference between the market value of the underlying asset and the cost price of the Security (premium) including the exercise price.

Settlement, sale and lapse of Warrants

Capital gains taxation is triggered on settlement or sale of the Warrant.

If the Warrant would lapse, it is deemed realised, incurring a loss equal to the acquisition cost. A loss is deductible as set out above.

Settlement and sale of Certificates

Settlement at the end of the term as well as prior disposal is treated as realisation of the Certificates and will trigger a capital gain or loss. The calculation of capital gains and losses is accounted for above.

Return received on the Securities

Any return received on the Securities is taxable for the Security holder.

Net wealth taxation

The value of the Securities at the end of each income year will be included in the computation of the Security holder's taxable net wealth for municipal and state net wealth tax purposes. Listed Securities are valued at their quoted value on 1 January in the assessment year, while non-listed Securities are valued at their estimated market value on 1 January in the assessment year. The marginal tax rate is currently 1.1 per cent.

Transfer taxes etc. – VAT

There is currently no Norwegian transfer tax, stamp duty or similar taxes connected to purchase, disposal or settlement of the Securities. Further, there is no VAT on transfer of the Securities.

Legal entities

Both return received on the Securities and capital gains received on realisation of the Securities are as a main rule taxable at a flat rate of 28 per cent. for Norwegian legal entities such as limited companies and similar entities. Losses on realisation of the Securities are deductible.

The taxation is as a starting point triggered and calculated as described in the section concerning individuals, see heading "Individuals," above.

According to the Norwegian exemption method, yields and gains on certain equities such as shares, share in a mutual fund etc. and financial instruments with qualifying equities as the underlying object are exempt from taxation, provided that the entities that the equities are related to are resident within the EU/EEA.

According to the preparatory works stock index options will also be comprised by the exemption method, but only as long as the index mainly is related to companies resident within the EU/EEA.

As a result of the tax exemption for yields and gains, capital losses on such equities and equity linked instruments are not deductible.

As mentioned above, there are no transfer taxes, stamp duty or similar taxes connected to purchase, disposal or settlement of the Securities. Further, there is no VAT on transfer of the Securities. Limited companies and similar entities are not subject to net wealth taxation.

Taxation in Sweden

The following summary of certain tax issues that may arise as a result of holding Securities is based on current Swedish tax legislation and is intended only as general information for holders of Securities, who are resident or domiciled in Sweden for tax purposes. This description does not deal comprehensively with all tax consequences that may occur for holders of Securities, nor does it cover the specific rules where Securities are held by a partnership or are held as current assets in a business operation. Special tax consequences that are not described below may also apply for certain categories of tax payers, including investment companies, mutual funds and persons who are not resident or domiciled in Sweden. It is recommended that prospective applicants for Securities consult their own tax advisers for information with respect to the special tax consequences that may arise as a result of holding Securities, including the applicability and effect of foreign income tax rules, provisions contained in double taxation treaties and other rules which may be applicable.

Individuals

Capital gains and losses

For individuals and estates of deceased Swedish individuals, the current tax rate is 30 per cent. of any capital gain. The capital gain or loss is calculated to equal the difference between the sales proceeds after deduction for sales expenses and the acquisition cost for tax purposes. The acquisition cost is determined according to the so-called average method in respect of Securities. This means that the costs for acquiring all Securities of the same type and class are added together and determined collectively, with respect to changes to the holding. Alternatively, the so-

called standard rule (according to which the acquisition cost is equal to 20 per cent. of the net sales price) may be applied, but this requires that the Security is listed, taxed in the same manner as shares and does not qualify as an option or similar security for tax purposes, which means that the rule may not be applicable to Warrants or Certificates.

As a main rule, 70 per cent. of a capital loss is deductible against any other taxable income derived from capital. Capital losses on listed shares and listed securities taxed in the same manner as shares (except for listed shares in mutual funds containing only Swedish receivables) are, however, fully deductible against taxable capital gains on such assets or on non-listed shares in Swedish limited liability companies and foreign legal entities.

Moreover, capital losses on unlisted shares in Swedish limited liability companies and foreign legal entities are deductible only by five sixths. If capital losses pertain to both listed and non-listed shares, the losses pertaining to the listed shares are deductible prior to the losses on the non-listed shares. Any excess amount is deductible by 70 per cent. according to the main rule or by five sixths of 70 per cent. if the capital loss relates to non-listed shares. Capital losses on listed shares in mutual funds containing only Swedish receivables (Sw: svenska fordringsrätter) are currently fully deductible in the income of capital category.

If a deficit arises in the income from capital category, a reduction of the tax on income from employment and from business, as well as the tax on real property, is allowed. The tax reduction allowed amounts to 30 per cent. of any deficit not exceeding SEK 100,000 and 21 per cent. of any deficit in excess of SEK 100,000. Deficits may not be carried forward to a subsequent fiscal year.

General principles concerning settlement, sale and lapse of call warrants

Cash settled Warrants

Capital gains taxation is triggered on cash settlement or sale of a call Warrant.

If the cash settled Warrant lapses, it is deemed to be sold for no cost, incurring a loss equal to the acquisition cost.

Physically settled Warrants

Taxation is not triggered on physical settlement of a call Warrant. Instead, the sale of the underlying asset triggers capital gains taxation. The acquisition cost for the underlying asset equals the acquisition cost of the physically settled Warrant and the exercise price.

A sale of a physically settled Warrant triggers taxation. If the physically settled Warrant lapses, it is deemed to be sold for no cost, incurring a loss equal to the acquisition cost.

Settlement, sale and lapse of put warrants

The following applies to both cash settled Warrants and physically settled Warrants.

Taxation is triggered when the underlying asset is disposed of due to an exercise of a put warrant or on cash settlement. The capital gain or loss is calculated to equal the difference between the sales proceeds (the exercise price) after deduction for sales expenses and the acquisition cost of the underlying asset for tax purposes and according to the tax rules applicable to the relevant asset, or the difference between the cash settled sum and the acquisition cost of the warrant. This means that rules regarding disposal of shares will apply, if the relevant put warrant relates to such assets etc. In case of a physically settled Warrants, the acquisition cost of the Warrant is added to the acquisition cost of the underlying asset at the capital gain assessment.

A sale of a put warrant triggers taxation. If the put warrant lapses, it is deemed to be sold for no cost, incurring a loss equal to the acquisition cost.

General principles concerning settlement, sale and lapse of certificates

A cash settlement and a sale of a Certificate trigger capital gains taxation. Moreover, a physical settlement of a Certificate is likely to trigger capital gains taxation.

Interest

Interest is subject to tax at a rate of 30 per cent.. The tax liability arises when the interest is actually paid, in accordance with the so-called “cash principle”.

Withholding tax

Unless interest is paid on the Securities, there is no obligation to withhold tax on income deriving from the Securities.

Wealth tax

Wealth tax is paid by individuals and estates on net wealth exceeding SEK 1,500,000 (SEK 3,000,000 for those who are jointly taxed).

In its spring 2007 budget proposal, the Swedish government suggested that wealth tax should be abolished. This proposal means that wealth tax might be abolished this year.

Stamp duty

There is no stamp duty on the issuing, transfer or redemption of Securities in Sweden.

Legal entities

Limited liability companies and other legal entities, except for estates of deceased Swedish individuals, are taxed on all income as income from business activities at a flat rate of 28 per cent. Capital gains taxation is triggered and calculated as described in the section concerning individuals, see heading “Individuals,” above.

A capital loss is normally tax-deductible. Capital losses on shares and securities taxed in the same manner as shares, Securities where the underlying asset is shares or share indices, incurred by a corporate holder may, however, only be offset against capital gains on shares or other securities taxed in the same manner as shares. Capital losses on such assets may also, in certain circumstances, be deductible against capital gains on shares and securities taxed in the same manner as shares within the same group of companies, provided the requirements for group contributions (tax consolidation) are met. Capital losses on shares or securities taxed in the same manner as shares that have not been deducted within a certain year, may be carried forward and offset against future capital gains on such instruments.

For limited liability companies and economic associations, capital gains on shares and certain share-related rights held for business purposes are tax exempt. As a result, capital losses on shares and share-related rights that are held for business purposes are not deductible. The Securities are not treated as share-related rights held for business purposes. However, a capital loss on such instruments is not deductible according to these rules, if the underlying asset, directly or indirectly, are shares or certain share-related rights held for business purposes.

As mentioned above, there is no stamp duty on the issuing, transfer or redemption of securities in Sweden.

United States Federal Income Tax Considerations

General

A Final Terms for an issue of Securities may specify with respect to the issue of Securities to which it relates (and where relevant) the potential U.S. federal income tax consequences to Securityholders of the purchase, ownership, disposition, lapse and exercise of the Securities.

Each Issuer will not investigate and will not have access to information that would permit it to ascertain, whether any company which has issued equity or other instruments to which Securities relate are passive foreign investment companies for U.S. tax purposes.

A U.S. taxpayer that holds Securities may be subject to a variety of U.S. tax consequences depending on the subject and the terms of the Securities. U.S. taxpayers should consult their own advisers about the tax

consequences of purchasing Securities, particularly whether the Securities being acquired could be treated for U.S. tax purposes as debt instruments or as ownership interests in the assets referenced by the Securities.

The statements herein regarding taxation are based on the laws in force in Italy as at the date of this Programme and are subject to any changes in law occurring after such date, which changes could be made on a retroactive basis. The following summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to subscribe for, purchase, own or dispose of the Securities and does not purport to deal with the tax consequences applicable to all categories of investors, some of which (such as dealers in securities or commodities) may be subject to special rules.

Legislative Decree No. 344 of 12 December 2003 published in the Italian Official Gazette of 16 December 2003 No. 291 (Ordinary Supplement No. 190), effective as of 1 January 2004 introduced the reform of taxation of corporations and of certain financial income amending the Italian Income Taxes Consolidated Code.

Legislative Decree No. 247 of 18 November 2005 (known as the "*Correttivo IRES*") published in the Italian Official Gazette No. 280 of 1 December 2005, amends Decree No. 344 on certain provisions related to the taxation of corporations and of certain financial income.

Prospective purchasers are advised to consult their own tax advisers concerning the overall tax consequences of their interest in the Securities.

Italian taxation of Securities

Pursuant to Article 67 of Presidential Decree No. 917 of 22 December 1986 and Legislative Decree No. 461 of 21 November 1997, as subsequently amended, where the Italian resident holder of Securities is (i) an individual not engaged in an entrepreneurial activity to which the Securities are connected, (ii) a non-commercial partnership, (iii) a non-commercial private or public institution, or (iv) an investor exempt from Italian corporate income taxation, capital gains accrued under the sale or the exercise of the Securities are subject to a 12.5 per cent. substitute tax (*imposta sostitutiva*). The recipient may opt for three different taxation criteria:

1. Under the tax declaration regime (*regime della dichiarazione*), which is the default regime for Italian resident individuals not engaged in an entrepreneurial activity to which the Securities are connected, the *imposta sostitutiva* on capital gains will be chargeable, on a cumulative basis, on all capital gains, net of any incurred capital loss, realised by the Italian resident individual holding the Securities not in connection with an entrepreneurial activity pursuant to all sales or redemptions of the Securities carried out during any given tax year. Italian resident individuals holding the Securities not in connection with an entrepreneurial activity must indicate the overall capital gains realised in any tax year, net of any relevant incurred capital loss, in the annual tax return and pay *imposta sostitutiva* on such gains together with any balance income tax due for such year. Capital losses in excess of capital gains may be carried forward against capital gains realised in any of the four succeeding tax years.
2. As an alternative to the tax declaration regime, Italian resident individuals holding the Securities not in connection with an entrepreneurial activity may elect to pay the *imposta sostitutiva* separately on capital gains realised on each sale or redemption of the Securities (the "*risparmio amministrato*" regime). Such separate taxation of capital gains is allowed subject to (i) the Securities being deposited with Italian banks, SIMs or certain authorised financial intermediaries and (ii) an express election for the *risparmio amministrato* regime being timely made in writing by the relevant holder of Securities. The depository is responsible for accounting the *imposta sostitutiva* in respect of capital gains realised on each sale or redemption of the Securities (as well as in respect of capital gains realised upon the revocation of its mandate), net of any incurred capital loss, and is required to pay the relevant amount to the Italian tax authorities on behalf of the

taxpayer, deducting a corresponding amount from the proceeds to be credited to the holder of Securities or using funds provided by the holder of Securities for this purpose. Under the *risparmio amministrato* regime, where a sale or redemption of the Securities results in a capital loss, such loss may be deducted from capital gains subsequently realised, within the same securities management, in the same tax year or in the following tax years up to the fourth. Under the *risparmio amministrato* regime, the holder of Securities is not required to declare the capital gains in the annual tax return.

3. Any capital gains realised by Italian resident individuals holding the Securities not in connection with an entrepreneurial activity who have entrusted the management of their financial assets, including the Securities, to an authorised intermediary and have opted for the so-called "*risparmio gestito*" regime will be included in the computation of the annual increase in value of the managed assets accrued, even if not realised, at year end, subject to a 12.5 per cent. substitute tax, to be paid by the managing authorised intermediary. Under this *risparmio gestito* regime, any depreciation of the managed assets accrued at year end may be carried forward against increase in value of the managed assets accrued in any of the four succeeding tax years. Under the *risparmio gestito* regime, the holder of Securities is not required to declare the capital gains realised in the annual tax return.

Where an Italian resident holder of Securities is a company or similar commercial entity, or the Italian permanent establishment of a foreign commercial entity to which the Securities are effectively connected, capital gains arising from the Securities will not be subject to *imposta sostitutiva*, but must be included in the relevant holder of Securities' income tax return and are therefore subject to Italian corporate tax (IRES).

Capital gains realised by non-Italian resident holders of Securities are not subject to Italian taxation, provided that the Securities are held outside Italy.

Atypical securities

In accordance with a different interpretation of current tax law it is possible that the Securities would be considered as "atypical securities" pursuant to Article 8 of Law Decree No. 512 of 30 September 1983 as implemented by Law No. 649 of 25 November 1983. In this event, payments relating to Securities may be subject to an Italian withholding tax, levied at the rate of 27 per cent..

The 27 per cent. withholding tax mentioned above does not apply to payments made to a non-Italian resident holder of Securities or to an Italian resident holder of Securities which is (i) a company or similar commercial entity (including the Italian permanent establishment of foreign entities); (ii) a commercial partnership; or (iii) a commercial private or public institution.

EU Savings Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income (the "**EU Savings Directive**"), Member States are required, from 1 July 2005, to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State. However, for a transitional period, Belgium, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland have agreed to adopt similar measures (a withholding system in the case of Switzerland) with effect from the same date.

Implementation in Italy of the EU Savings Directive

Italy has implemented the EU Savings Directive through Legislative Decree No. 84 of 18 April 2005 ("**Decree No. 84**"). Under Decree No. 84, subject to a number of important conditions being met, in the case of interest paid starting from 1 July 2005 to individuals which qualify as beneficial owners of the interest payment and are resident for tax purposes in another Member State, Italian qualified paying agents shall not apply the withholding tax and

shall report to the Italian Tax Authorities details of the relevant payments and personal information on the individual beneficial owner. Such information is transmitted by the Italian Tax Authorities to the competent foreign tax authorities of the State of residence of the beneficial owner.

ERISA CONSIDERATIONS

Each purchaser or holder of a Security shall be deemed to have represented by such purchase and/or holding that it is not a benefit plan investor, is not using the assets of a benefit plan investor to acquire the Securities, and shall not at any time hold such Securities for or on behalf of a benefit plan investor. For the purposes hereof, “benefit plan investor” means (a) an employee benefit plan (as defined in Section 3(3) of the U.S. Employee Retirement Income Security Act of 1974, as amended, (“ERISA”)), that is subject to Title IV of ERISA (b) a plan described in Section 4975(e)(1) of the U.S. Internal Revenue Code of 1986, as amended , or (c) any entity whose underlying assets include plan assets by reason of a plan’s investment in the entity under U.S. Department of Labor Regulations § 2510.3-101 (29 C.F.R. § 2510.3-101), as amended by Section 3(42) of ERISA

OFFERS AND SALES

No action has been or will be taken by the relevant Issuer, the Guarantor or any Dealer that would permit a public offering of the Securities or possession or distribution of any offering material in relation to the Securities in any jurisdiction where action for that purpose is required unless specifically so provided in the applicable Final Terms. No offers or sales of any Securities, or distribution of any offering material relating to the Securities, may be made in or from any jurisdiction except in circumstances which will result in compliance with any applicable laws and regulations and will not impose any obligation on the relevant Issuer, the Guarantor or any Dealer.

United States

None of the Securities or Guarantees have been, or will be, registered under the Securities Act or any state securities laws, and trading in the Securities has not been approved by the Commodity Futures Trading Commission under the United States Commodity Exchange Act, as amended. Each of CFP and CFG have not registered as an investment company pursuant to the Investment Company Act. Unless an issue of Securities is eligible for sale in the United States under Rule 144A (as indicated in the applicable Final Terms (s)), no issue of Securities, or interests therein, may at any time be offered, sold, resold or delivered, directly or indirectly, in the United States or to, or for the account or benefit of, any U.S. person or to others for offer, sale, resale or delivery, directly or indirectly, in the United States or to, or for the account or benefit of, any U.S. person. Any such offer, sale or delivery to, or for the account of, a U.S. person will not be recognised. The Securities of such series may not be legally or beneficially owned at any time by any U.S. person and accordingly are being offered and sold pursuant to the registration exemption contained in Regulation S under the Securities Act. Offers, sales, resales or deliveries of an issue of Securities, or interests therein, directly or indirectly, in the United States or to, or for the account or benefit of, U.S. persons would constitute a violation of United States securities laws unless made in compliance with the registration requirements of the Securities Act or pursuant to an exemption therefrom.

Final Terms may provide that the relevant Issuer or the manager appointed by the relevant Issuer may arrange for the offer and sale of a portion of the Securities of certain series within the United States exclusively to persons that are both (i) qualified institutional buyers (“QIBs”) as defined in Rule 144A under the Securities Act in reliance on the exemption provided by Rule 144A under the Securities Act and (ii) qualified purchasers (“QPs”) within the meaning of Section 3(c)(7) and as defined in Section 2(a)(51)(A) of the Investment Company Act. In the event that an issue of Securities is so eligible for sale in the United States under Rule 144A, any sale or transfer restrictions or certification requirements applicable to such Securities in addition to those set out in the Conditions of the Securities will be set out in the applicable Final Terms (s). For further information on certain restrictions on resale, transfer, exercise and redemption, see “Notice to Purchasers and Holders of Securities and Transfer Restrictions.” Offers and sales of Securities in the United States will be made only through broker-dealers who are registered as such under the Exchange Act.

Each Dealer will be required to agree in relation to an issue of Securities that, unless such Securities are eligible for sale in the United States in accordance with Rule 144A (as indicated in the applicable Final Terms), it will not at any time offer, sell, resell or deliver, directly or indirectly, such Securities in the United States or to, or for the account or benefit of, any U.S. person or to others for offer, sale, resale or delivery, directly or indirectly, in the United States or to, or for the account or benefit of, any such U.S. person.

Each Dealer will also be required to agree, and any person purchasing any Securities must agree, to send each person who purchases such Securities from it a written confirmation (which shall include the definitions of United States and U.S. persons set forth herein) stating that the Securities have not been registered under the Securities Act and that, unless otherwise provided in the applicable Final Terms, such purchaser agrees that it will not at any time offer, sell, resell or deliver such Securities, directly or indirectly, in the United States or to, or for the account or benefit of, any U.S. person. Unless a Security is eligible for sale in the United States, any person exercising such Security will be required to represent that it is not a U.S. person.

Terms used above have the meanings given to them by Rule 144A and Regulation S.

European Economic Area

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “**Relevant Member State**”), each Dealer appointed under the Programme has to represent, warranted and agreed that with effect from and including the date on which the Prospectus Directive is implemented in that Member State (the “**Relevant Implementation Date**”) it has not made and will not make an offer of Securities which are the subject of the offering contemplated by this Base Prospectus as completed by the final terms in relation thereto to the public in that Relevant Member State, except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Securities to the public in that Relevant Member State:

- (a) if the final terms in relation to the Securities specify that an offer of those Securities may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State (a “**Non-exempt Offer**”), in the period beginning on the date of publication of a prospectus in relation to those Securities which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, or provided that any such prospectus has subsequently been completed by the final terms contemplating such Non-exempt Offer, all in accordance with the Prospectus Directive and ending on the date specified in such prospectus or final terms as applicable ;
- (b) at any time to legal entities which are authorised or regulated to operate in the financial markets or, if not so authorised or regulated, whose corporate purpose is solely to invest in securities;
- (c) at any time to any legal entity which has two or more of (1) an average of at least 250 employees during the last financial year; (2) a total balance sheet of more than €43,000,000 and (3) an annual net turnover of more than €50,000,000, all as shown in its last (or, in the case of offers to the public in Sweden, last two) annual or consolidated accounts
- (d) at any time to fewer than 100 natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the relevant Dealer or Dealer nominated by the Issuer for any such offer; or
- (e) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Securities referred to in (b) to (e) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a Prospectus pursuant to Article 16 of the Prospectus.

For the purposes of this provision, the expression an “**offer of Securities to the public**” in relation to any Warranties in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Warranties to be offered so as to enable an investor to decide to purchase or subscribe the Warranties, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression “**Prospectus Directive**” means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.
