## SUMMARY

---

*This summary must be read as an introduction to this Base Prospectus and any decision to invest in any Securities should be based on a consideration of this Base Prospectus as a whole, including the documents incorporated by reference. No civil liability attaches to the Issuer in respect of this Summary, including any translation thereof, unless it is misleading, inaccurate or inconsistent when read together with the other parts of this Base Prospectus. Where a claim relating to information contained in this Base Prospectus is brought before a court in a Member State of the European Economic Area (an “EEA State”), the plaintiff may, under the national legislation of the EEA State where the claim is brought, be required to bear the costs of translating the Base Prospectus before the legal proceedings are initiated.*

Words and expressions defined elsewhere in this Base Prospectus shall have the same meanings in this summary.

**Issuer:** ABN AMRO Bank N.V.

**History and Development:** The Issuer is a subsidiary of ABN AMRO Holding N.V. (“**Holding**”). Holding’s is a public limited liability company incorporated under Dutch law on 30 May 1990 with registered offices in Amsterdam, The Netherlands. The main address is Gustav Mahlerlaan 10, 1082 PP Amsterdam, with a mailing address in The Netherlands at Post Office Box 283, 1000 EA Amsterdam.

On 17 October 2007 RFS Holdings B.V., a company whose shares are held by The Royal Bank of Scotland Group plc (“**RBS**”), Banco Santander S.A. (“**Santander**”), Fortis N.V. and Fortis SA/N.V. (“**Fortis**”) acquired 85.6% of ABN AMRO Holding N.V. Through subsequent purchases RFS Holdings B.V. increased its stake in ABN AMRO Holding N.V. and its consolidated subsidiaries (“**ABN AMRO**”) to 99.3% as at 31 December 2007. RFS Holdings B.V. is controlled by RBS, which is incorporated in the U.K. and registered at 36 St. Andrew Square, Edinburgh, Scotland. As from 17 October 2007 The Royal Bank of Scotland Group plc is the ultimate parent company of ABN AMRO Holding N.V.

Holding's consolidated financial statements include condensed financial information with respect to ABN AMRO Bank N.V. (the "**Bank**"), which itself had total assets of €1,025 billion as of 31 December 2007.

## **Plans and proposals**

Following the completion of the acquisition, RBS, Fortis and Santander (the "Consortium Banks") have worked closely with the management of ABN AMRO to verify and expand the information received from, and assumptions made on the basis of, the limited due diligence access granted to them before announcement of the offers.

In December 2007, the Consortium Banks agreed and validated a base-line plan for achieving synergies and for separating and transferring the ABN AMRO businesses to the respective banks. The businesses to be acquired by each of the Consortium Banks and in which each have an interest through their share holdings in RFS Holdings B.V. equal to their funding requirements, are:

**RBS:** Business Unit North America, Business Unit Global Clients (excluding Latin America) and Dutch wholesale clients and wholesale clients in Latin America (excluding Brazil), Business Unit Asia (excluding interest in Saudi Hollandi Bank) and Business Unit Europe (excluding Antonveneta).

**Fortis:** Business Unit Netherlands (excluding former Dutch wholesale clients), Business Unit Private Clients (excluding Latin America) and Business Unit Asset Management. The European Commission has cleared the acquisition of certain businesses of ABN AMRO by Fortis, on the condition that certain specified businesses were divested. The businesses identified for disposal are the Hollandsche Bank Unie N.V., 13 advisory branches and two Corporate Client Departments as well as the sale of the Dutch factoring company IFN Finance B.V. Fortis can only acquire control over ABN AMRO's Business

Unit Netherlands and Business Unit Private Clients after divesting these assets to a suitable purchaser.

**Santander:** Business Unit Latin America (excluding wholesale clients outside Brazil), Antonveneta, Asset Management Antonveneta and Private Clients business in Latin America. On 8 November 2007 Santander announced it had reached an agreement with Banco Monte dei Paschi di Siena with respect to the sale of Antonveneta.

Furthermore the Consortium Banks participate proportionally to their funding commitment in the shared assets which include: central functions including Head Office functions, the private equity portfolio, ABN AMRO Group's investment in Saudi Hollandi Bank, the central investment portfolio and debt issuances. During the reorganisation, the Consortium Banks will retain a shared economic interest in all central functions (including Head Office functions) that provide support to the ABN AMRO businesses. The non-core assets are expected to be disposed of over a period of time with a view to maximising their value.

This transition plan forms the basis for continued consultation with employee representative bodies and regulators. The plan for separating and transferring the ABN AMRO businesses to the Consortium Banks was submitted to the Dutch Central Bank and Central Works Council for review in mid December and was neutrally advised by the Central Works Council on 14 February 2008 and approved by the Dutch Central Bank on 10 March 2008. Now that the approvals have been received, the implementation of the plan can begin.

Different parts of ABN AMRO will separate and integrate at different times. The precise timing of the separation of the businesses will depend on a range of factors, including the complexity of the separation task. For more complex

separation processes, where the businesses are closely interlinked with the ABN AMRO Group systems and platforms, (such as within the BU Netherlands), separation and integration is expected to take some time; in contrast other less complicated separations will move relatively quickly. In each case the pace of the separation process will aim to accommodate the need for clarity among employees while also maintaining the appropriate level of service to ABN AMRO's clients.

The Consortium Banks are in the process of agreeing on the ownership of the debt issued and/or guaranteed by ABN AMRO. Upon the finalisation of this agreement, the impact, if any, on the debt issuances will be communicated.

**Our Business:**

The following organisational structure was adopted in January 2006. This structure was used by the Consortium Banks to divide the activities amongst each other:

Holding's Group structure comprises:

- seven client BUs
- three global product BUs
- two cross-BU segments
- Group Functions
- Services

The seven client BUs consist of five regional BUs (The Netherlands, Europe North America, Latin America and Asia) and two global client BUs, Private Clients and Global Clients. BU Global Clients overlaps the regional BUs in the segment reporting adopted in 2007.

The three global product BUs (Global Markets, Transaction Banking and Asset Management) support the client BUs by developing and delivering products for all of ABN AMRO's clients globally.

The Commercial Client Segment encompasses all of ABN AMRO's commercial clients. The Commercial Client Segment coordinates activities across the Client and Product BUs, sharing best practice and the overall strategic framework supporting this essential component of the Bank's portfolio.

Group Functions delivers support across the Group in areas ranging from Risk to Finance and from Human Resources to Sustainability.

Services focuses on increasing its operational efficiency through Group-wide consolidation and standardisation.

As from 2008, ABN AMRO will be organised into three units each containing the businesses that will ultimately be transferred to the respective Consortium Banks. A fourth unit will include central functions including the Head Office functions and businesses which are regarded as non-strategic.

**Guarantor:**

**Description of the Securities:** A range of notes may be issued under this Base Prospectus. The Conditions applicable to such notes are contained in the General Conditions which are applicable to all notes, the Product Conditions applicable to the particular type of note being issued and the Final Terms applicable to the particular Series being issued.

The notes are investment instruments which may or may not bear interest and which, at maturity or earlier termination, either pay a cash amount which may or may not be equal to the nominal amount of the relevant note, less certain expenses (the “**Cash Amount**”) or, in the case of exchangeable notes, permit the Holder (as defined below) to exchange his note for, depending on the terms of the relevant note, a defined amount of the Underlying (as defined below) or an amount in cash calculated by reference to the value of the Underlying (the “**Conversion Amount**”). The amount of interest to be paid and/or the Cash Amount and/or the Conversion Amount may or may not be dependent upon the performance of an underlying reference rate, stock, index (including in the case of an index, the index and its constituent elements) or basket (together, the “**Underlying**”), in all cases, as provided in the terms of the relevant note. The types of note that may

be issued under this Base Prospectus are described below.

**Range Accrual Notes:**

Range accrual notes are interest bearing cash settled securities. Range accrual notes are redeemed at a percentage of their nominal amount. The amount of interest paid on a range accrual note depends on the performance of one or more underlying reference rates, as specified in the applicable Final Terms. Typically, interest will accrue for each relevant day in an interest period on which the Underlying performs in the manner specified in the Final Terms but will not accrue in respect of other days. Interest on a range accrual note may also be paid at a pre-determined specified rate for certain interest periods specified in the applicable Final Terms.

**Ladder Notes:**

Ladder notes are interest bearing cash settled securities which may be called by the Issuer on specified dates. Ladder notes are redeemed at a percentage of their nominal amount. The amount of interest paid on a ladder note depends on the performance of an underlying reference rate, as specified in the applicable Final Terms. Typically, interest will be paid in respect of each interest period either at a pre-determined specified rate or at the difference between a pre-determined specified rate and an identified floating rate for the relevant interest period, subject in the latter case to any minimum rate specified for the relevant interest period, all as specified in the applicable Final Terms.

**Target Coupon Notes:**

Target coupon notes are interest bearing cash settled securities. Target coupon notes are redeemed at a percentage of their nominal amount. The amount of interest paid on a target coupon note depends on the performance of one or more underlying shares, as specified in the applicable Final Terms. Typically, a target interest amount will be set which, if reached prior to maturity, may result in early termination of the securities. In certain cases additional interest amounts may also be

paid as specified in the applicable Final Terms.

**Rate Notes:**

Rate notes are cash settled securities which may or may not bear interest and are redeemed at their nominal amount or a stated percentage thereof. The amount of interest paid on a rate note may depend on the performance of one or more underlying reference rates and/or may be determined by reference to a fixed rate or rates, as specified in the applicable Final Terms.

**Zero Coupon Notes**

The amount of interest paid on a currency exchange note will depend on the performance of one or more underlying currency exchange rates, as specified in the applicable Final Terms.

**Yield Discovery Notes:**

Yield discovery notes are capital protected interest bearing cash settled securities. Yield discovery notes are redeemed at their nominal amount. The amount of interest paid on a yield discovery note depends on the performance of an underlying basket of shares, as specified in the applicable Final Terms. The maximum rate of interest so determined may be capped at the level specified in the applicable Final Terms. Interest on a yield discovery note may also be paid at a pre-determined specified rate for certain interest periods as specified in the applicable Final Terms. The rate of interest for certain interest periods may be at least the level of the previous year.

**Certificate Notes:**

Certificate notes are cash settled securities which may or may not be interest bearing or capital protected. The Cash Amount payable at maturity of a certificate note will at least equal its nominal amount (if it is capital protected) plus a return (which may be zero) calculated by reference

to the performance of one or more underlying certificates, as specified in the applicable Final Terms.

**Index Notes:**

Index notes are cash settled securities which may be partially or fully capital protected and may be interest bearing. If applicable, interest may be payable at a rate specified in the applicable Final Terms. The Cash Amount payable at maturity on an index note will at least equal a specified percentage of its nominal amount but may be higher than that amount and may be subject to a capped maximum gain depending on the performance of the Underlying, as specified in the applicable Final Terms.

**Inflation Index Notes:**

Inflation index notes are fixed-income securities that track a consumer price index (“CPI”) and offer a real rate of return; that is, they generate monthly interest payments that exceed the prevailing inflation rate by a specified amount.

**Callable Index Notes:**

Callable index notes are non-interest bearing cash settled securities. The Cash Amount payable on the note will depend on the performance of the underlying index specified in the applicable Final Terms. If during the life of the note the Issuer determines that an early redemption event has occurred, the note may be redeemed at an amount determined in the manner specified in the applicable Final Terms. If, by the maturity date, an early redemption event has not occurred, the Cash Amount paid in respect of the note will depend upon the performance of the Underlying at maturity and may be less than the nominal amount of the note.

**Autocallable Notes:**

Autocallable Notes are cash settled or physically settled (if specified in the applicable Final Terms) securities which are not capital protected and may be interest bearing. The Cash Amount payable on, and the maturity date of, the note will depend on the performance of the Underlying specified in the applicable Final Terms. If on specified dates during the life of the note the level of the

Underlying performs in a specified manner (an “**Early Termination Event**”), the note will be redeemed at its nominal amount plus an additional amount specified in the applicable Final Terms. If, by the maturity date, an Early Termination Event has not occurred, the Cash Amount paid in respect of the note will depend upon the performance of the Underlying at maturity and may be less than the nominal amount of the note.

**Share Notes:**

Share notes are cash settled securities and may be interest bearing. If applicable, interest may be payable on a share note at a rate specified in the applicable Final Terms. The Cash Amount payable at maturity of a share note may be at least equal to a specified percentage of its nominal amount, may be subject to a capped gain and/or may depend on the performance of the Underlying, as specified in the applicable Final Terms.

**Exchangeable Notes:**

Exchangeable notes may be cash settled or physically settled securities and may be interest bearing. If applicable, interest may be payable on an exchangeable note at a rate specified in the applicable Final Terms. The cash amount payable at maturity of a cash settled exchangeable note may be at least equal to a specified percentage of its nominal amount, may be subject to a capped gain and/or may depend on the performance of the Underlying, as specified in the applicable Final Terms. In the case of a physically settled exchangeable note, the share amount to be delivered will be determined by reference to the performance of the underlying share in the manner specified in the applicable Final Terms.

**Multi-Asset Basket Linked Notes:**

Multi-asset Basket Linked Notes are cash settled securities which may be partially or fully capital protected and may be interest bearing. If applicable, interest may be payable at a rate specified in the applicable Final Terms. The cash amount payable at maturity on a Note will at least equal a specified percentage of its Nominal Amount but may be

higher than that amount and may be subject to a capped maximum gain depending on the performance of the Underlying, as specified in the applicable Final Terms.

**Fund Linked Notes:**

Fund linked notes are cash settled securities which may be partially or fully capital protected and may be interest bearing. If applicable, interest may be payable at a rate specified in the applicable Final Terms.

**Basket related Capital Protected Notes:**

Basket related capital protected notes enable investors to participate in the performance of one or more baskets of different components relating to the relevant Series (including, without limitation and as specified in the applicable Final Terms, an index component, a real estate index component, a commodity component or a bond index component). In addition to capital protection, an investor may, as specified in the applicable Final Terms, receive an additional amount depending on the performance of one or more baskets of different components. If specified in the applicable Final Terms, an Interim Cash Settlement Amount or Interest Amount (each as defined in the applicable Final Terms) will be payable (subject to any applicable conditions being met) on the Interim Cash Settlement Amount Payment Date or each Interest Payment Date, as the case may be.

**Commodity Notes:**

Commodity notes are cash settled securities which may be partially or fully capital protected and may or may not be interest bearing. The Cash Amount payable at maturity of a commodity note is calculated by reference to the performance of one or more underlying commodities, as specified in the applicable Final Terms.

**Indicative Issue Price:**

The notes will be issued at their nominal amount or a percentage thereof.

**Maturity:**

The notes have a fixed maturity date, as specified in the applicable Final Terms, but may be subject to early termination in the event that the level of the Underlying exceeds a level specified in the applicable Final Terms or

if the Issuer has a call option.

**Interest:**

The notes may bear interest, as specified in the applicable Final Terms.

**General Conditions**

Set out below is a summary of certain significant provisions of the General Conditions applicable to all notes issued under this Base Prospectus.

*Status of the Securities:*

The Securities constitute unsecured and unsubordinated obligations of the Issuer and rank pari passu among themselves and with all other present and future unsecured and unsubordinated obligations of the Issuer save for those preferred by mandatory provisions of law.

*Early Termination:*

The Issuer may terminate any Securities if it shall have determined in its absolute discretion that its performance thereunder shall have become unlawful in whole or in part as a result of compliance in good faith by the Issuer with any applicable law. In such circumstances the Issuer will, to the extent permitted by law, pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination (ignoring such illegality) less the cost to the Issuer of unwinding any related hedging arrangements.

*Hedging Disruption:*

If a Hedging Disruption Event (as defined in General Condition 5) occurs, the Issuer will at its discretion (i) terminate the Securities and pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination less the cost to the Issuer of unwinding any related hedging arrangements or (ii) make a good faith adjustment to the relevant reference asset as described in General Condition 5(c) or (iii) make any other adjustment to the Conditions as it considers appropriate in order to maintain the theoretical value of the Securities after adjusting for the relevant Hedging

Disruption Event.

*Substitution:*

The Issuer may at any time, without the consent of the Holders substitute for itself as principal obligor under the Securities any company, being any subsidiary or affiliate of the Issuer, subject to certain conditions including the obligations of the substitute issuer under the Securities being guaranteed by Holding (unless Holding is the Substitute). In certain cases, substitution may be required to be effected in accordance with the rules of one or more clearing systems specified in the applicable Final Terms.

*Taxation:*

The Holder (and not the Issuer) shall be liable for and/or pay any tax, duty or charge in connection with the ownership of and/or any transfer, payment or delivery in respect of the Securities held by such Holder. The Issuer shall have the right, but shall not be obliged, to withhold or deduct from any amount payable to any Holder such amount as shall be necessary to account for or to pay any such tax, duty, charge, withholding or other payment.

*Adjustments for European Monetary Union:*

The Issuer may, without the consent of any Holder, on giving notice to the Holders elect that, with effect from the date specified in such notice, certain terms of the Securities shall be redenominated in euro, see General Condition 11.

**Product Conditions:**

Set out below is a summary of certain significant provisions of the Product Conditions applicable to the notes to be issued under this Base Prospectus.

*Form of Notes:*

Except in the case of notes issued in dematerialised form, the notes will be issued in global form.

*Settlement of Notes:*

Notes shall be cash settled or, in the case of exchangeable notes, either cash settled or physically settled, as specified in the applicable Final Terms.

*Market Disruption Events:*

If a Market Disruption Event occurs Holders of notes may experience a delay in settlement and the cash price paid on settlement may be adversely affected. Market Disruption

Events are defined in Product Condition 4 for each type of note and vary depending on the type of note.

*Emerging Market Disruption Events:*

The Emerging Market Disruption Events reflect the substantial risks associated with investing in emerging markets in addition to those risks normally associated with making investments in other countries. Potential investors should note that the securities markets in emerging market jurisdictions are generally substantially smaller and at times have been more volatile and illiquid than the major securities markets in more developed countries. If an Emerging Market Disruption Event occurs Holders of certificates may experience a delay in settlement of delivery and the cash price paid on settlement may be adversely affected. Emerging Market Disruption Events are defined in Product Conditions.

*Governing Law:*

English law.

*English courts:*

The courts of England have exclusive jurisdiction to settle any dispute (a “**Dispute**”) arising from or in connection with the notes.

**Final Terms:**

Each Series will be the subject of a Final Terms which will contain the final terms applicable to the Series. The form of the Final Terms applicable to each type of note is set out at the end of this Base Prospectus.

The Final Terms applicable to each Series may specify amendments to the General Conditions and/or the relevant Product Conditions as they apply to that Series.

## RISK FACTORS

---

*The Issuer believes that the following factors may affect its ability to fulfil its obligations under Securities issued. Most of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.*

*In addition, factors which are material for the purpose of assessing the market risks associated with Securities issued are also described below.*

*The Issuer believes that the factors described below represent the principal risks inherent in investing in Securities issued, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Securities, or to perform any delivery obligations in relation to the Securities, may occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Securities are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision.*

*Before making an investment decision with respect to any Securities, prospective investors should consult their own stockbroker, bank manager, lawyer, accountant or other financial, legal and tax advisers and carefully review the risks entailed by an investment in the Securities and consider such an investment decision in the light of the prospective investor's personal circumstances.*

*Words and expressions defined elsewhere in this Base Prospectus shall have the same meaning in this section.*

### **Factors that may affect the Issuer's ability to fulfil its obligations under Securities issued**

Each potential investor in the Securities should refer to the Risk Factors section of the Registration Document for a description of those factors which may affect the Issuer's ability to fulfil its obligations under Securities issued.

### **Factors which are material for the purpose of assessing the market risks associated with Securities issued**

#### ***The Securities are notes which entail particular risks***

The notes to be issued are investment instruments which may or may not bear interest and which (except in the case of exchangeable notes) at maturity or earlier termination pay the Cash Amount which may or may not be equal to the nominal amount of the relevant note. In the case of exchangeable notes, the holder thereof (the "**Holder**") has the option at maturity or earlier termination to exchange the notes for a defined amount of the Underlying or the Conversion Amount, depending upon the terms of the exchangeable securities. As such, each note will entail particular risks. Notes which are not capital protected may result in

the Holder losing some or, in certain limited cases, all of his initial investment. Notes where the interest amount paid is dependent upon the performance of the Underlying may result in the Holder receiving no or only a limited periodic return on his investment.

The price at which a Holder will be able to sell notes prior to their redemption may be at a potentially substantial discount to the market value of the notes at the issue date depending upon the performance of the Underlying at the time of sale.

***The Securities may not be a suitable investment for all investors***

Each potential investor in the Securities must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (a) have sufficient knowledge and experience to make a meaningful evaluation of the Securities, the merits and risks of investing in the Securities and the information contained or incorporated by reference in this Base Prospectus or any applicable Final Terms;
- (b) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Securities and the impact the Securities will have on its overall investment portfolio;
- (c) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Securities, including Securities with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (d) understand thoroughly the terms of the Securities and be familiar with the behaviour of any relevant indices and financial markets; and
- (e) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Securities are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Securities which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Securities will perform under changing conditions, the resulting effects on the value of the Securities and the impact this investment will have on the potential investor's overall investment portfolio.

***The value of the Securities may fluctuate***

The value of the Securities may move up and down between their date of purchase and their maturity date. Holders may sustain a total loss of their investment (unless the Securities are of a type in which capital is

protected). Prospective purchasers should therefore ensure that they understand fully the nature of the Securities before they invest in the Securities.

Several factors, many of which are beyond the Issuer's control, will influence the value of the Securities at any time, including the following:

- (a) *Valuation of the Underlying.* The market price of the Securities at any time is expected to be affected primarily by changes in the level of the Underlying to which such Securities are linked. It is impossible to predict how the level of the relevant Underlying will vary over time. Factors which may have an effect on the level of the Underlying include, in the case of a stock or index, the rate of return of the Underlying and the financial position and prospects of the issuer of the Underlying or any component thereof. In addition, the level of the Underlying may depend on a number of interrelated factors, including economic, financial and political events and their effect on the capital markets generally and relevant stock exchanges. Potential investors should also note that whilst the market value of the Securities is linked to the relevant Underlying and will be influenced (positively or negatively) by it, any change may not be comparable and may be disproportionate. It is possible that while the Underlying is increasing in value, the value of the Securities may fall. Further, where no market value is available for an Underlying, the Calculation Agent may determine its value to be zero notwithstanding the fact that there may be no Market Disruption Event and/or no Potential Adjustment Events which apply.
- (b) *Interest Rates.* Investments in the Securities may involve interest rate risk with respect to the currency of denomination of the Underlying and/or the Securities. A variety of factors influence interest rates such as macro economic, governmental, speculative and market sentiment factors. Such fluctuations may have an impact on the value of the Securities at any time prior to valuation of the Underlying relating to the Securities.
- (c) *Volatility.* The term "volatility" refers to the actual and anticipated frequency and magnitude of changes of the market price with respect to an Underlying. Volatility is affected by a number of factors such as macro economic factors, speculative trading and supply and demand in the options, futures and other derivatives markets. Volatility of an Underlying will move up and down over time (sometimes more sharply than others) and different Underlyings will most likely have separate volatilities at any particular time.
- (d) *Exchange Rates.* Even where payments in respect of the Securities are not expressly linked to a rate or rates of exchange between currencies, the value of the Securities could, in certain circumstances, be affected by such factors as fluctuations in the rates of exchange between any currency in which any payment in respect of the Securities is to be made and any currency in which the Underlying is traded, appreciation or depreciation of any such currencies and any existing or future governmental or other restrictions on the exchangeability of such currencies. There can be no assurance that rates

of exchange between any relevant currencies which are current rates at the date of issue of any Securities will be representative of the relevant rates of exchange used in computing the value of the relevant Securities at any time thereafter.

- (e) *Disruption.* If so indicated in the Conditions, the Calculation Agent may determine that a Market Disruption Event (which includes Emerging Market Disruption Events) has occurred or exists at a relevant time. Any such determination may affect the value of the Securities and/or may delay settlement in the respect of the Securities. In addition, if so indicated in the Conditions, a Calculation Agent may determine that a Settlement Disruption Event has occurred or exists at any relevant time in relation to a physically settled note. Any such determination may cause a delay in delivery of the Underlying and, where a cash price equivalent to the value of the Underlying is paid in lieu of delivery of the Underlying, the cash price paid may be adversely affected.

Prospective purchasers should review the Conditions to ascertain whether and how such provisions apply to the Securities.

- (f) *Creditworthiness.* Any person who purchases the Securities is relying upon the creditworthiness of the Issuer and of Holding (pursuant to its declaration under Article 2:403 of the Netherlands Civil Code) and has no rights against any other person. The Securities constitute general, unsecured, contractual obligations of the Issuer and of no other person. The Securities rank pari passu among themselves.

***There may not be a secondary market in the Securities***

Potential investors should be willing to hold the Securities through their life. The nature and extent of any secondary market in the Securities cannot be predicted. As a consequence any person intending to hold the Securities should consider liquidity in the Securities as a risk. If the Securities are listed or quoted on an exchange or quotation system this does not imply greater or lesser liquidity than if equivalent Securities were not so listed or quoted. However, if Securities are not listed or quoted there may be a lack of transparency with regard to pricing information. Liquidity may also be affected by legal restrictions on offers for sale in certain jurisdictions. The Issuer may affect the liquidity of the Securities by purchasing and holding the Securities for its own account during trading in the secondary market. Any such Securities may be resold at any time into the market.

***Purchasing the Securities as a hedge may not be effective***

Any person intending to use the Securities as a hedge instrument should recognise the correlation risk. The Securities may not be a perfect hedge to an Underlying or portfolio of which the Underlying forms a part. In addition, it may not be possible to liquidate the Securities at a level which directly reflects the price of the Underlying or portfolio of which the Underlying forms a part.

***Actions taken by the Issuer may affect the value of the Securities***

The Issuer and/or any of its affiliates may carry out activities that minimise its and/or their risks related to the Securities, including effecting transactions for their own account or for the account of their customers and hold long or short positions in the Underlying whether for risk reduction purposes or otherwise. In addition, in connection with the offering of any Securities, the Issuer and/or any of its affiliates may enter into one or more hedging transactions with respect to the Underlying. In connection with such hedging or market-making activities or with respect to proprietary or other trading activities by the Issuer and/or any of its affiliates, the Issuer and/or any of its affiliates may enter into transactions in the Underlying which may affect the market price, liquidity or value of the Underlying and/or the Securities and which could be deemed to be adverse to the interests of the Holders. The Issuer and/or its affiliates are likely to modify their hedging positions throughout the life of the Securities whether by effecting transactions in the Underlying or in derivatives linked to the Underlying. Further, it is possible that the advisory services which the Issuer and/or its affiliates provide in the ordinary course of its/their business could lead to an adverse impact on the value of the Underlying.

***Holders have no ownership interest in the Underlying***

The Securities convey no interest in the Underlying. The Issuer may choose not to hold the Underlying or any derivatives contracts linked to the Underlying. There is no restriction through the issue of the Securities on the ability of the Issuer and/or its affiliates to sell, pledge or otherwise convey all right, title and interest in any Underlying or any derivatives contracts linked to the Underlying.

***Actions taken by the Calculation Agent may affect the Underlying***

The Calculation Agent is the agent of the Issuer and not the agent of the Holders or any of them. The Issuer may itself act as the Calculation Agent. The Calculation Agent will make such adjustments as it considers appropriate as a consequence of certain corporate actions affecting the Underlying. In making these adjustments the Calculation Agent is entitled to exercise substantial discretion and may be subject to conflicts of interest in exercising this discretion. The Calculation Agent is not required to make adjustments with respect to each and every corporate action.

***Taxes may be payable by investors***

Potential purchasers and sellers of the Securities should be aware that they may be required to pay stamp taxes or other documentary charges in accordance with the laws and practices of the country where the Securities are transferred. Holders are subject to the provisions of General Condition 8 and payment and/or delivery of any amount due in respect of the Securities will be conditional upon the payment of any Expenses as provided in the Product Conditions.

Potential purchasers who are in any doubt as to their tax position should consult their own independent tax advisers. In addition, potential purchasers should be aware that tax regulations and their application by the

relevant taxation authorities change from time to time. Accordingly, it is not possible to predict the precise tax treatment which will apply at any given time.

***The Securities may be terminated prior to their stated date***

If the Issuer determines that the performance of its obligations under the Securities has become illegal or impractical in whole or in part for any reason or the Issuer determines that it is no longer legal or practical for it to maintain its hedging arrangement with respect to the Securities for any reason, the Issuer may at its discretion and without obligation terminate early the Securities. If the Issuer terminates early the Securities, the Issuer will, if and to the extent permitted by applicable law, pay the holder of each such Security an amount determined by the Calculation Agent to be its fair market value less the cost to the Issuer of unwinding any underlying related hedging arrangements notwithstanding the illegality or impracticality.

***Risks associated with Securities held in global form***

The Securities will initially be held by or on behalf of one or more clearing systems specified in the applicable Final Terms (each a “**Relevant Clearing System**”), either in the form of a global Security which will be exchangeable for definitive Securities only in the event of the closure of all Relevant Clearing Systems or in dematerialised form depending on the rules of the Relevant Clearing System. For as long as any Securities are held by or on behalf of a Relevant Clearing System, payments of principal, interest and any other amounts will be made through the Relevant Clearing System, where required, against presentation or surrender (as the case may be) of the relevant global Security and, in the case of a temporary global Security, certification as to non-U.S. beneficial ownership. The risk is that the bearer of the relevant global Security, typically a depository for the Relevant Clearing System, or, in the case of Securities in dematerialised form, the Relevant Clearing System and not the Holder itself, shall be treated by the Issuer and any Paying Agent as the sole holder of the relevant Securities with respect to the payment of principal, interest (if any) and any other amounts payable in respect of the Securities or any securities deliverable in respect of the Securities.

Securities which are held by or on behalf of a Relevant Clearing System will be transferable only in accordance with the rules and procedures for the time being of the Relevant Clearing System.

***Risk associated with nominee arrangements***

Where a nominee service provider is used by an investor to hold Securities or such investor holds interests in any Security through accounts with a Relevant Clearing System, such investor will receive payments in respect of principal, interest, or any other amounts due, or securities deliverable, as applicable, solely on the basis of the arrangements entered into by the investor with the relevant nominee service provider or Relevant Clearing System, as the case may be. Furthermore, such investor must rely on the relevant nominee service provider or Relevant Clearing System to distribute all payments or securities attributable to the relevant Securities which are received from the Issuer. Accordingly, such an investor will be exposed to the credit

risk of, and default risk in respect of, the relevant nominee service provider or Relevant Clearing System, as well as the Issuer.

In addition, such a Holder will only be able to sell any Securities held by it prior to their stated maturity date with the assistance of the relevant nominee service provider.

None of the Issuer or any Paying Agent shall be responsible for the acts or omissions of any relevant nominee service provider or Relevant Clearing System nor makes any representation or warranty, express or implied, as to the service provided by any relevant nominee service provider or Relevant Clearing System.

***The return on an investment in Securities will be affected by charges incurred by investors***

An investor's total return on an investment in any Securities will be affected by the level of fees charged by the nominee service provider and/or Relevant Clearing System used by the investor. Such a person or institution may charge fees for the opening and operation of an investment account, transfers of Securities, custody services and on payments of interest, principal and other amounts or delivery of securities. Potential investors are therefore advised to investigate the basis on which any such fees will be charged on the relevant Securities.

***There may be a change of law which may affect the value of the Security***

The Conditions are based on English law in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible change to English law or administrative practice after the date of this Base Prospectus.

***Credit ratings may not reflect all risks***

One or more independent credit rating agencies may assign credit ratings to the Issuer or the Securities. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Securities. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

***Legal investment considerations may restrict certain investments***

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) Securities are legal investments for it, (ii) Securities can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of any Securities. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Securities under any applicable risk-based capital or similar rules.

## TAXATION

---

*Potential purchasers who are in any doubt about their tax position on purchase, ownership, transfer, exercise or non-exercise of any Security should consult their professional tax advisers.*

1. GENERAL

Purchasers of Securities may be required to pay stamp taxes and other charges in accordance with the laws of practices of the country of purchase in addition to the issue or purchase price of each Security.

The Issuer shall not be liable for or otherwise obliged to pay any tax, duty or other payment which may arise as a result of the ownership, transfer or exercise of any Securities.

The Purchasers should be aware that tax treatment depends on the individual circumstances of each client any may be subject to change in future.

2. THE NETHERLANDS

The following paragraph, which is intended as a general guide only, is based on current law and practice in The Netherlands. It summarises certain aspects of taxation in The Netherlands only which may be applicable to the Securities but do not purport to be a comprehensive description of all tax considerations which may be of relevance.

All payments by the Issuer in respect of the Securities will be made free of withholding or deduction for or on account of any taxes of whatsoever nature imposed, levied, withheld, or assessed by The Netherlands or any political subdivision or taxing authority thereof or therein, unless such withholding is, in the future, required by law.

3. UNITED KINGDOM

**The following applies only to persons who are beneficial owners of the Securities and is a summary of the Issuer's understanding of current law and practice in the United Kingdom relating to certain aspects of United Kingdom taxation. Some aspects do not apply to certain classes of persons (such as dealers) to whom special rules apply. Prospective Holders of the Securities who are in any doubt as to their own tax position or who may be subject to tax in a jurisdiction other than the United Kingdom should consult their professional advisers.**

**Withholding Tax**

*Securities issued otherwise than through the Issuer's London branch*

Payments of interest on these Securities may be made without withholding on account of United Kingdom income tax.

*Securities issued by the Issuer's London branch*

Provided the Issuer's London branch continues to qualify as a bank for United Kingdom tax purposes, payments of interest on these Securities may be made without deduction of tax where the interest is paid in the ordinary course of the Issuer's London branch's business; this would include all payments of interest by the Issuer's London branch except where those Securities concerned conform to the definition of tier 1, 2 or 3 capital for regulatory purposes or where there is an intention to avoid United Kingdom tax.

Payments of interest on these Securities may also be made without deduction of or withholding on account of United Kingdom income tax if these Securities are and continue to be listed on a "recognised stock exchange", as defined in section 1005 of the Income Tax Act 2007. The Euronext Amsterdam is a recognised stock exchange. These Securities will satisfy this requirement if they are (a) officially listed in Amsterdam in accordance with provisions corresponding to those generally applicable in EEA states and are admitted to trading on the Euronext Amsterdam, or (b) listed and admitted to trading on another "recognised stock exchange". Provided, therefore, that these Securities are and remain so listed, interest on these Securities will be payable without withholding or deduction on account of United Kingdom tax whether or not the Issuer's London branch carries on a banking business in the United Kingdom and whether or not the interest is paid in the ordinary course of its business.

Interest on these Securities may also be paid without withholding or deduction on account of United Kingdom tax where interest on these Securities is paid by a company and, at the time the payment is made, the Issuer's London branch reasonably believes (and any person by or through whom interest on these Securities is paid reasonably believes) that the beneficial owner is within the charge to United Kingdom corporation tax as regards the payment of interest; provided that HMRC has not given a direction (in circumstances where it has reasonable grounds to believe that the above exemption is not available in respect of such payment of interest at the time the payment is made) that the interest should be paid under deduction of tax.

Interest on these Securities may also be paid without withholding or deduction on account of United Kingdom tax where the maturity of these Securities is less than 365 days.

In other cases, an amount must generally be withheld from payments of interest on these Securities on account of United Kingdom income tax at the savings rate (currently 20% or, if the Finance Bill 2008 is enacted in its current form, from 6 April 2008, the basic rate, which will also be 20%). However, where an applicable double tax treaty provides for a lower rate of withholding tax (or for no tax to be withheld) in relation to a Holder of these Securities, HMRC can issue a notice to the

Issuer's London branch to pay interest to the Holder of these Securities without deduction of tax (or for interest to be paid with tax deducted at the rate provided for in the relevant double tax treaty).

### **UK Information Gathering Powers**

Irrespective of whether the Securities are issued by the Issuer's London branch, Holders of the Securities may wish to note that, in certain circumstances, HMRC has power to obtain information (including the name and address of the beneficial owner of the interest) from any person in the United Kingdom who either pays or credits interest to or receives interest for the benefit of a Holder of the Securities. HMRC also has power, in certain circumstances, to obtain information from any person in the United Kingdom who pays amounts payable on the redemption of Securities (which are deeply discounted securities for the purposes of the Income Tax (Trading and Other Income) Act 2005) to or receives such amounts for the benefit of another person, although HMRC published practice indicates that HMRC will not exercise the power referred to above to require this information in respect of amounts payable on the redemption of deeply discounted securities where such amounts are paid on or before 5 April 2009. Such information may include the name and address of the beneficial owner of the amount payable on redemption. Any information obtained may, in certain circumstances, be exchanged by HMRC with the tax authorities of the jurisdiction in which the Holder of the Securities is resident for tax purposes.

### **Stamp Taxes**

Subject to what follows, no stamp duty, capital duty, stamp duty reserve tax or other similar tax is payable in the United Kingdom on the issue or transfer by delivery of any Security.

In relation to Securities which are denominated in sterling and which are not loan capital, a charge to stamp duty at 1.5 per cent. of the value of such Securities will arise if issued in the United Kingdom. No stamp duty liability will arise on the issue of such Securities if issued outside the United Kingdom. However, in relation to such Securities originally issued outside the United Kingdom, on the first transfer by delivery in the United Kingdom of any such Security a stamp duty liability at 1.5 per cent. of the value of such Security will arise.

For these purposes, a Security would be loan capital if the holder has the right in all circumstances to be paid on redemption an amount equal to substantially all of the amount subscribed for the Security, either with or without any additional amount that may be payable on redemption. In addition, it is likely (based on our understanding of practice in relation to other tax legislation) that HM Revenue & Customs will regard a Security as loan capital if the Security gives the holder the right in all circumstances to be paid on redemption an amount equal to at least 10 per cent. of the amount subscribed for the Security.

Stamp duty and stamp duty reserve tax may be payable on the transfer of an asset on physical settlement of the Securities.

### **European Union Savings Directive**

Under EC Council Directive 2003/48/EC on the taxation of savings income, Member States are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State. However, for a transitional period, Belgium, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland).

## SELLING RESTRICTIONS

---

*The statements which follow are of a general nature. Potential purchasers in each jurisdiction must ensure that they are able validly to take delivery of the Securities and any assets into which they may convert or be settled. Additional certifications may be required by the Issuer and/or any clearance system at the time of exercise and/or settlement.*

1. GENERAL

No action has been or will be taken by the Issuer that would permit a public offering of the Securities or possession or distribution of any offering material in relation to the Securities in any jurisdiction where action for that purpose is required. No offers, sales or deliveries of any Securities, or distribution of any offering material relating to the Securities, may be made in or from any jurisdiction except in circumstances which will result in compliance with any applicable laws and regulations and will not impose any obligation on the Issuer.

2. PUBLIC OFFER SELLING RESTRICTION UNDER THE PROSPECTUS DIRECTIVE

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “**Relevant Member State**”), the Issuer represents and agrees that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “**Relevant Implementation Date**”) it has not made and will not make an offer of Securities which are the subject of the offering contemplated by this Base Prospectus as contemplated by the final terms in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of Securities to the public in that Relevant Member State::

- (a) if the final terms in relation to the Securities specify that an offer of those Securities may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State (a “**Non-exempt Offer**”), following the date of publication of a prospectus in relation to such Securities which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State provided that any such prospectus has subsequently been completed by the final terms contemplating such Non-exempt Offer, in accordance with the Prospectus Directive, in the period beginning and ending on the dates specified in such prospectus or final terms, as applicable;

- (b) at any time to legal entities which are authorised or regulated to operate in the financial markets or, if not so authorised or regulated, whose corporate purpose is solely to invest in securities;
- (c) at any time to any legal entity which has two or more of (1) an average of at least 250 employees during the last financial year; (2) a total balance sheet of more than €43,000,000 and (3) an annual net turnover of more than €50,000,000, as shown in its last annual or consolidated accounts
- (d) at any time to fewer than 100 natural or legal persons (other than qualified investors as defined in the Prospectus Directive); or
- (e) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive. .

provided that no such offer of Securities referred to in (b) to (e) above shall require the Issuer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an “**offer of Securities to the public**” in relation to any Securities in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Securities to be offered so as to enable an investor to decide to purchase or subscribe the Securities, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression “**Prospectus Directive**” means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.

### 3. THE NETHERLANDS

Securities which qualify as savings certificates as defined in the Savings Certificates Act (“*Wet inzake spaarbewijzen*”) may only be transferred or accepted through the mediation of either the Issuer or an admitted institution of Euronext Amsterdam N.V. with due observance of the Savings Certificates Act and its implementing regulations (including registration requirements), provided that no mediation is required in respect of:

- (a) the initial issue of those Securities to the first holders thereof;
- (b) any transfer and delivery by individuals who do not act in the conduct of a profession or trade; and
- (c) the issue and trading of those Securities, if they are physically issued outside The Netherlands and are not distributed in The Netherlands in the course of primary trading or immediately thereafter.

The Securities may not at any time be offered, sold, delivered, traded or exercised, directly or indirectly, in the United States or to, or for the account or benefit of, a U.S. person and a U.S. person may not, at any time, directly or indirectly, maintain a position in the Securities. Offers, sales, trading or deliveries of the Securities in the United States or to, or for the account or benefit of, U.S. persons may constitute a violation of the United States law governing commodities trading. Exercise of the Securities will be conditional upon certification as to non-U.S. beneficial ownership. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

The Issuer will not offer, sell or deliver the Securities at any time within the United States or to, or for the account or benefit of, any U.S. person, and it will require all those dealers participating in the distribution of the Securities not to offer, sell, deliver or trade, at any time, directly or indirectly, any Securities in the United States or to, for the account or benefit of, any U.S. person. In addition, the Issuer will send to each dealer to which it sells Securities at any time a confirmation or other notice setting forth the restrictions on offers, sales and deliveries of the Securities in the United States or to, or for the account or benefit of, U.S. persons. As used in this and the above paragraph “**United States**” means the United States of America, its territories or possessions, any state of the United States, the District of Columbia or any other enclave of the United States government, its agencies or instrumentalities, and “**U.S. person**” means:

- (a) any person who is a U.S. person as defined in Regulation S under the Securities Act;

6. INDIA

Any purchase of the Securities relating to or linked to securities listed on a stock exchange in India or indices that reference such securities should be made on the understanding that the purchaser shall be deemed to acknowledge, represent, warrant and undertake to the Issuer and its subsidiaries and affiliates (“**ABN AMRO**”) that:

Unless permitted to do so under the laws of Hong Kong, no Holder may issue or have in its possession for the purpose of issue any advertisement, invitation or document relating to the Securities whether in Hong Kong or elsewhere, which is directed at, or the contents of which are likely to be accessed or read by, the public in Hong Kong other than with respect to the Securities intended to be disposed of only to persons outside Hong Kong, or only to “professional investors” within the meaning of the SFO.

## 8. SINGAPORE

This Base Prospectus has not been registered as a prospectus with the Monetary Authority of Singapore under the Securities and Futures Act, Chapter 289 of Singapore (the “**SFA**”). Accordingly, this Base Prospectus and any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of the Securities may not be circulated or distributed, nor may the Securities be offered or sold, or be made the subject of an invitation for subscription or purchase, whether directly or indirectly, to any person in Singapore other than (i) to an institutional investor specified in Section 274 of the SFA; (ii) to a relevant person, or any person pursuant to Section 275(1A), and in accordance with the conditions specified in Section 275 of the SFA; or (iii) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the SFA.

**Description of the Securities**

The notes are investment instruments which may or may not bear interest and which, at maturity or earlier termination, either pay a cash amount which may or may not be equal to the nominal amount of the relevant note, less certain expenses (the "**Cash Amount**") or, in the case of exchangeable notes, permit the holder thereof (the "**Holder**") to exchange his note for, depending on the terms of the relevant note, a defined amount of the Underlying (as defined below) or an amount in cash calculated by reference to the value of the Underlying (the "**Conversion Amount**"). The amount of interest to be paid and/or the Cash Amount and/or the Conversion Amount may or may not be dependent upon the performance of an underlying reference rate, stock, index (including in the case of an index, the index and its constituent elements) or basket (together, the "**Underlying**"), in all cases, as provided in the terms of the relevant note. As such, each note will entail particular risks. Notes which are not capital protected may result in the Holder losing some or, in certain limited cases, all of his initial investment. Notes where the interest amount paid is dependent upon the performance of the Underlying may result in the Holder receiving no or only a limited periodic return on his investment.

The price at which a Holder will be able to sell notes prior to their redemption may be at a potentially substantial discount to the market value of the notes at the issue date depending upon the performance of the Underlying at the time of sale.

The types of note that may be issued under this Base Prospectus are described below.

Range accrual notes are interest bearing cash settled securities. Range accrual notes are redeemed at a percentage of their nominal amount. The amount of interest paid on a range accrual note depends on the performance of one or more underlying reference rates, as specified in the applicable Final Terms. Typically, interest will accrue for each relevant day in an interest period on which the Underlying performs

in the manner specified in the Final Terms but will not accrue in respect of other days. Interest on a range accrual note may also be paid at a pre-determined specified rate for certain interest periods specified in the applicable Final Terms.

Ladder notes are interest bearing cash settled securities which may be called by the Issuer on specified dates. Ladder notes are redeemed at a percentage of their nominal amount. The amount of interest paid on a ladder note depends on the performance of an underlying reference rate, as specified in the applicable Final Terms. Typically, interest will be paid in respect of each interest period either at a pre-determined specified rate or at the difference between a pre-determined specified rate and an identified floating rate for the relevant interest period, subject in the latter case to any minimum rate specified for the relevant interest period, all as specified in the applicable Final Terms.

Target coupon notes are interest bearing cash settled securities. Target coupon notes are redeemed at a percentage of their nominal amount. The amount of interest paid on a target coupon note depends on the performance of one or more underlying shares, as specified in the applicable Final Terms. Typically, a target interest amount will be set which, if reached prior to maturity, may result in early termination of the securities. In certain cases additional interest amounts may also be paid as specified in the applicable Final Terms.

Rate notes are cash settled securities which may or may not bear interest and are redeemed at their nominal amount or a stated percentage thereof. The amount of interest paid on a rate note may depend on the performance of one or more underlying reference rates and/or may be determined by reference to a fixed rate or rates, as specified in the applicable Final Terms.

Zero coupon notes are cash settled securities which are issued at a percentage of the nominal amount and which do not bear any interest.

Currency exchange notes are cash settled securities which may or may not bear interest and are redeemed at their nominal amount or a stated percentage thereof. The amount of interest paid on a currency exchange note will depend on the performance of one or more underlying currency exchange rates, as specified in the applicable Final Terms.

Yield discovery notes are capital protected interest bearing cash settled securities. Yield discovery notes are redeemed at their nominal amount. The amount of interest paid on a yield discovery note depends on the performance of an underlying basket of shares, as specified in the applicable Final Terms. The maximum rate of interest so determined may be capped at the level specified in the applicable Final Terms. Interest on a yield discovery note may also be paid at a pre-determined specified rate for certain interest periods as specified in the applicable Final Terms. The rate of interest for certain interest periods may be at least the level of the previous year.

Certificate notes are cash settled securities which may or may not be interest bearing or capital protected. The Cash Amount payable at maturity of a certificate note will at least equal its nominal amount (if it is capital protected) plus a return (which may be zero) calculated by reference to the performance of one or more underlying certificates, as specified in the applicable Final Terms.

Index notes are cash settled securities which may be partially or fully capital protected and may be interest bearing. If applicable, interest may be payable at a rate specified in the applicable Final Terms. The Cash Amount payable at maturity on an index note will at least equal a specified percentage of its nominal amount but may be higher than that amount and may be subject to a capped maximum gain depending on the performance of the Underlying, as specified in the applicable Final Terms.

Inflation index notes are fixed-income securities that track a consumer price index (“CPI”) and offer a real rate of return; that is, they generate monthly interest payments that exceed the prevailing inflation rate by a specified amount.

Callable index notes are non-interest bearing cash settled securities. The Cash Amount payable on the note will depend on the performance of the underlying index specified in the applicable Final Terms. If during the life of the note the Issuer determines that an early redemption event has occurred, the note may be redeemed at an amount determined in the manner specified in the applicable Final Terms. If, by the maturity date, an early redemption event has not occurred, the Cash Amount paid in respect of the note will depend upon the performance of the Underlying at maturity and may be less than the nominal amount of the note.

Autocallable Notes are cash settled or physically settled (if specified in the applicable Final Terms) securities which are not capital protected and may be interest bearing. The Cash Amount payable on, and the maturity date of, the note will depend on the performance of the Underlying specified in the applicable Final Terms. If on specified dates during the life of the note the level of the Underlying performs in a specified manner (an “**Early Termination Event**”), the note will be redeemed at its nominal amount plus an additional amount specified in the applicable Final Terms. If, by the maturity date, an Early Termination Event has not occurred, the Cash Amount paid in respect of the note will depend upon the performance of the Underlying at maturity and may be less than the nominal amount of the note.

Share notes are cash settled securities and may be interest bearing. If applicable, interest may be payable on a share note at a rate specified in the applicable Final Terms. The Cash Amount payable at maturity of a share note may be at least equal to a specified percentage of its nominal amount, may be subject to a capped gain and/or may depend on the performance of the Underlying, as specified in the applicable Final Terms.

Exchangeable notes may be cash settled or physically settled securities and may be interest bearing. If applicable, interest may be payable on an exchangeable note at a rate specified in the applicable Final Terms. The cash amount payable at maturity of a cash settled exchangeable note may be at least equal to a specified percentage of its nominal amount, may be subject to a capped gain and/or may depend on the performance of the Underlying, as specified in the applicable Final Terms. In the case of a physically settled exchangeable

note, the share amount to be delivered will be determined by reference to the performance of the underlying share in the manner specified in the applicable Final Terms.

Multi-asset Basket Linked Notes are cash settled securities which may be partially or fully capital protected and may be interest bearing. If applicable, interest may be payable at a rate specified in the applicable Final Terms. The cash amount payable at maturity on a Note will at least equal a specified percentage of its Nominal Amount but may be higher than that amount and may be subject to a capped maximum gain depending on the performance of the Underlying, as specified in the applicable Final Terms.

Fund linked notes are cash settled securities which may be partially or fully capital protected and may be interest bearing. If applicable, interest may be payable at a rate specified in the applicable Final Terms.

Basket related capital protected notes enable investors to participate in the performance of one or more baskets of different components relating to the relevant Series (including, without limitation and as specified in the applicable Final Terms, an index component, a real estate index component, a commodity component or a bond index component). In addition to capital protection, an investor may, as specified in the applicable Final Terms, receive an additional amount depending on the performance of one or more baskets of different components. If specified in the applicable Final Terms, an Interim Cash Settlement Amount or Interest Amount (each as defined in the applicable Final Terms) will be payable (subject to any applicable conditions being met) on the Interim Cash Settlement Amount Payment Date or each Interest Payment Date, as the case may be.

Commodity notes are cash settled securities which may be partially or fully capital protected and may or may not be interest bearing. The Cash Amount payable at maturity of a commodity note is calculated by reference to the performance of one or more underlying commodities, as specified in the applicable Final Terms.

## GENERAL CONDITIONS

---

*The General Conditions which follow relate to the Securities and must be read in conjunction with, and are subject to, the Product Conditions and the Final Terms. The Final Terms, the Product Conditions and the General Conditions together constitute the Conditions of the Securities and will be printed on any Definitive Securities or attached to any Global Security representing the Securities.*

1. DEFINITIONS

Terms in capitals which are not defined in these General Conditions shall have the meanings ascribed to them in the Product Conditions or the applicable Final Terms and, if not so defined, shall be inapplicable. References in these General Conditions to interest and Coupons (and related expressions) shall be ignored in the case of Securities which do not bear interest. References in these General Conditions to the Conditions shall mean these General Conditions and, in relation to any Securities, the Product Conditions applicable to those Securities.

2. STATUS

The Securities constitute unsecured and unsubordinated obligations of the Issuer and rank *pari passu* among themselves and with all other present and future unsecured and unsubordinated obligations of the Issuer save for those preferred by mandatory provisions of law.

3. EARLY TERMINATION

The Issuer shall have the right to terminate the Securities if it shall have determined in its absolute discretion that its performance thereunder shall have become unlawful in whole or in part as a result of compliance in good faith by the Issuer with any applicable present or future law, rule, regulation, judgement, order or directive of any governmental, administrative, legislative or judicial authority or power (“**Applicable Law**”). In such circumstances the Issuer will, however, if and to the extent permitted by the Applicable Law, pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination (ignoring such illegality) less the cost to the Issuer of unwinding any related hedging arrangements. Payment will be made to the Holder in such manner as shall be notified to the Holder in accordance with General Condition 4.

4. NOTICES

(a) **Validity.** Unless otherwise specified in the applicable Final Terms, announcements to Holders will be valid if delivered by the Issuer to the Clearing Agent(s) with an instruction from the Issuer to the Clearing Agent(s) to communicate such announcement to the Holders.

- (b) Delivery. Any such announcement issued pursuant to General Condition 4(a) shall be deemed to be effective on the day following its delivery to the Clearing Agent (and if delivered to more than one Clearing Agent on the day following the date first delivered to a Clearing Agent) or, if published as specified in the applicable Final Terms on the date of such publication (and if published in more than one country then on the date first published).

5. HEDGING DISRUPTION

- (a) Notification. The Issuer shall as soon as reasonably practicable give instructions to the Calculation Agent to notify the Holders in accordance with General Condition 4(a): (i) if it determines that a Hedging Disruption Event has occurred; and (ii) of the consequence of such Hedging Disruption Event as determined by the Issuer pursuant to General Condition 5(c).
- (b) Hedging Disruption Event. A “**Hedging Disruption Event**” shall occur if the Issuer determines that it is or has become not reasonably practicable or it has otherwise become undesirable, for any reason, for the Issuer wholly or partially to establish, re-establish, substitute or maintain a relevant hedging transaction (a “**Relevant Hedging Transaction**”) it deems necessary or desirable to hedge the Issuer’s obligations in respect of the Securities. The reasons for such determination by the Issuer may include, but are not limited to, the following:
  - (i) any material illiquidity in the market for the relevant instruments (the “**Disrupted Instrument**”) which from time to time are included in the reference asset to which the Securities relate; or
  - (ii) a change in any applicable law (including, without limitation, any tax law) or the promulgation of, or change in, the interpretation of any court, tribunal or regulatory authority with competent jurisdiction of any applicable law (including any action taken by a taxing authority); or
  - (iii) a material decline in the creditworthiness of a party with whom the Issuer has entered into any such Relevant Hedging Transaction; or
  - (iv) the general unavailability of: (A) market participants who will agree to enter into a Relevant Hedging Transaction; or (B) market participants who will so enter into a Relevant Hedging Transaction on commercially reasonable terms.
- (c) Consequences. The Issuer, in the event of a Hedging Disruption Event, may determine to:
  - (i) terminate the Securities. In such circumstances the Issuer will, however, if and to the extent permitted by the Applicable Law, pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of

the Security immediately prior to such termination less the cost to the Issuer of unwinding any related hedging arrangements. Where the Securities contain provisions which provide a minimum assured return of principal, howsoever expressed, on the Settlement Date or Maturity Date as applicable, or a minimum assured return of interest or coupons, howsoever expressed, on a relevant Interest Payment Date (if applicable), any such amount to be paid under this General Condition shall not be less than the present value of such minimum assured return of principal and/or interest or coupons, such present value being determined by the Calculation Agent. Payment will be made to the Holder in such manner as shall be notified to the Holder in accordance with General Condition 4;

- (ii) make an adjustment in good faith to the relevant reference asset by removing the Disrupted Instrument at its fair market value (which may be zero). Upon any such removal the Issuer may: (A) hold any notional proceeds (if any) arising as a consequence thereof and adjust the terms of payment and/or delivery in respect of the Securities; or (B) notionally reinvest such proceeds in other reference asset(s) if so permitted under the Conditions (including the reference asset(s) to which the Securities relate);
- (iii) make any other adjustment to the Conditions as it considers appropriate in order to maintain the theoretical value of the Securities after adjusting for the relevant Hedging Disruption Event. Where the Securities contain provisions which provide a minimum assured return of principal, howsoever expressed, on the Settlement Date or Maturity Date as applicable, or a minimum assured return of interest or coupons, howsoever expressed, on a relevant Interest Payment Date, any such adjustment will in no way affect the Issuer's obligations to make payment to the Holders not less than the minimum assured return of principal and/or interest or coupons on the relevant Settlement Date or Maturity Date, or Interest Payment Date, as applicable.

Notice of any such modification will be given to the Holders in accordance with General Condition 4 but failure to give, or non-receipt of, such notice will not affect the validity of any such modification.

## 8. SUBSTITUTION

- (a) Substitution of Issuer. The Issuer may at any time, without the consent of the Holders substitute for itself as principal obligor under the Securities any company (the “**Substitute**”), being any subsidiary or affiliate of the Issuer, subject to: (i) the obligation of the Substitute under the Securities being guaranteed by ABN AMRO Holding N.V. (“**Holding**”) (unless Holding is the Substitute); (ii) all actions, conditions and things required to be taken, fulfilled and done (including the obtaining of any necessary consents) to ensure that the Securities represent legal, valid and binding obligations of the Substitute having been taken, fulfilled and done and being in full force and effect; and (iii) the Issuer having given at least 30 days’ prior notice of the date of such substitution to the Holders in accordance with General Condition 4. In the event of any substitution of the Issuer, any reference in the Conditions to the Issuer shall from such time be construed as a reference to the Substitute.
- (b) Substitution of Office. The Issuer shall have the right upon notice to the Holders in accordance with General Condition 4 to change the office through which it is acting and shall specify the date of such change in such notice.

9. TAXATION

The Issuer shall not be liable for or otherwise obliged to pay any tax, duty, withholding or other similar payment which may arise as a result of the ownership, transfer or exercise of any Securities. In relation to each Security the relevant Holder shall pay all Expenses as provided in the Product Conditions. All payments or, as the case may be, deliveries in respect of the Securities will be subject in all cases to all applicable fiscal and other laws and regulations (including, where applicable, laws requiring the deduction or withholding for, or on account of, any tax duty or other charge whatsoever). The Holder shall be liable for and/or pay any tax, duty or charge in connection with the ownership of and/or any transfer, payment or delivery in respect of the Securities held by such Holder. The Issuer shall have the right, but shall not be obliged, to withhold or deduct from any amount payable such amount, as shall be necessary to account for or to pay any such tax, duty, charge, withholding or other payment.

10. REPLACEMENT OF SECURITIES AND COUPONS

- (c) **Euro Conversion Costs.** Notwithstanding General Condition 11(a) and/or General Condition 11(b), none of the Issuer, the Calculation Agent nor any Agent shall be liable to any Holder or other person for any commissions, costs, losses or expenses in relation to or resulting from the transfer of euro or any currency conversion or rounding effected in connection therewith.

## 2. FORM

- (a) **Global Form.** Except in the case of Securities issued in dematerialised form, the Securities will be issued in bearer form in the denomination of the Nominal Amount. The Securities are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.
- (b) **Dematerialised Form.** Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry

system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

### 3. RIGHTS AND PROCEDURES

- (a) Redemption on the Maturity Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed by the Issuer at the Cash Amount, such redemption to occur on the Maturity Date.
- (b) Issuer Call. If “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Issuer may redeem the Securities in whole, but not in part, on any Issuer Call Date at the Issuer Call Cash Amount by giving Holders at least the Issuer Call Notice Period notice of its intention to redeem the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4 and shall specify the Issuer Call Date.
- (c) Interest Amount. If “Interest” is specified as being applicable in the definition of the relevant Series in the applicable Final Terms, in respect of each Interest Period, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction and is payable on each Interest Payment Date and the Issuer Call Date, as the case may be.
- (d) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date or the Issuer Call Date, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.
- (e) Method of Payment. Subject as provided below, where the Cash Amount, any Issuer Call Cash Amount or any Interest Amount is in a currency other than euro, such payment will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement

Currency; where the Cash Amount, any Issuer Call Cash Amount or any Interest Amount is in euro, such payment will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.

- (f) Presentation and Surrender. If the Securities are in definitive form, payment of the Cash Amount, any Issuer Call Cash Amount and each (if any) Interest Amount will be made against surrender of the Security and each relative Coupon, respectively, by or on behalf of the Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount, any Issuer Call Cash Amount and each (if any) Interest Amount will be made against presentation and, in the case of payment of the Cash Amount or any Issuer Call Cash Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of any Cash Amount, any Issuer Call Cash Amount or the Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.
- (g) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if "Modified Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if "Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.

- (h) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, any Issuer Call Cash Account or any Interest Amount.
- (i) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

#### 4. ADJUSTMENTS

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred. A “**Market Disruption Event**” means the situation in which Rate 1 and/or Rate 2, if applicable, is not available on the relevant Reference Spread Screen Page, in which case the relevant rate shall be determined by the Calculation Agent, on the basis of quotations for the relevant rate or such other related rate as the Calculation Agent shall in its sole and absolute discretion specify provided by the Reference Banks at the Valuation Time for the relevant Business Day. The Issuer will request each Reference Bank to provide a quotation of the relevant rate. If at least three quotations are provided, the relevant rate will be the arithmetic mean of the quotations, eliminating the highest quotation (or in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest). If it is not possible to obtain quotations of the relevant rate by at least three of the Reference Banks then the Calculation Agent will determine Rate 1 and/or Rate 2 (if applicable) and/or the Reference Spread, if applicable, at its sole and absolute discretion.
- (b) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determination. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

## 2. FORM

- (a) **Global Form.** Except in the case of Securities issued in dematerialised form, the Securities will be issued in bearer form in the denomination of the Nominal Amount. The Securities are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depository for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.
- (b) **Dematerialised Form.** Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

## 3. RIGHTS AND PROCEDURES

- (a) **Redemption on the Settlement Date.** Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed by the Issuer at the Cash Amount, such redemption to occur on the Maturity Date.

- (b) Issuer Call. If “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Issuer may redeem the Securities in whole, but not in part, on any Issuer Call Date at the Cash Amount by giving Holders at least the Issuer Call Notice Period notice of its intention to redeem the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4 and shall specify the Issuer Call Date.
- (c) Interest Amount. If “Interest” is specified as being applicable in the definition of the relevant Series in the applicable Final Terms, in respect of each Interest Period, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction and is payable on each Interest Payment Date.
- (d) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date or the Issuer Call Date, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.
- (e) Method of Payment. Subject as provided below, where the Cash Amount or any Interest Amount is in a currency other than euro, such payment will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount or any Interest Amount is in euro, such payment will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (f) Presentation and Surrender. If the Securities are in definitive form, payment of the Cash Amount and each (if any) Interest Amount will be made against surrender of the Security and each relative Coupon respectively, by or on behalf of the Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount and each (if any) Interest Amount will be made against presentation and,

in the case of payment of the Cash Amount or any Issuer Call Cash Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount or any Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.

- (g) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if "Modified Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if "Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- (h) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount or any Interest Amount.
- (i) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

#### 4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred. A "**Market Disruption Event**" means the

situation in which the Reference Rate is not available on the relevant Screen Page specified in the definition of Interest Rate of the relevant Series in the applicable Final Terms, in which case the relevant rate shall be determined by the Calculation Agent, on the basis of the quotations for the Reference Rate or such other related rate as the Calculation Agent shall in its sole and absolute discretion specify provided by the Reference Banks at the Valuation Time on the relevant Valuation Date. The Issuer will request each Reference Bank to provide a quotation of the relevant rate. If at least three quotations are provided, the relevant rate will be the arithmetic mean of the quotations, eliminating the highest quotation (or in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest). If it is not possible to obtain quotations of the relevant rate from at least three of the Reference Banks then the Calculation Agent will determine the Reference Rate at its sole and absolute discretion.

- (b) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determination. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

## 5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

## 2. FORM

- (a) **Global Form.** Except in the case of Securities issued in dematerialised form, the Securities will be issued in bearer form in the denomination of the Nominal Amount. The Securities will be represented by a global security (the “**Global Security**”) which will be deposited with the Clearing Agent and will be transferable only in accordance with applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular Nominal Amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the Nominal Amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such Nominal Amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents solely in the bearer of the Global Security.
- (b) **Dematerialised Form.** Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

## 3. RIGHTS AND PROCEDURES

- (a) **Redemption on the Settlement Date.** Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed by the Issuer, in respect of each Nominal Amount, at the Cash Amount, subject as provided below, on the Settlement Date.
- (b) **Issuer Call.** If “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Issuer may redeem the Securities in whole, but not in part, on any Issuer Call Date at the Issuer Call Cash Amount by giving Holders at

least the Issuer Call Notice Period notice of its intention to redeem the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4 and shall specify the Issuer Call Date.

- (c) **Early Termination.** If an Early Termination Event has occurred, each Security will be redeemed by the Issuer, in respect of each Nominal Amount, at the Cash Amount, such redemption to occur, subject as provided below, on the Settlement Date.
- (d) **Interest.** Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, the Holder is entitled to receive the amounts specified, on the dates specified, under Interest Entitlement in the definition of the relevant Series in the applicable Final Terms.
- (e) **Interest Accrual.** Each Security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date or the Issuer Call Date, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.
- (f) **Method of Payment.** Subject as provided below, where the Cash Amount, any Issuer Call Cash Amount or any amount specified under Interest Entitlement in the definition of the relevant Series in the applicable Final Terms is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount, any Issuer Call Cash Amount or any amount specified under Interest Entitlement in the definition of the relevant Series in the applicable Final Terms is in euro, such payments will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (g) **Presentation and Surrender.** Payment of the Cash Amount, any Issuer Call Cash Amount and each amount specified under Interest Entitlement in the definition of the relevant Series in the applicable Final Terms will be made against presentation and, in the case of payment of the Cash Amount or any Issuer Call Cash Amount, surrender of the Global Security or, if

the Securities are in definitive form, the relevant Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount, any Issuer Call Cash Amount or any amount specified under Interest Entitlement in the definition of the relevant Series in the applicable Final Terms and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.

- (h) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if "Modified Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if "Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- (i) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount or any amount specified under Interest Entitlement in the definition of the relevant Series in the applicable Final Terms.
- (j) **The purchase of Securities does not confer on any holder of such Securities any rights (whether in respect of voting, distributions or otherwise) attached to the Shares.**
- (k) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

#### 4. ADJUSTMENTS

(a) Potential Adjustment Events. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:

- (1) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
- (2) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

**“Potential Adjustment Event”** means any of the following: (i) a subdivision, consolidation or reclassification of relevant Shares (unless resulting in a Merger Event) or a free distribution or dividend of any such Shares to existing holders by way of bonus, capitalisation or similar issue, (ii) a distribution, issue or dividend to existing holders of the relevant Shares of (A) such Shares, (B) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, (C) share capital or other securities of another issuer acquired or owned (directly or indirectly) by the Share Company as a result of a spin-off or other similar transaction or (D) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other consideration) at less than the prevailing market price as determined by the Calculation Agent, (iii) an extraordinary dividend, (iv) a call by the Share Company in respect of relevant Shares that are not fully paid, (v) a repurchase by the Share Company or any of its subsidiaries of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise, (vi) with respect to the Share Company, an event that results in any shareholder rights being distributed or becoming separated from shares of common stock or other shares of the capital stock of the Share Company pursuant to a shareholder rights plan or arrangement directed against hostile takeovers that provides upon the occurrence of certain events for a distribution of preferred stock, warrants, debt instruments or stock rights at a price below their market value (as determined by the Calculation Agent) provided that any adjustment effected as a result of such an event shall be readjusted upon any redemption

of such rights or (vii) any other event that may have a diluting or concentrative effect on the theoretical value of the relevant Share.

- (b) Merger Event, Hedging Disruption, Nationalisation, Insolvency, Insolvency Filing or Delisting. If a Merger Event (A) which is a Reverse Merger or (B) under which the consideration for the relevant Shares consists (or, at the option of the holder of such Shares, will consist) solely of New Shares, occurs in relation to a Share Company, the Calculation Agent shall make such adjustments to the terms and conditions of the Securities as it determines appropriate to account for the economic effect on the Securities of such Merger Event (provided that the Issuer may, but need not, determine the adjustment by reference to the adjustment in respect of such event made by an options exchange to options on the Shares traded on that options exchange) and determine the effective date of that adjustment. If the Calculation Agent determines that, as a result of the application of this provision, the number of different Shares in the Basket is reduced, Share Substitution will apply. Share Substitution shall also apply where a Merger Event other than those as set out in (A) and/or (B) of this Product Condition 4(b) occurs.

If any of Hedging Disruption, Nationalisation, Insolvency, Insolvency Filing or De-listing occurs in relation to a Share Company, Share Substitution shall apply.

“**De-listing**” means the Exchange announces that, pursuant to the rules of the Exchange, the Shares cease (or will cease) to be listed, traded or publicly quoted on the Exchange for any reason (other than a Merger Event or Tender Offer) and are not immediately re-listed, re-traded or re-quoted on an exchange or quotation system located in the same country as the Exchange (or, where the Shares have been listed on an exchange or quotation system within the European Union, in any member state of the European Union).

“**Hedging Disruption**” means the inability of the Issuer to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the equity price risk of entering into and performing its obligations with respect to any Securities or (B) realise, recover or remit the proceeds of any such transaction or asset.

“**Insolvency**” means that by reason of the voluntary or involuntary liquidation, bankruptcy, insolvency, dissolution or winding-up of or any analogous proceeding affecting a Share Company (A) all the Shares of that Share Company are required to be transferred to a trustee, liquidator or other similar official or (B) holders of the Shares of that Share Company become legally prohibited from transferring them.

“**Insolvency Filing**” means (A) a Share Company institutes or has instituted against it by a regulator, supervisor or any similar official with primary insolvency, rehabilitative or regulatory jurisdiction over it in the jurisdiction of its incorporation or organisation or the

jurisdiction of its head or home office, (B) a Share Company consents to a proceeding seeking a judgement of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors' rights, (C) a petition is presented for the winding-up or liquidation of a Share Company by it or such regulator, supervisor or similar official or (D) a Share Company consents to such a petition, provided that proceedings instituted or petitions presented by creditors and not consented to by such Share Company shall not be deemed to be an Insolvency Filing.

**“Merger Date”** means the closing date of a Merger Event or, where a closing date cannot be determined under the local law applicable to such Merger Event, such other date as is determined by the Calculation Agent.

**“Merger Event”** means, in respect of any Shares of a Share Company (the **“Merger Company”**), any (i) reclassification or change of such Shares that results in a transfer of or an irrevocable commitment to transfer all of such Shares outstanding to another entity or person, (ii) consolidation, amalgamation, merger or binding share exchange of the Merger Company with or into another entity or person (other than a consolidation, amalgamation, merger or binding share exchange in which such Merger Company is the continuing entity and which does not result in a reclassification or change of all of such Shares outstanding), (iii) takeover offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person to purchase or otherwise obtain 100 per cent. of the outstanding Shares of the Merger Company that results in a transfer of or an irrevocable commitment to transfer all such Shares (other than such Shares owned or controlled by such other entity or person) or (iv) consolidation, amalgamation, merger or binding share exchange of the Merger Company or its subsidiary with or into another entity in which the Merger Company is the continuing entity and which does not result in a reclassification or change of all such Shares outstanding but results in the holders of the outstanding Shares (other than Shares owned or controlled by such other entity) immediately prior to such event collectively owning less than 50 per cent. of the outstanding Shares immediately following such event (a **“Reverse Merger”**), in each case if the Merger Date is on or before the final Valuation Date.

**“Nationalisation”** means that all the Shares of a Share Company or all or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity or instrumentality thereof.

**“New Share”** means ordinary or common shares, whether of the entity or person (other than the Merger Company) involved in the Merger Event or a third party that are, or that as of the Merger Date are promptly scheduled to be, (i) publicly quoted, traded or listed on an

exchange or quotation system located in the same country as the Exchange and (ii) not subject to any currency exchange controls, trading restrictions or other trading limitations.

“**Share Substitution**” means on or after the relevant Merger Date or the date of the Nationalisation, Insolvency or Delisting or the date of the Insolvency Filing or Hedging Disruption (as the case may be), the Calculation Agent will adjust the Basket to include a share selected by it in good faith in accordance with the criteria for share selection set out below (the “**Substitute Shares**”) in place of the Shares which are affected by the Merger Event, Nationalisation, Insolvency, Delisting, Insolvency Filing or Hedging Disruption, and the Substitute Shares and their respective issuers will be deemed “**Shares**” and a “**Share Company**”, respectively, and the Calculation Agent will adjust any relevant terms and conditions hereunder accordingly, provided that (for the avoidance of doubt) the Initial Reference Spot of each Substitute Share will be determined in accordance with the formula set out as below:

$$\text{Initial Reference Spot} = A \times (B / C)$$

Where:

“A” is the official closing price of the relevant Substitute Share on the Substitution Date;

“B” is the Initial Reference Spot of the relevant affected Share; and

“C” is the official closing price of the relevant affected Share on the Substitution Date.

In order to be selected as Substitute Shares, the relevant shares shall (if practicable as selected by the Calculation Agent on a best efforts basis) meet all or some of the following criteria:

1. a share which is not already comprised in the Basket;
2. a share which belongs to a similar economic sector as the affected Share; and
3. a share which is of comparable market capitalisation, international standing and exposure as the affected Share.

After selecting each Substitute Share, the Calculation Agent will, as soon as reasonably practicable, notify the Holders in accordance with General Condition 4 of the occurrence of the relevant events and the identity of each affected share and the relevant adjustment to the Basket will be deemed to be effective as of the date selected by the Calculation Agent in its absolute discretion acting in good faith and in a commercially reasonable manner and specified in such notice (the “**Substitution Date**”) which may, but need not, be the day upon which the relevant event occurred.

“**Tender Offer**” means a takeover offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person that results in such entity or person purchasing, or otherwise obtaining, by conversion or other means, greater than 10 per cent. and less than 100 per cent. of the outstanding voting shares of a Share Company, as determined by the Calculation Agent, based upon the making of filings with governmental or self-regulatory agencies or such other information as the Calculation Agent deems relevant.

- (c) In the event that any price quoted on the Exchange and which is utilised for any calculation or determination made hereunder is subsequently corrected and quoted or published by the Exchange within two Scheduled Trading Days of the previously published or quoted price, to the extent that the Calculation Agent is aware of the same, the Calculation Agent will take into account such correction when determining the relevant Coupon Amount and, to the extent necessary, the Calculation Agent will adjust the terms and conditions of the Securities to account for such correction.
- (d) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it consider it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt by it of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

#### 5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

- (a) **Global Form.** Except in the case of Securities issued in dematerialised form, the Securities will be issued in bearer form in the denomination of the Nominal Amount. The Securities are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.
- (b) **Dematerialised Form.** Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

### 3. RIGHTS AND PROCEDURES

- (a) Redemption on the Maturity Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed by the Issuer at the Cash Amount, such redemption to occur on the Maturity Date.
- (b) Issuer Call. If “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Issuer may redeem the Securities in whole, but not in part, on any Issuer Call Date at the Issuer Call Cash Amount by giving Holders at least the Issuer Call Notice Period notice of its intention to redeem the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4 and shall specify the Issuer Call Date.
- (c) Interest Amount. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction and is payable on each Interest Payment Date and the Issuer Call Date, as the case may be.
- (d) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date or the Issuer Call Date, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.
- (e) Method of Payment. Subject as provided below, where the Cash Amount, any Issuer Call Cash Amount or any Interest Amount is in a currency other than euro, such payment will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount, any Issuer Call Cash Amount or any Interest Amount is in euro, such payment will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.

- (f) Presentation and Surrender. If the Securities are in definitive form, payment of the Cash Amount, any Issuer Call Cash Amount and each (if any) Interest Amount will be made against surrender of the Security and each relative Coupon, respectively, by or on behalf of the Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount, any Issuer Call Cash Amount and each (if any) Interest Amount will be made against presentation and, in the case of payment of the Cash Amount or any Issuer Call Cash Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.
- (g) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if "Modified Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if "Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- (h) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount.
- (i) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any

circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

#### 4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

A “**Market Disruption Event**” means the situation in which an Underlying Rate is not available on the relevant Screen Page, in which case the relevant rate shall be determined by the Calculation Agent on the basis of quotations for the relevant rate, or such other related rate as the Calculation Agent shall in its sole and absolute discretion specify, provided by the Reference Banks at the Valuation Time for the relevant day. The Issuer will request the principal London office of each Reference Bank to provide a quotation of the relevant rate. The relevant rate will be the arithmetic mean of the quotations, eliminating the highest quotation (or in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest) if more than three quotations are provided. If it is not possible to obtain quotations of the relevant rate by at least three of the Reference Banks then the Calculation Agent will determine the relevant Underlying Rate at its sole and absolute discretion, which determination may be delayed for up to 180 days following the occurrence of an Emerging Market Disruption Event.

- (b) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determination. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

#### 5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

The Securities are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant

Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

### 3. RIGHTS AND PROCEDURES

- (a) Redemption on the Maturity Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed by the Issuer at the Cash Amount, such redemption to occur on the Maturity Date.
- (b) Issuer Call. If “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Issuer may redeem the Securities in whole, but not in part, on any Issuer Call Date at the Issuer Call Cash Amount by giving Holders at least the Issuer Call Notice Period notice of its intention to redeem the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4 and shall specify the Issuer Call Date.
- (c) Interest Amount. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction and is payable on each Interest Payment Date and the Issuer Call Date, as the case may be.
- (d) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall cease to accrue interest

from and including the due date for redemption. No interest shall accrue after the Maturity Date or the Issuer Call Date, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.

- (e) Method of Payment. Subject as provided below, where the Cash Amount, any Issuer Call Cash Amount or any Interest Amount is in a currency other than euro, such payment will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount, any Issuer Call Cash Amount or any Interest Amount is in euro, such payment will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (f) Presentation and Surrender. If the Securities are in definitive form, payment of the Cash Amount, any Issuer Call Cash Amount and each (if any) Interest Amount will be made against surrender of the Security and each relative Coupon, respectively, by or on behalf of the Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount, any Issuer Call Cash Amount and each (if any) Interest Amount will be made against presentation and, in the case of payment of the Cash Amount or any Issuer Call Cash Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.

- (g) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if "Modified Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if "Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- (h) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount.
- (i) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

- (c) Inconvertibility/non-transferrability. The occurrence of any event which (i) generally makes it impossible to convert the currencies in any one or more Exchange Rates through customary legal channels for conducting such conversion in the principal financial centre of an Underlying Currency or (ii) generally makes it impossible to deliver an Underlying Currency from accounts in the country of the principal financial centre of that Underlying Currency to accounts outside such jurisdiction or the Settlement Currency between accounts in such jurisdiction or to a party that is a non-resident of such jurisdiction; or
- (d) Nationalisation. The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

(b) **Dematerialised Form.** Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**”

means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

If “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Issuer may redeem the Securities in whole, but not in part, on any Issuer Call Date at the Issuer Call Cash Amount by giving Holders at least the Issuer Call Notice Period notice of its intention to redeem the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4 and shall specify the Issuer Call Date.
- (c) Interest Amount. If “Interest” is specified as being applicable in the definition of the relevant Series in the applicable Final Terms, in respect of each Interest Period, each Security shall bear interest at the Interest Rate. - (d) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall cease to accrue interest from and including the due date for redemption. Subject as provided below, where the Cash Amount, any Issuer Call Cash Amount or any Interest Amount is in a currency other than euro, such payment will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount, any Issuer Call Cash Amount or any Interest Amount is in euro, such payment will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security, payments will be made

through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.

- (f) **Presentation and Surrender.** If the Securities are in definitive form, payment of the Cash Amount, any Issuer Call Cash Amount and each (if any) Interest Amount will be made against surrender of the Security and each relative Coupon respectively, by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The purchase of Securities does not confer on any holder of such Securities any rights (whether in respect of voting, distributions or otherwise) attached to the Shares.

- (i) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

#### 4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

**“Market Disruption Event”** means:

- (i) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
  - (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or
  - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Shares on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (ii) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

(b) Potential Adjustment Events. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:

- (i) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
- (ii) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

**“Potential Adjustment Event”** means any of the following: (A) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event) or a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (B) a distribution or dividend to existing holders of the relevant Shares of (aa) such Shares, or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (C) an extraordinary dividend; (D) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (E) a call by the Share Company in respect of relevant Shares that are not fully paid; (F) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (G) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

(c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (i), (ii) or (iii) below:

- (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these

Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or

- (ii) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or
- (iii) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and action proposed to be taken in relation thereto.

**“De-listing”** means a Share for any reason ceases to be listed or is suspended from listing on the Exchange or any other exchange on which the Shares are listed (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

**“Merger Date”** means the date upon which all holders of the Shares of a Share Company (other than, in the case of a take-over offer, Shares owned or controlled by the offeror) have agreed or have irrevocably become obliged to transfer their Shares.

**“Merger Event”** means any (A) reclassification or change to the Shares of a Share Company that results in a transfer of or an irrevocable commitment to transfer all outstanding Shares of such Share Company; (B) consolidation, amalgamation or merger of a Share Company with or into another entity (other than a consolidation, amalgamation or merger in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares of a Share Company); or (C) other take-over offer for the Shares of a Share Company that results in a transfer of or an irrevocable commitment to transfer the Shares of a Share Company (other than any such Shares owned or controlled by the offeror), in each case if the Merger Date is on or before the Valuation Date.

**“Nationalisation”** means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

**“Insolvency”** means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company (A) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (B) holders of the Shares of that Share Company become legally prohibited from transferring them.

- (d) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the

Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

The Securities are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which

regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

### 3. RIGHTS AND PROCEDURES

- (a) Redemption on the Settlement Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed by the Issuer at the Cash Amount, such redemption to occur on the Settlement Date.
- (b) Issuer Call. If “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Issuer may redeem the Securities in whole, but not in part, on any Issuer Call Date at the Issuer Call Cash Amount by giving Holders at least the Issuer Call Notice Period notice of its intention to redeem the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4 and shall specify the Issuer Call Date.
- (c) Interest Amount. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- (d) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity

Date or the Issuer Call Date, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.

- (e) **Method of Payment.** Subject as provided below, where the Cash Amount, any Issuer Call Cash Amount or any Interest Amount is in a currency other than euro, such payment will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount, any Issuer Call Cash Amount or any Interest Amount is in euro, such payment will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (f) **Presentation and Surrender.** If the Securities are in definitive form, payment of the Cash Amount, any Issuer Call Cash Amount and each (if any) Interest Amount will be made against surrender of the Security and each relative Coupon (if applicable) respectively, by or on behalf of the Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount, any Issuer Call Cash Amount and each (if any) Interest Amount will be made against presentation and, in the case of payment of the Cash Amount or any Issuer Call Cash Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be prima facie evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.

- (g) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if "Modified Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if "Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- (h) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent, or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount.
- (i) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

#### 4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred. A "**Market Disruption Event**" means:
  - (i) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
    - (A) in the Certificates on the Exchange or any other exchange on which the Certificates are traded; or
    - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Certificates on any Related Exchange, if, in the determination of the Calculation Agent, such suspension or limitation is material; or

- (ii) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Potential Adjustment Events. Following a declaration by the issuer of the Certificates of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Certificates and, if so, will:
  - (i) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
  - (ii) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Certificates traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

**“Potential Adjustment Event”** means any event that may have a diluting or concentrative effect on the theoretical value of the Certificates.

- (c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

## 2. FORM

- (a) Global Form. Except in the case of Securities issued in dematerialised form, the Securities will be issued in bearer form in the denomination of the Nominal Amount. The Securities are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

### 3. RIGHTS AND PROCEDURES

- (a) Redemption on the Settlement Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed by the Issuer at the Cash Amount, such redemption to occur on the Settlement Date.
- (b) Issuer Call. If “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Issuer may redeem the Securities in whole, but not in part, on any Issuer Call Date at the Issuer Call Cash Amount by giving Holders at least the Issuer Call Notice Period notice of its intention to redeem the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4 and shall specify the Issuer Call Date.
- (c) Interest Amount. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- (d) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date or the Issuer Call Date, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.
- (e) Method of Payment. Subject as provided below, where the Cash Amount, any Issuer Call Cash Amount or any Interest Amount is in a currency other than euro, such payment will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on,

a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount, any Issuer Call Cash Amount or any Interest Amount is in euro, such payment will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.

- (f) **Presentation and Surrender.** If the Securities are in definitive form, payment of the Cash Amount, any Issuer Call Cash Amount and each (if any) Interest Amount will be made against surrender of the Security and each relative Coupon (if applicable) respectively, by or on behalf of the Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount, any Issuer Call Cash Amount and each (if any) Interest Amount will be made against presentation and, in the case of payment of the Cash Amount or any Issuer Call Cash Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.
- (g) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if "Modified Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if "Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment

Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.

- (h) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount.
- (i) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

#### 4. ADJUSTMENTS

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred. A “**Market Disruption Event**” means the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
  - (A) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or
  - (B) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements

in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

(b) Adjustments to Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2), (3) or (4) below.

(1) If any Index is (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the relevant Index, then (in either case) the relevant Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.

(2) If (A) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor makes a material change in the formula for or the method of calculating any Index or in any other way materially modifies an Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish any Index; then (in either case) the Calculation Agent shall determine the Final Reference Price using, in lieu of a published level for the relevant Index on the Valuation Date, the level for the relevant Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the relevant Index last in effect prior to the change or failure, but using only those securities that comprised the relevant Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or, in the case of a material modification of the Index only, shall deem such modified Index to be the Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.

(3) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the relevant Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the relevant Index as it considers appropriate in order to so account: (A) a distribution or

dividend to existing holders of (i) the Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related dividend date occurs during the period from but including the Issue Date up to and excluding the Valuation Date; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; and (H) any other similar event having a dilutive or concentrative effect on the theoretical value of the Shares.

- (4) The Issuer reserves the right to issue further Securities, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should, in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent either to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or to be required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.
- (c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the

Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

## 2. FORM

- (a) **Global Form.** Except in the case of Securities issued in dematerialised form, the Securities will be issued in bearer form in the denomination of the Nominal Amount. The Securities are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.
- (b) **Dematerialised Form.** Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system

of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

### 3. RIGHTS AND PROCEDURES

- (a) Redemption on the Settlement Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed by the Issuer at the Cash Amount, such redemption to occur on the Settlement Date.
- (b) Issuer Call. If “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Issuer may redeem the Securities in whole, but not in part, on any Issuer Call Date at the Issuer Call Cash Amount by giving Holders at least the Issuer Call Notice Period notice of its intention to redeem the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4 and shall specify the Issuer Call Date.
- (c) Interest Amount. If “Interest” is specified as being applicable in the definition of the relevant Series in the applicable Final Terms, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- (d) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date or the Issuer Call Date, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.
- (e) Method of Payment. Subject as provided below, where the Cash Amount, any Issuer Call Cash Amount or any Interest Amount is in a currency other than euro, such payment will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount, any Issuer Call Cash Amount or any Interest Amount is in euro, such payment will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing

Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.

- (f) **Presentation and Surrender.** If the Securities are in definitive form, payment of the Cash Amount, any Issuer Call Cash Amount and each (if any) Interest Amount will be made against surrender of the Security and each relative Coupon (if applicable) respectively, by or on behalf of the Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount, any Issuer Call Cash Amount and each (if any) Interest Amount will be made against presentation and, in the case of payment of the Cash Amount or any Issuer Call Cash Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.
- (g) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if "Modified Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if "Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- (h) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount.

- (i) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

#### 4. ADJUSTMENTS

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred. A “**Market Disruption Event**” means the occurrence or existence during the one hour period that ends at the official close of trading on any relevant exchanges of any suspension of or limitation imposed on trading in relation to the relevant Inflation Index or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchanges or otherwise):
  - (A) on any relevant exchanges(s) in securities that comprise 20 per cent or more of the level of the relevant Inflation Index if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Inflation Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Inflation Index shall be based on a comparison of (x) the portion of the level of the Inflation Index attributable to that security relative to (y) the overall level of the Inflation Index, in each case immediately before that suspension or limitation; or
  - (B) on any relevant exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Inflation Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.
- (b) Adjustments to Inflation Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2) or (3) below.

- (1) If any Inflation Index is (A) not calculated and announced in its usual way but is calculated and published in a different way but a in a way acceptable to the Calculation Agent; or (B) replaced by a successor inflation index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the relevant Inflation Index, then (in either case) the relevant Inflation Index will be deemed to be the inflation index so calculated and announced by that successor inflation index, as the case may be.
- (2) If (A) on or prior to the Interest Payment Date there is a material change in the formula for or the method of calculating any Inflation Index or in any other way an Inflation Index is materially modified (other than a modification prescribed in that formula or method to maintain the Inflation Index in the event of changes in constituent securities and other routine events); or (B) on the Interest Payment Date there is a failure to calculate and/or publish any Inflation Index; then (in either case) the Calculation Agent shall determine the Inflation Index Level using, in lieu of a published level for the relevant Inflation Index on the Interest Payment Date, the level for the relevant Inflation Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the relevant Inflation Index last in effect prior to the change or failure, but using only those securities that comprised the relevant Inflation Index immediately prior to the change or failure (other than those securities that have since ceased to be included in the Inflation Index) or, in the case of a material modification of the Inflation Index only, shall deem such modified Inflation Index to be the Inflation Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.
- (3) The Issuer reserves the right to issue further Securities, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should, in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent either to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or to be required to take account of provisions of the laws of the relevant jurisdiction or the practices of the relevant exchange.

- (c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

The Securities are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depository for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. - (a) Redemption on the Settlement Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed by the Issuer at the Cash Amount, such redemption to occur on the Settlement Date.
- (b) Interest Amount. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- (c) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date in the event that payment of any amount is postponed due to a Market Disruption Event.
- (d) Method of Payment. Subject as provided below, where the Cash Amount or any Interest Amount is in a currency other than euro, such payment will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount or any Interest Amount is in euro, such payment will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (e) Presentation and Surrender. If the Securities are in definitive form, payment of the Cash Amount and each (if any) Interest Amount will be made against surrender of the Security and each relative Coupon (if applicable) respectively, by or on behalf of the Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount and each (if any) Interest Amount will be made against presentation and, in the case of payment of the Cash Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by

it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount or any Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.

- (f) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if “Modified Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if “Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- (g) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount or any Interest Amount.
- (h) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

#### 4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred. A “**Market Disruption Event**” means the Index Sponsor fails to calculate and announce the level of the Index.
- (b) **Adjustments to Index.** The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2) or (3) below.

- (1) If the Index is (A) not calculated and announced in its usual way but is calculated and published in a different way but in a way acceptable to the Calculation Agent; or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the relevant Index, then (in either case) the relevant Index will be deemed to be the Index so calculated and announced by that successor index, as the case may be.
  - (2) If (A) on or prior to the Interest Payment Date there is a material change in the formula for or the method of calculating the Index or the Index Sponsor, in any other way, materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events) then the Calculation Agent shall (a) determine the Final Reference Price using, in lieu of a published level for the Index, the level for the Index as determined by the Calculation Agent acting in good faith and in a commercially reasonable manner or, (b) shall deem such modified Index to be the Index so calculated and announced or (c) shall terminate the Securities by giving notice in accordance with General Condition 4.
  - (3) The Issuer reserves the right to issue further Securities, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should, in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent either to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or to be required to take account of provisions of the laws of the relevant jurisdiction or the practices of the relevant exchange.
- (c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

## 2. FORM

- (a) Global Form. Except in the case of Securities issued in dematerialised form, the Securities will be issued in bearer form in the denomination of the Nominal Amount. The Securities are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

### 3. RIGHTS AND PROCEDURES

- (a) Redemption on the Settlement Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed by the Issuer at:
- (i) If an Early Redemption Event has not occurred, the Cash Amount; or
  - (ii) If an Early Redemption Event has occurred, the Early Redemption Amount, such redemption to occur on the Settlement Date.
- (b) Interest. The Securities bear no interest and no payment shall be made on account thereof.
- (c) Method of Payment. Subject as provided below, where the Cash Amount or the Early Redemption Amount is in a currency other than euro, such payment will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount or the Early Redemption Amount is in euro, such payment will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (d) Presentation and Surrender. If the Securities are in definitive form, payment of the Cash Amount or the Early Redemption Amount will be made against surrender of the Security by or on behalf of the Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount or the Early Redemption

Amount will be made against presentation and surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be prima facie evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payment of the Cash Amount or the Early Redemption Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.

- (e) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if "Modified Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if "Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- (f) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount or the Early Redemption Amount.
- (g) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

#### 4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred. A "**Market Disruption Event**" means the occurrence or existence on any Trading Day during the one hour period that ends at the

official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):

- (A) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or
  - (B) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.
- (b) Adjustments to Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2), (3) or (4) below.
- (1) If the Index is: (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
  - (2) If (A) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor makes a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on the Valuation Date the Index Sponsor or, if applicable the Successor Sponsor fails to calculate and/or

publish the Index; then (in either case) the Calculation Agent shall determine the Final Reference Price using, in lieu of a published level for the Index on the Valuation Date, the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or, in the case of a material modification of the Index only, shall deem such modified Index to be the Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.

- (3) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order to so account: (A) a distribution or dividend to existing holders of (i) the Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from but including the Issue Date up to and excluding the Valuation Date; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; and (H) any other similar event having a dilutive or concentrative effect on the theoretical value of the Shares.

- (4) The Issuer reserves the right to issue further Securities, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent either to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or to be required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.
- (c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

## 2. FORM

- (a) **Global Form.** Except in the case of Securities issued in dematerialised form, the Securities will be issued in bearer form in the denomination of the Nominal Amount. The Securities are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depository for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.
- (b) **Dematerialised Form.** Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

## 3. RIGHTS AND PROCEDURES

- (a) **Redemption on the Settlement Date.** Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed by the Issuer at:
- (i) If an Early Redemption Event has not occurred, the Cash Amount; or
  - (ii) If an Early Redemption Event has occurred, the Early Redemption Amount,
- such redemption to occur on the Settlement Date.
- (b) **Interest Amount.** If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall bear interest at the Interest

Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.

- (c) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date or after the Valuation Date in respect of which an Early Redemption Event occurs, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.
- (d) Method of Payment. Subject as provided below, where the Cash Amount, any Interest Amount or the Early Redemption Amount is in a currency other than euro, such payment will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount, any Interest Amount or the Early Redemption Amount is in euro, such payment will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (e) Presentation and Surrender. If the Securities are in definitive form, payment of the Cash Amount, any Interest Amount or the Early Redemption Amount will be made against surrender of the Security by or on behalf of the Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount, any Interest Amount or the Early Redemption Amount will be made against presentation and surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be prima facie evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payment of the Cash Amount, any Interest Amount or the Early Redemption Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a

Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.

- (f) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if "Modified Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if "Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- (g) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, any Interest Amount or the Early Redemption Amount.
- (h) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

#### 4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred. A "**Market Disruption Event**" means the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
  - (A) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or

limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or

- (B) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.
- (b) Adjustments to Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2), (3) or (4) below.
- (1) If the Index is: (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
  - (2) If (A) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor makes a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on the Valuation Date the Index Sponsor or, if applicable the Successor Sponsor fails to calculate and/or publish the Index; then (in either case) the Calculation Agent shall determine the Final Reference Price using, in lieu of a published level for the Index on the Valuation Date, the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or, in the case of a

material modification of the Index only, shall deem such modified Index to be the Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.

- (3) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order to so account: (A) a distribution or dividend to existing holders of (i) the Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from but including the Issue Date up to and excluding the Valuation Date; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; and (H) any other similar event having a dilutive or concentrative effect on the theoretical value of the Shares.
- (4) The Issuer reserves the right to issue further Securities, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent either to be appropriate generally

(without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or to be required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.

- (c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

#### 5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

The Securities are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which

regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

### 3. RIGHTS AND PROCEDURES

- (a) Redemption on the Settlement Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed by the Issuer at:
  - (i) If an Early Redemption Event has not occurred, the Cash Amount otherwise if Physical Settlement is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Share Amount; or
  - (ii) If an Early Redemption Event has occurred, the Early Redemption Amount, such redemption to occur on the Settlement Date.
- (b) Interest Amount. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- (c) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date or after the Valuation Date in respect of which an Early Redemption Event occurs, as

the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.

- (d) **Method of Payment.** Subject as provided below, where the Cash Amount, any Interest Amount or the Early Redemption Amount is in a currency other than euro, such payment will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount, any Interest Amount or the Early Redemption Amount is in euro, such payment will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (e) **Presentation and Surrender.** If the Securities are in definitive form, payment of the Cash Amount, any Interest Amount or the Early Redemption Amount will be made against surrender of the Security by or on behalf of the Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount, any Interest Amount or the Early Redemption Amount will be made against presentation and surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be prima facie evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payment of the Cash Amount, any Interest Amount or the Early Redemption Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.
- (f) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if "Modified Following" is specified in the definition of Business Day Convention for the relevant Series

in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if "Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.

- (g) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, Early Redemption Amount, any Interest Amount or the Share Amount, if applicable.

The purchase of Securities does not confer on any holder of such Securities any rights (whether in respect of voting, distributions or otherwise) attached to the Shares.

- (h) Notice. If Physical Settlement is specified as being "Applicable" in the definition of the relevant Series in the applicable Final Terms and the Securities are to be redeemed by delivery of the Share Amount then, in order to obtain delivery of the Share Amount the relevant Holder must deliver to the Agent (if the Securities are expressed to be in Definitive form) or the Clearing Agent, (if the Securities are expressed to be in Global form) in each case with a copy to the Principal Agent a notice (the "**Notice**") not later than close of business in the place of reception thereof on the Cut-Off Date. No Notice may be withdrawn after receipt of it by a Clearing Agent, Agent or Principal Agent. After delivery of a Notice, Securities which are the subject of such Notice may not be transferred.

The Notice shall:

- (1) specify the aggregate Nominal Amount of the Securities which are the subject of such Notice;
- (2) attach with the specified aggregate Nominal Amount of the Securities (if in Definitive form) or specify the number of the account with the Clearing Agent to be debited with such Securities (if in Global form) and instruct the Clearing Agent to debit such account on such date;
- (3) specify whether, if a Disruption Cash Settlement Price or any dividend is payable in a currency other than euro, it should be paid by or on behalf of the Issuer in the Settlement Currency (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) to an account maintained by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; or if such

amount is payable in euro, payments will be made by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque and in any case specify the number of the account and other relevant information or, as the case may be, the address for delivery of the cheque;

- (4) include an undertaking to pay all Expenses and an authority to debit the account with the Clearing Agent in respect thereof or, as the case may be, to debit the account referred to in paragraph (3) above or make a deduction from any cheque; and
  - (5) specify the Delivery Details.
- (i) Late Delivery of Notice. If Physical Settlement is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms and the Notice is delivered to the relevant Clearing Agent or the copy is delivered to the Principal Agent after the close of business in the place of receipt on the Cut-off Date, then the Share Amount will be delivered as soon as practicable after the Maturity Date (the date of delivery in relation to a Share Amount whether on or after the Maturity Date being for the purposes of the Conditions the “**Delivery Date**”) in the manner provided below. For the avoidance of doubt, no holder of Securities or any other person shall be entitled to any payment, whether of interest or otherwise, by reason of the Delivery Date for such Securities occurring after the Maturity Date due to such Notice (or the copy thereof) being delivered after close of business on the Cut-off Date as provided above. In the event that a Holder does not, in respect of a Security which is to be redeemed by delivery of the Share Amount, deliver or procure delivery of a Notice as set out above, prior to the date that is 30 calendar days after the Maturity Date, the Issuer shall have the right but not the obligation to sell the Shares comprised in the Share Amount in respect of such Security in the open market or otherwise at a price determined by the Issuer, in its sole discretion, to be the fair market value of the Shares, and shall hold the proceeds (the “**Realised Share Amount**”) for the account of the relevant Holder, until presentation of the relevant Notice. Upon payment of the Realised Share Amount as aforesaid, the Issuer’s obligations in respect of such Security shall be discharged.
- (j) Verification. If Physical Settlement is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, in respect of any Notice, the relevant Holder must provide evidence reasonably satisfactory to the Principal Agent of its holding of such Securities.
- (k) Delivery of the Share Amount. Subject as provided in the Conditions, if Physical Settlement is specified as being “Applicable” in the definition of the relevant Series in the applicable

Final Terms, the delivery of the Share Amount shall be made at the risk of the relevant Holder and shall be delivered and evidenced in such manner as the Issuer determines to be customary for the Shares or in such other commercially reasonable manner as the Issuer shall determine to be appropriate for such delivery. The Issuer shall be under no obligation to register or procure the registration of any Holder or any other person as the registered shareholder in respect of the Shares comprised in any Share Amount in the register of members of the Share Company. Where an amount equal to the value of the outstanding undelivered fraction of the Shares is payable but the Valuation Date for calculating such amount has been delayed due to a Market Disruption Event, then such amount will be payable three Business Days after the Valuation Date used for the purposes of calculating such amount.

- (l) **Determinations.** If Physical Settlement is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, failure properly to complete and deliver a Notice may result in such Notice being treated as null and void. Any determination as to whether any such Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form, or where applicable, which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void. If such Notice is subsequently corrected to the satisfaction of the Principal Agent it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent. The Principal Agent shall use its best efforts promptly to notify the Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.
- (m) **Intervening Period.** If Physical Settlement is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms and redemption of a Security is to be by delivery of the Share Amount, for such period of time after the Maturity Date as the Issuer or any person on behalf of the Issuer shall continue to be the legal owner of the Shares comprising the relevant Share Amount (the “**Intervening Period**”), neither the Issuer nor any other such person shall (i) be under any obligation to deliver or procure delivery to the relevant Holder or any subsequent beneficial owner of any document or payment whatsoever received by that person in its capacity as the holder of such Shares (ii) be under any obligation to exercise or procure exercise of any or all rights (including voting rights)

attaching to such Shares during the Intervening Period or (iii) be under any liability to the relevant Holder or any subsequent beneficial owner of such Shares or any other person in respect of any loss or damage which the relevant Holder or subsequent beneficial owner or any other person may sustain or suffers as a result, whether directly or indirectly, of the Issuer or any other such persons being the legal owner of such Shares during such Intervening Period.

- (n) Dividends. If Physical Settlement is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, any dividend in respect of any Share Amount to be delivered will be payable to the party, as determined by the Issuer, that would receive such dividend in accordance with market practice for a sale of the Shares executed on the Maturity Date and to be delivered in the same manner as such Share Amount. Any such dividend to be paid to a Holder shall be paid to the account specified in the relevant Notice.
- (o) Settlement Disruption. If Physical Settlement is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms and the Securities are to settle by delivery of the Share Amount and prior to delivery of the Share Amount in respect thereof in the opinion of the Calculation Agent, a Settlement Disruption Event is subsisting, then the Delivery Date for such Security shall be postponed to the first following Business Day on which no Settlement Disruption Event is subsisting. For so long as delivery of any Share Amount is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Security by payment of the Disruption Cash Settlement Price not later than on the third Business Day following the date that the notice of such election is given to the Holders in accordance with General Condition 4. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 that a Settlement Disruption Event has occurred. No Holder or any other person shall be entitled to any payment (including but not limited to interest) in respect of a Security in the event of any delay in the delivery of any Share Amount relating thereto due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer.
- (p) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

**“Market Disruption Event”** means:

- (1) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
  - (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or
  - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Shares on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (2) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) **Potential Adjustment Events.** Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:
- (1) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
  - (2) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

**“Potential Adjustment Event”** means any of the following: (A) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event) or a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (B) a distribution or dividend to existing holders of the relevant Shares of (aa) such Shares, or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (C) an extraordinary dividend; (D) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (E) a call by the Share Company in respect of relevant Shares that are not fully paid; (F) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (G) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

- (c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (1), (2) or (3) below:
- (1) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or

- (2) cancel the Securities by giving notice to Holders in accordance with General Condition 4. are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depository for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

### 3. RIGHTS AND PROCEDURES

- (a) Redemption on the Settlement Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed by the Issuer at:
  - (i) If an Early Redemption Event has not occurred, the Cash Amount; or
  - (ii) If an Early Redemption Event has occurred, the Early Redemption Amount,such redemption to occur on the Settlement Date.
- (b) Interest Amount. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.

- (c) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date or after the Valuation Date in respect of which an Early Redemption Event occurs, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.
- (d) Method of Payment. Subject as provided below, where the Cash Amount, any Interest Amount or the Early Redemption Amount is in a currency other than euro, such payment will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount, any Interest Amount or the Early Redemption Amount is in euro, such payment will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (e) Presentation and Surrender. If the Securities are in definitive form, payment of the Cash Amount, any Interest Amount or the Early Redemption Amount will be made against surrender of the Security by or on behalf of the Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount, any Interest Amount or the Early Redemption Amount will be made against presentation and surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be prima facie evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payment of the Cash Amount, any Interest Amount or the Early Redemption Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or

Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.

- (f) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if "Modified Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if "Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- (g) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, any Interest Amount or the Early Redemption Amount.
- (h) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

#### 4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

A "**Market Disruption Event**" means the situation in which the Reference Rate is not available on the Reference Rate Screen Page, in which case the relevant rate shall be determined by the Calculation Agent, on the basis of quotations for the relevant rate or such other related rate as the Calculation Agent shall in its sole and absolute discretion specify provided by the Reference Banks at the Valuation Time for the relevant Trading Day. The Issuer will request the principal London office of each of the Reference Banks to provide a quotation of the relevant rate. The relevant rate will be the arithmetic mean of the quotations, eliminating the highest quotation (or in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest) if more than three quotations are provided. If it is not possible to obtain quotations of the relevant rate by at least three of

the Reference Banks then the Calculation Agent will determine the Reference Rate at its sole and absolute discretion.

- (b) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determination. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

#### 5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

## 2. FORM

- (a) Global Form. Except in the case of Securities issued in dematerialised form, the Securities will be issued in bearer form in the denomination of the Nominal Amount. The Securities are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

### 3. RIGHTS AND PROCEDURES

- (a) Redemption on the Settlement Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed by the Issuer at the Cash Amount, such redemption to occur, subject as provided below, on the Settlement Date.
- (b) Issuer Call. If “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Issuer may redeem the Securities in whole, but not in part, on any Issuer Call Date at the Issuer Call Cash Amount by giving Holders at least the Issuer Call Notice Period notice of its intention to redeem the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4 and shall specify the Issuer Call Date.
- (c) Interest Amount. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, in respect of each Interest Period, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- (d) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date or the Issuer Call Date, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.
- (e) Method of Payment. Subject as provided below, where the Cash Amount, any Issuer Call Cash Amount or any Interest Amount is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident

account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount, any Issuer Call Cash Amount or any Interest Amount is in euro, such payments will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.

- (f) **Presentation and Surrender.** If the Securities are in definitive form, payment of the Cash Amount, any Issuer Call Cash Amount and each (if any) Interest Amount will be made against surrender of the Security and each relative Coupon (if applicable), respectively, by or on behalf of the Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount, any Issuer Call Cash Amount and each (if any) Interest Amount will be made against presentation and, in the case of payment of the Cash Amount or any Issuer Call Cash Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.
- (g) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if "Modified Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if "Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment

Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.

- (h) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount. The purchase of Securities does not confer on any holder of such Securities any rights (whether in respect of voting, distributions or otherwise) attached to the Shares.
- (i) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

#### 4. ADJUSTMENTS

- (a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

**“Market Disruption Event”** means:

- (1) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
  - (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or
  - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Shares on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (2) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Potential Adjustment Events. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:
- (1) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
  - (2) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

**“Potential Adjustment Event”** means any of the following: (A) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event) or a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (B) a distribution or dividend to existing holders of the relevant Shares of (aa) such Shares, or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (C) an extraordinary dividend; (D) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (E) a call by the Share Company in respect of relevant Shares that are not fully paid; (F) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (G) any other similar

event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

- (c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (1), (2) or (3) below:
- (1) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or
  - (2) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or
  - (3) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the

Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and the action proposed to be taken in relation thereto.

**“De-listing”** means a Share for any reason ceases to be listed or is suspended from listing on the Exchange (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

**“Merger Date”** means the date upon which all holders of the Shares of a Share Company (other than, in the case of a take-over offer, Shares owned or controlled by the offeror) have agreed or have irrevocably become obliged to transfer their Shares.

**“Merger Event”** means any (1) reclassification or change to the Shares of a Share Company that results in a transfer of or an irrevocable commitment to transfer all outstanding Shares of such Share Company; (2) consolidation, amalgamation or merger of a Share Company with or into another entity (other than a consolidation, amalgamation or merger in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares of a Share Company); or (3) other take-over offer for the Shares of a Share Company that results in a transfer of, or an irrevocable commitment to transfer, the Shares of a Share Company (other than any such Shares owned or controlled by the offeror), in each case if the Merger Date is on or before the Determination Date.

**“Nationalisation”** means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

**“Insolvency”** means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company, (1) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or

(2) holders of the Shares of that Share Company become legally prohibited from transferring them.

- (d) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

## 2. FORM

- (a) Global Form. Except in the case of Securities issued in dematerialised form, the Securities will be issued in bearer form in the denomination of the Nominal Amount. The Securities are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depository for one or more Clearing Agents and will be transferable only in accordance with applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular Nominal Amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the Nominal

Amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such Nominal Amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents solely in the bearer of the Global Security.

- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

### 3. RIGHTS AND PROCEDURES

- (a) Redemption on the Settlement Date. Unless previously exchanged, redeemed or purchased and cancelled and subject as provided by the Conditions and in the case of an Issuer Call (if applicable), each Security will be redeemed in respect of each Nominal Amount at:
- (i) the Cash Amount, on the Maturity Date;
  - (ii) by delivery of the Share Amount, in the event of there being an Optional Exchange Right;
  - (iii) if “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Issuer Call Cash Amount in the event of there being an Issuer Call and the Issuer Call Cash Amount Condition specified in the definition of the relevant Series in the applicable Final Terms is satisfied; or
  - (iv) if “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, by delivery of the Share Amount in the event of there being an Issuer Call and the Issuer Call Share Amount Condition specified in the definition of the relevant Series in the applicable Final Terms is satisfied,
- such redemption to occur, subject as provided below, on the Settlement Date.
- (b) Interest Amount. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, in respect of each Interest Period, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by

reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction and is payable on each Interest Payment Date. In respect of each Security, in the event that a Notice is delivered by the relevant Holder during an Interest Period then, in respect of that Interest Period and each subsequent Interest Period to the Maturity Date, no further Interest Amount shall be paid and any accrued unpaid Interest Amount shall be exchanged as provided in Product Condition 3(e).

- (c) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall cease to accrue interest (A) from and including the due date for redemption, or (B) if a Notice is delivered, from and including the last day of the immediately preceding Interest Period. No interest shall accrue after the Maturity Date or any earlier date, as the case may be, in the event that payment of any amount, or delivery of any Share Amount or payment of any fraction of a Share, is postponed due to the occurrence of a Settlement Disruption Event or a Market Disruption Event. Further, no Interest Amount will be paid in respect of the Interest Period in which the Exchange Date or, if applicable, the Issuer Call Date falls.
- (d) Issuer Call. If “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Issuer may terminate the Securities, in whole or in part, on any Business Day by giving Holders at least the Issuer Call Notice Period notice of its intention to terminate the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4 and shall specify the Issuer Call Date.
- (e) Optional Exchange Right. Subject to an Issuer Call (if applicable), the Holder is entitled to exercise the Optional Exchange Right on any Business Day during the Exchange Period by giving at least the Optional Exchange Right Notice Period notice and by delivery of a valid Notice by the Exchange Time in accordance with Product Condition 3(j) at the specified office of any Agent. Upon any such valid exchange, the right of the relevant Holder to receive the Cash Amount and any Interest Amount not yet paid shall be extinguished and in consideration and exchange thereof the Issuer shall, except as otherwise provided in these Conditions, deliver the Share Amount on the Settlement Date.

In the event that the Holder does not hold an account with the Exchange on the Settlement Date, the Issuer shall use reasonable endeavours to sell the Share Amount on behalf of the Holder and pay the resultant proceeds of sale less Expenses to the Holder in such manner as it shall determine in its sole discretion.

- (f) **Method of Payment.** Subject as provided below, where the Cash Amount, the Issuer Call Cash Amount or any Interest Amount is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount, the Issuer Call Cash Amount or any Interest Amount is in euro, such payments will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by a Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (g) **Presentation and Surrender.** If the Securities are in definitive form, payment of the Cash Amount, any Issuer Call Amount and each (if any) Interest Amount will be made against surrender of the Security and each relative Coupon (if applicable), respectively, by or on behalf of the Holder at the specified office of the Principal Agent. If the Securities are represented by a Global Security, payment of the Cash Amount, any Issuer Call Cash Amount and each (if any) Interest Amount will be made against presentation and, in the case of payment of the Cash Amount or any Issuer Call Cash Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount, any Issuer Call Amount or any Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.
- (h) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if "Modified Following" is specified in the definition of Business Day Convention for the relevant Series

in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if "Following" is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.

- (i) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, any Issuer Call Amount, any Interest Amount, the Share Amount or the Disruption Cash Settlement Price. The purchase of Securities does not confer on any holder of such Securities any rights (whether in respect of voting, distributions or otherwise) attached to the Shares.
- (j) **Notice.** Pursuant to Condition 3(e), to exercise the Optional Exchange Right, the relevant Holder must deliver to the Clearing Agent with a copy to the Principal Agent, a notice in the form obtainable from the Agents (the "**Notice**"). No Notice may be withdrawn after receipt of it by a Clearing Agent or the Principal Agent. After delivery of a Notice, Securities which are the subject of such Notice may not be transferred.

The Notice shall:

- (1) be dated and shall specify the aggregate Nominal Amount of the Securities which are the subject of such Notice;
- (2) specify the number of the account with the Clearing Agent to be debited with such Securities and instruct the Clearing Agent to debit such account on such date;
- (3) specify the number of the account with the Clearing Agent to be credited with any Disruption Cash Settlement Price;
- (4) certify that neither the person delivering the Notice nor any person on whose behalf the Notice is being delivered is a U.S. person or a person within the United States. As used herein, "**U.S. person**" means (A) an individual who is a resident or a citizen of the United States; (B) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (C) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (D) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (E) a

pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (B) above; (F) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (A) to (E) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the United States Commodity Futures Trading Commission's regulations by virtue of its participants being non-U.S. persons; or (G) any other "U.S. person" as such term may be defined in Regulation S under the United States Securities Act of 1933, as amended, or in regulations adopted under the United States Commodity Exchange Act;

- (5) include an undertaking to pay all Expenses and an irrevocable authority to the Clearing Agent to debit a specified account with the Clearing Agent in respect thereof or, as the case may be, to make a deduction from any amount payable; and
  - (6) specify the Delivery Details.
- (k) Late Delivery of Notice. Any Notice to exercise the Optional Exchange Right delivered after the Exchange Time in the place of receipt on any Trading Day during the Exchange Period or on a day which is not a Trading Day will be deemed exercised on the following Trading Day during the Exchange Period. Any Notice delivered outside the Exchange Period shall be null and void. For the avoidance of doubt, no holder of Securities or any other person shall be entitled to any payment, whether of interest or otherwise, by reason of such Notice (or the copy thereof) being delivered late.
- (l) Verification. In respect of any Notice, the relevant Holder must provide evidence reasonably satisfactory to the Principal Agent of its holding of such Securities.
- (m) Delivery of the Share Amount. Subject as provided in the Conditions, the delivery of the Share Amount shall be made at the risk of the relevant Holder and shall be delivered and evidenced in such manner as the Issuer determines to be customary for the Share or in such other commercially reasonable manner as the Issuer shall determine to be appropriate for such delivery. The Issuer shall be under no obligation to register or procure the registration of any Holder or any other person as the registered holder in respect of the Shares comprised in any Share Amount in the register of members of the Share Company.
- (n) Determinations. Failure properly to complete and deliver a Notice may result in such Notice being treated as null and void. Any determination as to whether any such Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form or, where applicable, which is

not copied to the Principal Agent immediately after being delivered to a Clearing Agent as provided in the Conditions shall be void. If such Notice is subsequently corrected to the satisfaction of the Principal Agent it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent. The Principal Agent shall use its best efforts promptly to notify the Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (o) **Intervening Period.** If redemption of a Security is to be by delivery of the Share Amount, for such period of time after the Maturity Date as the Issuer or any person on behalf of the Issuer shall continue to be the legal owner of the Share comprising the relevant Share Amount (the “**Intervening Period**”), neither the Issuer nor any other such person shall (i) be under any obligation to deliver or procure delivery to the relevant Holder or any subsequent beneficial owner of any document or payment whatsoever received by that person in its capacity as the holder of such Share, (ii) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to such Shares during the Intervening Period or (iii) be under any liability to the relevant Holder or any subsequent beneficial owner of such Share or any other person in respect of any loss or damage which the relevant Holder or subsequent beneficial owner or any other person may sustain or suffers as a result, whether directly or indirectly, of the Issuer or any other such persons being the legal owner of such Share during such Intervening Period.
- (p) **Dividends.** Any dividend in respect of any Share Amount to be delivered will be payable to the party that would receive such dividend according to market practice for a sale of the Shares executed on the Exchange Date or Issuer Call Date, as applicable, and to be delivered in the same manner as such Share Amount. Any such dividend to be paid to a Holder shall be paid to the account specified in the relevant Notice.
- (q) **Settlement Disruption.** If the Securities are to settle by delivery of the Share Amount and prior to the delivery of the Share Amount in respect thereof, in the opinion of the Calculation Agent, a Settlement Disruption Event is subsisting, then the delivery date for such Security shall be postponed to the first following Business Day on which no Settlement Disruption Event is subsisting. For so long as delivery of any Share Amount is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Security by payment of the Disruption Cash Settlement Price not later than on the third Business Day following the date that the notice of

such election is given to the Holders in accordance with General Condition 4. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 that a Settlement Disruption Event has occurred. No Holder or any other person shall be entitled to any payment (including but not limited to interest) in respect of a Security in the event of any delay in the delivery of any Share Amount relating thereto due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer.

- (r) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

#### 4. ADJUSTMENTS

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

**“Market Disruption Event”** means:

- (1) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
  - (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or
  - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Share on any Related Exchange, if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (2) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading

imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Potential Adjustment Events. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:
- (1) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
  - (2) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

- (c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (1), (2) or (3) below:
- (1) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or
  - (2) cancel the Securities by giving notice to Holders in accordance with General Condition 4. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or
  - (3) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents

(if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and action proposed to be taken in relation thereto.

**“Nationalisation”** means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

**“Insolvency”** means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company, (1) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (2) holders of the Shares of that Share Company become legally prohibited from transferring them.

- (d) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular Nominal Amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the Nominal Amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such Nominal Amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents solely in the bearer of the Global Security.
- (b) **Dematerialised Form.** Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

## 3. RIGHTS AND PROCEDURES

- (a) **Redemption on the Settlement Date.** Unless previously exchanged, redeemed or purchased and cancelled and subject as provided by the Conditions and in the case of an Issuer Call (if applicable), each Security will be redeemed in respect of each Nominal Amount at:

The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction and is payable on each Interest Payment Date. In respect of each Security, in the event that a Notice is delivered by the relevant Holder during an Interest Period then, in respect of that Interest Period and each subsequent Interest Period to the Maturity Date, no further Interest Amount shall be paid.
- (c) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall cease to accrue interest from and including (A) from and including the due date for redemption or (B) if a Notice is delivered, from and including the last day of the immediately preceding Interest Period. No interest shall accrue after the Maturity Date or any earlier date, as the case may be, in the event that payment of any amount is postponed due to the occurrence of a Market Disruption Event. Further, no Interest Amount will be paid in respect of the Interest Period in which the Early Termination Date or, if applicable, the Issuer Call Date falls.
- (d) Issuer Call. If “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Issuer may terminate the Securities, in whole or in part, on any Business Day by giving Holders at least the Issuer Call Notice Period notice of its intention to terminate the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4 and shall specify the Issuer Call Date.
- (e) Holder Early Termination. Subject to an Issuer Call (if applicable), the Holder may terminate the Securities held by it in whole or in part at any time on any Trading Day during the Exchange Period by giving at least the Optional Exchange Right Notice Period notice and delivery of a valid Notice by the Conversion Time in accordance with Product Condition 3(j) at the specified office of any Agent. Upon any such Holder Early Termination, the right of the Holder to receive the Cash Amount and any Interest Amount not yet paid shall be extinguished and the Issuer shall, except as otherwise provided in these Conditions, deliver the Conversion Amount on the Settlement Date.

- (f) Method of Payment. Subject as provided below, where the Cash Amount, the Conversion Amount, the Issuer Call Cash Amount or any Interest Amount is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount, the Conversion Amount, the Issuer Call Cash Amount or any Interest Amount is in euro, such payments will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by a Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (g) Presentation and Surrender. If the Securities are in definitive form, payment of the Cash Amount, the Conversion Amount, any Issuer Call Amount and each (if any) Interest Amount will be made against surrender of the Security and each relative Coupon (if applicable), respectively, by or on behalf of the Holder at the specified office of the Principal Agent. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount, the Conversion Amount, any Issuer Call Amount or any Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.
- (h) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if “Modified

Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if “ Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.

- (j) Notice. Pursuant to Condition 3(e), to effect a Holder Early Termination, the relevant Holder must deliver to the Clearing Agent with a copy to the Principal Agent, a notice in the form obtainable from the Agents (the “**Notice**”). No Notice may be withdrawn after receipt of it by a Clearing Agent or the Principal Agent. After delivery of a Notice, Securities which are the subject of such Notice may not be transferred.

The Notice shall:

- (1) be dated and shall specify the aggregate Nominal Amount of the Securities which are the subject of such Notice;
- (2) specify the number of the account with the Clearing Agent to be debited with such Securities and instruct the Clearing Agent to debit such account on such date;
- (3) specify the number of the account with the Clearing Agent to be credited with the Conversion Amount of such Securities;
- (4) certify that neither the person delivering the Notice nor any person on whose behalf the Notice is being delivered is a U.S. person or a person within the United States. - (l) Verification. In respect of any Notice, the relevant Holder must provide evidence reasonably satisfactory to the Principal Agent of its holding of such Securities.

In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

#### 4. ADJUSTMENTS

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

**“Market Disruption Event”** means:

- (1) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
  - (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or
  - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Share on any Related Exchange, if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (2) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Potential Adjustment Events. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:

- (1) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
- (2) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

**“Potential Adjustment Event”** means any of the following: (A) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event), or, a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (B) a distribution or dividend to existing holders of the relevant Shares of (aa) such Shares, or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (C) an extraordinary dividend; (D) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (E) a call by the Share Company in respect of relevant Shares that are not fully paid; (F) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (G) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

- (c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (1), (2) or (3) below:
  - (1) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event,

Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or

- (2) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or
- (3) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and action proposed to be taken in relation thereto.

**“De-listing”** means a Share for any reason ceases to be listed or is suspended from listing on the Exchange (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

**“Merger Date”** means the date upon which all holders of the Shares of a Share Company (other than, in the case of a take-over offer, Shares owned or controlled by the offeror) have agreed or have irrevocably become obliged to transfer their Shares.

**“Merger Event”** means any (1) reclassification or change to the Shares of a Share Company that results in a transfer of or an irrevocable commitment to transfer all outstanding Shares of such Share Company; (2) consolidation, amalgamation or merger of a Share Company with or into another entity (other than a consolidation, amalgamation or merger in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares of a Share Company); or (3) other take-over offer for the Shares of a Share Company that results in a transfer of, or an irrevocable commitment to transfer, the Shares of a Share Company (other than any such Shares owned or controlled by the offeror), in each case if the Merger Date is on or before the Valuation Date.

**“Nationalisation”** means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

**“Insolvency”** means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company, (1) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (2) holders of the Shares of that Share Company become legally prohibited from transferring them.

- (d) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute “significant new factors” and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall cease to accrue interest (A) from and including the due date for redemption or (B) if a Notice is delivered, from and including the last day of the immediately preceding Interest Period. No interest shall accrue after the Maturity Date or any earlier date, as the case may be, in the event that payment of any amount is postponed due to the occurrence of a Market Disruption Event. Further, no Interest Amount will be paid in respect of the Interest Period in which the Early Termination Date or, if applicable, the Issuer Call Date falls.
- (d) Issuer Call. If “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Issuer may terminate the Securities, in whole or in part, on any Business Day by giving Holders at least the Issuer Call Notice Period notice of its intention to terminate the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4 and shall specify the Issuer Call Date.

- (e) **Holder Early Termination.** Subject to an Issuer Call (if applicable) and pursuant to Condition 3(j), the Holder may terminate the Securities held by it in whole or in part at any time on any Trading Day during the Exchange Period by giving at least the Optional Exchange Right Notice Period notice and delivery of a valid Notice by the Conversion Time in accordance with Product Condition 3(j) at the specified office of any Agent. Upon any such Holder Early Termination, the right of the Holder to receive the Cash Amount and any Interest Amount not yet paid shall be extinguished and the Issuer shall, except as otherwise provided in these Conditions, deliver the Conversion Amount on the Settlement Date.
- (f) **Method of Payment.** Subject as provided below, where the Cash Amount, the Conversion Amount, the Issuer Call Cash Amount or any Interest Amount is in a currency other than euro, such payments will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount, the Conversion Amount, the Issuer Call Cash Amount or any Interest Amount is in euro, such payments will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by a Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (g) **Presentation and Surrender.** If the Securities are in definitive form, payment of the Cash Amount, the Conversion Amount, any Issuer Call Amount and each (if any) Interest Amount will be made against surrender of the Security and each relative Coupon (if applicable), respectively, by or on behalf of the Holder at the specified office of the Principal Agent. If the Securities are represented by a Global Security, payment of the Cash Amount, the Conversion Amount, any Issuer Call Cash Amount and each (if any) Interest Amount will be made against presentation and, in the case of payment of the Cash Amount the Conversion Amount or any Issuer Call Cash Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount, the Conversion Amount, any Issuer Call Amount or any Interest Amount and

the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security or (in the case of a global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.

- (h) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if “Modified Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if “Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- (i) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, the Conversion Amount, the Issuer Call Cash Amount or any Interest Amount.
- (j) **Notice.** Pursuant to Product Condition 3(e), to effect a Holder Early Termination, the relevant Holder must deliver to the Clearing Agent with a copy to the Principal Agent, a notice in the form obtainable from the Agents (the “**Notice**”). No Notice may be withdrawn after receipt of it by a Clearing Agent or the Principal Agent. After delivery of a Notice, Securities which are the subject of such Notice may not be transferred.

The Notice shall:

- (1) be dated and shall specify the aggregate Nominal Amount of the Securities which are the subject of such Notice;
- (2) specify the number of the account with the Clearing Agent to be debited with such Securities and instruct the Clearing Agent to debit such account on such date;
- (3) specify the number of the account with the Clearing Agent to be credited with the Conversion Amount of such Securities;
- (4) certify that neither the person delivering the Notice nor any person on whose behalf the Notice is being delivered is a U.S. person or a person within the United States. As used herein, “**U.S. person**” means (A) an individual who is a resident or a citizen

of the United States; (B) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (C) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (D) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (E) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (B) above; (F) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (A) to (E) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the United States Commodity Futures Trading Commission's regulations by virtue of its participants being non-U.S. persons; or (G) any other "U.S. person" as such term may be defined in Regulation S under the United States Securities Act of 1933, as amended, or in regulations adopted under the United States Commodity Exchange Act; and

- (5) include an undertaking to pay all Expenses and irrevocable authority to the Clearing Agent to debit a specified account with the Clearing Agent in respect thereof or, as the case may be, to make a deduction from any amount payable.
- (k) Late Delivery of Notice. Any Notice to effect a Holder Early Termination delivered after the Conversion Time in the place of receipt on any Trading Day during the Exchange Period or on a day which is not a Trading Day will be deemed exercised on the following Trading Day during the Exchange Period. Any Notice delivered outside the Exchange Period shall be null and void. For the avoidance of doubt, no holder of Securities or any other period shall be entitled to any payment, whether of interest or otherwise, by reason of such Notice (or the copy thereof) being delivered late.
- (l) Verification. In respect of any Notice, the relevant Holder must provide evidence reasonably satisfactory to the Principal Agent of its holding of such Securities.
- (m) Determinations. Failure properly to complete and deliver a Notice may result in such Notice being treated as null and void. Any determination as to whether any such Notice has been properly completed and delivered shall be made by the Principal Agent and shall be conclusive and binding on the Issuer and the relevant Holder. Subject as set out below, any Notice so determined to be incomplete or not in proper form or, where applicable, which is not copied to the Principal Agent immediately after being delivered to a Clearing Agent as

provided in the Conditions shall be void. If such Notice is subsequently corrected to the satisfaction of the Principal Agent it shall be deemed to be a new Notice submitted at the time such correction is delivered to such Clearing Agent and copied to the Principal Agent. The Principal Agent shall use its best efforts promptly to notify the Holder if it has determined that a Notice is incomplete or not in proper form. In the absence of gross negligence or wilful misconduct on its part, neither the Issuer nor the Principal Agent shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

- (n) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

#### 4. ADJUSTMENTS

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred. “**Market Disruption Event**” means (i) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located or (ii) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on any Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
  - (A) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or
  - (B) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the

hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Adjustments to Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2), (3) or (4) below:
- (1) If the Index is (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
  - (2) If (A) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor makes a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish the Index, then (in either case) the Calculation Agent shall determine the Final Index Level using, in lieu of a published level for the Index on the Valuation Date, the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or, in the case of a material modification of the Index only, shall deem such modified Index to be the Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.
  - (3) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the Index in order

to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order to so account: (A) a distribution or dividend to existing holders of the Shares of (i) Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from but including the Issue Date up to and excluding the Valuation Date; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; and (H) any other similar event having dilutive or concentrative effect on the theoretical value of the Shares.

- (4) The Issuer reserves the right to issue further Securities, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should, in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent either to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or to be required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.

- (c) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute “significant new factors” and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

“**Underlying Rate**” means each rate, if any, specified as such in the definition of the relevant Series in the applicable Final Terms, as determined by the Calculation Agent by reference to the Screen Page (if any) unless in the determination of the Calculation Agent, a Market Disruption Event has occurred, in which case the underlying rate shall be calculated in accordance with Product Condition 4;

“**Valuation Date**” means the date or dates specified as such in the definition of the relevant Series in the applicable Final Terms unless, in the determination of the Calculation Agent, a Disruption Event has occurred on that day with respect to any Reference Asset, in which case the Valuation Date shall be the first succeeding Trading Day on which the Calculation Agent determines that there is no Disruption Event, unless the Calculation Agent determines that there is a Disruption Event occurring on each of the Relevant Number

of Trading Days immediately following the original date which (but for the Disruption Event) would have been a Valuation Date. In that case (a) the last day of the Relevant Number of Trading Days shall be deemed to be the Valuation Date (regardless of the Disruption Event); and (b) the Calculation Agent shall determine the Cash Amount having regard to the then prevailing market conditions, the last reported trading price of the Reference Asset and such other factors as the Calculation Agent determines to be relevant;

“**Valuation Time**” means, in relation to the Underlying Rate, at or around the time specified as such in the definition of the relevant Series in the applicable Final Terms or such other time as the Issuer may select in its absolute discretion and notify to Holders in accordance with General Condition 4; and

“**Weight**” means, unless for the relevant Series “Basket” is specified in the applicable Final Terms as being “Not Applicable”, for each Reference Asset, the percentage specified as such in the definition of Basket of the relevant Series in the applicable Final Terms, subject to adjustment in accordance with Product Condition 4.

Terms in capitals which are not defined in these Product Conditions shall have the meanings ascribed to them in the General Conditions.

## 2. FORM

- (a) Global Form. Except in the case of Securities issued in dematerialised form, the Securities will be issued in bearer form in the denomination of the Nominal Amount. The Securities are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

### 3. RIGHTS AND PROCEDURES

- (a) Redemption on the Settlement Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed by the Issuer at the Cash Amount, such redemption to occur on the Settlement Date.
- (b) Issuer Call. If “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Issuer may redeem the Securities in whole, but not in part, on any Issuer Call Date at the Issuer Call Cash Amount by giving Holders at least the Issuer Call Notice Period notice of its intention to redeem the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4 and shall specify the Issuer Call Date.
- (c) Interest Amount. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- (d) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date or the Issuer Call Date, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.
- (e) Method of Payment. Subject as provided below, where the Cash Amount, any Issuer Call Cash Amount or any Interest Amount is in a currency other than euro, such payment will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on,

a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount, any Issuer Call Cash Amount or any Interest Amount is in euro, such payment will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.

- (f) **Presentation and Surrender.** If the Securities are in definitive form, payment of the Cash Amount, any Issuer Call Cash Amount and each (if any) Interest Amount will be made against surrender of the Security and each relative Coupon (if applicable) respectively, by or on behalf of the Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount, any Issuer Call Cash Amount and each (if any) Interest Amount will be made against presentation and, in the case of payment of the Cash Amount or any Issuer Call Cash Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.
- (g) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if “Modified Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if “Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment

Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.

- (h) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount.
- (i) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

(4) ADJUSTMENTS

- (a) Disruption Event. Following a Disruption Event, the Calculation Agent will determine the effect of such Disruption Event and shall as soon as reasonably practicable under the circumstances notify the Issuer of such occurrence. The Calculation Agent will account for such occurrence as it sees fit which may include but is not limited to delaying calculation of the Cash Amount, the Issuer Call Cash Amount or any Interest Amount or making the appropriate adjustment to the calculation of the Cash Amount or any Interest Amount, all in the determination of the Calculation Agent.

**“Disruption Event”** means:

- (i) the Reference Asset and/or its fund manager ceases for any reason whatsoever to provide, publish or make available its NAV for a day which the fund manager normally provides, publishes or makes available the NAV; or

- (v) a Fund Adjustment Event; or
- (vi) a Market Disruption Event; or

- (vii) an Index Adjustment Event; or
  - (viii) an Additional Disruption Event.

Such adjustment may include but is not limited to the postponement of the calculation of the Cash Amount, the Issuer Call Cash Amount or any Interest Amount or the exclusion or replacement of the Reference Asset to account for such event and determine the effective date of that adjustment.

**“Fund Adjustment Event”** means:

- (i) a Reference Asset’s investment objectives and/or investment restrictions (including without limitation a change to the days on which transactions in the Reference Asset can take place) as set out in the Reference Asset’s constitutive documents which are in force as at the Issue Date are, in the determination of the Calculation Agent, materially changed, not complied with or the method of calculating the NAV of a share of the Reference Asset is materially changed; or
- (ii) the withdrawal, suspension, cancellation or modification of any license, consent, permit, authorisation or clearance required for the Reference Asset or its fund manager to carry-out their activities as they are or should be carried out in accordance with the constitutive documents for such Reference Asset as of the Issue Date; or

- (iv) a Reference Asset is liquidated, dissolved or otherwise ceases to exist or it or its fund manager is subject to a proceeding under any applicable bankruptcy, insolvency or other similar law or the Reference Asset is subject to any fraud; or
- (v) the change of control or of management of a Reference Asset or of the fund manager; or
- (vi) any dealing restrictions (and/or amendments to relevant documentation) related to a Reference Asset and/or transactions by its relevant fund manager, affiliate, agent or intermediary platform through which the Calculation Agent may contract (via a

trading agreement or other ancillary document) in order to carry out such transactions; or

- (vii) the imposition of, change in, or removal of, an excise, severance, sales, use, value-added, transfer, stamp, documentary, recording or similar tax on, or measured by reference to, the Reference Asset (other than a tax on, or measured by reference to, overall gross or net income) by any government or taxation authority after the Issue Date, if the direct effect of such imposition, change or removal is to raise or lower the price of the Reference Asset on any Trading Day used for calculating the Cash Amount, the Issuer Call Cash Amount or Interest Amount and/or on each of the three Trading Days following such date from what it would have been without that imposition, change or removal; or
- (viii) any event (including, but not limited to, a split in the shares of the Reference Asset (the “**Shares**”), the creation of one or more categories of Shares, a re-denomination of the Shares, a change in the method of calculation of the NAV, any change in the rights and/or obligations in respect of any Shares) affecting the Shares and which, in the reasonable determination of the Calculation Agent, will or would have an adverse effect on determination or calculation of the Cash Amount, the Issuer Call Cash Amount or Interest Amount; or
- (ix) any litigation, judicial or other action commenced or threatening to be commenced against the Reference Asset or the fund manager which, in the reasonable determination of the Calculation Agent, would have an adverse material effect on the Reference Asset or would lead the fund manager to be in breach of its obligations under the Reference Asset or make it impossible or impracticable for the fund manager to perform its obligations in respect of the Reference Asset; or
- (x) any other event, whether similar or not to any of the above: (A) which could make it impracticable or impossible for the Calculation Agent to perform its obligations in relation to the Securities and/or hedge its obligations hereunder or unwind a hedge of its obligations hereunder and/or carry out any and all transactions in respect of the Reference Asset for the purpose of the Securities; (B) where the Calculation Agent is unable to acquire or dispose of Shares of a Reference Asset; (C) where there is any default in payment(s) for any amounts owing to the Calculation Agent for the redemption of Shares by the fund manager or any party responsible for making payments in respect of redemptions.

- (c) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

**“Market Disruption Event”** means

- (i) In respect of the Index, the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading in (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
- (A) on any Exchange(s) in securities that comprise 20 per cent. or more of the level of the relevant Index, if in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or
- (B) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index.

In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (ii) In respect of the Strategy:
- (A) **Price Source Disruption.** The failure by the Index Sponsor to announce or publish the price for the relevant Strategy Component (or the information necessary for determining such price), or the temporary or permanent discontinuance or unavailability of such price by the Index Sponsor; or
- (B) **Trading Suspension.** The material suspension of trading on any Exchange or any Related Exchange; or

- (C) Disappearance of Price. The failure of trading to commence, or the permanent discontinuation of trading of each relevant Strategy Component on the relevant Exchange; or

  - (E) Material Change in Content. The occurrence, since the Issue Date, of a material change in the content, composition of each Strategy Component; or
  - (F) De Minimis Trading. The number of contracts traded on the relevant Exchange with respect to each Strategy Component is such that the Issuer declares that its ability to enter into hedging transactions with respect to the relevant Strategy Component has been impaired due to a lack of, or, a material reduction in, trading in the relevant Strategy Component on the relevant Exchange; or
  - (G) Tax Disruption. The imposition of, change in, or removal of an excise, severance, sales, use, value-added, transfer, stamp, documentary, recording or similar tax on, or measured by reference to, the relevant Strategy Component (other than a tax on, or measured by reference to, overall gross or net income) by any government or taxation authority after the Issue Date, if the direct effect of such imposition, change or removal is to raise or lower the price of the relevant Strategy Component on the Valuation Date and/or on each of the three Trading Days following the Valuation Date from what it would have been without that imposition, change or removal; or
  - (H) Trading Limitation. The material limitation imposed on trading in the relevant Strategy Component with respect to it or any contract with respect thereto on any exchange or principal trading market; or
  - (I) Any other event similar to any of the above, which could make it impracticable or impossible for the Issuer to perform its obligations in relation to the Securities.
- (d) Index Adjustment Event. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (i), (ii), (iii) or (iv) below:

- (i) If the Index is: (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Index, then (in either case) the Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
- (ii) If: (A) on or prior to the Valuation Date or, if applicable, the Issuer Call Date as the case may be, the Index Sponsor or, if applicable, the Successor Sponsor, makes a material change in the formula for or the method of calculating the Index or in any other way materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on the Valuation Date or, if applicable, the Issuer Call Date as the case may be, the Index Sponsor or, if applicable the Successor Sponsor, fails to calculate and/or publish the Index; then (in either case) the Calculation Agent shall determine the Final Reference Value using, in lieu of a published level(s) for the Index on the Valuation Date or, if applicable, the Issuer Call Date, as the case may be, the level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the Index last in effect prior to the change or failure, but using only those securities that comprised the Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or in the case of a material modification of the Index only, the Calculation Agent shall deem such modified Index to be the Index so calculated and announced or to terminate the Securities by giving notice in accordance with General Condition 4.
- (iii) If, at any time, any of the events specified in (A) to (I) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor, has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor, pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the Index as it considers appropriate in order to so account. (A) (i) a distribution or dividend to existing holders of the Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments

to holders of Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (C) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (D) an extraordinary dividend; (E) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (G) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from but including the Issue Date up to and excluding the Valuation Date or the Issuer Call Date, if applicable; (H) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (I) any other similar event having dilutive or concentrative effect on the theoretical value of the Shares.

- (iv) The Issuer reserves the right to make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or is required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.

(i), (ii) and (iv) above shall apply in the same context to the Strategy.

- (e) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any

such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute “significant new factors” and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

## 2. FORM

The Securities are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depositary for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.
- (b) **Dematerialised Form.** Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

### 3. RIGHTS AND PROCEDURES

- (a) Redemption on the Settlement Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed by the Issuer at the Cash Amount, such redemption to occur on the Settlement Date.
- (b) Issuer Call. If “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Issuer may redeem the Securities in whole, but not in part, on any Issuer Call Date at the Issuer Call Cash Amount by giving Holders at least the Issuer Call Notice Period notice of its intention to redeem the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4 and shall specify the Issuer Call Date.
- (c) Interest Amount. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- (d) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date or the Issuer Call Date, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event or Fund Disruption Event, as applicable.
- (e) Method of Payment. Subject as provided below, where the Cash Amount, any Issuer Call Cash Amount or any Interest Amount is in a currency other than euro, such payment will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount, any Issuer Call Cash Amount or any Interest Amount is in euro, such payment will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.

- (f) **Presentation and Surrender.** If the Securities are in definitive form, payment of the Cash Amount, any Issuer Call Cash Amount and each (if any) Interest Amount will be made against surrender of the Security and each relative Coupon (if applicable) respectively, by or on behalf of the Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount, any Issuer Call Cash Amount and each (if any) Interest Amount will be made against presentation and, in the case of payment of the Cash Amount or any Issuer Call Cash Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.
- (g) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if “Modified Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if “Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- (h) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount.
- (i) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any

circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

(4) ADJUSTMENTS

- (a) Market Disruption in relation to a Share. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

**“Market Disruption Event”** means:

- (1) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
  - (A) in the Shares on the Exchange or any other exchange on which the Shares are listed; or
  - (B) in any options contracts or futures contracts or other derivatives contracts relating to the Shares on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (2) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Market Disruption in relation to an Index. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

A **“Market Disruption Event”** means the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of

movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):

- (1) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or
  - (2) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.
- (c) Fund Disruption Event. Following a Fund Disruption Event, the Calculation Agent will determine the effect of such Fund Disruption Event, and shall as soon as reasonably practicable under the circumstances notify the Issuer of such occurrence. The Calculation Agent will account for such occurrence as it sees fit which may include but is not limited to delaying calculation of the Fund Final Reference Price or making the appropriate adjustment to the calculation of the Fund Final Reference Price, or make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate all in the determination of the Calculation Agent.

**“Fund Disruption Event”** means:

- (1) the Fund and/or its fund manager ceases for any reason whatsoever, to provide, publish or make available its NAV or value for a day which the fund manager normally provides, publishes or makes available the NAV or value; or
- (2) Disappearance of Price. The failure of trading to commence, or the permanent discontinuation of trading of the Fund; or

- (3) Trading Limitation. The material limitation imposed on trading in the Fund with respect to it or any contract with respect thereto on any principal trading market; or
  - (4) Any other event similar to any of the above, which could make it impracticable or impossible for the Calculation Agent to perform its obligations in relation to the Securities.
- (d) Potential Adjustment Events in relation to a Share. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:
- (1) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
  - (2) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

**“Potential Adjustment Event”** means any of the following: (A) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event) or a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (B) a distribution or dividend to existing holders of the relevant Shares of (aa) such Shares, or (bb) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (cc) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (C) an extraordinary dividend; (D) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (E) a call by the Share Company in respect of relevant Shares that are not fully paid; (F) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (G) any other similar

event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

(e) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (1), (2) or (3) below:

- (1) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or
- (2) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or
- (3) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the

Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and the action proposed to be taken in relation thereto.

**“De-listing”** means a Share for any reason ceases to be listed or is suspended from listing on the Exchange or any other exchange on which the Shares are listed (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

**“Merger Date”** means the date upon which all holders of the Shares of a Share Company (other than, in the case of a take-over offer, Shares owned or controlled by the offeror) have agreed or have irrevocably become obliged to transfer their Shares.

**“Merger Event”** means any (1) reclassification or change to the Shares of a Share Company that results in a transfer of or an irrevocable commitment to transfer all outstanding Shares of such Share Company; (2) consolidation, amalgamation or merger of a Share Company with or into another entity (other than a consolidation, amalgamation or merger in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares of a Share Company); or (3) other take-over offer for the Shares of a Share Company that results in a transfer of, or an irrevocable commitment to transfer, the Shares of a Share Company (other than any such Shares owned or controlled by the offeror), in each case if the Merger Date is on or before the relevant Valuation Date.

**“Nationalisation”** means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

**“Insolvency”** means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company (1) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or

- (2) holders of the Shares of that Share Company become legally prohibited from transferring them.
- (f) Potential Adjustment Events in relation to an Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2), (3) or (4) below.
- (1) If any Index is (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the relevant Index, then (in either case) the relevant Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
- (2) If (A) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor makes a material change in the formula for or the method of calculating any Index or in any other way materially modifies an Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish any Index; then (in either case) the Calculation Agent shall determine the Index Final Reference Price using, in lieu of a published level for the relevant Index on the Valuation Date, the level for the relevant Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the relevant Index last in effect prior to the change or failure, but using only those securities that comprised the relevant Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or, in the case of a material modification of the Index only, shall deem such modified Index to be the Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.

## 2. FORM

- (a) **Global Form.** Except in the case of Securities issued in dematerialised form, the Securities will be issued in bearer form in the denomination of the Nominal Amount. The Securities are represented by a global security (the “**Global Security**”) which will be deposited with a Clearing Agent or the depository for one or more Clearing Agents and will be transferable only in accordance with the applicable law and the rules and procedures of the relevant Clearing Agent through whose systems the Securities are transferred. Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.
- (b) **Dematerialised Form.** Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

## 3. RIGHTS AND PROCEDURES

- (a) **Redemption on the Settlement Date.** Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed by the Issuer at the Cash Amount, such redemption to occur on the Settlement Date.

- (b) Issuer Call. If “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Issuer may redeem the Securities in whole, but not in part, on any Issuer Call Date at the Issuer Call Cash Amount by giving Holders at least the Issuer Call Notice Period notice of its intention to redeem the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4 and shall specify the Issuer Call Date.
- (c) Interest Amount. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- (d) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date or the Issuer Call Date, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event or Fund Disruption Event, as applicable.
- (e) Method of Payment. Subject as provided below, where the Cash Amount, any Issuer Call Cash Amount or any Interest Amount is in a currency other than euro, such payment will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount, any Issuer Call Cash Amount or any Interest Amount is in euro, such payment will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (f) Presentation and Surrender. If the Securities are in definitive form, payment of the Cash Amount, any Issuer Call Cash Amount and each (if any) Interest Amount will be made against surrender of the Security and each relative Coupon (if applicable) respectively, by or on behalf of the Holder at the specified office of the Principal Agent. If the Securities are

represented by the Global Security, payment of the Cash Amount, any Issuer Call Cash Amount and each (if any) Interest Amount will be made against presentation and, in the case of payment of the Cash Amount or any Issuer Call Cash Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.

- (g) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if “Modified Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if “Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- (h) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount.
- (i) **Settlement Risk.** Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

- (vii) Tax Disruption. The imposition of, change in, or removal of an excise, severance, sales, use, value-added, transfer, stamp, documentary, recording or similar tax on, or measured by reference to, the Commodity (other than a tax on, or measured by reference to, overall gross or net income) by any government or taxation authority after the Issue Date, if the direct effect of such imposition, change or removal is to raise or lower the price of the Commodity on the Valuation Date and/or on each of the three Trading Days following the Valuation Date from what it would have been without that imposition, change or removal; or
- (viii) Trading Limitation. The material limitation imposed on trading in the Commodity with respect to it or any contract with respect thereto on any exchange or principal trading market; or
- (ix) Any other event similar to any of the above, which could make it impracticable or impossible for the Issuer to perform its obligations in relation to the Securities.

- (b) Market Disruption in relation to an FX Rate. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred. A **“Market Disruption Event”** means:
- (a) Price Source Disruption. If it becomes impossible to obtain any one or more FX Rates on the Valuation Date; or
  - (b) Governmental Default. If with respect to any security or indebtedness for money borrowed or guaranteed by any Governmental Authority, there occurs a default, event of default or other similar condition or event (howsoever described) including, but not limited to, (i) the failure of timely payment in full of principal, interest or other amounts due (without giving effect to any applicable grace periods) in respect of any such security indebtedness for money borrowed or guarantee, (ii) a declared moratorium, standstill, waiver, deferral, repudiation or rescheduling of any principal, interest or other amounts due in respect of any such security, indebtedness for money borrowed or guarantee or (iii) the amendment or modification of the terms and conditions of payment of any principal, interest or other amounts due in respect of any such security, indebtedness for money borrowed or guarantee without the consent of all holders of such obligation.   - (c) Inconvertibility/non-transferrability. The occurrence of any event which (i) generally makes it impossible to convert the currencies in any one or more FX Rates through customary legal channels for conducting such conversion in the principal financial centre of a Basket Constituent Currency or (ii) generally makes it impossible to deliver a Basket Constituent Currency from accounts in the country of the principal financial centre of that Basket Constituent Currency to accounts outside such jurisdiction or the Settlement Currency between accounts in such jurisdiction or to a party that is a non-resident of such jurisdiction; or
  - (d) Nationalisation. Any expropriation, confiscation, requisition, nationalization or other action by any Governmental Authority which deprives the Issuer (or any of its Affiliates), of all or substantially all of its assets in the country of the principal financial centre of a Basket Constituent Currency; or

- (e) Illiquidity. Any impossibility in obtaining a firm quote for any one or more FX Rates or the Settlement Currency for an amount which the Issuer considers necessary to discharge its obligations under the Securities; or

- (i) Other Events. Any other event similar to any of the above, which could make it impracticable or impossible for the Issuer to perform its obligations in relation to the Securities.

For this purpose a “**Governmental Authority**” is any de facto or de jure government (or agency or instrumentality thereof, court, tribunal, administrative or other governmental authority) or any other entity (private or public) charged with the regulation of the financial markets (including the central bank) in the country of the principal financial centre of the Settlement Currency.

- (c) Market Disruption in relation to a Certificate and a Share. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“**Market Disruption Event**” means:

- (1) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):
  - (A) in the Shares or Certificates, as applicable, on the Exchange or any other exchange on which the Shares are listed; or

- (B) in any options contracts or futures contracts or other derivatives contracts relating to the Shares or Certificates, as applicable, on any Related Exchange if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (2) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (d) Market Disruption in relation to an Index. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

A “**Market Disruption Event**” means the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise):

- (1) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or
- (2) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant

exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (e) **Fund Disruption Event.** Following a Fund Disruption Event, the Calculation Agent will determine the effect of such Fund Disruption Event, and shall as soon as reasonably practicable under the circumstances notify the Issuer of such occurrence. The Calculation Agent will account for such occurrence as it sees fit which may include but is not limited to delaying calculation of the Fund Final Reference Price or making the appropriate adjustment to the calculation of the Fund Final Reference Price, or make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate all in the determination of the Calculation Agent.

**“Fund Disruption Event”** means:

- (1) the Fund and/or its fund manager ceases for any reason whatsoever, to provide, publish or make available its NAV or value for a day which the fund manager normally provides, publishes or makes available the NAV or value; or

  - (3) Trading Limitation. The material limitation imposed on trading in the Fund with respect to it or any contract with respect thereto on any principal trading market; or
  - (4) Any other event similar to any of the above, which could make it impracticable or impossible for the Calculation Agent to perform its obligations in relation to the Securities.
- (f) **Potential Adjustment Events.** Following a declaration by the issuer of the Certificates of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Certificates and, if so, will:
- (i) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
  - (ii) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Certificates traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

**“Potential Adjustment Event”** means any event that may have a diluting or concentrative effect on the theoretical value of the Certificates.

(g) Potential Adjustment Events in relation to a Share. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:

- (1) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
- (2) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

consideration for such repurchase is cash, securities or otherwise; or (G) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

(h) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (1), (2) or (3) below:

- (1) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or
- (2) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to account fully for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or
- (3) following any adjustment to the settlement of terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or

futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and the action proposed to be taken in relation thereto.

**“De-listing”** means a Share for any reason ceases to be listed or is suspended from listing on the Exchange or any other exchange on which the Shares are listed (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

**“Merger Date”** means the date upon which all holders of the Shares of a Share Company (other than, in the case of a take-over offer, Shares owned or controlled by the offeror) have agreed or have irrevocably become obliged to transfer their Shares.

**“Merger Event”** means any (1) reclassification or change to the Shares of a Share Company that results in a transfer of or an irrevocable commitment to transfer all outstanding Shares of such Share Company; (2) consolidation, amalgamation or merger of a Share Company with or into another entity (other than a consolidation, amalgamation or merger in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares of a Share Company); or (3) other take-over offer for the Shares of a Share Company that results in a transfer of, or an irrevocable commitment to transfer, the Shares of a Share Company (other than any such Shares owned or controlled by the offeror), in each case if the Merger Date is on or before the relevant Valuation Date.

**“Nationalisation”** means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

**“Insolvency”** means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company (1) all the Shares

are required to be transferred to a receiver, trustee, liquidator or other similar official or (2) holders of the Shares of that Share Company become legally prohibited from transferring them.

- (i) Potential Adjustment Events in relation to an Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (1), (2), (3) or (4) below.
  - (1) If any Index is (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the relevant Index, then (in either case) the relevant Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
  - (2) If (A) on or prior to the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor makes a material change in the formula for or the method of calculating any Index or in any other way materially modifies an Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on the Valuation Date the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish any Index; then (in either case) the Calculation Agent shall determine the Index Final Reference Price using, in lieu of a published level for the relevant Index on the Valuation Date, the level for the relevant Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the relevant Index last in effect prior to the change or failure, but using only those securities that comprised the relevant Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or, in the case of a material modification of the Index only, shall deem such modified Index to be the Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.
  - (3) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the relevant Index in order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the

relevant Index as it considers appropriate in order to so account: (A) a distribution or dividend to existing holders of (i) the Index Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Index Shares equally or proportionately with such payments to holders of Index Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Index Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Index Shares at a time when the relevant issuer has not previously declared or paid dividends on such Index Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Index Shares at a time when the relevant issuer has not previously declared or paid dividends on such Index Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Index Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from but including the Issue Date up to and excluding the Valuation Date; (G) a distribution of cash dividends on the Index Shares equal to or greater than 8 per cent. per annum of the then current market value of the Index Shares; and (H) any other similar event having a dilutive or concentrative effect on the theoretical value of the Index Shares.

Each person (other

than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.

- (b) Dematerialised Form. Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

### 3. RIGHTS AND PROCEDURES

- (a) Redemption on the Settlement Date. Unless previously redeemed or purchased and cancelled and subject as provided by the Conditions, each Security will be redeemed by the Issuer at the Cash Amount, such redemption to occur on the Settlement Date.
- (b) Issuer Call. If “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Issuer may redeem the Securities in whole, but not in part, on any Issuer Call Date at the Issuer Call Cash Amount by giving Holders at least the Issuer Call Notice Period notice of its intention to redeem the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4 and shall specify the Issuer Call Date.
- (c) Interest Amount. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall bear interest at the Interest Rate. - (d) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date or the Issuer Call Date, as the case may be, in the event that payment of any amount is postponed due to a Fund Disruption Event.
- (e) Method of Payment. Subject as provided below, where the Cash Amount, any Issuer Call Cash Amount or any Interest Amount is in a currency other than euro, such payment will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount, any Issuer Call Cash Amount or any Interest Amount is in euro, such payment will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (f) Presentation and Surrender. If the Securities are in definitive form, payment of the Cash Amount, any Issuer Call Cash Amount and each (if any) Interest Amount will be made against surrender of the Security and each relative Coupon (if applicable) respectively, by or on behalf of the Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount, any Issuer Call Cash Amount and each (if any) Interest Amount will be made against presentation and, in the case of payment of the Cash Amount or any Issuer Call Cash Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or

Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.

- (g) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if “Modified Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if “Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- (h) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount.
- (i) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

All payments will be subject to applicable fiscal and legal requirements applicable thereto.
- (f) Presentation and Surrender. If the Securities are in definitive form, payment of the Cash Amount, the Issuer Call Cash Amount and any Interest Amount or Interim Cash Settlement Amount will be made against surrender of the Security and each relative Coupon (if applicable) respectively by or on behalf of the Holder at the specified office of the Principal Agent. If the Securities are represented by a Global Security payment of the Cash Amount, the Issuer Call Cash Amount and any Interest Amount or Interim Cash Settlement Amount will be made against presentation and, in the case of payment of the Cash Amount or any

Issuer Call Cash Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be *prima facie* evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount, the Issuer Call Cash Amount and any Interest Amount or Interim Cash Settlement Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.

- (g) Payment Day. If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if “Modified Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if “Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- (h) General. In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent, or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, any Interest Amount, Issuer Call Cash Amount or any Interim Cash Settlement Amount.
- (i) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

- a) **Market Disruption.** The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

A “**Market Disruption Event**” relating to a Commodity (if applicable) means:

- (a) **Price Source Disruption.** The failure by the Exchange to announce or publish the price for the Commodity (or the information necessary for determining such price), or the temporary or permanent discontinuance or unavailability of such price by the Exchange; or
- (b) **Trading Suspension.** The material suspension of trading on the Exchange or any Related Exchange; or
- (c) **Disappearance of Price.** The failure of trading to commence, or the permanent discontinuation of trading of the Commodity on the Exchange; or
- (d) **Material Change in Formula.** The occurrence, since the Issue Date, of a material change in the basis for (including but not limited to the quantity, quality or currency), or method of calculating the price of the Commodity; or
- (e) **Material Change in Content.** The occurrence, since the Issue Date, of a material change in the content or composition of the Commodity; or
- (f) **De Minimis Trading.** The number of contracts traded on the Exchange with respect to the Commodity is such that the Issuer declares that its ability to enter into hedging transactions with respect to the Commodity has been impaired due to a lack of, or, a material reduction in, trading in the Commodity on the Exchange; or
- (g) **Tax Disruption.** The imposition of, change in, or removal of an excise, severance, sales, use, value-added, transfer, stamp, documentary, recording or similar tax on, or measured by reference to, the Commodity (other than a tax on, or measured by reference to, overall gross or net income) by any government or taxation authority after the Issue Date if the direct effect of such imposition, change or removal is to raise or lower the price of the Commodity on the Interim Cash Settlement Amount Valuation Date, the relevant Valuation Date or the Final Valuation Date as the case may be and/or on each of the three Trading Days following the Interim Cash Settlement Amount Valuation Date, the relevant Valuation Date or the Final Valuation Date as the case may be from what it would have been without that imposition, change or removal; or

- (h) Trading Limitation. The material limitation imposed on trading in the Commodity with respect to it or any contract with respect thereto on any exchange or principal trading market; or
- (i) Moratorium. A general moratorium is declared in respect of banking activities in the country in which the Exchange or Related Exchange is located; or
- (j) Any other event similar to any of the above, which could make it impracticable or impossible for the Issuer to perform its obligations in relation to the Securities.

A “**Market Disruption Event**” relating to an Index (if applicable) means:

- (a) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise);
  - (b) on any Exchange(s) in securities that comprise 20 per cent or more of the level of the relevant Index if, in the determination of the Calculation Agent, such suspension or limitation is material. For the purpose of determining whether such suspension or limitation is material, if trading in a security included in the Index is suspended or materially limited at that time, then the relevant percentage contribution of that security to the level of the Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that security relative to (y) the overall level of the Index, in each case immediately before that suspension or limitation; or
  - (c) on any Related Exchange in any options contracts or futures contracts or other derivatives contracts relating to the relevant Index. In any event, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the relevant exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.
- b) Adjustments to the Commodity (if applicable) and the Index (if applicable)
- (1) If a Commodity (an “**Affected Commodity**”) for any reason ceases to exist, the Calculation Agent may determine in its sole discretion to either (A) replace that Affected Commodity by a successor commodity which has in the determination of the Calculation Agent the same or substantially similar structure and a substantially similar economic impact as such Affected Commodity and is of a similar type to such Affected Commodity or (B) remove the Affected

Commodity from the Basket and allocate the price of such Affected Commodity, pro rata to the remaining Commodities in the Basket.

- (2) Adjustments to the Index. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with General Condition 4 of any determination made by it pursuant to paragraphs (i), (ii), (iii) or (iv) below.
- (i) If any Index is (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor (the “**Successor Sponsor**”) acceptable to the Calculation Agent; or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the relevant Index, then (in either case) the relevant Index will be deemed to be the index so calculated and announced by such Successor Sponsor or that successor index, as the case may be.
- (ii) If (A) on or prior to the Interim Cash Settlement Amount Valuation Date, the relevant Valuation Date or the Issuer Call Date as the case may be the Index Sponsor or, if applicable, the Successor Sponsor makes a material change in the formula for or the method of calculating any Index or in any other way materially modifies an Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes in constituent securities and other routine events); or (B) on the Interim Cash Settlement Amount Valuation Date, the relevant Valuation Date or the Issuer Call Date as the case may be the Index Sponsor or, if applicable, the Successor Sponsor fails to calculate and/or publish any Index; then (in either case) the Calculation Agent shall determine the level of the Index using, in lieu of a published level for the relevant Index on the Interim Cash Settlement Amount Valuation Date, the relevant Valuation Date or the Issuer Call Date as the case may be, the level for the relevant Index as determined by the Calculation Agent in accordance with the formula for and method of calculating the relevant Index last in effect prior to the change or failure, but using only those securities that comprised the relevant Index immediately prior to the change or failure (other than those securities that have since ceased to be listed on the Exchange or any other exchange on which the Shares are listed) or, in the case of a material modification of the Index only, shall deem such modified Index to be the Index so calculated and announced or shall terminate the Securities by giving notice in accordance with General Condition 4.
- (iii) If, at any time, any of the events specified in (A) to (H) below occurs and the Index Sponsor or, if applicable, the Successor Sponsor has not in the opinion of the Calculation Agent made an appropriate adjustment to the level of the relevant Index in

order to account fully for such event, notwithstanding that the rules published or applied by the Index Sponsor or, if applicable, the Successor Sponsor pertaining to the Index have been applied, the Calculation Agent shall make such adjustment to the level of the relevant Index as it considers appropriate in order to so account: (A) a distribution or dividend to existing holders of (i) the Shares; or (ii) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the issuer of the Shares equally or proportionately with such payments to holders of Shares or (iii) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price; (B) a free distribution or dividend of any Shares to existing holders by way of bonus, capitalisation or similar issue; (C) an extraordinary dividend; (D) any cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (E) any non-cash dividends declared on the Shares at a time when the relevant issuer has not previously declared or paid dividends on such Shares for the prior four quarterly periods; (F) any other extraordinary cash or non-cash dividend on, or distribution with respect to, the Shares which is, by its terms or declared intent, declared and paid outside the normal operations or normal dividend procedures of the relevant issuer, provided that, in all cases, the related ex-dividend date occurs during the period from but including the Issue Date up to and excluding the Interim Cash Settlement Amount Valuation Date, the relevant Valuation Date or the Issuer Call Date as the case may be; (G) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; and (H) any other similar event having a dilutive or concentrative effect on the theoretical value of the Shares.

- (iv) The Issuer reserves the right to issue further Securities, make adjustments or to distribute to the Holders any rights in connection with the Securities as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer (in its absolute discretion and notwithstanding any adjustments previously made to the Securities) believes should, in the context of the issue of Securities and its obligations hereunder, give rise to such adjustment or distribution, provided that such adjustment is considered by the Calculation Agent either to be appropriate generally (without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction) or to be required to take account of provisions of the laws of the relevant jurisdiction or the practices of the Exchange.

The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after

receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determination and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and in a commercially reasonable manner.

5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute “significant new factors” and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.

Each person (other than another Clearing Agent) who is for the time being shown in the records of the relevant Clearing Agent as the owner of a particular nominal amount of the Securities (in which regard any certificate or other document issued by the relevant Clearing Agent as to the nominal amount of the Securities standing to the credit of the account of any person shall be conclusive and binding for all purposes except in the case of manifest error) shall be treated by the Issuer and each Agent as the holder of such nominal amount of the Securities (and the term “**Holder**” shall be construed accordingly) for all purposes, other than with respect to any payment and/or delivery obligations, the right to which shall be vested as regards the Issuer and the Agents, solely in the bearer of the Global Security.
- (b) **Dematerialised Form.** Certain Securities will, where required by the rules and procedures of the Clearing Agent, be issued in dematerialised form and will be registered in the book-entry system of the Clearing Agent. Title to the Securities will pass by transfer between accountholders at the Clearing Agent perfected in accordance with the legislation, rules and regulations applicable to and/or issued by the Clearing Agent that are in force and effect from time to time (the “**Rules**”). Accordingly, in these Conditions, the term “**Holder**” means a person in whose name a Security is registered in the book-entry settlement system of the Clearing Agent or any other person recognised as a holder of Securities pursuant to the Rules.

### 3. RIGHTS AND PROCEDURES

- b) Issuer Call. If “Issuer Call” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, the Issuer may redeem the Securities in whole, but not in part, on any Issuer Call Date at the Issuer Call Cash Amount by giving Holders at least the Issuer Call Notice Period notice of its intention to redeem the Securities, such notice to be given at any time from (and including) the Issuer Call Commencement Date. Any such notice shall be given in accordance with the provisions of General Condition 4 and shall specify the Issuer Call Date.
- c) Interest Amount. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each Security shall bear interest at the Interest Rate. The Interest Amount is calculated by reference to the relevant Interest Period, the Interest Rate, the Nominal Amount and the Interest Rate Day Count Fraction, and is payable on each Interest Payment Date.
- d) Interest Accrual. If “Interest” is specified as being “Applicable” in the definition of the relevant Series in the applicable Final Terms, each security shall cease to accrue interest from and including the due date for redemption. No interest shall accrue after the Maturity Date or the Issuer Call Date, as the case may be, in the event that payment of any amount is postponed due to a Market Disruption Event.
- e) Method of Payment. Subject as provided below, where the Cash Amount, any Issuer Call Cash Amount or any Interest Amount is in a currency other than euro, such payment will be made by an Agent on behalf of the Issuer in the Settlement Currency to an account (which, in the case of payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) specified by the payee with, or by a cheque in such Settlement Currency drawn on, a bank in the principal financial centre of the country of such Settlement Currency; where the Cash Amount, any Issuer Call Cash Amount or any Interest Amount is in euro, such payment will be made by an Agent on behalf of the Issuer by credit or transfer to a euro account or any account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by a euro cheque. Notwithstanding the previous two sentences, for as long as the Securities are represented by the Global Security, payments will be made through the Clearing Agents and will be made in accordance with the rules of each

Clearing Agent. All payments will be subject to applicable fiscal and legal requirements applicable thereto.

- f) **Presentation and Surrender.** If the Securities are in definitive form, payment of the Cash Amount, any Issuer Call Cash Amount and each (if any) Interest Amount will be made against surrender of the Security and each relative Coupon (if applicable) respectively, by or on behalf of the Holder at the specified office of the Principal Agent. If the Securities are represented by the Global Security, payment of the Cash Amount, any Issuer Call Cash Amount and each (if any) Interest Amount will be made against presentation and, in the case of payment of the Cash Amount or any Issuer Call Cash Amount, surrender of the Global Security by or on behalf of the Holder at the specified office of the Principal Agent. In all cases payment will be subject to any endorsement on the face of the Security or Coupon as applicable. In the case of any Global Security, the Issuer shall record all payments made by it to the relevant Clearing Agent and such record shall be prima facie evidence that the payment in question has been made. The bearer of a Security shall be the only person entitled to receive payments of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount and the Issuer will be discharged by payment to, or to the order of, the Holder in respect of the amount so paid. The bearer of a Security, or (in the case of a Global Security) each of the persons shown in the records of a Clearing Agent as the holder of a particular nominal amount of the Securities, must look solely to the relevant Agent or Clearing Agent, as the case may be, for his share of each such payment so made by the Issuer to or to the order of the bearer of the Security.
- g) **Payment Day.** If the date for payment of any amount in respect of the Securities is not a Payment Day, the Holder shall not be entitled to payment until either (a) if “Modified Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day unless such Payment Day falls in the next calendar month in which case the date for payment will be the first preceding Payment Day or (b) if “Following” is specified in the definition of Business Day Convention for the relevant Series in the applicable Final Terms, the next following Payment Day and, in either case, the Holder shall not be entitled to any interest or other payment in respect of such delay or acceleration of payment.
- h) **General.** In the absence of gross negligence or wilful misconduct on its part, none of the Issuer, the Calculation Agent, or any Agent shall have any responsibility for any errors or omissions in the calculation of the Cash Amount, any Issuer Call Cash Amount or any Interest Amount.

- i) Settlement Risk. Settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

(a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

A “**Market Disruption Event**” means:

- (i) Price Source Disruption. The failure by the Exchange to announce or publish the price for the Commodity (or the information necessary for determining such price), or the temporary or permanent discontinuance or unavailability of such price by the Exchange; or
- (ii) Trading Suspension. The material suspension of trading on the Exchange or any Related Exchange; or
- (iii) Disappearance of Price. The failure of trading to commence, or the permanent discontinuation of trading of the Commodity on the Exchange; or
- (iv) Material Change in nature of or pricing method. The occurrence, since the Issue Date, of a material change in the basis for (including but not limited to the quantity, quality or currency), or method of calculating the price of the Commodity; or
- (v) Material Change in Content. The occurrence, since the Issue Date, of a material change in the content, composition of the Commodity; or
- (vi) De Minimis Trading. The number of contracts traded on the Exchange with respect to the Commodity is such that the Issuer declares that its ability to enter into hedging transactions with respect to the Commodity has been impaired due to a lack of, or, a material reduction in, trading in the Commodity on the Exchange; or
- (vii) Tax Disruption. The imposition of, change in, or removal of an excise, severance, sales, use, value-added, transfer, stamp, documentary, recording or similar tax on, or measured by reference to, the Commodity (other than a tax on, or measured by reference to, overall gross or net income) by any government or taxation authority after the Issue Date, if the direct effect of such imposition, change or removal is to raise or lower the price of the Commodity

on the Valuation Date and/or on each of the three Trading Days following the Valuation Date from what it would have been without that imposition, change or removal; or

(viii) Trading Limitation. The material limitation imposed on trading in the Commodity with respect to it or any contract with respect thereto on any exchange or principal trading market; or

(ix) Any other event similar to any of the above, which could make it impracticable or impossible for the Issuer to perform its obligations in relation to the Securities.

(b) The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.

#### 5. EFFECT OF FINAL TERMS

The Final Terms applicable to any Series of Securities may specify amendments to these Product Conditions in so far as they apply to that Series. Notwithstanding the foregoing, consideration will be given as to whether such amendments constitute “significant new factors” and consequently trigger the need for a supplement to the Base Prospectus (as defined in the Final Terms) under Article 16 of Directive 2003/71/EC.
