Programme d'Émission de Titres de Créance
(Euro Medium Term Note Programme)
de 125.000.000.000 € (le Programme)

The Debt Issuance Programme Prospectus and the *Prospectus relatif au Programme d'émission de Titres de Créance*, describing the Programme, together constitute the base prospectus and the programme documentation, for the purposes of Article 5.4 of Directive 2003/71/EC (the **Prospectus Directive**) and the listing rules of the SIX Swiss Exchange Ltd (the **SIX Swiss Exchange**), respectively.

Le Prospectus relatif au Programme d'émission de Titres de Créance et le *Debt Issuance Programme Prospectus*, décrivant le Programme, constituent ensemble le prospectus de base et la documentation de programme pour les besoins de l'article 5.4 de la Directive 2003/71/CE (la **Directive Prospectus**) et des règles de cotation de la SIX Swiss Exchange SA (la **SIX Swiss Exchange**), respectivement.

As a consequence, the Programme is described in documentation in both English and French; the *Prospectus relatif au Programme d'émission de Titres de Créance* is not, however, an exact translation of the Debt Issuance Programme Prospectus, which contains certain additional information.

Le Programme fait en conséquence l'objet d'une documentation bilingue, en langue française et en langue anglaise, néanmoins la présente version en langue française n'est pas l'exacte traduction du *Debt Issuance Programme Prospectus* qui comporte certaines informations supplémentaires.

In respect of any issue of Notes the binding language of the documentation in respect of such issue (including without limitation this Debt Issuance Programme Prospectus) shall be specified in the applicable Final Terms in which case any documents in relation to such issue in the other language shall be non-binding and for information purposes only. Accordingly, the English version of the Debt Issuance Programme Prospectus shall be the binding version and prevail in the event of any discrepancy over the French version thereof in respect of Notes whose Final Terms specify English as the binding language and the French version thereof shall be the binding version and prevail in the event of any discrepancy over the English version in respect of Notes whose Final Terms specify French as the binding language.

Pour toute émission de Titres, la langue de la documentation d'une telle émission (ce qui comprend, sans limitation, le Prospectus relatif au Programme d'Emission de Titres de Créances) faisant foi devra être indiquée dans les Conditions Définitives applicables, ce qui signifie que tout document relatif à une telle émission rédigé dans l'autre langue ne fera pas foi et ne sera fourni qu'à des fins d'information. En conséquence, la version en langue française du Prospectus relatif au Programme d'Emission de Titres de Créances sera la version faisant foi et prévaudra, en cas de différence, sur la version anglaise de ce document pour les Titres dont les Conditions Définitives prévoient le français comme langue faisant foi, et la version anglaise de ce document sera la version faisant foi et prévaudra, en cas de différence, sur la version française pour les Titres dont les Conditions Définitives prévoient l'anglais comme langue faisant foi.

€125,000,000,000 Euro Medium Term Note Programme

Under this €125,000,000,000 Euro Medium Term Note Programme (the **Programme**), each of Société Générale, SGA Société Générale Acceptance N.V. and SG Option Europe (each an **Issuer** and together the **Issuers**) may from time to time issue Notes (the **Notes** such definition to include CDIs, as defined below, where applicable) denominated in any currency agreed by the Issuer of such Notes (the **relevant Issuer**) and the relevant Purchaser(s) (as defined below). On 28 April 2009 Société Générale, SGA Société Générale Acceptance N.V. and SG Option Europe issued a Debt Issuance Programme Prospectus describing the Programme. This Debt Issuance Programme Prospectus supersedes and replaces that prospectus, the supplements thereto and all previous offering circulars and supplements thereto. Any Notes issued under the Programme on or after the date of this Debt Issuance Programme Prospectus are issued subject to the provisions described herein. This does not affect any Notes already in issue.

Payments in respect of Notes issued by SGA Société Générale Acceptance N.V. and SG Option Europe will be unconditionally and irrevocably guaranteed by Société Générale (in such capacity, the **Guarantor**).

Subject as set out herein, the Notes will not be subject to any minimum or maximum maturity. The maximum aggregate nominal amount of all Notes from time to time outstanding will not exceed €125,000,000,000 (or its equivalent in other currencies calculated as described herein) or such greater amount as is agreed between the parties to the amended and restated programme agreement dated 27 April 2010 (the **Programme Agreement**, which expression includes the same as it may be updated or supplemented from time to time).

The Notes will be issued to one or more of the Dealers specified in the "*General Description of the Programme*" and any additional dealer appointed under the Programme from time to time (each a **Dealer** and together the **Dealers**) on a continuing basis. Notes may also be issued to third parties other than Dealers. Dealers and such third parties are referred to as **Purchasers**. The terms and conditions of the English Law Notes and the Uncertificated Notes are set out herein in the section headed "*Terms and Conditions of the English Law Notes and the Uncertificated Notes*" and the terms and conditions of the French Law Notes are set out herein in the section headed "*Terms and Conditions of the French Law Notes*".

English Law Notes (as defined below) may be issued in bearer form (**Bearer Notes**) or registered certificated form (**Registered Notes**) or in uncertificated registered form (**EUI Notes**) or (as appropriate) as Uncertificated SIS Notes (as defined below). Noteholders may hold EUI Notes through Euroclear UK & Ireland Limited (formerly known as CRESTCo Limited) (such clearing system, **EUI**) either directly (**CREST Notes**) or through the issuance of Crest Depository Interests (such securities, **CDIs**) representing underlying Notes (CREST Notes and CDIs together to be known as EUI Notes). CDIs are independent securities constituted under English law and transferred through CREST. CDIs will be issued by CREST Depository Limited pursuant to a global deed poll dated 25 June 2001 (as subsequently modified, supplemental and/or restated, the **CREST Deed Poll**), as all more fully described in the section headed Book Entry Clearance Systems. French Law Notes (as defined below) may be issued in dematerialised form or materialised form. Uncertificated Notes (as defined below) will be issued in uncertificated and dematerialised book-entry form, in each case, as more fully set out in "*Form of the Notes*" herein.

Application has been made to the *Commission de Surveillance du Secteur Financier* (the **CSSF**) in its capacity as competent authority under the Luxembourg Act dated 10 July 2005 on prospectuses for securities to approve this document as a base prospectus. Application has also been made to the Luxembourg Stock Exchange for Notes issued under the Programme to be admitted to trading on the Luxembourg Stock Exchange's regulated market (regulated by Directive 2004/39/EC) and to be listed on the Official List of the Luxembourg Stock Exchange.

English Law Notes and French Law Notes will constitute *obligations* under French law, within the meaning of Article L.213-5 of the French *Code monétaire et financier*, if so specified in the relevant Final Terms.

Application has also been made to the SIX Swiss Exchange Ltd (the **SIX Swiss Exchange**) to approve this document as an "issuance programme" for the listing of derivatives and an "issuance programme" for the listing of bonds, both in accordance with the listing rules of the SIX Swiss Exchange. In respect of Notes to be listed on the SIX Swiss Exchange, this Debt Issuance Programme Prospectus and the relevant Final Terms will constitute the listing prospectus pursuant to the listing rules of the SIX Swiss Exchange.

Notice of the aggregate nominal amount of Notes, interest (if any) payable in respect of Notes, the issue price of Notes and any other terms and conditions not contained herein which are applicable to each Tranche (as defined in the Terms and Conditions of the Notes) of Notes will be set out in a final terms document (the **Final Terms**) which (except in the case of Private Placement Notes (as defined below)) will be filed with the CSSF. The Programme provides that Notes may be listed or admitted to trading, as the case may be, on such other or further stock exchanges or markets as may be agreed between the relevant Issuer, the Guarantor and the relevant Purchaser. Each Issuer may also issue unlisted Notes and/or Notes not admitted to trading on any market.

Each Issuer may agree with any Purchaser that Notes may be issued in a form not contemplated by the Terms and Conditions of the Notes as set out herein, in which case a Debt Issuance Programme Prospectus Supplement, if appropriate, will be made available which will describe the effect of the agreement reached in relation to such Notes.

This Debt Issuance Programme Prospectus comprises a separate base prospectus in respect of each of Société Générale, SGA Société Générale Acceptance N.V. and SG Option Europe for the purposes of Article 5.4 of Directive 2003/71/EC (the Prospectus Directive).

This Debt Issuance Programme Prospectus does not constitute a “prospectus” for the purposes of the Prospectus Directive in respect of any Notes (i) involving an offer to the public outside the EEA or of a type listed in Article 3.2 of the Prospectus Directive and (ii) which are not admitted to trading on a regulated market under Article 3.3 of the Prospectus Directive (any such Notes, Private Placement Notes).

An investment in Notes does not constitute a participation in a collective investment scheme for Swiss law purposes. Therefore, issues of Notes are not supervised by the Swiss Financial Market Supervisory Authority FINMA and potential investors do not benefit from the specific investor protection provided under the Swiss Federal Act on Collective Investment Schemes.

CERTAIN ISSUES OF NOTES MAY NOT BE SUITABLE INVESTMENTS FOR ALL INVESTORS. NO INVESTOR SHOULD PURCHASE A NOTE UNLESS SUCH INVESTOR UNDERSTANDS, AND IS ABLE TO BEAR THE YIELD, MARKET LIQUIDITY, STRUCTURE, REDEMPTION AND OTHER RISKS ASSOCIATED WITH THE NOTE. FOR FURTHER DETAILS, SEE “*RISK FACTORS*” HEREIN.

Each Issuer and the Guarantor (the **Responsible Persons**) accepts responsibility for the information contained in this Debt Issuance Programme Prospectus. To the best of the knowledge and belief of each Issuer and the Guarantor (each having taken all reasonable care to ensure that such is the case) the information contained in this Debt Issuance Programme Prospectus is in accordance with the facts and does not omit anything likely to affect the import of such information.

Subject as provided in the applicable Final Terms, the only persons authorised to use this Debt Issuance Programme Prospectus in connection with an offer of Notes are the persons named in the applicable Final Terms as the relevant Purchaser or the Managers and the persons named in or identifiable following the applicable Final Terms as the Financial Intermediaries, as the case may be.

Copies of Final Terms will be available free of charge from the head office of each of Société Générale, SGA Société Générale Acceptance N.V. and SG Option Europe and the specified office of each of the Paying Agents (as defined below), in each case at the address given at the end of this Debt Issuance Programme Prospectus (provided that Final Terms relating to Private Placement Notes will only be available for inspection by a holder of such Notes upon production of evidence satisfactory to the relevant Issuer or Paying Agent as to its holding of such Notes and identity).

This Debt Issuance Programme Prospectus is to be read in conjunction with all documents which are deemed to be incorporated herein by reference (see “*Documents Incorporated by Reference*”). This Debt Issuance Programme Prospectus shall be read and construed on the basis that such documents are incorporated and form part of this Debt Issuance Programme Prospectus.

The Dealers have not independently verified the information contained herein. Accordingly, no representation, warranty or undertaking, express or implied, is made and no responsibility is accepted by the Dealers as to the accuracy or completeness of the information contained or incorporated by reference in this Debt Issuance Programme Prospectus or any other information provided by any of the Issuers or the Guarantor. The Dealers do not accept any liability in relation to the information contained or incorporated by reference in this Debt Issuance Programme Prospectus or any other information provided by any of the Issuers or the Guarantor in connection with the Programme or the Notes.

Any person (an **Investor**) intending to acquire or acquiring any securities from any person (an **Offeror**) should be aware that, in the context of an offer to the public as defined in the Prospectus Directive, the Issuer may be responsible to the Investor for the Debt Issuance Programme Prospectus only if the Issuer is

acting in association with that Offeror to make the offer to the Investor. Each Investor should therefore verify with the Offeror whether or not the Offeror is acting in association with the Issuer. If the Offeror is not acting in association with the Issuer, the Investor should check with the Offeror whether anyone is responsible for the Debt Issuance Programme Prospectus for the purposes of Article 6 of the Prospectus Directive as implemented by the national legislation of each EEA Member State in the context of the offer to the public, and, if so, who that person is. If the Investor is in any doubt about whether it can rely on the Debt Issuance Programme Prospectus and/or who is responsible for its contents it should take legal advice.

Subject as provided in the applicable Final Terms, the only person(s) authorised to use this Debt Issuance Programme Prospectus in connection with an offer of Notes is/are the person(s) named in the applicable Final Terms as the relevant Dealer, the Managers or the Financial Intermediaries, as the case may be.

No person is or has been authorised by any of the Issuers or the Guarantor to give any information or to make any representation not contained in or not consistent with this Debt Issuance Programme Prospectus or any other information supplied in connection with the Programme or the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by any of the Issuers, the Guarantor or any of the Dealers.

Neither this Debt Issuance Programme Prospectus nor any other information supplied in connection with the Programme or the Notes (a) is intended to provide the basis of any credit or other evaluation or (b) should be considered as a recommendation or a statement of opinion (or a report on either of those things) by any of the Issuers, the Guarantor or any of the Dealers that any recipient of this Debt Issuance Programme Prospectus or any other information supplied in connection with the Programme or the Notes should purchase any Notes. Each investor contemplating purchasing any Notes should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the relevant Issuer and, if appropriate, the Guarantor. Neither this Debt Issuance Programme Prospectus nor any other information supplied in connection with the Programme or the Notes constitutes an offer or invitation by or on behalf of any of the Issuers, the Guarantor or any of the Dealers to any person to subscribe for or to purchase any Notes.

Neither the delivery of this Debt Issuance Programme Prospectus nor the offering, sale or delivery of any Notes shall in any circumstances imply that the information contained herein concerning any of the Issuers or the Guarantor is correct at any time subsequent to the date hereof or that any other information supplied in connection with the Programme or the Notes is correct as of any time subsequent to the date indicated in the document containing the same. The Dealers expressly do not undertake to review the financial condition or affairs of any of the Issuers or the Guarantor during the life of the Programme or to advise any investor in the Notes of any information coming to their attention.

This Debt Issuance Programme Prospectus does not constitute an offer to sell or the solicitation of an offer to buy any Notes in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Debt Issuance Programme Prospectus and the offer or sale of Notes may be restricted by law in certain jurisdictions. Each Issuer, the Guarantor and the Dealers do not represent that this Debt Issuance Programme Prospectus may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, unless specifically indicated to the contrary in the applicable Final Terms, no action has been taken by any Issuer, the Guarantor or the Dealers which is intended to permit a public offering of any Notes outside the European Economic Area or distribution of this Debt Issuance Programme Prospectus in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Debt Issuance Programme Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Debt Issuance Programme Prospectus or any Note comes must inform themselves about, and observe, any such restrictions on the distribution of this Debt Issuance Programme Prospectus and the offering and sale of Notes (see the section headed "*Subscription, Sale and Transfer Restrictions*").

The Notes and any guarantee thereof have not been and will not be registered under the U.S. Securities Act of 1933, as amended, (the **Securities Act**) or under any state securities laws and none of the Issuers nor the Guarantor have registered or will register as an investment company under the U.S. Investment Company Act of 1940, as amended (the **Investment Company Act**). Accordingly, the Notes may not be offered or sold in the United States or to, or for the account or benefit of, U.S. persons except pursuant to an exemption from the registration requirements of the Securities Act in a transaction that will not cause the Issuer or the Guarantor, as the case may be, to become required to register under the Investment Company Act. The Permanently Restricted Notes (as defined below) may not at any time be offered, sold, resold, traded, pledged, redeemed, transferred or delivered, directly or indirectly, in the United States or to, or for the account or benefit of, any U.S. person, and may not be legally or beneficially owned at any time by any U.S. person (as defined in Regulation S, a **U.S. Person**) and accordingly are being offered and sold outside the United States to persons that are not U.S. Persons in reliance on Regulation S. By its purchase of a Note (other than a Permanently Restricted Note), each purchaser will be deemed to have agreed that it may not resell or otherwise transfer the Note held by it except (a) to the Issuer or any affiliate thereof, (b) inside the United States to a person that is qualified purchaser within the meaning of Section 2(a)(51) of the Investment Company Act and the rules thereunder (a **QP**) reasonably believed by the Seller to be a qualified institutional buyer, as defined under Rule 144A under the Securities Act (a **QIB**), purchasing for its own account or for the account of a QIB that is also a QP in a transaction meeting the requirements of Rule 144A, (c) outside the United States in compliance with Rule 903 or Rule 904 under the Securities Act, or (d) pursuant to an effective registration statement under the Securities Act, in each case in accordance with all applicable U.S. State securities laws. By its purchase of a Permanently Restricted Note, each purchaser will be deemed to have agreed that it may not resell or otherwise transfer any Permanently Restricted Note held by it except outside the United States in an offshore transaction to a person that is not a U.S. Person. **Non-U.S. Registered Notes** means Registered Notes sold exclusively outside the United States in reliance on Regulation S and permanently restricted from sale, transfer or delivery in the United States or to a U.S. Person. **Permanently Restricted Notes** means Non-U.S. Registered Notes, Uncertificated Notes which are designated in the Final Terms to be Permanently Restricted Notes and Dematerialised Notes which are designated in the Final Terms to be Permanently Restricted Notes.

Notes in bearer form are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to United States persons, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 (the **Code**) and the U.S. Treasury regulations promulgated thereunder.

This Debt Issuance Programme Prospectus has been prepared on the basis that, except to the extent subparagraph (ii) below may apply, any offer of Notes in any Member State of the European Economic Area which has implemented the Prospectus Directive (each, a **Relevant Member State**) will be made pursuant to an exemption under the Prospectus Directive, as implemented in that Relevant Member State, from the requirement to publish a prospectus for offers of Notes. Accordingly any person making or intending to make an offer in that Relevant Member State of Notes which are the subject of an offering contemplated in this Debt Issuance Programme Prospectus as completed by final terms in relation to the offer of those Notes may only do so (i) in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer, or (ii) if a prospectus for such offer has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State and (in either case) published, all in accordance with the Prospectus Directive, provided that any such prospectus has subsequently been completed by final terms which specify that offers may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State and such offer is made in the period beginning and ending on the dates specified for such purpose in such prospectus or final terms, as applicable. Except to the extent subparagraph (ii) above may apply, neither the Issuer nor any Dealer have authorised, nor do they authorise, the making of any offer of Notes in circumstances in which an obligation arises for the Issuer or any Dealer to publish or supplement a prospectus for such offer.

U.S. INFORMATION

This Debt Issuance Programme Prospectus is being submitted on a confidential basis in the United States to a limited number of QIBs that are also QPs for informational use solely in connection with the consideration of the purchase of the Notes being offered hereby. Its use for any other purpose in the United States is not authorised. It may not be copied or reproduced in whole or in part nor may it be distributed or any of its contents disclosed to anyone other than the prospective investors to whom it is originally submitted.

Registered Notes (other than Permanently Restricted Notes) may be offered or sold within the United States only to QIBs that are also QPs in transactions exempt from the registration requirements of the Securities Act and that will not require any Issuer or the Guarantor to register under the Investment Company Act. Each U.S. purchaser of Registered Notes (other than Permanently Restricted Notes) is hereby notified that the offer and sale of any Registered Notes (other than Permanently Restricted Notes) to it may be being made in reliance upon the exemption from the registration requirements of the Securities Act provided by Rule 144A; provided that Permanently Restricted Notes may not be offered, sold, resold, traded, pledged, redeemed, transferred or delivered, directly or indirectly, in the United States or to, or for the account or benefit of, a U.S. Person, and any offer, sale, resale, trade, pledge, redemption, transfer or delivery made, directly or indirectly, within the United States or to, or for the account or benefit of, a U.S. Person will not be recognised.

Each purchaser or holder of Notes represented by a Rule 144A Global Note or a Combined Global Note (each as defined below) or any Notes issued in registered form in exchange or substitution therefor (together **Legended Notes**) and each purchaser or holder of Permanently Restricted Notes will be deemed, by its acceptance or purchase of any such Legended Notes or Permanently Restricted Notes to have made certain representations and agreements intended to restrict the resale or other transfer of such Notes as set out in “*Subscription and Sale*”. Unless otherwise stated, terms used in this paragraph have the meanings given to them in “*Form of the Notes*”.

The Notes and any guarantee thereof have not been approved or disapproved by the U.S. Securities and Exchange Commission (the **SEC**), any State securities commission in the United States or any other U.S. regulatory authority, nor have any of the foregoing Authorities passed upon or endorsed the merits of the offering of the Notes or the accuracy or adequacy of this Debt Issuance Programme Prospectus. Any representation to the contrary is a criminal offence in the United States.

NEITHER ANY SUCH FACT NOR THE FACT THAT AN EXEMPTION OR EXCEPTION IS AVAILABLE FOR A SECURITY OR A TRANSACTION MEANS THAT THE SECRETARY OF STATE HAS PASSED IN ANY WAY UPON THE MERITS OR QUALIFICATIONS OF, OR RECOMMENDED OR GIVEN APPROVAL TO, ANY PERSON, SECURITY OR TRANSACTION. AVAILABLE INFORMATION

To permit compliance with Rule 144A in connection with any resales or other transfers of Notes that are “restricted securities” within the meaning of the Securities Act, the Issuers have undertaken in a deed poll dated 27 April 2010 (the **Deed Poll**) to furnish, upon the request of a holder of such Notes or any beneficial interest therein, to such holder or to a prospective purchaser designated by him, the information required to be delivered under Rule 144A(d)(4) under the Securities Act if, at the time of the request, the relevant Issuer is neither a reporting company under Section 13 or 15(d) of the U.S. Securities Exchange Act of 1934, as amended, (the **Exchange Act**) nor exempt from reporting pursuant to Rule 12g3-2(b) thereunder.

The Issuers are corporations organised under the laws of the Netherlands Antilles and France respectively (each a **Relevant Jurisdiction**). All of the officers and directors named herein reside outside the United States and all or a substantial portion of the assets of the relevant Issuer and of such officers and directors are located outside the United States. As a result, it may not be possible for investors to effect service of process in connection with a cause of action under the laws of a jurisdiction other than England and Wales outside the Relevant Jurisdiction upon the relevant Issuer or such persons, or to enforce judgments against them obtained in courts outside the Relevant Jurisdiction predicated upon civil liabilities of the relevant Issuer or such directors and officers under laws other than those of the Relevant Jurisdiction, including any judgment predicated upon United States federal securities laws.

Form of Notes:

English Law Notes

Each Tranche of Notes (as defined under “*Terms and Conditions of the English Law Notes and the Uncertificated Notes*”) specified in

the applicable Final Terms to be governed by English law (save as to Condition 3(b), where applicable) (any such Notes, **English Law Notes**) will be either Bearer Notes (with or without interest coupons attached) issued outside the United States in reliance on Regulation S under the Securities Act (**Regulation S**) or Registered Notes (without interest coupons attached) issued outside the United States in reliance on the exemption from registration provided by Regulation S and/or within the United States in reliance on Rule 144A under the Securities Act. The Non-U.S. Registered Notes will only be issued in registered form.

Notes in bearer form are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to United States persons, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 (the Code) and the U.S. Treasury regulations promulgated thereunder.

Bearer Notes will on issue be represented by either a temporary global Note or a permanent global Note as specified in the applicable Final Terms. Temporary global Notes will be exchangeable either for (a) interests in a permanent global Note or (b) for Definitive Bearer Notes, as indicated in the applicable Final Terms. Permanent global Notes will be exchangeable for Definitive Bearer Notes only upon the occurrence of an Exchange Event as described under “*Form of the Notes*”.

Registered Notes will on issue be represented by a Global Registered Note which will be exchangeable for Definitive Registered Notes in certain circumstances set out in such Global Registered Note.

Registered Notes will not be exchangeable for Bearer Notes and vice versa.

Special procedures apply to Bearer SIS Notes (see “*Form of the Notes*”).

In particular, in relation to EUI Notes, in respect of dematerialised CREST depository interests (**CDIs**), investors will hold CDIs constituted and issued by CREST Depository Limited and representing indirect interests in the Notes. The CDIs will be issued and settled through CREST.

Neither the Notes nor any rights thereto will be issued, held,

transferred or settled within the CREST system otherwise than through the issue, holding, transfer and settlement of CDIs.

Holders of CDIs will not be entitled to deal directly in Notes and accordingly all dealings in the Notes will be effected through CREST in relation to holding of CDIs.

French Law Notes

French Law Notes may be issued as either Dematerialised Notes or Materialised Notes.

Dematerialised Notes may, at the option of the Issuer, be issued in bearer dematerialised form (*au porteur*) or in registered dematerialised form (*au nominatif*) and, in such latter case, at the option of the relevant Noteholder, in either fully registered (*nominatif pur*) or administered registered (*nominatif administré*) form. No physical document of title will be issued in respect of Dematerialised Notes. See “*Terms and Conditions of the French Law Notes - Form, Denomination(s) and Title*”.

Notes may be issued on a fully-paid or a partly-paid basis and at an issue price which is at par or at a discount to, or premium over, par.

Notes may be denominated in any agreed currency and with any agreed maturity, subject to any applicable legal or regulatory restrictions and any requirements of the relevant central bank (or equivalent body).

Interest periods, rates of interest and the terms of and/or amounts payable on redemption may differ depending on the Notes being issued and such terms will be specified in the applicable Final Terms.

The applicable Final Terms will indicate either that the Notes cannot be redeemed prior to their stated maturity (other than in specified instalments, if applicable, or for taxation reasons or following an Event of Default) or that such Notes (if Physical Delivery Notes) may be settled at maturity or otherwise by receipt by the holder(s) of a cash amount and/or by delivery of the relevant Underlying Assets or that such Notes will be redeemable at the option of the relevant

Issuer and/or the Noteholders. The terms of any such redemption, including notice periods, any relevant conditions to be satisfied and the relevant redemption dates and prices will be indicated in the applicable Final Terms.

The applicable Final Terms may provide that Notes may be redeemable in two or more instalments of such amounts and on such dates as are indicated in the applicable Final Terms.

Any early redemption of Subordinated Notes issued by Société Générale in accordance with Condition 7(b), 7(c) or 7(e) of the Terms and Conditions of the English Law Notes and the Uncertificated Notes or, as appropriate, Condition 6(b), (c) or (e) of the Terms and Conditions of the French Law Notes will be subject to the prior written approval of the *Secrétariat général de la Commission bancaire* in France.

Notes will be issued in such denominations as may be agreed between the relevant Issuer and the relevant Purchaser(s) as indicated in the applicable Final Terms save that the minimum denomination of each Note will be such amount as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant Specified Currency (see “*Certain Restrictions - Notes having a maturity of less than one year*” below) and save that the minimum denomination of each Note issued by Société Générale or SG Option Europe and admitted to trading on a regulated market within the European Economic Area other than a regulated market in France or offered to the public in a Member State of the European Economic Area other than France in circumstances which require the publication of a prospectus under the Prospectus Directive will be €1,000 (or, if the Notes are denominated in a currency other than euro, the equivalent amount in such currency).

In the event that any such deduction is made, the relevant Issuer or, as the case may be, the Guarantor, will, save in certain limited circumstances provided in Condition 8 of the Terms and Conditions of the English Law Notes and the Uncertificated Notes and Condition 7 of the Terms and Conditions of the French Law Notes (“*Taxation*”), be required to pay additional amounts to cover the amounts so deducted.

Negative Pledge:

The terms of Unsubordinated Notes issued by Société Générale and all Notes issued by SGA Société Générale Acceptance N.V. and SG Option Europe will contain a negative pledge provision as more fully described in Condition 4 of the Terms and Conditions of the English Law Notes and the Uncertificated Notes or, as appropriate, Condition 3 of the French Law Notes, which so long as any such Notes, or any Receipts or Coupons relating thereto, remain outstanding, prohibit the relevant Issuer (or, as the case may be, Guarantor) from, among other things, creating or maintaining any security interest or other encumbrance on its assets or debt securities, unless such Notes and any relevant Receipts or Coupons are secured equally and rateably therewith.

Events of Default:

The terms of the Notes issued by SGA Société Générale Acceptance N.V. and SG Option Europe will contain events of default along the following lines:

- (i) the Issuer is in default with respect to the payment of interest or principal when due or the delivery of Underlying Assets deliverable in respect of the Notes (save for late delivery in the circumstances referred to in Condition 6(g) of the Terms and Conditions of the English Law Notes and the Uncertificated Notes and in Condition 5(d) of the French Law Notes), which default, in the case of any interest payment, has continued, uncorrected for a specified period of time; or

- (iv) events relating to the insolvency or winding up of the Issuer; or
- (v) the Guarantee ceases to be in full force and effect in respect of the Notes, the Receipts or the Coupons, or notice is given by the Guarantor which would cause the Guarantee to cease to be in full force and effect in respect of the Notes, the Receipts or the Coupons, or is rendered void for any cause or by any means whatsoever or any legislation is introduced the result of which would be to remove the benefit of the Guarantee from the Notes, the Receipts or the Coupons, or terminate or amend the same in a manner materially adverse

to the interests of the Noteholders, the Receiptholders or the Couponholders, or the Guarantor is unable to perform its obligations thereunder for any reason,

all as more fully described in Condition 10 of the Terms and Conditions of the English Law Notes and the Uncertificated Notes or, as appropriate, Condition 9 of the French Law Notes.

There will be no events of default with respect to Notes issued by Société Générale.

RISK FACTORS

Prospective purchasers of Notes should carefully consider the following information in conjunction with the other information contained in this Debt Issuance Programme Prospectus, the 2010 Registration Document and any Final terms before purchasing Notes.

Each Issuer and the Guarantor believes that the following factors may affect its ability to fulfil its obligations under Notes issued under the Programme. Most of these factors are contingencies which may or may not occur and none of the Issuers nor the Guarantor is in a position to express a view on the likelihood of any such contingency occurring.

In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

Each Issuer and the Guarantor believes that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme, but the inability of the relevant Issuer or the Guarantor to pay interest (if any), principal or other amounts on or in connection with any Notes may occur for other reasons which may not be considered significant risks by the Issuers and the Guarantor based on information currently available to them or which they may not currently be able to anticipate. Consequently, the statements below or in the applicable Final Terms regarding the risks of investing in the Notes of any series should not be viewed as exhaustive. The applicable Final Terms in respect of any Notes may contain additional risk factors relating to such Notes that should be considered before making an investment decision. Prospective investors should also read the detailed information set out elsewhere in this Debt Issuance Programme Prospectus and reach their own views prior to making any investment decision. No investment should be made in the Notes of any series until after careful consideration of all those factors that are relevant in relation to the Notes of such series. Prospective investors should reach an investment decision with respect to the suitability of the Notes of such series for them only after careful consideration and consultation with their financial and legal advisers.

The order in which the following risks factors are presented is not an indication of the likelihood of their occurrence.

A. Risks relating to the Issuer and, as the case may be, the Guarantor

Given the diversity and changes in the Group's activities, risk management focuses on the following main categories:

Credit risk (including country risk): risk of losses arising from the inability of the bank's customers, sovereign issuers or other counterparties to meet their financial commitments. Credit risk also includes the counterparty risk linked to market transactions, as well as that stemming from the bank's securitisation activities. In addition, credit risk may be further increased by a concentration risk, which arises from a large exposure to a given risk or to certain groups of counterparties;

Market risk: risk of loss resulting from changes in the price of market products, in volatility and correlations;

Operational risks (including legal, accounting, environmental, compliance and reputational risks): risk of losses or sanctions due to inadequacies or failures in procedures and internal systems, human error or external events;

Investment portfolio risk: risk of negative fluctuations in the value of equity participation stakes in the bank's investment portfolio;

Structural interest and exchange rate risk: risk of loss or of depreciation in the bank's assets arising from variations in interest or exchange rates. Structural interest and exchange rate risk arises from commercial activities and on Corporate Centre transactions (operations on equity capital, investments and bond issues);

Liquidity risk: risk of the Group not being able to meet its obligations as they become due;

Strategic risk: risks entailed by a chosen business strategy or resulting from the bank's inability to execute its strategy;

Business risk: risk of the earnings break-even point not being reached because of costs exceeding revenues.

Through its insurance subsidiaries, the Group is also exposed to a variety of risks linked to the insurance business (e.g. premium prices risk, mortality risk and structural risk of life and non-life insurance activities).

Through its Specialised Financing division, mainly its operational vehicle leasing subsidiaries, the Group is exposed to residual value risk (estimated net resale value of an asset at the end of the leasing contract).

For any further information, investors and/or Noteholders should refer to the "Risk Management" section in the English or French versions of the 2010 Registration Document (*Document de référence*) of Société Générale which are incorporated by reference in this Debt Issuance Programme Prospectus.

Factors that may affect each Issuer's ability to fulfil its obligations under the Notes issued under the Programme and the Guarantor's ability to fulfil its obligations under the Guarantee in relation to such Notes

Creditworthiness of each Issuer and, as the case may be, the Guarantor

The Notes constitute general and unsecured contractual obligations of each Issuer and of no other person, and the Guarantee constitutes general and unsecured contractual obligations of the Guarantor and of no other person, which will rank equally with all other unsecured contractual obligations of the Issuer and the Guarantor, respectively, and behind preferred liabilities, including those mandatorily preferred by law. The Issuer issues a large number of financial instruments, including the Notes, on a global basis and, at any given time, the financial instruments outstanding may be substantial. If you purchase the Notes, you are relying upon the creditworthiness of the Issuer and, as the case may be, the Guarantor and no other person and where the Notes relate to securities, you have no rights against the company that has issued such securities, and where the Notes relate to an index, you have no rights against the sponsor of such index and where the Notes relate to a fund, you have no rights against the manager of such fund. Further, an investment in the Notes is not an investment in the underlying assets and you will have no rights in relation to voting rights or other entitlements (including any dividend or other distributions).

Risks associated with the lack of independence of each Issuer and, as the case may be, the Guarantor

Société Générale will act as issuer under the Programme, as the Guarantor of the Notes issued by SGA Société Générale Acceptance N.V. and SG Option Europe and also as provider of hedging instruments to each Issuer. As a result, investors will be exposed not only to the credit risk of the Guarantor but also operational risks arising from the lack of independence of the Guarantor, in assuming its duties and obligations as the Guarantor and provider of the hedging instruments. The operational risks arising from such lack of independence are in part intended to be mitigated by the fact that different divisions within the Guarantor will be responsible for implementing the Guarantee and providing the hedging instruments and that each division is run as a separate operational unit, segregated by Chinese walls and run by different management teams. Whilst compliance procedures require effective segregation of duties and responsibilities between the relevant divisions within the Guarantor, the possibility of conflicts of interest arising cannot be wholly eliminated.

Conflicts of interest

The Issuer and the Guarantor provide a full array of capital market products and advisory services worldwide including the issuance of “structured” Notes where interest and/or principal is/are linked to the performance of underlying assets. The Issuer and the Guarantor and any of their subsidiaries and affiliates, in connection with their other business activities, may possess or acquire material information about the underlying assets. Such activities and information may cause consequences adverse to the Noteholders. Such actions and conflicts may include, without limitation, the exercise of voting power, the purchase and sale of securities, financial advisory relationships and exercise of creditor rights. The Issuer, the Guarantor and any of their subsidiaries and affiliates have no obligation to disclose such information about the underlying assets or the companies to which they relate. The Issuer, the Guarantor and any of their subsidiaries and affiliates and their officers and directors may engage in any such activities without regard to the Notes or the effect that such activities may directly or indirectly have on any Note.

Hedging and trading activity by each Issuer, the Guarantor and their affiliates could potentially affect the value of the Notes

In the ordinary course of their business, whether or not they will engage in any secondary market making activities, the Issuer, the Guarantor and/or any of their affiliates may effect transactions for their own account or for the account of their customers and hold long or short positions in the Reference Asset(s) or related derivatives. In addition, in connection with the offering of the Notes, the Issuer, the Guarantor and/or their affiliates may enter into one or more hedging transactions with respect to the Reference Asset(s) or related derivatives. In connection with such hedging or any market-making activities or with respect to proprietary or other trading activities by the Issuer, the Guarantor and/or the Group, the Issuer, the Guarantor and/or their affiliates may enter into transactions in the Reference Asset(s) or related derivatives which may affect the market price, liquidity or value of the Reference Assets and, consequently, the Notes and which could be deemed to be adverse to the interests of the relevant Noteholders.

The above situations may result in consequences which may be adverse to Noteholders. The Issuer and the Guarantor assume no responsibility whatsoever for such consequences and their impact on Noteholders.

No Events of Default in respect of Notes issued by Société Générale

In no event will holders of Notes issued by Société Générale be able to accelerate the maturity of their Notes. Accordingly, such holders will have claims only for amounts then due and payable on their Notes.

B. Risks Relating to Notes

Risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which present particular risks for potential investors. Set out below is a description of the most common such features, which may increase the risk of investing in such Notes:

Notes subject to optional redemption by the Issuer

An optional redemption feature of Notes is likely to limit their market value. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

Early redemption

Any early redemption of Subordinated Notes in accordance with Condition 7(b), (c) or (e) of the Terms and Conditions of the English Law Notes and the Uncertificated Notes and Condition 6(b), 6(c) or 6(e) of the

Terms and Conditions of the French Law Notes will be subject to the prior written approval of the *Secrétariat général de la Commission bancaire* in France.

Early Trigger Redemption

In respect of certain issues where so specified in the applicable Final Terms, the Notes may be redeemed early in the event that the outstanding nominal amount falls below 10% of the initial nominal amount of such Notes or such other level stipulated in the applicable Final Terms. In such event the Issuer will have the option to redeem any outstanding Notes early upon the giving of notice. This could lead to investors receiving an amount at redemption earlier than had been anticipated in circumstances over which the investors have no control and may affect the value of their investment.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Index Linked Notes and Dual Currency Notes

The Issuer may issue Notes with principal or interest determined by reference to an index or formula, to changes in the prices of securities or commodities, to movements in currency exchange rates or other factors (each, a **Relevant Factor**). In addition, the Issuer may issue Notes with principal or interest payable in one or more currencies which may be different from the currency in which the Notes are denominated. Potential investors should be aware that:

- (i) the market price of such Notes may be volatile;
- (ii) they may receive no interest;
- (iii) payment of principal or interest may occur at a different time or in a different currency than expected;
- (iv) they may lose all or a substantial portion of their principal;
- (v) a Relevant Factor may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices;
- (vi) if a Relevant Factor is applied to Notes in conjunction with a multiplier greater than one or contains some other leverage factor, the effect of changes in the Relevant Factor on principal or interest payable likely will be magnified; and
- (vii) the timing of changes in a Relevant Factor may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the Relevant Factor, the greater the effect on yield.

The historical experience of an index should not be viewed as an indication of the future performance of such index during the term of any Index Linked Notes. Accordingly, each potential investor should consult its own financial and legal advisers about the risk entailed by an investment in any Index Linked Notes or Dual Currency Notes and the suitability of such Notes in light of its particular circumstances.

Partly-Paid Notes

The Issuer may issue Notes where the issue price is payable in more than one part payment. Failure to pay any subsequent part payment could result in an investor losing some or all of his investment.

Variable rate Notes with a multiplier or other leverage factor

Notes with variable interest rates can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features or other similar related features, their market values may be even more volatile than those for securities that do not include those features.

Inverse Floating Rate Notes

Inverse Floating Rate Notes have an interest rate equal to a fixed rate minus a rate based upon a reference rate such as LIBOR. The market values of those Notes typically are more volatile than market values of other conventional floating rate debt securities based on the same reference rate (and with otherwise comparable terms). Inverse Floating Rate Notes are more volatile because an increase in the reference rate not only decreases the interest rate of the Notes, but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Notes.

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate that converts from a fixed rate to a floating rate, or from a floating rate to a fixed rate. Where the Issuer has the right to effect such a conversion, this will affect the secondary market and the market value of the Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate in such circumstances, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate in such circumstances, the fixed rate may be lower than then prevailing rates on its Notes.

Notes issued linked to certain events

The interest rate or redemption amount of certain Notes may be linked to the occurrence or non-occurrence of certain events which are not connected with the Issuer or the Guarantor such as credit, weather or sporting events. The occurrence of such events is beyond the control of the Issuer and the Guarantor and Noteholders are exposed to the risk of such event occurring or not, as the case may be.

Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

The Issuer's obligations in relation to Subordinated Notes are subordinated

In the case of Subordinated Notes issued by Société Générale, the Issuer's obligations will be unsecured and subordinated and will rank junior in priority of payment to unsubordinated creditors (including depositors) of that Issuer, as more fully described in the Terms and Conditions.

In the case of Subordinated Notes issued by Société Générale, if any judgment is rendered by any competent court declaring the judicial liquidation (*liquidation judiciaire*) of the Issuer or if the Issuer is liquidated for any other reason, the rights of payment of the holders of Subordinated Notes shall be subordinated to the payment in full of unsubordinated creditors (including depositors) and, subject to such payment in full, the holders of such Subordinated Notes shall be paid in priority to any *prêts participatifs* granted to the Issuer and any *titres participatifs* issued by it. In the event of incomplete payment of unsubordinated creditors, the obligations of the Issuer in connection with Subordinated Notes will be terminated. The holders of such

Subordinated Notes shall take all steps necessary for the orderly accomplishment of any collective proceedings or voluntary liquidation.

Although Subordinated Notes may pay a higher rate of interest than comparable Notes which are not subordinated, there is a substantial risk that investors in Subordinated Notes will lose all or some of their investment should the Issuer become insolvent.

Under certain conditions, interest payments under Subordinated Notes can be deferred

If at the *Assemblée Générale* immediately prior to an Interest Payment Date, no dividend on any class of share capital of Société Générale for the immediately preceding fiscal year is declared, then the Issuer may defer the payment of interest on the Subordinated Notes until whichever is the earliest of: (A) the interest payment date immediately following the date upon which at the *Assemblée Générale* immediately preceding such interest payment date a dividend is declared on any class of share capital of Société Générale, and (B) the commencement of a liquidation or dissolution of Société Générale.

However, the Issuer may at any time give notice of its intention to pay any accumulated previously deferred interest and upon expiry of any such notice, it shall be obliged to pay such amounts.

In no event will holders of Subordinated Notes be able to accelerate the maturity of their Subordinated Notes; such holders will have claims only for amounts then due and payable on their Subordinated Notes. After the Issuer has fully paid all deferred interest on any issue of Subordinated Notes and if that issue of Subordinated Notes remains outstanding, future interest payments on that issue of Subordinated Notes will be subject to further deferral as described above.

Any deferral of interest payments is likely to have an adverse effect on the market price of the Subordinated Notes. In addition, as a result of the interest deferral provision of the Subordinated Notes, the market price of the Subordinated Notes may be more volatile than the market prices of other debt securities on which original issue discount or interest accrues that are not subject to such deferrals and may be more sensitive generally to adverse changes in the Issuer's financial condition.

Notes underlying Crest Depository Interests

The CDIs will be delivered, held and settled in CREST, by means of the CREST International Settlement Links Service.

The settlement of the CDIs by means of the CREST International Settlement Links Service may involve the following risks to investors:

1. Investors will not be the legal owners of the Notes underlying the CDIs (the **Underlying Notes**). The CDIs are separate legal instruments from the Underlying Notes to which they relate and represent an indirect interest in such Underlying Notes.

The Underlying Notes themselves (as distinct from the CDIs representing indirect interests in such Underlying Notes) will be held in an account with a custodian. The custodian will hold the Underlying Notes through a clearing system. Rights in the Underlying Notes will be held through custodial and depository links through the appropriate clearing systems. The legal title to the Underlying Notes or to interests in the Underlying Notes will depend on the rules of the clearing system in or through which the Underlying Notes are held.

The CDIs will be issued by CREST Depository Limited to investors and will be governed by English law. The CDIs will represent indirect interests in the interest of CREST International Nominees Limited in the Underlying Notes.

Rights under the Underlying Notes cannot be enforced by investors except indirectly through the intermediary depositaries and custodians described above. The enforcement of rights under the Underlying Notes will therefore be subject to the local law of the relevant intermediary. This will include English law. The rights of investors to the Underlying Notes are represented by the entitlements against the CREST Depository which (through the CREST Nominee) holds interests in the Underlying Notes.

This could result in an elimination or reduction in the payments that otherwise would have been made in respect of the Underlying Notes in the event of any insolvency or liquidation of the relevant intermediary, in particular where the Underlying Notes held in clearing systems are not held in special purpose accounts and are fungible with other securities held in the same accounts on behalf of other customers of the relevant intermediaries.

2. The CDIs issued to investors will be constituted and issued pursuant to the CREST Deed Poll. Investors in the CDIs will be bound by all provisions of the CREST Deed Poll and by all provisions of, or prescribed pursuant to, the CREST Reference Manual dated 26 January 2010 as amended, modified, varied or supplemented from time to time (the **CREST Reference Manual**) and the CREST Rules (contained in the CREST Reference Manual) applicable to the International Settlement Links Service and investors must comply in full with all obligations imposed on them by such provisions.

Investors should note that the provisions of the CREST Deed Poll, the CREST Reference Manual and the CREST Rules contain indemnities, warranties, representations and undertakings to be given by holders of the CDIs and limitations on the liability of the issuer of the CDIs, CREST Depository Limited.

Investors may incur liabilities resulting from a breach of any such indemnities, warranties, representations and undertakings in excess of the money invested by them. The attention of investors is drawn to the terms of the CREST Deed Poll, the CREST Reference Manual and the CREST Rules, copies of which are available from CREST at 33 Cannon Street, London EC4M 5SB or by calling +44207849 0000 or under the CREST section of the Euroclear website at www.euroclear.com.

3. Investors should note that holders of CDIs may be required to pay fees, charges, costs and expenses to CREST Depository Limited in connection with the use of the International Settlement Links Service. These will include the fees and expenses charged by CREST Depository Limited in respect of the provision of services by it under the CREST Deed Poll and any taxes, duties, charges, costs or expenses which may be or become payable in connection with the holding of the Notes through the International Settlement Links Service.
4. Investors should note that neither the Issuer nor any Paying Agent will have any responsibility for the performance by any intermediaries or their respective direct or indirect participants or accountholders of their respective obligations under the rules and procedures governing their operations.

Notes constituting "Obligations" under French Law

Each potential investor should consult its legal advisers and where applicable its regulator(s), accountants, auditors and tax advisers to determine whether and to what extent (i) Notes are legal investments for it, (ii) Notes can be used as collateral for various types of borrowing, (iii) Notes are eligible to its regulated assets (where applicable), (iv) Notes are an appropriate investment for it from a prudential point of view and (v) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisors or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

Sharia Compliant Certificates

Insofar as each potential investor wishes or is required for any reason to invest in Notes that must be construed as compliant with Sharia principles, it is the sole responsibility of each potential investor, investing in

any Note, to (i) make its own investigations into, and satisfy itself as to, the compliance of this Note and the documentation relating thereto with Sharia principles, and (ii) ensure that all necessary actions have been taken (including obtaining a Sharia compliance certificate, where required) so that such a person can make its own determination as to whether this Note and the documentation relating thereto are each compliant with Sharia principles.

If a potential investor invests in a Note, such a person will be deemed to have acknowledged that Société Générale will not be held liable for the non compliance, in whole or in part, of the Notes and the documentation relating thereto with Sharia principles.

Notes to be issued as obligations under French law

The Final Terms may specify that the Notes will constitute obligations under French law (within the meaning of Article L.213-5 of the French *Code monétaire et financier*). Investors' attention is drawn to the fact that this characterisation is a legal characterisation and not a prudential one. Each potential investor should consult its legal advisers and where applicable its regulator(s), accountants, auditors and tax advisers to determine whether and to what extent (i) Notes are legal investments for it, (ii) Notes can be used as collateral for various types of borrowing, (iii) Notes are eligible to its regulated assets (where applicable), (iv) Notes are an appropriate investment for it from a prudential point of view and (v) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisors or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

Risks related to Notes generally

Set out below is a brief description of certain risks relating to the Notes generally:

Modification

The conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

EU Savings Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income (the **Savings Directive**), Member States, including Belgium from 1 January 2010, are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State or to certain limited types of entities established in that other Member State. However, for a transitional period, Luxembourg and Austria are instead required to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland). The current rate of the levy applicable to such payments is 20 per cent. (as from 1 July 2008). However, this rate will increase to 35 per cent. after 1 July 2011. In this respect, the Belgian Minister of Finance has recently indicated that as from 1 January 2010, Belgium will no longer apply the levy on interest payments to beneficial owners who are residents of another Member State of the European Union, but will apply the automatic exchange of information under the Savings Directive.

If a payment were to be made or collected through a Member State which has opted for a withholding system and an amount of, or in respect of, tax were to be withheld from that payment, neither the Issuer nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Note as a result of the imposition of such withholding tax. The Issuer is required to maintain a Paying Agent in a Member State that is not obliged to withhold or deduct tax pursuant to the Directive.

Change of law

The conditions of the Notes (including any non-contractual obligations arising therefrom or connected therewith) are based on relevant laws in effect as at the date of this Debt Issuance Programme Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to such laws, or the official application or interpretation of such laws or administrative practices after the date of this Debt Issuance Programme Prospectus.

Notes where denominations involve integral multiples: Definitive Bearer Notes

In relation to any issue of Bearer Notes which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Bearer Notes may be traded in amounts that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system at the relevant time may not receive a Definitive Bearer Note in respect of such holding (should Definitive Bearer Notes be printed) and would need to purchase a principal amount of Bearer Notes such that its holding amounts to a Specified Denomination.

If Definitive Bearer Notes are issued, holders should be aware that Definitive Bearer Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

Transfer Restrictions

The Notes may be subject to certain transfer restrictions. In particular, any Notes offered and sold or intended to be transferred in the United States or to, or for the account or benefit of, U.S. Persons, can only be sold or otherwise transferred to certain transferees as described under “Subscription, Sale and Transfer Restrictions”. Such restrictions on transfer may limit the liquidity of such Notes. Consequently, a purchaser must be prepared to hold such Notes for an indefinite period of time and potentially until their maturity.

Any sale or transfer of Notes in the United States or to, or for the account or benefit of, U.S. Persons in violation of the transfer restrictions that would cause any Issuer to become required to register as an investment company under the Investment Company Act will be void *ab initio* and will not be honoured by the relevant Issuer, except to the extent otherwise required by law. In addition, the relevant Issuer may, in its discretion, redeem the Notes held by such purchaser or other transferee or compel any such purchaser or other transferee to transfer such Notes. Any such redemption or forced transfer may result in a significant loss of a Noteholder's investment.

No legal and tax advice

Each prospective investor should consult its own advisers as to legal, tax and related aspects investment in the Notes. A Noteholder's effective yield on the Notes may be diminished by the tax on that Noteholder of its investment in the Notes.

A Noteholder's actual yield on the Notes may be reduced from the stated yield by transaction costs.

French Insolvency Law

Under French insolvency law as amended by ordinance n°2008-1345 dated 18 December 2008 which came into force on 15 February 2009, holders of debt securities are automatically grouped into a single assembly of holders (the Assembly) in case of the opening in France of a preservation (*procédure de sauvegarde*) or a judicial reorganisation procedure (*procédure de redressement judiciaire*) of the Issuer, in order to defend their common interests.

The Assembly comprises holders of all debt securities issued by the Issuer (including the Notes), whether or not under a debt issuance programme (such as a Euro Medium Term Notes programme) and regardless of their governing law.

The Assembly deliberates on the draft safeguard (*projet de plan de sauvegarde*) or judicial reorganisation plan (*projet de plan de redressement*) applicable to the Issuer and may further agree to:

- increase the liabilities (charges) of holders of debt securities (including the Noteholders) by rescheduling and/or writing-off debts;
- establish an unequal treatment between holders of debt securities (including the Noteholders) as appropriate under the circumstances; and/or
- decide to convert debt securities (including the Notes) into shares.

Decisions of the Assembly will be taken by a two-third majority (calculated as a proportion of the debt securities held by the holders attending such Assembly or represented thereat). No quorum is required on convocation of the Assembly. For the avoidance of doubt, the provisions relating to the Representation of the Noteholders described in the Terms and Conditions of the Notes set out in this Base Prospectus and, if applicable, the applicable Final Terms will not be applicable in these circumstances.

Risk Factors relating to Index Linked Notes, the redemption amount of which is linked to one or more fund units¹

The fund units may be issued hedge funds or mutual funds (hereafter the underlying funds).

Investors should investigate the underlying fund(s) as if investing directly

To the extent the underlying(s) of a series of Notes include(s) a fund or portfolio of funds, investors should conduct their own diligence of the underlying fund(s) as it would if it were directly investing in the underlying fund(s). The offering of the Notes does not constitute a recommendation by Société Générale or any of its affiliates with respect to an investment linked to an underlying fund (including in respect of funds that are managed by managers affiliated with Société Générale). Investors should not conclude that the sale by the Issuer of the Notes is any form of investment recommendation by the Issuer or any of its affiliates to invest in the underlying fund(s).

Risks relating to underlying funds that are hedge funds

Fund units, and investments in hedge funds generally, are speculative and involve a high degree of risk. Neither the relevant Issuer nor the Guarantor gives any assurance as to the performance of fund units.

To the extent the underlying (s) of a series of Notes include(s) a hedge fund or portfolio of hedge funds for a series of Notes, the Notes of such series will be subject to some of the risks of an investment in a hedge fund or portfolio of hedge funds. The lack of oversight and regulation associated with funds that are hedge funds may increase the likelihood of fraud and negligence by the fund's managers and/or the investment advisors, their brokerage firms or banks.

Hedge funds may involve complex tax structures and delays in distributing important tax information and may have high fees and expenses that may offset the hedge fund's trading profits.

Substantial redemptions on a hedge fund on a particular day could require such funds to liquidate positions more rapidly than would be otherwise desirable.

¹ Statements in this section concerning funds and fund managers also apply to any portfolio or basket of funds and any related portfolio manager.

Hedge funds, including the funds on which Index Linked Notes may be indexed, generally do not make information about their operations and holdings public. Even if the relevant Issuer, the Guarantor or any affiliate of Société Générale may have arrangements with a fund's managers to obtain information required to calculate the value of the fund, it may not have access to the activities of the fund on a continuous basis or at all. There are currently no regulatory requirements compelling funds to release information of the kind that would allow the relevant Issuer, the Guarantor or any affiliate of Société Générale to value a fund or to accurately determine the value of the fund units and, consequently, the Final or Early Redemption Amount of the relevant Notes.

Société Générale and certain of its affiliates from time to time obtain information regarding specific hedge funds that may not be available to the general public. Any such information is obtained by Société Générale and certain of its affiliates in the ordinary course of their businesses, and not in connection with the offering of the Notes (including in respect of funds that are managed by managers affiliated with Société Générale). In connection with the ordinary course of their businesses, Société Générale and certain of its affiliates may recommend, or determine not to recommend, specific hedge funds to their clients. Hedge funds as to which Société Générale and certain of its affiliates have formed investment recommendations may now or may in the future be among the underlying funds used in the redemption formula of Notes. Any views that may be held by Société Générale and certain of its affiliates with respect to the expected future performance of one or more of the funds (including in respect of funds that are managed by managers affiliated with Société Générale) would not be an indication of the future expected performance of the fund, and neither Société Générale nor any of its affiliates has formed a view with respect to the expected future performance of a fund.

Volatility of the markets may adversely affect the value of the fund units

Volatility is the term used to describe the size and frequency of market fluctuations. If the volatility of the underlying fund(s) increases or decreases, the market value of the Notes may be affected.

Funds' performances (especially hedge funds) may be highly volatile. Movements in the net asset value of the fund tracked by the fund units may vary from month to month. Trades made by fund managers may be based upon their expectation of price movements as the relevant investments approach and reach maturity several months following initiation of the trades. In the meantime, the market value of positions may not increase, and may in fact decrease, and this will be reflected in the net asset value per share.

Investments made by the underlying funds can involve substantial risks. The nature of these investments means that the value of the fund units may fluctuate significantly during a day or over longer periods. Consequently, the performance of the fund units over a given period will not necessarily be indicative of future performance.

Market volatility may produce significant losses on the fund units.

The use of leverage may increase the risk of loss in the value of the fund units

The underlying funds may have recourse to leverage i.e. borrow amounts that represent more than 100 per cent. of the value of their assets to invest further in assets that involve further risks. Accordingly, a small downward movement in the value of a fund's assets may result in a significantly larger loss of the fund.

Funds managers may be eligible to earn incentive compensation

The potential for a fund manager to earn performance-based compensation (including a manager that is affiliated with Société Générale) may encourage such fund manager to trade in a more speculative manner than it otherwise would. Therefore, because the incentive compensation of the fund's managers and/or investment advisors to hedge funds is often directly influenced by the performance of such funds, each fund manager may consequently have an incentive to take greater risks when making investments that may result in greater profits. By taking greater risks when making investments consequently there is greater scope for significant losses. In

addition, the fund's managers and/or the investment advisors may receive management, advisory or performance fees even though the fund has not realized any gains.

Funds managers' investments are not verified

Neither of the relevant Issuer, nor Société Générale as Guarantor or as Calculation Agent under the Notes, nor Société Générale's affiliates is or will be responsible for verifying or ensuring that the fund's managers comply with its stated trading strategy (including a manager that is affiliated with Société Générale).

The fund's managers (including a manager that is affiliated with Société Générale) do not have any obligations to the Noteholders, or other role in connection with the Notes, including any obligation to take the needs of the Noteholders into consideration for any reason. The fund's managers (including a manager that is affiliated with Société Générale) are not responsible for, and have not endorsed or participated in, the offering, placement, sale, purchase or transfer of the Notes. The fund's managers (including a manager that is affiliated with Société Générale) are not responsible for, and will not participate in, the determination or calculation of the amounts receivable by Noteholders.

Underlying funds that are hedge funds, are not subject to the same regulatory regime, or regulated to the same extent as, mutual funds or registered securities or securities offerings. Changes to the current regulatory environment could affect the investment, operations and structure of the underlying funds and could adversely affect the performance of the underlying funds.

The underlying funds may invest in assets that involve further risks and such risks may not be fully disclosed at the time of investment by the relevant Issuer. The fund's managers and/or the investment advisors to hedge funds may invest in and trade in a variety of financial instruments using sophisticated investment techniques for hedging and non-hedging purposes. Such financial instruments and investment techniques include but are not limited to the use of leverage (i.e., borrowing money for investment purposes), short sales of securities, transactions that use derivatives such as swaps, stock options, index options, futures contracts and options on futures, transactions that involve the lending of securities to certain financial institutions, the entry into repurchase and reverse repurchase agreements for securities and the investment in foreign securities and foreign currencies. Furthermore, hedge funds may borrow an amount more than 100 per cent. of its assets on a consistent basis to increase its leverage. While these investment strategies and financial instruments allow the fund's managers and/or the investment advisors the flexibility to implement a range of strategies in an attempt to generate positive returns for the fund, they also create the risk of significant losses that may adversely affect the fund.

Hedge funds may invest in securities listed or traded on foreign exchanges. The execution of transactions on foreign exchanges might involve particular risks including but not limited to: higher volatility, government intervention, lack of transparency, lack of regulation, currency risk, political risk and economic social instability.

Reliance on fund's managers and/or investment advisors of the underlying fund(s)

Investment in the Notes is speculative and entails substantial risks. The Final or Early Redemption Amount is based on changes in the value of the underlying fund(s), which fluctuates and cannot be predicted. Moreover, any persons relying on the performance of the underlying fund(s) should note that such performance will depend to a considerable extent on the performance of the fund's managers and/or investment advisors of the fund(s). Neither of the relevant Issuer, nor Société Générale as Guarantor or as Calculation Agent under the Notes, nor Société Générale's affiliates are in a position to protect the Noteholders against fraud and misrepresentation by unaffiliated fund managers or the investment advisors. Investors should understand that they could be materially adversely affected by any such acts. Noteholders do not have and are not entitled to any beneficial interests in the underlying fund(s) and as such, have no recourse against the underlying fund(s), any investment advisor or manager either contractually or statutorily. Furthermore, as a practical matter, it may be difficult to bring an action, or to seek to enforce a judgment obtained in an action, against any of the

aforementioned entities. In addition, the fund's managers and/or the investment advisors may be removed or replaced, the allocation of assets may vary from time to time and the various positions of the investments of the underlying fund(s) may be economically offsetting, all of which may affect the performance of the underlying fund(s).

The fund's managers and/or the investment advisors may manage or advise other funds and/or accounts and may have financial and other incentives to favor such other funds and/or accounts over the underlying fund(s). Also, the fund's managers and/or the investment advisors may manage or advise for their own accounts and the accounts of their clients and may make recommendations or take positions similar or dissimilar to those of the underlying fund(s) or which may compete with the underlying fund(s).

Fees, deductions and charges will reduce the Final or Early Redemption Amount

Fund fees will be deducted from the net asset value of the fund, reducing the value of the fund units. Accordingly, to the extent that the Final or Early Redemption Amount is linked to the net asset value of a fund, the Final or Early Redemption Amount payable to Noteholders will be less than it would have been absent these fees, deductions and charges, but Société Générale or one of its affiliates may be the beneficiary of such fees or obtain rebate on such fees from third parties.

Net Asset Value

The Issuer believes that the market value of the Notes will likely depend substantially on the then-current net asset value of the underlying fund(s). If an investor chooses to sell its Notes, such investor may receive substantially less than the amount that would be payable at any relevant payment date based on that net asset value because of, for example, possible market expectations that the net asset value of the underlying fund(s) will continue to fluctuate between such time and the time when the final net asset value of the underlying fund(s) is determined. Political, economic and other developments that affect the investments underlying the underlying fund(s) may also affect the net asset value of the underlying fund(s) and, thus the value of the Notes.

The illiquidity of the underlying fund's investments may cause the payment of the Final or Early Redemption Amount and/or any Intermediary Amount to be reduced or delayed

The intermediary amounts or final redemption amounts due to investors in Notes having funds as underlyings may be based on the redemption proceeds that would be paid in cash by the underlying fund to a hypothetical investor as a result of a valid and timely notice for redemption given by such hypothetical investor with effect as of the relevant valuation date. To meet a redemption request, the underlying fund would likely sell its own assets but such investments may not be readily saleable on or shortly after the valuation date for various reasons, including, but not limited to:

- infrequent redemption opportunities allowed by such underlying fund (for example, many hedge funds only allow monthly or quarterly liquidity);
- “gating,” lock-ups, side pockets or discretionary redemption delays or suspensions imposed by such underlying fund (for example, many hedge funds have provisions whereby redemption requests are scaled back if the aggregate amount of such requests reaches a predetermined limit);
- such underlying funds' own investments may be illiquid;

In these situations, (i) the payment of an intermediate amounts may be postponed by the Calculation Agent to soon after the date on which the underlying fund pays all the redemption proceeds in respect of a valid and timely redemption order given after the occurrence an event described above or to the maturity date of the Notes and/or (ii) the payment of the final redemption amount will occur on the basis of the redemption proceeds paid by the underlying fund in respect of a valid and timely redemption order given after the occurrence an

event described above. If the redemption proceeds have not been paid by the underlying fund on the maturity date of the Notes, the payment of the intermediate amounts or final redemption amounts, may be postponed after the maturity date up to a maximum period of two years. If at the expiry of this two-year period, the underlying fund has not paid in full the redemption proceeds, the intermediate and final redemption amounts shall be determined by the Calculation Agent on the basis of what has actually been paid by the underlying fund. The amount received by the investors in the Notes may be as low as zero.

In case of occurrence of certain extraordinary events affecting an underlying fund, such as but without limitation the insolvency, nationalization or merger of the underlying fund, a resignation or termination or replacement of the administrator, custodian, investment adviser or manager of the fund, a breach by the underlying fund of its investment strategy, the Calculation Agent may decide to terminate soon after the occurrence of such extraordinary event, the exposure of the Notes to the underlying fund and the intermediate amounts and /or the final redemption amounts and (i) pay any intermediate amount due to the investor in the Notes either immediately or at maturity date on the basis of the redemption proceeds paid by the underlying fund in the liquidation of the exposure to such underlying fund and/or (ii) pay the final redemption amount at the maturity date on the basis of the redemption proceeds paid by the underlying fund in the liquidation of the exposure to such underlying fund. If the underlying fund is also subject to liquidity problems as described above, the postponement of the payment of the intermediate amounts and/or final redemption amount up to a maximum period of two years may also apply.

Given recent experience in the hedge fund industry, it is likely that such delay would have an adverse impact on the amount payable to you under the Notes.

If the underlying fund(s) invest(s) through a master-feeder structure, the latter may have an adverse effect on the underlying fund(s) and, therefore, the Notes

The underlying fund(s) may invest through a “master-feeder” structure. As such, the underlying fund(s) will contribute substantially part or all of its assets to the master fund and may do so alongside other investors, including other feeder funds. The relevant master fund may also establish or allow investment by additional investors or feeder funds in the future.

The master-feeder fund structure, in particular the existence of multiple investment vehicles investing in the same portfolio, presents certain unique risks to investors. The underlying fund(s) may be materially affected by the actions of other investors, investment vehicles and feeder funds investing in the master fund, particularly if such investors have large investments in the master fund. For example, if a larger investment vehicle or entity with a large investment in the master fund redeems from the master fund, illiquidity in certain securities or markets could make it difficult for the master fund to liquidate positions on favourable terms to effect such redemption, which could result in losses or a decrease in the net asset value of the master fund. In addition, to satisfy such redemptions, the sub-manager may need to liquidate the master fund’s most liquid investments; leaving remaining investors (including the underlying fund(s)) invested in more illiquid instruments. Such withdrawals may also leave the master fund with a less diversified pool of investments. This may increase the overall portfolio risk of the master fund, and, ultimately, the Notes. Conversely, the sub-manager may refuse a redemption request if it believes that such request, if fulfilled, would have a material adverse impact on the remaining investors of the master fund. This may negatively impact the liquidity of the master fund and, therefore, the underlying fund(s) and the Notes.

Certain business activities may create conflicts of interest with Noteholders

The Issuer and the Guarantor, or one or more of their affiliates, may engage in trading and other business activities relating to the underlying fund(s) or their underlying assets that are not for the Noteholders’ accounts or on behalf of the Noteholders. These activities may present a conflict between a Noteholder’s interest in the Notes and the interests the Issuer and the Guarantor, or one or more of their affiliates, may have in their proprietary account. Such activities may include, among other things, the exercise of voting power, financial advisory relationships, financing transactions, derivative transactions and the exercise of creditor rights, each of

which may be contrary to the interests of the Noteholders. Any of these trading and/or business activities may affect the value of a underlying fund(s) and thus could be adverse to a Noteholder's return on the Notes. The Issuer, the Guarantor and their affiliates may engage in any such activities without regard to the Notes or the effect that such activities may directly or indirectly have on Notes of any series.

In addition, in connection with these activities, the Issuer, the Guarantor and/or their affiliates may receive information about the underlying fund(s) or their underlying assets that will not be disclosed to the Noteholders. The Issuer, the Guarantor and their affiliates have no obligation to disclose such information about the underlying fund(s) or the companies to which they relate.

Additional investments in, or withdrawals of amounts previously invested in, the fund may adversely affect the value of the fund units

In the ordinary course of their business, whether or not they will engage in any secondary market making activities, the Issuer, the Guarantor or one or more of their affiliates may effect transactions for their own account or for the account of their customers and hold long or short positions in the underlying fund(s), underlying assets of the underlying fund(s) and/or related derivatives. In addition, in connection with the offering of any series of Notes and during the term of such series of Notes, each of the Issuer, the Guarantor or one or more of their affiliates in order to hedge its obligations under the Notes, may enter into one or more hedging transaction with respect to the underlying fund(s), underlying assets of the underlying fund(s) and/or related derivatives.

In connection with any of such hedging or any market making activities or with respect to proprietary or other such trading activities, the Issuer, the Guarantor and/or their affiliates may enter into transactions in the underlying fund(s), underlying assets of the underlying fund(s) and/or related derivatives which may affect the market price, liquidity or value of the underlying fund(s) or their underlying assets, and therefore the Notes. The Issuer, the Guarantor and/or any of their affiliates may also issue or underwrite other securities or financial or derivative instruments with returns linked or related to changes in the performance of the underlying fund(s) or their underlying assets. Any of the above situations may result in consequences which may be adverse to a Noteholder's investment. The Issuer and the Guarantor assume no responsibility whatsoever for such consequences and their impact on a Noteholder's investment.

Investors should be aware that, as a result of hedging decisions by the hedging counterparty, transfers into or out of the fund by the hedging counterparty may affect the value of the fund units and, in turn, the Final or Early Redemption Amount of the Notes.

Furthermore, the Issuer may issue additional Tranches of Notes that are fungible with the Notes, or other bonds, notes or instruments that, while not fungible with the Notes, may be linked to an index with a component which has the underlying funds as reference asset. If such Notes are issued, Société Générale is likely to make additional investments in the underlying funds to hedge exposure incurred in connection with such transactions related to such Notes. Any such investment in the underlying funds could adversely affect the performance of the fund units, which could adversely affect the trading value of the Notes and the Final or Early Redemption Amount.

Legal, tax and regulatory changes

Legal, tax and regulatory changes could occur during the term of the Notes that may adversely affect the underlying fund(s). The regulatory environment for hedge funds is evolving, and changes in the regulation of hedge funds may adversely affect the value of investments held by the underlying fund(s). In addition, the securities and futures markets are subject to comprehensive statutes, regulations and margin requirements. Regulators and self-regulatory organizations and exchanges are authorized to take extraordinary actions in the event of market emergencies. The regulation of derivatives transactions and funds that engage in such transactions is an evolving area of law and is subject to modification by government and judicial action. The

effect of any future regulatory change on the underlying fund(s) could be substantial and adverse and consequently adversely effect the value of the Notes.

No ownership rights in any underlying fund(s)

An investment in the Notes does not entitle Noteholders to any ownership interest or rights in any underlying fund(s), such as voting rights or rights to any payments made to owners of the underlying fund(s). Instead, a Note represents a notional investment in the underlying fund(s). The term “notional” is used because although the value of the underlying fund(s) will be used to calculate your payment under the Notes, your investment in the Notes will not be used to purchase interests in the underlying fund(s) on your behalf.

The Issuer, or an affiliate, may purchase interests in the underlying fund(s) in order to hedge its obligations under the Notes but it is under no obligation to do so. Such interests, if any, are the separate property of the Issuer or such affiliate and do not secure or otherwise underlie the Notes. Therefore, in the event of a failure to pay the Final or Early Redemption Amount by the Issuer under the Notes, you will have no beneficial interest in or claim to any such interests in the underlying fund(s). Accordingly, any claims by you pursuant to the terms and conditions of such Notes will be *pari passu* with all other unsecured, unsubordinated, unconditional creditors of the Issuer.

Common risk factors relating to Index Linked Notes

Where payments (whether in respect of principal and/or interest and whether at maturity or otherwise) on Index Linked Notes are calculated by reference to an index or a basket of indices, or a share or a basket of shares, the creditworthiness of any reference entity or reference obligation or a basket of reference entities or reference obligations, a commodity or a basket of commodities (each a **Reference Asset**), the return of the Notes is based on changes in the value of the Reference Asset, which fluctuates. Changes in the value of the Reference Asset cannot be predicted. Although historical data with respect to the Reference Asset is available, the historical performance of the Reference Asset should not be taken as an indication of future performance.

Investors' yield may be lower than the yield on a standard debt security of comparable maturity

Unlike conventional fixed rate or floating rate debt securities, Index Linked Notes whose payments (whether in respect of principal and/or interest and whether at maturity or otherwise) are calculated by reference to an index, may not provide investors with periodic payments of interest. Further, with respect to the Final or Early Redemption Amount, the effective yield to maturity of the Notes may be less than that which would be payable on a conventional fixed rate or floating rate debt security. The return of only the Final or Early Redemption Amount of each Note at maturity may not compensate the holder for any opportunity cost implied by inflation and other factors relating to the value of money over time.

Risk factors relating to Index Linked Notes based on indices

Return does not reflect dividends

Depending upon the calculation methodology of an index, where the performance of an index is taken into account in order to calculate payments due under the Index Linked Notes the payment of income (such as dividends for an index that has stocks as underlyings) may not be reflected as the index may be calculated by reference to the prices of the underlyings comprising the index without taking into consideration the value of any income paid on those underlying assets. Therefore, the yield to maturity of Index Linked Notes referring to an index may not be the same as the yield that would be produced if such underlying assets were purchased and held for a similar period.

Risks relating to an index

Index Linked Notes based on an index are subject to risks broadly similar to those attending any investment in a broadly-based portfolio of assets including, without limitation, the risk that the general level of prices for such assets may decline. The following is a list of some of the significant risks associated with an index:

- historical performance of the index does not indicate the future performance of the index. It is impossible to predict whether the value of the index will fall or rise during the term of the Notes;
- if the index comprises underlying stocks, the trading prices of the stocks underlying the index will be influenced by political, economic, financial, market and other factors. It is impossible to predict what effect these factors will have on the value of any asset related to the index and, in turn, the return on the Notes.

The policies of the sponsor of an index (including a sponsor that is affiliated with Société Générale) concerning additions, deletions and substitutions of the assets underlying the index and the manner in which the index sponsor takes account of certain changes affecting such underlying assets may affect the value of the index. The policies of an index sponsor with respect to the calculation of an index could also affect the value of the index. An index sponsor may discontinue or suspend calculation or dissemination of information relating to its index. Any such actions could affect the value of the Notes. See “Technical Annex” for more details.

In addition, indices may be subject to management fees and other fees as well as charges that are payable to the index sponsor(s) and which can reduce the Final or Early Redemption Amount payable to Noteholders. Such fees may be paid to index sponsors that are affiliates of Société Générale.

Conflicts of interest in connection with indices

The composition of, and the methodologies used in connection with, certain indices to which Notes are linked may be determined and selected by Société Générale or one of its affiliates. In selecting such methodologies, Société Générale or the relevant affiliate of Société Générale, can be expected to have regard to its own objectives and interests and/or those of the Group and there is no guarantee that the methodologies selected will not be less favourable to the interests of investors than methodologies used by other index sponsors in comparable circumstances.

If the hedging activities of Société Générale or one of its affiliates in connection with a particular index are disrupted, Société Générale or the relevant affiliate may decide to terminate calculations in relation to such index sooner than another index sponsor would in comparable circumstances. Such a termination may trigger the early redemption of the Notes.

Risk factors specific to Index Linked Notes based on shares

No beneficial interest in the underlying shares

A holder of the Notes will not be a beneficial owner of the underlying shares and therefore will not be entitled to receive any dividends or similar amounts paid on the underlying shares, nor will a Noteholder be entitled to purchase the underlying shares by virtue of their ownership of the Notes. Moreover, holders of the Notes will not be entitled to any voting rights or other control rights that holders of the underlying shares may have with respect to the issuer of such underlying shares. The Final or Early Redemption Amount will not reflect the payment of any dividends on the underlying shares. Accordingly, the return on the Notes will not reflect the return you would realise if you actually owned the underlying shares and received dividends, if any, paid on those securities. Therefore, the yield to maturity based on the methodology for calculating the Final or Early Redemption Amount will not be the same yield as would be produced if the underlying shares were purchased directly and held for a similar period.

Limited antidilution protection

The Calculation Agent may make adjustments to elements of the Notes as described in the Technical Annex. The Calculation Agent is not required to make an adjustment for every corporate event that may affect the underlying shares. Those events or other actions by the issuer of underlying shares or a third party may nevertheless adversely affect the market price of the underlying shares and, therefore, adversely affect the value of the Notes. The issuer of underlying shares or a third party could make an offering or exchange offer or the issuer of underlying shares could take another action that adversely affects the value of the underlying shares and the Notes but does not result in an adjustment.

Risks arising from conduct of issuers of shares

The issuers of underlying shares are not involved in the offer of the Notes in any way and have no obligation to consider your interest as a holder of the Notes in taking any corporate actions that might affect the value of the Notes. The issuers of underlying shares may take actions that will adversely affect the value of the Notes.

Risk Factors relating to Commodity Linked Notes

Commodity Linked Notes may be redeemed by the Issuer at their par value and/or by the physical delivery of the underlying asset(s) and/or by payment of an amount determined by reference to the value of the underlying asset(s). Accordingly, an investment in Commodity Linked Notes may bear similar market risks to a direct investment in the relevant commodities and investors should take advice accordingly. Interest payable on Commodity Linked Notes may be calculated by reference to the value of one or more underlying asset(s). The value of the underlying asset(s) may vary over time and may increase or decrease by reference to a variety of factors which may include global supply and demand of commodities to which the underlying asset(s) refer, production and selling activities of the respective commodities by producers, central banks and international organisations, demand for end-products based on the respective commodity, net investment demand and industrial demand.

Risk Factors relating to Credit Linked Notes*

In the event of the occurrence of certain circumstances (which may include, amongst other things, Bankruptcy, Failure to Pay, Obligation Acceleration, Obligation Default, Repudiation/Moratorium or Restructuring) in relation to a Reference Entity or Reference Entities, in each case as specified in the applicable Final Terms, the obligation of the Issuer to pay principal may be replaced by (i) an obligation to pay other amounts which are equal to either certain fixed amount(s) as specified in the applicable Final Terms or amounts calculated by reference to the value of the underlying asset(s) (which may, in each case, be less than the par value of the Notes at the relevant time) and/or (ii) an obligation to deliver the underlying asset(s). In addition, interest-bearing Credit Linked Notes may cease to bear interest on or prior to the date of occurrence of such circumstances.

Accordingly, Noteholders may be exposed to fluctuations in the creditworthiness of the Reference Entities to the full extent of their investment in the Credit Linked Notes.

Under the terms of the Notes, where Société Générale acts as Calculation Agent, it may, for the purposes of determining the Cash Settlement Amount or Physical Delivery Amount, select obligations with the lowest price of any obligations which meet the relevant criteria. In making such selection, the Calculation Agent will not be liable to account to the Noteholders, or any other person for any profit or other benefit to it or any of its affiliates which may result directly or indirectly from such selection.

* Capitalised terms used in this section, but not otherwise defined in this Debt Issuance Programme Prospectus, shall have the meanings given to them in the Credit Technical Annex.

The Cash Settlement Amount may be equal to zero if it is not possible to obtain quotations from Quotation Dealers for the selected obligations.

Settlement

Under the Notes, the Final Value of a Selected Obligation is one of the factors in the determination of the redemption amount of the Notes at their Maturity Date. The Notes provide that the Calculation Agent may choose to determine the Final Value in respect of a Selected Obligation either by obtaining quotations from specified leading dealers or by reference to a Settlement Protocol (all as defined in the Credit Technical Annex). In this regard, investors should note that: (i) the Final Value as determined by reference to a Settlement Protocol may differ from the Final Value determined otherwise and a lower Final Value will typically reduce the amount payable to Noteholders upon redemption of the Notes; and (ii) the Calculation Agent may have a conflict of interest to the extent that it participates in the Settlement Protocol and potentially influences the pricing mechanism thereunder.

C. Market and Other Risks

Risks related to the market generally

Set out below is a brief description of the principal market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

The secondary market generally

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

In addition, Noteholders should be aware of the prevailing and widely reported global credit market conditions (which continue at the date of this Debt Issuance Programme Prospectus), whereby there is a general lack of liquidity in the secondary market for instruments similar to certain of the Notes which may be issued hereunder. Such lack of liquidity may result in investors suffering losses on the Notes in secondary resales even if there is no decline in the performance of the Notes, any underlying or reference, or the assets of the Issuer and/or the Guarantor. The Issuer cannot predict whether these circumstances will change and whether, if and when they do change, there will be a more liquid market for the Notes and instruments similar to the Notes at that time.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the **Investor's Currency**) other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency-equivalent value of the principal payable on the Notes and (3) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks

Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Fixed Rate Notes.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) Notes are legal investments for it, (ii) Notes can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

Any decline in the credit ratings of each Issuer or the Guarantor may affect the market value of the Notes

The credit ratings of the Issuers and the Guarantor are an assessment of its ability to pay its obligations, including those on the offered Notes. Consequently, actual or anticipated declines in the credit ratings of either the Issuers and/or the Guarantor may affect the market value of the relevant Notes.

Investment Company Act

Neither Société Générale Acceptance N.V. nor SG Option Europe has registered with the United States Securities and Exchange Commission (the **SEC**) as an investment company pursuant to the Investment Company Act. Investors in the Notes will not have the protections of the Investment Company Act.

If the SEC or a court of competent jurisdiction were to find that the relevant Issuer is required, but in violation of the Investment Company Act, has failed, to register as an investment company, possible consequences include, but are not limited to, the following: (i) the SEC could apply to a district court to enjoin the violation; (ii) investors in the Issuer could sue the Issuer and recover any damages caused by the violation; and (iii) any contract to which the Issuer is party that is made in, or whose performance involves, a violation of the Investment Company Act would be unenforceable by any party to the contract unless a court were to find that under the circumstances enforcement would produce a more equitable result than non-enforcement and would not be inconsistent with the purposes of the Investment Company Act. Should the relevant Issuer be subjected to any or all of the foregoing, such Issuer would be materially and adversely affected.

FORM OF THE NOTES

Definitions

The following terms shall have the following meanings when used in this section Form of the Notes:

Bearer Notes means English Law Notes in bearer form.

Dematerialised Notes means French Law Notes which are in dematerialised form.

English Law Notes means Bearer Notes, Registered Notes, SIS Notes and EUI Notes which are governed by English Law.

French Law Notes means Notes which are governed by French law.

Materialised Notes means French Law Notes in materialised form.

Registered Notes means English Law Notes which are in certificated registered form.

Uncertificated Notes means Notes which are in uncertificated and dematerialised book-entry form and shall include Uncertificated Nordic Notes, Uncertificated SIS Notes and EUI Notes (each such term as defined below).

English Law Notes (other than SIS Notes and EUI Notes)

Each Tranche of English Law Notes will be either Bearer Notes (with or without interest coupons attached) issued outside the United States in reliance on the exemption from registration provided by Regulation S or Registered Notes (without interest coupons attached) issued outside the United States in reliance on the exemption from registration provided by Regulation S and/or within the United States in reliance on Rule 144A under the Securities Act.

Bearer Notes

Each Tranche of Bearer Notes (except for SIS Notes, as defined below) will be initially issued in the form of a temporary global Note or, if so specified in the applicable Final Terms, a permanent global Note which, in either case, will:

- (i) if the global Notes are intended to be issued in new global note (NGN) form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a common safekeeper (the **Common Safekeeper**) for Euroclear Bank SA/NV (**Euroclear**) and Clearstream Banking, *société anonyme* (**Clearstream, Luxembourg**); and
- (ii) if the global Notes are not intended to be issued in NGN Form, be delivered on or prior to the original issue date of the Tranche to a common depositary (the **Common Depositary**) for, Euroclear and Clearstream, Luxembourg.

Bearer Global Notes (as defined under “*Terms and Conditions of the English Law Notes and the Uncertificated Notes*”) (except for SIS Notes) will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg as the case may be.

The Bearer Notes of each Tranche offered and sold in reliance on Regulation S may not be offered or sold in the United States or to, or for the benefit or account of, a U.S. Person, and such Bearer Notes will bear a legend regarding such restrictions on transfer. Any future transfer, resale, pledge or delivery of such Bearer

Notes or any interest therein may only be made in compliance with the resale provisions set forth in Regulation S of the Securities Act.

In the event that a Bearer Global Note, other than an SIS Note, held on behalf of Euroclear and/or Clearstream, Luxembourg (or any part thereof) has become due and repayable in accordance with the Conditions or that the Maturity Date has occurred and, in either case, payment in full of the amount due has not been made to the bearer in accordance with the Conditions, then the global Note will become void. At the same time, accountholders with Euroclear and/or Clearstream, Luxembourg having such Notes (other than Definitive Bearer Notes, as defined under “*Terms and Conditions of the English Law Notes and the Uncertificated Notes*”) credited to their accounts will become entitled to proceed directly against the Issuer, on the basis of statements of account provided by Euroclear and/or Clearstream, Luxembourg, under the terms of a deed of covenant (the **Deed of Covenant**) dated 27 April 2010 and executed by each Issuer.

Registered Notes

The Registered Notes of each Tranche offered and sold in reliance on Regulation S, which will be sold to non-U.S. persons outside the United States, will initially be represented by a Regulation S Global Note or a Non-U.S. Registered Global Note (in each case, as defined in Condition 2(h) (see “*Terms and Conditions of the English Law Notes and the Uncertificated Notes*”). Beneficial interests in a Regulation S Global Note may not be offered or sold to, or for the account or benefit of, a U.S. Person save as otherwise provided in Condition 2 (see “*Terms and Conditions of the English Law Notes and the Uncertificated Notes*”) and prior to the expiry of the Distribution Compliance Period (as defined in the Agency Agreement) may not be held otherwise than through Euroclear or Clearstream, Luxembourg and such Regulation S Global Note will bear a legend regarding such restrictions on transfer.

Non-U.S. Registered Notes, or any interest therein, may not at any time be offered, sold, resold, traded, pledged, redeemed, transferred or delivered, directly or indirectly, in the United States or to, or for the account or benefit of, a U.S. Person and any offer, sale, resale, trade, pledge, redemption, transfer or delivery made, directly or indirectly, within the United States or to, or for the account or benefit of, a U.S. Person will not be recognised. Non-U.S. Registered Global Notes may not be legally or beneficially owned at any time by any U.S. Person and accordingly are being offered and sold outside the United States to persons that are not U.S. persons in reliance on Regulation S, interests therein may not be held otherwise than through Euroclear or Clearstream, Luxembourg and such Non-U.S. Registered Notes will bear a legend regarding such restrictions on transfer.

The Registered Notes of each Tranche offered and sold in the United States or to U.S. Persons in private transactions to QIBs that are also QPs will initially be represented by a Rule 144A Global Note (each as defined in Condition 2(h) (see “*Terms and Conditions of the English Law Notes and the Uncertificated Notes*”). Any Rule 144A Global Note will be subject to certain restrictions on transfer set forth therein and will bear a legend regarding such restrictions.

The Registered Notes of each Tranche eligible for sale in the United States to QIBs pursuant to Rule 144A and to non-U.S. persons outside the United States in reliance on Regulation S may initially be represented by a Combined Global Note (as defined in Condition 2(h) (see “*Terms and Conditions of the English Law Notes and the Uncertificated Notes*”). Any Combined Global Note will be subject to certain restrictions on transfer set forth therein and will bear a legend regarding such restrictions.

Registered Global Notes (being Rule 144A Global Notes, Regulation S Global Notes, Combined Global Notes or Non-U.S. Registered Global Notes) will either (i) be deposited with a custodian for, and registered in the name of a nominee of, DTC (in the case of Rule 144A Global Notes and Regulation S Global Notes only) or (ii) be deposited with a Common Depositary [or common safekeeper, as the case may be] for Euroclear and Clearstream, Luxembourg, [or in the name of a nominee of the common safekeeper] as specified in the applicable Final Terms. Persons holding beneficial interests in Registered Global Notes will be entitled or required, as the case may be, under the circumstances described below, to receive physical delivery of Definitive

Registered Notes (as defined under “*Terms and Conditions of the English Law Notes and the Uncertificated Notes*”).

Payments of principal, interest and any other amount in respect of the Registered Global Notes will, in the absence of provision to the contrary, be made to the person shown on the Register (as defined in Condition 6(d) (see “*Terms and Conditions of the English Law Notes and the Uncertificated Notes*”)) as the registered holder of the Registered Global Notes. None of the Issuer, the Guarantor, or any Agent will have any responsibility or liability for any aspect of the records relating to or payments or deliveries made on account of beneficial ownership interests in the Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Payments of principal, interest or any other amount in respect of Definitive Registered Notes will, in the absence of provision to the contrary, be made to the persons shown on the Register on the relevant Record Date (as defined in Condition 6(d) (see “*Terms and Conditions of the English Law Notes and the Uncertificated Notes*”)) immediately preceding the due date for payment in the manner provided in that Condition.

Interests in a Registered Global Note may, subject to compliance with all applicable restrictions, be transferred to a person who wishes to hold such interest in another Registered Global Note. No beneficial owner of an interest in a Registered Global Note will be able to transfer such interest, except in accordance with the applicable procedures of DTC, Euroclear and Clearstream, Luxembourg, in each case to the extent applicable.

EUI Notes

EUI Notes will be held in registered uncertificated form in accordance with the Uncertificated Securities Regulations 2001, including any modification or re-enactment thereof for the time being in force (the **Regulations**) and as such are dematerialised and not constituted by any physical document of title. The EUI Notes are participating securities for the purposes of the Regulations. Title to the EUI Notes is recorded on the relevant Operator register of corporate securities. The EUI Agent on behalf of the Issuer shall, in relation to the EUI Notes, maintain a record of uncertificated corporate securities in accordance with the records of Euroclear UK & Ireland Limited (**EUI** or **CREST**) (formerly known as CRESTCo Limited) (the **Record**) and shall procure that the Record is regularly updated to reflect the Operator register of corporate securities in accordance with the rules and practices from time to time of the Operator. Subject to this requirement, (i) each person who is for the time being shown in the Record as the holder of a particular number of EUI Notes shall be treated by the Issuer and the EUI Agent as the holder of such number of EUI Notes for all purposes (and the expression **EUI Holder** and related expressions shall be construed accordingly), and (ii) neither the Issuer, the Guarantor nor the EUI Agent shall be liable in respect of any act or thing done or omitted to be done by it or on its behalf in reliance upon the assumption that the particulars entered in the Record which the EUI Agent maintains are in accordance with particulars entered in the Operator register of corporate securities relating to the EUI Notes. For the avoidance of doubt, in the event of any differences in information contained in the Record and the register of notes in registered form kept at the Issuer's registered office, the register kept at the Issuer's registered office shall prevail for Luxembourg law purposes.

No provision of the Conditions of any EUI Notes shall apply or have effect to the extent that it is in any respect inconsistent with (i) the holding of title to EUI Notes (ii) the transfer of title to EUI Notes by means of a relevant system or (iii) the Regulations. Without prejudice to the generality of the preceding sentence and notwithstanding anything contained in the Conditions of any EUI Notes, so long as the EUI Notes are participating securities, (a) any EUI Notes which are not for the time being in all respects identical to, or do not for the time being have rights attached thereto identical in all respects to those attached to, other EUI Notes of the same Series shall be deemed to constitute a separate Series of EUI Notes, (b) the Operator register of corporate securities relating to the EUI Notes shall be maintained at all times in the United Kingdom, (c) the EUI Notes may be issued in uncertificated form in accordance with and subject as provided in the Regulations; and (d) for the avoidance of doubt, the Conditions of any EUI Notes shall remain applicable notwithstanding that they are not endorsed on any certificate for such EUI Notes.

As used herein each of “Operator register of corporate securities”, “participating securities”, “record of uncertificated corporate securities” and “relevant system” is as defined in the Regulations and the relevant “Operator” (as such term is used in the Regulations) is EUI (formerly CRESTCo. Limited) or any additional or alternative operator from time to time approved by the Issuer, the Guarantor and the EUI Agent in relation to the EUI Notes and in accordance with the Regulations. Any reference herein to the Operator shall, whenever the context so permits, be deemed to include a reference to any such additional or alternative Operator from time to time and notified to the EUI Holders.

Any indication herein that the Operator “shall” do, or similar expression or phrase indicating that they are obliged to or will carry out any role or obligation described in these Conditions and/or the applicable Final Terms, as the case may be, is given without any assumption by the Issuer, the Guarantor, the EUI Agent or the Calculation Agent, of responsibility or liability for the performance of the Operator.

In respect of dematerialised CDIs (as defined in the Summary to this Prospectus), investors will hold CDIs constituted and issued by CREST Depository Limited and representing indirect interests in the Notes. The CDIs will be issued and settled through CREST.

Neither the Notes nor any rights thereto will be issued, held, transferred or settled within the CREST system otherwise than through the issue, holding, transfer and settlement of CDIs.

Holders of CDIs will not be entitled to deal directly in Notes and accordingly all dealings in the Notes will be effected through CREST in relation to holding of CDIs.

All references in this Prospectus to “EUI Notes” shall, where the context admits, include CDIs.

EUI Notes will be governed by English law.

Uncertificated Nordic Notes

The Issuer may issue Uncertificated Notes which will be issued, cleared and settled through a central securities depository and clearing institution, being either Euroclear Sweden or Euroclear Finland (each such term as defined below) or any other central securities depository and clearing institution as specified in the applicable Final Terms (such Notes the **Uncertificated Nordic Notes**). Uncertificated Nordic Notes held through Euroclear Sweden shall be known as **Uncertificated Swedish Notes** and Uncertificated Nordic Notes held through Euroclear Finland shall be known as **Uncertificated Finnish Notes**. The holder of an Uncertificated Nordic Note will be the person appearing in the register of the relevant securities depository and clearing institution in accordance with the legislation, rules and regulations applicable to, and/or issued by, the relevant central securities depository and clearing institution, being initially Euroclear Sweden AB (**Euroclear Sweden**) and Euroclear Finland Ltd (**Euroclear Finland**). Uncertificated Nordic Notes will be transferable, and payments of principal and interest (if any) thereon will be made, in accordance with such legislation, rules and regulations as further described in “*Terms and Conditions of the English Law Notes and the Uncertificated Notes*”. Uncertificated Nordic Notes which are designated in the Final Terms to be Permanently Restricted Notes, or any interest therein, may not at any time be offered, sold, resold, traded, pledged, redeemed, transferred or delivered, directly or indirectly, in the United States or to, or for the account or benefit of, a U.S. Person and any offer, sale, resale, trade, pledge, redemption, transfer or delivery made, directly or indirectly, within the United States or to, or for the account or benefit of, a U.S. Person will not be recognised. Uncertificated Nordic Notes which are designated in the Final Terms to be Permanently Restricted Notes may not be legally or beneficially owned at any time by any U.S. Person and accordingly are being offered and sold outside the United States to persons that are not U.S. Persons in reliance on Regulation S.

Uncertificated Swedish Notes will be governed by Swedish law and Uncertificated Finnish Notes will be governed by Finnish law or, in the case of any other Uncertificated Notes, such other law as specified in the applicable Final Terms.

SIS Notes

Each Tranche of **SIS Notes** will be either (i) Notes in bearer form (**Bearer SIS Notes**) or (ii) Uncertificated Notes (**Uncertificated SIS Notes**), in each case, which are, or are intended to be, deposited or registered with and cleared through the Swiss securities services corporation, SIS SIX Ltd (**SIS**) or any other clearing institution recognised by the SIX Swiss Exchange Ltd (the **SIX Swiss Exchange**). The applicable Final Terms will indicate whether SIS Notes are CHF SIS Notes or Other SIS Notes or Uncertificated SIS Notes (each as defined below).

Bearer SIS Notes

Each Tranche of Bearer SIS Notes will be represented by a permanent global Note which will be deposited by the Principal Swiss Paying Agent with SIS or any other intermediary in Switzerland recognised for such purposes by the SIX Swiss Exchange (SIS or any other such intermediary, the **Intermediary**) on or prior to the original issue date of the Tranche. Once the permanent global Note has been deposited with the Intermediary and entered into the accounts of one or more participants of the Intermediary, the Bearer SIS Notes represented thereby will constitute intermediated securities (*Bucheffekten*) within the meaning of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*) (**Intermediated Securities**).

Each holder of Bearer SIS Notes shall have a quotal co-ownership interest (*Miteigentumsanteil*) in the permanent global Note representing such Bearer SIS Notes to the extent of his claim against the Issuer, provided that, for so long as the permanent global Note remains deposited with the Intermediary, the co-ownership interest shall be suspended and such Bearer SIS Notes may only be transferred by the entry of the transferred Bearer SIS Notes in a securities account of the transferee. The records of the Intermediary will determine the number of Bearer SIS Notes held through each participant of the Intermediary. In respect of Bearer SIS Notes held in the form of Intermediated Securities, the holders of such Bearer SIS Notes will be the persons holding such Bearer SIS Notes in a securities account (*Effektenkonto*) that is in their name, or, in the case of intermediaries (*Verwahrungsstellen*), the intermediaries (*Verwahrungsstellen*) holding such Bearer SIS Notes for their own account in a securities account (*Effektenkonto*) that is in their name (and the expressions “Noteholder” and “holder of Notes” and related expressions shall be construed accordingly).

Bearer SIS Notes denominated in Swiss Francs benefit from a limited exception to the certification requirement of the TEFRA D Rules, if such Bearer SIS Notes fulfil the relevant requirements set out below. Bearer SIS Notes denominated in Swiss Francs which fulfil these requirements are hereinafter referred to as **CHF SIS Notes**. Bearer SIS Notes denominated in Swiss Francs that do not fulfil these requirements and Bearer SIS Notes denominated in a currency approved by SIS other than Swiss Francs are hereinafter referred to as **Other SIS Notes**.

Special procedures must be followed for CHF SIS Notes in order for such Notes to be exempt from Certification (as defined below). Each of the relevant Dealers must have represented and agreed in the Programme Agreement that (a) it will comply with U.S. selling restrictions in so far as they apply to CHF SIS Notes and (b) the offering and sale of the CHF SIS Notes has been and will be conducted in accordance with Swiss laws and regulations. The following criteria must be fulfilled in order for the limited exception to the certification requirement of the TEFRA D Rules to apply:

- (1) the interest on, and the principal of, the CHF SIS Notes are denominated only in Swiss Francs;
- (2) the interest on, and the principal of, the CHF SIS Notes are payable only in Switzerland;
- (3) the CHF SIS Notes are offered and sold in accordance with Swiss customary practice and documentation;

- (7) more than 80 per cent. by value of the CHF SIS Notes included in the offering of which they are part are offered and sold to non-Dealers by Dealers maintaining an office located in Switzerland.

No holder of Bearer SIS Notes will at any time have the right to effect or demand the conversion of the permanent global Note representing such Bearer SIS Notes into, or the delivery of, Bearer SIS Notes in definitive form (**Definitive Bearer SIS Notes**) or uncertificated form.

No physical delivery of the Bearer SIS Notes shall be made unless and until Definitive Bearer SIS Notes have been printed. The relevant permanent global Note will only be exchangeable, in whole, but not in part, for Definitive Bearer SIS Notes and Definitive Bearer SIS Notes may only be printed upon the occurrence of an Exchange Event (as defined below in the section "Exchange upon the occurrence of an Exchange Event"). Upon the occurrence of an Exchange Event, the Principal Swiss Paying Agent or the relevant lead manager, as the case may be, shall provide for the printing of Definitive Bearer SIS Notes without cost to the holders of the relevant Bearer SIS Notes. If Definitive Bearer SIS Notes are delivered, the relevant Bearer SIS Notes will immediately be cancelled by the Principal Swiss Paying Agent or the relevant lead manager, as the case may be, and the Definitive Bearer SIS notes shall be delivered to the relevant holders against cancellation of the relevant Bearer SIS Notes in such holders' securities accounts.

Bearer SIS Notes will be governed by English law.

Uncertificated SIS Notes

Each Tranche of Uncertificated SIS Notes will be entered into the main register (*Hauptregister*) of the Intermediary on or prior to their issue date. Once the Uncertificated SIS Notes are registered in the main register (*Hauptregister*) of the Intermediary, the Uncertificated SIS Notes will constitute Intermediated Securities.

So long as the Uncertificated SIS Notes constitute Intermediated Securities, they may only be transferred by the entry of the transferred Uncertificated SIS Notes in a securities account of the transferee.

The records of the Intermediary will determine the number of Uncertificated SIS Notes held through each participant in the Intermediary. In respect of Uncertificated SIS Notes held in the form of Intermediated Securities, the holders of such Uncertificated SIS Notes will be the persons holding such Uncertificated SIS Notes in a securities account (*Effektenkonto*) that is in their name, or, in case of intermediaries (*Verwahrungsstellen*), the intermediaries (*Verwahrungsstellen*) holding such Uncertificated SIS Notes for their own account in a securities account (*Effektenkonto*) that is in their name (and the expressions "Noteholder" and "holder of Notes" and related expressions shall be construed accordingly). No holder of Uncertificated SIS Notes will at any time have the right to effect or demand the conversion of such Uncertificated SIS Notes into, or the delivery of, a permanent global Note or definitive Notes.

Uncertificated SIS Notes will be governed by English law.

Uncertificated Notes which are not designated as Permanently Restricted Notes

Uncertificated Notes which are not designated as Permanently Restricted Notes, or any interest therein, may not be offered or sold in the United States or to, or for the account or benefit of, U.S. Persons except pursuant to an exemption from the registration requirements of the Securities Act in a transaction that will not

cause the Issuer or the Guarantor, as the case may be, to become required to register under Investment Company Act.

French Law Notes

Each Tranche of French Law Notes will be either Materialised Notes or Dematerialised Notes, as specified in the applicable Final Terms.

French Law Notes which are designated in the Final Terms as Permanently Restricted Notes, or any interest therein, may not be offered or sold in the United States or to, or for the account or benefit of, a U.S. Person. Any future transfer, resale, pledge or delivery of such French Law Notes, or any interest therein, may only be made in compliance with the resale provisions set forth in Regulation S of the Securities Act.

French Law Notes which are not designated as Permanently Restricted Notes, or any interest therein, may not be offered or sold in the United States or to, or for the account or benefit of, U.S. Persons except pursuant to an exemption from the registration requirements of the Securities Act in a transaction that will not cause the Issuer or the Guarantor, as the case may be, to become required to register under Investment Company Act.

Dematerialised Notes

Title to Dematerialised Notes will be evidenced in accordance with article L.211-4 of the *Code monétaire et financier* by book entries (*inscriptions en compte*). No physical document of title (including *certificats représentatifs* pursuant to article R.211-7 of the *Code monétaire et financier*) will be issued in respect of Dematerialised Notes.

Dematerialised Notes may, at the option of the Issuer, be in bearer dematerialised form (*au porteur*) inscribed as of the Issue Date of the relevant Tranche of Dematerialised Notes in the books of Euroclear France (a subsidiary of Euroclear Bank S.A./N.V. (**Euroclear France**)) which shall credit the accounts of Euroclear France Account Holders (as defined in “*Terms and Conditions of the French Law Notes*”) including Euroclear and the depositary bank for Clearstream, Luxembourg or in registered dematerialised form (*au nominatif*) and, in such latter case, at the option of the relevant Noteholder (as defined in “*Terms and Conditions of the French Law Notes – Form, Denomination(s) and Title*”), in either fully registered form (*nominatif pur*), in which case they will be inscribed in an account maintained by the Issuer or by a registration agent (designated in the relevant Final Terms) for the Issuer, or in administered registered form (*nominatif administré*) in which case they will be inscribed in the accounts of the Euroclear France Account Holders designated by the relevant Noteholders.

One Paris business day before the Issue Date of each Tranche of Dematerialised Notes, the *Lettre Comptable* relating to such Tranche shall be deposited with Euroclear France as central depositary.

Materialised Notes

Materialised Notes will be in bearer materialised form only and may only be issued outside France. A temporary global certificate in bearer form without interest coupons attached (a **Temporary Global Certificate**) will initially be issued in connection with Materialised Notes.

Upon the initial deposit of such Temporary Global Certificate with the Common Depositary, Euroclear or Clearstream, Luxembourg (or, if a subscriber holds an account with a clearing system other than Euroclear or Clearstream, Luxembourg which holds an account directly or indirectly in Euroclear or Clearstream, Luxembourg, such other clearing system) will credit the account of each subscriber of such Notes with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid.

Certification as to non-U.S. beneficial ownership

English Law Bearer Notes

Whilst any Bearer Note (except any Bearer SIS Notes, which are represented by permanent global Notes as described above) is represented by a temporary global Note, payments of principal, interest (if any) and any other amount payable in respect of the Notes due prior to the Exchange Date (as defined below) will be made (against presentation of the temporary global Note if the temporary global Note is not intended to be issued in NGN form) only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in such Note are not United States persons or persons who have purchased for resale to any United States person (hereinafter **Certification**), as required by U.S. Treasury regulations, (i) has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the Certifications it has received) to the Fiscal Agent or, (ii) in the case of a temporary global Note or Temporary Global Certificate held otherwise than on behalf of Euroclear and/or Clearstream, Luxembourg, from the holder thereof.

On and after the Exchange Date (as defined below), interests in the temporary global Note will be exchangeable (free of charge) upon a request as described therein either for, as applicable, (i) interests in a permanent global Note or (ii) Definitive Bearer Notes of the same Series with, where applicable, Receipts, Coupons and Talons attached (as indicated in the applicable Final Terms and subject, in the case of Definitive Bearer Notes, to such notice period as is specified in the permanent global Note), in accordance with the terms of the temporary global Note against Certification as to beneficial ownership as described above and as required by U.S. Treasury regulations unless such Certification has already been given pursuant to the provisions set forth above; provided, however, that if the relevant global Note is issued in respect of a Tranche of Bearer Notes described as Partly Paid Notes in the applicable Final Terms, such global Note may be exchanged for Definitive Bearer Notes and (if applicable) Coupons, Receipts and/or Talons as described above only if the final part payment on all such Partly Paid Notes then outstanding has been paid. Exchange of a temporary global Note for interests in a permanent global Note will only be made if Definitive Bearer Notes have not already been issued. If Definitive Bearer Notes have already been issued, the temporary global Note may only thereafter be exchanged for Definitive Bearer Notes pursuant to the terms thereof. The holder of a temporary global Note will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due Certification, exchange of the temporary global Note for an interest in a permanent global Note or, in the case of Bearer Notes, for Definitive Bearer Notes is improperly withheld or refused.

Payments of principal, interest (if any) or any other amounts on a permanent global Note will be made through Euroclear and/or Clearstream, Luxembourg, as applicable, to or to the order of the holder thereof (against presentation or surrender (as the case may be) of the permanent global Note if the permanent global Note is not intended to be issued in NGN form) without any requirement for Certification.

French Law Materialised Notes

French Law Notes represented by a Temporary Global Certificate will be exchangeable in whole, but not in part, free of charge to the holder, on or after the Exchange Date (as defined above) for materialised bearer Notes in definitive form (any such Notes, **Definitive Materialised Bearer Notes**), with, where applicable, Receipts, Coupons and Talons attached:

- (i) if the applicable Final Terms indicates that such Temporary Global Certificate is issued in compliance with the C Rules or in a transaction to which TEFRA is not applicable; and
- (ii) otherwise, upon certification as to non-U.S. beneficial ownership in the form set out in the French Law Agency Agreement (as defined under “*Terms and Conditions of the French Law Notes*” below) for Definitive Materialised Bearer Notes.

On or after the Exchange Date, the holder of a Temporary Global Certificate may surrender such Temporary Global Certificate to or to the order of the Fiscal Agent (as defined in the French Law Agency Agreement). In exchange for any Temporary Global Certificate, the Issuer will deliver, or procure the delivery of, duly executed and authenticated Definitive Materialised Bearer Notes. Definitive Materialised Bearer Notes will be security printed at the expense of the Issuer in accordance with any applicable legal and stock exchange requirements in or substantially in the form set out in the French Law Agency Agreement.

For the purposes of this section (“*Certification as to non-U.S. beneficial ownership*”), the **Exchange Date** shall be the day immediately following the later of (i) 40 days after the temporary global Note or, as the case may be, Temporary Global Certificate is issued and (ii) 40 days after the completion of the distribution of the relevant Tranche, as certified by the relevant Dealer (in the case of a non-syndicated issue) or the relevant lead manager (in the case of a syndicated issue).

At the same time, holders of interests in such global Note credited to their accounts with Euroclear and/or Clearstream, Luxembourg, as the case may be, will become entitled to proceed directly against the Issuer on the basis of statements of account provided by Euroclear and/or Clearstream, Luxembourg on and subject to the terms of the Deed of Covenant.

Exchange upon the occurrence of an Exchange Event

The applicable Final Terms with respect to any English Law Notes issued in global form other than SIS Notes will specify that the relevant permanent global Note or Registered Global Note (as applicable) will be exchangeable (free of charge), in whole but not in part, for Definitive Bearer Notes with, where applicable, Receipts, Coupons and Talons attached, or, as the case may be, Definitive Registered Notes, upon not less than 60 days' written notice to the Fiscal Agent from or on behalf of, as the case may be, Euroclear and/or Clearstream, Luxembourg acting on the instructions of any holder of an interest in the permanent global Note or Registered Global Note as described therein (unless otherwise specified in the applicable Final Terms) or, in the case of a permanent global Note, if such Note is held otherwise than on behalf of Euroclear or Clearstream, Luxembourg, the bearer thereof, in the event of the occurrence of any of the circumstances described in (i), (ii), (iii), (iv) or (v) below (each, an **Exchange Event**) or by the Issuer in the event of the occurrence of the circumstances described in (iv) below: (i), if applicable, an Event of Default (as defined in Condition 10 of the Terms and Conditions of the English Law Notes and the Uncertificated Notes) has occurred and is continuing; (ii) in the case of Registered Notes registered in the name of a nominee for The Depository Trust Company (**DTC**), either DTC has notified the Issuer that it is unwilling or unable to continue to act as depository for the Notes and no alternative clearing system is available or DTC has ceased to constitute a clearing agency registered under the Exchange Act; (iii) in the case of a permanent global Note or a Registered Global Note registered in the name of a common depository for Euroclear and/or Clearstream, Luxembourg, the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or announce an intention permanently to cease business or have in fact done so and no successor clearing system is available; (iv) on the occasion of the next payment in respect of any Bearer Notes, the Issuer would be required to pay additional amounts as referred to in Condition 8 and such payment would not be required were the Notes in definitive form; provided, however, that if the relevant global Note is issued in respect of a Tranche of Bearer Notes described as Partly Paid Notes in the applicable Final Terms, such global Note may be exchanged for definitive Notes and (if applicable) Coupons, Receipts and/or Talons as described above only if the final part payment on all such Partly Paid Notes then outstanding has been paid; or (v) in the case of Registered Notes, the Issuer has or will become subject to adverse tax consequences which would not be suffered were such Registered Notes represented by a Registered Definitive Note. The Issuer will promptly give notice to Noteholders in accordance with

Condition 15 (see “*Terms and Conditions of the English Law Notes and the Uncertificated Notes*”) if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, DTC, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Registered Global Note) may give notice to the Fiscal Agent or, as the case may be, the Registrar requesting exchange and, in the event of the occurrence of an Exchange Event as described in (v) above, the Issuer may also give notice to the Registrar requesting exchange. Any such exchange shall occur not later than 10 days after the date of receipt of the first relevant notice by the Registrar.

In respect of Bearer SIS Notes, the permanent global Note will not be exchangeable at the option of the holders of such Bearer SIS Notes, but may be exchanged for Definitive Bearer SIS Notes, in whole, but not in part, if the Principal Swiss Paying Agent deems (i) the printing of definitive Notes, Receipts or Coupons to be necessary or useful, or (ii) the presentation of definitive Notes, Receipts or Coupons to be required by Swiss or foreign laws in connection with the enforcement of rights (including in cases of bankruptcy, consolidation or reorganisation of the Issuer) (each such circumstance, in respect of Bearer SIS Notes, an **Exchange Event**). If Definitive Bearer SIS Notes are delivered, the relevant Bearer SIS Notes will immediately be cancelled by the Principal Swiss Paying Agent or the relevant lead manager, as the case may be, and the Definitive Bearer SIS Notes shall be delivered to the relevant holders against cancellation of the relevant Bearer SIS Notes in such holders' securities accounts.

The Certificates offered hereby are being issued pursuant to the Debt Issuance Programme Prospectus provided that (i) all current references to “Notes” in the relevant sections of the Debt Issuance Programme Prospectus and in these Final Terms shall be deemed to be instead to “Certificates”; (ii) all current references to “Noteholders” in the relevant sections of the Debt Issuance Programme Prospectus and in these Final Terms shall be instead to “Certificateholders”.

Set out below is the form of Final Terms for Certificates compliant with Sharia principles (the “**Sharia Compliant Certificates**”) which will be completed for each Tranche of Certificates issued under the Programme with a denomination of less than €50,000 (or its equivalent in another currency).

This form would introduce new expressions for Sharia Compliance purposes (“**Sharia Compliant Expressions**”) and should be read in conjunction with the Correspondance Table set out in the 10th Supplement to the Programme. The provisions applicable to Sharia Compliant Expressions shall be the same as the provisions applicable to the equivalent expressions as can be read in the Correspondance Table.

APPLICABLE FINAL TERMS

Investors should have sufficient knowledge and experience of financial and business matters to evaluate the merits and risks of investing in a particular issue of Euro Medium Term Notes as well as access to, and knowledge of, appropriate analytical tools to assess such merits and risks in the context of their financial situation. Certain issues of Euro Medium Term Notes are not an appropriate investment for investors who are unsophisticated with respect to the applicable interest rate indices, currencies, other indices or formulas, or redemption or other rights or options. Investors should also have sufficient financial resources to bear the risks of an investment in Euro Medium Term Notes. For a more detailed description of the risks associated with any investment in the Certificates, investors should read the section of the Debt Issuance Programme Prospectus headed “*Risk Factors*”.

In Sharia Compliant Certificates, any reference to Interest (interest rates calculation, conventions, payment, etc.) is for benchmarking purpose only in order to allow harmonisation with existing and standard market practises. All the proceeds of the Sharia Compliant Certificates are invested in a Sharia compliant way, as certified by the relevant Sharia Expert, which amongst others do not bear interest.

The Sharia Compliant Certificates and the Guarantee have not been approved or disapproved by the U.S. Securities and Exchange Commission (the **SEC**), any State securities commission in the United States or any other U.S. regulatory authority, nor have any of the foregoing Authorities passed upon or endorsed the merits of the offering of the Notes or the accuracy or adequacy of this Debt Issuance Programme Prospectus. Any representation to the contrary is a criminal offence in the United States.

The following, together with the Technical Annex (if applicable), are the Terms and Conditions of the Notes to be issued under English law, including SIS Notes (as defined in Condition 1) and will be incorporated by reference into each global Note and each definitive Note, in the latter case only if permitted by the relevant stock exchange or other relevant authority (if any) and agreed by the relevant Issuer and the relevant Purchaser(s) at the time of issue but, if not so permitted and agreed, such definitive Note will have endorsed upon or attached thereto such Terms and Conditions. The following Terms and Conditions, together with the Technical Annex (if applicable), will, if the context so permits, apply to Uncertificated Notes. The applicable Final Terms in relation to any Tranche of Notes may specify other terms and conditions which shall, to the extent so specified or to the extent inconsistent with the following Terms and Conditions, replace or modify the following Terms and Conditions for the purpose of such Notes (including, for the avoidance of doubt, Uncertificated Notes). The applicable Final Terms (or the relevant provisions thereof) will be endorsed on, attached to or incorporated by reference in, each temporary global Note, permanent global Note and definitive Note and shall be deemed to apply to Uncertificated Notes. Reference should be made to the section headed "Form of the Notes" above for a description of the content of Final Terms which will specify which of such terms is to apply in relation to the relevant Notes.

This Note is one of a Series (as defined below) of Notes issued with the benefit of the Agency Agreement (defined below). References herein to the **Issuer** shall be references to the party specified as such in the applicable Final Terms (as defined below) and, in the case of any substitution of the Issuer in accordance with Condition 14, the **Substituted Debtor** as defined in Condition 14. References herein to the **Notes** shall be references to the Notes of this Series and shall mean:

The Notes, the Receipts (as defined below) and the Coupons (as defined below) have the benefit of an amended and restated agency agreement dated 27 April 2010 (the **Agency Agreement**, which expression includes the same as it may be modified and/or supplemented and/or restated from time to time) and made between, *inter alios*, the Issuer, the Guarantor (as defined below), Société Générale Bank & Trust as fiscal agent and, if so specified in the applicable Final Terms, as calculation agent (the **Fiscal Agent** and the **Calculation Agent** respectively, which expressions shall include, in each case, any additional or successor agent or any other calculation agent appointed from time to time and specified in the applicable Final Terms), Société Générale Bank & Trust as registrar, transfer agent and exchange agent (the **Registrar**, the **Transfer Agent** and the **Exchange Agent**, respectively, which expressions shall include, in each case, any additional or successor registrar or any other transfer agent or exchange agent appointed from time to time) and the other paying agents named therein (such paying agents, together with the Fiscal Agent and the Registrar, the **Paying Agents**, which expression shall include any additional or successor paying agents appointed from time to time). The Paying Agents, the Transfer Agent, the Exchange Agent and the Calculation Agent shall be referred to collectively hereunder as the **Agents**.

In connection with Uncertificated Notes, unless the context otherwise requires and except insofar as the terms defined in the Agency Agreement are incorporated by reference herein, any reference herein to the Agency Agreement will be construed, *mutatis mutandis*, as a reference to the agency agreement(s) entered into with respect to such Uncertificated Notes (and references herein to the Fiscal Agent, the Paying Agent(s) or the Calculation Agent shall be construed accordingly).

Any issue of EUI Notes (as defined below) will have the benefit of an EUI agency agreement (the **EUI Agency Agreement**, which expression shall be construed as a reference to any such agreement as the same may be amended, supplemented or restated from time to time) between the Issuer, the Guarantor and the agent, which shall be appointed in the relevant Final Terms in respect of EUI Notes (the **EUI Agent**).

Any issue of SIS Notes (as defined below) will have the benefit of a Swiss paying agency agreement (the **Swiss Paying Agency Agreement**, which expression shall be construed as a reference to any such agreement as the same may be amended, supplemented or restated from time to time) between the Issuer, the Guarantor, the Paying Agents (except the Registrar), the principal Swiss paying agent and the other Swiss paying agents (if any) (the **Principal Swiss Paying Agent** and the **Swiss Paying Agents**, respectively). The form of the Swiss Paying Agency Agreement is scheduled to the Agency Agreement.

In these Terms and Conditions, the **Guarantor** shall mean Société Générale in its capacity as guarantor pursuant to the Guarantee (as defined in Condition 3(d)) in respect of any Notes issued by SGA Société Générale Acceptance N.V. and SG Option Europe. 1. Form, Denomination and Title

The Notes, except for Uncertificated Notes and Notes in registered form (**Registered Notes**), are in bearer form (**Bearer Notes**), and, in the case of Definitive Bearer Notes, serially numbered, in the Specified Currency and the Specified Denomination(s) specified in the applicable Final Terms. Notes of one Specified Denomination may not be exchanged for Notes of another Specified Denomination.

Uncertificated Notes are in uncertificated and dematerialised book-entry form. No global or definitive Notes will be issued in respect of Uncertificated Notes and these Terms and Conditions shall be construed accordingly. Uncertificated Notes will be transferable only in accordance with the legislation, rules and regulations applicable to, and/or issued by, the relevant central securities depository and clearing institution; provided that Uncertificated Notes, or any interest therein, may not at any time be transferred to a transferee in the United States or a U.S. Person. Title to Uncertificated Notes (other than Uncertificated SIS Notes) will pass by registration in the register that the Issuer will procure to be kept by a central securities depository and clearing institution on behalf of the Issuer. Where a nominee is so evidenced it shall be treated as the holder of the relevant Uncertificated Notes.

A **SIS Note** is either a Bearer Note (a **Bearer SIS Note**) or an Uncertificated Note (an **Uncertificated SIS Note**) which is, or is intended to be, deposited or registered with and cleared through SIS. SIS Notes may be denominated in Swiss Francs or other currencies approved by SIS. The applicable Final Terms will indicate whether SIS Notes are CHF SIS Notes, Other SIS Notes (each as defined below) or Uncertificated SIS Notes.

Bearer SIS Notes are represented by a permanent global Note without interest coupons that will be deposited by the Principal Swiss Paying Agent with SIS or any other intermediary in Switzerland recognised for such purposes by the SIX Swiss Exchange (SIS or any such intermediary, the **Intermediary**) on or prior to the original issue date of the Tranche. Once the permanent global Note representing the Bearer SIS Notes has been deposited with the Intermediary and entered into the accounts of one or more participants of the Intermediary, such Bearer SIS Notes will constitute intermediated securities (*Bucheffekten*) within the meaning of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*) (**Intermediated Securities**). Bearer SIS Notes denominated in Swiss Francs benefit from a limited exception to the certification in bearer form requirement of the TEFRA D Rules, if such Bearer SIS Notes fulfil the relevant requirements set out below. Bearer SIS Notes denominated in Swiss Francs which fulfil these requirements are hereinafter referred to as **CHF SIS Notes**. Bearer SIS Notes denominated in Swiss Francs that do not fulfil these requirements and Bearer SIS Notes denominated in a currency approved by SIS other than Swiss Francs are hereinafter referred to as **Other SIS Notes**.

The following criteria must be fulfilled in order for the limited exception to the certification requirement of the TEFRA D Rules to apply:

- (a) interest on, and the principal of, the CHF SIS Notes are denominated only in Swiss Francs;
- (b) interest on, and the principal of, the CHF SIS Notes are payable only in Switzerland;
- (c) the CHF SIS Notes are offered and sold in accordance with Swiss customary practice and documentation;
- (d) the relevant Dealers agree to use reasonable efforts to sell the CHF SIS Notes within Switzerland;

- (e) the CHF SIS Notes are not listed, or subject to an application for listing, on an exchange located outside Switzerland;
- (f) the issuance of the CHF SIS Notes is subject to guidelines or restrictions imposed by Swiss governmental, banking or securities authorities; and
- (g) more than 80 per cent. by value of the CHF SIS Notes included in the offering of which they are part are offered and sold to non-Dealers by Dealers maintaining an office located in Switzerland.

Uncertificated SIS Notes will be entered into the main register (*Hauptregister*) of the Intermediary on or prior to their issue date. Once the Uncertificated SIS Notes are registered in the main register (*Hauptregister*) of the Intermediary, such Uncertificated SIS Notes will constitute Intermediated Securities.

This Note is a Fixed Rate Note, a Floating Rate Note, a Zero Coupon Note, an Index Linked Note (being either or both an Index Linked Interest Note or an Index Linked Redemption Note), a Fixed/Floating Rate Note, a Physical Delivery Note, a Dual Currency Note or a Partly Paid Note or a combination of any of the foregoing, depending upon the Interest/Payment/Redemption Basis shown in the applicable Final Terms, or such other type of Note as indicated in the applicable Final Terms. Notes issued by Société Générale are also either Subordinated Notes or Unsubordinated Notes as indicated in the applicable Final Terms. All Notes issued by SGA Société Générale Acceptance N.V. and SG Option Europe will be described as “Unsubordinated” in the Final Terms applicable to such Notes.

Any reference herein to **Physical Delivery Notes** shall mean any Series of Notes specified as such in the applicable Final Terms, which Notes are linked to the Underlying Asset(s) described in the applicable Final Terms.

Definitive Bearer Notes are issued with Coupons attached, unless they are Zero Coupon Notes in which case references to Coupons and Couponholders in these Terms and Conditions are not applicable.

In the case of SIS Notes, no printing of definitive Notes, Receipts or Coupons will occur (except as provided herein with respect to Bearer SIS Notes only). No Holder of Bearer SIS Notes shall at any time have the right to effect or demand the conversion of the permanent global Note representing such Bearer SIS Notes into, or the delivery of, Bearer SIS Notes in definitive form (**Definitive Bearer SIS Notes**) or uncertificated form. If (i) the relevant lead manager (in the case of any Bearer SIS Notes that are listed on the SIX Swiss Exchange) or the Principal Swiss Paying Agent (in the case of any Bearer SIS Notes not listed as aforesaid) deems the printing of definitive Notes, Receipts or Coupons to be necessary or useful, or (ii) the presentation of definitive Notes, Receipts or Coupons is required by Swiss or foreign laws in connection with the enforcement of rights (including in cases of bankruptcy, consolidation or reorganisation of the Issuer) (each such circumstance, in respect of Bearer SIS Notes, an **Exchange Event**), the relevant lead manager (in the case of any Bearer SIS Notes which are listed on the SIX Swiss Exchange) or the Principal Swiss Paying Agent (in the case of any Bearer SIS Notes not listed as aforesaid) will undertake to provide for the printing of such definitive Notes, Receipts and Coupons at the expense of the Issuer and without cost to the relevant Noteholders. The Issuer irrevocably authorises the relevant lead manager (in the case of any Bearer SIS Notes that are listed on the SIX Swiss Exchange) or the Principal Swiss Paying Agent (in the case of any Bearer SIS Notes that are not listed as aforesaid) to provide for such printing on its behalf. If Definitive Bearer SIS Notes are delivered, the relevant Bearer SIS Notes will immediately be cancelled by the Principal Swiss Paying Agent or the relevant lead manager, as the case may be, and the Definitive Bearer SIS Notes shall be delivered to the relevant holders against cancellation of the relevant Bearer SIS Notes in such holders' securities accounts.

Subject as set out below, title to Bearer Notes, Receipts and Coupons will pass by delivery. Subject as set out below, the Issuer, the Guarantor and any Paying Agent will (except as otherwise required by law) deem and treat the bearer of any Bearer Note, Receipt or Coupon as the absolute owner thereof (whether or not overdue and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft

thereof) for all purposes but, in the case of any global Note, without prejudice to the provisions set out in the next succeeding paragraph.

For so long as any of the Bearer Notes (other than SIS Notes) or the Registered Notes is represented by a global Note held on behalf of, or in the case of Registered Notes, by a common depositary on behalf of, Euroclear Bank S.A./N.V. (**Euroclear**) and/or Clearstream Banking, *société anonyme* (**Clearstream, Luxembourg**), each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear and/or Clearstream, Luxembourg as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the nominal amount of Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, the Guarantor and any Paying Agent as the holder of such nominal amount of the Notes for all purposes other than with respect to the payment of principal or interest on such nominal amount of such Notes, for which purpose the bearer of the relevant global Note or, as applicable, the registered holder of the relevant Registered Global Note shall be treated by the Issuer, the Guarantor and any Paying Agent as the holder of such nominal amount of such Notes in accordance with and subject to the terms of the relevant global Note (and the expressions “Noteholder” and “holder of Notes” and related expressions shall be construed accordingly). In the case of Bearer SIS Notes, each holder thereof shall have a quotal co-ownership interest (*Miteigentumsanteil*) in the permanent global Note representing such Bearer SIS Notes to the extent of his claim against the Issuer, provided that, for so long as the permanent global Note remains deposited with the Intermediary, the co-ownership interest shall be suspended and the Bearer SIS Notes may only be transferred by the entry of the transferred Bearer SIS Notes in a securities account of the transferee. The records of the Intermediary will determine the number of Bearer SIS Notes held through each participant of the Intermediary. In respect of Bearer SIS Notes held in the form of Intermediated Securities (*Bucheffekten*), the holders of such Bearer SIS Notes will be the persons holding such Bearer SIS Notes in a securities account (*Effektenkonto*) that is in their name, or, in the case of intermediaries (*Verwahrungsstellen*), the intermediaries (*Verwahrungsstellen*) holding such Bearer SIS Notes for their own account in a securities account (*Effektenkonto*) that is in their name (and the expressions “Noteholder” and “holder of Notes” and related expressions shall be construed accordingly).

For so long as The Depository Trust Company (**DTC**) or its nominee is the registered owner or holder of a Rule 144A Global Note or a Regulation S Global Note, DTC or such nominee, as the case may be, will be considered the sole owner or holder of the Notes represented by such Rule 144A Global Note or Regulation S Global Note for all purposes under the Agency Agreement and the Notes except to the extent that in accordance with DTC's published rules and procedures any ownership rights may be exercised by its participants or beneficial owners through participants (and the expressions “Noteholder” and “holder of Notes” and related expressions shall be construed accordingly).

Notes which are represented by a global Note held on behalf of Euroclear, Clearstream, Luxembourg or DTC will be transferable only in accordance with the rules and procedures for the time being of Euroclear, Clearstream, Luxembourg or DTC, as the case may be. References to DTC, Euroclear and/or Clearstream, Luxembourg and/or SIS shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms.

The Notes may also be held in registered uncertificated form (such Notes the EUI Notes) in accordance with the Uncertificated Securities Regulations 2001, including any modification or re-enactment thereof for the time being in force (the Regulations). The EUI Notes are participating securities for the purposes of the Regulations. Title to the EUI Notes is recorded on the relevant Operator register of corporate securities. The EUI Agent on behalf of the Issuer shall, in relation to the EUI Notes, maintain a record of uncertificated corporate securities in accordance with the records of Euroclear UK & Ireland Limited (EUI) (formerly known as CRESTCo Limited) (the Record) and shall procure that the Record is regularly updated to reflect the Operator register of corporate securities in accordance with the rules and practices from time to time of the Operator. Subject to this requirement, (i) each person who is for the time being shown in the Record as the holder of a particular number of EUI Notes shall be treated by the Issuer and the EUI Agent as the holder of

such number of EUI Notes for all purposes (and the expression EUI Holder and related expressions shall be construed accordingly), and (ii) neither the Issuer, the Guarantor nor the EUI Agent shall be liable in respect of any act or thing done or omitted to be done by it or on its behalf in reliance upon the assumption that the particulars entered in the Record which the EUI Agent maintains are in accordance with particulars entered in the Operator register of corporate securities relating to the EUI Notes. For the avoidance of doubt, in the event of any differences in information contained in the Record and the register of notes in registered form kept at the Issuer's registered office, the register kept at the Issuer's registered office shall prevail for Luxembourg law purposes.

No provisions of these Conditions amended in accordance with any applicable Final Terms shall (notwithstanding anything contained therein) apply or have effect to the extent that it is in any respect inconsistent with (i) the holding of title to EUI Notes (ii) the transfer of title to EUI Notes by means of a relevant system or (iii) the Regulations. Without prejudice to the generality of the preceding sentence and notwithstanding anything contained in these Conditions or the applicable Final Terms, so long as the EUI Notes are participating securities, (a) any EUI Notes which are not for the time being in all respects identical to, or do not for the time being have rights attached thereto identical in all respects to those attached to, other EUI Notes of the same Series shall be deemed to constitute a separate Series of EUI Notes, (b) the Operator register of corporate securities relating to the EUI Notes shall be maintained at all times in the United Kingdom, (c) the EUI Notes may be issued in uncertificated form in accordance with and subject as provided in the Regulations; and (d) for the avoidance of doubt, these Conditions and the applicable Final Terms in relation to any EUI Notes shall remain applicable notwithstanding that they are not endorsed on any certificate for such EUI Notes.

As used herein each of "Operator register of corporate securities", "participating securities", "record of uncertificated corporate securities" and "relevant system" is as defined in the Regulations and the relevant "Operator" (as such term is used in the Regulations) is EUI (formerly CRESTCo. Limited) or any additional or alternative operator from time to time approved by the Issuer, the Guarantor and the EUI Agent in relation to the EUI Notes and in accordance with the Regulations. Any reference herein to the Operator shall, whenever the context so permits, be deemed to include a reference to any such additional or alternative Operator from time to time and notified to the EUI Holders.

Any indication herein that the Operator "shall" do, or similar expression or phrase indicating that they are obliged to or will carry out any role or obligation described in these Conditions and/or the applicable Final Terms, as the case may be, is given without any assumption by the Issuer, the Guarantor, the EUI Agent or the Calculation Agent, of responsibility or liability for the performance of the Operator.

References in these Conditions to "EUI Notes" shall include, where the context admits, Depository Interests (as defined in the CREST Deed Poll) representing Notes, issued by CREST Depository Limited subject to and in accordance with the Global Deed Poll.

References to the CREST Deed Poll are to the global deed poll dated 25 June 2001, as subsequently modified, supplemented and/or restated.

In the case of Uncertificated SIS Notes, the records of the Intermediary will determine the number of Uncertificated SIS Notes held through each participant in the Intermediary. In respect of Uncertificated SIS Notes held in the form of Intermediated Securities, the holders of such Uncertificated SIS Notes will be the persons holding such Uncertificated SIS Notes in a securities account (*Effektenkonto*) that is in their name, or, in case of intermediaries (*Verwahrungsstellen*), the intermediaries (*Verwahrungsstellen*) holding such Uncertificated SIS Notes for their own account in a securities account (*Effektenkonto*) that is in their name (and the expressions "Noteholder" and "holder of Notes" and related expressions shall be construed accordingly). So long as the Uncertificated SIS Notes constitute Intermediated Securities, they may only be transferred by the entry of the transferred Uncertificated SIS Notes in a securities account of the transferee. No holder of Uncertificated SIS Notes will at any time have the right to effect or demand the conversion of such Uncertificated SIS Notes into, or the delivery of, a permanent global Note or definitive Notes.

In the case of Undated Subordinated Notes issued by Société Générale, the payment of interest may be deferred in accordance with the provisions of Condition 5(g) of the Terms and Conditions of the relevant Notes.

The proceeds of issues of Undated Subordinated Notes issued by Société Générale may be used for offsetting losses of Société Générale and, thereafter, to allow it to continue its activities in accordance with French banking regulations. The proceeds of such issues will be classed amongst the funds of Société Générale in accordance with Article 4(c) of *Règlement* No. 90-02 of the *Réglementation bancaire et financière*. This provision does not in any way affect any French law applicable to accounting principles relating to allocation of losses nor the duties of shareholders and does not in any way affect the rights of the Noteholders and (if applicable), Receiptholders or Couponholders to receive payments of principal and interest under the Notes and (if applicable), Receipts or Coupons in accordance with these Terms and Conditions.

(c) *In the case of Notes issued by SGA Société Générale Acceptance N.V. and SG Option Europe*

Notes issued by SGA Société Générale Acceptance N.V. and SG Option Europe are direct, unconditional and (subject to Condition 4) unsecured and unsubordinated obligations of the Issuer and will rank *pari passu* without any preference among themselves and (subject to such exceptions as from time to time exist under applicable law) at least *pari passu* with all other outstanding direct, unconditional, unsecured and unsubordinated obligations of the Issuer, present and future.

(d) *Guarantee in the case of Notes issued by SGA Société Générale Acceptance N.V. and SG Option Europe*

The due and punctual payment of any amounts due by the Issuer in respect of any Series of Notes issued by SGA Société Générale Acceptance N.V. or SG Option Europe is unconditionally and irrevocably guaranteed by the Guarantor as provided in the deed of guarantee dated 27 April 2010 (the **Guarantee**); provided that (i) the Guarantee shall not apply to any Series of Notes issued on or after the date of the Guarantee by SGA Société Générale Acceptance N.V. or SG Option Europe to the extent that, at the Issue Date of such Series of Notes, the sum of (A) the Aggregate Nominal Amount of such Series of Notes and (B) the sum of the Aggregate Nominal Amounts of each Series of Notes issued by the Issuer and outstanding on such Issue Date, in each case, converted into euro at the relevant spot rate of exchange on such Issue Date, is equal to an amount which exceeds €125,000,000,000 (the **Guarantee Limit**) and (ii) in the case of any Physical Delivery Notes in respect of which the relevant guaranteed obligation of the Issuer is an obligation to transfer the Underlying Asset(s) in respect of a Physical Delivery Amount, the Guarantor shall, in lieu of such transfer, be obliged to pay a cash amount in the relevant Specified Currency equal to the fair market value (as determined by the Calculation Agent in its sole discretion, but in a commercially reasonable manner, on or about the due date for transfer of the relevant Underlying Asset(s) in respect of the Physical Delivery Amount) of the Underlying Asset(s) in respect of the Physical Delivery Amount. For the purposes of this Condition 3(d), all references to "this Guarantee" and related expressions shall be to the Guarantee and to the French language version of the Guarantee in respect of Series of Notes for which the French language is the binding language (the **French Guarantee**) and in respect of which the nominal amount of the guaranteed Notes under the French Guarantee shall, when added (i) to the nominal amount of the guaranteed Notes under the Guarantee and (ii) to the Aggregate Nominal Amount of each Series of Notes outstanding, not exceed the Guarantee Limit.

The Guarantee constitutes a direct, unconditional, unsecured and general obligation of the Guarantor and ranks and will rank *pari passu* with all other existing and future direct, unconditional, unsecured and general obligations of the Guarantor, including those in respect of deposits, but excluding any debts for the time being preferred by law and senior to any subordinated obligations.

4. Negative Pledges

(a) *Negative Pledge in the case of Unsubordinated Notes issued by, or Notes guaranteed by, Société Générale**

If the Notes are (i) Unsubordinated Notes issued by Société Générale or (ii) Notes issued by SGA Société Générale Acceptance N.V. or SG Option Europe and guaranteed by Société Générale pursuant to the Guarantee, Société Générale will not, so long as such Notes, or any Receipts or Coupons relating, thereto remain outstanding, create or have outstanding a **Security Interest** (other than a Permitted Security Interest) upon, or with respect to, any of its present or future business, undertaking, assets or revenues (including any uncalled capital) to secure any Relevant Indebtedness (as defined below), unless Société Générale, in the case of the creation of a Security Interest, before or at the same time and, in any other case, promptly, takes any and all action necessary to ensure that:

- (i) all amounts payable by it under the Notes and the Coupons are secured by the Security Interest equally and rateably with the Relevant Indebtedness; or
- (ii) such other Security Interest or other arrangement (whether or not it includes the giving of a Security Interest) is provided as is approved by an Extraordinary Resolution (which is defined in the Agency Agreement as a resolution duly passed by a majority of not less than three-fourths of the votes cast) of the Noteholders.

For the purposes of these Conditions:

Permitted Security Interest means (i) any Security Interest created or outstanding upon any property or assets (including current and/or future revenues, accounts, receivables and other payments) of Société Générale arising out of any securitisation or other similar structured finance transaction involving such property or assets where the primary source of payment of any obligations secured by such property or assets is the proceeds of such property or assets (or where the payment of such obligations is otherwise supported by such property or assets) and where recourse to Société Générale in respect of such obligations does not extend to defaults by the obligors in relation to such property or assets; or (ii) a lien arising solely by operation of law.

Relevant Indebtedness means (i) any present or future indebtedness (whether being principal, premium, interest or other amounts) for or in respect of any notes, bonds, debentures (including, without limitation, *obligations*, as such term is defined for the purposes of French law) or other securities, in each case of Société Générale, SGA Société Générale Acceptance N.V. or SG Option Europe, which (with the consent of the relevant Issuer) are for the time being quoted, listed or ordinarily dealt in on any stock exchange or regulated securities market and (ii) any guarantee or indemnity of any such indebtedness.

Security Interest means any mortgage, charge, lien, pledge or other encumbrance.

*For the avoidance of doubt, it is confirmed that Notes issued prior to 27 April 2010 under an earlier version of the Programme shall continue to benefit from the negative pledge set out in the terms and conditions relating to such Notes.**

* This italicised statement does not form part of the Terms and Conditions of the Notes.

* This italicised statement does not form part of the Terms and Conditions of the Notes.

(b) *Negative Pledge in the case of Notes issued by SGA Société Générale Acceptance N.V. and SG Option Europe**

If the Notes are issued by SGA Société Générale Acceptance N.V. or SG Option Europe, the relevant Issuer will not, so long as such Notes, or any Receipts or Coupons relating, thereto remain outstanding, create or have outstanding any Security Interest upon, or with respect to, any of its present or future business, undertaking, assets or revenues (including any uncalled capital) to secure any Relevant Indebtedness (as defined below), unless the relevant Issuer, in the case of the creation of a Security Interest, before or at the same time and, in any other case, promptly, takes any and all action necessary to ensure that:

- (i) all amounts payable by it under the Notes and the Coupons are secured by the Security Interest equally and rateably with the Relevant Indebtedness; or
- (ii) such other Security Interest or other arrangement (whether or not it includes the giving of a Security Interest) is provided as is approved by an Extraordinary Resolution (which is defined in the Agency Agreement as a resolution duly passed by a majority of not less than three-fourths of the votes cast) of the Noteholders.

Relevant Indebtedness means (i) any present or future indebtedness (whether being principal, premium, interest or other amounts) for or in respect of any notes, bonds, debentures (including, without limitation, *obligations*, as such term is defined for the purposes of French law) or other securities, in each case of SGA Société Générale Acceptance N.V. or SG Option Europe, which (with the consent of the relevant Issuer) are for the time being quoted, listed or ordinarily dealt in on any stock exchange, or regulated securities market and (ii) any guarantee or indemnity of any such indebtedness.

*For the avoidance of doubt, it is confirmed that Notes issued prior to 27 April 2010 under an earlier version of the Programme shall continue to benefit from the negative pledge set out in the terms and conditions relating to such Notes.**

5. Interest

(a) *Interest on Fixed Rate Notes*

(1) Unadjusted Fixed Rate Notes

Unless otherwise specified in the applicable Final Terms, each Unadjusted Fixed Rate Note bears interest from (and including or, in respect of Swedish Uncertificated Notes, but excluding) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date.

Unless otherwise specified in the applicable Final Terms, if the Notes are Definitive Bearer Notes, the amount of interest payable on each Interest Payment Date in respect of the Interest Period ending on such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

Except in the case of Notes which are Definitive Bearer Notes where an applicable Fixed Coupon Amount or Broken Amount is specified in the applicable Final Terms, interest shall be calculated in respect of any period by applying the Rate of Interest to:

* This italicised statement does not form part of the Terms and Conditions of the Notes.

* This italicised statement does not form part of the Terms and Conditions of the Notes.

- (i) in the case of Fixed Rate Notes which are Uncertificated Notes or Notes represented by a global Note, the aggregate outstanding nominal amount of the Notes of the relevant Series (or, if they are Partly Paid Notes, the aggregate amount paid up); or
- (ii) in the case of Fixed Rate Notes which are Definitive Bearer Notes or Definitive Registered Notes, the Calculation Amount,

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit (defined below) of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise as specified in the applicable Final Terms. Where the Specified Denomination of a Fixed Rate Note which is a Definitive Bearer Note or a Definitive Registered Note is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

(1) Adjusted Fixed Rate Notes

- (i) Unless otherwise specified in the applicable Final Terms, each Adjusted Fixed Rate Note bears interest from (and including or, in respect of Swedish Uncertificated Notes, but excluding) the Interest Commencement Date specified in the applicable Final Terms, and such interest will be payable in respect of each Interest Period and in arrear on the Interest Payment Date(s) in each year specified in the applicable Final Terms; provided that (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:
 - (A) the **Following Business Day Convention**, such Interest Payment Date (or other date) shall be postponed to the next day which is a Business Day; or
 - (B) the **Modified Following Business Day Convention**, such Interest Payment Date (or other date) shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date (or other date) shall be brought forward to the immediately preceding Business Day; or
 - (C) the **Preceding Business Day Convention**, such Interest Payment Date (or other date) shall be brought forward to the immediately preceding Business Day,

and the expression **Interest Payment Date** shall be construed accordingly.

- (ii) The Fiscal Agent will calculate the amount of interest (the **Adjusted Fixed Rate Interest Amount**) payable on the Adjusted Fixed Rate Notes for the relevant Interest Period by applying the Rate of Interest to:
 - (A) in the case of Adjusted Fixed Rate Notes which are Uncertificated Notes or Notes represented by a global Note, the aggregate outstanding nominal amount of the Notes of the relevant Series (or, if they are Partly Paid Notes, the aggregate amount paid up); or
 - (B) in the case of Adjusted Fixed Rate Notes which are Definitive Bearer Notes or Definitive Registered Notes, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of an Adjusted Fixed Rate Note which is a Definitive Bearer Note or a Definitive Registered Note is a multiple of the Calculation Amount, the Adjusted Fixed Rate Interest Amount payable in respect of such Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

The Fiscal Agent will cause the Adjusted Fixed Rate Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer, the Guarantor and any stock exchange on which the relevant Adjusted Fixed Notes are for the time being listed and notice thereof to be published in accordance with Condition 15 as soon as possible after the calculation or determination thereof (provided that, in the case of notification to any stock exchange, such notice will be given by no later than the first day of the relevant Interest Period or, if that is impossible due to the date fixed for such determination or calculation, as soon as practicable on or after such date). Each Adjusted Fixed Rate Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Fixed Rate Notes are for the time being listed and to the Noteholders in accordance with Condition 15. For the purposes of these Conditions, the expression **Luxembourg Business Day** means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for general business in Luxembourg.

(2) Definitions

- (A) A **Fixed Rate Note** means a Note which bears a fixed rate of interest.
- (B) An **Unadjusted Fixed Rate Note** means a Fixed Rate Note in respect of which the interest amount and the Interest Payment Date remain unchanged and are calculated as provided in Condition 5(a)(1) above;
- (C) An **Adjusted Fixed Rate Note** means a Fixed Rate Note in respect of which the interest amount and the Interest Payment Date are subject to modification in accordance with Condition 5(a)(1) above.

Equity Linked Notes and Commodity Linked Notes may provide for a method of calculating interest on Fixed Rate Notes which does not require any Day Count Fraction as interest payable on each specified Interest Payment Date is determined by applying a fixed specified percentage to the Specified Denomination as it shall be detailed in the applicable Final Terms and/or Schedule thereto.

(b) *Interest on Variable Rate Notes*

(i) *Interest Payment Dates*

Unless otherwise specified in the applicable Final Terms, each Floating Rate Note, Index Linked Interest Note and other Note in respect of which the relevant interest is not determined pursuant to a fixed Rate of Interest (together, the **Variable Rate Notes**) bears interest from (and including or, in respect of Swedish Uncertificated Notes, but excluding) the Interest Commencement Date specified in the applicable Final Terms, and such interest will be payable in respect of each Interest Period and in arrear on either:

- (A) the Interest Payment Date(s) in each year specified in the applicable Final Terms; or

- (B) if no Interest Payment Date(s) (as defined above) is/are specified in the applicable Final Terms, each date which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (C) in any case where Specified Periods are specified in accordance with Condition 5(b)(i)(B) above, the **Floating Rate Convention**, such Interest Payment Date (a) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (ii) below shall apply *mutatis mutandis* or (b) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (i) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (ii) each subsequent Interest Payment Date shall be the last Business Day in the month in which the Relevant Interest Period ends; or
- (D) the **Following Business Day Convention**, such Interest Payment Date (or other date) shall be postponed to the next day which is a Business Day; or
- (E) the **Modified Following Business Day Convention**, such Interest Payment Date (or other date) shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date (or other date) shall be brought forward to the immediately preceding Business Day; or
- (F) the **Preceding Business Day Convention**, such Interest Payment Date (or other date) shall be brought forward to the immediately preceding Business Day.

Notwithstanding the foregoing, where the applicable Final Terms specifies that the relevant Business Day Convention is to be applied on an **unadjusted** basis, the Interest Amount payable on any date shall not be affected by the application of such Business Day Convention.

In this Condition 5, **Business Day** means (unless otherwise stated in the applicable Final Terms) a day which is both:

- (G) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in each Additional Business Centre(s) specified in the applicable Final Terms; and
- (H) either (x) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in the principal financial centre(s) of the country of the relevant Specified Currency (if other than any Additional Business Centre and which if the Specified Currency is Australian dollars, shall be Sydney and, if the Specified Currency is Canadian dollars, shall be Montreal) or (y) in relation to any sum payable in euro, a day on which the TARGET2 System is open (a **TARGET2 Business Day**). In these Terms and Conditions, **TARGET2 System** means the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET2) System.

(ii) *Rate of Interest*

The Rate of Interest payable from time to time in respect of the Variable Rate Notes will be determined in the manner specified in the applicable Final Terms, which may be, without limitation:

(A) ISDA Determination

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this subparagraph (A), **ISDA Rate** for an Interest Period means a rate equal to the Floating Rate that would be determined by the Fiscal Agent or other person specified in the applicable Final Terms, under an interest rate swap transaction if the Fiscal Agent or that other person were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the ISDA Definitions (as defined below) and under which:

- (1) the Floating Rate Option is as specified in the applicable Final Terms;
- (2) the Designated Maturity is a period specified in the applicable Final Terms; and
- (3) the relevant Reset Date is either (x) if the applicable Floating Rate Option is based on the London interbank offered rate (**LIBOR**), or on the Euro-zone interbank offered rate (**EURIBOR**), the first day of that Interest Period or (y) in any other case, as specified in the applicable Final Terms.

For purposes of this subparagraph, **Floating Rate**, **Calculation Agent**, **Floating Rate Option**, **Designated Maturity**, **Reset Date** and **Euro-zone** have the meanings given to those terms in the 2006 ISDA Definitions published by the International Swaps and Derivatives Association, Inc. (the **ISDA Definitions**) and as amended and updated as at the Issue Date of the first Tranche of the Notes of the relevant Series.

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, unless otherwise stated in the applicable Final Terms, the Minimum Rate of Interest shall be deemed to be zero.

(B) Screen Rate Determination

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (1) the offered quotation; or
- (2) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum), for the Reference Rate(s) which appears or appear, as the case may be, on the Relevant Screen Page as at the Specified Time indicated in the applicable Final Terms (which will be 11.00 a.m., London time, in the case of LIBOR or 11.00 a.m., Brussels time, in the case of EURIBOR) on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Fiscal Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one

only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Fiscal Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

If the Relevant Screen Page is not available or if in the case of (1) above, no such offered quotation appears or, in the case of (2) above, fewer than three such offered quotations appear, in each case as at the Specified Time, the Fiscal Agent shall request the principal London office of each of the Reference Banks (as defined below) to provide the Fiscal Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately the Specified Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Fiscal Agent with such offered quotations, the Rate of Interest for such Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place with 0.000005 being rounded upwards) of such offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the Fiscal Agent.

If on any Interest Determination Date one only or none of the Reference Banks provides the Fiscal Agent with an offered quotation as provided in the preceding paragraph, the Rate of Interest for the relevant Interest Period shall be the rate per annum which the Fiscal Agent determines as being the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the rates, as communicated to (and at the request of) the Fiscal Agent by the Reference Banks or any two or more of them, at which such banks were offered, at approximately the Specified Time on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in the London inter-bank market (if the Reference Rate is LIBOR), or the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) plus or minus (as appropriate) the Margin (if any) or, if fewer than two of the Reference Banks provide the Fiscal Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, at approximately the Specified Time on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer and the Fiscal Agent suitable for such purpose) informs the Fiscal Agent it is quoting to leading banks in the London inter-bank market (if the Reference Rate is LIBOR), or the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) (or, as the case may be, the quotations of such bank or banks to the Fiscal Agent) plus or minus (as appropriate) the Margin (if any), provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period in place of the Margin relating to that last preceding Interest Period).

Reference Banks means, in the case of a determination of LIBOR, the principal London office of four major banks in the London inter-bank market and, in the case of a determination of EURIBOR, the principal Euro-zone office of four major banks in the Euro-zone inter-bank market, in each case selected by the Fiscal Agent or as specified in the applicable Final Terms.

If the Reference Rate from time to time in respect of Floating Rate Notes is specified in the applicable Final Terms as being other than LIBOR or, as the case may be, EURIBOR, the Rate of Interest in respect of such Notes will be determined as provided in the applicable Final Terms.

(C) Other Determination

Where a manner of determination other than ISDA Determination or Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period shall be determined in the manner so specified (including, if so specified, by reference to the Technical Annex to the Terms and Conditions).

(iii) *Minimum and/or Maximum Rate of Interest and/or Rate Multiplier*

Subject to the provisions of Condition 5(b)(ii)(A), if the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of any such Interest Period determined in accordance with the provisions of paragraph (ii) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of any such Interest Period determined in accordance with the provisions of paragraph (ii) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

If the applicable Final Terms specifies a Rate Multiplier for any Interest Period, then, the Rate of Interest in respect of any such Interest Period shall be multiplied by the relevant Rate Multiplier, subject always to the Minimum and/or Maximum Rate of Interest as described above.

If n/N or n_b/N_b is specified as the Rate Multiplier in the applicable Final Terms, the following definitions shall apply, unless otherwise specified in the applicable Final Terms:

n means the number of calendar days in the relevant Interest Period in respect of which the Benchmark was equal to or greater than the Lower Limit and equal to or lower than the Upper Limit, in each case as determined by the Calculation Agent.

N means the total number of calendar days within the relevant Interest Period.

n_b means the number of Business Days in the relevant Interest Period in respect of which the Benchmark was equal to or greater than the Lower Limit and equal to or lower than the Upper Limit, in each case as determined by the Calculation Agent.

N_b means the total number of Business Days within the relevant Interest Period.

Lower Limit means, in respect of the relevant Interest Period, the limit specified in the applicable Final Terms.

Benchmark means, in respect of any calendar day (in respect of the definition of **n**) or, as applicable, Business Day (in respect of the definition of **n_b**) of the relevant Interest Period, unless otherwise specified in the applicable Final Terms:

- if **USD-LIBOR** is specified as the applicable Benchmark in the Final Terms, the rate equal to the Floating Rate for such day that would be determined by the Calculation Agent under an interest rate swap transaction if it were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which the Floating Rate Option is “USD-LIBOR-BBA” (as defined in the ISDA Definitions) for a period of the Designated Maturity as specified in the Final Terms (without reference to any Reset Date). If on any Benchmark Day, such rate does not appear on Reuters Screen LIBOR01 Page, USD-LIBOR will be determined by the Calculation Agent as aforesaid in

accordance with the Floating Rate Option “USD-LIBOR-Reference Banks” (as defined in the ISDA Definitions) for a period of the Designated Maturity as specified in the Final Terms (without reference to any Reset Date).

- if **GBP-LIBOR** is specified as the applicable Benchmark in the Final Terms, the rate equal to the Floating Rate for such day that would be determined by the Calculation Agent under an interest rate swap transaction if it were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which the Floating Rate Option is “GBP-LIBOR-BBA” (as defined in the ISDA Definitions) for a period of the Designated Maturity as specified in the Final Terms (without reference to any Reset Date). If on any Benchmark Day, such rate does not appear on Reuters Screen LIBOR01 Page, GBP-LIBOR will be determined by the Calculation Agent as aforesaid in accordance with the Floating Rate Option “GBP-LIBOR-Reference Banks” (as defined in the ISDA Definitions) for a period of the Designated Maturity as specified in the Final Terms (without reference to any Reset Date).
- if **EURIBOR** is specified as the applicable Benchmark in the Final Terms, the rate equal to the Floating Rate for such day that would be determined by the Calculation Agent under an interest rate swap transaction if it were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which the Floating Rate Option is “EUR-EURIBOR-Reuters” (as defined in the ISDA Definitions) for a period of the Designated Maturity as specified in the Final Terms (without reference to any Reset Date). If on any Benchmark Day, such rate does not appear on Reuters Screen EURIBOR01 Page, EURIBOR will be determined by the Calculation Agent as aforesaid in accordance with the Floating Rate Option “EUR-EURIBOR-Reference Banks” (as defined in the ISDA Definitions) for a period of the Designated Maturity as specified in the Final Terms (without reference to any Reset Date).
- if **EUR-CMS** is specified as the applicable Benchmark in the Final Terms, the rate equal to the Floating Rate for such day that would be determined by the Calculation Agent under an interest rate swap transaction if it were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which the Floating Rate Option is “EUR-ISDA-EURIBOR Swap Rate-11:00” (as defined in the ISDA Definitions) for a period of the Designated Maturity as specified in the Final Terms (without Reference to any Reset Date), and appearing on Reuters Screen ISDAFIX2 Page as at 11.00 a.m. (Frankfurt time) under the heading “EURIBOR BASIS – FRF” and above the caption “11:00 AM FRANKFURT”. If on any Benchmark Day, such rate does not appear on Reuters Screen ISDAFIX2 Page, EUR-CMS will be determined by the Calculation Agent as aforesaid in accordance with the Floating Rate Option “EUR-Annual Swap Rate-Reference Banks” (as defined in the ISDA Definitions) for a period of the Designated Maturity specified in the applicable Final Terms (without reference to any Reset Date).
- if **USD-CMS** is specified as the applicable Benchmark in the Final Terms, the rate equal to the Floating Rate for such day that would be determined by the Calculation Agent under an interest rate swap transaction if it were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which the Floating Rate Option is “USD-ISDA-Swap Rate” (as defined in the ISDA Definitions) for a period of the Designated Maturity as specified in the Final Terms (without Reference to any Reset Date), and appearing on Reuters Screen ISDAFIX1 Page as at 11.00 a.m. (New York time). If on any Benchmark day, such rate does not appear on Reuters Screen ISDAFIX1 Page, USD-CMS will be determined by the Calculation Agent as aforesaid in accordance with the Floating Rate Option “USD-CMS-Reference Banks” (as defined in the ISDA Definitions)

for a period of the Designated Maturity as specified in the Final Terms (without reference to any Reset Date).

For the purposes hereof, (i) the value of the Benchmark on any calendar day of the relevant Interest Period which is not a Benchmark Day shall be deemed to be the value ascribed to the Benchmark on the first preceding Benchmark Day and (ii) the value of the Benchmark on each of the last four TARGET2 Business Days of any Interest Period shall be deemed to be the value ascribed to the Benchmark on the fifth TARGET2 Business Day (or the Benchmark Day immediately preceding such fifth TARGET2 Business Day if such fifth TARGET2 Business Day is not a Benchmark Day) preceding the Interest Payment Date relating to such Interest Period.

Benchmark Day means, if the relevant Benchmark is:

- USD-LIBOR or GBP-LIBOR, a day (other than a Saturday or Sunday) on which banks are open for business (including dealings in foreign exchange and deposit in USD) in London;
- EURIBOR or EUR-CMS, a day (other than a Saturday or Sunday) on which the TARGET2 System is operating; and
- USD-CMS, a day (other than a Saturday or Sunday) on which banks are open for business in New York.

Upper Limit means, in respect of the relevant Interest Period, the limit specified in the applicable Final Terms.

(iv) *Determination of Rate of Interest and calculation of Interest Amount in respect of Variable Rate Notes*

The Fiscal Agent, in the case of Floating Rate Notes, and the Calculation Agent, in the case of all other Variable Rate Notes, will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period. In the case of Variable Rate Notes except Floating Rate Notes, the Calculation Agent will notify the Fiscal Agent of the Rate of Interest for the relevant Interest Period as soon as practicable after calculating the same (but in no event later than the first Business Day after such calculation).

The Fiscal Agent will calculate the amount of interest (the **Interest Amount**) payable on the Variable Rate Notes for the relevant Interest Period by applying the Rate of Interest to:

- (A) in the case of Variable Rate Notes which are Uncertificated Notes or Notes represented by a global Note, the aggregate outstanding nominal amount of the Notes of the relevant Series (or, if they are Partly Paid Notes, the aggregate amount paid up); or
- (B) in the case of Variable Rate Notes which are Definitive Bearer Notes or Definitive Registered Notes, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Variable Rate Note which is a Definitive Bearer Note or a Definitive Registered Note is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

(v) *Notification of Rate of Interest and Interest Amount*

The Fiscal Agent will cause the Rate of Interest and the Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer, the Guarantor and any stock exchange on which the relevant Variable Rate Notes are for the time being listed and notice thereof to be published in accordance with Condition 15 as soon as possible after the calculation or determination thereof (provided that, in the case of notification to any stock exchange, such notice will be given by no later than the first day of the relevant Interest Period or, if that is impossible due to the date fixed for such determination or calculation, as soon as practicable on or after such date). Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Variable Rate Notes are for the time being listed and to the Noteholders in accordance with Condition 15. For the purposes of these Conditions, the expression **Luxembourg Business Day** means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for general business in Luxembourg.

(c) *Zero Coupon Notes*

Where a Zero Coupon Note becomes due and repayable and is not paid when due, the amount due and repayable shall be the amount determined in accordance with Condition 7(h) and notified in accordance with Condition 5(b)(v), *mutatis mutandis*.

(d) *Physical Delivery Notes and Dual Currency Notes*

The rate or amount of interest payable in respect of Physical Delivery Notes or Dual Currency Notes shall be determined in the manner, and by the party, specified in the applicable Final Terms and notified in accordance with Condition 5(b)(v), *mutatis mutandis*.

(e) *Partly Paid Notes*

In the case of Partly Paid Notes (other than Partly Paid Notes which are Zero Coupon Notes), interest will accrue as aforesaid on the paid-up nominal amount of such Notes and/or otherwise as specified in the applicable Final Terms.

(f) *Accrual of Interest*

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if applicable) from the due date for its redemption unless, upon due presentation thereof, payment of principal (or, in the case of any Physical Delivery Note, transfer of the Underlying Asset(s) in respect of the Physical Delivery Amount) is improperly withheld or refused (provided that, in the case of any Physical Delivery Amount, transfer shall not be deemed to have been improperly withheld or refused where such transfer is delayed by reason of circumstances beyond the control of the relevant Issuer or any of its Agents). In such event, interest will continue to be calculated and to accrue until whichever is the earlier of:

- (i) the date on which all amounts due in respect of such Note have been paid; and
- (ii) five days after the date on which the full amount of the moneys payable in respect of such Note has been received by the Fiscal Agent and notice to that effect has been given to the Noteholders in accordance with Condition 15.

(g) *Deferral of Interest*

In the case of Undated Subordinated Notes, interest shall be payable on each Compulsory Interest Payment Date (as defined below) in respect of the interest accrued in the interest period ending on the day

immediately preceding such date. On any Optional Interest Payment Date (as defined below) there may be paid (if Société Générale so elects) the interest accrued in the interest period ending on the day immediately preceding such date, but Société Générale shall not have any obligation to make such payment. Any interest not paid on an Optional Interest Payment Date shall, so long as the same remains unpaid, constitute **Arrears of Interest** which term shall include interest on such unpaid interest as referred to below. Arrears of Interest may, at the option of Société Générale, be paid in whole or in part at any time upon the expiration of not less than seven days' notice to such effect given to the Noteholders in accordance with Condition 15, but all Arrears of Interest on all Undated Subordinated Notes outstanding shall become due in full on whichever is the earliest of: (A) the interest payment date immediately following the date upon which a dividend is paid on any class of share capital of Société Générale, and (B) the commencement of a liquidation or dissolution of Société Générale. If notice is given by Société Générale of its intention to pay the whole or part of Arrears of Interest, Société Générale shall be obliged to do so upon the expiration of such notice. When Arrears of Interest are paid in part, each such payment shall be applied in or towards satisfaction of the full amount of the Arrears of Interest accrued in respect of the earliest interest period in respect of which Arrears of Interest have accrued and have not been paid in full. Arrears of Interest shall (to the extent permitted by law) bear interest accruing and compounding on a daily basis at the prevailing rate of interest on the Undated Subordinated Notes in respect of each relevant interest period. For these purposes the following expressions have the following meanings:

Compulsory Interest Payment Date means any Interest Payment Date unless at the *Assemblée Générale* immediately preceding such date which was required to approve the annual accounts of Société Générale for the fiscal year ended prior to such *Assemblée Générale*, no resolution was passed to pay a dividend on any class of share capital of Société Générale in respect of such previous fiscal year.

(h) *Certain definitions relating to the calculation of interest*

In respect of the calculation of an amount of interest for any Interest Period, **Day Count Fraction** means the following (provided that, unless otherwise specified in the applicable Final Terms, the Day Count Fraction applicable to Floating Rate Notes denominated in euro shall be Actual/360):

- (i) if **Actual/Actual (ICMA)** is specified in the applicable Final Terms:
- (A) in the case of Notes where the number of days in the relevant period from (and including or, in respect of Swedish Uncertificated Notes, but excluding) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding or, in respect of Swedish Uncertificated Notes, and including) the relevant payment date (the **Accrual Period**) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (I) the number of days in such Determination Period and (II) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or
 - (B) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - I the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
 - II the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year;
- (ii) if **30/360** is specified in the applicable Final Terms and the Notes are Fixed Rate Notes, the number of days in the period from (and including) the most recent Interest Payment Date (or, if none, the Interest

Commencement Date) to (but excluding or, in respect of Swedish Uncertificated Notes, and including) the relevant payment date (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) divided by 360;

- (iii) if **Actual/Actual (ISDA)** or **Actual/Actual** is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (I) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (II) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
- (iv) if **Actual/365 (Fixed)** is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;
- (v) if **Actual/365 (Sterling)** is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;
- (vi) if **Actual/360** is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
- (vii) if **30/360**, **360/360** or **Bond Basis** is specified in the applicable Final Terms and the Notes are Variable Rate Notes, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

Y₁ is the year, expressed as a number, in which the first day of the Interest Period falls;

Y₂ is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

M₁ is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

M₂ is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

D₁ is the first calendar day, expressed as a number, of the Interest Period, unless such number is 31, in which case **D₁** will be 30; and

D₂ is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and **D₁** is greater than 29, in which case **D₂** will be 30;

- (viii) if **30E/360** or **Eurobond Basis** is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

Y₁ is the year, expressed as a number, in which the first day of the Interest Period falls;

Y₂ is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

M₁ is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

M₂ is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

D₁ is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D₁ will be 30; and

D₂ is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case D₂ will be 30;

- (ix) if **30E/360 (ISDA)** is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

Y₁ is the year, expressed as a number, in which the first day of the Interest Period falls;

Y₂ is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

M₁ is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

M₂ is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

D₁ is the first calendar day, expressed as a number, of the Interest Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D₁ will be 30; and

D₂ is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D₂ will be 30.

Determination Period means each period from (and including or, in respect of Swedish Uncertificated Notes, but excluding) a Determination Date to (but excluding or, in respect of Swedish Uncertificated Notes, and including) the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date).

Interest Rate_(i-1) means, in respect of an Interest Period, the Rate of Interest determined by the Calculation Agent in respect of the immediately preceding Interest Period. For the avoidance of doubt, Interest Rate _(i-1) is expressed as a rate per annum, unless otherwise specified in the Final Terms;

Issue Date means the date specified as such on the applicable Final Terms. On the Issue Date the relevant clearing systems debit and credit accounts in accordance with instructions received by them;

Optional Interest Payment Date means any Interest Payment Date other than a Compulsory Interest Payment Date;

(i) *Rounding generally*

In connection with the calculation of any amount payable in respect of the Notes (including, without limitation, interest) and unless otherwise provided in these Terms and Conditions or in the applicable Final Terms, such amounts will, if necessary, be rounded to the nearest sub-unit (as defined above) of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise as specified in the applicable Final Terms.

(j) *Certificates to be final*

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 5, by the Fiscal Agent or, if applicable, the Calculation Agent, shall (in the absence of wilful default, bad faith, manifest error or proven error) be binding on the Issuer, the Guarantor, the Fiscal Agent, the Calculation Agent (if applicable) the other Agents and all Noteholders, Receiptholders and Couponholders and (in the absence of wilful default or bad faith) no liability to the Issuer, the Guarantor, the Noteholders, the Receiptholders or the Couponholders shall attach to the Fiscal Agent or, if applicable, the Calculation Agent, in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

6. Payments

For the purposes of this Condition 6, references to payment or repayment (as the case may be) of principal and/or interest and other similar expressions will, where the context so admits, be deemed also to refer to Delivery of the Underlying Asset(s) with respect to any Physical Delivery Amount(s).

(a) *Method of Payment*

Subject as provided below and, in the case of Physical Delivery Notes, Registered Notes or Uncertificated Notes, subject also as provided in the applicable Final Terms:

- (i) payments in a Specified Currency other than euro will be made by credit or transfer to an account in the relevant Specified Currency maintained by the payee with, or, at the option of the payee, except in the case of Registered Notes, by a cheque in such Specified Currency drawn on, a bank in the principal financial centre(s) of the country of such Specified Currency (which if the Specified Currency is Australian dollars, shall be Sydney and, if the Specified Currency is Canadian dollars, shall be Montreal);
- (ii) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, except in the case of Registered Notes, by a euro-cheque;

- (iii) in the case of any Note which is a Physical Delivery Note that is to be redeemed by the transfer of the Underlying Asset(s), transfer of the Underlying Asset(s) in respect of any Physical Delivery Amount will be effected, as provided in the applicable Final Terms, (A) by the Delivery to, or to the order of, the Noteholder of the relevant Underlying Assets or (B) to, or to the order of, the Noteholder at the risk of the relevant Noteholder in such manner as may be specified in the transfer notice (the **Transfer Notice**, the form of which is annexed to the Agency Agreement), in each case, save as otherwise provided in the applicable Final Terms and subject to compliance with applicable securities laws.

Payments will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 8.

In these Terms and Conditions:

Deliver means, in respect of any Underlying Asset, to deliver, novate, transfer (including, where the applicable Underlying Asset is a guarantee, transfer the benefit of the guarantee), assign or sell, as appropriate, in a manner customary for the settlement of the applicable Underlying Asset (which shall include executing all necessary documentation and taking any other necessary actions), in order to convey all right, title and interest in the Underlying Asset free and clear of any and all liens, charges, claims or encumbrances (including, without limitation, any counterclaim, defence (other than an Exempt Counterclaim or Defence) or right of set off by or of the obligor with respect to the Underlying Asset); provided that where the Underlying Asset is a Loan Participation, **Deliver** means to create (or procure the creation) of a participation in favour of the Noteholder and where the Underlying Asset is a guarantee, **Deliver** means to Deliver both the guarantee and the underlying obligation to which such guarantee relates. **Delivery** and **Delivered** will be construed accordingly. In the case of a loan (being any obligation that is documented by a term loan agreement, revolving loan agreement or other similar credit agreement), Delivery shall be effected using documentation substantially in the form of the documentation customarily used in the relevant market for Delivery of such loan at that time;

Exempt Counterclaim or Defence means, in respect of any Underlying Asset, any defence based upon (a) any lack or alleged lack of authority or capacity of the relevant obligor with respect to the Underlying Asset to enter into the Underlying Asset or, where the Underlying Asset is a guarantee, the obligor in respect of the guarantee and/or the obligor in respect of the underlying obligation to which such guarantee relates, (b) any actual or alleged unenforceability, illegality, impossibility or invalidity with respect to any Underlying Asset or, where the Underlying Asset is a guarantee, the guarantee and/or the underlying obligation to which such guarantee relates, however described, (c) any applicable law, order, regulation, decree or notice, however described, or the promulgation of, or any change in, the interpretation by any court, tribunal, regulatory authority or similar administrative or judicial body with competent or apparent jurisdiction of any applicable law, order, regulation, decree or notice, however described, or (d) the imposition of, or any change in, any exchange controls, capital restrictions or any other similar restrictions imposed by any monetary or other authority, however described; and

- (b) *Presentation of Definitive Bearer Notes, Receipts and Coupons*

Payments of principal in respect of Definitive Bearer Notes will (subject as provided below) be made in the manner provided in Condition 6(a) above only against presentation and surrender (or, in the case of part

payment of any sum due, endorsement) of such Definitive Bearer Notes, and payments of interest in respect of Definitive Bearer Notes will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)). Payments under paragraph (a) above made, at the option of the bearer of such Note or Coupon, by cheque shall be mailed or delivered to an address outside the United States furnished by such bearer. Subject to any applicable laws and regulations, such payments made by transfer will be made in immediately available funds to an account maintained by the payee with a bank located outside the United States. Subject as provided below, no payment in respect of any Definitive Bearer Note or Coupon will be made upon presentation of such Definitive Bearer Note or Coupon at any office or agency of the Issuer, the Guarantor or any Paying Agent in the United States, nor will any such payment be made by transfer to an account, or by mail to an address, in the United States.

Payments of instalments of principal (if any) in respect of Definitive Bearer Notes, other than the final instalment, will (subject as provided below) be made in the manner provided in Condition 6(a) above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant Receipt in accordance with the preceding paragraph. Payment of the final instalment will be made in the manner provided in Condition 6(a) above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant Bearer Note in accordance with the preceding paragraph. Each Receipt must be presented for payment of the relevant instalment together with the Definitive Bearer Note to which it appertains. Receipts presented without the Definitive Bearer Note to which they appertain do not constitute valid obligations of the Issuer or, if applicable, the Guarantor. Upon the date on which any Definitive Bearer Note becomes due and repayable, unmatured Receipts (if any) relating thereto (whether or not attached) shall become void and no payment shall be made in respect thereof.

Fixed Rate Notes which are Definitive Bearer Notes (other than Dual Currency Notes, Index Linked Notes or Physical Delivery Notes) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of ten years after the Relevant Date (as defined in Condition 8) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 9) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon any Fixed Rate Note which is a Definitive Bearer Note becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note, Dual Currency Note, Index Linked Note or Physical Delivery Note which is a Definitive Bearer Note becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. Where any Floating Rate Note, Dual Currency Note, Index Linked Note or Physical Delivery Note which is settled by way of cash is presented for redemption without all unmatured Coupons appertaining thereto, payment of all amounts due in relation to such Note shall be made only against the provision of such indemnity as the relevant Issuer and (if applicable) the Guarantor may decide.

If the due date for redemption of any Definitive Bearer Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case

may be, the Interest Commencement Date shall be payable only against surrender of the relevant Definitive Bearer Note.

(c) *Payments in respect of Bearer Global Notes*

Payments of principal and interest (if any) in respect of Notes represented by any Bearer Global Note will (subject as provided below) be made in the manner specified above in relation to Definitive Bearer Notes and otherwise in the manner specified in the relevant Bearer Global Note against presentation or surrender, as the case may be, of such Bearer Global Note at the specified office of any Paying Agent outside the United States. A record of each payment made against presentation or surrender of such Bearer Global Note, distinguishing between any payment of principal and any payment of interest, will be made on such Bearer Global Note by the relevant Paying Agent and such record shall be *prima facie* evidence that the payment in question has been made.

(d) *Payments in respect of Registered Notes*

Payments of principal (other than instalments of principal prior to the final instalment) in respect of each Registered Note (whether or not in global form) will be made against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the Registered Note at the specified office of the Registrar or any of the Paying Agents. Such payments will be made by transfer to the Designated Account (as defined below) of the holder (or the first named of joint holders) of the Registered Note appearing in the register of holders of the Registered Notes maintained by the Registrar (the **Register**) at the close of business on the third business day (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar is located) before the relevant due date. Notwithstanding the previous sentence, if (i) a holder does not have a Designated Account or (ii) the principal amount of the Notes held by a holder is less than U.S.\$250,000 (or its approximate equivalent in any other Specified Currency), payment will instead be made by a cheque in the Specified Currency drawn on a Designated Bank (as defined below). For these purposes, **Designated Account** means the account maintained by a holder with a Designated Bank and identified as such in the Register and **Designated Bank** means (in the case of payment in a Specified Currency other than euro) a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars, shall be Sydney and, if the Specified Currency is Canadian dollars, shall be Montreal) and (in the case of a payment in euro) any bank which processes payments in euro.

Payments of interest and payments of instalments of principal (other than the final instalment) in respect of each Registered Note (whether or not in global form) will be made by a cheque in the Specified Currency drawn on a Designated Bank and mailed by uninsured mail on the business day in the city where the specified office of the Registrar is located immediately preceding the relevant due date to the holder (or the first named of joint holders) of the Registered Note appearing in the Register at the close of business on the fifteenth day (whether or not such fifteenth day is a business day) before the relevant due date (the **Record Date**) at such holder's address shown in the Register on the Record Date and at his risk. Upon application of the holder to the specified office of the Registrar not less than three business days in the city where the specified office of the Registrar is located before the due date for any payment of interest in respect of a Registered Note, the payment may be made by transfer on the due date in the manner provided in the preceding paragraph. Any such application for transfer shall be deemed to relate to all future payments of interest (other than interest due on redemption) and instalments of principal (other than the final instalment) in respect of the Registered Notes which become payable to the holder who has made the initial application until such time as the Registrar is notified in writing to the contrary by such holder. Payment of the interest due in respect of each Registered Note on redemption and the final instalment of principal will be made in the same manner as payment of the principal amount of such Registered Note.

Holders of Registered Notes will not be entitled to any interest or other payment for any delay in receiving any amount due in respect of any Registered Note as a result of a cheque posted in accordance with this Condition arriving after the due date for payment or being lost in the post. No commissions or expenses

shall be charged to such holders by the Registrar in respect of any payments of principal or interest in respect of the Registered Notes.

Where applicable pursuant to an election by a relevant holder, all amounts payable to DTC or its nominee as registered holder of a Registered Global Note in respect of Notes denominated in a Specified Currency other than U.S. dollars shall be paid by transfer by the Registrar to an account in the relevant Specified Currency of the Exchange Agent on behalf of DTC or its nominee for conversion into and payment in U.S. dollars in accordance with the provisions of the Agency Agreement.

None of the Issuer, the Guarantor or the Agents will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

(e) *Payments in respect of Uncertificated Nordic Notes*

Payments of principal and interest in respect of Uncertificated Nordic Notes will be made to the persons registered as Noteholders in the register maintained by the relevant central securities depository and clearing institution, in the case of Swedish Uncertificated Notes, on the fifth Payment Business Day (or otherwise in accordance with the rules and procedures applied by Euroclear Sweden from time to time) or, in the case of Finnish Uncertificated Notes, on the first Payment Business Day (or otherwise in accordance with the rules and procedures applied by Euroclear Finland from time to time), prior to the due date for such payment. If the date for payment of any amount in respect of Uncertificated Nordic Notes is not a Payment Business Day, the holder thereof shall not be entitled to payment until the next following Payment Business Day and shall not be entitled to further interest or other payment in respect of such delay. For the purposes of this Condition 6(e), Payment Business Day shall mean any day on which commercial banks are open for general business in Stockholm (in the case of Swedish Uncertificated Notes) or Helsinki (in the case of Finnish Uncertificated Notes).

In the event of late payment with respect to any Uncertificated Nordic Note, penalty interest will be payable on the overdue amount from the due date up to and including the date on which payment is made at an interest rate corresponding to, in the case of Swedish Uncertificated Notes, STIBOR (defined below) plus one percentage point or, in the case of Finnish Uncertificated Notes, EURIBOR (defined below) plus one percentage point. No capitalisation of interest will be made.

STIBOR means the average of the interest rates quoted at approximately 11 a.m. on the first day (such day being a day on which commercial banks are open for general business in Stockholm) after the day on which the relevant payment was due on Reuter's page "SIDE" (or such other system or other page as shall replace the Reuter's page "SIDE") in respect of a loan with a designated interest period of one week, or, if no such quotation is given, the average of interest rate which is stated by three major Swedish banks selected by Société Générale to be their funding cost at that time in respect of a loan with a designated interest period of one week in Swedish Kronor in the Stockholm interbank market; provided that, if the interest rate for the relevant period cannot be determined in accordance with any of the methods mentioned above, then the interest rate for such period shall be the last available quote on Reuter's page "SIDE" (or such other system or other page as shall replace the Reuter's page "SIDE") in respect of such period.

EURIBOR means the rate for deposits in EUR which is defined under, and shall be determined by the Calculation Agent in accordance with, the Floating Rate Option "EUR-EURIBOR-Telorate" in the ISDA Definitions for a period (Designated Maturity) of sixth months with a Reset Date being the first day of the relevant calculation period.

An Additional Paying Agent will be appointed and identified in the applicable Final Terms with respect to any Uncertificated Nordic Notes and such Additional Paying Agent shall have the characteristics described in Condition 6(g).

(f) *General provisions applicable to payments*

The holder of a global Note (other than a SIS Note) shall be the only person entitled to receive payments in respect of Notes represented by such global Note and the payment obligations of the Issuer or, as the case may be, the Guarantor will be discharged by payment to, or to the order of, the holder of such global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear, Clearstream, Luxembourg or DTC as the beneficial holder of a particular nominal amount of Notes represented by a global Note must look solely to Euroclear, Clearstream, Luxembourg or DTC, as the case may be, for his share of each payment so made by the Issuer or, as the case may be, the Guarantor to, or to the order of, the holder of such global Note. No person other than the holder of such global Note shall have any claim against the Issuer or, as the case may be, the Guarantor in respect of any payments due on that global Note.

Notwithstanding the foregoing, U.S. dollar payments of principal and/or interest in respect of Bearer Notes (if any) will be made at the specified office of a Paying Agent in the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)) if:

- (i) the Issuer and the Guarantor have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest on the Bearer Notes in the manner provided above when due;
- (ii) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and
- (iii) such payment is then permitted under United States law without involving, in the opinion of the Issuer and the Guarantor, adverse tax consequences to the Issuer or the Guarantor.

(g) *Payment Business Day*

If the date for payment of any amount in respect of any Note, Receipt or Coupon is not a Payment Business Day, the holder thereof shall instead be entitled to payment: (i) on the next following Payment Business Day in the relevant place, if “Following Payment Business Day” is specified in the applicable Final Terms; or (ii) on the next following Payment Business Day in the relevant place, unless the date for payment would thereby fall into the next calendar month, in which event such date for payment shall be brought forward to the immediately preceding Payment Business Day in the relevant place, if “Modified Following Payment Business Day” is specified in the applicable Final Terms; provided that if neither “Following Payment Business Day” nor “Modified Following Payment Business Day” is specified in the applicable Final Terms, “Following Payment Business Day” shall be deemed to apply. In the event that any adjustment is made to the date for payment in accordance with this Condition 6(g), the relevant amount due in respect of any Note, Receipt or Coupon shall not be affected by any such adjustment, unless otherwise specified in the applicable Final Terms. For these purposes, unless otherwise specified in the applicable Final Terms and except as specified in Condition 6(d), **Payment Business Day** means any day which is:

- (i) subject to the provisions of the Agency Agreement, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:
 - (A) the relevant place of presentation or, in respect of Uncertificated Notes, the place of registration; and
 - (B) each Additional Financial Centre specified in the applicable Final Terms;

- (ii) either (A) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (if other than the place of presentation and any Additional Financial Centre and which if the Specified Currency is Australian dollars, shall be Sydney and, if the Specified Currency is Canadian dollars, shall be Montreal) or (B) in relation to any sum payable in euro, a day on which the TARGET2 System is open; and
- (iii) in the case of any payment in respect of a Registered Global Note denominated in a Specified Currency other than U.S. dollars and registered in the name of DTC or its nominee and in respect of which an accountholder of DTC (with an interest in such Registered Global Note) has elected to receive any part of such payment in U.S. dollars, a day on which commercial banks are not authorised or required by law or regulation to be closed in New York City.

(h) *Payments on SIS Notes*

In the case of SIS Notes, unless otherwise specified in the applicable Final Terms, the relevant Swiss Paying Agency Agreement shall supplement and modify the Agency Agreement for the purposes of the relevant SIS Notes, including providing for the appointment of a Principal Swiss Paying Agent (which, in the case of Notes listed on the SIX Swiss Exchange, shall at all times be a bank or securities dealer that is subject to supervision by the Swiss Financial Market Supervisory Authority FINMA) that will perform certain duties including, *inter alia*, those which relate to Swiss capital market customs and payment instructions and providing for the appointment of Swiss Paying Agents to act as paying agents in Switzerland for the Notes.

The Issuer shall make all payments of principal and interest due under the SIS Notes to the Principal Swiss Paying Agent which shall, where applicable, promptly reimburse each Swiss Paying Agent on demand for payments in respect of SIS Notes properly made by such Swiss Paying Agent in accordance with the Swiss Paying Agency Agreement and the Conditions. Payment on any SIS Notes will be made irrespective of any present or future transfer restrictions and regardless of any bilateral or multilateral payment or clearing agreement which may be applicable at any time to such payment. Payments of principal and interest in respect of any SIS Notes denominated in Swiss Francs shall be made in freely disposable Swiss Francs, and in the case of SIS Notes denominated in a currency other than Swiss Francs in such other currency, which shall also be freely disposable, without collection costs and whatever the circumstances may be, irrespective of the nationality, domicile or residence of the holder of any Notes and without requiring any certification, affidavit or the fulfilment of any other formality. The receipt by the Principal Swiss Paying Agent of the due and punctual payment of such funds in Switzerland shall discharge the Issuer's obligations under (i) the permanent global Note or (ii) the Definitive Bearer SIS Notes, Receipts and Coupons, if printed, or (iii) the Uncertificated SIS Notes, as the case may be, with respect to the payment of, as the case may be, principal, interest, costs and additional amounts on the Notes and the paying agency fees, in each case to the extent of the funds received as of the due date therefor.

(i) *Payments on EUI Notes*

The Issuer shall pay or cause to be paid any amount due to an EUI Holder under an EUI Note to such EUI Holder's cash account with the Operator for value on the relevant payment date, such payment to be made in accordance with the rules of the Operator. The Issuer's obligations in relation to such amounts in respect of the EUI Notes will be discharged by payment to, or to the order of, the Operator. Each of the persons shown in the Operator register of corporate securities as the holder of a particular nominal amount of EUI Notes must look solely to the Operator for his share of each such payment so made by the Issuer to, or to the order of, the Operator.

(j) *Interpretation of Principal and Interest*

Any reference in these Terms and Conditions to “principal” in respect of the Notes shall be deemed to include, as applicable:

- (i) any additional amounts which may be payable with respect to principal under Condition 8;
- (ii) the Final Redemption Amount of the Notes;
- (iii) the Early Redemption Amount of the Notes;
- (iv) the Optional Redemption Amount(s) (if any) of the Notes;
- (v) in relation to Notes redeemable in instalments, the Instalment Amounts;
- (vi) in relation to Zero Coupon Notes, the Amortised Face Amount (as defined in Condition 7(h)); and
- (vii) any premium and any other amounts (other than interest) which may be payable by the Issuer under or in respect of the Notes.

Any reference in these Terms and Conditions to “interest” in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 8. Any reference in these Terms and Conditions to “interest accrued” or “accrued interest” shall be deemed to include any Arrears of Interest suspended as provided in Condition 5(g).

In the case of Physical Delivery Notes, references in these Terms and Conditions to principal and/or interest and Physical Delivery Amount(s) shall mean such amount less any expenses, fees, stamp duty, levies or other amounts payable on or in respect of the relevant Physical Delivery Amount(s).

(k) *Currency unavailability*

This paragraph shall apply when payment is due to be made in respect of any Note, Receipt or Coupon in the Specified Currency (other than where the Specified Currency is euro) and the Specified Currency is not available to the Issuer or the Guarantor (as applicable) due to the imposition of exchange controls, the Specified Currency's replacement or disuse or other circumstances beyond the control of the Issuer or the Guarantor (as applicable) (**Currency Unavailability**). In the event of Currency Unavailability, the Issuer or the Guarantor (as applicable) will be entitled to satisfy its obligations to the holder of such Note, Receipt or Coupon by making payment in euro on the basis of the spot exchange rate at which the Specified Currency is offered in exchange for euro in an appropriate inter-bank market at noon, Paris time, four Business Days prior to the date on which payment is due or, if such spot exchange rate is not available on that date, as of the most recent prior practicable date. Any payment made in euro in accordance with this paragraph will not constitute an Event of Default.

7. *Redemption and Purchase*

(a) *Redemption at maturity*

Unless previously redeemed or purchased and cancelled as specified below, each Note will be redeemed by the Issuer at its Final Redemption Amount specified in, or determined in the manner specified in, the applicable Final Terms and, if so specified, by reference to the Technical Annex to these Terms and Conditions (or, in the case only of Physical Delivery Notes where the applicable Final Terms specifies that such Notes will be redeemed by the transfer of the Underlying Asset(s) with respect to a Physical Delivery Amount, by the transfer of the Underlying Asset(s) specified in, or determined in the manner specified in, the applicable Final Terms) in the relevant Specified Currency on the Maturity Date.

(b) *Redemption for tax reasons*

The Notes may be redeemed at the option of the Issuer or, as the case may be, the Guarantor in whole, but not in part, at any time (in the case of the Notes other than Floating Rate Notes or any other interest bearing Notes in respect of which the Rate of Interest is not calculated on a fixed rate basis (**Variable Interest Notes**)) or on any Interest Payment Date (in the case of Floating Rate Notes or Variable Interest Notes) but subject, in the case of Subordinated Notes, to the prior written approval of the *Secrétariat général de la Commission bancaire* in France, on giving not less than 30 nor more than 45 days' notice to the Fiscal Agent and, in accordance with Condition 15, the Noteholders (which notice shall be irrevocable), if:

- (i) immediately prior to the giving of such notice the Issuer or the Guarantor has or will become obliged to pay additional amounts as provided or referred to in Condition 8 as a result of any change in, or amendment to, the laws or regulations of a Tax Jurisdiction (as defined in Condition 8) or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the Issue Date of the first Tranche of the Notes; and
- (ii) such obligation cannot be avoided by the Issuer or, as the case may be, the Guarantor taking reasonable measures available to it,

provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer or, as the case may be, the Guarantor would be obliged to pay such additional amounts were a payment in respect of the Notes then due.

Notes redeemed pursuant to this Condition 7(b) will be redeemed at their Early Redemption Amount referred to in paragraph 7(h) below together (if appropriate) with accrued interest to (but excluding or, in respect of Swedish Uncertificated Notes, and including) the date of redemption.

(c) *Special Tax Redemption*

If the Issuer or, as the case may be, the Guarantor would, on the occasion of the next payment of principal or interest in respect of the Notes, be prevented by the law of a Tax Jurisdiction from causing payment to be made to the Noteholders of the full amount then due and payable, notwithstanding the undertaking to pay additional amounts contained in Condition 8(a), then the Issuer or the Guarantor, as the case may be, shall forthwith give notice of such fact to the Fiscal Agent and the Issuer or the Guarantor, as the case may be, shall, subject, in the case of Subordinated Notes, to the prior written approval of the *Secrétariat général de la Commission bancaire* in France, upon giving not less than seven nor more than 45 days' prior notice to the Noteholders in accordance with Condition 15, forthwith redeem all, but not some only, of the Notes at their Early Redemption Amount, together, if appropriate, with accrued interest, on the latest practicable Interest Payment Date on which the Issuer or the Guarantor, as the case may be, could make payment of the full amount then due and payable in respect of the Notes, provided that if such notice would expire after such Interest Payment Date the date for redemption pursuant to such notice to Noteholders shall be the later of:

- (i) the latest practicable date on which the Issuer or the Guarantor, as the case may be, could make payment of the full amount then due and payable in respect of the Notes; and
- (ii) 14 days after giving notice to the Fiscal Agent as aforesaid.

(d) *Final Terms*

The Final Terms applicable to the Notes indicate either:

- (i) that the Notes cannot be redeemed prior to their Maturity Date (except as otherwise provided in paragraphs (b) and (c) above and in Condition 10); or

- (ii) that such Notes will be redeemable at the option of the Issuer and/or the holders of the Notes prior to such Maturity Date in accordance with the provisions of paragraphs (e) and/or (g) below on the date or dates and at the amount or amounts indicated in the applicable Final Terms.

(e) *Redemption at the Option of the Issuer*

If the Issuer is specified in the applicable Final Terms as having an option to redeem, the Issuer may, subject, in the case of Subordinated Notes, to the prior written approval of the *Secrétariat général de la Commission bancaire* in France, having (unless otherwise specified in the applicable Final Terms) given not less than 30 nor more than 45 days' notice, in accordance with Condition 15, to the Noteholders (which notice shall be irrevocable and shall specify the date fixed for redemption), redeem all or some only of the Notes then outstanding on any Optional Redemption Date(s) and at the Optional Redemption Amount(s) specified in, or determined in the manner specified in, the applicable Final Terms together, if appropriate, with interest accrued to (but excluding or, in respect of Swedish Uncertificated Notes, and including) the relevant Optional Redemption Date(s). Any such redemption must be of a nominal amount not less than the Minimum Redemption Amount and not more than the Maximum Redemption Amount, both as indicated in the applicable Final Terms.

In the case of a redemption of some only of the Notes, the Notes to be redeemed (**Redeemed Notes**) will be selected individually by lot (in the case of Redeemed Notes represented by Notes in definitive form) and in accordance with the rules of Euroclear and/or Clearstream, Luxembourg and/or DTC in the case of Redeemed Notes represented by a global Note held on behalf of Euroclear and/or Clearstream, Luxembourg and/or DTC (to be reflected in the records of Euroclear and/or Clearstream, Luxembourg and/or DTC as either a pool factor or a reduction in nominal amount, at their discretion) and in accordance with the rules of the relevant securities depository and any relevant provisions in the applicable Final Terms (in the case of Registered Notes), in each case not more than 30 days prior to the date fixed for redemption (such date of selection being hereinafter called the **Selection Date**). In the case of Redeemed Notes represented by Notes in definitive form, a list of the serial numbers of such Redeemed Notes will be published in accordance with Condition 15 not less than 15 days prior to the date fixed for redemption. No exchange of the relevant global Note will be permitted during the period from and including the Selection Date to and including the date fixed for redemption pursuant to this paragraph (e) and notice to that effect shall be given by the Issuer to the Noteholders in accordance with Condition 15 at least ten days prior to the Selection Date.

In respect of any Note, any notice given by the Issuer pursuant to this Condition 7(e) shall be void and of no effect in relation to that Note in the event that, prior to the giving of such notice by the Issuer, the holder of such Note had already delivered a Put Notice in relation to that Note in accordance with Condition 7(g).

In the case of Subordinated Notes which constitute Tier 2 Capital, the Optional Redemption Date may only occur on or after the fifth anniversary of the Issue Date of such Notes.

(f) *Optional Outstanding Notes Trigger Call:*

If "Trigger Redemption Option" is specified in the applicable Final Terms as being applicable, then, in the event that at any time during the life of the Notes and for any reason whatsoever, the **Aggregate Outstanding Nominal Amount** of the Notes equals or falls below the **Outstanding Amount Trigger Level**, then the Issuer shall have the right at its sole and absolute discretion exercised reasonably, and subject to any applicable law and regulation, to redeem all (but not some only) of the remaining outstanding Notes early at their **Early Trigger Level Redemption Amount** upon giving not less than 15 Business Days notice in accordance with Condition 15 specifying the basis upon which such early redemption was effected.

For the purpose hereof:

Aggregate Outstanding Nominal Amount means, at any time, the product of (a) the Specified Denomination and (b) the number of Notes outstanding held at such time by Noteholders other than Société Générale or its affiliates for their own account as determined in good faith by the Fiscal Agent in consultation with the clearing institution(s) in or through which the Notes are held and transactions in such Notes are cleared.

Early Trigger Level Redemption Amount means the Early Redemption Amount for such Notes as determined in accordance with paragraph (h)(v) below.

Outstanding Amount Trigger Level means the level specified as such in the applicable Final Terms or, if no such level is so specified, 10% of the Aggregate Nominal Amount of the Notes initially issued.

Under no circumstances will the Optional Outstanding Notes Trigger Call be applied for any issue of Subordinated Notes.

(g) *Redemption at the Option of the Noteholders*

In the case of Subordinated Notes, there will be no redemption at the option of the Noteholders.

If the Noteholders are specified in the applicable Final Terms as having an option to require the Issuer to redeem any Note, upon the holder of any Note giving to the Issuer in accordance with Condition 15 not less than 15 nor more than 30 days' notice or such other period of notice as is specified in the applicable Final Terms the Issuer will, upon the expiry of such notice, redeem, subject to, and in accordance with, the terms specified in the applicable Final Terms, in whole (but not in part), such Note on the Optional Redemption Date and at the Optional Redemption Amount specified in, or determined in the manner specified in, the applicable Final Terms together, if appropriate, with interest accrued to but excluding (or, in respect of Swedish Uncertificated Notes, and including) the Optional Redemption Date. It may be that before an option to require the Issuer to redeem any Note can be exercised, certain conditions and/or circumstances will need to be satisfied. Where relevant, the provisions will be set out in the applicable Final Terms.

To exercise the right to require redemption of a Note, the holder of such Note must, if the Note is in definitive form and held outside Euroclear and Clearstream, Luxembourg, deliver, at the specified office of any Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes) at any time during normal business hours of such Paying Agent or, as the case may be, the Registrar falling within the notice period, a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent or, as the case may be, the Registrar (a **Put Notice**) and in which the holder must specify a bank account (or, if payment is required to be made by cheque, an address) to which payment is to be made under this Condition and, in the case of Registered Notes, the nominal amount thereof to be redeemed and, if less than the full nominal amount of the Registered Notes so surrendered is to be redeemed, an address to which a new Registered Note in respect of the balance of such Registered Notes is to be sent subject to and in accordance with the provisions of Condition 2. If this Note is in definitive form, the Put Notice must be accompanied by this Note or evidence satisfactory to the Paying Agent concerned that this Note will, following delivery of the Put Notice, be held to the order or under its control. If the Note is represented by a global Note or is in definitive form and held through Euroclear or Clearstream, Luxembourg, to exercise the right to require redemption of the Note the holder of the Note must, within the notice period, give notice to the Fiscal Agent of such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg (which may include notice being given on his instruction by Euroclear or Clearstream, Luxembourg or any common depository or common safekeeper, as the case may be, for them to the Fiscal Agent by electronic means) in a form acceptable to Euroclear and Clearstream, Luxembourg from time to time and, if the Note is represented by a global Note, at the same time present or procure the presentation of the relevant global Note to the Fiscal Agent for notation accordingly.

In the case of Uncertificated Notes, a Put Notice will not be effective against the Issuer before the date on which the relevant Notes have been transferred to the account designated by the Additional Paying Agent specified in the applicable Final Terms (which, for the purposes of the Uncertificated Notes, will be an account operator specifically authorised by the relevant central securities depository and clearing institution to process and register issues in the system of the relevant central securities depository and clearing institution), and blocked by such Additional Paying Agent to prevent further transfer as of the Optional Redemption Date.

Notwithstanding the foregoing, in the case of Uncertificated Notes, the right to require redemption of such Notes in accordance with this Condition 7(g) must be exercised in accordance with the rules and procedures of the relevant central securities depository and clearing institution and if there is any inconsistency between the above and the rules and procedures of the relevant central securities depository and clearing institution, then the rules and procedures of the relevant central securities depository and clearing institution shall prevail.

Any Put Notice given by a holder of any Note pursuant to this paragraph (g) shall be:

- (i) irrevocable except where prior to the due date of redemption an Event of Default has occurred and is continuing in which event such holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this paragraph (g) and instead to declare such Note forthwith due and payable pursuant to Condition 10; and
- (ii) void and of no effect in relation to such Note in the event that, prior to the giving of such Put Notice by the relevant holder (A) such Note constituted a Redeemed Note, or (B) the Issuer had notified the Noteholders of its intention to redeem all of the Notes in a Series then outstanding, in each case pursuant to Condition 7(e).

(h) *Early Redemption Amounts*

For the purpose of paragraph (b) above and Condition 10, unless otherwise specified in the applicable Final Terms, the Notes will be redeemed at the Early Redemption Amount calculated as follows:

- (i) in the case of Notes with a Final Redemption Amount equal to the Issue Price, at the Final Redemption Amount thereof; or
- (ii) in the case of Notes (other than Zero Coupon Notes) with a Final Redemption Amount which is or may be less or greater than the Issue Price or which is payable in a Specified Currency other than that in which the Notes are denominated, at the amount specified in, or determined in the manner specified in, the applicable Final Terms or, if no such amount or manner is so specified in the Final Terms, at their nominal amount; or
- (iii) in the case of Physical Delivery Notes, as determined in the manner specified in the applicable Final Terms; or
- (iv) in the case of Zero Coupon Notes, at an amount (the **Amortised Face Amount**) equal to the sum of:
 - (A) the Reference Price specified in the applicable Final Terms; and
 - (B) the product of the Accrual Yield specified in the applicable Final Terms (compounded annually) being applied to the Reference Price from (and including or, in respect of Swedish Uncertificated Notes, but excluding) the Issue Date to (but excluding or, in respect of Swedish Uncertificated Notes, and including) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable.

- (v) if Market Value is specified in the applicable Final Terms as the Early Redemption Amount, at an amount determined by the Calculation Agent, which, on the due date for the redemption of the Note, shall represent the fair market value of the Notes and shall have the effect (after taking into account the costs of unwinding any hedging arrangements entered into in respect of the Notes) of preserving for the Noteholders the economic equivalent of the obligations of the Issuer to make the payments in respect of the Notes which would, but for such early redemption, have fallen due after the relevant early redemption date. In respect of Notes bearing interest, notwithstanding the last sentence of Condition 7(b), the ninth line of Condition 7(c) and the first paragraph of Condition 9, the Early Redemption Amount, as determined by the Calculation Agent in accordance with this paragraph shall include any accrued interest to (but excluding or, in respect of Swedish Uncertificated Notes, and including) the relevant early redemption date and apart from any such interest included in the Early Redemption Amount, no interest, accrued or otherwise, or any other amount whatsoever will be payable by the Issuer or, as the case may be, the Guarantor in respect of such redemption.

Where such calculation is to be made for a period of less than a full year, it shall be made on the basis of the Day Count Fraction, if applicable, specified in the applicable Final Terms.

(i) *Instalments*

If the Notes are repayable in instalments, they will be redeemed in the Instalment Amounts and on the Instalment Dates specified in the applicable Final Terms. In the case of early redemption, the Early Redemption Amount will be determined pursuant to paragraph (h) above.

(j) *Partly Paid Notes*

If the Notes are Partly Paid Notes:

- (i) they will be subscribed at the Part Payment Amounts and on the Part Payment Dates specified in the applicable Final Terms. Unless otherwise specified in the applicable Final Terms, the obligation to pay a Part Payment Amount on the relevant Part Payment Date is only incurred by the holders of the Notes on such Part Payment Date;
- (ii) unless otherwise specified in the applicable Final Terms, they will be redeemed on the Maturity Date at their nominal amount and on any Optional Redemption Date at their paid-up nominal amount as at the date fixed for redemption;
- (iii) unless otherwise specified in the applicable Final Terms, in the event that any Noteholder fails to pay a Part Payment Amount on the relevant Part Payment Date (such date a **Part Payment Default Date**), any such Notes held by such Noteholder shall automatically be redeemed on the relevant Early Redemption Date, at the Settlement Amount.

For the purposes of this Condition 7(j) and unless otherwise specified in the applicable Final Terms:

Early Redemption Date means, in respect of any Note, the seventh Payment Business Day following a Part Payment Default Date;

Settlement Amount means, in respect of any Note, an amount determined by the Calculation Agent in accordance with the following formula:

Max [0; [Paid-up Nominal Amount – Unwinding Costs]]

where:

Paid-up Nominal Amount means, in respect of any Part Payment Date, the paid-up nominal amount of the relevant Note up to (and including) the applicable Part Payment Date. Interest will neither accrue nor be payable in respect of the period from and including the applicable Part Payment Default Date to and including the applicable Early Redemption Date; and

Unwinding Costs means the pro-rata share, in respect of each Note, of the losses (expressed as a positive number) or the gains (expressed as a negative number) of unwinding all hedging arrangements (taking into account the present value of any Part Payment Amount(s) remaining to be paid in respect of the Notes) entered into or purchased by the Issuer and/or the Guarantor in respect of the Notes.

(k) *Purchases*

The Issuer or the Guarantor (if applicable) may, subject as provided in the next paragraph, at any time purchase Notes (provided that, in the case of Definitive Bearer Notes, all unmatured Receipts, Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise, in accordance with applicable laws and regulations. In the case of Notes issued by Société Générale or SG Option Europe, Notes purchased by or on behalf of the Issuer, will be surrendered to a Paying Agent (or, in the case of Registered Notes, the Registrar) for cancellation (together with, in the case of Definitive Bearer Notes, all unmatured Receipts, Coupons and Talons appertaining thereto). In the case of Notes issued by SGA Société Générale Acceptance N.V., Notes purchased by or on behalf of the Issuer may, at the option of the Issuer, be held, resold or surrendered to any Paying Agent (or, in the case of Registered Notes, the Registrar) for cancellation. Any Uncertificated Notes purchased by or on behalf of the Issuer may, at the option of the Issuer, be held, resold or cancelled.

In the case of Subordinated Notes, Société Générale may at any time purchase such Notes, provided that the prior written approval of the *Secrétariat général de la Commission bancaire* in France shall be obtained (i) if the total principal amount of the Notes so purchased exceeds 10 per cent. of the initial aggregate principal amount of the Notes and (ii) in the case of an *offre publique d'achat* (cash takeover bid) or an *offre publique d'échange* (paper takeover bid).

(l) *Cancellation*

All Notes which are redeemed will forthwith be cancelled (together with, in the case of Definitive Bearer Notes, all unmatured Receipts, Coupons and Talons appertaining thereto or surrendered therewith at the time of redemption). All Notes so cancelled and any Notes purchased and cancelled pursuant to paragraph (k) above (together with, in the case of Definitive Bearer Notes, all unmatured Receipts, Coupons and Talons cancelled therewith) shall be forwarded to the Fiscal Agent (or, in the case of Registered Notes, the Registrar) and cannot be reissued or resold.

(m) *Late Payment on Zero Coupon Notes*

Except as provided in the applicable Final Terms, if the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note, except for Registered Notes, pursuant to paragraph (a), (b), (c), (e) or (g) above or upon its becoming due and repayable as provided in Condition 10 is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in paragraph (h)(iv) above as though the references therein to the date fixed for the redemption or the date upon which the Zero Coupon Note becomes due and repayable were replaced by references to the date which is the earlier of:

- (i) the date on which all amounts due in respect of the Zero Coupon Note have been paid; and

- (ii) five days after the date on which the full amount of the moneys payable in respect of such Zero Coupon Notes has been received by the Fiscal Agent and notice to that effect has been given to the Noteholders in accordance with Condition 15.

(n) *Redemption of Uncertificated Notes*

Notwithstanding the foregoing provisions of this Condition, the redemption of Uncertificated Notes may be subject to certain special restrictions and procedures, as set out in the applicable Final Terms.

(o) *Redemption or forced transfer of Registered Notes*

If the Issuer determines at any time that a holder of Registered Notes in the United States or that is a U.S. Person was not a QIB and a QP at the time it purchased or acquired such Notes in breach of the deemed or actual representations given by such holder upon the purchase of such Notes, the Issuer may (a) redeem such Notes, or (b) direct such holder to sell or transfer its Notes to a person that is both a QIB and a QP or to a non-U.S. Person outside the United States within 30 days following receipt of such notice, and if such holder fails to sell or transfer its Notes within such 30 day period, the Issuer may transfer or sell such Notes on behalf of such holder.

No payments will be made on the affected Notes from the date notice of the sale requirement is sent to the date on which the affected Notes are sold.

There can be no assurance that a holder of Notes, or an interest therein, who is required to sell Notes, or whose Notes are sold on his behalf (pursuant to this Condition) will not incur a significant loss as a result of the need for the relevant Issuer, or for the transferor, to find a qualifying transferee willing to purchase the Notes. Neither the relevant Issuer, the Guarantor nor any other party shall be liable to a holder for any such loss.

8. Taxation

- (a) In the case of Notes issued by Société Générale, SG Option Europe or SGA Société Générale Acceptance N.V., all payments in respect of such Notes, Receipts and Coupons or under the Guarantee shall be made free and clear of, and without withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of any Tax Jurisdiction unless such withholding or deduction is required by law.
- (b) In the event that any amounts are required to be deducted or withheld for, or on behalf of, any Tax Jurisdiction, the relevant Issuer or, as the case may be, the Guarantor shall, to the fullest extent permitted by law, pay such additional amount as may be necessary, in order that each Noteholder, Receiptholder or Couponholder, after deduction or withholding of such taxes, duties, assessments or governmental charges, will receive the full amount then due and payable provided that no such additional amount shall be payable with respect to any Note, Receipt or Coupon:
 - (i) presented for payment by or on behalf of a holder who is liable to such taxes, duties, assessments or governmental charges in respect of such Note, Receipt or Coupon by reason of his being connected with the Netherlands Antilles (in the case of payments by SGA Société Générale Acceptance N.V.) or France (in the case of payments by Société Générale or SG Option Europe) other than by the mere holding of such Note, Receipt or Coupon; or
 - (ii) presented for payment more than 30 days after the Relevant Date (as defined below), except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day assuming that day to have been a Payment Business Day (as defined in Condition 6(g)); or

- (iii) in respect of an issue of Notes which have been privately placed, if the applicable Final Terms indicate that no such additional amounts shall be payable; or
- (iv) where such withholding or deduction is imposed on a payment to an individual beneficial owner or a residual entity and is required to be made pursuant to European Council Directive 2003/48/EC on the taxation of savings income or any law (whether in or outside the European Union) implementing or complying with, or introduced in order to conform to, such Directive; or
- (v) presented for payment by or on behalf of a holder who would have been able to avoid such withholding or deduction by presenting the relevant Note, Receipt or Coupon to another Paying Agent in a Member State of the European Union.

In these Terms and Conditions:

9. Prescription

Bearer Notes (and any relative Receipts and Coupons) and Registered Notes will become void unless presented for payment within a period of 10 years (in the case of principal) and five years (in the case of interest) after the Relevant Date (as defined in Condition 8) therefor, except as provided in the applicable Final Terms.

- (a) the Issuer is in default for any reason whatsoever with respect to the payment of any sum when due or the transfer of any Underlying Assets transferable in respect of the Notes, which default, in the case of any sum, has continued for more than 30 days unless the Guarantor shall have remedied such default before the expiry of such period and save that late transfer of any Underlying Assets in the circumstances referred to in Condition 6(a)(iii) shall not constitute an Event of Default hereunder; or
- (b) the Issuer is in default in the performance of any other obligation under these Terms and Conditions and, if such default is capable of being remedied by the Issuer or the Guarantor, such default has not been so remedied within 60 days after written notification from any Noteholder requiring such default to be remedied has been given to the Issuer; or
- (c) the Issuer is in default under any bond, debenture, note or other evidence of indebtedness (including indebtedness arising under a guarantee) for money borrowed or under any mortgage, indenture or instrument under which there may be issued or by which there may be secured or evidenced any indebtedness for money borrowed by the Issuer, whether such indebtedness now exists or is hereafter incurred, which has resulted in such indebtedness becoming or being declared due and payable, prior to the date on which it would otherwise have become due and payable, or any such indebtedness is not paid at the stated maturity thereof and such failure to pay continues beyond the grace period, if any, applicable thereto (except, in any of the foregoing cases, where the obligation to pay such indebtedness is being disputed in good faith); or

- (e) in the case of any Series of Notes in respect of which the Guarantee is stated as being applicable, the Guarantee ceases to be in full force and effect in respect of such Series of Notes, the Receipts or the Coupons, or notice is given by the Guarantor which would cause the Guarantee to cease to be in full force and effect in respect of such Series of Notes, the Receipts or the Coupons, or is rendered void for any cause or by any means whatsoever or any legislation is introduced the result of which would be to remove the benefit of the Guarantee from the Notes, the Receipts or the Coupons, or terminate or amend the same in a manner materially adverse to the interests of the Noteholders, the Receiptholders or the Couponholders, or the Guarantor is unable to perform its obligations thereunder for any reason.

11. Replacement of Notes, Receipts, Coupons and Talons

Should any Note (except any Uncertificated Note) or (in the case of any Bearer Note) Receipt, Coupon or Talon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Fiscal Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes), subject to relevant stock exchange requirements and all applicable laws, upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence, security and indemnity and otherwise as the Issuer or, if applicable, the Guarantor may reasonably require. Mutilated or defaced Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

12. Fiscal Agent and Paying Agents

The names of the initial Fiscal Agent, the initial Registrar and the other initial Paying Agent(s) and their initial specified offices are set out below (except with respect to Uncertificated Notes and SIS Notes) and the name(s) and specified office(s) of the Calculation Agent(s) are specified in the applicable Final Terms. In addition, the Fiscal Agent may (with the prior written consent of the relevant Issuer and, if applicable, the Guarantor) delegate certain of its functions and duties in relation to Physical Delivery Notes to a settlement agent (the **Settlement Agent**). In relation to SIS Notes, the Issuer will maintain a Principal Swiss Paying Agent (which, in the case of Notes listed on the SIX Swiss Exchange, shall at all times be a bank or securities dealer that is subject to supervision by the Swiss Financial Market Supervisory Authority FINMA) whose duties will be set out in the Swiss Paying Agency Agreement. In relation to SIS Notes, references in these Conditions to the **Fiscal Agent** shall so far as the context permits be deemed to be references to the Principal Swiss Paying Agent.

In relation to EUI Notes, the Issuer will appoint (and in the case of CDI Notes permanently maintain) an EUI Agent.

The Issuer and the Guarantor are entitled to vary or terminate the appointment of any Paying Agent or Settlement Agent and/or appoint additional or other Paying Agents or Settlement Agents and/or approve any change in the specified office through which any Paying Agent or Settlement Agent acts, provided that (except with respect to Uncertificated Notes):

- (a) so long as the Notes are listed on any stock exchange or admitted to trading or listing by another relevant authority, there will at all times be a Paying Agent (which may be the Fiscal Agent) and a Transfer Agent (which may be the Registrar) with a specified office in such place as may be required by the rules and regulations of the relevant stock exchange; and
- (b) there will at all times be a Paying Agent (which may be the Fiscal Agent) with a specified office in a city in continental Europe; and
- (c) so long as any Registered Global Notes are registered in the name of a nominee for DTC, there will at all times be an Exchange Agent and a Paying Agent with a specified office in New York, New York; and

- (e) there will at all times be a Fiscal Agent and a Registrar.

In addition, the Issuer and the Guarantor shall forthwith appoint a Paying Agent having a specified office in New York City in the circumstances described in the second paragraph of Condition 6(f). Any variation, termination, appointment or change shall only take effect (other than in the case of insolvency, when it shall be of immediate effect) after not less than 30 or more than 45 days' prior notice thereof shall have been given to the Noteholders in accordance with Condition 15.

Notwithstanding the foregoing, the Issuer undertakes, in respect of any SIS Notes, that it will appoint and maintain a Principal Swiss Paying Agent having a specified office in Switzerland (which, in the case of Notes listed on the SIX Swiss Exchange, shall at all times be a bank or securities dealer that is subject to supervision by the Swiss Financial Market Supervisory Authority FINMA), and will at no time maintain a Paying Agent in respect of any CHF SIS Notes having a specified office outside Switzerland.

Notwithstanding the foregoing, in respect of Uncertificated Notes, the Issuer may appoint or (as the case may be) maintain a paying agent in each jurisdiction where Uncertificated Notes are registered and, if appropriate, for so long as any Uncertificated Notes are listed on the Luxembourg Stock Exchange, the Issuer will maintain a paying agent with a specified office in Luxembourg, all as specified in the applicable Final Terms. The central securities depository and clearing institution and the Additional Paying Agent(s) appointed in respect of Uncertificated Notes act solely as agents of the Issuer and do not assume any obligation to, or relationship of agency or trust with, any Noteholders. The Issuer shall be entitled to obtain information from the registers maintained by the relevant central securities depository and clearing institution for the purposes of performing its obligations under any Uncertificated Notes. In respect of Swedish Uncertificated Notes, the Issuer will, in accordance with the Swedish Financial Instruments Accounts Act (SFS 1998:1479), appoint (i) Euroclear Sweden as the central securities depository and clearing institution, and (ii) an Additional Paying Agent for Swedish purposes. Such Additional Paying Agent shall be specified in the relevant Final Terms and shall have the characteristics described in Condition 7(g). In respect of Finnish Uncertificated Notes, Euroclear Finland will act as the central securities depository and clearing institution and the Issuer will appoint an Additional Paying Agent for Finnish purposes as specified in the applicable Final Terms. The Agency Agreement contains provisions permitting any entity into which any Paying Agent is merged or converted or with which it is consolidated or to which it transfers all or substantially all of its assets to become the successor paying agent. If in connection with any Series of Notes the Calculation Agent is Société Générale, its appointment will be governed by the terms of the Calculation Agency Agreement set out in Appendix 1 to the Agency Agreement. In the event that a Calculation Agent other than Société Générale is appointed in connection with any Series of Notes, the terms of its appointment will be summarised in the applicable Final Terms.

13. Exchange of Talons

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent or any other Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon, subject to the provisions of Condition 9. Each Talon shall, for the purposes of these Terms and Conditions, be deemed to mature on the Interest Payment Date on which the final Coupon comprised in the relative Coupon sheet matures.

14. Substitution

In the case of Notes issued by SGA Société Générale Acceptance N.V. or SG Option Europe, the Issuer may be replaced and the Guarantor or any subsidiary of the Guarantor may be substituted for the Issuer as principal debtor in respect of the Notes, Receipts and Coupons, without the consent of the Noteholders, Couponholders or Receiptholders. If SGA Société Générale Acceptance N.V. or SG Option Europe determines that the Guarantor or any such subsidiary shall become the principal debtor (in such capacity, the **Substituted Debtor**), it shall give not less than 30 nor more than 45 days' notice, in accordance with Condition 15, to the Noteholders of such event and, immediately on the expiry of such notice, the Substituted Debtor shall become the principal debtor in respect of the Notes, Receipts and the Coupons in place of the Issuer and the Noteholders,

Receipholders and Couponholders shall thereupon cease to have any rights or claims whatsoever against the Issuer. However, no such substitution shall take effect:

- (a) if the effect of such substitution would, at the time of such substitution, be that payments in respect of the Notes would be required to be made subject to any withholding or deduction which would not otherwise arise in the absence of such substitution;
- (b) if the Substituted Debtor is not the Guarantor, until the Guarantor shall have entered into an unconditional and irrevocable guarantee substantially in the form of the Guarantee in respect of the obligations of such Substituted Debtor;
- (c) in any case, until the Substituted Debtor shall have provided to the Fiscal Agent such documents as may be necessary to make the Notes and the Agency Agreement its legal, valid and binding obligations; and
- (d) until such Substituted Debtor shall have been approved in writing by the relevant authorities as able to issue the relevant Notes.

Upon any such substitution, the Notes, Receipts, Coupons and Talons will be modified as required, and the Noteholders will be notified of the modified terms and conditions of such Notes, Receipts, Coupons and Talons in accordance with Condition 15.

The following, together with the Technical Annex (if applicable), are the Terms and Conditions of the Notes to be issued under French law, that, subject to completion and amendment and as supplemented or varied in accordance with the provisions of the applicable Final Terms, shall be applicable to the Notes. In the case of Materialised Notes, either (i) the full text of these Terms and Conditions, together with the Technical Annex (if applicable) and the applicable Final Terms or (ii) these Terms and Conditions, together with the Technical Annex (if applicable), as so completed, amended, supplemented or varied (and subject to simplification by the deletion of inapplicable provisions) shall be endorsed on Definitive Materialised Bearer Notes. All capitalised terms that are not defined in these Terms and Conditions or the Technical Annex (if applicable) will have the meanings given to them in the applicable Final Terms. French law Dematerialised Notes which are designated in the Final Terms as Permanently Restricted Notes, or any interest therein, may not at any time be offered, sold, resold, traded, pledged, redeemed, transferred or delivered, directly or indirectly, in the United States or to, or for the account or benefit of, a U.S. Person and any offer, sale, resale, trade, pledge, redemption, transfer or delivery made, directly or indirectly, within the United States or to, or for the account or benefit of, a U.S. Person will not be recognised. References herein to the **Issuer** shall be references to the party specified as such in the applicable Final Terms (as defined below).

The Notes are issued by the Issuer with the benefit of an amended and restated agency agreement dated 27 April 2010 (the **French Law Agency Agreement**, which expression includes the same as it may be modified and/or supplemented and/or restated from time to time) and made between, *inter alios*, the Issuer, the Guarantor (as defined below), Société Générale Bank & Trust as fiscal agent and, if so specified in the applicable Final Terms, as calculation agent (the **Fiscal Agent** and the **Calculation Agent** respectively, which expressions shall include, in each case, any additional or successor agent or any other calculation agent appointed from time to time specified in the applicable Final Terms) and the other paying agents named therein (such paying agents, together with the Fiscal Agent, the **Paying Agents**, which expression shall include any additional or successor paying agents appointed from time to time).

The holders of Dematerialised Notes and Materialised Notes (each term as defined below), the holders of the interest coupons (the **Coupons**) relating to interest bearing Materialised Notes and, where applicable in the case of such Notes, talons (the **Talons**) for further Coupons (the **Couponholders**) and the holders of the receipts (the **Receipts**) for the payment of instalments of principal (the **Receiptholders**) relating to Materialised Notes of which the principal is payable in instalments are deemed to have notice of all of the provisions of the Agency Agreement applicable to them.

Any reference herein to Euroclear France, Euroclear and/or Clearstream, Luxembourg (each as defined below) shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms.

The final terms for this Note (or other relevant provisions thereof) are set out in Part A of the Final Terms. The applicable Final Terms (or other relevant provisions thereof) supplement these terms and conditions (the **Terms and Conditions** or the **Conditions**) and may specify other terms and conditions which shall, to the extent so specified or to the extent inconsistent with these Terms and Conditions, replace or modify these Terms and Conditions for the purposes of the relevant Notes. References herein to the **applicable Final Terms** are to Part A of the Final Terms (or other relevant provisions thereof) and, if applicable, any schedules to the Final Terms prepared in connection with this Note.

In this paragraph, **Private Placement Note** means any Note that is not (i) offered to the public in the EEA for the purposes of article 3.1 of Directive 2003/71/EC (the **Prospectus Directive**) (except as specified under article 3.2 of the Prospectus Directive) or (ii) admitted to trading in the EEA for the purposes of article 3.3 of the Prospectus Directive.

Words and expressions defined in the French Law Agency Agreement or used in the applicable Final Terms shall have the same meanings where used in these Terms and Conditions unless the context otherwise requires or unless otherwise stated and provided that, in the event of any inconsistency between the French Law Agency Agreement and the applicable Final Terms, the applicable Final Terms will prevail.

In these Terms and Conditions, the **Guarantor** shall mean Société Générale in its capacity as guarantor pursuant to the Guarantee (as defined in Condition 2(d)) in respect of any Notes issued by SGA Société Générale Acceptance N.V. and SG Option Europe. Accordingly, references herein to the Guarantor are applicable only in the context of such Notes.

All Notes issued by SGA Société Générale Acceptance N.V. and SG Option Europe will be described as “Unsubordinated” in the Final Terms applicable to such Notes.

- (b) *Denomination(s)*

Notes shall be issued in the specified denomination(s) as set out in the relevant Final Terms (the **Specified Denomination(s)**) save that the minimum denomination of each Note issued by Société Générale or SG Option Europe and admitted to trading on a regulated market within the European Economic Area other than a regulated market in France or offered to the public in a Member State of the European Economic Area other than France in circumstances which require the publication of a prospectus under the Prospectus Directive will be €1,000 (or, if the Notes are denominated in a currency other than euro, the equivalent amount in such currency). Dematerialised Notes shall be issued in one Specified Denomination only.

(c) *Title*

- (iii) Except as ordered by a court of competent jurisdiction or as required by law, the holder of any Note, Receipt, Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is overdue and regardless of any notice of ownership, or an interest in it, any writing on it or its theft or loss and no person shall be liable for so treating the holder.
- (iv) In these Conditions, Noteholder or holder means (i) in the case of Dematerialised Notes, the person whose name appears in the account of the relevant Euroclear France Account Holder, the Issuer or the Registration Agent (as the case may be) as being entitled to such Notes and (ii) in the case of Materialised Notes, the bearer of any Definitive Materialised Bearer Note and the Receipts, Coupons, or Talon relating to it, and capitalised terms have the meanings given to them in the relevant Final Terms, the absence of any such meaning indicating that such term is not applicable to the Notes.

(d) *Conversion of Dematerialised Notes*

- (i) Dematerialised Notes issued in bearer dematerialised form (au porteur) may not be converted into Dematerialised Notes in registered dematerialised form, whether in fully registered form (nominatif pur) or in administered registered form (nominatif administré).

Any such conversion shall be effected at the cost of the Noteholder.

(e) *Exchange of Materialised Notes*

Materialised Bearer Notes of one Specified Denomination may not be exchanged for Materialised Bearer Notes of another Specified Denomination.

2. Status of the Notes and Guarantee

(a) *In the case of Unsubordinated Notes issued by Société Générale*

Unsubordinated Notes issued by Société Générale are direct, unconditional and (subject to Condition 3) unsecured and unsubordinated obligations of the Issuer and (subject as aforesaid) rank *pari passu*

with all other present and future direct, unconditional, unsecured and unsubordinated obligations of the Issuer (except any such obligations as are preferred by law) and *pari passu* and rateably without any preference or priority among themselves.

(b) *In the case of Subordinated Notes issued by Société Générale*

(i) *General*

Subordinated Notes (which term shall include both Subordinated Notes (as described in this Condition 2(b)(i)) with a specified maturity date (**Dated Subordinated Notes**) as well as Subordinated Notes (as described in this Condition 2(b)(i)) without a specified maturity date (**Undated Subordinated Notes**)) issued by Société Générale, will be direct, unconditional, unsecured and subordinated obligations of the Issuer and rank *pari passu* without any preference among themselves and *pari passu* with any other present and future direct, unconditional, unsecured and subordinated obligations of the Issuer with the exception of the *prêts participatifs* granted to the Issuer and the *titres participatifs* issued by the Issuer. If any judgment is rendered by any competent court declaring the judicial liquidation (*liquidation judiciaire*) of the Issuer or if the Issuer is liquidated for any other reason, the rights of payment of the holders of Subordinated Notes issued by Société Générale shall be subordinated to the payment in full of unsubordinated creditors (including depositors) and, subject to such payment in full, the holders of such Subordinated Notes shall be paid in priority to any *prêts participatifs* granted to the Issuer and any *titres participatifs* issued by it. In the event of incomplete payment of unsubordinated creditors, the obligations of the Issuer in connection with Subordinated Notes issued by Société Générale will be terminated. The holders of such Subordinated Notes shall take all steps necessary for the orderly accomplishment of any collective proceedings or voluntary liquidation.

(ii) *In the case of Dated Subordinated Notes issued by Société Générale*

Unless otherwise specified in the applicable Final Terms, in the case of Dated Subordinated Notes issued by Société Générale, payments of interest constitute obligations which rank equally with the obligations of Société Générale in respect of Unsubordinated Notes issued by Société Générale in accordance with Condition 2(a).

(iii) *In the case of Undated Subordinated Notes issued by Société Générale*

In the case of Undated Subordinated Notes issued by Société Générale, the payment of interest may be deferred in accordance with the provisions of Condition 4(g) of the Terms and Conditions of the relevant Notes.

The proceeds of issues of Undated Subordinated Notes issued by Société Générale may be used for off-setting losses of Société Générale and, thereafter, to allow it to continue its activities in accordance with French banking regulations. The proceeds of such issues will be classed amongst the funds of Société Générale in accordance with Article 4(c) of *Règlement* No. 90-02 of the *Réglementation bancaire et financière*. This provision does not in any way affect any French law applicable to accounting principles relating to allocation of losses nor the duties of shareholders and does not in any way affect the rights of the Noteholders and (if applicable), Receiptholders or Couponholders to receive payments of principal and interest under the Notes and (if applicable), Receipts or Coupons in accordance with these Terms and Conditions.

(c) *In the case of Notes issued by SGA Société Générale Acceptance N.V. and SG Option Europe*

Notes issued by SGA Société Générale Acceptance N.V. and SG Option Europe are direct, unconditional and (subject to Condition 3) unsecured and unsubordinated obligations of the Issuer and will rank *pari passu* without any preference among themselves and (subject to such exceptions as from time to time exist

under applicable law) at least *pari passu* with all other outstanding direct, unconditional, unsecured and unsubordinated obligations of the Issuer, present and future.

(d) *Guarantee in the case of Notes issued by SGA Société Générale Acceptance N.V. and SG Option Europe*

The due and punctual payment of any amounts due by the Issuer in respect of any Series of Notes issued by SGA Société Générale Acceptance N.V. or SG Option Europe is unconditionally and irrevocably guaranteed by the Guarantor as provided in the deed of guarantee dated 27 April 2010 (the **Guarantee**); provided that (i) the Guarantee shall not apply to any Series of Notes issued on or after the date of the Guarantee by SGA Société Générale Acceptance N.V. or SG Option Europe to the extent that, at the Issue Date of such Series of Notes, the sum of (A) the Aggregate Nominal Amount of such Series of Notes and (B) the sum of the Aggregate Nominal Amounts of each Series of Notes issued by the Issuer and outstanding on such Issue Date, in each case, converted into euro at the relevant spot rate of exchange on such Issue Date, is equal to an amount which exceeds €125,000,000,000 and (ii) in the case of any Physical Delivery Notes in respect of which the relevant guaranteed obligation of the Issuer is an obligation to transfer the Underlying Asset(s) in respect of a Physical Delivery Amount, the Guarantor shall, in lieu of such transfer, be obliged to pay a cash amount in the relevant Specified Currency equal to the fair market value (as determined by the Calculation Agent in its sole discretion, but in a commercially reasonable manner on or about the due date for transfer of the relevant Underlying Asset(s) in respect of the Physical Delivery Amount) of the Underlying Asset(s) in respect of the Physical Delivery Amount. For the purposes of this Condition 2(d), all references to "this Guarantee" and related expressions shall be to the Guarantee and to the French language version of the Guarantee in respect of Series of Notes for which the French language is the binding language (the **French Guarantee**) and in respect of which the nominal amount of the guaranteed Notes under the French Guarantee shall, when added (i) to the nominal amount of the guaranteed Notes under the Guarantee and (ii) to the Aggregate Nominal Amount of each Series of Notes outstanding, not exceed the Guarantee Limit.

The Guarantee constitutes a direct, unconditional, unsecured and general obligation of the Guarantor and ranks and will rank *pari passu* with all other existing and future direct, unconditional, unsecured and general obligations of the Guarantor, including those in respect of deposits, but excluding any debts for the time being preferred by law and senior to any subordinated obligations.

3. Negative Pledges

(a) *Negative Pledge in the case of Unsubordinated Notes issued by, or Notes guaranteed by, Société Générale*

If the Notes are (i) Unsubordinated Notes issued by Société Générale or (ii) Notes issued by SGA Société Générale Acceptance N.V. or SG Option Europe and guaranteed by Société Générale pursuant to the Guarantee, Société Générale will not, so long as such Notes, or any Receipts or Coupons relating, thereto remain outstanding, create or have outstanding a **Security Interest** (other than a Permitted Security Interest) upon, or with respect to, any of its present or future business, undertaking, assets or revenues (including any uncalled capital) to secure any Relevant Indebtedness (as defined below), unless Société Générale, in the case of the creation of a Security Interest, before or at the same time and, in any other case, promptly, takes any and all action necessary to ensure that all amounts payable by it under the Notes and the Coupons are secured by the Security Interest equally and rateably with the Relevant Indebtedness.

For the purposes of these Conditions:

Permitted Security Interest means (i) any Security Interest created or outstanding upon any property or assets (including current and/or future revenues, accounts, receivables and other payments) of Société Générale arising out of any securitisation or other similar structured finance transaction involving such property or assets where the primary source of payment of any obligations secured by such property or assets is the proceeds of such property or assets (or where the payment of such obligations is otherwise supported by such

property or assets) and where recourse to Société Générale in respect of such obligations does not extend to defaults by the obligors in relation to such property or assets; or (ii) a lien arising solely by operation of law.

Relevant Indebtedness means (i) any present or future indebtedness (whether being principal, premium, interest or other amounts) for or in respect of any notes, bonds, debentures (including, without limitation, obligations, as such term is defined for the purposes of French law) or other securities in each case of Société Générale, SGA Société Générale Acceptance N.V. or SG Option Europe, which (with the consent of the relevant Issuer) are for the time being quoted, listed or ordinarily dealt in on any stock exchange or regulated securities market and (ii) any guarantee or indemnity of any such indebtedness.

Security Interest means any mortgage, charge, lien, pledge or other encumbrance.

For the avoidance of doubt it is confirmed that Notes issued prior to 27 April 2010 under an earlier version of the Programme shall continue to benefit from the negative pledge set out in the terms and conditions relating to such Notes.

- (b) *Negative Pledge in the case of Notes issued by SGA Société Générale Acceptance N.V. and SG Option Europe*

If the Notes are issued by SGA Société Générale Acceptance N.V. or SG Option Europe, the relevant Issuer will not, so long as such Notes, or any Receipts or Coupons relating, thereto remain outstanding, create or have outstanding any Security Interest upon, or with respect to, any of its present or future business, undertaking, assets or revenues (including any uncalled capital) to secure any Relevant Indebtedness (as defined below), unless the relevant Issuer, in the case of the creation of a Security Interest, before or at the same time and, in any other case, promptly, takes any and all action necessary to ensure that all amounts payable by it under the Notes and the Coupons are secured by the Security Interest equally and rateably with the Relevant Indebtedness.

Relevant Indebtedness means (i) any present or future indebtedness (whether being principal, premium, interest or other amounts) for or in respect of any notes, bonds, debentures (including, without limitation, obligations, as such term is defined for the purposes of French law) or other securities, in each case of SGA Société Générale Acceptance N.V. or SG Option Europe, which (with the consent of the relevant Issuer) are for the time being quoted, listed or ordinarily dealt in on any stock exchange, or regulated securities market and (ii) any guarantee or indemnity of any such indebtedness.

For the avoidance of doubt, it is confirmed that Notes issued prior to 27 April 2010 under an earlier version of the Programme shall continue to benefit from the negative pledge set out in the terms and conditions relating to such Notes.

4. Interest

- (a) *Interest on Fixed Rate Notes*

- (1) Unadjusted Fixed Rate Notes

Unless otherwise specified in the applicable Final Terms, each Unadjusted Fixed Rate Note bears interest from (and including or, in respect of Swedish Uncertificated Notes, but excluding) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date.

Unless otherwise specified in the applicable Final Terms, if the Notes are Definitive Bearer Notes, the amount of interest payable on each Interest Payment Date in respect of the Interest Period ending on such date

will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

Except in the case of Notes which are Definitive Bearer Notes where an applicable Fixed Coupon Amount or Broken Amount is specified in the applicable Final Terms, interest shall be calculated in respect of any period by applying the Rate of Interest to:

- (i) in the case of Fixed Rate Notes which are Uncertificated Notes or Notes represented by a global Note, the aggregate outstanding nominal amount of the Notes of the relevant Series (or, if they are Partly Paid Notes, the aggregate amount paid up); or
- (ii) in the case of Fixed Rate Notes which are Definitive Bearer Notes or Definitive Registered Notes, the Calculation Amount,

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit (defined below) of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise as specified in the applicable Final Terms. Where the Specified Denomination of a Fixed Rate Note which is a Definitive Bearer Note or a Definitive Registered Note is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

(2) Adjusted Fixed Rate Notes

- (i) Unless otherwise specified in the applicable Final Terms, each Adjusted Fixed Rate Note bears interest from (and including or, in respect of Swedish Uncertificated Notes, but excluding) the Interest Commencement Date specified in the applicable Final Terms, and such interest will be payable in respect of each Interest Period and in arrear on the Interest Payment Date(s) in each year specified in the applicable Final Terms; provided that (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:
 - (A) the **Following Business Day Convention**, such Interest Payment Date (or other date) shall be postponed to the next day which is a Business Day; or
 - (B) the **Modified Following Business Day Convention**, such Interest Payment Date (or other date) shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date (or other date) shall be brought forward to the immediately preceding Business Day; or
 - (C) the **Preceding Business Day Convention**, such Interest Payment Date (or other date) shall be brought forward to the immediately preceding Business Day,

and the expression **Interest Payment Date** shall be construed accordingly.

- (ii) The Fiscal Agent will calculate the amount of interest (the **Adjusted Fixed Rate Interest Amount**) payable on the Adjusted Fixed Rate Notes in respect of each Specified Denomination for the relevant Interest Period. Each Interest Amount shall be calculated by applying the Rate of Interest to each Specified Denomination, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit

(defined below) of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

The Fiscal Agent will cause the Adjusted Fixed Rate Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer, the Guarantor and any stock exchange on which the relevant Adjusted Fixed Rate Notes are for the time being listed and notice thereof to be published in accordance with Condition 14 as soon as possible after the calculation or determination thereof (provided that, in the case of notification to any stock exchange, such notice will be given by no later than the first day of the relevant Interest Period or, if that is impossible due to the date fixed for such determination or calculation, as soon as practicable on or after such date). Each Adjusted Fixed Rate Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Fixed Rate Notes are for the time being listed and to the Noteholders in accordance with Condition 14. For the purposes of these Conditions, the expression **Luxembourg Business Day** means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for general business in Luxembourg.

(3) Definitions

- (A) A **Fixed Rate Note** means a Note which bears a fixed rate of interest.
- (B) An **Unadjusted Fixed Rate Note** means a Fixed Rate Note in respect of which the interest amount and the Interest Payment Date remain unchanged and are calculated as provided in Condition 4(a)(1) above;
- (C) An **Adjusted Fixed Rate Note** means a Fixed Rate Note in respect of which the interest amount and the Interest Payment Date are subject to modification in accordance with Condition 4(a)(2) above.

Equity Linked Notes and Commodity Linked Notes may provide for a method of calculating interest on Fixed Rate Notes which does not require any Day Count Fraction as interest payable on each specified Interest Payment Date is determined by applying a fixed specified percentage to the Specified Denomination as it shall be detailed in the applicable Final Terms and/or Schedule thereto.

(b) *Interest on Variable Rate Notes*

(i) *Interest Payment Dates*

Unless otherwise specified in the applicable Final Terms, each Floating Rate Note, Index Linked Interest Note and other Note in respect of which the relevant interest is not determined pursuant to a fixed Rate of Interest (together, the **Variable Rate Notes**) bears interest from (and including) the Interest Commencement Date specified in the applicable Final Terms, and such interest will be payable in respect of each Interest Period and in arrear on either:

- (A) the Interest Payment Date(s) in each year specified in the applicable Final Terms; or
- (B) if no Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each such date, together with each Interest Payment Date specified in the applicable Final Terms an **Interest Payment Date**) which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur

or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (C) in any case where Specified Periods are specified in accordance with Condition 4(b)(i)(B) above, the **Floating Rate Convention**, such Interest Payment Date (a) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (ii) below shall apply *mutatis mutandis* or (b) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (i) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (ii) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or
- (D) the **Following Business Day Convention**, such Interest Payment Date (or other date) shall be postponed to the next day which is a Business Day; or
- (E) the **Modified Following Business Day Convention**, such Interest Payment Date (or other date) shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date (or other date) shall be brought forward to the immediately preceding Business Day; or
- (F) the **Preceding Business Day Convention**, such Interest Payment Date (or other date) shall be brought forward to the immediately preceding Business Day.

Notwithstanding the foregoing, where the applicable Final Terms specifies that the relevant Business Day Convention is to be applied on an **unadjusted** basis, the Interest Amount payable on any date shall not be affected by the application of such Business Day Convention.

In this Condition 4, **Business Day** means (unless otherwise stated in the applicable Final Terms) a day which is both:

- (G) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in each Additional Business Centre(s) specified in the applicable Final Terms; and
- (H) either (x) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in the principal financial centre(s) of the country of the relevant Specified Currency (if other than any Additional Business Centre and which if the Specified Currency is Australian dollars, shall be Sydney and, if the Specified Currency is Canadian dollars, shall be Montreal) or (y) in relation to any sum payable in euro, a day on which the TARGET2 System is open (a **TARGET2 Business Day**). In these Terms and Conditions, **TARGET2 System** means the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET2) System.

(ii) *Rate of Interest*

The Rate of Interest payable from time to time in respect of the Variable Rate Notes will be determined in the manner specified in the applicable Final Terms, which may be, without limitation:

(A) ISDA Determination

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this subparagraph (A), **ISDA Rate** for an Interest Period means a rate equal to the Floating Rate that would be determined by the Fiscal Agent or other person specified in the applicable Final Terms, under an interest rate swap transaction if the Fiscal Agent or that other person were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the ISDA Definitions (as defined below) and under which:

- (1) the Floating Rate Option is as specified in the applicable Final Terms;
- (2) the Designated Maturity is a period specified in the applicable Final Terms; and
- (3) the relevant Reset Date is either (x) if the applicable Floating Rate Option is based on the London interbank offered rate (**LIBOR**), or on the Euro-zone interbank offered rate (**EURIBOR**), the first day of that Interest Period or (y) in any other case, as specified in the applicable Final Terms.

For purposes of this subparagraph, **Floating Rate**, **Calculation Agent**, **Floating Rate Option**, **Designated Maturity**, **Reset Date** and **Euro-zone** have the meanings given to those terms in the 2006 ISDA Definitions published by the International Swaps and Derivatives Association, Inc. (the **ISDA Definitions**) and as amended and updated as at the Issue Date of the first Tranche of the Notes of the relevant Series.

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, unless otherwise stated in the applicable Final Terms, the Minimum Rate of Interest shall be deemed to be zero.

(B) Screen Rate Determination

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (1) the offered quotation; or
- (2) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum), for the Reference Rate(s) which appears or appear, as the case may be, on the Relevant Screen Page as at the Specified Time indicated in the applicable Final Terms (which will be 11.00 a.m., London time, in the case of LIBOR or 11.00 a.m., Brussels time, in the case of EURIBOR) on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Fiscal Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Fiscal Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

If the Relevant Screen Page is not available or if in the case of (1) above, no such offered quotation appears or, in the case of (2) above, fewer than three such offered quotations appear, in each case as at the Specified Time, the Fiscal Agent shall request the principal London office of each of the Reference Banks (as defined below) to provide the Fiscal Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately the Specified Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Fiscal Agent with such offered quotations, the Rate of Interest for such Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place with 0.000005 being rounded upwards) of such offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the Fiscal Agent.

If on any Interest Determination Date one only or none of the Reference Banks provides the Fiscal Agent with an offered quotation as provided in the preceding paragraph, the Rate of Interest for the relevant Interest Period shall be the rate per annum which the Fiscal Agent determines as being the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the rates, as communicated to (and at the request of) the Fiscal Agent by the Reference Banks or any two or more of them, at which such banks were offered, at approximately the Specified Time on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in the London inter-bank market (if the Reference Rate is LIBOR), or the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) plus or minus (as appropriate) the Margin (if any) or, if fewer than two of the Reference Banks provide the Fiscal Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, at approximately the Specified Time on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer and the Fiscal Agent suitable for such purpose) informs the Fiscal Agent it is quoting to leading banks in the London inter-bank market (if the Reference Rate is LIBOR), or the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) (or, as the case may be, the quotations of such bank or banks to the Fiscal Agent) plus or minus (as appropriate) the Margin (if any), provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period in place of the Margin relating to that last preceding Interest Period).

Reference Banks means, in the case of a determination of LIBOR, the principal London office of four major banks in the London inter-bank market and, in the case of a determination of EURIBOR, the principal Euro-zone office of four major banks in the Euro-zone inter-bank market, in each case selected by the Fiscal Agent or as specified in the applicable Final Terms.

If the Reference Rate from time to time in respect of Floating Rate Notes is specified in the applicable Final Terms as being other than LIBOR or, as the case may be, EURIBOR, the Rate of Interest in respect of such Notes will be determined as provided in the applicable Final Terms.

(C) Other Determination

Where a manner of determination other than ISDA Determination or Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period shall be determined in the manner so specified (including, if so specified, by reference to the Technical Annex to the Terms and Conditions).

(iii) *Minimum and/or Maximum Rate of Interest and/or Rate Multiplier*

Subject to the provisions of Condition 4(b)(ii)(A), if the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of any such Interest Period determined in accordance with the provisions of paragraph (ii) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of any such Interest Period determined in accordance with the provisions of paragraph (ii) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

If the applicable Final Terms specifies a Rate Multiplier for any Interest Period, then, the Rate of Interest in respect of any such Interest Period shall be multiplied by the relevant Rate Multiplier, subject always to the Minimum and/or Maximum Rate of Interest as described above.

If n/N or n_b/N_b is specified as the Rate Multiplier in the applicable Final Terms, the following definitions shall apply, unless otherwise specified in the applicable Final Terms:

n means the number of calendar days in the relevant Interest Period in respect of which the Benchmark was equal to or greater than the Lower Limit and equal to or lower than the Upper Limit, in each case as determined by the Calculation Agent.

N means the total number of calendar days within the relevant Interest Period.

n_b means the number of Business Days in the relevant Interest Period in respect of which the Benchmark was equal to or greater than the Lower Limit and equal to or lower than the Upper Limit, in each case as determined by the Calculation Agent.

N_b means the total number of Business Days within the relevant Interest Period.

Lower Limit means, in respect of the relevant Interest Period, the limit specified in the applicable Final Terms.

Benchmark means, in respect of any calendar day (in respect of the definition of **n**) or, as applicable, Business Day (in respect of the definition of **n_b**) of the relevant Interest Period, unless otherwise specified in the applicable Final Terms:

- if **USD-LIBOR** is specified as the applicable Benchmark in the Final Terms, the rate equal to the Floating Rate for such day that would be determined by the Calculation Agent under an interest rate swap transaction if it were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which the Floating Rate Option is “USD-LIBOR-BBA” (as defined in the ISDA Definitions) for a period of the Designated Maturity as specified in the Final Terms (without reference to any Reset Date). If on any Benchmark Day, such rate does not appear on Reuters Screen LIBOR01 Page, USD-LIBOR will be determined by the Calculation Agent as aforesaid in

accordance with the Floating Rate Option “USD-LIBOR-Reference Banks” (as defined in the ISDA Definitions) for a period of the Designated Maturity as specified in the Final Terms (without reference to any Reset Date).

- if **GBP-LIBOR** is specified as the applicable Benchmark in the Final Terms, the rate equal to the Floating Rate for such day that would be determined by the Calculation Agent under an interest rate swap transaction if it were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which the Floating Rate Option is “GBP-LIBOR-BBA” (as defined in the ISDA Definitions) for a period of the Designated Maturity as specified in the Final Terms (without reference to any Reset Date). If on any Benchmark Day, such rate does not appear on Reuters Screen LIBOR01 Page, GBP-LIBOR will be determined by the Calculation Agent as aforesaid in accordance with the Floating Rate Option “GBP-LIBOR-Reference Banks” (as defined in the ISDA Definitions) for a period of the Designated Maturity as specified in the Final Terms (without reference to any Reset Date).
- if **EURIBOR** is specified as the applicable Benchmark in the Final Terms, the rate equal to the Floating Rate for such day that would be determined by the Calculation Agent under an interest rate swap transaction if it were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which the Floating Rate Option is “EUR-EURIBOR-Reuters” (as defined in the ISDA Definitions) for a period of the Designated Maturity as specified in the Final Terms (without reference to any Reset Date). If on any Benchmark Day, such rate does not appear on Reuters Screen EURIBOR01 Page, EURIBOR will be determined by the Calculation Agent as aforesaid in accordance with the Floating Rate Option “EUR-EURIBOR-Reference Banks” (as defined in the ISDA Definitions) for a period of the Designated Maturity as specified in the Final Terms (without reference to any Reset Date).
- if **EUR-CMS** is specified as the applicable Benchmark in the Final Terms, the rate equal to the Floating Rate for such day that would be determined by the Calculation Agent under an interest rate swap transaction if it were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which the Floating Rate Option is “EUR-ISDA-EURIBOR Swap Rate-11:00” (as defined in the ISDA Definitions) for a period of the Designated Maturity as specified in the Final Terms (without Reference to any Reset Date), and appearing on Reuters Screen ISDAFIX2 Page as at 11.00 a.m. (Frankfurt time) under the heading “EURIBOR BASIS – FRF” and above the caption “11:00 AM FRANKFURT”. If on any Benchmark Day, such rate does not appear on Reuters Screen ISDAFIX2 Page, EUR-CMS will be determined by the Calculation Agent as aforesaid in accordance with the Floating Rate Option “EUR-Annual Swap Rate-Reference Banks” (as defined in the ISDA Definitions) for a period of the Designated Maturity specified in the applicable Final Terms (without reference to any Reset Date).
- if **USD-CMS** is specified as the applicable Benchmark in the Final Terms, the rate equal to the Floating Rate for such day that would be determined by the Calculation Agent under an interest rate swap transaction if it were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which the Floating Rate Option is “USD-ISDA-Swap Rate” (as defined in the ISDA Definitions) for a period of the Designated Maturity as specified in the Final Terms (without Reference to any Reset Date), and appearing on Reuters Screen ISDAFIX1 Page as at 11.00 a.m. (New York time). If on any Benchmark day, such rate does not appear on Reuters Screen ISDAFIX1 Page, USD-CMS will be determined by the Calculation Agent as aforesaid in accordance with the Floating Rate Option “USD-CMS-Reference Banks” (as defined in the ISDA Definitions)

for a period of the Designated Maturity as specified in the Final Terms (without reference to any Reset Date).

For the purposes hereof, (i) the value of the Benchmark on any calendar day of the relevant Interest Period which is not a Benchmark Day shall be deemed to be the value ascribed to the Benchmark on the first preceding Benchmark Day and (ii) the value of the Benchmark on each of the last four TARGET2 Business Days of any Interest Period shall be deemed to be the value ascribed to the Benchmark on the fifth TARGET2 Business Day (or the Benchmark Day immediately preceding such fifth TARGET2 Business Day if such fifth TARGET2 Business Day is not a Benchmark Day) preceding the Interest Payment Date relating to such Interest Period.

Benchmark Day means, if the relevant Benchmark is:

- USD-LIBOR or GBP-LIBOR, a day (other than a Saturday or Sunday) on which banks are open for business (including dealings in foreign exchange and deposit in USD) in London;
- EURIBOR or EUR-CMS, a day (other than a Saturday or Sunday) on which the TARGET2 System is operating; and

(iv) *Determination of Rate of Interest and calculation of Interest Amount*

The Fiscal Agent, in the case of Floating Rate Notes, and the Calculation Agent, in the case of all other Variable Rate Notes, will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period. In the case of Variable Rate Notes except Floating Rate Notes, the Calculation Agent will notify the Fiscal Agent of the Rate of Interest for the relevant Interest Period as soon as practicable after calculating the same (but in no event later than the first Business Day after such calculation).

The Fiscal Agent will calculate the amount of interest (the **Interest Amount**) payable on the Variable Rate Notes in respect of each Specified Denomination for the relevant Interest Period. Each Interest Amount shall be calculated by applying the Rate of Interest to each Specified Denomination, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit (defined below) of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

(v) *Notification of Rate of Interest and Interest Amount*

The Fiscal Agent will cause the Rate of Interest and the Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer, the Guarantor and any stock exchange on which the relevant Variable Rate Notes are for the time being listed and notice thereof to be published in accordance with Condition 14 as soon as possible after the calculation or determination thereof (provided that, in the case of notification to any stock exchange, such notice will be given by no later than the first day of the relevant Interest Period or, if that is impossible due to the date fixed for such determination or calculation, as soon as practicable on or after such date). Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Variable Rate Notes are for the time being listed and to the Noteholders in accordance with Condition 14. For the purposes of these Conditions, the expression **Luxembourg Business**

Day means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for general business in Luxembourg.

(c) *Zero Coupon Notes*

Where a Zero Coupon Note becomes due and repayable and is not paid when due, the amount due and repayable shall be the amount determined in accordance with Condition 6(h) and notified in accordance with Condition 4(b)(v), *mutatis mutandis*.

(d) *Physical Delivery Notes and Dual Currency Notes*

The rate or amount of interest payable in respect of Physical Delivery Notes or Dual Currency Notes shall be determined in the manner, and by the party, specified in the applicable Final Terms and notified in accordance with Condition 4(b)(v), *mutatis mutandis*.

(e) *Partly Paid Notes*

In the case of Partly Paid Notes (other than Partly Paid Notes which are Zero Coupon Notes), interest will accrue as aforesaid on the paid-up nominal amount of such Notes and/or otherwise as specified in the applicable Final Terms.

(f) *Accrual of Interest*

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if applicable) from the due date for its redemption unless, upon due presentation thereof, payment of principal (or, in the case of any Physical Delivery Note, transfer of the Underlying Asset(s) in respect of the Physical Delivery Amount) is improperly withheld or refused (provided that, in the case of any Physical Delivery Amount, transfer shall not be deemed to have been improperly withheld or refused where such transfer is delayed by reason of circumstances beyond the control of the relevant Issuer or any of its Agents). In such event, interest will continue to be calculated and to accrue until whichever is the earlier of:

- (i) the date on which all amounts due in respect of such Note have been paid; and
- (ii) five days after the date on which the full amount of the moneys payable in respect of such Note has been received by the Fiscal Agent and notice to that effect has been given to the Noteholders in accordance with Condition 14.

(g) *Deferral of Interest*

In the case of Undated Subordinated Notes, interest shall be payable on each Compulsory Interest Payment Date (as defined below) in respect of the interest accrued in the interest period ending on the day immediately preceding such date. On any Optional Interest Payment Date (as defined below) there may be paid (if Société Générale so elects) the interest accrued in the interest period ending on the day immediately preceding such date, but Société Générale shall not have any obligation to make such payment. Any interest not paid on an Optional Interest Payment Date shall, so long as the same remains unpaid, constitute **Arrears of Interest** which term shall include interest on such unpaid interest as referred to below. Arrears of Interest may, at the option of Société Générale, be paid in whole or in part at any time upon the expiration of not less than seven days' notice to such effect given to the Noteholders in accordance with Condition 14, but all Arrears of Interest on all Undated Subordinated Notes outstanding shall become due in full on whichever is the earliest of: (A) the interest payment date immediately following the date upon which a dividend is paid on any class of share capital of Société Générale, and (B) the commencement of a liquidation or dissolution of Société Générale. If notice is given by Société Générale of its intention to pay the whole or part of Arrears of Interest, Société Générale shall be obliged to do so upon the expiration of such notice. When Arrears of Interest are paid in part, each such payment shall be applied in or towards satisfaction of the full amount of the Arrears of Interest

accrued in respect of the earliest interest period in respect of which Arrears of Interest have accrued and have not been paid in full. Arrears of Interest shall (to the extent permitted by law) bear interest accruing and compounding on a daily basis at the prevailing rate of interest on the Undated Subordinated Notes in respect of each relevant interest period. For these purposes the following expressions have the following meanings:

Compulsory Interest Payment Date means any Interest Payment Date unless at the *Assemblée Générale* immediately preceding such date which was required to approve the annual accounts of Société Générale for the fiscal year ended prior to such *Assemblée Générale*, no resolution was passed to pay a dividend on any class of share capital of Société Générale in respect of such previous fiscal year.

- (iii) if **Actual/Actual (ISDA)** or **Actual/Actual** is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (I) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (II) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);

- (ix) if **30E/360 (ISDA)** is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

Loan Participation means a loan in respect of which, pursuant to a participation agreement, the relevant Issuer is capable of creating, or procuring the creation of, a contractual right in favour of the relevant Noteholder that provides the Noteholder with recourse to the participation seller for a specified share in any payments due under the relevant loan which are received by such participation seller, any such agreement to be entered into between the Noteholder and the Issuer (to the extent the Issuer is then a lender or a member of the relevant lending syndicate).

(ii) *Presentation of Definitive Materialised Bearer Notes, Receipts and Coupons*

Payments of principal in respect of Definitive Materialised Bearer Notes will (subject as provided below) be made in the manner provided in paragraph (i) above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of such Notes, and payments of interest in respect of Definitive Materialised Bearer Notes will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)). Payments under paragraph (i) above made, at the option of the bearer of such Note or Coupon, by cheque shall be mailed or delivered to an address outside the United States furnished by such bearer. Subject to any applicable laws and regulations, such payments made by transfer will be made in immediately available funds to an account maintained by the payee with a bank located outside the United States. No payment in respect of any definitive Note or Coupon will be made upon presentation of such definitive Note or Coupon at any office or agency of the Issuer, the Guarantor or any Paying Agent in the United States, nor will any such payment be made by transfer to an account, or by mail to an address, in the United States.

Payments of instalments of principal (if any) in respect of Definitive Materialised Bearer Notes, other than the final instalment, will (subject as provided below) be made in the manner provided in paragraph (i) above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant Receipt in accordance with the preceding paragraph. Payment of the final instalment will be made in the manner provided in paragraph (i) above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant Note in accordance with the preceding paragraph. Each Receipt must be presented for payment of the relevant instalment together with the definitive Note to which it appertains. Receipts presented without the Definitive Materialised Bearer Note to which they appertain do not constitute valid obligations of the Issuer or, if applicable, the Guarantor.

Upon the date upon which any Definitive Materialised Bearer Note becomes due and repayable, unmaturing Receipts (if any) relating thereto (whether or not attached) shall become void and no payment will be made in respect thereof.

Fixed Rate Notes in definitive form (other than Dual Currency Notes, Index Linked Notes or Physical Delivery Notes) should be presented for payment together with all unmaturing Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmaturing Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmaturing Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of ten years after the Relevant Date (as defined in Condition 7) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 8) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon any Fixed Rate Note in definitive form becoming due and repayable prior to its Maturity Date, all unmaturing Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note, Dual Currency Note, Index Linked Note or Physical Delivery Note in definitive form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. Where any Floating Rate Note, Dual Currency Note, Index Linked Note or Physical Delivery Note which is settled by way of cash is presented for redemption without all unmatured Coupons appertaining thereto, payment of all amounts due in relation to such Note shall be made only against the provision of such indemnity as the relevant Issuer and (if applicable) the Guarantor may decide.

If the due date for redemption of any Definitive Materialised Bearer Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant Definitive Materialised Bearer Note.

(c) *Payments Subject to Fiscal Laws*

All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives in the place of payment but without prejudice to the provisions of Condition 7. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.

(d) *Payment Business Day*

If the date for payment of any amount in respect of any Note, Receipt or Coupon is not a Payment Business Day, the holder thereof shall instead be entitled to payment: (i) on the next following Payment Business Day in the relevant place, if “Following Payment Business Day” is specified in the applicable Final Terms; or (ii) on the next following Payment Business Day in the relevant place, unless the date for payment would thereby fall into the next calendar month, in which event such date for payment shall be brought forward to the immediately preceding Payment Business Day in the relevant place, if “Modified Following Payment Business Day” is specified in the applicable Final Terms; provided that if neither “Following Payment Business Day” nor “Modified Following Payment Business Day” is specified in the applicable Final Terms, “Following Payment Business Day” shall be deemed to apply. In the event that any adjustment is made to the date for payment in accordance with this Condition 5(d), the relevant amount due in respect of any Note, Receipt or Coupon shall not be affected by any such adjustment. For these purposes, unless otherwise specified in the applicable Final Terms, **Payment Business Day** means a day (other than a Saturday or a Sunday) (A) (i) in the case of Dematerialised Notes, on which Euroclear France is open for business or (ii) in the case of Materialised Notes, on which banks and foreign exchange markets are open for business in the relevant place of presentation, (B) in such jurisdictions as shall be specified as **Additional Financial Centres** in the relevant Final Terms and (C) (i) in the case of a payment in a currency other than euro, where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency or (ii) in the case of a payment in euro, on which the TARGET2 System is open.

(e) *Bank*

For the purpose of this Condition 5, **Bank** means a bank in the principal financial centre of the relevant currency or, in the case of euro, in a city in which banks have access to the TARGET2 System.

(f) *Physical Delivery Notes*

The applicable Final Terms will contain provisions relating to the procedure for the delivery of any Physical Delivery Amount in respect of Physical Delivery Notes (including, without limitation, liability for the costs of transfer of Underlying Assets).

The Underlying Assets will be delivered at the risk of the relevant Noteholder in such manner as may be specified in the transfer notice pursuant to which such Underlying Assets are delivered (the **Transfer Notice**, the form of which is annexed to the French Law Agency Agreement) and, notwithstanding Condition 4(b) above, no additional payment or delivery will be due to a Noteholder where any Underlying Assets are delivered after their due date in circumstances beyond the control of either the relevant Issuer or the Settlement Agent.

Any delivery of Underlying Assets will only be made in compliance with applicable securities laws.

(g) *Interpretation of Principal and Interest*

Any reference in these Terms and Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- (i) any additional amounts which may be payable with respect to principal under Condition 7;
- (ii) the Final Redemption Amount of the Notes;
- (iii) the Early Redemption Amount of the Notes;
- (iv) the Optional Redemption Amount(s) (if any) of the Notes;
- (v) in relation to Notes redeemable in instalments, the Instalment Amounts;
- (vi) in relation to Zero Coupon Notes, the Amortised Face Amount (as defined in Condition 6(h)); and
- (vii) any premium and any other amounts (other than interest) which may be payable by the Issuer under or in respect of the Notes.

Any reference in these Terms and Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 7. Any reference in these Terms and Conditions to “interest accrued” or “accrued interest” shall be deemed to include any Arrears of Interest suspended as provided in Condition 4(g).

In the case of Physical Delivery Notes, references in these Terms and Conditions to principal and/or interest and Physical Delivery Amount(s) shall mean such amount less any expenses, fees, stamp duty, levies or other amounts payable on or in respect of the relevant Physical Delivery Amount(s).

(h) *Currency unavailability*

This paragraph shall apply when payment is due to be made in respect of any Note, Receipt or Coupon in the Specified Currency (other than where the Specified Currency is euro) and the Specified Currency is not available to the Issuer or the Guarantor (as applicable) due to the imposition of exchange controls, the Specified Currency's replacement or disuse or other circumstances beyond the control of the Issuer or the Guarantor (as applicable) (**Currency Unavailability**). In the event of

Currency Unavailability, the Issuer or the Guarantor (as applicable) will be entitled to satisfy its obligations to the holder of such Note, Receipt or Coupon by making payment in euro on the basis of the spot exchange rate at which the Specified Currency is offered in exchange for euro in an appropriate inter-bank market at noon, Paris time, four Business Days prior to the date on which payment is due or, if such spot exchange rate is not available on that date, as of the most recent prior practicable date. Any payment made in euro in accordance with this paragraph will not constitute an Event of Default.

6. Redemption and Purchase

(a) *Redemption at maturity*

Unless previously redeemed or purchased and cancelled as specified below, each Note will be redeemed by the Issuer at its Final Redemption Amount specified in, or determined in the manner specified in, the applicable Final Terms and, if so specified, by reference to the Technical Annex to these Terms and Conditions (or, in the case only of Physical Delivery Notes where the applicable Final Terms specifies that such Notes will be redeemed by the transfer of the Underlying Asset(s) with respect to a Physical Delivery Amount, by the transfer of the Underlying Asset(s) specified in, or determined in the manner specified in, the applicable Final Terms) in the relevant Specified Currency on the Maturity Date.

(b) *Redemption for tax reasons*

The Notes may be redeemed at the option of the Issuer or, as the case may be, the Guarantor in whole, but not in part, at any time (in the case of the Notes other than Floating Rate Notes or any other interest bearing Notes in respect of which the Rate of Interest is not calculated on a fixed rate basis (**Variable Interest Notes**)) or on any Interest Payment Date (in the case of Floating Rate Notes or Variable Interest Notes) but subject, in the case of Subordinated Notes, to the prior written approval of the *Secrétariat général de la Commission bancaire* in France, on giving not less than 30 nor more than 45 days' notice to the Fiscal Agent and, in accordance with Condition 14, the Noteholders (which notice shall be irrevocable), if:

- (i) immediately prior to the giving of such notice the Issuer or the Guarantor has or will become obliged to pay additional amounts as provided or referred to in Condition 7 as a result of any change in, or amendment to, the laws or regulations of a Tax Jurisdiction (as defined in Condition 7) or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the Issue Date of the first Tranche of the Notes; and
- (ii) such obligation cannot be avoided by the Issuer or, as the case may be, the Guarantor taking reasonable measures available to it,

provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer or, as the case may be, the Guarantor would be obliged to pay such additional amounts were a payment in respect of the Notes then due.

Notes redeemed pursuant to this Condition 6(b) will be redeemed at their Early Redemption Amount referred to in paragraph 6(h) below together (if appropriate) with accrued interest to (but excluding) the date of redemption.

(c) *Special Tax Redemption*

If the Issuer or, as the case may be, the Guarantor would, on the occasion of the next payment of principal or interest in respect of the Notes, be prevented by the law of a Tax Jurisdiction from causing payment to be made to the Noteholders of the full amount then due and payable, notwithstanding the undertaking to pay additional amounts contained in Condition 7(b), then the Issuer or the Guarantor, as the case may be, shall

forthwith give notice of such fact to the Fiscal Agent and the Issuer or the Guarantor, as the case may be, shall, subject, in the case of Subordinated Notes, to the prior written approval of the *Secrétariat général de la Commission bancaire* in France, upon giving not less than seven nor more than 45 days' prior notice to the Noteholders in accordance with Condition 14, forthwith redeem all, but not some only, of the Notes at their Early Redemption Amount, together, if appropriate, with accrued interest, on the latest practicable Interest Payment Date on which the Issuer or the Guarantor, as the case may be, could make payment of the full amount then due and payable in respect of the Notes, provided that if such notice would expire after such Interest Payment Date the date for redemption pursuant to such notice to Noteholders shall be the later of:

- (i) the latest practicable date on which the Issuer or the Guarantor, as the case may be, could make payment of the full amount then due and payable in respect of the Notes; and
 - (ii) 14 days after giving notice to the Fiscal Agent as aforesaid.
- (d) *Final Terms*

The Final Terms applicable to the Notes indicate either:

- (i) that the Notes cannot be redeemed prior to their Maturity Date (except as otherwise provided in paragraphs (b) and (c) above and in Condition 9); or
 - (ii) that such Notes will be redeemable at the option of the Issuer and/or the holders of the Notes prior to such Maturity Date in accordance with the provisions of paragraphs (e) and/or (g) below on the date or dates and at the amount or amounts indicated in the applicable Final Terms.
- (e) *Redemption at the Option of the Issuer*

If the Issuer is specified in the applicable Final Terms as having an option to redeem, the Issuer may, subject, in the case of Subordinated Notes, to the prior written approval of the *Secrétariat général de la Commission bancaire* in France, having (unless otherwise specified in the applicable Final Terms) given not less than 30 nor more than 45 days' notice, in accordance with Condition 14, to the Noteholders (which notice shall be irrevocable and shall specify the date fixed for redemption), redeem all of the Notes or some only of the Notes then outstanding on any Optional Redemption Date(s) and at the Optional Redemption Amount(s) specified in, or determined in the manner specified in, the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the relevant Optional Redemption Date(s). Any such redemption must be of a nominal amount not less than the Minimum Redemption Amount and not more than the Maximum Redemption Amount, both as indicated in the applicable Final Terms.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

In the case of a redemption of some Materialised Notes only, the notice to holders of such Materialised Notes shall also contain the serial numbers of the Definitive Materialised Bearer Notes to be redeemed which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and stock exchange requirements.

In the case of a partial redemption of Dematerialised Notes, the redemption may be effected, at the option of the Issuer, either (i) by reducing the nominal amount of all such Dematerialised Notes in a Series in proportion to the aggregate nominal amount redeemed or (ii) by redeeming in full some only of such Dematerialised Notes and, in such latter case, the choice between those Dematerialised Notes that will be fully redeemed and those Dematerialised Notes of any Series that will not be redeemed shall be made in accordance

with article R. 213-16 of the *Code monétaire et financier* and the provisions of the relevant Final Terms, subject to compliance with any other applicable laws and stock exchange requirements.

In respect of any Note, any notice given by the Issuer pursuant to this Condition 6(e) shall be void and of no effect in relation to that Note in the event that, prior to the giving of such notice by the Issuer, the holder of such Note had already delivered a Put Notice in relation to that Note in accordance with Condition 6(g).

In the case of Subordinated Notes which constitute Tier 2 Capital, the Optional Redemption Date may only occur on or after the fifth anniversary of the Issue Date of such Notes.

(f) *Optional Outstanding Notes Trigger Call:*

If "Trigger Redemption Option" is specified in the applicable Final Terms as being applicable, then, in the event that at any time during the life of the Notes and for any reason whatsoever, the **Aggregate Outstanding Nominal Amount** of the Notes equals or falls below the **Outstanding Amount Trigger Level**, then the Issuer shall have the right at its sole and absolute discretion exercised reasonably, and subject to any applicable law and regulation, to redeem all (but not some only) of the remaining outstanding Notes early at their **Early Trigger Level Redemption Amount** upon giving not less than 15 Business Days notice in accordance with Condition 14 specifying the basis upon which such early redemption was effected.

For the purpose hereof:

Aggregate Outstanding Nominal Amount means, at any time, the product of (a) the Specified Denomination and (b) the number of Notes outstanding held at such time by Noteholders other than Société Générale or its affiliates for their own account as determined in good faith by the Fiscal Agent in consultation with the clearing institution(s) in or through which the Notes are held and transactions in such Notes are cleared.

Early Trigger Level Redemption Amount means the Early Redemption Amount for such Notes as determined in accordance with paragraph (h)(v) below.

Outstanding Amount Trigger Level means the level specified as such in the applicable Final Terms or, if no such level is so specified, 10% of the Aggregate Nominal Amount of the Notes initially issued.

Under no circumstances will the Optional Outstanding Notes Trigger Call be applied for any issue of Subordinated Notes.

(g) *Redemption at the Option of the Noteholders*

In the case of Subordinated Notes, there will be no redemption at the option of the Noteholders.

If the Noteholders are specified in the applicable Final Terms as having an option to require the Issuer to redeem any Note, upon the holder of any Note giving to the Issuer in accordance with Condition 14 not less than 15 nor more than 30 days' notice or such other period of notice as is specified in the applicable Final Terms the Issuer will, upon the expiry of such notice, redeem, subject to, and in accordance with, the terms specified in the applicable Final Terms, in whole (but not in part), such Note on the Optional Redemption Date and at the Optional Redemption Amount specified in, or determined in the manner specified in, the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date. It may be that before an option to require the Issuer to redeem any Note can be exercised, certain conditions and/or circumstances will need to be satisfied. Where relevant, the provisions will be set out in the applicable Final Terms.

To exercise the right to require redemption of a Note the Noteholder must, if the Note is a Materialised Bearer Note or a Dematerialised Note and is held outside a Clearing System, deposit with any Paying Agent at its specified office a duly completed option exercise notice (the **Put Notice**) in the form obtained from any

Paying Agent or the Registration Agent, as the case may be, within the notice period. In the case of Materialised Bearer Notes, the Put Notice shall have attached to it such Note(s) (together with all unmatured Receipts and Coupons and unexchanged Talons). In the case of Dematerialised Notes, the Noteholder shall transfer, or cause to be transferred, the Dematerialised Notes to be redeemed to the account of the Paying Agent specified in the Put Notice.

If the Note is a Materialised Bearer Note and is held through a Clearing System, to exercise the right to require redemption of the Note, the Noteholder must, within the notice period, give notice to the Fiscal Agent of such exercise in accordance with the standard procedures of the Clearing System (which may include notice being given on his instruction by such Clearing System or any common depository for them to the Fiscal Agent by electronic means) in a form acceptable to such Clearing System from time to time and, if this Note is represented by a temporary global certificate (as prescribed in the French Law Agency Agreement), at the same time present or procure the presentation of such temporary global certificate to the Fiscal Agent for notation accordingly.

Notwithstanding the foregoing, the right to require redemption of such Notes in accordance with this Condition 6(g) must be exercised in accordance with the rules and procedures of the Clearing System and if there is any inconsistency between the above and the rules and procedures of the relevant Clearing System, then the rules and procedures of the relevant Clearing System shall prevail.

For the purposes of this Condition, **Clearing System** shall mean Euroclear France, Euroclear, Clearstream, Luxembourg and/or any other clearing system or institution through which the Notes are held for the time being and such shall include (where appropriate) any relevant central securities depository relating thereto.

Any Put Notice given by a holder of any Note pursuant to this paragraph (g) shall be:

- (i) irrevocable except where prior to the due date of redemption an Event of Default has occurred and is continuing in which event such holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this paragraph (g) and instead to declare such Note forthwith due and payable pursuant to Condition 9; and
- (ii) void and of no effect in relation to such Note in the event that, prior to the giving of such Put Notice by the relevant holder (A) the Issuer had notified the Noteholders of its intention to effect a partial redemption of the Notes in a Series and such Note had been selected for redemption (including, without limitation, pursuant to the partial reduction in the nominal amount of all Notes in a Series or the redemption in full some only of the Notes in a Series), or (B) the Issuer had notified the Noteholders of its intention to redeem all of the Notes in a Series then outstanding, in each case pursuant to Condition 6(e).

(h) *Early Redemption Amounts*

For the purpose of paragraph (b) above and Condition 9, unless otherwise specified in the applicable Final Terms, the Notes will be redeemed at the Early Redemption Amount calculated as follows:

- (i) in the case of Notes with a Final Redemption Amount equal to the Issue Price, at the Final Redemption Amount thereof; or
- (ii) in the case of Notes (other than Zero Coupon Notes) with a Final Redemption Amount which is or may be less or greater than the Issue Price or which is payable in a Specified Currency other than that in which the Notes are denominated, at the amount specified in, or determined in the manner specified in, the applicable Final Terms or, if no such amount or manner is so specified in the Final Terms, at their nominal amount; or

- (iii) in the case of Physical Delivery Notes, as determined in the manner specified in the applicable Final Terms; or
- (iv) in the case of Zero Coupon Notes, at an amount (the **Amortised Face Amount**) equal to the sum of:
 - (A) the Reference Price specified in the applicable Final Terms; and
 - (B) the product of the Accrual Yield specified in the applicable Final Terms (compounded annually) being applied to the Reference Price from (and including) the Issue Date to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable.
- (v) if Market Value is specified in the applicable Final Terms as the Early Redemption Amount, at an amount determined by the Calculation Agent, which, on the due date for the redemption of the Note, shall represent the fair market value of the Notes and shall have the effect (after taking into account the costs of unwinding any hedging arrangements entered into in respect of the Notes) of preserving for the Noteholders the economic equivalent of the obligations of the Issuer to make the payments in respect of the Notes which would, but for such early redemption, have fallen due after the relevant early redemption date. In respect of Notes bearing interest, notwithstanding the last sentence of Condition 6(b), the ninth line of Condition 6(c) and the first paragraph of Condition 8, the Early Redemption Amount, as determined by the Calculation Agent in accordance with this paragraph shall include any accrued interest to (but excluding or, in respect of Swedish Uncertificated Notes, and including) the relevant early redemption date and apart from any such interest included in the Early Redemption Amount, no interest, accrued or otherwise, or any other amount whatsoever will be payable by the Issuer or, as the case may be, the Guarantor in respect of such redemption.

Where such calculation is to be made for a period of less than a full year, it shall be made on the basis of the Day Count Fraction, if applicable, specified in the applicable Final Terms.

(i) *Instalments*

If the Notes are repayable in instalments, they will be redeemed in the Instalment Amounts and on the Instalment Dates specified in the applicable Final Terms. In the case of early redemption, the Early Redemption Amount will be determined pursuant to paragraph (h) above.

(j) *Partly Paid Notes*

If the Notes are Partly Paid Notes:

- (i) they will be subscribed at the Part Payment Amounts and on the Part Payment Dates specified in the applicable Final Terms. Unless otherwise specified in the applicable Final Terms, the obligation to pay a Part Payment Amount on the relevant Part Payment Date is only incurred by the holders of the Notes on such Part Payment Date;
- (ii) unless otherwise specified in the applicable Final Terms, they will be redeemed on the Maturity Date at their nominal amount and on any Optional Redemption Date at their paid-up nominal amount as at the date fixed for redemption;
- (iii) unless otherwise specified in the applicable Final Terms, in the event that any Noteholder fails to pay a Part Payment Amount on the relevant Part Payment Date (such date a **Part Payment**

Default Date), any such Notes held by such Noteholder shall automatically be redeemed on the relevant Early Redemption Date, at the Settlement Amount.

For the purposes of this Condition 6(j) and unless otherwise specified in the applicable Final Terms:

Early Redemption Date means, in respect of any Note, the seventh Payment Business Day following a Part Payment Default Date;

Settlement Amount means, in respect of any Note, an amount determined by the Calculation Agent in accordance with the following formula:

Max [0; [Paid-up Nominal Amount – Unwinding Costs]]

where:

Paid-up Nominal Amount means, in respect of any Part Payment Date, the paid-up nominal amount of the relevant Note up to (and including) the applicable Part Payment Date. Interest will neither accrue nor be payable in respect of the period from and including the applicable Part Payment Default Date to and including the applicable Early Redemption Date; and

Unwinding Costs means the pro-rata share, in respect of each Note, of the losses (expressed as a positive number) or the gains (expressed as a negative number) of unwinding all hedging arrangements (taking into account the present value of any Part Payment Amount(s) remaining to be paid in respect of the Notes) entered into or purchased by the Issuer and/or the Guarantor in respect of the Notes;

(k) *Purchases*

The Issuer or the Guarantor (if applicable) may, subject as provided in the next paragraph, at any time purchase Notes (provided that, in the case of Materialised Notes, all unmatured Receipts, Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise, in accordance with applicable laws and regulations. In the case of Notes issued by Société Générale, SG Option Europe or SGA Société Générale Acceptance N.V., Notes purchased by or on behalf of the Issuer, will be surrendered to a Paying Agent for cancellation (together with all unmatured Receipts, Coupons and Talons appertaining thereto).

In the case of Subordinated Notes, Société Générale may at any time purchase such Notes, provided that the prior written approval of the *Secrétariat général de la Commission bancaire* in France shall be obtained (i) if the total principal amount of the Notes so purchased exceeds 10 per cent. of the initial aggregate principal amount of the Notes and (ii) in the case of an *offre publique d'achat* (cash take-over bid) or an *offre publique d'échange* (paper take-over bid).

(l) *Cancellation*

All Notes purchased by or on behalf of the Issuer must be cancelled, in the case of Dematerialised Notes, by transfer to an account in accordance with the rules and procedures of Euroclear France and, in the case of Materialised Bearer Notes, by surrendering the Temporary Global Certificate and the Definitive Materialised Bearer Notes in question together with all unmatured Receipts and Coupons and all unexchanged Talons to a Paying Agent and, in each case, if so transferred or surrendered, shall, together with all Notes redeemed by the Issuer be cancelled forthwith (together with, in the case of Dematerialised Notes, all rights relating to payment of interest and other amounts relating to such Dematerialised Notes and, in the case of Materialised Notes, all unmatured Receipts, Coupons and Talons appertaining thereto or surrendered therewith). Any Notes so cancelled or, where applicable, transferred or surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

(m) *Late Payment on Zero Coupon Notes*

Except as provided in the applicable Final Terms, if the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note, pursuant to paragraph (a), (b), (c), (e) or (g) above or upon its becoming due and repayable as provided in Condition 9 is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in paragraph (h)(iv) above as though the references therein to the date fixed for the redemption or the date upon which the Zero Coupon Note becomes due and repayable were replaced by references to the date which is the earlier of:

- (i) the date on which all amounts due in respect of the Zero Coupon Note have been paid; and
- (ii) five days after the date on which the full amount of the moneys payable in respect of such Zero Coupon Notes has been received by the Fiscal Agent and notice to that effect has been given to the Noteholders in accordance with Condition 14.

(n) *Redemption of Materialised Notes*

Notwithstanding the foregoing provisions of this Condition, the redemption of Materialised Notes may be subject to certain special restrictions and procedures, as set out in the applicable Final Terms.

7. Taxation

- (a) In the case of Notes issued by Société Générale, SG Option Europe or SGA Société Générale Acceptance N.V., all payments in respect of such Notes, Receipts and Coupons or under the Guarantee shall be made free and clear of, and without withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of any Tax Jurisdiction unless such withholding or deduction is required by law.
- (b) In the event that any amounts are required to be deducted or withheld for, or on behalf of, any Tax Jurisdiction, the relevant Issuer or, as the case may be, the Guarantor shall, to the fullest extent permitted by law, pay such additional amount as may be necessary, in order that each Noteholder, Receiptholder or Couponholder, after deduction or withholding of such taxes, duties, assessments or governmental charges, will receive the full amount then due and payable provided that no such additional amount shall be payable with respect to any Note, Receipt or Coupon:
 - (i) presented for payment by or on behalf of a holder who is liable to such taxes, duties, assessments or governmental charges in respect of such Note, Receipt or Coupon by reason of his being connected with the Netherlands Antilles (in the case of payments by SGA Société Générale Acceptance N.V.) or France (in the case of payments by Société Générale or SG Option Europe) other than by the mere holding of such Note, Receipt or Coupon; or
 - (ii) presented for payment more than 30 days after the Relevant Date (as defined below), except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day assuming that day to have been a Payment Business Day (as defined in Condition 5(d)); or
 - (iii) in respect of an issue of Notes which have been privately placed, if the applicable Final Terms indicate that no such additional amounts shall be payable; or
 - (iv) where such withholding or deduction is imposed on a payment to an individual beneficial owner or a residual entity and is required to be made pursuant to European Council Directive 2003/48/EC on the taxation of savings income or any law (whether in or outside the European

Union) implementing or complying with, or introduced in order to conform to, such Directive; or

- (v) presented for payment by or on behalf of a holder who would have been able to avoid such withholding or deduction by presenting the relevant Note, Receipt or Coupon to another Paying Agent in a Member State of the European Union.

In these Terms and Conditions:

- (A) **Tax Jurisdiction** means France or any political subdivision or any authority thereof or therein having power to tax (in the case of payments by Société Générale in its capacity as Issuer or Guarantor or by SG Option Europe) or the Netherlands Antilles or any political subdivision or any authority thereof or therein having power to tax (in the case of payments by SGA Société Générale Acceptance N.V.); and
- (B) the **Relevant Date** means the date on which the relevant payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Fiscal Agent (or, in the case of Materialised Notes, the holders of such Materialised Notes) on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Noteholders in accordance with Condition 14.

8. Prescription

The Notes (and any relative Receipts and Coupons) will become void unless presented for payment within a period of five years (in the case of principal and interest) after the Relevant Date (as defined in Condition 7) therefor, except as provided in the applicable Final Terms.

9. Events of Default

In the case of Notes issued by SGA Société Générale Acceptance N.V. and SG Option Europe, the holder of any Note may give written notice to the relevant Issuer and the Guarantor (if applicable) that the Notes are, and they shall accordingly forthwith become, immediately due and repayable at their Early Redemption Amount, together with, if appropriate and subject as otherwise provided herein, interest accrued to the date of repayment, upon the occurrence of any of the following events (each an **Event of Default**):

- (a) the Issuer is in default for any reason whatsoever with respect to the payment of any sum when due or the delivery of any Underlying Assets transferable in respect of the Notes, which default, in the case of any sum, has continued for more than 30 days unless the Guarantor shall have remedied such default before the expiry of such period and save that late delivery of any Underlying Assets in the circumstances referred to in Condition 5(f) shall not constitute an Event of Default hereunder; or
- (b) the Issuer is in default in the performance of any other obligation under these Terms and Conditions and, if such default is capable of being remedied by the Issuer or the Guarantor, such default has not been so remedied within 60 days after written notification from any Noteholder requiring such default to be remedied has been given to the Issuer; or
- (c) the Issuer is in default under any bond, debenture, note or other evidence of indebtedness (including indebtedness arising under a guarantee) for money borrowed or under any mortgage, indenture or instrument under which there may be issued or by which there may be secured or evidenced any indebtedness for money borrowed by the Issuer, whether such indebtedness now exists or is hereafter incurred, which has resulted in such indebtedness becoming or being declared due and payable, prior to the date on which it would otherwise

have become due and payable, or any such indebtedness is not paid at the stated maturity thereof and such failure to pay continues beyond the grace period, if any, applicable thereto (except, in any of the foregoing cases, where the obligation to pay such indebtedness is being disputed in good faith); or

- (d) the Issuer is adjudicated or found bankrupt or insolvent, or suspends payment, or any order or action is made or taken by any competent court or administrative agency (including, without limitation, in the case of SG Option Europe only, in relation to any protection proceedings, judicial rehabilitation or judicial liquidation), or any resolution is passed by the Issuer, to apply for judicial composition proceedings with its creditors or, in the case of SG Option Europe only, to apply for protection proceedings, judicial rehabilitation, judicial liquidation or voluntary liquidation or for the appointment of a receiver or trustee or other similar official in insolvency proceedings in relation to the Issuer or a substantial part of its assets, or the Issuer is wound up or dissolved; or
- (e) in the case of any Series of Notes in respect of which the Guarantee is stated as being applicable, the Guarantee ceases to be in full force and effect in respect of such Series of Notes, the Receipts or the Coupons, or notice is given by the Guarantor which would cause the Guarantee to cease to be in full force and effect in respect of such Series of Notes, the Receipts or the Coupons, or is rendered void for any cause or by any means whatsoever or any legislation is introduced the result of which would be to remove the benefit of the Guarantee from the Notes, the Receipts or the Coupons, or terminate or amend the same in a manner materially adverse to the interests of the Noteholders, the Receiptholders or the Couponholders, or the Guarantor is unable to perform its obligations thereunder for any reason.

10. Replacement of Notes, Receipts, Coupons and Talons

If, in the case of any Materialised Bearer Notes, a Definitive Materialised Bearer Note (and/or any Receipt, Coupon or Talon appertaining thereto) is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and stock exchange regulations at the specified office of the Fiscal Agent, in each case on payment by the claimant of the costs and expenses as may be incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, *inter alia*, that if any allegedly lost, stolen or destroyed Definitive Materialised Bearer Note (and/or any Receipt, Coupon or Talon appertaining thereto) is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such Definitive Materialised Bearer Notes (and/or, as the case may be, Receipts, Coupons or further Coupons appertaining thereto)) and otherwise as the Issuer and, if applicable, the Guarantor may reasonably require. Mutilated or defaced Definitive Materialised Bearer Notes (and/or any Receipt, Coupon or Talon appertaining thereto) must be surrendered before replacements will be issued.

11. Fiscal Agent and Paying Agents

The names of the initial Fiscal Agent and the other initial Paying Agent and their initial specified offices are set out below (except with respect to Materialised Notes). In addition, the Fiscal Agent may (with the prior written consent of the relevant Issuer and, if applicable, the Guarantor) delegate certain of its functions and duties in relation to Physical Delivery Notes to a settlement agent (the **Settlement Agent**).

The Issuer and the Guarantor are entitled to vary or terminate the appointment of any Paying Agent or Settlement Agent and/or appoint additional or other Paying Agents or Settlement Agents and/or approve any change in the specified office through which any Paying Agent or Settlement Agent acts, provided that (except with respect to Materialised Notes):

- (a) so long as the Notes are listed on any stock exchange or admitted to trading or listing by another relevant authority, there will at all times be a Paying Agent (which may be the Fiscal Agent) with a specified office in such place as may be required by the rules and regulations of the relevant stock exchange; and
- (b) there will at all times be a Paying Agent (which may be the Fiscal Agent) with a specified office in a city in continental Europe; and
- (c) in the case of Dematerialised Notes in fully registered form, a Registration Agent; and
- (d) there will at all times be a Paying Agent in a Member State of the European Union (a **Member State**) that will not be obliged to withhold or deduct tax pursuant to European Council Directive 2003/48/EC or any law implementing or complying with, or introduced in order to conform to, such Directive (any such Directive or law, an **EU Savings Directive Tax Law**) to the extent that any Member State does not maintain any obligation to so withhold or deduct pursuant to any EU Savings Directive Tax Law; and
- (e) there will at all times be a Fiscal Agent.

Any variation, termination, appointment or change shall only take effect (other than in the case of insolvency, when it shall be of immediate effect) after not less than 30 or more than 45 days' prior notice thereof shall have been given to the Noteholders in accordance with Condition 14.

12. Exchange of Talons

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet issued in respect of any Materialised Bearer Note, matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent or any other Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon, subject to the provisions of Condition 8. Each Talon shall, for the purposes of these Terms and Conditions, be deemed to mature on the Interest Payment Date on which the final Coupon comprised in the relative Coupon sheet matures.

13. Representation of Noteholders

Except as otherwise provided by the relevant Final Terms, Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a **Masse** (in each case, the **Masse**).

The Masse will be governed by the provisions of the French *Code de Commerce* with the exception of articles L. 228-48, L. 228-59, R. 228-63, R. 228-67 and R. 228-69 of the French *Code de Commerce* subject to the following provisions:

(a) *Legal Personality*

The Masse will be a separate legal entity and will act in part through a representative (the **Representative**) and in part through a general meeting of the Noteholders (the **General Meeting**).

The Masse alone, to the exclusion of all individual Noteholders, shall exercise the common rights, actions and benefits which now or in the future may accrue respectively with respect to the Notes.

(b) *Representative*

The office of Representative may be conferred on a person of any nationality. However, the following persons may not be chosen as Representatives:

- (i) the Issuer, the members of its Supervisory Board (*Commission de Surveillance*), its general manager (*directeur général*), its statutory auditors, or its employees as well as their ascendants, descendants and spouse; or
- (ii) companies guaranteeing all or part of the obligations of the Issuer, their respective managers (*gérants*), general managers, members of their Board of Directors (*Conseil d'administration*), Management Board (*Directoire* or *Comité de Direction*), or Supervisory Board (*Conseil de surveillance* or *Commission de Surveillance*), their statutory auditors, or employees as well as their ascendants, descendants and spouse; or
- (iii) companies holding 10 per cent. or more of the share capital of the Issuer or companies having 10 per cent. or more of their share capital held by the Issuer; or
- (iv) persons to whom the practice of banker is forbidden or who have been deprived of the right of directing, administering or managing an enterprise in whatever capacity.

The names and addresses of the initial Representative of the Masse and its alternate will be set out in the relevant Final Terms. The Representative appointed in respect of the first Tranche of any Series of Notes will be the Representative of the single Masse of all Tranches in such Series.

The Representative will be entitled to such remuneration in connection with its functions or duties as set out in the relevant Final Terms.

In the event of death, retirement or revocation of appointment of the Representative, such Representative will be replaced by another Representative. In the event of the death, retirement or revocation of appointment of the alternate Representative, an alternate will be elected by the General Meeting.

All interested parties will at all times have the right to obtain the name and address of the Representative and the alternate Representative at the head office of the Issuer and the specified offices of any of the Paying Agents.

(c) *Powers of Representative*

The Representative shall have the power to take all acts of management necessary in order to defend the common interests of the Noteholders.

All legal proceedings against the Noteholders or initiated by them, must be brought by or against the Representative.

The Representative may not be involved in the management of the affairs of the Issuer.

(d) *General Meeting*

A General Meeting may be held at any time, on convocation either by the Issuer or by the Representative. One or more Noteholders, holding together at least one-thirtieth of the principal amount of the Notes outstanding, may address to the Issuer and the Representative a

demand for convocation of the General Meeting. If such General Meeting has not been convened within two months after such request, the Noteholders may commission one of their members to petition a competent court in Paris to appoint an agent (*mandataire*) who will call the General Meeting.

Notice of the date, hour, place and agenda of any General Meeting will be published as provided under Condition 14.

Each Noteholder has the right to participate in a General Meeting in person or by proxy. Each Note carries the right to one vote or, in the case of Notes issued with more than one Specified Denomination, one vote in respect of each multiple of the lowest Specified Denomination comprised in the principal amount of the Specified Denomination of such Note.

(e) *Powers of the General Meetings*

The General Meeting is empowered to deliberate on the dismissal and replacement of the Representative and the alternate Representative and to act with respect to any other matter that relates to the common rights, actions and benefits which now or in the future may accrue with respect to the Notes, including authorising the Representative to act (in legal proceedings) as plaintiff or defendant.

The General Meeting may further deliberate on any proposal relating to the modification of the Conditions including any proposal, whether for arbitration or settlement, relating to rights in controversy or which were the subject of judicial decisions, it being specified, however, that the General Meeting may not increase amounts payable by Noteholders, nor establish any unequal treatment between the Noteholders.

General Meetings may deliberate validly on first convocation only if Noteholders present or represented hold at least a fifth of the principal amount of the Notes at such time outstanding. On second convocation, no quorum shall be required. Decisions at meetings shall be taken by a two-third majority of votes cast by Noteholders attending such General Meetings or represented thereat.

In accordance with Article R.228-71 of the French *Code de commerce*, the right of each Noteholder to participate in General Meetings will be evidenced by the entries in the books of the relevant Euroclear France Account Holder of the name of such Noteholder as of 0:00, Paris time, on the third business day in Paris preceding the date set for the meeting of the relevant general assembly.

Decisions of General Meetings must be published in accordance with the provisions in Condition 14.

(f) *Information to Noteholders*

Each Noteholder or Representative thereof will have the right, during the 15-day period preceding the holding of each General Meeting, to consult or make a copy of the text of the resolutions which will be proposed and of the reports which will be presented at the General Meeting, all of which will be available for inspection by the relevant Noteholders at the principal office of the Issuer, at the specified offices of any of the Paying Agents and at any other place specified in the notice of the General Meeting.

(g) *Expenses*

The Issuer will pay all expenses relating to the operation of the Masse, including expenses relating to the calling and holding of General Meetings and, more generally, all administrative expenses resolved upon by the General Meeting, it being expressly stipulated that no expenses may be imputed against interest payable under the Notes.

(h) *Single Masse*

The holders of Notes of the same Series, and the holders of Notes of any other Series which have been assimilated with the Notes of another Series in accordance with Condition 14, shall, for the defence of their respective common interests, be grouped in a single Masse. The Representative appointed in respect of the first Series of Notes issued will be the Representative of the single Masse of all such Series.

14. Notices

(a) Subject as provided in Condition 14(c) below, all notices to the holders of Materialised Bearer Notes and Dematerialised Notes in bearer form shall be deemed to be validly given if published in:

- (b) Subject as provided in Condition 14(c) and Condition 14(d) below, all notices to the holders of Dematerialised Notes in registered form (*au nominatif*) shall be deemed to be validly given if either, (i) they are mailed to them at their respective addresses, in which case they will be deemed to have been given on the fourth weekday (being a day other than a Saturday or a Sunday) after the mailing, or, (ii) at the option of the Issuer, they are published in a leading daily newspaper of general circulation in Europe (which is expected to be the *Financial Times*).
- (c) Subject as provided in Condition 14(d) below, Notices required to be given to the holders of Dematerialised Notes (whether in registered or in bearer form) pursuant to these Conditions may be given by delivery of the relevant notice to Euroclear France, Euroclear, Clearstream, Luxembourg and any other clearing system through which the Notes are for the time being cleared in substitution for the mailing and publication as required by Conditions 14(a) and (b) above; except that notices

relating to the convocation and decision(s) of the General Meetings pursuant to Condition 13 shall also be published in a leading daily newspaper of general circulation in Europe (which is expected to be the *Financial Times*).

- (d) In the case of either Condition 14(b) or Condition 14(c) above, the Issuer shall also ensure that notices are duly published in a manner which complies with the rules and regulations of any stock exchange or other relevant authority on which the Notes are for the time being listed or by which they have been admitted to trading.

15. Further Issues

The Issuer shall be at liberty from time to time without the consent of the Noteholders, Receiptholders or Couponholders to create and issue further notes ranking *pari passu* in all respects and on the same Terms and Conditions (save for their Issue Date, Interest Commencement Date, Issue Price and/or the amount and date of the first payment of interest thereon), and so that the same shall be consolidated and form a single series with, the outstanding Notes.

16. Adjustments and Disruption

In the case of Physical Delivery Notes and Index Linked Notes, the applicable Final Terms and (if applicable) a Supplement to this Debt Issuance Programme Prospectus will (where applicable) contain provisions relating to adjustments with respect to Underlying Assets, any underlying index or indices, settlement disruption and market disruption (including, without limitation and where necessary, appropriate definitions of **Potential Adjustment Events**, **Settlement Disruption Events** and **Market Disruption Events** and details of the consequences of such events), except that for Physical Delivery Notes or Notes that are Equity Linked Notes, Commodity Linked Notes, Credit Linked Notes or Managed Assets Portfolio Linked Notes such adjustments with respect to the underlying, and any settlement disruption or market disruption, shall be subject to the provisions of the Technical Annex, unless otherwise provided in the applicable Final Terms.

PART 1 – DEFINITIONS RELATING TO SHARES, AMERICAN DEPOSITARY RECEIPTS (ADRS), INDICES, DIVIDENDS AND EXCHANGE TRADED FUNDS

I. Common definitions and provisions for Shares, American Depositary Receipts, Indices and Dividends

II. General Definitions

Averaging Date means, in respect of a Valuation Date and a Share, an ADR or an Index, each date specified as such in the applicable Final Terms for the purpose of determining an average (or if such date is not a Scheduled Trading Day, the next following Scheduled Trading Day) unless such day is a Disrupted Day in which case it shall be postponed pursuant to the provisions of Consequences of Disrupted Days for a Share, an ADR or an Index.

Basket means a basket composed of the Shares and/or ADRs and/or Indices and/or any other asset (each an Underlying) in the relative proportions or numbers of Shares, ADRs, Indices or other asset specified in the applicable Final Terms.

Business Day means a “Business Day” as defined in Condition 5(b)(i) of the Terms and Conditions of the English Law Notes and the Uncertificated Notes and in Condition 4(b)(i) of the Terms and Conditions of the French Law Notes, determined on the basis of the Specified Currency of the relevant Notes.

Closing Price means:

- II.1 in respect of a Share:
 - II.1.1 if such Share is traded on the Tokyo Stock Exchange or the Osaka Securities Exchange, the last traded price of such Share for the day quoted by the Exchange, provided however, that if there is a closing special quote on such Share quoted by the Exchange (*tokubetsu kehaine*), such quote shall be deemed to be the relevant Closing Price;
 - II.1.2 if such Share is traded on the Italian Stock Exchange (Borsa Italiana S.p.A.), the *Prezzo di Riferimento*, which means the price as published by the Borsa Italiana S.p.A. at the close of trading and having the meaning ascribed thereto in the Rules of the markets organised and managed by Borsa Italiana S.p.A., as such Rules may be amended by Borsa Italiana S.p.A. from time to time;
 - II.1.3 in any other case, the official closing price of such Share on the relevant Exchange.
- II.2 in respect of an Index, the official closing level of the Index published and announced by the Index Sponsor;

- II.3 in respect of an ADR, the official closing price of such ADR on the relevant Exchange;
in any case as adjusted (if applicable) pursuant to the provisions of Part 2 below.

Company means, in respect of a Share, the issuer of such Share and, in respect of an ADR, the issuer of the Deposited Securities related to such ADR.

Exchange(s) means, in respect of a Share, an ADR or an Index, the corresponding exchange or quotation system specified in the applicable Final Terms, or any successor exchange or quotation system or any substitute exchange or quotation system to which trading in the Share, ADR or Shares underlying such Index, has temporarily relocated (provided that the Calculation Agent has determined that there is comparable liquidity relative to such Share, ADR or Shares underlying an Index, on such temporary substitute exchange or quotation system as on the original Exchange). In respect of Deposited Securities, **Exchange** means the primary exchange or market of trading of such Deposited Securities.

Fx Rate means, in respect of a date, the currency exchange rate of one currency against another currency, as specified in the applicable Final Terms, quoted by the relevant exchange rate provider on such date, as ascertained by the Calculation Agent on the Reuters page (or any other relevant page of an information provider) specified in the applicable Final Terms. If such Fx Rate cannot be or ceases to be determined, then the Calculation Agent shall select another Reuters page (or any other relevant page of an information provider) or determine in good faith such exchange rate by reference to such sources as it may select in its absolute discretion.

Related Exchange(s) means, in respect of a Share, an ADR or an Index (and, in the case the Underlying is an ADR, the Deposited Securities), each exchange or quotation system where trading has a material effect (as determined by the Calculation Agent) on the overall market for futures and options contracts relating to such Share, ADR, Index or Deposited Securities, any successor exchange or quotation system or any substitute exchange or quotation system to which trading in futures or options contracts relating to a Share, ADR, Index or Deposited Securities, has temporarily relocated (provided that the Calculation Agent has determined that there is comparable liquidity relative to the futures or options contracts relating such Share, ADR, Index or Deposited Securities, on such temporary substitute exchange or quotation system as on the original Related Exchange).

Scheduled Closing Time means, in respect of an Exchange or Related Exchange, the scheduled weekday closing time of such Exchange or Related Exchange, without regard to after hours or any other trading outside of the regular trading session hours.

III. Definitions and Provisions relating to valuation and Market Disruption Event

III.1.1 Valuation Date means, in respect of a Share, an ADR or an Index, each date specified as such in the applicable Final Terms (or, if such date is not a Scheduled Trading Day for such Share, ADR or Index, the next following Scheduled Trading Day), unless such day is a Disrupted Day in which case it shall be postponed pursuant to the provisions of Consequences of Disrupted Days for a Share, an ADR or an Index.

III.1.2 Valuation Time means, in respect of a Share, an ADR or an Index, the Scheduled Closing Time provided however that if the Exchange closes prior to its Scheduled Closing Time, the Valuation Time shall be the actual closing time of the Exchange.

III.1.3 Market Disruption Event means, in respect of a Share or an Index, the occurrence or existence of (i) a Trading Disruption, (ii) an Exchange Disruption which, in either case, the Calculation Agent determines is material, at any time during the one hour period that ends at the relevant Valuation Time or (iii) an Early Closure. For the purpose hereof:

- (a) **Trading Disruption** means, in respect of a Share or an Index, any suspension of or limitation imposed on trading by the relevant Exchange or Related Exchange or otherwise and whether by reason of movements in price exceeding limits permitted by the relevant Exchange or Related Exchange or otherwise (i) relating to the Share on the Exchange or, in the case of an Index, on the relevant Exchange(s) relating to securities that comprise 20 per cent or more of the level of the relevant Index or (ii) in futures or options contracts relating to the Share or the relevant Index on any relevant Related Exchange;
- (b) **Exchange Disruption** means, in respect of a Share or an Index, any event (other than an Early Closure) that disrupts or impairs (as determined by the Calculation Agent) the ability of market participants in general (i) to effect transactions in, or obtain market values for the Share on the Exchange, or, in the case of an Index, on any relevant Exchange(s) relating to securities that comprise 20 per cent or more of the level of the relevant Index, or (ii) to effect transactions in, or obtain market values for, futures or options contracts relating to the Share or the relevant Index on any relevant Related Exchange;
- (c) **Early Closure** means, the closure on any Exchange Business Day of (i) (a) in the case of a Share, the relevant Exchange, or (b) in the case of an Index any relevant Exchange(s) relating to securities that comprise 20 per cent or more of the level of the relevant Index, or (ii) any Related Exchange, prior to its Scheduled Closing Time unless such earlier closing is announced by such Exchange or Related Exchange (as the case may be) at least one hour prior to the earlier of (x) the actual closing time for the regular trading session on such Exchange or Related Exchange (as the case may be) on such Exchange Business Day and (y) the submission deadline for orders to be entered into the Exchange or Related Exchange system for execution at the relevant Valuation Time on such Exchange Business Day.

In the event that the Underlying is in the form of an ADR issued pursuant to a Deposit Agreement (i) references to **Share** in the definitions of **Market Disruption Event**, **Trading Disruption**, **Exchange Disruption** and **Early Closure** above refer both to the ADRs and to the Deposited Securities relating to such ADRs, and (ii) references to Exchange and Related Exchange in these definitions refer to such exchanges as they relate to both the ADRs and to the Deposited Securities relating to such ADRs. For the avoidance of doubt, a Disrupted Day will be deemed to have occurred with respect to an ADR if a Disrupted Day has occurred with respect to the related Deposited Securities.

III.1.4 Consequences of Disrupted Days for a Share, an ADR or an Index

If any Valuation Date or Averaging Date specified in the applicable Final Terms (the **Scheduled Valuation Date** and the **Scheduled Averaging Date** respectively), is a Disrupted Day for a Share, an ADR or an Index, the Valuation Date or the Averaging Date for such Share, ADR or Index shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day in respect of that Share, ADR or Index, unless each of the eight Scheduled Trading Days immediately following the Scheduled Valuation Date or the Scheduled Averaging Date is also a Disrupted Day. In that case:

- (a) that eighth Scheduled Trading Day shall be deemed to be the Valuation Date or Averaging Date, for the Share, ADR or Index notwithstanding the fact that such day is a Disrupted Day, and
- (b) the Calculation Agent shall determine (a) in respect of a Share or an ADR, its good faith estimate of the value of the Share or ADR as of the Valuation Time on that eighth Scheduled Trading Day or (b) in respect of an Index, the level of the Index as of the Valuation Time on that eighth Scheduled Trading Day in accordance with the formula for and method of calculating that Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on that eighth Scheduled Trading Day of each security comprised in the Index (or if an event giving rise to a Disrupted Day has

occurred in respect of the relevant security on that eighth Scheduled Trading Day, its good faith estimate of the value of the relevant security as of the Valuation Time on that eighth Scheduled Trading Day) and the good faith estimate of the value of the Share or ADR or the level of the Index so calculated shall be deemed the Closing Price;

Provided that if the Share, ADR or Index is included in a Basket, the hereabove provisions shall apply only to the Share, ADR or Index affected by the occurrence of a Disrupted Day and the Valuation Date or the Averaging Date for each Share, ADR or Index not affected by a Disrupted Day shall be the Scheduled Valuation Date or the Scheduled Averaging Date.

provided however that,

- (c) if a Scheduled Averaging Date is a Disrupted Day, the Averaging Date shall be postponed pursuant to the provisions above to the first succeeding Scheduled Trading Day that is not a Disrupted Day provided it is not also a Scheduled Averaging Date; if on the eighth Scheduled Trading Day following the Scheduled Averaging Date a Scheduled Trading Day that is not a Disrupted Day nor another Scheduled Averaging Date has not occurred, then that eighth Scheduled Trading Day shall be deemed the Averaging Date (irrespective of whether that eighth Scheduled Trading Day is also a Scheduled Averaging Date), and the Calculation Agent shall make on that day the determinations described in (b) above, and the good faith estimate of the value of the Share or ADR or the level of the Index so calculated shall be deemed the Closing Price;
- (d) notwithstanding the foregoing,

PART 2 – ADJUSTMENTS, EXTRAORDINARY EVENTS, HEDGING DISRUPTION, INSOLVENCY FILING AND CHANGE IN LAW RELATING TO SHARES, AMERICAN DEPOSITARY RECEIPTS (ADRS), INDICES AND DIVIDENDS

I. Adjustments and Extraordinary Events relating to Shares and American Depositary Receipts

(1) Potential Adjustment Events

Potential Adjustment Event means, in relation to a Share, any of the following:

- I.2 a subdivision, consolidation or reclassification of such Share (unless resulting in a Merger Event) including, for the avoidance of doubt, a stock split or reverse stock split, or a free distribution or dividend of any such Shares to existing holders by way of bonus, capitalisation or similar issue;
- I.3 a distribution, issue or dividend to existing holders of such Share of (a) such Shares or (b) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Company equally or proportionately with such payments to holders of such Shares (c) share capital, other securities of another issuer acquired or owned (directly or indirectly) by the Company as a result of a spin-off or other similar transaction, or (d) any other type of securities, rights or warrants or other assets, in any case for payment (in cash or otherwise) at less than the prevailing market price as determined by the Calculation Agent;
- I.4 an extraordinary dividend as determined by the Calculation Agent;
- I.5 a call by the Company in respect of Shares that are not fully paid;
- I.6 a repurchase by the Company or any of its subsidiaries of Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise;
- I.7 an event that results in any shareholder rights being distributed or becoming separated from shares of common stock or other shares of the capital stock of the Company pursuant to a shareholder rights plan or arrangement directed against hostile takeovers that provides upon the occurrence of certain events for a distribution of preferred stock, warrants, debt instruments or stock rights at a price below their market value, as determined by the Calculation Agent provided that any adjustment effected as a result of such an event shall be readjusted upon any redemption of such rights; or
- I.8 any other event having, in the opinion of the Calculation Agent, a diluting or concentrative effect on the theoretical value of the Shares.

Following the occurrence of any Potential Adjustment Event as defined above, the Calculation Agent will, as soon as reasonably practicable after it becomes aware of such event determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will (a) calculate the corresponding adjustment, if any, to be made to the elements relating to the relevant Share used to determine any settlement or payment terms under the Notes and/or any other terms of the Notes as it determines appropriate to preserve the economic equivalent of the obligations of the Issuer under the Notes and (b) determine the effective date of that adjustment. In its determinations of the existence and extent of any dilutive or concentrative effect on the theoretical value of the Shares of any Potential Adjustment Event, and any related adjustments to the terms of the Notes, the Calculation Agent shall take into account any amounts of Local Taxes that would, in the determination of the Calculation Agent, be withheld from or paid or otherwise incurred by an Offshore Investor in connection with such Potential Adjustment Event. The Calculation Agent may (but need not) determine the appropriate adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by a Related Exchange to options on the Share traded on such Related Exchange.

In the event that the Underlying is in the form of an ADR, references to **Share** in the definition of **Potential Adjustment Event** above refer to the Deposited Securities underlying such ADRs. In addition, an event that has a diluting or concentrative effect on the Deposited Securities will affect the theoretical value of the ADR unless (and to the extent that) the Company or the Depositary, pursuant to its authority (if any) under the Deposit Agreement, elects to adjust the number of the Deposited Securities that are represented by each ADR such that the price of the ADR will not be affected by any such event (as determined by the Calculation Agent), in which case the Calculation Agent will make no

adjustment. If the Company or the Depositary elects not to adjust the number of Deposited Securities that are represented by an ADR or makes an adjustment that the Calculation Agent determines not to have been adequate, then the Calculation Agent may, in its discretion, make the necessary adjustment to the elements relating to the Underlying used to determine any settlement or payment terms under the Notes and/or any other terms of the Notes as it determines appropriate to preserve the economic equivalent of the obligations of the Issuer under the Notes and determine the effective date of that adjustments. The Depositary may also have the ability pursuant to the Deposit Agreement to make adjustments in respect of the ADR for share distributions, rights distributions, cash distributions and distributions other than shares, rights and cash. Upon any such adjustment by the Depositary, the Calculation Agent may, in its discretion, make the necessary adjustments as the Calculation Agent deems appropriate to account for such event.

Definitions applicable to this section:

Local Taxes shall mean taxes, duties, and similar charges imposed by the taxing authority of the country in which the Company has been incorporated or in which the Exchange on which the Share is listed is located.

Offshore Investor shall mean a holder of Shares who is an institutional investor not resident in the country in which the Company has been incorporated or in which the Exchange on which the Share is listed is located (the **Local Jurisdiction**), for the purposes of the tax laws and regulations of the Local Jurisdiction and, for the avoidance of doubt, whose jurisdiction of residence (i) shall be determined by the Calculation Agent and (ii) may be the jurisdiction of Société Générale or one of its affiliates.

(1) Extraordinary Events

- A. Upon the occurrence, in the determination of the Calculation Agent, on or prior to the last Valuation Date or the last Averaging Date of the opening of an Offering Period relating to a Merger Event, a Demerger Event, a De-listing Event, an Insolvency, a Nationalisation or a Participation Event, in respect of a Share or an ADR (an **Affected Share** or an **Affected ADR**), then during such Offering Period, the Calculation Agent may decide in good faith to apply Method of Substitution with respect to the Affected Share or Affected ADR.
- B. If the Calculation Agent decides not to apply Method of Substitution during the Offering Period with respect to the Affected Share or Affected ADR, then:
- (A) in respect of a Merger Event, from the Merger Date, and/or upon consummation of the Merger Event, until the sixtieth Business Day thereafter, the Calculation Agent, acting in good faith, shall apply either:
 - (B) Share-for-Share Merger Event: Alternative Obligation and/or Method of Substitution or Early Redemption;
 - (C) Share-for-Other Merger Event: Alternative Obligation and/or Method of Substitution or Early Redemption;
 - (D) Share-for-Combined Merger Event: Alternative Obligation and/or Method of Substitution or Early Redemption;
 - (E) in the case of a Merger Event affecting two Shares or ADRs comprised in a Basket, the Calculation Agent will either:

- (F) continue with the share or ADR resulting from the Merger Event and in order to maintain the original number of companies in the Basket, a Substitute Share or Substitute ADR (as applicable) will be elected and included in the Basket; or
- (G) substitute both Shares (or ADRs) with two Substitute Shares (or ADRs) selected as described in the Method of Substitution;
- (H) in respect of a De-merger Event, from the De-merger Date, and/or upon consummation of the De-merger Event, until the sixtieth Business Day thereafter, the Calculation Agent, acting in good faith, will either:
 - (I) replace the Affected Share or Affected ADR with the shares or ADRs of the successor companies; or
 - (J) substitute one or more share(s) resulting from such De-merger Event pursuant to the Method of Substitution,

it being understood that, in the case of a Basket, the Calculation Agent shall maintain the initial number of companies in the Basket and that in the case where the Calculation Agent has elected to substitute the Affected Share or Affected ADR with several shares or ADRs resulting from such De-merger Event, such shares or ADRs shall be placed in a sub-basket and considered as one component of the Basket;

- (K) in respect of a De-listing Event or a Nationalisation, from the effective date of such event, until the sixtieth Business Day thereafter, the Calculation Agent, acting in good faith, may, but is not obliged to, apply the Method of Substitution;
- (L) in respect of an Insolvency, the Calculation Agent will decide, either that:
 - (M) the Affected Share or the Affected ADR will be substituted pursuant to the Method of Substitution; or
 - (N) the value of the relevant component in the formula used to determine the amount to be paid or whether a condition has occurred, if any, as described in the applicable Final Terms, representing the Affected Share or the Affected ADR will be accounted by the Calculation Agent for its fair market value determined at any time as from the date of occurrence of such Insolvency until the last Valuation Date or the last Averaging Date. The determination of the fair market value shall depend upon the liquidity of the market and the trading conditions relating to the Share or ADR affected at the time of calculation; and
- (O) in respect of a Participation Event from the effective date of such event until the sixtieth Business Day thereafter, the Calculation Agent may, but is not obliged to, select a Substitute Share or Substitute ADR for the Affected Share or the Affected ADR pursuant to the Method of Substitution.

- C. Notwithstanding anything herein to the contrary, the Calculation Agent shall use its reasonable endeavours at all times to maintain the original number of companies in the Basket as Companies hereunder.

Definitions applicable to this section B - Extraordinary Events:

Alternative Obligation means:

- I.9 if, in respect of a Share-for-Share Merger Event, the Calculation Agent decides to apply Alternative Obligation, then on or after the relevant Merger Date the New Shares and the issuer of such New Shares (or, in the case of New Shares which are issued in the form of ADRs, the issuer of the Deposited Securities related to such ADRs) will be deemed the **Shares** (or **ADRs**, as the case may be) and the **Company**, respectively, and, if necessary, the Calculation Agent will adjust any relevant terms of the Notes on the basis of the number of New Shares (as subsequently modified in accordance with any relevant terms and including the proceeds of any redemption, if applicable) to which a holder of the relevant number of Shares or ADRs immediately prior to the occurrence of the Merger Event would be entitled upon consummation of the Merger Event;
- I.10 if, in respect of a Share-for-Other Merger Event, the Calculation Agent decides to apply Alternative Obligation, then on or after the relevant Merger Date, the Calculation Agent will adjust any relevant terms of the Notes on the basis of the amount of Other Consideration (as subsequently modified in accordance with any relevant terms and including the proceeds of any redemption, if applicable) to which a holder of the relevant number of Shares or ADRs would be entitled upon consummation of the Merger Event and, if necessary, any relevant terms of the Notes; and
- I.11 if, in respect of a Share-for-Combined Merger Event, the Calculation Agent decides to apply Alternative Obligation, then on or after the Merger Date the New Shares and the Other Consideration will be deemed the **Shares** (or **ADRs**, as the case may be) and the issuer of the New Shares (or, in the case of New Shares which are issued in the form of ADRs, the issuer of the Deposited Securities related to such ADRs) will be deemed the **Company** respectively, and, if necessary, the Calculation Agent will adjust any relevant terms of the Notes on the basis of the number of New Shares and the amount of Other Consideration (as subsequently modified in accordance with any relevant terms and including the proceeds of any redemption, if applicable) to which a holder of the relevant number of Shares or ADRs would be entitled upon consummation of the Merger Event.

Combined Consideration means New Shares in combination with Other Consideration.

De-listing Event means, in respect of a Share or an ADR, that such Share or ADR (or Deposited Securities related to such ADR): (a) ceases to be listed, traded or publicly quoted on the relevant Exchange or listing compartment of the relevant Exchange (for any reason other than a Merger Event or a tender offer) and is not immediately re-listed, re-traded or re-quoted on an exchange or quotation system located in the same country as the Exchange (or where the Exchange is within the European Union, in any member state of the European Union) or (b) has its listing, trading or public quotation maintained in inappropriate conditions in the opinion of the Calculation Agent (such conditions to include, without limitation, a lack of liquidity or the disappearance of the relevant futures and/or option contract of the relevant Share) or (c) in respect of an Underlying in the form of an ADR, the Deposited Agreement is terminated.

De-merger Event means, in respect of any Share or ADR, that the Company relevant to such Share or ADR is affected by a de-merger including, without limitation, a spin off, *scission* or any operation of a similar nature.

Fixing Period means the period subject to a maximum of ten Exchange Business Days, which shall expire no later than 90 Business Days following the Merger Date, the De-merger Date or the effective date of the De-listing Event, Nationalisation, Insolvency or Participation Event) during which:

- I.12 Société Générale or one of its affiliates sells the Affected Shares, Affected ADRs, the New Shares and/or the Other Consideration, (as the case may be), on the basis of the weighted average of the closing prices of the relevant assets traded by Société Générale or one of its affiliates with regards to the relevant Notes, as observed during such Fixing Period; and
- I.13 the proceeds of such sale are re-invested in the Substitute Shares, Substitute ADRs and/or New Shares accordingly during the said Fixing Period on the basis of the weighted average of the closing prices of such Substitute Shares, Substitute ADRs and/or New Shares traded by Société Générale or one of its affiliates with regards to the relevant Notes, as observed during such Fixing Period.

Insolvency means, in respect of a Company, voluntary or involuntary liquidation, bankruptcy, insolvency, dissolution or winding-up of, or any analogous proceeding affecting, such Company, as determined in good faith by the Calculation Agent.

Merger Date means, in respect of a Share or an ADR, the date upon which holders of the necessary number of the relevant Shares or ADRs (other than, in the case of a takeover offer, Shares or ADRs owned or controlled by the offeror) to constitute a Merger Event have agreed or have irrevocably become obliged to transfer their Shares.

Merger Event means, in respect of any Share:

- I.14 any reclassification or change of such Share (including the change of currency reference of the Share) that results in a transfer of or an irrevocable commitment to transfer all of such Share outstanding to another entity or person;
- I.15 any consolidation, amalgamation, merger or binding share exchange of the relevant Company with or into another entity (other than a consolidation, amalgamation or merger in which such Company is the continuing entity and which does not result in a reclassification or change of all of such Shares outstanding);

- I.18 take-over offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person that results in such entity or person purchasing or otherwise obtaining or having the right to obtain, by conversion or other means, greater than 10 per cent. and less than 100 per cent. of the outstanding voting shares of the Company, as determined by the Calculation Agent based upon the making of filings with governmental or self-regulatory agencies or such other information as the Calculation Agent deems relevant.

In the event that the Underlying is in the form of an ADR issued pursuant to a Deposit Agreement references to **Share** in this definition refer to the Deposited Securities underlying such ADR.

Method of Substitution means that in the case of a Merger Event, De-merger Event, De-listing Event, Nationalisation, Insolvency or Participation Event (regardless of the consideration to be received), in

respect of an Affected Share or an Affected ADR, the Calculation Agent may consider that the Affected Share, the Affected ADR, the New Shares and/or, all or part of the Other Consideration (as the case may be) is/are converted into cash and that the proceeds will be reinvested either (a) into a new share or ADR of the same economic sector or into a share or ADR issued by a company of a similar international standing or creditworthiness as the Company related to the Affected Share or Affected ADR (a **Substitute Share** or a **Substitute ADR**, as the case may be) or (b) in the case of Combined Consideration into New Shares. In the event of Other Consideration to be received in cash, in the future, the Calculation Agent may consider that the cash to be received in the future is discounted in order to immediately re-invest the proceeds then procured in accordance with (a) and (b) above.

The sale of the Affected Share, Affected ADRs, the New Shares and/or the Other Consideration shall be deemed to take place during the Fixing Period. The Substitute Share (or Substitute ADR, as the case may be) and the company issuing such Substituted Share (or, in the case of an ADR, the company issuing the Deposited Securities related to such ADR) will be deemed a **Share** and the **Company** respectively, and the Calculation Agent will adjust any relevant terms of the Notes.

For information purposes, it is understood that in all cases described herein where a Share or ADR is substituted, on any date “t”, with a Substitute Share or Substitute ADR, the value of the relevant component in the formula used to determine the amount to be paid as described in the applicable Final Terms, shall not be affected by the substitution on such date “t” in respect of the Substitute Share or Substitute ADR and would mean the closing price of such Substitute Share or Substitute ADR on the relevant Exchange on the date “t” is weighted by an appropriate linking coefficient so that it is equal to the closing price of the Affected Share or Affected ADR on such date “t”.

Nationalisation means that all the Shares or all or substantially all of the assets of a Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority, entity or instrumentality thereof.

Other Consideration means cash and/or any securities (other than New Shares) or assets (whether of the offeror or a third party).

Participation Event means that a Company (whose Shares or ADRs form part of a Basket) takes a stake exceeding 20 per cent. of another Company whose Shares or ADRs (which shall be the Affected Share or ADR in respect of such Participation Event) also form part of the Basket.

Share-for-Combined Merger Event means, in respect of a Merger Event, that the consideration for the relevant Shares or ADRs consists of Combined Consideration.

Share-for-Other Merger Event means, in respect of a Merger Event, that the consideration for the relevant Shares or ADRs consists solely of Other Consideration.

Share-for-Share Merger Event means, in respect of a Merger Event, that the consideration for the relevant Shares or ADRs consists (or, at the option of the holder of such Shares or ADRs, may consist) solely of New Shares.

(1) Stop-Loss Event relating to a Share or an ADR

If on any Exchange Business Day between the initial Valuation Date (excluded) and the last Valuation Date (included), the Closing Price of a Share or ADR is affected by a decrease of 80 per cent. or more of its Closing Price on the initial Valuation Date (the **Affected Share** or **Affected ADR**), then

- (a) the Calculation Agent may decide to substitute the Affected Share or Affected ADR by a new share or ADR issued by a company of a similar international standing or creditworthiness as the Company (the **Substitute Share** or **Substitute ADR**) related to the Affected Share or Affected ADR and will adjust any relevant terms of the Notes accordingly; or
- (b) the Calculation Agent may decide to continue with the Affected Share or Affected ADR; or
- (c) if the Calculation Agent has not retained any Substitute Share or Substitute ADR neither decided to continue with the Affected Share or the Affected ADR, the Issuer may terminate its obligations under the Notes and pay to each Noteholder, as soon as possible after the occurrence of the Stop-Loss Event, an Early Redemption Amount on the basis of Market Value as defined in Condition 7(h) of the Terms and Conditions of the English Law Notes and the Uncertificated Notes and in Condition 6(h) of the Terms and Conditions of the French Law Notes.

For information purposes, it is understood that in all cases described herein where a Share or ADR is substituted, on any date “t”, with a Substitute Share or Substitute ADR, the value of the relevant component in the formula used to determine the amount to be paid as described in the applicable Final Terms, shall not be affected by the substitution on such date “t” in respect of the Substitute Share or Substitute ADR and would mean that the closing price of such Substitute Share or Substitute ADR on the relevant Exchange on the date “t” is weighted by an appropriate linking coefficient so that it is equal to the closing price of the Affected Share or Affected ADR on such date “t”.

(2) Correction of the Closing Price of a Share

In the event that any price or level published on the Exchange and which is utilised for any calculation or determination made under the Notes is subsequently corrected and the correction is published and made available to the public by the Exchange after the original publication but no later than four Business Days prior to the Maturity Date (or any payment date(s) determined in the applicable Final Terms), the Calculation Agent will determine the amount that is payable as a result of that correction, and, to the extent necessary, will adjust the terms of the Notes to account for such correction.

II. Adjustments and Events relating to Indices

(1) Adjustments

A. If an Index is:

- (A) not calculated and announced by the relevant Index Sponsor or the **Index Calculation Agent** as the case may be, but is calculated and announced by a relevant successor sponsor (the **Successor Sponsor**) or a successor calculation agent (the **Successor Calculation Agent**) acceptable to the Calculation Agent; or
- (B) replaced by a successor index (the **Successor Index**) using, in the determination of the Calculation Agent, the same or a substantially similar formula for, and method of, calculation as used in the calculation of that Index;

then the Index will be deemed to be the index so calculated and announced by the relevant Successor Sponsor or Successor Calculation Agent or that successor index (as the case may be).

B. If, in the determination of the Calculation Agent:

- (A) on or prior to a Valuation Date or an Averaging Date, the relevant Index Sponsor (or if applicable the Successor Sponsor) makes a material change in the formula for, or the method of calculating, that Index or in any other way materially modifies that Index (other than a modification prescribed in that formula or method to maintain that Index in the event of changes in constituent securities and capitalisation and other routine events);
- (B) on any Valuation Date or Averaging Date, the relevant Index Sponsor (or, if applicable, the relevant Successor Sponsor) or the Index Calculation Agent (or the Successor Index Calculation Agent) as the case may be, fails to calculate and publish the level of the Index and such failure is likely to have a material impact on the hedge of Société Générale in connection with the Notes; or
- (C) the Index Sponsor (or, if applicable, the Successor Sponsor) permanently cancels the Index and no successor Sponsor exists;

then the Calculation Agent shall either:

- (x) calculate the relevant formula used to determine an amount to be paid or whether a condition has occurred, if any, as described in the applicable Final Terms using, *in lieu* of a published level for the Index, the level of that Index as at the Valuation Time on the relevant Valuation Date or Averaging Date, as determined by the Calculation Agent in accordance with the formula for and method of calculating that Index last in effect prior to that change, failure or cancellation, but using only those securities that comprised that Index immediately prior to that change, failure or cancellation (other than those securities that have since ceased to be listed on any relevant Exchange);
- (y) replace the Index by a new index provided that such index is (a) representative of the same economic or geographic sector (as the case may be), and (b) to the extent possible, representative of shares listed on one or more Exchanges of one or more OECD countries; or
- (z) if the Calculation Agent has not retained (x) and if in (y) no index meeting the criteria (a) and (b) can be selected by the Calculation Agent, then the Issuer shall terminate its obligations under the Notes and pay to each Noteholder, as soon as possible after the occurrence of any of the events described in (A), (B) or (C) above, an Early Redemption Amount on the basis of Market Value as defined in Condition 7(h) of the Terms and Conditions of the English Law Notes and the Uncertificated Notes and in Condition 6(h) of the Terms and Conditions of the French Law Notes.

C. If an Index merges with another index or if an Index which forms part of the Basket merges with another index which does not form part of the Basket (the **Event**), the Calculation Agent will either:

- (A) continue using the index resulting from the merger; or
- (B) replace the Index with another index (the New Index); as long as the New Index is (a) representative of the same economic or geographic sector (as the case may be) and (b) to the extent possible, representative of shares listed on one or more Exchanges of one or more OECD countries.

If the Calculation Agent has not retained (A) and if in (B) no index meeting the criteria (a) and (b) can be selected by the Calculation Agent, then the Issuer shall terminate its obligations under the Notes and pay to each Noteholder, as soon as possible after the occurrence of the Event described in paragraph (iii) above, an Early Redemption Amount on the basis of Market Value as defined in Condition 7(h) of the Terms and Conditions of the English Law Notes and the Uncertificated Notes and in Condition 6(h) of the Terms and Conditions of the French Law Notes.

D. In the case of a merger affecting two Indices comprised in a Basket (the **Event**), the Calculation Agent will either:

- (A) continue using the index resulting from the merger and, in order to maintain the same number of indices within the Basket, the Calculation Agent will select a further index (a **New Index**) to be included in the Basket, as long as such New Index is (a) representative of the same economic or geographic sector (as the case may be) and (b) to the extent possible, representative of shares listed on one or more Exchanges of one or more OECD countries; or
- (B) replace both Indices with two other indices (each a **New Index**); as long as each New Index is (a) representative of the same economic or geographic sector (as the case may be) and (b) to the extent possible, representative of shares listed on one or more Exchanges of one or more OECD countries.

If the Calculation Agent has not retained (A) and if in (B) no index meeting the criteria (a) and (b) can be selected by the Calculation Agent, then the Issuer shall terminate its obligations under the Notes and pay to each Noteholder, as soon as possible after the occurrence of the Event described in paragraph (iv) above, an Early Redemption Amount on the basis of Market Value as defined in Condition 7(h) of the Terms and Conditions of the English Law Notes and the Uncertificated Notes and in Condition 6(h) of the Terms and Conditions of the French Law Notes.

E. If an Index is split into two or more new indices (the **Event**), the Calculation Agent will, either:

- (A) use the indices resulting from the split to determine an index equivalent to the one existing prior to the split (provided that the indices resulting from the split will be deemed to form together the **New Index**); or
- (B) replace the split Index with a new index (a **New Index**) as long as such New Index is (a) representative of the same economic or geographic sector (as the case may be), and (b) to the extent possible representative of shares listed on one or more Exchanges of one or more OECD countries.

If the Calculation Agent has not retained (A) and if in (B) no index meeting the criteria (a) and (b) can be selected by the Calculation Agent, then the Issuer shall terminate its obligations under the Notes and pay to each Noteholder, as soon as possible after the occurrence of the Event described in paragraph (v) above, an Early Redemption Amount on the basis of Market Value as defined in Condition 7(h) of the Terms and Conditions of the English Law Notes and the Uncertificated Notes and in Condition 6(h) of the Terms and Conditions of the French Law Notes.

F. In the case of a Basket of Indices, in the event that shares forming part of one Index comprising the Basket represent at least 20 per cent. of the capitalisation of another Index forming part of the Basket (the **Affected Index**) (the **Event**), the Calculation Agent may, but is not obliged to, replace such Affected Index with a new index as long as such new index is (a) representative of the same economic or geographic sector (as the case may be), and (b) to the extent possible, representative of shares listed on one or more Exchanges of one or more OECD countries. If no index meeting the criteria (a) and (b) can be selected by the Calculation Agent, then the Issuer shall terminate its obligations under the Notes and pay to each Noteholder, as soon as possible after the occurrence of the Event, described above in

this paragraph, an Early Redemption Amount on the basis of Market Value as defined in Condition 7(h) of the Terms and Conditions of the English Law Notes and the Uncertificated Notes and in Condition 6(h) of the Terms and Conditions of the French Law Notes.

- G. In the event that an Index ceases to be the underlying of a futures and/or option contract (as the case may be) (the **Event**), the Calculation Agent may, but is not obliged to, replace such Index with a new index as long as such new index is (a) representative of the same economic or geographic sector (as the case may be), and (b) to the extent possible, representative of shares listed on one or more Exchanges of one or more OECD countries. If no index meeting the criteria (a) and (b) can be selected by the Calculation Agent, then the Issuer shall terminate its obligations under the Notes and pay to each Noteholder, as soon as possible after the occurrence of the Event described in this paragraph above, an Early Redemption Amount on the basis of Market Value as defined in Condition 7(h) of the Terms and Conditions of the English Law Notes and the Uncertificated Notes and in Condition 6(h) of the Terms and Conditions of the French Law Notes.

(2) Stop-Loss Event relating to an Index

If on any Exchange Business Day after the initial Valuation Date (excluded) before the last Valuation Date (included), the Closing Price of an Index is affected by a decrease of 80 per cent. or more of its Closing Price on the initial Valuation Date (the **Affected Index**), then

- (a) the Calculation Agent may decide to substitute the Affected Index by a new index representative of the same economic or geographic sector (as the case may be), and to the extent possible, representative of shares listed on one or more Exchanges of one or more OECD countries (the **Substitute Index**) and will adjust any relevant terms of the Notes accordingly; or
- (b) the Calculation Agent may decide to continue with the Affected Index; or
- (c) if the Calculation Agent has not retained any Substitute Index neither decided to continue with the Affected Index, the Issuer may terminate its obligations under the Notes and pay to each Noteholder, as soon as possible after the occurrence of the Stop-Loss Event, an Early Redemption Amount on the basis of Market Value as defined in Condition 7(h) of the Terms and Conditions of the English Law Notes and the Uncertificated Notes and in Condition 6(h) of the Terms and Conditions of the French Law Notes.

(3) Correction of the Closing Price of an Index

In the event that any price or level published on the Exchange or by the Index Sponsor and which is used for any calculation or determination made under the Notes is subsequently corrected and the correction is published and made available to the public by the Exchange or the Index Sponsor after the original publication but no later than four Business Days prior to the Maturity Date (or any payment date(s) determined in the applicable Final Terms), the Calculation Agent will determine the amount that is payable as a result of that correction, and, to the extent necessary, will adjust the terms of the Notes to account for such correction.

III. Adjustments and events relating to Dividends

(1) Adjustments

Adjustments in relation to an Index the components of which are used to determine the amounts due under Notes indexed on Dividends

If an event occurs affecting the Index the components of which are used to determine the amounts due under Notes indexed on Dividends, which in the determination of the Calculation Agent has a material effect on the amounts due under the Notes, then the Calculation Agent shall either:

- (a) adjust any terms of the Notes, it determines appropriate, in order to take into account the economic effect on the Notes of such event; or
- (b) replace the Index by a new index provided that such index is (a) representative of the same economic or geographic sector (as the case may be), and (b) to the extent possible, representative of shares listed on one or more Exchanges of one or more OECD countries; or
- (c) consider such event as an event triggering an early redemption of the Notes and then the Issuer shall terminate its obligations under the Notes and pay to each Noteholder, as soon as possible after the occurrence of the event giving rise to the relevant adjustment, an Early Redemption Amount on the basis of Market Value as defined in Condition 7(h) of the Terms and Conditions of the English Law Notes and the Uncertificated Notes and in Condition 6(h) of the Terms and Conditions of the French Law Notes.

Adjustments in relation to a Share the dividend of which is used to determine the amounts due under Notes indexed on Dividends

If an Extraordinary Event (as defined in Part 2 - I above) occurs affecting the Share (the **Affected Share**) the dividend of which is used to determine the amounts due under Notes indexed on Dividends, then the Calculation Agent shall either:

- B. adjust any terms of the Notes, it determines appropriate, in order to take into account the economic effect on the Notes of such event; or
- (a) replace the Affected Share by the resulting share or by a new share issued by a company of a similar international standing or creditworthiness as the Company related to the Affected Share; or
- (b) apply Early Redemption as defined in Part 2-I – (1) above on the basis of Market Value as defined in Condition 7(h) of the Terms and Conditions of the English Law Notes and the Uncertificated Notes and in Condition 6(h) of the Terms and Conditions of the French Law Notes.

If a Potential Adjustment Event (as defined in Part 2 - I above) occurs affecting the Share (the **Affected Share**) the dividend of which is used to determine the amounts due under Notes indexed on Dividends, then the Calculation Agent will, subject to the provisions of the last paragraph of the definition “Dividend” above, adjust any terms of the Notes, it determines appropriate, in order to take into account the economic effect on the Notes of such event.

(2) **Extraordinary Events**

Failure to Publish

If during the Dividend Period, the Index Sponsor fails (for whatever reason including without limitation, a Market Disruption Event as defined in the Common definitions and provisions for Shares, American Depositary Receipts, Indices and Dividends in Part 1 above) to calculate and publish the number of free-float shares in respect of any Share or the Official Index Divisor, then the Calculation Agent shall determine the number of free-float shares in respect of such Share or the Official Index Divisor (as the case may be).

In making any such determination, the Calculation Agent may (but shall not be obliged to) make reference to the formula for and method of calculating the number of free-float shares or the Official Index Divisor (as the case may be) last in effect prior to the failure by the Index Sponsor to make the relevant calculation or publication.

Dividend Recovery

If (i) the amount actually paid or delivered by an issuer to holders of record of the relevant Share in respect of any Dividend declared by such issuer (a **Declared Dividend**) to holders of record of such Share is not equal to such Declared Dividend (a **Dividend Mismatch Event**); or (ii) such issuer fails to make any payment or delivery in respect of such Declared Dividend by the third Business Day following the relevant due date, then the Calculation Agent may (but shall not be obliged to) determine any appropriate adjustment to be made to account for such correction or subsequent publication, together with interest, on any amount subsequently due under the Notes.

(3) Corrections

In the event that an Official Index Divisor or number of free floating shares calculated and published by the Index Sponsor (or determined by the Calculation Agent pursuant to the provisions above relating to “Failure to Publish”) and utilized for any calculation or determination made in respect of the Notes is subsequently corrected (or, where there has been a Failure to Publish, published by the Index Sponsor) and the correction is published (or, where there has been a Failure to Publish, publication is made) by the Index Sponsor within five Scheduled Trading Days (as defined in the Definitions specific to Indices in Part 1 above) after the original publication, the Calculation Agent will adjust the Dividend, as required, to take into account such correction *provided that* such correction or subsequent publication occurs no later than four Business Days prior to the Maturity Date (or any payment date(s) determined in the applicable Final Terms).

IV. Hedging Disruption, Insolvency Filing and consequences - Change in Law and consequences

(1) Hedging Disruption and Insolvency Filing

Hedging Disruption means, in respect of Notes that have one or more Share(s), Index(ices), ADR(s), Dividend(s) as Underlying(s), that Société Générale or one of its affiliates is unable, after using commercially reasonable efforts, to either (a) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the equity price risk (or any other relevant price risk including, but not limited to, the currency risk) of entering into and performing its obligations with respect to the Notes or the agreement entered into with Société Générale by the Issuer of the Notes, or (b) freely realize, recover, receive, repatriate, remit or transfer the proceeds of Hedge Positions as the case may be between accounts within the jurisdiction of the Hedge Positions (the “Affected Jurisdiction”) or from accounts within the Affected Jurisdiction to accounts outside of the Affected Jurisdiction.

Insolvency Filing means, in respect of Notes that have one or more Share(s), ADR(s) or Dividend(s) as Underlying(s) that the Company institutes or has instituted against it by a regulator, supervisor or any similar official with primary insolvency, rehabilitative or regulatory jurisdiction over it in the jurisdiction of its incorporation or organization or the jurisdiction of its head home office, or it consents to a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditor’s rights, or a petition is presented for its winding-up or liquidation by it or such regulator, supervisor or similar official or it consents to such a petition, provided that proceedings instituted or petitions presented by creditors and not consented to by the Company shall not be deemed an Insolvency Filing.

In case of the occurrence of a Hedging Disruption relating to a Share, an Index, an ADR or Dividend(s) or of the occurrence of an Insolvency Filing relating to a Share, an ADR or Dividend(s) (the **Affected Underlying**), the Calculation Agent may:

- (A) consider such event as an event triggering an early redemption of the Notes (hereafter, an Early Redemption Event). In that case where an Early Redemption Event occurs, the Issuer shall terminate its obligations under the Notes and shall pay or cause to be paid an Early Redemption Amount on the basis of the Market Value as defined in Condition 7(h) of the Terms and Conditions of the English Law Notes and the Uncertificated Notes and in Condition 6(h) of the Terms and Conditions of the French Law Notes; or

Upon the occurrence, in the determination of the Calculation Agent, on or prior to the last Valuation Date or the last Averaging Date of a Change in Law, then the Calculation Agent will decide with regard to the Affected Underlying by such Change in Law, either:

- (A) consider such event as an event triggering an early redemption of the Notes (hereafter, an Early Redemption Event). In that case where an Early Redemption Event occurs, the Issuer shall terminate its obligations under the Notes and shall pay or cause to be paid an Early Redemption Amount on the basis of the Market Value as defined in Condition 7(h) of the Terms and Conditions of the English Law Notes and the Uncertificated Notes and in Condition 6(h) of the Terms and Conditions of the French Law Notes; or

- (2) If a Barrier Date is not a Common Commodity Business Day, then such Barrier Date shall be postponed to the next day which is a Common Commodity Business Day, subject to determination deadline provisions in (3) and (4) below.
- (3) If there is no Commodity Business Day or Common Commodity Business Day, as relevant, within a five Observation Business Days period following the date originally stated as Valuation Date or Barrier Date, as relevant, then the last day of such period shall be deemed to be the Valuation Date or the Barrier Date, as relevant, and the Calculation Agent shall determine for such day, in good faith, the fair market value of the Commodity or Commodities for which such day is not a Commodity Business Day.
- (4) Notwithstanding the foregoing, a Valuation Date or a Barrier Date shall occur not later than the fourth Business Day prior to the date of any payment to be made on the basis of determinations made for such Valuation Date or Barrier Date; as the case may be, such fourth Business Day shall be deemed to be the Valuation Date or Barrier Date, as relevant, and the Calculation Agent shall determine in good faith the fair market value of the Commodity or Commodities for which that fourth Business Day is not a Commodity Business Day.

II. Consequences of Market Disruption Events

- (1) If a Market Disruption Event occurs or is continuing with respect to a Commodity Reference Price on a Valuation Date, then the price of such Commodity with respect to such Valuation Date will be the Commodity Reference Price for the next Commodity Business Day on which there is no Market Disruption Event (the **Determination Day**), subject to determination deadline provisions in (3) and (4) below.
- (2) If a Market Disruption Event occurs or is continuing with respect to a Commodity Reference Price on a Barrier Date, then the prices of all Commodities specified in the applicable Final Terms with respect to such Barrier Date will be the Commodity Reference Prices for the next Common Commodity Business Day on which there is no Market Disruption Event (the **Common Determination Day**), subject to determination deadline provisions in (3) and (4) below.
- (3) If there is no Determination Day or Common Determination Day, as relevant, within a period of five Observation Business Days following the Valuation Date or the Barrier Date, as relevant, then the prices for such Valuation Date or Barrier Date, as relevant, shall be determined in good faith by the Calculation Agent on such fifth Observation Business Day, using:
 - (a) with respect to the Commodity or Commodities which are not affected by a Market Disruption Event on the fifth Observation Business Day, the relevant Commodity Reference Price for that fifth Observation Business Day and
 - (b) with respect to the Commodity or Commodities which are affected by a Market Disruption Event on the fifth Observation Business Day, the fair market value of such Commodity or Commodities as determined by the Calculation Agent.
- (4) Notwithstanding the foregoing, the prices for a Valuation Date or Barrier Date, as relevant, shall be determined by the Calculation Agent at the latest on the fourth Business Day prior to the date of any payment to be made on the basis of determinations made for such Valuation Date.
- (5) If a date is specified in the applicable Final Terms as both a Valuation Date and a Barrier Date, it will be considered as a Valuation Date for the purposes of consequences provided for in this section II.

III. Consequences of extraordinary events affecting the Commodities or Commodity Reference Prices

If, in the determination of the Calculation Agent:

- (A) the trading in the relevant Futures Contract or the relevant Commodity on the relevant Exchange fails to commence or permanently discontinues, or
- (B) the relevant Commodity Reference Price disappears or permanently discontinues or otherwise becomes unavailable, or
- (C) at any time following the first Valuation Date, a material change in the formula or calculation method for the relevant Commodity Reference Price occurs, or
- (D) at any time following the first Valuation Date, a material change in the content, composition or constitution of the relevant Commodity occurs;

then the Calculation Agent shall either:

- (E) determine in good faith the fair market value of the relevant Commodity for the relevant Valuation Date or Barrier Date, or
- (F) replace, to the extent possible, the affected Commodity Reference Price with a similar price, or
- (G) if the Calculation Agent does not make a determination in accordance with paragraph (A) and if in the determination of the Calculation Agent, no price meeting the criteria exists which is appropriate as replacement price in accordance with paragraph (F), then the Issuer shall terminate its obligations under the Notes and pay to each Noteholder, as soon as possible after the occurrence of the event giving rise to the relevant adjustment, an Early Redemption Amount on the basis of Market Value as defined in Condition 7(h) of the Terms and Conditions of the English Law Notes and Uncertificated Notes and 6(h) of the Terms and Conditions of the French Law Notes.

PART 6 - PROVISIONS APPLICABLE TO INDICES ON COMMODITIES

I. Index Business Day Adjustment

- (2) If a Barrier Date is not a Common Index Business Day, then such Barrier Date shall be postponed to the next day which is a Common Index Business Day, subject to determination deadline provisions in (3) and (4) below.
- (3) If there is no Index Business Day or Common Index Business Day, as relevant, within a five Observation Business Days period following the date originally stated as Valuation Date or Barrier Date, as relevant, then the last day of such period shall be deemed to be the Valuation Date or the Barrier Date, as relevant, and the Calculation Agent shall determine for such day, in good faith, the fair market level of the Index or Indices for which such day is not an Index Business Day.
- (4) Notwithstanding the foregoing, a Valuation Date or a Barrier Date shall occur not later than the fourth Business Day prior to the date of any payment to be made on the basis of determinations made for such

Valuation Date or Barrier Date; as the case may be, such fourth Business Day shall be deemed to be the Valuation Date or Barrier Date, as relevant, and the Calculation Agent shall determine in good faith the fair market level of the Index or Indices for which that fourth Business Day is not an Index Business Day.

II. Consequences of Disrupted Days

- (1) If a Valuation Date specified in the applicable Final Terms is a Disrupted Day for an Index, the level of such Index shall be determined by the Calculation Agent in good faith in accordance with the formula and calculation method for that Index last in effect prior to the occurrence of the first Disrupted Day (subject to determination deadline provisions in (4) below), using:
 - (a) with respect to each commodity comprised in the Index, which is not affected by a Market Disruption Event, its settlement price as determined and made public by the relevant Exchange for the Valuation Date and
 - (b) with respect to each commodity comprised in the Index which is affected by a Market Disruption Event, its settlement price as determined and made public by the relevant Exchange for the next day which is a Commodity Business Day with respect to such commodity and on which the Market Disruption Event ceases to exist, unless that Market Disruption Event continues to exist (measured from and including the Valuation Date) for five consecutive Observation Business Days, in which case the Calculation Agent shall determine the fair market value of the relevant commodity comprised in the Index on that fifth Observation Business Day.
 - (c) If the Index Sponsor fails to make public the Closing Price of an Index on the relevant Index Sponsor's website for a Barrier Date, the level of each of the Indices specified in the applicable Final Terms for that Barrier Date shall be its Closing Price for the next Common Index Business Day, subject to determination deadline provisions in (3) and (4) below.
 - (d) If there is no Common Index Business Day for which the relevant Index Sponsor(s) makes public the Closing Price(s) for all Indices specified in the applicable Final Terms within a period of five Observation Business Days following the Barrier Date, then the level of the Indices will be determined by the Calculation Agent on such fifth Observation Business Day (subject to determination deadline provisions in (4) below), using:
- (2) with respect to each Index for which there is a Closing Price made public by the relevant Index Sponsor, such Closing Price and
- (3) with respect to each Index for which there is no Closing Price made public by the relevant Index Sponsor, the fair market level of that Index.
- (4) Notwithstanding the foregoing, the date on which the value of a commodity comprised in the Index and the level of Index are determined shall occur not later than the fourth Business Day prior to the date of any payment to be made under the Notes on the basis of determinations made on such date.

III. Consequences of extraordinary events and adjustments to Indices

A. If an Index is:

- (A) not calculated and made public by the relevant Index Sponsor but is calculated and made public by a relevant successor sponsor (the **Successor Sponsor**) acceptable to the Calculation Agent, or

- (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for, and method of, calculation as used in the calculation of that Index;

then the Index will be deemed to be the index so calculated and made public by the relevant Successor Sponsor or that successor index (as the case may be).

B. If, in the determination of the Calculation Agent:

- (A) the relevant Index Sponsor (or if applicable the Successor Sponsor) makes a material change in the formula or calculation method for an Index or in any other way materially modifies an Index (other than a modification prescribed in that formula or method to maintain that Index in the event of changes in commodities comprised in the Index and capitalisation and other routine events), or
- (B) the Index Sponsor (or, if applicable, the Successor Sponsor) permanently cancels an Index and no successor Sponsor exists;

then the Calculation Agent shall either:

- (C) determine the level of that Index for the relevant Valuation Date or Barrier Date in accordance with the formula and calculation method for that Index last in effect prior to that change, failure or cancellation. The Index so calculated will be used *in lieu* of the Closing Price made public by the Index Sponsor for the determination of an amount to be paid under the Notes or to determine whether a condition, if any, has occurred or not, or
- (D) replace the Index with a new index to the extent possible, representative of the similar type of commodities comprised in the Index and traded on one or more Exchanges, or
- (E) if the Calculation Agent does not make a calculation in accordance with paragraph (C) and if, in the determination of the Calculation Agent, no index meeting the criteria exists which is appropriate as replacement index in accordance with paragraph (D), then the Issuer shall terminate its obligations under the Notes and pay to each Noteholder, as soon as possible after the occurrence of the event giving rise to the relevant adjustment, an Early Redemption Amount on the basis of Market Value as defined in Condition 7(h) of the Terms and Conditions of the English Law Notes and Uncertificated Notes and 6(h) of the Terms and Conditions of the French Law Notes.

PART 7 - HEDGING DISRUPTION, CHANGE IN LAW AND CONSEQUENCES THEREOF

Change in Law means, with respect to Notes that have one or more Commodity(ies) as Underlying(s) that, on or after the first to occur of (i) the Issue Date and (ii) the first Valuation Date of the Notes, due to:

- (A) the adoption of, or any change in, any applicable law (including without limitation, any Commodity Futures Trading Commission or tax law) or any regulation, rule or procedure of any exchange or principal trading market on which a Commodity or any component thereof is traded (together the “Applicable Regulation”); or
- (B) the promulgation of, or any change in the published interpretation by any court, tribunal or regulatory authority with competent jurisdiction or supervisory duty, of any Applicable Regulation (including any action taken by a taxing authority),

the Calculation Agent determines in good faith that:

- I.2 it has become illegal or contrary to any Applicable Regulation for Société Générale or one of its affiliates to (x) hold, acquire or dispose of any Hedge Position (as defined below) or (y) maintain the agreement entered into with the Issuer in relation to the Notes or the Underlying(s) of the Notes or to perform its obligations or exercise its rights thereunder; or
- I.3 Société Générale or one of its affiliates incurs or there is a substantial likelihood that Société Générale or one of its affiliates will incur increased costs, fees or charges in (x) acquiring, establishing, re-establishing, substituting, maintaining, unwinding or disposing of any Hedge Position or (y) maintaining any agreement entered into with the Issuer in relation to the Notes or the Underlying(s) of the Notes or performing its obligations thereunder.

Hedging Disruption means, with respect to Notes that have one or more Commodity(ies) as Underlying(s), that, as determined in good faith by the Calculation Agent, Société Générale or one of its affiliates is unable, after using commercially reasonable efforts, to either:

- (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any Hedge Position; or
- (ii) freely realize, recover, receive, repatriate, remit or transfer the proceeds of any Hedge Position or any agreement entered into with the Issuer in relation to the Notes or the Underlying(s) of the Notes.

For the purpose hereof, **Hedge Position** means one or more positions in or contracts related to commodities, over-the-counter or exchange-traded commodity derivative transactions, foreign exchange transactions or other instruments or arrangements (howsoever described) necessary to hedge, individually or on a portfolio basis or otherwise, the risks of Société Générale or one of its affiliates of (a) issuing and performing any of the obligations with respect to the Notes or (b) entering into and performing the obligations under the agreement entered into with the Issuer in relation to the Notes or the Underlying(s) of the Notes.

Upon the occurrence, as determined by the Calculation Agent in good faith, of a Hedging Disruption or a Change in Law (the **Affected Underlying**), the Calculation Agent may:

- (1) consider such event as an event triggering an early redemption of the Notes (hereafter, an Early Redemption Event). In that case, where an Early Redemption Event occurs, the Issuer shall terminate its obligations under the Notes and shall pay or cause to be paid an Early Redemption Amount based on the Market Value as defined in Condition 7(h) of the Terms and Conditions of the English Law Notes and Uncertificated Notes and 6(h) of the Terms and Conditions of the French Law Notes; or
- (2) replace the Affected Underlying by a new underlying which is representative of the same economic or geographic sector.

PART 8 - CALCULATIONS BY THE CALCULATION AGENT

- A. Unless otherwise specified in the applicable Final Terms, and with respect to Notes to which this Commodities Technical Annex applies, the Calculation Agent responsible for calculating the Rate of Interest and/or the Final Redemption Amount and/or interest payable and/or the Early Redemption Amount shall be Société Générale, 29 boulevard Haussmann, 75009 Paris, France. by the Calculation Agent; details on such adjustment made or decision taken can be obtained by the Noteholders upon request at the relevant address specified in the applicable Final Terms.

C) CREDIT TECHNICAL ANNEX

Capitalised terms used but not defined in this Part 1 shall have the meanings given to them in Part 2 of this Credit Technical Annex save to the extent it is supplemented or modified in the applicable Final Terms.

I. CREDIT EVENT PROVISIONS

II. If the Settlement Method specified in the applicable Final Terms is Physical Settlement:

(a) Physical Settlement

1.1 If a Credit Event has occurred, as determined by the Calculation Agent, in the period from and including the Launch Date to and including the Last Credit Event Occurrence Date and a Credit Event Notice and, if applicable a Notice of Publicly Available Information, are delivered during the Notice Delivery Period by or on behalf of the Issuer to the Relevant Clearing System for the Noteholders' information, then the Issuer will no longer be liable for the payment of the Final Redemption Amount on the Scheduled Maturity Date or on the Maturity Date, as the case may be, and will, in full and final satisfaction of its obligations hereunder in respect of the redemption of each Note, Deliver or procure Delivery of the Physical Delivery Amount to the Noteholders during the Physical Settlement Period, subject to the next following paragraph and the cash settlement provisions hereafter.

The Delivery of the Specified Deliverable Obligations (or the payment of the Cash Settlement Amount as the case may be) is subject to the prior delivery by or on behalf of the Issuer to the Relevant Clearing System for the Noteholders' information, of a Notice of Physical Settlement between the Credit Event Determination Date and the Latest Notification Date (both dates inclusive).

1.2 Following the occurrence of a Credit Event with respect to a Reference Entity, the Issuer has sole and absolute discretion to select the Specified Deliverable Obligations.

1.3 The Issuer will not necessarily Deliver all the Specified Deliverable Obligations on the same date, and may Deliver Specified Deliverable Obligations to different Noteholders on different dates or to the same Noteholder on different dates.

1.4 The Issuer is not obliged to Deliver the same type and proportion of Deliverable Obligations to each Noteholder and a Noteholder may receive various types of Deliverable Obligations.

1.5 If any or all of the Specified Deliverable Obligations are not eligible for clearance by the Relevant Clearing System, then the Issuer may, at its discretion but upon prior notice to the Noteholders, arrange:

(i) Delivery of those Specified Deliverable Obligations, if any, that are eligible for clearance by the Relevant Clearing System in the Relevant Clearing System and Delivery of those Specified Deliverable Obligations that are not eligible for clearance by the Relevant Clearing System outside the Relevant Clearing System; or

(ii) Delivery of all the Specified Deliverable Obligations (whether or not those Specified Deliverable Obligations are eligible for clearance) outside the Relevant Clearing System.

The Relevant Clearing System will then be instructed to block and, upon confirmation by the Issuer that delivery has taken place, cancel the Noteholders' positions in its books and the Fiscal Agent in turn will cancel the outstanding Notes. If Delivery is to take place outside the Relevant Clearing System, the Issuer must receive the relevant Noteholders' transfer instructions in terms that are satisfactory to the

Issuer sufficiently before the Latest Permissible Physical Settlement Date to allow for physical settlement, otherwise the cash settlement provisions set out below will apply.

In such event, the last Interest Payment Date will be the Physical Settlement Date. Provided that, if (i) the Credit Event that is the subject of the Credit Event Notice is a Repudiation/Moratorium that occurs after the fourth Business Day prior to the Scheduled Maturity Date, (ii) the Potential Repudiation/Moratorium with respect to such Repudiation/Moratorium occurs on or prior to the fourth Business Day prior to the Scheduled Maturity Date and (iii) the Repudiation/Moratorium Extension Condition is satisfied, in which case, the last Interest Payment Date is the Scheduled Maturity Date. Provided further that, if (i) the Credit Event that is the subject of the Credit Event Notice is a Failure to Pay that occurs after the fourth Business Day prior to the Scheduled Maturity Date and (ii) the Potential Failure to Pay with respect to such Failure to Pay occurs on or prior to the fourth Business Day prior to the Scheduled Maturity Date, the last Interest Payment Date shall be the Scheduled Maturity Date.

No interest shall accrue nor be payable from and including the Credit Event Determination Date to the Physical Settlement Date. In the event the Maturity Date falls after the Scheduled Maturity Date, no interest will be payable from and including the Scheduled Maturity Date to the Maturity Date.

No interest shall accrue nor be payable from and including the Interest Payment Date preceding the Credit Event Determination Date (or the Interest Commencement Date in case of a Credit Event occurring before the

first Interest Payment Date) to the Physical Settlement Date. In the event the Maturity Date falls after the Scheduled Maturity Date, no interest will be payable from and including the Scheduled Maturity Date to the Maturity Date.

If Accrual of Interest is specified as Applicable in the related Final Terms and there is only one Interest Period: The Interest Period will be the period from and including the Interest Commencement Date to but excluding the Credit Event Determination Date, the Interest Payment Date will be the Physical Settlement Date. No interest shall accrue nor be payable from and including the Credit Event Determination Date to the Physical Settlement Date.

If (i) Accrual of Interest is specified as Applicable and (ii) Repudiation /Moratorium or Grace Period Extension are specified as Applicable in the related Final Terms and there is only one Interest Period: The Interest Period will be the period from and including the Interest Commencement Date to but excluding the earlier of (a) the Credit Event Determination Date and (b) the Scheduled Maturity Date.

If Accrual of Interest is specified as Not Applicable in the related Final Terms and there is only one Interest Period: No interest shall accrue nor be payable in respect of the Notes.

For the avoidance of doubt, should a Credit Event Determination Date occur within an Interest Period less than four Business Days prior to the relevant Interest Payment Date and the Issuer's payment instructions have already been given in respect of interest payable with respect to such Interest Period, then the Issuer shall be authorised to deduct from the Physical Delivery Amount the amount of overpaid interest, such deduction being determined by the Calculation Agent in its sole and absolute discretion acting in a commercially reasonable manner.

If European Settlement is specified in the applicable Final Terms and clause 1.1 of this Part 1.II applies, the following clause 1.7 shall apply:

- 1.7** Interest Period means each period from and including an Interest Payment Date to but excluding the next Interest Payment Date; provided however that the first Interest Period begins on the Interest Commencement Date (inclusive) and the last Interest Period remains subject to the provisions of this Part 1.

In such event, the last Interest Payment Date will be the earlier of the Interest Payment Date following the 4th Business Day falling after the Credit Event Determination Date and the Maturity Date. Provided that, if (i) the Credit Event that is the subject of the Credit Event Notice is a Repudiation/Moratorium that occurs after the fourth Business Day prior to the Scheduled Maturity Date, (ii) the Potential Repudiation/Moratorium with respect to such Repudiation/Moratorium occurs on or prior to the fourth Business Day prior to the Scheduled Maturity Date and (iii) the Repudiation/Moratorium Extension Condition is satisfied, in which case, the last Interest Payment Date shall be the Scheduled Maturity Date. Provided further that, if (i) the Credit Event that is the subject of the Credit Event Notice is a Failure to Pay that occurs after the fourth Business Day prior to the Scheduled Maturity Day and (ii) the Potential Failure to Pay with respect to such Failure to Pay occurs on or prior to the fourth Business Day prior to the Scheduled Maturity Date, the last Interest Payment Date shall be the Scheduled Maturity Date.

No interest shall accrue nor be payable from and including the Credit Event Determination Date to the Maturity Date. In the event the Maturity Date falls after the Scheduled Maturity Date, no interest will be payable from and including the Scheduled Maturity Date to the Maturity Date.

If Accrual of Interest is specified as Applicable in the related Final Terms and there is only one Interest Period: The Interest Period will be the period from and including the Interest Commencement Date to but excluding the Credit Event Determination Date, the Interest Payment Date will be the Maturity Date. No interest shall accrue nor be payable from and including the Credit Event Determination Date to the Maturity Date.

If (i) Accrual of Interest is specified as Applicable and (ii) Repudiation /Moratorium or Grace Period Extension are specified as Applicable in the related Final Terms and there is only one Interest Period: The Interest Period will be the period from and including the Interest Commencement Date to but excluding the earlier of (a) the Credit Event Determination Date and (b) the Scheduled Maturity Date.

In such event, the last Interest Payment Date will be the Maturity Date. Provided that, if (i) the Credit Event that is the subject of the Credit Event Notice is a Repudiation/Moratorium that occurs after the fourth Business Day prior to the Scheduled Maturity Date, (ii) the Potential Repudiation/Moratorium

with respect to such Repudiation/Moratorium occurs on or prior to the fourth Business Day prior to the Scheduled Maturity Date and (iii) the Repudiation/Moratorium Extension Condition is satisfied, in which case, the last Interest Payment Date shall be the Scheduled Maturity Date.

No interest shall accrue nor be payable from and including the Credit Event Determination Date to the Maturity Date. In particular, in the event the Maturity Date falls after the Scheduled Maturity Date, no interest will be payable from and including the Scheduled Maturity Date to the Maturity Date.

If Accrual of Interest is specified as Not Applicable in the related Final Terms and there is only one Interest Period: No interest shall accrue nor be payable in respect of the Notes.

For the avoidance of doubt, should a Credit Event Determination Date occur within an Interest Period less than four Business Days prior to the relevant Interest Payment Date and the Issuer's payment instructions have already been given in respect of interest payable with respect to such Interest Period, then the Issuer shall be authorised to deduct from the Physical Delivery Amount the amount of overpaid interest, such deduction being determined by the Calculation Agent in its sole and absolute discretion acting in a commercially reasonable manner.

2. Cash Settlement

2.1 If, on the Latest Permissible Physical Settlement Date, the Calculation Agent (acting on behalf of the Issuer) determines that it is Illegal or Impossible for the Issuer to Deliver all or part of the Specified Deliverable Obligations to all or some of the Noteholders or if the Issuer does not receive transfer instructions as described in the last sentence of clause 1.5 above, then the Calculation Agent will calculate in respect of such part of the Specified Deliverable Obligations which are Undeliverable Obligations a Cash Settlement Amount and the Issuer will, on the Cash Settlement Date, pay or procure payment of a Cash Settlement Amount to the relevant Noteholders in final and full satisfaction of its obligations in respect of the Undeliverable Obligations.

2.2 The Issuer must notify the relevant Noteholders through the Relevant Clearing System that there are Undeliverable Obligations and the reasons why it is Illegal or Impossible to Deliver such Specified Deliverable Obligations.

2.3 If, before the Latest Permissible Physical Settlement Date, the Calculation Agent determines that the Delivery of all of the Specified Deliverable Obligations is Illegal or Impossible; and it deems in good faith that such Delivery is to remain Illegal or Impossible until the Latest Permissible Physical Settlement Date,

then the Calculation Agent may give notice thereof to the Relevant Clearing System for the attention of the Noteholders. The Credit Valuation Date will then be the date that is two Business Days after the date on which the Calculation Agent delivers such notice to the Relevant Clearing System, and the Issuer will pay the Noteholders a Cash Settlement Amount on the Cash Settlement Date in full and final satisfaction of its obligations in respect of the Undeliverable Obligations.

2.4 If Delivery is partially Illegal or Impossible, the Issuer may, for each Noteholder, Deliver Specified Deliverable Obligations and pay a Cash Settlement Amount. The Issuer is not obliged to ensure that each Noteholder receives the same type and proportion of Deliverable Obligations and the same proportion of Deliverable Obligations and Cash Settlement Amount as each other Noteholder.

2.5 If clause 2.1 or clause 2.3 of this Part 1.II applies, the Issuer may arrange that all settlements hereunder be made outside the Relevant Clearing System in the manner described in clause 1.5 above provided that the Issuer receives transfer instructions in terms that are satisfactory to the Issuer to allow for such settlements.

- 2.6 The Calculation Agent will inform the Noteholders via the Relevant Clearing System of the Cash Settlement Amount by sending a Final Valuation Notice.

If the date on which Best available Information becomes available or is filed precedes the legally effective date of the relevant succession Event, any assumptions as to the allocation of obligations between or among entities contained in the Best Available Information will be deemed to have been fulfilled as of the legally effective date of the Succession Event, whether or not this is in fact the case.

In allocating the Portfolio amongst the relevant components the Portfolio Manager will take into account (i) variations in the performance of the Risky Asset and (ii) the specific market conditions. The Portfolio Manager may permit the exposure of the Portfolio to the Risky Asset (the **Risky Asset Exposure** being Risky Asset Value / Portfolio Value) to vary from the Minimum Exposure (0 per cent. means that the Portfolio is exclusively invested in the Non Risky Asset) to the Maximum Exposure (100 per cent. or more means that the Portfolio is exclusively invested in the Risky Asset). For the avoidance of doubt, a Risky Asset Exposure exceeding 100 per cent. reflects the leverage feature of the investment in the Portfolio (Risky Asset in the Portfolio partly financed by borrowings).

- a) If **Portfolio Allocation** is specified in the applicable Final Terms, the Portfolio Manager will allocate the Portfolio amongst the relevant components on a dynamic basis in accordance with the methodology known as the DPI (“Dynamic Portfolio Insurance”) methodology or the CPPI (“Constant Portfolio Proportion Insurance”) methodology or the ODPI (“Objective Driven Portfolio Insurance”) methodology (or any other similar methodology as specified and described in the applicable Final Terms) with a view to achieving (i) a capital protection feature for the Notes and/or (ii) a participation in the growth of the value of the assets comprised in the Portfolio and/or (iii) a Performance Objective in the case of the ODPI methodology.
- b) If **DPI Basket Allocation** is specified in the applicable Final Terms, it shall mean that allocation amongst the relevant components of the Basket will be managed on a dynamic basis in accordance with the methodology known as the DPI or the CPPI methodology but making use of some arbitrary parameters that will not allow any capital protection, as follows:
- the Portfolio Manager will periodically make observation of the difference (such difference being the **Cushion**) between (i) the Basket Value per Note on a given date t and (ii) the Reference Level (expressed as a percentage) on the same date multiplied by the Basket Value per Note on the Initial Determination Date
 - the Portfolio Manager may determine, at its absolute discretion, a range within which the ratio of the Risky Asset Value per Note to the Cushion (such ratio being the **Multiplier**) should remain. If the Portfolio Manager observes that the Multiplier has deviated from such targeted range it may adjust the allocation of components within the Basket by increasing or decreasing (as appropriate) the allocation of the Risky Asset in the Basket such that the Multiplier falls within the targeted range, subject to the Maximum Exposure and Minimum Exposure. Alternatively the Multiplier may be a pre-determined fixed factor which generates a norm of Risky Asset Value (or Risky Asset Exposure) on the basis of current level of the Cushion. Adjustment of the Basket allocation is made only if the actual figures diverge from the norm by more than a specified percentage; where such alternative applies a Fixed Multiplier and a Specified Percentage in respect of the Risky Asset Exposure shall be specified in the applicable Final Terms.
- c) If **Volatility Cap Basket Allocation** is specified in the applicable Final Terms, the Portfolio Manager will dynamically manage the allocation of the Basket according to the Volatility Cap methodology as set below.

Volatility Re-Balancing: the Portfolio Manager will determine the level of the Basket Volatility on each Business Day t (the **Basket Volatility(t)**) in accordance with the formula below. If the Basket Volatility_(t) exceeds the Volatility Cap Level or is below the Volatility Floor Level, then the Portfolio Manager will proceed with a re-balancing of the Basket by increasing/decreasing the exposure to the Non Risky Asset and by decreasing/increasing the exposure to the Risky Asset in order to reach the Volatility Reset Level.

The target weights of the 2 components within the Basket on a Business Day t are defined as follows:

Risky Asset Target Weight (t) =

Max[Minimum Exposure; Min (Maximum Exposure; Risky Asset Target Weight (t-1) × Volatility Reset Level / Basket Volatility(t))]

Non Risky Asset Target Weight(t) = 1 - Risky Asset Target Weight(t)

where **t-1** is the first Business Day before the date **t**

On the Initial Determination Date (t=0) Risky Asset Target Weight (t-1) = Maximum Exposure.

The re-balancing of the Basket will be made within 3 (or 5) Business Days of such date **t**, on a best efforts basis, and subject to valuation delay, liquidity and execution condition of the constituents of the Risky Asset.

Once a new allocation between the Risky Asset and the Non Risky Asset is determined, it will remain constant unless the Basket Volatility leads to a re-balancing in accordance with these allocation rules.

Each of the **Volatility Cap Level**, the **Volatility Floor Level** and the **Volatility Reset Level** is the relevant percentage as specified in the applicable Final Terms.

Basket Volatility (t) means, on each Business Day **t**, the Annualised Standard Deviation of the Daily Return of the Risky Asset multiplied by the Risky Asset Target Weight (t-1). The Basket Volatility will be determined for the first time on the Initial Determination Date, subject to valuation delay, liquidity and execution condition of the constituents of the Risky Asset.

Annualised Standard Deviation:
$$\sigma = \sqrt{260 \times \frac{1}{n-1} \sum_{i=0}^{19} R_{t-i}^2}$$

where:

n is the number of Business Days in the Rolling Period.

R_{t-i} is the Daily Return of the Risky Asset on Business Day **t-i** of the Rolling Period.

i designates the numerical order (from 0 to 19) of the Business Days within a Rolling Period.

Daily Return of the Risky Asset means, on each Business Day **t**, the difference between the Risky Asset Value on such Business Day and the Risky Asset Value on the preceding Business Day, divided by the Risky Asset Value on such preceding Business Day.

PROVIDED THAT (i) if “**One to One**” is specified in the applicable Final Terms, the Notes will simply be indexed on the constituent(s) of the Risky Asset without any management or allocation strategy being implemented (unless otherwise specified in the applicable Final Terms), (ii) if “**Leverage Strategy**” is specified in the applicable Final Terms, the Portfolio will consist exclusively

in the Risky Asset and **Borrowed Capital** and will remain permanently exposed to such Risky Asset with generally no other management or allocation strategy than the periodical resetting of the Risky Asset Exposure at a specified level (the “**Target Exposure Level**”) and (iii) if “**Specific Strategy**” is specified in the applicable Final Terms, the Portfolio shall be managed and allocated in accordance with the specific rules detailed in such Final Terms.

PROVIDED FURTHER THAT in all cases the Risky Asset remains subject to the adjustment provisions set out in section 4 below.

Should the event cease on or after the decision of the Calculation Agent and/or the Portfolio Manager to early redeem the Notes, no Noteholder will be entitled to any payment whether of interest or otherwise in respect of the Notes other than the Early Redemption Amount and none of the Issuer, the Dealer, the Portfolio Manager and the Calculation Agent shall have any liability in respect of such early redemption,.

The Early Redemption Amount payable upon the occurrence of an event affecting the underlying equity index as mentioned above will be paid or caused to be paid to the Noteholders as if it were a redemption for taxation reason or an Event of Default on the basis of Market Value as defined in Condition 7(h) of the Terms and Conditions of the English Law Notes and Uncertificated Notes and 6(h) of the Terms and Conditions of the French Law Notes, provided that the Early Redemption Amount will, as the case may be, wholly or partly depend on the amounts received as the result of the unwinding of hedging arrangements entered into in respect of the Notes.

Should the event cease on or after the decision of the Calculation Agent and the Portfolio Manager to early redeem the Notes, no Noteholder will be entitled to any payment whether of interest or otherwise in respect of the Notes other than the Early Redemption Amount and none of the Issuer, the Dealer, the Portfolio Manager and the Calculation Agent shall have any liability in respect of such early redemption.

The Calculation Agent responsible for calculating the Rate of Interest and/or the Final Redemption Amount and/or interest payable and/or the Early Redemption Amount and in respect of Notes to which this Managed Assets Portfolio Technical Annex applies shall be specified in the applicable Final Terms, []. The calculations and determinations of the Calculation Agent will be conclusive and

binding upon the Issuer, the Guarantor, the Agent and the Noteholders, in the absence of manifest error or proven error.

E) NON EQUITY SECURITY TECHNICAL ANNEX

4. DEFINITIONS

Non Equity Security means a note or a certificate or a bond or a warrant or any other security other than a share, an index, a share or a fund unit, or a share of an investment company or an American depositary receipt or a credit risk, the name of which appears in the applicable Final Terms and subject to adjustments pursuant to the provisions of Part 9 “Events and adjustments” below.

Valuation Date means any date specified as such in the applicable Final Terms.

PART 9 - EVENTS AND ADJUSTMENTS

- (a) In case of the occurrence at any time on or prior to the last Valuation Date of the material or substantial modifications of the conditions of the Non Equity Security (such as but not limited to modification of the legal documentation related thereto) or any event or any change affecting the Non Equity Security (such as but not limited to definitive interruption of quotation of the Non Equity Security or termination of the obligations of the Issuer of the Non Equity Security under the Non Equity Security for any reason) and that, in the reasonable opinion of the Calculation Agent, is likely to have a significant effect on the value of the Non Equity Security, then, the Calculation Agent may:
- (i) adjust any terms of the Notes, it determines appropriate, in order to take into account the economic effect on the Notes of such event; or
 - (ii) substitute the Non Equity Security with a new underlying asset; or
 - (iii) consider such event as an event triggering the termination of the Notes (a **Termination Event**).
- (b) If a Termination Event occurs in respect of the Non Equity Security on or before the Maturity Date, then, the Calculation Agent shall determine, in good faith, the fair market value of the Notes and the Issuer shall terminate its obligations under the Notes and pay to each Noteholder, as soon as possible after the occurrence of the Termination Event, the amount determined by the Calculation Agent in respect of each Note.

PART 10 - CALCULATIONS – CALCULATION AGENT - PHYSICAL DELIVERY

The provisions of Part 3 of the Equity Technical Annex shall apply *mutatis mutandis* to Notes to which this Non Equity Security Technical Annex applies as specified in the applicable Final Terms.

F) DEFINITIONS RELATING TO FORMULAS

1. **+** means that the item preceding this sign is added to the item following this sign.
2. **-** means that the item following this sign is deducted from the item preceding this sign.
3. **/** means that the item preceding this sign is divided by the item following this sign.
4. **x** or ***** means that the item preceding this sign will be multiplied by the item following this sign.
5. **>** means that the item preceding this sign is strictly greater than the item following this sign. When used in a condition, it means that the item preceding this sign must be strictly higher than the item following this sign for the condition to be met. E.g. "If $X > Y$ then,..." means that X must be strictly greater than Y for the condition to be met.
6. **<** means that the item preceding this sign is strictly lower than the item following this sign. When used in a condition, it means that the item preceding this sign must be strictly lower than the item following this sign for the condition to be met. E.g. "If $X < Y$ then,..." means that X must be strictly lower than Y for the condition to be met.
7. **\geq** means that the item preceding this sign is equal to or higher than the item following this sign. When used in a condition, it means that the item preceding this sign must be equal to or greater than the item following this sign for the condition to be met. E.g. "If $X \geq Y$ then,..." means that X must be equal to or greater than Y for the condition to be met.
8. **\leq** means that the item preceding this sign is equal to or lower than the item following this sign. When used in a condition, it means that the item preceding this sign must be equal to or lower than the item following this sign for the condition to be met. E.g. "If $X \leq Y$ then,..." means that X must be equal to or lower than Y for the condition to be met.
9. **i, j** or **k** means in respect of the item to which it applies which can be without limitation a date (e.g. "Valuation Date (i)"), an underlying (e.g. "Share (i)") or a combination of underlyings (e.g. "Basket (i)") or a figure obtained pursuant to a formula (e.g. "Coupon (i)"), the designation of such item within a countable list, with the use of the variable i, j or k.
10. **i from X to Y** means that within the countable list of the designated item to which i applies (as defined above), only the items with a rank between X and Y both included (X and Y are numbers) are considered.
11. **i from X to Y and $\neq i0$** by extension the item ranked $i0$ is excluded from the above list.
12. i^k means, when an item is designated in a list by 2 variables, the designation of such item in the list. e.g. "Share i^k " with Valuation Date (k) means Share(i) on the Valuation Date(k).
13. **Min [X;Y]** means that the considered value is the lowest value between the values of the two numbers X and Y. If the two values X and Y are positive, the value that will be retained by application of this formula, will be the value that is the lowest of these two positive values (e.g. Min [3;2] 2 will be retained). If X is positive and Y negative, Y will be the value retained by application of this formula (e.g. Min [3; -2], -2 will be retained). If X is negative and Y positive, X will be the value retained by application of this formula (e.g. Min [-3;2], -3 will be retained). If both X and Y are negative values, the value retained by application of this formula will be the greatest negative value (e.g. Min [-3; -2], -3 will be retained). If X is positive and Y equal to 0 (e.g. Min [3; 0], Y = 0 will be retained) and if X is

negative and Y equal to 0 (e.g. Min [-3; 0], X = -3 will be retained). The same rule applies, if more than two values are considered.

14. **Max [X;Y]** means that the considered value is the highest value between the values of the two numbers X and Y. If the two values X and Y are positive, the value that will be retained by application of this formula, will be the value that is the highest of these two positive values (e.g. Max [3;2], 3 will be retained). If X is positive and Y negative, X will be the value retained by application of this formula (e.g. Max [3; -2], 3 will be retained). If X is negative and Y positive, Y will be the value retained by application of this formula (e.g. Max [-3;2], 2 will be retained). If both X and Y are negative values, the value retained by application of this formula will be the least negative value (e.g. Min [-3; -2], -2 will be retained). If X is positive and Y equal to 0 (e.g. Max [3; 0], X = 3 will be retained) and if X is negative and Y equal to 0 (e.g. Max [-3;0], Y = 0 will be retained). The same rule applies, if more than two values are considered.
15. **Min_{i from X to Y}** means that the considered value of the item to which it applies, will be the lowest of the different values that such item can take determined pursuant to the rules of Min above, when its rank in the list varies from X to Y. e.g. Min_{i from 1 to 5} Share(i) means that the relevant value to be considered is the lowest value amongst the 5 values that Share(i) takes.
16. **Max_{i from X to Y}** means that the considered value of the item to which it applies, will be the greatest of the different values that such item can take determined pursuant to the rules of Max above when its rank in the list varies from X to Y. e.g. Max_{i from 1 to 5} Share(i) means that the relevant value to be considered is the greatest value amongst the 5 values that Share(i) takes.
17. $\sum_{n=1}^X$ or Sum_{n from 1 to X} means, for the item to which it applies, the sum of the X values that the item will take. e.g. $\sum_{n=1}^{10}$ Basket (n) means the sum of the 10 values that Basket (n) takes when n varies from 1 to 10.

S(0): closing value of the Underlying on Valuation Date(0)

S(1): closing value of the Underlying on Valuation Date(1)

if $S(0) > S(1)$, then $IND(S(0) > S(1)) = 1$

NOW THIS DEED WITNESSES as follows:

1. Guarantee

Subject as provided herein, the Guarantor irrevocably and unconditionally guarantees by way of deed poll to each Holder that, if for any reason, the relevant Issuer does not pay any sum payable by it to such Holder in respect of any Note or Coupon or (if applicable) under the Deed of Covenant (including any premium or any other amounts of whatever nature or additional amounts which may become payable under any of the foregoing), as and when the same shall become due under any of the foregoing, the Guarantor will pay to such Holder on demand the amount payable by the relevant Issuer to such Holder; provided that (i) in the case of any Physical Delivery Notes in respect of which the relevant guaranteed obligation of the Issuer is an obligation to transfer the Underlying Asset(s) in respect of a Physical Delivery Amount, the Guarantor shall, in lieu of such transfer, be obliged to pay a cash amount in the relevant Specified Currency equal to the fair market value (as determined by the Calculation Agent in its sole discretion, but in a commercially reasonable manner, on or about the due date for transfer of the relevant Underlying Asset(s) in respect of the Physical Delivery Amount) of the Underlying Asset(s) in respect of the Physical Delivery Amount and (ii) if any payment described above is affected by Currency Unavailability (as defined in Condition 6(k) of the Terms and Conditions of the English Law Notes and the Uncertificated Notes and Condition 5(h) of the Terms and Conditions of the French Law Notes), the Guarantor will be entitled to satisfy its obligations to the relevant Holder by making payment in euro in accordance with the above-mentioned Condition. Notes issued before 27 April 2010 by SGA Société Générale Acceptance N.V. or SG Option Europe shall continue to have the benefit of the Previous Deed of Guarantee or, if applicable, any deed of guarantee applicable thereto made by the Guarantor prior to the Previous Deed of Guarantee. Notes issued prior to 19 December 2003 by SG Australia Limited (ABN 72 002 093 021) shall continue to have the benefit of any deed of guarantee applicable thereto made by the Guarantor prior to such date.

2. Guarantee Limit

This Guarantee shall not apply to any Series (as defined in the Programme Agreement) of Notes issued by an Issuer on or after the date hereof to the extent that, at the Issue Date of such Series of Notes, the sum of (A) the Aggregate Nominal Amount of such Series of Notes and (B) the sum of the Aggregate Nominal Amounts of each Series of Notes issued by the Issuers and Société Générale acting as issuer and outstanding on such Issue Date, in each case, converted into euro at the relevant spot rate of exchange on such Issue Date, is equal to an amount which exceeds €125,000,000,000.

For the purposes of this Clause, all references to "this Guarantee" and related expressions shall be to this Deed of Guarantee and the French Guarantee taken together and the Aggregate Nominal Amount of Notes guaranteed thereunder shall not exceed the Guarantee Limit.

3. Guarantor as Principal Debtor

Without affecting the relevant Issuer's obligations, the Guarantor will be liable under this Guarantee as if it were the sole principal debtor and not merely a surety. Accordingly, it will not be discharged, nor will its liability be affected, by anything which would not discharge it or affect its liability if it were the sole principal debtor (including (a) any time, indulgence, waiver or consent at any time given to the relevant Issuer or any other person, (b) any amendment to any Note, any Coupon or (if applicable) the Deed of Covenant or to any security or other guarantee or indemnity, (c) the making or absence of any demand on the relevant Issuer or any other person for payment, (d) the enforcement or absence of enforcement of any Note, any Coupon, (if applicable) the Deed of Covenant or of any security or other guarantee or indemnity, (e) the release of any such security, guarantee or indemnity, (f) the dissolution, amalgamation, reconstruction or reorganisation of the relevant Issuer or any other person or (g) the illegality, invalidity or unenforceability of or any defect in any provision of any Note, any Coupon or (if applicable) the Deed of Covenant or any of the relevant Issuer's obligations under any of them).

4. Guarantor's Obligations Continuing

The Guarantor's obligations under this Guarantee are and will remain in full force and effect by way of continuing security until no sum remains payable under any Note, any Coupon or (if applicable) the Deed of Covenant. Furthermore, these obligations of the Guarantor are additional to, and not instead of, any security or other guarantee or indemnity at any time existing in favour of a Holder, whether from the Guarantor or otherwise. The Guarantor irrevocably waives all notices and demands whatsoever.

5. Repayment to the Issuer

If any payment received by a Holder is, on the subsequent liquidation or insolvency of the relevant Issuer, avoided under any laws relating to liquidation or insolvency, such payment will not be considered as having discharged or diminished the liability of the Guarantor and this Guarantee will continue to apply as if such payment had at all times remained owing by the relevant Issuer.

6. Indemnity

As a separate and alternative stipulation, the Guarantor unconditionally and irrevocably agrees that any sum expressed to be payable by the relevant Issuer under any Note, any Coupon or (if applicable) the Deed of Covenant but which is for any reason (whether or not now known or becoming known to the relevant Issuer, the Guarantor or any Holder) not recoverable from the Guarantor on the basis of a guarantee will nevertheless be recoverable from it as if it were the sole principal debtor and will be paid by it to the Holder on demand. This indemnity constitutes a separate and independent obligation from the other obligations in this Guarantee, gives rise to a separate and independent cause of action and will apply irrespective of any indulgence granted by any Holder.

7. Status of Guarantee

In respect of any Notes, the obligation of the Guarantor under this Guarantee constitutes a direct, unconditional, unsecured and general obligation of the Guarantor and ranks and will rank *pari passu* with all other existing and future direct, unconditional, unsecured and general obligations of the Guarantor, including those in respect of deposits but excluding any debts for the time being preferred by law and senior to any subordinated obligations.

8. Incorporation of Conditions

So long as any of the Notes remains outstanding (as defined in the Agency Agreements) the Guarantor will comply with the provisions applicable to it in the Conditions of the Notes as though the same were set out in full herein.

9. Power to execute

The Guarantor hereby warrants, represents and covenants with each Holder that it has all corporate power, and has taken all necessary corporate or other steps, to enable it to execute, deliver and perform this Guarantee, and that this Guarantee constitutes a legal, valid and binding obligation of the Guarantor in accordance with its terms.

10. Deposit of Guarantee

This Guarantee shall take effect as a deed poll for the benefit of the Holders from time to time and for the time being. This Guarantee shall be deposited with and held by Société Générale Bank & Trust, for the benefit of the Holders until all the obligations of the Guarantor have been discharged in full.

11. Production of Guarantee

The Guarantor hereby acknowledges the right of every Holder to the production of, and the right of every Holder to obtain (upon payment of a reasonable charge) a copy of, this Guarantee, and further acknowledges and covenants that the obligations binding upon it contained herein are owed to, and shall be for the account of, each and every Holder, and that each Holder shall be entitled severally to enforce the said obligations against the Guarantor.

12. Subrogation

Until all amounts which may be payable under the Notes, the Coupons and/or (if applicable) the Deed of Covenant have been irrevocably paid in full, the Guarantor shall not by virtue of this Guarantee be subrogated to any rights of any Holder or claim in competition with the Holders against the relevant Issuer.

13. Contracts (Rights of Third Parties) Act 1999

No rights are conferred on any person under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of this Guarantee, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

14. Governing Law and Jurisdiction

This Guarantee and any non-contractual obligations arising out of or in connection with it are governed by and shall be construed in accordance with English law. The Guarantor irrevocably agrees for the benefit of each Holder that the courts of England are to have jurisdiction to settle any dispute which may arise out of or in connection with this Guarantee (including any dispute relating to any non-contractual obligations arising out of or in connection with this Guarantee) and that accordingly any suit, action or proceedings (together referred to as **Proceedings**) arising out of or in connection with this Guarantee (including any Proceedings relating to any non-contractual obligations arising out of or in connection with this Guarantee) may be brought in the courts of England.

The Guarantor irrevocably waives any objection which it may have now or hereafter to the laying of the venue of any Proceedings in the courts of England and irrevocably agrees that a final judgment in any Proceedings brought in the courts of England shall be conclusive and binding upon the Guarantor and may be enforced in the courts of any other jurisdiction. Nothing contained in this Clause shall limit any right to take Proceedings against the Guarantor in any other court of competent jurisdiction, nor shall the taking of Proceedings in one or more jurisdictions preclude the taking of Proceedings in any other jurisdiction, whether concurrently or not.

The Guarantor hereby appoints Société Générale, London Branch, currently of SG House, 41, Tower Hill, London EC3N 4SG, as its agent for service of process in England in respect of any Proceedings and undertakes that in the event of it ceasing so to act it will appoint another person as its agent for that purpose.

IN WITNESS whereof this Guarantee has been executed and delivered as a deed on behalf of the Guarantor.

BOOK ENTRY CLEARANCE SYSTEMS

*The information set out below is subject to any change in or reinterpretation of the rules, regulations and procedures of DTC, Euroclear, Clearstream, Luxembourg, EUI or SIX SIS Ltd (together, for the purposes of this section, the **Clearing Systems**) currently in effect. The information in this section concerning the Clearing Systems has been obtained from sources that the Issuer and the Guarantor believe to be reliable, but none of the Issuer, the Guarantor nor any Dealer takes any responsibility for the accuracy thereof. Investors wishing to use the facilities of any of the Clearing Systems are advised to confirm the continued applicability of the rules, regulations and procedures of the relevant Clearing System. None of the Issuer, the Guarantor nor any other party to the Agency Agreement will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Notes held through the facilities of any Clearing System or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.*

Book-entry Systems

DTC

DTC has advised the Issuer that it is a limited purpose trust company organised under the New York Banking Law, a “banking organisation” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code and a “clearing agency” registered pursuant to Section 17A of the Exchange Act. DTC holds securities that its participants (**Participants**) deposit with DTC. DTC also facilitates the settlement among Participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerised book-entry changes in Participants' accounts, thereby eliminating the need for physical movement of securities certificates. Direct Participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organisations. DTC is a wholly owned subsidiary of The Depository Trust & Clearing Corporation (**DTCC**). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC System is also available to others such as securities brokers and dealers, banks and trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (**Indirect Participants**).

Under the rules, regulations and procedures creating and affecting DTC and its operations (the **Rules**), DTC makes book-entry transfers of Registered Notes among Direct Participants on whose behalf it acts with respect to Notes accepted into DTC's book-entry settlement system (**DTC Notes**) as described below and receives and transmits distributions of principal and interest on DTC Notes. The Rules are on file with the Securities and Exchange Commission. Direct Participants and Indirect Participants with which beneficial owners of DTC Notes (**Owners**) have accounts with respect to the DTC Notes similarly are required to make book-entry transfers and receive and transmit such payments on behalf of their respective Owners. Accordingly, although Owners who hold DTC Notes through Direct Participants or Indirect Participants will not possess Registered Notes, the Rules, by virtue of the requirements described above, provide a mechanism by which Direct Participants will receive payments and will be able to transfer their interest in respect of the DTC Notes.

Purchases of DTC Notes under the DTC system must be made by or through Direct Participants, which will receive a credit for the DTC Notes on DTC's records. The ownership interest of each actual purchaser of each DTC Note (**Beneficial Owner**) is in turn to be recorded on the Direct and Indirect Participant's records. Beneficial Owners will not receive written confirmation from DTC of their purchase, but Beneficial Owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the DTC Notes are to be accomplished by entries made on the books of Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in DTC Notes, except in the event that use of the book-entry system for the DTC Notes is discontinued.

To facilitate subsequent transfers, all DTC Notes deposited by Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. The deposit of DTC Notes with DTC and their registration in the name of Cede & Co. effect no change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the DTC Notes; DTC's records reflect only the identity of the Direct Participants to whose accounts such DTC Notes are credited, which may or may not be the Beneficial Owners. The Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to Cede & Co. If less than all of the DTC Notes within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. will consent or vote with respect to DTC Notes. Under its usual procedures, DTC mails an Omnibus Proxy to the Issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the DTC Notes are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the DTC Notes will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Issuer or the Agent, on payable date in accordance with their respective holdings shown on DTC's records unless DTC has reason to believe that it will not receive payment on the due date. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of such Participant and not of DTC, the Agent or the Issuer, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest to DTC is the responsibility of the Issuer, disbursement of such payments to Direct Participants is the responsibility of DTC, and disbursement of such payments to the Beneficial Owners is the responsibility of Direct and Indirect Participants.

Under certain circumstances set out in the global Notes, DTC will exchange the DTC Notes for Definitive Registered Notes, which it will distribute to its Participants in accordance with their proportionate entitlements and which, if representing interests in a Rule 144A Global Note, will be legended as set forth in the section headed "*Subscription and Sale*".

Since DTC may only act on behalf of Direct Participants, who in turn act on behalf of Indirect Participants, any Owner desiring to pledge DTC Notes to persons or entities that do not participate in DTC, or otherwise take actions with respect to such DTC Notes, will be required to withdraw its Registered Notes from DTC as described below.

Book-entry Ownership of and Payments in respect of DTC Notes

The Issuer may apply to DTC in order to have any Tranche of Notes represented by a Registered Global Note accepted in its book-entry settlement system. Upon the issue of any such Registered Global Note, DTC or its custodian will credit, on its internal book-entry system, the respective nominal amounts of the individual beneficial interests represented by such Registered Global Note to the accounts of persons who have accounts with DTC. Such accounts initially will be designated by or on behalf of the relevant Dealer. Ownership of beneficial interests in such a Registered Global Note will be limited to Direct Participants or Indirect Participants, including, in the case of any Regulation S Global Note, the respective depositories of Euroclear and Clearstream, Luxembourg. Ownership of beneficial interests in a Registered Global Note accepted by DTC will be shown on, and the transfer of such ownership will be effected only through, records maintained by DTC or its nominee (with respect to the interests of Direct Participants) and the records of Direct Participants (with respect to interests of Indirect Participants).

Payments in U.S. dollars of principal and interest in respect of a Registered Global Note accepted by DTC will be made to the order of DTC or its nominee as the registered holder of such Note. In the case of any payment in a currency other than U.S. dollars, payment will be made to the Exchange Agent on behalf of DTC or its nominee and the Exchange Agent will (in accordance with instructions received by it) remit all or a portion of such payment for credit directly to the beneficial holders of interests in the Registered Global Note in the currency in which such payment was made and/or cause all or a portion of such payment to be converted into U.S. dollars and credited to the applicable Participants' account.

The Issuer expects DTC to credit accounts of Direct Participants on the applicable payment date in accordance with their respective holdings as shown in the records of DTC unless DTC has reason to believe that it will not receive payment on such payment date. The Issuer also expects that payments by Participants to beneficial owners of Notes will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers, and will be the responsibility of such Participant and not the responsibility of DTC, the Fiscal Agent, the Registrar or the Issuer. Payment of principal, premium, if any, and interest, if any, on Notes to DTC is the responsibility of the Issuer.

Transfers of Notes Represented by Registered Global Notes

Transfers of any interests in Notes represented by a Registered Global Note within DTC, Euroclear and Clearstream, Luxembourg will be effected in accordance with the customary rules and operating procedures of the relevant clearing system. The laws in some States within the United States require that certain persons take physical delivery of securities in definitive form. Consequently, the ability to transfer Notes represented by a Registered Global Note to such persons may depend upon the ability to exchange such Notes for Notes in

definitive form. Similarly, because DTC can only act on behalf of Direct Participants in the DTC system who in turn act on behalf of Indirect Participants, the ability of a person having an interest in Notes represented by a Registered Global Note accepted by DTC to pledge such Notes to persons or entities that do not participate in the DTC system or otherwise to take action in respect of such Notes may depend upon the ability to exchange such Notes for Notes in definitive form. The ability of any holder of Notes represented by a Registered Global Note accepted by DTC to resell, pledge or otherwise transfer such Notes may be impaired if the proposed transferee of such Notes is not eligible to hold such Notes through a Direct Participant or Indirect Participant in the DTC system.

Subject to compliance with the transfer restrictions applicable to the Registered Notes described in the section headed “*Subscription and Sale*”, cross-market transfers between DTC, on the one hand, and directly or indirectly through Clearstream, Luxembourg or Euroclear accountholders, on the other, will be effected by the relevant clearing system in accordance with its rules and through action taken by the Registrar, the Fiscal Agent and any custodian (**Custodian**) with whom the relevant Registered Global Notes have been deposited.

On or after the Issue Date for any Series, transfers of Notes of such Series between accountholders in Clearstream, Luxembourg and Euroclear and transfers of Notes of such Series between participants in DTC will generally have a settlement date three business days after the trade date (T+3). The customary arrangements for delivery versus payment will apply to such transfers.

Cross-market transfers between accountholders in Clearstream, Luxembourg or Euroclear and DTC participants will need to have an agreed settlement date between the parties to such transfer. Because there is no direct link between DTC, on the one hand, and Clearstream, Luxembourg and Euroclear, on the other, transfers of interests in the relevant Registered Global Notes will be effected through the Registrar, the Fiscal Agent and the Custodian receiving instructions (and, where appropriate, certification) from the transferor and arranging for delivery of the interests being transferred to the credit of the designated account for the transferee. In the case of cross-market transfers, settlement between Euroclear or Clearstream, Luxembourg accountholders and DTC participants cannot be made on a delivery versus payment basis. The securities will be delivered on a free delivery basis and arrangements for payment must be made separately.

DTC, Clearstream, Luxembourg and Euroclear have each published rules and operating procedures designed to facilitate transfers of beneficial interests in Registered Global Notes among participants and accountholders of DTC, Clearstream, Luxembourg and Euroclear. However, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued or changed at any time. None of the Issuer, the Guarantor, the Agents or any Dealer will be responsible for any performance by DTC, Clearstream, Luxembourg or Euroclear or their respective direct or indirect participants or accountholders of their respective obligations under the rules and procedures governing their operations and none of them will have any liability for any aspect of the records relating to or payments made on account of beneficial interests in the Notes represented by Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial interests.

CREST and CREST Depository Interests

CREST

EUI Notes will be held in registered uncertificated form in accordance with the Uncertificated Securities Regulations 2001, including any modification or re-enactment thereof for the time being in force (the **Regulations**) and as such are dematerialised and not constituted by any physical document of title. The EUI Notes are participating securities for the purposes of the Regulations. Other than in the case of Uncertificated SIS Notes, title to the EUI Notes is recorded on the relevant Operator register of corporate securities. The EUI Agent on behalf of the Issuer shall, in relation to the EUI Notes, maintain a record of uncertificated corporate securities in accordance with the records of Euroclear UK & Ireland Limited (**EUI or CREST**) (formerly known as CRESTCo Limited) (the **Record**) and shall procure that the Record is regularly updated to reflect the Operator register of corporate securities in accordance with the rules and practices from time to time of the Operator. Subject to this requirement and except in the case of Uncertificated SIS Notes, (i) each person who is

for the time being shown in the Record as the holder of a particular number of EUI Notes shall be treated by the Issuer and the EUI Agent as the holder of such number of EUI Notes for all purposes (and the expression **EUI Holder** and related expressions shall be construed accordingly), and (ii) neither the Issuer, the Guarantor nor the EUI Agent shall be liable in respect of any act or thing done or omitted to be done by it or on its behalf in reliance upon the assumption that the particulars entered in the Record which the EUI Agent maintains are in accordance with particulars entered in the Operator register of corporate securities relating to the EUI Notes.

CREST Depository Interests

Following their delivery into Euroclear and Clearstream, Luxembourg, interests in Notes may be delivered, held and settled in CREST by means of the creation of dematerialised depository interests representing the interests in the relevant Notes.

Pursuant to the CREST Reference Manual Notes held in global form by the Common Depository may be settled through the CREST system, and the CREST Depository will issue CREST Depository Interests (**CDIs**). The CDIs will be independent securities, constituted under English law which may be held and transferred through the CREST system.

The CDIs will be created pursuant to and issued on the terms of a deed poll executed by the CREST Depository in favour of the holders of the CDIs from time to time (the **CREST Deed Poll**). Prospective holders of CDIs should note that they will have no rights against CRESTCo or its subsidiaries in respect of the underlying Notes, interests therein, or the CDIs representing them.

Interests in the underlying Notes will be credited to the CREST nominee's account with Euroclear and the CREST nominee will hold such interests as nominee for the CREST Depository which will issue CDIs to the relevant CREST participants.

Each CDI will be treated as one underlying Note, for the purposes of determining all rights and obligations and all amounts payable in respect thereof. The CREST Depository will pass on to holders of CDIs any interest or other amounts received by it as holder of the underlying Notes on trust for such CDI holder. CDI holders will also be able to receive from the CREST Depository notices of meetings of holders of underlying Notes and other relevant notices issued by the Issuer.

Transfers of interests in underlying Notes by a CREST participant to a participant of Euroclear or Clearstream, Luxembourg will be effected by cancellation of the CDIs and transfer of an interest in such underlying Notes the CDIs to the account of the relevant participant with Euroclear or Clearstream, Luxembourg.

The CDIs will have the same international security identification number (ISIN) as the underlying Notes and will not require a separate listing on the Official List.

Prospective subscribers for Notes represented by CDIs are referred to Chapter 3 of the CREST Reference Manual which contains the form of the CREST Deed Poll to be entered into by the CREST Depository.

The rights of the holders of CDIs will be governed by the arrangements between CREST, Euroclear, Clearstream, Luxembourg and the Issuer including the CREST Deed Poll (in the form contained in Chapter 3 of the CREST International Reference Manual (which forms part of the CREST Reference Manual)) executed by the CREST Depository. These rights may be different from those of holders of Notes which are not represented by CDIs.

(1) JURISDICTIONS OF THE ISSUERS AND THE GUARANTOR

FRANCE

Payments made by Société Générale or SG Option Europe as Issuers

Notes issued by Société Générale or SG Option Europe which are not consolidated (assimilables for the purposes of French law) with Notes issued before 1 March 2010

Following the introduction of the French *loi de finances rectificative pour 2009 n°3* (n° 2009-1674 dated 30 December 2009) (the **Law**), payments of interest and other revenues made by Société Générale or Société Option Europe with respect to Notes (other than Notes (as described below) which are consolidated (*assimilables* for the purpose of French law) and form a single series with Notes issued prior to 1 March 2010 having the benefit of article 131 *quater* of the *Code général des impôts*) will not be subject to the withholding tax set out under article 125 A III of the *Code général des impôts* unless such payments are made outside France in a non-cooperative State or territory (*Etat ou territoire non coopératif*) within the meaning of article 238-0 A of the *Code général des impôts* (a **Non-Cooperative State**). If such payments under the Notes are made in a Non-Cooperative State, a 50 per cent. withholding tax will be applicable (subject to certain exceptions and to the more favourable provisions of any applicable double tax treaty) by virtue of article 125 A III of the *Code général des impôts*.

Furthermore, interest and other revenues on such Notes will no longer be deductible from the Issuer's taxable income, as from the fiscal years starting on or after 1 January 2011, if they are paid or accrued to persons domiciled or established in a Non-Cooperative State or paid in such a Non-Cooperative State. Under certain conditions, any such non-deductible interest and other revenues may be recharacterised as constructive dividends pursuant to article 109 of the *Code général des impôts*, in which case such non-deductible interest and other revenues may be subject to the withholding tax set out under article 119 *bis* of the *Code général des impôts*, at a rate of 25 per cent. or 50 per cent.

Notwithstanding the foregoing, the Law provides that neither the 50 per cent. withholding tax set out under article 125 A III of the *Code général des impôts* nor the non-deductibility will apply in respect of a particular issue of Notes if the relevant Issuer can prove that the principal purpose and effect of such issue of Notes was not that of allowing the payments of interest or other revenues to be made in a Non-Cooperative State (the **Exception**). Pursuant to the ruling (*rescrit*) n°2010/11 (FP et FE) of the French tax authorities dated 22 February 2010, an issue of Notes will benefit from the Exception without the Issuer having to provide any proof of the purpose and effect of such issue of Notes, if such Notes are:

- (i) offered by means of a public offer within the meaning of article L.411.1 of the *Code monétaire et financier* or pursuant to an equivalent offer in a State other than a Non-Cooperative State. For this purpose, an "equivalent offer" means any offer requiring the registration or submission of an offer document by or with a foreign securities market authority; or

- (ii) admitted to trading on a regulated market or on a French or foreign multilateral securities trading system provided that such market or system is not located in a Non-Cooperative State, and the operation of such market is carried out by a market operator or an investment services provider, or by such other similar foreign entity, provided further that such market operator, investment services provider or entity is not located in a Non-Cooperative State; or
- (iii) admitted, at the time of their issue, to the clearing operations of a central depository or of a securities clearing and delivery and payments systems operator within the meaning of article L.561-2 of the *Code monétaire et financier*, or of one or more similar foreign depositories or operators provided that such depository or operator is not located in a Non-Cooperative State.

Notes issued by Société Générale or SG Option Europe which are consolidated (assimilables for the purposes of French law) with Notes issued before 1 March 2010

Payments of interest and other revenues with respect to Notes which are consolidated (*assimilables* for the purpose of French law) and form a single series with Notes issued before 1 March 2010 with the benefit of article 131 *quater* of the *Code général des impôts* will be exempt from the withholding tax set out under article 125 A III of the *Code général des impôts*.

Notes issued before 1 March 2010, whether denominated in Euro or in any other currency, and constituting *obligations* under French law, or *titres de créances négociables* within the meaning of rulings (*rescrits*) n°2007/59 (FP) and n°2009/23 (FP) of the French tax authorities dated 8 January 2008 and 7 April 2009, respectively, or other debt securities issued under French or foreign law and considered by the French tax authorities as falling into similar categories, are deemed to be issued outside the Republic of France for the purpose of article 131 *quater* of the *Code général des impôts*, in accordance with Circular 5 I-11-98 of the French tax authorities dated 30 September 1998 and the aforementioned rulings (*rescrits*) n°2007/59 (FP) and n°2009/23 (FP).

In addition, interest and other revenues paid by the relevant Issuer on Notes issued from 1 March 2010 and which are to be consolidated (*assimilables* for the purpose of French law) and form a single series with Notes issued before 1 March 2010 will not be subject to the withholding tax set out in article 119 *bis* of the *Code général des impôts* solely on account of their being paid in a Non-Cooperative State or accrued or paid to persons established or domiciled in a Non-Cooperative State.

Payments made by the Guarantor

There is no direct authority under French law on the withholding tax status of payments by the Guarantor under the Guarantee. Hence, the statements below are based on the interpretation of general French tax principles and any future legislative, judicial or administrative development may affect, potentially with retroactive effect, such statements.

Payments in respect of Notes issued by SGA Société Générale Acceptance N.V.:

Under one interpretation of French tax law, payments made by the Guarantor of any amount due by SGA Société Générale Acceptance N.V. to a Noteholder which is a non-French tax resident and which is not acting through a French establishment or branch may be treated as a payment in lieu of payments to be made by SGA Société Générale Acceptance N.V. with respect to the Notes. Accordingly, under this interpretation payments made by the Guarantor, of any amounts due by SGA Société Générale Acceptance N.V. under the Notes, should be exempt from the withholding tax set out under article 125 A III of the *Code général des impôts*, to the extent that interest payments made or to be made by the Issuer would be exempt from withholding tax by reason of SGA Société Générale Acceptance N.V. not being resident of, or otherwise established in, France.

Under with another interpretation, any such payment may be treated as a payment independent from the payments to be made by SGA Société Générale Acceptance N.V. with respect to the Notes. In the absence of

any specific provision in article 125 A III of the *Code général des impôts*, such payments should be exempt from the withholding tax set out under article 125 A III of the *Code général des impôts*.

Payments in respect of Notes issued by SG Option Europe:

In accordance with a first interpretation of French tax law, a payments made by the Guarantor of any amount due by SG Option Europe to a Noteholder which is a non-French tax resident and which is not acting through a French establishment or branch may be treated as a payment in lieu of payments to be made by SG Option Europe with respect to the Notes. Accordingly, under this interpretation payments made by the Guarantor, of any amounts due by SG Option Europe under the Notes, should be exempt from the withholding tax set out under article 125 A III of the *Code général des impôts*, to the extent that such payments are not made outside France in a Non-Cooperative State.

In accordance with the second interpretation, any payment made by the Guarantor in respect of the Notes issued by SG Option Europe may be treated as a payment independent from the payments to be made by this Issuer with respect to the Notes. In the absence of any specific provision in the article 125 A III of the *Code général des impôts*, such payments should be exempt from the withholding tax set out under article 125 A III of the *Code général des impôts*.

EC Council Directive 2003/48/EC on taxation of savings income

The EC Council Directive 2003/48/EC on the taxation of savings income was implemented into French law under article 242 *ter* of the *Code général des impôts* which imposes on paying agents based in France an obligation to report to the French tax authorities certain information with respect to interest payments made to beneficial owners domiciled in another Member State, including, among other things, the identity and address of the beneficial owner and a detailed list of the different categories of interest payments.

NETHERLANDS ANTILLES

SGA Société Générale Acceptance N.V. has been advised that, under present Netherlands Antilles law, payments in respect of the Notes held by persons not resident in, or engaged in trade or business through a permanent establishment in, the Netherlands Antilles and gains realised on the sale or redemption thereof by such persons will not be subject to Netherlands Antilles taxes and that no inheritance tax arises in the Netherlands Antilles on the death of a Noteholder not domiciled in the Netherlands Antilles at the time of death.

Withholding Tax

Non-resident holders of Notes

Under Luxembourg general tax laws currently in force and subject to the laws of 21 June 2005 (the **Laws**) mentioned below, there is no withholding tax on payments of principal, premium or interest made to non-resident holders of Notes, nor on accrued but unpaid interest in respect of the Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of the Notes held by non-resident holders of Notes.

Under the Laws implementing the EC Council Directive 2003/48/EC of 3 June 2003 on taxation of savings income in the form of interest payments and ratifying the treaties entered into by Luxembourg and certain dependent and associated territories of EU Member States (the **Territories**), payments of interest or similar

income made or ascribed by a paying agent established in Luxembourg to or for the immediate benefit of an individual beneficial owner or a residual entity, as defined by the Laws, which are resident of, or established in, an EU Member State (other than Luxembourg) or one of the Territories will be subject to a withholding tax unless the relevant recipient has adequately instructed the relevant paying agent to provide details of the relevant payments of interest or similar income to the fiscal authorities of his/her/its country of residence or establishment, or, in the case of an individual beneficial owner, has provided a tax certificate issued by the fiscal authorities of his/her country of residence in the required format to the relevant paying agent. Where withholding tax is applied, it is currently levied at a rate of 20 per cent. and will be levied at a rate of 35 per cent. as of 1 July 2011. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent. Payments of interest under the Notes coming within the scope of the Laws would at present be subject to withholding tax of 20 per cent.

Resident holders of Notes

Under Luxembourg general tax laws currently in force and subject to the law of 23 December 2005, as amended (the **Law**) mentioned below, there is no withholding tax on payments of principal, premium or interest made to Luxembourg resident holders of Notes, nor on accrued but unpaid interest in respect of Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of Notes held by Luxembourg resident holders of Notes.

Under the Law payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to or for the benefit of an individual beneficial owner who is a resident of Luxembourg will be subject to a withholding tax of 10 per cent. Such withholding tax will be in full discharge of income tax if the beneficial owner is an individual acting in the course of the management of his/her private wealth. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent. Payments of interest under the Notes coming within the scope of the Law would be subject to withholding tax of 10 per cent.

(3) SWITZERLAND

The following is a summary based on legislation as of the date of this Debt Issuance Programme Prospectus. It does not aim to be a comprehensive description of all the Swiss tax considerations that may be relevant for a decision to invest in the Notes. The tax treatment for each investor depends on the particular situation. All investors are advised to consult with their professional tax advisers as to the respective Swiss tax consequences of the purchase, ownership, disposition, lapse, exercise or redemption of Notes in light of their particular circumstances.

Stamp taxes

Swiss federal issue stamp tax

The Notes are not subject to Swiss federal stamp tax on the issuance of securities provided that the respective Issuer is at all times resident and managed outside Switzerland for Swiss tax purposes.

Swiss federal securities turnover tax

Dealings in Notes which classify as pure derivative financial instruments (such as pure call and put options, including low exercise price options with a maturity not exceeding twelve months, pure futures with a maximal pre-financing of 25 per cent., static certificates replicating an index or a basket of at least five shares and with a fixed maturity or an annual redemption right) are not subject to the Swiss federal securities turnover tax.

Dealings in Notes which have been issued by an issuer outside of Switzerland and which classify as structured instruments, share-like instruments (including low exercise price options on shares with a maturity exceeding twelve months) or fund-like instruments are subject to Swiss federal securities turnover tax of 0.3 per cent. on

the consideration paid, however, only if a Swiss securities dealer (as defined in the Swiss federal stamp tax act) is a party or an intermediary to the transaction and no exemption applies.

The delivery of an underlying security at exercise or redemption to the holder of the Notes is subject to Swiss federal securities turnover tax of 0.3 per cent. in case a security issued by an issuer outside Switzerland is delivered and of 0.15 per cent. in case a security issued by a Swiss domestic issuer is delivered, however, in each case, only if a Swiss domestic securities dealer (as defined in the Swiss federal stamp tax act) is a party or an intermediary to the transaction and no exemption applies.

Swiss withholding tax

Payments on a Note are not subject to Swiss federal withholding tax provided that the respective Issuer is at all times resident and managed outside Switzerland for Swiss tax purposes.

Income taxation

Non-Swiss resident holders

A holder of a Note who is not resident in Switzerland and who during the taxation year has not engaged in trade or business carried on through a permanent establishment or a fixed place of business in Switzerland, and who is not subject to income taxation in Switzerland for any other reason, will not be subject to any income tax in Switzerland.

Notes held as private assets by a Swiss resident holder

Structured derivative financial instruments: If a Note classifies as a structured derivative financial instrument, its income taxation depends on whether the bond and the derivative financial instrument(s) embedded therein are recorded separately from each other and whether the Note classifies as a structured instrument with or without a predominant one-time interest payment:

Non-transparent structured derivative financial instruments: If the embedded bond is not recorded separately from the embedded derivative financial instrument(s), the Note classifies as non-transparent structured instrument and any return over the initial investment classifies as a taxable interest payment. Non-transparent derivative financial instruments generally include a predominant one-time interest payment and are taxed in accordance with the principles set forth below under “—Transparent derivative financial instruments with a predominant one-time interest payment”.

Transparent structured derivative financial instruments without a predominant one-time interest payment: If the embedded bond is recorded separately from the embedded derivative financial instrument(s) and the yield-to-maturity predominantly derives from periodic interest payments and not from a one-time-interest-payment (see below “—Transparent derivative financial instruments with a predominant one-time interest payment”), then any periodic interest payment and the one-time interest payment is taxed when paid to the holder of the Note. A gain, including interest accrued, or a loss, respectively, realised on the sale of a Note is a tax-free private capital gain, or a non-tax-deductible private capital loss, respectively.

Transparent structured derivative financial instruments with a predominant one-time interest payment: If the embedded bond is recorded separately from the embedded derivative financial instrument(s) and the yield-to-maturity predominantly derives from a one-time-interest-payment such as an original issue discount or a repayment premium and not from periodic interest payments, then any periodic interest payments and, in addition, on the sale or redemption of the Note, the difference between the value of the embedded bond at redemption or sale, as applicable, and its value at issuance or secondary market purchase, as applicable, converted, in each case, into Swiss Francs at the exchange rate prevailing at the time of redemption or sale, issuance or purchase, respectively (modified differential taxation method) constitutes taxable income. A value decrease on the embedded bond respectively realised on the sale or redemption of the Note may be offset

against any gains (including periodic interest payments) realised within the same taxation period from all instruments with a predominant one-time interest payment. Any residual return realised on the embedded derivative financial instrument(s) is a tax-free private capital gain, and any residual loss is a non-tax-deductible private capital loss, respectively.

Bonds without a predominant one-time interest payment: If a Note classifies as a pure bond without a predominant one-time interest payment (the yield-to-maturity predominantly derives from periodic interest payments and not from a one-time-interest-payment), Swiss resident private investors will be taxed on the periodic and on the one-time interest payments, each converted into Swiss Francs at the exchange rate prevailing at the time of payment. A gain, including interest accrued, or a loss, respectively, realised on the sale of a Note is a tax-free private capital gain, or a non-tax-deductible private capital loss, respectively.

Bonds with a predominant one-time interest payment: If a Note classifies as a pure bond with a predominant one-time interest payment (the yield-to-maturity predominantly derives from a one-time-interest-payment such as an original issue discount or a repayment premium and not from periodic interest payments), Swiss resident private investors will be taxed on any gain, including capital and foreign exchange gains, realised on the Notes (differential taxation method).

Pure derivative financial instruments: A capital gain realised by an individual on the sale or redemption of a Note which classifies as a pure derivative financial instrument (such as pure call and put options, including low exercise price options with a maturity not exceeding one year, pure futures, static certificates replicating an index or a basket of at least five shares and with a fixed maturity or an annual redemption right) and which is held as part of their private assets constitutes a tax-free private capital gain. A capital loss realised analogously on the sale or redemption of a Note cannot be set off against taxable income. Periodic and one-time dividend equalisation payments on a Note which is a pure derivative financial instrument constitute taxable investment income.

Low Exercise Price Options: According to the current practice of the Swiss federal tax administration low exercise price options are given if the underlying of a call option has been pre-financed by at least 50 per cent at the time of issuance. For low exercise price options with a maturity exceeding one year the interest component of the low exercise price option (i.e. issue discount) constitutes taxable investment income.

Fund-like instrument: A Note classified as a fund-like instrument will be considered a pass-through instrument for Swiss tax purposes if dividend and interest income (less attributable costs) from, and capital gains and losses (less attributable costs) realised on, the underlying investments, are reported and distributed separately. Under such conditions, an individual holding a fund-like instrument as part of his private assets only receives taxable income (which he or she must report annually) over such portion of the distributions (in case the fund is distributing the income realised on the underlying investments) or earnings credits (in case the fund is reinvesting the income realised on the underlying investment) as derived from dividends and interest (less attributable costs) on the underlying instruments. Any distributions or credits deriving from capital gains realised on the underlying investments constitute a tax-free private capital gain, and any respective loss a non-tax-deductible private capital loss. Any gain or loss realised within a taxation period on the sale of a fund-like instrument (including accrued dividends and interest) is exempt from income taxation as non-taxable private capital gain or non-tax-deductible private capital loss.

Instruments held as assets of a Swiss business

Corporate entities and individuals who hold Notes as part of a trade or business in Switzerland, in the case of residents abroad carried on through a permanent establishment or a fixed place of business in Switzerland, are required to recognise any payments on, and any capital gains or losses realised on the sale or redemption of, such Notes (irrespective of their classification) in their income statement for the respective taxation period and will be taxed on any net taxable earnings for such period.

The same taxation treatment also applies to Swiss-resident individuals who, for income tax purposes, are classified as “professional securities dealers” for reasons of, inter alia, frequent dealing and leveraged investments in securities.

Savings Directive

An interest payment on a Note made by a Swiss paying agent to an individual resident in an EU member state is subject to the EU savings tax. The tax is withheld at a rate of 20 per cent. on interest payments made before 1 July 2011 and 35 per cent. on interest payments made thereafter, with the option of the individual to have the paying agent and Switzerland to provide to the tax authorities of the EU member state the details of the interest payments in lieu of the withholding. The individual may be entitled to a tax credit or refund of the withholding, provided that he or she is the beneficial owner of the interest payments and certain other conditions are met.

(4) OTHER JURISDICTIONS

Any terms defined in this Section (4) in connection with a particular jurisdiction relate only to the information provided in connection with that jurisdiction.

AUSTRIA

The following is a brief summary of certain Austrian tax aspects in connection with the Notes. It does not claim to fully describe all Austrian tax consequences of the acquisition, ownership, disposition or redemption of the Notes. In some cases a different tax regime may apply. Further, this summary does not take into account the tax laws of any country other than Austria nor does it take into account the investors' individual circumstances. Prospective investors are advised to consult their own professional advisers to obtain further information about the tax consequences of the acquisition, ownership, disposition or redemption of the Notes. Only personal advisers are in a position to adequately take into account special tax aspects of the particular Notes in question as well as the investor's personal circumstances and any special tax treatment applicable to the investor.

This summary is based on Austrian Law as in force when drawing up this Debt Issuance Programme Prospectus. The laws and their interpretation by the tax authorities may change and such changes may also have retroactive effect. With regard to certain innovative or structured financial instruments there is currently neither case law nor comments of the financial authorities as to the tax treatment of such financial instruments. Accordingly, it cannot be ruled out that the Austrian financial authorities and courts or the Austrian paying agents adopt a view different from that outlined below.

This summary does not describe the tax consequences for a holder of Notes that are redeemable in exchange for, or convertible into, shares or other securities or rights or which in other way provide for physical settlement, of the exchange, exercise, physical settlement or redemption of such Notes and/or any tax consequences after the moment of exchange, exercise, physical settlement or redemption.

Austrian Resident Taxpayers

Income derived by individuals or corporations resident in Austria is taxable pursuant to the Austrian Income Tax Act (*Einkommensteuergesetz*) or the Austrian Corporate Income Tax Act (*Körperschaftsteuergesetz*).

Risk of requalification of Notes as investment fund units

Certain Notes such as non-capital guaranteed basket or index linked notes, fund linked notes or credit linked notes may be re-qualified by the tax authorities as foreign investment fund units under certain conditions. Pursuant to Sec 42 of the Austrian Investment Fund Act, a portfolio of assets which is subject to the laws of a foreign country and which is invested according to the principle of risk spreading is qualified as a non-Austrian investment fund for tax purposes, without regard to its legal form (substance over form approach).

Pursuant to the Investment Fund Guidelines 2008 applying to index linked notes, a requalification of notes into fund units requires that: (i) an investment governed by non-Austrian law is effected in line with the principle of risk spreading; and (ii) the issuer (or a trustee mandated by the issuer) factually and predominantly acquires the (underlying) securities or that the investment qualifies as actively managed portfolio. This, inter alia, excludes capital guaranteed notes and notes with no more than six underlyings from requalification. However, “directly held index linked notes will in no case be requalified as foreign investment fund units, irrespective, whether the underlying index is a recognised or individually composed, fixed or flexible index”. The latter provision targets to immunise (genuine) index linked notes against requalification.

If a requalification of notes into non-Austrian fund units takes place, the following will apply:

Investment funds are treated as transparent for income tax purposes. Taxable income from investment funds includes distributions as well as retained earnings of the fund (interests, dividends, capital gains) deemed to be distributed to the investor (*ausschüttungsgleiche Erträge*). Such retained earnings are deemed to be distributed to the investor for tax purposes to the extent of the share interest of the investor no later than four months after the end of the business year of the investment fund in which the earnings were derived by the fund. If no Austrian tax representative is appointed for the fund and the retained earnings of the fund deemed to be distributed to the investor are not reported to the tax authorities by the investors themselves, the non-Austrian fund will be qualified as a “black fund” and the retained earnings of the fund deemed to be distributed each calendar year will be determined on a lump-sum-basis which will result in a tax base of 90 per cent. of the difference between the first and the last redemption price of the fund units fixed in a calendar year, and will however represent at least 10 per cent. of the last redemption price (or net asset value (NAV) or stock exchange price) of the fund units fixed in a calendar year. As the applicable tax rate is 25 per cent. for corporate investors and, generally, for individuals, this minimum lump sum tax base results in a minimum tax of 2.5 per cent. per year on the last redemption price (NAV) in any calendar year before maturity. In the event of a sale (redemption) of black foreign investment fund units the tax base would be the difference between the redemption price (NAV) upon disposal and at the end of the last calendar year, but would however represent at least 0.8 per cent. of the redemption price (NAV) upon disposal for each month of the current calendar year. The investors will have to include the pertaining income into their income tax statement. Further, non-Austrian investment fund units, with the exception of funds that are daily reporting relevant figures to the Oesterreichische Kontrollbank, which are held in an Austrian bank deposit are subject to an annual 1.5 per cent. compliance tax (calculated on the last redemption price (NAV) in any calendar year) deducted by the bank unless the investor discloses the funds vis-à-vis the Austrian tax authorities and evidences this to the Austrian bank. Moreover, a pro rata compliance tax applies in the calendar year of the sale or redemption of the fund unit. This compliance tax will automatically be deducted by the Austrian bank.

In the following we assume that the Notes do not qualify as foreign investment funds for income tax purposes.

Individuals

Generally, income arising from the Notes should qualify as income from debt-securities (*Kapitalerträge aus Forderungswertpapieren*). Income from debt-securities includes (i) interest payments as well as (ii) income, if any, realised upon redemption or prior redemption (being the difference between the issue price and the redemption amount, or in case of prior redemption, the repurchase price - a maximum 2 per cent. tax-exempt threshold applies to specified Notes bearing also ongoing coupons with a minimum five year maturity; in practice, however, this exemption is not available for index linked notes and other underlying linked notes treated like index linked notes); or (iii) realised upon sale of the Notes (only to the extent of accrued interest and comparable consideration for future fixed redemption or interest payments but excluding capital gains, although in case of index, share, fund, commodity or other underlying linked notes including discounted share certificates and bonus certificates the whole gain would be treated as income from debt securities, see also below “Certain aspects of the tax treatment of certain notes”).

If income from debt-securities is paid out by a coupon paying agent (*kuponauszahlende Stelle*) located in Austria, it is subject to 25 per cent. Austrian withholding tax (*Kapitalertragsteuer-KES*). The coupon paying

agent is the bank, including an Austrian branch of a non-Austrian bank or investment firm, which pays out such income to the holder of the Notes.

Provided that the Notes have been offered to the public within the meaning of Section 97 of the Austrian Income Tax Act (public placement), the 25 per cent. withholding tax constitutes a final taxation (*Endbesteuerung*) for all individuals, no matter whether they act as private investors or hold the Notes as business property. Final taxation means that no further income tax will be assessed and the income is not to be included in the investor's income tax return. Final taxation is only applicable to income from debt-securities. As regards the taxation of capital gains, please see below.

Generally, for a public placement within the meaning of Section 97 of the Austrian Income Tax Act the Notes have to be offered legally and factually to an undetermined number of persons. The Austrian Ministry of Finance requires that the offer is addressed (whether in Austria or abroad) to an undetermined number of addressees or to more than 250 persons in order to qualify as a public placement. This is deemed to be the case if notes are traded on a regulated market (a listing of notes on the Third Market of the Vienna stock exchange (*Dritter Markt*), for example, does not suffice for the qualification as a public placement for income tax purposes) or if they are acquired within six months after the issuance by more than 250 different purchasers (whether inside or outside of Austria). Evidence of the acquisition by more than 250 purchasers can be given by a confirmation of the credit institution having arranged the issue or by the purchase of the Notes by an Austrian investment fund. Evidence for a public offer within the meaning of Section 97 of the Austrian Income Tax Act may also be given by underwriting agreements pursuant to which the Notes are subscribed for, and distributed by, one or more credit institutions or if the Notes are offered via Reuters, Bloomberg or similar widely recognised trading systems, or over other public media (see further Austrian Income Tax Guidelines no 7804 ff).

If the Notes are not offered to the public within the meaning of Section 97 of the Austrian Income Tax Act (private placement), the income derived from the Notes is taxable at the respective Noteholder's normal progressive personal income tax rate amounting up to 50 per cent. The Austrian withholding tax will be credited against the income tax liability.

Where there is no deduction of Austrian withholding tax because the income from the Notes is not received in Austria (not paid out by a coupon paying agent located in Austria) Austrian investors will have to declare the income derived from the Notes in their income tax returns pursuant to the Austrian Income Tax Act. A special 25 per cent. income tax rate pursuant to Section 37 subparagraph 8 of the Austrian Income Tax Act is applicable provided that the Notes have been offered to the public within the meaning of Section 37 subparagraph 8 of the Austrian Income Tax Act.

Individuals whose regular personal income tax rate is lower than 25 per cent. may opt for taxation of the income derived from the Notes at such regular personal income tax rate. In this case, the withholding tax will be credited against the income tax liability and the excess amount shall be refunded. Expenses incurred by the investor in connection with income derived from (publicly placed) Notes are not deductible.

Special rules apply in case a Noteholder transfers his residence or deposit account outside Austria.

Upon the sale of the Notes accrued interest realised upon such sale is taxed as income from debt-securities being subject to withholding tax as set out above (with regard to index, share, fund, commodity or other underlying linked notes including discounted share certificates and bonus certificates the whole gain would be treated as income from debt-securities, see below "*Certain aspects of the tax treatment of certain notes*"). For private investors, any additional capital gain on the disposal of the Notes is taxable if the disposal takes place within one year after the date of the acquisition of the Notes pursuant to Section 30 Income Tax Act (*Spekulationsgeschäft* – speculative transaction). Such speculative gain is taxed at normal progressive income tax rates amounting up to 50 per cent. if the total of such speculative gain exceeds 440 Euro per year. If the Notes qualify as business assets, capital gains on the disposal are taxable irrespective of the date of the disposal at normal progressive income tax rates.

Corporations

Corporate investors deriving business income from the Notes may avoid the application of Austrian withholding tax by filing a declaration of exemption (*Befreiungserklärung*) with the coupon paying agent. Income including any capital gain derived from the Notes by corporate investors is subject to Austrian corporate income tax at the general rate of 25 per cent. There is, *inter alia*, a special tax regime for Private Foundations established under Austrian law (*Privatstiftungen*).

Certain aspects of the tax treatment of certain notes

Upon the sale of zero bonds the difference between the issue price and the proceeds from the sale would be taxable as income from debt-securities being subject to withholding tax (where such withholding tax applies) merely to the extent of the positive difference amount between the issue price and the inner value of the notes; any additional capital gain would be taxable for private investors pursuant to Section 30 Income Tax Act (*Spekulationsgeschäft* – speculative transaction) if the sale took place within one year after the date of the acquisition of the Notes.

In relation to index linked notes, the whole amount of the positive difference realised upon redemption or sale of the Notes as compared to the issue price is treated as income from debt-securities and is therefore also subject to withholding tax (where such withholding tax applies). The taxable gain is calculated as the positive difference between the issue price and the redemption amount/sales price. The amount of the positive difference (parts) between the purchase or redemption price and the issue price are taxable for private investors pursuant to Section 30 Income Tax Act (*Spekulationsgeschäft* – speculative transaction) if the sale or redemption of the notes takes place within one year after the date of the acquisition of the Notes. The same tax treatment applies to share, fund, commodity or other underlying linked notes including discounted share certificates and bonus certificates (if no requalification as fund units takes place) – for these, the whole amount of the positive difference between the redemption (sale) price and the issue price is treated as income from debt-securities.

The Austrian tax authorities have decided that notes where only the coupon(s) but not the redemption amount is (are) linked to an index or other underlying must be treated as “index linked notes”. In such case the (whole) amount of the positive difference between the issue price and the sale price or redemption price is subject to withholding tax.

If inflation linked notes bear interest and their redemption amount is linked to the performance of an inflation index, then in addition to the coupon payments the amount of the difference between the issue price and the redemption price and (and also, for sales, the amount of the difference between the issue price and the index linked calculated value (but not the whole capital gain [however the capital gain could be subject to income tax as speculative transaction])) is subject to withholding tax.

Income from leveraged certificates (turbo certificates), i.e. certificates which may be subscribed at a lower price than the underlying's current market price, qualifies as income from debt-securities subject to 25 per cent. Austrian withholding tax provided that the leverage factor applied upon subscription/issue to the certificates' subscription price is less than five (the certificates' subscription price amounts to more than 20 per cent of the underlying's market price). If the leverage factor is at least five, income from the sale or redemption of the certificates will not be subject to the 25 per cent. withholding tax (but it will qualify as a capital gain potentially subject to taxation as a speculative transaction (see above under “*Individuals*”)) provided that the leverage factor is sufficiently evidenced by the foreign issuer submitting the terms and conditions of the Notes to the Oesterreichische Kontrollbank AG before, or within 24 hours after, the first offering of the Notes in the Austrian market. If such evidence is provided later, the Austrian coupon paying agents will have to continue to deduct withholding tax. However, the Noteholder may claim a refund of the withholding tax upon personal income tax assessment or pursuant to Section 240 subparagraph 3 of the Austrian Fiscal procedure Code (BAO).

Guidelines issued by the Austrian Ministry of Finance provide further details for the tax treatment of some other structured financial instruments. For reverse convertibles (cash or share-notes) bearing high interest the full

coupon would be treated as interest; however, pursuant to current practice, losses incurred upon redemption could be set off in an amount equalling to the interest income of the last coupon payment period against the interest income of private investors (Income Tax Guidelines no. 6198). Callable yield notes are treated in the same way as reverse convertibles.

For option notes bearing low interest, the issue price is split between the price of the bond and the price for the option which leads to the recalculation of the issue price for tax purposes.

Tax consequences of conversion or of any option exercise or of any other physical settlement of Notes are not discussed in this context.

This entire outline of the taxation of the Notes is based on the assumption that the Notes will be treated as debt-securities (*Forderungswertpapiere*) and will not be qualified as equity instruments for tax purposes such as shares or equity participation rights (*Substanzgenussrechte*). Further, this outline is based on the assumption that the Notes do not qualify as derivative instruments or contracts for differences resulting for private investors in the taxation of capital gains pursuant to Section 30 Income Tax Act (*Spekulationsgeschäft*) at progressive rates rather than being subject to withholding tax. Pursuant to Section 30 Income Tax Act certain types of transactions, such as the sale of securities, would be taxable for private investors only if carried out within one year following the acquisition (speculative period) whereas other transactions, such as futures, forwards or contracts for differences (*Differenzgeschäfte*), would be taxable irrespective of the one year speculative period.

Non-Residents

Income, including any capital gains derived, from the Notes by individuals who do not have a domicile or their habitual abode in Austria (**non-residents**) is not taxable in Austria provided that the income is not attributable to a permanent establishment or other Austrian source income taxable in Austria (for withholding tax under the EU Savings Directive, see below; tax consequences of a requalification into a foreign investment fund are not discussed herein with regard to non-residents).

Income, including any capital gain derived from the Notes by corporate investors who do not have their corporate seat or their place of management in Austria (non-residents), is not taxable in Austria provided that the income is not attributable to a permanent establishment or other Austrian source income taxable in Austria.

Thus, non-resident investors – if they receive income from the Notes through a coupon paying agent located in Austria – may avoid the application of Austrian withholding tax if they evidence their non-resident status vis-à-vis the coupon paying agent. Non-residents who are Austrian citizens or citizens of a neighbouring country will have to confirm their non-resident status in writing to the coupon paying agent. The provision of evidence that the investor is not subject to Austrian withholding tax is the responsibility of the investor.

If any Austrian withholding tax is deducted by the coupon paying agent, the tax withheld shall be refunded to the non-resident investor upon his application, which has to be filed with the competent Austrian tax authority within five calendar years following the date of the imposition of the withholding tax.

Where non-residents receive income from the Notes as part of business income taxable in Austria (from a permanent establishment), they will be, in general, subject to the same tax treatment as resident investors.

EU Council Directive on Taxation of Savings Income

The EU Council Directive 2003/48/EC on taxation of savings income in the form of interest payments (Savings Directive) provides for an exchange of information between the authorities of EU member states regarding interest payments made in one member state to beneficial owners who are individuals and resident for tax purposes in another member state of the European Union or certain dependent associated territories. Austria has implemented the Savings Directive by way of the EU Withholding Tax Act (*EU-Quellensteuergesetz*) which provides for a withholding tax rather than for an exchange of information. Such EU Withholding tax will be

levied on interest payments within the meaning of the EU Withholding Tax Act made by a paying agent located in Austria to an individual resident for tax purposes in another member state. The EU Withholding Tax amounts to 20 per cent. before 1 July 2011 and 35 per cent. thereafter.

Withholding tax will be deducted upon actual or deemed interest payments as well as upon the sale, refund or redemption of debt claims. Further, withholding tax will be deducted – on a *pro rata temporis* basis – in the event of changes in the individual's withholding tax status, such as changes of his country of residence or the transfer of his securities to a non-Austrian account.

Deduction of EU withholding tax can be avoided if the EU-resident investor provides the paying agent with a certificate drawn up in his name by the tax office of his member state of residence. Such certificate must indicate, *inter alia*, the name and address of the paying agent and the account number of the investor or the identification of the Notes. (Section 10 EU Withholding Tax Act)

The scope of the definition of interest payments for EU Withholding Tax purposes may differ from the scope of interest payments for Austrian income and withholding tax purposes. For example, under certain conditions and subject to the guidelines and information issued by the Austrian Ministry of Finance income from share linked notes, index linked notes or fund linked notes may not be considered as interest for EU Withholding Tax purposes for so long as it constitutes interest for Austrian tax purposes.

Notes without a capital guarantee (the term “capital guarantee” for such tax purposes is deemed to include guaranteed interest payments) are treated as follows: Factually paid interest amounts are subject to EU Withholding Tax. Difference amounts from notes linked to shares, share indices, metals, currencies and the like which are not guaranteed in advance are not subject to EU Withholding Tax. Such difference amounts derived from notes linked to bonds or bond indices are not subject to EU Withholding Tax if the index or basket is comprised of a minimum of five different bonds from different issuers, if a single bond does not exceed 80 per cent. As a proportion of the index and, with regard to dynamic notes, the 80 per cent. threshold is complied with throughout the entire term of the notes. With regard to notes linked to fund indices, the difference amounts do not qualify as interest within the meaning of the EU Withholding Tax Act, if the index is composed of a minimum of five different funds and no fund exceeds 80 per cent. As a proportion of the index; in the case of dynamic notes the 80 per cent. threshold must be complied with during the entire term of the notes. If notes are linked to mixed indices composed of funds as well as of bonds, difference amounts do not qualify as interest within the meaning of the EU Withholding Tax Act if the index is composed of a minimum of five bonds and five funds of different issuers and no single bond or single fund exceeds 80 per cent. As a proportion of the pertaining index.

Relating to capital guaranteed notes, factually paid interest amounts, whether guaranteed or not, are subject to EU Withholding Tax. Guaranteed parts of difference amounts (between issue price and redemption price respectively sale price) are subject to EU Withholding Tax on the basis of the yield upon issue. Non-guaranteed income, like (non guaranteed parts of) difference amounts (difference amounts between issue price and redemption price respectively sale price) are treated as follows: If the underlying qualifies as bond, interest rate or inflation rate, then the difference amounts will qualify as interest within the meaning of the EU Withholding Tax Act and will be subject to EU Withholding Tax. If shares, share indices, share baskets, metals, currencies and commodities are referred to as underlyings, the difference amounts are not subject to EU Withholding Tax. If funds and fund indices are referred to as underlying, the difference amounts are not subject to EU Withholding Tax, provided that the funds do not generate interest income within the meaning of the EU Withholding Tax Act. Should the underlyings qualify as certificates or other securities the proceeds of which do not qualify as interest subject to EU Withholding Tax, then the difference amounts derived therefrom are not subject to EU Withholding Tax.

Provided that Notes are requalified as foreign investment fund units and the interest income of the fund deemed to be distributed to the investors is not reported on a daily basis to the Austrian central depository bank (*Oesterreichische Kontrollbank* – the **OeKB**), Austrian paying agents shall deduct EU Withholding Tax on a

lump sum tax base of 6 per cent. of the last redemption price (NAV) of the fund units fixed in a calendar year. Moreover, a pro rata EU Withholding Tax applies in the calendar year of the sale or redemption of the fund unit.

Other Taxes

Inheritance and gift tax

The Austrian inheritance and gift tax (*Erbschafts- und Schenkungssteuer*) was abolished with effect as of 1 August 2008. However, according to the Gift Notification Act 2008 (*Schenkungsmitteilungsgesetz 2008*) gifts have to be notified to the tax authorities within a three-month notification period. There are certain exemptions from such notification obligation, e.g. for gifts among relatives that do not exceed an aggregate amount (of gifts between the same persons) of €50,000 per year or gifts among unrelated persons that do not exceed an aggregate amount (of gifts between the same persons) of €15,000 within five years.

Stamp duty

The sale and purchase of bearer securities and the redemption of notes is generally not subject to Austrian stamp duty provided that no other transaction potentially taxable under the Austrian Stamp Duty Act (*Gebührengesetz*) (SDA) such as an assignment of rights (*Zession*) or loan or credit agreement is entered into for which a document (*Urkunde*) within the meaning of the Stamp Duty Act is executed.

The issue of notes (that are not addressed to the capital markets), potentially qualifies as a loan agreement which is subject to stamp duty if a document (*Urkunde*) or substitute documentation within the meaning of the SDA evidencing the loan is executed: (a) within Austria; or (b) outside Austria provided that: (i) at least one party to the loan has its domicile, habitual abode, seat, place of management or a permanent establishment within Austria; and (ii) at least one party is entitled or obligated to performance under the loan agreement in Austria (however, pursuant to a recent decision of the Independent Tax Senate Linz dated 3 September 2008 (RV/0174-L/06) bonds or notes do not qualify as credit agreements within the meaning of the SDA).

In this respect, Section 15/3 SDA provides for an exemption from stamp duty for transactions which are covered by chapter II of the Austrian Capital Transfer Tax Act (*Kapitalverkehrsteuergesetz*) (**Chapter II**) concerning securities tax (*Wertpapiersteuer*). Although securities tax is not levied any more, transactions covered by Chapter II are exempt from stamp duty under Section 15/3 SDA. Chapter II covers, *inter alia*, the acquisition of interest-bearing debt claims (*verzinsliche Forderungsrechte*) in the form of securities (*Schuldverschreibungen*). An Austrian Administrative Court decision requires that the issuance of notes be addressed to the capital markets in order to qualify for this stamp duty exemption. In this respect, according to Austrian literature an issuer may rely on the stamp duty exemption even in the case of a private placement provided that the respective bonds have features such as fungibility (tradeability), uniform terms and conditions, marketable nominal amounts, a larger circle of addressees, no short-term maturity and that they are freely transferable without the issuer's consent. There should be at least: (i) a private placement to a larger circle of addressees which are not related to the issuer; (ii) the issuer should be able to act on the capital markets; and (iii) objective adequacy of the issue for the capital market.

BELGIUM

Set out below is a summary of certain Belgian tax consequences of acquiring, holding and selling the Notes. This summary is not intended to be an exhaustive description of all relevant Belgian tax considerations and investors should consult their own tax advisers regarding such considerations in relation to their own particular circumstances. The description of certain Belgian taxes set out below is for general information only and does not purport to be comprehensive.

This summary is based on current legislation, published case law and other published guidelines and regulations as in force at the date of this Debt Issuance Programme Prospectus and remains subject to any future amendments, which may or may not have retroactive effect.

Belgian income tax

For Belgian tax purposes, interest includes any interest paid on the Notes as well as any amount paid in excess of the initial price upon redemption or purchase by the Issuer.

Belgian resident individuals

For individuals subject to Belgian personal income tax who are not holding Notes as professional investors, all interest payments (as defined in the Belgian Income Tax Code) will be subject to the tax regime described below.

If interest is paid through a Belgian intermediary, such intermediary must levy withholding tax. The current applicable withholding tax rate is 15 per cent. No other personal income tax will be levied on this income. If no Belgian intermediary is involved in the interest payment, the investor must declare this interest as moveable income in his or her personal income tax return. Such income will, in principle, be taxed separately, currently at a rate of 15 per cent. (plus the applicable local surcharge).

Any capital gain upon a sale of Notes, not allocated to the professional activity of the individual, to a party other than the Issuer, except for that part of the sale price attributable to the pro rata interest component, is in principle tax exempt (unless the tax authorities can prove that the capital gain does not result from the normal management of a non-professional investment). The investor must declare the interest as income in his or her personal income tax return. Such income will in principle be taxed separately, currently at a rate of 15 per cent. (plus the applicable local surcharge), unless it can be demonstrated that such income will be subject to Belgian withholding tax upon maturity.

If a levy has been applied according to the EU Council Directive 2003/48/EC on taxation of savings income in the form of interest payments (the **Savings Directive**), this levy does not free the Belgian individual from the obligation to declare the interest income in the personal income tax return. However, this levy will be credited against personal income tax, and any excess amount will be refunded. The levy can also apply to interest paid through paying agents of certain dependent or associated territories, including, as the case may be, the Netherlands Antilles.

Losses on the Notes held as a non-professional investment cannot usually be deducted.

Belgian companies

Interest paid through an intermediary established in Belgium to a Belgian company subject to corporate income tax will generally be subject to Belgian withholding tax (the current applicable withholding tax rate is 15 per cent.). However, an exemption may apply provided that certain formalities are complied with. For zero or capitalization bonds, the above exemption will not apply, unless the Belgian company and the Issuer are associated companies within the meaning of article 105, 6° RD/ITC. If Belgian withholding tax is applicable, Belgian companies are, in principle, entitled to set off Belgian withholding tax against their corporate income tax liability provided certain conditions are fulfilled.

For any Belgian company subject to Belgian corporate income tax, all interest and any gain on a sale of the Notes will form part of that company's taxable profit. The current normal corporate income tax rate in Belgium is 33.99 per cent.

Losses on the Notes are, in principle, tax deductible.

Other Belgian legal entities subject to the legal entities income tax

For other Belgian legal entities subject to the legal entities income tax, all interest payments (as defined by the Belgian Income Tax Code) will be subject to withholding tax, currently at a rate of 15 per cent.

If this interest is paid through a Belgian intermediary, such intermediary will have to levy withholding tax, currently at the rate of 15 per cent. No other legal entities income tax will be levied on this income. If no Belgian intermediary is involved, the withholding tax must be declared and paid by the legal entity itself.

Any capital gain on a sale of the Notes to a party not being the Issuer will, in principle, be tax exempt, except for that part of the sale price attributable to the pro rata interest component. Such interest is subject to withholding tax, currently at the rate of 15 per cent. This withholding tax must be paid by the legal entity itself, unless it can demonstrate that the withholding tax will be paid at maturity.

Tax on stock exchange transactions

The sale and acquisition of the Notes will be subject to a tax on stock exchange transactions if executed in Belgium through a professional intermediary. The tax is generally due at a rate of 0.07 per cent. on each sale and acquisition separately, with a maximum of €500 per taxable transaction. Exemptions apply for certain categories of institutional investors and non-residents. Transactions on the primary market are no longer subject to the tax on stock exchange transactions.

Savings Directive

Under the Savings Directive, Member States are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State or to certain limited types of entities established in that other Member State.

However, for a transitional period, Luxembourg and Austria are instead required to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland). The current rate of the levy applicable to such payments is 20 per cent. (as from 1 July 2008). However, this rate will increase to 35 per cent. after 1 July 2011. In this respect, as from 1 January 2010, Belgium no longer applies the levy on interest payments to beneficial owners who are residents of another Member State of the European Union, but instead applies the automatic exchange of information under the Savings Directive.

On 15 September 2008 the European Commission issued a report to the Council of the European Union on the operation of the Directive, which included the Commission's advice on the need for changes to the Directive. On 13 November 2008 the European Commission published a more detailed proposal for amendments to the Directive, which included a number of suggested changes. The European Parliament approved an amended version of this proposal on 24 April 2009. If any of those proposed changes are made in relation to the Directive, they may amend or broaden the scope of the requirements described above.

Belgium also entered into an agreement with the Kingdom of the Netherlands in respect of the Netherlands Antilles concerning the automatic exchange of information regarding savings income in the form of interest payments. Individual investors should seek professional advice to verify what obligation a paying agent in the Netherlands Antilles is under to withhold any tax from the interest payable by the agent on the Notes under the aforementioned agreement.

BULGARIA

General

This summary is based on the tax legislation, published case law, treaties, regulations and published policy in force as of the date of this Debt Issuance Programme Prospectus, although it does not take into account any developments or amendments thereof after that date, whether or not such developments or amendments have retroactive effect.

This summary is intended as general information only and each prospective investor should consult a professional tax adviser with respect to the tax consequences of an investment in the Notes.

The summary set out in this section applies to all Noteholders, including residents and non-residents of Bulgaria assuming that the Issuer is not resident in Bulgaria and has no place of business in Bulgaria.

For tax purposes, persons are classified according to whether they are individuals or legal entities with applicable taxes on income derived from the Notes regulated by the Individuals' Income Tax Act 2006 (effective from 1 January 2007) with respect to individuals and the Corporate Income Tax Act 2006 (effective from 1 January 2007) with respect to legal entities.

Bulgarian resident legal entities are entities established in accordance with Bulgarian laws, as well as companies established in accordance with Council Regulation (EC) Number 2157/2001 and cooperatives established in accordance with Council Regulation (EC) Number 1435/2003, provided their seat is in Bulgaria and they are registered in a Bulgarian register.

Non-resident entities are those that are not resident entities. Non-resident legal entities are taxed with respect to profit realised through a place of business in Bulgaria and income tax with respect to income the source of which is in Bulgaria.

Bulgarian individual residents, without regard to their citizenship, are persons who: (a) have a permanent address in Bulgaria; or (b) reside on Bulgarian territory for more than 183 days during each 12-month period, or whose centre of critical interest is in Bulgaria.

Non-resident individuals are those individuals that are not resident in Bulgaria.

Non-Residents

Interest

Under Bulgarian law if interest is paid by a non-resident person, by a person that is not a trade representative or an entity that does not have a place of business or a defined base in Bulgaria, in favour of non-resident persons, the non-resident's income would not have Bulgaria as its source and would not be subject to withholding tax.

No withholding tax would be levied even if the income is from interest and discounts from Bulgarian sovereign, municipal or corporate bonds as well as similar bonds, issued under laws of other EU or EEA Member States and is accrued or paid for the benefit of a resident and non-resident individual who is a European Union or European Economic Area resident for tax purposes.

Non-resident legal entities' income from interest payable to them by non-residents through a place of business, or a certain base, in Bulgaria is deemed to originate from Bulgaria and is taxed with a final withholding tax in the amount of 10 per cent.

Capital Gains

Income from a sale, swap and other transfer for consideration of shares, interests, compensatory instruments, investment vouchers or other financial assets which non-resident individuals receive would not be taxed if such income is not derived from Bulgaria.

No withholding tax would be levied if income is received by a non-resident individual as a result of a disposition of financial instruments⁵⁷ and provided that the non-resident individual is resident for tax purposes in the European Union or European Economic Area.

⁵⁷ Pursuant to § 1, item 11 of the Additional Provisions to the Individuals' Income Tax Act 2006 a "disposition of financial instruments" includes the following transactions: (a) a disposition of interests in collective investment schemes, shares and rights made on a

Non-resident legal entities' income from transactions with financial assets issued by resident legal entities, the sovereign or municipalities have its source in Bulgaria and would be taxed with a final withholding tax in the amount of 10 per cent. If the income payor is a non-resident or a place of business in Bulgaria the withholding tax is paid by the income recipient.

No withholding tax would be levied on income received by non-resident legal entities from a disposition of financial instruments.⁵⁸

Residents

Interest

Any payment of interest by the Issuer to Bulgarian Residents (individuals and legal entities) shall be subject to taxation pursuant to the general rules of the Bulgarian Corporate Taxation Act 2006 and the Bulgarian Individuals Income Tax Act 2006 subject to the above.

Capital Gains

Any Capital Gains on Notes realised by Bulgarian Residents (individuals and legal entities) shall be subject to taxation pursuant to the general rules of the Bulgarian Corporate Taxation Act 2006 and the Bulgarian Individuals Income Tax Act 2006 subject to the above.

Value added tax

In general, no value added tax will arise in respect of payments in consideration for the issue of the Notes or in respect of the cash payment made under the Notes, or in respect of a transfer of Notes.

Other taxes and duties

No registration tax, customs duty, transfer tax, stamp duty or any other similar documentary tax or duty will be payable in Bulgaria by a holder of the Notes in respect of, or in connection with, the subscription, issue, placement, allotment, delivery or transfer of the Notes.

EU Savings Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income, Member States are required (from 1 July 2005) to provide to the tax authorities of another Member State with details of the payment of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State. However for a transitional period Luxembourg and Austria are instead required to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to the exchange of information with certain other countries). A number of non-EU countries including Switzerland have agreed to adopt similar measures (a withholding system, which in the meantime has been implemented, in the case of Switzerland) in relation to payments made by a person within its jurisdiction to, or collected by such a person for, an individual resident in another Member State. In addition, the Member States have entered into the reciprocal provision of information or transitional withholding arrangements with certain of those dependent or associated territories in relation to payments made by a person in a Member State to, or collected by such a person for, an individual resident in one of those territories.

regulated market under Article 73 of the Markets in Financial Instruments Act (with "rights" being defined as securities entitling their holder to subscribe for a certain number of shares in connection with a resolution or a capital increase); (b) those entered into on terms and conditions applicable to redemptions from collective investment schemes, admitted to public offering in Bulgaria or another Member State or a member state of the European Economic Area Treaty; and, (c) those entered into on the terms and conditions applicable to tender offers in accordance with chapter 11, division II of POSA, or any similar type of transactions in another Member State or European Economic Area Treaty member state.

⁵⁸ The definition of "disposition of financial instruments" for the purposes of § 1. item 21 of the Corporate Income Tax Act is the same as the definition set out in § 1, item 11 of the Additional Provisions to the Individuals' Income Tax Act referred to in footnote 28.

In respect of resident individuals, a mechanism exists by virtue of which any tax paid in Belgium, Austria or Luxembourg on income from savings paid by a paying agent to resident individuals is deducted from the general annual tax base or is reimbursed. § 1, item 49 of the Individuals' Income Tax Act 2006 defines income from savings as: (a) income related to all kinds of debt claims irrespective of whether they are secured by a mortgage or a debtor's profit sharing arrangement including interest on bank deposits, interest on and discounts from bonds and debentures, as well as income from the sale of bonds and debentures (premia and profit); default interest is not considered income from savings; (b) income from interest realised or capitalised during the sale, reimbursement or redemption of debt claims under letter a) above; (c) income from letters (a) and (b) above paid directly or through a paying agent and distributed on account of: (aa) a collective investment scheme licenced in another Member State; (bb) a paying agent certified in a Member State in which it is established as equivalent to a collective scheme; (cc) a collective investment scheme established in a third country; (d) income on account of a sale, reimbursement or redemption of shares or interests in the persons specified in letters (aa), (bb) and (cc) above, provided that such persons invest directly or indirectly (through persons specified in letters (aa), (bb) and (cc) above) in excess of 40 per cent. of their assets in debt claims under letter (a) above. § 1, item 50 of the Additional Provisions to the Individuals' Income Tax Act defines a paying agent as "a person carrying on business on the territory of Kingdom of Belgium, Republic of Austria and the Grand Duchy of Luxembourg which pays out income from savings to resident individuals under this Act including when acting as an intermediary in connection with the payment of such income".

CYPRUS

The following is a general description of certain tax aspects of the Notes under Cypriot law as at the date of this Debt Issuance Programme Prospectus and does not purport to be a comprehensive description of all tax aspects relating to the Notes. Prospective investors should consult their tax and other professional advisers as to the specific tax consequences of acquiring, holding and disposing of the Notes.

Income Tax

With effect from 1 January 2003, important amendments were introduced to the tax system in Cyprus which was overhauled and pursuant to which the basis of taxation became one of tax on worldwide income on the basis of residency. For the purpose of establishing residency under the provisions of the Income Tax Law, Law 118(I)/2002 (the **Income Tax Law**) a person is resident for tax purposes in Cyprus where: (i) in the case of a natural person, that person is present in Cyprus for one or more periods that exceed in the aggregate 183 days in the tax year; or (ii) in the case of a company, its management and control is centrally exercised in Cyprus. Incorporation of the company alone does not suffice for the purposes of attaining Cypriot tax residency. The tax year for the purpose of the Income Tax Law coincides with the calendar year.

In addition, with effect from 1 January 2009, Cyprus has made a number of important changes to its tax laws relating to the taxation of interest.

The changes were made by Laws 110(I)/2009 and 111(I)/2009, amending the Income Tax Law and the Special Contribution for the Defence of the Republic Law, Law 117(I)/2002 (**SDC**) respectively.

Interest earned from January 1 2009 will be subject to either income tax or SDC tax (but not both), on the following bases:

1. The net amount of interest received by individuals and companies (after deduction of expenses) in the ordinary course of their business or closely connected to the ordinary course of their business is subject to income tax at standard rates (10 per cent. for companies and between 20 per cent. and 30 per cent. for individuals); and
2. Any other interest receivable is subject to SDC tax at 10 per cent. with no deductions.

Furthermore, a resident of Cyprus who receives interest or is credited with an amount of interest will be liable to a withholding at source of 10 per cent. on the interest received or credited pursuant to the provisions of the SDC.

The definition of “residence” as defined in section 2 of the Income Tax Law is equally applicable for the provisions of the SDC.

Persons (natural and legal) who are not resident for tax purposes pursuant to the provisions of the Income Tax Law will not be liable to any charge to income tax or the special contribution for the defence of the Republic unless such income is derived from sources within Cyprus, in which case the income will be taxable according to applicable Cypriot tax legislation.

Stamp Duty

Following the enactment of the Stamp Duty (Amendment) (No.2) Law 2002, section 4 of the Stamp Duty Law, Law 19/1963 as amended provides that:

“(1) every instrument specified in the First Schedule shall be chargeable with duty of the amount specified in the said Schedule as the proper duty therefore respectively if it relates to any asset situated in the Republic or to matter or things which shall be performed or done in the Republic irrespective of the place where the document is made”.

Finally, stamp duty is payable on a sliding scale with a cap/ceiling of approximately EUR17,100 per transaction document.

Withholding Tax

There is no withholding tax payable in Cyprus on interest and dividends to non-Cypriot tax residents.

CZECH REPUBLIC

General

The information set out relates only to Czech withholding tax and does not deal with any other Czech tax consequences of the purchase, holding and disposal of the Notes and it does not purport to be a complete analysis of all Czech tax considerations relating to the Notes that may be relevant to a decision to purchase the Notes.

Interest Income

Subject to the assumption that the Issuers do not become resident in the Czech Republic for tax purposes, the payments of interest on the Notes will not be subject to Czech withholding tax unless the interest on the Notes is paid by a permanent establishment of an Issuer in the Czech Republic.

Capital gains and tax security withholding

Income realised by an individual who is not for tax purposes treated as a resident of the Czech Republic or by a person other than an individual who is not for tax purposes treated as a resident of the Czech Republic (**Non-Czech Holders**), whether holding the Notes through a permanent establishment in the Czech Republic or not, from the sale of the Notes to an individual who is for tax purposes treated as a resident of the Czech Republic or to a person (other than an individual) who is for tax purposes treated as a resident of the Czech Republic or to an organisational unit of the Czech state (**Czech Holders**) or to a Non-Czech Holder acquiring the Notes through a permanent establishment in the Czech Republic, will generally be subject to taxation in the Czech Republic, unless the Non-Czech Holder realising that income is resident in a country within the meaning of a double taxation treaty concluded between that country and the Czech Republic, pursuant to the terms of which the right

to tax that income is conferred exclusively to the former country or, unless the income realised by a Non-Czech Holder is exempt from tax which, in the case of a Non-Czech Holder who is an individual, is generally true if the Notes have been held by the Non-Czech Holder for more than six months prior to their sale and have not been held in connection with a business activity of such Non-Czech Holder.

If income realised by a Non-Czech Holder, whether holding the Notes through a permanent establishment in the Czech Republic or not, from the sale of the Notes is subject to taxation in the Czech Republic (as discussed in the previous paragraph), the Czech Holder or a permanent establishment in the Czech Republic of a Non-Czech Holder paying the income, will be obliged to withhold an amount of one per cent. on a gross basis representing tax security, unless the Non-Czech Holder is for tax purposes a resident of a member state of the European Union or the European Economic Area, or unless the obligation to withhold is waived based on the tax authority's decision.

EU Savings Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income (Directive), Member States (including the Czech Republic which implemented the Directive into the Section 38fa (Paying Agent) of the Czech Income Tax Act) are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State or to certain limited types of entities established in that other Member State. However, for a transitional period, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments⁵⁹ (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland).

On 15 September 2008 the European Commission issued a report to the council of the European Union on the operation of the Directive, which included the Commission's advice on the need for changes to the Directive. On 13 November 2008 the European Commission published a more detailed proposal for amendments to the Directive, which included a number of suggested changes. The European Parliament approved an amended version of this proposal on 24 April 2009. If any of those proposed changes are made in relation to the Directive, they may amend or broaden the scope of the requirement described above.

DENMARK

The following relates only to Danish withholding tax and does not deal with any other Danish tax implications of acquiring, holding or disposing of the Notes.

As the Issuer is not resident in Denmark, payments of interest or principal on the Notes will not be subject to Danish withholding tax.

As a matter of Danish domestic tax law, payments of interest or principal made by a Danish borrower to a creditor under a loan are, as a rule, not subject to any Danish withholding tax.

However, interest payments and certain principal payments made by a Danish borrower pursuant to an intra-group loan to an affiliated foreign company (as defined in Section 3B of the Danish Tax Control Act of 24 November 2005, as amended) are subject to a Danish withholding tax of 25 per cent., unless it falls under at least one of the following categories under Danish tax law:

- the affiliated foreign creditor has a permanent establishment in Denmark to which such interest income is attributed;

⁵⁹ Belgium previously also operated a transitional withholding system but has now opted, by two Royal Decrees dated 27 September 2009 and published in the Belgian State Gazette on 1 October 2009, to provide details of payments of interest in accordance with the EC Council Directive 2003/48/EC, as from 1 January 2010.

- withholding tax must be waived or reduced under the Interest/Royalty Directive (2003/49/EU), provided that the Danish borrower and the foreign creditor are associated as defined under this Directive for a consecutive period of a minimum of one year, during which the interest payments are effected;
- withholding tax must be waived or reduced under a tax treaty to which Denmark is a party;
- the affiliated foreign creditor is directly or indirectly controlled by a Danish parent company as defined in Section 31 C of the Danish Company Taxation Act for a consecutive period of minimum one year, during which the interest payments are effected;
- the affiliated foreign creditor is controlled by an entity resident in a country that has concluded a tax treaty with Denmark, provided that such entity is subject to CFC taxation on the interest payments pursuant to the CFC taxation rules of that country; or
- the affiliated foreign creditor can demonstrate that the foreign taxation of the interest payments corresponds to at least three-quarters of the Danish corporate tax rate and it does not forward payments of interest to another foreign company which is taxed on such interest payments at a rate of less than three-quarters of the Danish corporate tax rate.

Payments may be subject to Danish withholding tax irrespective of the above if the beneficiary of the payments is not the beneficial owner (e.g. if the beneficiary of the payments reassigns the payments to a person or entity resident in a jurisdiction other than Denmark).

ESTONIA

The following summary is not intended to be a complete analysis of the tax consequences under Estonian law as a result of the acquisition, ownership and sale of the Notes by investors. Potential investors should, therefore, consult their own tax advisers on the tax consequences of such acquisition, ownership and sale, including specifically the tax consequences under Estonian law, the law of their jurisdiction of residence and any tax treaty between Estonia and their jurisdiction of residence.

The following is a brief summary of the principal Estonian tax consequences for the Noteholders.

Income Taxation

Taxation of Acquisition of Notes

For Estonian resident natural persons the acquisition of Notes does not result in an income tax obligation.

For Estonian resident legal persons the acquisition of Notes issued by:

- Société Générale (France) and/or SG Option Europe (France) does not result in an income tax obligation;
- SGA Société Générale Acceptance N.V. (Netherlands Antilles) will result in the income tax obligation at the gross rate of 21 per cent. for the acquirer. No tax applies, however, if the Notes are freely transferable, and either: (i) are traded, at the time of acquisition, on the regulated market located in the European Economic Area; or (ii) there is an intention to trade on the regulated market located in the European Economic Area within 12 months from the date of issue.

Taxation of interest

Taxation of resident legal persons

Estonia provides a unique corporate income taxation system as resident companies (and permanent establishments of non-resident companies) do not pay income tax for retained or reinvested earnings. The corporate income tax (CIT) obligation is deferred to the moment of distributing the profits and certain other payments deemed equivalent. CIT is levied on the payments of dividends, gifts, fringe benefits, non-business expenditures and excessive capital reductions made by companies at the gross rate of 21 per cent.

Therefore, the interest received from the Issuer does not create an income tax obligation. French companies and companies incorporated in the Netherlands Antilles will not be required to withhold income tax in Estonia pursuant to Estonian legislation, but interest may be subject to tax withholding in the Issuer's country.

Taxation of resident natural persons

Interest paid by Société Générale (France) is not taxable income of Estonian resident natural persons. Resident natural persons pay tax on interest paid by SGA Société Générale Acceptance N.V (Netherlands Antilles) and/or SG Option Europe (France). The income tax rate is 21 per cent. Since the Issuers we understand do not have permanent establishments in Estonia, they would not be required to withhold income tax of 21 per cent. in Estonia, but the interest may be subject to withholding tax in the Issuer's country. A resident natural person will be required herself/himself to declare and pay income tax of 21 per cent. on the interest income, if the interest income is taxable.

Further, interest directly received on Notes issued by SGA Société Générale Acceptance N.V (Netherlands Antilles) may be subject to tax withholding in Netherlands Antilles.

If the Notes are held for the natural person at an agent (e.g. a custodian) in Belgium, Luxembourg, Austria, and certain other countries, or receives interest (or similar) payments for the Notes from or through such agent, the interest payable on the Notes may be subject to withholding tax under the EU Savings Directive (2003/48/EC) or bilateral agreements.

Transfer of Notes

Taxation of resident legal persons

Due to the Estonian unique CIT system, resident legal persons will not be taxed on any gain realised from the sale of the Notes. The profit accumulated from the sale of such Notes will be taxed on distribution.

Taxation of resident natural persons

The resident natural persons are generally taxed on the gains realised from the sale or exchange of any transferable and monetarily appraisable objects, including securities. The income tax rate is 21 per cent.

Taxation of non-residents – General information

DTT network

Estonia has conventions for the avoidance of double taxation and the prevention of fiscal evasion with respect to taxes on income and on capital, with a substantial number of countries including France (effective from 1 January 1996).

Taxation of Interest

Interest payments made to non-residents will not be subject to withholding tax in Estonia unless the amount of interest paid significantly exceeds the effective market rate paid on a comparable debt instrument. The excessive interest will be subject to withholding tax of 21 per cent. Please be aware that only the Estonian issuer of the notes or a non-resident having a permanent establishment in Estonia will be required to withhold Estonian

income tax of 21 per cent. Since none of the Issuers we understand has a permanent establishment in Estonia and the recipient of the interest is a non-resident, the Estonian law will not apply to payment of such interest.

Stamp Duty

No stamp duty is payable upon transfer of Notes in Estonia.

FEDERAL REPUBLIC OF GERMANY

The following discussion of certain German tax consequences of buying, holding or disposing of the Notes is based on tax laws, regulations, decisions, judgments and administrative decrees currently in effect, which may be amended or construed differently, potentially with retroactive or retrospective effect. However, this section does not refer to all possible tax considerations which are relevant to the decision of any potential purchaser with respect to buying, holding or disposing of a Note; in particular, it does not refer to specific circumstances which may be relevant to certain purchasers such as church tax (Kirchensteuer) or individual tax privileges. This means that the following text exclusively refers to Notes as an investment as such (unless expressly indicated otherwise) and does not address any persons in their specific tax situation. The information contained in the following section is not intended as and does not purport to be legal or tax advice.

Potential investors in the Notes are therefore advised to consult their own tax advisers as to the German and other tax consequences of buying, holding or disposing of the Notes.

As each Tranche of Notes may be subject to a different tax treatment due to the specific terms of such Tranche of Notes as set out in the respective Final Terms, the following section only provides some very general information on the possible tax treatment. If necessary, the prospectus regarding the respective Tranche of Notes will contain more specific but also general information on the possible tax treatment of the respective Notes. Potential investors should therefore always review the respective Final Terms also with respect to additional tax information.

German Taxation of Residents

Notes held as a Private Asset

Taxation of Interest Income

Under German tax law, payment of interest on the Notes to persons who are tax residents of Germany (including persons whose residence, habitual abode, statutory seat or place of management is located in Germany, a "German Holder") and who held the Note as a private asset is subject to German income tax as capital income in the meaning of § 20 German Income Tax Act. From the year 2009, a final taxation ("Abgeltungsteuer") is charged on capital income at an amount of 25% plus 5.5% solidarity surcharge ("Solidaritätszuschlag") thereon, resulting in a total final taxation of 26.375%. Taxable base is the received interest without any deduction of expenses actually incurred. The total capital income of the individual will be deducted by a personal annual exemption ("Sparer-Pauschbetrag") of EUR 801 (EUR 1,602 for married couples filing their tax return jointly). The personal income tax liability regarding the capital income is, in principle, settled by the tax withheld. If no withholding tax was charged on the payment of the interest, the German Holder will have to include this interest income in its tax return. The final taxation will then be charged by way of assessment. The German Holder may also apply for assessment of the capital income based on the general rules if the personal income tax rate of the German Holder is lower than the final taxation rate. In such assessment, the withholding tax will be credited.

Withholding Tax on Interest Income

If the Notes are held in a custodial account maintained by a German Holder with a German branch of a German or foreign bank or financial services institution (a "German Disbursing Agent"), which pays or credits the interest, a 25% withholding tax ("Kapitalertragsteuer") on interest payments, plus a 5.5% solidarity surcharge

(“*Solidaritätszuschlag*”) thereon will be levied, resulting in a total withholding tax charge of 26.375% on the gross amount of interest paid. Accrued Interest paid by a German Holder upon the purchase of the Notes may be set-off against the amount of interest income received by such German Holder and, under certain circumstances, may reduce the amount subject to withholding tax.

If the Noteholder is an individual to whom income from the Notes constitutes income from a capital investment and such Noteholder has filed a certificate of exemption (“*Freistellungsauftrag*”) with the German Disbursing Agent, no tax will be withheld by the German Disbursing Agent to the extent that the interest income derived from the Notes together with other investment income administered by the German Disbursing Agent does not exceed the maximum exemption amount shown on this certificate. Similarly, no tax will be withheld if the Noteholder submits to the German Disbursing Agent a certificate of non-assessment (“*Nichtveranlagungsbescheinigung*”) issued by the competent local tax office.

Disposal or Redemption of the Notes

Capital gains resulting from the disposal or redemption of Notes (or, as the case may be, from the payment at maturity of the Notes) realised by individual German Holders holding the Notes as private assets are taxable as capital gains. They are also subject to the final taxation (“*Abgeltungsteuer*”) at an amount of 25% plus 5.5% solidarity surcharge (“*Solidaritätszuschlag*”) thereon, resulting in a total final taxation of 26.375%.

Base for this taxation is the capital gain, which is in general the difference between the proceeds from the disposal or redemption after deduction of expenses directly related to the disposal and the cost of acquisition. The taxable capital gains from Notes issued in a currency other than Euro also include any currency gains (and losses). In case of a physical settlement of certain Notes which grant the Issuer or the individual Noteholder the right to opt for a physical delivery of a predetermined number of underlying securities instead of a (re)payment in cash, generally no taxable capital gain may result, because the acquisition costs of the Notes are regarded as acquisition costs of the underlying securities received by the individual Noteholder upon physical settlement. Therefore, only loss can arise from the deduction of directly related expenses.

Capital losses in respect of the Notes held as a private asset may only be set-off against capital income within the same financial year and in subsequent years. However, if losses result from Notes held in a custodial account maintained by a German Disbursing Agent, initially the German Disbursing Agent will take these losses into account when calculating the withholding tax. In case that the losses can not be compensated in the current year the losses will be set off against the income of the subsequent year. Upon request of the German Holder the German Disbursing Agent will provide a certificate of all losses, which could not be set off during the current year within the custodial account. This certificate enables the German Holder to claim a deduction within the assessment of capital income.

Withholding Tax on Disposal or Redemption of the Notes

Like the treatment of interest income a withholding tax at an amount of 25%, plus a 5.5% solidarity surcharge (“*Solidaritätszuschlag*”) thereon (in total 26.375%) will be levied on capital gains from disposal or redemption of the Notes, if the Note is held in a custodial account maintained by a German Disbursing Agent. A withholding tax will not be charged if the German Holder has provided a certificate of exemption (“*Freistellungsauftrag*”) or a certificate of non-assessment (“*Nichtveranlagungsbescheinigung*”) to the German Disbursing Agent.

Base for this taxation is again the difference between the proceeds from the disposal or redemption after deduction of expenses directly related to the disposal and the cost of acquisition. However, in case the Notes have not been kept in a custodial account with the same German Disbursing Agent since the time of acquisition, upon the disposal, redemption or repayment the withholding applies to 30% of the disposal proceeds, unless the current Disbursing Agent has been notified of the actual acquisition costs of the Notes by the previous Disbursing Agent or by a statement of a bank or financial services institution within the European Economic Area or certain other countries in accordance with art. 17 para. 2 of the EC Council Directive 2003/48/EC.

Furthermore, the special provision for a physical settlement of certain Notes applies for purposes of the withholding. Therefore, in principle, redemption accompanied by physical settlement may not result in a withholding tax.

Notes held as Business Assets or by a Corporate Body

If the Notes are held as business assets or by a corporate body all income received from the Notes (interest as well as capital gains) is subject to German income tax or German corporate income tax. The income from the Notes will be taxed at the German Noteholder's individual tax rate. The income tax or the corporate income tax is not settled by the tax withheld. Withholding tax and the solidarity surcharge thereon might be credited as prepayments against the German Holder's final tax liability for German personal or corporate income tax purposes and the respective solidarity surcharge, or, if in excess of such final tax liability, refunded upon application.

If the Notes are held in a German business establishment for trade tax purposes, interest income derived from the Notes will also be subject to trade tax on income, which is a municipal tax levied whose effective tax rate depends on the trade tax factor applied by the relevant municipality.

The taxation of the investment in the Notes might be calculated on an accruals basis. The income might therefore be taxed before the German Holder receives a payment from the Notes.

In general, withholding tax will be deducted in accordance to the same provisions like the withholding with respect to Notes held as private assets. The withholding tax on capital gains might not apply under certain circumstances and for certain capital income if the Notes are held by a tax resident corporate or if the Notes are held by an individual or by a partnership as part of the business assets as far as the German Holder provides the German Disbursing Agent with a certificate of the character of the Notes as business assets.

German Taxation of Non-Residents

Income derived from the Notes by persons who are not tax residents of Germany ("**Non-German Holders**") is in general exempt from German income or corporate income taxation, and no withholding tax shall be withheld (even if the Notes are held with a German Disbursing Agent), provided (i) the Notes are not held as business assets of a German permanent establishment of the Non-German Holder, including a permanent representative, or fixed base of the Noteholder, (ii) the income derived from the Notes does not otherwise constitute German source income (such as income from the letting and leasing of certain German situs property), (iii) the Notes or coupons are not presented for payment at the offices of a German branch of a German or foreign bank or financial services institution, that do not hold in custody or manage the Notes, in an over-the-counter-transaction ("*Tafelgeschäft*") by a person who is not a foreign bank or financial service institution and, (iv) in the event that the Notes are held in a custodial account maintained by a German Disbursing Agent, the Noteholder complies with the applicable procedural rules under German law and provides evidence of the fact that the Notes are not subject to taxation in Germany. Unjustified retained withholding tax shall be refunded upon request to the Local Tax Office ("*Finanzamt*") to whom the withholding tax was paid.

If the interest is subject to German taxation (for example, if the Notes are held as business assets of a German permanent establishment of a Non-German Holder), such holder is subject to a tax treatment similar to that described above under the caption "German Tax Residents". The withholding tax may be refunded based on an assessment to tax or under an applicable tax treaty.

If the Notes are offered by the Issuer other than in the Federal Republic of Germany, information relating to withholding tax may be disclosed in the Final Terms or, in the event of an offer which is made after completion of the Final Terms, in a supplement to this Debt Issuance Programme Prospectus.

European Union Directive on the Taxation of Savings Income

On 3 June 2003 the Council of the European Union ("ECOFIN") approved a directive regarding the taxation of interest income. Accordingly, each EU Member State must provide to the tax authorities of the other Member States details of the payment of interest made by a person in its jurisdiction to any individual resident in the other relevant EU Member State. The directive has to be applied by the member states since 1 July 2005. The directive came into effect in German law on 1 July 2005.

For a transitional period, Austria and Luxembourg may opt instead to withhold tax from interest payments within the meaning of the directive at a rate of 20% till 30 June 2011 and 35% from 1 July 2011 onwards. As of 1 January 2010, Belgium applies the automatic exchange of information under the Savings Directive instead of withholding taxes.

Gift or Inheritance Taxation

No estate, inheritance or gift taxes with respect to any Notes will arise under the laws of Germany, if, in the case of estate and inheritance taxes, both the decedent and the beneficiary, and, in the case of gift taxes, both the donor and the donee, are tax non-residents and are not deemed to be a tax resident of Germany at the time of the transfer and such Notes are not attributable to a permanent establishment in Germany. In the case of a decedent, donor or heir who is a German national, this only applies if such person has been a non-resident of Germany for more than five consecutive years.

Stamp Duty

No stamp, issue, registration or similar taxes or duties will be payable in Germany in connection with the issuance, delivery or execution of the Notes. Currently, net assets tax is not levied in Germany.

FINLAND

The following is a summary based on current Finnish law relating only to persons who are generally tax liable in Finland and regarding Finnish withholding tax treatment of payments in respect of the Notes. Investors are advised to seek professional advice relating to tax consequences in respect of acquiring, holding or disposal of Notes.

Payments regarding the Notes may be made without withholding on account of Finnish income tax. However, according to Finnish domestic tax legislation, certain Finnish financial institutions, if acting as paying agents, may be obliged to withhold tax of 28 per cent. on interest payments made to individuals who are generally tax liable in Finland.

GREECE

The following is a summary of certain Greek tax considerations, which may be relevant to the acquisition, ownership and disposal of the Notes in Greece. The summary does not purport to be, nor should it be relied upon, as a comprehensive description or analysis of all the tax considerations, which may be relevant to a decision to acquire Notes.

The summary is based on tax laws and regulations in effect in Greece on the date hereof which are subject to change without notice. Prospective purchasers or holders of Notes should consult their own tax advisers as to the Greek or other tax consequences arising from the acquisition, ownership and disposition of the Notes, having regard to their particular circumstance.

According to the Greek Income Tax Code, as in force, a special withholding tax of 10 per cent. is imposed on interest income received by, tax residents in Greece or persons who maintain for tax purposes their permanent establishment in Greece, from Notes issued by foreign entities irrespective of whether such interest income is reinvested abroad or repatriated in Greece. The payment of the said 10 per cent. special tax shall exhaust the tax liability of Greek individuals with respect to such income. It is noted that Greek individuals are not entitled to

deduct foreign withholding taxes for income which has been subject to such 10 per cent. special tax. Therefore, the 10 per cent. special tax shall apply only to the net coupons paid by the issuer. According to the Greek Income Tax Code, the abovementioned special tax shall be withheld by the paying agent appointed in Greece within the meaning of the Directive 2003/48/EC, as implemented in Greece by law 3312/2005. Interest income received by Greek corporate investors is also subject to a 10 per cent. special withholding tax, to be calculated on the gross coupon payment and levied by the paying agent in Greece within the meaning of the Directive 2003/48/EC, as implemented in Greece by law 3312/2005 (or the investor itself if no such paying agent has been appointed). Furthermore, according to Greek tax law, the gross interest payments qualify as “foreign bond interest income” and shall therefore be treated as part of the gross annual income of the Greek corporate investors. However, the 10 per cent. special tax paid can be offset against the final income tax liability of corporate investors. In the event that coupon payments on the Notes are subject to foreign withholding tax, the said tax shall be deducted from the final income tax in the form of a foreign tax credit, provided that the actual tax withheld is confirmed by a certified auditor or the competent tax authorities and, most importantly, only up to the amount of the tax payable for this type of income in Greece. Special rules might also apply with respect to certain categories of corporate investors such as credit institutions, insurance companies, investment funds, pension funds etc.

According to circular 1092/27.07.2007 of the Greek Ministry of Finance, capital gains resulting from the transfer of the Notes shall be taxed pursuant to the general provisions of the Greek Income Tax Code, i.e. at the income tax rate applicable to Greek individuals or at 25 per cent. for corporate investors and shall be subject (where applicable) to 20 per cent. withholding tax to be offset against the final income tax liability. In addition, in the event of a [cum-coupon] transfer of the Notes the amount of the accrued interest shall be treated as interest income and be subject on the transfer date to a 10 per cent. withholding tax pursuant to the rules described above.

As regards the Notes issued in France, the double taxation treaty between Greece and France provides that interest on such Notes is taxed in Greece. France may impose tax on interest payments made to Greek residents, according to French tax laws but such tax is limited to 12 per cent. In the case of corporate investors, the amount of tax imposed in France, if any, shall be deducted from the tax due in Greece, however only up to the amount of withholding tax applicable in Greece. The aforementioned provisions do not apply to Greek residents having a permanent establishment in France and being subject to French taxation.

As regards the Guarantee provided by the Guarantor, the double taxation treaty between Greece and France provides that interest payable on such Notes on the basis of the Guarantee is taxed in Greece, provided that it is considered as interest payment. France may impose tax on interest payments made to Greek residents, according to French tax laws but such tax is limited to 12 per cent. In the case of corporate investors, the amount of tax imposed in France, if any, shall be deducted from the tax due in Greece. The aforementioned provisions do not apply to Greek residents having a permanent establishment in France and being subject to French taxation.

There is no double taxation treaty between Greece and the Netherlands Antilles.

HUNGARY

The following is a general discussion of certain Hungarian tax consequences relating to the acquisition and ownership of Notes. It does not purport to be a comprehensive description of all tax considerations which may be relevant to a decision to purchase Notes, and, in particular, does not consider any specific facts or circumstances that may apply to a particular purchaser. It is based on laws currently in force in Hungary and as applied on the date of this Debt Issuance Programme Prospectus, which are subject to change, possibly with retroactive effect. Prospective purchasers of Notes are advised to consult their own tax advisers as to the tax consequences of the purchase, ownership and disposition of Notes, including the effect of any state or local taxes, under the tax laws of Hungary and each country of which they are residents.

Withholding tax (foreign resident individual Noteholders)

Payments of interest on and capital gains realised upon the redemption or sale of publicly offered and traded Notes (**Interest Income**) are taxed at 20 per cent., provided that Hungary has a treaty for the avoidance of double taxation in place with the country of residence of the individual Noteholder. Notes listed on a regulated market of an EEA Member State are considered publicly offered and traded Notes.

The proceeds paid on privately placed Notes which are not listed on a regulated market of an EEA Member State is considered as other income (**Other Income**) which is taxable progressively (the highest tax rate is 32 per cent.) and may also be subject to a health care contribution of 27 per cent. Capital gains realised on the sale of such Notes is considered, as a general rule, capital gains income (**Capital Gains Income**). The tax rate applicable to Capital Gains Income is 25 per cent. while a health care contribution of 14 per cent. (capped at 450,000 Hungarian Forint (**HUF**)) may also be payable on the basis of Capital Gains Income. Subject to certain conditions, individual Noteholders realising Capital Gains Income in a transaction entered into with a Hungarian or EU investment firm can opt to treat their Capital Gains Income from such transaction as 'Income from controlled capital market transaction' which is subject to Hungarian personal income tax at a rate of 20 per cent. and no health care contribution is payable.

Foreign resident individual Noteholders are subject to tax in Hungary if they realise interest income from Hungarian sources or income that is otherwise taxable in Hungary if the international treaty or reciprocity so requires. Interest income should be treated as having a Hungarian source where:

- (a) the Issuer is resident in Hungary for tax purposes;
- (b) the Issuer has a permanent establishment in Hungary and interest income realised on the basis of the Notes is paid by the Hungarian permanent establishment of the Issuer;
- (c) the foreign resident individual Noteholder has a permanent establishment in Hungary to which the interest income is attributable.

The tax on payments of the Interest Income, Capital Gains Income and Other Income is to be withheld by the "Payor" (*kifizető*) (as defined below).

Pursuant to Act XCII of 2003 on the Rules of Taxation (**ART**) a **Payor** means a Hungarian resident legal person, organization, or private entrepreneur who provides taxable income, irrespective of whether such payment is made directly or through an intermediary (post office, credit institution). In respect of interest, Payor shall mean the borrower of a loan or, the issuer of a note, including, the investment service provider or credit institution providing the interest instead of it. In respect of revenues originating from a transaction concluded with the involvement of a licensed stockbroker, Payor shall mean such stockbroker. The Hungarian permanent establishment of a foreign resident entity is also considered as a Payor.

Effective from 1 January 2010, a 30 per cent. withholding tax is levied and is to be withheld by the Payor from interests paid to foreign resident individual Noteholders where Hungary does not have a treaty on the avoidance

of double taxation in place with the country of residence of the Noteholder. Notwithstanding the above, if the Payor is a credit institution the general 20 per cent. withholding tax is levied and is to be withheld in relation to publicly offered and traded Notes instead of the above 30 per cent. withholding tax.

Please note that the provisions of applicable treaties on the avoidance of double taxation, if any, should be considered when assessing the Hungarian tax liabilities of a foreign resident individual Noteholder. Such treaty may fully exempt Noteholders from withholding tax or may reduce the applicable withholding tax rate.

Interest, as defined by Schedule 7 of the ART (which implements the provisions of the Savings Directive), realised on Notes by citizens of any other Member State of the European Union is not subject to Hungarian tax where a paying agent based in Hungary provides data to the Hungarian state tax authority on the basis of Schedule 7 of the ART.

Subject to the applicable treaty on the avoidance of double taxation, a foreign resident individual Noteholder who does not have a permanent establishment in Hungary is not subject to tax in Hungary on the basis of realising Capital Gains Income or 'Income from controlled capital market transaction' from Hungary since such income is not considered as Hungarian source income.

Withholding tax (foreign resident corporate Noteholders)

Interest on Notes paid to foreign resident corporate Noteholders, who do not have a permanent establishment in Hungary, by resident legal entities or other persons and any capital gains realised by such foreign resident Noteholders on the sale of Notes is not subject to tax in Hungary. As of 1 January 2010, Hungarian corporate income tax is required to be withheld by the Payor from interest paid to corporate Noteholders established in a country which has no treaty on the avoidance of double taxation with Hungary in place (with the exception of any interest paid to any Hungarian permanent establishment of such corporate Noteholders). This withholding obligation does not apply to interests paid on Notes listed on a regulated market of an EEA or OECD Member State. The tax rate applicable to such interest is 30 per cent.

The tax liability of a foreign resident corporate Noteholder, which has a permanent establishment in Hungary is limited, in general, to the income from business activities realised through its Hungarian permanent establishment.

Taxation of Hungarian resident individual Noteholders

Act CXVII of 1995 on Personal Income Tax (the **Personal Income Tax Act**) applies to the tax liability of Hungarian and foreign private individuals. The tax liability of Hungarian resident private individuals covers the worldwide income of such persons.

According to the provisions of the Personal Income Tax Act, in the case of individual Noteholders, Interest Income is the income paid as interest and the capital gains realised upon the redemption or the sale of publicly offered and publicly traded debt securities. Notes listed on a regulated market of an EEA Member State are considered publicly offered and traded Notes. The withholding tax on Interest Income is currently 20 per cent.

The proceeds paid on privately placed Notes which are not listed on a regulated market of an EEA Member State are considered as Other Income which is taxable progressively (the highest tax rate is 32 per cent.) and may also be subject to a health care contribution of 27 per cent. Capital gains realised on the sale or redemption of such Notes is considered, as a general rule, Capital Gains Income. The tax rate applicable to Capital Gains Income is 25 per cent., while a health care contribution of 14 per cent. (capped at HUF450,000) may also be payable on the basis of Capital Gains Income.

Subject to certain conditions, individual Noteholders realising Capital Gains Income in a transaction entered into with a Hungarian or EU investment firm can opt to treat their Capital Gains Income from such transaction as

Income from controlled capital market transaction' which is subject to Hungarian personal income tax at a rate of 20 per cent. and no health care contribution is payable in relation to such Capital Gains Income.

The rules of the Personal Income Tax Act may in certain circumstances impose a requirement upon the “Payor” (*kifizető*) (as defined below) to withhold tax on the interest payments to individual Noteholders.

Pursuant to the ART the definition of a **Payor** covers a Hungarian resident legal person, other organisation, or private entrepreneur that (who) provides taxable income, irrespective of whether such payment is made directly or through an intermediary (post office, credit institution). In respect of interest, Payor shall mean the borrower of a loan or the issuer of a note including, the investment service provider or credit institution providing the interest instead of it. In respect of revenues originating from a transaction concluded with the involvement of a licensed stockbroker, **Payor** shall mean such stockbroker. In respect of income that is earned in a foreign country and taxable in Hungary, **Payor** shall mean the “paying agent” (*megbízott*) (legal person, organization, or private entrepreneur) having tax residency in Hungary, except in cases where the role of a financial institution is limited to performing the bank transfer or payment

Taxation of Hungarian resident corporate Noteholders

Under Act LXXXI of 1996 on Corporate Tax and Dividend Tax (the **Corporation Tax Act**), Hungarian resident taxpayers have a full, all-inclusive tax liability. In general, resident entities are those established under the laws of Hungary (i.e. having a Hungarian registered seat). Foreign persons having their place of management in Hungary are also considered as Hungarian resident taxpayers.

In general, interest and capital gains realised by Hungarian resident corporate Noteholders on Notes is taxable in the same way as the regular profits of the relevant Noteholders. The general corporation tax rate in Hungary is 19 per cent.

Financial institutions, financial enterprises, insurance companies and investment enterprises may be subject to local business tax and innovation tax on the basis of the proceeds realised on Notes.

Taxation of foreign resident corporate Noteholders

Foreign resident corporations are not subject to withholding tax in Hungary, provided that they do not have a permanent establishment in Hungary.

The tax liability of a foreign resident corporate Noteholder, which has a permanent establishment in Hungary is limited, in general, to the income from business activities realised through its Hungarian permanent establishment.

Taxation of foreign resident individual Noteholders

Foreign resident individual Noteholders are not subject to tax in Hungary, provided that they do not have a permanent establishment in Hungary and the interest realised on the basis of the Notes is not paid by the Hungarian permanent establishment of the party obliged to pay interest.

Interest, as defined by Schedule 7 of the ART (which implements the provisions of the Savings Directive), realised on the Notes by citizens of any other Member State of the European Union is not subject to Hungarian tax where a paying agent based in Hungary is obliged to provide data to the Hungarian state tax authority on the basis of Schedule 7 of the ART.

ICELAND

The following is a short summary of the Icelandic tax treatment of the Notes in respect of withholding tax under the legislation in effect at the date of this Debt Issuance Programme Prospectus. The summary does not purport

to be a comprehensive description of all of the tax considerations that may be relevant to a decision to purchase, own or dispose of the Notes. The summary relates only to the position of Icelandic withholding taxes on the Notes. Investors should seek independent advice.

The summary is based upon Icelandic tax laws and Icelandic legal practice as in effect on the date of this Debt Issuance Programme Prospectus, which are subject to change.

Withholding tax

All payments in respect of the Notes may be made without deduction for or on account of withholding taxes imposed by Iceland.

Iceland may, however, levy an 18 per cent. withholding tax on interest payments if Icelandic financial institutions are acting as paying agents. However if the owner of the interest received is not tax resident in Iceland, an exemption may be applied for with the Inland Revenue Directorate.

Icelandic corporates

Acquisition of the Notes should not result in any tax liability. Interest income is subject to tax at the rate of 18 per cent. (32.7 per cent. in case of partnerships) on accrual basis. Upon sale of the Notes the sale price less original acquisition value should be classified as interest subject to tax at the same rate.

Icelandic individuals

Acquisition of the Notes should not result in any tax liability. Interest income is subject to tax at the rate of 18 per cent. (the first ISK 100,000.00 of interest received by an individual annually being tax free) on realization basis. Upon sale of the Notes the sale price less original acquisition value should be classified as interest subject to tax at the same rate.

IRELAND

The following is a summary of the Irish withholding tax treatment of the Notes. The summary does not purport to be a comprehensive description of all of the tax considerations that may be relevant to a decision to purchase, own or dispose of the Notes. The summary relates only to the position of Irish withholding taxes on the Notes.

The summary is based upon Irish tax laws and the practice of the Irish Revenue Commissioners as in effect on the date of this Debt Issuance Programme Prospectus, which are subject to prospective or retroactive change. Prospective investors in the Notes should consult their own advisers as to the Irish or other tax consequences of the purchase, beneficial ownership and disposition of the Notes including, in particular, the effect of any state or local law taxes.

Withholding Tax

No charge to Irish interest withholding tax will arise upon payment of interest on the Notes as such interest is not charged with tax under Schedule D of the Taxes Consolidation Act 1997 (as amended).

If the interest on the Notes is entrusted to an Irish paying agent or is collected by an Irish collecting agent then Irish encashment tax may be required to be withheld at the standard rate (currently 20 per cent.) from the payments made by the relevant agent.

ITALY

The statements herein regarding taxation are based on the laws in force in Italy as at the date of this Programme and are subject to any changes in law occurring after such date, which changes could be made on a retroactive basis. The following summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to subscribe for, purchase, own or dispose of the Notes and does not purport to deal with the tax consequences applicable to all categories of investors, some of which (such as dealers in securities or commodities) may be subject to special rules. Prospective purchasers of the Notes are advised to consult their own tax advisers concerning the overall tax consequences of their ownership of the Notes.

Tax treatment of the Notes

Legislative Decree No. 239 of 1 April 1996, as subsequently amended (**Decree 239**), provides for the applicable regime with respect to the tax treatment of interest, premium and other income (including the difference between the redemption amount and the issue price) from notes falling within the category of bonds (*obbligazioni*) or debentures similar to bonds (*titoli similari alle obbligazioni*) issued, *inter alia*, by non-Italian resident issuers.

Notes with an original maturity higher than 18 months – Italian resident Noteholders

Where the Notes have an original maturity of at least 18 months and an Italian resident Noteholder is (a) an individual not engaged in an entrepreneurial activity to which the Notes are connected (unless he has opted for the application of the “*risparmio gestito*” regime – see under “*Capital gains tax*”, below); (b) a non-commercial partnership; (c) a non-commercial private or public institution; or (d) an investor exempt from Italian corporate income taxation, then interest, premium and other income relating to the Notes, accrued during the relevant holding period, are subject to a tax withheld at source, referred to as *imposta sostitutiva*, levied at the rate of 12.5 per cent. If the Noteholders described under (a) and (c) above are engaged in an entrepreneurial activity to which the Notes are connected, the *imposta sostitutiva* applies as a provisional tax.

Where an Italian resident Noteholder is a company or similar commercial entity or a permanent establishment in Italy of a foreign company to which the Notes are effectively connected and the Notes are deposited with an authorised intermediary, interest, premium and other income from the Notes will not be subject to *imposta sostitutiva*, but must be included in the relevant Noteholder's income tax return and are therefore subject to general Italian corporate taxation (and, in certain circumstances, depending on the “status of the Noteholder, also to IRAP – the regional tax on productive activities).

Under the current regime provided by Law Decree No. 351 of 25 September 2001 converted into law with amendments by Law No. 410 of 23 November 2001, as clarified by the Revenue Agency through Circular No. 47/E of 8 August 2003, payments of interest premium or other proceeds in respect of the Notes made to Italian resident real estate investment funds established pursuant to Article 37 of Legislative Decree No. 58 of 24 February 1998, as amended and supplemented, and article 14-bis of Law No. 86 of 25 January 1994 are subject neither to substitute tax nor to any other income tax in the hands of a real estate investment fund. However, Law Decree No. 112 of 25 June 2008, converted with amendments into Law No. 133 of 6 August 2008, has introduced a 1 per cent. property tax applying on real estate investment funds' net value, where (i) their units are not expected to be listed on regulated markets and (ii) their equity is less than €400,000,000, if (a) there are less than 10 unitholders, or (b) funds are reserved to institutional investors or are speculative funds and their units are held, by more than two-thirds, by individuals, trusts or other companies referable to individuals

If the investor is resident in Italy and is an open-ended or closed-ended investment fund (the **Fund**) or a SICAV, and the Notes are held by an authorised intermediary, interest, premium and other income accrued during the holding period on the Notes will not be subject to *imposta sostitutiva*, but must be included in the management results of the Fund accrued at the end of each tax period, subject to an ad-hoc substitute tax applicable at a 12.5 per cent.

Where an Italian resident Noteholder is a pension fund (subject to the regime provided for by Article 17 of the Legislative Decree No. 252 of 5 December 2005) and the Notes are deposited with an authorised intermediary, interest, premium and other income relating to the Notes and accrued during the holding period will not be subject to *imposta sostitutiva*, but must be included in the result of the relevant portfolio accrued at the end of the tax period, to be subject to an 11 per cent. substitute tax.

Pursuant to Decree 239, *imposta sostitutiva* is applied by banks, SIMs, fiduciary companies, SGRs, stockbrokers and other entities identified by a decree of the Ministry of Economy and Finance (each an **Intermediary**).

An Intermediary must (a) be resident in Italy or be a permanent establishment in Italy of a non-Italian resident financial intermediary; and (b) intervene, in any way, in the collection of interest or in the transfer of the Notes. For the purpose of the application of the *imposta sostitutiva*, a transfer of Notes includes any assignment or other act, either with or without consideration, which results in a change of the ownership of the relevant Notes or in a change of the Intermediary with which the Notes are deposited.

Where the Notes are not deposited with an Intermediary, the *imposta sostitutiva* is applied and withheld by any entity paying interest to a Noteholder.

Notes with an original maturity of less than 18 months – Italian resident Noteholders

Where the Notes have an original maturity of less than 18 months and an Italian resident Noteholder is (a) an individual not engaged in an entrepreneurial activity to which the Notes are connected (unless he has opted for the application of the “*risparmio gestito*” regime – see under “*Capital gains tax*”, below), (b) a non-commercial partnership, (c) a non-commercial private or public institution or (d) an investor exempt from Italian corporate income taxation, then interest, premium and other income relating to the Notes, accrued during the relevant holding period, are subject to *imposta sostitutiva*, withheld at source at the rate of 27 per cent.

Imposta sostitutiva will also be levied at rate of 27 per cent. to Italian resident Funds, SICAV and pension funds.

Where an Italian resident Noteholder is a company or similar commercial entity and the Notes are deposited with an authorised intermediary, interest, premium and other income from the Notes will not be subject to *imposta sostitutiva*, but must be included in the relevant Noteholder's income tax return and are therefore subject to general Italian corporate taxation.

Non-Italian resident Noteholders

No Italian *imposta sostitutiva* is applied on payments to a non-Italian resident Noteholder of interest or premium relating to the Notes provided that, if the Notes are held in Italy, the non-Italian resident Noteholder declares itself to be a non-Italian resident according to Italian tax regulations.

Early Redemption

Without prejudice to the above provisions, in the event that Notes having an original maturity of at least 18 months are redeemed, in full or in part, prior to 18 months from their issue date, Italian resident Noteholders will be required to pay, by way of a withholding to be applied by the Italian intermediary responsible for payment of interest or the redemption of the Notes, an amount equal to 20 per cent. of the interest and other amounts accrued up to the time of the early redemption.

Atypical securities

Interest payments relating to Notes that are not deemed to fall within the category of bonds (*obbligazioni*) or debentures similar to bonds (*titoli similari alle obbligazioni*) may be subject to a withholding tax, levied at the rate of 27 per cent. For this purpose, debentures similar to bonds are securities that incorporate an unconditional obligation to pay, at maturity, an amount not lower than their nominal value.

The 27 per cent. withholding tax mentioned above does not apply to interest payments made to a non-Italian resident Noteholder and to an Italian resident Noteholder which is (a) a company or similar commercial entity (including the Italian permanent establishment of foreign entities), (b) a commercial partnership, or (c) a commercial private or public institution.

Payments made by a non resident Guarantor

With respect to payments made to Italian resident Noteholders by a non Italian resident guarantor, in accordance with one interpretation of Italian tax law, any such payment made by the Italian non resident guarantor could be treated, in certain circumstances, as a payment made by the relevant Issuer and would thus be subject to the tax regime described in the previous paragraphs of this section.

Capital gains tax

Any gain obtained from the sale or redemption of the Notes would be treated as part of the taxable income (and, in certain circumstances, depending on the “status” of the Noteholder, also as part of the net value of production for IRAP purposes) if realised by an Italian company or a similar commercial entity (including the Italian permanent establishment of foreign entities to which the Notes are connected) or Italian resident individuals engaged in an entrepreneurial activity to which the Notes are connected.

Where an Italian resident Noteholder is an individual not holding the Notes in connection with an entrepreneurial activity and certain other persons, any capital gain realised by such Noteholder from the sale or redemption of the Notes would be subject to an *imposta sostitutiva*, levied at the current rate of 12.5 per cent. Noteholders may set off losses with gains.

In respect of the application of the *imposta sostitutiva*, taxpayers may opt for one of the three regimes described below.

Under the tax declaration regime (*regime della dichiarazione*), which is the default regime for Italian resident individuals not engaged in entrepreneurial activity to which the Notes are connected, the *imposta sostitutiva* on capital gains will be chargeable, on a cumulative basis, on all capital gains, net of any incurred capital loss, realised by the Italian resident individual Noteholder holding Notes not in connection with an entrepreneurial activity pursuant to all sales or redemptions of the Notes carried out during any given tax year. Italian resident individuals holding Notes not in connection with an entrepreneurial activity must indicate the overall capital gains realised in any tax year, net of any relevant incurred capital loss, in the annual tax return and pay *imposta sostitutiva* on such gains together with any balance of income tax due for such year. Capital losses in excess of capital gains may be carried forward against capital gains realised in any of the four succeeding tax years.

As an alternative to the tax declaration regime, Italian resident individual Noteholders holding the Notes not in connection with an entrepreneurial activity may elect to pay the *imposta sostitutiva* separately on capital gains realised on each sale or redemption of the Notes (the *risparmio amministrato* regime). Such separate taxation of capital gains is allowed subject to (a) the Notes being deposited with Italian banks, SIMs or certain authorised financial intermediaries, and (b) an express election for the *risparmio amministrato regime* being punctually made in writing by the relevant Noteholder. The depository is responsible for accounting for *imposta sostitutiva* in respect of capital gains realised on each sale or redemption of the Notes (as well as in respect of capital gains realised upon the revocation of its mandate), net of any incurred capital loss, and is required to pay the relevant amount to the Italian tax authorities on behalf of the taxpayer, deducting a corresponding amount from the proceeds to be credited to the Noteholder or using funds provided by the Noteholder for this purpose. Under the *risparmio amministrato regime*, where a sale or redemption of the Notes results in a capital loss, such loss may be deducted from capital gains subsequently realised, within the same securities management, in the same tax year or in the following tax years up to the fourth. Under the *risparmio amministrato regime*, the Noteholder is not required to declare the capital gains in its annual tax return.

Any capital gains realised by Italian resident individuals holding the Notes not in connection with an entrepreneurial activity who have entrusted the management of their financial assets, including the Notes, to an authorised intermediary and have opted for the so-called “*risparmio gestito*” regime will be included in the computation of the annual increase in value of the managed assets accrued, even if not realised, at year end, subject to a 12.5 per cent. substitute tax, to be paid by the managing authorised intermediary. Under the *risparmio gestito* regime, any depreciation of the managed assets accrued at year end may be carried forward against increase in value of the managed assets accrued in any of the four succeeding tax years. Under the *risparmio gestito regime*, the Noteholder is not required to declare the capital gains realised in its annual tax return.

Any capital gains realised by a Noteholder which is an Italian open ended or a closed-ended investment fund or a SICAV will be included in the result of the relevant portfolio accrued at the end of the tax period, to be subject to the 12.5 per cent. substitute tax.

Any capital gains realised by a Noteholder which is an Italian pension fund (subject to the regime provided for by Article 17 of the Legislative Decree No. 252 of 5 December 2005) will be included in the result of the relevant portfolio accrued at the end of the tax period, to be subject to the 11 per cent. substitute tax.

Capital gains realised by Italian resident real estate funds established pursuant to Article 37 of Legislative Decree No. 58 of 24 February 1998 or pursuant to Article 14-bis of Italian Law No. 86 of 25 January 1994, on the Notes are not taxable at the level of the real estate funds. However, Law Decree No. 112 of 25 June 2008, converted with amendments into Law No. 133 of 6 August 2008, has introduced a 1 per cent. property tax applicable to real estate investment funds' net value, where (i) their units are not expected to be listed on regulated markets and (ii) their equity is less than €400,000,000, if (a) there are less than 10 unitholders, or (b) funds are reserved to institutional investors or are speculative funds and more than two-thirds of their units are held by individuals, trusts or other companies referable to individuals.

Capital gains realised by non-Italian resident Noteholders from the sale or redemption of the Notes are not subject to *imposta sostitutiva*, provided that the Notes (i) are transferred on regulated markets, or (ii) if not transferred on regulated markets, are held outside Italy.

Inheritance and gift taxes

Pursuant to Law Decree No. 262 of 3 October 2006, converted into Law No. 286 of 24 November 2006, as subsequently amended, the transfers of any valuable asset (including shares, bonds or other securities) as a result of death or donation are taxed as follows:

- (a) transfers in favour of spouses and direct descendants or direct ancestors are subject to an inheritance and gift tax applied at a rate of 4 per cent. on the value of the inheritance or the gift exceeding EUR1,000,000;
- (b) transfers in favour of relatives to the fourth degree or relatives-in-law to the third degree are subject to an inheritance and gift tax at a rate of 6 per cent. on the entire value of the inheritance or the gift. Transfers in favour of brothers/sisters are subject to the 6 per cent. inheritance and gift tax on the value of the inheritance or the gift exceeding EUR100,000; and
- (c) any other transfer is, in principle, subject to an inheritance and gift tax applied at a rate of 8 per cent. on the entire value of the inheritance or the gift.

Transfer tax

Article 37 of Law Decree No 248 of 31 December 2007, converted into Law No. 31 of 28 February 2008, published on the Italian Official Gazette No. 51 of 29 February 2008, has abolished the Italian transfer tax,

provided for by Royal Decree No. 3278 of 30 December 1923, as amended and supplemented by the Legislative Decree No. 435 of 21 November 1997.

Following the repeal of the Italian transfer tax, as from 31 December 2007 contracts relating to the transfer of securities are subject to the registration tax as follows: (i) public deeds and notarised deeds are subject to fixed registration tax at rate of €168; and (ii) private deeds are subject to registration tax only in case of use or voluntary registration.

EU Savings Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income (the **EU Savings Directive**), Member States are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State or to certain limited types of entities established in that other Member State. However, for a transitional period, Luxembourg and Austria are instead required to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland).

On 15 September 2008 the European Commission issued a report to the Council of the European Union on the operation of the Directive, which included the Commission's advice on the need for changes to the Directive. On 13 November 2008 the European Commission published a more detailed proposal for amendments to the Directive, which included a number of suggested changes. The European Parliament approved an amended version of this proposal on 24 April 2009. If any of those proposed changes are made in relation to the Directive, they may amend or broaden the scope of the requirements described above.

Implementation in Italy of the EU Savings Directive

Italy has implemented the Savings Directive through Legislative Decree No. 84 of 18 April 2005 (Decree No. 84). Under Decree No. 84, subject to a number of important conditions being met, in the case of interest paid to individuals which qualify as beneficial owners of the interest payment and are resident for tax purposes in another Member State, Italian qualified paying agents shall not apply the withholding tax and shall report to the Italian Tax Authorities details of the relevant payments and personal information on the individual beneficial owner. Such information is transmitted by the Italian tax authorities to the competent foreign tax authorities of the State of residence of the beneficial owner.

LATVIA

The following summary is not intended to be a complete analysis of the tax consequences under Latvian law as a result of the acquisition, ownership and sale of the Notes by investors. Potential investors should, therefore, consult their own tax advisers on the tax consequences of such acquisition, ownership and sale, including specifically the tax consequences under Latvian law, the law of their jurisdiction of residence and any tax treaty between Latvia and their jurisdiction of residence.

The following is a brief summary of the principal Latvian tax consequences for the Noteholders.

Corporate – residents

The acquisition of Notes by a Latvian resident corporation or a natural person will not result in any income tax obligation.

Interest income earned by a Latvian resident corporation is accumulated with other income and losses in the given tax year and, as ordinary income, is subject to a flat 15 per cent. income tax rate.

If the income of the Notes is paid by a Latvian registered entity (e.g. a bank) to a Latvian resident corporation, the paying entity should not withhold any tax.

The purchase and sale of Notes that have been admitted to trading on the Luxembourg Stock Exchange's regulated market and listed on the Official List of the Luxembourg Stock Exchange will be tax neutral and will have the following corporate income tax treatment.

In calculating the annual assessable income of a Noteholder, the expenses incurred in the acquisition of a Note are added back to assessable income. These expenses include the cost of the Note and costs directly associated with its acquisition such as broker fees etc. On the sale of the Note, the Noteholders' taxable income is reduced by the total proceeds received.

The above treatment will also apply to Notes that have been admitted to trading and subject to regulation by being quoted on another European Union or European Economic Area Stock Exchange.

Notes that have not been admitted to trading and subject to regulation by being quoted on a European Union or European Economic Area Stock Exchange will have the following corporate tax treatment.

Losses arising from the disposal of Notes which have not been admitted to trading in EU or EEA Stock Exchange must be added back to taxable income. However, the loss can be carried over for the next eight years to offset profits from the sale of other securities. If the trading activities of the Noteholder do not exceed one sale a year and the security sold has been owned by the Noteholder for more than 12 months then any loss might be offset against profits from any sources.

Any withholding tax incurred outside Latvia (including countries and territories which have not concluded any tax treaty with Latvia – e.g. the Netherlands Antilles), up to an amount equal to the Latvian tax payable on the interest amount that is also taxed in Latvia, can normally be deducted from the Latvian tax liability.

According to the Double Tax Treaty concluded between Latvia and France, capital gains earned in France by a Latvian resident should in principle only be taxable in Latvia and subject to the above tax treatment of the purchase and sale of the Notes.

Natural persons – residents

Interest income earned by Latvian resident natural persons is subject to a 10 per cent. flat rate of personal income tax.

Any withholding tax incurred outside Latvia, up to an amount equal to 10 per cent. of the interest amount that is also taxed in Latvia, normally can be deducted from the Latvian tax liability.

Capital gains on the sale of Notes is subject to a 15 per cent. flat rate of personal income tax.

According to the Double Tax Treaty concluded between Latvia and France, capital gains earned in France by a Latvian resident should in principle be taxable only in Latvia.

Non-resident corporates and natural persons

Non-Latvian tax residents are only subject to taxation in respect of income derived from Latvia.

In principle, interest earned from the Notes should not be classified as income originating from the territory of Latvia, and as such, it should not be subject to Latvian withholding tax.

This should also be the case with respect to the sale of the Notes.

EU Savings Directive 2003/48/EC

The EC Council Directive 2003/48/EC of 3 June 2003 on taxation of savings income in the form of interest payments has been implemented into Latvian legislation.

If the Notes are held for a natural person at a paying agent (e.g. a custodian) in Luxembourg or Austria, or receives interest (or similar) payments for the Notes from or through such agent, the investor should seek professional advice to verify that the agent is not under an obligation to withhold any tax from the interest payable by the agent on the Notes under the EU Savings Directive (2003/48/EC) or bilateral agreements.

Latvia has also entered into an agreement with the Kingdom of the Netherlands in respect of the Netherland Antilles regarding the application of the “Convention between the Kingdom of the Netherlands in respect of the Netherlands Antilles and (the EU Member State, other than Belgium, Austria and Luxembourg) concerning the automatic exchange of information regarding savings income in the form of interest payments”. Individual investors should seek professional advice to verify what obligation a paying agent in the Netherlands Antilles is under to withhold any tax from the interest payable by the agent on the Notes under the aforementioned Convention.

Stamp Duty

In principle, no stamp duty should be payable upon a transfer of Notes in Latvia.

LIECHTENSTEIN [To be reviewed]

[There are no Liechtenstein taxes on the income from the securities withheld at source apart from the case specified below.

Under the Agreement of 7 December 2004 between the European Community and the Principality of Liechtenstein Providing for Measures Equivalent to Those Laid Down in the EC Council Directive 2003/48/EC on Taxation of Savings Income in the Form of Interest Payments and the law implementing this agreement, payments of interest or similar income made or ascribed by a paying agent established in Liechtenstein to or for the immediate benefit of an individual beneficial owner resident in an EU Member State will be subject to withholding tax unless the relevant recipient has adequately instructed the relevant paying agent to provide details of the relevant payments of interest or similar income to the fiscal authorities of his/her country of residence. Where withholding tax is applied, it will be levied at a rate of 15 per cent. during the first three-year period starting 1 July 2005, at a rate of 20 per cent. for the subsequent three-year period and at a rate of 35 per cent. thereafter.]

LITHUANIA

The following summary is not intended to be a complete analysis of the tax consequences under Lithuanian law as a result of the acquisition, ownership and sale of the Notes by investors. Potential investors should, therefore, consult their own tax advisers on the tax consequences of such acquisition, ownership and sale, including specifically the tax consequences under Lithuanian law, the law of their jurisdiction of residence and any tax treaty between Lithuania and their jurisdiction of residence.

The following is a brief summary of the main Lithuanian tax consequences for the Noteholders.

The acquisition of Notes by a Lithuanian resident corporate entity or an individual will not result in any income tax obligation.

Interest

Interest accrued to a Lithuanian entity is regarded to be taxable income, which is included into general taxable income of the entity. The effective corporate income tax rate in 2010 is 15 per cent.

According to the general rule, interest received by Lithuanian individual residents is subject to individual income tax at the rate of 15 per cent. This rule, however, is subject to a number of exemptions when the tax is not applicable. For instance, interest accrued on Notes would not be taxed, provided that the Notes are redeemed not earlier than one year following their issuance.

In case of corporate entities as well as individuals, withholding tax levied on such interest in a foreign country may be credited in Lithuania (the amounts of tax paid may be deducted against the Lithuanian income tax payable), provided that documents may be presented demonstrating the origin of the income and amounts of equivalent income taxes paid in respect of such income in the foreign jurisdiction.

Interest (if any) paid to foreign entities from a Lithuanian entity is subject to a domestic 10 per cent withholding tax. However, if interest is paid to an entity resident in an EU or EEA Member State or in a country with which Lithuania has an effective double taxation treaty, then the withholding tax is reduced to 0 per cent. Please note that Lithuania has concluded tax treaties with 48 countries. In case the withholding tax on interest is due, the Lithuanian entity (corporate or individual undertaking) that has paid the amounts to a foreign entity is liable for the payment of the withholding tax.

Capital Gains

As a general rule, capital gains of a resident corporate entity realized from the sale of Notes should be regarded as taxable income of the alienator, which would be included into general taxable income of that entity (subject to 15 per cent corporate income tax).

In the case of Lithuanian resident individuals, the capital gains realized from the sale of Notes are taxed at 15 per cent. rate, unless the transaction qualifies for a participation exemption granted by the domestic laws.

In the case of non-residents, the sale of Notes should not incur tax liability.

EU Savings Directive

Starting from 1 June 2005 the EC Council Directive 2003/48/EC of 3 June 2003 on taxation of savings income in the form of interest payments was implemented into the Law on Personal Income Tax of Lithuania.

Stamp Duty

No stamp duty is payable upon a transfer of Notes in Lithuania.

MALTA

Under Malta's tax legislation, income tax is charged on a worldwide basis in respect of the income of persons having both Maltese domicile and ordinary residence (hereinafter **Maltese resident investors**). Accordingly, any interest paid to, or discounts for the benefit of, Noteholders who are Maltese resident investors will be subject to Maltese taxation in the hands of such recipients. To the extent that the receipt of interest is effected through the services of a Maltese authorised financial intermediary pursuant to and in accordance with Article 41 of the Income Tax Act (Cap. 123 of the Laws of Malta), the Maltese resident investor will be entitled to have the said income subjected to a final withholding tax at the rate of 15 per cent. which tax will be collected by the authorised financial intermediary and passed on to the Commissioner of Inland Revenue. In all other cases, the Maltese resident investor will pay Maltese tax at the relevant progressive rates applicable to him.

There is no Maltese withholding tax obligation for the non-Maltese issuer and payor upon the payment of interest, issue of the Notes, or redemption or repurchase of the Notes.

EU Savings Directive

Following accession to the EU in 2004, Malta has implemented the EC Council Directive 2003/48/EC on the taxation of savings income into Maltese Law.

THE NETHERLANDS

General

The following summary outlines the principal Netherlands tax consequences of the acquisition, holding, settlement, redemption and disposal of the Notes, but does not purport to be a comprehensive description of all Netherlands tax considerations in relation thereto. This summary is intended as general information only for holders of Notes who are residents or deemed residents of the Netherlands for Netherlands tax purposes. Each prospective investor should consult a professional tax adviser with respect to the tax consequences of an investment in the Notes.

This summary is based on tax legislation, published case law, treaties, regulations and published policy, in each case as in force as of the date of this Programme, and does not take into account any developments or amendments thereof after that date whether or not such developments or amendments have retroactive effect.

This summary does not address the Netherlands tax consequences for:

- (i) holders of Notes holding a substantial interest (*aanmerkelijk belang*) or deemed substantial interest (*fictief aanmerkelijk belang*) in one of the Issuers and holders of Notes of whom a certain related person holds a substantial interest in one of the Issuers. Generally speaking, a substantial interest in one of the Issuers arises if a person, alone or, where such person is an individual, together with his or her partner (statutory defined term), directly or indirectly, holds (i) an interest of 5% or more of the total issued capital of an Issuer or of 5% or more of the issued capital of a certain class of shares of an Issuer, (ii) rights to acquire, directly or indirectly, such interest or (iii) certain profit sharing rights in an Issuer;
- (ii) investment institutions (*fiscale beleggingsinstellingen*); and
- (iii) pension funds, exempt investment institution (*vrijgestelde fiscale beleggingsinstellingen*) or other entities that are exempt from Netherlands corporate income tax.

For the purpose of the Netherlands tax consequences described herein, it is assumed that none of the Issuers is a resident or deemed to be a resident of the Netherlands for Netherlands tax purposes.

Netherlands Withholding Tax

All payments made by an Issuer under the Notes may be made free of withholding or deduction for any taxes of whatsoever nature imposed, levied, withheld or assessed by the Netherlands or any political subdivision or taxing authority thereof or therein.

Netherlands Corporate and Individual Income Tax

If a holder is a resident or deemed to be a resident of the Netherlands for Netherlands tax purposes and is fully subject to Netherlands corporate income tax or is only subject to Netherlands corporate income tax in respect of an enterprise to which the Notes are attributable, income derived from the Notes and gains realised upon the

redemption, settlement or disposal of the Notes are generally taxable in the Netherlands (at up to a maximum rate of 25.5%).

If an individual holder is a resident or deemed to be a resident of the Netherlands for Netherlands tax purposes (including an individual holder who has opted to be taxed as a resident of the Netherlands), income derived from the Notes and gains realised upon the redemption, settlement or disposal of the Notes are taxable at the progressive rates (at up to a maximum rate of 52%) under the Netherlands income tax act 2001 (*Wet inkomstenbelasting 2001*), if:

- (i) the holder is an entrepreneur (*ondernemer*) and has an enterprise to which the Notes are attributable or the holder has, other than as a shareholder, a co-entitlement to the net worth of an enterprise (*medegerechtigde*), to which enterprise the Notes are attributable; or
- (ii) such income or gains qualify as income from miscellaneous activities (*resultaat uit overige werkzaamheden*), which include the performance of activities with respect to the Notes that exceed regular, active portfolio management (*normaal, actief vermogensbeheer*).

If neither condition (i) nor condition (ii) applies to the holder of the Notes, taxable income with regard to the Notes must be determined on the basis of a deemed return on income from savings and investments (*sparen en beleggen*), rather than on the basis of income actually received or gains actually realised. This deemed return on income from savings and investments has been fixed at a rate of 4% of the average of the individual's yield basis (*rendementsgrondslag*) at the beginning of the calendar year and the individual's yield basis at the end of the calendar year, insofar as the average exceeds a certain threshold. The average of the individual's yield basis is determined as the fair market value of certain qualifying assets held by the holder of the Notes less the fair market value of certain qualifying liabilities on 1 January and 31 December, divided by two. The fair market value of the Notes will be included as an asset in the individual's yield basis. The 4% deemed return on income from savings and investments will be taxed at a rate of 30%.

Netherlands Gift and Inheritance Tax

Generally, gift and inheritance tax will be due in the Netherlands in respect of the acquisition of the Notes by way of a gift by, or on the death of, a holder that is a resident or deemed to be a resident of the Netherlands for the purposes of Netherlands gift and inheritance tax at the time of the gift or his or her death.

A holder of Dutch nationality is deemed to be a resident of the Netherlands for the purposes of the Netherlands gift and inheritance tax if he or she has been resident in the Netherlands and dies or makes a donation within ten years after leaving the Netherlands. A holder of any other nationality is deemed to be a resident of the Netherlands for the purposes of the Netherlands gift tax if he or she has been resident in the Netherlands and makes a donation within a twelve months period after leaving the Netherlands. The same twelve-month rule may apply to entities that have transferred their seat of residence out of the Netherlands.

Netherlands Value Added Tax

In general, no value added tax will arise in respect of payments in consideration for the issue of the Notes or in respect of a cash payment made under the Notes, or in respect of a transfer of Notes.

Other Netherlands Taxes and Duties

No registration tax, customs duty, transfer tax, stamp duty or any other similar documentary tax or duty will be payable in the Netherlands by a holder in respect of or in connection with the subscription, issue, placement, allotment, delivery or transfer of the Notes.

EU Savings Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income, Member States are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State or to certain limited types of entities established in that other Member State. However, for a transitional period, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland).

On 15 September 2008 the European Commission issued a report to the Council of the European Union on the operation of the Directive, which included the Commission's advice on the need for changes to the Directive. On 13 November 2008 the European Commission published a more detailed proposal for amendments to the Directive, which included a number of suggested changes. The European Parliament approved an amended version of this proposal on 24 April 2009. If any of those proposed changes are made in relation to the Directive, they may amend or broaden the scope of the requirements described above.

NORWAY

The following is a summary of certain Norwegian tax consequences for holders of the Notes who are resident in Norway for tax purposes. The summary is based on legislation as at the date of this document and is intended to provide general information only. The tax treatment of each Noteholder partly depends on the holder's specific situation. Each investor should consult a tax adviser as to the tax consequences relating to their particular circumstances resulting from holding Notes.

Any changes to applicable tax laws may have a retrospective effect.

Taxation of Noteholders resident in Norway

Taxation of return on the Notes prior to disposal or redemption

Any kind of return received on the Notes prior to disposal or redemption is taxable as "ordinary income" subject to the flat rate of 28 per cent. For taxpayers with a statutory obligation to keep accounting records interest is taxed on an accruals basis (i.e. regardless of when the return is actually paid). For other taxpayers accrued interest is as the main rule taxed when the interest is actually paid.

Taxation upon disposal or redemption of the Notes

Redemption at the end of the term as well as prior disposal is treated as realisation of the Notes and will trigger a capital gain or loss. Capital gains will be taxable as "ordinary income", subject to the flat rate of 28 per cent. Losses will be deductible in the Noteholder's "ordinary income", taxed at the same tax rate.

Any capital gain or loss is computed as the difference between the amount received by the Noteholder on realisation and the cost price of the Notes. The cost price is equal to the price for which the Noteholder acquired the Notes. Costs incurred in connection with the acquisition and realisation of the Notes may be deducted from the Noteholder's taxable income in the year of the realisation.

Norwegian withholding tax

Payments of principal or interest in respect of Notes will not be subject to Norwegian withholding tax.

Net wealth taxation

The value of the Notes at the end of each income year will be included in the computation of the Noteholder's taxable net wealth for municipal and state net wealth tax purposes. Listed bonds are valued at their quoted value on 1 January in the assessment year, while non-listed bonds are valued at their estimated market value on 1 January in the assessment year. The marginal tax rate is currently 1.1 per cent.

Limited companies and similar entities are not subject to net wealth taxation.

Transfer taxes etc. – VAT

There are currently no Norwegian transfer taxes, stamp duty or similar taxes connected to purchase, disposal or redemption of the Notes. Further, there is no VAT on transfer of the Notes.

POLAND

The following summary is not intended to be a complete analysis of the tax consequences under Polish law as a result of the acquisition, ownership, sale, redemption or transfer without consideration of the Notes by investors. This statement must not be understood to be tax advice. It is based on the Polish tax law and its interpretation in effect as of the date of this prospectus that may be subject to changes. Such changes may be enacted also retroactively and may negatively effect the tax treatment as described below. This description does not purport to be complete with respect to the tax information that may be relevant for investors due to their personal circumstances. Potential investors should, therefore, consult their professional tax advisers on the tax consequences of such acquisition, ownership, sale, redemption or transfer without consideration, including specifically the tax consequences under Polish law, the law of their jurisdiction of residence and any tax treaty between Poland and their jurisdiction of residence.

The following is a brief summary of the principal Polish tax consequences for the Noteholders.

Corporate - residents

Income earned by a Polish resident corporate, whether interest or proceeds from the sale of the Notes, would be accumulated with other incomes and losses in the given tax year and, as ordinary income, subject to the general 19 per cent. income tax rate. As a rule, for Polish income tax purposes interest is recognised as revenue on a cash basis, i.e. when received and not when accrued. In respect of the capital gains, the costs of acquisition of securities will be recognised at the time the revenue is achieved.

The proceeds are not subject to Polish withholding tax.

Any withholding tax incurred outside Poland (including countries which have not concluded any tax treaty with Poland – e.g. the Netherland Antilles), up to an amount equal to the tax paid abroad, but not higher than 19 per cent. of the interest amount, can be deducted from the Polish tax liability.

According to the Double Tax Treaty concluded between Poland and France, as a rule, there is no French withholding tax on interest payable from France to a Polish entity. Also capital gains earned in France by a Polish resident should, in principle, be taxable only in Poland.

Natural persons - residents

Income – other than interest – earned by Polish resident natural persons from financial instruments held as non-business assets, should not be accumulated with other, general incomes, but should be treated as derived from a specific source of income – income from capital investments– which is subject to 19 per cent. flat rate personal income tax. In principle, this income should be settled by the taxpayer by 30 April of the following year. However, due to ambiguous wording of Art. 40 of the PIT Act, certain individuals (referred to in Arts. 31, 33,

34 and 25 of the PIT Act, i.e. primarily people who also obtain income from employment or pensions) are encouraged to seek professional advice regarding the timing of the tax settlement.

If interest or discount (i.e. the difference between the redemption price paid by the issuer and the purchase price of the Notes paid by the investor) is paid by a Polish entity (e.g. a bank or a brokerage house), in principle, the entity should withhold the 19 per cent. tax. If interest is paid by a foreign entity, further to currently prevailing interpretations the entity would not be obliged to withhold Polish income tax and the tax should be settled by the individual. Potentially the foreign entity could make withholdings pursuant to laws of other jurisdictions and any relevant double tax treaty. Withholding tax incurred outside Poland (including countries which have not concluded any tax treaty with Poland), up to an amount equal to the tax paid abroad, but not higher than 19 per cent. tax on the interest amount, could be deducted from the Polish tax liability.

Interest income does not cumulate with the general income subject to the progressive tax rate but is subject to the 19 per cent. tax.

According to the Double Tax Treaty concluded between Poland and France, as a rule, there is no French withholding tax on interest payable from France to a Polish person. Also capital gains earned in France by a Polish resident, should in principle be taxable only in Poland.

Non-resident corporate entities and natural persons

Non-Polish residents are only subject to taxation in respect of income derived from Poland.

In principle, interest earned from the Notes should not be classified as income originating from the territory of Poland, and as such, it should be not subject to Polish withholding tax.

This should also be the case with respect to the sale of the Notes. However, certain doubts could arise if the Notes are sold within the territory of Poland. If this is the case, exemption from Polish income tax could be most probably achieved on the grounds of the relevant Double Tax Treaty. Most of the tax treaties concluded by Poland provide that such capital income should only be taxed in the income recipient's country of the residence.

Stamp Duty

In principle, no stamp duty should be payable upon a transfer of Notes in Poland, unless the following conditions apply jointly: (i) Notes are transferred to a Polish individual or entity other than an investment firm, (ii) the sale or exchange agreement is concluded in Poland; (iii) the transaction is not concluded on an organised market (iv) the transaction is not concluded with intermediation of an investment firm; and (v) the transaction is not considered to be a VAT-exempt financial service or any other transaction subject to VAT within any EU country.

PORTUGAL

The following is a summary of the principal Portuguese tax issues at the date hereof in relation to certain aspects of the Portuguese taxation on payments of principal and interest in respect of the Notes. The statements do not deal with other Portuguese tax aspects regarding the Notes and relate only to the position of persons who are absolute beneficial owners of the Notes. The following is a general guide, does not constitute tax or legal advice and should be treated with appropriate caution. Noteholders who are in any doubt as to their tax position should consult their professional advisers.

Noteholders who may be liable to taxation in jurisdictions other than Portugal in respect of their acquisition, holding or disposal of the Notes are particularly advised to consult their professional advisers as to whether they are so liable (and if so under the laws of which jurisdictions). In particular, Noteholders should be aware that they may be liable to taxation under the laws of Portugal and of other jurisdictions in relation to payments in

respect of the Notes even if such payments may be made without withholding or deduction for or on account of taxation under the laws of Portugal.

The reference to “interest”, “investment income” and “capital gains” in the paragraphs below means “interest”, “investment income” and “capital gains” as understood in Portuguese tax law. The statements below do not take any account of any different definitions of “interest” or “investment income” which may prevail under any other law or which may be created by the Conditions or any related documentation.

Noteholder’s Income Tax

Income generated by the holding (distributions) and transfer of the Notes is generally subject to the Portuguese tax regime for debt securities (*obrigações*).

Economic benefits derived from interest, amortisation, reimbursement premiums and other types of remuneration arising from the Notes are designated as investment income for Portuguese tax purposes.

(A) Withholding tax and autonomous taxation arising from the Notes

Payments of principal on the Notes are not subject to Portuguese withholding tax. For these purposes, principal shall mean all payments carried out without any remuneration component.

Corporate entities

Under current Portuguese law, investment income payments in respect of the Notes made to Portuguese tax resident companies are included in their taxable income and are subject to progressive corporate tax rate according to which a 12.5 per cent. tax rate will be applicable on the first €12,500 of taxable income and a 25 per cent. tax rate will be applicable on taxable income exceeding €12,500, which may be subject to a municipal surcharge (*derrama*) of up to 1.5 per cent. over the Noteholders taxable profits.

Individuals

As regards to investment income on the Notes made to Portuguese tax resident individuals, they are subject to personal income tax which shall be withheld at the current final withholding rate of 20 per cent. if there is a Portuguese resident paying agent, unless the individual elects to include it in his taxable income, subject to tax at progressive rates of up to 42 per cent. In this case, the tax withheld is deemed to be a payment on account of the final tax due.

Interest payments due by non resident entities to Portuguese tax resident individuals are subject to an autonomous taxation at a rate of 20 per cent. whenever those payments are not subject to Portuguese withholding tax.

(B) Capital gains arising from the transfer of Notes

Corporate entities

Capital gains obtained with the transfer of the Notes by legal persons resident for tax purposes in Portugal and by non-resident legal persons with a permanent establishment in Portugal to which the capital gains are attributable are included in their taxable income and are subject to progressive corporate tax rate according to which a 12.5 per cent tax rate will be applicable on the first €12,500 of taxable income and a 25 per cent tax rate will be applicable on taxable income exceeding €12,500, which may be subject to a municipal surcharge (*derrama*) of up to 1.5 per cent. over the Noteholders taxable profits.

Individuals

Capital gains obtained by Portuguese tax resident individuals with the transfer of the Notes are not subject to tax for personal income tax purposes. Accrued interest does not qualify as capital gains for tax purposes.

(C) Stamp tax

Corporate entities

The acquisition through gift or inheritance of Notes by a Portuguese resident legal person or non-resident acting through a Portuguese permanent establishment although not subject to stamp tax is subject to the progressive corporate income tax rates according to which a 12.5 per cent. tax rate will be applicable on the first €12,500 of taxable income and a 25 per cent. tax rate will be applicable on taxable income exceeding €12,500, to which may be added a municipal surcharge (“*derrama*”) of up to 1.5 per cent. of its taxable income.

Individuals

No stamp tax applies to the acquisition through gift or inheritance of Notes by an individual.

EU Savings Directive

Portugal has implemented the EC Council Directive 2003/48/EC of 3 June 2003 on taxation savings income into the Portuguese law through Decree-Law no 62/2005, of 11 March 2005, as amended by Law no 39-A/2005, of 29 July 2005.

ROMANIA

The following information is a general description of certain Romanian tax considerations relevant to the purchase, ownership and disposal of the Notes by non-resident and resident holders, including information regarding the taxation of interest payments with respect to the Notes.

This summary is based on the current laws of Romania, in force at the date hereof, which are subject to change without notice and does not take into account or discuss the tax laws of any other country other than Romania, specific double taxation treaties concluded by Romania nor the individual circumstances, financial situation or investment objectives of an investor in the Notes.

Prospective investors in the Notes should consult their own tax advisers as to which countries' tax laws could be relevant in relation to their acquiring, holding and disposing of the Notes and the consequences of such actions under the tax laws of those countries.

The information contained in this section is limited to taxation issues and prospective investors should not apply any information or analysis set out below to other areas, including (but not limited to) the legality of transactions involving the Notes.

For the purpose of this summary a “resident holder” means either:

- an individual who meets at least one of the following conditions: (a) is domiciled in Romania; (b) the centre of his vital interests is located in Romania; (c) spends more than 183 days in Romania in any 12-month period, which is ending in the current calendar year; (d) is a Romanian citizen working abroad as an official or an employee of Romania in another state; or
- a legal person incorporated and organised under Romanian Law, a foreign legal person having the effective place of management in Romania or a legal person with headquarters in Romania organised in accordance with European legislation, which holds and disposes of the Notes.

“Non-resident holder” means any foreign legal person, any foreign individual who does not qualify as a resident holder and any foreign entity without legal personality that is not registered in Romania, which holds and disposes of the Notes.

Taxation of Interest

Resident Holders

A holder of the Notes who is an individual or a legal person resident for tax purposes in Romania is subject to applicable Romanian taxes in respect of interest received or accrued on the Notes.

Under the Romanian tax law (the **Fiscal Code**) in the case where the holder of the Notes is a individual resident for tax purposes in Romania, the interest income under the Notes is subject to personal income tax at a rate of 16 per cent. In the case of a Romanian source income, the personal income tax is withheld at source by the payer of the income at the moment that the interest is registered in the Noteholder’s account or in which redemption occurs. The deadline for payment of such tax is the twenty-fifth of the month following the month in which the interest is registered in the Noteholder’s account or in which redemption occurs. If the interest income is originating from a source outside Romania, the Romanian holder of the Notes will be obliged to declare the interest income realised from the Notes to the relevant tax authority. The resident holder is obliged to submit the special tax return by 25 May of the year following the income earning. The interest income derived from a source outside Romania is subject to domestic taxation and starting from 1 January 2010, the resident holder would be liable to determine the tax due. Prior to 1 January 2010, the relevant tax authority calculated the annual tax due for income derived from a source outside Romania and issued a tax decision dealing with the collection of the corresponding tax.

If the holder of the Notes is a legal person resident (for tax purposes) in Romania, the tax will have to be calculated, declared and paid by such legal person and no withholding tax will be applicable. Under current Fiscal Code, any profits realised from interest received or accrued on the Notes by Romanian corporate resident holders are generally subject to corporate income tax at a rate of 16 per cent. provided that the tax payable is not lower than the minimum tax calculated depending on the Romanian company's total annual incomes on the previous year. In the case the corporate income tax is lower than the minimum tax set forth by the Fiscal Code, the Romanian company would have to pay the corresponding minimum tax.

Non-Resident Holders

There is no Romanian withholding tax or deduction imposed according to the Fiscal Code on any revenue originating from the Notes as long as, such revenue from the Notes is considered to be an income originating from a source outside Romania.

Disposal of Notes

Resident Holders

The capital gain realised by individuals resident for tax purposes in Romania in the case of redemption, sale or other disposal of the Notes (the **capital gain**) is calculated as the difference between the purchase price and sale price, less the transaction fees charged by brokers or agents, involved in such transaction.

If the capital gain originates from a Romanian source, such amount is subject to a withholding tax of one per cent., which will be levied as anticipated payment on the account of the annual tax due by the Romanian individual holder of the Notes. The annual tax will be established based on the tax return submitted by the Romanian individual in accordance with the provisions of the Fiscal Code. Under the Fiscal Code, the tax rate charged on the relevant capital gain depends on the length of time of holding the Notes. The annual tax will be established by applying a rate of: (a) 16 per cent. on the annual net capital gain realised from securities, debentures or other similar financial instruments redeemed or sold by such individual within a period of 365

days from the date of purchase; or (b) one per cent. on the annual capital gain realised from securities, debentures or other similar financial instruments redeemed or sold during a period longer than 365 days from the date of purchase.

If the capital gain is originating from a source outside Romania, the Romanian holder of the Notes will be obliged to declare the capital gain to the relevant tax authority and to pay the corresponding tax. In this respect, the resident holder has to submit a special tax return by 25 May of the year following the moment of realising the capital gain. Capital gains originating from a source outside Romania are subject to the same tax rates applicable to the Romanian source capital gain.

If the holder of the Notes is a Romanian legal person, the tax will have to be calculated, declared and paid by such legal person and no withholding tax will be applicable. Under the current Fiscal Code the profit realised from redemption, sale or other disposal of the Notes by Romanian corporate resident holders is generally subject to corporate income tax at a rate of 16 per cent. provided that the tax payable is not lower than the minimum tax calculated depending on the Romanian company's total annual incomes on the previous year. In the case the corporate income tax is lower than the minimum tax set forth by the Fiscal Code, the Romanian company would have to pay the corresponding minimum tax.

Non-Resident Holders

In general, non-resident holders of Notes should not be subject to any Romanian withholding tax in respect of gains or other income realised upon the redemption, sale or other disposal of the Notes outside Romania.

EU Savings Directive

Starting on the date of Romania's accession to the European Union (1 January 2007) the EC Council Directive 2003/48/EC of 3 June 2003 on taxation of savings income in the form of interest payments was implemented into the Fiscal Code.

SLOVAK REPUBLIC

General

*The information set out below is only a summarised description of information on Slovak tax on the income from debt securities withheld at source and it does not purport to be a complete analysis of all Slovak tax considerations relating to the purchase, holding and disposition of the Notes that may be relevant to a decision to purchase the Notes. This summary does not take into account or discuss the tax laws of any country other than the Slovak Republic nor does it take into account specific double taxation treaties nor the individual circumstances, financial situation or investment objectives of an investor in the Notes. Unless provided otherwise, the information set out below describes only certain material Slovak tax consequences for the holders of the debt securities who are individuals residing for tax purposes in the Slovak Republic or corporate entities having their registered office or place of actual management in the Slovak Republic (the **Slovak Holders**) or Slovak permanent establishments of foreign entities and individuals, to which the income from Notes is allocated (the **Slovak PE**); a "place of actual management" is defined as a "place where management decisions and business decisions of the board of directors or the supervisory board are made, even in cases where the address of such place is not registered with the relevant commercial register".*

This summary is based on the tax laws of the Slovak Republic as in effect on the date of this prospectus and their prevailing interpretations available on or before such date. All of the foregoing is subject to change, which could apply retroactively and could affect the continued validity of this summary.

As this is a general summary only, the holders of the Notes should consult their own tax advisers as to the consequences under the tax laws of the country of which they are residents for tax purposes and the tax laws

of the Slovak Republic concerning the purchase, holding and disposition of the Notes and receiving payments of interest, principal and/or other payments under the Notes, including, in particular, the application to their particular situation of the tax considerations discussed below as well as the application of the state, local, foreign or other tax laws or any double taxation treaty.

Income tax withheld at source

Under Slovak tax law, a Slovak Holder is considered as a taxpayer with an unlimited taxation duty. Both individual Slovak Holders and corporate Slovak Holders are subject to a flat 19 per cent. income tax rate.

Generally, interest and capital gains from debt securities realised by a Slovak Holder are taxable in the same way as the regular income of the Slovak Holder, unless: (a) the Slovak Holder is: (i) a corporate entity which is listed in the Slovak law as not established for entrepreneurial purposes; (ii) the National Property Fund of the Slovak Republic (*Fond národného majetku*); (iii) the National Bank of Slovakia (*Národná banka Slovenska*); or (iv) a fund of an asset management company.

Any revenue originating from sources outside of the Slovak Republic is to be included in a general tax base (or, if applicable, a partial tax base) of the Slovak Holder for Slovak income tax purposes, whether it is an individual or a corporate.

The revenue from the Slovak source is subject to a 19 per cent. withholding tax if (a) the interest income is received by an individual Slovak Holder except banks and mutual funds, (b) the yield from mutual fund unit is received by an individual Slovak Holder except a mutual fund (c) the revenue from debt securities is received by an individual Slovak Holder or (d) the income is received by persons other than Slovak Holders without a Slovak PE.

Such withholding tax is, in those cases, withheld from the gross payment by the “payer” of such revenue, i.e. “at source”. Holders from EU Member States can reconcile the withholding tax with the actual Slovak tax liability by submitting a Slovak tax return.

Thus, there is no Slovak withholding tax or deduction imposed by the taxation laws of the Slovak Republic on any revenue originating from the Notes since, for the purposes of the Slovak laws, any revenue from the Notes is considered to be an income originating from a source outside of the Slovak Republic unless it is paid by a Slovak Holder or a Slovak PE.

SLOVENIA

The following is a general description of certain Slovenian tax considerations relating to the Notes based on the Issuer’s understanding of the current law and the practice in Slovenia relating to the taxation of the Notes under the Programme and are subject to changes therein. It does not purport to be a complete analysis of all tax considerations relating to the Notes. They relate only to the positions of persons who are absolute beneficial owners of the Notes and the interest on them and may not apply to certain classes of persons, such as dealers. Prospective purchasers of Notes should consult their tax advisers as to the consequences under the tax laws of the country of which they are resident for tax purposes and the tax laws of the Republic of Slovenia of acquiring, holding and disposing of Notes and receiving payments of interest, principal and/or other amounts under the Notes. This summary is based upon the law as in effect on the date of this Debt Issuance Programme Prospectus and is subject to any change in law that may take effect after such date.

Resident holders – individuals

Income from capital pursuant to the Slovene Personal Income Tax Act (*Zakon o dohodnini (ZDoh-1)*) includes interest, dividends and capital gains. Under the Slovene Personal Income Tax Act interest shall include interest from debt securities and from other similar financial claims on debtors. Tax on interest shall also be

payable on any other compensation in connection with a financial debt arrangement that does not represent the repayment of a principal, including compensations for risk or reduced value of the principal under the financial debt arrangement due to inflation, unless otherwise provided by this act. Tax on interest shall therefore also be payable on discounts, bonuses, premiums and similar income obtained by a taxpayer in connection with a financial debt arrangement.

The tax base shall be obtained interest unless otherwise provided by the Slovene Personal Income Tax Act.

The tax base on interest resulting from the disposal of discounted debt securities prior to maturity of the security or upon purchase of the discounted debt security prior to or upon maturity of the paper shall be the interest calculated for the period from the day of acquisition to the day of disposal or purchase of the discounted debt security. Discounted debt securities shall also include non-coupon debt securities. The level of interest shall be determined according to the methodology of constant yield.

If in a particular financial debt arrangement it is not explicitly determined in advance what share of individual payment represents repayment of the principal and what share is the interest, it shall be deemed for the purpose of taxation that interest calculated at the recognised interest rate, as defined in the Corporate Income Tax Act, is paid out first.

Income from capital comprises profits from the disposal and exchange of profits from securities and other capital investments. Exempt from income tax is income from capital gains achieved after a speculative period of 20 years. The tax basis from capital gains is the positive difference between the revenue of disposal and the acquisition value or the manufacturing value of the disposed capital assets.

Income from capital is taxed at a rate of 20 per cent. and not subject to the annual personal income tax return.

The tax rate for income from capital gain decreases at a rate of 5 per cent. for every five years of keeping period (that is: 0-5 years: 20 per cent., >5-10 years: 15 per cent., etc.).

Interest on Notes held by a resident entrepreneur as business assets will be subject to a progressive income tax rate of up to 41 per cent., except if the interest qualifies as non-business income under Art.54 of the Slovenian Personal Income Tax Act, in which case the amount would be subject to the flat rate of 20 per cent. as described above.

Interest payments made to an individual will be subject to Slovene withholding tax if the payment is made via a legal person or an entrepreneur, financial institution or other intermediary established in Slovenia as a tax resident or a non-resident, who according to a tax law has a permanent establishment in Slovenia. If the interest or dividends are paid out by a legal person or an entrepreneur who is a resident of Slovenia, the legal person or entrepreneur, who is paying out the interest or dividends shall be considered the taxpayer. The taxpayer must calculate, withhold and pay to the authorities the income tax and interest and dividends. In that case the investors need not report the interest collected to the tax authorities.

If the legal person or entrepreneur, who is paying out the interest or dividends is not a resident of Slovenia, who according to a tax law does not have a permanent establishment in Slovenia, the holder of the Notes – the recipient of interest who is liable to Slovenian tax on interest income must declare each amount of interest in a tax return filed by the 15th day of a calendar month for the period of the previous three calendar months and shall pay the amount of tax upon receiving a decision of the tax authorities setting out the calculation of the amount of tax and directing the individual to pay the amount so calculated. Foreign source income from capital gain should be declared by 15th day from disposal of the Notes.

In accordance with the Personal Income Tax Act, a Slovenian resident may reduce his Slovene tax payments by the tax paid abroad for income from a source outside Slovenia. In accordance with the Tax

Procedural Law a taxable person that is a Slovenian resident can claim tax deduction for tax on interests paid in the other country in his personal tax return form that must be submitted to the competent tax authority. The resident must provide documents showing his tax obligation in this other country, especially documents that prove the amount of tax paid in the other country, the tax base and that the amount was actually paid.

The EU Savings Directive has been implemented in the local legislation.

Resident holders – corporations

Interest on the Notes received and/or capital gains earned on the sale or disposition of the Notes, in each case by:

- (iii) a legal person resident for taxation purposes in the Republic of Slovenia; or
- (iv) by a permanent establishment (*poslovna enota*) in the Republic Slovenia of a legal person not resident for taxation purposes in the Republic of Slovenia,

is subject to Slovenian Corporate Income Tax (*davek od dohodkov pravnih oseb*) as a part of the overall income of such resident or, as the case may be, a non-resident legal person is subject to source taxation and taxation on income deriving from carrying on of business activities in a permanent establishment or through a permanent establishment in Slovenia.

The tax is levied on the net profits, defined according to the profit and loss account, as stipulated by the Corporate Income Tax Act (*Zakon o davku od dohodkov pravnih oseb* (ZDDPO-2), hereinafter CITA) and the Accounting Standards. The CITA rate is 20 per cent. However, a tax rate of 0 per cent. might apply to e.g. Investment funds, Pensions funds and insurance companies that have their own pensions funds.

Non resident holders- individuals

In accordance with the Personal Income Tax Act non-residents are subject to tax on income, derived from a source in Slovenia. Withholding tax is levied at a rate of 20 per cent. Source taxation may be obviated or reduced pursuant to the terms of an applicable double taxation agreement, with the holder applying for a refund with the Slovenian tax authorities providing proof of eligibility.

Non resident holders-corporations

No tax is levied on payments under the Notes to legal persons not resident for taxation purposes in the Republic of Slovenia and having no permanent establishment in the Republic of Slovenia except that withholding tax at the rate of 15 per cent. is levied on payments of interest on the Notes to legal persons resident in certain non-EU jurisdictions where the general or average nominal income tax rate is lower than 12.5 per cent. and are listed as “tax havens” by the Ministry of Finance. The current list of countries is the following:

1. The Bahamas, Barbados
2. Belize
3. Brunei
4. Dominican Republic
5. Costa Rica
6. Liberia
7. Liechtenstein
8. Maldives
9. Marshall Islands
10. Mauritius

11. Oman
12. Panama
13. Saint Kitts and Nevis
14. Saint Vincent and Grenadines
15. Samoa
16. Seychelles
17. Uruguay
18. Vanuatu

VAT

Transactions - excluding management, safekeeping, investment advice and services in connection with takeovers - including negotiation, in shares, interests in companies or associations, debentures and other securities, excluding documents establishing title to goods and the rights and interests are exempt from VAT.

Stamp Duty

In principle, no stamp duty should be payable upon a transfer of Notes in Slovenia.

Inheritance and gift tax

A person subject to inheritance and gift tax is any natural person who inherits or receives property as a gift as well as any person who receives property on the basis of the lifetime maintenance contract. Property shall mean real property and rights on real property and other real rights as well as movable property (including securities and cash). The value of all gifts received by the same person in one year is considered when ascertaining the taxable amount starting from the moment of a receipt of the first gift. A gift or heritage consisting only of a movable property is not taxable provided that the total value of movable property does not exceed €5,000.

The taxable basis for inheritance and gift tax is the market value of property at the time of the occurrence of tax liability, decreased by debts, costs and charges relating to this property, subject to taxation. In the case of movable property the tax base for inheritances and gifts is decreased by €5,000.

Tax on inheritance and gifts is not paid by the heir or recipient of the gift of a first hereditary order (children and spouse).

Tax rates are progressive and differ depending on the hereditary order. Tax rates for inheritance and gift tax range from 5 per cent. up to 39 per cent.

Other taxes

The Act on the taxation of profits from the disposal of derivatives (*Zakon o davku od dobička od odsvojitve izvedenih finančnih instrumentov*) stipulates taxing capital gains derived from the alienation of financial derivatives, as defined in the Financial Instruments Market Act (*Zakon o trgu finančnih instrumentov*) and debt securities, except for coupon debt securities and discount debt securities, by a resident individual at the rate of 40 per cent. in the first 12 months of holding and 20 per cent. in the following 4 years of holding. The tax rate is further reduced by 5 percentage points for every 5 years of holding, so that the rate of 15 per cent., 10 per cent., 5 per cent. and 0 per cent. applies from the 6th, 11th, 16th and 21st year of holding, respectively.

SPAIN

The following summary is of a general nature and is included herein solely for information purposes. It is based on the laws presently in force in Spain, though it is not intended to be, nor should it be construed to be,

legal or tax advice. This section does not constitute a complete description of all the tax issues that may be relevant in making the decision to invest in the Notes or of all the tax consequences that may derive from the subscription, acquisition, holding, transfer, redemption or reimbursement of the Notes and does not purport to describe the tax consequences applicable to categories of investors subject to special tax rules. Prospective investors in the Notes should therefore consult their own professional advisers as to the effects of state, local or foreign laws, including Spanish tax law, to which they may be subject.

Individuals with Tax Residence in Spain

Personal Income Tax

Personal Income Tax is levied on an annual basis on the worldwide income obtained by Spanish resident individuals, whatever the source is and wherever the relevant payer is established. Therefore any income that Spanish holders of the Notes may receive under the Notes will be subject to Spanish taxation.

Both interest periodically received and income arising on the disposal, redemption or reimbursement of the Notes obtained by individuals who are tax resident in Spain will be regarded as financial income for tax purposes (i.e. a return on investment derived from the transfer of own capital to third parties).

Both types of income will be included in the savings part of the taxable income subject to Personal Income Tax at two new tax rates. Financial income up to €6,000 will be taxed at a rate of 19 per cent. and the excess over such threshold will be subject to a tax rate of 21 per cent.

Spanish holders of the Notes shall compute the gross interest obtained in the savings part of the taxable base of the tax period in which it is due, including amounts withheld, if any.

Income arising on the disposal, redemption or reimbursement of the Notes will be calculated as the difference between: (a) their disposal, redemption or reimbursement value; and (b) their acquisition or subscription value. Costs and expenses effectively borne on the acquisition and transfer of the Notes may be taken into account for calculating the relevant taxable income, provided that they can be duly justified.

Likewise, expenses relating to the management and deposit of the Notes, if any, will be tax-deductible, excluding those pertaining to discretionary or individual portfolio management.

Losses that may derive from the transfer of the Notes cannot be offset if the investor acquires homogeneous securities within the two-month period prior or subsequent to the transfer of the Notes, until he/she transfers such homogeneous securities.

Additionally, tax credits for the avoidance of international double taxation may apply in respect of taxes paid outside Spain on income deriving from the Notes, if any.

Wealth Tax

Individuals who are Spanish tax residents are subject to an annual Wealth Tax on 31 December on their total net wealth, regardless of the location of their assets (such as the Notes) or of where their rights may be exercised. However, according to Law 4/2008 of 23 December, taxpayers benefit from a 100 per cent. tax credit on their Wealth Tax liability as from 2008. This tax credit in practical terms means that taxpayers are effectively tax exempt from Wealth Tax. Taxpayers do not have the obligation to file the annual tax return as a result of this change.

Inheritance and Gift Tax

Inheritance and Gift Tax is levied on individuals' heirs and donees resident in Spain for tax purposes. It is calculated taking into account several circumstances, such as the age and previous net worth of the heir or

donee and the kinship with the deceased person or donor. The applicable tax rate currently ranges between 7.65 and 34 per cent. depending on the particular circumstances, although the final tax payable may increase up to 81.6 per cent. This is nevertheless subject to the specific rules passed by the relevant Spanish regions with respect to this tax.

Legal Entities with Tax Residence in Spain

Corporate Income Tax

Both interest periodically received and income arising on the disposal, redemption or reimbursement of the Notes obtained by entities which are resident for tax purposes in Spain shall be computed as taxable income of the tax period in which they accrue.

The general tax rate for limited liability companies is currently 30 per cent. However, small sized companies (those companies whose net business income is lower than €8,000,000) can benefit from the reduced tax rate of 25 per cent. on the first €120,202.41 of their taxable profits. In addition to this, companies with a net business income lower than €5,000,000 and an average staff of 25 employees could benefit from the reduced rate of 20 per cent. on the first €120,202.41 of their taxable profits, being the rest of the taxable profits subject to a tax rate of 25 per cent. Special rates apply in respect of certain types of entities (such as qualifying collective investment institutions).

Tax credits for the avoidance of international double taxation may apply in respect of taxes paid outside Spain on income deriving from the Notes, if any.

Individuals and legal entities with no Tax Residence in Spain

A non-resident holder of Notes, who has a permanent establishment in Spain to which such Notes are attributable, is subject to Spanish Non-Residents' Income Tax on any income under the Notes, including both interest periodically received and income arising on the disposal, redemption or reimbursement of the Notes. In general terms, the tax rules applicable to individuals and legal entities with no tax residence in Spain but acting through a permanent establishment in Spain are the same as those applicable to Corporate Income taxpayers.

Spanish withholding tax

Where a financial institution (either resident in Spain or acting through a permanent establishment in Spain) acts as depositary of the Notes or intervenes as manager in the collection of any income under the Notes, such financial institution will be responsible for making the relevant withholding on account of Spanish tax on any income deriving from the Notes. The current withholding tax rate in Spain is 19 per cent. Amounts withheld in Spain, if any, can be credited against the final Spanish Personal Income Tax liability, in the case of Spanish tax resident individuals, or against final Spanish Corporate Income Tax liability, in the case of Spanish corporate, or against final Non-Residents' Income Tax, in the case of a Spanish permanent establishment of a non-resident holder of the Notes. However, holders of the Notes who are Corporate Income Taxpayers or Non-Residents' Income Taxpayers acting through a permanent establishment in Spain to which the Notes are attributable can benefit from a withholding tax exemption when the Notes are listed in an OECD official stock exchange. This will be the case as the Notes are expected to trade on the Luxembourg Stock Exchange's regulated market.

Furthermore, such financial institution may become obliged to comply with the formalities set out in the Regulations on Spanish Personal Income Tax (Royal Decree 439/2007, of 30 March) and Corporate Income Tax (Royal Decree 1777/2004, of 30 July) when intervening in the transfer or reimbursement of the Notes.

Indirect taxation

The acquisition, transfer, redemption, reimbursement and exchange of the Notes will be exempt from Transfer Tax and Stamp Duty as well as Value Added Tax.

SWEDEN

The following summary outlines certain Swedish tax consequences relating to holders of Notes, if not otherwise stated. The summary is based on the laws of the Kingdom of Sweden as currently in effect and is only intended to provide general information. This summary does not address the rules regarding reporting obligations for, among others, payers of interest. Prospective purchasers are urged to consult their professional tax advisers regarding the Swedish tax and other tax consequences (including the applicability and effect of double taxation treaties) of holding or transferring Notes.

Holder not resident in Sweden

Payments of any principal amount or any amount that is considered to be interest for Swedish tax purposes to the holder of any Notes should not be subject to Swedish income tax, provided that such holder is neither resident in Sweden for Swedish tax purposes nor engaged in trade or business in Sweden through a permanent establishment. A person is resident in Sweden for Swedish tax purposes if it (a) is domiciled in Sweden; (b) has its habitual abode in Sweden; or (c) has been domiciled earlier in Sweden and, after having moved abroad, continues to have an essential connection with Sweden (for example, is engaged in trade or business in Sweden). Swedish law does not provide for deduction or withholding for or on account of taxes on payments of any principal or interest to the holder of any Notes, except on payment of interest to a holder who is an individual or an estate of a deceased individual with tax residence in Sweden. Private individuals (and estates of deceased individuals) who are not resident in Sweden for tax purposes may be liable to capital gains taxation in Sweden upon disposal or redemption of certain financial instruments, depending on the classification of the particular financial instrument for Swedish income tax purposes, if they have been resident in Sweden or have stayed permanently in Sweden at any time during the calendar year of disposal or redemption, or the ten calendar years preceding the year of disposal or redemption.

Holders resident in Sweden

Generally, for Swedish corporations and private individuals (and estates of deceased individuals) with residence in Sweden for Swedish tax purposes, all capital income (e.g. income that is considered to be interest for Swedish tax purposes and capital gains on Notes) will be taxable. Specific tax consequences, however, may be applicable to certain categories of corporations (e.g. investment companies and life insurance companies). If the Notes are registered with Euroclear Sweden or held by a Swedish nominee in accordance with the Swedish Financial Instruments Accounts Act (SFS 1998:1479), Swedish preliminary taxes will be withheld by Euroclear Sweden or the nominee on payments of amounts that are considered to be interest for Swedish tax purposes to a private individual or an estate of a deceased individual with residence in Sweden for Swedish tax purposes.]

UNITED KINGDOM

The following applies only to persons who are the beneficial owners of Notes and is a summary of the Issuer's understanding of current law and practice in the United Kingdom relating only to certain aspects of United Kingdom taxation. The United Kingdom tax treatment of prospective Noteholders and investors depends on their individual circumstances and may be subject to change in the future. Prospective Noteholders who may be subject to tax in a jurisdiction other than the United Kingdom or who may be unsure as to their tax position should seek their own professional advice.

Payment of interest on the Notes

Payments of interest on the Notes may be made without withholding on account of United Kingdom income tax.

Noteholders may wish to note that, in certain circumstances, HM Revenue and Customs (**HMRC**) has power to obtain information (including the name and address of the beneficial owner of the interest) from any person in the United Kingdom who either pays or credits interest to or receives interest for the benefit of a Noteholder. HMRC also has power, in certain circumstances, to obtain information from any person in the United Kingdom who pays amounts payable on the redemption of Notes which are deeply discounted securities for the purposes of the Income Tax (Trading and Other Income) Act 2005 to or receives such amounts for the benefit of another person, although HMRC published practice indicates that HMRC will not exercise the power referred to above to require this information in respect of amounts payable on the redemption of deeply discounted securities where such amounts are paid on or before 5 April 2010. HMRC has indicated informally that it will continue not to exercise this power beyond 5 April 2010, but has not provided details as to when it may decide to require that information to be provided. Such information may include the name and address of the beneficial owner of the amount payable on redemption. Any information obtained may, in certain circumstances, be exchanged by HMRC with the tax authorities of the jurisdiction in which the Noteholder is resident for tax purposes.

Stamp Duty and SDRT

CDIs

An unconditional agreement to transfer CDIs will normally give rise to a charge to United Kingdom stamp duty reserve tax at the rate of 0.5 per cent. of the amount or value if the consideration for the CDIs unless the Notes underlying the CDIs constitute exempt loan capital. Underlying Notes will generally be exempt loan capital for these purposes provided: (a) they are not convertible or exchangeable into (or for) other shares or securities and do not otherwise carry a right to the acquisition of other shares or securities; (b) they do not carry a right to interest which exceeds a reasonable commercial return on the nominal amount of the Note or which is determined to any extent by reference to the results of or part of any business or to the value of any property and (c) they are either listed on the London Stock Exchange, or if not they do not carry a right to repayment to an amount which exceeds the nominal amount of the Notes and which is not reasonably comparable with what is generally repayable under loan capital that is listed on the London Stock Exchange.

Bearer Notes

A charge to United Kingdom stamp duty at 1.5 per cent. of the value of Notes will arise on the issue in the United Kingdom of Bearer Notes which are denominated in sterling and which are not loan capital. No United Kingdom stamp duty liability arises on the issue of such a Bearer Note outside the United Kingdom. However, a United Kingdom stamp duty liability at 1.5 per cent. will arise on the first transfer by delivery in the United Kingdom of such a Bearer Note which was originally issued outside the United Kingdom. Otherwise, no United Kingdom stamp duty will be payable in relation to the issue of Bearer Notes.

EU Savings Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income, Member States are required, to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State or to certain limited types of entities established in that other Member State. However, for a transitional period, Luxembourg and Austria are instead required (unless during that period they elect otherwise, which Belgium has done with effect as from 1 January 2010) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories, including Switzerland, have agreed to adopt similar measures (a withholding system in the case of Switzerland).

On 15 September 2008 the European Commission issued a report to the Council of the European Union on the operation of the Directive, which included the Commission's advice on the need for changes to the Directive. On 13 November 2008 the European Commission published a more detailed proposal for

amendments to the Directive, which included a number of suggested changes. The European Parliament approved an amended version of this proposal on 24 April 2009. If any of those proposed changes are made in relation to the Directive, they may amend or broaden the scope of the requirements described above.

UNITED STATES

TO ENSURE COMPLIANCE WITH U.S. INTERNAL REVENUE SERVICE CIRCULAR 230, WE INFORM YOU THAT ANY TAX DISCUSSION HEREIN WAS NOT WRITTEN AND IS NOT INTENDED TO BE USED AND CANNOT BE USED BY ANY TAXPAYER FOR THE PURPOSES OF AVOIDING U.S. FEDERAL INCOME TAX PENALTIES THAT MAY BE IMPOSED ON THE TAXPAYER. ANY SUCH TAX DISCUSSION WAS WRITTEN TO SUPPORT THE PROMOTION OR MARKETING OF THE PROPOSALS DESCRIBED HEREIN. EACH TAXPAYER SHOULD SEEK ADVICE BASED ON THE TAXPAYER'S PARTICULAR CIRCUMSTANCES FROM AN INDEPENDENT TAX ADVISER.

The following is a summary of certain material U.S. federal income tax consequences of the ownership and disposition of the Notes by holders, but is not purported to be a complete analysis of all potential tax effects. This summary is based upon the Code; existing and proposed U.S. Treasury regulations promulgated thereunder, and published rulings and court decisions, all as in effect and existing on the date of this Debt Issuance Programme Prospectus and all of which are subject to change at any time with retrospective or prospective effect. This summary does not address the material U.S. federal income tax consequences of every type of Note which may be issued under the Programme, and the applicable Final Terms may contain additional or modified disclosure concerning the material U.S. federal income tax consequences relevant to such type of Notes as are issued thereunder.

This summary is for general information only and does not address all of the tax consequences that may be relevant to holders. In addition, this summary does not address any of the tax consequences to holders that may be subject to special rules, such as financial institutions, tax-exempt organisations, insurance companies, regulated investment companies, real estate investment trusts, personal holding companies, controlled foreign corporations, passive foreign investment companies, broker-dealers in securities or currencies, and non-resident alien individuals who have lost their U.S. citizenship or who have ceased to be treated as U.S. resident aliens. Further, this summary does not address:

- (a) the U.S. federal income tax consequences to shareholders in, or partners or beneficiaries of, an entity that is a holder of the Notes;
- (b) the U.S. federal gift or alternative minimum tax consequences of the acquisition, ownership or disposition of the Notes;
- (c) persons that will hold the Notes as part of a position in a "straddle" or as part of a "constructive sale" or a "hedging," "conversion" or other integrated transaction;
- (d) any tax consequences arising under any state, municipality, foreign country or other taxing jurisdiction; or
- (e) holders that own, directly, indirectly or constructively, 10 per cent. or more of the voting shares of the Issuer.

A "U.S. Holder" means a beneficial owner of a Note that, for U.S. federal income tax purposes, is:

- (f) an individual who is a citizen or individual resident of the United States, as defined in Section 7701(b) of the Code;

- (g) a corporation, including any entity treated as a corporation for U.S. federal income tax purposes, created or organised in or under the laws of the United States, any state thereof or the District of Columbia;
- (h) an estate the income of which is subject to U.S. federal income tax without regard to its source; or
- (i) a trust if: (i) a court within the United States is able to exercise primary supervision over the administration of the trust, and one or more United States persons have the authority to control all substantial decisions of the trust; or (ii) such trust has a valid election in effect under applicable U.S. Treasury regulations to be treated as a United States person.

The term “Non-U.S. Holder” means a beneficial owner of a Note that is not a partnership, and that is, for U.S. federal income tax purposes, not a U.S. Holder. If a partnership holds the Notes, the tax treatment of a partner will generally depend upon the status of the partner and the activities of the partnership. Partners of partnerships holding the Notes should consult their tax advisers regarding the U.S. federal income tax consequences of acquiring, owning, exchanging and disposing of the Notes.

Prospective investors should consult their tax advisers regarding the U.S. federal, state, local and foreign tax consequences of acquiring, owning and disposing of the Notes in light of such investor's own circumstances, including such investor's status as a U.S. Holder or Non-U.S. Holder (as defined below), as well as any other estate, gift, or other tax consequences that may arise under the laws of any state, local, foreign or other taxing jurisdiction.

The Issuer generally intends to treat the Notes issued under the Programme as debt for U.S. federal tax purposes, unless otherwise indicated in the applicable Final Terms. Certain Notes, however, such as Indexed Notes or Notes with maturities in excess of 30 years, may be treated as equity or as financial contracts for U.S. federal income tax purposes. The tax treatment of Notes, to which a treatment other than as debt for U.S. federal tax purposes may apply, will be discussed in the applicable Final Terms.

The Final Terms for an issue of Notes may specify with respect to the issue of Notes to which it relates (and where relevant) the potential U.S. federal income tax consequences of the purchase, ownership, disposition, lapse and exercise of the Notes.

Holders may be subject to a variety of U.S. tax consequences depending on the subject and the terms of the Notes. Holders should consult their advisers about the tax consequences of purchasing Notes, particularly whether the Notes being acquired could be treated for U.S. tax purposes as debt instruments or as another type of financial instrument.

U.S. Holders

Payment of Interest

Interest on a Note, whether payable in U.S. dollars or a currency, composite currency or basket of currencies other than U.S. dollars (a **foreign currency**), other than interest on a “Discount Note” that is not “qualified stated interest” (each as defined below under “*Original Issue Discount — General*”), will be taxable to a U.S. Holder as ordinary income at the time it is received or accrued, depending on the holder’s method of accounting for tax purposes. Interest paid by the Issuer on the Notes and OID (as defined below), if any, accrued with respect to the Notes (as described below under “*Original Issue Discount*”) generally will constitute income from sources outside the United States subject to the rules regarding the U.S. foreign tax credit allowable to a U.S. Holder (and the limitations imposed thereon). Prospective purchasers should consult their tax advisers concerning the U.S. foreign tax credit implications of any payment of foreign taxes.

Original Issue Discount

General

The following is a summary of the principal U.S. federal income tax consequences of the ownership of Notes issued with original issue discount (**OID**). The following summary does not discuss Notes that are characterised as contingent payment debt instruments for U.S. federal income tax purposes.

A Note, other than a Note with a term of one year or less (a **Short Term Note**), will be treated as issued with OID (a **Discount Note**) if the excess of the Note's "stated redemption price at maturity" over its issue price is equal to or more than a *de minimis* amount (0.25 per cent. of the Note's stated redemption price at maturity multiplied by the number of complete years to its maturity). Generally, the issue price of a Note will be the first price at which a substantial amount of Notes included in the issue of which the Note is a part is sold to persons other than bond houses, brokers, or similar persons or organisations acting in the capacity of underwriters, placement agents, or wholesalers. The stated redemption price at maturity of a Note is the total of all payments provided by the Note that are not payments of "qualified stated interest." A qualified stated interest payment is generally any one of a series of stated interest payments on a Note that are unconditionally payable at least annually at a single fixed rate, or a variable rate (as described below under "*Variable Interest Rate Notes*"), applied to the outstanding principal amount of the Note. Solely for the purpose of determining whether a Note has OID, the Issuer will be deemed to exercise any call option that has the effect of decreasing the yield on the Note, and the U.S. Holder will be deemed to exercise any put option that has the effect of increasing the yield on the Note. If a Note has *de minimis* OID, a U.S. Holder must include the *de minimis* amount in income as stated principal payments are made on the Note, unless the holder makes the election described below under "*Election to Treat All Interest as Original Issue Discount*".

U.S. Holders of Discount Notes must include OID in income calculated on a constant-yield method before the receipt of cash attributable to the income, and generally will have to include in income increasingly greater amounts of OID over the life of the Discount Notes. The amount of OID to be included in income by a U.S. Holder of Discount Notes is the sum of the daily portions of OID with respect to the Discount Notes for each day during the taxable year or portion of the taxable year on which the U.S. Holder holds the Discount Notes (**accrued OID**). The amount of OID allocable to an accrual period (and pro rata to every day in the accrual period) equals the excess of (a) the product of the Discount Note's adjusted issue price at the beginning of the accrual period and the Discount Note's yield to maturity (determined on the basis of compounding at the close of each accrual period and properly adjusted for the length of the accrual period) over (b) the sum of the payments of qualified stated interest on the Note allocable to the accrual period. The "adjusted issue price" of a Discount Note at the beginning of any accrual period is the issue price of the Note increased by (x) the amount of accrued OID for each prior accrual period and decreased by (y) the amount of any payments previously made on the Note that were not qualified stated interest payments.

Acquisition Premium

A U.S. Holder that purchases a Discount Note for an amount less than or equal to the sum of all amounts payable on the Note after the purchase date, other than payments of qualified stated interest, but in excess of its adjusted issue price (any such excess being **acquisition premium**) and that does not make the election described below under "*Election to Treat All Interest as Original Issue Discount*", is permitted to reduce the daily portions of OID by a fraction, the numerator of which is the excess of the U.S. Holder's adjusted basis in the Discount Note immediately after its purchase over the Discount Note's adjusted issue price, and the denominator of which is the excess of the sum of all amounts payable on the Note after the purchase date, other than payments of qualified stated interest, over the Discount Note's adjusted issue price.

Market Discount

A Note, other than a Short Term Note, generally will be treated as purchased at a market discount (a **Market Discount Note**) if the Note's stated redemption price at maturity or, in the case of a Discount Note, the

Note's "revised issue price", exceeds the amount for which the U.S. Holder purchased the Note by at least 0.25 per cent. of the Note's stated redemption price at maturity or revised issue price, respectively, multiplied by the number of complete years to the Note's maturity (or, in the case of a Note that is an instalment obligation, the Note's weighted average maturity). If this excess is not sufficient to cause the Note to be treated as a Market Discount Note, then the excess constitutes "de minimis market discount". For this purpose, the "revised issue price" of a Note generally equals its issue price, increased by the amount of any OID that has accrued on the Note and decreased by the amount of any payments previously made on the Note that were not qualified stated interest payments.

Any gain recognised on the maturity or disposition of a Market Discount Note (including any payment on a Note that is not qualified stated interest) will be treated as ordinary income to the extent that the gain does not exceed the accrued market discount on the Note. Alternatively, a U.S. Holder of a Market Discount Note may elect to include market discount in income currently over the life of the Note. This election shall apply to all debt instruments with market discount acquired by the electing U.S. Holder on or after the first day of the first taxable year to which the election applies. This election may not be revoked without the consent of the U.S. Internal Revenue Service (the **IRS**). A U.S. Holder of a Market Discount Note that does not elect to include market discount in income currently will generally be required to defer deductions for interest on borrowings incurred to purchase or carry a Market Discount Note that is in excess of the interest and OID on the Note to be included in the U.S. Holder's income, to the extent that this excess interest expense does not exceed the portion of the market discount allocable to the days on which the Market Discount Note was held by the U.S. Holder.

Market discount will accrue on a straight-line basis unless the U.S. Holder elects to accrue the market discount on a constant-yield method. This election applies only to the Note with respect to which it is made and is irrevocable.

Election to Treat All Interest as Original Issue Discount

A U.S. Holder may elect to include in gross income all interest that accrues on a Note using the constant-yield method described above under "*Original Issue Discount — General*" with certain modifications. For the purposes of this election, interest includes stated interest, OID, de minimis OID, market discount, *de minimis* market discount and unstated interest, as adjusted by any amortisable bond premium (described below under "Notes Purchased at a Premium") or acquisition premium. If a U.S. Holder makes this election for the Note, then, when the constant-yield method is applied, the issue price of the Note will equal its cost, the issue date of the Note will be the date of acquisition, and no payments on the Note will be treated as payments of qualified stated interest. This election will generally apply only to the Note with respect to which it is made and may not be revoked without the consent of the IRS. However, if the Note has amortisable bond premium, the U.S. Holder will be deemed to have made an election to apply amortisable bond premium against interest for all debt instruments with amortisable bond premium, other than debt instruments the interest on which is excludible from gross income, held as of the beginning of the taxable year to which the election applies or any taxable year thereafter. If the election to apply the constant-yield method to all interest on a Note is made with respect to a Market Discount Note, the electing U.S. Holder will be treated as having made the election discussed above under "Market Discount" to include market discount in income currently over the life of all debt instruments with market discount held or thereafter acquired by the U.S. Holder. U.S. Holders should consult their tax advisers concerning the propriety and consequences of this election.

Variable Interest Rate Notes

Notes that provide for interest at variable rates (**Variable Interest Rate Notes**) generally will bear interest at a "qualified floating rate" and thus will be treated as "variable rate debt instruments" under U.S. Treasury regulations governing accrual of OID. A Variable Interest Rate Note will qualify as a "variable rate debt instrument" if (a) its issue price does not exceed the total non-contingent principal payments due under the Variable Interest Rate Note by more than a specified de minimis amount and (b) it provides for stated interest, paid or compounded at least annually, at: (i) one or more qualified floating rates; (ii) a single fixed rate and one

or more qualified floating rates; (iii) a single objective rate; or (iv) a single fixed rate and a single objective rate that is a qualified inverse floating rate.

A “qualified floating rate” is any variable rate where variations in the value of the rate can reasonably be expected to measure contemporaneous variations in the cost of newly borrowed funds in the currency in which the Variable Interest Rate Note is denominated. A fixed multiple of a qualified floating rate will constitute a qualified floating rate only if the multiple is greater than 0.65 but not more than 1.35, whether or not a variable rate is increased or decreased by a fixed rate. A variable rate that would otherwise constitute a qualified floating rate but which is subject to one or more restrictions such as a maximum numerical limitation (i.e., a cap) or a minimum numerical limitation (i.e., a floor), may, under certain circumstances, fail to be treated as a qualified floating rate unless the cap or floor is fixed throughout the term of the Note.

An “objective rate” is a rate that is not itself a qualified floating rate but which is determined using a single fixed formula and which is based on objective financial or economic information (e.g., one or more qualified floating rates or the yield of actively traded personal property). A rate will not qualify as an objective rate if it is based on information that is within the control of the Issuer (or a related party) or that is unique to the circumstances of the Issuer (or a related party), such as dividends, profits or the value of the Issuer’s stock (although a rate does not fail to be an objective rate merely because it is based on the credit quality of the Issuer).

A qualified floating rate or objective rate in effect at any time during the term of the instrument must be set at a “current value” of that rate. A **current value** of a rate is the value of the rate on any day that is no earlier than three months prior to the first day on which that value is in effect and no later than one year following that first day.

A Variable Interest Rate Note that provides for stated interest at either a single qualified floating rate or a single objective rate throughout the term thereof and that qualifies as a “variable rate debt instrument”, will generally not be treated as having been issued with OID unless the Variable Interest Rate Note is issued at a “true discount” (i.e. at a price below the Note’s stated principal amount) in excess of a specified *de minimis* amount. OID on a Variable Interest Rate Note arising from true discount is allocated to an accrual period using the constant yield method described above.

In general, any other Variable Interest Rate Note that qualifies as a “variable rate debt instrument” will be converted into an equivalent fixed rate debt instrument for purposes of determining the amount and accrual of OID and qualified stated interest on the Variable Interest Rate Note. Such a Variable Interest Rate Note must be converted into an equivalent fixed rate debt instrument by substituting any qualified floating rate or qualified inverse floating rate provided for under the terms of the Variable Interest Rate Note with a fixed rate equal to the value of the qualified floating rate or qualified inverse floating rate, as the case may be, as of the Variable Interest Rate Note’s issue date. Any objective rate (other than a qualified inverse floating rate) provided for under the terms of the Variable Interest Rate Note is converted into a fixed rate that reflects the yield that is reasonably expected for the Variable Interest Rate Note. In the case of a Variable Interest Rate Note that qualifies as a “variable rate debt instrument” and provides for stated interest at a fixed rate in addition to either one or more qualified floating rates or a qualified inverse floating rate, the fixed rate is initially converted into a qualified floating rate (or a qualified inverse floating rate, if the Variable Interest Rate Note provides for a qualified inverse floating rate). Under these circumstances, the qualified floating rate, or qualified inverse floating rate that replaces the fixed rate, must be such that the fair market value of the Variable Interest Rate Note as of the Variable Interest Rate Note’s issue date is approximately the same as the fair market value of an otherwise identical debt instrument that provides for either the qualified floating rate or qualified inverse floating rate rather than the fixed rate. Subsequent to converting the fixed rate into either a qualified floating rate or a qualified inverse floating rate, the Variable Interest Rate Note is converted into an equivalent fixed rate debt instrument in the manner described above.

Once the Variable Interest Rate Note is converted into an equivalent fixed rate debt instrument pursuant to the foregoing rules, the amount of OID and qualified stated interest, if any, are determined for the

equivalent fixed rate debt instrument by applying the general OID rules to the equivalent fixed rate debt instrument, and a U.S. Holder of the Variable Interest Rate Note will account for the OID and qualified stated interest as if the U.S. Holder held the equivalent fixed rate debt instrument. In each accrual period, appropriate adjustments will be made to the amount of qualified stated interest or OID assumed to have been accrued or paid with respect to the equivalent fixed rate debt instrument in the event that these amounts differ from the actual amount of interest accrued or paid on the Variable Interest Rate Note during the accrual period.

If a Variable Interest Rate Note, such as a Note the payments on which are determined by reference to an index, does not qualify as a “variable rate debt instrument”, then the Variable Interest Rate Note will be treated as a contingent payment debt instrument. Prospective purchasers should consult with their tax advisers concerning the proper U.S. federal income tax treatment of Variable Interest Rate Notes that are treated as contingent payment debt.

Short-Term Notes

In general, an individual or other cash basis U.S. Holder of a Short Term Note is not required to accrue OID (calculated as set forth below for the purposes of this paragraph) for U.S. federal income tax purposes unless it elects to do so (but may be required to include any stated interest in income as the interest is received). Accrual basis U.S. Holders and certain other U.S. Holders are required to accrue OID on Short Term Notes on a straight-line basis or, if the U.S. Holder so elects, under the constant-yield method (based on daily compounding). In the case of a U.S. Holder not required and not electing to include OID in income currently, any gain realised on the sale or other disposition of the Short Term Note will be ordinary income to the extent of the OID accrued on a straight-line basis (unless an election is made to accrue the OID under the constant-yield method) through the date of sale or other disposition. U.S. Holders who are not required and do not elect to accrue OID on Short Term Notes will be required to defer deductions for interest on borrowings allocable to Short Term Notes in an amount not exceeding the deferred income until the deferred income is realised.

For purposes of determining the amount of OID subject to these rules, all interest payments on a Short Term Note are included in such note’s stated redemption price at maturity. A U.S. Holder may elect to determine OID on a Short Term Note as if such note had been originally issued to the U.S. Holder as the U.S. Holder’s purchase price for the Short Term Note. This election shall apply to all obligations with a maturity of one year or less acquired by the U.S. Holder on or after the first day of the first taxable year to which the election applies, and may not be revoked without the consent of the IRS.

Notes Purchased at a Premium

A U.S. Holder that purchases a Note for an amount in excess of its principal amount or for a Discount Note, its stated redemption price at maturity, may elect to treat the excess as “amortisable bond premium”, in which case the amount required to be included in the U.S. Holder’s income each year with respect to interest on the Note will be reduced by the amount of amortisable bond premium allocable (based on the Note’s yield to maturity) to that year. Any election to amortise bond premium shall apply to all bonds (other than bonds the interest on which is excludable from gross income for U.S. federal income tax purposes) held by the U.S. Holder at the beginning of the first taxable year to which the election applies or thereafter acquired by the U.S. Holder, and is irrevocable without the consent of the IRS. A U.S. Holder that does not elect to take bond premium (other than acquisition premium) into account currently will recognise a capital loss when the Note matures.

Purchase, Sale or Other Dispositions of Notes

A U.S. Holder’s tax basis in a Note will generally be its cost, increased by the amount of any OID or market discount included in the U.S. Holder’s income with respect to the Note and the amount, if any, of income attributable to de minimis OID and de minimis market discount included in the U.S. Holder’s income with respect to the Note, and reduced by: (a) the amount of any payments that are not qualified stated interest payments; and (b) the amount of any amortisable bond premium applied to reduce interest on the Note.

A U.S. Holder will generally recognise gain or loss on the sale or other disposition of a Note equal to the difference between the amount realised on the sale or other disposition and the tax basis of the Note. Except to the extent described above under “*Original Issue Discount—Market Discount*” or “*Original Issue Discount—Short-Term Notes*” or attributable to accrued but unpaid interest or changes in exchange rates (as discussed below), gain or loss recognised on the sale or other disposition of a Note will be capital gain or loss and generally will be treated as from U.S. sources for purposes of the U.S. foreign tax credit limitation and may be taxable at reduced rates in the case of a U.S. Holder that is an individual, estate or trust, if the Notes are held for more than one year. The deductibility of capital losses is subject to limitations.

Foreign Currency Notes

Interest

If an interest payment is denominated in, or determined by reference to, a foreign currency, the amount of income recognised by a cash basis U.S. Holder will be the U.S. dollar value of the interest payment, based on the exchange rate in effect on the date of receipt, regardless of whether the payment is in fact converted into U.S. dollars.

An accrual basis U.S. Holder may determine the amount of income recognised with respect to an interest payment denominated in, or determined by reference to, a foreign currency in accordance with either of two methods. Under the first method, the amount of income accrued will be based on the average exchange rate in effect during the interest accrual period (or, in the case of an accrual period that spans two taxable years of a U.S. Holder, the part of the period within the taxable year).

Under the second method, the U.S. Holder may elect to determine the amount of income accrued on the basis of the exchange rate in effect on the last day of the accrual period (or, in the case of an accrual period that spans two taxable years, the exchange rate in effect on the last day of the part of the period within the taxable year). Additionally, if a payment of interest is actually received within five business days of the last day of the accrual period, an electing accrual basis U.S. Holder may instead translate the accrued interest into U.S. dollars at the exchange rate in effect on the day of actual receipt. Any such election will apply to all debt instruments held by the U.S. Holder at the beginning of the first taxable year to which the election applies or thereafter acquired by the U.S. Holder, and will be irrevocable without the consent of the IRS.

Upon receipt of an interest payment (including a payment attributable to accrued but unpaid interest upon the sale or other disposition of a Note) denominated in, or determined by reference to, a foreign currency, the U.S. Holder may recognise U.S. source exchange gain or loss (taxable as ordinary income or loss) equal to the difference between the amount received (translated into U.S. dollars at the spot rate on the date of receipt) and the amount previously accrued, regardless of whether the payment is in fact converted into U.S. dollars.

OID

OID for each accrual period on a Discount Note that is denominated in, or determined by reference to, a foreign currency, will be determined in the foreign currency and then translated into U.S. dollars in the same manner as stated interest is accrued by an accrual basis U.S. Holder, as described above under “*Foreign Currency Notes—Interest*”. Upon receipt of an amount attributable to OID (whether in connection with a payment on the Note or a sale or other disposition of the Note), a U.S. Holder may recognise U.S. source exchange gain or loss (taxable as ordinary income or loss) equal to the difference between the amount received (translated into U.S. dollars at the spot rate on the date of receipt) and the amount previously accrued, regardless of whether the payment is in fact converted into U.S. dollars.

Bond Premium

Bond premium (including acquisition premium) on a Note that is denominated in, or determined by reference to, a foreign currency, will be computed in units of the foreign currency, and any such bond premium that is taken into account currently will reduce interest income in units of the foreign currency.

On the date bond premium offsets interest income, a U.S. Holder may recognise U.S. source exchange gain or loss (taxable as ordinary income or loss) measured by the difference between the spot rate in effect on that date and on the date the Notes were acquired by the U.S. Holder.

Purchase, Sale or Other Dispositions of Foreign Currency Notes

As discussed above under “*Purchase, Sale or Other Dispositions of Notes*”, a U.S. Holder will generally recognise gain or loss on the sale or other disposition of a Note equal to the difference between the amount realised on the sale or other disposition and its tax basis in the Note. A U.S. Holder’s tax basis in a Foreign Currency Note will be determined by reference to the U.S. dollar cost of the Note. The U.S. dollar cost of a Note purchased with foreign currency will generally be the U.S. dollar value of the purchase price on the date of purchase or, in the case of Notes traded on an established securities market, as defined in the applicable Treasury Regulations, that are purchased by a cash basis U.S. Holder (or an accrual basis U.S. Holder that so elects), on the settlement date for the purchase.

The amount realised on a sale or other disposition for an amount in foreign currency will be the U.S. dollar value of this amount on the date of sale or other disposition or, in the case of Notes traded on an established securities market, as defined in the applicable U.S. Treasury regulations, sold by a cash basis U.S. Holder (or an accrual basis U.S. Holder that so elects), on the settlement date for the sale. Such an election by an accrual basis U.S. Holder must be applied consistently from year to year and cannot be revoked without the consent of the IRS.

A U.S. Holder will recognise U.S. source exchange rate gain or loss (taxable as ordinary income or loss) on the sale or other disposition of a Note equal to the difference, if any, between the U.S. dollar values of the U.S. Holder’s purchase price for the Note (or, if less, the principal amount of the Note): (a) on the date of sale or other disposition; and (b) the date on which the U.S. Holder acquired the Note. Any such exchange rate gain or loss will be realised only to the extent of total gain or loss realised on the sale or other disposition.

Disposition of Foreign Currency

Foreign currency received as interest on a Note or on the sale or other disposition of a Note will generally have a tax basis equal to its U.S. dollar value at the time the interest is received or at the time of the sale or other disposition. Foreign currency that is purchased will generally have a tax basis equal to the U.S. dollar value of the foreign currency on the date of purchase. Any gain or loss recognised on a sale or other disposition of a foreign currency (including its use to purchase Notes or upon exchange for U.S. dollars) will be U.S. source ordinary income or loss.

Backup Withholding and Information Reporting

In general, payments of interest and accrued OID on, and the proceeds of a sale, redemption or other disposition of, the Notes, payable to a U.S. Holder within the United States or by a U.S. paying agent or certain other U.S.-related intermediaries, will be reported to the IRS and to the U.S. Holder as may be required under applicable regulations. Backup withholding may apply to these payments and to accruals of OID if the U.S. Holder fails to provide an accurate taxpayer identification number or certification of exempt status or otherwise to comply with the applicable backup withholding requirements. Certain U.S. Holders (including, among others, corporations) are not subject to information reporting or backup withholding. U.S. Holders should consult their tax advisers as to their qualification for exemption from information reporting and/or backup withholding and the procedure for obtaining an exemption.

Disclosure Requirements

U.S. Treasury regulations intended to require the reporting of certain tax shelter transactions (**Reportable Transactions**) could be interpreted to cover transactions generally not regarded as tax shelters, including certain foreign currency transactions. Under the U.S. Treasury regulations, certain transactions may be characterised as Reportable Transactions including, in certain circumstances, a sale, exchange, retirement or other taxable disposition of a Foreign Currency Note and/or a Note issued with OID. Persons considering the purchase of such Notes should consult with their tax advisers to determine the tax return obligations, if any, with respect to an investment in such Notes, including any requirement to file IRS Form 8886 (Reportable Transaction Disclosure Statement).

SUBSCRIPTION, SALE AND TRANSFER RESTRICTIONS

The Dealers have in an amended and restated programme agreement (the **Programme Agreement**, which expression includes the same as it may be updated or supplemented from time to time) dated 27 April 2010 agreed with the Issuers and the Guarantor a basis upon which they (or any one of them) may from time to time agree to purchase Notes. Any such agreement will extend to those matters stated under “*Form of the Notes*” and in the Terms and Conditions of the Notes above. In the Programme Agreement, the Issuers have jointly and severally agreed to reimburse the Dealers for certain of their expenses in connection with the establishment and any future update of the Programme and the issue of Notes under the Programme and to indemnify the Dealers against certain liabilities incurred by them in connection therewith.

The following selling restrictions may be modified by the relevant Issuer and the relevant Purchaser(s) following a change in the relevant law, regulation or directive and in certain other circumstances as may be agreed between the relevant Issuer and the relevant Purchaser(s). Any such modification will be set out in the Final Terms and (if applicable) the syndication agreement in respect of the Tranche to which it is related or in a Supplement to this Debt Issuance Programme Prospectus.

Persons, and it will have sent to each Dealer or Purchaser to which it sells Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. Persons. In addition, until the day immediately following 40 days after the commencement of the offering, an offer or sale of Notes within the United States by any Dealer or Purchaser (whether or not participating in the offering) may violate the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Dealers may arrange for the resale of Notes (other than Permanently Restricted Notes) to QIBs that are also QPs pursuant to Rule 144A and each such purchaser of Notes is hereby notified that the Dealers may be relying on the exemption from the registration requirements of the Securities Act provided by Rule 144A. The minimum aggregate principal amount of Notes which may be purchased by a QIB that is also a QP pursuant to Rule 144A is U.S.\$100,000 (or the approximate equivalent thereof in any other currency). To the extent that the Issuer is not subject to or does not comply with the reporting requirements of Section 13 or 15(d) of the Exchange Act or the information furnishing requirements of Rule 12g3-2(b) thereunder, the Issuer has agreed to furnish to holders of Notes and to prospective purchasers designated by such holders, upon request, such information as may be required by Rule 144A(d)(4).

Each issue of Index Linked Notes, Commodity Linked Notes and Dual Currency Notes may be subject to such additional U.S. selling restrictions as the Issuer and the relevant Purchaser may agree, as indicated in the applicable Final Terms. Each Dealer has agreed and each other Purchaser will be required to agree that it will

offer, sell or deliver such Notes only in compliance with such additional U.S. selling restrictions. The Dealers may require prospective purchasers of the Notes to provide a certificate substantially in the form attached to the Operating and Administrative Procedures Memorandum evidencing such purchaser's eligibility to purchase such Notes and compliance with the relevant selling restrictions.

French law Dematerialised Notes and Uncertificated Notes which are, in each case, designated in the Final Terms as Permanently Restricted Notes, or any interest therein, may not at any time be offered, sold, resold, traded, pledged, redeemed, transferred or delivered, directly or indirectly, in the United States or to, or for the account or benefit of, a U.S. Person and any offer, sale, resale, trade, pledge, redemption, transfer or delivery made, directly or indirectly, within the United States or to, or for the account or benefit of, a U.S. Person will not be recognised. French Law Notes and Uncertificated Notes may not be legally or beneficially owned at any time by any U.S. Person and accordingly are being offered and sold outside the United States to persons that are not U.S. Persons in reliance on Regulation S.

French law Materialised Notes and French law Dematerialised Notes and Uncertificated Notes which are, in each case, not designated as Permanently Restricted Notes, or any interest therein, may not be offered or sold in the United States or to, or for the account or benefit of, U.S. Persons except pursuant to an exemption from the registration requirements of the Securities Act in a transaction that will not cause the Issuer or the Guarantor, as the case may be, to become required to register under the Investment Company Act.

Selling Restrictions: Jurisdictions within the European Economic Area

The selling restrictions below may not be applicable in the context of a public offer, in which case appropriate modifications will be made in the applicable Final Terms.

Public Offer Selling Restriction under the Prospectus Directive

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each a **Relevant Member State**), each Dealer has represented and agreed, and each further Dealer appointed under the Programme and each other Purchaser will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the **Relevant Implementation Date**), it has not made and will not make an offer of Notes which are the subject of the offering contemplated by the Debt Issuance Programme Prospectus as completed by the final terms in relation thereto to the public in that Relevant Member State, except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Notes to the public in that Relevant Member State:

provided that no such offer of Notes referred to in (b) to (e) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an “offer of Notes to the public” in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression **Prospectus Directive** means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.

No offer of the Notes issued by an Issuer may be made to the public in Austria, except that an offer of the Notes issued by an Issuer may be made to the public in Austria (a) in the case of bearer Notes, in the period beginning one bank working day following: (i) the date of publication of this Debt Issuance Programme Prospectus including any supplements but excluding any Final Terms in relation to those Notes issued by an Issuer which has been approved by the *Finanzmarktaufsichtsbehörde* in Austria (the FMA) or, where appropriate, approved in another Member State and notified to the FMA, all in accordance with the Prospectus Directive; (ii) or being the date of publication of the relevant Final Terms for the Notes issued by an Issuer; and (iii) the date of filing of a notification with Oesterreichische Kontrollbank, all as prescribed by the Capital Market Act 1991 (CMA: *Kapitalmarktgesetz* 1991); or (b) in the case of bearer Notes otherwise in compliance with the CMA.

Programme d'Emission de Titres de Créance

(Euro Medium Term Note Programme)

de 125.000.000.000 €

Société Générale, SGA Société Générale Acceptance N.V. et SG Option Europe (chacun, un **Emetteur** et ensemble les **Emetteurs**) peuvent chacun, dans le cadre du Programme d'Emission de Titres de Créance de 125.000.000.000 € (*Euro Medium Term Note Programme*) (le **Programme**), procéder à tout moment à l'émission de Titres (les **Titres**, cette définition incluant les CDI, tels que définis ci-dessous, le cas échéant) libellés dans toute devise convenue entre l'Emetteur de ces Titres (l'**Emetteur Concerné**) et l'Acquéreur ou les Acquéreurs concernés (tels que définis ci-dessous). Le 28 avril 2009, Société Générale, SGA Société Générale Acceptance N.V. et SG Option Europe ont publié un Prospectus relatif au Programme d'Emission de Titres de Créance décrivant le Programme. Le présent Prospectus relatif au Programme d'Emission de Titres de Créance remplace le prospectus précité et ses suppléments, et tous les documents d'offre et suppléments antérieurs relatifs au Programme. Tous les Titres émis dans le cadre du Programme à partir de la date du présent Prospectus relatif au Programme d'Emission de Titres de Créance sont émis sous réserve des dispositions des présentes, ce qui n'affecte pas tous les Titres déjà émis.

Les paiements de toutes sommes dues en vertu des Titres émis par SGA Société Générale Acceptance N.V. et SG Option Europe seront inconditionnellement et irrévocablement garantis par Société Générale (en cette qualité, le **Garant**).

Sous réserve des dispositions des présentes, les Titres ne seront pas soumis à l'exigence d'une échéance minimum ou maximum. L'encours total maximum de tous les Titres émis de temps à autre n'excèdera en aucun cas un montant nominal de 125.000.000.000 € (ou la contre-valeur de ce montant dans d'autres devises, calculée dans les conditions décrites aux présentes), ou tel montant supérieur dont les parties au contrat d'agent placeur amendé du 27 avril 2010 (le **Contrat d'Agent Placeur**, expression incluant ce Contrat d'Agent Placeur tel qu'il pourra être mis à jour ou complété ultérieurement) pourront convenir.

Les Titres seront émis sur une base continue au profit d'un ou plusieurs des Agents Placeurs spécifiés à la section **Description Générale du Programme** et de tout agent placeur supplémentaire nommé de temps à autre dans le cadre du Programme (dénommés individuellement un **Agent Placeur** et collectivement les **Agents Placeurs**). Les Titres pourront également être émis au profit de tiers autres que des Agents Placeurs. Les Agents Placeurs et ces tiers seront dénommés, pour les besoins des présentes, les **Acquéreurs**. Le texte des modalités des Titres de Droit Anglais et des Titres Non Représentés par un Certificat (**Titres NRC**) figure dans la section des présentes intitulée *Modalités des Titres de Droit Anglais et des Titres Non Représentés par un Certificat* et le texte des modalités des Titres de Droit Français figure dans la section des présentes intitulée *Modalités des Titres de Droit Français*.

Les Titres de Droit Anglais (tels que définis ci-dessous), peuvent être émis sous la forme au porteur (**Titres au Porteur**) ou sous la forme nominative (**Titres Nominatifs**) ou en forme nominative non représentée par un certificat (**Titres EUJ**) ou (les cas échéant) sous la forme de Titres SIS NRC (tels que définis ci-dessous). Les Titulaires de Titres peuvent détenir les Titres EUJ par l'intermédiaire d'Euroclear UK & Ireland Limited (anciennement connu sous l'appellation CRESTCo Limited) (ce système de compensation, **EUJ**), soit directement (**Titres CREST**) soit par l'émission de *Crest Depositary Interests* (de tels titres, des **CDI**) représentant des Titres sous-jacents (les **Titres CREST** et les **CDI**, ensemble connus comme les Titres EUJ). Les CDI sont des titres indépendants créés en droit anglais et transférés par l'intermédiaire de CREST. Les CDI seront émis par CREST Depositary Limited en vertu d'un acte d'engagement global (*global deed of covenant*) en date du 25 juin 2001 (tel que modifié, complété, remplacé, l'**Acte d'Engagement CREST**) tel que décrit de façon plus complète dans la section intitulée *Système de Compensation par Inscription en Compte*. Les Titres de Droit Français (tels que définis ci-dessous) peuvent être émis sous forme dématérialisée ou matérialisée. Les Titres NRC (tels que définis ci-dessous) ne seront pas représentés par un certificat mais par une inscription en compte, dans les conditions plus amplement définies sous la section *Forme des Titres* des présentes.

Les Titres de Droit Anglais et les Titres de Droit Français constitueront des obligations en droit français (au sens de l'Article L.213-5 du Code monétaire et financier), s'il en est ainsi disposé dans les Conditions Définitives applicables.

Une demande d'approbation du présent document en tant que prospectus de base a été présentée auprès de la Commission de Surveillance du Secteur Financier (la **CSSF**), en sa qualité d'autorité compétente en vertu de la loi luxembourgeoise relative aux prospectus pour valeurs mobilières du 10 juillet 2005. Une demande a également été déposée auprès de la Bourse de Luxembourg en vue de l'admission des Titres émis dans le cadre du Programme à la négociation sur le marché réglementé de la Bourse de Luxembourg (qui est un marché réglementé au sens de la Directive 2004/39/CE), et en vue de leur admission à la Cote de la Bourse de Luxembourg.

Une demande a également été présentée auprès de la Bourse suisse SIX Swiss Exchange Ltd (**SIX Swiss Exchange**), en vue de faire approuver ce document en tant que "programme d'émission" pour l'admission à la cote de produits dérivés et un "programme d'émission" pour l'admission à la cote de titres de créance, dans les deux cas conformément aux règles de cotation de SIX Swiss Exchange. En ce qui concerne les Titres devant être admis à la cote de SIX Swiss Exchange, le présent Prospectus relatif au Programme d'Emission de Titres de Créance et les Conditions Définitives concernées constitueront le prospectus de cotation exigé par les règles de cotation de SIX Swiss Exchange.

Le montant nominal total des Titres, les intérêts (éventuels) payables sur les Titres, le prix d'émission des Titres et toutes autres modalités non contenues dans le présent document qui sont applicables à chaque Tranche (telle que définie dans les Modalités des Titres) de Titres, seront indiqués dans un document décrivant les modalités définitives des Titres concernés (les **Conditions Définitives**), qui (excepté dans le cas des Titres à Placement Privé (tels que définis ci-dessous), seront déposés auprès de la CSSF. Le Programme prévoit que des Titres pourront être cotés ou admis à la négociation, selon le cas, sur tels autres marchés ou bourses ou tels marchés ou bourses supplémentaires qui pourront être convenus entre l'Emetteur concerné, le Garant et l'Acquéreur concerné. Chaque Emetteur peut également émettre des Titres non cotés et/ou des Titres non admis à la négociation sur un marché quelconque.

Chaque Emetteur peut convenir avec tout Acquéreur que des Titres pourront être émis sous une forme non prévue par les **Modalités des Titres** telles que décrites aux présentes, auquel cas un Supplément au présent Prospectus relatif au Programme d'Emission de Titres de Créance sera mis à disposition, s'il y a lieu, qui décrira l'effet de cette convention relative à ces Titres.

CERTAINES EMISSIONS DE TITRES PEUVENT NE PAS CONSTITUER DES INVESTISSEMENTS APPROPRIÉS POUR TOUS LES INVESTISSEURS. AUCUN INVESTISSEUR NE DOIT ACQUÉRIR UN TITRE A MOINS DE COMPRENDRE ET D'ÊTRE EN MESURE DE SUPPORTER LES RISQUES LIÉS A CE TITRE, NOTAMMENT EN MATIÈRE DE RENDEMENT, DE LIQUIDITÉ DU MARCHÉ, DE STRUCTURE, DE REMBOURSEMENT ET AUTRES. Toute personne (un **Investisseur**) ayant l'intention d'acquérir ou acquérant des titres quelconques auprès de toute personne (un **Offreur**) doit savoir que, dans le cadre d'une offre au public au sens défini dans la Directive Prospectus, l'Emetteur n'assume la responsabilité du Prospectus relatif au Programme d'Emission de Titres de Créance vis-à-vis de l'Investisseur que si l'Emetteur agit en association avec cet Offreur pour formuler l'offre à l'Investisseur. Il incombe donc à chaque Investisseur de vérifier auprès de l'Offreur si ce dernier agit ou non en association avec l'Emetteur. Si l'Offreur n'agit pas en association avec l'Emetteur, l'Investisseur doit vérifier auprès de l'Offreur si une personne quelconque assume la responsabilité du Prospectus relatif au Programme d'Emission de Titres de Créance pour les besoins de l'article 6 de la Directive Prospectus, telle que transposée dans la législation nationale de chaque Etat Membre de l'EEE dans le cadre de l'offre au public et, dans l'affirmative, l'identité de cette personne. Nul n'est ni n'a été autorisé par l'un quelconque des Emetteurs ou le Garant à donner des informations ou à faire des déclarations quelconques qui ne soient pas contenues dans le présent Prospectus relatif au Programme d'Emission de Titres de Créance ou ne soient pas conformes à celui-ci, ni à toutes autres informations fournies en relation avec le Programme et les Titres; si elles sont données ou faites, ces informations ou déclarations ne sauraient être considérées comme ayant été autorisées par l'un quelconque des Emetteurs, le Garant ou tout Agent Placeur.

Ni le présent Prospectus relatif au Programme d'Emission de Titres de Créance ni aucune information fournie en relation avec le Programme ou les Titres (a) n'entendent constituer des éléments permettant une quelconque appréciation de crédit ou autre évaluation et (b) ne doivent être considérés comme une recommandation d'achat ou l'expression d'un avis (ou un rapport sur l'une ou l'autre de ces questions), formulée par l'un quelconque des Emetteurs, le Garant ou l'un quelconque des Agents Placeurs à l'attention des destinataires du présent Prospectus relatif au Programme d'Emission de Titres de Créance ou de toute autre information fournie en relation avec le Programme ou les Titres. Chaque acquéreur potentiel de Titres devra juger par lui-même de la situation financière, des affaires et de la solvabilité de l'Emetteur concerné et, s'il y a lieu, du Garant. Ni le présent Prospectus relatif au Programme d'Emission de Titres de Créance ni aucune autre information fournie en relation avec le Programme ou les Titres ne constituent une invitation ou une offre faite à quiconque, par ou pour le compte de l'un quelconque des Emetteurs, du Garant ou de l'un quelconque des Agents Placeurs, en vue de souscrire ou d'acquérir des Titres.

Ni la remise du présent Prospectus relatif au Programme d'Emission de Titres de Créance, ni l'offre, la vente ou la livraison de Titres ne sauraient en aucun cas impliquer que les informations contenues dans les présentes à propos de l'un quelconque des Emetteurs ou du Garant sont correctes à toute date postérieure à la date des présentes, ou que toutes autres informations fournies en relation avec le Programme ou les Titres sont correctes à toute date postérieure à la date indiquée dans le document les contenant. Les Agents Placeurs ne s'engagent en aucun cas à revoir la situation financière ou les affaires de l'un quelconque des Emetteurs ou du Garant pendant la durée du Programme ou à aviser tout investisseur dans les Titres de toute information venant à leur attention.

Le présent Prospectus relatif au Programme d'Emission de Titres de Créance ne constitue ni une invitation à souscrire ou acquérir, ni une offre de souscrire ou d'acquérir des Titres, faite à toute personne située

dans un pays où cette invitation ou cette offre serait illégale. La diffusion du présent Prospectus relatif au Programme d'Emission de Titres de Créance et l'offre ou la vente de Titres peuvent faire l'objet de restrictions légales dans certains pays. Chaque Emetteur, le Garant et les Agents Placeurs ne déclarent pas que le présent Prospectus relatif au Programme d'Emission de Titres de Créance peut être légalement distribué, ou que les Titres peuvent être légalement offerts, en conformité avec toutes exigences d'enregistrement ou autres exigences applicables dans l'un ou l'autre de ces pays, ou en vertu d'une dispense d'avoir à respecter ces exigences, et ils n'assument aucune responsabilité au titre de la facilitation de cette distribution ou de cette offre. En particulier, et sauf disposition expresse contraire des Conditions Définitives, aucune mesure n'a été prise par l'un quelconque des Emetteurs, le Garant ou tout Agent Placeur qui soit destinée à permettre une offre publique de Titres quelconques à l'extérieur de l'Espace Economique Européen, ou la distribution de ce Prospectus relatif au Programme d'Emission de Titres de Créance dans tout pays où une mesure est requise à cet effet. En conséquence, les Titres ne pourront pas être offerts ni vendus directement ou indirectement, et ni le présent Prospectus relatif au Programme d'Emission de Titres de Créance ni tout autre communication commerciale ou document d'offre ne pourront être distribués ni publiés dans un pays quelconque, excepté dans des circonstances qui auront pour effet de respecter les lois et règlements applicables dans ce pays. Il incombe aux personnes qui seraient amenées à être en possession du présent Prospectus relatif au Programme d'Emission de Titres de Créance ou de tous Titres de s'informer de toutes ces restrictions applicables à la distribution du présent Prospectus relatif au Programme d'Emission de Titres de Créance et à l'offre et la vente de Titres et de les respecter (voir la section intitulée "*Restrictions de Souscription, Vente et Transfert*").

Les Titres et toute garantie de ceux-ci n'ont pas fait et ne feront pas l'objet d'un enregistrement en vertu du *US Securities Act of 1933*, tel que modifié (le **U.S. Securities Act**) ou de toutes lois relatives à des instruments financiers d'un Etat américain, et aucun des Emetteurs ni le Garant n'est ni ne sera enregistré en qualité de société d'investissement en vertu du *U.S. Investment Company Act of 1940*, tel que modifié (le **U.S. Investment Company Act**). En conséquence, les Titres ne peuvent pas être offerts ni vendus aux Etats-Unis, ni au profit ou pour le compte de ressortissants des Etats-Unis, excepté en vertu d'une dispense de l'obligation d'enregistrement du *U.S. Securities Act*, dans le cadre d'une transaction n'imposant pas à l'Emetteur ou au Garant, selon le cas, l'obligation de se faire enregistrer en vertu du *U.S. Investment Company Act*. Les Titres avec Restriction Permanente (tels que définis ci-dessous) ne peuvent à aucun moment être offerts, vendus, revendus, négociés, nantis, remboursés, transférés ou livrés, directement ou indirectement, aux Etats-Unis ou pour le compte ou au bénéfice de toute *U.S. person*, et ne peuvent à aucun moment être la propriété légale ou effective d'une *U.S. person* (telle que définie dans la *Regulation S*, ci-après dénommée: **U.S. person**) et sont donc offerts et vendus hors du territoire des Etats-Unis à des personnes qui ne sont pas des ressortissants des Etats-Unis, conformément à la *Regulation S*. En acquérant un Titre (autre qu'un Titre avec Restriction Permanente), chaque acheteur sera réputé s'être obligé à ne pas revendre ni transférer autrement le Titre détenu par lui, excepté (a) à l'Emetteur ou à l'une de ses sociétés liées, (b) dans le territoire des Etats-Unis, à une personne qui est un acheteur qualifié (*qualified purchaser* et, par abréviation: **QP**) au sens de la Section 2(a)(51) du *U.S. Investment Company Act* et des règles prises pour son application, dont le Vendeur peut raisonnablement estimer qu'il est un acheteur institutionnel qualifié (*qualified institutional buyer* et, par abréviation: **QIB**) au sens défini dans la *Rule 144A* du *U.S. Securities Act*, achetant pour son propre compte ou pour le compte d'un QIB qui est également un QP, dans le cadre d'une transaction remplissant les exigences posées par la *Rule 144A*, (c) hors du territoire des Etats-Unis en conformité avec la Règle 903 ou la Règle 904 du *U.S. Securities Act*, ou (d) en vertu d'une déclaration d'enregistrement effective en vertu du *U.S. Securities Act*, dans chaque cas conformément à toutes les lois relatives à des instruments financiers étatiques des Etats-Unis. En acquérant un Titre avec Restriction Permanente, chaque acquéreur sera réputé s'être obligé à ne pas revendre ni transférer autrement tout Titre avec Restriction Permanente détenu par lui, excepté hors du territoire des Etats-Unis dans le cadre d'une transaction offshore, à une personne qui n'est pas une *U.S. Person*. **Titres Nominatifs Non U.S.** désigne des Titres vendus exclusivement hors des Etats-Unis sur le fondement de la *Regulation S*, et frappés d'une restriction permanente de vente, de transfert ou de livraison aux Etats-Unis ou à une *U.S. Person*. **Titres avec Restriction Permanente** désigne les Titres Nominatifs Non-U.S., les Titres NRC dont les Conditions Définitives concernées spécifient qu'ils sont des Titres avec Restriction Permanente et les Titres Dématerialisés dont les Conditions Définitives concernées spécifient qu'ils sont des Titres avec Restriction Permanente.

Les Titres revêtant la forme au porteur sont soumis aux exigences de la législation fiscale des Etats-Unis et ne peuvent pas être offerts, vendus ni livrés aux Etats-Unis ou dans leurs possessions, ni à des *U.S. persons*, excepté dans le cadre de certaines transactions autorisées par les réglementations du Trésor Américain. Les termes employés dans le présent paragraphe ont la signification qui leur est donnée dans l'*U.S. Internal Revenue Code of 1986* (le **Code**), et ses textes d'application.

Le présent Prospectus relatif au Programme d'Emission de Titres de Créance a été préparé en partant de l'hypothèse, excepté dans la mesure où les dispositions du sous-paragraphe (ii) ci-dessous pourraient s'appliquer, que toute offre de Titres faite dans tout Etat Membre de l'Espace Economique Européen ayant mis en œuvre la Directive Prospectus (chacun étant dénommé: l'**Etat Membre Concerné**) le sera en vertu d'une exception à l'obligation de publier un prospectus pour les offres de Titres, conformément à la Directive Prospectus, telle qu'elle a été mise en œuvre dans cet Etat Membre Concerné. En conséquence, toute personne offrant ou ayant l'intention d'offrir, dans cet Etat Membre Concerné, des Titres faisant l'objet d'une offre prévue par le présent Prospectus relatif au Programme d'Emission de Titres de Créance, tel que ce dernier pourra être complété par des conditions définitives en relation avec l'offre de ces Titres, ne pourra le faire que (i) dans des circonstances ne faisant naître aucune obligation pour l'Emetteur concerné ou tout Agent Placeur de publier un prospectus en vertu de l'article 3 de la Directive Prospectus ou un supplément au prospectus conformément à l'article 16 de la Directive Prospectus, dans chaque cas en relation avec cette offre, ou (ii) si un prospectus a été approuvé pour cette offre par l'autorité compétente de cet Etat Membre Concerné, ou, s'il y a lieu, approuvé dans un autre Etat Membre Concerné et notifié à l'autorité compétente de cet Etat Membre Concerné et (dans l'un et l'autre cas) publié, le tout en conformité avec la Directive Prospectus, sous la double réserve que tout prospectus de cette nature ait été ultérieurement complété par des conditions définitives qui spécifient que des offres peuvent être faites autrement qu'en vertu de l'article 3(2) de la Directive Prospectus dans cet Etat Membre Concerné, et que cette offre soit faite pendant la période commençant et finissant aux dates spécifiées à cet effet dans ce prospectus ou ces conditions définitives, selon le cas. Excepté dans la mesure où les dispositions du sous-paragraphe (ii) ci-dessus pourront s'appliquer, ni l'Emetteur ni aucun Agent Placeur n'ont autorisé ni n'autorisent la réalisation de toute offre de Titres dans des circonstances faisant naître, à la charge de l'Emetteur ou de tout Agent Placeur, l'obligation de publier un prospectus ou un supplément au prospectus pour cette offre.

Facteurs de Risque:

Certains facteurs de risque peuvent affecter la capacité de chacun des Emetteurs et du Garant à honorer ses obligations en vertu des Titres émis dans le cadre du Programme. Ils sont décrits à la Section "*Facteurs de Risque*" ci-dessous, et la Section "*Gestion des Risques*" dans le Document de Référence 2010, et incluent le risque de solvabilité de chaque Emetteur et du Garant (y compris leurs notations de crédit respectives, s'il y a lieu), les risques opérationnels généraux, le risque de conflits d'intérêts, l'absence de Cas de Défaut au titre de Société Générale, le risque que les activités de couverture et de négociation de l'Emetteur, du Garant ou de l'un quelconque de leurs sociétés liées affectent la valeur des Titres, et les risques liés au manque d'indépendance du Garant et de l'Emetteur (dans le cas des Titres émis par SGA Société Générale Acceptance N.V. ou SG Option Europe), risques de crédit, risques de marché, risques structurels relatifs aux taux d'intérêts et aux taux de change, risques de liquidité, risques de non-conformité et réputationnel, risques juridiques et risques environnementaux.

En outre, certains facteurs sont importants pour évaluer les risques de

marché liés aux Titres émis en vertu du Programme (voir "*Facteurs de Risque*").

Les risques liés aux Titres dépendent de leurs caractéristiques et peuvent inclure les risques suivants, qui sont tous plus amplement décrits sous la section "*Facteurs de Risque*": (i) tout remboursement optionnel des Titres au gré de l'Emetteur, si cette caractéristique est applicable; (ii) la valeur de marché limitée et/ou volatile des Titres; (iii) le remboursement des Titres si les circonstances de réinvestissement ne sont pas avantageuses pour un Titulaire de Titres; (iv) un paiement réduit d'intérêts ou l'absence de paiement d'intérêts; (v) le paiement du principal ou des intérêts à une période différente ou dans une devise différente de celle prévue et/ou (vi) la perte de tout ou partie de l'investissement initial d'un Titulaire de Titres ou du rendement attendu de cet investissement, au motif que les Titres (ou le paiement du principal ou des intérêts des Titres) sont (a) soumis à un remboursement optionnel au gré de l'Emetteur, (b) déterminés par référence à un indice, une formule, un actif ou tout autre facteur de référence (tels des titres, marchandises, parts de fonds, taux de change, etc.), (c) payables dans des devises diverses, (d) payables de manière échelonnée en ce qui concerne leur prix d'émission, (e) soumis à une valeur plafond ou plancher, à un effet de levier ou à une combinaison de ces facteurs, (f) soumis à un taux flottant inversé, (g) soumis à un taux d'intérêt fixe à flottant (ou à un taux flottant à fixe), (h) émis avec une décote ou une prime par rapport à leur valeur nominale, (i) sujets à des baisses des montants payables en principal ou intérêts, en fonction des changements de la solvabilité d'une entité de référence ou d'une obligation de référence, (j) subordonnés (dans le cas des Titres émis par Société Générale) (sans que les Titulaires de Titres puissent exiger le remboursement anticipé des Titres, quelles que soient les circonstances, et avec la possibilité de différer les paiements d'intérêts dans certaines circonstances), et/ou (k) si les paiements en principal ou intérêts sont liés à la survenance ou au défaut de survenance de certains événements échappant au contrôle de l'Emetteur et (s'il y a lieu) du Garant. Les Titres peuvent entraîner d'autres risques, et notamment (i) l'adoption de décisions par les assemblées de Titulaires de Titres, ayant force obligatoire, (ii) le non-paiement de montants supplémentaires (dans certaines circonstances) au titre des impôts et taxes retenus à la source sur des paiements effectués sur les Titres, (iii) des changements de la loi, (iv) l'absence d'un marché secondaire liquide pour les Titres, (v) le fait que des Titulaires de Titres reçoivent des paiements dans une devise autre que celle de leurs activités financières, (vi) des fluctuations des taux d'intérêt, (vii) en relation avec toute émission de Titres qui ont une valeur nominale minimum et sont négociables dans les systèmes de compensation pour des montants supérieurs à cette valeur nominale minimum, le risque que l'investisseur ne reçoive pas l'intégralité des Titres auxquels il a droit lors de l'émission de Titres définitifs, (viii) le fait que les notations de crédit ne reflètent pas tous les risques liés aux Titres, (ix) le fait que certains investisseurs soient soumis à certaines lois et réglementations, ou au contrôle ou à la réglementation de certaines autorités, (x) le fait que les Titres puissent ne pas être un investissement convenant à tous les

investisseurs, et/ou (xi) le fait que les Titres puissent être soumis à certaines restrictions de transfert.

Volume du Programme:

A concurrence d'un encours de 125.000.000.000 € au maximum à tout moment (ou sa contre-valeur dans d'autres devises, calculée à la Date du Contrat, telle que définie dans le Contrat d'Agent Placeur). Les Emetteurs et le Garant pourront augmenter le volume du Programme conformément aux dispositions du Contrat d'Agent Placeur.

Placement:

Les Titres pourront être distribués par voie de placement privé ou public, et, dans chaque cas, sur une base syndiquée ou non-syndiquée.

Forme des Titres:

Titres de Droit Anglais

Chaque Tranche de Titres (telle que définie sous la section "*Modalités des Titres de Droit Anglais et des Titres Non Représentés par un Certificat*") spécifiée dans les Conditions Définitives applicables sera régie par le droit anglais (excepté en ce qui concerne la Modalité 3(b), si elle est applicable) (ces Titres étant dénommés: **Titres de Droit Anglais**) et ces Titres seront soit des Titres au Porteur (avec ou sans coupons d'intérêts attachés) émis hors des Etats-Unis sur le fondement de la *Regulation S prise pour l'application de l'U.S. Securities Act* (la **Regulation S**) ou des Titres Nominatifs (sans coupons d'intérêts attachés), émis hors des Etats-Unis sur le fondement de la dispense d'enregistrement prévue par la *Regulation S*, et/ou aux Etats-Unis sur le fondement de la *Rule 144A* prise pour l'application de l'*U.S. Securities Act*. Les Titres Nominatifs Non-U.S. seront exclusivement émis sous forme nominative.

Les Titres revêtant la forme au porteur sont soumis aux exigences de la législation fiscale des Etats-Unis et ne peuvent pas être offerts, vendus ni livrés aux Etats-Unis ou dans leurs possessions, ni à des ressortissants des Etats-Unis, excepté dans le cadre de certaines transactions autorisées par les réglementations du Trésor Américain. Les termes employés dans le présent paragraphe ont la signification qui leur est donnée dans le Code des Impôts américain de 1986 (**U.S. Internal Revenue Code of 1986**), (le **Code**), et ses textes d'application.

Les Titres au Porteur seront représentés lors de leur émission par un Titre global provisoire ou un Titre global permanent, comme spécifié dans les Conditions Définitives applicables. Les Titres globaux provisoires seront échangeables contre (a) des droits dans un Titre global permanent, ou (b) des Titres Définitifs au Porteur, comme indiqué dans les Conditions Définitives applicables. Les Titres globaux permanents ne seront échangeables contre des Titres Définitifs au Porteur qu'en cas de survenance d'un Cas d'Echange, tel que décrit à la section "*Forme des Titres*".

Les Titres Nominatifs seront représentés lors de leur émission par un Titre Global Nominatif, qui sera échangeable contre des Titres Nominatifs Définitifs dans certaines circonstances indiquées dans le Titre Global Nominatif.

Les Titres Nominatifs ne seront pas échangeables contre des Titres au Porteur et vice versa.

Des procédures spéciales s'appliquent aux Titres SIS (voir la section "*Forme des Titres*").

Titres Non Représentés par un Certificat

Les Titres NRC ne sont pas représentés par un certificat ou un titre matériel et seront compensés par un dépositaire central de titres et établissement de compensation. Les Titres NRC incluent les Titres Nordiques NRC, les Titres SIS NRC et les Titres EUI et des procédures spéciales s'appliquent à chacune de ces catégories de Titres (telles que plus amplement décrites dans la section "*Forme des Titres*").

En particulier, concernant les Titres EUI, concernant les *CREST depository interests (CDI)* dématérialisés, les investisseurs détiendront des CDI constitués et émis par l'intermédiaire de *CREST Depository Limited* et représentant des intérêts indirects dans les Titres. Les CDI seront émis et réglés en CREST.

Ni les Titres ni aucun droit y afférent ne seront émis, tenus, transférés ou réglés dans le système CREST autrement que par l'émission, la détention, le transfert et le règlement de CDI.

Les Titulaires de CDI ne seront pas habilités à négocier directement les Titres et par conséquent toutes les négociations sur les Titres se feront par CREST dans le cadre de la détention des CDI.

Titres de Droit Français

Les Titres de Droit Français pourront être émis sous forme de Titres Dématérialisés ou de Titres Matérialisés.

Les Titres Dématérialisés peuvent, à l'option de l'Emetteur, être émis sous forme dématérialisée au porteur ou sous forme dématérialisée au nominatif, et, dans ce dernier cas, à l'option du Titulaire de Titres concerné, au nominatif pur ou au nominatif administré. Aucun titre physique de propriété ne sera émis en représentation des Titres Dématérialisés. Voir la section "*Modalités des Titres de Droit Français - Forme, Dénomination(s) et Titre*".

Les Titres Matérialisés seront émis sous la seule forme matérialisée au porteur. Un Certificat Global Provisoire sera initialement émis au titre de chaque Tranche de Titres Matérialisés. Les Titres Matérialisés pourront uniquement être émis hors de France.

Modalités des Titres:

Les Titres pourront être émis sur une base intégralement ou partiellement libérée, et à un prix d'émission égal au pair, ou avec une décote ou une prime par rapport au pair.

Les Titres pourront être libellés dans toute devise convenue et assortis

de toute maturité convenue, sous réserve des restrictions légales ou réglementaires applicables et des exigences de la banque centrale concernée (ou de tout organisme équivalent).

Les modalités des Titres seront spécifiés dans les Conditions Définitives applicables. Outre toute autre forme de Titres convenue entre l'Emetteur concerné et le ou les Acheteurs concernés, les types de Titres suivants pourront être émis: (i) Titres à Taux Fixe; (ii) Titres Partiellement Libérés; (iii) Titres à Taux Flottant; (iv) Titres Indexés (y compris, sans caractère limitatif, des Titres Indexés sur des Titres de Capital, des Titres Indexés sur un Evénement de Crédit, des Titres Indexés sur un Portefeuille d'Actifs Gérés ou des Titres Indexés sur Marchandises); (v) Titres Libellés en Deux Devises; (vi) Titres à Règlement Physique; et (vii) Titres Zéro Coupon.

Les périodes d'intérêts, les taux d'intérêt et les conditions de remboursement et/ou les montants payables lors du remboursement pourront différer selon les Titres émis, et ces diverses conditions seront spécifiées dans les Conditions Définitives applicables.

Les Conditions Définitives applicables indiqueront soit que les Titres ne peuvent pas être remboursés avant leur échéance convenue (autrement que selon l'échelonnement indiqué, s'il y a lieu, ou pour des raisons fiscales ou à la suite d'un Cas de Défaut), soit que ces Titres (s'il s'agit de Titres à Règlement Physique) peuvent être réglés à l'échéance ou autrement par le paiement d'un montant en numéraire au(x) porteur(s) ou par la livraison des Actifs Sous-Jacents concernés au(x) porteur(s), soit que ces Titres seront remboursables à l'option de l'Emetteur concerné et/ou des Porteurs de Titres. Les conditions de ce remboursement, y compris les délais de préavis, les conditions à satisfaire et les dates et prix de remboursement, seront indiquées dans les Conditions Définitives applicables.

Les Conditions Définitives applicables pourront stipuler que les Titres sont remboursables en deux versements échelonnés ou davantage, de tels montants et à telles dates qui seront indiqués dans les Conditions Définitives applicables.

Tout remboursement anticipé de Titres Subordonnés émis par Société Générale, conformément à la Modalité 7(b), (c) ou (e) des Modalités des Titres de Droit Anglais et des Titres NRC ou, selon le cas, conformément à la Modalité 6(b), (c) ou (e) des Modalités des Titres de Droit Français, sera subordonné à l'accord préalable écrit du Secrétariat Général de la Commission Bancaire en France.

Les Titres émis par SGA Société Générale Acceptance N.V. et SG Option Europe venant à échéance à moins d'un an suivant la date d'émission sont soumis à certaines restrictions en ce qui concerne leur valeur nominale et leur placement, voir la section "*Certaines Restrictions – Titres venant à échéance à moins d'un an*" ci-dessous.

Les Titres seront émis dans les Valeurs Nominales convenues entre l'Emetteur concerné et le ou les Acheteurs concernés, telles que précisées dans les Conditions Définitives applicables. Toutefois, par

exception à ce principe, la valeur nominale minimale de chaque Titre sera égale au montant qui pourra être autorisé ou exigé de temps à autre par la banque centrale concernée (ou toute organisme équivalent), ou par les lois et règlements applicables à la Devise Prévvue (voir la section *Certaines Restrictions – Titres venant à échéance à moins d'un an* ci-dessous), et la valeur nominale minimum de chaque Titre émis par Société Générale ou SG Option Europe et admis à la négociation sur un marché réglementé de l'Espace Economique Européen, autre qu'un marché réglementé en France, ou offert au public dans un Etat Membre de l'Espace Economique Européen autre que la France, dans des circonstances qui requièrent la publication d'un Prospectus conformément à la Directive Prospectus sera égale à 1.000 € (ou, si les Titres sont libellés dans une devise autre que l'euro, la contre-valeur de cette somme dans cette autre devise).

Fiscalité des Titres:

Tous les paiements relatifs aux Titres seront effectués libres de toute retenue à la source ou de tout prélèvement libératoire au titre de tous impôts et taxes imposés par une quelconque Juridiction Fiscale, sous réserve des dispositions de la Modalité 8 des Modalités des Titres de Droit Anglais et des Titres NRC, et des dispositions de la Modalité 7 des Modalités des Titres de Droit Français ("*Fiscalité*"). Si une telle retenue à la source ou un tel prélèvement libératoire est effectué, l'Emetteur concerné ou, selon le cas, le Garant, devra majorer ses paiements afin de couvrir les montants ainsi prélevés, sous réserve de certaines exceptions décrites à la Modalité 8 des Modalités des Titres de Droit Anglais et des Titres NRC, et à la Modalité 7 des Modalités des Titres de Droit Français ("*Fiscalité*").

Maintien de l'Emprunt à son Rang:

Les modalités des Titres Non Subordonnés émis par Société Générale et tous les Titres émis par SGA Société Générale Acceptance N.V. et SG Option Europe contiendront une clause de maintien de l'emprunt à son rang, telle que plus amplement décrite à la Modalité 4 des Modalités des Titres de Droit Anglais et des Titres NRC, ou, selon le cas, la Modalité 3 des Modalités des Titres de Droit Français, qui, tant que ces Titres ou tous Reçus ou Coupons y afférents demeureront en circulation, interdit entre autres à l'Emetteur concerné (ou, selon le cas, au Garant) de créer ou maintenir toute sûreté ou tout autre privilège sur ses actifs ou titres de créance, à moins que ces Titres et tous Reçus ou Coupons ne soient également garantis à égalité et au prorata.

Cas de Défaut:

Les modalités des Titres émis par SGA Société Générale Acceptance N.V. et SG Option Europe stipuleront des Cas de Défaut selon les principes suivants:

- (i) l'Emetteur est en défaut de paiement des intérêts ou du principal à leur échéance ou à la livraison d'Actifs Sous-Jacents livrables au titre des Titres (exception faite de tout retard de livraison intervenant dans les circonstances visées à la Modalité 6(a)(iii) des Modalités des Titres de Droit Anglais et des Titres NRC et à la Modalité 5(f) des Modalités des Titres de Droit Français), et il ne serait pas

remédié à ce manquement, dans le cas de tout paiement d'intérêts, dans le délai spécifié pour y remédier; ou

- (ii) l'Emetteur est en défaut dans l'exécution de toute autre obligation en vertu des Modalités, et ne remédierait pas à ce manquement dans le délai spécifié pour y remédier; ou
- (iii) l'Emetteur est en défaut en vertu de toute reconnaissance de dette correspondant à un emprunt d'argent, ce qui entraînerait la déclaration de la déchéance du terme et l'exigibilité anticipée de cette dette avant la date prévue, ou toute dette de cette nature ne serait pas payée à son échéance convenue, et ce défaut de paiement perdurerait au-delà du délai de grâce éventuellement applicable (excepté, dans l'un quelconque des cas précités, si l'obligation de payer cette dette est contestée de bonne foi); ou
- (iv) il se produirait des événements afférents à la cessation des paiements ou la liquidation de l'Emetteur; ou
- (v) la Garantie cesserait d'être pleinement en vigueur et en effet en ce qui concerne les Titres, les Reçus ou les Coupons, ou le Garant donnerait une notification en vertu de laquelle la Garantie cesserait d'être pleinement en vigueur et en effet en ce qui concerne les Titres, les Reçus ou les Coupons, ou la Garantie serait rendue nulle pour tout motif ou par tout moyen, ou une législation serait introduite ayant pour conséquence de priver les Titres, les Reçus ou les Coupons du bénéfice de la Garantie, ou de résilier ou modifier la Garantie d'une manière ayant un effet défavorable significatif sur les intérêts des Porteurs de Titres, des Porteurs de Reçus ou des Porteurs de Coupons, ou le Garant serait dans l'incapacité d'exécuter ses obligations en vertu de la Garantie pour un motif quelconque,

le tout dans les conditions plus amplement décrites à la Modalité 10 des Modalités des Titres de Droit Anglais et des Titres NRC, ou, selon le cas, à la Modalité 9 des Titres de Droit Français.

Les Titres émis par Société Générale ne stipuleront aucun Cas de Défaut.

Les Titres Non Subordonnés émis par Société Générale et tous les Titres émis par SGA Société Générale Acceptance N.V. ou SG Option Europe constitueront des engagements directs, inconditionnels et (sous réserve des dispositions de la Modalité 3 des Modalités des Titres de Droit Anglais et des titres NRC et de la Modalité 2 des Modalités des Titres de Droit Français) non assortis de sûretés et non subordonnés de l'Emetteur concerné, et viendront au même rang (*pari passu*) entre eux et (sous réserve de certains engagements privilégiés en vertu de la loi) au même rang que tous les autres engagements directs, inconditionnels, non assortis de sûretés et non subordonnés de l'Emetteur concerné, tels qu'ils sont chacun séparément définis à la Modalité 3 des Modalités des Titres de Droit

Dans le cas de Titres Subordonnés à Durée Indéterminée émis par Société Générale et si les Conditions Définitives le spécifient, les pertes qui pourraient être encourues par l'Emetteur seront absorbées conformément aux clauses d'absorption des pertes stipulées à la Modalité 3(b)(iii) des Modalités des Titres de Droit Anglais et des Titres NRC et à la Modalité 2(b)(iii) des Modalités des Titres de Droit Français.

Dans le cas de Titres émis par Société Générale qui constituent des Fonds Propres Surcomplémentaires, les émissions seront effectuées en conformité avec toutes les lois et réglementations applicables et sous réserve des modalités additionnelles qui seront précisés dans les Conditions Définitives applicables y afférentes.

Les Titres Zéro Coupon ne porteront pas intérêt (excepté en cas de retard de paiement).

les Conditions Définitives applicables.

Les Conditions Définitives applicables pourront stipuler que les Titres pourront être amortis en deux tranches d'amortissement ou davantage, pour les montants et aux dates indiqués dans les Conditions Définitives applicables.

Valeur Nominale des Titres:

Les Titres seront émis dans les valeurs nominales convenues entre l'Emetteur concerné et le ou les Acheteurs concernés, telles que précisées dans les Conditions Définitives applicables. Toutefois, par exception à ce principe, la valeur nominale minimale de chaque Titre sera égale au montant qui pourra être autorisé ou exigé de temps à autre par la banque centrale concernée (ou toute organisme équivalent), ou par les lois et règlements applicables à la Devise Prévues (voir la section *Certaines Restrictions – Titres venant à échéance à moins d'un an ci-dessous*), et la valeur nominale minimum de chaque Titre émis par Société Générale ou SG Option Europe et admis à la négociation sur un marché réglementé de l'Espace Economique Européen, autre qu'un marché réglementé en France, ou offert au public dans un Etat Membre de l'Espace Economique Européen autre que la France, dans des circonstances qui requièrent la publication d'un prospectus conformément à la Directive Prospectus sera égale à 1.000 € (ou, si les Titres sont libellés dans une devise autre que l'euro, la contre-valeur de cette somme dans cette autre devise).

Fiscalité des Titres:

Tous les paiements relatifs aux Titres seront effectués libres de toute retenue à la source ou de tout prélèvement libératoire au titre de tous impôts et taxes imposés par une quelconque Jurisdiction Fiscale, sous réserve des dispositions de la Modalité 8 des Modalités des Titres de Droit Anglais et des Titres NRC, et des dispositions de la Modalité 7 des Modalités des Titres de Droit Français ("*Fiscalité*"). Si une telle retenue à la source ou un tel prélèvement libératoire est effectué, l'Emetteur concerné ou, selon le cas, le Garant, devra majorer ses paiements afin de couvrir les montants ainsi prélevés, sous réserve de certaines exceptions décrites à la Modalité 8 des Modalités des Titres de Droit Anglais et des Titres NRC, et à la Modalité 7 des Modalités des Titres de Droit Français ("*Fiscalité*").

Maintien de l'Emprunt à son Rang:

Les modalités des Titres Non Subordonnés émis par Société Générale et tous les Titres émis par SGA Société Générale Acceptance N.V. et SG Option Europe contiendront une clause de maintien de l'emprunt à son rang, telle que plus amplement décrite à la Modalité 4 des Modalités des Titres de Droit Anglais

et des Titres NRC, ou, selon le cas, la Modalité 3 des Modalités des Titres de Droit Français.

Défaut Croisé:

Les modalités des Titres émis par SGA Société Générale Acceptance N.V. et SG Option Europe contiendront une clause de défaut croisé, telle que plus amplement décrite à la Modalité 10 des Modalités des Titres de Droit Anglais et des Titres NRC, et à la Modalité 9 des Modalités des Titres de Droit Français. Les Titres émis par Société Générale ne contiendront aucune clause de défaut croisé.

Rang de Créance des Titres Non Subordonnés:

Les Titres Non Subordonnés émis par Société Générale et tous les Titres émis par SGA Société Générale Acceptance N.V. ou SG Option Europe constitueront des engagements directs, inconditionnels et (sous réserve des dispositions de la Modalité 3(a) des Modalités des Titres de Droit Anglais et des titres NRC et de la Modalité 2(a) des Modalités des Titres de Droit Français) non assortis de sûretés et non subordonnés de l'Emetteur concerné, et viendront au même rang (*pari passu*) entre eux et (sous réserve de certains engagements privilégiés en vertu de la loi) au même rang que tous les autres engagements directs, inconditionnels, non assortis de sûretés et non subordonnés de l'Emetteur concerné, tels qu'ils sont chacun séparément définis à la Modalité 3(a) des Modalités des Titres de Droit Anglais et des titres NRC et à la Modalité 2(a) des Modalités des Titres de Droit Français.

Rang de Créance des Titres Subordonnés:

Les Titres Subordonnés émis par Société Générale constitueront des engagements directs, inconditionnels, non assortis de sûretés et subordonnés de Société Générale, et viendront au même rang (*pari passu*) entre eux et au même rang que tous les autres engagements directs, inconditionnels, non assortis de sûretés et subordonnés de Société Générale, présents et futurs, à l'exception des prêts participatifs consentis à Société Générale et des titres participatifs émis par Société Générale, tels que définis à la Modalité 3(b) des Modalités des Titres de Droit Anglais et des titres NRC et à la Modalité 2(b) des Modalités des Titres de Droit Français.

Si les Conditions Définitives applicables le spécifient, le paiement des intérêts sur les Titres subordonnés sans date d'échéance spécifiée (**Titres Subordonnés à Durée Indéterminée**) émis par Société Générale pourra être différé conformément aux dispositions de la Modalité 5(g) des Modalités des Titres de Droit Anglais et des Titres NRC, et aux dispositions de la Modalité 4(g) des Modalités des Titres de Droit Français – "*Paiement Différé des Intérêts*".

Dans le cas de Titres Subordonnés à Durée Indéterminée émis par Société Générale et si les Conditions Définitives le spécifient, les pertes qui pourraient être encourues par l'Emetteur seront absorbées conformément aux clauses d'absorption des pertes stipulées à la Modalité 3(b)(iii) des Modalités des Titres de Droit

Anglais et des Titres NRC et à la Modalité 2(b)(iii) des Modalités des Titres de Droit Français.

Dans le cas de Titres émis par Société Générale qui constituent des Fonds Propres Surcomplémentaires, les émissions seront effectuées en conformité avec toutes les lois et réglementations applicables et sous réserve des modalités additionnelles qui seront précisés dans les Conditions Définitives applicables y afférentes.

Garantie:

Le parfait paiement à bonne date de toutes sommes dues par SGA Société Générale Acceptance N.V. et SG Option Europe sur les Titres respectivement émis par SGA Société Générale Acceptance N.V. et SG Option Europe sera inconditionnellement et irrévocablement garanti par le Garant en vertu de l'acte de garantie daté du 27 avril 2010 (la **Garantie**) (étant entendu que la Garantie ne s'appliquera à aucune Série de Titres émise à la date de la Garantie ou après cette date par SGA Société Générale Acceptance N.V. ou SG Option Europe, dans la mesure où, à la Date d'Emission de cette Série de Titres, la somme (A) du Montant Nominal Total de cette Série de Titres et (B) la somme des Montants Nominiaux Totaux de chaque Série de Titres émise par l'Emetteur et en circulation à cette Date d'Emission, convertie dans chaque cas en euro au taux de change au comptant applicable à cette Date d'Emission, serait égale à un montant excédant 125.000.000.000 €), le tout dans les conditions plus spécifiquement définies à la Modalité 3(d) des Modalités des Titres de Droit Anglais, et des Titres NRC, et à la Modalité 2(d) des Modalités des Titres de Droit Français.

Si une émission de certaines Séries de Titres est notée, cette notation pourra être indiquée dans les Conditions Définitives applicables.

La Garantie et tous engagements non contractuels découlant de la Garantie ou naissant en relation avec celle-ci, seront régis par la loi anglaise et interprétés selon cette même loi.

Les Titres avec Restriction Permanente, ou tout intérêt sur ceux-ci, ne peuvent à aucun moment être offerts, vendus, revendus, négociés, nantis, remboursés, transférés ou livrés, directement ou indirectement, aux Etats-Unis ou pour le compte ou au profit d'une *U.S. Person*.

FACTEURS DE RISQUE

Les investisseurs potentiels dans les Titres doivent examiner attentivement les informations suivantes, conjointement avec les autres informations contenues dans ce Prospectus relatif au Programme d'émission de Titres de Créance, le Document de référence 2010 et toutes Conditions Définitives, avant d'acquérir des Titres.

Chacun des Emetteurs et le Garant estime que les facteurs suivants peuvent affecter leur capacité à remplir leurs engagements découlant des Titres émis dans le cadre du Programme. Nombre de ces facteurs sont des éventualités qui peuvent ou non survenir et ni les Emetteurs ni le Garant ne sont à même de s'exprimer sur les probabilités que de tels risques surviennent.

De plus, certains facteurs jouant un rôle important dans l'évaluation des risques de marché associés aux Titres émis dans le cadre du Programme sont exposés ci-après.

Chacun des Emetteurs et le Garant estime que les facteurs décrits ci-après représentent les principaux risques relatifs à l'investissement dans les Titres émis dans le cadre du Programme; mais toute difficulté de l'Emetteur concerné ou du Garant à payer les intérêts (le cas échéant), le principal ou tout autre montant en lien avec les Titres, peut être liée à d'autres raisons qui peuvent ne pas être considérées comme des risques significatifs par les Emetteurs et le Garant au regard des informations dont ils disposent à ce jour, ou qu'ils ne sont pour le moment pas à même d'anticiper. En conséquence, les déclarations ci-dessous ou figurant dans les Conditions Définitives applicables relatives aux risques liés à un investissement dans les Titres d'une quelconque série ne doivent pas être considérées comme exhaustives. Les Conditions Définitives applicables à des Titres donnés peuvent mentionner des facteurs de risque additionnels relatifs à ces Titres, qui doivent être pris en considération avant de prendre une décision d'investissement. Les investisseurs potentiels devraient également lire les informations détaillées intégrées dans le reste de ce Prospectus relatif au Programme d'Emission de Titres de Créance et se faire leur propre jugement avant de prendre toute décision d'investissement. Tout investissement dans les Titres d'une quelconque série ne doit être fait qu'après un examen attentif de tous les facteurs pertinents liés aux Titres de cette série. Les investisseurs potentiels ne devront prendre une décision d'investissement concernant le caractère approprié des Titres de la série concernée qu'après un examen attentif et le conseil de leurs conseillers financiers et juridiques.

L'ordre de présentation des facteurs de risques ci-dessous n'est pas une indication de leur probabilité de survenance.

A. Risques relatifs à l'Emetteur et, selon le cas, au Garant

Au vu de la diversité et des changements des activités du Groupe, la gestion des risques se concentre sur les catégories principales suivantes:

Le **risque de crédit** (incluant le risque-pays): risque de perte dû à l'incapacité des clients (y compris souverains) et autres contreparties de la banque, à faire face à leurs obligations financières. Le risque de crédit comprend aussi le risque de contrepartie lié aux opérations de marché, et à l'arrêt des activités de titrisation de la banque. De plus, le risque de crédit peut être augmenté du risque de concentration, qui résulte d'une importante exposition à un risque donné ou à certains groupes de contreparties;

Le **risque de marché**: risque de perte dû aux variations de prix des produits de marché, de la volatilité et des corrélations;

Le **risque opérationnel** (y compris les risques juridiques, comptables, environnementaux, de conformité et de réputation): risque de perte ou de sanction du fait de défaillances des procédures et systèmes internes, d'erreur humaine ou d'événements extérieurs;

Le **risque de portefeuille d'investissement**: risque de fluctuation négative de la valeur des enjeux de la participation de la mise de fonds dans le portefeuille d'investissement de la banque;

Le **risque structurel de taux et de change**: risque de perte ou de dépréciation sur les actifs de la banque, résultant de mouvement de taux d'intérêt ou de taux de change. Le risque structurel de taux et de change résulte d'activités commerciales et d'opérations du Centre de Société (opérations sur les capitaux propres, les investissements et les émissions d'obligations);

Le **risque de liquidité**: risque pour le Groupe de ne pouvoir faire face à ses obligations lorsqu'elles deviennent dues;

Le **risque stratégique**: risque inhérent à la stratégie choisie ou résultant de l'incapacité de la banque à exécuter sa stratégie;

Le **risque lié à l'activité**: risque que le seuil de rentabilité ne soit pas atteint parce que les charges sont supérieures aux recettes.

A travers ses filiales d'assurances, le Groupe est aussi exposé à divers risques inhérents à ce métier (par exemple, risque de tarifications des primes, risque de mortalité et risques structurels des activités d'assurance-vie et dommages).

A travers ses financements spécialisés, principalement sa filiale de location longue durée de véhicules, le Groupe est exposé au risque de valeur résiduelle (estimation de la valeur nette de revente d'un actif à la fin du contrat de crédit-bail).

Pour toute information supplémentaire, les investisseurs et/ou les Titulaires de Titres peuvent se référer au paragraphe "Gestion des Risques" de la versions française ou anglaise du Document de Référence 2010 de la Société Générale qui sont incorporés par référence dans le présent Prospectus de Programme d'Emission de Titres de Créances.

Facteurs pouvant affecter la capacité de chaque Emetteur à remplir ses engagements découlant des Titres émis dans le cadre du Programme et la capacité du Garant à s'acquitter de ses obligations prévues par la Garantie en relation avec ces Titres

Solvabilité de chaque Emetteur et, selon le cas, du Garant

Les Titres constituent des engagements contractuels généraux et non assortis de sûretés de chaque Emetteur et d'aucune autre personne, et la Garantie constitue des engagements contractuels généraux et non assortis de sûretés du Garant et d'aucune autre personne, qui viendront au même rang avec tous les autres engagements contractuels non assortis de sûretés de l'Emetteur et du Garant, respectivement, et prendront rang après les engagements privilégiés, y compris ceux privilégiés en vertu de la loi. L'Emetteur émet un grand nombre d'instruments financiers, y compris les Titres, sur une base mondiale et l'encours des instruments financiers peut être substantiel à un moment donné. Si vous achetez les Titres, vous vous fiez à la solvabilité de l'Emetteur et, selon le cas, du Garant et d'aucune autre personne; ainsi, si les Titres sont liés à des valeurs mobilières, vous n'avez aucun droit à l'encontre de la société ayant émis ces valeurs mobilières, si les Titres sont liés à un indice, vous n'avez aucun droit à l'encontre du sponsor de cet indice et, si les Titres sont liés à un fonds, vous n'avez aucun droit à l'encontre du gérant de ce fonds. En outre, un investissement dans les Titres n'est pas un investissement dans les actifs sous-jacents et vous n'aurez aucun droit, qu'il s'agisse de droits de vote ou autres (y compris des droits à dividendes ou autres distributions).

Risques liés au manque d'indépendance de chaque Emetteur et, selon le cas, du Garant

Société Générale agira en qualité d'émetteur en vertu du Programme, en qualité de Garant des Titres émis par SGA Société Générale Acceptance N.V. et SG Option Europe et également en qualité de fournisseur

d'instruments de couverture à chaque Emetteur. En conséquence, les investisseurs seront exposés non seulement au risque de crédit du Garant, mais également à des risques opérationnels découlant du manque d'indépendance du Garant, dans l'exécution de ses fonctions et obligations en qualité de Garant et de fournisseur d'instruments de couverture. Les risques opérationnels découlant de ce défaut d'indépendance doivent être partiellement atténués par le fait que différentes divisions de la société du Garant seront responsables de l'exécution des obligations découlant de la Garantie, d'une part, et de la fourniture d'instruments de couverture, d'autre part, et que chaque division est gérée comme une unité opérationnelle séparée, séparée par des murailles de Chine et dirigée par des équipes de direction différentes. Bien que les procédures de conformité exigent une ségrégation effective des fonctions et responsabilités entre les divisions concernées du Garant, la possibilité de naissance de conflits d'intérêts ne peut pas être totalement éliminée.

Conflits d'intérêts

L'Emetteur et le Garant fournissent une gamme complète de produits des marchés de capitaux et de services de conseil dans le monde entier, y compris l'émission de Titres "structurés" dont les intérêts et/ou le principal sont liés à la performance d'actifs sous-jacents. L'Emetteur, le Garant et l'une quelconque de leurs filiales ou sociétés liées peuvent, en relation avec leurs autres activités commerciales, posséder ou acquérir des informations importantes sur les actifs sous-jacents. Ces activités et informations peuvent entraîner des conséquences préjudiciables pour les Titulaires de Titres. Ces activités et sources de conflits peuvent inclure, sans caractère limitatif, l'exercice de droits de vote, l'achat et la vente de valeurs mobilières, les relations créées par la prestation de conseils financiers et l'exercice de droits de créancier. L'Emetteur, le Garant et leurs sociétés filiales et liées n'ont aucune obligation de divulguer ces informations sur les actifs sous-jacents ou les sociétés auxquelles ils se rapportent. L'Emetteur, le Garant, leurs filiales et sociétés liées et leurs dirigeants et administrateurs peuvent se livrer à toutes ces activités sans tenir compte des Titres ou de l'effet que ces activités peuvent directement ou indirectement avoir sur tout Titre.

Les activités de couverture et de négociation de chaque Emetteur, du Garant et de leurs sociétés liées sont susceptibles d'affecter la valeur des Titres.

Dans le cadre de la marche ordinaire de leurs affaires, et qu'ils se livrent ou non à des activités de teneur de marché secondaire, l'Emetteur, le Garant et/ou leurs sociétés liées peuvent effectuer des transactions pour leur compte propre ou pour le compte de leurs clients, et détenir des positions acheteuses ou vendeuses sur le ou les Actifs de Référence ou des dérivés connexes. En outre, l'Emetteur, le Garant et/ou leurs sociétés liées peuvent, en relation avec l'offre des Titres, conclure une ou plusieurs opérations de couverture portant sur l'Actif ou les Actifs de Référence ou des dérivés connexes. En relation avec ces activités de couverture ou de tenue du marché, ou en relation avec des opérations de négociation pour compte propre ou pour compte d'autrui réalisées par l'Emetteur, le Garant et/ou le Groupe, l'Emetteur, le Garant et/ou leurs sociétés liées peuvent réaliser des transactions sur l'Actif ou les Actifs de Référence ou des dérivés connexes, qui peuvent affecter le cours de marché, la liquidité ou la valeur des Actifs de Référence et, par voie de conséquence, des Titres, et qui pourraient être jugées préjudiciables aux intérêts des Titulaires de Titres concernés.

Les situations ci-dessus peuvent entraîner des conséquences susceptibles d'être défavorables pour les Titulaires de Titres. L'Emetteur et le Garant n'assument aucune responsabilité d'aucune sorte au titre de ces conséquences et de leur impact sur les Titulaires de Titres.

Absence de Cas de Défaut concernant les Titres émis par Société Générale

Les titulaires de Titres émis par Société Générale ne pourront en aucun cas déclarer l'exigibilité anticipée des Titres. En conséquence, ces titulaires ne pourront réclamer que les paiements des montants exigibles et payables sur leurs Titres au moment considéré.

B. Risques relatifs aux Titres

Risques liés à la structure de certaines émissions de Titres

Différents types de Titres peuvent être émis dans le cadre du Programme. Certains d'entre eux peuvent comporter des caractéristiques impliquant des risques spécifiques pour les investisseurs potentiels. Les caractéristiques les plus courantes, qui peuvent accroître le risque d'investissement dans ces Titres, sont exposées ci-après:

Titres pouvant donner lieu à un remboursement au gré de l'Emetteur

La possibilité d'un remboursement optionnel des Titres est susceptible de limiter leur valeur de marché. Pendant chaque période durant laquelle l'Emetteur concerné peut choisir de rembourser les Titres, la valeur de marché de ces Titres ne dépassera pas substantiellement leur prix de remboursement. Cela peut également être le cas avant toute période de remboursement.

Option de Remboursement à Déclenchement

Pour certaines émissions, ainsi qu'il l'est indiqué dans les Conditions Définitives concernées, les Titres peuvent être remboursés par anticipation si le montant nominal total en circulation de ces Titres tombe en-deçà de 10% du montant nominal total initial de ces Titres ou tout autre niveau stipulé dans les Conditions Définitives applicables. Dans ce cas, l'émetteur aura la possibilité de rembourser tous les Titres en circulation en donnant un préavis aux titulaires de ces Titres. Cela pourrait avoir pour conséquence que les investisseurs reçoivent un montant au remboursement plus tôt que ce qu'ils avaient anticipé dans des circonstances sur lesquelles les investisseurs n'ont aucun contrôle, et qui pourraient affecter la valeur de leur investissement.

L'Emetteur concerné peut souhaiter rembourser les Titres lorsque son coût d'emprunt est inférieur au taux d'intérêt des Titres. Le cas échéant, un investisseur ne pourra généralement pas réinvestir les produits du remboursement à un taux d'intérêt aussi élevé que celui des Titres remboursés et ne pourra réinvestir qu'à un taux sensiblement inférieur. Les investisseurs potentiels doivent examiner le risque de réinvestissement par comparaison avec d'autres investissements disponibles à ce moment.

Titres Indexés et Titres Libellés en Deux Devises

L'Emetteur peut émettre des Titres dont le principal ou les intérêts sont déterminés par référence à un indice ou une formule, aux variations du prix de titres ou de marchandises, aux fluctuations d'une devise ou à d'autres facteurs (chacun d'entre eux étant un "Facteur"). En outre, l'Emetteur concerné peut émettre des Titres dont le paiement en principal peut être effectué dans une ou plusieurs devises qui peuvent être différentes de la devise dans laquelle les Titres sont libellés. Les investisseurs potentiels doivent être informés que:

- (i) le prix de marché de ces Titres peut être volatil;
- (ii) ils peuvent ne recevoir aucun intérêt;
- (iii) le paiement du principal ou des intérêts peut intervenir à un moment différent ou dans une autre devise que prévu;
- (iv) ils peuvent perdre l'intégralité ou une partie importante de leur principal;
- (v) un Facteur peut faire l'objet de variations importantes qui peuvent ne pas correspondre aux fluctuations des taux d'intérêt, des taux de change ou d'autres indices;

- (vi) si un Facteur s'applique aux Titres avec un coefficient multiplicateur supérieur à un, ou comporte un facteur susceptible d'entraîner un effet de levier, l'impact des variations du Facteur sur le principal ou les intérêts à payer risque d'être amplifié; et
- (vii) le moment auquel les variations d'un Facteur interviennent peut affecter le rendement réel pour l'investisseur, même si le rendement moyen correspond à ses attentes. En règle générale, plus une variation intervient précocement, plus son impact sur le rendement est important.

Les données historiques sur un indice ne peuvent être considérées comme représentatives des performances futures de cet indice pendant la durée des Titres Indexés. En conséquence, chaque investisseur potentiel doit consulter ses conseils juridiques et financiers pour s'informer des risques inhérents à un investissement dans des Titres Indexés ou dans des Titres Libellés en Deux Devises et sur la pertinence de ces Titres compte tenu de sa situation propre.

Titres Partiellement Libérés

L'Emetteur concerné peut émettre des Titres dont le prix d'émission est payable en plusieurs versements. Le défaut de paiement d'un versement peut faire perdre à l'investisseur la totalité de son investissement.

Titres à Taux Variable avec multiplicateur ou à autre effet de levier

Les Titres à Taux Variable peuvent être des investissements volatils. Si leur structure inclut un multiplicateur ou autre effet de levier, une valeur plafond ou plancher, ou une combinaison des ces caractéristiques, leur valeur de marché peut être plus volatile que celle des Titres ne revêtant aucune de ces caractéristiques.

Titres à Taux Flottant inversé

Les Titres à Taux Flottant inversé ont un taux d'intérêt égal à un taux fixe moins un taux calculé par référence à un taux tel que le LIBOR. La valeur de marché de ces Titres est plus volatile que celle des autres Titres à Taux Flottant ayant le même taux de référence et les mêmes caractéristiques générales. Les Titres à Taux Flottant inversé sont plus volatils car une augmentation de leur taux de référence diminue non seulement le taux d'intérêt des Titres, mais également les taux d'intérêt principaux, ce qui affecte de façon négative la valeur de marché de ces Titres.

Titres à Taux Fixe/Flottant

Les Titres à Taux Fixe/Flottant peuvent porter intérêt à un taux fixe que l'Emetteur peut choisir de convertir en taux flottant, ou à un taux flottant que l'Emetteur peut choisir de convertir en taux fixe. La possibilité de conversion offerte à l'Emetteur concerné peut affecter le marché secondaire et la valeur de marché des Titres dans la mesure où l'Emetteur peut choisir de convertir le taux lorsque cela lui permet de réduire son coût global d'emprunt. Si l'Emetteur convertit un taux fixe en taux flottant, l'écart (*spread*) des Titres à Taux Fixe/Flottant peut être moins favorable que les *spreads* sur des Titres à Taux Flottant ayant le même taux de référence. En outre, le nouveau taux flottant peut être à tout moment inférieur aux taux d'intérêt des autres Titres. Si l'Emetteur convertit un taux flottant en taux fixe, le taux fixe peut être inférieur aux taux applicables à ses autres Titres.

Titres indexés sur certains événements

Le taux d'intérêt ou le montant de remboursement de certains Titres peut être lié à la survenance ou à la non-survenance de certains événements qui n'ont aucun lien avec l'Emetteur ou le Garant, notamment des événements de crédit, climatiques ou sportifs. La survenance de ces événements échappe au contrôle de

l'Emetteur et du Garant, et les Titulaires de Titres sont exposés au risque que cet événement survienne ou non, selon le cas.

Titres émis avec une décote ou une prime importante

La valeur de marché des Titres émis avec une décote ou une prime importante sur leur principal ont tendance à faire davantage l'objet de fluctuations dues aux changements généraux de taux d'intérêt que la valeur des titres classiques productifs d'intérêts. En général, plus ces titres sont à long terme, plus importante est la volatilité de leur valeur comparée aux titres classiques ayant des échéances comparables.

Les obligations de l'Emetteur en relation avec des Titres Subordonnés sont subordonnées

Dans le cas de Titres Subordonnés émis par Société Générale, les obligations de l'Emetteur seront non garanties et subordonnées et prendront rang, en termes de priorité de paiement, après les créances des créanciers non subordonnés (y compris les déposants) de cet Emetteur, dans les conditions plus amplement décrites dans les Modalités.

Dans le cas des Titres Subordonnés émis par Société Générale, si un jugement est prononcé par tout tribunal compétent mettant l'Emetteur en liquidation judiciaire, ou si l'Emetteur est liquidé pour toute autre raison, les droits au paiement des titulaires de Titres Subordonnés seront subordonnés au paiement intégral des créanciers non subordonnés (y compris les déposants) et, sous réserve de ce paiement intégral, les titulaires de ces Titres Subordonnés seront payés en priorité par rapport à tous prêts participatifs consentis à l'Emetteur et à tous titres participatifs émis par lui. En cas de paiement incomplet des créanciers non subordonnés, les obligations de l'Emetteur en relation avec des Titres Subordonnés seront résiliées. Les titulaires de ces Titres Subordonnés devront prendre toutes les mesures nécessaires au bon déroulement de toute procédure collective ou liquidation volontaire.

Bien que les Titres Subordonnés puissent payer un taux d'intérêt supérieur à celui de Titres comparables qui ne sont pas subordonnés, il existe un risque substantiel que des investisseurs dans des Titres Subordonnés perdent tout ou partie de leur investissement si l'Emetteur tombe en état de cessation des paiements.

Dans certaines circonstances, les paiements d'intérêts en vertu des Titres Subordonnés pourront être différés

Si, lors de l'Assemblée Générale précédant immédiatement une Date de Paiement des Intérêts, aucun dividende n'est déclaré pour l'exercice fiscal immédiatement précédent, l'Emetteur pourra différer le paiement d'intérêts sur les Titres Subordonnés, jusqu'à celle des deux dates suivantes qui surviendra la première: (A) la date de paiement des intérêts suivant immédiatement la date à laquelle un dividende est déclaré sur toute catégorie d'actions de Société Générale, lors de l'Assemblée Générale précédant immédiatement cette date de paiement des intérêts, ou (B) le commencement d'une procédure de liquidation ou de dissolution de Société Générale.

Toutefois, l'Emetteur pourra à tout moment notifier son intention de payer tous intérêts cumulés antérieurement différés et sera obligé de payer ces montants à l'expiration du préavis indiqué dans cette notification.

Les titulaires de Titres Subordonnés ne seront en aucun cas en mesure de déclarer l'exigibilité anticipée de leurs Titres Subordonnés, et ne pourront prétendre qu'au paiement des montants exigibles et payables sur leurs Titres Subordonnés au moment considéré. Après que l'Emetteur ait intégralement payé tous les intérêts différés sur toute émission de Titres Subordonnés, et si cette émission de Titres Subordonnés demeure en circulation, les paiements d'intérêts futurs sur cette émission de Titres Subordonnés pourront également être différés dans les conditions décrites ci-dessus.

Tout différé des paiements d'intérêts est susceptible d'avoir un effet défavorable sur le cours de marché des Titres Subordonnés. En outre, en conséquence de la clause de différé du paiement d'intérêts des Titres Subordonnés, le cours de marché des Titres Subordonnés peut être plus volatil que les cours de marché d'autres titres de créance émis avec une décote ou productifs d'intérêts qui ne comportent pas cette clause de différé, et peut être généralement plus sensible à des changements défavorables de la situation financière de l'Emetteur.

Remboursement Anticipé

Tout remboursement anticipé de Titres Subordonnés émis conformément à la Modalité 7(b), (c) ou (e) des Modalités des Titres de Droit Anglais et des Titres NRC ou, selon le cas, conformément à la Modalité 6(b), (c) ou (e) des Modalités des Titres de Droit Français, sera subordonné à l'accord préalable écrit du Secrétariat Général de la Commission Bancaire en France.

Titres sous-jacents des Crest Depository Interests

Les CDI seront livrés, détenus et réglés en CREST par le biais du *CREST International Settlement Links Service*.

Le règlement des CDI par le biais du *CREST International Settlement Links Service* peut engendrer les risques suivants:

1. les investisseurs ne seront pas les propriétaires légaux des Titres sous-jacents des CDI (les **Titres Sous-Jacents**). Les CDI sont des instruments ayant une forme juridique distincte des Titres Sous-Jacents auxquels ils se rapportent et représentent un intérêt indirect dans de tels Titres Sous-Jacents.

Les Titres Sous-Jacents eux-même (distincts des CDI représentant des intérêts indirects sur de tels Titres Sous-Jacents) seront détenus dans un compte ouvert auprès d'un dépositaire. Le Dépositaire détiendra les Titres Sous-Jacents par le biais d'un système de compensation. Les droits relatifs aux Titres Sous-Jacents seront détenus par le biais du service conservateur dépositaire du système de compensation concerné. La propriété juridique des Titres Sous-Jacents ou des droits dans les Titres Sous-Jacents dépendra des règles du système de compensation dans lequel ou par lequel les Titres Sous-Jacents sont détenus.

Les CDI seront émis par *CREST Depository Limited* aux investisseurs et seront régis par le droit anglais. Les CDI représenteront des intérêts indirects dans les intérêts de *CREST International Nominees Limited* dans les Sous-Jacents.

Les droits au titre des Titres Sous-Jacents ne peuvent pas être exercés par les investisseurs sauf indirectement par le biais d'intermédiaires dépositaires et conservateurs décrits ci-dessus. L'exercice des droits sous les Titres Sous-Jacents seront par conséquent soumis au droit local de l'intermédiaire concerné. Cela inclura le droit anglais. Les droits des investisseurs sur les Titres Sous-Jacents sont représentés par des droits à l'égard du *CREST Depository* qui (au travers du *CREST Nominee*) détient les droits dans les Titres Sous-Jacents.

Cela peut résulter en une suppression ou une réduction des paiements qui avaient été faits dans d'autres circonstances sur les Titres Sous-Jacents en cas d'insolvabilité ou de liquidation de l'intermédiaire concerné, et en particulier, si les Titres Sous-Jacents détenus par le biais de systèmes de compensation ne sont pas détenus dans un compte spécial et sont assimilés avec d'autres titres détenus dans les mêmes comptes au nom d'autres clients des intermédiaires concernés.

2. Les CDI émis auprès des investisseurs seront constitués et émis en vertu de l'Acte d'Engagement CREST. Les personnes investissant dans les CDI seront tenues par toutes les dispositions de l'Acte d'Engagement CREST et par toutes les dispositions contenues ou imposées en application du *Crest Reference Manual* en date du 26 janvier 2010, tel qu'amendé, modifié, adapté ou complété de temps à autre (le *CREST Reference Manual*) et des Règles CREST (contenues dans le *CREST Reference*

Manual) applicables à l'*International Settlement Links Service*, et les investisseurs doivent se conformer à toutes les obligations qui leur sont imposées par le biais de ces dispositions.

Les investisseurs noteront que les dispositions de l'Acte d'Engagement CREST, du *CREST Reference Manual* et des Règles CREST contiennent une clause d'indemnisation, des garanties, des déclarations et des engagements devant être donnés par les titulaires de CDI et des restrictions concernant la responsabilité de l'émetteur des CDI, *CREST Depository Limited*.

Les investisseurs peuvent encourir une responsabilité en raison du non-respect de la clause d'indemnisation, des garanties, des déclarations et des engagements en plus de l'argent investi par eux. L'attention des investisseurs est attirée sur les termes de l'Acte d'Engagement CREST, du *CREST Reference Manual* et des Règles CREST, dont des copies peuvent être obtenues auprès de CREST, 33 Cannon Street, London EC4M 5SB ou en appelant le +44207849 0000 ou sous la section CREST du site internet d'Euroclear: www.euroclear.com

3. Les investisseurs noteront que les titulaires de CDI pourront se voir soumis au paiement de commissions, honoraires, coûts et dépenses à *CREST Depository Limited* dans le cadre de l'utilisation de l'*International Settlement Links Service*. Cela inclura les honoraires et dépenses facturés par *CREST Depository Limited* relatif à la fourniture de services au titre de l'Acte d'Engagement CREST et toutes taxes, charge, coûts, dépenses et frais qui peuvent être ou devenir exigibles du fait de la détention des Titres par l'intermédiaire de l'*International Settlement Links Service*.
4. Les Investisseurs noteront que ni l'Émetteur, ni l'Agent Payeur n'auront une quelconque responsabilité pour l'exécution par l'un des intermédiaires ou leurs participants ou leurs teneurs de compte respectifs, au titre de leurs obligations respectives d'après les règles et procédures gouvernant leur opérations.

Titres constituant des obligations en droit français

Les Conditions Définitives peuvent prévoir que les Titres constitueront des obligations en droit français (au sens de l'Article L.213-5 du Code monétaire et financier). L'attention des investisseurs est attirée sur le fait que cette qualification est une qualification juridique et non prudentielle. Les investisseurs potentiels devront consulter leur conseil juridique et, le cas échéant, leur autorité de tutelle, leurs comptables, commissaires aux comptes ou conseils fiscaux, afin de déterminer si et dans quelle mesure (i) la loi les autorise à investir dans les Titres, (ii) les Titres peuvent être utilisés en garantie d'autres types d'emprunts, (iii) les Titres sont éligibles à leur actif réglementé (si applicable), (iv) les Titres constituent pour eux un investissement approprié d'un point de vue prudentiel et (v) d'autres restrictions relatives à l'achat ou au nantissement des Titres leur sont applicables. Les institutions financières doivent consulter leur conseil juridique ou les autorités de réglementation concernées pour déterminer le traitement devant être appliqué aux Titres en regard des ratios de fonds propres pondérés en fonction des risques et autres règles similaires.

Risques généraux liés aux Titres

Certains risques associés aux Titres en général sont brièvement exposés ci-après:

Modification

Les modalités des Titres comportent des dispositions permettant de convoquer les Titulaires en assemblée générale afin d'examiner des questions ayant un impact sur leurs intérêts en général. Les décisions prises dans le cadre de ces dispositions s'imposent, selon des majorités prédéterminées, à tous les Titulaires, y compris ceux qui n'ont pas assisté à l'assemblée et qui n'ont pas voté, et ceux qui ont voté contre.

Directive européenne sur la fiscalité des revenus de l'épargne

En vertu de la Directive du Conseil CE 2003/48/EC sur la fiscalité des revenus de l'épargne (la **Directive Epargne**), les Etats membres, y compris la Belgique à compter du 1^{er} janvier 2010, sont tenus de fournir aux autorités fiscales d'un autre Etat membre des informations détaillées sur les paiements d'intérêts (ou revenus similaires) payés par une personne dans sa juridiction à une personne physique résidente dans cet autre Etat membre, ou à certains types limités d'entités établies dans cet autre Etat membre. Toutefois, pendant une période transitoire, le Luxembourg et l'Autriche sont tenus d'appliquer en remplacement un système de prélèvement à la source au titre de ces paiements (la fin de cette période transitoire dépendant de la conclusion de certains autres accords relatifs à l'échange d'informations avec certains autres pays). Plusieurs pays et territoires non membres de l'UE, dont la Suisse, ont adopté des mesures similaires (un système de prélèvement à la source dans le cas de la Suisse).

Le taux actuel de la retenue applicable à ces paiements est de 20% (à compter du 1^{er} juillet 2008). Cependant, ce taux augmentera à 35% après le 1^{er} juillet 2011. A ce sujet, le ministre belge des finances a indiqué qu'à compter du 1^{er} janvier 2010, la Belgique ne procédera à aucune retenue sur les paiements d'intérêts aux titulaires qui sont résidents d'un autre Etat membre de l'Union Européenne, mais appliquera l'échange automatique d'informations conformément à la Directive Epargne.

Si un paiement doit être effectué ou collecté par l'intermédiaire d'un Etat membre ayant opté pour un système de prélèvement fiscal à la source, et si un montant d'impôt doit en conséquence être retenu sur ce paiement, ni l'Emetteur, ni aucun Agent Payeur ni aucune autre personne ne seront obligés de payer des montants additionnels au regard de tout Titre en conséquence de l'imposition de ce prélèvement fiscal à la source. Si un prélèvement fiscal à la source est imposé sur un paiement effectué par l'Agent Payeur, l'Emetteur devra avoir un Agent Payeur situé dans un Etat membre qui n'a pas opté pour un régime de prélèvement fiscal à la source conformément à la Directive.

Changement législatif

Les Modalités des Titres (y compris toute obligation non-contractuelle en résultant) sont régies par les lois applicables à la date du présent Prospectus relatif à un Programme d'Emission de Titres de Créance. Aucune assurance ne peut être donnée quant aux conséquences d'une décision judiciaire ou d'une modification de la législation ou des pratiques administratives postérieure à la date du présent Prospectus du Programme d'Emission de Titres de Créance.

Titres dont les valeurs nominales impliquent des multiples entiers: Titres Définitifs au Porteur

En relation avec toute émission de Titres au Porteur dont les valeurs nominales se composent d'une Valeur Nominale plus un ou plusieurs multiples entiers supérieurs d'un montant inférieur à cette Valeur Nominale, il est possible que ces Titres au Porteur soient négociés pour des montants qui ne sont pas des multiples entiers de cette Valeur Nominale. Dans ce cas, un titulaire qui, du fait de la négociation de ces montants, en viendrait à détenir à un moment donné un montant inférieur à la Valeur Nominale minimum sur son compte auprès du système de compensation concerné, pourra ne pas recevoir un Titre Définitif au Porteur au titre du montant qu'il détient ainsi (si les Titres Définitifs au Porteur sont imprimés), et devra acheter le montant en principal de Titres au Porteur nécessaire pour atteindre la Valeur Nominale minimum.

Si des Titres Définitifs au Porteur sont émis, les titulaires doivent savoir que ces Titres Définitifs au Porteur dont la valeur nominale n'est pas un multiple entier de la Valeur Nominale minimum peuvent être non liquides et difficiles à négocier.

Restrictions de Transfert

Les Titres peuvent être assujettis à certaines restrictions de transfert. En particulier, tous Titres offerts et vendus ou destinés à être transférés aux Etats-Unis ou à des U.S. Persons ou pour leur compte ou à leur profit,

ne peuvent être vendus ou transférés autrement à certains acquéreurs ou cessionnaires qu'en conformité avec les conditions définies à la section "Restrictions de Souscription, de Vente et de Transfert". Ces restrictions en matière de transfert peuvent limiter la liquidité de ces Titres. En conséquence, un acquéreur doit être disposé à conserver ces Titres pendant une période de temps indéterminée et potentiellement jusqu'à leur échéance.

Toute vente ou tout transfert de Titres aux Etats-Unis ou à des U.S. Persons ou pour leur compte ou à leur profit, intervenant en violation des restrictions de transfert et qui imposerait à tout Emetteur l'obligation de se faire enregistrer comme une société d'investissement en vertu du *U.S. Investment Company Act*, sera nul et de nul effet ab initio, et ne sera pas honoré par l'Emetteur concerné, sauf disposition impérative contraire de la loi. En outre, l'Emetteur concerné pourra, à sa discrétion, rembourser les Titres détenus par cet acquéreur ou autre bénéficiaire du transfert, ou contraindre celui-ci à transférer ces Titres. Tout remboursement ou transfert forcé de cette nature peut entraîner une perte significative de l'investissement d'un Titulaire de Titres.

Pas de conseil juridique ou fiscal

Chaque investisseur potentiel devra consulter ses propres conseillers pour les aspects juridiques, fiscaux et autres, liés à l'investissement dans les Titres. Le rendement effectif sur les Titres obtenu par le Titulaire de Titres peut être diminué par l'impôt dû par le Titulaire de Titres sur l'investissement dans ces Titres.

Le rendement réel des titres obtenu par le Titulaire de Titres peut être diminué par rapport au rendement déclaré par les coûts de réalisation de la transaction.

Loi Française sur les Entreprises en Difficulté

En vertu de la loi française sur les entreprises en difficulté, telle que modifiée par le décret n°2008-1345 du 18 décembre 2008 qui est entré en vigueur le 15 février 2009, les créanciers titulaires de titres de créance de l'Emetteur sont automatiquement groupés en une seule assemblée (l'Assemblée) en cas d'ouverture en France d'une procédure de sauvegarde ou d'une procédure de redressement judiciaire de l'Emetteur, afin de défendre leurs intérêts communs.

L'Assemblée comprend tous les titulaires de titres de créance émis par l'Emetteur (y compris les Titres), que ce soit ou non en vertu d'un programme d'émission de titres de créance (tel le présent programme), et quelle que soit la loi applicable à leurs titres.

L'Assemblée délibère sur le projet de plan de sauvegarde ou le projet de plan de redressement applicable à l'Emetteur, et peut en outre accepter:

- de faire peser des charges supplémentaires sur les titulaires de titres de créance (y compris les Titulaires de Titres) par un rééchelonnement des dettes et/ou une remise de dettes au profit de l'Emetteur;
- d'instituer une inégalité de traitement entre titulaires de titres de créance (y compris les Titulaires de Titres), si les circonstances rendent cette mesure appropriée; et/ou
- décider de convertir des titres de créance (y compris les Titres) en actions.

Les décisions de l'Assemblée seront prises à la majorité des deux tiers (calculée en proportion des titres de créance détenus par les titulaires assistant à cette Assemblée ou représentés à celle-ci). Aucun quorum n'est exigé pour la convocation de l'Assemblée. Afin d'éviter toute ambiguïté, les dispositions relatives à la Représentation des Titulaires de Titres, décrites dans les Modalités des Titres figurant dans le présent Prospectus de Base et, s'il y a lieu, dans les Conditions Définitives applicables, ne seront pas applicables dans ces circonstances.

Facteurs de Risque liés aux Titres Indexés, dont le montant de remboursement est indexé sur les parts d'un ou plusieurs fonds⁶³

Les parts de fonds peuvent être émises par des fonds alternatifs (*hedge funds*) ou des organismes de placement collectif (ci-après, les fonds sous-jacents).

Les investisseurs doivent se renseigner sur le(s) fond sous-jacent(s) comme s'ils investissaient directement dans ces fonds

Lorsque le(s) sous-jacent(s) d'une série de Titres inclue(nt) un fonds ou un portefeuille de fonds, les investisseurs doivent mener leurs propres contrôles et investigations de(s) fonds sous-jacent(s) comme ils le feraient s'ils investissaient directement dans ce(s) fonds sous-jacent(s). L'offre de Titres ne constitue pas une recommandation, par la Société Générale ou l'une quelconque de ses filiales, relative à un investissement lié à un fonds sous-jacent (y compris concernant les fonds qui sont gérés par des gestionnaires affiliés à la Société Générale). Les investisseurs ne doivent pas considérer la vente des Titres par l'Emetteur comme une recommandation par l'Emetteur ou une quelconque de ses filiales d'investir dans le(s) fonds sous-jacent(s).

Risques se rapportant à des fonds sous-jacents qui sont des fonds alternatifs

Les parts de fonds, et les investissements dans des fonds alternatifs en général, sont spéculatives et impliquent un degré de risque élevé. Ni l'Emetteur concerné ni le Garant ne donnent une assurance quelconque à propos de la performance de parts de fonds.

Lorsque le(s) sous-jacent(s) d'une série de Titres inclue(nt) un fond alternatif ou un portefeuille de fonds alternatifs pour une série de Titres, les Titres de cette série seront sujets à certains des risques liés à un investissement dans un fonds alternatif ou un portefeuille de fonds alternatifs. L'absence de supervision et de réglementation des fonds qui sont des fonds alternatifs peut augmenter la probabilité de fraude et de négligence de la part des gestionnaires du fonds et/ou des conseillers d'investissement, leur entreprise de courtage ou les banques.

Les fonds alternatifs peuvent comprendre des structures fiscales complexes et des reports dans la distribution d'informations fiscales importantes et peuvent engendrer des frais et dépenses élevés qui peuvent réduire le résultat du fonds.

Des remboursements importants sur un fonds alternatif à un jour donné peuvent provoquer une liquidation des positions du fonds plus rapide que ce qu'il serait autrement préférable.

Les fonds alternatifs, y compris les fonds sur lesquels des Titres Indexés peuvent être indexés, ne publient généralement pas d'informations sur leurs opérations et portefeuilles. A supposer même que l'Emetteur concerné, le Garant ou toute société liée à la Société Générale puisse avoir des arrangements avec les gérants d'un fonds pour obtenir les informations requises afin de calculer la valeur du fonds, il pourra ne pas avoir accès aux activités du fonds sur une base continue, voire n'y avoir aucun accès. Il n'existe actuellement aucune exigence réglementaire imposant aux fonds de publier des informations d'une nature qui permette à l'Emetteur concerné, au Garant ou à toute société liée à Société Générale d'évaluer un fonds ou de déterminer précisément la valeur des parts d'un fonds et, par voie de conséquence, le Montant de Remboursement Final ou Anticipé des Titres concernés.

Société Générale et certaines de ses sociétés liées de temps à autre obtiennent des informations sur des fonds alternatifs spécifiques qui peuvent ne pas être disponibles pour le grand public. Ces informations sont obtenues par Société Générale et certaines de ses sociétés liées dans le cadre de la marche ordinaire de leurs affaires, et non pas en relation avec l'offre des Titres (y compris au titre de fonds qui sont gérés par des gérants

⁶³ Les développements de cette section concernant des fonds et gérants de fonds s'appliquent également à tout portefeuille ou panier de fonds et à tout gestionnaire de portefeuille correspondant.

liés à Société Générale). Dans le cadre de la marche ordinaire de leurs affaires, Société Générale et certaines de ses sociétés liées peuvent recommander, ou décider de ne pas recommander, certains fonds alternatifs spécifiques à leurs clients. Les fonds alternatifs à propos desquels Société Générale et certaines de ses sociétés liées ont formulé des recommandations d'investissement peuvent figurer, actuellement ou dans le futur, parmi les fonds sous-jacents utilisés dans la formule de remboursement des Titres. Toutes les positions qui peuvent être prises par Société Générale et certaines de ses sociétés liées au titre de la performance future prévue d'un ou plusieurs fonds (y compris au titre de fonds qui sont gérés par des gérants liés à Société Générale) ne constituent pas une indication de la performance future prévue de ce ou ces fonds, et ni la Société Générale ni aucune de ses sociétés liées n'ont formulé un jugement quelconque au titre de la performance future prévue d'un fonds.

La volatilité des marchés peut avoir un effet défavorable sur la valeur des parts des fonds

Volatilité est le terme utilisé pour décrire la taille et la fréquence des fluctuations du marché. Si la volatilité du(des) fonds sous-jacent(s) augmente ou diminue, la valeur de marché des Titres peut être affectée.

Les performances des fonds (en particulier des fonds alternatifs) peuvent être extrêmement volatiles. La valeur liquidative du fonds reflétée par les parts du fonds peut connaître des fluctuations importantes d'un mois à l'autre. Les transactions négociées par les gérants des fonds peuvent se fonder sur leurs prévisions des fluctuations de cours, sachant que les investissements concernés approchent et atteignent leur échéance plusieurs mois après le début des négociations. Entre-temps, la valeur de marché des positions peut ne pas augmenter, et peut même diminuer, ce qui se reflétera dans la valeur liquidative par part ou action.

Les investissements réalisés par les fonds sous-jacents peuvent impliquer des risques substantiels. En raison de la nature même de ces investissements, la valeur des parts du fonds peut fluctuer dans une mesure significative en cours de journée ou sur des périodes plus longues. En conséquence, la performance des parts d'un fonds sur une période donnée ne sera pas nécessairement indicative de la performance future.

La volatilité du marché peut entraîner des pertes significatives sur les parts de fonds.

Le recours à l'effet de levier peut accroître le risque de perte de valeur des parts de fonds

Les fonds sous-jacents peuvent avoir recours à l'effet de levier, c'est-à-dire emprunter des montants qui représentent plus de 100 pour cent de la valeur de leurs actifs, afin de réinvestir dans des actifs impliquant des risques supplémentaires. En conséquence, un léger mouvement à la baisse de la valeur des actifs d'un fonds peut entraîner une perte significativement plus importante pour le fonds.

Les gérants de fonds peuvent être éligibles pour recevoir une rémunération incitative

La possibilité pour un gérant de fonds de gagner une rémunération liée à la performance (y compris un gérant lié à Société Générale) peut encourager ce gérant de fonds à négocier des opérations plus spéculatives qu'il ne le ferait autrement. Ainsi, du fait que l'intéressement des gestionnaires du fonds et/ou des conseillers en investissement des fonds alternatifs est souvent influencé directement par la performance de ces fonds, chacun peut avoir un intérêt à faire des investissements plus risqués dont il peut résulter des plus grands profits. De tels investissements sont aussi l'occasion de pertes significatives. De plus, les gestionnaires et/ou les conseillers en investissement du fonds peuvent percevoir des rémunérations de gestion, de conseil ou de performance, alors même que le fonds n'a réalisé aucun gain.

Les investissements des gérants de fonds ne sont pas vérifiés

Ni l'Emetteur concerné, ni Société Générale en qualité de Garant ou d'Agent de Calcul en vertu des Titres, ni les sociétés liées de Société Générale ne sont ni ne seront chargés de vérifier ou de s'assurer que les gérants de fonds se conforment à leur stratégie de négociation indiquée (y compris un gérant lié à Société Générale).

Les gérants de fonds (y compris un gérant lié à Société Générale) n'ont aucune obligation envers les Titulaires de Titres, ni aucun autre rôle en relation avec les Titres, y compris toute obligation de prendre en considération les besoins des Titulaires de Titres pour un motif quelconque. Les gérants de fonds (y compris un gérant lié à Société Générale) ne sont pas responsables de l'offre, du placement, de la vente, de l'achat ou du transfert des Titres et n'ont ni cautionné cette offre, ce placement, cette vente, cet achat ou ce transfert, ni participé à ces opérations. Les gérants de fonds (y compris une société liée à Société Générale) ne sont pas responsables de la détermination ou du calcul des montants à recevoir par les Titulaires de Titres et ne participeront pas à cette détermination ou à ce calcul.

Les fonds sous-jacents qui sont des fonds alternatifs ne sont pas soumis au même régime réglementaire, ni réglementés dans la même mesure que les fonds communs de placement ou les offres de titres nominatifs ou de valeurs mobilières. Les modifications de l'environnement réglementaire actuel pourraient affecter l'investissement, les opérations et la structure des fonds sous-jacents et affecter défavorablement la performance des fonds sous-jacents.

Les fonds sous-jacents peuvent investir en actifs qui impliquent des risques supplémentaires et ces risques peuvent ne pas être intégralement divulgués à la date d'investissement par l'Emetteur concerné. Les gestionnaires du fonds et/ou les conseillers en investissements du fonds alternatif peuvent investir et traiter une variété d'instruments financiers faisant appel à des techniques d'investissement sophistiquées à des fins de couverture ou non. Ces instruments financiers et ces techniques d'investissement comprennent, sans limitation, l'utilisation de l'effet de levier (c'est-à-dire l'emprunt d'argent à des fins d'investissement), la vente à découvert de titres, les opérations qui utilisent les dérivés tels que des contrats d'échange (*swaps*), les options sur actions, les options sur indice, les contrats à terme et les options sur contrat à terme, les opérations qui impliquent le prêt de titres à certaines institutions financières, la conclusion d'accords de rachat et prise en pension des titres et l'investissement dans des titres étrangers et des monnaies étrangères. De plus, les fonds alternatifs peuvent emprunter un montant supérieur à 100% de leurs actifs afin d'augmenter leur effet de levier. Alors que ces stratégies d'investissement et ces instruments financiers donnent aux gestionnaires et aux conseillers en investissement du fonds la flexibilité nécessaire pour exécuter un panel de stratégies dans le but de générer des retours positifs pour le fonds, ils créent aussi le risque de pertes significatives qui peuvent affecter de manière négative le fonds.

Les fonds alternatifs peuvent investir dans des titres cotés ou commercialisés sur des bourses étrangères. L'exécution des opérations sur les bourses étrangères peuvent comporter des risques particuliers comme, sans limitation: une plus grande volatilité, l'intervention du gouvernement, l'absence de transparence, le risque de devise, les risques de politique et d'instabilité sociale.

Gestionnaires et/ou conseillers en investissement des(du) fonds sous-jacent(s)

L'investissement dans les Titres est spéculatif et crée des risques substantiels. Le Montant de Remboursement Anticipé ou le Montant de Remboursement Final est fondé sur les changements de la valeur des(du) fonds sous-jacent(s), qui fluctue et ne peut être prédite. De plus, tout personne se fondant sur la performance des(du) fonds sous-jacent(s) devra être conscient que cette performance dépend de manière significative de la performance des gestionnaires et/ou des conseillers en investissement des(du) fonds. Ni l'Emetteur concerné, ni la Société Générale en tant que Garant ou Agent du Calcul pour les Titres, ni les filiales de la Société Générale sont en position de protéger les Titulaires de Titres de la fraude et des affirmations inexactes des gestionnaires et des conseillers en investissement affiliés du fonds. Les investisseurs doivent comprendre qu'ils peuvent être affectés de manière négative par ces actes. Les Titulaires de Titres n'ont pas et ne sont pas autorisés à avoir un droit quelconque dans le(s) fonds sous-jacent(s), et n'ont donc aucun recours, contractuel ou légal, contre le(s) fonds sous-jacent(s), tout conseiller en investissement ou gestionnaire. De plus, d'un point de vue pratique, il peut être difficile d'intenter une action, ou de demander l'exécution d'un jugement obtenu par action, contre une quelconque des entités mentionnées ci-dessus. De plus, les gestionnaires et/ou les conseillers en investissement des(du) fonds peuvent être renvoyés ou remplacés, la dotation des actifs peut varier de temps à autre et les positions diverses d'investissement des(du) fonds sous-jacent(s) peuvent être

économiquement diminuées, et tout ceci peut affecter de manière négative la performance des(du) fonds sous-jacent(s).

Les gestionnaires et/ou les conseillers en investissement du fonds peuvent gérer ou conseiller d'autres fonds et/ou comptes et peuvent avoir des intérêts financiers ou autres à favoriser ces autres fonds et/ou comptes sur le(s) fonds sous-jacent(s). De plus, les gestionnaires et/ou conseillers en investissements du fond peuvent gérer ou conseiller pour leur propre compte et pour le compte de leurs clients et peuvent faire des recommandations ou prendre des positions similaires ou différentes de celles des(du) fonds sous-jacent(s) qui peuvent entrer en compétition.

Les commissions, déductions et charges diverses réduiront le Montant de Remboursement Final ou Anticipé

Les frais et commissions des fonds seront déduits de la valeur liquidative du fonds, réduisant la valeur des parts ou actions de ce fonds. En conséquence, dans la mesure où le Montant de Remboursement Final ou Anticipé est indexé sur la valeur liquidative d'un fonds, le Montant de Remboursement Final ou Anticipé payable aux Titulaires de Titres sera inférieur à celui qu'il aurait été en l'absence de ces commissions, déductions et charges, mais Société Générale ou l'une de ses sociétés liées peut être bénéficiaire de ces frais et commissions, ou obtenir une réduction sur ces frais et commissions de la part de tiers.

Valeur Liquidative

L'Emetteur pense que la valeur de marché des Titres sera susceptible de dépendre substantiellement de la valeur liquidative du(des) fonds sous-jacent(s) au moment considéré. Si un investisseur décide de vendre ses Titres, cet investisseur recevra un montant substantiellement inférieur à celui qui serait dû à la date de paiement concernée et basé sur cette valeur liquidative, à cause, par exemple, des attentes possibles du marché que la valeur liquidative du(des) fonds sous-jacent(s) continuera à fluctuer entre ce moment-là et le moment où la valeur liquidative finale du(des) fonds sous-jacent(s) est déterminée. Les développements politiques, économiques et autres qui affectent les investissements fondés sur le(s) fonds sous-jacent(s) peuvent aussi affecter la valeur liquidative du(des) fonds sous-jacent(s) et, en conséquence la valeur des Titres.

L'absence de liquidité des investissements du fonds sous-jacent peut provoquer la réduction ou le report du paiement du Montant de Remboursement Anticipé ou le Montant du Remboursement Final

Les montants intermédiaires ou les montants de remboursement final dus aux investisseurs dans les Titres ayant des fonds comme sous-jacents peuvent être fondés sur les produits du remboursement qui seront payés en espèces par le fonds sous-jacent à un investisseur hypothétique, en conséquence d'une notification valide et faite dans les délais de remboursement, donnée par cet investisseur hypothétique, prenant effet à la date d'évaluation pertinente. Afin de répondre à la demande de remboursement, le fonds sous-jacent devra probablement vendre ses propres actifs, mais ces investissements peuvent ne pas être facilement vendus à la date d'évaluation ou juste après pour différentes raisons, y compris, mais sans limitation:

- les occasions de remboursement permises par le fonds sous-jacent ne sont pas fréquentes (par exemple, beaucoup de fonds alternatifs n'offrent qu'une liquidité mensuelle ou trimestrielle);
- tous barrière (*gating*), périodes de blocage, *side pockets* ou délais ou suspensions discrétionnaires de remboursement imposés par le fonds sous-jacent (par exemple, beaucoup de fonds alternatifs ont des dispositions par lesquelles les demandes de remboursement sont réduites si le montant total de ces demandes atteint une limite prédéterminée);
- les propres investissements du fonds sous-jacent peuvent ne pas être liquides;

Dans ces situations, (i) le paiement du montant intermédiaire peut être reporté par l'Agent du Calcul peu de temps après la date à laquelle le fonds sous-jacent paie tous les produits de remboursement suite à une notification, valide et faite dans les délais, faite après la survenance d'un événement décrit ci-dessus ou à la date

d'échéance des Titres et/ou (ii) le paiement du montant de remboursement final se fera sur la base des produits de remboursement payés par le fonds sous-jacent au titre d'une notification, valide et faite dans les délais, faite après la survenance d'un événement décrit ci-dessus. Si les produits du remboursement n'ont pas été payés par le fonds sous-jacent à la date d'échéance des Titres, le paiement des montants intermédiaires ou des montants de remboursement final peuvent être reportés après la date d'échéance pour une période de deux ans au maximum. Si à l'expiration de cette période de deux ans, le fonds sous-jacent n'a pas intégralement payé les produits du remboursement, les montants intermédiaires et finaux de remboursement devront être déterminés par l'Agent de Calcul sur la base de ce qui a été effectivement payé par le fonds sous-jacent. Le montant reçu par les investisseurs peut être aussi bas que zéro.

Dans l'hypothèse de la survenance de certains événements extraordinaires affectant un fonds sous-jacent, comme par exemple, sans limitation, une faillite, une nationalisation ou une fusion du fonds sous-jacent, une démission, une fin de mandat ou un remplacement de l'administrateur, du conservateur, du conseiller en investissement ou du gestionnaire du fonds, un manquement par le fonds sous-jacent à sa stratégie d'investissement, l'Agent de Calcul peut décider de terminer, après la survenance de cet événement extraordinaire l'exposition des Titres à ce fonds sous-jacent et les montants intermédiaires et/ou les montants de remboursement final et (i) de payer tout montant intermédiaire du à l'investisseur dans les Titres soit immédiatement soit à la date d'échéance sur le fondement des produits de remboursement payé par le fonds sous-jacent dans la liquidation de l'exposition à ce fonds sous-jacent, et/ou (ii) de payer le montant de remboursement final à la date d'échéance sur la base des produits de remboursement payés par le fonds sous-jacent dans la liquidation de l'exposition à ce fond sous-jacent. Si le fonds sous-jacent est aussi sujet à des problèmes de liquidité tel que décrit ci-dessus, le report du paiement des montants intermédiaires et/ou du montant de remboursement final pour une période de deux ans maximum peut aussi s'appliquer.

Au regard des expériences récentes dans l'industrie des fonds alternatifs, il est probable qu'un tel délai ait un impact négatif significatif sur le montant qui sera payable sur les Titres concernés.

Si le(s) fonds sous-jacent(s) investit au travers d'une structure maître-nourricier, celle-ci peut avoir un effet négatif sur le(s) fonds sous-jacent(s), et par conséquent les Titres.

Le(s) fonds sous-jacent(s) peut investir au travers d'une structure maître-nourricier. Le(s) fonds sous-jacent(s) donnera une part substantielle ou tous ses actifs au fonds maître et peut le faire aux côtés d'autres investisseurs, y compris d'autres fonds nourriciers. Le fonds maître concerné peut aussi établir ou permettre des investissements par d'additionnels investisseurs ou fonds nourriciers dans le futur.

La structure de fonds maître-nourricier, en particulier l'existence de multiples véhicules d'investissement investissant dans le même portefeuille, présente certain risques uniques pour l'investisseur. Le(s) fonds sous-jacent(s) peut être substantiellement affecté par les actions des autres investisseurs, véhicules d'investissement et fonds nourriciers investissant dans le fonds maître, en particulier si ces investisseurs ont des investissements importants dans le fonds maître. Par exemple, si un véhicule avec des investissements plus grands ou une entité avec une investissement important dans le fonds maître demande le remboursement du fonds maître, l'absence de liquidité de certains titres ou marchés peut rendre difficile pour le fonds maître la liquidation des positions à des conditions favorables pour effectuer ce remboursement, ce dont il peut résulter des pertes ou la diminution de la valeur liquidative du fonds maître. De plus, afin de satisfaire à ces remboursements, le sous-gestionnaire peut avoir besoin de liquider les investissements les plus liquides du fonds maître; laissant les investisseurs restants (y compris le(s) fonds sous-jacent(s)) investir dans des instruments encore moins liquides. Ces retraits peuvent aussi laisser le fonds maître avec un pool moins diversifié d'investissements. Cela peut augmenter le risque total de portefeuille du fonds maître, et, au final, les Titres. A l'inverse, le sous-gérant peut refuser une demande de remboursement s'il pense qu'une telle demande, si elle était satisfaite, aurait un impact défavorable significatif sur les investisseurs restants dans le fonds maître. Cela pourrait affecter de manière négative la liquidité du fonds maître et, par conséquent, le(s) fonds sous-jacent(s) et les Titres.

Certaines activités peuvent créer des conflits d'intérêts avec les Titulaires de Titres

L'Emetteur et le Garant, ou une ou plus de ses filiales, peut s'engager dans la négociation ou d'autres activités relatives au(x) fonds sous-jacent(s) ou leur actifs sous-jacents qui ne sont pas destinés aux comptes des Titulaires de Titres ou pour leur compte. Ces activités peuvent être source de conflit entre les intérêts dans les Titres du Titulaire de Titres et les intérêts que l'Emetteur et le Garant, ou un ou plus de leurs filiales, peuvent avoir dans leurs activités pour compte propre. Ces activités comprennent, entre autres, l'exercice des droits de vote, les relations de conseil financier, les opérations de financement, les opérations dérivées et l'exercice des droits de créancier, chacune pouvant être contraire aux intérêts des Titulaires de Titres. Chacune de ces activités de négociation peut affecter la valeur du(des) fonds sous-jacent(s) et peut être négative pour la rentabilité des Titres du Titulaire de Titres. L'Emetteur, le Garant et leurs filiales peuvent s'engager dans ces activités sans considération pour les Titres ou l'effet que ces activités peuvent avoir, directement ou indirectement sur les Titres de toute série.

De plus, dans le cadre de ces activités, l'Emetteur, le Garant et/ou leurs filiales peuvent recevoir des informations sur le(s) fonds sous-jacent(s) ou leurs actifs sous-jacents qui ne seront pas divulguées aux Titulaires de Titres. L'Emetteur, le Garant et leurs filiales n'ont pas d'obligation de divulguer ces informations sur le(s) fonds sous-jacent(s) ou les entreprises liées.

Des investissements supplémentaires dans le fonds, ou des retraits de montants antérieurement investis dans le fonds, peuvent avoir un effet défavorable sur la valeur des parts ou actions du fonds

Dans l'exercice normal de leurs activités, qu'ils s'engagent ou non sur des activités dans le marché secondaire, l'Emetteur, le Garant et une ou plusieurs de leurs filiales peuvent effectuer des opérations pour leur propre compte ou pour le compte de leurs clients et tenir des positions longues ou courtes sur le(s) fonds sous-jacent(s), les actifs sous-jacents du(des) fonds sous-jacent(s) et/ou des dérivés liés. De plus, dans le cadre d'une offre de toute série de Titres et pendant la vie de ces séries de Titres, chacun de l'Emetteur, le Garant et une ou plusieurs de leurs filiales, afin de couvrir ses obligations au titre des Titres, peut conclure une ou plusieurs opérations de couverture au titre du(des) fonds sous-jacent(s), actifs sous-jacents et/ou dérivés liés.

Dans le cadre de ces couvertures ou des activités de tenue de marché, ou au titre des activités pour compte propre ou d'autres activités de négociation, l'Emetteur, le Garant et/ou leurs filiales peuvent conclure des opérations dans le(s) fonds sous-jacent(s), actifs sous-jacents du(des) fonds sous-jacent(s) et/ou dérivés liés qui peuvent affecter le prix de marché, la liquidité ou la valeur du(des) fonds sous-jacent(s) ou des actifs sous-jacents, et en conséquence des Titres. L'Emetteur, le Garant et/ou leurs filiales peuvent aussi émettre ou souscrire d'autres titres ou d'instruments financiers ou dérivés ayant une rentabilité adossée ou liée aux changements de performance du(des) fonds sous-jacent(s) ou leurs actifs sous-jacents. Toutes situations décrites ci-dessus peuvent avoir des conséquences qui affectent négativement l'investissement d'un Titulaire de Titres. L'Emetteur et le Garant n'ont aucune responsabilité, quelle qu'elle soit, dans ses conséquences et leur impact sur l'investissement d'un Titulaire de Titres.

Les investisseurs doivent savoir qu'en conséquence des décisions de couverture de la contrepartie à l'opération de couverture, les investissements ou désinvestissements effectués par cette contrepartie dans le fonds peuvent affecter la valeur des parts ou actions du fonds, et, par voie de conséquence, le Montant de Remboursement Final ou Anticipé des Titres.

En outre, l'Emetteur peut émettre des Tranches de Titres supplémentaires qui sont fongibles avec les Titres, ou d'autres obligations, titres ou instruments qui, bien qu'ils ne soient pas fongibles avec les Titres, peuvent être liés à un indice dont l'un des composants intègre les fonds sous-jacents comme actif de référence. Si ces Titres sont émis, Société Générale est susceptible de faire des investissements supplémentaires dans les fonds sous-jacents, afin de couvrir l'exposition encourue en relation avec ces transactions liées à ces Titres. Tout investissement de cette nature dans les fonds sous-jacents pourrait affecter défavorablement la performance des parts ou actions du fonds, et, par voie de conséquence, la valeur de négociation des Titres et le Montant de Remboursement Final ou Anticipé.

Changements juridiques, fiscaux et réglementaires

Des changements juridiques, fiscaux et réglementaires peuvent survenir pendant la durée des Titres et peuvent affecter de manière négative le(s) fonds sous-jacent(s). L'environnement réglementaire des fonds alternatifs évolue et des changements dans la régulation des fonds alternatifs peuvent affecter de manière négative la valeur des investissements détenus par le(s) fonds sous-jacent(s). De plus, les marchés de titres et de contrats à terme sont soumis à des législations, des réglementations, et exigences de marge d'application large. Les régulateurs et les bourses et organisations autorégulées sont autorisés à prendre des actions extraordinaires dans le cas d'urgence sur le marché. La réglementation des opérations de dérivés et des fonds qui concluent de telles opérations, est un domaine de la loi qui évolue et qui est sujet à modifications par le gouvernement ou une action judiciaire. L'effet d'un quelconque changement futur de règlement sur les fonds sous-jacents peut être substantiel et négatif et peut avoir un effet négatif sur la valeur de Titres.

Pas de droit de propriété dans tout fonds sous-jacent

Un investissement dans les Titres ne donne pas aux Titulaires de Titres un intérêt ou un droit dans un quelconque fonds sous-jacent, tel que les droits de vote ou les droits aux paiements faits aux propriétaires du(des) fonds sous-jacent(s). Au contraire, un Titre représente un investissement notionnel dans le(s) fonds sous-jacent(s). Le terme "notionnel" est utilisé car, bien que la valeur du(des) fonds sous-jacent(s) sera utilisée pour calculer un paiement au titre des Titres, l'investissement dans les Titres ne sera pas utilisé pour acheter des intérêts dans le(s) fonds sous-jacent(s) pour le compte du Titulaire des Titres concernés.

L'Emetteur, ou une filiale, peut acheter des intérêts dans le(s) fonds sous-jacent(s) afin de couvrir ses obligations au titre des Titres, mais il n'a aucune obligation de le faire. Ces intérêts, s'il en existe, sont la propriété séparée de l'Emetteur ou filiale et ne garantissent pas ou, en tout état de cause, ne sous-tendent pas les Titres. En conséquence, dans l'hypothèse d'une défaillance de paiement du Montant de Remboursement Final ou Anticipé par l'Emetteur au titre des Titres, un Titulaire de Titres n'aura pas de droit de propriété ou de revendication de ces intérêts dans le(s) fonds sous-jacent(s). Ainsi, toute revendication de sa part conformément modalités de ces Titres seront de même rang que les autres créanciers chirographaires, non subordonnés et sans condition de l'Emetteur.

Facteurs de risque communs aux Titres Indexés

Si des paiements (que ce soit en principal et/ou intérêts, et que ce soit à l'échéance ou autrement) sur des Titres Indexés sont calculés par référence à un indice ou à un panier d'indices, à une action ou un panier d'actions, à la solvabilité de toute entité de référence ou de toute obligation de référence, ou d'un panier d'entités de référence ou d'obligations de référence, ou par référence à une marchandise ou un panier de marchandises (chacun étant dénommé: un **Actif de Référence**), le rendement des Titres est fondé sur les fluctuations de la valeur de l'Actif de Référence, qui est elle-même fluctuante. Les fluctuations de valeur de l'Actif de Référence sont imprévisibles. Les fluctuations de la valeur de l'Actif de Référence ne peuvent pas être prévues. Bien que l'on dispose de données historiques à propos de l'Actif de Référence, la performance historique de l'Actif de Référence ne doit pas être prise comme une indication de la performance future.

Le rendement pour les investisseurs peut être inférieur au rendement d'un titre de dette standard d'échéance comparable

A la différence des titres de créance classiques à taux fixe ou flottant, les Titres Indexés, dont les paiements (que ce soit en principal et/ou intérêts, et que ce soit à l'échéance ou autrement) sont calculés par référence à un indice, peuvent ne pas fournir aux investisseurs des paiements d'intérêts périodiques. En outre, en ce qui concerne le Montant de Remboursement Final ou Anticipé, le rendement effectif à échéance des Titres peut être inférieur à celui qui serait payable sur un titre de dette classique à taux fixe ou flottant. Le rendement du seul Montant de Remboursement Final ou Anticipé de chaque Titre à l'échéance peut ne pas compenser le titulaire du coût d'opportunité impliqué par l'inflation et d'autres facteurs liés à l'évolution de la valeur de l'argent au fil du temps.

Facteurs de Risque liés aux Titres Indexés basés sur des indices

Le rendement ne reflète pas les dividendes

En fonction de la méthodologie de calcul d'un indice, si la performance d'un indice est prise en compte pour calculer les paiements dus en vertu des Titres Indexés, le paiement des revenus (tels des dividendes pour un indice dont les actifs sous-jacents sont des actions) peut ne pas être reflété, car l'indice peut être calculé par référence aux prix des actifs sous-jacents composant l'indice, sans prendre en considération la valeur de tout revenu payé sur ces actifs sous-jacents. En conséquence, le rendement à l'échéance de Titres Indexés liés à un indice peut ne pas être le même que celui qui serait produit si ces actifs sous-jacents étaient achetés et détenus pendant une période similaire.

Risques liés à un indice

Les Titres Indexés sont exposés à des risques largement similaires à ceux de tout investissement dans un portefeuille diversifié d'actifs, y compris, sans caractère limitatif, le risque de baisse du niveau général des prix de ces actifs. La liste qui suit énumère certains des risques les plus significatifs liés à un indice:

- la performance historique de l'indice n'est pas indicative de la performance future de cet indice. Il est impossible de prévoir si la valeur de l'indice augmentera ou baissera pendant la durée des Titres;
- si l'indice se compose d'actions sous-jacentes, les cours de négociation des actions sous-jacentes à l'indice seront influencés par des facteurs politiques, économiques, financiers, de marché et autres. Il est impossible de prédire l'effet que ces facteurs auront sur la valeur de tout actif lié à l'indice, et, par voie de conséquence, le rendement qui sera généré par les Titres.

Les politiques du sponsor d'un indice (y compris un sponsor qui est affilié à Société Générale) concernant les ajouts, suppressions et substitutions des actifs sous-jacents à l'indice, et la manière dont le sponsor de l'indice tient compte de certains changements affectant ces actifs sous-jacents, peuvent affecter la valeur de l'indice. Les politiques d'un sponsor de l'indice en ce qui concerne le calcul d'un indice peuvent également affecter la valeur de l'indice. Le sponsor de l'indice peut arrêter ou suspendre le calcul ou la publication d'informations relatives à son indice. Chacune de ces mesures pourrait affecter la valeur des Titres. Voir "Annexe Technique" pour des informations plus détaillées.

En outre, les indices peuvent donner lieu au paiement de commissions de gestion et autres, et de frais qui sont payables au(x) sponsor(s) et peuvent réduire le Montant de Remboursement Final ou Anticipé payable aux Titulaires de Titres. Ces frais et commissions peuvent être payés à des sponsors d'indices qui sont liés à Société Générale.

Conflits d'intérêts en relation avec des indices

La composition de certains indices auxquels les Titres sont liés, et les méthodologies employées en relation avec ces indices, peuvent être déterminées et sélectionnées par Société Générale ou l'une de ses sociétés liées. Dans le choix de ces méthodologies, on peut s'attendre à ce que Société Générale ou la société liée concernée de Société Générale tienne compte de ses propres objectifs et intérêts et/ou de ceux du Groupe, et aucune garantie ne peut être donnée que les méthodologies choisies ne seront pas moins favorables pour les intérêts des investisseurs que les méthodologies employées par d'autres sponsors d'indices dans des circonstances comparables.

Si les activités de couverture de Société Générale ou de l'une de ses sociétés liées sont perturbées en relation avec un indice particulier, Société Générale ou la société liée concernée pourra décider de mettre fin aux calculs de cet indice, plus tôt que ne le ferait un autre sponsor d'indice dans des circonstances comparables. Cet arrêt pourrait provoquer le remboursement anticipé des Titres.

Facteurs de Risque spécifiques aux Titres Indexés basés sur des actions

Aucun droit de propriété sur les actions sous-jacentes

Un Titulaire de Titres ne sera pas le propriétaire des actions sous-jacentes et ne sera donc pas en droit de recevoir des dividendes ni autres montants similaires payés sur les actions sous-jacentes, et un Titulaire de Titres ne pourra pas acheter les actions sous-jacentes du fait de sa propriété des Titres. En outre, les titulaires des Titres ne pourront exercer aucun droit de vote ni aucun autre droit de contrôle que les titulaires des actions sous-jacentes pourraient détenir à l'égard de l'émetteur de ces actions sous-jacentes. Le Montant de Remboursement Final ou Anticipé ne reflètera pas le paiement de tous dividendes sur les actions sous-jacentes. En conséquence, le rendement généré par les Titres ne reflètera pas le rendement que vous réaliseriez si vous étiez effectivement propriétaire des actions sous-jacentes et receviez les dividendes éventuels payés sur ces actions. Dès lors, le rendement à l'échéance, basé sur la méthodologie de calcul du Montant de Remboursement Final ou Anticipé, ne sera pas le même que le rendement produit si les actions sous-jacentes étaient achetées directement et détenues pendant une période similaire.

Protection anti-dilution limitée

L'Agent de Calcul peut procéder à des ajustements d'éléments des Titres, dans les conditions décrites dans l'Annexe Technique. L'Agent de Calcul n'est pas tenu de procéder à un ajustement pour chaque événement de restructuration de l'entreprise ou du capital pouvant affecter les actions sous-jacentes. Ces événements ou autres décisions de l'émetteur des actions sous-jacentes ou d'un tiers peuvent néanmoins affecter défavorablement le cours de marché des actions sous-jacentes et, par voie de conséquence, avoir un effet défavorable sur la valeur des Titres. L'émetteur des actions sous-jacentes ou un tiers peut lancer une offre d'achat ou d'échange, ou l'émetteur des actions sous-jacentes peut prendre toute autre mesure affectant défavorablement la valeur des actions sous-jacentes et des Titres mais qui n'entraîne pas un ajustement.

Risques découlant de la conduite d'émetteurs d'actions

Les émetteurs d'actions sous-jacentes ne participent aucunement à l'offre des Titres et n'ont aucune obligation de prendre en considération vos intérêts en tant que titulaire des Titres, lorsqu'ils prennent des décisions susceptibles d'affecter la valeur des Titres. Les émetteurs des actions sous-jacentes peuvent prendre des décisions qui affecteront défavorablement la valeur des Titres.

Facteurs de Risque liés aux Titres Indexés sur Marchandises

Les Titres Indexés sur Marchandises peuvent être remboursés par l'Emetteur à leur valeur au pair et/ou par la livraison physique du ou des actifs sous-jacents, et/ou par le paiement d'un montant déterminé par référence à la valeur de l'actif ou des actifs sous-jacents. En conséquence, un investissement dans des Titres Indexés sur Marchandises peut entraîner des risques de marché similaires à ceux d'un investissement direct dans les marchandises concernées, et les investisseurs sont donc invités à prendre l'avis d'un conseil professionnel à ce propos. Les intérêts payables sur des Titres Indexés sur Marchandises peuvent être calculés par référence à la valeur d'un ou plusieurs actifs sous-jacents. La valeur de l'actif ou des actifs sous-jacents peut varier dans le temps, et peut augmenter ou diminuer par référence à une variété de facteurs, notamment l'offre et la demande mondiales des marchandises auxquelles l'actif ou les actifs sous-jacents se réfèrent, les activités de production et de vente des marchandises concernées par les producteurs, les banques centrales et organisations internationales, la demande de produits finis basés sur la marchandise concernée, la demande nette d'investissement et la demande industrielle.

Facteurs de Risques liés aux Titres Indexés sur un Événement de Crédit*

En cas de survenance de certaines circonstances (y compris notamment: Faillite, Défaut de Paiement, Déchéance du Terme, Défaut de l'Obligation, Contestation/Moratoire ou Restructuration) relatives à une ou plusieurs Entités de Référence, dans chaque cas comme spécifié dans les Conditions Définitives applicables, l'obligation de l'Emetteur de payer le principal pourra être remplacée par (i) une obligation de payer d'autres montants égaux soit au(x) montant(s) fixe(s) spécifié(s) dans les Conditions Définitives applicables, soit à des montants calculés par référence à la valeur de l'actif ou des actifs sous-jacents (qui pourront, dans chaque cas, être inférieurs à la valeur au pair des Titres à la date concernée), et/ou une obligation de livrer l'actif ou les actifs sous-jacents. En outre, les Titres Indexés sur un Événement de Crédit porteurs d'intérêts pourront cesser de produire des intérêts à la date de survenance de ces circonstances ou avant cette date.

En conséquence, les Titulaires de Titres peuvent être exposés aux fluctuations de la solvabilité des Entités de Référence, à hauteur de l'intégralité de leur investissement dans les Titres Indexés sur un Événement de Crédit.

En vertu des modalités des Titres, si Société Générale agit en qualité d'Agent de Calcul elle pourra, afin de déterminer le Montant de Règlement en Espèces ou le Montant de Règlement Physique, choisir des obligations ayant le prix le plus bas parmi toute obligation répondant aux critères requis. En exerçant ce choix, l'Agent de Calcul ne sera pas tenu de rendre compte aux Titulaires de Titres ni à quiconque de tout profit ou autre bénéfice qu'elle-même, ou l'une quelconque de ses filiales, a réalisé en conséquence directe ou indirecte de ce choix.

Le Montant de Règlement en Espèces peut être égal à zéro, s'il n'est pas possible d'obtenir des cotations de la part des Intervenants de Marché pour les obligations choisies.

Règlement

Concernant les Titres, la Valeur Finale d'une Obligation Sélectionnée est l'un des facteurs déterminant le montant de remboursement des Titres à leur Date d'Echéance. Les Titres prévoient que l'Agent de Calcul peut choisir de déterminer la Valeur Finale d'une Obligation Sélectionnée soit en obtenant des cotations de la part d'intervenants de marché de premier rang, soit par référence à un Protocole de Règlement (tel que défini dans l'Annexe Technique Événement de Crédit). A cet égard, les investisseurs doivent noter que: (i) la Valeur Finale, telle que déterminée par référence à un Protocole de Règlement, peut différer de la Valeur Finale déterminée autrement et une Valeur Finale plus faible aura habituellement pour effet de réduire le montant payable aux Titulaires de Titres lors du remboursement des Titres; et (ii) l'Agent de Calcul peut avoir un conflit d'intérêts, dans la mesure où il participe au Protocole de Règlement et influence potentiellement le mécanisme de fixation du prix en vertu de celui-ci.

C. Risques de Marché et Autres Risques

Risques généraux relatifs aux marchés

Les principaux risques de marché, notamment le risque de liquidité, le risque de change, le risque de taux d'intérêt et le risque de crédit sont brièvement exposés ci-après.

Marché secondaire

Les Titres peuvent n'avoir aucun marché existant lors de leur émission et il n'existe aucune garantie que se développera un tel marché. Si un tel marché se développe, il peut ne pas être très liquide. Les Titulaires peuvent ne pas être en mesure de céder facilement leurs Titres ou à des prix leur permettant d'obtenir un rendement comparable à d'autres investissements similaires négociés sur un marché secondaire développé. Ceci

* Les termes commençant par des majuscules employés dans cette section auront, s'ils ne sont pas définis autrement dans le Prospectus du Programme d'Emission de Titres d'Emprunt, la signification qui leur est donnée dans l'Annexe Technique Événement de Crédit.

s'applique particulièrement aux Titres qui présentent une plus grande sensibilité aux risques de taux d'intérêt, de change ou de marché, qui sont conçus pour répondre à des objectifs ou des stratégies d'investissement spécifiques, ou qui ont été structurés pour satisfaire aux besoins d'une catégorie d'investisseurs limitée. Le marché secondaire de ces types de Titres est généralement plus limité et ils souffrent d'une plus grande volatilité que les titres de créance classiques. Le manque de liquidité peut avoir un effet significativement négatif sur la valeur de marché des Titres.

En outre, les Titulaires de Titres doivent être conscients de la situation actuelle du marché mondial du crédit, dont la presse s'est fait largement l'écho (et qui perdure à la date du présent Prospectus du Programme d'Emission de Titres de Créance), marquée par un manque général de liquidité sur le marché secondaire d'instruments similaires à certains des Titres pouvant être émis en vertu des présentes. Ce manque de liquidité peut avoir pour conséquence de faire subir aux investisseurs des pertes sur les Titres lors de reventes sur le marché secondaire, quand bien même n'y aurait-il aucune baisse de performance des Titres, de tout actif sous-jacent ou de référence, ou des actifs de l'Emetteur et/ou du Garant. L'Emetteur ne peut pas prédire si ces circonstances changeront et, pour le cas où elles changeraient, s'il existera alors un marché plus liquide pour les Titres et des instruments similaires aux Titres.

Risque de change et contrôle des changes

L'Emetteur paiera le principal et les intérêts sur les Titres dans la Devise Prévue. Ceci peut présenter des risques si les activités financières d'un investisseur sont essentiellement traitées dans une devise (la "**Devise de l'Investisseur**") autre que la Devise Prévue. Il existe un risque que les taux de change varient significativement (notamment en cas de dévaluation de la Devise Prévue ou de réévaluation de la Devise de l'Investisseur) et que les autorités du pays régissant la Devise de l'Investisseur modifient leur contrôle des changes. Une appréciation de la valeur de la Devise de l'Investisseur par rapport à la Devise Prévue peut diminuer (1) le rendement des Titres une fois converti dans la Devise de l'Investisseur, (2) la valeur du principal dû une fois convertie dans la Devise de l'Investisseur et (3) la valeur de marché des Titres une fois convertie dans la Devise de l'Investisseur.

Les gouvernements et les autorités monétaires peuvent imposer, comme cela a déjà été le cas, des contrôles des changes qui peuvent avoir un effet négatif sur les taux d'intérêt. L'investisseur concerné pourrait alors recevoir un montant d'intérêts ou de remboursement inférieur à ce qu'il avait prévu.

Risque de taux

Les investisseurs dans des Titres à Taux Fixe doivent être conscients que des variations substantielles des taux de marché pourraient avoir des conséquences négatives sur la valeur des Titres à Taux Fixe.

Les notations de crédit peuvent ne pas refléter tous les risques

Les Titres peuvent être notés par une ou plusieurs agences de notation indépendantes. La notation des Titres ne reflète pas nécessairement tous les risques liés à la structure, au marché, et aux facteurs supplémentaires précités, ainsi que d'autres facteurs qui peuvent affecter la valeur des Titres. Une notation n'est pas une recommandation d'achat, de vente ou de détention de titres et peut, à tout moment, être modifiée ou faire l'objet d'un retrait par l'une quelconque des agences de notation concernées.

Les restrictions légales peuvent limiter certains investissements

Certains investisseurs potentiels sont soumis à des lois et réglementations en matière d'investissement, ou à un examen ou une réglementation par certaines autorités de contrôle. Ces investisseurs potentiels devront consulter leur conseil juridique afin de déterminer si et dans quelle mesure (i) la loi les autorise à investir dans les Titres, (ii) les Titres peuvent être utilisés en garantie d'autres types d'emprunts, et (iii) si d'autres restrictions d'achat ou de nantissement des Titres leur sont applicables. Les institutions financières doivent consulter leur

conseil juridique ou les autorités de réglementation concernées pour déterminer le traitement devant être appliqué aux Titres en regard des ratios de fonds propres pondérés en fonction des risques et autres règles similaires.

Tout abaissement des notations de crédit de chaque Emetteur ou du Garant peut affecter la valeur de marché des Titres

Les notations de crédit des Emetteurs et du Garant sont une évaluation de leur capacité à honorer leurs engagements, y compris ceux découlant des Titres offerts. En conséquence, tout abaissement réel ou anticipé des notations de crédit de l'un des Emetteurs et/ou du Garant peut affecter la valeur de marché des Titres concernés.

Loi Américaine sur les Sociétés d'Investissement ("*Investment Company Act*")

Ni Société Générale Acceptance N.V. ni SG Option Europe ne sont enregistrées auprès de l'*United States Securities and Exchange Commission* (la SEC) en qualité de société d'investissement en vertu du *U.S. Investment Company Act*. Les investisseurs dans les Titres ne bénéficieront pas des protections instituées par le *U.S. Investment Company Act*.

Si la SEC ou un tribunal compétent devait juger que l'Emetteur concerné est tenu de se faire enregistrer, mais ne s'est pas fait enregistrer en tant que société d'investissement, en violation du *U.S. Investment Company Act*, il pourrait en découler notamment les conséquences suivantes: (i) la SEC pourrait saisir un *district court* afin d'enjoindre la cessation de cette violation; (ii) les investisseurs dans des Titres de l'Emetteur pourraient poursuivre l'Emetteur et obtenir réparation de tout préjudice causé par la violation; et (iii) tout contrat auquel l'Emetteur est partie qui est conclu en violation du *U.S. Investment Company Act*, ou dont l'exécution implique une telle violation, ne pourrait pas faire l'objet d'une exécution forcée par toute partie au contrat, à moins qu'un tribunal ne juge que, dans les circonstances, cette exécution forcée produirait un résultat plus équitable que l'absence d'exécution et ne serait pas contraire aux objets du *U.S. Investment Company Act*. Si l'Emetteur concerné est exposé aux conséquences précitées ou à l'une quelconque d'entre elles, il s'en trouverait défavorablement affecté dans une mesure significative.

FORME DES TITRES

Définitions

Les termes suivants auront le sens suivant quand ils seront utilisés dans la présente section "Forme des Titres":

Titres au Porteur désignent les titres de Droit Anglais au porteur.

Titres Dématérialisés désignent les Titres de Droit Français qui sont en forme dématérialisée.

Titres de Droit Anglais désignent les Titres au Porteur, les Titres Nominatifs, les Titres SIS et les Titres EUI qui sont régis par le droit anglais.

Titres de Droit Français désignent les Titres qui sont régis par le droit français.

Titres Matérialisés désignent les Titres de droit français qui sont en forme matérialisée.

Titres Nominatifs désignent les Titres qui sont en forme nominative certifiée.

Titres NRC désignent les titres qui ne sont pas représentés par un certificat, dématérialisés et prenant la forme d'une inscription en compte titre et comprennent les Titres Nordiques NRC, les Titres SIS NRC et les Titres EUI (chacun de ces termes est défini ci-dessous).

Titres de Droit Anglais

Chaque Tranche de Titres de Droit Anglais sera composée soit de Titres au Porteur (avec ou sans coupons d'intérêts attachés) émis hors des Etats-Unis sur le fondement de la dispense de l'obligation d'enregistrement instituée par la *Regulation S*, soit de Titres Nominatifs (sans coupons d'intérêts attachés), émis hors des Etats-Unis sur le fondement de la dispense de l'obligation d'enregistrement instituée par la *Regulation S*, et/ou aux Etats-Unis sur le fondement de la *Rule 144A* prise pour l'application du *U.S. Securities Act*.

Titres au Porteur

Chaque Tranche de Titres au Porteur (exception faite des Titres SIS, tels que définis ci-dessous) sera initialement émise sous la forme d'un Titre global provisoire ou, si les Conditions Définitives en disposent ainsi, d'un Titre global permanent, qui, dans chaque cas:

- (i) si les Titres globaux sont destinés à être émis sous la forme d'un nouveau titre global (*new global note* et, par abréviation: **NGN**), comme indiqué dans les Conditions Définitives applicables, sera livré au plus tard à la date initiale d'émission de la Tranche à un conservateur commun (*common safekeeper*, ci-après le **Conservateur Commun**) pour Euroclear Bank SA/NV (**Euroclear**) et Clearstream Banking, société anonyme (**Clearstream, Luxembourg**); et
- (ii) si les Titres globaux ne sont pas destinés à être émis sous la forme d'un NGN, sera livré au plus tard à la date initiale d'émission de la Tranche à un dépositaire commun (le **Dépositaire Commun**) pour Euroclear et Clearstream, Luxembourg.

Les Titres Globaux au Porteur (tels que définis dans les "*Modalités des Titres de Droit Anglais et des Titres Non Représentés par un Certificat*") (exception faite des Titres SIS) ne seront transférables qu'en conformité avec les règles et procédures d'Euroclear ou de Clearstream, Luxembourg, selon le cas, en vigueur au moment considéré.

Les Titres au Porteur de chaque Tranche offerte et vendue sur le fondement de la *Regulation S* ne peuvent pas être offerts ni vendus aux Etats-Unis, ni à une *U.S. person* ou à son profit ou pour son compte, et ces Titres au Porteur porteront une légende rappelant ces restrictions de transfert. Toute opération future de transfert, revente, nantissement ou livraison de ces Titres au Porteur ou de tout droit sur ceux-ci, ne pourra intervenir qu'en conformité avec les conditions de revente définies dans la *Regulation S* prise pour l'application du *U.S. Securities Act*.

Dans l'hypothèse où un Titre Global au Porteur, autre qu'un Titre SIS, détenu pour le compte d'Euroclear et/ou de Clearstream, Luxembourg (ou toute partie de celui-ci) est devenu exigible et remboursable conformément aux Modalités, ou si la Date d'Echéance est survenue, et si, dans l'un ou l'autre cas, le paiement intégral du montant dû n'est pas effectué au porteur conformément aux Modalités, le Titre global deviendra caduc. Simultanément, les teneurs de comptes chez Euroclear et/ou Clearstream, Luxembourg, sur les comptes desquels ces Titres (autres que des Titres Définitifs au Porteur, tels que définis dans les "*Modalités des Titres de Droit Anglais et des Titres Non Représentés par un Certificat*") sont crédités, seront en droit d'agir directement contre l'Emetteur, sur la base des relevés de comptes fournis par Euroclear et/ou Clearstream, Luxembourg, conformément aux dispositions d'un acte d'engagement (*Deed of Covenant*) (l'**Acte d'Engagement**) en date du 27 avril 2010, signé par chaque Emetteur.

Titres Nominatifs

Les Titres Nominatifs de chaque Tranche offerte et vendue sur le fondement de la *Regulation S*, qui seront vendus à des non-ressortissants des Etats-Unis hors des Etats-Unis, seront initialement représentés par un Titre Global *Regulation S* (tel que défini à la Modalité 2(h) (voir "*Modalités des Titres de Droit Anglais et des Titres Non Représentés par un Certificat*") ou par un Titre Global Nominatif Non-US). Les droits de propriété effective sur un Titre Global *Regulation S* ne pourront pas être offerts ni vendus à une *U.S. Person*, sauf disposition contraire de la Modalité 2 des "*Modalités des Titres de Droit Anglais et des Titres Non Représentés par un Certificat*", et ne pourront pas, avant l'expiration de la Période de Placement Réglementé (telle que définie dans le Contrat de Service Financier) être détenus autrement que par l'intermédiaire d'Euroclear ou de Clearstream, Luxembourg, et ce Titre Global *Regulation S* portera une légende rappelant ces restrictions de transfert.

Les Titres Nominatifs Non-US (ou tout droit sur ceux-ci) ne peuvent à aucun moment être offerts, vendus, revendus, négociés, nantis, remboursés, transférés ou livrés, directement ou indirectement, aux Etats-Unis ou à tout, ou pour le compte ou le bénéfice d'une *U.S. Person*, et toute offre, toute vente, toute revente, toute négociation, tout nantissement, tout remboursement, tout transfert ou toute livraison qui serait effectué directement ou indirectement aux Etats-Unis ou à un, ou pour le compte ou le bénéfice d'une *U.S. Person*, ne sera pas reconnu. Les Titres Nominatifs Globaux Non-US ne peuvent à aucun moment être la propriété légale ou effective d'une *U.S. Person*, et sont donc offerts et vendus hors du territoire des Etats-Unis à des personnes qui ne sont pas des ressortissants des Etats-Unis, au sens de la *Regulation S*, étant précisé que les droits sur ces Titres Nominatifs Globaux Non-US ne peuvent pas être détenus autrement que par l'intermédiaire d'Euroclear ou de Clearstream, Luxembourg, étant précisé que ces Titres Nominatifs Non-US porteront une légende rappelant ces restrictions de transfert.

Les Titres Nominatifs de chaque Tranche offerte et vendue aux Etats-Unis ou à des *U.S. Persons* dans le cadre de transactions privées à des QIB (Acheteurs Institutionnels Qualifiés) qui sont également des QP (Acheteurs Qualifiés), seront initialement représentés par un Titre Global *Rule 144A* (chacun tel que défini à la Modalité 2(h) des "*Modalités des Titres de Droit Anglais et des Titres Non Représentés par un Certificat*"). Tout Titre Global *Rule 144A* sera soumis à certaines restrictions de transfert indiquées dans ce titre et portera une légende rappelant ces restrictions.

Les Titres Nominatifs de chaque Tranche éligible pour vente aux Etats-Unis à des QIB (Acheteurs Institutionnels Qualifiés) en vertu de la *Rule 144A* et à des Non-Ressortissants des Etats-Unis hors des Etats-Unis, sur le fondement de la *Regulation S*, pourront initialement être représentés par un Titre Global Combiné (tel que défini à la Modalité 2(h) des "*Modalités des Titres de Droit Anglais et des Titres Non Représentés par*

un Certificat"). Tout Titre Global Combiné sera soumis à certaines restrictions de transfert indiquées dans ce titre et portera une légende rappelant ces restrictions.

Les Titres Nominatifs Globaux (à savoir des Titres Globaux *Rule 144A*, des Titres Globaux *Regulation S*, des Titres Globaux Combinés ou des Titres Globaux Nominatifs Non-US) seront soit (i) déposés auprès d'un dépositaire pour, et enregistrés au nom d'un établissement mandataire de, the Depository Trust Company (**DTC**) (dans le cas des Titres Globaux *Rule 144A* et des Titres Globaux *Regulation S* uniquement), soit (ii) déposés auprès d'un Dépositaire Commun pour Euroclear et Clearstream, Luxembourg, comme indiqué dans les Conditions Définitives applicables. Les personnes détenant des droits de propriété effective sur des Titres Nominatifs Globaux seront en droit de recevoir ou tenus de recevoir, selon le cas, dans les circonstances décrites ci-dessous, la livraison physique de Titres Nominatifs Définitifs (tels que définis dans les "*Modalités des Titres de Droit Anglais et des Titres Non Représentés par un Certificat*").

Les paiements en principal, intérêts et autres montants dus sur les Titres Nominatifs Globaux seront effectués, sauf disposition contraire, à la personne dont le nom figure dans le Registre (tel que défini à la Modalité 6(d) des "*Modalités des Titres de Droit Anglais et des Titres Non Représentés par un Certificat*") en tant que titulaire enregistré des Titres Nominatifs Globaux. Ni l'Emetteur, ni le Garant ni tout Agent n'assumeront une responsabilité quelconque au titre des inscriptions figurant dans le Registre ou des paiements ou livraisons effectués au titre de droits de propriété effective sur les Titres Nominatifs Globaux, et ne seront responsables de la tenue, de la supervision ou du contrôle de toutes inscriptions portées dans le Registre au titre de ces droits de propriété effective.

Les paiements en principal, intérêts et autres montants dus sur les Titres Nominatifs Définitifs seront effectués, sauf disposition contraire, aux personnes dont les noms figurent dans le Registre à la Date d'Enregistrement concernée (telle que définie à la Modalité 6(d) des "*Modalités des Titres de Droit Anglais et des Titres Non Représentés par un Certificat*") précédant immédiatement la date d'échéance du paiement, de la manière décrite dans cet Article.

Les droits sur un Titre Nominatif Global peuvent, sous réserve de respecter toutes les restrictions applicables, être transférés à une personne qui souhaite détenir ces droits sur un autre Titre Nominatif Global. Aucun propriétaire effectif d'un droit sur un Titre Nominatif Global ne pourra transférer ce droit, excepté en conformité avec les procédures applicables de DTC, Euroclear et Clearstream, Luxembourg, dans chaque cas dans la mesure applicable.

Titres EUI

Les Titres EUI seront détenus en forme nominative non représentée par un certificat conformément aux *Uncertificated Securities Regulations 2001*, incluant toute modification ou nouvelle réglementation y afférent applicable à un moment donné (les **Réglementations**) et ils ne sont pas matérialisés ni représentés par un titre physique. Les Titres EUI sont des titres de participation (*participating securities*) au sens des Réglementations. La propriété des Titres EUI est enregistrée sur le registre Opérateur des titres concerné. L'Agent EUI, pour le compte de l'Emetteur, devra, dans le cadre des Titres EUI, maintenir un registre des titres non représentés par un certificat conformément aux registres de Euroclear UK & Ireland Limited (**EUI** ou **CREST**) (anciennement connu sous le nom de CRESTCo Limited) (le **Registre**) et devra s'assurer que le Registre est régulièrement mis à jour afin de refléter le registre Opérateur des titres conformément aux règles et pratiques de l'Opérateur applicable de temps à autre. Sous réserve de cette exigence, (i) chaque personne qui pour la période concernée apparaît dans le Registre comme le titulaire d'un nombre particulier de Titres EUI sera traitée par l'Emetteur et l'Agent EUI comme le titulaire de ce nombre de Titres EUI à toute fin (et l'expression **Titulaire de Titres EUI** et les expressions liées devront être interprétées en conséquence), et (ii) ni l'Emetteur, le Garant, ou l'Agent EUI ne sera responsable de tout acte, toute chose faite ou omise par lui ou pour son compte en partant de l'hypothèse que les éléments enregistrés dans le Registre tenu par l'Agent EUI sont conformes avec les éléments enregistrés dans le registre Opérateur des titres relatifs aux Titres EUI. En tant que de besoin, il est précisé qu'en cas de différence dans l'information contenue dans le Registre et le registre des Titres en forme nominative tenue au

siège social de l'Emetteur, le registre tenu au siège social de l'Emetteur prévaudra au regard du droit luxembourgeois.

Aucune disposition des Modalités des Titres EUI ne pourra s'appliquer ni n'aura d'effet dès lors que celle-ci présentera une quelconque incohérence avec (i) le fait de détenir des Titres EUI, (ii) le transfert des Titres EUI par le biais d'un système déterminé ou (iii) les Réglementations. Sans préjudice de ce qui précède, et nonobstant toute disposition des Modalités de tout Titre EUI, aussi longtemps que les Titres EUI seront des titres de participation, (a) tous Titres EUI qui ne sont pas au moment considéré parfaitement identiques à, ou n'ont pas au moment considéré des droits y afférents complètement identiques à ceux attachés à d'autres Titres EUI de la même Série, seront réputés constituer une Série distincte de Titres EUI, (b) le registre Opérateur des titres relatifs aux Titres EUI sera maintenu à tout moment au Royaume-Uni, (c) les Titres EUI pourront être émis dans une forme non représentée par un certificat conformément aux Réglementations et sous réserve de leurs dispositions; et (d) en tant que de besoin, il est précisé que les Modalités de tous Titres EUI resteront applicables et ce nonobstant le fait qu'elles ne soient pas inscrites sur un certificat quelconque pour ces Titres EUI.

Tels qu'utilisés ici, chacun des termes "registre Opérateur des titres", "titres de participation", "enregistrement de titres non représentés par un certificat" et "système déterminé" ont la signification qui leur est donnée dans les Réglementations et l'"Opérateur" Concerné (tel que ce terme est utilisé dans les Réglementations) est EUI (anciennement CRESTCo. Limited) ou tout opérateur additionnel ou alternatif tel qu'approuvé de temps à autre par l'Emetteur, le Garant, et l'Agent EUI en relation avec les Titres EUI et conformément aux Réglementations. Toute référence à l'Opérateur devra, quand le contexte le permet, être réputée inclure une référence à tout Opérateur additionnel ou alternatif de temps à autre et notifié aux Titulaires de Titres EUI.

Toute indication ici que l'Opérateur "devra" faire, ou toute expression similaire ou phrase indiquant qu'ils sont obligés à, ou exécuteront, toute mission ou obligation décrite dans ces Modalités et/ou les Conditions Définitives applicables, le cas échéant, est donnée sans que l'Emetteur, le Garant, l'Agent EUI ou l'Agent de Calcul n'assume une quelconque responsabilité pour cette action de l'Opérateur.

Conformément aux CDI dématérialisés (tels que définis dans le Résumé du Prospectus), les investisseurs détiendront des CDI constitués et émis par CREST *Depository Limited* et représentant des intérêts indirects dans les Titres. Les CDI seront émis et réglés par l'intermédiaire de CREST.

Ni les Titres ni aucun droit attaché ne seront émis, tenus, transférés ou réglés au sein du système CREST autrement que par le biais de l'émission, la détention, le transfert et le règlement des CDI.

Les Titulaires de CDI ne seront pas admis à négocier directement les Titres et par conséquent, toutes négociations de Titres se fera par l'intermédiaire de CREST dans le cadre de la détention des CDI.

Tous référence dans ce Prospectus à "Titres EUI", devra, si le contexte le permet, inclure des CDI.

Les Titres EUI seront gouvernés par le droit anglais.

Titres Nordiques NRC

L'Emetteur pourra émettre des Titres NRC qui seront émis, compensés et réglés par un dépositaire central de titres et établissement de compensation, étant soit Euroclear Suède, ou Euroclear Finlande (chacun de ces termes étant défini ci-dessous) ou tout autre dépositaire central de titres et établissement de compensation mentionné dans les Conditions Définitives applicables (de tels Titres étant des **Titres Nordiques NRC**). Les Titres Nordiques NRC détenus en Euroclear Suède sont définis pour les besoins des présentes comme les **Titres Suédois NRC** et les Titres Nordiques NRC détenus en Euroclear Finlande sont définis pour les besoins des présentes comme les **Titres Finlandais NRC**. Le titulaire d'un Titre Nordique NRC sera la personne apparaissant dans le registre du dépositaire de titres et établissement de compensation pertinent, conformément à

la législation en vigueur, et aux règles et aux réglementations applicables au dépositaire central de titres et établissement de compensation concerné et édictées par ce dernier, étant initialement Euroclear Sweden AB (**Euroclear Suède**) et Euroclear Finland Ltd (**Euroclear Finlande**). Les Titres Nordiques NRC seront transférables conformément à, et les paiements en principal et intérêts (éventuels) seront effectués selon, cette législation et ces règles et réglementations, dans les conditions plus amplement décrites dans les "*Modalités des Titres de Droit Anglais et des Titres Non Représentés par un Certificat*". Les Titres Nordiques NRC qui sont désignés dans les Conditions Définitives comme des Titres avec Restriction Permanente, ou tout intérêt sur ceux-ci, ne peuvent à aucun moment être offerts, vendus, revendus, négociés, nantis, remboursés, transférés ou livrés, directement ou indirectement, aux Etats-Unis ou à, ou pour le compte ou au profit de, une *U.S. Person* et toute offre, toute vente, toute revente, toute négociation, tout nantissement, tout remboursement, tout transfert ou toute livraison qui serait effectué directement ou indirectement aux Etats-Unis ou à, ou pour le compte ou au profit de, une *U.S. Person*, ne sera pas reconnu. Les Titres Nordiques NRC qui sont désignés dans les Conditions Définitives comme des Titres avec Restriction Permanente ne peuvent être à aucun moment la propriété légale ou effective d'une *U.S. Person*, et sont donc offerts et vendus hors du territoire des Etats-Unis à des personnes qui ne sont pas des *U.S. Persons*, au sens de la *Regulation S*.

Les Titres NRC qui ne sont pas désignés comme des Titres avec Restriction Permanente, ou tout droit dans ces Titres, ne peuvent être à aucun moment offerts ou vendus aux Etats-Unis ou à, ou pour le compte ou le bénéfice de, *U.S. Person* sauf en vertu d'une exemption aux exigences d'enregistrement du *Securities Act* dans une transaction qui n'obligera pas l'Emetteur ou le Garant, selon le cas, à devoir s'enregistrer au titre du *Investment Company Act*.

Les Titres Suédois NRC seront régis par le droit suédois et les Titres Finlandais NRC seront régis par le droit finlandais ou, dans le cas de tous autres Titres NRC, par toute autre droit précisé dans les Conditions Définitives applicables.

Titres SIS

Chaque Tranche de **Titres SIS** sera émise soit sous forme (i) de Titres au porteur (**Titres SIS au Porteur**) ou (ii) de Titres NRC (**Titres SIS NRC**), qui, dans les deux cas, sont ou doivent être déposés ou enregistrés auprès de, et compensés par le *Swiss securities services corporation*, SIS SIX Ltd (**SIS**) ou tout autre établissement de compensation agréé à cette fin par SIX Swiss Exchange (**SIX Swiss Exchange**). Les Conditions Définitives applicables indiqueront si les Titres SIS seront des Titres SIS CHF ou d'Autres Titres SIS ou des Titres SIS NRC (tel que chacun de ces termes est défini ci-dessous).

Titres SIS au Porteur

Chaque Tranche de Titres SIS au Porteur sera représentée par un Titre global permanent, qui sera déposé par l'Agent Payeur Suisse Principal auprès de SIS ou de tout autre intermédiaire en Suisse agréé à cette fin par SIX Swiss Exchange (SIS ou tout autre intermédiaire agréé, l'**Intermédiaire**) à la date ou avant la date d'émission initiale de la Tranche. Une fois que le Titre global permanent a été déposé auprès de l'Intermédiaire et crédité aux comptes d'un ou plusieurs participants de l'Intermédiaire, les Titres SIS au Porteur ainsi représentés constitueront des titres intermédiés (*Bucheffekten*) au sens de la loi fédérale suisse sur les titres intermédiés (*Bucheffektengesetz*) (**Titres Intermédiés**). Chaque titulaire de Titres SIS au Porteur détient un droit dans une copropriété (*Miteigentumsanteil*) sur le Titre global permanent représentant ces Titres SIS au Porteur à due proportion de la quote-part de sa créance sur l'Emetteur, étant précisé qu'aussi longtemps que le Titre global permanent reste déposé auprès de l'Intermédiaire, le droit dans la copropriété sera suspendu et les Titres SIS au Porteur ne pourront être transférés que par l'inscription des Titres SIS au Porteur transférés sur un compte-titres du bénéficiaire. Les registres de l'Intermédiaire détermineront le nombre de Titres SIS au Porteur détenus par chaque participant de l'Intermédiaire. Concernant les Titres SIS au Porteur détenus sous la forme de Titres Intermédiés, les titulaires de ces Titres SIS au Porteur seront les personnes détenant ces Titres SIS au Porteur dans un compte-titres (*Effektenkonto*) qui est à leur nom, ou, s'agissant d'intermédiaires (*Verwahrungsstellen*), les intermédiaires (*Verwahrungsstellen*) détenant ces Titres SIS au Porteur pour leur propre compte dans un compte-titres (*Effektenkonto*) à leur nom (et les termes "Titulaire de Titres" et "titulaire de Titres" et les

expressions y afférentes devront être interprétés en conséquence).

Les Titres SIS au Porteur libellés en Francs suisses bénéficient d'une dérogation limitée à l'exigence de certification des Règles TEFRA D, si ces Titres SIS au Porteur remplissent les exigences indiquées ci-dessous. Les Titres SIS au Porteur libellés en Francs suisses qui satisfont à ces exigences sont ci-après dénommés **Titres SIS CHF**. Les Titres SIS au Porteur libellés en Francs suisses qui ne satisfont pas à ces exigences et les Titres SIS au Porteur libellés dans une devise approuvée par SIS autre que les Francs suisses sont ci-après dénommés **Autres Titres SIS**. Des procédures spéciales doivent être suivies pour les Titres SIS CHF, afin que ces Titres soient exemptés de Certification (telle que définie ci-dessous). Chacun des Agents Placeurs concernés doit avoir fait les déclarations et pris les engagements suivants dans le Contrat d'Agent Placeur: (a) il se conformera aux restrictions de vente U.S. dans la mesure où elles s'appliquent aux Titres SIS CHF et (b) l'offre et la vente des Titres SIS CHF ont été et seront effectuées conformément aux lois et réglementations suisses. Les critères suivants doivent être respectés pour que cette dérogation limitée à l'obligation de certification des Règles TEFRA D s'applique:

- (1) les intérêts et le principal des Titres SIS CHF sont libellés exclusivement en Francs suisses;
- (2) les intérêts et le principal des Titres SIS CHF sont payables exclusivement en Suisse;
- (3) les Titres SIS CHF sont offerts et vendus conformément aux pratiques et à la documentation usuelles en Suisse;
- (4) les Agents Placeurs concernés s'obligent à déployer des efforts raisonnables pour vendre les Titres SIS CHF en Suisse;
- (5) les Titres SIS CHF ne sont pas admis à la cote officielle, et ne font pas l'objet d'une demande d'admission à la cote officielle, d'une bourse située hors de Suisse;
- (6) l'émission des Titres SIS CHF est soumise aux directives ou restrictions imposées par les autorités gouvernementales, bancaires ou boursières suisses; et
- (7) plus de 80 pour cent en valeur des Titres SIS CHF inclus dans l'offre dont ils font partie sont offerts et vendus à des tiers qui ne sont pas des Agents Placeurs, par des Agents Placeurs ayant un établissement situé en Suisse.

Aucun titulaire de Titres SIS au Porteur n'aura à aucun moment le droit d'effectuer ou de demander la conversion du Titre global permanent représentant ces Titres SIS au Porteur en Titres SIS au Porteur sous forme définitive (**Titres SIS Définitifs au Porteur**) ou en Titres SIS au Porteur non représentés par un certificat ou le droit d'en effectuer ou d'en demander la délivrance.

Aucune livraison physique de Titres SIS au Porteur ne pourra avoir lieu, à moins que et jusqu'à ce que des Titres SIS Définitifs au Porteur aient été imprimés. Le Titre global permanent concerné sera uniquement échangeable en totalité, mais non en partie, contre des Titres SIS Définitifs au Porteur et les Titres SIS Définitifs au Porteur pourront uniquement être imprimés lorsqu'un Cas d'Echange (tel que défini ci-dessous dans la section "Echange en cas de survenance d'un Cas d'Echange") se produit. Lorsqu'un Cas d'Echange se produit, l'Agent Payeur Suisse Principal ou le chef de file du syndicat de placement concerné, selon le cas, effectuera l'impression des Titres SIS Définitifs au Porteur sans frais pour les titulaires des Titres SIS au Porteur concernés. En cas de délivrance de Titres SIS Définitifs au Porteur, les Titres SIS au Porteur concernés seront immédiatement annulés par l'Agent Payeur Suisse Principal ou le chef de file du syndicat de placement concerné, selon le cas, et les Titres SIS Définitifs au Porteur seront délivrés aux titulaires concernés contre annulation des Titres SIS au Porteur concernés dans les comptes-titres de ces titulaires.

Les Titres SIS au Porteur seront régis par le droit anglais.

Titres SIS NRC

Chaque Tranche de Titres SIS NRC sera enregistrée dans le registre principal (*Hauptregister*) de l'Intermédiaire à la date ou avant la date de leur émission. Une fois que les Titres SIS NRC sont enregistrés dans le registre principal (*Hauptregister*) de l'Intermédiaire, les Titres SIS NRC constitueront des Titres Intermédiés.

Aussi longtemps que les Titres SIS NRC constitueront des Titres Intermédiés, ils ne pourront être transférés que par l'inscription des Titres SIS NRC transférés sur un compte-titres de l'acquéreur.

Les registres de l'Intermédiaire détermineront le nombre de Titres SIS NRC détenus par chaque participant de l'Intermédiaire. Concernant les Titres SIS NRC détenus sous forme de Titres Intermédiés, les titulaires de ces Titres SIS NRC seront les personnes détenant ces Titres SIS NRC dans un compte-titres (*Effektenkonto*) qui est à leur nom, ou, s'agissant d'intermédiaires (*Verwahrungsstellen*), les intermédiaires (*Verwahrungsstellen*) détenant ces Titres SIS NRC dans un compte-titres pour leur propre compte dans un compte-titres (*Effektenkonto*) à leur nom (et les termes "Titulaire de Titres" et "titulaire de Titres" et les expressions connexes devront être interprétés en conséquence). Aucun titulaire de Titres SIS NRC n'aura à aucun moment le droit d'effectuer ou de demander la conversion de ces Titres SIS NRC en un Titre global permanent ou en Titres définitifs ou le droit d'en effectuer ou d'en demander la délivrance.

Les Titres SIS NRC seront régis par le droit anglais.

Titres de Droit Français

Chaque Tranche de Titres de Droit Français sera émise soit sous forme de Titres Matérialisés soit sous forme de Titres Dématérialisés, comme indiqué dans les Conditions Définitives applicables.

Les Titres de Droit Français qui sont désignés dans les Conditions Définitives comme des Titres avec Restriction Permanente ou tout droit sur ceux-ci ne peuvent pas être offerts ni vendus aux Etats-Unis, ni à une *U.S. Person*, ni pour son compte ou à son bénéficiaire. Toute opération future de transfert, revente, nantissement ou livraison de ces Titres de Droit Français ou de tout droit sur ceux-ci, ne pourra intervenir qu'en conformité avec les conditions de revente définies dans la *Regulation S* prise pour l'application du *U.S. Securities Act*.

Les Titres de droit Français qui ne sont pas désignés comme des Titres avec Restriction Permanente ou tout droit sur ceux-ci ne peuvent pas être offerts ni vendus aux Etats-Unis, ni à une *U.S. Person*, ni pour son compte ou à son bénéficiaire, sauf en application d'une exception aux obligations d'enregistrement du *Securities Act* dans le cadre d'une transaction qui n'obligera pas l'Emetteur ou le Garant, selon le cas, à devoir s'enregistrer au titre du *Investment Company Act*.

Titres Dématérialisés

Le droit de propriété sur les Titres Dématérialisés prendra la forme d'inscriptions en compte conformément à l'article L. 211-3 du Code monétaire et financier. Aucun titre de propriété physique (y compris les certificats représentatifs visés à l'article R.211-7 du Code monétaire et financier) ne sera émis en représentation de Titres Dématérialisés.

Les Titres Dématérialisés sont émis, au gré de l'Emetteur, soit sous forme dématérialisée au porteur, auquel cas ils seront inscrits à la Date d'Emission de la Tranche de Titres Dématérialisés concernée dans les livres d'Euroclear France (**Euroclear France**) qui créditera les comptes des Teneurs de Compte Euroclear France (tels que définis dans les "*Modalités des Titres de Droit Français*"), y compris Euroclear et la banque dépositaire pour Clearstream, Luxembourg, ou revêtir la forme au nominatif, et, dans ce dernier cas, ils seront inscrits, au choix du Titulaire de Titres concerné (tel que défini dans les "*Modalités des Titres de Droit Français – Forme, Valeur Nominale et Titre de Propriété*"), soit au nominatif pur, sur un compte tenu par l'Emetteur, ou par un agent des registres (désigné dans les Conditions Définitives applicables) pour l'Emetteur, soit au

nominatif administré, sur les comptes des Teneurs de Compte Euroclear France désignés par les Titulaires de Titres concernés.

Un jour ouvré à Paris avant la Date d'Emission de chaque Tranche de Titres Dématérialisés, la Lettre Comptable relative à cette Tranche devra être déposée auprès d'Euroclear France en sa qualité de dépositaire central.

Titres Matérialisés

Les Titres Matérialisés revêtiront exclusivement la forme au porteur et ne pourront être émis qu'hors de France. Un certificat global provisoire au porteur, sans coupons d'intérêts attachés (un **Certificat Global Provisoire**) sera initialement émis en relation avec les Titres Matérialisés.

Lors du dépôt initial de ce Certificat Global Provisoire auprès du Dépositaire Commun, Euroclear ou Clearstream, Luxembourg (ou, si un souscripteur détient un compte auprès d'un système de compensation autre qu'Euroclear ou Clearstream, Luxembourg, lequel détient un compte directement ou indirectement chez Euroclear ou Clearstream, Luxembourg, cet autre système de compensation) créditera le compte de chaque souscripteur de ces Titres d'un montant nominal de Titres égal au montant nominal des Titres qu'il a souscrits et payés.

Certification attestant que les propriétaires effectifs ne sont pas des ressortissants des Etats-Unis

Titres au Porteur de Droit Anglais

Aussi longtemps qu'un Titre au Porteur (à l'exception de tous Titres SIS au Porteur, qui sont représentés par des Titres globaux permanents, tels que décrits ci-dessus) sera représenté par un Titre global provisoire, les paiements en principal, intérêts (éventuels) et autres montants payables sur les Titres, dus avant la Date d'Echange (telle que définie ci-dessous) seront effectués (sur présentation du Titre global provisoire, si le Titre global provisoire n'est pas destiné à être émis sous la forme d'un Nouveau Titre Global (NGN)) exclusivement à condition que la certification (sur un formulaire à fournir) attestant que les propriétaires effectifs de droits sur ce Titre ne sont pas des ressortissants des Etats-Unis, ou des personnes ayant acheté en vue de le revendre à une *U.S. person* (ci-après: la **Certification**), telle qu'exigée par les réglementations du Trésor Américain, (i) ait été reçue par Euroclear et/ou Clearstream, Luxembourg et qu'Euroclear et/ou Clearstream, Luxembourg, selon le cas, ait donné une certification identique (sur la base des Certifications qu'il aura reçues) à l'Agent Fiscal, ou (ii) dans le cas d'un Titre global provisoire ou d'un Certificat Global Provisoire détenu autrement que pour le compte d'Euroclear et/ou de Clearstream, Luxembourg, du titulaire de celui-ci.

A compter de la Date d'Echange (telle que définie ci-dessous) incluse, les droits sur le Titre global provisoire seront échangeables (gratuitement), sur demande formulée dans les conditions indiquées dans ce Titre, contre (i) des droits sur un Titre global permanent, ou, selon le cas, (ii) des Titres au Porteur Définitifs de la même Série, avec des Reçus, Coupons et Talons attachés (s'il y a lieu) (comme indiqué dans les Conditions Définitives applicables et sous réserve, dans le cas des Titres au Porteur Définitifs, de tel préavis spécifié dans le Titre global permanent), conformément aux modalités du Titre global provisoire, contre production de la Certification relative à la propriété effective décrite ci-dessus et exigée par les réglementations du Trésor Américain, à moins que cette Certification n'ait déjà été donnée en vertu des dispositions ci-dessus; étant cependant entendu que si le Titre global concerné est émis au titre d'une Tranche de Titres au Porteur décrite comme des Titres Partiellement Libérés dans les Conditions Définitives applicables, ce Titre global ne pourra être échangé contre des Titres au Porteur Définitifs et (s'il y a lieu) des Coupons, Reçus et/ou Talons tels que décrits ci-dessus, qu'à condition que le dernier paiement devant être effectué pour la libération intégrale de ces Titres Partiellement Libérés alors en circulation ait été effectué. L'échange d'un Titre global provisoire contre des droits sur un Titre global permanent ne sera opéré qu'à condition que des Titres au Porteur Définitifs n'aient pas déjà été émis. Si des Titres au Porteur Définitifs ont déjà été émis, le Titre global provisoire ne pourra ensuite être échangé contre des Titres au Porteur Définitifs qu'en vertu des modalités de ces derniers. Le titulaire d'un Titre global provisoire ne sera pas en droit de percevoir tout paiement en principal, intérêts ou

autre montant dû à compter de la Date d'Echange incluse à moins que l'échange du Titre global provisoire contre un droit sur un Titre global permanent ou, en cas de Titres au Porteur, contre des Titres au Porteur Définitifs, n'ait été indûment retenu ou refusé, en dépit de la production d'une Certification en bonne et due forme.

Les paiements en principal, intérêts (éventuels) ou autre montants sur un Titre global permanent seront effectués par l'intermédiaire d'Euroclear et/ou de Clearstream, Luxembourg, selon le cas, au titulaire de ce Titre global permanent ou à son ordre (contre présentation ou restitution (selon le cas) du Titre global permanent, si ce dernier n'est pas destiné à être émis sous la forme d'un Nouveau Titre Global (NGN)), sans aucune exigence de Certification.

Titres Matérialisés de Droit Français

Les Titres de Droit Français représentés par un Certificat Global Provisoire seront échangeables, en totalité mais non en partie, gratuitement pour le titulaire, à compter de la Date d'Echange incluse (telle que définie ci-dessus) contre des Titres au porteur matérialisés sous forme définitive (ces Titres seront ci-après dénommés: **Titres Définitifs Matérialisés au Porteur**), avec, s'il y a lieu, des Reçus, Coupons et Talons attachés:

- (i) si les Conditions Définitives applicables indiquent que ce Certificat Global Provisoire est émis en conformité avec les Règles C ou dans le cadre d'une transaction à laquelle les Règles TEFRA ne sont pas applicables; et
- (ii) autrement, sur production d'une certification attestant que ces Titres ne sont pas la propriété effective de ressortissants des Etats-Unis, dans la forme définie dans le Contrat de Service Financier de Droit Français (tel que défini dans les "*Modalités des Titres de Droit Français*" ci-dessous) contre des Titres Définitifs Matérialisés au Porteur.

A compter de la Date d'Echange incluse, le titulaire d'un Certificat Global Provisoire pourra restituer ce Certificat Global Provisoire à l'Agent Fiscal (tel que défini dans le Contrat de Service Financier de Droit Français) ou à son ordre. En échange de tout Certificat Global Provisoire, l'Emetteur livrera ou fera livrer des Titres Définitifs Matérialisés au Porteur dûment signés et authentifiés. Les Titres Définitifs Matérialisés au Porteur seront imprimés selon un procédé garantissant leur protection contre la falsification, conformément aux exigences légales et boursières applicables, dans la forme indiquée dans le Contrat de Service Financier de Droit Français ou une forme substantiellement identique.

Pour les besoins de la présente section ("*Certification attestant que les propriétaires effectifs ne sont pas des ressortissants des Etats-Unis* »), la **Date d'Echange** sera le lendemain de la plus tardive des deux dates suivantes: (i) 40 jours après l'émission du Titre global provisoire ou, selon le cas, du Certificat Global Provisoire, ou (ii) 40 jours après la date d'achèvement du placement de la Tranche concernée, telle que certifiée par l'Agent Placeur concerné (en cas d'émission non-syndiquée) ou le chef de file principal concerné (en cas d'émission syndiquée).

Acte d'Engagement (*Deed of Covenant*)

Si un Titre Global au Porteur est devenu exigible et remboursable conformément à ses Modalités, ou si la Date d'Echéance de ce Titre est survenue et si le paiement intégral du montant dû n'a pas été effectué conformément aux modalités du Titre Global au Porteur, ce Titre Global au Porteur deviendra caduc à 21 heures (heure de Londres) à cette date. Simultanément, les teneurs de comptes chez Euroclear et/ou Clearstream, Luxembourg, selon le cas, sur les comptes desquels les droits sur ce Titre global sont crédités, seront en droit d'agir directement contre l'Emetteur, sur la base des relevés de comptes fournis par Euroclear et/ou Clearstream, Luxembourg, conformément aux dispositions de l'Acte d'Engagement et sous réserve de ces dispositions.

Echange en cas de survenance d'un Cas d'Echange

Les Conditions Définitives applicables aux Titres de Droit Anglais émis sous forme globale, autres que des Titres SIS, spécifieront que le Titre global permanent ou le Titre Global Nominatif concerné (selon le cas) sera échangeable (gratuitement), en totalité mais non en partie, contre des Titres Définitifs au Porteur, avec Reçus, Coupons et Talons attachés (s'il y a lieu), ou, selon le cas, des Titres Nominatifs Définitifs, moyennant un préavis écrit de 60 jours au moins donné à l'Agent Fiscal par ou pour le compte d'Euroclear et/ou de Clearstream, Luxembourg, selon le cas, agissant sur instructions de tout titulaire d'un droit sur le Titre global permanent ou le Titre Global Nominatif, dans les conditions décrites dans ce Titre (sauf disposition contraire des Conditions Définitives applicables) ou, dans le cas d'un Titre global permanent, si ce Titre est détenu autrement que pour le compte d'Euroclear ou de Clearstream, Luxembourg, donné par le porteur de ce Titre, en cas de survenance de l'une quelconque des circonstances décrites aux (i), (ii), (iii), (iv) ou (v) ci-dessous (chacune étant dénommée: un **Cas d'Echange**), ou par l'Emetteur en cas de survenance des circonstances décrites au (iv) ci-dessous; (i) s'il y a lieu, un Cas de Défaut (tel que défini à la Modalité 10 des Modalités des Titres de Droit Anglais et des Titres NRC) s'est produit et perdure; (ii) dans le cas de Titres Nominatifs enregistrés au nom d'un établissement mandataire de The Depository Trust Company (**DTC**), DTC a notifié à l'Emetteur qu'il n'est pas disposé à continuer à agir comme dépositaire des Titres ou est incapable de ce faire, et qu'il n'existe aucun système de compensation alternatif disponible, ou DTC a cessé de constituer une agence de compensation enregistrée en vertu de la *U.S. Exchange Act*; (iii) dans le cas d'un Titre global permanent ou d'un Titre Global Nominatif enregistré au nom d'un dépositaire commun pour Euroclear et/ou Clearstream, Luxembourg, l'Emetteur a été avisé qu'Euroclear et Clearstream, Luxembourg, ont tous deux été fermés pendant une période ininterrompue de 14 jours (autrement qu'en raison de jours fériés légaux ou autre) ou annoncent leur intention de cesser définitivement leur activité ou l'ont effectivement cessée, et aucun système de compensation successeur n'est disponible; (iv) à l'occasion du prochain paiement sur des Titres au Porteur, l'Emetteur serait tenu de payer des montants supplémentaires visés à la Modalité 8, et ce paiement ne serait pas exigé si les Titres étaient sous forme définitive; étant cependant entendu que si le Titre global concerné est émis au titre d'une Tranche de Titres au Porteur décrite comme des Titres Partiellement Libérés dans les Conditions Définitives applicables, ce Titre global ne pourra être échangé contre des Titres définitifs et (s'il y a lieu) des Coupons, Reçus et/ou Talons comme décrits ci-dessus qu'à condition que le dernier paiement exigé pour la libération intégrale de tous ces Titres Partiellement Libérés alors en circulation ait été payé; ou (v) dans le cas de Titres Nominatifs, l'Emetteur aurait subi ou subirait des conséquences fiscales défavorables qu'il ne subirait pas si ces Titres Nominatifs étaient représentés par un Titre Nominatif Définitif. L'Emetteur notifiera sans délai la survenance d'un Cas d'Echange aux Titulaires de Titres, conformément à la Modalité 15 des Modalités des Titres de Droit Anglais et des Titres Non Représentés par un Certificat. En cas de survenance d'un Cas d'Echange, DTC, Euroclear et/ou Clearstream, Luxembourg (agissant sur instructions de tout titulaire d'un droit sur ce Titre Global Nominatif) pourront adresser une notification demandant l'échange à l'Agent Fiscal ou, selon le cas, à l'Agent de Tenue des Registres, et, en cas de survenance d'un Cas d'Echange décrit au (v) ci-dessus, l'Emetteur pourra également adresser une notification demandant l'échange à l'Agent de Tenue des Registres. Tout échange de cette nature devra être effectué au plus tard 10 jours après la date de réception de la première notification de demande d'échange par l'Agent de tenue des Registres.

En ce qui concerne les Titres SIS au Porteur, le Titre global permanent ne sera pas échangeable à l'option des titulaires de ces Titres SIS au Porteur, mais pourra être échangé contre des Titres SIS Définitifs au Porteur, en totalité mais non en partie, si l'Agent Payeur Suisse Principal estime que (i) l'impression de Titres définitifs, Reçus ou Coupons est nécessaire ou utile, ou (ii) la présentation de Titres définitifs, Reçus ou Coupons est exigée par le droit suisse ou étranger en relation avec l'exercice par voie d'exécution forcée de droits (y compris en cas de faillite, consolidation ou réorganisation de l'Emetteur) (au titre de Titres SIS au Porteur, chacune de ces éventualités constituant un **Cas d'Echange**). En cas de délivrance de Titres SIS Définitifs au Porteur, les Titres SIS au Porteur concernés seront immédiatement annulés par l'Agent Payeur Suisse Principal, ou le chef de file du syndicat de placement, selon le cas, et les Titres SIS Définitifs au Porteur seront livrés aux titulaires concernés contre annulation des Titres SIS au Porteur concernés dans les comptes-titres de ces titulaires.

Légendes U.S.

La légende suivante apparaîtra sur tous les Titres au Porteur et les Titres Matérialisés d'une maturité initiale de plus d'un an, ainsi que sur tous les reçus, coupons d'intérêts et talons afférents à ces Titres:

"TOUTE *U.S. PERSON* QUI DETIENT LA PRESENTE OBLIGATION SERA ASSUJETTIE AUX LIMITATIONS IMPOSEES EN VERTU DE LA LEGISLATION FEDERALE AMERICAINE EN MATIERE D'IMPOSITION DES REVENUS ET DES BENEFICES, Y COMPRIS LES LIMITATIONS PREVUES AUX ARTICLES 165(j) ET 1287(a) DE L'*INTERNAL REVENUE CODE*."

Les articles visés ci-dessus disposent que les ressortissants des Etats-Unis (tels que définis dans le Code), sous réserve de certaines exceptions, ne pourront pas prétendre à la déductibilité fiscale des pertes sur des Titres au Porteur et des Titres Matérialisés (et, s'il y a lieu, sur les reçus, coupons d'intérêts ou talons), et ne bénéficieront pas du régime fiscal des plus-values au titre de toute plus-value réalisée sur la vente, la mutation, le remboursement ou le paiement du principal de ces Titres, reçus, coupons d'intérêts ou talons.

Les Titres Nominatifs sont également assujettis aux restrictions de transfert définies aux présentes et porteront une légende rappelant ces restrictions, comme indiqué à la Section "*Restrictions de Souscription, de Vente et de Transfert*".

Les Conditions Définitives, selon le modèle ci-dessous, seront rédigées pour chaque Tranche de Titres émise en vertu du Programme d'une valeur nominale au moins égale à 50.000 € (ou la contre-valeur de cette somme dans une autre devise).

CONDITIONS DEFINITIVES APPLICABLES

Les investisseurs doivent avoir une connaissance et une expérience suffisantes des questions financières et commerciales pour faire un examen approfondi des Titres et des risques et avantages associés à l'investissement dans une émission particulière de ces Titres, et ils doivent avoir accès à et connaître les outils analytiques permettant d'évaluer, à la lumière de leur situation financière individuelle, un investissement dans ces Titres. Certaines émissions de Titres ne constituent pas un investissement approprié pour des investisseurs qui ne sont pas avertis et ne possèdent pas les connaissances nécessaires dans le domaine des indexations de taux d'intérêt, devises ou autres indexations ou formules, ou en ce qui concerne les conditions de remboursement ou les autres droits ou options. Les investisseurs doivent également disposer de ressources financières suffisantes pour supporter les risques d'un investissement dans des Titres. Pour une description plus détaillée des risques liés à tout investissement dans les Titres, les investisseurs sont invités à lire la section du Prospectus du Programme d'Emission de Titres de Créance intitulée "*Facteurs de Risque*".

Les Titres et la Garantie n'ont été ni approuvés ni désapprouvés par l'*U.S. Securities and Exchange Commission* (la **SEC**), toute commission des opérations relatives à des instruments financiers d'un Etat des Etats-Unis ou toute autre autorité réglementaire américaine, et aucune des Autorités précitées n'a approuvé ni cautionné l'offre des Titres, ni l'exactitude ou le caractère adéquat du présent Prospectus relatif à un Programme d'Emission de Titres de Créance. Toute déclaration contraire constitue une infraction pénale aux Etats-Unis.

MODALITES DES TITRES DE DROIT ANGLAIS ET DES TITRES NON REPRESENTES PAR UN CERTIFICAT

Les dispositions suivantes, avec l'Annexe Technique (le cas échéant), constituent les Modalités des Titres régis par le droit anglais, y compris les Titres SIS (tels que définis à la Modalité 1); elles seront incorporées par référence dans chaque Titre global et chaque Titre définitif, mais uniquement, dans ce dernier cas, si cela est autorisé par la bourse ou par une autre autorité compétente (le cas échéant) et accepté par l'Emetteur et l'Acquéreur ou les Acquéreurs concernés au moment de l'émission, étant entendu que si cette incorporation par référence n'est pas ainsi autorisée et acceptée, ces Modalités seront reproduites sur ce Titre Définitif ou lui seront annexées. Les Modalités suivantes, avec l'Annexe Technique (le cas échéant), s'appliqueront aux Titres NRC, si le contexte le permet. Les Conditions Définitives applicables à toute Tranche de Titres peuvent spécifier d'autres modalités qui, dans la mesure où elles sont ainsi spécifiées ou contraires aux Modalités suivantes, remplacent ou modifient les Modalités suivantes pour les besoins de ces Titres (y compris, afin d'éviter toute ambiguïté, les Titres NRC). Les Conditions Définitives applicables (ou leurs dispositions pertinentes) seront reproduites sur, ou annexées ou incorporées par référence à chaque Titre global provisoire, chaque Titre global permanent et chaque Titre définitif, et seront réputées s'appliquer aux Titres NRC. Il convient de se reporter à la section "Forme des Titres" ci-dessus, pour une description du contenu des Conditions Définitives, qui préciseront parmi ces modalités celles qui s'appliqueront aux Titres concernés.

Ce Titre est l'un d'une Série (telle que définie ci-dessous) de Titres émis avec le bénéfice du Contrat de Service Financier (défini ci-dessous). Les références faites dans les présentes à l'**Emetteur** visent la partie spécifiée comme tel dans les Conditions Définitives applicables (telles que définies ci-dessous) et, en cas de substitution de l'Emetteur conformément à la Modalité 14, le **Débiteur Substitué** tel que défini à la Modalité 14. Les références faites dans les présentes aux **Titres** visent les Titres de cette Série et désignent:

- (i) s'agissant de tout(s) Titre(s) représenté(s) par un Titre global, des unités représentant chacune la Valeur Nominale et libellées dans la Devise Prévue d'émission;
- (ii) des Titres définitifs au porteur (**Titres Définitifs au Porteur**) émis en échange d'un Titre global;
- (iii) tout Titre global au porteur ou au nominatif (**Titre(s) Global(ux) au Porteur et Titre(s) Global(ux) Nominatif(s)**), respectivement, et chacun un **Titre global**);
- (iv) tout(s) Titre(s) NRC (tel(s) que défini(s) ci-dessous); et
- (v) tous Titres définitifs sous forme nominative (**Titres Définitifs Nominatifs**) (émis ou non en échange d'un Titre Global Nominatif).

Les Titres, les Reçus (tels que définis ci-dessous) et les Coupons (tels que définis ci-dessous) bénéficient d'un contrat de service financier modifié et mis à jour en date du 16 avril 2010 (le **Contrat de Service Financier**, cette expression désignant ce contrat tel qu'il pourra être modifié et/ou complété et/ou mis à jour de temps à autre), conclu notamment entre l'Emetteur, le Garant (tel que défini ci-dessous), Société Générale Bank & Trust en qualité d'agent fiscal et, si les Conditions Définitives applicables le prévoient, en qualité d'agent de calcul (l'**Agent Fiscal** et l'**Agent de Calcul** respectivement, ces expressions désignant également, dans chaque cas, tout agent successeur ou supplémentaire ou tout autre agent de calcul nommé de temps à autre et désigné comme tel dans les Conditions Définitives applicables), Société Générale Bank & Trust en qualité d'agent de tenue des registres, d'agent de transfert et d'agent d'échange (l'**Agent de Tenue des Registres**, l'**Agent de Transfert** et l'**Agent d'Echange** respectivement, ces expressions désignant également, dans chaque cas, tout agent de tenue des registres successeur ou supplémentaire, ou tout autre agent de transfert ou d'échange nommé de temps à autre), et les autres agents payeurs nommément indiqués dans ce contrat (ces agents payeurs étant dénommés, ensemble avec l'Agent Fiscal et l'Agent de tenue des Registres, les **Agents**

Payeurs, cette expression désignant également tous agents payeurs successeurs ou supplémentaires nommés de temps à autre). Les Agents Payeurs, l'Agent de Transfert, l'Agent d'Echange et l'Agent de Calcul sont désignés collectivement: les **Agents**.

En ce qui concerne les Titres NRC, à moins que le contexte n'exige qu'il en soit autrement, et excepté dans le cas où les termes définis dans le Contrat de Service Financier sont incorporés par référence dans les présentes, toute référence faite dans les présentes au Contrat de Service Financier sera interprétée, *mutatis mutandis*, comme une référence au(x) contrat(s) de service financier conclu(s) pour ces Titres NRC (et les références faites dans les présentes à l'Agent Fiscal, à l'Agent Payeur/aux Agents Payeurs ou à l'Agent de Calcul seront interprétées en conséquence).

Toute émission de Titres EUI (tels que définis ci-dessous) bénéficiera d'un contrat de service financier EUI (le **Contrat de Service Financier EUI**, cette expression devant être interprétée comme une référence à ce contrat tel qu'il pourra être modifié, complété et/ou mis à jour de temps à autre) conclu entre l'Emetteur, le Garant et l'agent, qui sera nommé dans les Conditions Définitives relatives aux Titres EUI (l'**Agent EUI**).

Toute émission de Titres SIS (tels que définis ci-dessous) bénéficiera d'un contrat de service financier suisse (le **Contrat de Service Financier Suisse**, cette expression devant être interprétée comme une référence à ce contrat tel qu'il pourra être modifié, complété et/ou mis à jour de temps à autre) conclu entre l'Emetteur, le Garant, les Agents Payeurs (excepté l'Agent de Tenue des Registres), l'agent payeur principal suisse et les autres agents payeurs suisses (l'**Agent Payeur Principal Suisse** et les **Agents Payeurs Suisses**, respectivement). Le modèle de Contrat de Service Financier Suisse est joint en annexe au Contrat de Service Financier.

Les Titres Définitifs au Porteur portant intérêts comporteront (sauf indication contraire des Conditions Définitives applicables) des coupons d'intérêts (**Coupons**), et, si les Conditions Définitives applicables le prévoient, des talons pour des Coupons supplémentaires (**Talons**) joints lors de l'émission. Toute référence faite dans les présentes à des "Coupons" ou "coupons" sera réputée désigner également, à moins que le contexte n'exige qu'il en soit autrement, les "Talons" ou "talons". Les Titres Définitifs au Porteur remboursables de manière échelonnée seront émis avec des reçus (**Reçus**) pour le paiement des échéances en principal (autre que l'échéance finale) joints lors de l'émission. Les Titres Globaux n'ont pas de Reçus, Coupons ou Talons joints lors de l'émission.

Toute référence faite dans les présentes aux **Titulaires de Titres** ou aux "**titulaires**" s'agissant d'un Titre quel qu'il soit désigne, dans le cas de Titres au Porteur, les porteurs des Titres et, dans le cas de Titres Nominatifs, les personnes au nom desquelles les Titres sont enregistrés, et devra être interprétée, s'agissant de tous Titres représentés par un Titre global et tous Titres NRC, dans chaque cas, tel que prévu ci-dessous. Toute référence faite dans les présentes à des **Titulaires de Reçus** désigne les titulaires des Reçus et toute référence faite dans les présentes à des **Titulaires de Coupons** désigne les titulaires des Coupons et désigne également, à moins que le contexte n'exige qu'il en soit autrement, les titulaires des Talons.

L'Emetteur peut émettre des Titres non représentés par un certificat et sous forme dématérialisée par inscription en compte (les **Titres NRC**). Les titulaires de Titres NRC (autres que les Titres SIS NRC) seront les personnes apparaissant dans les registres concernés conformément à la législation en vigueur et aux règles et réglementations applicables au dépositaire des titres et à l'établissement de compensation concernés, ou édictées par ceux-ci, et le terme "Titulaire de Titres" sera interprété en conséquence. Les Titres NRC seront uniquement transférables conformément à cette législation, ces règles et ces réglementations.

Toutes les références faites dans les présentes Modalités à des "Coupons", "Talons" ou "Reçus" ne s'appliquent pas aux Titres NRC ou aux Titres Nominatifs.

Toute référence faite dans les présentes à "Euroclear" et/ou "Clearstream, Luxembourg" (tel que chacun de ces termes est défini ci-dessous), sera réputée désigner également, si le contexte le permet, tout système de compensation supplémentaire ou de remplacement désigné comme tel dans les Conditions

Définitives applicables (y compris, sans caractère limitatif, Euroclear France et les Intermédiaires financiers habilités autorisés à tenir des comptes en Euroclear France (ensemble **Euroclear France**)); s'agissant des Titres SIS, SIX SIS Ltd, the Swiss securities services corporation (**SIS**) ou tout autre établissement de compensation jugé acceptable par SIX Swiss Exchange Ltd (**SIX Swiss Exchange**), et, s'agissant des Titres NRC, le dépositaire de titres et l'établissement de compensation concernés, y compris, sans caractère limitatif, SIS ou tout autre établissement de compensation jugé acceptable par SIX Swiss Exchange, Euroclear Sweden AB (**Euroclear Suède**), Euroclear Finland Ltd. (**Euroclear Finlande**) et, s'agissant des Titres Nominatifs représentés par un Titre Global *Rule 144A* ou des Titres Nominatifs représentés par un Titre Global *Regulation S*, la Depository Trust Company (**DTC**), tels qu'approuvés par l'Emetteur, le Garant (le cas échéant), l'Agent Fiscal, l'Agent de Tenue des Registres (dans le cas de Titres Nominatifs uniquement), Euroclear UK and Ireland (**EUI**) et, dans le cas de Titres cotés sur la Bourse de Luxembourg, la Bourse de Luxembourg.

Toute référence faite dans les présentes Modalités à des **Titres Suédois NRC** désigne des Titres NRC faisant l'objet d'un règlement par l'intermédiaire d'Euroclear Suède, et toute référence à des **Titres Finlandais NRC** désigne des Titres NRC faisant l'objet d'un règlement par l'intermédiaire d'Euroclear Finlande.

Les conditions définitives applicables à ce Titre (ou toutes autres dispositions pertinentes de celles-ci) sont précisées dans la Partie A des Conditions Définitives qui sont reproduites sur celui-ci, ou lui sont annexées ou incorporées par référence, ou, dans le cas des Titres NRC, ont été préparées en relation avec le présent Titre et complètent les présentes modalités (les **Modalités**). Si le présent Titre est un Titre NRC, les Conditions Définitives applicables sont réputées être applicables à ce Titre. Les Conditions Définitives applicables (ou toutes autres dispositions pertinentes de celles-ci) complètent les présentes Modalités et peuvent préciser d'autres modalités qui, dans la mesure où elles spécifieraient modifier ou contrediraient les présentes Modalités, remplaceraient ou modifieraient ces Modalités pour les besoins du présent Titre (y compris, afin d'éviter toute ambiguïté, tout Titre NRC). Les références faites dans les présentes aux **Conditions Définitives applicables** désignent la Partie A des Conditions Définitives (ou toutes autres dispositions pertinentes de celles-ci) et, s'il y a lieu, toutes annexes aux Conditions Définitives qui sont reproduites sur, annexées ou incorporées par référence aux présentes ou, s'agissant de Titres NRC, préparées en relation avec le présent Titre et réputées applicables à celui-ci.

Aux fins des présentes, **Tranche** désigne des Titres qui sont identiques à tous égards et **Série** désigne une Tranche de Titres et toute(s)Tranche(s) de Titres ultérieure(s) qui sont (a) stipulées consolidées et formant une seule série avec l'émission d'origine, et (b) identiques à tous égards, excepté en ce qui concerne leur Date d'Emission, leur Date de Début de Période d'Intérêts et/ou leur Prix d'Emission respectifs.

Des copies du Contrat de Service Financier, du Contrat de Service Financier Suisse (s'il y a lieu), de la Garantie, de l'acte d'engagement de l'Emetteur et du Garant dans le cadre de la *Rule 144A*, en date du 27 avril 2010 (le **Deed Poll**) et du *Deed of Covenant* (défini ci-dessous) sont disponibles pour consultation pendant les heures ouvrables normales au siège de chacun des Emetteurs concernés et, s'il y a lieu, du Garant, et dans l'établissement désigné de chacun des Agents Payeurs. Des copies des Conditions Définitives applicables sont disponibles sur le site internet www.bourse.lu et peuvent être obtenues au siège de l'Emetteur concerné et du Garant, et dans l'établissement désigné de chacun des Agents Payeurs, étant précisé que dans le cas où le présent Titre serait un Titre à Placement Privé (tel que défini ci-dessous), les Conditions Définitives applicables ne pourront être obtenues que par un Titulaire de Titres détenant un ou plusieurs de ces Titres, qui devra produire à l'Emetteur concerné, au Garant ou, selon le cas, à l'Agent Payeur concerné, une preuve jugée satisfaisante de sa détention de ces Titres et de son identité. Les Titulaires de Titres, les Titulaires de Reçus et les Titulaires de Coupons sont réputés avoir été avisés et bénéficiaire de, toutes les dispositions du Contrat de Service Financier, du Contrat de Service Financier Suisse (s'il y a lieu), de l'Acte de Gestion de Portefeuille (*Portfolio Management Deed*) (s'il y a lieu), de la Garantie (s'il y a lieu), du *Deed Poll* (s'il y a lieu), du *Deed of Covenant* et des Conditions Définitives applicables. Les dispositions des présentes Modalités contiennent des résumés, et s'entendent sous réserve, des dispositions détaillées du Contrat de Service Financier et, s'il y a lieu, du Contrat de Service Financier Suisse. Dans le présent paragraphe, **Titre à Placement Privé** désigne tout Titre qui n'est pas (i) offert au public dans l'EEE au titre de l'article 3.1 de la Directive 2003/71/CE (la **Directive**

Prospectus) (exception faite de ce qui est stipulé à l'article 3.2 de la Directive Prospectus), ou (ii) admis à la négociation dans l'EEE au titre de l'article 3.3 de la Directive Prospectus.

Les termes et expressions définis dans le Contrat de Service Financier ou employés dans les Conditions Définitives applicables auront la même signification lorsqu'ils sont employés dans les présentes Modalités, à moins que le contexte n'exige qu'il en soit autrement ou sauf disposition contraire, étant entendu qu'en cas de divergence entre le Contrat de Service Financier et les Conditions Définitives applicables, les Conditions Définitives applicables prévaudront.

En ce qui concerne les Titres détenus pour le compte d'Euroclear et/ou Clearstream, Luxembourg, les Titulaires de Titres, les Titulaires de Reçus et les Titulaires de Coupons bénéficient de l'acte d'engagement de l'Emetteur en date du 27 avril 2010 (le *Deed of Covenant*). L'original du *Deed of Covenant* est détenu par le dépositaire commun pour Euroclear et Clearstream, Luxembourg.

Dans les présentes Modalités, le **Garant** désigne Société Générale en sa qualité de garant en vertu de la Garantie (telle que définie dans la Modalité 3(d)) pour tous Titres émis par SGA Société Générale Acceptance N.V. et SG Option Europe. En conséquence, les références faites dans les présentes au Garant ne sont applicables que s'agissant de ces Titres.

1. Forme, Valeur Nominale et Propriété

Les Titres, exception faite des Titres NRC et des Titres au nominatif (**Titres Nominatifs**) sont émis au porteur et, dans le cas de Titres Définitifs au Porteur, numérotés en série, dans la Devise Prévvue et la ou les Valeur(s) Nominale(s) Indiquée(s) précisée(s) dans les Conditions Définitives applicables. Les Titres ayant une Valeur Nominale ne peuvent pas être échangés contre des Titres ayant une autre Valeur Nominale.

Les Titres NRC ne sont pas représentés par un certificat mais prennent la forme d'une inscription en compte. Aucun Titre global ou définitif ne sera émis s'agissant des Titres NRC, et les présentes Conditions Définitives doivent être interprétées en conséquence. Les Titres NRC seront uniquement transférables conformément à la législation en vigueur, et aux règles et aux réglementations applicables au dépositaire central de titres et à l'établissement de compensation concernés et édictées par ceux-ci, étant entendu que les Titres NRC, ou tout intérêt leur étant lié, ne pourront à aucun moment être transférés à un cessionnaire se trouvant aux Etats-Unis ou ayant la qualité de *U.S. Person*. La propriété des Titres NRC (autres que les Titres SIS NRC) sera transférée par voie d'inscription dans le registre que l'Emetteur fera tenir par un dépositaire central de titres et un établissement de compensation pour son compte. Dans tous les cas où un établissement mandataire sera ainsi missionné, il sera traité comme le titulaire des Titres NRC concernés.

Un **Titre SIS** est soit un Titre au Porteur (un **Titre SIS au Porteur**) ou un Titre NRC (un **Titre SIS NRC**) qui est, ou doit être, déposé ou enregistré auprès de, et compensé par, SIS. Les Titres SIS peuvent être libellés en Francs suisses ou dans d'autres devises approuvées par SIS. Les Conditions Définitives applicables indiqueront si les Titres SIS seront des Titres SIS CHF, d'Autres Titres SIS (tels que définis ci-dessous) ou des Titres SIS NRC.

Les Titres SIS au Porteur sont représentés par un Titre global permanent sans coupons d'intérêts, qui sera déposé par l'Agent Payeur Suisse Principal auprès de SIS ou de tout autre intermédiaire en Suisse agréé à cette fin par SIX Swiss Exchange (SIS ou tout intermédiaire agréé, l'**Intermédiaire**) à la date ou avant la date d'émission initiale de la Tranche. Une fois que le Titre global permanent représentant les Titres SIS au Porteur a été déposé auprès de l'Intermédiaire et crédité aux comptes d'un ou plusieurs participants de l'Intermédiaire, ces Titres SIS au Porteur constitueront des titres intermédiés (*Bucheffekten*), au sens de la loi fédérale suisse sur les titres intermédiés (*Bucheffektengesetz*) (**Titres Intermédiés**). Les Titres SIS au Porteur libellés en Francs suisses bénéficient d'une dérogation limitée à l'exigence de certification en forme au porteur des Règles TEFRA D, si ces Titres SIS au Porteur remplissent les exigences indiquées ci-dessous. Les Titres SIS au Porteur libellés en Francs Suisses qui satisfont à ces exigences sont ci-après dénommés **Titres SIS CHF**. Les Titres SIS au Porteur libellés en Francs Suisses qui ne satisfont pas à ces exigences et les Titres SIS au Porteur libellés dans

une devise approuvée par SIS autre que les Francs Suisses sont ci-après dénommés **Autres Titres SIS**. Les critères suivants doivent être respectés pour que cette dérogation limitée à l'obligation de certification des Règles TEFRA D s'applique:

- (a) les intérêts et le principal des Titres SIS CHF sont libellés exclusivement en Francs suisses;
- (b) les intérêts et le principal des Titres SIS CHF sont payables exclusivement en Suisse;
- (c) les Titres SIS CHF sont offerts et vendus conformément aux pratiques et à la documentation usuelles en Suisse;
- (d) les Agents Placeurs concernés s'obligent à déployer des efforts raisonnables pour vendre les Titres SIS CHF à l'intérieur de la Suisse;
- (e) les Titres SIS CHF ne sont pas admis à la cote officielle, et ne font pas l'objet d'une demande d'admission à la cote officielle, d'une bourse située hors de Suisse;
- (f) l'émission des Titres SIS CHF est soumise aux directives ou restrictions imposées par les autorités gouvernementales, bancaires ou boursières suisses; et
- (g) plus de 80 pour cent en valeur des Titres SIS CHF inclus dans l'offre dont ils font partie sont offerts et vendus à des personnes qui ne sont pas des Agents Placeurs, par des Agents Placeurs ayant un établissement situé en Suisse.

Les Titres SIS NRC seront enregistrés dans le registre principal (*Hauptregister*) de l'Intermédiaire à la date ou avant la date de leur émission. Une fois que les Titres SIS NRC sont enregistrés dans le registre principal (*Hauptregister*) de l'Intermédiaire, ces Titres SIS NRC constitueront des Titres Intermédiés.

Le présent Titre est un Titre à Taux Fixe, un Titre à Taux Flottant, un Titre Zéro Coupon, un Titre Indexé (que ce soit un Titre à Coupon Indexé et/ou un Titre à Remboursement Indexé), un Titre à Taux Fixe/Flottant, un Titre à Règlement Physique, un Titre Libellé en Deux Devises ou un Titre Partiellement Libéré ou une combinaison de plusieurs des titres précités, en fonction de ce qui est indiqué dans les Conditions Définitives applicables sous les rubriques "Intérêts/Paiement/Base de Remboursement", ou tout autre type de Titre indiqué dans les Conditions Définitives applicables. Les Titres émis par Société Générale pourront également être soit des Titres Subordonnés soit des Titres Non Subordonnés tel que cela sera indiqué dans les Conditions Définitives applicables. Tous les Titres émis par SGA Société Générale Acceptance N.V. et SG Option Europe seront décrits comme "Non Subordonnés" dans les Conditions Définitives applicables à ces Titres.

Toute référence faite dans les présentes à des **Titres à Règlement Physique** désigne toute Série de Titres spécifiée comme telle dans les Conditions Définitives applicables, étant précisé que ces Titres sont liés à un ou plusieurs Actifs Sous-Jacents décrits dans les Conditions Définitives applicables.

Les Titres Définitifs au Porteur sont émis avec des Coupons attachés, à moins qu'il ne s'agisse de Titres Zéro Coupon, auquel cas les références à des Coupons et Titulaires de Coupons faites dans les présentes Modalités ne seront pas applicables.

Dans le cas de Titres SIS, aucune impression de Titres définitifs, Reçus ou Coupons n'aura lieu (excepté, dans les conditions stipulées aux présentes, pour les Titres SIS au Porteur uniquement). Aucun titulaire de Titres SIS au Porteur n'aura à aucun moment le droit d'effectuer ou de demander la conversion du Titre global permanent représentant ces Titres SIS au Porteur en Titres SIS au Porteur sous forme définitive (**Titres SIS Définitifs au Porteur**) ou en Titres SIS au Porteur non représentés par un certificat, ou le droit d'en effectuer ou d'en demander la délivrance. Si (i) le chef de file du syndicat de placement concerné (dans le cas de Titres SIS au Porteur admis à la cote officielle du SIX Swiss Exchange) ou l'Agent Payeur Suisse Principal

(dans le cas de tous Titres SIS au Porteur non admis à la cote officielle ainsi qu'il est dit ci-dessus) estime que l'impression de Titres définitifs, Reçus ou Coupons est nécessaire ou utile, ou (ii) si la présentation de Titres définitifs, Reçus ou Coupons est exigée par le droit suisse ou étranger en relation avec l'exercice par voie d'exécution forcée de droits (y compris en cas de faillite, consolidation ou réorganisation de l'Emetteur) (au titre de Titres SIS au Porteur, chacune de ces éventualités constituant un **Cas d'Echange**), le chef de file du syndicat de placement concerné (dans le cas de Titres SIS au Porteur admis à la cote officielle de SIX Swiss Exchange) ou l'Agent Payeur Principal Suisse (dans le cas de Titres SIS au Porteur non admis à la cote officielle ainsi qu'il est dit ci-dessus) s'engagera à pourvoir à l'impression de ces Titres définitifs, Reçus et Coupons aux frais de l'Emetteur et sans frais pour les Titulaires de Titres concernés. L'Emetteur autorise irrévocablement le chef de file du syndicat de placement concerné (dans le cas de Titres SIS au Porteur admis à la cote officielle de SIX Swiss Exchange) ou l'Agent Payeur Principal Suisse (dans le cas de Titres SIS au Porteur non admis à la cote officielle ainsi qu'il est dit ci-dessus) à pourvoir à cette impression pour son compte. En cas de délivrance de Titres SIS Définitifs au Porteur, les Titres SIS au Porteur concernés seront immédiatement annulés par l'Agent Payeur Suisse Principal ou le chef de file du syndicat de placement, selon le cas, et les Titres SIS Définitifs au Porteur seront délivrés aux titulaires concernés contre annulation des Titres SIS au Porteur concernés dans les comptes-titres de ces titulaires. Sous réserve de ce qui est stipulé ci-dessous, la propriété de Titres au Porteur, Reçus et Coupons sera transférée par tradition. Sous réserve de ce qui est stipulé ci-dessous, l'Emetteur, le Garant et tout Agent Payeur considérera et traitera (sauf si la loi en dispose autrement) le porteur de tout Titre au Porteur, Reçu ou Coupon comme l'unique propriétaire de celui-ci (que celui-ci soit ou non arriéré et nonobstant toute notice de propriété ou autre légende apposée sur celui-ci, ou toute notice de perte ou vol antérieur de celui-ci) à tous effets et pour tous besoins, mais, dans le cas d'un Titre global, sans préjudice des dispositions figurant dans le paragraphe immédiatement suivant.

Aussi longtemps que l'un des Titres au Porteur (autre que des Titres SIS) ou des Titres Nominatifs sera représenté par un Titre global détenu pour le compte de, ou, dans le cas de Titres Nominatifs, par un dépositaire commun pour le compte de, Euroclear Bank S.A./N.V. (**Euroclear**) et/ou Clearstream Banking, société anonyme (**Clearstream, Luxembourg**), chaque personne (autre que Euroclear ou Clearstream, Luxembourg), qui sera inscrite au moment considéré dans les livres de Euroclear et/ou Clearstream, Luxembourg, en tant que détenteur d'un montant nominal particulier de ces Titres (à cet égard, tout certificat ou autre document délivré par Euroclear ou Clearstream, Luxembourg, à propos du montant nominal de Titres inscrits sur le compte d'une personne, fera foi et sera obligatoire à tous égards, sauf erreur manifeste), sera traitée par l'Emetteur, le Garant et tout Agent Payeur comme le détenteur de ce montant nominal de Titres à tous effets, excepté pour le paiement du principal ou des intérêts relatifs au montant nominal de ces Titres, pour les besoins duquel le porteur du Titre global concerné ou, selon le cas, le titulaire inscrit du Titre Global Nominatif concerné, sera traité par l'Emetteur, le Garant et tout Agent Payeur comme le détenteur du montant nominal de ces Titres, conformément à, et sous réserve des modalités du Titre global concerné (et les expressions "Titulaire de Titres" et "détenteur de Titres" ainsi que toutes expressions apparentées seront interprétées en conséquence). Dans le cas de Titres SIS au Porteur, chaque titulaire de Titres SIS au Porteur détiendra un droit dans une copropriété (*Miteigentumsanteil*) sur le Titre global permanent représentant ces Titres SIS au Porteur à due proportion de la quote-part de sa créance sur l'Emetteur, étant précisé qu'aussi longtemps que le Titre global permanent reste déposé auprès de l'Intermédiaire, le droit dans la copropriété sera suspendu et les Titres SIS au Porteur ne pourront être transférés que par l'inscription des Titres SIS au Porteur transférés sur un compte-titres de l'acquéreur. Les registres de l'Intermédiaire détermineront le nombre de Titres SIS au Porteur détenus par chaque participant de l'Intermédiaire. Concernant les Titres SIS au Porteur détenus sous la forme de Titres Intermédiés, les titulaires de ces Titres SIS au Porteur seront les personnes détenant ces Titres SIS au Porteur dans un compte-titres (*Effektenkonto*) qui est à leur nom, ou, s'agissant d'intermédiaires (*Verwahrungsstellen*), les intermédiaires (*Verwahrungsstellen*) détenant ces Titres SIS au Porteur pour leur propre compte dans un compte-titres (*Effektenkonto*) à leur nom (et les termes "Titulaire de Titres" et "titulaire de Titres" et les expressions y afférentes devront être interprétés en conséquence).

Aussi longtemps que la *Depository Trust Company (DTC)* ou son établissement mandataire est le propriétaire ou titulaire inscrit d'un Titre Global *Rule 144A* ou d'un Titre Global *Regulation S*, DTC ou cet établissement mandataire, selon le cas, sera considéré comme le seul propriétaire ou titulaire des Titres

représentés par ce Titre Global *Rule 144A* ou ce Titre Global *Regulation S* à tous effets au titre du Contrat de Service Financier et des Titres, excepté dans la mesure où, conformément aux règles et procédures publiées de DTC, des droits de propriété quelconques peuvent être exercés par ses participants ou des propriétaires effectifs de titres par l'intermédiaire de participants (et les expressions "Titulaire de Titres" et "détenteur de Titres" ainsi que toutes expressions apparentées seront interprétées en conséquence).

Les Titres qui sont représentés par un Titre global détenu pour le compte d'Euroclear, Clearstream, Luxembourg ou DTC seront uniquement transférables conformément aux règles et procédures de Euroclear, Clearstream, Luxembourg ou DTC (selon le cas) en vigueur au moment considéré. Les références à DTC, Euroclear et/ou Clearstream, Luxembourg, et/ou à SIX SIS Ltd. sont réputées inclure, si le contexte le permet, une référence à tout système de compensation supplémentaire ou de remplacement spécifié dans les Conditions Définitives applicables.

Les Titres EUI pourront aussi être détenus en forme nominative non représentée par un certificat (ces titres sont des **Titres EUI**) conformément aux *Uncertificated Securities Regulations 2001*, incluant toute modification ou nouvelle réglementation y afférent applicable à un moment donné (les **Réglementations**). Les Titres EUI sont des titres de participation (*participating securities*) au sens des Réglementations. La propriété des Titres EUI est enregistrée sur le registre Opérateur des titres. L'Agent EUI, pour le compte de l'Emetteur, devra, dans le cadre des Titres EUI, maintenir un registre des titres non représentés par un certificat conformément aux registres de Euroclear UK & Ireland Limited (**EUI**) (anciennement connu sous le nom de CRESTCo Limited) (le **Registre**) et devra s'assurer que le Registre est régulièrement mis à jour afin de refléter le registre Opérateur des titres conformément aux règles et pratiques de l'Opérateur applicables de temps à autre. Sous réserve de cette exigence, (i) chaque personne qui pour la période concernée apparaît dans le Registre comme le titulaire d'un nombre particulier de Titres EUI sera traité par l'Emetteur et l'Agent EUI comme le titulaire de ce nombre de Titres EUI à toute fin (et l'expression **Titulaire de Titres EUI** et les expressions liées devront être interprétées en conséquence), et (ii) ni l'Emetteur, le Garant, ou l'Agent EUI ne sera responsable de tout acte, toute chose faite ou omise par lui ou pour son compte sur la base de l'hypothèse que les éléments enregistrés dans le Registre tenu par l'Agent EUI sont conformes avec les éléments enregistrés dans le registre Opérateur des titres relatifs aux Titres EUI. En tant que de besoin, il est précisé qu'en cas de différence dans l'information contenue dans le Registre et le registre des Titres en forme nominative tenue au siège social de l'Emetteur, le registre tenu au siège social de l'Emetteur prévaudra au regard du droit luxembourgeois.

Aucune disposition des présentes Modalités ne pourra s'appliquer ni n'aura d'effet dès lors que celle-ci présentera une quelconque incohérence avec (i) le fait de détenir des Titres EUI, (ii) le transfert des Titres EUI par le biais d'un système déterminé ou (iii) les Réglementations. Sans préjudice de ce qui précède, et nonobstant toute disposition des présentes Modalités ou des Conditions Définitives applicables, aussi longtemps que les Titres EUI seront des titres de participation, (a) tous Titres EUI qui ne sont pas au moment considéré parfaitement identiques à, ou n'ont pas au moment considéré des droits y afférents complètement identiques à ceux attachés à d'autres Titres EUI de la même Série, seront réputés constituer une Série distincte de Titres EUI, (b) le registre Opérateur des titres relatifs aux Titres EUI sera maintenu à tout moment au Royaume-Uni, (c) les Titres EUI pourront être émis dans une forme non représentée par un certificat conformément aux Réglementations et sous réserve de leurs dispositions; et (d) en tant que de besoin, il est précisé que les présentes Modalités et les Conditions Définitives applicables concernant des Titres EUI resteront applicables et ce nonobstant le fait qu'elles ne soient pas inscrites sur un certificat quelconque pour ces Titres EUI.

Tels qu'utilisés ici, chacun des termes "registre Opérateur des titres", "titres de participation", "enregistrement de titres non représentés par un certificat" et "système déterminé" ont la signification qui leur donnée dans les Réglementations et l'"Opérateur" Concerné (tel que ce terme est utilisé dans les Réglementations) est EUI (anciennement CRESTCo. Limited) ou tout opérateur additionnel ou alternatif tel qu'approuvé de temps à autre par l'Emetteur, le Garant, et l'Agent EUI en relation avec les Titres EUI et conformément aux Réglementations. Toute référence à l'Opérateur devra, quand le contexte le permet, être réputée inclure une référence à tout Opérateur additionnel ou alternatif de temps à autre et notifié aux Titulaires de Titres EUI.

Toute indication ici que l'Opérateur "devra" faire, ou toute expression similaire ou phrase indiquant qu'ils sont obligés à ou exécuteront toute mission ou obligation décrite dans ces Modalités et/ou les Conditions Définitives applicables, le cas échéant, est donnée sans que l'Émetteur, le Garant, l'Agent EUI ou l'Agent de Calcul n'assume une quelconque responsabilité pour cette action de l'Opérateur.

Les références dans ces Modalités à "Titres EUI", devront inclure, si le contexte le permet, les *Depository Interests* (tel que défini dans l'Acte d'Engagement CREST) représentant les Titres, émis par *CREST Depository Limited* sous réserve de, et en conformité avec, l'Acte d'Engagement Global.

Les références à l'Acte d'Engagement Global CREST renvoient à l'acte d'engagement global (*Global Deed Poll*) en date du 25 juin 2001, tel que postérieurement modifié, complété et/ou réécrit.

Dans le cas de Titres SIS NRC, les registres de l'Intermédiaire détermineront le nombre de Titres SIS NRC détenus par chaque participant de l'Intermédiaire. Concernant les Titres SIS NRC détenus sous forme de Titres Intermédiés, les titulaires de ces Titres SIS NRC seront les personnes détenant ces Titres SIS NRC dans un compte-titres (*Effektenkonto*) qui est à leur nom, ou, s'agissant d'intermédiaires (*Verwahrungsstellen*), les intermédiaires (*Verwahrungsstellen*) détenant ces Titres SIS NRC dans un compte-titres pour leur propre compte dans un compte-titres (*Effektenkonto*) à leur nom (et les termes "Titulaire" et "titulaire de Titres" et les expressions connexes devront être interprétés en conséquence). Aussi longtemps que les Titres SIS NRC constituent des Titres Intermédiés, ils ne pourront être transférés que par l'inscription des Titres SIS NRC transférés sur un compte-titres de l'acquéreur. Aucun titulaire de Titres SIS NRC n'aura à aucun moment le droit d'effectuer ou de demander la conversion de ces Titres SIS NRC en un Titre global permanent ou en Titres définitifs ou le droit d'en effectuer ou d'en demander la délivrance.]

2. Transferts de Titres Nominatifs

(a) *Transferts des droits dans les Titres Globaux Nominatifs*

Les transferts des droits dans les Titres Globaux Nominatifs seront effectués par DTC, Euroclear ou Clearstream, Luxembourg, selon le cas, et, à leur tour, par d'autres participants et, s'il y a lieu, des participants indirects à ces systèmes de compensation agissant pour le compte des cédants et cessionnaires effectifs de ces droits. Sous réserve du respect de toutes les restrictions légales et réglementaires applicables, les droits dans un Titre Global Nominatif seront échangeables contre des Titres Définitifs Nominatifs ou des droits dans un autre Titre Global Nominatif, uniquement dans les Valeurs Nominales Indiquées spécifiées dans les Conditions Définitives applicables, et uniquement en conformité avec les règles et procédures opérationnelles de DTC, Euroclear ou Clearstream, Luxembourg, selon le cas, en vigueur au moment considéré, et conformément aux modalités du Contrat de Service Financier. Les transferts d'un Titre Global Nominatif enregistré au nom d'un établissement mandataire de DTC seront limités à des transferts de ce Titre Global Nominatif, en totalité et non en partie seulement, à un autre établissement mandataire de DTC ou à un successeur de DTC ou à l'établissement mandataire de ce successeur.

(b) *Transferts des Titres Définitifs Nominatifs*

Sous réserve des dispositions des paragraphes (e), (f) et (g) ci-dessous, et dans les termes et sous réserve des conditions stipulées dans le Contrat de Service Financier, un Titre Définitif Nominatif pourra être transféré en totalité ou en partie (dans les Valeurs Nominales Indiquées spécifiées dans les Conditions Définitives applicables). Afin d'effectuer un tel transfert, quel qu'il soit, (i) le ou les titulaires devront (A) restituer le Titre Définitif Nominatif pour enregistrement du transfert du Titre Définitif Nominatif (ou de la partie concernée du Titre Définitif Nominatif) à l'établissement désigné de l'Agent de Tenue des Registres ou de tout Agent de Transfert, avec le formulaire de transfert dûment signé par son ou ses titulaires ou son ou leur mandataire dûment autorisé par écrit, et (B) compléter et déposer telle autre attestation qui pourra être requise par l'Agent de Tenue des Registres ou, selon le cas, l'Agent de Transfert concerné, et (ii) l'Agent de Tenue des Registres ou, selon le cas, l'Agent de Transfert concerné, devra, après avoir procédé à des vérifications soigneuses, être satisfait des documents attestant de la propriété et de l'identité de la personne faisant la

demande de transfert. Tout transfert de cette nature sera soumis aux règles raisonnables que l'Emetteur et l'Agent de Tenue des Registres pourront prescrire de temps à autre (les règles initiales étant reproduites en Annexe 11 au Contrat de Service Financier). Sous réserve de ce qui est stipulé ci-dessus, l'Agent de Tenue des Registres ou, selon le cas, l'Agent de Transfert concerné authentifiera et délivrera, ou fera authentifier et délivrer au bénéficiaire du transfert, dans son établissement désigné ou lui enverra (aux risques du récipiendaire du transfert) par courrier non recommandé, à l'adresse demandée par le bénéficiaire du transfert, un nouveau Titre Définitif Nominatif de même valeur nominale totale que le Titre Définitif Nominatif (ou la partie concernée du Titre Définitif Nominatif) transféré, et ce dans les trois jours ouvrés (un jour ouvré étant, à cet effet, un jour où les banques sont ouvertes pour l'exercice de leur activité dans la ville où est situé l'établissement désigné de l'Agent de Tenue des Registres ou, selon le cas, l'Agent de Transfert concerné) suivant la demande (ou dans tel délai plus long qui pourra être exigé pour se conformer aux lois ou réglementations fiscales ou autres applicables). En cas de transfert d'une partie seulement d'un Titre Définitif Nominatif, un nouveau Titre Définitif Nominatif portant sur le solde du Titre Définitif Nominatif non transféré sera ainsi authentifié et délivré ou (aux risques du cédant) envoyé au cédant.

(c) *Enregistrement du transfert en cas de remboursement partiel*

En cas de remboursement partiel de Titres en vertu de la Modalité 7, l'Emetteur ne sera pas tenu d'enregistrer le transfert de tout Titre Nominatif, ou de la partie d'un Titre Nominatif, appelé au remboursement partiel.

(d) *Frais d'enregistrement*

Les Titulaires de Titres ne seront pas tenus de supporter les frais et charges d'un quelconque enregistrement de transfert tel que cela est précisé ci-dessus, exception faite des frais et coûts de livraison autre que par courrier simple non assuré et du paiement, si l'Emetteur l'exige, d'une somme suffisante pour couvrir tout droit de timbre ou toute autre taxe gouvernementale pouvant être imposée au titre de l'enregistrement.

(e) *Transferts des droits dans les Titres Globaux Regulation S et des Titres Globaux Nominatifs Non-US*

Les transferts par le titulaire d'un Titre Global *Regulation S*, ou des droits dans un Titre Global *Regulation S*, à un cessionnaire situé aux Etats-Unis ou qui est une *U.S. Person*, ne seront effectués qu'à réception par l'Agent de Tenue des Registres d'une attestation écrite du cédant du Titre ou des droits de celui-ci, dans la même forme que celle figurant dans le Contrat de Service Financier, modifiée en tant que de besoin (un **Certificat de Transfert**), dont des copies sont disponibles auprès de l'établissement désigné de l'Agent de Tenue des Registres ou de tout Agent de Transfert, attestant que ce transfert est effectué au profit d'une personne qui est un QP dont le cédant croit raisonnablement qu'elle est également un QIB, dans le cadre d'une transaction satisfaisant aux exigences de la *Rule 144A*, et conformément à toutes lois relatives à des instruments financiers applicables de tout Etat des Etats-Unis ou de toute autre juridiction.

Ce bénéficiaire du transfert pourra prendre livraison par le biais d'un Titre Marqué d'une Légende sous forme globale ou définitive.

Les transferts d'un Titre Global Nominatif Non-US ou des droits dans celui-ci ne peuvent à aucun moment être effectués au profit d'un cessionnaire se trouvant aux Etats-Unis, ni à une *U.S. Person* ou pour son compte ou à son profit, et toute offre, toute vente, toute revente, toute négociation, tout nantissement, tout remboursement, tout transfert ou toute livraison effectués directement ou indirectement aux Etats-Unis, ou à un ressortissant des Etats-Unis ou pour son compte ou à son profit, ne seront pas reconnus.

(f) *Transferts des droits dans des Titres Marqués d'une Légende*

Les transferts de Titres Marqués d'une Légende ou des droits dans ceux-ci peuvent être effectués:

- (i) à un cessionnaire qui prend livraison de ce droit sous la forme d'un Titre Global *Regulation S*, à réception par l'Agent de Tenue des Registres d'un Certificat de Transfert dûment complété par le cédant, attestant que ce transfert est effectué conformément à la *Regulation S*, et, que dans le cas d'un Titre Global *Regulation S* enregistré au nom d'un établissement mandataire de DTC, que les droits des Titres transférés seront détenus immédiatement après par l'intermédiaire de Euroclear et/ou Clearstream, Luxembourg; ou
- (ii) à un cessionnaire qui prend livraison de ce droit sous la forme d'un Titre Marqué d'une Légende, si le cessionnaire est un QP, dont le cédant croit raisonnablement qu'il est également un QIB, dans le cadre d'une transaction satisfaisant aux exigences de la *Rule 144A* sans certification; ou
- (iii) à un cessionnaire qui prend livraison de ce droit sous la forme de Titres représentés par un Titre Global Combiné, de la part d'un titulaire de Titres représentés par le Titre Global Combiné:
 - (A) avant l'expiration de la Période de Placement Réglementé, uniquement à réception par l'Agent de Tenue des Registres d'un Certificat de Transfert dûment complété émanant du cédant, attestant que ce transfert est effectué soit (x) à une personne qui est un QP, dont le cédant croit raisonnablement qu'elle est également un QIB, dans le cadre d'une transaction satisfaisant aux exigences de la *Rule 144A*, ou (y) à une personne qui n'est pas un ressortissant des Etats-Unis, dans le cadre d'une transaction *offshore* conformément à la *Regulation S*; et
 - (B) après l'expiration de la Période de Placement Réglementé, soit (x) à une personne qui est un QP, dont le cédant croit raisonnablement qu'elle est également un QIB, dans le cadre d'une transaction satisfaisant aux exigences de la *Rule 144A*, soit (y) à une personne qui n'est pas un ressortissant des Etats-Unis, dans le cadre d'une transaction *offshore* conformément à la *Regulation S*, mais, dans l'un et l'autre cas, sans certification;
- (iv) autrement en vertu de l'*U.S. Securities Act* ou d'une exemption d'application de celle-ci, sous réserve de la réception par l'Emetteur de telle preuve satisfaisante que l'Emetteur pourrait raisonnablement exiger, qui pourra inclure un avis d'un conseil juridique américain, établissant que ce transfert est opéré conformément au *U.S. Securities Act*, au *U.S. Investment Company Act* et à toutes lois relatives à des instruments financiers applicables de tout Etat des Etats-Unis,

et, dans chaque cas, conformément à toutes lois relatives à des instruments financiers applicables de tout Etat des Etats-Unis ou de toute autre juridiction. Des certifications additionnelles pourront être exigées, tel que cela est stipulé dans les Conditions Définitives applicables.

A l'occasion du transfert, de l'échange ou du remplacement de Titres Marqués d'une Légende, ou sur demande spécifique de suppression de la Légende, l'Agent de Tenue des Registres ne devra livrer que des Titres Marqués d'une Légende, ou refuser de supprimer la Légende, selon le cas, à moins qu'il ne soit fourni à l'Emetteur telle preuve satisfaisante qui pourrait être raisonnablement exigée par l'Emetteur, y compris un avis d'un conseil juridique américain, établissant que ni la Légende ni les restrictions de transfert qu'elle rappelle ne sont requises pour garantir le respect des dispositions de l'*U.S. Investment Company Act* et de l'*U.S. Securities Act*.

3. Rang de Créance des Titres et de la Garantie

(a) *Dans le cas de Titres Non Subordonnés émis par Société Générale*

Les **Titres Non Subordonnés** émis par Société Générale constituent des obligations directes, inconditionnelles et (sous réserve des dispositions de la Modalité 4) non assorties de sûretés et non subordonnées de l'Emetteur, et (sous réserve des dispositions précitées) viendront au même rang (*pari passu*) entre elles sans préférence et, sous réserve des dispositions impératives contraires de la loi en vigueur au moment considéré, avec toutes autres obligations directes, inconditionnelles, non assorties de sûretés et non subordonnées de l'Emetteur, présentes ou futures.

(b) *Dans le cas de Titres Subordonnés émis par Société Générale*

(i) *Généralités*

Les **Titres Subordonnés** (terme qui désigne à la fois les Titres Subordonnés (tels que décrits à la présente Modalité 3(b)(i)) avec une date d'échéance spécifiée (**Titres Subordonnés à Durée Déterminée**) ainsi que les Titres Subordonnés (tels que décrits à la présente Modalité 3(b)(i)) sans date d'échéance spécifiée (**Titres Subordonnés à Durée Indéterminée**)) émis par Société Générale constitueront des obligations directes, inconditionnelles, non assorties de sûretés et subordonnées de l'Emetteur, et viendront au même rang (*pari passu*) entre elles sans préférence et au même rang que toutes les autres obligations directes, inconditionnelles, non assorties de sûretés et subordonnées de l'Emetteur, présentes et futures, à l'exception des prêts participatifs consentis à l'Emetteur et des titres participatifs émis par l'Emetteur. Si un jugement quelconque est prononcé par tout tribunal compétent déclarant l'Emetteur en liquidation judiciaire, ou si l'Emetteur est liquidé pour tout autre motif, les droits au paiement des titulaires de Titres Subordonnés émis par Société Générale seront subordonnés au paiement intégral de tous créanciers non subordonnés (y compris les déposants), et, sous réserve de ce paiement intégral, les titulaires de ces Titres Subordonnés seront payés en priorité par rapport à tous prêts participatifs consentis à l'Emetteur et à tous titres participatifs émis par lui. En cas de paiement incomplet des créanciers non subordonnés, les obligations de l'Emetteur résultant des Titres Subordonnés émis par Société Générale seront éteintes. Les titulaires de ces Titres Subordonnés devront prendre toutes les mesures nécessaires pour le bon accomplissement de toute procédure collective ou liquidation volontaire.

(ii) *Dans le cas de Titres Subordonnés à Durée Déterminée émis par Société Générale*

Sauf disposition contraire des Conditions Définitives applicables, dans le cas de Titres Subordonnés à Durée Déterminée émis par Société Générale, les paiements d'intérêts constituent des obligations qui viennent au même rang (*pari passu*) avec les obligations de Société Générale résultant des Titres Non Subordonnés émis par Société Générale conformément à la Modalité 3(a).

Les produits de ces émissions seront classés parmi les fonds propres de Société Générale conformément à l'article 4(c) du Règlement N° 90-02 du Comité de la Réglementation bancaire et financière. Cette disposition n'affecte en aucun cas toute loi française applicable aux principes comptables sur l'allocation des pertes, ni les obligations des actionnaires, et n'affecte en rien les droits des Titulaires de Titres et (s'il y

(d) *Garantie dans le cas de Titres émis par SGA Société Générale Acceptance N.V. et SG Option Europe*

Le paiement à bonne date de tous montants dus par l'Emetteur au titre de toute Série de Titres émise par SGA Société Générale Acceptance N.V. ou SG Option Europe est inconditionnellement et irrévocablement garanti par le Garant, conformément aux dispositions de l'acte de garantie en langue française du 27 avril 2010 (la **Garantie**); étant entendu que (i) la Garantie ne s'applique pas à toute Série de Titres émise par SGA Société Générale Acceptance N.V. ou SG Option Europe à la date ou après la date de la Garantie, dans la mesure où, à la Date d'Emission de cette Série de Titres, la somme (A) du Montant Nominal Total de cette Série de Titres et (B) la somme des Montants Nominiaux Totaux de chaque Série de Titres émise par l'Emetteur et en circulation à cette Date d'Emission, convertis dans chaque cas en euro au taux de change au comptant applicable à cette Date d'Emission, serait égale à un montant excédant 125.000.000.000 € (la **Limite de la Garantie**), et (ii) dans le cas de Titres à Règlement Physique au titre desquels l'obligation garantie concernée de l'Emetteur est une obligation de transférer le ou les Actifs Sous-Jacents pour un Montant de Règlement Physique, le Garant sera obligé, à la place de ce transfert, de payer un montant en espèces dans la Devise Prévue concernée égal à la juste valeur de marché (telle que déterminée par l'Agent de Calcul à sa seule discrétion, mais d'une manière commercialement raisonnable, autour de la date prévue pour le transfert de l'Actif ou des Actifs Sous-Jacents est dû au titre du Montant de Règlement Physique) de l'Actif ou des Actifs Sous-Jacents correspondant(s) à ce Montant de Règlement Physique. Pour les besoins de la présente Modalité, toutes les références à "la Garantie" et expressions liées doivent s'entendre comme faisant référence à la Garantie et à la version en langue anglaise de la garantie conclue pour les Séries de Titres pour lesquelles la langue anglaise est la langue faisant foi (la **Garantie Anglaise**), et pour lesquelles le montant nominal des Titres couverts par la Garantie Anglaise n'excédera pas, quand ce montant sera ajouté (i) au montant nominal des Titres couverts dans le cadre de la Garantie et (ii) au Montant Nominal Total des Titres de chaque Série de Titres émis et non encore remboursés ou amortis.

La Garantie constitue une obligation directe, inconditionnelle, non assortie de sûretés et générale du Garant, et vient au même rang que toutes autres obligations directes, inconditionnelles, non assorties de sûretés et générales du Garant, présentes ou futures, y compris celles résultant de dépôts, mais à l'exclusion de toutes dettes privilégiées en vertu de la loi au moment considéré et ayant un rang prioritaire par rapport à toutes obligations subordonnées.

4. **Maintien de l'Emprunt à son Rang**

(a) *Maintien de l'Emprunt à son Rang dans le cas de Titres Non Subordonnés émis par Société Générale, ou de Titres garantis par Société Générale*

Si les Titres sont (i) des Titres Non Subordonnés émis par Société Générale, ou (ii) des Titres émis par SGA Société Générale Acceptance N.V. ou SG Option Europe et garantis par Société Générale en vertu de la Garantie, Société Générale ne devra pas, aussi longtemps que ces Titres, ou tous Reçus ou

Coupons s'y rapportant demeureront en circulation, consentir ni laisser exister une **Sûreté** (autre qu'une Sûreté Autorisée) sur ou en relation avec son fonds de commerce, son entreprise, ses actifs ou ses revenus présents ou futurs (y compris tout capital non encore appelé) afin de garantir toute Dette Concernée (telle que définie ci-dessous), à moins que Société Générale ne prenne toutes mesures nécessaires, préalablement ou simultanément à la création d'une Sûreté, et sans délai dans tout autre cas, afin de garantir que:

- (i) tous les montants payables par elle au titre des Titres et des Coupons soient garantis par la Sûreté à égalité avec, et au même rang que, la Dette Concernée; ou
- (ii) cette autre Sûreté ou accord (incluant ou non l'octroi d'une Sûreté) soit approuvé par une Résolution Extraordinaire (définie dans le Contrat de Service Financier comme une résolution dûment adoptée à la majorité des trois quarts au moins des votes exprimés) des Titulaires de Titres.

Pour les besoins des présentes Modalités:

Sûreté Autorisée désigne (i) toute Sûreté créée ou existant sur tous biens ou actifs (y compris les revenus, comptes, créances et autres paiements courants et/ou futurs) de Société Générale résultant de toute titrisation ou autre transaction de financement structuré similaire impliquant ces biens ou actifs, si les produits de ces biens ou actifs constituent la principale source de paiement de toutes obligations garanties par ces biens ou actifs (ou si le paiement de ces obligations est autrement garanti par ces biens ou actifs), et si le recours à l'encontre de Société Générale au titre de ces obligations ne s'étend pas aux cas de défaut des débiteurs, s'agissant de ces biens ou actifs; ou (ii) un privilège résultant exclusivement de l'application de la loi.

Dette Concernée désigne (i) toutes dettes présentes ou futures (en principal, prime, intérêts ou autres montants) au titre de tous titres de créance, obligations (y compris, sans caractère limitatif, les obligations tel que ce terme est défini en vertu de la loi française) ou autres valeurs mobilières, dans chaque cas de Société Générale, SGA Société Générale Acceptance N.V. ou SG Option Europe, qui sont (avec le consentement de l'Emetteur concerné) cotées, admises à la cote officielle ou négociées au moment considéré sur toute bourse ou tout marché réglementé, et (ii) toute obligation de garantie ou d'indemnisation au titre de l'une quelconque de ces dettes.

Sûreté désigne toute hypothèque, tout nantissement, tout gage, toute charge, tout privilège ou toute autre sûreté réelle.

*Afin d'éviter toute ambiguïté, il est confirmé que les Titres émis avant le 27 avril 2010 en vertu d'une version antérieure du Programme continueront de bénéficier de la clause de maintien de l'emprunt à son rang figurant dans les modalités de ces Titres.**

- (b) *Maintien de l'Emprunt à son Rang dans le cas de Titres émis par SGA Société Générale N.V. et SG Option Europe*

Si les Titres sont émis par SGA Société Générale Acceptance N.V. ou SG Option Europe, l'Emetteur concerné ne devra pas, aussi longtemps que ces Titres, ou tous Reçus ou Coupons s'y rapportant demeureront en circulation, consentir ni laisser exister une Sûreté sur ou en relation avec son fonds de commerce, son entreprise, ses actifs ou ses revenus présents ou futurs (y compris tout capital non encore appelé) afin de garantir toute Dette Concernée (telle que définie ci-dessous), à moins que l'Emetteur concerné ne prenne toutes mesures nécessaires, préalablement ou simultanément à la création d'une Sûreté, et sans délai dans tout autre cas, afin de garantir que:

* Ce paragraphe en italique ne fait pas partie des Modalités des Titres.

- (i) tous les montants payables par lui au titre des Titres et des Coupons soient garantis par la Sûreté à égalité avec, et au même rang que, la Dette Concernée; ou
- (ii) cette autre Sûreté ou accord (incluant ou non l'octroi d'une Sûreté) soit approuvé par une Résolution Extraordinaire (définie dans le Contrat de Service Financier comme une résolution dûment adoptée à la majorité des trois quarts au moins des votes exprimés) des Titulaires de Titres.

Dette Concernée désigne (i) toutes dettes présentes ou futures (en principal, prime, intérêts ou autres montants) au titre de tous titres de créance, obligations (y compris, sans caractère limitatif, les obligations tel que ce terme est défini en vertu de la loi française) ou autres valeurs mobilières, dans chaque cas de SGA Société Générale Acceptance N.V. ou SG Option Europe, qui sont (avec le consentement de l'Emetteur concerné) cotées, admises à la cote officielle ou négociées au moment considéré sur toute bourse ou tout marché réglementé, et (ii) toute obligation de garantie ou d'indemnisation au titre de l'une quelconque de ces dettes.

*Afin d'éviter toute ambiguïté, il est confirmé que les Titres émis avant le 27 avril 2010 en vertu d'une version antérieure du Programme continueront de bénéficier de la clause de maintien de l'emprunt à son rang figurant dans les modalités de ces Titres.**

5. Intérêts

(a) *Intérêts sur les Titres à Taux Fixe*

(1) Titres à Taux Fixe Non Ajusté

Sauf disposition contraire des Conditions Définitives applicables, chaque Titre à Taux Fixe Non Ajusté porte intérêt à compter de la Date de Début de Période d'Intérêts (incluse ou, s'il s'agit des Titres Suédois NRC, non incluse) au(x) taux annuel(s) égal(ux) au(x) Taux d'Intérêt. Les intérêts seront payables à terme échu à la Date ou aux Dates de Paiement des Intérêts de chaque année, jusqu'à la Date d'Echéance (incluse).

Sauf disposition contraire des Conditions Définitives applicables, si les Titres sont des Titres Définitifs au Porteur, le montant des intérêts payables à chaque Date de Paiement des Intérêts pour la Période d'Intérêts finissant à cette date, s'élèvera au Montant du Coupon Fixe. Les paiements d'intérêts à toute Date de Paiement des Intérêts s'élèvera, si les Conditions Définitives le prévoient, au Montant Brisé ainsi spécifié.

Excepté dans le cas de Titres qui sont des Titres Définitifs au Porteur pour lesquels un Montant de Coupon Fixe ou un Montant Brisé est prévu dans les Conditions Définitives applicables, les intérêts seront calculés pour toute période en appliquant le Taux d'Intérêt:

- (i) dans le cas de Titres à Taux Fixe qui sont des Titres NRC ou des Titres représentés par un Titre global, au montant nominal total des Titres en circulation de la Série concernée (ou, s'il s'agit de Titres Partiellement Libérés, au montant total libéré de ceux-ci); ou
- (ii) dans le cas de Titres à Taux Fixe qui sont des Titres Définitifs au Porteur ou des Titres Définitifs Nominatifs, au Montant de Calcul,

et, dans chaque cas, en multipliant cette somme par la Fraction de Décompte des Jours puis en arrondissant le chiffre ainsi obtenu à la sous-unité (telle que définie ci-dessous) la plus proche de la Devise Prévues concernée, la moitié d'une telle sous-unité étant arrondie à la hausse ou autrement, conformément aux Conditions Définitives applicables. Si la Valeur Nominale d'un Titre à Taux Fixe qui est un Titre Définitif au Porteur ou un Titre Définitif Nominatif est un multiple du Montant de Calcul, le montant des intérêts payables

* Ce paragraphe en italique ne fait pas partie des Modalités des Titres.

s'agissant de ce Titre à Taux Fixe sera le produit obtenu en multipliant le montant (déterminé de la manière stipulée ci-dessus) du Montant de Calcul et le montant par lequel le Montant de Calcul est multiplié pour atteindre la Valeur Nominale, sans aucun autre arrondi.

(2) Titres à Taux Fixe Ajusté

- (i) Sauf disposition contraire des Conditions Définitives applicables, chaque Titre à Taux Fixe Ajusté porte intérêt à compter de la Date de Début de Période d'Intérêts (incluse ou, s'il s'agit des Titres Suédois NRC, non incluse) spécifiée dans les Conditions Définitives applicables, et ces intérêts seront payables pour chaque Période d'Intérêts, à terme échu à la Date ou aux Dates de Paiement des Intérêts de chaque année spécifiée dans les Conditions Définitives applicables, étant précisé que (x) s'il n'existe aucun jour correspondant numériquement dans le mois calendaire au cours duquel une Date de Paiement des Intérêts doit normalement tomber, ou (y) si toute Date de Paiement des Intérêts doit autrement tomber un jour qui n'est pas un Jour Ouvré, et si la Convention de Jour Ouvré spécifiée est:
- (A) la **Convention de Jour Ouvré Suivant**, cette Date de Paiement des Intérêts (ou autre date) sera différée au Jour Ouvré suivant le plus proche; ou
- (B) la **Convention de Jour Ouvré Suivant Modifiée**, cette Date de Paiement des Intérêts (ou autre date) sera différée au Jour Ouvré suivant le plus proche, à moins qu'il ne tombe, ce faisant, dans le mois calendaire suivant, auquel cas cette Date de Paiement des Intérêts (ou autre date) sera avancée au Jour Ouvré précédent le plus proche; ou
- (C) la **Convention de Jour Ouvré Précédent**, cette Date de Paiement des Intérêts (ou autre date) sera avancée au Jour Ouvré précédent le plus proche,

et l'expression **Date de Paiement des Intérêts** devra être interprétée en conséquence.

- (ii) L'Agent Fiscal calculera le montant des intérêts (le **Montant des Intérêts à Taux Fixe Ajusté**) payable pour les Titres à Taux Fixe Ajusté pour la Période d'Intérêts concernée, en appliquant le Taux d'Intérêt:
- (A) dans le cas de Titres à Taux Fixe Ajusté qui sont des Titres NRC ou des Titres représentés par un Titre global, au montant nominal total des Titres en circulation de la Série concernée (ou, s'il s'agit de Titres Partiellement Libérés, au montant total libéré de ceux-ci); ou
- (B) dans le cas de Titres à Taux Fixe Ajusté qui sont des Titres Définitifs au Porteur ou des Titres Définitifs Nominatifs, au Montant de Calcul,

et, dans chaque cas, en multipliant cette somme par la Fraction de Décompte des Jours puis en arrondissant le chiffre ainsi obtenu à la sous-unité la plus proche de la Devise Prévue concernée, la moitié d'une telle sous-unité étant arrondie à la hausse ou autrement, conformément à la convention de marché applicable. Si la Valeur Nominale d'un Titre à Taux Fixe Ajusté qui est un Titre Définitif au Porteur ou un Titre Définitif Nominatif est un multiple du Montant de Calcul, le montant des intérêts payables sur ce Titre à Taux Fixe Ajusté sera le produit obtenu en multipliant le montant (déterminé de la manière stipulée ci-dessus) du Montant de Calcul et le montant par lequel le Montant de Calcul est multiplié pour atteindre la Valeur Nominale, sans aucun autre arrondi.

L'Agent Fiscal fera en sorte que le Montant des Intérêts à Taux Fixe Ajusté pour chaque Période d'Intérêts et la Date de Paiement des Intérêts concernée soient notifiés à l'Emetteur, au Garant et à toute bourse

sur laquelle les Titres à Taux Fixe Ajusté concernés sont alors admis à la cote officielle, et qu'un avis correspondant soit publié conformément à la Modalité 15, dès que possible après le calcul ou la détermination de ce montant et cette date (étant entendu qu'en cas de notification à toute bourse, cet avis sera donné au plus tard le premier jour de la Période d'Intérêts concernée, ou, si cela est impossible en raison de la date convenue pour cette détermination ou ce calcul, dès que possible à cette date ou après cette date). Chaque Montant d'Intérêts à Taux Fixe Ajusté et chaque Date de Paiement des Intérêts ainsi notifiés pourront ensuite être modifiés (ou des accords de remplacement appropriés pourront être pris par voie d'ajustement) sans notification préalable, en cas d'extension ou de raccourcissement de la Période d'Intérêts. Toute modification de cette nature sera notifiée sans délai à chaque bourse sur laquelle les Titres à Taux Fixe Ajusté concernés sont admis à la cote officielle au moment considéré, et aux Titulaires de Titres, conformément à la Modalité 15. Pour les besoins des présentes Modalités, l'expression **Jour Ouvré à Luxembourg** désigne un jour (autre qu'un samedi ou un dimanche) où les banques et marchés des changes sont ouverts pour la réalisation de transactions générales à Luxembourg.

(3) Définitions

- (A) Un **Titre à Taux Fixe** désigne un Titre portant intérêt à un taux fixe;
- (B) Un **Titre à Taux Fixe Non Ajusté** désigne un Titre à Taux Fixe dont le montant des intérêts et la Date de Paiement des Intérêts demeurent inchangés et sont calculés conformément à la Modalité 5(a)(1) ci-dessus;
- (C) Un **Titre à Taux Fixe Ajusté** désigne un Titre à Taux Fixe pour lequel le montant des intérêts et la Date de Paiement des Intérêts sont sujets à modification conformément à la Modalité 5(a)(2) ci-dessus.

Les Titres Indexés sur des Titres de Capital et les Titres Indexés sur Marchandises peuvent prévoir une méthode de calcul des intérêts s'agissant des Titres à Taux Fixe qui n'impose aucune Fraction de Décompte des Jours, car les intérêts payables à chaque Date de Paiement des Intérêts spécifiée sont déterminés en appliquant un pourcentage fixe spécifié à la Valeur Nominale, dans les termes détaillés dans les Conditions Définitives applicables et/ou en Annexe à celles-ci.

(b) *Intérêts sur les Titres à Taux Variable*

(i) *Dates de Paiement des Intérêts*

Sauf disposition contraire des Conditions Définitives applicables, chaque Titre à Taux Flottant, chaque Titre à Coupon Indexé et tout autre Titre dont les intérêts concernés ne sont pas déterminés en vertu d'un Taux d'Intérêt fixe (collectivement dénommés: les **Titres à Taux Variable**) portent intérêt à compter de la Date de Début de Période d'Intérêts (incluse ou, s'il s'agit des Titres Suédois NRC, non incluse) spécifiée dans les Conditions Définitives applicables, et ces intérêts seront payables pour chaque Période d'Intérêts, et à terme échu soit:

- (A) lors de la Date ou des Dates de Paiement des Intérêts chaque année, telle qu'elle est (sont) indiquée(s) dans les Conditions Définitives applicables; soit
- (B) si les Conditions Définitives applicables ne prévoient aucune Date de Paiement des Intérêts (telle que définie ci-dessus), à chaque date qui tombera à un nombre de mois, ou d'une autre période spécifiée comme étant la Période d'Intérêts Spécifiée dans les Conditions Définitives applicables, après la Date de Paiement des Intérêts précédente ou, dans le cas de la première Date de Paiement des Intérêts, après la Date de Début de Période d'Intérêts.

Si les Conditions Définitives applicables spécifient une Convention de Jour Ouvré, et (x) s'il n'existe aucun jour correspondant numériquement dans le mois calendaire au cours duquel une Date de

Païement des Intérêts doit normalement tomber, ou (y) si une Date de Paiement des Intérêts doit autrement tomber un jour qui n'est pas un Jour Ouvré, et si la Convention de Jour Ouvré spécifiée est:

- (C) dans le cas où des Périodes Indiquées sont spécifiées conformément à la Modalité 5(b)(i)(B) ci-dessus, la **Convention de Taux Flottant**, cette Date de Paiement des Intérêts (a) dans le cas visé au (x) ci-dessus, sera le dernier jour qui est un Jour Ouvré du mois concerné et les dispositions du (ii) ci-dessous s'appliqueront, *mutatis mutandis*, ou (b) dans le cas visé au (y) ci-dessus, cette Date de Paiement des Intérêts sera différée au jour suivant qui sera un Jour Ouvré, à moins qu'elle ne tombe de ce fait dans le mois calendaire suivant, auquel cas (i) cette Date de Paiement des Intérêts sera avancée au Jour Ouvré immédiatement précédent, et (ii) chaque Date de Paiement des Intérêts suivante sera le dernier Jour Ouvré du mois où tombera la Période Indiquée après la Date de Paiement des Intérêts applicable précédente; ou
- (D) la **Convention de Jour Ouvré Suivant**, cette Date de Paiement des Intérêts (ou autre date) sera différée au Jour Ouvré suivant; ou
- (E) la **Convention de Jour Ouvré Suivant Modifiée**, cette Date de Paiement des Intérêts (ou autre date) sera différée au Jour Ouvré suivant, à moins qu'elle ne tombe de ce fait dans le mois calendaire suivant, auquel cas cette Date de Paiement des Intérêts (ou autre date) sera avancée au Jour Ouvré immédiatement précédent; ou
- (F) la **Convention de Jour Ouvré Précédent**, cette Date de Paiement des Intérêts (ou autre date) sera avancée au Jour Ouvré immédiatement précédent.

Nonobstant les dispositions qui précèdent, si les Conditions Définitives applicables prévoient que la Convention de Jour Ouvré concernée doit être appliquée sur une base **non ajustée**, le Montant des Intérêts payable à toute date ne sera pas affecté par l'application de cette Convention de Jour Ouvré.

Dans la présente Modalité 5, **Jour Ouvré** désigne (sauf disposition contraire des Conditions Définitives applicables) un jour qui est à la fois:

- (G) un jour où les banques commerciales et les marchés des changes règlent des paiements et sont ouverts pour la réalisation de transactions générales (y compris des opérations de change et de dépôts en devises étrangères) dans tout(s) Centre(s) d'Affaires Additionnel(s) spécifié(s) dans les Conditions Définitives applicables; et
- (H) soit (x) s'agissant de toute somme payable dans une Devise Prévüe autre que l'euro, un jour où les banques commerciales et les marchés des changes règlent des paiements et sont ouverts pour la réalisation de transactions générales (y compris des opérations de change et de dépôts en devises étrangères) dans le principal centre financier du pays de la Devise Prévüe concernée (qui sera Sydney s'il ne s'agit pas d'un Centre d'Affaires Additionnel et si la Devise Prévüe est le dollar australien, et qui sera Montréal si la Devise Prévüe est le dollar canadien), ou (y) s'agissant de toute somme payable en euro, un jour où le Système TARGET2 fonctionne (un **Jour Ouvré TARGET2**). Dans les présentes Modalités, le **Système TARGET2** désigne le Système Européen de Transfert Automatisé de Règlements Bruts en Temps Réel (TARGET2).

(ii) *Taux d'Intérêt*

Le Taux d'Intérêt payable de temps à autre s'agissant des Titres à Taux Variable sera déterminé de la manière précisée dans les Conditions Définitives applicables, qui pourra être, sans caractère limitatif:

- (A) Détermination ISDA

Si les Conditions Définitives applicables prévoient que la Détermination ISDA est le mode de détermination du Taux d'Intérêt, le Taux d'Intérêt pour chaque Période d'Intérêts sera le Taux ISDA applicable plus ou moins (comme indiqué dans les Conditions Définitives applicables) la Marge (éventuelle). Pour les besoins du présent sous-paragraphe (A) le **Taux ISDA** pour une Période d'Intérêts désigne un taux égal au Taux Flottant qui serait déterminé par l'Agent Fiscal ou une autre personne désignée dans les Conditions Définitives applicables, dans le cadre d'une opération d'échange de taux d'intérêt, si l'Agent Fiscal ou cette autre personne agissaient en tant qu'Agent de Calcul pour cette opération d'échange de taux d'intérêt, selon les termes d'un contrat incorporant les Définitions ISDA (telles que définies ci-dessous), et en vertu de laquelle:

- (1) l'Option de Taux Flottant est celle spécifiée dans les Conditions Définitives applicables;
- (2) l'Echéance Désignée est une période spécifiée dans les Conditions Définitives applicables; et
- (3) la Date de Recalcul concernée est soit (x) si l'Option de Taux Flottant repose sur le taux interbancaire offert à Londres (**LIBOR**) ou sur le taux interbancaire offert dans la Zone-Euro (**EURIBOR**), le premier jour de cette Période d'Intérêts, soit (y) dans tout autre cas, la date spécifiée dans les Conditions Définitives applicables.

Pour les besoins du présent sous-paragraphe, **Taux Flottant**, **Agent de Calcul**, **Option de Taux Flottant**, **Echéance Désignée**, **Date de Recalcul** et **Zone-Euro** ont la signification qui leur est respectivement donnée dans les Définitions ISDA 2006 publiées par l'*International Swaps and Derivatives Association, Inc.* (les **Définitions ISDA**), telles que modifiées et actualisées à la Date d'Emission de la première Tranche des Titres de la Série concernée.

Si les Conditions Définitives applicables prévoient que la Détermination ISDA est le mode de détermination du Taux d'Intérêt, et sauf disposition contraire des Conditions Définitives applicables, le Taux d'Intérêt Minimum sera réputé égal à zéro.

(B) Détermination du Taux sur Page Ecran

Si les Conditions Définitives applicables prévoient que la Détermination du Taux sur Page Ecran est le mode de détermination du Taux d'Intérêt, le Taux d'Intérêt pour chaque Période d'Intérêts sera, sous réserve de ce qui est dit ci-dessous, soit:

- (1) la cotation offerte, soit
- (2) la moyenne arithmétique (arrondie, si besoin est, à la cinquième décimale, 0,000005 étant arrondi à la hausse) des cotations offertes,

(exprimées sous la forme d'un taux en pourcentage par an) pour le Taux de Référence qui apparaît ou apparaissent, selon le cas, sur la Page Ecran Concernée à l'Heure Spécifiée indiquée dans les Conditions Définitives applicables (qui sera 11 heures du matin, heure de Londres, dans le cas du LIBOR, ou 11 heures du matin, heure de Bruxelles, dans le cas de l'EURIBOR) à la Date de Détermination des Intérêts en question, plus ou moins (comme indiqué dans les Conditions Définitives applicables) la Marge (éventuelle), le tout étant déterminé par l'Agent Fiscal. Si cinq de ces cotations offertes ou davantage sont disponibles sur la Page Ecran Concernée, la cotation la plus élevée (ou, en cas de pluralité de cotations les plus élevées, une seule d'entre elles) et la cotation la plus basse (ou, en cas de pluralité de cotations les plus basses, une seule d'entre elles) seront écartées par l'Agent Fiscal pour déterminer la moyenne arithmétique (arrondie, ainsi qu'il a été dit ci-dessus) de ces cotations offertes.

Si la Page Ecran Concernée n'est pas disponible ou si, dans le cas visé au (1) ci-dessus, aucune cotation offerte n'apparaît ou, dans le cas visé au (2) ci-dessus, moins de trois cotations offertes apparaissent, dans chaque cas à l'Heure Spécifiée, l'Agent Fiscal devra demander au siège à Londres de chacune des Banques de Référence (telles que définies ci-dessous) de lui fournir sa cotation offerte (exprimée sous la forme d'un taux en pourcentage par an) pour le Taux de Référence, approximativement à l'Heure Spécifiée à la Date de Détermination des Intérêts en question. Si deux Banques de Référence ou davantage fournissent ces cotations offertes à l'Agent Fiscal, le Taux d'Intérêt pour la Période d'Intérêts concernée sera la moyenne arithmétique (arrondie, si besoin est, à la cinquième décimale, 0,000005 étant arrondi à la hausse) de ces cotations offertes, plus ou moins (selon le cas) la Marge (éventuelle), tel que le tout sera déterminé par l'Agent Fiscal.

Si, à une Date de Détermination des Intérêts quelconque, aucune des Banques de Référence ne fournit, ou une seule d'entre elles fournit à l'Agent Fiscal une cotation offerte telle que visée au paragraphe précédent, le Taux d'Intérêt pour la Période d'Intérêts concernée sera le taux annuel dont l'Agent Fiscal déterminera qu'il est égal à la moyenne arithmétique (arrondie, si besoin est, à la cinquième décimale, 0,000005 étant arrondi à la hausse) des taux, communiqués à l'Agent Fiscal (et à sa demande) par les Banques de Référence ou deux quelconque d'entre elles ou davantage, auxquels ces banques se sont vu offrir, aux environs de l'Heure Spécifiée à la Date de Détermination des Intérêts concernée, des dépôts dans la Devise Prévue pour une période égale à celle qui aurait été utilisée pour le Taux de Référence par des banques de première catégorie sur le marché interbancaire de Londres (si le Taux de Référence est le LIBOR) ou sur le marché interbancaire de la Zone-Euro (si le Taux de Référence est l'EURIBOR), plus ou moins (selon le cas) la Marge (éventuelle), ou, si moins de deux des Banques de Référence fournissent à l'Agent Fiscal ces taux offerts, le taux offert pour des dépôts dans la Devise Prévue pour une période égale à celle qui aurait été utilisée pour le Taux de Référence, ou la moyenne arithmétique (arrondie, ainsi qu'il est dit ci-dessus) des taux offerts pour des dépôts dans la Devise Prévue pour une période égale à celle qui aurait été utilisée pour le Taux de Référence, dont une ou plusieurs banques (jugée(s) acceptable(s) à cet effet par l'Emetteur) informeront l'Agent Fiscal, aux environs de l'Heure Spécifiée à la Date de Détermination des Intérêts concernée, qu'elles le proposent à des banques de première catégorie sur le marché interbancaire de Londres (si le Taux de Référence est le LIBOR) ou sur le marché interbancaire de la Zone-Euro (si le Taux de Référence est l'EURIBOR) (ou, selon le cas, les cotations de cette ou ces banques à l'Agent Fiscal) plus ou moins (selon le cas) la Marge (éventuelle); étant entendu que si le Taux d'Intérêt ne peut pas être déterminé conformément aux dispositions précédentes du présent paragraphe, le Taux d'Intérêt sera déterminé à la dernière Date de Détermination des Intérêts précédente (en remplaçant, si la Marge devant être appliquée à la Période d'Intérêts concernée est différente de celle qui s'appliquait à la dernière Période d'Intérêts précédente, la Marge qui s'appliquait à cette dernière Période d'Intérêts précédente par la Marge relative à la Période d'Intérêts concernée).

Banques de Référence désigne, dans le cas d'une détermination du LIBOR, le siège à Londres de quatre banques de premier rang sur le marché interbancaire de Londres et, dans le cas d'une détermination de l'EURIBOR, le siège dans la Zone Euro de quatre banques de premier rang sur le marché interbancaire de la Zone Euro, choisies, dans chaque cas, par l'Agent Fiscal ou spécifiées dans les Conditions Définitives applicables.

Si les Conditions Définitives applicables prévoient de temps à autre pour des Titres à Taux Flottant un autre Taux de Référence que le LIBOR ou l'EURIBOR, selon le cas, le Taux d'Intérêt de ces Titres sera déterminé conformément aux Conditions Définitives applicables.

(C) Autre Détermination

Si les Conditions Définitives applicables prévoient un autre mode de détermination du Taux d'Intérêt que la Détermination ISDA ou Détermination du Taux sur Page Ecran comme le mode de détermination du Taux d'Intérêt, le Taux d'Intérêt pour chaque Période d'Intérêts sera déterminé de la manière ainsi spécifiée (y compris par référence à l'Annexe Technique des Modalités, si les Conditions Définitives applicables le spécifient).

(iii) *Taux d'Intérêt Minimum et/ou Maximum et/ou Coefficient Multiplicateur*

Sous réserve des dispositions de la Modalité 5(b)(ii)(A), si les Conditions Définitives applicables prévoient un Taux d'Intérêt Minimum pour une Période d'Intérêts quelconque, alors, dans l'hypothèse où le Taux d'Intérêt déterminé pour cette Période d'Intérêts, conformément aux dispositions du paragraphe (ii) ci-dessus, est inférieur à ce Taux d'Intérêt Minimum, le Taux d'Intérêt applicable à cette Période d'Intérêts sera ce Taux d'Intérêt Minimum.

Si les Conditions Définitives applicables prévoient un Taux d'Intérêt Maximum pour une Période d'Intérêts quelconque, alors, dans l'hypothèse où le Taux d'Intérêt déterminé pour cette Période d'Intérêts, conformément aux dispositions du paragraphe (ii) ci-dessus, est supérieur à ce Taux d'Intérêt Maximum, le Taux d'Intérêt applicable à cette Période d'Intérêts sera ce Taux d'Intérêt Maximum.

Si les Conditions Définitives applicables prévoient un Coefficient Multiplicateur pour toute Période d'Intérêts, alors, le Taux d'Intérêt applicable pour une Période d'Intérêts quelconque sera multiplié par le Coefficient Multiplicateur, sous réserve, en toute hypothèse, du Taux d'Intérêt Minimum et/ou du Taux d'Intérêt Maximum décrits ci-dessus.

Si les Conditions Définitives applicables spécifient n/N ou n_b/N_b comme Coefficient Multiplicateur, les définitions suivantes s'appliqueront, sauf disposition contraire des Conditions Définitives applicables:

n désigne le nombre de jours calendaires de la Période d'Intérêts concernée pendant lesquels le Taux Benchmark a été égal ou supérieur au Taux Plancher et égal ou inférieur au Taux Plafond, dans chaque cas tel que déterminé par l'Agent de Calcul.

N désigne le nombre total de jours calendaires de la Période d'Intérêts concernée.

n_b désigne le nombre de Jours Ouvrés de la Période d'Intérêts concernée pendant lesquels le Taux Benchmark a été égal ou supérieur au Taux Plancher et égal ou inférieur au Taux Plafond, déterminé dans les deux cas par l'Agent de Calcul.

N_b désigne le nombre total de Jours Ouvrés de la Période d'Intérêts concernée.

Taux Plancher désigne, au titre de la Période d'Intérêts concernée, la limite spécifiée dans les Conditions Définitives applicables.

Taux Benchmark désigne, au titre de n'importe quel jour calendaire (pour la définition de **n**) ou, au titre de n'importe quel Jour Ouvré (pour la définition de **n_b**) de la Période d'Intérêts concernée, sauf disposition contraire des Conditions Définitives applicables:

- si les Conditions Définitives stipulent que le Taux Benchmark est l'**USD-LIBOR**, le taux égal au Taux Flottant pour ce jour, tel qu'il serait déterminé par l'Agent de Calcul, dans le cadre d'une opération d'échange de taux d'intérêt, s'il agissait en tant qu'Agent de Calcul pour cette opération d'échange, selon les termes d'un contrat incorporant les Définitions ISDA et en vertu de laquelle l'Option de Taux Flottant est "USD-LIBOR-BBA" (telle que définie dans les Définitions ISDA), pour une période correspondant à l'Echéance Désignée, telle que spécifiée dans les Conditions Définitives applicables (sans référence à toute Date de Recalcul). Si, lors de n'importe quel Jour Taux Benchmark, ce taux n'apparaît pas sur la Page Ecran Reuters

LIBOR01, l'USD-LIBOR sera déterminé par l'Agent de Calcul dans les conditions précitées, conformément à l'Option de Taux Flottant "USD-LIBOR-Reference Banks" (telle que définie dans les Définitions ISDA), pour une période correspondant à l'Echéance Désignée, telle que spécifiée dans les Conditions Définitives applicables (sans référence à toute Date de Recalcul).

- si les Conditions Définitives stipulent que le Taux Benchmark est le **GBP-LIBOR**, le taux égal au Taux Flottant pour ce jour, tel qu'il serait déterminé par l'Agent de Calcul, dans le cadre d'une opération d'échange de taux d'intérêt, s'il agissait en tant qu'Agent de Calcul pour cette opération d'échange, selon les termes d'un contrat incorporant les Définitions ISDA et en vertu de laquelle l'Option de Taux Flottant "GBP-LIBOR-BBA" (telle que définie dans les Définitions ISDA), pour une période correspondant à l'Echéance Désignée, telle que spécifiée dans les Conditions Définitives applicables (sans référence à toute Date de Recalcul). Si, lors de n'importe quel Jour Taux Benchmark, ce taux n'apparaît pas sur la Page Ecran Reuters LIBOR01, le GBP-LIBOR sera déterminé par l'Agent de Calcul dans les conditions précitées, conformément à l'Option de Taux Flottant "GBP-LIBOR-Reference Banks" (telle que définie dans les Définitions ISDA), pour une période correspondant à l'Echéance Désignée, telle que spécifiée dans les Conditions Définitives applicables (sans référence à toute Date de Recalcul).
- si les Conditions Définitives stipulent que le Taux Benchmark est l'**EURIBOR**, le taux égal au Taux Flottant pour ce jour, tel qu'il serait déterminé par l'Agent de Calcul, dans le cadre d'une opération d'échange de taux d'intérêt, s'il agissait en tant qu'Agent de Calcul pour cette opération d'échange, selon les termes d'un contrat incorporant les Définitions ISDA et en vertu de laquelle l'Option de Taux Flottant est "EUR-EURIBOR-Reuters" (telle que définie dans les Définitions ISDA), pour une période correspondant à l'Echéance Désignée, telle que spécifiée dans les Conditions Définitives applicables (sans référence à toute Date de Recalcul). Si, lors de n'importe quel Jour Taux Benchmark, ce taux n'apparaît pas sur la Page Ecran Reuters EURIBOR01, l'EURIBOR sera déterminé par l'Agent de Calcul dans les conditions précitées, conformément à l'Option de Taux Flottant "EUR-EURIBOR-Reference Banks" (telle que définie dans les Définitions ISDA), pour une période correspondant à l'Echéance Désignée, telle que spécifiée dans les Conditions Définitives applicables (sans référence à toute Date de Recalcul).
- si les Conditions Définitives stipulent que le Taux Benchmark est l'**EUR-CMS**, le taux égal au Taux Flottant pour ce jour, tel qu'il serait déterminé par l'Agent de Calcul, dans le cadre d'une opération d'échange de taux d'intérêt, s'il agissait en tant qu'Agent de Calcul pour cette opération d'échange, selon les termes d'un contrat incorporant les Définitions ISDA et en vertu de laquelle l'Option de Taux Flottant est "EUR-ISDA-EURIBOR Swap Rate 11:00" (telle que définie dans les Définitions ISDA), pour une période correspondant à l'Echéance Désignée, telle que spécifiée dans les Conditions Définitives applicables (sans référence à toute Date de Recalcul), apparaissant sur la Page Ecran Reuters ISDAFIX2 à 11h00 du matin (heure de Francfort) sous le titre "EURIBOR BASIS-EUR" et au-dessus de la rubrique "11:00 AM FRANKFURT". Si, lors de n'importe quel Jour Taux Benchmark, ce taux n'apparaît pas sur la Page Ecran Reuters ISDAFIX2, l'EUR-CMS sera déterminé par l'Agent de Calcul dans les conditions précitées, conformément à l'Option de Taux Flottant "EUR-Annual Swap Rate-Reference Banks" (telle que définie dans les Définitions ISDA), pour une période correspondant à l'Echéance Désignée, telle que spécifiée dans les Conditions Définitives applicables (sans référence à toute Date de Recalcul).
- si les Conditions Définitives stipulent que le Taux Benchmark est l'**USD-CMS**, le taux égal au Taux Flottant pour ce jour, tel qu'il serait déterminé par l'Agent de Calcul, dans le cadre d'une opération d'échange de taux d'intérêt, s'il agissait en tant qu'Agent de Calcul pour cette

opération d'échange, dans les termes d'un contrat incorporant les Définitions ISDA et en vertu de laquelle l'Option de Taux Flottant est "USD-ISDA-Swap Rate" (telle que définie dans les Définitions ISDA), pour une période correspondant à l'Echéance Désignée, telle que spécifiée dans les Conditions Définitives applicables (sans référence à toute Date de Recalcul), apparaissant sur la Page Ecran Reuters ISDAFIX1 à 11h00 du matin (heure de New York). Si, lors de n'importe quel Jour Taux Benchmark, ce taux n'apparaît pas sur la Page Ecran Reuters ISDAFIX1, l'USD-CMS sera déterminé par l'Agent de Calcul dans les conditions précitées, conformément à l'Option de Taux Flottant "USD-CMS-Reference Banks" (telle que définie dans les Définitions ISDA), pour une période correspondant à l'Echéance Désignée, telle que spécifiée dans les Conditions Définitives applicables (sans référence à toute Date de Recalcul).

Pour les besoins des présentes, (i) la valeur du Taux Benchmark lors de tout jour calendaire de la Période d'Intérêts concernée, s'il n'est pas un Jour Taux Benchmark, sera réputée être la valeur attribuée au Taux Benchmark le premier Jour Taux Benchmark précédent, et (ii) la valeur du Taux Benchmark lors de chacun des quatre derniers Jours Ouvrés TARGET2 de toute Période d'Intérêts sera réputée être la valeur attribuée au Taux Benchmark le cinquième Jour Ouvré TARGET2 (ou le Jour Taux Benchmark précédant immédiatement ce cinquième Jour Ouvré TARGET2, si ce cinquième Jour Ouvré TARGET2 n'est pas un Jour Taux Benchmark) précédant la Date de Paiement des Intérêts afférente à cette Période d'Intérêts.

Jour Taux Benchmark désigne, si le Taux Benchmark est:

- USD-LIBOR ou GBP-LIBOR, un jour (autre qu'un samedi ou un dimanche) où les banques sont ouvertes pour la réalisation de transactions (notamment pour la réalisation de transactions sur devises et dépôts en USD) à Londres;
- EURIBOR ou EUR-CMS, un jour (autre qu'un samedi ou un dimanche) où le Système TARGET 2 fonctionne; et
- USD-CMS, un jour (autre qu'un samedi ou un dimanche) où les banques sont ouvertes pour la réalisation de transactions à New York.

Taux Plafond désigne, au titre de la Période d'Intérêts concernée, la limite spécifiée dans les Conditions Définitives applicables.

(iv) *Détermination du Taux d'Intérêt et calcul des Montants d'Intérêts s'agissant des Titres à Taux Variable*

L'Agent Fiscal, dans le cas des Titres à Taux Flottant, et l'Agent de Calcul, dans le cas de tous autres Titres à Taux Variable, détermineront le Taux d'Intérêt applicable à la Période d'Intérêts concernée, dès qu'ils le pourront après le moment auquel le Taux d'Intérêt doit être déterminé. Dans le cas de Titres à Taux Variable, à l'exception des Titres à Taux Flottant, l'Agent de Calcul notifiera à l'Agent Fiscal le Taux d'Intérêt pour la Période d'Intérêts concernée, dès qu'il le pourra après l'avoir calculé (mais en aucun cas après le premier Jour Ouvré après ce calcul).

L'Agent Fiscal calculera le montant des intérêts (le **Montant d'Intérêts**) payable s'agissant des Titres à Taux Variable au titre de la Période d'Intérêts concernée, en appliquant le Taux d'Intérêt:

- (A) dans le cas de Titres à Taux Variable qui sont des Titres NRC ou des Titres représentés par un Titre global, au montant nominal total des Titres de la Série concernée alors en circulation (ou, s'il s'agit de Titres Partiellement Libérés, au montant total libéré); ou

- (B) dans le cas de Titres à Taux Variable qui sont des Titres Définitifs au Porteur ou des Titres Définitifs Nominatifs, au Montant de Calcul;

et, dans chaque cas, en multipliant cette somme par la Fraction de Décompte des Jours applicable, puis en arrondissant le chiffre obtenu à la sous-unité de la Devise Prévues concernée la plus proche, une moitié de sous-unité étant arrondie à la hausse ou autrement, conformément à la convention de marché applicable. Si la Valeur Nominale d'un Titre à Taux Variable qui est un Titre Définitif au Porteur ou un Titre Définitif Nominatif est un multiple du Montant de Calcul, le Montant d'Intérêts payable s'agissant de ce Titre sera le produit obtenu en multipliant le montant (déterminé de la manière stipulée ci-dessus) du Montant de Calcul et le montant par lequel le Montant de Calcul est multiplié pour atteindre la Valeur Nominale, sans autre arrondi.

- (v) *Notification du Taux d'Intérêt et du Montant d'Intérêts*

L'Agent Fiscal fera en sorte que le Taux d'Intérêt et le Montant d'Intérêts pour chaque Période d'Intérêts ainsi que la Date de Paiement des Intérêts concernée soient notifiés à l'Emetteur, au Garant et à toute sur laquelle les Titres à Taux Variable sont cotés à la date considérée, et qu'un avis en soit publié conformément aux dispositions de la Modalité 15, dès que possible après leur calcul ou détermination (étant précisé qu'en cas de notification à une bourse, cette notification sera donnée au plus tard le premier jour de la Période d'Intérêts concernée, ou, si cela est impossible en raison de la date fixée pour cette détermination ou ce calcul, dès que cela sera possible à cette date ou après celle-ci). Chaque Montant d'Intérêts et Date de Paiement des Intérêts ainsi notifiés pourront ultérieurement être modifiés (ou faire l'objet de tous autres ajustements appropriés) sans préavis, en cas d'allongement ou de raccourcissement de la Période d'Intérêts. Toute modification de cette nature sera notifiée sans délai à chaque bourse sur laquelle les Titres à Taux Variable sont cotés à la date considérée, ainsi qu'aux Titulaires de Titres, conformément aux dispositions de la Modalité 15. Pour les besoins des présentes Modalités, l'expression **Jour Ouvré à Luxembourg** désigne un jour (autre qu'un samedi ou un dimanche) où les banques et les marchés des changes sont ouverts pour la réalisation de transactions générales à Luxembourg.

- (c) *Titres Zéro Coupon*

Si un Titre Zéro Coupon devient dû et remboursable et n'est pas payé à son échéance, le montant dû et remboursable sera le montant déterminé conformément à la Modalité 7(g) et notifié conformément à la Modalité 5(b)(v), *mutatis mutandis*.

- (d) *Titres à Règlement Physique et Titres Libellés en Deux Devises*

Le taux ou le montant des intérêts payables s'agissant des Titres à Règlement Physique ou des Titres Libellés en Deux Devises, sera déterminé de la manière et par la partie spécifiées dans les Conditions Définitives applicables et notifié conformément à la Modalité 5(b)(v), *mutatis mutandis*.

- (e) *Titres Partiellement Libérés*

Dans le cas de Titres Partiellement Libérés (autres que des Titres Partiellement Libérés qui sont des Titres Zéro Coupon), les intérêts courent dans les conditions précitées sur le montant nominal libéré de ces Titres et, pour le surplus, dans les conditions spécifiées dans les Conditions Définitives applicables.

- (f) *Calcul et Constitution des Intérêts*

Chaque Titre (ou, en cas de remboursement d'une partie seulement d'un Titre, cette partie seulement du Titre) cessera de porter intérêt (s'il y a lieu) à compter de la date de son remboursement, à moins que, lors de sa présentation régulière, le paiement du principal (ou, dans le cas d'un Titre à Règlement Physique, le transfert de l'Actif Sous-Jacent ou des Actifs Sous-Jacents correspondant au Montant de Règlement Physique) ne soit indûment retenu ou refusé (étant entendu que dans le cas d'un Montant de Règlement Physique quel qu'il soit, le transfert ne sera pas réputé avoir été indûment retenu ou refusé si ce transfert est retardé par des circonstances

échappant au contrôle de l'Emetteur concerné ou de l'un quelconque de ses Agents). Dans ce cas, les intérêts continueront d'être calculés et de courir jusqu'à la survenance de la première des deux dates suivantes:

- (i) la date à laquelle tous les montants dus sur ce Titre auront été payés; et
- (ii) cinq jours après la date à laquelle le montant intégral des sommes payables concernant ce Titre aura été reçu par l'Agent Fiscal, et où un avis aura été donné à cet effet aux Titulaires de Titres conformément à la Modalité 15.

(g) *Paiement Différé des Intérêts*

Dans le cas des Titres Subordonnés à Durée Indéterminée, les intérêts seront payables à chaque Date de Paiement Obligatoire des Intérêts (telle que définie ci-dessous), au titre des intérêts courus pendant la période d'intérêts se terminant le jour qui précède immédiatement cette date. Lors de toute Date de Paiement Optionnel des Intérêts (telle que définie ci-dessous), les intérêts courus pendant la période d'intérêts se terminant le jour qui précède immédiatement cette date pourront être payés (si Société Générale en décide ainsi), mais Société Générale n'aura aucune obligation d'effectuer ce paiement. Tous intérêts non payés à une Date de Paiement Optionnel des Intérêts constitueront, tant qu'ils demeureront impayés, des **Arriérés d'Intérêts**, terme qui désigne également les intérêts sur les intérêts impayés visés ci-dessous. Les Arriérés d'Intérêts pourront, au choix de Société Générale, être payés en totalité ou en partie à tout moment, à l'expiration d'un préavis de sept jours au moins donné aux Titulaires de Titres conformément aux dispositions de la Modalité 15, mais tous les Arriérés d'Intérêts sur tous les Titres Subordonnés à Durée Indéterminée en circulation deviendront intégralement exigibles à la survenance de la première des deux dates suivantes: (A) la date de paiement des intérêts suivant immédiatement la date à laquelle un dividende est payé sur toute catégorie d'actions du capital de Société Générale, ou (B) le commencement d'une liquidation ou dissolution de Société Générale. Si Société Générale notifie son intention de payer tout ou partie des Arriérés d'Intérêts, Société Générale sera obligée de le faire dès l'expiration du préavis indiqué dans cette notification. Si des Arriérés d'Intérêts sont partiellement payés, chacun de ces paiements sera affecté au paiement de l'intégralité des Arriérés d'Intérêts courus au titre de la plus ancienne période d'intérêts au titre de laquelle des Arriérés d'Intérêts auront couru et n'auront pas été intégralement payés. Les Arriérés d'Intérêts porteront intérêt (dans la mesure autorisée par la loi) et ces intérêts courront et seront computés sur une base journalière, au taux d'intérêt en vigueur applicable aux Titres Subordonnés à Durée Indéterminée, pour chaque période d'intérêts concernée. Pour les besoins des présentes, l'expression:

Date de Paiement Obligatoire des Intérêts désigne toute Date de Paiement des Intérêts, à moins que lors de l'Assemblée Générale précédant immédiatement cette date, appelée à approuver les comptes annuels de Société Générale pour l'exercice fiscal clos avant cette Assemblée Générale, aucune résolution n'ait été adoptée décidant du paiement d'un dividende sur toute catégorie d'actions du capital de Société Générale, au titre de cet exercice fiscal précédent.

(h) *Certaines définitions relatives au calcul des intérêts*

Pour le calcul d'un montant d'intérêts afférent à toute Période d'Intérêts, **Fraction de Décompte des Jours** a la signification suivante (étant entendu que, sauf disposition contraire des Conditions Définitives applicables, la Fraction de Décompte des Jours applicable aux Titres à Taux Flottant libellés en euro sera Exact/360):

(a) *Méthode de Paiement*

Sous réserve des dispositions ci-dessous et, dans le cas de Titres à Règlement Physique, de Titres Nominatifs ou de Titres NRC, sous réserve également des Conditions Définitives applicables:

- (i) les paiements dans une Devise Prévue autre que l'euro seront effectués par crédit ou transfert sur un compte dans la Devise Prévue concernée, détenu par le bénéficiaire du paiement auprès d'une banque du principal centre financier du pays de cette Devise Prévue (qui, si la Devise Prévue est le dollar australien, sera à Sydney et, si la Devise Prévue est le dollar canadien, sera à Montréal), ou, à l'option du bénéficiaire du paiement, et excepté dans le cas de Titres Nominatifs, par chèque dans cette Devise Prévue tiré sur une telle banque;
- (ii) les paiements en euro seront effectués par crédit ou transfert à un compte en euro (ou tout autre compte auquel des euros peuvent être crédités ou transférés) spécifié par le bénéficiaire du paiement ou, à l'option du bénéficiaire du paiement et excepté dans le cas de Titres Nominatifs, par chèque en euro;
- (iii) dans le cas de tout Titre qui est un Titre à Règlement Physique devant être remboursé par le transfert d'un ou plusieurs Actifs Sous-Jacents, le transfert de l'Actif ou des Actifs Sous-Jacents correspondant au Montant de Règlement Physique sera effectué, comme indiqué dans les Conditions Définitives applicables, (A) par la Livraison au Titulaire de Titres ou à son ordre des Actifs Sous-Jacents concernés, ou (B) au Titulaire de Titres ou à son ordre, aux risques du Titulaire de Titres concerné, selon les modalités qui peuvent être spécifiées dans la notification de transfert (la Notification de Transfert, dont le modèle est annexé au Contrat de Service Financier), dans chaque cas, sauf disposition contraire des Conditions Définitives applicables et sous réserve du respect des lois boursières applicables.

Les paiements seront soumis dans tous les cas à toutes les lois et réglementations fiscales et autres qui leur sont applicables dans le lieu de paiement, mais sans préjudice des dispositions de la Modalité 8.

Dans les présentes Modalités:

Livrer signifie, au titre de tout Actif Sous-Jacent, livrer, remplacer par voie de novation, transférer (y compris, si l'Actif Sous-Jacent est une garantie, transférer le bénéfice de cette garantie), céder ou vendre, selon le cas, de la manière usuelle pour le règlement de l'Actif Sous-Jacent applicable (y compris la signature de tous documents nécessaires et la prise de toutes autres mesures nécessaires),

afin de transférer tous les droits, titres et intérêts sur l'Actif Sous-Jacent, libre et exempt de tous privilèges, charges, revendications et charges (et notamment, sans caractère limitatif, toute demande reconventionnelle, toute défense (autre qu'une Demande Reconventionnelle ou Défense) ou droit de compensation du ou dont le débiteur peut se prévaloir au titre de l'Actif Sous-Jacent); étant entendu que si l'Actif Sous-Jacent est une Participation à un Prêt, "Livrer" signifie consentir (ou faire consentir) une participation en faveur du Titulaire de Titres, et, si l'Actif Sous-Jacent est une garantie, "Livrer" signifie Livrer à la fois la garantie et l'obligation sous-jacente à laquelle cette garantie se rapporte. "Livraison" et "Livré" seront interprétés en conséquence. Dans le cas d'un prêt (à savoir toute obligation matérialisée par un contrat de prêt à terme, un contrat de prêt renouvelable ou autre contrat de crédit similaire), la Livraison sera effectuée en utilisant une documentation substantiellement similaire à celle habituellement utilisée sur le marché concerné pour la Livraison de ce prêt au moment considéré.

Demande Reconventionnelle ou Défense signifie, au titre de tout Actif Sous-Jacent, toute défense fondée sur (a) l'absence ou la prétendue absence d'autorisation ou de capacité du débiteur concerné pour contracter au titre de l'Actif Sous-Jacent ou, si l'Actif Sous-Jacent est une garantie, pour contracter cette garantie et/ou l'obligation à laquelle cette garantie se rapporte, (b) toute absence d'effet exécutoire, toute illégalité, toute impossibilité ou toute invalidité, réelle ou alléguée, entachant tout Actif Sous-Jacent ou, si l'Actif Sous-Jacent est une garantie, la garantie et/ou l'obligation sous-jacente à laquelle cette garantie se rapporte, quelle que soit sa description, (c) toute loi, tout décret, toute réglementation, tout arrêté ou toute notification applicable, quelle que soit sa description, ou la promulgation de toute loi, tout décret, toute réglementation, tout arrêté ou toute notification, quelle que soit sa description, ou tout revirement, de l'interprétation qui en est faite par toute cour, tout tribunal, toute autorité réglementaire ou toute autorité administrative ou judiciaire similaire compétente ou de compétence apparente, ou (d) l'imposition ou la modification de tous contrôles des changes, de toutes restrictions à la circulation des capitaux ou de toutes autres restrictions similaires imposées par toute autorité monétaire ou autre, quelle que soit sa description; et

Participation à un Prêt désigne un prêt au titre duquel, en vertu d'un contrat de participation, l'Emetteur concerné est capable de consentir ou faire consentir un droit contractuel en faveur du Titulaire de Titres concerné, qui confère à ce Titulaire de Titres un recours contre le vendeur de la participation pour une part spécifiée de tous paiements dus en vertu du prêt en question, qui sont reçus par ce vendeur de participation, tout contrat de cette nature étant conclu entre le Titulaire de Titres et l'Emetteur (dans la mesure où l'Emetteur est alors un prêteur ou un membre du syndicat de prêteurs concerné).

(b) ***Présentation de Titres Définitifs au Porteur, Reçus et Coupons***

Les paiements en principal sur les Titres Définitifs au Porteur ne seront effectués (sous réserve des dispositions ci-dessous) de la manière stipulée à la Modalité 6(a) ci-dessus, que contre présentation et restitution (ou, en cas de paiement partiel de toute somme due, endossement) de ces Titres Définitifs au Porteur, et les paiements d'intérêts relatifs aux Titres Définitifs au Porteur ne seront effectués (sous réserve des dispositions ci-dessous) que contre présentation et restitution (ou, en cas de paiement partiel de toute somme due, endossement) de Coupons, dans chaque cas dans l'établissement désigné de tout Agent Payeur hors des Etats-Unis (expression qui désigne, telle qu'elle est employée dans les présentes, les Etats-Unis d'Amérique (y compris les Etats et le District de Columbia, leurs territoires, leurs possessions et les autres zones soumises à leur juridiction)). Les paiements en vertu du paragraphe (a) ci-dessus seront effectués, à l'option du porteur de ce Titre ou Coupon, par chèque posté ou remis à une adresse hors des Etats-Unis fournie par ce porteur. Sous réserve de toutes lois et réglementations applicables, les paiements par transfert seront effectués en fonds immédiatement disponibles, sur un compte maintenu par le bénéficiaire du paiement auprès d'une banque située hors des Etats-Unis. Sous réserve des dispositions ci-dessous, aucun paiement relatif à tout Titre Définitif au Porteur ou à tout Coupon ne sera effectué sur présentation de ce Titre Définitif au Porteur ou de ce Coupon dans tout établissement ou

agence de l'Emetteur, du Garant ou de tout Agent Payeur aux Etats-Unis, et aucun de ces paiements ne sera effectué par transfert sur un compte aux Etats-Unis ou par courrier à une adresse située aux Etats-Unis.

Les paiements correspondants à des remboursements échelonnés du principal (le cas échéant) des Titres Définitifs au Porteur, autres que le paiement du remboursement final, ne seront effectués (sous réserve des dispositions ci-dessous) de la manière stipulée à la Modalité 6(a) ci-dessus, que sur présentation et restitution (ou, en cas de paiement partiel de toute somme due, endossement) du Reçu correspondant, conformément au paragraphe précédent. Le paiement du remboursement final ne sera effectué de la manière stipulée à la Modalité 6(a) ci-dessus que sur présentation et restitution (ou, en cas de paiement partiel de toute somme due, endossement) du Titre au Porteur concerné, conformément aux dispositions du paragraphe précédent. Chaque Reçu doit être présenté pour paiement du remboursement concerné avec le Titre Définitif au Porteur auquel il appartient. Les Reçus présentés sans le Titre Définitif au Porteur auquel ils appartiennent ne constituent pas des obligations valables de l'Emetteur, ou, selon le cas, du Garant. A la date à laquelle tout Titre Définitif au Porteur deviendra dû et remboursable, les Reçus non échus (éventuels) y afférents (qu'ils soient ou non attachés) deviendront caducs et aucun paiement ne sera fait à ce titre.

Les Titres à Taux Fixe qui sont des Titres Définitifs au Porteur (autres que des Titres Libellés en Deux Devises, les Titres Indexés ou les Titres à Règlement Physique) doivent être présentés pour paiement accompagnés de tous Coupons non échus leur étant rattachés (expression qui désigne, à cet effet, les Coupons devant être émis en échange de Talons échus), à défaut de quoi le montant de tout Coupon non échu manquant (ou, si le paiement n'est pas effectué pour son montant intégral, la même proportion du montant de ce Coupon non échu manquant que celle que la somme ainsi payée représente par rapport à la somme due) sera déduit de la somme due pour paiement. Chaque montant en principal ainsi déduit sera payé de la manière mentionnée ci-dessus, contre restitution du Coupon manquant correspondant, à tout moment avant l'expiration d'une période de dix ans suivant la Date de Référence (telle que définie à la Modalité 8) pour ce montant en principal (indépendamment du point de savoir si ce Coupon serait autrement devenu caduc en vertu de la Modalité 9) ou, si cette date tombe plus tard, avant l'expiration d'une période de cinq ans suivant la date à laquelle ce Coupon serait autrement devenu dû, mais en aucun cas après.

Si un Titre à Taux Fixe qui est un Titre Définitif au Porteur devient dû et remboursable avant sa Date d'Echéance, tous les Talons non échus (éventuels) lui étant rattachés deviendront caducs et aucun Coupon supplémentaire ne sera émis s'agissant de ce titre.

A la date à laquelle tout Titre à Taux Flottant, tout Titre Libellé en Deux Devises, tout Titre Indexé ou tout Titre à Règlement Physique qui est un Titre Définitif au Porteur deviendra dû et remboursable, les Coupons et Talons non échus (éventuels) y afférents (qu'ils soient ou non attachés) deviendront caducs et aucun paiement ni, selon le cas, échange contre des Coupons supplémentaires ne sera effectué à ce titre. Si tout Titre à Taux Flottant, tout Titre Libellé en Deux Devises, tout Titre Indexé ou tout Titre à Règlement Physique qui est réglé en espèces est présenté au remboursement sans tous les Coupons non échus lui étant rattachés, le paiement de tous les montants dus s'agissant de ce Titre ne sera effectué que contre fourniture de l'indemnisation que l'Emetteur concerné et (s'il y a lieu) le Garant pourront fixer.

Si la date d'exigibilité du remboursement d'un Titre Définitif au Porteur n'est pas une Date de Paiement des Intérêts, les intérêts (éventuels) courus sur ce Titre à compter de la Date de Paiement des Intérêts précédente (incluse) ou, selon le cas, la Date de Début de Période d'Intérêts, ne seront payables que contre restitution du Titre Définitif au Porteur concerné.

(c) ***Paiements relatifs aux Titres Globaux au Porteur***

Les paiements en principal et intérêts (éventuels) sur des Titres représentés par un Titre Global au Porteur seront effectués (sous réserve des dispositions ci-dessous) de la manière spécifiée ci-dessus à propos des Titres Définitifs au Porteur et, autrement, de la manière spécifiée dans le Titre Global au Porteur concerné, contre présentation ou restitution, selon le cas, de ce Titre Global au Porteur dans l'établissement désigné de tout Agent Payeur hors des Etats-Unis. Une mention de ce paiement effectué sur présentation ou restitution de

ce Titre Global au Porteur, distinguant entre tout paiement de principal et tout paiement d'intérêts, sera inscrite sur ce Titre Global au Porteur par l'Agent Payeur concerné, et cette mention vaudra commencement de preuve que le paiement en question a été effectué.

(d) ***Paiements relatifs aux Titres Nominatifs***

Les paiements en principal (autres que les remboursements échelonnés du principal avant le remboursement final) relatif à chaque Titre Nominatif (qu'il soit ou non sous forme globale) seront effectués contre présentation et restitution (ou, en cas de paiement partiel de toute somme due, endossement) du Titre Nominatif dans l'établissement désigné de l'Agent de Tenue des Registres ou de l'un quelconque des Agents Payeurs. Ces paiements seront effectués par transfert au Compte Désigné (tel que défini ci-dessous) du titulaire (ou de celui des co-titulaires dont le nom apparaît en premier) du Titre Nominatif apparaissant dans le registre des titulaires de Titres Nominatifs, tenu par l'Agent de Tenue des Registres (le **Registre**) à la fermeture des bureaux le troisième jour ouvré (qui est, à cet effet, un jour où les banques sont ouvertes pour la réalisation de transactions dans la ville où est situé l'établissement désigné de l'Agent de Tenue des Registres) avant la date d'exigibilité concernée. Nonobstant les dispositions de la phrase précédente, si (i) un titulaire n'a pas de Compte Désigné, ou (ii) le montant en principal des Titres détenus par un titulaire est inférieur à 250.000 US\$ (ou sa contre-valeur approximative dans toute autre Devise Prévüe), le paiement sera à la place effectué par chèque dans la Devise Prévüe, tiré sur une Banque Désignée (telle que définie ci-dessous). A cet effet, **Compte Désigné** signifie le compte maintenu par un titulaire auprès d'une Banque Désignée et identifié comme tel dans le Registre, et **Banque Désignée** signifie (en cas de paiement dans une Devise Prévüe autre que l'euro) une banque dans le principal centre financier du pays de cette Devise Prévüe (qui, si la Devise Prévüe est le dollar australien, sera à Sydney et, si la Devise Prévüe est le dollar canadien, sera à Montréal), ou (dans le cas d'un paiement en euro) toute banque qui traite des paiements en euro.

Les paiements d'intérêts et les paiements correspondants à des remboursements échelonnés du principal (autres que le paiement du remboursement final) de chaque Titre Nominatif (qu'il soit ou non sous forme globale) seront effectués par chèque dans la Devise Prévüe, tiré sur une Banque Désignée et posté par courrier ordinaire le jour ouvré, dans la ville où est situé l'établissement désigné de l'Agent de Tenue des Registres, précédant immédiatement la date d'exigibilité concernée, au titulaire (ou à celui des co-titulaires dont le nom apparaît en premier) du Titre Nominatif apparaissant dans le Registre, à la fermeture des bureaux le quinzième jour (que ce quinzième jour soit ou non un jour ouvré) précédant la date d'exigibilité concernée (la **Date d'Enregistrement**), à l'adresse de ce titulaire indiquée dans le Registre à la Date d'Enregistrement, et à ses risques. Sur demande du titulaire à l'établissement désigné de l'Agent de Tenue des Registres, pas moins de trois jours ouvrés, dans la ville où l'établissement désigné de l'Agent de tenue des Registres est situé, avant la date d'exigibilité de tout paiement d'intérêts relatif à un Titre Nominatif, le paiement pourra être effectué par transfert à la date d'exigibilité, de la manière indiquée au paragraphe précédent. Toute demande de transfert de cette nature sera réputée se rapporter à tous paiements futurs d'intérêts (autres que les intérêts dus lors du remboursement) et aux remboursements échelonnés du principal (autre que le remboursement final) relatifs aux Titres Nominatifs, qui deviendront payables au titulaire ayant fait cette demande initiale, jusqu'à ce que l'Agent de Tenue des Registres ait reçu une notification écrite contraire de la part de ce titulaire. Le paiement des intérêts dus relatif à chaque Titre Nominatif lors du remboursement et du remboursement final de principal sera effectué de la même manière que le paiement du montant en principal de ce Titre Nominatif.

Les Titulaires de Titres Nominatifs ne pourront prétendre à aucun paiement d'intérêts ni à aucun autre paiement en cas de retard dans la réception de tout montant dû relatif à un Titre Nominatif, au motif que le chèque posté conformément à la présente Modalité leur parviendrait après la date d'exigibilité du paiement ou serait perdu par la poste. L'Agent de Tenue des Registres ne facturera aucune commission ni aucun frais à ces titulaires pour tous paiements en principal ou intérêts effectués relatif à ces Titres Nominatifs.

S'il y a lieu, en vertu d'une option exercée par le titulaire concerné, tous les montants payables à DTC ou à son établissement mandataire en tant que titulaire enregistré d'un Titre Global Nominatif, relatif à des Titres libellés dans une Devise Prévüe autre que le dollar U.S., seront payés par transfert opéré par l'Agent de

Tenue des Registres sur un compte tenu dans la Devise Prévvue concernée de l'Agent d'Echange, pour le compte de DTC ou de son établissement mandataire, pour la conversion et de paiement en dollar U.S. conformément aux dispositions du Contrat de Service Financier.

Aucun de l'Emetteur, du Garant ou des Agents n'assumera une responsabilité quelconque du fait de tout aspect des écritures enregistrées afférentes aux droits des Titres Globaux Nominatifs, ou des paiements effectués à ce titre, ni du fait du maintien, de la supervision ou du contrôle de toutes écritures se rapportant à ces droits.

(e) ***Paiements relatifs aux Titres Nordiques NRC***

Les paiements en principal et intérêts sur les Titres Nordiques NRC seront effectués aux personnes enregistrées en tant que Titulaires de Titres dans le registre tenu par le dépositaire central de titres et établissement de compensation concernés, dans le cas des Titres Suédois NRC, le cinquième Jour Ouvré de Paiement (ou autrement en conformité avec les règles et procédures appliquées de temps à autre par Euroclear Suède) ou, dans le cas des Titres Finlandais NRC, le premier Jour Ouvré de Paiement (ou autrement en conformité avec les règles et procédures appliquées de temps à autre par Euroclear Finlande), avant la date d'exigibilité de ce paiement. Si la date de paiement de tout montant dû relatif à des Titres Nordiques NRC n'est pas un Jour Ouvré de Paiement, le titulaire de ces Titres n'aura pas droit à recevoir ce paiement avant le Jour Ouvré de Paiement suivant, et ne pourra pas prétendre à des intérêts supplémentaires ni à aucun autre paiement au titre de ce retard. Pour les besoins de la présente Modalité 6(e), Jour Ouvré de Paiement signifie tout jour où les banques commerciales sont ouvertes pour la réalisation de transactions générales à Stockholm (dans le cas de Titres Suédois NRC) ou Helsinki (dans le cas de Titres Finlandais NRC).

En cas de retard de paiement relatif à des Titres Nordiques NRC, des intérêts de retard seront payables sur le montant arriéré à compter de la date d'exigibilité jusqu'à la date (inclusive) à laquelle le paiement sera effectué, à un taux d'intérêt correspondant, dans le cas des Titres Suédois NRC, au STIBOR (tel que défini ci-dessous) plus un pour cent, ou, dans le cas des Titres NRCs Finlandais, à l'EURIBOR (tel que défini ci-dessous), plus un pour cent. Les intérêts ne seront pas capitalisés.

STIBOR désigne la moyenne des taux d'intérêt cotés à environ 11 heures du matin le premier jour (ce jour étant un jour où les banques commerciales sont ouvertes pour la réalisation de transactions générales à Stockholm) suivant celui où le paiement concerné est devenu exigible, sur la page Reuters "SIDE" (ou sur tel autre système ou telle autre page qui remplacera la page "SIDE" de Reuters), pour un prêt ayant une période d'intérêts désignée d'une semaine, ou, si cette cotation n'est pas publiée, la moyenne des taux d'intérêt indiqués par trois banques majeures suédoises choisies par Société Générale, comme étant leur coût de financement à cette date et cette heure, pour un prêt d'une période d'intérêts désignée d'une semaine, libellé en couronnes suédoises, sur le marché interbancaire de Stockholm; étant entendu que si le taux d'intérêt pour la période concernée ne peut pas être déterminé conformément à l'une ou l'autre des méthodes précitées, le taux d'intérêt pour cette période sera le dernier cours coté sur la page Reuters "SIDE" (ou sur tel autre système ou telle autre page qui remplacera la page "SIDE" de Reuters), pour cette période.

EURIBOR désigne le taux pour des dépôts en EUR qui est défini en vertu de, et sera déterminé par l'Agent de Calcul conformément à, l'Option de Taux Flottant "EUR-EURIBOR-Telorate" des Définitions ISDA, pour une période (Echéance Désignée) de six mois, avec une Date de Recalcul fixée au premier jour de la période de calcul concernée.

Un Agent Payeur Additionnel sera nommé et identifié dans les Conditions Définitives applicables pour tous Titres Nordiques NRC, et cet Agent Payeur Additionnel présentera les caractéristiques décrites dans la Modalité 6(g).

(f) ***Dispositions générales applicables aux paiements***

Le titulaire d'un Titre global (autre qu'un Titre SIS) sera la seule personne habilitée à recevoir des paiements sur les Titres représentés par ce Titre global, et l'Emetteur ou, selon le cas, le Garant, sera déchargé de son obligation de paiement envers le titulaire de ce Titre global, ou à son ordre, à hauteur de chaque montant ainsi payé. Chacune des personnes inscrites dans les registres d'Euroclear, Clearstream, Luxembourg ou DTC en tant que propriétaire effectif d'un montant nominal particulier de Titres représentés par un Titre global, doit s'adresser uniquement à Euroclear, Clearstream, Luxembourg ou DTC, selon le cas, pour obtenir sa part de chaque paiement ainsi effectué par l'Emetteur ou, selon le cas, le Garant, au titulaire de ce Titre global ou à son ordre. Aucune personne autre que le titulaire de ce Titre global n'aura une créance sur l'Emetteur ou, selon le cas, le Garant, au titre de tous paiements dus sur ce Titre global.

Nonobstant ce qui précède, les paiements en principal et/ou intérêts relatifs aux Titres au Porteur (éventuels) en dollars U.S. seront effectués auprès de l'établissement désigné d'un Agent Payeur aux Etats-Unis (cette expression, telle qu'utilisée dans les présentes, désigne les Etats-Unis d'Amérique (y compris les Etats et le District de Columbia, leurs territoires, leurs possessions et les autres zones soumises à leur juridiction)), si:

- (i) l'Emetteur et le Garant ont désigné des Agents Payeurs ayant des établissements désignés hors des Etats-Unis dans la perspective raisonnable qu'ils seraient en mesure d'effectuer le paiement en dollars U.S. dans ces établissements désignés de l'intégralité des montants en principal et intérêts dus sur les Titres au Porteur de la manière décrite ci-dessus, lorsqu'ils sont exigibles;
- (ii) le paiement intégral de ces montants en principal et intérêts auprès de tous ces établissements désignés hors des Etats-Unis est illégal ou effectivement interdit par la réglementation du contrôle des changes ou par d'autres restrictions similaires relatives au paiement ou à la réception de l'intégralité de ces montants en principal et intérêts en dollars U.S.; et
- (iii) ce paiement est toutefois autorisé par la législation américaine, sans qu'il en résulte, de l'avis de l'Emetteur et du Garant, aucune conséquence fiscale défavorable pour l'Emetteur ou le Garant.

(g) ***Jour Ouvré de Paiement***

Si la date de paiement d'un montant quelconque, se rapportant à un Titre, un Reçu ou un Coupon quelconque, n'est pas un Jour Ouvré de Paiement, le titulaire de ce Titre, Reçu ou Coupon ne sera pas en droit de recevoir ce paiement (i) jusqu'au Jour Ouvré de Paiement immédiatement suivant sur la place concernée, si les Conditions Définitives applicables stipulent la clause de "Jour Ouvré de Paiement Suivant", ou (ii) jusqu'au Jour Ouvré de Paiement immédiatement suivant sur la place concernée, à moins que la date de paiement ne tombe ce faisant au cours du mois calendaire suivant, auquel cas cette date de paiement sera avancée au Jour Ouvré de Paiement immédiatement précédent sur la place concernée, si les Conditions Définitives applicables stipulent la clause de "Jour Ouvré de Paiement Suivant Modifié"; étant entendu que dans le cas où les Conditions Définitives applicables ne stipuleraient ni la clause de "Jour Ouvré de Paiement Suivant", ni la clause de "Jour Ouvré de Paiement Suivant Modifié", la clause de "Jour Ouvré de Paiement Suivant" sera réputée s'appliquer. Dans le cas où un ajustement quelconque serait apporté à la date de paiement conformément à la présente Modalité 6(g), le montant dû concerné relatif à tout Titre, Reçu ou Coupon ne sera pas affecté par cet ajustement quel qu'il soit, sauf disposition contraire des Conditions Définitives applicables. A ces effets, sauf disposition contraire des Conditions Définitives applicables et excepté tel que prévu par la Modalité 6(d), **Jour Ouvré de Paiement** désigne tout jour qui:

- (i) sous réserve des dispositions du Contrat de Service Financier, est un jour où les banques commerciales et les marchés des changes règlent des paiements et sont ouverts pour la réalisation de transactions générales (y compris des opérations sur devises et dépôts en devises) dans:

- (A) la place de présentation concernée ou, en ce qui concerne les Titres NRC, dans le lieu d'enregistrement; et
- (B) chaque Centre d'Affaires Additionnel spécifié dans les Conditions Définitives applicables;
- (ii) soit (A) en relation avec toute somme payable dans une Devise Prévvue, autre que l'euro, un jour où les banques commerciales et les marchés des changes règlent des paiements et sont ouverts pour la réalisation d'opérations en général (y compris des opérations sur devises et dépôts en devises) dans le principal centre financier du pays de la Devise Prévvue (s'il n'est pas la place de présentation, et tout Centre d'Affaires Additionnel et qui sera, si la Devise Prévvue est le dollar australien ou le dollar canadien, respectivement Sydney ou Montréal), soit (B) en relation avec toute somme payable en euro, un jour où le Système TARGET2 fonctionne; et
- (iii) dans le cas de tout paiement afférent à un Titre Global Nominatif libellé dans une Devise Prévvue autre que le dollar U.S. et enregistré au nom de DTC ou de son établissement mandataire, pour lequel un titulaire de compte chez DTC (détenant un droit sur ce Titre Global Nominatif) a choisi de recevoir toute partie de ce paiement en dollar U.S., un jour où les banques commerciales ne sont pas autorisées à fermer ni obligées de fermer dans la Ville de New York en vertu des dispositions législatives ou réglementaires en vigueur.

(h) ***Paiements relatifs aux Titres SIS***

Dans le cas de Titres SIS, et sauf disposition contraire des Conditions Définitives applicables, le Contrat de Service Financier Suisse applicable complètera et modifiera le Contrat de Service Financier pour les besoins des Titres SIS concernés, y compris en stipulant la nomination d'un Agent Payeur Principal Suisse (qui, dans le cas de Titres admis à la cote officielle du *SIX Swiss Exchange*, devra en permanence être une banque ou un négociant en valeurs mobilières soumis à la supervision de l'Autorité fédérale suisse de surveillance des marchés financiers (FINMA)), qui s'acquittera de certaines fonctions, entre autres celles se rapportant aux instructions de paiement et taxes sur les marchés de capitaux suisses, et en stipulant la nomination des Agents Payeurs Suisses afin d'agir en qualité d'agents payeurs en Suisse pour les Titres.

L'Emetteur devra effectuer tous les paiements en principal et intérêts dus sur les Titres SIS à l'Agent Payeur Principal Suisse qui devra, s'il y a lieu, rembourser sans délai à chaque Agent Payeur Suisse, sur simple demande, les paiements dûment effectués par cet Agent Payeur Suisse relatifs aux Titres, conformément au Contrat de Service Financier Suisse et aux Modalités. Le paiement relatif à tout Titre SIS sera effectué indépendamment de toutes restrictions de transfert présentes ou futures, et de tout accord de paiement ou de compensation bilatéral ou multilatéral pouvant s'appliquer à ce paiement à un moment quelconque. Les paiements en principal et intérêts relatifs à tous Titres SIS libellés en Francs suisses seront effectués en Francs suisses librement disponibles, et, dans le cas de Titres SIS libellés dans une devise autre que le Franc suisse, dans cette autre devise, qui devra également être librement disponible, sans frais d'encaissement et quelles que soient les circonstances, indépendamment de la nationalité, du domicile ou de résidence du titulaire de Titres, et sans exiger aucune certification, aucune attestation ni aucune autre formalité. La réception par l'Agent Payeur Principal Suisse du paiement intégral à bonne date de ces fonds en Suisse déliera l'Emetteur de ses obligations en vertu (i) du Titre global permanent ou (ii) des Titres Définitifs au Porteur, Reçus et Coupons, s'ils sont imprimés, ou (iii) des Titres NRC SIS, en ce qui concerne le paiement, selon le cas, du principal, des intérêts, des frais et des majorations dus relatifs aux Titres, et des commissions d'agent payeur, dans chaque cas à hauteur des fonds reçus à la date d'exigibilité concernée.

Paiements sur les Titres EUI

L'Emetteur devra payer ou faire payer tout montant dû à un Titulaire EUI au titre d'un Titre EUI sur le compte espèces de ce Titulaire EUI tenu dans les livres de l'Opérateur, à la date de paiement concernée, ce paiement devant être effectué conformément aux règles de l'Opérateur. L'Emetteur sera libéré de ses obligations découlant de ces montants dus au titre des Titres EUI par le paiement fait à l'Opérateur ou à son ordre. Chaque

personne figurant dans le registre de titres Opérateur comme étant titulaire d'un montant déterminé de Titres EUI ne pourra obtenir sa part de de chaque paiement fait par l'Emetteur à l'Opérateur ou à son ordre, qu'auprès de ce dernier.

(i) ***Interprétation des termes Principal et Intérêts***

- (iii) le Montant de Remboursement Anticipé des Titres;
- (iv) le(s) Montant(s) de Remboursement Optionnel (éventuel(s)) des Titres;

(j) ***Indisponibilité d'une Devise***

Le présent paragraphe s'applique si un paiement doit être effectué concernant un Titre, Reçu ou Coupon quelconque dans la Devise Prévüe (à moins que la Devise Prévüe ne soit l'euro) et si la Devise Prévüe n'est pas disponible pour l'Emetteur ou le Garant (selon le cas), en raison de l'imposition de contrôles des changes, le remplacement ou la disparition de la Devise Prévüe ou d'autres circonstances échappant au contrôle de l'Emetteur ou du Garant (selon le cas) (**Indisponibilité d'une Devise**). En cas d'Indisponibilité d'une Devise, l'Emetteur ou le Garant (selon le cas) sera en droit d'honorer ses obligations envers le titulaire de ce Titre, Reçu ou Coupon en effectuant le paiement en euro, sur la base du taux de change au comptant auquel la Devise Prévüe est offerte en échange de l'euro sur un marché interbancaire approprié à midi, heure de Paris, quatre Jours Ouvrés avant la date à laquelle le paiement est dû, ou, si ce taux de change au comptant n'est pas disponible à cette date, à la toute dernière date possible antérieure. 7. Remboursement et Rachat

(a) ***Remboursement à échéance***

Sauf remboursement ou rachat anticipés et annulation intervenant conformément aux dispositions ci-dessous, chaque Titre sera remboursé par l'Emetteur pour son Montant de Remboursement Final spécifié dans les Conditions Définitives applicables ou déterminé de la manière précisée dans celles-ci, et, si elles le spécifient, par référence à l'Annexe Technique jointe aux présentes Modalités (ou, uniquement dans le cas des Titres à Règlement Physique, si les Conditions Définitives applicables spécifient que ces Titres seront remboursés par le transfert de l'Actif Sous-Jacent ou des Actifs Sous-Jacents correspondant à un Montant de Règlement Physique, par le transfert de l'Actif Sous-Jacent ou des Actifs Sous-Jacents spécifiés dans les Conditions Définitives applicables ou déterminés de la manière précisée dans celles-ci), dans la Devise Prévvue concernée à la Date d'Echéance.

(b) ***Remboursement pour raisons fiscales***

Les Titres pourront être remboursés à l'option de l'Emetteur ou, selon le cas, du Garant, en totalité, et non en partie seulement, à tout moment (dans le cas des Titres autres que les Titres à Taux Flottant ou tous autres Titres productifs d'intérêts pour lesquels le Taux d'Intérêt n'est pas calculé sur la base d'un taux fixe (**Titres à Coupon Variable**)), ou à toute Date de Paiement des Intérêts (dans le cas des Titres à Taux Flottant ou des Titres à Coupon Variable), mais sous réserve, dans le cas de Titres Subordonnés, d'obtenir l'accord préalable écrit du Secrétariat général de la Commission Bancaire en France, à charge d'adresser un préavis de 30 jours au moins et de 45 jours au plus à l'Agent Fiscal, et d'en aviser les Titulaires de Titres conformément aux dispositions de la Modalité 15 (ce préavis étant irrévocable), si:

- (i) immédiatement avant l'envoi de ce préavis, l'Emetteur ou le Garant se trouve ou se trouverait ultérieurement contraint d'effectuer des paiements supplémentaires conformément à la Modalité 8 en raison de changements dans la législation ou la réglementation d'une Juridiction Fiscale (telle que définie à la Modalité 8), ou pour des raisons tenant à des changements dans l'application ou l'interprétation officielles de ces textes entrés en vigueur après la Date d'Emission de la première Tranche des Titres; et
- (ii) l'Emetteur ou, selon le cas, le Garant ne peut pas éviter d'exécuter cette obligation en prenant toutes les mesures raisonnables dont il dispose,

étant précisé que cet avis de remboursement ne devra pas être donné moins de 90 jours avant la toute première date à laquelle l'Emetteur ou, selon le cas, le Garant serait obligé d'effectuer ces paiements supplémentaires si un paiement devenait alors dû en vertu des Titres.

Les Titres remboursés en vertu de la présente Modalité 7(b) le seront pour leur Montant de Remboursement Anticipé visé dans la Modalité 7(g) ci-dessous, augmenté, s'il y a lieu, des intérêts ayant couru jusqu'à la date de ce remboursement (non incluse, ou, dans le cas de Titres Suédois NRC, incluse).

(c) ***Remboursement pour raisons fiscales spéciales***

Si, lors du prochain remboursement du principal ou lors du prochain paiement des intérêts relatif aux Titres, le paiement par l'Emetteur ou, selon le cas, le Garant, de la somme totale alors exigible par les Titulaires était prohibé par la législation d'une Juridiction Fiscale, malgré l'engagement de payer tous montants supplémentaires en vertu de la Modalité 8(b), l'Emetteur ou le Garant, selon le cas, devrait alors immédiatement en aviser l'Agent Fiscal par notification. L'Emetteur ou le Garant, selon le cas, devra alors, sous réserve, dans le cas de Titres Subordonnés, d'obtenir l'accord préalable écrit du Secrétariat général de la Commission Bancaire en France, et à charge d'adresser un préavis de sept jours au moins et de quarante-cinq jours au plus aux Titulaires, conformément aux dispositions de la Modalité 15, rembourser immédiatement en totalité, et non en partie seulement, les Titres alors en circulation pour leur Montant de Remboursement Anticipé majoré, s'il y a lieu, des intérêts courus, à la Date de Paiement des Intérêts la plus éloignée à laquelle l'Emetteur ou le Garant, selon le cas, pourrait en pratique effectuer le paiement du montant intégral alors exigible relatifs aux Titres; étant précisé que si le préavis indiqué ci-dessus expire après cette Date de Paiement des Intérêts, la date de

remboursement en vertu de ce préavis adressé aux Titulaires de Titres sera la plus tardive des deux dates suivantes:

- (i) la date la plus éloignée à laquelle l'Emetteur ou le Garant, selon le cas, est en pratique en mesure d'effectuer le paiement de la totalité des montants dus sur les Titres; ou
- (ii) 14 jours après en avoir avisé l'Agent Fiscal par notification, ainsi qu'il est dit ci-dessus.

(d) **Conditions Définitives**

Les Conditions Définitives applicables aux Titres indiquent soit:

- (i) que les Titres ne peuvent pas être remboursés avant leur Date d'échéance (sauf disposition contraire des paragraphes (b) et (c) ci-dessus et de la Modalité 10); soit
- (ii) que ces Titres seront remboursables au gré de l'Emetteur et/ou des titulaires des Titres avant cette Date d'Echéance, conformément aux dispositions des paragraphes (e) et/ou (f) ci-dessous, à la date ou aux dates et pour le ou les montants indiqués dans les Conditions Définitives applicables.

(e) **Option de remboursement au gré de l'Emetteur**

Si les Conditions Définitives applicables prévoient une Option de Remboursement au gré de l'Emetteur, l'Emetteur pourra, sous réserve, dans le cas de Titres Subordonnés, d'obtenir l'accord préalable écrit du Secrétariat général de la Commission Bancaire en France, et à charge (sauf disposition contraire des Conditions Définitives applicables) d'adresser un préavis de 30 jours au moins et de 45 jours au plus aux Titulaires, conformément aux dispositions de la Modalité 15 (préavis qui sera irrévocable et devra indiquer la date fixée pour le remboursement), procéder au remboursement de tout ou partie des Titres en circulation au moment considéré, à toute(s) Date(s) de Remboursement Optionnel et pour le ou les Montants de Remboursement Optionnel spécifiés dans les Conditions Définitives applicables ou déterminés conformément à celles-ci, majorés, s'il y a lieu des intérêts courus jusqu'à la Date ou aux Dates de Remboursement Optionnel concernées (non incluses ou, dans le cas des Titres Suédois NRC, incluses). Chacun de ces remboursements doit concerner un montant nominal au moins égal au Montant Nominal Minimum Remboursable et ne peut dépasser le Montant Nominal Maximum Remboursable, tels qu'ils sont tous deux indiqués dans les Conditions Définitives applicables.

En cas de remboursement partiel des Titres, les Titres à rembourser (**Titres Remboursés**) seront sélectionnés individuellement par tirage au sort (dans le cas de Titres Remboursés représentés par des Titres sous forme définitive) et conformément aux règles d'Euroclear et/ou de Clearstream, Luxembourg et/ou DTC, dans le cas de Titres Remboursés représentés par un Titre global détenu pour le compte d'Euroclear et/ou de Clearstream, Luxembourg et/ou de DTC (opération qui sera reflétée dans les livres d'Euroclear et/ou de Clearstream, Luxembourg et/ou de DTC soit comme un facteur de mise en commun pour sélection soit comme une réduction du montant nominal, à leur discrétion), et conformément aux règles du dépositaire de titres concerné et à toutes dispositions pertinentes des Conditions Définitives applicables (dans le cas de Titres Nominatifs), dans chaque cas 30 jours au plus avant la date convenue pour le remboursement (cette date de sélection étant ci-après dénommée: la **Date de Sélection**). Si les Titres Remboursés sont représentés par des Titres sous forme définitive, une liste des numéros de série de ces Titres Remboursés sera publiée conformément aux dispositions de la Modalité 15, 15 jours au moins avant la date convenue pour le remboursement. Aucun échange du Titre global concerné ne sera permis pendant la période comprise entre la Date de Sélection (incluse) et la date (incluse) convenue pour le remboursement en vertu du présent paragraphe (e), et un avis à cet effet sera notifié par l'Emetteur aux Titulaires de Titres conformément aux dispositions de la Modalité 15, dix jours au moins avant la Date de Sélection.

Tout préavis donné par l'Emetteur en vertu de la présente Modalité 7(e) à propos d'un Titre sera nul et de nul effet s'agissant de ce Titre si, avant l'envoi de ce préavis par l'Emetteur, le titulaire de ce Titre a déjà envoyé une Notification d'Exercice s'agissant de ce Titre, conformément aux dispositions de la Modalité 7(f).

Dans le cas de Titres Subordonnés qui constituent des Fonds Propres Complémentaires, la Date de Remboursement Optionnel ne pourra survenir qu'au cinquième anniversaire ou après le cinquième anniversaire de la Date d'Emission de ces Titres.

Remboursement Optionnel au gré de l'Emetteur si le Niveau de Déclenchement du Montant en Circulation est atteint:

Si "Option de Remboursement à Déclenchement" est spécifiée applicable dans les Conditions Définitives, alors, dans l'hypothèse où à tout moment au cours de la vie des Titres et pour une raison quelconque, le Montant Nominal Total des Titres en Circulation est égal au Niveau de Déclenchement du Montant en Circulation, ou descend en-dessous de celui-ci, l'Emetteur aura le droit, à sa seule et absolue discrétion exercée raisonnablement, et sous réserve des lois et règlements applicables, de rembourser les Titres en totalité (mais pas en partie) restant en circulation, à leur Montant de Remboursement du Niveau de Déclenchement Anticipé en donnant un préavis de 15 Jours Ouvrés au moins conformément à la Modalité 15 précisant la base sur laquelle un tel remboursement anticipé a été effectué.

A cet effet:

Montant Nominal Total des Titres en Circulation désigne, à tout moment, le produit de (a) la Valeur Nominale et (b) le nombre des Titres en circulation détenus à ce moment par les Titulaires de Titres autres que Société Générale ou ses sociétés liées pour leur compte propre tel que déterminé de bonne foi par l'Agent Fiscal en consultation avec le/les établissement(s) de compensation dans lequel, ou par l'intermédiaire duquel, les Titres sont détenus et les opérations sur ces Titres sont compensées.

Montant de Remboursement du Niveau de Déclenchement Anticipé désigne le Montant de Remboursement Anticipé pour ces Titres tel que déterminé en application du paragraphe (g)(v) ci-dessous.

Niveau de Déclenchement du Montant en Circulation désigne le niveau spécifié comme tel dans les Conditions Définitives applicables ou, si un tel niveau n'est pas précisé, 10% du Montant Nominal Total des Titres initialement émis.

En aucun cas le Remboursement Optionnel au gré de l'Emetteur si le Niveau de Déclenchement du Montant en Circulation est atteint ne pourra s'appliquer pour une émission de Titres Subordonnés.

(f) ***Option de remboursement au gré des Titulaires***

Dans le cas des Titres Subordonnés, il n'existe aucune option de remboursement au gré des Titulaires.

Si les Conditions Définitives applicables stipulent une option de remboursement au gré des Titulaires, et si le titulaire d'un Titre donne à l'Emetteur, conformément à la Modalité 15, un préavis de 15 jours au moins et de 30 jours au plus, ou tout autre préavis spécifié dans les Conditions Définitives applicables, l'Emetteur devra, sous réserve des dispositions des Conditions Définitives applicables et conformément à celles-ci, rembourser ce Titre en totalité (mais pas en partie), à l'expiration de ce préavis, à la Date de Remboursement Optionnel et pour le Montant de Remboursement Optionnel spécifié dans les Conditions Définitives applicables ou déterminé de la manière indiquée dans celles-ci, majoré, s'il y a lieu, des intérêts courus jusqu'à la Date de Remboursement Optionnel concernée (non incluse ou, dans le cas des Titres Suédois NRC, incluse). Il est possible que certaines conditions et/ou circonstances doivent être satisfaites, avant qu'une option exigeant de l'Emetteur qu'il rembourse un Titre ne puisse être exercée. Si tel était le cas, les modalités en seraient détaillées dans les Conditions Définitives applicables.

Pour pouvoir exercer son option de remboursement concernant un Titre, le Titulaire de ce Titre devra, si le Titre est sous forme définitive et détenu en dehors d'Euroclear et de Clearstream, Luxembourg, remettre l'établissement désigné de tout Agent Payeur (dans le cas de Titres au Porteur) ou de l'Agent de Tenue des Registres (dans le cas de Titres Nominatifs), pendant la période de notification, à tout moment pendant les heures ouvrables normales de cet Agent Payeur, ou, selon le cas, de l'Agent de Tenue des Registres, une notification d'exercice dûment complétée et signée sur le formulaire qu'il pourra obtenir (au moment considéré) auprès de l'établissement désigné de tout Agent Payeur ou, selon le cas, de l'Agent de Tenue des Registres (**Notification d'Exercice**). Le titulaire devra indiquer dans cette Notification d'Exercice un compte bancaire (ou, si le paiement est demandé par chèque, une adresse) sur lequel ou à laquelle le paiement doit être effectué en vertu de la présente Modalité et, dans le cas de Titres Nominatifs, le montant nominal des titres devant être remboursé, et, si le remboursement porte sur un montant inférieur au montant nominal des Titres Nominatifs ainsi restitués, une adresse à laquelle un nouveau Titre Nominatif portant sur le solde de ces Titres Nominatifs doit être envoyé, sous réserve des dispositions de la Modalité 2 et conformément à celles-ci. Si ce Titre est sous forme définitive, la Notification d'Exercice devra être accompagnée de ce Titre ou d'une preuve satisfaisante pour l'Agent Payeur concerné que ce Titre sera détenu, après la remise de la Notification d'Exercice, à son ordre ou sous son contrôle. Si le Titre est représenté par un Titre global ou est sous forme définitive et détenu par l'intermédiaire d'Euroclear ou de Clearstream, Luxembourg, le titulaire de ce Titre devra, pour exiger son remboursement, notifier cet exercice à l'Agent Fiscal, pendant la période de notification, conformément aux procédures standard d'Euroclear ou de Clearstream, Luxembourg (ces procédures pouvant inclure la notification de son instruction pour son compte à l'Agent Fiscal, sous forme électronique, par Euroclear ou Clearstream, Luxembourg, ou par tout dépositaire commun ou tout conservateur commun (*common safekeeper*), selon le cas), sous une forme jugée acceptable par Euroclear et Clearstream, Luxembourg au moment considéré, et il devra, si le Titre est représenté par un Titre global, présenter ou faire présenter simultanément le Titre global concerné à l'Agent Fiscal pour qu'il soit annoté en conséquence.

Dans le cas de Titres NRC, une Notification d'Exercice ne sera pas effective à l'égard de l'Emetteur avant la date à laquelle les Titres concernés auront été transférés sur le compte désigné par l'Agent Payeur Additionnel spécifié dans les Conditions Définitives applicables (qui, pour les besoins des Titres NRC, sera un opérateur de compte spécifiquement autorisé par le dépositaire central de titres et l'établissement de compensation concernés à traiter et enregistrer des émissions dans le système de ces derniers), et bloqué par cet Agent Payeur Additionnel afin d'empêcher tout transfert supplémentaire à la Date de Remboursement Optionnel.

Nonobstant les dispositions qui précèdent, le droit d'exiger le remboursement de Titres NRC conformément à la présente Modalité 7(f) doit être exercé conformément aux règles et procédures du dépositaire central de titres et de l'établissement de compensation concerné, et, en cas de divergence entre les dispositions qui précèdent et les règles et procédures du dépositaire central de titres et établissement de compensation concerné, les règles et procédures du dépositaire central de titres et établissement de compensation concerné prévaudront.

Toute Notification d'Exercice donnée par le titulaire d'un Titre conformément au présent paragraphe (f) sera:

- (i) irrévocable à moins qu'un Cas de Défaut ne se soit produit avant la date de remboursement convenue et ne perdure, auquel cas ce titulaire pourra choisir, par le biais d'une notification donnée à l'Emetteur, de revenir sur sa notification donnée en vertu du présent paragraphe (f) et de déclarer que ce Titre est immédiatement exigible et payable en vertu de la Modalité 10; et
- (ii) nulle et de nul effet s'agissant d'un Titre, si, avant l'envoi de cette Notification d'Exercice par le titulaire concerné, (A) ce Titre constituait un Titre Remboursé, ou (B) l'Emetteur avait notifié aux Titulaires de Titres son intention de rembourser tous les Titres d'une Série alors en circulation, dans chaque cas conformément aux dispositions de la Modalité 7(e).

(g) **Montants de Remboursement Anticipé**

Pour les besoins du paragraphe (b) ci-dessus et de la Modalité 10, et sauf disposition contraire des Conditions Définitives applicables, les Titres seront remboursés pour un Montant de Remboursement Anticipé calculé comme suit:

- (i) dans le cas de Titres dont le Montant de Remboursement Final est égal au Prix d'Emission, au Montant de Remboursement Final de ces Titres; ou
- (ii) dans le cas de Titres (autres que des Titres Zéro Coupon) dont le Montant de Remboursement Final est ou peut être inférieur ou supérieur au Prix d'Emission, ou qui est payable dans une Devise Prévues autre que celle dans laquelle les Titres sont libellés, au montant spécifié dans les Conditions Définitives applicables ou déterminé de la manière spécifiée dans celles-ci, ou, si ce montant ou cette manière n'est pas ainsi spécifié dans les Conditions Définitives, à leur montant nominal; ou
- (iii) dans le cas de Titres à Règlement Physique, au montant déterminé de la manière spécifiée dans les Conditions Définitives applicables; ou
- (iv) dans le cas de Titres Zéro Coupon, à un montant (le **Montant Nominal Amorti**) égal à la somme obtenue en additionnant:
 - (A) le Prix de Référence spécifié dans les Conditions Définitives applicables; et
 - (B) le produit du Taux de Rendement spécifié dans les Conditions Définitives applicables (computé annuellement) appliqué au Prix de Référence à compter de la Date d'Emission (incluse ou exclue dans le cas des Titres Suédois NRC) jusqu'à la date (exclue ou incluse dans le cas des Titres Suédois NRC) convenue pour le remboursement ou (selon le cas) à laquelle ce Titre devient dû et remboursable.
- (v) si les Conditions Définitives applicables spécifient que le Montant de Remboursement Anticipé sera égal à la Valeur de Marché, à un montant dont l'Agent de Calcul déterminera qu'il représente la juste valeur de marché des Titres à la date d'exigibilité du remboursement des Titres, et qu'il a pour effet (après avoir tenu compte des coûts de dénouement de toutes conventions de couverture sous-jacentes, conclues à propos de ces Titres) de préserver pour les Titulaires de Titres l'équivalent économique des obligations de paiement que l'Emetteur aurait dû exécuter pour les Titres qui, sans ce remboursement anticipé, seraient devenus exigibles après la date de remboursement anticipée concernée. En ce qui concerne les Titres productifs d'intérêts, nonobstant les dispositions de la dernière phrase de la Modalité 7(b), de la neuvième ligne de la Modalité 7(c) et du premier paragraphe de la Modalité 9, le Montant de Remboursement Anticipé, tel que déterminé par l'Agent de Calcul conformément au présent paragraphe, inclura tous intérêts courus jusqu'à la date de remboursement anticipé concernée (exclue ou incluse dans le cas des Titres Suédois NRC), et, en dehors des intérêts inclus dans le Montant de Remboursement Anticipé, l'Emetteur ou, selon le cas, le Garant, ne paieront aucun intérêt, couru ou autre, ni aucun autre quelconque montant, au titre de ce remboursement.

Si ce calcul doit être effectué pour une période inférieure à une année complète, il sera effectué sur la base de la Fraction de Décompte des Jours spécifiée (le cas échéant) dans les Conditions Définitives applicables.

(h) **Titres à remboursement échelonné**

Si les Titres sont des Titres à remboursement échelonné, ils seront remboursés pour les Montants de Remboursement Echelonné et aux Dates de Remboursement Echelonné spécifiés dans les Conditions

Définitives applicables. En cas de remboursement anticipé, le Montant de Remboursement Anticipé sera déterminé conformément au paragraphe (g) ci-dessus.

(i) **Titres partiellement libérés**

Si les Titres sont des Titres Partiellement Libérés:

- (i) ils seront souscrits pour les Montants de Libération Partielle et aux Dates de Libération Partielle spécifiés dans les Conditions Définitives applicables. Sauf disposition contraire des Conditions Définitives applicables, l'obligation de payer un Montant de Libération Partielle à la Date de Libération Partielle concernée ne sera encourue par les titulaires des Titres qu'à cette Date de Libération Partielle;
- (ii) sauf disposition contraire des Conditions Définitives applicables, ils seront remboursés à la Date d'Echéance pour leur montant nominal et à toute Date de Remboursement Optionnel pour leur montant nominal libéré, à la date fixée pour le remboursement;
- (iii) sauf disposition contraire des Conditions Définitives applicables, dans le cas où un Titulaire de Titres ne payerait pas un Montant de Libération Partielle à la Date de Libération Partielle concernée (cette date étant dénommée: une **Date de Défaut de Libération Partielle**), les Titres détenus par ce Titulaire de Titres seraient automatiquement remboursés à la Date de Remboursement Anticipé concernée, pour le Montant de Règlement.

Pour les besoins de la présente Modalité 7(i), et sauf disposition contraire des Conditions Définitives applicables:

Date de Remboursement Anticipé désigne, à propos de tout Titre, le septième Jour Ouvré de Paiement suivant une Date de Défaut de Libération Partielle;

Montant de Règlement désigne, pour tout Titre, un montant déterminé par l'Agent de Calcul conformément à la formule suivante:

Max [0;[Montant Nominal Libéré – Coûts de Dénouement]]

Où:

Montant Nominal Libéré désigne, pour toute Date de Libération Partielle, le montant nominal libéré du Titre concerné, jusqu'à la Date de Libération Partielle applicable (incluse). Les intérêts ne courront pas et ne seront pas payables pendant la période comprise entre la Date de Défaut de Libération Partielle applicable (incluse) et la Date de Remboursement Anticipé applicable (incluse); et

Coûts de Dénouement désigne la quote-part, pour chaque Titre, des pertes (exprimées sous la forme d'un nombre positif) ou des gains (exprimés sous la forme d'un nombre négatif) du dénouement de tous les contrats de couverture (en tenant compte de la valeur actuelle de tout(s) Montant(s) de Libération Partielle restant à payer sur ces Titres) conclus ou achetés par l'Emetteur et/ou le Garant pour de ces Titres.

(j) **Rachats**

Sous réserve des dispositions du paragraphe suivant, l'Emetteur ou le Garant (le cas échéant) pourra à tout moment procéder à des rachats de Titres (sous réserve, dans le cas de Titres Définitifs au Porteur, que tous les Reçus, Coupons et Talons non échus y afférents soient simultanément rachetés), en bourse ou de gré à gré quel qu'en soit le prix, sous réserve des lois et réglementations applicables. Dans le cas de Titres émis par Société Générale ou SG Option Europe, les Titres rachetés par l'Emetteur ou pour son compte seront restitués à

un Agent Payeur (ou, dans le cas de Titres Nominatifs, à l'Agent de Tenue des Registres) pour annulation (accompagnés, dans le cas de Titres Définitifs au Porteur, de tous les Reçus, Coupons et Talons non échus y afférents). Dans le cas de Titres émis par SGA Société Générale Acceptance N.V., les Titres rachetés par ou pour le compte de l'Emetteur pourront, au choix de l'Emetteur, être détenus, revendus ou restitués à tout Agent Payeur (ou, dans le cas de Titres Nominatif, à l'Agent de Tenue des Registres), pour annulation. Tous Titres NRC rachetés par ou pour le compte de l'Emetteur pourront, au choix de l'Emetteur, être détenus, revendus ou annulés.

Dans le cas de Titres Subordonnés, Société Générale pourra à tout moment racheter ces Titres, sous réserve d'obtenir l'accord préalable écrit du Secrétariat général de la Commission Bancaire en France, (i) si le montant en principal total des Titres ainsi rachetés excède 10 pour cent du montant en principal total initial des Titres, et (ii) dans le cas d'une offre publique d'achat ou d'une offre publique d'échange.

(k) ***Annulation***

Tous les Titres rachetés seront annulés immédiatement (ainsi que, dans le cas de Titres Définitifs au Porteur, tous les Reçus, Coupons et Talons non échus y afférents ou restitués avec ces Titres lors du remboursement). Tous les Titres ainsi annulés et tous les Titres rachetés et annulés en vertu du paragraphe (j) ci-dessus (et, dans le cas de Titres Définitifs au Porteur, tous les Reçus, Coupons et Talons non échus annulés avec ces Titres) devront être envoyés à l'Agent Fiscal (ou, dans le cas de Titres Nominatifs, à l'Agent de Tenue des Registres) et ne pourront pas être réémis ni revendus.

(l) ***Retard de Paiement relatifs aux Titres Zéro Coupon***

Sauf disposition contraire des Conditions Définitives applicables, si le montant payable relatif à un Titre Zéro Coupon à la date de remboursement de ce Titre Zéro Coupon, exception faite des Titres Nominatifs, en vertu du paragraphe (a), (b), (c), (e) ou (f) ci-dessus, ou à la date à laquelle il deviendra exigible et payable conformément à la Modalité 10, est indûment retenu ou rejeté, le montant dû et remboursable sur ce Titre Zéro Coupon, sera le montant calculé conformément au paragraphe (g)(iv) ci-dessus, de la même manière que si les références faites dans ce paragraphe à la date convenue pour le remboursement étaient remplacées par des références à la première des deux dates suivantes:

- (i) la date à laquelle tous les montants dus sur le Titre Zéro Coupon auront été payés; ou
- (ii) cinq jours après la date à laquelle le montant intégral des sommes payables pour ces Titres Zéro Coupon aura été reçu par l'Agent Fiscal et où un avis à cet effet aura été donné aux Titulaires de Titres conformément à la Modalité 15.

(m) ***Remboursement de Titres NRC***

Nonobstant les dispositions précédentes de la présente Modalité, le remboursement des Titres NRC peut être soumis à certaines restrictions et procédures spécifiques, selon les dispositions des Conditions Définitives applicables.

(n) ***Remboursement ou transfert forcé de Titres Nominatifs***

Si l'Emetteur détermine à tout moment qu'un titulaire de Titres Nominatifs aux Etats-Unis ou un Titulaire de Titres qui est une *U.S. Person* n'était pas un QIB et un QP à la date à laquelle il a acheté ou acquis ces Titres, en violation des déclarations tacites ou explicites données par ce titulaire lors de l'achat de ces Titres, l'Emetteur pourra (a) rembourser ces Titres, ou (b) adresser à ce titulaire une notification lui enjoignant de vendre ou de transférer ses Titres à une personne qui est à la fois un QIB et un QP, ou à une *non-U.S. Person* hors des Etats-Unis, dans les 30 jours suivant la réception de cette notification, et, si ce titulaire ne procède pas à la vente ni au transfert de ses Titres dans ce délai de 30 jours, l'Emetteur pourra transférer ou vendre ces Titres pour le compte de ce titulaire.

Aucun paiement ne sera effectué sur les Titres concernés à compter de la date d'envoi de la notification d'injonction de vente et jusqu'à la date à laquelle les Titres concernés seront vendus.

Aucune assurance ne peut être donnée qu'un titulaire de Titres ou d'un droit sur ceux-ci, dont on exige qu'il vende des Titres ou dont les Titres sont vendus pour son compte (en vertu de la présente Modalité) n'encourra pas une perte significative en raison de la nécessité pour l'Emetteur concerné, ou pour le cédant, de trouver un cessionnaire éligible désireux d'acheter les Titres. Ni l'Emetteur concerné, ni le Garant ni aucune autre partie ne répondront de cette perte envers le titulaire.

8. Fiscalité

- (a) Dans le cas de Titres émis par Société Générale, SG Option Europe ou SGA Société Générale Acceptance N.V., tous les paiements relatifs à des Titres, Reçus ou Coupons ou relatifs à la Garantie seront libres de tout prélèvement ou retenue au titre d'un quelconque impôt, taxe, droit, contribution ou charge gouvernementale de quelque nature, présent ou futur, imposé, levé, collecté ou retenu par ou pour le compte de toute Juridiction Fiscale, sauf si le prélèvement ou la retenue d'un quelconque impôt, taxe, droit, contribution ou charge gouvernementale est requis par la loi.
- (b) Si en vertu de la législation d'une quelconque Juridiction Fiscale, un prélèvement ou une retenue est imposé par la loi, l'Emetteur concerné ou, selon le cas, le Garant, devra majorer, dans toute la mesure permise par la loi, les paiements, de telle façon qu'après ce prélèvement ou cette retenue chaque Titulaire de Titres, Reçus ou Coupons perçoive l'intégralité des sommes qui lui auraient été versées en l'absence d'un tel prélèvement ou d'une telle retenue, étant précisé que l'Emetteur concerné ou, selon le cas, le Garant, ne sera pas tenu de majorer les paiements relatifs aux Titres, Reçus ou Coupons qui sont:
 - (i) présentés au paiement par ou pour le compte d'un Titulaire de Titres, Reçus ou Coupons qui serait redevable aux Antilles Néerlandaises (dans le cas de paiements par SGA Société Générale Acceptance N.V.) ou en France (dans le cas de paiements par Société Générale ou SG Option Europe) desdits impôts, taxes, droits, contributions ou charges gouvernementales au motif du lien qu'il entretient avec ces juridictions autrement que du fait de la seule propriété desdits Titres, Reçus ou Coupons; ou
 - (ii) présentés au paiement plus de 30 jours après la Date de Référence (telle que définie ci-dessous), sauf dans l'hypothèse où le Titulaire des Titres, Reçus ou Coupons aurait eu droit à un montant majoré sur présentation de ceux-ci au paiement le dernier jour de ladite période de 30 jours., en supposant que ce jour ait été un Jour Ouvré de Paiement (tel que défini à la Modalité 6(g)); ou
 - (iii) en ce qui concerne toute émission de Titres ayant fait l'objet d'un placement privé, dans l'hypothèse où les Conditions Définitives applicables disposent qu'aucune majoration de cette nature ne sera due; ou
 - (iv) si ce prélèvement ou cette retenue à la source porte sur un paiement effectué à une personne physique et est effectué conformément à la Directive du Conseil 2003/48/CE en matière de fiscalité des revenus de l'épargne sous forme de paiements d'intérêts ou conformément à toute loi (au sein de l'Union Européenne ou hors de celle-ci) mettant en œuvre cette directive, s'y conformant ou adoptée dans le but de s'y conformer; ou
 - (v) présentés au paiement par ou pour le compte d'un Titulaire qui aurait pu éviter ce prélèvement ou cette retenue en présentant les Titres, Reçus ou Coupons concernés à un autre Agent Payeur situé dans un Etat membre de l'Union Européenne.

Pour les besoins des présentes, l'expression:

- (i) **Juridiction Fiscale** désigne la France ou toute autre subdivision politique ou autorité de celle-ci disposant d'un pouvoir d'imposition (dans le cas de paiements effectués par Société Générale en sa capacité d'Emetteur ou de Garant, ou par SG Option Europe), ou les Antilles Néerlandaises ou toute autre subdivision politique ou autorité de celles-ci disposant d'un pouvoir d'imposition (dans le cas de paiements effectués par SGA Société Générale Acceptance N.V.); et
- (ii) **Date de Référence** désigne la date à laquelle le paiement concerné devient exigible pour la première fois, étant entendu, par exception, que si l'intégralité des sommes dues n'a pas été dûment reçue par l'Agent Fiscal (ou, dans le cas de Titres NRC, les titulaires de ces Titres NRC) au plus tard à cette date d'exigibilité, la Date de Référence désigne la date à laquelle l'intégralité de ces sommes ayant été ainsi reçue, un avis à cet effet sera dûment donné aux Titulaires de Titres conformément aux dispositions de la Modalité 15.

9. Prescription

Les Titres au Porteur (et tous Reçus et Coupons y afférents) et les Titres Nominatifs non présentés au paiement dans un délai de 10 ans (dans le cas du principal) et de 5 ans (dans le cas des intérêts) à compter de la Date de Référence (telle que définie à la Modalité 8), seront prescrits, sauf disposition contraire des Conditions Définitives applicables.

Aucun Coupon émis en échange d'un Talon ne pourra inclure un Coupon qui serait prescrit en vertu de la présente Modalité 9 ou de la Modalité 6(b) ni un Talon qui serait prescrit en vertu de la Modalité 6(b).

Dans le cas de Titres Suédois NRC et de Titres Finlandais NRC, les créances en paiement du principal et des intérêts payables sur les Titres à l'encontre de l'Emetteur seront prescrites, dans le cas des Titres Suédois NRC, si elles ne sont pas formulées à l'encontre de l'Emetteur dans un délai de 10 ans (dans le cas du principal) et de 5 ans (dans le cas des intérêts), ou, dans le cas des Titres Finlandais NRC, dans un délai de 3 ans, dans chaque cas à compter de la Date de Référence (telle que définie à la Modalité 8).

10. Cas de Défaut

Dans le cas de Titres émis par SGA Société Générale Acceptance N.V. et SG Option Europe, le titulaire de tout Titre pourra notifier par écrit à l'Emetteur concerné et au Garant (le cas échéant) l'exigibilité anticipée immédiate des Titres à leur Montant de Remboursement Anticipé majoré, s'il y a lieu et sous réserve de toute disposition contraire des présentes, des intérêts courus jusqu'à la date du remboursement, en cas de survenance de l'un quelconque des événements suivants (chacun un **Cas de Défaut**):

- (a) l'Emetteur ne paye pas, pour un motif quelconque, une somme quelconque devenue exigible, ou ne livre pas tout Actif Sous-Jacent des Titres, et ce manquement, dans le cas de toute somme, perdure plus de 30 jours suivant cette date d'exigibilité à moins que le Garant n'ait remédié à ce manquement avant l'expiration de cette période; par exception à ce qui précède, le transfert tardif de tout Actif Sous-Jacent, dans les circonstances décrites à la Modalité 6(a)(iii) ne constituera pas un Cas de Défaut en vertu des présentes; ou
- (b) l'Emetteur manque d'exécuter l'une quelconque de ses autres obligations au titre des présentes Modalités et, si l'Emetteur ou le Garant peut remédier à ce manquement, il n'y est pas remédié dans les 60 jours suivant la réception d'une mise en demeure écrite à cet effet, notifiée par tout Titulaire de Titres à l'Emetteur, exigeant qu'il soit remédié à ce manquement; ou
- (c) l'Emetteur manque à ses obligations au titre de toute obligation, titre de créance, *note* ou autre titre de dette (y compris toute dette découlant d'une garantie) découlant d'un emprunt d'argent ou au titre de tout acte constitutif d'hypothèque, de tout acte fiduciaire ou de tout instrument en vertu duquel peut être émise, garantie ou matérialisée toute dette pour emprunt d'argent de l'Emetteur, que cette

dette existe maintenant ou soit contractée ultérieurement, et cette dette devient ou est déclarée immédiatement exigible et payable du fait de ce manquement, avant la date à laquelle elle serait autrement devenue exigible et payable, ou toute dette de cette nature n'est pas payée à son échéance convenue et ce manquement se poursuit après l'expiration du délai de grâce qui lui est éventuellement applicable (sauf si, dans l'un ou l'autre des cas précités, l'obligation de payer cette dette est contestée de bonne foi); ou

- (d) l'Emetteur est déclaré en faillite ou reconnu en état de cessation des paiements, ou suspend ses paiements, ou fait l'objet d'une procédure engagée ou d'un jugement prononcé par tout tribunal compétent ou toute autorité administrative compétente (y compris, sans caractère limitatif, dans le cas de SG Option Europe uniquement, une procédure de sauvegarde ou de redressement ou liquidation judiciaire), ou l'Emetteur adopte une résolution en vue de solliciter l'ouverture d'une procédure de conciliation avec ses créanciers ou, dans le cas de SG Option Europe uniquement, en vue de solliciter une procédure de sauvegarde, de redressement judiciaire, de liquidation judiciaire ou de liquidation volontaire, ou en vue de faire nommer un administrateur judiciaire, un trustee ou un autre mandataire de justice similaire dans le cadre d'une procédure collective affectant l'Emetteur ou une partie substantielle de ses actifs, ou l'Emetteur est dissous ou liquidé; ou
- (e) dans le cas de toute Série de Titres à laquelle la Garantie est stipulée applicable, la Garantie cesse d'être pleinement en vigueur et en effet au titre de cette Série de Titres, des Reçus ou des Coupons, ou une notification est donnée par le Garant ayant pour effet de priver la Garantie de tout effet au titre de cette Série de Titres, des Reçus ou des Coupons, ou la Garantie est rendue nulle pour tout motif, par tout moyen ou en vertu de toute législation nouvelle ayant pour effet de priver les Titres, les Reçus ou les Coupons du bénéfice de la Garantie, ou de résilier ou modifier la Garantie d'une manière affectant défavorablement les intérêts des Titulaires de Titres, des Titulaires de Reçus ou des Titulaires de Coupons, ou le Garant est dans l'incapacité d'exécuter ses obligations en vertu de la Garantie pour un motif quelconque.

11. Remplacement des Titres, Reçus, Coupons et Talons

Tout Titre (exception faite d'un Titre NRC) ou (dans le cas d'un Titre au Porteur), tout Reçu, Coupon ou Talon perdu, volé, mutilé, effacé ou détruit pourra être remplacé dans l'établissement désigné de l'Agent Fiscal (dans le cas de Titres au Porteur), ou de l'Agent de Tenue des Registres (dans le cas de Titres Nominatifs), sous réserve des exigences boursières applicables et de toutes lois en vigueur, contre paiement des coûts correspondants et des frais que l'Emetteur ou, le cas échéant, le Garant, pourra raisonnablement imposer en matière de preuve, de sécurité, d'indemnité ou autre. Les Titres, Reçus, Coupons ou Talons mutilés ou effacés devront être restitués avant de pouvoir être remplacés.

12. Agent Fiscal et Agents Payeurs

Les noms de l'Agent Fiscal initial, de l'Agent de Tenue des Registres initial et des autres Agents Payeurs initiaux et leurs établissements désignés initiaux sont indiqués ci-dessous (excepté en ce qui concerne les Titres NRC et les Titres SIS) et le(s) nom(s) et établissement(s) désigné(s) de l'Agent de Calcul ou des Agents de Calcul sont indiqués dans les Conditions Définitives applicables. En outre, l'Agent Fiscal pourra (avec l'accord préalable écrit de l'Emetteur concerné et, s'il y a lieu, du Garant) déléguer certaines de ses fonctions et attributions en relation avec les Titres à Règlement Physique à un agent de règlement (l'**Agent de Règlement**). S'agissant des Titres SIS, l'Emetteur maintiendra un Agent Payeur Principal Suisse (qui, dans le cas de Titres admis à la cote officielle sur le *SIX Swiss Exchange*, devra en permanence être une banque ou un négociant en valeurs mobilières soumis à la supervision de l'Autorité fédérale suisse de surveillance des marchés financiers (FINMA)), dont les fonctions seront définies dans le Contrat de Service Financier Suisse. S'agissant des Titres SIS, les références faites dans les présentes Modalités à l'**Agent Fiscal** seront réputées viser, si le contexte le permet, l'Agent Payeur Principal Suisse.

S'agissant des Titres EUI, l'Emetteur nommera (et dans le cas des CDI, maintiendra de manière permanente) un Agent EUI.

L'Emetteur et le Garant peuvent modifier ou révoquer la nomination de tout Agent Payeur ou Agent de Règlement et/ou nommer des Agents Payeurs ou Agents de Règlement supplémentaires ou différents, et/ou approuver tout changement de l'établissement désigné par l'intermédiaire duquel un Agent Payeur ou un Agent de Règlement agit, sous les réserves suivantes (excepté en ce qui concerne les Titres NRC):

- (a) aussi longtemps que les Titres seront cotés sur une bourse quelconque, ou admis à la cote officielle ou à la négociation par toute autre autorité compétente, il devra y avoir en permanence un Agent Payeur (qui pourra être l'Agent Fiscal) et un Agent de Transfert (qui pourra être l'Agent de Tenue des Registres) ayant un établissement désigné dans l'endroit requis par les règles et réglementations de la bourse concernée; et
- (b) il devra y avoir en permanence un Agent Payeur (qui pourra être l'Agent Fiscal) ayant un établissement désigné dans une ville d'Europe continentale; et
- (c) aussi longtemps que des Titres Globaux Nominatifs seront enregistrés au nom d'un établissement mandataire de DTC, il devra y avoir en permanence un Agent d'Echange et un Agent Payeur ayant un établissement désigné à New York, New York; et
- (d) il devra y avoir en permanence un Agent Payeur dans un Etat membre de l'Union Européenne (un **Etat membre**), qui ne sera pas tenu de procéder à une retenue à la source ou déduction d'impôts en vertu de la Directive du Conseil Européen 2003/48/CE ou de toute loi adoptée pour mettre en œuvre cette Directive ou s'y conformer, ou de toute loi conforme à cette Directive (cette Directive ou loi étant dénommée: **Législation de l'UE sur la fiscalité des produits de l'épargne**), dans la mesure où tout Etat membre n'a pas l'obligation de procéder à une retenue à la source ou déduction d'impôts en vertu de la Législation de l'UE sur la fiscalité des produits de l'épargne; et
- (e) il devra y avoir en permanence un Agent Fiscal et un Agent de Tenue des Registres.

En outre, dans les circonstances décrites au second paragraphe de la Modalité 6(f), l'Emetteur et le Garant devront immédiatement nommer un Agent Payeur ayant un établissement désigné dans la Ville de New York. Toute nomination, tout remplacement ou toute révocation ou tout changement ne prendra effet (sauf en cas de faillite, où il prendra effet immédiatement) qu'à l'issue d'un préavis écrit de 30 jours au moins et de 45 jours au plus, donné aux Titulaires de Titres conformément aux dispositions de la Modalité 15.

Nonobstant ce qui précède, l'Emetteur s'engage, pour tout Titres SIS, à nommer et maintenir un Agent Payeur Principal Suisse ayant un établissement désigné en Suisse (qui, dans le cas de Titres admis à la cote officielle sur le *SIX Swiss Exchange*, devra en permanence être une banque ou un négociant en valeurs mobilières soumis à la supervision de l'Autorité fédérale suisse de surveillance des marchés financiers (FINMA)), et à ne maintenir à aucun moment un Agent Payeur au titre des Titres SIS CHF dont l'établissement désigné soit situé hors de Suisse.

Nonobstant ce qui précède, l'Emetteur pourra, pour les Titres NRC, nommer ou (selon le cas) maintenir un agent payeur dans chaque juridiction où des Titres NRC sont enregistrés, et, s'il y a lieu, aussi longtemps que des Titres NRC seront admis à la cote officielle de la Bourse de Luxembourg, l'Emetteur maintiendra un agent payeur ayant un établissement désigné à Luxembourg, le tout dans les conditions spécifiées dans les Conditions Définitives applicables. En ce qui concerne tout Titre NRC, l'Emetteur est en droit de modifier ou révoquer la nomination du dépositaire central de titres et établissement de compensation concerné, ou de l'Agent Payeur Additionnel, sous réserve que l'Emetteur nomme un autre dépositaire central de titres et établissement de compensation ou un ou plusieurs Agents Payeurs Additionnels, selon le cas, dont chacun d'eux devra être autorisé, dans le cas des Titres Suédois NRC, en vertu de la Loi suédoise sur les

Comptes d'Instruments Financiers (*Swedish Financial Instruments Accounts Act*) (SFS 1998:1479), ou, dans le cas des Titres Finlandais NRC, en vertu de la Loi finlandaise sur le Système d'Inscription en Compte (*Finnish Act on Book-Entry System*) (826/1991). Le dépositaire central de titres et établissement de compensation et le ou les Agents Payeurs Additionnels nommés pour les Titres NRC agiront exclusivement en qualité d'agent de l'Emetteur et n'assumeront aucune obligation envers tous Titulaires de Titres, n'entreprendront aucune relation de mandat ou de *trust* avec ceux-ci. L'Emetteur sera en droit d'obtenir des informations extraites des registres tenus par le dépositaire central de titres et établissement de compensation concerné, pour les besoins de l'exécution de ses obligations en vertu de tous Titres NRC. En ce qui concerne les Titres Suédois NRC, l'Emetteur nommera, conformément à la Loi suédoise sur les Comptes d'Instruments Financiers (SFS 1998:1479) (i) Euroclear Suède en qualité de dépositaire central de titres et établissement de compensation, et (ii) un Agent Payeur Additionnel pour les besoins des Titres Suédois NRC. Cet Agent Payeur Additionnel sera indiqué dans les Conditions Définitives applicables et présentera les caractéristiques décrites à la Modalité 7(f). En ce qui concerne les Titres Finlandais NRC, Euroclear Finlande agira en qualité de dépositaire central de titres et établissement de compensation, et l'Emetteur nommera un Agent Payeur Additionnel pour les besoins des Titres Finlandais NRC, comme indiqué dans les Conditions Définitives applicables. En outre, l'Emetteur nommera un Agent de l'Emetteur, comme prévu dans les règles d'Euroclear Finlande pour les besoins des Titres Finlandais NRC et comme spécifié dans les Conditions Définitives applicables.

Lorsqu'ils agissent en vertu du Contrat de Service Financier, les Agents Payeurs agissent exclusivement en tant qu'agents de l'Emetteur et, le cas échéant, du Garant, et n'assument aucune obligation envers tous Titulaires de Titres, Titulaires de Reçus ou Titulaires de Coupons et n'entretiennent aucune relation de mandat ou de *trust* avec ceux-ci. Le Contrat de Service Financier contient des dispositions permettant de devenir l'agent payeur successeur de toute entité avec laquelle tout Agent Payeur fusionnerait, dans laquelle il serait transformé, avec laquelle il serait regroupé ou à laquelle il transférerait la totalité ou la quasi-totalité de ses actifs. Si Société Générale est l'Agent de Calcul d'une Série de Titres quelconque, sa nomination sera régie par les termes du Contrat d'Agent de Calcul, joint en Annexe 1 au Contrat de Service Financier. Si un Agent de Calcul autre que Société Générale est nommé en relation avec toute Série de Titres, les termes de sa nomination seront résumés dans les Conditions Définitives applicables.

13. Echange de Talons

A compter de la Date de Paiement des Intérêts à laquelle le Coupon final formant partie d'une feuille de Coupons viendra à échéance, le Talon (éventuel) formant partie de cette feuille de Coupons pourra être restitué à l'établissement désigné de l'Agent Fiscal ou de tout autre Agent Payeur, en échange d'une autre feuille de Coupons incluant (si cette autre feuille de Coupons n'inclut pas de Coupon courant jusqu'à la date finale de paiement des intérêts dus sur le Titre auquel il se rapporte (incluse)) un Talon supplémentaire, sous réserve des dispositions de la Modalité 9. Chaque Talon sera réputé, pour les besoins des présentes Modalités, venir à échéance à la Date de Paiement des Intérêts à laquelle le Coupon final compris dans la feuille de Coupons viendra à échéance.

14. Substitution

Dans le cas de Titres émis par SGA Société Générale Acceptance N.V. ou SG Option Europe, l'Emetteur pourra être remplacé et le Garant ou toute filiale du Garant pourra être substitué à l'Emetteur en qualité de débiteur principal des Titres, Reçus et Coupons, sans le consentement des Titulaires de Titres ou des Titulaires de Coupons ou de Reçus. Si SGA Société Générale Acceptance N.V. ou SG Option Europe décide que le Garant ou l'une de ses filiales doit devenir le débiteur principal (dénommé, en cette qualité: le **Débiteur Substitué**), elle devra le notifier aux Titulaires de Titres conformément aux dispositions de la Modalité 15, 30 jours au moins et 45 jours au plus à l'avance et, immédiatement après l'expiration de ce préavis, le Débiteur Substitué deviendra le débiteur principal des Titres, des Reçus et des Coupons, au lieu et place de l'Emetteur, et les Titulaires de Titres, Reçus et Coupons cesseront immédiatement de détenir des droits ou créances quelconques sur l'Emetteur. Cependant, aucune substitution de cette nature ne prendra effet:

- (a) si elle devait avoir pour conséquence, à la date de cette substitution, d'assujettir des paiements devant être effectués au titre des Titres à une retenue à la source ou à une déduction qui n'aurait pas dû être opérée en l'absence de cette substitution;
- (b) si le Débiteur Substitué n'est pas le Garant, avant que le Garant n'ait consenti une garantie inconditionnelle et irrévocable, revêtant en substance la forme de la Garantie, au titre des obligations de ce Débiteur Substitué;
- (c) en toute hypothèse, avant que le Débiteur Substitué n'ait fourni à l'Agent Fiscal les documents qui pourront être nécessaires afin que les Titres et le Contrat de Service Financier constituent des obligations légales, valables et ayant force de loi à l'égard du Débiteur Substitué; et
- (d) avant que ce Débiteur Substitué n'ait été approuvé par écrit par les autorités compétentes comme étant habilité à émettre les Titres concernés.

En cas de substitution intervenant dans ces conditions, les modifications nécessaires seront apportées aux Titres, Reçus, Coupons et Talons, et les Titulaires de Titres seront avisés des modifications ainsi apportées aux Titres, Reçus, Coupons et Talons, conformément aux dispositions de la Modalité 15.

15. **Avis**

- (a) *Avis concernant des Titres autres que des Titres SIS et des Titres EUI*

Tous les avis concernant les Titres seront valablement donnés, s'ils sont publiés:

- (a) dans l'un des principaux quotidiens de langue anglaise de diffusion générale en Europe (sauf dans le cas de Titres NRC); et
- (b) tant que les Titres sont admis, le cas échéant, à la négociation et à la cote officielle de la Bourse de Luxembourg, sur le site internet de la Bourse de Luxembourg, www.bourse.lu.

Il est prévu que toute publication faite ainsi dans un quotidien le soit dans le Financial Times en Europe et dans le Luxemburger Wort ou le Tageblatt à Luxembourg. L'Emetteur devra également veiller à ce que les avis soient dûment publiés en conformité avec les règles et réglementations de toute bourse sur laquelle les Titres sont cotés ou de toute autre autorité qui les a admis à la négociation au moment considéré. Tout avis sera réputé avoir été donné (i) à la date de la première publication ou, lorsque la publication doit être effectuée dans plusieurs journaux, à la date de la première publication dans tous les journaux requis, ou (ii) dans le cas d'une publication sur un site internet, à la date à laquelle cet avis apparait pour la première fois sur ce site internet.

Jusqu'à ce que des Titres sous forme définitive soient émis, tant que le ou les Titres globaux représentant les Titres seront détenus intégralement pour le compte d'Euroclear et/ou de Clearstream, Luxembourg et/ou de DTC, cette publication dans les journaux pourra être remplacée par la remise de l'avis concerné à Euroclear, Clearstream, Luxembourg et/ou DTC, pour communication par leurs soins aux titulaires des Titres; en outre, tant que des Titres seront admis à la cote officielle d'une bourse ou à la négociation par toute autre autorité compétente, et si les règles de cette bourse ou de cette autre autorité l'exigent, cet avis sera publié conformément à ces règles. Tout avis ainsi remis ou publié sera réputé avoir été donné aux titulaires des Titres (i) le quatrième jour suivant le jour où cet avis a été donné à Euroclear, Clearstream, Luxembourg et/ou DTC, si les Conditions Définitives applicables mentionnent la clause "Livraison Quatre Jours" comme le Délai de Remise par le Système de Compensation, ou (ii) le jour où cet avis a été donné à Euroclear, et/ou Clearstream, Luxembourg et/ou DTC, si les Conditions Définitives applicables mentionnent la clause "Livraison le Jour Même" comme Délai de Remise par le Système de Compensation.

Tous les avis donnés aux Titulaires de Titres (quelle que soit la manière dont ils le sont) devront également être donnés par écrit:

- (a) à Euroclear, Clearstream, Luxembourg et/ou DTC, selon le cas (sauf dans le cas de Titres NRC); et
- (b) dans le cas de Titres admis à la cote officielle d'une bourse ou admis à la négociation par toute autre autorité compétente, à cette bourse ou autorité.

Les notifications devant être effectuées par un Titulaire de Titres (sauf dans le cas de Titres NRC) devront se faire par écrit et être déposées, avec (dans le cas de tout Titre sous forme définitive) le ou les Titres correspondants, chez l'Agent Fiscal (dans le cas de Titres au Porteur) ou chez l'Agent de Tenue des Registres (dans le cas de Titres Nominatifs). Aussi longtemps que certains Titres seront représentés par un Titre global, ces notifications pourront être effectuées par tout titulaire d'un Titre à l'Agent Fiscal ou à l'Agent de Tenue des Registres (selon le cas), via Euroclear et/ou Clearstream, Luxembourg, et/ou DTC, selon le cas, de la manière qui pourra être approuvée par l'Agent Fiscal ou l'Agent de Tenue des Registres (selon le cas), et Euroclear et/ou Clearstream, Luxembourg, et/ou DTC, selon le cas.

Tous les avis destinés aux titulaires de Titres NRC seront:

- (a) réputés avoir été dûment donnés s'ils sont envoyés par courrier postal à un Titulaire de Titres, à l'adresse enregistrée pour ce Titulaire de Titres dans le système du dépositaire central de titres et établissement de compensation concernés, ou conformément à la législation en vigueur et aux règles et réglementations applicables à ce dépositaire central de titres et établissement de compensation concerné et/ou édictées par celui-ci. Tout avis de cette nature sera réputé avoir été donné, s'il est envoyé par courrier postal au Titulaire de Titres, le quatrième jour suivant le jour où cet avis a été posté; et
- (b) publiés dans un quotidien de diffusion générale à Luxembourg et/ou, au choix de l'Emetteur, sur le site de la Bourse du Luxembourg, www.bourse.lu, si les Titres sont admis aux négociations, et cotés à la Liste Officielle, de la Bourse de Luxembourg et aussi longtemps qu'ils le seront.

Tous les avis concernant les Titres Nominatifs seront réputés valablement donnés s'ils sont envoyés par courrier affranchi au tarif le plus élevé (par avion, si l'adresse est située à l'étranger) aux titulaires (ou à celui des co-titulaires dont le nom apparaît en premier), à leur adresse respective enregistrée dans le Registre, et seront réputés avoir été donnés le quatrième jour suivant la date de leur envoi postal, et, aussi longtemps que des Titres Nominatifs seront cotés sur une bourse et que les règles de cette bourse (ou de toute autre autorité compétente) l'exigent, cet avis sera en outre publié dans un quotidien de diffusion générale dans la ou les places exigées par ces règles.

- (b) *Avis concernant des Titres SIS*

Aussi longtemps que des Titres SIS seront cotés sur le *SIX Swiss Exchange*, et que les règles du *SIX Swiss Exchange* l'exigeront, tous les avis concernant ces Titres seront valablement donnés sans frais aux titulaires des Titres par l'intermédiaire de l'Agent Payeur Principal Suisse (i) par voie de publication électronique sur le site internet du *SIX Swiss Exchange* (www.six-swiss-exchange.com, où les avis sont actuellement publiés à l'adresse www.six-swiss-exchange.com/news/official_notices/search_en.html), ou (ii) par tout autre moyen conforme aux réglementations du *SIX Swiss Exchange*. Tous les avis ainsi donnés seront réputés avoir été valablement donnés à la date de cette publication ou, si plusieurs publications sont faites, à la première date de publication.

Tous les avis concernant des Titres SIS qui ne sont pas cotés sur le *SIX Swiss Exchange* seront publiés dans un grand quotidien de diffusion générale (qui sera probablement le *Neue Zürcher Zeitung*) en Suisse. Tous les avis ainsi donnés seront réputés avoir été valablement donnés à la date de cette publication (ou, si plusieurs publications sont faites, à la première date de publication). A titre d'alternative, les avis concernant des Titres SIS qui ne sont pas cotés sur *SIX Swiss Exchange* pourront également être donnés par communication via

l'Agent Payeur Suisse Principal à SIS, lequel les enverra aux titulaires de Titres. Tout avis ainsi donné sera réputé avoir été valablement donné par cette communication à SIS.

(c) *Avis concernant des Titres EUI*

Tous les avis aux titulaires de Titres EUI seront valablement donnés s'ils sont (i) délivrés à l'adresse du Titulaire de Titres EUI apparaissant dans le Registre par courrier affranchi au tarif le plus élevé ou remis en main propre ou, si cette adresse n'est pas située au Royaume-Uni, par courrier par avion (tout avis délivré ou envoyé conformément à ce paragraphe (a) étant envoyé aux risques du Titulaire de Titres EUI concerné) ou (b) publiés dans un grand quotidien de diffusion générale au Royaume-Uni (qui sera probablement le Financial Times) ou, (c) aussi longtemps que les Titres EUI seront cotés sur une bourse quelconque, publiés conformément aux règles de cette bourse. Tous les avis ainsi donnés seront réputés avoir été donnés le deuxième Jour Ouvré suivant, dans le cas mentionné au (a), cette délivrance, dans le cas mentionné au (b), la date de cette publication ou, si plusieurs publications ont été faites, la première date de publication et dans le cas mentionné au (c), cette publication.

16. Assemblées Générales des Titulaires de Titres, Modification, Renonciation

Le Contrat de Service Financier contient des dispositions réglementant la convocation des assemblées générales des Titulaires de Titres (exception faite des titulaires des Titres NRC) en vue d'examiner toute question affectant leurs intérêts, y compris la modification, par voie de Résolution Extraordinaire, des Titres (exception faite des titulaires des Titres NRC), des Reçus, des Coupons ou de certaines dispositions du Contrat de Service Financier. Cette assemblée pourra être convoquée par l'Emetteur ou le Garant à tout moment, ou par des Titulaires de Titres détenant 10 pour cent au moins du montant nominal des Titres en circulation au moment considéré. Le quorum requis pour l'adoption d'une Résolution Extraordinaire est fixé à une ou plusieurs personnes présentes, détenant ou représentant au total 50 pour cent au moins du montant nominal des Titres en circulation au moment considéré, et, lors de toute assemblée tenue après ajournement, à une ou plusieurs personnes présentes, Titulaires de Titres ou représentant des Titulaires de Titres, quel que soit le montant nominal des Titres ainsi détenus ou représentés; par exception à ce principe, le quorum requis pour l'adoption d'une Résolution Extraordinaire, lors de toute assemblée générale dont l'ordre du jour comporte la modification de certaines dispositions des Titres, Reçus ou Coupons (y compris, sans caractère limitatif, la modification de la date d'échéance des Titres, la réduction ou l'annulation du montant en principal ou du taux d'intérêt payable sur les Titres, ou la modification de la devise de paiement des Titres, Reçus ou Coupons) est fixé à une ou plusieurs personnes présentes, détenant ou représentant les deux tiers au moins, ou, lors d'une assemblée tenue sur deuxième convocation, le tiers au moins, du montant nominal des Titres en circulation au moment considéré. Toute Résolution Extraordinaire adoptée lors d'une assemblée générale des Titulaires de Titres liera tous les Titulaires de Titres, qu'ils soient ou non présents lors de cette assemblée, ainsi que tous les Titulaires de Reçus et tous les Titulaires de Coupons. En ce qui concerne les Titres Subordonnés, cette modification ne pourra être apportée que dans la mesure où l'Emetteur aura obtenu l'accord écrit préalable du Secrétariat Général de la Commission Bancaire.

L'Agent Fiscal, l'Emetteur et le Garant pourront, sans devoir obtenir l'accord des Titulaires de Titres, des Titulaires de Reçus ou des Titulaires de Coupons, convenir d'apporter toute modification aux Titres, aux Reçus, aux Coupons ou au Contrat de Service Financier, dès lors qu'elle (i) vise à corriger ou remédier à une ambiguïté ou à une disposition erronée ou incohérente de ceux-ci, ou est de nature formelle, mineure ou technique, ou (ii) n'est pas préjudiciable aux intérêts des Titulaires de Titres, des Titulaires de Reçus et/ou des Titulaires de Coupons (sous réserve que la modification proposée n'ait pas trait à une question qui devrait faire l'objet d'une Résolution Extraordinaire si une assemblée générale des Titulaires de Titres était tenue pour examiner cette modification), ou (iii) vise à corriger une erreur manifeste ou prouvée; ou (iv) vise à se conformer aux dispositions impératives de la loi. Toute modification de cette nature liera les Titulaires de Titres, les Titulaires de Reçus et les Titulaires de Coupons, et devra être notifiée dès que possible aux Titulaires de Titres conformément aux dispositions de la Modalité 15.

En ce qui concerne les Titres NRC autres que les Titres EUI, l'Emetteur pourra décider, sans devoir obtenir l'accord des Titulaires de Titres, d'apporter (a) toute modification aux Titres dès lors qu'elle n'est pas préjudiciable aux intérêts des Titulaires de Titres, ou (b) toutes modifications aux Titres qui est de nature formelle, mineure ou technique, ou vise à corriger une erreur manifeste ou prouvée, ou à se conformer aux dispositions impératives de la loi du ressort du lieu d'immatriculation de l'Emetteur. Toute modification de cette nature liera les Titulaires de Titres et devra être notifiée dès que possible aux Titulaires de Titres conformément aux dispositions de la Modalité 15.

Le Contrat de Service Financier EUI contient des dispositions réglementant la convocation des assemblées de Titulaires de Titres EUI, en vue d'examiner toute question affectant leurs intérêts, y compris la modification, par voie de Résolution Extraordinaire (telle que définie dans le Contrat de Service Financier EUI), des Titres EUI ou de certaines dispositions du Contrat de Service Financier EUI. Cette assemblée pourra être convoquée par l'Emetteur ou le Garant. Au moins 21 jours francs avant la tenue de l'assemblée, celle-ci devra être notifiée aux Titulaires de Titres EUI, par un avis indiquant le lieu, la date et l'heure de celle-ci. Le quorum requis pour l'adoption d'une Résolution Extraordinaire est fixé à une ou plusieurs personnes présentes, détenant ou représentant au total 50 pour cent au moins du montant nominal des Titres EUI en circulation au moment considéré, ou, lors de toute assemblée tenue après ajournement, à une ou plusieurs personnes présentes, Titulaires de Titres EUI ou représentant des Titulaires de Titres EUI, quel que soit le montant nominal des Titres EUI ainsi détenus ou représentés; par exception à ce principe, le quorum requis pour l'adoption d'une résolution dont l'ordre du jour comporte la modification de certaines dispositions des Titres EUI (y compris, sans caractère limitatif, la modification de la date d'échéance des Titres EUI, la réduction ou l'annulation du montant en principal ou du taux d'intérêt payable sur les Titres EUI, ou la modification de la devise de paiement des Titres EUI) est fixé à une ou plusieurs personnes présentes, détenant ou représentant les deux tiers au moins, ou, lors d'une assemblée tenue sur deuxième convocation, le tiers au moins, du montant nominal des Titres EUI en circulation au moment considéré. Toute Résolution Extraordinaire adoptée lors d'une assemblée générale des Titulaires de Titres EUI liera tous les Titulaires de Titres EUI, qu'ils soient ou non présents lors de cette assemblée. Les résolutions peuvent être adoptées par écrit si elles sont adoptées à l'unanimité.

L'Agent EUI et l'Emetteur pourront décider, sans devoir obtenir l'accord des Titulaires de Titres, d'apporter

- (a) toute modification (sauf telle que mentionnée ci-dessus) aux Titres EUI ou au Contrat de Service Financier EUI dès lors qu'elle n'est pas préjudiciable aux intérêts des Titulaires de Titres EUI; ou
- (b) toutes modifications aux Titres EUI ou au Contrat de Service Financier EUI qui est de nature formelle, mineure ou technique, ou vise à corriger une erreur manifeste ou prouvée, ou à supprimer toute ambiguïté ou à se conformer aux dispositions impératives de la loi.

Toute modification de cette nature liera les Titulaires de Titres EUI et devra être notifiée dès que possible aux Titulaires de Titres conformément aux dispositions de la Modalité 15.

17. Emissions Supplémentaires

L'Emetteur pourra créer et émettre, de temps à autre et sans le consentement des Titulaires de Titres, des Titulaires de Reçus ou des Titulaires de Coupons, des titres supplémentaires qui seront assimilés aux Titres en circulation et formeront une série unique avec eux, sous réserve que ces Titres et les titres supplémentaires confèrent des droits identiques à tous égards, et soient régis par les mêmes Modalités (sauf en ce qui concerne leur Date d'Emission, la Date de Début de Période d'Intérêts, le Prix d'Emission et/ou le montant et la date du premier paiement des intérêts sur ceux-ci).

18. Ajustements et Perturbation

Dans le cas des Titres à Règlement Physique et des Titres Indexés, les Conditions Définitives applicables et (s'il y a lieu) un Supplément au présent Prospectus du Programme d'Emission de Titres de Créance contiendront (le cas échéant) des dispositions relatives aux ajustements des Actifs Sous-Jacents et de tout(s) indice(s) sous-jacent(s), ainsi qu'aux cas de perturbation du règlement et de perturbation du marché (y compris, sans caractère limitatif et si besoin est, des définitions appropriées des **Cas d'Ajustement Potentiels**, **Cas de Perturbation du Règlement** et **Cas de Perturbation du Marché** et des informations détaillées sur les conséquences de ces événements) par exception à ce principe, pour les Titres à Règlement Physique ou les Titres qui sont des Titres Indexés sur des Titres de Capital, des Titres Indexés sur Marchandises, des Titres Indexés sur un Evénement de Crédit ou des Titres Indexés sur un Portefeuille d'Actifs Gérés, ces ajustements du sous-jacent et ces cas de perturbation du règlement ou du marché seront soumis aux dispositions de l'Annexe Technique, sauf disposition contraire des Conditions Définitives applicables.

19. *Contracts (Rights of Third Parties) Act 1999* / Loi britannique sur les Contrats (Droits de Tiers) de 1999

Les Titres ne confèrent aucun droit de poursuivre l'exécution forcée de tout terme ou condition des Titres en vertu du *Contracts (Rights of Third Parties) Act 1999*, mais cette disposition n'affecte aucun droit ou recours qu'un tiers peut détenir ou exercer sur la base de tout autre fondement que cette Loi.

20. Loi Applicable et Attribution de Compétence

Le Contrat de Service Financier, le *Deed of Covenant*, le *Deed Poll*, le *Portfolio Management Deed* (Convention de Gestion de Portefeuille) (éventuel), la Garantie, les Titres (excepté les Titres NRC, qui seront régis par les lois de la juridiction spécifiée dans les Conditions Définitives applicables, et interprétés selon ces mêmes lois), les Reçus et les Coupons, et tous engagements non-contractuels du Contrat de Service Financier, du *Deed of Covenant*, du *Deed Poll*, du *Portfolio Management Deed* (éventuel), de la Garantie, des Titres, des Reçus et des Coupons, ou s'y rapportant, seront régis par le droit anglais, qui gouvernera également leur interprétation, exception faite de la Modalité 3(b) qui, si elle est applicable, sera régie par le droit français qui gouvernera également son interprétation.

L'Emetteur convient irrévocablement par les présentes, au bénéfice des Titulaires de Titres, des Titulaires de Reçus et des Titulaires de Coupons, que les tribunaux anglais seront exclusivement compétents pour régler tous différends pouvant découler ou être en relation avec des Titres, des Reçus et/ou des Coupons ou s'y rapporter, et il se soumet en conséquence à la compétence exclusive des tribunaux anglais.

L'Emetteur renonce à invoquer toute exception d'incompétence territoriale, personnelle ou matérielle à l'égard des tribunaux anglais. Les Titulaires de Titres, les Titulaires de Reçus et les Titulaires de Coupons pourront engager à l'encontre de l'Emetteur toutes poursuites, actions ou procédures (l'ensemble étant dénommé: **Procédure**) découlant ou en relation avec des Titres, des Reçus et des Coupons et tous engagements non-contractuels découlant ou en relation avec des Titres, des Reçus et des Coupons ou s'y rapportant, devant tout autre tribunal compétent ainsi que des Procédures concurrentes devant plusieurs juridictions.

L'Emetteur nomme Société Générale, London Branch (**SGLB**), actuellement située à SG House, 41 Tower Hill, Londres EC3N 4SG, en qualité de mandataire chargé de recevoir la signification des actes de procédure pour son compte et s'engage, dans le cas où SGLB cesserait d'agir en cette qualité ou d'être immatriculé en Angleterre, à nommer une autre personne en qualité de mandataire chargé de recevoir la signification des actes de procédure en Angleterre pour son compte, au titre de toute Procédure. Aucune disposition des présentes n'affectera le droit de signifier les actes de procédure de toute autre manière autorisée par la loi.

Aux termes du Contrat de Service Financier, du *Deed of Covenant*, du *Deed Poll*, du *Portfolio Management Deed* (éventuel) et de la Garantie, l'Emetteur et, s'il y a lieu, le Garant se sont soumis à la

compétence des tribunaux anglais et ont nommé un mandataire chargé de recevoir les actes de procédure dans des termes substantiellement identiques à ceux qui précèdent.

MODALITES DES TITRES DE DROIT FRANCAIS

Les dispositions suivantes, avec l'Annexe Technique (le cas échéant), constituent les Modalités des Titres régis par le droit français devant être émis par l'Emetteur. Elles seront applicables aux Titres, sous réserve des dispositions qui pourront venir les modifier, les amender et les compléter conformément aux dispositions des Conditions Définitives applicables. Dans le cas des Titres Dématérialisés, ni l'Annexe Technique ni le texte des Modalités ne seront reproduits sur des titres de propriété physiques, mais ces Titres Dématérialisés seront néanmoins régis par le texte suivant et celui de l'Annexe Technique (le cas échéant), tels que complétés, amendés ou modifiés par les Conditions Définitives applicables. Dans le cas des Titres Matérialisés, (i) le texte intégral des présentes Modalités, de l'Annexe Technique (le cas échéant), et des Conditions Définitives applicables, ou (ii) les présentes Modalités, ainsi que l'Annexe Technique (le cas échéant), tels que complétés, amendés ou modifiés (sous réserve de simplification par la suppression des dispositions inapplicables), seront reproduits sur les Titres Définitifs Matérialisés au Porteur. Tous les termes commençant par des majuscules qui ne sont pas définis dans les présentes Modalités ou l'Annexe Technique (le cas échéant) auront la signification qui leur est donnée dans les Conditions Définitives applicables. Les références faites dans les présentes Modalités aux "Titres" visent les Titres d'une même Série, et non tous les Titres émis dans le cadre du Programme.

Les Titres Dématérialisés de Droit Français qui sont désignés dans les Conditions Définitives comme étant des Titres avec Restriction Permanente, ou tout droit dans ceux-ci, ne peuvent à aucun moment être offerts, vendus, revendus, négociés, nantis, remboursés, transférés ou livrés, directement ou indirectement, aux Etats-Unis ou à, ou pour le compte ou au profit de, une U.S. Person et toute offre, toute vente, toute revente, toute négociation, tout nantissement, tout remboursement, tout transfert ou toute livraison qui serait effectué directement ou indirectement aux Etats-Unis ou à, ou pour le compte ou au profit de, une U.S. Person, ne sera pas reconnu. Les Titres de Droit Français ne peuvent être à aucun moment la propriété légale ou effective d'une U.S. Person, et sont donc offerts et vendus hors du territoire des Etats-Unis à des personnes qui ne sont pas des U.S. Persons, au sens de la Regulation S.

Les Titres Dématérialisés de Droit Français qui ne sont pas désignés comme étant des Titres avec Restriction Permanente et les Titres Matérialisés de Droit Français, ou tout droit dans ceux-ci, ne peuvent être offerts ni vendus aux Etats-Unis, ni à des U.S. Persons ou pour leur compte ou à leur profit, excepté en vertu d'une dispense des obligations d'enregistrement instituées par le U.S. Securities Act, dans le cadre d'une transaction qui n'aura pas pour conséquence d'obliger l'Emetteur ou le Garant, selon le cas, à se faire enregistrer en vertu du U.S. Investment Company Act.

Les références faites dans les présentes à l'**Emetteur** visent la partie spécifiée comme telle dans les Conditions Définitives applicables (telles que définies ci-dessous).

Les Titres sont émis par l'Emetteur avec le bénéfice d'un contrat de service financier modifié et mis à jour en date du 27 avril 2010 (le **Contrat de Service Financier de Droit Français**, expression désignant ce contrat tel qu'il pourra être modifié et/ou complété et/ou mis à jour de temps à autre) conclu notamment entre l'Emetteur, le Garant (tel que défini ci-dessous), Société Générale Bank & Trust en qualité d'agent fiscal et, si les Conditions Définitives applicables le prévoient, en qualité d'agent de calcul (l'**Agent Fiscal** et l'**Agent de Calcul** respectivement, expression désignant également dans chaque cas tout agent successeur ou supplémentaire ou tout autre agent de calcul nommé de temps à autre et spécifié dans les Conditions Définitives applicables), et les autres agents payeurs nommément indiqués dans ce contrat (ces agents payeurs, ensemble avec l'Agent Fiscal, les **Agents Payeurs**, expression désignant également tous agents payeurs successeurs ou supplémentaires nommés de temps à autre).

Les titulaires de Titres Dématérialisés et de Titres Matérialisés (tels que chacun de ces termes est défini ci-dessous), les titulaires de coupons d'intérêts (les **Coupons**) se rapportant à des Titres Matérialisés productifs d'intérêts et, s'il y a lieu dans le cas de ces Titres, de talons (les **Talons**) pour les Coupons supplémentaires (les **Titulaires de Coupons**) et les titulaires des reçus (les **Reçus**) pour le paiement des remboursements échelonnés

du principal (les **Titulaires de Reçus**) afférents aux Titres Matérialisés dont le principal est remboursable de manière échelonnée, sont réputés avoir connaissance de toutes les dispositions du Contrat de Service Financier qui leur sont applicables.

Toute référence faite dans les présentes à Euroclear France, Euroclear et/ou Clearstream, Luxembourg (tel que chacun de ces termes est défini ci-dessous), sera réputée viser également, si le contexte le permet, tout système de compensation supplémentaire ou de remplacement spécifié dans les Conditions Définitives applicables.

Les conditions définitives applicables aux Titres (ou toutes autres dispositions pertinentes de celles-ci) sont précisées dans la Partie A des Conditions Définitives concernées. Les Conditions Définitives applicables (ou toutes autres dispositions pertinentes de celles-ci) complètent les présentes Modalités (les **Modalités**) et peuvent prévoir d'autres modalités qui, dans la mesure où elles spécifieraient remplacer ou contrediraient les présentes Modalités, remplaceraient ou modifieraient ces Modalités pour les besoins des Titres concernés. Les références faites dans les présentes aux **Conditions Définitives applicables** désignent la Partie A des Conditions Définitives (ou toutes autres dispositions pertinentes de celles-ci) et, s'il y a lieu, toutes annexes aux Conditions Définitives, préparées en relation avec les Titres concernés.

Aux fins des présentes, **Tranche** désigne des Titres qui sont identiques à tous égards, et **Série** désigne une Tranche de Titres et toute(s) Tranche(s) de Titres ultérieures qui sont (a) stipulées consolidées et formant une seule série avec l'émission d'origine, et (b) identiques à tous égards, excepté en ce qui concerne leur Date d'Emission, leur Date de Début de Période d'Intérêts et/ou leur Prix d'Emission respectifs.

Des copies du Contrat de Service Financier de Droit Français, du Contrat de Service Financier Suisse (s'il y a lieu), et de la Garantie, sont disponibles pour consultation pendant les heures ouvrables normales au siège de chacun des Emetteurs concernés et, s'il y a lieu, du Garant, et dans l'établissement désigné de chacun des Agents Payeurs. Des copies des Conditions Définitives applicables sont disponibles sur le site internet www.bourse.lu et peuvent être obtenues au siège de l'Emetteur concerné et, s'il y a lieu, du Garant, et dans l'établissement désigné de chacun des Agents Payeurs, étant précisé que dans le cas où le présent Titre serait un Titre à Placement Privé (tel que défini ci-dessous), les Conditions Définitives applicables ne pourront être obtenues que par un Titulaire de Titres détenant un ou plusieurs de ces Titres, qui devra produire à l'Emetteur concerné, au Garant ou, selon le cas, à l'Agent Payeur concerné, une preuve jugée satisfaisante de sa détention de ces Titres et de son identité. Les Titulaires de Titres, les Titulaires de Reçus et les Titulaires de Coupons sont réputés avoir été avisés et bénéficier de toutes les dispositions du Contrat de Service Financier de Droit Français, du Contrat de Service Financier Suisse (s'il y a lieu), de la Garantie (s'il y a lieu), de l'Acte de Gestion de Portefeuille de Droit Français (*French Law Portfolio Management Deed*) (s'il y a lieu), et des Conditions Définitives concernées qui leur sont applicables. Les dispositions des présentes Modalités contiennent des résumés des dispositions détaillées du Contrat de Service Financier de Droit Français et, s'il y a lieu, du Contrat de Service Financier Suisse, et les présentes Modalités s'entendent sous réserve de ces dispositions détaillées. Dans le présent paragraphe, **Titre à Placement Privé** désigne tout Titre qui n'est pas (i) offert au public dans l'EEE au titre de l'article 3.1 de la Directive 2003/71/CE (la **Directive Prospectus**) (exception faite de ce qui est stipulé à l'article 3.2 de la Directive Prospectus), ou (ii) admis à la négociation dans l'EEE au titre de l'article 3.3 de la Directive Prospectus.

Les termes et expressions définis dans le Contrat de Service Financier de Droit Français ou employés dans les Conditions Définitives applicables auront la même signification lorsqu'ils sont employés dans les présentes Modalités, à moins que le contexte n'exige qu'il en soit autrement ou sauf disposition contraire, étant entendu qu'en cas de divergence entre le Contrat de Service Financier de Droit Français et les Conditions Définitives applicables, les Conditions Définitives applicables prévaudront.

Dans les présentes Modalités, le **Garant** désigne Société Générale en sa qualité de garant en vertu de la Garantie (telle que définie dans la Modalité 2(d)) pour tous Titres émis par SGA Société Générale Acceptance

N.V. et SG Option Europe. En conséquence, les références faites dans les présentes au Garant ne sont applicables que s'agissant de ces Titres.

- (i) La propriété des Titres Dématérialisés sera établie par inscription en compte, conformément à l'article L. 211-3 du Code monétaire et financier. Aucun document physique (y compris les certificats représentatifs visés à l'article R.211-7 du Code monétaire et financier) ne sera émis en représentation des Titres Dématérialisés.

Les Titres Dématérialisés sont émis, au gré de l'Emetteur, soit sous forme dématérialisée au porteur, auquel cas ils seront inscrits dans les livres d'Euroclear France (**Euroclear France**), qui créditera les comptes des Teneurs de Compte Euroclear France, soit sous forme dématérialisée au nominatif, auquel cas ils seront inscrits, au choix du Titulaire de Titres concerné, soit au nominatif administré, dans les livres d'un Teneur de Compte Euroclear France, soit au nominatif pur, dans un compte tenu dans les livres d'Euroclear France détenu par l'Emetteur ou par un agent des registres (désigné dans les Conditions Définitives concernées) agissant pour le compte de l'Emetteur (**l'Agent des Registres**).

Dans les présentes Modalités, **Teneur de Compte Euroclear France** désigne tout intermédiaire financier habilité à détenir des comptes, directement ou indirectement, pour le compte de ses clients auprès d'Euroclear France, et désigne également Euroclear Bank S.A./N.V. (**Euroclear**) et la banque dépositaire pour Clearstream Banking, société anonyme (**Clearstream, Luxembourg**).

- (ii) Les Titres Matérialisés sont émis sous la forme au porteur (**Titres Matérialisés au Porteur**). Les Titres Matérialisés au Porteur sont numérotés en série et émis avec des Coupons (et, le cas échéant, avec un Talon) qui y sont attachés, excepté dans le cas de Titres Zéro Coupon pour lesquels les références aux intérêts (autres que relatives aux intérêts dus après la Date d'Echéance), Coupons et Talons dans les présentes Modalités ne sont pas applicables. Les Titres à Remboursement Echelonné sont émis avec un ou plusieurs Reçus attachés.

Conformément à l'article L.211-3 du Code monétaire et financier, les Titres Matérialisés (constituant des titres financiers) et régis par le droit français doivent être émis hors du territoire français.

Les Titres peuvent être des Titres à Taux Fixe, des Titres à Taux Flottant, des Titres Zéro Coupon, des Titres Indexés (qui peuvent être des Titres à Coupon Indexé et/ou des Titres à Remboursement Indexé), des Titres à Taux Fixe/Flottant, des Titres à Règlement Physique, des Titres Libellés en deux Devises ou des Titres Partiellement Libérés, ou une combinaison de plusieurs des titres précités, en fonction des rubriques Intérêts/Paiement/Base de Remboursement indiquées dans les Conditions Définitives applicables, ou tout autre type de Titre indiqué dans les Conditions Définitives applicables. Les Titres émis par Société Générale peuvent également être soit des Titres Subordonnés soit des Titres Non Subordonnés, tel que cela sera indiqué dans les Conditions Définitives applicables. Tous les Titres émis par SGA Société Générale Acceptance N.V. et SG Option Europe seront décrits comme "Non Subordonnés" dans les Conditions Définitives applicables à ces Titres.

Toute référence faite dans les présentes à des **Titres à Règlement Physique** désigne toute Série de Titres spécifiée comme telle dans les Conditions Définitives applicables, étant précisé que ces Titres sont liés à un ou plusieurs Actifs Sous-Jacents décrits dans les Conditions Définitives applicables.

(b) *Valeur(s) Nominale(s)*

Les Titres seront émis dans la (les) valeur(s) nominale(s) indiquée(s) dans les Conditions Définitives concernées (la/les **Valeur(s) Nominale(s) Indiquée(s)**). Toutefois la valeur nominale minimale de chaque Titre émis par Société Générale ou SG Option Europe et admis à la négociation sur un marché réglementé de l'Espace Economique Européen, autre qu'un marché réglementé en France, ou offerts au public dans un Etat membre de l'Espace Economique Européen autre que la France dans des circonstances qui requièrent la publication d'un Prospectus conformément à la Directive Prospectus sera égale à 1.000 € (ou, si les Titres sont libellés dans une devise autre que l'euro, la contre-valeur de cette somme dans cette autre devise). Les Titres Dématérialisés devront uniquement être émis dans une seule et même Valeur Nominale.

(c) *Propriété*

- (i) La propriété des Titres Dématérialisés au porteur et au nominatif administré se transmet, et le transfert de ces Titres ne s'effectue que par inscription du transfert dans les comptes des Teneurs de Compte Euroclear France. La propriété des Titres Dématérialisés au nominatif pur se transmet, et le transfert de ces Titres ne peut être effectué que par inscription du transfert dans les comptes d'Euroclear France tenus par l'Emetteur ou l'Agent des Registres.
- (ii) La propriété des Titres Matérialisés au Porteur sous forme définitive ayant, le cas échéant, des Coupons, un ou plusieurs Reçus, et/ou un Talon attachés lors de l'émission (**Titres Définitifs Matérialisés au Porteur**), se transmet par tradition.
- (iii) Sous réserve d'une décision judiciaire rendue par un tribunal compétent ou des dispositions légales applicables, le Titulaire de tout Titre, Reçu, Coupon ou Talon sera réputé en être le seul et unique propriétaire et pourra être traité comme tel, à tous effets et pour tous besoins, que ce Titre, Reçu, Coupon ou Talon soit ou non arriéré et nonobstant toute notice de propriété, tout intérêt y afférent ou autre légende apposée sur celui-ci, ou toute notice de perte ou vol antérieur de celui-ci, et personne n'encourra une responsabilité quelconque pour avoir traité le titulaire de cette manière.
- (iv) Dans les présentes Modalités, titulaire ou Titulaire de Titres désigne (i) dans le cas de Titres Dématérialisés, la personne dont le nom apparaît dans le compte du Teneur de Compte Euroclear France concerné, de l'Emetteur ou de l'Agent des Registres (selon le cas) comme étant le propriétaire de ces Titres, (ii) dans le cas de Titres Matérialisés, le porteur de tout Titre Définitif Matérialisé au Porteur et des Reçus, Coupons ou Talons y afférents, et les termes commençant par des majuscules auront la signification qui leur est donnée dans les Conditions Définitives applicables, l'absence de laquelle indiquant que ce terme n'est pas applicable aux Titres.

(d) *Conversion des Titres Dématérialisés*

- (i) Les Titres Dématérialisés émis au porteur ne peuvent pas être convertis en Titres Dématérialisés au nominatif, que ce soit au nominatif pur ou au nominatif administré;
- (ii) Les Titres Dématérialisés émis au nominatif ne peuvent pas être convertis en Titres Dématérialisés au porteur;
- (iii) Les Titres Dématérialisés émis au nominatif pur peuvent, au gré du Titulaire des Titres, être convertis en Titres au nominatif administré, et inversement. L'exercice d'une telle option par ledit Titulaire devra être effectué conformément à l'article R.211-4 du Code monétaire et financier. Toute conversion de cette nature sera opérée aux frais du Titulaire de Titres concerné.

(e) *Echange de Titres Matérialisés*

Les Titres Matérialisés au Porteur d'une Valeur Nominale ne peuvent pas être échangés contre des Titres Matérialisés au Porteur ayant une autre Valeur Nominale.

2. Rang de Créance des Titres et de la Garantie

(a) *Dans le cas de Titres Non Subordonnés émis par Société Générale*

Les **Titres Non Subordonnés** émis par Société Générale constituent des obligations directes, inconditionnelles et (sous réserve des dispositions de la Modalité 3) non assorties de sûretés et non subordonnées de l'Emetteur, et (sous réserve des dispositions précitées) viendront au même rang (*pari passu*) entre elles sans préférence et, sous réserve des dispositions impératives contraires de la loi en vigueur au moment considéré, avec toutes autres obligations directes, inconditionnelles, non assorties de sûretés et non subordonnées de l'Emetteur, présentes ou futures.

(b) *Dans le cas de Titres Subordonnés émis par Société Générale*

(i) *Généralités*

Les **Titres Subordonnés** (terme qui désigne à la fois les Titres Subordonnés (tels que décrits à la présente Modalité 2(b)(i) avec une date d'échéance spécifiée (**Titres Subordonnés à Durée Déterminée**)) ainsi que les Titres Subordonnés (tels que décrits à la présente Modalité 2(b)(i) sans date d'échéance spécifiée (**Titres Subordonnés à Durée Indéterminée**)) émis par Société Générale constitueront des obligations directes, inconditionnelles, non assorties de sûretés et subordonnées de l'Emetteur, et viendront au même rang (*pari passu*) entre elles sans préférence et au même rang que toutes les autres obligations directes, inconditionnelles, non assorties de sûretés et subordonnées de l'Emetteur, présentes et futures, à l'exception des prêts participatifs consentis à l'Emetteur et des titres participatifs émis par l'Emetteur. Si un jugement quelconque est prononcé par tout tribunal compétent déclarant l'Emetteur en liquidation judiciaire, ou si l'Emetteur est liquidé pour tout autre motif, les droits au paiement des titulaires de Titres Subordonnés émis par Société Générale seront subordonnés au paiement intégral de tous créanciers non subordonnés (y compris les déposants), et, sous réserve de ce paiement intégral, les titulaires de ces Titres Subordonnés seront payés en priorité par rapport à tous prêts participatifs consentis à l'Emetteur et à tous titres participatifs émis par lui. En cas de paiement incomplet des créanciers non subordonnés, les obligations de l'Emetteur résultant des Titres Subordonnés émis par Société Générale seront éteintes. Les titulaires de ces Titres Subordonnés devront prendre toutes les mesures nécessaires pour le bon accomplissement de toute procédure collective ou liquidation volontaire.

(ii) *Dans le cas de Titres Subordonnés à Durée Déterminée émis par Société Générale*

Sauf disposition contraire des Conditions Définitives applicables, dans le cas de Titres Subordonnés à Durée Déterminée émis par Société Générale, les paiements d'intérêts constituent des obligations qui viennent au même rang (*pari passu*) que les obligations de Société Générale résultant des Titres Non Subordonnés émis par Société Générale conformément à la Modalité 3(a).

(iii) *Dans le cas de Titres Subordonnés à Durée Indéterminée émis par Société Générale*

Dans le cas de Titres Subordonnés à Durée Indéterminée émis par Société Générale, le paiement des intérêts peut être différé conformément aux dispositions de la Modalité 4(g) des Modalités des Titres concernés.

Les produits des émissions de Titres Subordonnés à Durée Indéterminée émis par Société Générale peuvent être utilisés pour compenser des pertes de Société Générale et, ultérieurement, afin de lui permettre de poursuivre son activité conformément à la réglementation bancaire française. Les produits de ces émissions seront classés parmi les fonds propres de Société Générale conformément à l'Article 4(c) du Règlement N° 90-02 du Comité de la Réglementation bancaire et financière. Cette disposition n'affecte en aucun cas toute loi

française applicable aux principes comptables sur l'allocation des pertes, ni les obligations des actionnaires, et n'affecte en rien les droits des Titulaires de Titres et (s'il y a lieu) des Titulaires de Reçus et des Titulaires de Coupons à recevoir des paiements en principal et intérêts au titre des Titres et (s'il y a lieu) des Reçus ou Coupons, conformément aux présentes Modalités.

(c) *Dans le cas de Titres émis par SGA Société Générale Acceptance N.V. et SG Option Europe*

Les Titres émis par SGA Société Générale Acceptance N.V. et SG Option Europe constituent des obligations directes, inconditionnelles et (sous réserve des dispositions de la Modalité 3) non assorties de sûretés et non subordonnées de l'Emetteur, et viendront au même rang entre elles sans préférence et (sous réserve des dispositions contraires de la loi en vigueur au moment considéré) au moins au même rang que toutes autres obligations directes, inconditionnelles, non assorties de sûretés et non subordonnées de l'Emetteur, présentes ou futures.

(d) *Garantie dans le cas de Titres émis par SGA Société Générale Acceptance N.V. et SG Option Europe*

Le paiement à bonne date de tous montants dus par l'Emetteur au titre de toute Série de Titres émise par SGA Société Générale Acceptance N.V. ou SG Option Europe est inconditionnellement et irrévocablement garanti par le Garant, conformément aux dispositions de l'acte de garantie en langue française en date du 27 avril 2010 (la **Garantie**); étant entendu que (i) la Garantie ne s'applique pas à toute Série de Titres émise par SGA Société Générale Acceptance N.V. ou SG Option Europe à la date ou après la date de la Garantie, dans la mesure où, à la Date d'Emission de cette Série de Titres, la somme (A) du Montant Nominal Total de cette Série de Titres et (B) la somme des Montants Nominatifs Totaux de chaque Série de Titres émise par l'Emetteur et en circulation à cette Date d'Emission, convertis dans chaque cas en euro au taux de change au comptant applicable à cette Date d'Emission, serait égale à un montant excédant 125.000.000.000 € (la Limite de la Garantie), et (ii) dans le cas de Titres à Règlement Physique au titre desquels l'obligation garantie concernée de l'Emetteur est une obligation de transférer le ou les Actifs Sous-Jacents pour un Montant de Règlement Physique, le Garant sera obligé, à la place de ce transfert, de payer un montant en espèces dans la Devise Prévue concernée égal à la juste valeur de marché (telle que déterminée par l'Agent de Calcul à sa seule discrétion, mais d'une manière commercialement raisonnable, à la date ou autour de la date prévue pour le transfert de l'Actif ou des Actifs Sous-Jacents est dû au titre du Montant de Règlement Physique) de l'Actif ou des Actifs Sous-Jacents correspondant(s) à ce Montant de Règlement Physique. Pour les besoins de la présente Modalité, toutes les références à "la Garantie" et expressions liées doivent s'entendre comme faisant référence à la Garantie et à la version en langue anglaise de la garantie conclue pour les Séries de Titres pour lesquelles la langue anglaise est la langue faisant foi (la **Garantie Anglaise**), et pour lesquelles le montant nominal des Titres couverts par la Garantie Anglaise n'excédera pas, quand ce montant sera ajouté (i) au montant nominal des Titres couverts dans le cadre de la Garantie et (ii) au Montant Nominal Total des Titres de chaque Série de Titres émis et non encore remboursés ou amortis, 125.000.000.000 €.

La Garantie constitue une obligation directe, inconditionnelle, non assortie de sûretés et générale du Garant, et vient au même rang que toutes autres obligations directes, inconditionnelles, non assorties de sûretés et générales du Garant, présentes ou futures, y compris celles découlant de dépôts, mais à l'exclusion de toutes dettes privilégiées en vertu de la loi au moment considéré et ayant un rang prioritaire par rapport à toutes obligations subordonnées.

3. **Maintien de l'Emprunt à son Rang**

(a) *Maintien de l'Emprunt à son Rang dans le cas de Titres Non Subordonnés émis par Société Générale, ou de Titres garantis par Société Générale*

Si les Titres sont (i) des Titres Non Subordonnés émis par Société Générale, ou (ii) des Titres émis par SGA Société Générale Acceptance N.V. ou SG Option Europe et garantis par Société Générale en vertu de la Garantie, Société Générale ne devra pas, aussi longtemps que ces Titres, ou tous Reçus ou Coupons s'y

rapporant demeureront en circulation, consentir ni laisser exister une **Sûreté** (autre qu'une Sûreté Autorisée) sur ou en relation avec son fonds de commerce, son entreprise, ses actifs ou ses revenus présents ou futurs (y compris tout capital non encore appelé) afin de garantir toute Dette Concernée (telle que définie ci-dessous), à moins que Société Générale ne prenne toutes mesures nécessaires, préalablement ou simultanément à la création d'une Sûreté, et sans délai dans tout autre cas, afin de garantir que tous les montants payables par elle au titre des Titres et des Coupons soient garantis par la Sûreté à égalité avec, et au même rang que, la Dette Concernée.

Pour les besoins des présentes Modalités:

Sûreté Autorisée désigne (i) toute Sûreté créée ou existant sur tous biens ou actifs (y compris les revenus, comptes, créances et autres paiements courants et/ou futurs) de Société Générale résultant de toute titrisation ou autre transaction de financement structuré similaire impliquant ces biens ou actifs, si les produits de ces biens ou actifs constituent la principale source de paiement de toutes obligations garanties par ces biens ou actifs (ou si le paiement de ces obligations est autrement garanti par ces biens ou actifs), et si le recours à l'encontre de Société Générale au titre de ces obligations ne s'étend pas aux cas de défaut des débiteurs, s'agissant de ces biens ou actifs; ou (ii) un privilège résultant exclusivement de l'application de la loi.

Dette Concernée désigne (i) toutes dettes présentes ou futures (en principal, prime, intérêts ou autres montants) au titre de tous titres de créance, obligations (y compris, sans caractère limitatif les obligations tel que ce terme est défini en vertu de la loi française) ou autres valeurs mobilières, dans chaque cas de Société Générale, SGA Société Générale Acceptance N.V. ou SG Option Europe, qui sont (avec le consentement de l'Emetteur concerné) cotées, admises à la cote officielle ou négociées au moment considéré sur toute bourse ou tout marché réglementé, et (ii) toute obligation de garantie ou d'indemnisation de l'une quelconque de ces dettes.

Sûreté désigne toute hypothèque, tout nantissement, tout gage, toute charge, tout privilège ou toute autre sûreté réelle.

Afin d'éviter toute ambiguïté, il est confirmé que les Titres émis avant le 27 avril 2010 en vertu d'une version antérieure du Programme continueront de bénéficier de la clause de maintien de l'emprunt à son rang figurant dans les modalités de ces Titres.

(b) *Maintien de l'Emprunt à son Rang dans le cas de Titres émis par SGA Société Générale N.V. et SG Option Europe*

Si les Titres sont émis par SGA Société Générale Acceptance N.V. ou SG Option Europe, l'Emetteur concerné ne devra pas, aussi longtemps que ces Titres, ou tous Reçus ou Coupons s'y rapportant demeureront en circulation, consentir ni laisser exister une Sûreté sur ou en relation avec son fonds de commerce, son entreprise, ses actifs ou ses revenus présents ou futurs (y compris tout capital non encore appelé) afin de garantir toute Dette Concernée (telle que définie ci-dessous), à moins que l'Emetteur concerné ne prenne toutes mesures nécessaires, préalablement ou simultanément à la création d'une Sûreté, et sans délai dans tout autre cas, afin de garantir que tous les montants payables par lui au titre des Titres et des Coupons soient garantis par la Sûreté à égalité avec, et au même rang que, la Dette Concernée.

Dette Concernée désigne (i) toutes dettes présentes ou futures (en principal, prime, intérêts ou autres montants) au titre de tous titres de créance, obligations (y compris, mais sans caractère limitatif, les obligations tel que ce terme est défini en vertu de la loi française) ou autres valeurs mobilières, dans chaque cas de SGA Société Générale Acceptance N.V. ou SG Option Europe, qui sont (avec le consentement de l'Emetteur concerné) cotées, admises à la cote officielle ou négociées au moment considéré sur toute bourse ou tout marché réglementé, et (ii) toute obligation de garantie ou d'indemnisation de l'une quelconque de ces dettes.

Afin d'éviter toute ambiguïté, il est confirmé que les Titres émis avant le 27 avril 2010 en vertu d'une version antérieure du Programme continueront de bénéficier de la clause de maintien de l'emprunt à son rang figurant dans les modalités de ces Titres.

4. Intérêts

(a) *Intérêts sur les Titres à Taux Fixe*

(1) Titres à Taux Fixe Non Ajusté

Sauf disposition contraire des Conditions Définitives applicables, chaque Titre à Taux Fixe Non Ajusté porte intérêt à compter de la Date de Début de Période d'Intérêts (incluse) au(x) taux annuel(s) égal(ux) au(x) Taux d'Intérêt. Les intérêts seront payables à terme échu à la Date ou aux Dates de Paiement des Intérêts de chaque année, jusqu'à la Date d'Echéance (incluse).

Sauf disposition contraire des Conditions Définitives applicables, si les Titres sont des Titres Définitifs Matérialisés au Porteur, le montant des intérêts payables à chaque Date de Paiement des Intérêts pour la Période d'Intérêts finissant à cette date, s'élèvera au Montant du Coupon Fixe. Les paiements d'intérêts à toute Date de Paiement des Intérêts s'élèvera, si les Conditions Définitives le prévoient, au Montant Brisé ainsi spécifié.

Excepté dans le cas de Titres qui sont des Titres Définitifs Matérialisés au Porteur pour lesquels un Montant de Coupon Fixe ou un Montant Brisé est prévu dans les Conditions Définitives applicables, les intérêts seront calculés pour toute période en appliquant le Taux d'Intérêt:

- (i) dans le cas de Titres à Taux Fixe qui sont des Titres Dématérialisés ou des Titres représentés par un Titre global, au montant nominal total des Titres en circulation de la Série concernée (ou, s'il s'agit de Titres Partiellement Libérés, au montant total libéré de ceux-ci); ou
- (ii) dans le cas de Titres à Taux Fixe qui sont des Titres Définitifs Matérialisés au Porteur, au Montant de Calcul,

et, dans chaque cas, en multipliant cette somme par la Fraction de Décompte des Jours puis en arrondissant le chiffre ainsi obtenu à la sous-unité (telle que définie ci-dessous) la plus proche de la Devise Prévues concernée, la moitié d'une telle sous-unité étant arrondie à la hausse ou autrement, conformément aux Conditions Définitives applicables. Si la Valeur Nominale d'un Titre à Taux Fixe qui est un Titre Définitif Matérialisé au Porteur est un multiple du Montant de Calcul, le montant des intérêts payables s'agissant de ce Titre à Taux Fixe sera le produit obtenu en multipliant le montant (déterminé de la manière stipulée ci-dessus) du Montant de Calcul et le montant par lequel le Montant de Calcul est multiplié pour atteindre la Valeur Nominale, sans aucun autre arrondi.

(2) Titres à Taux Fixe Ajusté

- (i) Sauf disposition contraire des Conditions Définitives applicables, chaque Titre à Taux Fixe Ajusté porte intérêt à compter de la Date de Début de Période d'Intérêts (incluse) spécifiée dans les Conditions Définitives applicables, et ces intérêts seront payables pour chaque Période d'Intérêts, à terme échu à la Date ou aux Dates de Paiement des Intérêts de chaque année spécifiée(s) dans les Conditions Définitives applicables, étant précisé que (x) s'il n'existe aucun jour correspondant numériquement dans le mois calendaire au cours duquel une Date de Paiement des Intérêts doit normalement tomber, ou (y) si toute Date de Paiement des Intérêts doit autrement tomber un jour qui n'est pas un Jour Ouvré, et si la Convention de Jour ouvré spécifiée est:
 - (A) la **Convention de Jour Ouvré Suivant**, cette Date de Paiement des Intérêts (ou autre date) sera différée au Jour Ouvré suivant le plus proche; ou
 - (B) la **Convention de Jour Ouvré Suivant Modifiée**, cette Date de Paiement des Intérêts (ou autre date) sera différée au Jour Ouvré suivant le plus proche, à moins qu'il ne tombe, ce faisant, au cours du mois calendaire suivant, auquel cas cette Date

de Paiement des Intérêts (ou autre date) sera avancée au Jour Ouvré précédent le plus proche; ou

- (C) la **Convention de Jour Ouvré Précédent**, cette Date de Paiement des Intérêts (ou autre date) sera avancée au Jour Ouvré précédent le plus proche,

et l'expression **Date de Paiement des Intérêts** devra être interprétée en conséquence.

- (ii) L'Agent Fiscal calculera le montant des intérêts (le **Montant des Intérêts à Taux Fixe Ajusté**) payable pour les Titres à Taux Fixe Ajusté pour chaque Valeur Nominale pour la Période d'Intérêts concernée. Chaque Montant d'Intérêts sera calculé en appliquant le Taux d'Intérêt à chaque Valeur Nominale, et en multipliant cette somme par la Fraction de Décompte des Jours, puis en arrondissant le chiffre ainsi obtenu à la sous-unité la plus proche (telle que définie ci-dessous) de la Devise Prévues concernée, la moitié d'une telle sous-unité étant arrondie à la hausse ou autrement, conformément à la convention de marché applicable.

L'Agent Fiscal fera en sorte que le Montant des Intérêts à Taux Fixe Ajusté pour chaque Période d'Intérêts et la Date de Paiement des Intérêts concernée soient notifiés à l'Emetteur, au Garant et à toute bourse sur laquelle les Titres à Taux Fixe Ajusté concernés sont alors admis à la cote officielle, et qu'un avis correspondant soit publié conformément à la Modalité 14, dès que possible après le calcul ou la détermination de ce montant et cette date (étant entendu qu'en cas de notification à toute bourse, cet avis sera donné au plus tard le premier jour de la Période d'Intérêts concernée, ou, si cela est impossible en raison de la date convenue pour cette détermination ou ce calcul, dès que possible à cette date ou après cette date). Chaque Montant d'Intérêts à Taux Fixe Ajusté et chaque Date de Paiement des Intérêts ainsi notifiés pourront ensuite être modifiés (ou des accords de remplacement appropriés pourront être pris par voie d'ajustement) sans préavis, en cas d'extension ou de raccourcissement de la Période d'Intérêts. Toute modification de cette nature sera notifiée sans délai à chaque bourse sur laquelle les Titres à Taux Fixe concernés sont admis à la cote officielle au moment considéré, et aux Titulaires de Titres, conformément à la Modalité 14. Pour les besoins des présentes Modalités, l'expression **Jour Ouvré à Luxembourg** désigne un jour (autre qu'un samedi ou un dimanche) où les banques et marchés des changes sont ouverts pour la réalisation de transactions générales à Luxembourg.

(3) Définitions

- (A) Un **Titre à Taux Fixe** désigne un Titre portant intérêt à un taux fixe;
- (B) Un **Titre à Taux Fixe Non Ajusté** désigne un Titre à Taux Fixe dont le montant des intérêts et la Date de Paiement des Intérêts demeurent inchangés et sont calculés conformément à la Modalité 4(a)(1) ci-dessus;
- (C) Un **Titre à Taux Fixe Ajusté** désigne un Titre à Taux Fixe pour lequel le montant des intérêts et la Date de Paiement des Intérêts sont sujets à modification conformément à la Modalité 4(a)(2) ci-dessus.

(b) *Intérêts sur les Titres à Taux Variable*

(i) *Dates de Paiement des Intérêts*

Sauf disposition contraire des Conditions Définitives applicables, chaque Titre à Taux Flottant, chaque Titre à Coupon Indexé et tout autre Titre dont les intérêts concernés ne sont pas déterminés en vertu d'un Taux d'Intérêt fixe (collectivement dénommés: les **Titres à Taux Variable**) portent intérêt à compter de la Date de Début de Période d'Intérêts (incluse) spécifiée dans les Conditions Définitives applicables, et ces intérêts seront payables pour chaque Période d'Intérêts, et à terme échu:

- (A) lors de la Date ou des Dates de Paiement des Intérêts chaque année, telle qu'elle(s) est (sont) indiquée(s) dans les Conditions Définitives applicables; ou
- (B) si les Conditions Définitives applicables ne prévoient aucune Date(s) de Paiement des Intérêts, à chaque date (chacune de ces dates, et chaque Date de Paiement des Intérêts spécifiée dans les Conditions Définitives applicables, une **Date de Paiement des Intérêts**) qui tombera à l'issue du nombre de mois, ou de telle autre période spécifiée comme étant la Période d'Intérêts Spécifiée dans les Conditions Définitives applicables, après la Date de Paiement des Intérêts précédente, ou, dans le cas de la première Date de Paiement des Intérêts, après la Date de Début de Période d'Intérêts.

Si les Conditions Définitives applicables spécifient une Convention de Jour Ouvré, et (x) s'il n'existe aucun jour correspondant numériquement dans le mois calendaire au cours duquel une Date de Paiement des Intérêts doit normalement tomber, ou (y) si une Date de Paiement des Intérêts doit autrement tomber un jour qui n'est pas un Jour Ouvré, et si la Convention de Jour Ouvré spécifiée est:

- (A) dans le cas où des Périodes Indiquées sont spécifiées conformément à la Modalité 4(b)(i)(B) ci-dessus, la **Convention de Taux Flottant**, cette Date de Paiement des Intérêts (a) dans le cas visé au (x) ci-dessus, sera le dernier jour qui est un Jour Ouvré du mois concerné et les dispositions du (ii) ci-dessous s'appliqueront, *mutatis mutandis*, ou (b) dans le cas visé au (y) ci-dessus, cette Date de Paiement des Intérêts sera différée au jour suivant qui sera un Jour Ouvré, à moins qu'elle ne tombe de ce fait dans le mois calendaire suivant, auquel cas (i) cette Date de Paiement des Intérêts sera avancée au Jour Ouvré immédiatement précédent, et (ii) chaque Date de Paiement des Intérêts suivante sera le dernier Jour Ouvré du mois dans lequel se terminera la Période d'Intérêt; ou
- (B) la **Convention de Jour Ouvré Suivant**, cette Date de Paiement des Intérêts (ou autre date) sera différée au Jour Ouvré suivant; ou
- (C) la **Convention de Jour Ouvré Suivant Modifiée**, cette Date de Paiement des Intérêts (ou autre date) sera différée au Jour Ouvré suivant, à moins qu'elle ne tombe de ce fait dans le mois calendaire suivant, auquel cas cette Date de Paiement des Intérêts (ou autre date) sera avancée au Jour Ouvré immédiatement précédent; ou
- (D) la **Convention de Jour Ouvré Précédent**, cette Date de Paiement des Intérêts (ou autre date) sera avancée au Jour Ouvré immédiatement précédent.

Nonobstant les dispositions qui précèdent, si les Conditions Définitives applicables prévoient que la Convention de Jour Ouvré concernée doit être appliquée sur une base **non ajustée**, le Montant des Intérêts payable à toute date ne sera pas affecté par l'application de cette Convention de Jour Ouvré.

Dans la présente Modalité 4, **Jour Ouvré** désigne (sauf disposition contraire des Conditions Définitives applicables) un jour qui est à la fois:

- (E) un jour où les banques commerciales et les marchés des changes règlent des paiements et sont ouverts pour la réalisation de transactions générales (y compris des opérations de change et de dépôts en devises étrangères) dans tout(s) Centre(s) d'Affaires Additionnel(s) spécifié(s) dans les Conditions Définitives applicables; et
- (F) soit (x) s'agissant de toute somme payable dans une Devise Prévues autre que l'euro, un jour où les banques commerciales et les marchés des changes règlent des paiements et sont ouverts pour la réalisation de transactions générales (y compris des opérations de change et de dépôts en devises étrangères) dans le(s) principal(aux) centre(s) financier(s) du pays de la Devise Prévues concernée (s'il ne s'agit pas d'un Centre d'Affaires Additionnel et qui sera Sydney si la

Devise Prévues est le dollar australien, ou qui sera Montréal si la Devise Prévues est le dollar canadien), ou (y) s'agissant de toute somme payable en euro, un jour où le Système TARGET2 fonctionne (un **Jour Ouvré TARGET2**). Dans les présentes Modalités, le **Système TARGET2** désigne le Système Européen de Transfert Automatisé de Règlements Bruts en Temps Réel (TARGET2).

(ii) *Taux d'Intérêt*

Le Taux d'Intérêt payable de temps à autre s'agissant des Titres à Taux Variable sera déterminé de la manière spécifiée dans les Conditions Définitives applicables, qui pourra être, sans caractère limitatif:

(A) Détermination ISDA

Si les Conditions Définitives applicables prévoient que la Détermination ISDA est le mode de détermination du Taux d'Intérêt, le Taux d'Intérêt pour chaque Période d'Intérêts sera le Taux ISDA applicable plus ou moins (comme indiqué dans les Conditions Définitives applicables) la Marge (éventuelle). Pour les besoins du présent sous-paragraphe (A), le **Taux ISDA** pour une Période d'Intérêts désigne un taux égal au Taux Flottant qui serait déterminé par l'Agent Fiscal ou une autre personne désignée dans les Conditions Définitives applicables, dans le cadre d'une opération d'échange de taux d'intérêt, si l'Agent Fiscal ou cette autre personne agissaient en tant qu'Agent de Calcul pour cette opération d'échange de taux d'intérêt, selon les termes d'un contrat incorporant les Définitions ISDA (telles que définies ci-dessous), et en vertu de laquelle:

- (1) l'Option de Taux Flottant est celle spécifiée dans les Conditions Définitives applicables;
- (2) l'Echéance Désignée est une période spécifiée dans les Conditions Définitives applicables; et
- (3) la Date de Recalcul concernée est soit (x) si l'Option de Taux Flottant repose sur le taux interbancaire offert à Londres (**LIBOR**) ou sur le taux interbancaire offert dans la Zone-Euro (**EURIBOR**), le premier jour de cette Période d'Intérêts, soit (y) dans tout autre cas, la date spécifiée dans les Conditions Définitives applicables.

Pour les besoins du présent sous-paragraphe, **Taux Flottant, Agent de Calcul, Option de Taux Flottant, Echéance Désignée, Date de Recalcul** et **Zone-Euro** ont la signification qui leur est respectivement donnée dans les Définitions ISDA 2006 publiées par l'*International Swaps and Derivatives Association, Inc.* (les **Définitions ISDA**), telles que modifiées et actualisées à la Date d'Emission de la première Tranche de Titres de la Série concernée.

Si les Conditions Définitives applicables prévoient que la Détermination ISDA est le mode de détermination du Taux d'Intérêt, et sauf disposition contraire des Conditions Définitives applicables, le Taux d'Intérêt Minimum sera réputé égal à zéro.

(B) Détermination du Taux sur Page Ecran

Si les Conditions Définitives applicables prévoient que la Détermination du Taux sur Page Ecran est le mode de détermination du Taux d'Intérêt, le Taux d'Intérêt pour chaque Période d'Intérêts sera, sous réserve de ce qui est dit ci-dessous, soit:

- (1) la cotation offerte, soit
- (2) la moyenne arithmétique (arrondie, si besoin est, à la cinquième décimale, 0,000005 étant arrondi à la hausse) des cotations offertes,

(exprimées sous la forme d'un taux en pourcentage par an) pour le Taux de Référence qui apparaît ou apparaissent, selon le cas, sur la Page Ecran Concernée à l'Heure Spécifiée indiquée dans les Conditions Définitives applicables (qui sera 11 heures du matin, heure de Londres, dans le cas du LIBOR, ou 11 heures du matin, heure de Bruxelles, dans le cas de l'EURIBOR) à la Date de Détermination des Intérêts en question, plus ou moins (comme indiqué dans les Conditions Définitives applicables) la Marge (éventuelle), le tout étant déterminé par l'Agent Fiscal. Si cinq de ces cotations offertes ou davantage sont disponibles sur la Page Ecran Concernée, la cotation la plus élevée (ou, en cas de pluralité de cotations les plus élevées, une seule d'entre elles) et la cotation la plus basse (ou, en cas de pluralité de cotations les plus basses, une seule d'entre elles) seront écartées par l'Agent Fiscal pour déterminer la moyenne arithmétique (arrondie, ainsi qu'il a été dit ci-dessus) de ces cotations offertes.

Si la Page Ecran Concernée n'est pas disponible ou si, dans le cas visé au (1) ci-dessus, aucune cotation offerte n'apparaît ou, dans le cas visé au (2) ci-dessus, moins de trois cotations offertes apparaissent, dans chaque cas à l'Heure Spécifiée, l'Agent Fiscal devra demander au siège à Londres de chacune des Banques de Référence (telles que définies ci-dessous) de lui fournir sa cotation offerte (exprimée sous la forme d'un taux en pourcentage par an) pour le Taux de Référence, approximativement à l'Heure Spécifiée à la Date de Détermination des Intérêts en question. Si deux Banques de Référence ou davantage fournissent ces cotations offertes à l'Agent Fiscal, le Taux d'Intérêt pour la Période d'Intérêts concernée sera la moyenne arithmétique (arrondie, si besoin est, à la cinquième décimale, 0,000005 étant arrondi à la hausse) de ces cotations offertes, plus ou moins (selon le cas) la Marge (éventuelle), tel que le tout sera déterminé par l'Agent Fiscal.

Si, à une Date de Détermination des Intérêts quelconque, aucune des Banques de Référence ne fournit, ou une seule d'entre elles fournit à l'Agent Fiscal une cotation offerte telle que visée au paragraphe précédent, le Taux d'Intérêt pour la Période d'Intérêts concernée sera le taux annuel dont l'Agent Fiscal déterminera qu'il est égal à la moyenne arithmétique (arrondie, si besoin est, à la cinquième décimale, 0,000005 étant arrondi à la hausse) des taux, communiqués à l'Agent Fiscal (et à sa demande) par les Banques de Référence ou deux quelconque d'entre elles ou davantage, auxquels ces banques se sont vu offrir, aux environs de l'Heure Spécifiée à la Date de Détermination des Intérêts concernée, des dépôts dans la Devise Prévue pour une période égale à celle qui aurait été utilisée pour le Taux de Référence par des banques de première catégorie sur le marché interbancaire de Londres (si le Taux de Référence est le LIBOR) ou sur le marché interbancaire de la Zone-Euro (si le Taux de Référence est l'EURIBOR), plus ou moins (selon le cas) la Marge (éventuelle), ou, si moins de deux des Banques de Référence fournissent à l'Agent Fiscal ces taux offerts, le taux offert pour des dépôts dans la Devise Prévue pour une période égale à celle qui aurait été utilisée pour le Taux de Référence, ou la moyenne arithmétique (arrondie, ainsi qu'il est dit ci-dessus) des taux offerts pour des dépôts dans la Devise Prévue pour une période égale à celle qui aurait été utilisée pour le Taux de Référence, dont une ou plusieurs banques (jugée(s) acceptable(s) à cet effet par l'Emetteur) informeront l'Agent Fiscal, aux environs de l'Heure spécifiée à la Date de Détermination des Intérêts concernée, qu'elles le proposent à des banques de première catégorie sur le marché interbancaire de Londres (si le Taux de Référence est le LIBOR) ou sur le marché interbancaire de la Zone-Euro (si le Taux de Référence est l'EURIBOR) (ou, selon le cas, les cotations de cette ou ces banques à l'Agent Fiscal) plus ou moins (selon le cas) la Marge (éventuelle); étant entendu que si le Taux d'Intérêt ne peut pas être déterminé conformément aux dispositions précédentes du présent paragraphe, le Taux d'Intérêt sera déterminé à la dernière Date de Détermination des Intérêts précédente (en remplaçant, si la Marge devant être appliquée à la Période d'Intérêts concernée est différente de celle qui s'appliquait à la dernière Période d'Intérêts précédente, la Marge qui

s'appliquait à cette dernière Période d'Intérêts précédente par la Marge relative à la Période d'Intérêts concernée).

Banques de Référence désigne, dans le cas d'une détermination du LIBOR, le siège à Londres de quatre banques de premier rang sur le marché interbancaire de Londres et, dans le cas d'une détermination de l'EURIBOR, le siège dans la Zone Euro de quatre banques de premier rang sur le marché interbancaire de la Zone Euro, choisies, dans chaque cas, par l'Agent Fiscal ou spécifiées dans les Conditions Définitives applicables.

Si les Conditions Définitives applicables prévoient de temps à autre pour des Titres à Taux Flottant un autre Taux de Référence que le LIBOR ou l'EURIBOR, selon le cas, le Taux d'Intérêt de ces Titres sera déterminé conformément aux Conditions Définitives applicables.

(C) Autre Détermination

Si les Conditions Définitives applicables prévoient un autre mode de détermination du Taux d'Intérêt que la "Détermination ISDA" ou la "Détermination du Taux sur Page Ecran" comme le mode de détermination du Taux d'Intérêt, le Taux d'Intérêt pour chaque Période d'Intérêts sera déterminé de la manière ainsi spécifiée (y compris par référence à l'Annexe Technique des Modalités, si les Conditions Définitives applicables le spécifient).

(iii) *Taux d'Intérêt Minimum et/ou Maximum et/ou Coefficient Multiplicateur*

Sous réserve des dispositions de la Modalité 4(b)(ii)(A), si les Conditions Définitives applicables prévoient un Taux d'Intérêt Minimum pour une Période d'Intérêts quelconque, alors, dans l'hypothèse où le Taux d'Intérêt déterminé pour cette Période d'Intérêts, conformément aux dispositions du paragraphe (ii) ci-dessus, est inférieur à ce Taux d'Intérêt Minimum, le Taux d'Intérêt applicable à cette Période d'Intérêts sera ce Taux d'Intérêt Minimum.

Si les Conditions Définitives applicables prévoient un Taux d'Intérêt Maximum pour une Période d'Intérêts quelconque, alors, dans l'hypothèse où le Taux d'Intérêt déterminé pour cette Période d'Intérêts, conformément aux dispositions du paragraphe (ii) ci-dessus, est supérieur à ce Taux d'Intérêt Maximum, le Taux d'Intérêt applicable à cette Période d'Intérêts sera ce Taux d'Intérêt Maximum.

Si les Conditions Définitives applicables prévoient un Coefficient Multiplicateur pour toute Période d'Intérêts, alors, le Taux d'Intérêt applicable pour une Période d'Intérêts quelconque sera multiplié par le Coefficient Multiplicateur, sous réserve, en toute hypothèse, du Taux d'Intérêt Minimum et/ou du Taux d'Intérêt Maximum décrits ci-dessus.

Si les Conditions Définitives applicables spécifient n/N ou n_b/N_b comme Coefficient Multiplicateur, les définitions suivantes s'appliqueront, sauf disposition contraire des Conditions Définitives applicables:

n désigne le nombre de jours calendaires de la Période d'Intérêts concernée pendant lesquels le Taux Benchmark a été égal ou supérieur au Taux Plancher et égal ou inférieur au Taux Plafond, dans chaque cas tel que déterminé par l'Agent de Calcul.

N désigne le nombre total de jours calendaires de la Période d'Intérêts concernée.

n_b désigne le nombre de Jours Ouvrés de la Période d'Intérêts concernée pendant lesquels le Taux Benchmark a été égal ou supérieur au Taux Plancher et égal ou inférieur au Taux Plafond, déterminé dans les deux cas par l'Agent de Calcul.

N_b désigne le nombre total de Jours Ouvrés de la Période d'Intérêts concernée.

Taux Plancher désigne, au titre de la Période d'Intérêts concernée, la limite spécifiée dans les Conditions Définitives applicables.

Taux Benchmark désigne, au titre de n'importe quel jour calendaire (pour la définition de **n**) ou, au titre de n'importe quel Jour Ouvré (pour la définition de **n_o**) de la Période d'Intérêts concernée, sauf disposition contraire des Conditions Définitives applicables:

- si les Conditions Définitives stipulent que le Taux Benchmark est l'**USD-LIBOR**, le taux égal au Taux Flottant pour ce jour, tel qu'il serait déterminé par l'Agent de Calcul, dans le cadre d'une opération d'échange de taux d'intérêt, s'il agissait en tant qu'Agent de Calcul pour cette opération d'échange, selon les termes d'un contrat incorporant les Définitions ISDA et en vertu de laquelle l'Option de Taux Flottant est "USD-LIBOR-BBA" (telle que définie dans les Définitions ISDA), pour une période correspondant à l'Echéance Désignée, telle que spécifiée dans les Conditions Définitives applicables (sans référence à toute Date de Recalcul). Si, lors de n'importe quel Jour Taux Benchmark, ce taux n'apparaît pas sur la Page Ecran Reuters LIBOR01, l'USD-LIBOR sera déterminé par l'Agent de Calcul dans les conditions précitées, conformément à l'Option de Taux Flottant "USD-LIBOR-Reference Banks" (telle que définie dans les Définitions ISDA), pour une période correspondant à l'Echéance Désignée, telle que spécifiée dans les Conditions Définitives applicables (sans référence à toute Date de Recalcul).
- si les Conditions Définitives stipulent que le Taux Benchmark est le **GBP-LIBOR**, le taux égal au Taux Flottant pour ce jour, tel qu'il serait déterminé par l'Agent de Calcul, dans le cadre d'une opération d'échange de taux d'intérêt, s'il agissait en tant qu'Agent de Calcul pour cette opération d'échange, selon les termes d'un contrat incorporant les Définitions ISDA et en vertu de laquelle l'Option de Taux Flottant est "GBP-LIBOR-BBA" (telle que définie dans les Définitions ISDA), pour une période correspondant à l'Echéance Désignée, telle que spécifiée dans les Conditions Définitives applicables (sans référence à toute Date de Recalcul). Si, lors de n'importe quel Jour Taux Benchmark, ce taux n'apparaît pas sur la Page Ecran Reuters LIBOR01, le GBP-LIBOR sera déterminé par l'Agent de Calcul dans les conditions précitées, conformément à l'Option de Taux Flottant "GBP-LIBOR-Reference Banks" (telle que définie dans les Définitions ISDA), pour une période correspondant à l'Echéance Désignée, telle que spécifiée dans les Conditions Définitives applicables (sans référence à toute Date de Recalcul).
- si les Conditions Définitives stipulent que le Taux Benchmark est l'**EURIBOR**, le taux égal au Taux Flottant pour ce jour, tel qu'il serait déterminé par l'Agent de Calcul, dans le cadre d'une opération d'échange de taux d'intérêt, s'il agissait en tant qu'Agent de Calcul pour cette opération d'échange, selon les termes d'un contrat incorporant les Définitions ISDA et en vertu de laquelle l'Option de Taux Flottant est "EUR-EURIBOR-Reuters" (telle que définie dans les Définitions ISDA), pour une période correspondant à l'Echéance Désignée, telle que spécifiée dans les Conditions Définitives applicables (sans référence à toute Date de Recalcul). Si, lors de n'importe quel Jour Taux Benchmark, ce taux n'apparaît pas sur la Page Ecran Reuters EURIBOR01, l'EURIBOR sera déterminé par l'Agent de Calcul dans les conditions précitées, conformément à l'Option de Taux Flottant "EUR-EURIBOR-Reference Banks" (telle que définie dans les Définitions ISDA), pour une période correspondant à l'Echéance Désignée, telle que spécifiée dans les Conditions Définitives applicables (sans référence à toute Date de Recalcul).
- si les Conditions Définitives stipulent que le Taux Benchmark est l'**EUR-CMS**, le taux égal au Taux Flottant pour ce jour, tel qu'il serait déterminé par l'Agent de Calcul, dans le cadre d'une opération d'échange de taux d'intérêt, s'il agissait en tant qu'Agent de Calcul pour cette opération d'échange, selon les termes d'un contrat incorporant les Définitions ISDA et en

vertu de laquelle l'Option de Taux Flottant est "EUR-ISDA-EURIBOR Swap Rate 11:00" (telle que définie dans les Définitions ISDA), pour une période correspondant à l'Echéance Désignée, telle que spécifiée dans les Conditions Définitives applicables (sans référence à toute Date de Recalcul), apparaissant sur la Page Ecran Reuters ISDAFIX2 à 11:00 h du matin (heure de Francfort/Main) sous le titre "EURIBOR BASIS-EUR" et au-dessus de la rubrique "11:00 AM FRANKFURT". Si, lors de n'importe quel Jour Taux Benchmark, ce taux n'apparaît pas sur la Page Ecran Reuters ISDAFIX2, l'EUR-CMS sera déterminé par l'Agent de Calcul dans les conditions précitées, conformément à l'Option de Taux Flottant "EUR-Annual Swap Rate-Reference Banks" (telle que définie dans les Définitions ISDA), pour une période correspondant à l'Echéance Désignée, telle que spécifiée dans les Conditions Définitives applicables (sans référence à toute Date de Recalcul).

- si les Conditions Définitives stipulent que le Taux Benchmark est l'**USD-CMS**, le taux égal au Taux Flottant pour ce jour, tel qu'il serait déterminé par l'Agent de Calcul, dans le cadre d'une opération d'échange de taux d'intérêt, s'il agissait en tant qu'Agent de Calcul pour cette opération d'échange, selon les termes d'un contrat incorporant les Définitions ISDA et en vertu de laquelle l'Option de Taux Flottant est "USD-ISDA-Swap Rate" (telle que définie dans les Définitions ISDA), pour une période correspondant à l'Echéance Désignée, telle que spécifiée dans les Conditions Définitives applicables (sans référence à toute Date de Recalcul), apparaissant sur la Page Ecran Reuters ISDAFIX1 à 11:00 h du matin (heure de New York). Si, lors de n'importe quel Jour Taux Benchmark, ce taux n'apparaît pas sur la Page Ecran Reuters ISDAFIX1, l'USD-CMS sera déterminé par l'Agent de Calcul dans les conditions précitées, conformément à l'Option de Taux Flottant "USD-CMS-Reference Banks" (telle que définie dans les Définitions ISDA), pour une période correspondant à l'Echéance Désignée, telle que spécifiée dans les Conditions Définitives applicables (sans référence à toute Date de Recalcul).

Pour les besoins des présentes, (i) la valeur du Taux Benchmark lors de tout jour calendaire de la Période d'Intérêts concernée, s'il n'est pas un Jour Taux Benchmark, sera réputée être la valeur attribuée au Taux Benchmark le premier Jour Taux Benchmark précédent, et (ii) la valeur du Taux Benchmark lors de chacun des quatre derniers Jours Ouvrés TARGET2 de toute Période d'Intérêts sera réputée être la valeur attribuée au Taux Benchmark le cinquième Jour Ouvré TARGET2 (ou le Jour Taux Benchmark précédant immédiatement ce cinquième Jour Ouvré TARGET2, si ce cinquième Jour Ouvré TARGET2 n'est pas un Jour Taux Benchmark) précédant la Date de Paiement des Intérêts afférente à cette Période d'Intérêts.

Jour Taux Benchmark désigne, si le Taux Benchmark concerné est:

- USD-LIBOR ou GBP-LIBOR, un jour (autre qu'un samedi ou un dimanche) où les banques sont ouvertes pour la réalisation de transactions (notamment pour la réalisation de transactions sur devises et dépôts en USD) à Londres;
- EURIBOR ou EUR-CMS, un jour (autre qu'un samedi ou un dimanche) où le Système TARGET 2 fonctionne; et
- USD-CMS, un jour (autre qu'un samedi ou un dimanche) où les banques sont ouvertes pour la réalisation de transactions à New York.

Taux Plafond désigne, au titre de la Période d'Intérêts concernée, la limite spécifiée dans les Conditions Définitives applicables.

- (iv) *Détermination du Taux d'Intérêt et calcul des Montants d'Intérêts*

L'Agent Fiscal, dans le cas des Titres à Taux Flottant, et l'Agent de Calcul, dans le cas de tous autres Titres à Taux Variable, détermineront le Taux d'Intérêt applicable à la Période d'Intérêts concernée, dès qu'ils le pourront après le moment auquel le Taux d'Intérêt doit être déterminé. Dans le cas de Titres à Taux Variable, à l'exception des Titres à Taux Flottant, l'Agent de Calcul notifiera à l'Agent Fiscal le Taux d'Intérêt pour la Période d'Intérêts concernée, dès qu'il le pourra après l'avoir calculé (mais en aucun cas après le premier Jour Ouvré après ce calcul).

L'Agent Fiscal calculera le montant des intérêts (le **Montant d'Intérêts**) payable s'agissant des Titres à Taux Variable au titre de chaque Valeur Nominale pour la Période d'Intérêts concernée. Chaque Montant d'Intérêts sera calculé en appliquant le Taux d'Intérêt à chaque Valeur Nominale, et en multipliant cette somme par la Fraction de Décompte des Jours applicable, puis en arrondissant le chiffre ainsi obtenu à la sous-unité la plus proche (telle que définie ci-dessous) de la Devise Prévues concernée, la moitié d'une telle sous-unité étant arrondie à la hausse ou sinon, conformément à la convention de marché applicable.

(v) *Notification du Taux d'Intérêt et du Montant d'Intérêts*

L'Agent Fiscal fera en sorte que le Taux d'Intérêt et le Montant d'Intérêts pour chaque Période d'Intérêts ainsi que la Date de Paiement des Intérêts concernée soient notifiés à l'Emetteur, au Garant et à toute bourse auprès de laquelle les Titres à Taux Variable sont cotés à la date considérée, et qu'un avis en soit publié conformément aux dispositions de la Modalité 14, dès que possible après leur calcul ou détermination (étant précisé qu'en cas de notification à une bourse, cette notification sera donnée au plus tard le premier jour de la Période d'Intérêts concernée, ou, si cela est impossible en raison de la date fixée pour cette détermination ou ce calcul, dès que cela sera possible à cette date ou après celle-ci). Chaque Montant d'Intérêts et Date de Paiement des Intérêts ainsi notifiés pourront ultérieurement être modifiés (ou faire l'objet de tous autres ajustements appropriés) sans préavis, en cas d'allongement ou de raccourcissement de la Période d'Intérêts. Toute modification de cette nature sera notifiée sans délai à chaque bourse sur laquelle les Titres à Taux Variable sont cotés à la date considérée, ainsi qu'aux Titulaires de Titres, conformément aux dispositions de la Modalité 14. Pour les besoins des présentes Modalités, l'expression **Jour Ouvré à Luxembourg** désigne un jour (autre qu'un samedi ou un dimanche) où les banques et les marchés des changes sont ouverts pour la réalisation d'opérations générales à Luxembourg.

(c) *Titres Zéro Coupon*

Si un Titre Zéro Coupon devient dû et remboursable et n'est pas payé à son échéance, le montant dû et remboursable sera le montant déterminé conformément à la Modalité 6(g) et notifié conformément à la Modalité 4(b)(v), *mutatis mutandis*.

(d) *Titres à Règlement Physique et Titres Libellés en Deux Devises*

Le taux ou le montant des intérêts payables s'agissant des Titres à Règlement Physique ou des Titres Libellés en Deux Devises, sera déterminé de la manière et par la partie spécifiées dans les Conditions Définitives applicables et notifié conformément à la Modalité 4(b)(v), *mutatis mutandis*.

(e) *Titres Partiellement Libérés*

Dans le cas de Titres Partiellement Libérés (autres que des Titres Partiellement Libérés qui sont des Titres Zéro Coupon), les intérêts courent dans les conditions précitées sur le montant nominal libéré de ces Titres et, pour le surplus, dans les conditions spécifiées dans les Conditions Définitives applicables.

(f) *Calcul et Constitution des Intérêts*

Chaque Titre (ou, en cas de remboursement d'une partie seulement d'un Titre, cette partie seulement du Titre) cessera de porter intérêt (s'il y a lieu) à compter de la date de son remboursement, à moins que, lors de sa présentation régulière, le paiement du principal (ou, dans le cas d'un Titre à Règlement Physique, le transfert

de l'Actif Sous-Jacent ou des Actifs Sous-Jacents correspondant au Montant de Règlement Physique) ne soit indûment retenu ou refusé (étant entendu que dans le cas d'un Montant de Règlement Physique quel qu'il soit, le transfert ne sera pas réputé avoir été indûment retenu ou refusé si ce transfert est retardé par des circonstances échappant au contrôle de l'Emetteur concerné ou de l'un quelconque de ses Agents). Dans ce cas, les intérêts continueront d'être calculés et de courir jusqu'à la survenance de la première des deux dates suivantes:

- (i) la date à laquelle tous les montants dus sur ce Titre auront été payés; et
- (ii) cinq jours après la date à laquelle le montant intégral des sommes payables concernant ce Titre aura été reçu par l'Agent Fiscal, et où un avis aura été donné à cet effet aux Titulaires de Titres conformément à la Modalité 14.

(g) *Paiement Différé des Intérêts*

Dans le cas des Titres Subordonnés à Durée Indéterminée, les intérêts seront payables à chaque Date de Paiement Obligatoire des Intérêts (telle que définie ci-dessous), au titre des intérêts courus pendant la période d'intérêts se terminant le jour qui précède immédiatement cette date. Lors de toute Date de Paiement Optionnel des Intérêts (telle que définie ci-dessous), les intérêts courus pendant la période d'intérêts se terminant le jour qui précède immédiatement cette date pourront être payés (si Société Générale en décide ainsi), mais Société Générale n'aura aucune obligation d'effectuer ce paiement. Tous intérêts non payés à une Date de Paiement Optionnel des Intérêts constitueront, tant qu'ils demeureront impayés, des **Arriérés d'Intérêts**, terme qui désigne également les intérêts sur les intérêts impayés visés ci-dessous. Les Arriérés d'Intérêts pourront, au choix de Société Générale, être payés en totalité ou en partie à tout moment, à l'expiration d'un préavis de sept jours au moins donné aux Titulaires de Titres conformément aux dispositions de la Modalité 14, mais tous les Arriérés d'Intérêts sur tous les Titres Subordonnés à Durée Indéterminée en circulation deviendront intégralement exigibles à la survenance de la première des deux dates suivantes: (A) la date de paiement des intérêts suivant immédiatement la date à laquelle un dividende est payé sur toute catégorie d'actions du capital de Société Générale, ou (B) le commencement d'une liquidation ou dissolution de Société Générale. Si Société Générale notifie son intention de payer tout ou partie des Arriérés d'Intérêts, Société Générale sera obligée de le faire dès l'expiration du préavis indiqué dans cette notification. Si des Arriérés d'Intérêts sont partiellement payés, chacun de ces paiements sera affecté au paiement de l'intégralité des Arriérés d'Intérêts courus au titre de la plus ancienne période d'intérêts au titre de laquelle des Arriérés d'Intérêts auront couru et n'auront pas été intégralement payés. Les Arriérés d'Intérêts porteront intérêt (dans la mesure autorisée par la loi) et ces intérêts courront et seront computés sur une base journalière, au taux d'intérêt en vigueur applicable aux Titres Subordonnés à Durée Indéterminée, pour chaque période d'intérêts concernée. Pour les besoins des présentes, l'expression:

Date de Paiement Obligatoire des Intérêts désigne toute Date de Paiement des Intérêts, à moins que lors de l'Assemblée Générale des actionnaires précédant immédiatement cette date, appelée à approuver les comptes annuels de Société Générale pour l'exercice fiscal clos avant cette Assemblée Générale des actionnaires, aucune résolution n'ait été adoptée décidant du paiement d'un dividende sur toute catégorie d'actions du capital de Société Générale, au titre de cet exercice fiscal précédent.

(h) *Certaines définitions relatives au calcul des intérêts*

Pour le calcul d'un montant d'intérêts afférent à toute Période d'Intérêts, **Fraction de Décompte des Jours** a la signification suivante (étant entendu que, sauf disposition contraire des Conditions Définitives applicables, la Fraction de Décompte des Jours applicable aux Titres à Taux Flottant libellés en euro sera Exact/360):

(b) *Titres Matérialisés au Porteur*

(i) *Méthode de Paiement*

Les paiements en principal sur les Titres Définitifs Matérialisés au Porteur ne seront effectués (sous réserve des dispositions ci-dessous) de la manière stipulée au paragraphe (i) ci-dessus, que contre présentation et restitution (ou, en cas de paiement partiel de toute somme due, endossement) de ces Titres Définitifs Matérialisés au Porteur, et les paiements d'intérêts relatifs aux Titres Définitifs Matérialisés au Porteur ne seront effectués (sous réserve des dispositions ci-dessous) que contre présentation et restitution (ou, en cas de paiement partiel de toute somme due, endossement) de Coupons, dans chaque cas dans l'établissement désigné de tout Agent Payeur hors des Etats-Unis (expression qui désigne, telle qu'elle est employée dans les présentes, les Etats-Unis d'Amérique (y compris les Etats et le District de Columbia, leurs territoires, leurs possessions et les autres zones soumises à leur juridiction)). Les paiements en vertu du paragraphe (a) ci-dessus seront effectués, à l'option du porteur de ce Titre ou Coupon, par chèque posté ou remis à une adresse hors des Etats-Unis fournie par ce porteur. Sous réserve de toutes lois et réglementations applicables, les paiements par transfert seront effectués en fonds immédiatement disponibles, sur un compte maintenu par le bénéficiaire du paiement auprès d'une banque située hors des Etats-Unis. Aucun paiement relatif à tout Titre définitif ou à tout Coupon ne sera effectué sur présentation de ce Titre définitif ou de ce Coupon dans tout établissement ou agence de l'Emetteur, du Garant ou de tout Agent Payeur aux Etats-Unis, et aucun de ces paiements ne sera effectué par transfert sur un compte aux Etats-Unis ou par courrier à une adresse située aux Etats-Unis.

Les paiements correspondants à des remboursements échelonnés du principal (le cas échéant) des Titres Définitifs Matérialisés au Porteur, autres que le paiement du remboursement final, ne seront effectués (sous réserve des dispositions ci-dessous) de la manière stipulée au paragraphe (i) ci-dessus, que sur présentation et restitution (ou, en cas de paiement partiel de toute somme due, endossement) du Reçu correspondant, conformément au paragraphe précédent. Le paiement du remboursement final ne sera effectué de la manière stipulée au paragraphe (i) ci-dessus que sur présentation et restitution (ou, en cas de paiement partiel de toute somme due, endossement) du Titre au Porteur concerné, conformément aux dispositions du paragraphe précédent. Chaque Reçu doit être présenté pour paiement du remboursement concerné avec le Titre définitif auquel il appartient. Les Reçus présentés sans le Titre Définitif Matérialisé au Porteur auquel ils appartiennent ne constituent pas des obligations valables de l'Emetteur, ou, selon le cas, du Garant.

A la date à laquelle tout Titre Définitif Matérialisé au Porteur deviendra dû et remboursable, les Reçus non échus (éventuels) y afférents (qu'ils soient ou non attachés) deviendront caducs et aucun paiement ne sera fait à ce titre.

Les Titres à Taux Fixe sous forme définitive (autres que des Titres Libellés en Deux Devises, les Titres Indexés ou les Titres à Règlement Physique) doivent être présentés pour paiement accompagnés de tous Coupons non échus leur étant rattachés (expression qui désigne, à cet effet, les Coupons devant être émis en échange de Talons échus), à défaut de quoi le montant de tout Coupon non échu manquant (ou, si le paiement n'est pas effectué pour son montant intégral, la même proportion du montant de ce Coupon non échu manquant que celle que la somme ainsi payée représente par rapport à la somme due) sera déduit de la somme due pour paiement. Chaque montant en principal ainsi déduit sera payé de la manière mentionnée ci-dessus, contre restitution du Coupon manquant correspondant, à tout moment avant l'expiration d'une période de dix ans suivant la Date de Référence (telle que définie à la Modalité 7) pour ce montant en principal (indépendamment du point de savoir si ce Coupon serait autrement devenu caduc en vertu des dispositions de la Modalité 8) ou, si cette date tombe plus tard, avant l'expiration d'une période de cinq ans suivant la date à laquelle ce Coupon serait autrement devenu dû, mais en aucun cas après.

Si un Titre à Taux Fixe sous forme définitive devient dû et remboursable avant sa Date d'Echéance, tous les Talons non échus (éventuels) lui étant rattachés deviendront caducs et aucun Coupon supplémentaire ne sera émis s'agissant de ce titre.

A la date à laquelle tout Titre à Taux Flottant, tout Titre Libellé en Deux Devises, tout Titre Indexé ou tout Titre à Règlement Physique sous forme définitive deviendra dû et remboursable, les Coupons et Talons non échus (éventuels) y afférents (qu'ils soient ou non attachés) deviendront caducs et aucun paiement ni, selon le cas, échange contre des Coupons supplémentaires ne sera effectué à ce titre. Si tout Titre à Taux Flottant, tout Titre Libellé en Deux Devises, tout Titre Indexé ou tout Titre à Règlement Physique qui est réglé en espèces est présenté au remboursement sans tous les Coupons non échus lui étant rattachés, le paiement de tous les montants dus s'agissant de ce Titre ne sera effectué que contre fourniture de l'indemnisation que l'Emetteur concerné et (s'il y a lieu) le Garant pourront fixer.

Si la date d'exigibilité du remboursement d'un Titre Définitif Matérialisé au Porteur n'est pas une Date de Paiement des Intérêts, les intérêts (éventuels) courus sur ce Titre à compter de la Date de Paiement des Intérêts précédente (incluse) ou, selon le cas, la Date de Début de Période d'Intérêts, ne seront payables que contre restitution du Titre Définitif Matérialisé au Porteur concerné.

(c) *Paiements sous réserve de la législation fiscale*

Tous les paiements sont soumis dans tous les cas à toutes les lois, réglementations et directives fiscales et autres applicables dans le lieu de paiement, sans préjudice des dispositions de la Modalité 7. Ces paiements ne donneront pas lieu à la perception de commissions ou autres frais à la charge des Titulaires de Titres ou de Coupons.

(d) *Jour Ouvré de Paiement*

Si la date de paiement d'un montant quelconque, se rapportant à un Titre, un Reçu ou un Coupon quelconque, n'est pas un Jour Ouvré de Paiement, le titulaire de ce Titre, Reçu ou Coupon ne sera pas en droit de recevoir ce paiement (i) jusqu'au Jour Ouvré de Paiement immédiatement suivant sur la place concernée, si les Conditions Définitives applicables stipulent la clause de "Jour Ouvré de Paiement Suivant", ou (ii) jusqu'au Jour Ouvré de Paiement immédiatement suivant sur la place concernée, à moins que la date de paiement ne tombe ce faisant au cours du mois calendaire suivant, auquel cas cette date de paiement sera avancée au Jour Ouvré de Paiement immédiatement précédent sur la place concernée, si les Conditions Définitives applicables stipulent la clause de "Jour Ouvré de Paiement Suivant Modifié"; étant entendu que dans le cas où les Conditions Définitives applicables ne stipuleraient ni la clause de "Jour Ouvré de Paiement Suivant", ni la clause de "Jour Ouvré de Paiement Suivant Modifié", la clause de "Jour Ouvré de Paiement Suivant" sera réputée s'appliquer. Dans le cas où un ajustement quelconque serait apporté à la date de paiement conformément de la présente Modalité 5(d), le montant dû concerné relatif à tout Titre, Reçu ou Coupon ne sera pas affecté par cet ajustement. A ces effets, et sauf disposition contraire des Conditions Définitives applicables, **Jour Ouvré de Paiement** désigne un jour (autre qu'un samedi ou un dimanche) (A) (i) dans le cas de Titres Dématérialisés, où Euroclear France est ouvert pour la réalisation de transactions, ou (ii) dans le cas de Titres Matérialisés, où les banques commerciales et les marchés des changes règlent des paiements et sont ouverts pour la réalisation de transactions en général dans la place de présentation concernée, (B) dans chaque autre **Centre d'Affaires Additionnel** spécifié dans les Conditions Définitives applicables et (C) (i) dans le cas d'un paiement dans une devise autre que l'euro, si le paiement doit être fait par transfert sur un compte tenu auprès d'une banque dans la devise concernée, où des opérations de change peuvent être réalisées dans la devise concernée, dans le principal centre financier du pays de cette devise, ou (ii) dans le cas d'un paiement en euro, où le Système TARGET2 fonctionne.

(e) *Banque*

Banque désigne, pour les besoins de la présente Modalité 5, une banque située dans le principal centre financier pour cette devise ou, dans le cas de l'euro, dans une ville dans laquelle les banques ont accès au Système TARGET2.

(f) *Titres à Règlement Physique*

Les Conditions Définitives applicables contiendront des dispositions relatives à la procédure de livraison de tout Montant de Règlement Physique relatif à des Titres à Règlement Physique (y compris, sans caractère limitatif, la responsabilité des coûts de transfert des Actifs Sous-Jacents).

Les Actifs Sous-Jacents seront livrés aux risques du Titulaire de Titres concerné, de la manière qui pourra être spécifiée dans la Notification de Transfert, dont le modèle est annexé au Contrat de Service Financier de Droit Français et, nonobstant les dispositions de la Modalité 4(b) ci-dessus, aucun paiement ni livraison supplémentaire ne sera dû au Titulaire de Titres si des Actifs Sous-Jacents sont livrés après leur date d'exigibilité, dans des circonstances échappant au contrôle de l'Emetteur concerné ou de l'Agent de Règlement.

Toute livraison d'Actifs Sous-Jacents sera exclusivement opérée en conformité avec les lois boursières applicables.

(g) *Interprétation des termes Principal et Intérêts*

Toute référence faite dans les présentes Modalités au principal des Titres sera réputée inclure, en tant que de besoin:

- (i) toutes majorations pouvant être payables au titre du principal en vertu de la Modalité 7, le cas échéant;
- (ii) le Montant de Remboursement Final des Titres;
- (iii) le Montant de Remboursement Anticipé des Titres;
- (iv) le(s) Montant(s) de Remboursement Optionnel (éventuel(s)) des Titres;
- (v) s'agissant des Titres remboursables de façon échelonnée, les Montants de Remboursement Echelonné;
- (vi) s'agissant des Titres Zéro Coupon, le Montant Nominal Amorti (tel que défini à la Modalité 6(g)); et
- (vii) toute prime et tous autres montants pouvant être payables par l'Emetteur au titre ou en vertu des Titres.

Toute référence faite dans les présentes Modalités aux intérêts des Titres sera réputée inclure, en tant que de besoin, toutes majorations pouvant être payables au titre des intérêts en vertu de la Modalité 7. Toute référence faite dans les présentes Modalités à des "intérêts courus" sera réputée inclure tous Arriérés d'Intérêts visés à la Modalité 4(g).

Dans le cas de Titres à Règlement Physique, toute référence faite dans les présentes Modalités au principal et/ou aux intérêts et au(x) Montant(s) de Règlement Physique désigne ce montant sous déduction de tous frais, commissions, droits d'enregistrement, droits de timbre ou autres montants payables sur ce(s) Montant(s) de Règlement Physique ou à ce titre.

(h) *Indisponibilité d'une Devise*

Le présent paragraphe s'applique si un paiement doit être effectué concernant un Titre, Reçu ou Coupon quelconque dans la Devise Prévüe (à moins que la Devise Prévüe ne soit l'euro) et si la Devise Prévüe n'est pas disponible pour l'Emetteur ou le Garant (selon le cas), en raison de l'imposition de contrôles des changes, le remplacement ou la disparition de la Devise Prévüe ou d'autres circonstances échappant au contrôle de l'Emetteur ou du Garant (selon le cas) (**Indisponibilité d'une Devise**). En cas d'Indisponibilité d'une Devise, l'Emetteur ou le Garant (selon le cas) sera en droit d'honorer ses obligations envers le titulaire de ce Titre, Reçu ou Coupon en effectuant le paiement en euro, sur la base du taux de change au comptant auquel la Devise Prévüe est offerte en échange de l'euro sur un marché interbancaire approprié à midi, heure de Paris, quatre Jours Ouvrés avant la date à laquelle le paiement est dû, ou, si ce taux de change au comptant n'est pas disponible à cette date, à la toute dernière date possible antérieure. Tout paiement effectué en euro conformément au présent paragraphe ne constituera pas un Cas de Défaut.

6. Remboursement et Rachat

(a) *Remboursement à échéance*

Sauf remboursement ou rachat anticipés et annulation intervenant conformément aux dispositions ci-dessous, chaque Titre sera remboursé par l'Emetteur pour son Montant de Remboursement Final spécifié dans les Conditions Définitives applicables ou déterminé de la manière précisée dans celles-ci, et, si elles le spécifient, par référence à l'Annexe Technique jointe aux présentes Modalités (ou, uniquement dans le cas des Titres à Règlement Physique, si les Conditions Définitives applicables spécifient que ces Titres seront remboursés par le transfert de l'Actif Sous-Jacent ou des Actifs Sous-Jacents correspondant à un Montant de Règlement Physique, par le transfert de l'Actif Sous-Jacent ou des Actifs Sous-Jacents spécifiés dans les Conditions Définitives applicables ou déterminés de la manière précisée dans celles-ci), dans la Devise Prévüe concernée à la Date d'Echéance.

(b) *Remboursement pour raisons fiscales*

Les Titres pourront être remboursés à l'option de l'Emetteur ou, selon le cas, du Garant, en totalité, et non en partie seulement, à tout moment (dans le cas des Titres autres que les Titres à Taux Flottant ou tous autres Titres productifs d'intérêts pour lesquels le Taux d'Intérêt n'est pas calculé sur la base d'un taux fixe (**Titres à Coupon Variable**)), ou à toute Date de Paiement des Intérêts (dans le cas des Titres à Taux Flottant ou des Titres à Coupon Variable), mais sous réserve, dans le cas de Titres Subordonnés, d'obtenir l'accord préalable écrit du Secrétariat général de la Commission Bancaire en France, à charge d'adresser un préavis de 30 jours au moins et de 45 jours au plus à l'Agent Fiscal, et d'en aviser les Titulaires de Titres conformément aux dispositions de la Modalité 14 (ce préavis étant irrévocable), si:

- (i) immédiatement avant l'envoi de ce préavis, l'Emetteur ou le Garant se trouve ou se trouverait ultérieurement contraint d'effectuer des paiements supplémentaires conformément à la Modalité 7 en raison de changements dans la législation ou la réglementation d'une Juridiction Fiscale (telle que définie à la Modalité 7), ou pour des raisons tenant à des changements dans l'application ou l'interprétation officielles de ces textes entrés en vigueur après la Date d'Emission de la première Tranche des Titres; et
- (ii) l'Emetteur ou, selon le cas, le Garant ne peut pas éviter d'exécuter cette obligation en prenant toutes les mesures raisonnables dont il dispose,

étant précisé que cet avis de remboursement ne devra pas être donné moins de 90 jours avant la toute première date à laquelle l'Emetteur ou, selon le cas, le Garant serait obligé d'effectuer ces paiements supplémentaires si un paiement devenait alors dû en vertu des Titres.

Les Titres remboursés en vertu de la présente Modalité 6(b) le seront pour leur Montant de Remboursement Anticipé visé dans la Modalité 6(g) ci-dessous, augmenté, s'il y a lieu, des intérêts ayant couru jusqu'à la date de ce remboursement (non incluse).

(c) *Remboursement pour raisons fiscales spéciales*

Si, lors du prochain remboursement du principal ou lors du prochain paiement des intérêts relatif aux Titres, le paiement par l'Emetteur ou, selon le cas, le Garant, de la somme totale alors exigible par les Titulaires était prohibé par la législation d'une Juridiction Fiscale, malgré l'engagement de payer tous montants supplémentaires en vertu de la Modalité 7(b), l'Emetteur ou le Garant, selon le cas, devrait alors immédiatement en aviser l'Agent Fiscal par notification. L'Emetteur ou le Garant, selon le cas, devra alors, sous réserve, dans le cas de Titres Subordonnés, d'obtenir l'accord préalable écrit du Secrétariat général de la Commission Bancaire en France, et à charge d'adresser un préavis de sept jours au moins et de quarante-cinq jours au plus aux Titulaires, conformément aux dispositions de la Modalité 14, rembourser immédiatement en totalité, et non une partie seulement, les Titres alors en circulation pour leur Montant de Remboursement Anticipé majoré, s'il y a lieu, des intérêts courus, à la Date de Paiement des Intérêts la plus éloignée à laquelle l'Emetteur ou le Garant, selon le cas, pourrait en pratique effectuer le paiement du montant intégral alors exigible relatifs aux Titres; étant précisé que si le préavis indiqué ci-dessus expire après cette Date de Paiement des Intérêts, la date de remboursement en vertu de ce préavis adressé aux Titulaires de Titres sera la plus tardive des deux dates suivantes:

- (i) la date la plus éloignée à laquelle l'Emetteur ou le Garant, selon le cas, est en pratique en mesure d'effectuer le paiement de la totalité des montants dus sur les Titres; ou
- (ii) 14 jours après en avoir avisé l'Agent Fiscal par notification, ainsi qu'il est dit ci-dessus.

(d) *Conditions Définitives*

Les Conditions Définitives applicables aux Titres indiquent soit:

- (i) que les Titres ne peuvent pas être remboursés avant leur Date d'Echéance (sauf disposition contraire des paragraphes (b) et (c) ci-dessus et de la Modalité 9); soit
- (ii) que ces Titres seront remboursables au gré de l'Emetteur et/ou des titulaires des Titres avant cette Date d'Echéance, conformément aux dispositions des paragraphes (e) et/ou 0 ci-dessous, à la date ou aux dates et pour le ou les montants indiqués dans les Conditions Définitives applicables.

(e) *Option de remboursement au gré de l'Emetteur*

Si les Conditions Définitives applicables prévoient une Option de Remboursement au gré de l'Emetteur, l'Emetteur pourra, sous réserve, dans le cas de Titres Subordonnés, d'obtenir l'accord préalable écrit du Secrétariat général de la Commission Bancaire en France, et à charge (sauf disposition contraire des Conditions Définitives applicables) d'adresser un préavis de 30 jours au moins et de 45 jours au plus aux Titulaires, conformément aux dispositions de la Modalité 14 (préavis qui sera irrévocable et devra indiquer la date fixée pour le remboursement), procéder au remboursement de tout ou partie des Titres en circulation au moment considéré, à toute(s) Date(s) de Remboursement Optionnel et pour le ou les Montants de Remboursement Optionnel spécifiés dans les Conditions Définitives applicables ou déterminés conformément à celles-ci, majorés, s'il y a lieu, des intérêts courus jusqu'à la Date ou aux Dates de Remboursement Optionnel concernées (non incluses). Chacun de ces remboursements doit concerner un montant nominal au moins égal au Montant Nominal Minimum Remboursable, et ne peut dépasser le Montant Nominal Maximum Remboursable, tels qu'ils sont tous deux indiqués dans les Conditions Définitives applicables.

Tous les Titres qui feront l'objet d'un tel avis seront remboursés à la date indiquée dans cet avis conformément à la présente Modalité.

En cas de remboursement d'une partie seulement des Titres Matérialisés, l'avis adressé aux titulaires de ces Titres Matérialisés devra également contenir les numéros de série des Titres Définitifs Matérialisés au

Porteur devant être remboursés et qui devront avoir été sélectionnés de manière équitable et objective compte tenu des circonstances, en tenant compte des pratiques du marché et conformément aux lois applicables et aux exigences boursières.

En cas de remboursement d'une partie seulement des Titres Dématérialisés, le remboursement pourra être réalisé, au choix de l'Emetteur, soit (i) par réduction du montant nominal de tous les Titres Dématérialisés d'une même Série proportionnellement au montant nominal total remboursé, soit (ii) par remboursement intégral d'une partie seulement des Titres Dématérialisés, auquel cas le choix des Titres Dématérialisés qui seront intégralement remboursés et des Titres Dématérialisés d'une même Série qui ne seront pas remboursés, sera effectué conformément à l'article R.213-16 du Code monétaire et financier, aux dispositions des Conditions Définitives concernées, et sous réserve du respect des lois applicables et des exigences boursières.

Tout préavis donné par l'Emetteur en vertu de la présente Modalité 6(e) à propos d'un Titre sera nul et de nul effet s'agissant de ce Titre si, avant l'envoi de ce préavis par l'Emetteur, le titulaire de ce Titre a déjà envoyé une Notification d'Exercice s'agissant de ce Titre, conformément aux dispositions de la Modalité 6(f).

Dans le cas de Titres Subordonnés qui constituent des Fonds Propres Complémentaires, la Date de Remboursement Optionnel ne pourra survenir qu'au cinquième anniversaire ou après le cinquième anniversaire de la Date d'Emission de ces Titres.

Remboursement Optionnel au gré de l'Emetteur si le Niveau de Déclenchement du Montant en Circulation est atteint:

Si "Option de Remboursement à Déclenchement" est spécifiée applicable dans les Conditions Définitives, alors, dans l'hypothèse où à tout moment au cours de la vie des Titres et pour une raison quelconque, le Montant Nominal Total des Titres en Circulation est égal au Niveau de Déclenchement du Montant en Circulation, ou descend en-dessous de celui-ci, l'Emetteur aura le droit, à sa seule et absolue discrétion exercée raisonnablement, et sous réserve des lois et règlements applicables, de rembourser les Titres en totalité (mais pas en partie) restant en circulation, à leur Montant de Remboursement du Niveau de Déclenchement Anticipé en donnant un préavis de 15 Jours Ouvrés au moins conformément à la Modalité 14 précisant la base sur laquelle un tel remboursement anticipé a été effectué.

A cet effet:

Montant Nominal Total des Titres en Circulation désigne, à tout moment, le produit de (a) la Valeur Nominale et (b) le nombre des Titres en circulation détenus à ce moment par les Titulaires de Titres autres que Société Générale ou ses sociétés liées pour leur compte propre tel que déterminé de bonne foi par l'Agent Fiscal en consultation avec le/les établissement(s) de compensation dans lequel, ou par l'intermédiaire duquel, les Titres sont détenus et les opérations sur ces Titres sont compensées.

Montant de Remboursement du Niveau de Déclenchement Anticipé désigne le Montant de Remboursement Anticipé pour ces Titres tel que déterminé en application du paragraphe (g)(v) ci-dessous.

Niveau de Déclenchement du Montant en Circulation désigne le niveau spécifié comme tel dans les Conditions Définitives applicables ou, si un tel niveau n'est pas précisé, 10% du Montant Nominal Total des Titres initialement émis.

En aucun cas le Remboursement Optionnel au gré de l'Emetteur si le Niveau de Déclenchement du Montant en Circulation est atteint ne pourra s'appliquer pour une émission de Titres Subordonnés.

(f) *Option de remboursement au gré des Titulaires*

Dans le cas des Titres Subordonnés, il n'existe aucune option de remboursement au gré des Titulaires.

Si les Conditions Définitives applicables stipulent une option de remboursement au gré des Titulaires, et si le titulaire d'un Titre donne à l'Emetteur, conformément à la Modalité 14, un préavis de 15 jours au moins et de 30 jours au plus, ou tout autre préavis spécifié dans les Conditions Définitives applicables, l'Emetteur devra, sous réserve des dispositions des Conditions Définitives applicables et conformément à celles-ci, rembourser ce Titre en totalité (mais pas en partie), à l'expiration de ce préavis, à la Date de Remboursement Optionnel et pour le Montant de Remboursement Optionnel spécifié dans les Conditions Définitives applicables ou déterminé de la manière indiquée dans celles-ci, majoré, s'il y a lieu des intérêts courus jusqu'à la Date de Remboursement Optionnel concernée (non incluse). Il est possible que certaines conditions et/ou circonstances doivent être satisfaites, avant qu'une option exigeant de l'Emetteur qu'il rembourse un Titre ne puisse être exercée. Si tel était le cas, les modalités en seraient détaillées dans les Conditions Définitives applicables.

Pour pouvoir exercer cette option, le Titulaire de Titres devra, si le Titre est un Titre Matérialisé au Porteur ou un Titre Dématérialisé et est détenu en dehors d'un Système de Compensation, remettre à l'établissement désigné de tout Agent Payeur, une notification d'exercice dûment complétée (**Notification d'Exercice**) conforme au modèle qu'il pourra obtenir auprès de tout Agent Payeur ou de l'Agent d'Enregistrement, selon le cas, pendant la période de notification. Cette Notification d'Exercice devra être accompagnée, dans le cas des Titres Matérialisés au Porteur, du Titre concerné (avec tous les Reçus et Coupons non échus et tous les Talons non échangés). Dans le cas de Titres Dématérialisés, le Titulaire de Titres devra transférer ou faire transférer les Titres Dématérialisés à rembourser sur le compte de l'Agent Payeur indiqué dans la Notification d'Exercice.

Pour pouvoir exercer cette option, le Titulaire de Titres devra, si le Titre est un Titre Matérialisé au Porteur détenu par l'intermédiaire d'un Système de Compensation, notifier cet exercice à l'Agent Fiscal, pendant la période de notification, conformément aux procédures standard du Système de Compensation (ces procédures pouvant inclure la notification de son instruction pour son compte à l'Agent Fiscal, sous forme électronique, par ce Système de Compensation, ou par tout dépositaire commun ou tout établissement de garde en dépôt, selon le cas), sous une forme jugée acceptable par ce Système de Compensation au moment considéré, et il devra, si le Titre est représenté par un certificat global provisoire (dans les conditions prescrites par le Contrat de Service Financier de Droit Français), présenter ou faire présenter simultanément ce certificat global provisoire à l'Agent Fiscal pour qu'il soit annoté en conséquence.

Nonobstant les dispositions qui précèdent, le droit d'exiger le remboursement de Titres conformément à la présente Modalité 6(f) doit être exercé conformément aux règles et procédures du Système de Compensation concerné, et, en cas de divergence entre les dispositions qui précèdent et les règles et procédures du Système de Compensation concerné, les règles et procédures du Système de Compensation concerné prévaudront.

Pour les besoins du présent Article, **Système de Compensation** signifie Euroclear France, Euroclear Clearstream, Luxembourg et/ou tout autre système ou établissement de compensation par l'intermédiaire duquel les Titres sont détenus au moment considéré, y compris (le cas échéant) tout dépositaire central de titres concerné.

Toute Notification d'Exercice donnée par le titulaire d'un Titre conformément au présent paragraphe 0 sera:

- (i) irrévocable à moins qu'un Cas de Défaut ne se soit produit avant la date de remboursement convenue et ne perdure, auquel cas ce titulaire pourra choisir, par le biais d'une notification donnée à l'Emetteur, de revenir sur sa notification donnée en vertu du présent paragraphe 0 et de déclarer que ce Titre est immédiatement exigible et payable en vertu de la Modalité 9; et
- (ii) nulle et de nul effet s'agissant d'un Titre, si, avant l'envoi de cette Notification d'Exercice par le titulaire concerné, (A) l'Emetteur avait notifié aux Titulaires de Titres son intention d'effectuer un remboursement partiel des Titres d'une Série et si ce Titre a été choisi pour remboursement (y compris, sans caractère limitatif, en vertu d'une réduction partielle du

montant nominal de tous les Titres d'une Série ou du remboursement intégral de certains Titres seulement d'une Série), ou (B) l'Emetteur avait notifié aux Titulaires de Titres son intention de rembourser tous les Titres d'une Série en circulation au moment considéré, dans chaque cas conformément aux dispositions de la Modalité 6(e).

(g) *Montants de Remboursement Anticipé*

Pour les besoins du paragraphe (b) ci-dessus et de la Modalité 9, et sauf disposition contraire des Conditions Définitives applicables, les Titres seront remboursés pour un Montant de Remboursement Anticipé calculé comme suit:

- (i) dans le cas de Titres dont le Montant de Remboursement Final est égal au Prix d'Emission, au Montant de Remboursement Final de ces Titres; ou
- (ii) dans le cas de Titres (autres que des Titres Zéro Coupon) dont le Montant de Remboursement Final est ou peut être inférieur ou supérieur au Prix d'Emission, ou qui est payable dans une Devise Prévues autre que celle dans laquelle les Titres sont libellés, au montant spécifié dans les Conditions Définitives applicables ou déterminé de la manière spécifiée dans celles-ci, ou, si ce montant ou cette manière n'est pas ainsi spécifié dans les Conditions Définitives, à leur montant nominal; ou
- (iii) dans le cas de Titres à Règlement Physique, au montant déterminé de la manière spécifiée dans les Conditions Définitives applicables; ou
- (iv) dans le cas de Titres Zéro Coupon, à un montant (le **Montant Nominal Amorti**) égal à la somme obtenue en additionnant:
 - (A) le Prix de Référence spécifié dans les Conditions Définitives applicables; et
 - (B) le produit du Taux de Rendement spécifié dans les Conditions Définitives applicables (computé annuellement) appliqué au Prix de Référence à compter de la Date d'Emission (incluse) jusqu'à la date (exclue) convenue pour le remboursement ou (selon le cas) à laquelle ce Titre devient dû et remboursable.
- (v) si les Conditions Définitives applicables spécifient que le Montant de Remboursement Anticipé sera égal à la Valeur de Marché, à un montant dont l'Agent de Calcul déterminera qu'il représente la juste valeur de marché des Titres à la date d'exigibilité du remboursement des Titres, et qu'il a pour effet (après avoir tenu compte des coûts de dénouement de toutes conventions de couverture sous-jacentes, conclues à propos de ces Titres) de préserver pour les Titulaires de Titres l'équivalent économique des obligations de paiement que l'Emetteur aurait dû exécuter pour les Titres qui, sans ce remboursement anticipé, seraient devenus exigibles après la date de remboursement anticipée concernée. En ce qui concerne les Titres productifs d'intérêts, nonobstant les dispositions de la dernière phrase de la Modalité 6(b), de la neuvième ligne de la Modalité 6(c) et de la Modalité 8, le Montant de Remboursement Anticipé, tel que déterminé par l'Agent de Calcul conformément au présent paragraphe, inclura tous intérêts courus jusqu'à la date de remboursement anticipé concernée (exclue), et, outre les intérêts inclus dans le Montant de Remboursement Anticipé, l'Emetteur ou, selon le cas, le Garant, ne paieront pas d'intérêts, courus ou autrement, ni aucun autre montant quelconque, au titre de ce remboursement.

Si ce calcul doit être effectué pour une période inférieure à une année complète, il sera effectué sur la base de la Fraction de Décompte des Jours spécifiée (le cas échéant) dans les Conditions Définitives applicables.

(h) *Titres à remboursement échelonné*

Si les Titres sont des Titres à remboursement échelonné, ils seront remboursés pour les Montants de Remboursement Echelonné et aux Dates de Remboursement Echelonné spécifiés dans les Conditions Définitives applicables. En cas de remboursement anticipé, le Montant de Remboursement Anticipé sera déterminé conformément au paragraphe (g) ci-dessus.

(i) *Titres Partiellement Libérés*

Si les Titres sont des Titres Partiellement Libérés:

- (i) ils seront souscrits pour les Montants de Libération Partielle et aux Dates de Libération Partielle spécifiés dans les Conditions Définitives applicables. Sauf disposition contraire des Conditions Définitives applicables, l'obligation de payer un Montant de Libération Partielle à la Date de Libération Partielle concernée ne sera encourue par les titulaires des Titres qu'à cette Date de Libération Partielle;
- (ii) sauf disposition contraire des Conditions Définitives applicables, ils seront remboursés à la Date d'Echéance pour leur montant nominal et à toute Date de Remboursement Optionnel pour leur montant nominal libéré, à la date fixée pour le remboursement;
- (iii) sauf disposition contraire des Conditions Définitives applicables, dans le cas où un Titulaire de Titres ne payerait pas un Montant de Libération Partielle à la Date de Libération Partielle concernée (cette date étant dénommée: une **Date de Défaut de Libération Partielle**), les Titres détenus par ce Titulaire de Titres seraient automatiquement remboursés à la Date de Remboursement Anticipé concernée, pour le Montant de Règlement.

Pour les besoins de la présente Modalité 6(i), et sauf disposition contraire des Conditions Définitives applicables:

Date de Remboursement Anticipé désigne, à propos de tout Titre, le septième Jour Ouvré de Paiement suivant une Date de Défaut de Libération Partielle;

Montant de Règlement désigne, pour tout Titre, un montant déterminé par l'Agent de Calcul conformément à la formule suivante:

$$\text{Max } [0; [\text{Montant Nominal Libéré} - \text{Coûts de Dénouement}]]$$

Où:

Montant Nominal Libéré désigne, à propos de toute Date de Libération Partielle, le montant nominal libéré du Titre concerné, jusqu'à la Date de Libération Partielle applicable (incluse). Les intérêts ne courent pas et ne seront pas payables pendant la période comprise entre la Date de Défaut de Libération Partielle applicable (incluse) et la Date de Remboursement Anticipé applicable (incluse); et

Coûts de Dénouement désigne la quote-part, pour chaque Titre, des pertes (exprimées sous la forme d'un nombre positif) ou des gains (exprimés sous la forme d'un nombre négatif) du dénouement de tous les contrats de couverture (en tenant compte de la valeur actuelle de tout(s) Montant(s) de Libération Partielle restant à payer sur ces Titres) conclus ou achetés par l'Emetteur et/ou le Garant pour ces Titres.

(j) *Rachats*

Sous réserve des dispositions du paragraphe suivant, l'Emetteur ou le Garant (le cas échéant) pourra à tout moment procéder à des rachats de Titres (sous réserve, dans le cas de Titres Matérialisés, que tous les

Reçus, Coupons et Talons non échus y afférents soient simultanément rachetés), en bourse ou de gré à gré quel qu'en soit le prix, sous réserve des lois et réglementations applicables. Dans le cas de Titres émis par Société Générale, SG Option Europe ou SGA Société Générale Acceptance N.V., les Titres rachetés par l'Emetteur ou pour son compte seront restitués à un Agent Payeur pour annulation (accompagnés de tous les Reçus, Coupons et Talons non échus y afférents).

Dans le cas de Titres Subordonnés, Société Générale pourra à tout moment racheter ces Titres, sous réserve d'obtenir l'accord préalable écrit du Secrétariat général de la Commission Bancaire, (i) si le montant en principal total des Titres ainsi rachetés excède 10 pour cent du montant en principal total initial des Titres, et (ii) dans le cas d'une offre publique d'achat ou d'une offre publique d'échange.

(k) *Annulation*

Tous les Titres rachetés par ou pour le compte de l'Emetteur devront être annulés, dans le cas de Titres Dématérialisés, par transfert sur un compte conformément aux règles et procédures d'Euroclear France, et dans le cas de Titres Matérialisés au Porteur, par la remise à un Agent Payeur du Certificat Global Provisoire concerné et des Titres Définitifs Matérialisés au Porteur en question auxquels s'ajouteront tous les Reçus et Coupons non échus et tous les Talons non échangés attachés à ces Titres; dans chaque cas, s'ils sont ainsi transférés ou restitués, tous ces Titres seront, comme tous les Titres remboursés par l'Emetteur, immédiatement annulés (ainsi que, dans le cas de Titres Dématérialisés, tous les droits relatifs au paiement des intérêts et aux autres montants relatifs à ces Titres Dématérialisés et, dans le cas de Titres Matérialisés, tous les Reçus et Coupons non échus et tous les Talons non échangés qui y sont attachés ou sont restitués). Tous les Titres ainsi annulés ou, selon le cas, transférés ou restitués pour annulation ne pourront pas être réémis ni revendus et l'Emetteur sera déchargé de ses obligations en vertu de ces Titres.

(l) *Retard de Paiement relatif aux Titres Zéro Coupon*

Sauf disposition contraire des Conditions Définitives applicables, si le montant payable relatif à un Titre Zéro Coupon à la date de remboursement de ce Titre Zéro Coupon, en vertu du paragraphe (a), (b), (c), (e) ou (f) ci-dessus, ou à la date à laquelle il deviendra exigible et payable conformément à la Modalité 9, est indûment retenu ou refusé, le montant dû et remboursable sur ce Titre Zéro Coupon, sera le montant calculé conformément au paragraphe (g)(iv) ci-dessus, de la même manière que si les références faites dans ce paragraphe à la date convenue pour le remboursement ou à la date à laquelle ce Titre Zéro Coupon devient exigible et payable étaient remplacées par des références à la première des deux dates suivantes:

- (i) la date à laquelle tous les montants dus sur le Titre Zéro Coupon auront été payés; ou
- (ii) cinq jours après la date à laquelle le montant intégral des sommes payables relatifs à ces Titres Zéro Coupon aura été reçu par l'Agent Fiscal et où un avis à cet effet aura été donné aux Titulaires de Titres conformément à la Modalité 14.

(m) *Remboursement de Titres Matérialisés*

Nonobstant les dispositions précédentes de la présente Modalité, le remboursement des Titres Matérialisés peut être soumis à certaines restrictions et procédures spécifiques, selon les dispositions des Conditions Définitives applicables.

7. Fiscalité

- (a) Dans le cas de Titres émis par Société Générale, SG Option Europe ou SGA Société Générale Acceptance N.V., tous les paiements relatifs à des Titres, Reçus ou Coupons ou relatifs à la Garantie seront libres de tout prélèvement ou retenue au titre d'un quelconque impôt, taxe, droit, contribution ou charge gouvernementale de quelque nature, présent ou futur, imposé, levé, collecté ou retenu par

ou pour le compte de toute Juridiction Fiscale, sauf si le prélèvement ou la retenue d'un quelconque impôt, taxe, droit, contribution ou charge gouvernementale est requis par la loi.

- (b) Si en vertu de la législation d'une quelconque Juridiction Fiscale, un prélèvement ou une retenue est imposé par la loi, l'Emetteur concerné ou, selon le cas, le Garant, devra majorer dans toute la mesure permise par la loi, les paiements, de telle façon qu'après ce prélèvement ou cette retenue chaque Titulaire de Titres, Reçus ou Coupons perçoive l'intégralité des sommes qui lui auraient été versées en l'absence d'un tel prélèvement ou d'une telle retenue, étant précisé que l'Emetteur concerné ou, selon le cas, le Garant, ne sera pas tenu de majorer les paiements relatifs aux Titres, Reçus ou Coupons qui sont:
- (i) présentés au paiement par ou pour le compte d'un Titulaire de Titres, Reçus ou Coupons qui serait redevable aux Antilles Néerlandaises (dans le cas de paiements par SGA Société Générale Acceptance N.V.) ou en France (dans le cas de paiements par Société Générale ou SG Option Europe) desdits impôts, taxes, droits, contributions ou charges gouvernementales au motif du lien qu'il entretient avec ces juridictions autrement que du fait de la seule propriété desdits Titres, Reçus ou Coupons; ou
 - (ii) présentés au paiement plus de 30 jours après la Date de Référence (telle que définie ci-dessous), sauf dans l'hypothèse où le Titulaire des Titres, Reçus ou Coupons aurait eu droit à un montant majoré sur présentation de ceux-ci au paiement le dernier jour de ladite période de 30 jours, en supposant que ce jour ait été un Jour Ouvré de Paiement (tel que défini à la Modalité 5(d)); ou
 - (iii) en ce qui concerne toute émission de Titres ayant fait l'objet d'un placement privé, dans l'hypothèse où les Conditions Définitives applicables disposent qu'aucune majoration de cette nature ne sera due; ou
 - (iv) si ce prélèvement ou cette retenue à la source porte sur un paiement effectué à une personne physique et est effectué conformément à la Directive du Conseil 2003/48/CE en matière de fiscalité des revenus de l'épargne sous forme de paiements d'intérêts ou conformément à toute loi (au sein de l'Union Européenne ou hors de celle-ci) mettant en œuvre cette directive, s'y conformant ou adoptée dans le but de s'y conformer; ou
 - (v) présentés au paiement par ou pour le compte d'un Titulaire qui aurait pu éviter ce prélèvement ou cette retenue en présentant les Titres, Reçus ou Coupons concernés à un autre Agent Payeur situé dans un Etat membre de l'Union Européenne.

Pour les besoins des présentes, l'expression:

- (A) Juridiction Fiscale désigne la France ou toute autre subdivision politique ou autorité de celle-ci disposant d'un pouvoir d'imposition (dans le cas de paiements effectués par Société Générale en sa capacité d'Emetteur ou de Garant, ou par SG Option Europe), ou les Antilles Néerlandaises ou toute autre subdivision politique ou autorité de celles-ci disposant d'un pouvoir d'imposition (dans le cas de paiements effectués par SGA Société Générale Acceptance N.V.); et
- (B) Date de Référence désigne la date à laquelle le paiement concerné devient exigible pour la première fois, étant entendu, par exception, que si l'intégralité des sommes dues n'a pas été dûment reçue par l'Agent Fiscal (ou, dans le cas de Titres Matérialisés, les titulaires de ces Titres Matérialisés) au plus tard à cette date d'exigibilité, la Date de Référence désigne la date à laquelle l'intégralité de ces sommes ayant été ainsi reçue, un avis à cet effet sera dûment donné aux Titulaires de Titres conformément aux dispositions de la Modalité 14.

8. Prescription

Les Titres (et tous Reçus et Coupons y afférents) non présentés au paiement dans un délai de cinq ans (dans le cas du principal et des intérêts) à compter de la Date de Référence (telle que définie à la Modalité 7), seront prescrits, sauf disposition contraire des Conditions Définitives applicables.

9. Cas de Défaut

Dans le cas de Titres émis par SGA Société Générale Acceptance N.V. et SG Option Europe, le titulaire de tout Titre pourra notifier par écrit à l'Emetteur concerné et au Garant (le cas échéant) l'exigibilité anticipée immédiate des Titres à leur Montant de Remboursement Anticipé majoré, s'il y a lieu et sous réserve de toute disposition contraire des présentes, des intérêts courus jusqu'à la date du remboursement, en cas de survenance de l'un quelconque des événements suivants (chacun un **Cas de Défaut**):

- (a) l'Emetteur ne paye pas, pour un motif quelconque, une somme quelconque devenue exigible, ou ne livre pas tout Actif Sous-Jacent des Titres, et ce manquement, dans le cas de toute somme, perdure plus de 30 jours suivant cette date d'exigibilité à moins que le Garant n'ait remédié à ce manquement avant l'expiration de cette période; par exception à ce qui précède, le transfert tardif de tout Actif Sous-Jacent, dans les circonstances décrites à la Modalité 5(f) ne constituera pas un Cas de Défaut en vertu des présentes; ou
- (b) l'Emetteur manque d'exécuter l'une quelconque de ses autres obligations au titre des présentes Modalités et, si l'Emetteur ou le Garant peut remédier à ce manquement, il n'y est pas dans les 60 jours suivant la réception d'une mise en demeure écrite à cet effet, notifiée par tout Titulaire de Titres à l'Emetteur, exigeant qu'il soit remédié à ce manquement; ou
- (c) l'Emetteur manque à ses obligations au titre de toute obligation, titre de créance, *note* ou autre titre de dette (y compris toute dette découlant d'une garantie) découlant d'un emprunt d'argent ou au titre de tout acte constitutif d'hypothèque, de tout acte fiduciaire ou de tout instrument en vertu duquel peut être émise, garantie ou matérialisée toute dette pour emprunt d'argent de l'Emetteur, que cette dette existe maintenant ou soit contractée ultérieurement, et cette dette devient ou est déclarée immédiatement exigible et payable du fait de ce manquement, avant la date à laquelle elle serait autrement devenue exigible et payable, ou toute dette de cette nature n'est pas payée à son échéance convenue et ce manquement se poursuivrait après l'expiration du délai de grâce qui lui est éventuellement applicable (sauf si, dans l'un ou l'autre des cas précités, l'obligation de payer cette dette est contestée de bonne foi); ou
- (d) l'Emetteur est déclaré en faillite ou reconnu en état de cessation des paiements, ou suspend ses paiements, ou fait l'objet d'une procédure engagée ou d'un jugement prononcé par tout tribunal compétent ou toute autorité administrative compétente (y compris, sans caractère limitatif, dans le cas de SG Option Europe uniquement, une procédure de sauvegarde ou de redressement ou liquidation judiciaire), ou l'Emetteur adopte une résolution en vue de solliciter l'ouverture d'une procédure de conciliation avec ses créanciers ou, dans le cas de SG Option Europe uniquement, en vue de solliciter une procédure de sauvegarde, de redressement judiciaire, de liquidation judiciaire ou de liquidation volontaire, ou en vue de faire nommer un administrateur judiciaire, un *trustee* ou un autre mandataire de justice similaire dans le cadre d'une procédure collective affectant l'Emetteur ou une partie substantielle de ses actifs, ou l'Emetteur est dissous ou liquidité; ou
- (e) dans le cas de toute Série de Titres à laquelle la Garantie est stipulée applicable, la Garantie cesse d'être pleinement en vigueur et en effet au titre de cette Série de Titres, des Reçus ou des Coupons, ou une notification est donnée par le Garant ayant pour effet de priver la Garantie de tout effet au titre de cette Série de Titres, des Reçus ou des Coupons, ou la Garantie est rendue nulle pour tout motif, par tout moyen ou en vertu de toute législation

nouvelle ayant pour effet de priver les Titres, les Reçus ou les Coupons du bénéfice de la Garantie, ou de résilier ou modifier la Garantie d'une manière affectant défavorablement les intérêts des Titulaires de Titres, des Titulaires de Reçus ou des Titulaires de Coupons, ou le Garant est dans l'incapacité d'exécuter ses obligations en vertu de la Garantie pour un motif quelconque.

10. **Remplacement des Titres, Reçus, Coupons et Talons**

Si, dans le cas de Titres Matérialisés, un Titre Définitif Matérialisé au Porteur, (et/ou tout Reçu, Coupon ou Talon lui appartenant) était perdu, volé, mutilé, effacé ou détruit, il pourra être remplacé, sous réserve des lois, règlements et réglementations boursières, dans l'établissement désigné de l'Agent Fiscal, dans chaque cas contre paiement des coûts correspondants, et selon des modalités concernant la preuve, la sécurité et l'indemnisation (qui pourront prévoir, notamment, que dans le cas où un Titre Définitif Matérialisé au Porteur (et/ou tout Reçu, Coupon ou Talon lui appartenant) prétendument perdu, volé ou détruit serait ultérieurement présenté au paiement ou, selon le cas, pour échange contre des Coupons supplémentaires, il devra être payé à l'Emetteur, sur simple demande, le montant payable par l'Emetteur sur ces Titres Définitifs Matérialisés au Porteur (et/ou, selon le cas, les Reçus, Coupons ou Coupons supplémentaires leur appartenant)) que l'Emetteur et, le cas échéant, le Garant, pourront raisonnablement imposer. Les Titres Définitifs Matérialisés au Porteur mutilés ou effacés (et/ou tous Reçus, Coupons ou Talons leur appartenant) devront être restitués avant de pouvoir être remplacés.

11. **Agent Fiscal et Agents Payeurs**

Les noms de l'Agent Fiscal initial et des autres Agents Payeurs initiaux et leurs établissements désignés initiaux sont indiqués ci-dessous (excepté en ce qui concerne les Titres Matérialisés). En outre, l'Agent Fiscal pourra (avec l'accord préalable écrit de l'Emetteur concerné et, s'il y a lieu, du Garant) déléguer certaines de ses fonctions et attributions en relation avec les Titres à Règlement Physique à un agent de règlement (**l'Agent de Règlement**).

L'Emetteur et le Garant peuvent modifier ou révoquer la nomination de tout Agent Payeur ou Agent de Règlement et/ou nommer des Agents Payeurs ou Agents de Règlement supplémentaires ou différents, et/ou approuver tout changement de l'établissement désigné par l'intermédiaire duquel un Agent Payeur ou un Agent de Règlement agit, sous les réserves suivantes (excepté en ce qui concerne les Titres Matérialisés):

- (a) aussi longtemps que les Titres seront cotés sur une bourse quelconque, ou admis à la cote officielle ou à la négociation par toute autre autorité compétente, il devra y avoir en permanence un Agent Payeur (qui pourra être l'Agent Fiscal) ayant un établissement désigné dans l'endroit requis par les règles et réglementations de la bourse concernée; et
- (b) il devra y avoir en permanence un Agent Payeur (qui pourra être l'Agent Fiscal) ayant un établissement désigné dans une ville d'Europe continentale; et
- (c) dans le cas de Titres Dématérialisés au nominatif pur, il devra y avoir un Agent d'Enregistrement; et
- (d) il devra y avoir en permanence un Agent Payeur dans un Etat membre de l'Union Européenne (un **Etat membre**), qui ne sera pas tenu de procéder à une retenue à la source ou déduction d'impôts en vertu de la Directive du Conseil Européen 2003/48/CE ou de toute loi adoptée pour mettre en œuvre cette Directive ou s'y conformer, ou de toute loi conforme à cette Directive (cette Directive ou loi étant dénommée: **Législation de l'UE sur la fiscalité des produits de l'épargne**), dans la mesure où tout Etat membre n'a pas l'obligation de procéder à une retenue à la source ou déduction d'impôts en vertu de la Législation de l'UE sur la fiscalité des produits de l'épargne; et

- (e) il devra y avoir en permanence un Agent Fiscal.

Toute nomination, tout remplacement ou toute révocation ou tout changement d'établissement désigné ne prendra effet (excepté en cas de faillite, auquel cas il prendra effet immédiatement) qu'à l'issue d'un préavis écrit de 30 jours au moins et de 45 jours au plus, donné aux Titulaires de Titres conformément aux dispositions de la Modalité 14.

12. **Echange de Talons**

A compter de la Date de Paiement des Intérêts à laquelle le Coupon final formant partie d'une feuille de Coupons émise pour un Titre Matérialisé au Porteur viendra à échéance, le Talon (éventuel) formant partie de cette feuille de Coupons pourra être restitué à l'établissement désigné de l'Agent Fiscal ou de tout autre Agent Payeur, en échange d'une autre feuille de Coupons incluant (si cette autre feuille de Coupons n'inclut pas de Coupon courant jusqu'à la date finale de paiement des intérêts dus sur le Titre auquel il se rapporte (incluse)) un Talon supplémentaire, sous réserve des dispositions de la Modalité 8. Chaque Talon sera réputé, pour les besoins des présentes Modalités, venir à échéance à la Date de Paiement des Intérêts à laquelle le Coupon final compris dans la feuille de Coupons viendra à échéance.

13. **Représentation des Titulaires de Titres**

Sauf disposition contraire des Conditions Définitives applicables, les Titulaires de Titres seront, au titre de toutes les Tranches d'une même Série, automatiquement groupés pour la défense de leurs intérêts communs en une masse (dans chaque cas, la **Masse**).

La Masse sera régie par les dispositions du Code de commerce, à l'exception des articles L. 228-48, L. 228-59, R. 228-63, R. 228-67 et R. 228-69, sous réserve des dispositions suivantes:

(a) *Personnalité Morale*

La Masse aura une personnalité juridique distincte et agira en partie par l'intermédiaire d'un représentant (le Représentant) et en partie par l'intermédiaire d'une assemblée générale des Titulaires de Titres (l'**Assemblée Générale**).

La Masse seule, à l'exclusion de tous les Titulaires de Titres individuels, pourra exercer et faire valoir les droits, actions et avantages communs qui peuvent ou pourront ultérieurement découler des Titres ou s'y rapporter.

(b) *Représentant*

Le mandat de Représentant peut être confié à toute personne sans condition de nationalité. Cependant ce mandat ne pourra pas être confié aux personnes suivantes:

- (i) l'Emetteur, les gérants, administrateurs, membres du Directoire, du Conseil de Surveillance, ses directeurs généraux, ses commissaires aux comptes, ses employés ainsi que leurs ascendants, descendants et conjoint respectifs, ou
- (ii) les sociétés garantissant tout ou partie des obligations de l'Emetteur, leurs gérants respectifs, leurs administrateurs, les membres de leur Directoire, de leur Conseil de surveillance, leurs commissaires aux comptes, leurs employés ainsi que leurs ascendants, descendants et conjoint respectifs, ou
- (iii) les sociétés possédant au moins 10% du capital de l'Emetteur ou dont l'Emetteur possède au moins 10% du capital, ou

- (iv) les personnes frappées d'une interdiction d'exercice de la profession de banquier, ou qui ont été déchues du droit de diriger, administrer ou de gérer une entreprise en quelque qualité que ce soit.

Les noms et adresses du Représentant titulaire initial de la Masse et de son suppléant initial seront indiqués dans les Conditions Définitives applicables. Le Représentant désigné pour la première Tranche d'une Série de Titres sera le Représentant de la Masse unique de toutes les Tranches de cette Série.

Le Représentant aura droit, au titre de ses fonctions et devoirs, à la rémunération stipulée dans les Conditions Définitives applicables.

En cas de décès, de démission ou de révocation du Représentant, celui-ci sera remplacé par un autre Représentant. En cas de décès, de démission ou de révocation du Représentant suppléant, ce dernier sera remplacé par un autre suppléant désigné par l'Assemblée Générale.

Toutes les parties intéressées auront le droit d'obtenir à tout moment communication des noms et adresses du Représentant et de son suppléant, au siège social de l'Emetteur ou auprès des établissements désignés de chacun des Agents Payeurs.

(c) *Pouvoirs du Représentant*

Le Représentant aura le pouvoir d'accomplir tous actes de gestion nécessaires à la défense des intérêts communs des Titulaires de Titres.

Toutes les procédures judiciaires intentées à l'initiative ou à l'encontre des Titulaires de Titres devront l'être à l'initiative ou à l'encontre du Représentant.

Le Représentant ne pourra pas s'immiscer dans la gestion des affaires de l'Emetteur.

(d) *Assemblée Générale*

Une Assemblée Générale pourra être réunie à tout moment, sur convocation soit de l'Emetteur soit du Représentant. Un ou plusieurs Titulaires de Titres, détenant ensemble un trentième au moins du montant en principal des Titres en circulation pourra adresser à l'Emetteur et au Représentant une demande de convocation de l'Assemblée Générale. Si l'Assemblée Générale n'a pas été convoquée dans les deux mois suivant cette demande, les Titulaires pourront charger l'un d'entre eux de déposer une requête auprès du tribunal compétent de Paris afin qu'un mandataire soit nommé pour convoquer l'Assemblée Générale.

Un avis indiquant la date, l'heure, le lieu et l'ordre du jour de l'Assemblée Générale sera publié conformément à la Modalité 14.

Chaque Titulaire de Titres a le droit de prendre part à l'Assemblée Générale en personne ou par mandataire interposé. Chaque Titre donne droit à une voix ou, dans le cas de Titres émis avec plusieurs Valeurs Nominales Indiquées, à une voix au titre de chaque multiple de la plus petite Valeur Nominale la plus petite comprise dans le montant en principal de la Valeur Nominale de ce Titre.

(e) *Pouvoirs de l'Assemblée Générale*

L'Assemblée Générale est habilitée à délibérer sur la révocation et le remplacement du Représentant et de son suppléant. Elle peut également statuer sur toute autre question relative aux droits, actions et avantages communs qui s'attachent ou s'attacheront ultérieurement aux

Titres ou qui en découlent ou en découleront ultérieurement, y compris afin d'autoriser le Représentant à agir en justice en qualité de demandeur ou de défendeur.

L'Assemblée Générale peut en outre délibérer sur toute proposition de modification des Modalités, y compris sur toute proposition d'arbitrage ou de règlement, se rapportant à des droits litigieux ou ayant fait l'objet de décisions judiciaires; il est cependant précisé que l'Assemblée Générale ne peut pas accroître les charges des Titulaires de Titres ni instituer une inégalité de traitement entre les Titulaires de Titres.

Les Assemblées Générales ne pourront valablement délibérer sur première convocation qu'à condition que les Titulaires de Titres présents ou représentés détiennent un cinquième au moins du montant en principal des Titres en circulation au moment considéré. Sur deuxième convocation aucun quorum ne sera exigé. Les Assemblées Générales statueront valablement à la majorité des deux tiers des voix exprimées par les Titulaires présents en personne ou représentés à ces assemblées.

Conformément aux dispositions de l'Article R. 228-71 du Code de commerce, le droit de chaque Titulaire de Titres de participer à l'Assemblée Générale sera attesté par des inscriptions dans les livres du Teneur de Compte Euroclear France concerné au nom de ce Titulaire, à 0h00, heure de Paris, le troisième jour ouvré à Paris précédant la date fixée pour l'assemblée générale concernée.

Les résolutions adoptées par les Assemblées Générales devront être publiées conformément aux dispositions de la Modalité 14.

(f) *Information des Titulaires de Titres*

Pendant la période de quinze jours qui précédera la tenue de chaque Assemblée Générale, chaque Titulaire de Titres ou le Représentant aura le droit de consulter ou de prendre copie du texte des résolutions qui seront proposées et des rapports qui seront présentés à l'Assemblée Générale, dont l'ensemble sera tenu à la disposition des Titulaires de Titres concernés au siège de l'Emetteur, dans les établissements désignés des Agents Payeurs et en tout autre lieu spécifié dans l'avis de convocation de l'Assemblée Générale.

(g) *Frais*

L'Emetteur supportera tous les frais afférents aux opérations de la Masse, y compris les frais de convocation et de tenue des Assemblées Générales et, plus généralement, tous les frais administratifs votés par l'Assemblée Générale, étant expressément stipulé qu'aucun frais ne pourra être imputé sur les intérêts payables sur les Titres.

(h) *Masse unique*

Les titulaires de Titres d'une même Série, ainsi que les titulaires de Titres de toute autre Série qui ont été assimilés avec le Titres d'une autre Série conformément à la Modalité 14, seront groupés pour la défense de leurs intérêts communs en une Masse unique. Le Représentant nommé pour la première Tranche d'une Série de Titres sera le Représentant de la Masse unique de toute le Série concernée.

14. Avis

- (a) Sous réserve des dispositions de la Modalité 14(c) ci-dessous, tous les avis donnés aux Titulaires de Titres Matérialisés au Porteur et de Titres Dématérialisés au porteur seront valablement donnés, s'ils sont publiés:

- (ii) tant que les Titres sont admis, le cas échéant, à la négociation et à la cote officielle de la Bourse de Luxembourg, dans un quotidien de large diffusion à Luxembourg, et/ou, au choix de l'Emetteur, sur le site internet de la Bourse de Luxembourg (www.bourse.lu).

Il est prévu que toute publication faite ainsi dans un quotidien le soit dans le *Financial Times* en Europe et dans le *Luxemburger Wort* ou le *Tageblatt* à Luxembourg. L'Emetteur devra également veiller à ce que les avis soient dûment publiés en conformité avec les règles et réglementations de toute bourse sur laquelle les Titres sont cotés ou de toute autre autorité qui les a admis à la négociation au moment considéré. Tout avis sera réputé avoir été donné (i) à la date de la première publication ou, lorsque la publication doit être effectuée dans plusieurs journaux, à la date de la première publication dans tous les journaux requis, ou (ii) dans le cas d'une publication sur un site internet, à la date à laquelle cet avis apparaît pour la première fois sur ce site internet.

Tous les avis donnés aux Titulaires de Titres Matérialisés au Porteur et de Titres Dématérialisés au porteur (quelle que soit la manière dont ils le sont) devront également être:

- (d) Dans les cas visés à l' Article 14(b) ou 14(c) ci-dessus, l'Emetteur devra également veiller à ce que les avis soient dûment publiés d'une manière conforme aux règles et réglementations de toute bourse ou autre autorité compétente sur ou par laquelle les Titres sont admis à la cote officielle ou à la négociation au moment considéré.

15. Emissions Supplémentaires

L'Emetteur pourra créer et émettre, de temps à autre et sans le consentement des Titulaires de Titres, des Titulaires de Reçus ou des Titulaires de Coupons, des titres supplémentaires qui seront assimilés aux Titres en circulation et formeront une série unique avec eux, sous réserve que ces Titres et les titres supplémentaires confèrent des droits identiques à tous égards, et soient régis par les mêmes Modalités (sauf en ce qui concerne leur Date d'Emission, la Date de Début de Période d'Intérêts, le Prix d'Emission et/ou le montant et la date du premier paiement des intérêts sur ceux-ci).

16. Ajustements et Perturbation

Dans le cas des Titres à Règlement Physique et des Titres Indexés, les Conditions Définitives applicables et (s'il y a lieu) un Supplément au présent Prospectus du Programme d'Emission de Titres de Créance contiendront (le cas échéant) des dispositions relatives aux ajustements des Actifs Sous-Jacents et de tout(s) indice(s) sous-jacent(s), ainsi qu'aux cas de perturbation du règlement et de perturbation du marché (y compris, sans caractère limitatif et si besoin est, des définitions appropriées des **Cas d'Ajustement Potentiels, Cas de Perturbation du Règlement et Cas de Perturbation du Marché** et des informations détaillées sur les conséquences de ces événements) par exception à ce principe, pour les Titres à Règlement Physique ou les Titres qui sont des Titres Indexés sur des Titres de Capital, des Titres Indexés sur Marchandises, des Titres Indexés sur un Evénement de Crédit ou des Titres Indexés sur un Portefeuille d'Actifs Gérés, ces ajustements du sous-jacent et ces cas de perturbation du règlement ou du marché seront soumis aux dispositions de l'Annexe Technique, sauf disposition contraire des Conditions Définitives applicables.

17. Loi Applicable et Attribution de Compétence

La Garantie et tous engagements non-contractuels résultant de la Garantie ou s'y rapportant seront régis par le droit anglais qui gouvernera également leur interprétation.

Toute action à l'encontre de l'Emetteur en rapport avec des Titres, Reçus, Coupons ou Talons ou avec le *French Law Portfolio Deed* et le Contrat de Service Financier de Droit Français pourra exclusivement être portée devant le tribunal compétent dans le ressort de la Cour d'Appel de Paris.

ANNEXE TECHNIQUE

L'Annexe Technique qui suit fait partie intégrante des Modalités des Titres, si les Conditions Définitives concernées stipulent qu'elle est applicable.

Le paiement du principal et/ou des intérêts afférents aux Titres soumis à l'Annexe Technique sera déterminé ou calculé par référence à un indice et/ou une formule basée sur un ou plusieurs "Sous-Jacents", ou se référant à ceux-ci.

Pour les besoins de la présente Annexe Technique, **Sous-Jacent** désigne, comme spécifié dans les Conditions Définitives applicables et sans caractère limitatif, une action d'une société, tout autre titre de capital ou titre autre que de capital, un indice, une devise, un taux de change, un taux d'intérêt, un dividende, un risque de crédit, une part de fonds, une action de société d'investissement, un dépôt à terme, un contrat d'assurance-vie, un prêt, une marchandise, un contrat à terme, un facteur lié à une unité (unité de comptabilisation), un événement non lié à l'Emetteur ou au Garant ou tout autre facteur, un panier des éléments précités ou toute combinaison de ceux-ci.

La présente Annexe Technique contient des dispositions techniques se rapportant, entre autres, (i) aux ajustements devant être opérés par l'Agent de Calcul, (ii) à la manière dont un cas de perturbation du marché pouvant affecter un Sous-Jacent sera traité dans le contexte des Titres, ou (iii) aux formules mathématiques appliquées pour calculer des montants dus en vertu des Titres.

Les dispositions techniques se rapportant à des Sous-Jacents d'un type autre que ceux mentionnés ci-dessus figureront dans les Conditions Définitives applicables aux Titres concernés. Les dispositions de la présente Annexe Technique peuvent être modifiées dans les Conditions Définitives applicables aux Titres concernés.

PARTIE 1 – DEFINITIONS RELATIVES AUX ACTIONS, CERTIFICATS AMERICAINS D’ACTIONS ETRANGERES (AMERICAN DEPOSITORY RECEIPTS (ADRS)), INDICES, DIVIDENDES ET FONDS INDICIELS COTES (EXCHANGE TRADED FUNDS (ETF))

I. Définitions et dispositions communes aux Actions, Certificats Américains d’Actions Etrangères, Indices et Dividendes

I.1 Définitions Générales

Date de Constatation d’une Moyenne désigne, pour une Date d’Evaluation et d’une Action, un ADR ou un Indice, chaque date spécifiée comme telle dans les Conditions Définitives applicables afin de déterminer une moyenne (ou, si cette date n’est pas un Jour de Négociation Prévu, le Jour de Négociation Prévu immédiatement suivant), à moins que ce jour ne soit un Jour de Perturbation, auquel cas il sera différé conformément aux dispositions de la section Conséquences des Jours de Perturbation pour une Action, un ADR ou un Indice.

Panier désigne un panier composé d’Actions et/ou d’ADRs, et/ou d’Indices et/ou de tous autres actifs (chacun étant un Sous-Jacent) dans les proportions et quantités d’Actions, d’ADR, d’Indices ou d’autres actifs spécifiées dans les Conditions Définitives applicables.

Jour Ouvré désigne un "Jour Ouvré" tel que défini à la Modalité 5(b)(i) des Modalités des Titres de Droit Anglais et des Titres NRC, et à la Modalité 4(b)(i) des Modalités des Titres de Droit Français, déterminé sur la base de la Devise Prévue des Titres concernés.

Cours de Clôture désigne:

I.2 pour une Action:

I.2.1 si cette Action est négociée sur le Marché de Tokyo ou le Marché d’Osaka, le dernier cours de négociation de cette Action pour la journée, coté par ce Marché, étant cependant entendu que si un cours spécial de clôture pour cette Action est coté par le Marché (*tokubetsu kehaine*), ce cours sera réputé être le Cours de Clôture concerné;

I.2.2 si cette Action est négociée sur le Marché italien (Borsa Italiana S.p.A.), le *Prezzo di Riferimento*, c’est-à-dire le cours publié par Borsa Italiana S.p.A. à la clôture des négociations, tel que défini dans les Règles des marchés organisés et gérés par Borsa Italiana S.p.A., telles que ces Règles pourront être modifiées par Borsa Italiana S.p.A. de temps à autre;

I.2.3 dans tout autre cas, le cours de clôture officiel de cette Action sur le Marché concerné.

I.3 pour un Indice, le niveau de clôture officiel de cet Indice, publié et annoncé par le Sponsor de l’Indice;

I.4 pour un ADR, le cours de clôture officiel de cet ADR sur le Marché concerné;

Dans chaque cas tel qu’ajusté (le cas échéant) en vertu des dispositions de la Partie 2 ci-dessous.

Société désigne, pour une Action, l’émetteur de cette Action et, pour un ADR, l’émetteur des Titres en Dépôt afférents à cet ADR.

Marché(s) désigne, pour une Action, un ADR ou un Indice, le marché correspondant ou le système de cotation correspondant spécifié dans les Conditions Définitives applicables, ou tout marché ou tout système de cotation venant à lui succéder ou lui étant substitué, sur lequel la négociation de l’Action,

de l'ADR ou des Actions composant cet Indice a été temporairement relocalisée (sous réserve que l'Agent de Calcul ait déterminé qu'il existe, sur ce marché ou ce système de cotation temporaire de substitution, une liquidité comparable à celle du Marché d'origine, pour cette Action, cet ADR ou ces Actions composant l'Indice). Pour les Titres en Dépôt, Marché désigne le principal marché ou le principal système de négociation de ces Titres en Dépôt.

Taux de Change désigne, pour une date quelconque, le taux de change d'une devise contre une autre devise, tel que spécifié dans les Conditions Définitives applicables, coté par le fournisseur de taux de change concerné à cette date, tel que certifié par l'Agent de Calcul sur la page Reuters (ou toute autre page applicable d'un fournisseur d'informations). Si ce Taux de Change ne peut pas être déterminé ou cesse de l'être, l'Agent de Calcul choisira une autre page Reuters (ou une autre page applicable d'un fournisseur d'informations), ou déterminera de bonne foi ce taux de change par référence aux sources qu'il pourra choisir de manière discrétionnaire.

Marché(s) Lié(s) désigne, pour une Action, un ADR ou un Indice (et, si le Sous-Jacent est un ADR, pour des Titres en Dépôt), chaque marché ou système de cotation sur lequel la négociation a un effet significatif (tel que déterminé par l'Agent de Calcul) sur l'ensemble du marché des contrats à terme et contrats d'option portant sur cette Action, cet ADR, cet Indice ou ces Titres en Dépôt, ou tout marché ou tout système de cotation venant à lui succéder ou lui étant substitué, sur lequel la négociation de contrats à terme ou de contrats d'option portant sur l'Action, l'ADR, l'Indice ou les Titres en Dépôt concernés a été temporairement déplacée (sous réserve que l'Agent de Calcul ait déterminé qu'il existe, sur ce marché ou ce système de cotation temporaire de substitution, une liquidité comparable à celui du Marché Lié d'origine, pour les contrats à terme ou contrats d'option portant sur cette Action, cet ADR, cet Indice ou ces Titres en Dépôt).

Heure de Clôture Prévue désigne, pour un Marché ou un Marché Lié, l'heure de clôture prévue en semaine de ce Marché ou ce Marché Lié, sans tenir compte des négociations ayant lieu après l'heure de clôture ou en dehors des horaires de négociations habituelles.

1.2 Définitions et Dispositions relatives à l'évaluation et aux Cas de Perturbation du Marché

1.2.1 Date d'Evaluation désigne, pour une Action, un ADR ou un Indice, chaque date spécifiée comme telle dans les Conditions Définitives applicables (ou, si cette date n'est pas un Jour de Négociation Prévu pour cette Action, cet ADR ou cet Indice, le Jour de Négociation Prévu immédiatement suivant), à moins que cette date ne soit un Jour de Perturbation, auquel cas elle sera différée conformément aux dispositions de la section Conséquences des Jours de Perturbation pour une Action, un ADR ou un Indice.

1.2.2 Heure d'Evaluation désigne, pour une Action, un ADR ou un Indice, l'Heure de Clôture Normale, étant entendu que dans le cas où le Marché fermerait avant son Heure de Clôture Normale, l'Heure d'Evaluation sera cette heure effective de clôture du Marché.

1.2.3 Cas de Perturbation du Marché désigne, pour une Action ou un Indice, la survenance ou l'existence (i) d'une Perturbation des Négociations, (ii) d'une Perturbation du Marché, dont l'Agent de Calcul déterminera, dans chaque cas, qu'elle est substantielle et qui se produira à tout moment pendant la période d'une heure finissant à l'Heure d'Evaluation concernée, ou (iii) d'une Clôture Anticipée. A cet effet:

- (i) **Perturbation des Négociations** désigne, pour une Action ou un Indice, toute suspension ou limitation des négociations imposée par le Marché ou le Marché Lié concerné ou autrement, que ce soit en raison de fluctuations de cours excédant les limites permises par le Marché ou le Marché Lié concerné ou autrement, (i) de l'Action sur le Marché ou, dans le cas d'un Indice, des Marchés concernés pour des titres qui constituent 20 pour cent au moins du niveau de cet Indice, ou (ii) sur les contrats à terme ou les contrats d'options relatifs à cet Indice sur tout Marché Lié concerné;

- (ii) **Perturbation du Marché** désigne, pour une Action ou un Indice, tout événement (autre qu'une Clôture Anticipée) qui perturbe ou réduit (comme l'Agent de Calcul le déterminera) la capacité des participants au marché en général (i) d'effectuer des transactions sur l'Action ou d'obtenir des cours de marché pour l'Action, sur le Marché concerné, ou, dans le cas d'un Indice, pour des titres qui constituent 20 pour cent au moins du niveau de cet Indice sur tout(tous) Marché(s) concerné(s) ou (ii) d'effectuer des transactions sur des contrats à terme ou contrats d'options relatifs à l'Action concernée ou à l'Indice concerné, ou d'obtenir des cours de marché pour ces contrats à terme ou contrats d'options, sur tout Marché Lié concerné;
- (iii) **Clôture Anticipée** désigne la clôture, lors de tout Jour de Bourse (i) (a) dans le cas d'une Action, du Marché concerné, ou (b) dans le cas d'un Indice, de tout(tous) Marché(s) concerné(s) pour les titres qui constituent 20 pour cent au moins du niveau de l'Indice en question, ou (ii) de tout Marché Lié, avant leur Heure de Clôture, à moins que cette clôture anticipée ne soit annoncée par ce Marché ou par ce Marché Lié (selon le cas) une heure au moins avant la première des heures suivantes: (x) l'heure réelle de clôture de la séance normale de négociation sur ce Marché ou ce Marché Lié (selon le cas) lors de ce Jour de Bourse, ou (y) l'heure limite de soumission des ordres devant être entrés dans le système du Marché ou du Marché Lié pour exécution à l'Heure d'Evaluation pour ce Jour de Bourse.

Si le Sous-Jacent revêt la forme d'un ADR émis en vertu d'un Contrat de Dépôt, (i) les références faites à une **Action** dans les définitions du **Cas de Perturbation du Marché**, de la **Perturbation des Négociations**, de la **Perturbation du Marché** et de la **Clôture Anticipée** ci-dessus visent à la fois les ADRs et les Titres en Dépôt relatifs à ces ADRs, et (ii) les références à un Marché et à un Marché Lié dans ces définitions visent ces marchés, tels qu'ils se rapportent à la fois aux ADR et aux Titres en Dépôt relatifs à ces ADRs. Afin d'éviter toute ambiguïté, un Jour de Perturbation sera réputé s'être produit pour un ADR si un Jour de Perturbation s'est produit pour les Titres en Dépôt y afférents.

1.2.4 Conséquences des Jours de Perturbation pour une Action, un ADR ou un Indice

Si toute Date d'Evaluation ou Date de Constatation d'une Moyenne spécifiée dans les Conditions Définitives applicables (la **Date d'Evaluation Prévue** et la **Date de Constatation d'une Moyenne Prévue** respectivement), est un Jour de Perturbation pour une Action, un ADR ou un Indice, la Date d'Evaluation ou la Date de Constatation d'une Moyenne pour cette Action, cet ADR ou cet Indice sera le premier Jour de Négociation Prévu suivant qui n'est pas un Jour de Perturbation au titre de cette Action, cet ADR ou cet Indice, à moins que chacun des huit Jours de Négociation Prévus suivant immédiatement la Date d'Evaluation Prévue ou la Date de Constatation d'une Moyenne Prévue ne soit aussi un Jour de Perturbation. Dans ce cas:

- (i) ce huitième Jour de Négociation Prévu sera réputé être la Date d'Evaluation ou la Date de Constatation d'une Moyenne pour l'Action, l'ADR ou l'Indice, nonobstant le fait que ce jour est un Jour de Perturbation, et
- (ii) l'Agent de Calcul déterminera (a) pour une Action ou d'un ADR, son estimation de bonne foi de la valeur de l'Action ou de l'ADR à l'Heure d'Evaluation ce huitième Jour de Négociation Prévu, ou (b) pour un Indice, le niveau de l'Indice à l'Heure d'Evaluation ce huitième Jour de Négociation Prévu, conformément à la dernière formule et méthode de calcul de cet Indice en vigueur avant la survenance du premier Jour de Perturbation, en utilisant le cours négocié ou coté au Marché à l'Heure d'Evaluation, ce huitième Jour de Négociation Prévu, de chacun des titres compris dans l'Indice (ou, si un événement donnant lieu à un Jour de Perturbation s'est produit pour le titre concerné ce huitième Jour de Négociation Prévu, son estimation de bonne foi de la valeur du titre concerné à l'Heure d'Evaluation ce huitième Jour de Négociation Prévu), et l'estimation de bonne foi de la valeur de l'Action, de l'ADR ou du niveau de l'Indice ainsi calculé sera réputé être le Cours de Clôture;

Etant entendu que si l'Action, l'ADR ou l'Indice est inclus dans un Panier, les dispositions précédentes s'appliqueront uniquement à l'Action, l'ADR ou l'Indice affecté par la survenance d'un Jour de Perturbation, et la Date d'Evaluation ou la Date de Constatation d'une Moyenne pour chaque Action, ADR ou Indice non affecté par un Jour de Perturbation sera la Date d'Evaluation Prévue ou la Date de Constatation d'une Moyenne Prévue.

Étant cependant entendu que,

- (A) si une Date de Constatation d'une Moyenne Prévue est un Jour de Perturbation, la Date de Constatation d'une Moyenne sera différée conformément aux dispositions ci-dessus au premier Jour de Négociation Prévu suivant qui n'est pas un Jour de Perturbation, sous réserve qu'il ne soit pas également une Date de Constatation d'une Moyenne Prévue; si, au huitième Jour de Négociation Prévu suivant la Date de Constatation d'une Moyenne Prévue, il n'est survenu ni un Jour de Négociation Prévu qui ne soit pas un Jour de Perturbation, ni une autre Date de Constatation d'une Moyenne Prévue, ce huitième Jour de Négociation Prévu sera réputé être la Date de Constatation d'une Moyenne (indépendamment du fait que ce huitième Jour de Négociation Prévu est également une Date de Constatation d'une Moyenne Prévue), et l'Agent de Calcul procédera à cette date aux déterminations décrites au (ii) ci-dessus, et l'estimation de bonne foi de la valeur de l'Action, de l'ADR ou du niveau de l'Indice ainsi calculé sera réputée être le Cours de Clôture;
- (B) nonobstant ce qui précède,
- pour tout Titre, à l'exception des Titres NRC, une Date d'Evaluation ou une Date de Constatation d'une Moyenne (différée, selon le cas, en vertu des dispositions ci-dessus) devra survenir au plus tard le quatrième Jour Ouvré précédant la date de tout paiement à effectuer en vertu des Titres, sur la base de déterminations faites à cette Date d'Evaluation ou à cette Date de Constatation d'une Moyenne; si une Date d'Evaluation ou une Date de Constatation d'une Moyenne (différée, selon le cas, en vertu des dispositions ci-dessus) devait tomber après le quatrième Jour Ouvré précédant la date de tout paiement devant être effectué en vertu des Titres, sur la base de déterminations faites à cette Date d'Evaluation ou cette Date de Constatation d'une Moyenne, ce quatrième Jour Ouvré sera réputé être la Date d'Evaluation ou la Date de Constatation d'une Moyenne, et l'Agent de Calcul devra procéder, à cette date, aux déterminations décrites au (ii) ci-dessus, au plus tard à l'Heure d'Evaluation ce quatrième Jour Ouvré, et l'estimation de bonne foi de la valeur de l'Action, de l'ADR ou du niveau de l'Indice ainsi calculé sera réputée être le Cours de Clôture.
 - pour les Titres NRC émis, compensés et réglés par l'intermédiaire du Dépositaire Central de Titres Suédois (Euroclear Sweden AB), du Dépositaire Central de Titres Finlandais (Euroclear Finland Ltd) ou du Dépositaire Central de Titres Danois, Vaerdipapircentralen (VP), une Date d'Evaluation ou une Date de Constatation d'une Moyenne (différée, selon le cas, en vertu des dispositions ci-dessus) devra survenir au plus tard le douzième Jour Ouvré précédant la date de tout paiement à effectuer en vertu des Titres, sur la base de déterminations faites à cette Date d'Evaluation ou à cette Date de Constatation d'une Moyenne; si une Date d'Evaluation ou une Date de Constatation d'une Moyenne (différée, selon le cas, en vertu des dispositions ci-dessus) devait tomber après le douzième Jour Ouvré précédant la date de tout paiement devant être effectué en vertu des Titres, sur la base de déterminations faites à cette Date d'Evaluation ou cette Date de Constatation d'une Moyenne, ce douzième Jour Ouvré sera réputé être la Date d'Evaluation ou la Date de Constatation d'une Moyenne, et l'Agent de Calcul devra procéder, à cette date, aux déterminations décrites au (ii) ci-dessus, au plus tard à l'Heure d'Evaluation ce douzième Jour

Ouvré, et l'estimation de bonne foi de la valeur de l'Action, de l'ADR ou du niveau de l'Indice ainsi calculé sera réputée être le Cours de Clôture.

- pour les Titres NRC émis, compensés et réglés par l'intermédiaire du Dépositaire Central de Titres Norvégien (VPS), une Date d'Evaluation ou une Date de Constatation d'une Moyenne (différée, selon le cas, en vertu des dispositions ci-dessus) devra survenir au plus tard le dixième Jour Ouvré précédant la date de tout paiement à effectuer en vertu des Titres, sur la base de déterminations faites à cette Date d'Evaluation ou à cette Date de Constatation d'une Moyenne; si une Date d'Evaluation ou une Date de Constatation d'une Moyenne (différée, selon le cas, en vertu des dispositions ci-dessus) devait tomber après le dixième Jour Ouvré précédant la date de tout paiement devant être effectué en vertu des Titres, sur la base de déterminations faites à cette Date d'Evaluation ou cette Date de Constatation d'une Moyenne, ce dixième Jour Ouvré sera réputé être la Date d'Evaluation ou la Date de Constatation d'une Moyenne, et l'Agent de Calcul devra procéder, à cette date, aux déterminations décrites au (ii) ci-dessus, au plus tard à l'Heure d'Evaluation ce dixième Jour Ouvré, et l'estimation de bonne foi de la valeur de l'Action, de l'ADR ou du niveau de l'Indice ainsi calculé sera réputée être le Cours de Clôture.

II. Définitions spécifiques aux Actions et Certificats Américains d'Actions Etrangères

Action(s) désigne une action de la Société (ou les actions concernées, dans le cas d'un Panier) désignée comme un Sous-Jacent dans les Conditions Définitives applicables, sous réserve d'ajustement conformément aux dispositions de la Partie 2-1 "*Ajustements et Evénement Extraordinaires relatifs aux Actions et Certificats Américains d'Actions Etrangères*" (ci-dessous).

IV. Définitions spécifiques aux actions ou parts de Fonds Indiciels Cotés (*Exchange Traded Funds* (ETF))

(A) Les dispositions des Parties 1. I et II ci-dessus de la présente Annexe Technique Actions, les dispositions de la section Cas de Radiation de la Cote et toutes dispositions connexes de la Partie 2 ci-dessous de la présente Annexe Technique Actions s'appliquent à une action ou part d'un ETF qui, pour tous les besoins de ces dispositions, sera réputée constituer une Action, et s'appliquent à un ETF, qui, à ces effets, sera réputé être une Société.

V. Définitions spécifiques aux Dividendes

Cette section s'applique aux Dividendes, s'ils sont désignés comme un/des Sous-Jacents dans les Conditions Définitives applicables.

Dividende désigne, pour une Action:

- I.5 un montant de dividende par Action déclaré par la Société, avant le prélèvement ou la retenue à la source d'impôts et taxes par ou pour le compte de toute autorité fiscale compétente ayant le pouvoir de taxer ce dividende (une **Autorité Compétente**), mais sans tenir compte:

En toute hypothèse, cette définition exclut (i) tous dividendes s'agissant desquels le Sponsor de l'Indice procède à un ajustement de l'Indice, si l'Action est considérée comme un composant d'un Indice, ou (ii) tout dividende pour lequel le Marché Lié procède à un ajustement du Contrat Désigné, si l'Action est considérée individuellement ou comme un composant d'un panier (cependant, si le Sponsor de l'Indice a ajusté l'Indice pour une partie d'un dividende ou, si le Marché Lié selon le cas a procédé à un ajustement partiel, les dispositions ci-dessus s'appliqueront uniquement à la partie non ajustée).

Contrat Désigné désigne un contrat d'options ou un contrat à terme sur l'Action négociée sur le Marché Lié, ayant une date d'expiration (ou la date qui aurait été la date d'expiration, si ce jour n'avait pas été un Jour de Perturbation ni un Jour de Négociation Prévu) qui correspond à la Date d'Evaluation concernée spécifiée dans les Conditions Définitives applicables.

Période de Dividende désigne la période spécifiée comme telle dans les Conditions Définitives applicables.

Date Ex-Dividende désigne, pour un Dividende, la date à laquelle il est prévu que l'Action concernée commence à être négociée ex-dividende sur le marché principal ou le système de cotation principal pour cette Action, telle que déterminée par l'Agent de Calcul.

Diviseur Officiel de l'Indice désigne la valeur, calculée par le Sponsor de l'Indice, nécessaire pour garantir que la valeur numérique de l'Indice demeure inchangée après un changement de composition de l'Indice. La valeur de l'Indice après tout changement de sa composition est divisée par le Diviseur Officiel de l'Indice afin de garantir que la valeur de l'Indice revienne à sa valeur normalisée.

Nombre Officiel désigne, à une date donnée et pour un Indice et une Action composant cet Indice, le nombre d'actions librement négociables relatif à cette Action comprises dans cet Indice, tel que calculé et publié par le Sponsor de l'Indice à cette date, sous réserve des dispositions relatives au "Défaut de Publication" sous la section III. B. Partie 2 ci-dessous.

PARTIE 2 – AJUSTEMENTS, EVENEMENTS EXTRAORDINAIRES, PERTURBATION DES OPERATIONS DE COUVERTURE, OUVERTURE D'UNE PROCEDURE DE FAILLITE ET CHANGEMENT DE LOI RELATIFS AUX ACTIONS, CERTIFICATS AMERICAINS D'ACTIONS ETRANGERES (ADRS), INDICES ET DIVIDENDES

I. Ajustements et Evénements Extraordinaires relatifs aux Actions et Certificats Américains d'Actions Etrangères

A. Cas d'Ajustement Potentiel

Cas d'Ajustement Potentiel désigne, pour une Action, l'un quelconque des événements suivants:

- I.7 une division, un regroupement ou un changement de catégorie de l'Action concernée (à moins que cette opération ne résulte d'un Cas de Fusion), y compris, afin d'éviter toute ambiguïté, une division d'actions ou une réduction du nombre d'actions en circulation, ou une attribution gratuite de l'Action concernée ou une distribution de dividendes sous forme d'attribution de l'Action concernée au profit des porteurs existants réalisée par prélèvement sur les primes, le capital ou tout type d'émission similaire;
- I.8 une distribution, une émission ou un dividende au profit des porteurs existants de l'Action concernée, portant sur (a) les Actions concernées, ou (b) d'autres actions ou titres conférant un droit au paiement de dividendes et/ou le boni de liquidation de la Société, égal ou proportionnel à celui des porteurs des Actions concernées, ou (c) d'actions ou autres titres d'un autre émetteur, acquis ou détenus (directement ou indirectement) par la Société, à la suite d'une scission ou de toute opération similaire, ou (d) de tout autre type de titres, droits, bons de souscription ou autres actifs, attribués dans tous les cas contre le paiement (en numéraire ou un autre montant) inférieur au prix de marché en vigueur, tel que déterminé par l'Agent de Calcul;
- I.9 un dividende extraordinaire, tel que déterminé par l'Agent de Calcul;
- I.10 un appel de fonds lancé par la Société au titre d'Actions qui n'ont pas été intégralement libérées;
- I.11 un rachat d'Actions par la Société ou l'une quelconque de ses filiales, par prélèvement sur ses réserves ou son capital, que ce paiement donne lieu à un paiement en numéraire, une attribution de titres ou toute autre forme de paiement;
- I.12 un événement entraînant l'attribution de tous droits d'actionnaires, ou le détachement desdits droits d'actionnaires des actions ordinaires ou d'autres titres de capital de la Société dans le cadre d'un plan de droits de souscription au profit des actionnaires (shareholder rights plan) ou d'un accord destiné à empêcher les prises de contrôle hostiles, et donnant droit, lors de la survenance de certains événements, à l'attribution d'actions privilégiées, de bons de souscription, de titres de créance ou de droits d'actionnaires à un prix inférieur à leur valeur de marché, telle que déterminée par l'Agent de Calcul, étant entendu que tout ajustement opéré en conséquence d'un tel événement devra être révisé en cas de renonciation auxdits droits; ou
- I.13 tout autre événement ayant, de l'avis de l'Agent de Calcul, un effet dilutif ou relatif sur la valeur théorique des Actions concernées.

Après la survenance de tout Cas d'Ajustement Potentiel tel que défini ci-dessus, l'Agent de Calcul déterminera, dès que cela sera raisonnablement possible après avoir eu connaissance de cet événement,

si ce Cas d'Ajustement Potentiel a un effet dilutif ou relatif sur la valeur théorique de l'Action; dans l'affirmative, il (a) calculera l'ajustement correspondant, s'il y a lieu, à apporter aux éléments relatifs à l'Action concernée servant à déterminer les modalités de règlement ou de paiement en vertu des Titres et/ou à toute(s) disposition(s) pertinente(s) des modalités des Titres, comme l'Agent de Calcul l'estimera approprié pour préserver l'équivalent économique des obligations de l'Emetteur résultant des Titres, et (b) déterminera la date à laquelle cet ajustement prendra effet. Pour déterminer l'existence et l'étendue de tout effet dilutif ou relatif de tout Cas d'Ajustement Potentiel sur la valeur théorique des Actions et tous ajustements corrélatifs à apporter aux modalités des Titres, l'Agent de Calcul devra tenir compte de tous montants de Taxes Locales qui sont susceptibles, de l'avis de l'Agent de Calcul, d'être prélevés sur, ou payés ou autrement encourus par un Investisseur Etranger en relation avec ce Cas d'Ajustement Potentiel. L'Agent de Calcul pourra, mais sans y être tenu, déterminer l'ajustement approprié par référence à l'ajustement opéré au titre de ce Cas d'Ajustement Potentiel par un Marché Lié sur les options portant sur les Actions négociées sur ce Marché Lié.

Si le Sous-Jacent revêt la forme d'un ADR, les références faites à une **Action** dans la définition du **Cas d'Ajustement Potentiel** ci-dessus visent les Titres en Dépôt sous-jacents à ces ADRs. En outre, un événement ayant un effet dilutif ou relatif sur les Titres en Dépôt affectera la valeur théorique de l'ADR, à moins que (et dans la mesure où) la Société ou le Dépositaire, dans l'exercice des pouvoirs (éventuels) qui lui sont conférés par le Contrat de Dépôt, ne choisisse d'ajuster le nombre de Titres en Dépôt qui sont représentés par chaque ADR, de telle sorte que le prix de l'ADR ne soit pas affecté par cet événement (tel que déterminé par l'Agent de Calcul), auquel cas l'Agent de Calcul ne procédera à aucun ajustement. Si la Société ou le Dépositaire choisit de ne pas ajuster le nombre de Titres en Dépôt qui sont représentés par un ADR, ou procède à un ajustement dont l'Agent de Calcul détermine qu'il n'a pas été adéquat, l'Agent de Calcul pourra, à sa discrétion, procéder à l'ajustement nécessaire des éléments relatifs au Sous-Jacent, servant à déterminer les modalités de règlement ou de paiement en vertu des Titres et/ou de toutes autres modalités des Titres qu'il jugera approprié pour préserver l'équivalent économique des obligations de l'Emetteur résultant des Titres, et déterminer la date à laquelle cet ajustement prendra effet. Le Dépositaire pourra également avoir la capacité, en vertu du Contrat de Dépôt, de procéder à des ajustements au titre de l'ADR pour tenir compte des distributions d'actions, distributions de droits, distributions en numéraire et distributions autres qu'en actions, droits et numéraire. En cas d'ajustement ainsi opéré par le Dépositaire, l'Agent de Calcul pourra, à sa discrétion, apporter les ajustements nécessaires que l'Agent de Calcul jugera appropriés afin de tenir compte de cet événement.

Définitions applicables à cette section:

Taxes Locales désigne des taxes, droits et charges similaires imposés par l'autorité fiscale du pays d'immatriculation de la Société ou du pays où est situé le Marché sur lequel l'Action est cotée.

Investisseur Etranger désigne un porteur d'Actions qui est un investisseur institutionnel non résident dans le pays d'immatriculation de la Société ou de situation du Marché sur lequel l'Action est cotée (la **Juridiction Locale**), pour les besoins des lois et réglementations fiscales de la Juridiction Locale et, afin d'éviter toute ambiguïté, dont la juridiction de résidence (i) sera déterminée par l'Agent de Calcul et (ii) pourra être la juridiction de Société Générale ou de l'une de ses sociétés liées.

B. Evénements Extraordinaires

- (i) Si l'Agent de Calcul détermine qu'une Période d'Offre s'est ouverte pour une Action ou un ADR (une **Action Affectée** ou un **ADR Affecté**), avant la dernière Date d'Evaluation ou la dernière Date de Constatation d'une Moyenne ou à cette date, à la suite d'un Cas de Fusion, d'un Cas de Scission, d'un Cas de Radiation de la Cote, d'une Faillite, d'une Nationalisation ou d'un Cas de Prise de Participation, l'Agent de Calcul pourra décider de bonne foi d'appliquer la Méthode de Substitution au titre de l'Action Affectée ou de l'ADR Affecté, pendant cette Période d'Offre.

- (ii) Si l'Agent de Calcul décide de ne pas appliquer la Méthode de Substitution pendant la Période d'Offre au titre de l'Action Affectée ou de l'ADR Affecté:
- (A) s'il s'agit d'un Cas de Fusion, à compter de la Date de Fusion, et/ou lors de la réalisation du Cas de Fusion, jusqu'au soixantième Jour Ouvré suivant, l'Agent de Calcul, agissant de bonne foi, devra appliquer soit:
- (a) Cas de Fusion Action-contre-Action: Obligation Alternative et/ou Méthode de Substitution ou Remboursement Anticipé;
 - (b) Cas de Fusion Action-contre-Autres Actifs: Obligation Alternative et/ou Méthode de Substitution ou Remboursement Anticipé;
 - (c) Cas de Fusion Action-contre-Actifs Combinés: Obligation Alternative et/ou Méthode de Substitution ou Remboursement Anticipé;
- (B) s'il s'agit d'un Cas de Fusion affectant deux Actions ou ADR compris dans un Panier, l'Agent de Calcul:
- (a) continuera avec l'action ou l'ADR résultant du Cas de Fusion et, afin de maintenir le nombre original de sociétés du Panier, une Action de Substitution ou un ADR de Substitution (selon le cas) sera choisie et inclus dans le Panier; ou
 - (b) substituera aux deux Actions (ou ADR) deux Actions (ou ADR) de Substitution choisies dans les conditions décrites dans la Méthode de Substitution;
- (C) s'il s'agit d'un Cas de Scission, à compter de la Date de Scission, et/ou lors de la réalisation de la Scission, jusqu'au soixantième Jour Ouvré suivant, l'Agent de Calcul, agissant de bonne foi, devra soit:
- (a) remplacer l'Action Affectée ou l'ADR Affecté par des actions ou ADR de sociétés successeurs; soit
 - (b) remplacer une ou plusieurs actions résultant de ce Cas de Scission en appliquant la Méthode de Substitution,
- étant entendu que, dans le cas d'un Panier, l'Agent de Calcul maintiendra le nombre initial de sociétés dans le Panier et que, dans le cas où l'Agent de Calcul aurait choisi de substituer à l'Action Affectée ou à l'ADR Affecté plusieurs actions ou ADR résultant de ce Cas de Scission, ces actions ou ADR seront placés dans un sous-panier et considérés comme un seul composant du Panier;
- (D) s'il s'agit d'un Cas de Radiation de la Cote ou d'une Nationalisation, à compter de la date effective de cet événement et jusqu'au soixantième Jour Ouvré suivant, l'Agent de Calcul, agissant de bonne foi, pourra, mais sans y être obligé, appliquer la Méthode de Substitution;
- (E) s'il s'agit d'une Faillite, l'Agent de Calcul décidera soit que:
- (a) l'Action Affectée ou l'ADR Affecté sera remplacé selon la Méthode de Substitution; ou
 - (b) la valeur du composant concerné dans la formule appliquée pour déterminer le montant à payer ou la survenance d'une condition, le cas échéant, telle que décrite dans les Conditions Définitives applicables, représentant l'Action Affectée ou l'ADR Affecté, sera prise en compte par l'Agent de Calcul pour déterminer sa juste valeur de marché, à tout moment à compter de la survenance de cette Faillite et jusqu'à la dernière Date d'Evaluation ou la dernière Date de Constatation d'une Moyenne. La

détermination de la juste valeur de marché dépendra de la liquidité du marché et des conditions de négociations relatives à l'Action ou à l'ADR affecté à la date de calcul; et

- (F) S'il s'agit d'un Cas de Prise de Participation, à compter de la date effective de cet événement et jusqu'au soixantième Jour Ouvré suivant, l'Agent de Calcul pourra, mais sans y être obligé, choisir une Action de Substitution ou un ADR de Substitution en remplacement de l'Action Affectée ou de l'ADR Affecté, selon la Méthode de Substitution.
- (iii) Nonobstant toute disposition contraire, l'Agent de Calcul devra déployer tous les efforts raisonnables afin de maintenir le nombre originel de sociétés du Panier en qualité de Sociétés en vertu des présentes.

Définitions applicables à la présente section B – Evénements Extraordinaires:

Obligation Alternative désigne:

- I.14 si l'Agent de Calcul décide d'appliquer la méthode Obligation Alternative, pour un Cas de Fusion Action-contre-Action, les Actions Nouvelles et l'émetteur de ces Actions Nouvelles (ou, dans le cas d'Actions Nouvelles qui sont émises sous la forme de l'ADR, l'émetteur des Titres en Dépôt sous-jacents à ces ADRs) seront réputés être respectivement les **Actions** (ou les **ADRs**, selon le cas) et la **Société**, à compter de la Date de Fusion concernée (incluse), et, si besoin est, l'Agent de Calcul ajustera les modalités concernées des Titres sur la base du nombre d'Actions Nouvelles (tel qu'il sera ultérieurement modifié conformément aux modalités concernées et comprenant les revenus de tout rachat, le cas échéant) auquel un porteur du nombre concerné d'Actions ou d'ADRs, immédiatement avant la survenance du Cas de Fusion, aurait eu droit lors de la réalisation du Cas de Fusion;
- I.15 si, pour un Cas de Fusion Action-contre-Autres Actifs, l'Agent de Calcul décide d'appliquer la méthode Obligation Alternative, l'Agent de Calcul ajustera, à compter de la Date de Fusion (incluse), les modalités concernées des Titres sur la base du montant de l'Autre Contrepartie (telle qu'elle pourra être ultérieurement modifiée conformément aux modalités concernées et comprenant les revenus de tout rachat, le cas échéant) à laquelle un porteur du nombre concerné d'Actions ou d'ADRs aurait droit lors de la réalisation du Cas de Fusion et, si besoin est, de toutes modalités concernées des Titres; et
- I.16 si, pour un Cas de Fusion Action-contre-Actifs Combinés, l'Agent de Calcul décide d'appliquer la méthode Obligation Alternative, les Actions Nouvelles et l'Autre Contrepartie seront réputées être les **Actions** (ou les **ADRs**, selon le cas) et l'émetteur des Actions Nouvelles (ou, dans le cas d'Actions Nouvelles qui sont émises sous la forme d'ADRs, l'émetteur des Titres en Dépôt sous-jacents à ces ADRs) sera réputé être la **Société**, respectivement, à compter de la Date de Fusion (incluse), et, si besoin est, l'Agent de Calcul ajustera les modalités concernées des Titres sur la base du nombre d'Actions Nouvelles et du montant de l'Autre Contrepartie (tels qu'ils seront ultérieurement modifiés conformément aux modalités concernées et y compris les produits de tout remboursement, le cas échéant) auquel un porteur du nombre concerné d'Actions ou d'ADRs aurait droit lors de la réalisation du Cas de Fusion;

Contrepartie Mixte désigne une combinaison des Actions Nouvelles et d'une Autre Contrepartie.

Cas de Radiation de la Cote désigne, pour une Action ou un ADR, le fait que cette Action ou cet ADR (ou des Titres en Dépôt afférents à cet ADR): (a) cesse d'être admis à la cote officielle, négocié ou publiquement coté sur le Marché concerné ou sur le compartiment de cotation du Marché concerné (pour toute raison autre qu'un Cas de Fusion ou une offre publique d'achat), sans que cette Action ou cet ADR soit immédiatement réadmis à la cote officielle, à la négociation ou à la cotation sur un marché ou un système de cotation situé dans le même pays que le Marché (ou, si le Marché est situé dans l'Union Européenne, dans un Etat membre de l'Union Européenne); ou (b) selon l'avis de l'Agent de Calcul, continue d'être admis à la cote officielle ou à la négociation, ou continue d'être

publiquement coté dans des conditions inappropriées (ces conditions incluant, sans caractère limitatif, un manque de liquidité ou la disparition du contrat à terme et/ou d'option pertinent sur l'Action concernée); ou (c) si, pour un Sous-Jacent revêtant la forme d'un ADR, le Contrat de Dépôt est résilié.

Cas de Scission désigne, pour une Action ou un ADR, la situation dans laquelle la Société concernée s'agissant de cette Action ou cet ADR est affectée par une scission, y compris, sans caractère limitatif, un démantèlement ou toute opération de nature similaire.

Date de Scission désigne la date à laquelle un Cas de Scission prend effet.

Remboursement Anticipé désigne la situation dans laquelle un Remboursement Anticipé des Titres intervient sur la base de la Valeur de Marché, telle que définie à la Modalité 7(g) des Modalités des Titres de Droit Anglais et des Titres NRC, et à la Modalité 6(g) des Modalités des Titres de Droit Français.

Période de Fixation désigne la période, limitée à un maximum de dix Jours de Bourse, qui expirera 90 Jours Ouvrés au plus après la Date de Fusion, la Date de Scission ou la date effective du Cas de Radiation de la Cote, de la Nationalisation, de la Faillite ou du Cas de Prise de Participation, pendant laquelle:

- I.17 Société Générale ou l'une de ses sociétés liées vend les Actions Affectées, les ADRs Affectés, les Actions Nouvelles et/ou l'Autre Contrepartie (selon le cas), sur la base de la moyenne pondérée des cours de clôture des actifs concernés négociés par Société Générale ou l'une de ses sociétés liées pour les Titres concernés, telle qu'observée pendant cette Période de Fixation; et
- I.18 les produits de cette vente sont réinvestis dans les Actions de Substitution, les ADRs de Substitution et/ou les Actions Nouvelles selon le cas pendant ladite Période de Fixation, sur la base de la moyenne pondérée des cours de clôture de ces Actions de Substitution, de ces ADRs de Substitution et/ou de ces Actions Nouvelles négociés par Société Générale ou l'une de ses sociétés liées pour les Titres concernés, telle qu'observée pendant cette Période de Fixation.

Faillite désigne, pour une Société, la liquidation amiable ou judiciaire, la faillite, l'insolvabilité, la dissolution ou toute autre procédure similaire affectant cette Société, telle que déterminée de bonne foi par l'Agent de Calcul.

Date de Fusion désigne, pour une Action ou un ADR, la date à laquelle des porteurs du nombre nécessaire d'Actions ou d'ADRs concernés (autres, dans le cas d'une offre publique d'achat, que des Actions ou ADR détenus ou contrôlés par l'auteur de l'offre) pour constituer un Cas de Fusion ont accepté ou sont devenus irrévocablement obligés de transférer leurs Actions.

Cas de Fusion désigne, pour toute Action:

- I.19 tout changement de catégorie ou toute transformation de cette Action (y compris le changement de la devise de référence de l'Action) entraînant le transfert ou un engagement irrévocable de transférer toutes ces Actions en circulation au profit d'une autre entité ou personne;
- I.20 tout regroupement, fusion, absorption ou échange obligatoire d'actions de la Société concernée, avec ou dans toute autre entité (autre qu'un regroupement, une fusion, une absorption ou un échange obligatoire d'actions à l'issue duquel cette Société est l'entité survivante et qui n'entraîne pas un changement de catégorie ou une transformation de toutes ces Actions en circulation);
- I.21 une offre d'acquisition, une offre publique d'achat, une offre publique d'échange, une sollicitation, une proposition ou tout autre événement en vertu duquel une entité ou personne se proposerait d'acquérir ou d'obtenir autrement 100 pour cent des Actions en circulation de la Société, et qui aurait pour effet le

transfert ou un engagement irrévocable de transférer toute ou partie de ces Actions (autres que celles de ces Actions déjà détenues ou contrôlées par cette autre entité ou personne);

- I.22 toute opération de fusion par création d'une société nouvelle, de fusion, d'absorption ou d'échange obligatoire des actions de la Société ou de l'un de ses filiales avec une autre entité, dans le cadre de laquelle la Société est l'entité survivante et qui n'entraîne pas un changement de catégorie ou une transformation de toutes lesdites Actions en circulation, mais qui a pour conséquence que les Actions concernées en circulation (à l'exclusion des Actions concernées déjà détenues ou contrôlées par ladite autre entité) immédiatement avant cette opération représentent ensemble moins de 50% des Actions en circulation immédiatement après cette opération; ou
- I.23 une offre d'acquisition, une offre publique d'achat, une offre publique d'échange, une sollicitation, une proposition ou tout autre événement en vertu duquel une entité ou personne se proposerait d'acquérir ou d'obtenir autrement, ou d'avoir le droit d'obtenir, par conversion ou par tout autre moyen, plus de 10 pour cent et moins de 100 pour cent des actions à droit de vote en circulation de la Société, comme déterminé par l'Agent de Calcul sur la base des enregistrements effectués auprès des agences gouvernementales ou d'autorégulation ou de toute autre information que l'Agent de Calcul jugera pertinente.

Si le Sous-Jacent revêt la forme d'un ADR émis en vertu d'un Contrat de Dépôt, les références faites à un **Action** dans cette définition visent les Titres en Dépôt sous-jacents à cet ADR.

Méthode de Substitution désigne la situation dans laquelle, dans le cas d'un Cas de Fusion, d'un Cas de Scission, d'un Cas de Radiation de la Cote, d'une Nationalisation, d'une Faillite ou d'un Cas de Prise de Participation (quelle que soit la contrepartie à recevoir) concernant une Action Affectée ou un ADR Affecté, l'Agent de Calcul peut considérer que l'Action Affectée, le ADR Affecté, les Actions Nouvelles et/ou tout ou partie de l'Autre Contrepartie (selon le cas) est/sont convertis en numéraire, et que les produits seront réinvestis soit (a) en une action nouvelle ou un nouveau ADR du même secteur économique, ou en une action ou un ADR émis par une société de réputation internationale ou de solvabilité similaire à celle de la Société concernée s'agissant de l'Action Affectée ou de l'ADR Affecté, (une **Action de Substitution** ou un **ADR de Substitution**, selon le cas), ou (b) dans le cas d'une Contrepartie Mixte, en Actions Nouvelles. Si l'Autre Contrepartie doit être reçue en numéraire à une date future, l'Agent de Calcul pourra considérer que le montant en numéraire à recevoir dans le futur doit être actualisé afin de réinvestir immédiatement les produits alors obtenus conformément aux sous-paragraphes (a) et (b) ci-dessus.

La vente de l'Action Affectée, des ADRs Affectés, des Actions Nouvelles et/ou de l'Autre Contrepartie sera réputée avoir lieu pendant la Période de Fixation. L'Action de Substitution (ou le ADR de Substitution, selon le cas) et la société émettrice de cette Action de Substitution (ou, dans le cas d'un ADR, la société émettrice des Titres en Dépôt afférents à cet ADR) seront réputées être une **Action** et la **Société** respectivement, et l'Agent de Calcul ajustera les modalités concernées des Titres.

A titre d'information, il est entendu que dans tous les cas décrits aux présentes où une Action ou un ADR est remplacé, à toute date "t", par une Action de Substitution ou un ADR de Substitution, la valeur de la composante correspondante dans la formule appliquée pour déterminer le montant à payer, telle que décrite dans les Conditions Définitives applicables, ne sera pas affectée par la substitution à cette date "t", au titre de l'Action de Substitution ou de l'ADR de Substitution, et le cours de clôture de cette Action de Substitution ou de cet ADR de Substitution sur le Marché concerné à la date "t" sera pondéré par un coefficient d'ajustement afin que ce cours de clôture soit égal au cours de clôture de l'Action Affectée ou de l'ADR Affecté à cette date "t".

Nationalisation désigne le cas dans lequel toutes les Actions ou la totalité ou la quasi-totalité des actifs d'une Société seraient nationalisés ou expropriés ou devraient autrement être cédés à toute agence, autorité ou entité gouvernementale ou à toute émanation de celle-ci.

Actions Nouvelles désigne des actions ou ADR (qu'ils appartiennent à l'auteur de l'offre ou un tiers) qui sont admis à la cote officielle ou cotés sur un marché reconnu et impliqué dans l'application de la Méthode de Substitution ou de l'Obligation Alternative, tels que déterminés par l'Agent de Calcul.

Période d'Offre désigne la période comprise entre la date (inclusive) à laquelle le Cas de Fusion, le Cas de Radiation de la Cote, le Cas de Scission, la Faillite, la Nationalisation ou le Cas de Prise de Participation est publiquement et officiellement annoncé et la Date de Fusion ou de Scission ou la date effective du Cas de Radiation de la Cote, de la Faillite, de la Nationalisation ou du Cas de Prise de Participation, ces dates étant non incluses.

Autre Contrepartie désigne une somme en numéraire et/ou des titres (autres que des Actions Nouvelles) ou actifs (de l'auteur de l'offre ou d'un tiers).

Cas de Prise de Participation désigne la situation dans laquelle une Société (dont les Actions ou ADR sont compris dans un Panier) acquiert une participation excédant 20 pour cent dans une autre Société dont des Actions ou ADR (qui sont l'Action Affectée ou le ADR Affecté au titre de ce Cas de Prise de Participation) sont également compris dans le même Panier.

Cas de Fusion **Action-contre-Actifs Combinés** désigne, pour un Cas de Fusion, que la contrepartie des Actions ou ADRs sera constituée de Contreparties Mixtes.

Cas de Fusion **Action-contre-Autres Actifs** désigne, pour un Cas de Fusion, que la contrepartie des Actions ou ADRs sera constituée exclusivement d' Autres Contreparties.

Cas de Fusion **Action-contre-Action** désigne, pour un Cas de Fusion, que la contrepartie des Actions ou ADRs sera constituée (ou, à l'option du porteur de ces Actions ou ADRs, pourra consister) exclusivement d'Actions Nouvelles.

C. **Cas de Baisse Significative du Cours de Clôture relatif à une Action ou un ADR**

Si, lors de tout Jour de Bourse pendant la période comprise entre la Date d'Evaluation initiale (exclue) et la dernière Date d'Evaluation (inclusive), le Cours de Clôture d'une Action ou d'un ADR subirait une baisse de 80% ou plus par rapport à son niveau à la Date d'Evaluation initiale (l'**Action Affectée** ou l'**ADR Affecté**), les dispositions suivantes s'appliqueront:

- (i) l'Agent de Calcul pourra décider de remplacer l'Action Affectée ou l'ADR Affecté par une nouvelle action ou un nouvel ADR émis par une société de stature internationale ou de solvabilité similaire à celle de la Société (l'**Action de Substitution** ou l'**ADR de Substitution**) et ajustera les modalités concernées des Titres en conséquence; ou
- (ii) l'Agent de Calcul pourra décider de conserver l'Action Affectée ou l'ADR Affecté; ou
- (iii) si l'Agent de Calcul n'a pas retenu une Action de Substitution ou un ADR de Substitution, ni décidé de conserver l'Action Affectée ou l'ADR Affecté, l'Emetteur pourra résilier ses obligations résultant des Titres et payer à chaque Titulaire de Titres, dès que possible après la survenance du Cas de Baisse Significative du Cours de Clôture, un Montant de Remboursement Anticipé sur la base de la Valeur de Marché, telle que définie à la Modalité 7(g) des Modalités des Titres de Droit Anglais et des Titres NRC, et à la Modalité 6(g) des Modalités des Titres de Droit Français.

A titre d'information, il est entendu que dans tous les cas décrits aux présentes où une Action ou un ADR est remplacé, à toute date "t", par une Action de Substitution ou un ADR de Substitution, la valeur du composant correspondant dans la formule appliquée pour déterminer le montant à payer, telle que décrite dans les Conditions Définitives applicables, ne sera pas affectée par la substitution à cette date "t", au titre de l'Action de Substitution ou de l'ADR de Substitution, et le cours de clôture de cette

Action de Substitution ou de cet ADR de Substitution sur le Marché concerné à la date "t", sera pondéré par un coefficient de liaison approprié, de telle sorte qu'il soit égal au cours de clôture de l'Action Affectée ou de l'ADR Affecté à cette date "t".

D. Correction du Cours de Clôture d'une Action

Dans le cas où tout cours ou niveau publié sur le Marché qui est utilisé pour tout calcul ou toute détermination effectué en vertu des Titres serait ultérieurement corrigé, et si la correction est publiée et mise à la disposition du public par le Marché après la publication initiale, mais au plus tard quatre Jour Ouvrés avant la Date d'Echéance (ou toute(s) date(s) de paiement déterminée(s) dans les Conditions Définitives applicables), l'Agent de Calcul déterminera le montant qui est payable en conséquence de cette correction et, dans la mesure du possible, ajustera les modalités des Titres pour tenir compte de cette correction.

II. Ajustements relatifs aux Indices

A. Ajustements

(i) Si un Indice:

(A) n'est pas calculé et annoncé par le Sponsor de l'Indice compétent ou l'**Agent de Calcul de l'Indice**, selon le cas, mais est calculé et annoncé par un successeur de ce sponsor compétent (le **Sponsor Successeur**) ou un successeur de cet agent de calcul (l'**Agent de Calcul Successeur**) jugé(s) satisfaisant par l'Agent de Calcul; ou

(B) est remplacé par un indice de remplacement (l'Indice de Remplacement) utilisant, de l'avis de l'Agent de Calcul, une formule et une méthode de calcul identiques ou substantiellement similaires à celles utilisées pour le calcul de cet Indice;

l'Indice sera alors réputé être l'indice ainsi calculé et annoncé par le Sponsor Successeur ou l'Agent de Calcul Successeur ou cet Indice de Remplacement (selon le cas).

(ii) Si, de l'avis de l'Agent de Calcul:

(A) à une Date d'Evaluation ou une Date de Constatation d'une Moyenne ou avant l'une de ces dates, le Sponsor de l'Indice concerné (ou, s'il y a lieu, le Sponsor Successeur) effectue un changement important à la formule ou à la méthode de calcul de cet Indice ou modifie substantiellement cet Indice (autre qu'une modification prescrite dans cette formule ou méthode afin de maintenir cet Indice en cas de modifications des titres composant cet Indice, de capitalisation et d'autres événements courants);

(B) à toute Date d'Evaluation ou Date de Constatation d'une Moyenne), le Sponsor de l'Indice concerné (ou, s'il y a lieu, le Sponsor Successeur) ou l'Agent de Calcul de l'Indice (ou l'Agent de Calcul de l'Indice Successeur), selon le cas, manque de calculer et de publier le niveau de l'Indice, et si ce manquement est susceptible d'avoir un impact important sur la couverture de Société Générale relative aux Titres; ou

(C) le Sponsor de l'Indice (ou, le cas échéant, le Sponsor Successeur) annule définitivement l'Indice et qu'il n'existe aucun Indice de Remplacement;

l'Agent de Calcul devra alors soit:

(x) calculer la formule pertinente à utiliser pour déterminer le montant à payer ou si une condition s'est produite (le cas échéant), telle que décrite dans les Conditions Définitives applicables, en remplaçant le niveau publié pour l'Indice par, le niveau de cet Indice à l'Heure d'Evaluation lors de la Date d'Evaluation ou de la Date de Constatation d'une Moyenne concernée, tel que

déterminé par l'Agent de Calcul selon la dernière formule et la dernière méthode de calcul de cet Indice en vigueur avant la modification, le défaut ou l'annulation, mais en se référant uniquement aux titres qui composaient cet Indice immédiatement avant cette modification, ce défaut ou cette annulation (autres que les titres qui ont depuis cessé d'être admis à la cote officielle sur tout Marché concerné);

- (y) remplacer l'Indice par un nouvel indice, sous réserve que cet indice soit (a) représentatif du même secteur économique ou géographique (selon le cas), et (b) dans la mesure du possible, représentatif d'actions admises à la cote officielle d'un ou plusieurs Marchés d'un ou plusieurs pays de l'OCDE; ou
 - (z) si l'Agent de Calcul n'a pas retenu la solution du paragraphe (x) et si, dans la situation du paragraphe (y), aucun indice répondant aux critères (a) et (b) n'a pu être choisi par l'Agent de Calcul, l'Emetteur résiliera ses obligations résultant des Titres et paiera à chaque Titulaire de Titres, dès que possible après la survenance de l'un quelconque des événements visés au (A), (B) ou (C) ci-dessus, un Montant de Remboursement Anticipé sur la base de la Valeur de Marché, telle que définie à la Modalité 7(g) des Modalités des Titres de Droit Anglais et des Titres NRC et à la Modalité 6(g) des Modalités des Titres de Droit Français.
- (iii) Si un Indice fusionne avec un autre indice, ou si un Indice qui fait partie du Panier fusionne avec un autre indice qui ne fait pas partie du Panier (**l'Événement**), l'Agent de Calcul:
- (A) continuera d'utiliser l'indice résultant de la fusion; ou
 - (B) remplacera l'Indice par un autre indice (le Nouvel Indice); pour autant que le Nouvel Indice soit (a) représentatif du même secteur économique ou géographique (selon le cas) et (b) dans la mesure du possible, représentatif d'actions admises à la cote officielle sur un ou plusieurs Marchés d'un ou plusieurs pays de l'OCDE.

Si l'Agent de Calcul n'a pas retenu la solution du paragraphe (A) et si, dans la situation du paragraphe (B), aucun indice répondant aux critères (a) et (b) n'a pu être choisi par l'Agent de Calcul, l'Emetteur résiliera ses obligations résultant des Titres et paiera à chaque Titulaire de Titres, dès que possible après la survenance de l'Événement décrit au paragraphe (iii) ci-dessus, un Montant de Remboursement Anticipé sur la base de la Valeur de Marché, telle que définie à la Modalité 7(g) des Modalités des Titres de Droit Anglais et des Titres NRC et à la Modalité 6(g) des Modalités des Titres de Droit Français.

- (iv) Dans le cas d'une fusion affectant deux Indices compris dans un Panier (**l'Événement**), l'Agent de Calcul:
- (A) continuera d'utiliser l'indice résultant de la fusion et, afin de maintenir le même nombre d'indices dans le Panier, l'Agent de Calcul choisira un indice supplémentaire (un **Nouvel Indice**) à inclure dans le Panier, pour autant que le Nouvel Indice soit (a) représentatif du même secteur économique ou géographique (selon le cas) et (b) dans la mesure du possible, représentatif d'actions admises à la cote officielle sur un ou plusieurs Marchés d'un ou plusieurs pays de l'OCDE; ou
 - (B) remplacera les deux Indices par deux autres indices (chacun étant dénommé un **Nouvel Indice**); pour autant que le Nouvel Indice soit (a) représentatif du même secteur économique ou géographique (selon le cas) et (b) dans la mesure du possible, représentatif d'actions admises à la cote officielle sur un ou plusieurs Marchés d'un ou plusieurs pays de l'OCDE.

Si l'Agent de Calcul n'a pas retenu la solution du paragraphe (A) et si, dans la situation du paragraphe (B), aucun indice répondant aux critères (a) et (b) n'a pu être choisi par l'Agent de Calcul, l'Emetteur résiliera ses obligations résultant des Titres et paiera à chaque Titulaire de Titres, dès que possible

après la survenance de l'Événement décrit au paragraphe (iv) ci-dessus, un Montant de Remboursement Anticipé sur la base de la Valeur de Marché, telle que définie à la Modalité 7(g) des Modalités des Titres de Droit Anglais et des Titres NRC et à la Modalité 6(g) des Modalités des Titres de Droit Français.

- (v) Si un Indice est scindé en deux nouveaux indices ou plus (**l'Événement**), l'Agent de Calcul:
- (A) utilisera les indices résultant de la scission pour déterminer un indice équivalent à celui existant avant la scission (étant précisé que les indices résultant de la scission seront réputés former ensemble le **Nouvel Indice**); ou
 - (B) remplacera l'Indice scindé par un nouvel indice (un **Nouvel Indice**), pour autant que le Nouvel Indice soit (a) représentatif du même secteur économique ou géographique (selon le cas) et (b) dans la mesure du possible, représentatif d'actions admises à la cote officielle sur un ou plusieurs Marchés d'un ou plusieurs pays de l'OCDE.

Si l'Agent de Calcul n'a pas retenu la solution du paragraphe (A) et si, dans la situation du paragraphe (B), aucun indice répondant aux critères (a) et (b) n'a pu être choisi par l'Agent de Calcul, l'Emetteur résiliera ses obligations résultant des Titres et paiera à chaque Titulaire de Titres, dès que possible après la survenance de l'Événement décrit au paragraphe (v) ci-dessus, un Montant de Remboursement Anticipé sur la base de la Valeur de Marché, telle que définie à la Modalité 7(g) des Modalités des Titres de Droit Anglais et des Titres NRC et à la Modalité 6(g) des Modalités des Titres de Droit Français.

- (vi) Dans le cas d'un Panier d'Indices, si des actions composant l'un Indice du Panier représentent au moins 20 pour cent de la capitalisation d'un autre Indice faisant partie du Panier (**l'Indice Affecté**) (un **Événement**), l'Agent de Calcul pourra, mais sans y être obligé, remplacer cet Indice Affecté par un nouvel indice, pour autant que le Nouvel Indice soit (a) représentatif du même secteur économique ou géographique (selon le cas) et (b) dans la mesure du possible, représentatif d'actions admises à la cote officielle sur un ou plusieurs Marchés d'un ou plusieurs pays de l'OCDE. Si aucun indice remplissant les critères (a) et (b) ne peut être choisi par l'Agent de Calcul, l'Emetteur résiliera ses obligations résultant des Titres et paiera à chaque Titulaire de Titres, dès que possible après la survenance de l'Événement, un Montant de Remboursement Anticipé sur la base de la Valeur de Marché, telle que définie à la Modalité 7(g) des Modalités des Titres de Droit Anglais et des Titres NRC et à la Modalité 6(g) des Modalités des Titres de Droit Français.
- (vii) Si un Indice cesse d'être le sous-jacent d'un contrat à terme et/ou d'un contrat d'option (selon le cas) (un **Événement**), l'Agent de Calcul pourra, mais sans y être obligé, remplacer cet Indice par un nouvel indice, pour autant que le nouvel indice soit (a) représentatif du même secteur économique ou géographique (selon le cas) et (b) dans la mesure du possible, représentatif d'actions admises à la cote officielle sur un ou plusieurs Marchés d'un ou plusieurs pays de l'OCDE. Si aucun indice remplissant les critères (a) et (b) ne peut être choisi par l'Agent de Calcul, l'Emetteur résiliera ses obligations résultant des Titres et paiera à chaque Titulaire de Titres, dès que possible après la survenance de l'Événement, un Montant de Remboursement Anticipé sur la base de la Valeur de Marché, telle que définie à la Modalité 7(g) des Modalités des Titres de Droit Anglais et des Titres NRC et à la Modalité 6(g) des Modalités des Titres de Droit Français.

B. Cas de Baisse Significative du Cours de Clôture relatif à un Indice

Si, lors de tout Jour de Bourse pendant la période comprise entre la Date d'Évaluation initiale (exclue) et la dernière Date d'Évaluation (incluse), le Cours de Clôture d'un Indice subit une baisse de 80% ou plus par rapport à son niveau à la Date d'Évaluation initiale (**l'Indice Affecté**), les dispositions suivantes s'appliqueront:

- (i) l'Agent de Calcul pourra décider de remplacer l'Indice Affecté par un nouvel indice représentatif du même secteur économique ou géographique (selon le cas) et, dans la mesure

du possible, représentatif d'actions admises à la cote officielle d'un ou plusieurs Marchés d'un ou plusieurs pays de l'OCDE (l'**Indice de Substitution**) et ajustera les modalités concernées en conséquence; ou

- (ii) l'Agent de Calcul pourra décider de conserver l'Indice Affecté; ou
- (iii) si l'Agent de Calcul n'a pas retenu un Indice de Substitution, ni décidé de conserver l'Indice Affecté, l'Emetteur pourra résilier ses obligations résultant des Titres et payer à chaque Titulaire de Titres, dès que possible après la survenance du Cas de Baisse Significative du Cours de Clôture, un Montant de Remboursement Anticipé sur la base de la Valeur de Marché, telle que définie à la Modalité 7(g) des Modalités des Titres de Droit Anglais et des Titres NRC, et à la Modalité 6(g) des Modalités des Titres de Droit Français.

C. Correction du Cours de Clôture d'un Indice

Dans le cas où tout cours ou niveau publié sur le Marché ou par le Sponsor de l'Indice, qui est utilisé pour tout calcul ou toute détermination effectué en vertu des Titres, serait ultérieurement corrigé, et si la correction est publiée et mise à la disposition du public par le Marché ou le Sponsor de l'Indice après la publication initiale, mais au plus tard quatre Jour Ouvrés avant la Date d'Echéance (ou toute(s) date(s) de paiement déterminée(s) dans les Conditions Définitives applicables), l'Agent de Calcul déterminera le montant qui est payable en conséquence de cette correction et, dans la mesure du possible, ajustera les modalités concernées des Titres pour tenir compte de cette correction.

III. Ajustements et événements relatifs aux Dividendes

A. Ajustements

Ajustements relatifs à un Indice dont les composants servent à déterminer les montants dus en vertu de Titres indexés sur Dividendes

S'il survient un événement affectant l'Indice dont les composants servent à déterminer les montants dus en vertu de Titres indexés sur Dividendes, qui, de l'avis de l'Agent de Calcul, a un effet important sur les montants dus en vertu des Titres, l'Agent de Calcul devra soit:

- (i) ajuster toutes modalités des Titres qu'il jugera appropriées afin de tenir compte de l'effet économique de cet événement sur les Titres; soit
- (ii) remplacer l'Indice par un nouvel indice, sous réserve que cet indice soit (a) représentatif du même secteur économique ou géographique (selon le cas), et (b) dans la mesure du possible, représentatif d'actions admises à la cote officielle d'un ou plusieurs Marchés de l'un ou plusieurs des pays de l'OCDE; soit
- (iii) considérer cet événement comme un événement déclenchant un remboursement anticipé des Titres, et dans ce cas l'Emetteur résiliera ses obligations résultant des Titres et paiera à chaque Titulaire de Titres, dès que possible après la survenance de l'événement donnant lieu à l'ajustement concerné, un Montant de Remboursement Anticipé sur la base de la Valeur de Marché, telle que définie à la Modalité 7(g) des Modalités des Titres de Droit Anglais et des Titres NRC, et à la Modalité 6(g) des Modalités des Titres de Droit Français.

Ajustements en relation avec une Action dont le dividende sert à déterminer les montants dus en vertu de Titres indexés sur Dividendes

S'il survient un Evénement Extraordinaire (tel que défini dans la Partie 2 – I ci-dessus) affectant l'Action (l' **Action Affectée**) dont le dividende sert à déterminer les montants dus en vertu de Titres indexés sur Dividendes, l'Agent de Calcul devra soit:

- (i) ajuster toutes modalités des Titres qu'il jugera appropriées afin de tenir compte de l'effet économique de cet événement sur les Titres; soit
- (ii) remplacer l'Action Affectée par l'action résultante ou par une nouvelle action émise par une société de réputation internationale ou de solvabilité similaire à celle de la Société émettrice de l'Action Affectée; soit
- (iii) mettre en oeuvre le Remboursement Anticipé, tel que défini dans la Partie 2-I –B ci-dessus, sur la base de la Valeur de Marché, telle que définie à la Modalité 7(g) des Modalités des Titres de Droit Anglais et des Titres NRC, et à la Modalité 6(g) des Modalités des Titres de Droit Français.

S'il survient un Cas d'Ajustement Potentiel (tel que défini dans la Partie 2 – I ci-dessus) affectant l'Action (l'**Action Affectée**) dont le dividende sert à déterminer les montants dus en vertu de Titres indexés sur Dividendes, l'Agent de Calcul ajustera, sous réserve des dispositions du dernier paragraphe de la définition du "Dividende" ci-dessus, toutes modalités des Titres qu'il jugera appropriées afin de tenir compte de l'effet économique de cet événement sur les Titres.

B. Événements Extraordinaires

Défaut de Publication

Si, pendant la Période de Dividende, le Sponsor de l'Indice manque (pour une raison quelconque, y compris, sans caractère limitatif, un Cas de Perturbation du Marché, tel que défini dans les définitions et dispositions communes aux Actions, Certificats Américains d'Actions Etrangères, Indices et Dividendes dans la Partie 1 ci-dessus) de calculer et publier le nombre d'actions librement négociables au titre de toute Action ou de tout Diviseur Officiel de l'Indice, l'Agent de Calcul déterminera le nombre d'actions librement négociables au titre de cette Action ou du Diviseur Officiel de l'Indice (selon le cas).

L'Agent de Calcul pourra (mais sans y être obligé), lorsqu'il procédera à cette détermination, faire référence à la dernière formule et à la dernière méthode de calcul du nombre d'actions librement négociables ou du Diviseur Officiel de l'Indice (selon le cas) en vigueur avant que le Sponsor de l'Indice n'ait manqué de procéder au calcul ou à la publication en question.

Récupération de Dividende

Si (i) le montant effectivement payé ou livré par un émetteur à des propriétaires enregistrés de l'Action concernée au titre de tout Dividende payé par cet émetteur (un **Dividende Déclaré**) à des propriétaires enregistrés de cette Action n'est pas égal à ce Dividende Déclaré (un **Cas de Divergence de Dividende**); ou (ii) cet émetteur manque d'effectuer tout paiement ou toute livraison au titre de ce Dividende Déclaré d'ici le troisième Jour Ouvré suivant sa date d'échéance, l'Agent de Calcul pourra (mais sans y être obligé) déterminer tout ajustement approprié à opérer pour tenir compte de cette correction ou publication subséquente, majoré des intérêts, sur tout montant ultérieurement dû en vertu des Titres.

C. Corrections

Si un Diviseur Officiel de l'Indice ou le nombre d'actions faisant partie du flottant calculé ou publié par le Sponsor de l'Indice (ou déterminé par l'Agent de Calcul en vertu des dispositions ci-dessus relatives au "Défaut de Publication"), et utilisé pour tout calcul ou détermination relatif aux Titres, est ultérieurement corrigé (ou est ultérieurement publié par le Sponsor de l'Indice, s'il s'est produit un Défaut de Publication), et si la correction est publiée (ou si la publication est faite, s'il s'est produit un Défaut de Publication) par le Sponsor de l'Indice dans les cinq Jours de Négociation Prévus (tels que définis dans les Définitions spécifiques aux Indices, figurant dans la Partie 1 ci-dessus), après la

publication initiale, l'Agent de Calcul ajustera le Dividende dans les conditions requises pour tenir compte de cette correction, *sous réserve que* cette correction ou publication ultérieure ait lieu au plus tard quatre Jours Ouvrés avant la Date d'Echéance (ou toute(s) date(s) de paiement déterminée(s) dans les Conditions Définitives applicables).

IV. Perturbation des Opérations de Couverture, Ouverture d'une Procédure de Faillite et conséquences – Changement de Loi et conséquences

A. Perturbation des Opérations de Couverture et Ouverture d'une Procédure de Faillite

Perturbation des Opérations de Couverture désigne, pour les Titres ayant une ou plusieurs Actions, un ou plusieurs Indices, ou un ou plusieurs ADRs ou Dividendes comme Sous-Jacent(s), la situation dans laquelle Société Générale ou l'une quelconque de ses sociétés liées se trouvent dans l'incapacité, en dépit de leurs efforts commercialement raisonnables, (a) d'acquérir, d'établir, de rétablir, de remplacer, de maintenir, de dénouer ou de disposer de toute(s) transaction(s) ou de tout(s) actif(s) qu'ils jugeront nécessaires pour couvrir le risque de cours des valeurs mobilières, (ou tout autre risque de cours concerné, y compris, sans caractère limitatif, le risque de change) de la conclusion et de l'exécution de leurs obligations résultant des Titres ou du contrat conclu avec Société Générale par l'Emetteur des Titres, ou (b) de réaliser, recouvrer, verser, recevoir, rapatrier ou transférer librement les produits de Positions de Couverture, selon le cas entre des comptes tenus dans la juridiction des Positions de Couverture (la **Juridiction Affectée**) ou depuis des comptes tenus dans la Juridiction Affectée vers des comptes tenus hors de la Juridiction Affectée.

Ouverture d'une Procédure de Faillite désigne, pour des Titres ayant une ou plusieurs Actions, un ou plusieurs ADR ou un ou plusieurs Dividendes pour Sous-Jacent(s), la situation dans laquelle la Société prendrait l'initiative ou ferait l'objet, de la part d'une autorité de régulation, d'une autorité de supervision ou de toute autre autorité officielle similaire compétente en matière de faillite, de redressement ou de liquidation judiciaire ou de régulation dans le ressort d'immatriculation ou de constitution de son siège ou principal établissement, d'une procédure sollicitant le prononcé d'un jugement de faillite, de redressement ou de liquidation judiciaire ou de toute autre mesure en vertu de toute loi sur la faillite ou la cessation des paiements ou de toute autre loi similaire affectant les droits des créanciers, ou consentirait à cette procédure; ou encore la situation dans laquelle la Société ferait l'objet d'une requête en vue de sa dissolution ou liquidation, présentée par cette autorité de régulation, cette autorité de supervision ou cette autre autorité officielle similaire, ou consentirait à cette requête, étant entendu qu'une procédure engagée ou une requête présentée par des créanciers et à laquelle la Société ne consentirait pas, ne sera pas réputée constituer l'Ouverture d'une Procédure de Faillite.

En cas de survenance d'une Perturbation des Opérations de Couverture relative à une Action, un Indice, un ADR ou un ou plusieurs Dividendes, ou en cas d'Ouverture d'une Procédure de Faillite relative à une Action, un ADR ou un ou plusieurs Dividendes (le **Sous-Jacent Affecté**), l'Agent de Calcul pourra:

- (A) considérer cet événement comme un événement déclenchant un remboursement anticipé des Titres (ci-après dénommé Cas de Remboursement Anticipé). Dans ce cas, s'il survient un Cas de Remboursement Anticipé, l'Emetteur résiliera ses obligations résultant des Titres et paiera ou fera payer un Montant de Remboursement Anticipé sur la base de la Valeur de Marché, telle que définie à la Modalité 7(g) des Modalités des Titres de Droit Anglais et des Titres NRC et à la Modalité 6(g) des Modalités des Titres de Droit Français; ou
- (B) remplacer le Sous-Jacent Affecté par un nouveau sous-jacent qui est représentatif du même secteur économique ou géographique.

Pour les besoins des présentes,

Positions de Couverture désigne tout achat, vente, prise, conclusion ou maintien d'une ou plusieurs positions ou d'un ou plusieurs contrats (i) sur des titres, options, contrats à terme, dérivés ou devises, (ii) sur une ou plusieurs opérations de prêt de titres, ou (iii) sur d'autres instruments ou accords (quelle que soit leur description) par Société Générale ou l'une de ses sociétés liées, afin de couvrir les Titres, individuellement ou sur la base d'un portefeuille.

B. Changement de Loi

Changement de Loi désigne, pour les Titres ayant une ou plusieurs Actions ou un ou plusieurs Indices, ADR(s) ou Dividendes comme Sous-Jacent(s), à la première des deux dates suivantes: (i) la Date d'Emission et (ii) la première Date d'Evaluation des Titres (A) du fait de l'adoption ou de tout changement de toute loi ou réglementation applicable (y compris, sans caractère limitatif, toute loi fiscale), ou (B) du fait de la promulgation de toute loi ou réglementation ou d'un revirement dans l'interprétation qui en est faite par toute cour, tout tribunal ou toute autorité réglementaire compétente (y compris toute mesure prise par une autorité fiscale), l'Agent de Calcul déterminerait de bonne foi qu'il est devenu illégal pour Société Générale ou l'une de ses sociétés liées de détenir, d'acquérir ou de céder des Positions de Couverture (telles que définies au A. ci-dessus) ou de maintenir le contrat conclu avec Société Générale ou l'une de ses sociétés liées par l'Emetteur des Titres, relatif au Sous-Jacent des Titres (le **Sous-Jacent Affecté**).

En cas de survenance d'un Changement de Loi, de l'avis de l'Agent de Calcul avant ou à la dernière Date d'Evaluation ou avant ou à la dernière Date de Constatation d'une Moyenne, l'Agent de Calcul décidera, au titre du Sous-Jacent Affecté par ce Changement de Loi, soit:

- (1) de considérer cet événement comme un événement déclenchant un remboursement anticipé des Titres (ci-après dénommé; Cas de Remboursement Anticipé). Dans ce cas, s'il survient un Cas de Remboursement Anticipé, l'Emetteur résiliera ses obligations résultant des Titres et paiera ou fera payer un Montant de Remboursement Anticipé sur la base de la Valeur de Marché, telle que définie à la Modalité 7(g) des Modalités des Titres de Droit Anglais et des Titres NRC et à la Modalité 6(g) des Modalités des Titres de Droit Français; ou
- (2) de remplacer le Sous-Jacent Affecté par un nouveau sous-jacent qui est représentatif du même secteur économique ou géographique.

- (ii) A la suite de la survenance d'un événement donnant lieu à un Ajustement jugé substantiel de l'avis de l'Agent de Calcul, ou d'un Evénement Extraordinaire affectant un Sous-Jacent, l'Agent de Calcul devra notifier l'ajustement opéré ou la décision prise par l'Agent de Calcul à l'Emetteur, qui le notifiera à son tour à l'Agent et aux Titulaires de Titres conformément aux dispositions de la Modalité 15 des Modalités des Titres de Droit Anglais et des Titres NRC ou de la Modalité 14 des Modalités des Titres de Droit Français. Les Titulaires de Titres pourront obtenir des informations détaillées sur l'ajustement opéré ou la décision prise, sur simple demande à l'adresse spécifiée de l'Agent de Calcul.

- (ii) Si le règlement d'un Titre à Règlement Physique a lieu au moyen d'un règlement physique, la livraison sera effectuée par Clearstream, Luxembourg ou Euroclear ou tout autre établissement de compensation concerné (un **Système de Compensation**). La Notification de Transfert sera livrée selon les procédures de transfert actuellement utilisées par le Système de Compensation compétent. étant cependant entendu qu'en ce qui concerne uniquement des Dates de Barrière, le fait que le prix de règlement atteigne le niveau le plus haut ou le plus bas dans l'intervalle duquel la Bourse concernée autorise la fluctuation du prix du Contrat à Terme concerné ne sera pas considéré comme un Dérèglement de Marché.

PARTIE 2 – DISPOSITIONS APPLICABLES AUX MARCHANDISES AUTRES QUE DES INDICES

I. Convention de Jour Ouvré Marchandise

- (1) Si une Date d'Evaluation n'est pas un Jour Ouvré Marchandise pour un Prix de Référence, la Date d'Evaluation pour ce Prix de Référence sera reportée au Jour Ouvré Marchandise suivant, sous réserve des dispositions des sous-paragraphes (3) et (4) relatives à la date limite d'évaluation.
- (2) Si une Date de Barrière n'est pas un Jour Ouvré Marchandise Commun, cette Date de Barrière sera reportée au Jour Ouvré Marchandise Commun suivant, sous réserve des dispositions des sous-paragraphes (3) et (4) relatives à la date limite d'évaluation.
- (3) S'il n'existe aucun Jour Ouvré Marchandise, dans le cas d'une Date d'Evaluation, ou Jour Ouvré Marchandise Commun, dans le cas d'une Date de Barrière, pendant une période de cinq Jours Ouvrés d'Observation suivant la date initialement fixée comme Date d'Evaluation ou Date de Barrière, le dernier jour de cette période sera réputé être respectivement la Date d'Evaluation ou la Date de Barrière, et l'Agent de Calcul déterminera de bonne foi, pour ce jour, la juste valeur de marché de chacune des Marchandises pour lesquelles ce jour n'est pas un Jour Ouvré Marchandise.
- (4) Nonobstant les dispositions précédentes, toute Date d'Evaluation et toute Date de Barrière devront survenir au plus tard le quatrième Jour Ouvré précédant la date à laquelle un paiement doit être effectué au titre des Titres sur la base de déterminations faites pour cette Date d'Evaluation ou cette Date de Barrière. Le cas échéant, ce quatrième Jour Ouvré sera réputé être la Date d'Evaluation ou la Date de Barrière et l'Agent de Calcul déterminera de bonne foi, pour ce jour, la juste valeur de marché de

chacune des Marchandises pour lesquelles ce quatrième Jour Ouvré n'est pas un Jour Ouvré Marchandise.

II. Conséquences d'un Dérèglement de Marché

- (1) Si un Dérèglement de Marché affectant un Prix de Référence se produit ou perdure à une Date d'Evaluation, le prix de la Marchandise concernée pour cette Date d'Evaluation sera réputé être le Prix de Référence pour le Jour Ouvré Marchandise suivant où il n'existe aucun Dérèglement de Marché (le **Jour de Détermination**), sous réserve des dispositions des sous-paragraphes (3) et (4) relatives à la date limite de détermination.
- (2) Si un Dérèglement de Marché affectant un Prix de Référence se produit ou perdure à une Date de Barrière, les prix de toutes les Marchandises spécifiées dans les Conditions Définitives applicables pour cette Date de Barrière seront réputés être les Prix de Référence pour le Jour Ouvré Marchandise Commun suivant où il n'existe aucun Dérèglement de Marché (le **Jour de Détermination Commune**), sous réserve des dispositions des sous-paragraphes (3) et (4) ci-dessous relatives à la date limite de détermination.
- (3) S'il n'existe aucun Jour de Détermination, dans le cas d'une Date d'Evaluation affectée par un Dérèglement de Marché, ou aucun Jour de Détermination Commune, dans le cas d'une Date de Barrière affectée par un Dérèglement de Marché, pendant une période de cinq Jours Ouvrés d'Observation suivant respectivement la Date d'Evaluation ou la Date de Barrière, les prix pour cette Date d'Evaluation ou cette Date de Barrière seront déterminés de bonne foi par l'Agent de Calcul ce cinquième Jour Ouvré d'Observation, en utilisant:
 - (i) en ce qui concerne chacune des Marchandises qui n'est pas affectée par un Dérèglement de Marché le cinquième Jour Ouvré d'Observation, le Prix de Référence concernée pour ce cinquième Jour Ouvré d'Observation, et
 - (ii) en ce qui concerne chacune des Marchandises qui est affectée par un Dérèglement de Marché le cinquième Jour Ouvré d'Observation, la juste valeur de marché de cette Marchandise, telle que déterminée par l'Agent de Calcul.
- (4) Nonobstant les dispositions précédentes, les prix pour toute Date d'Evaluation et toute Date de Barrière devront être déterminés par l'Agent de Calcul au plus tard le quatrième Jour Ouvré précédant la date à laquelle un paiement doit être effectué au titre des Titres sur la base de déterminations faites pour cette Date d'Evaluation ou cette Date de Barrière.

III. Conséquences d'un cas extraordinaire affectant les Marchandises ou les Prix de Référence

Si l'Agent de Calcul détermine que:

- (i) la négociation sur un Contrat à Terme considéré ou sur une Marchandise considéré sur la Bourse concernée ne commence pas ou cesse définitivement, ou
- (ii) le Prix de Référence considéré disparaît, cesse définitivement d'être publié ou devient définitivement indisponible, ou
- (iii) à tout moment après la première Date d'Evaluation, la formule ou la méthode de calcul du Prix de Référence considéré est modifiée de façon significative, ou
- (iv) à tout moment après la première Date d'Evaluation, le contenu, la composition ou la constitution de la Marchandise considéré est modifié de façon significative;

l'Agent de Calcul pourra alors soit:

- (A) déterminer de bonne foi la juste valeur de marché de la Marchandise concernée pour la Date d'Evaluation ou la Date de Barrière en question, ou
- (B) remplacer, dans la mesure du possible, le Prix de Référence concerné par un prix similaire.

Si l'Agent de Calcul ne procède pas à la détermination conformément au paragraphe (A) et si, de l'avis de l'Agent de Calcul, il n'existe aucun prix répondant aux critères pour être utilisé comme prix de remplacement conformément au paragraphe (B), l'Emetteur résiliera ses obligations en vertu des Titres et paiera à chaque Titulaire de Titres, dès que possible après la survenance de l'événement donnant lieu à l'ajustement concerné, un Montant de Remboursement Anticipé sur la base de la Valeur de Marché, telle que définie à la Modalité 7(g) des Modalités des Titres de Droit Anglais et des Titres NRC et à la Modalité 6(g) des Modalités des Titres de Droit Français.

PARTIE 3 – DISPOSITIONS APPLICABLES AUX INDICES SUR MARCHANDISES

I. Convention de Jour Ouvré Indice

- (1) Si une Date d'Evaluation n'est pas un Jour Ouvré Indice pour un Indice, la Date d'Evaluation pour cet Indice sera reportée au Jour Ouvré Indice suivant, sous réserve des dispositions des sous-paragraphe (3) et (4) ci-dessous relatives à la date limite d'évaluation.
- (2) Si une Date de Barrière n'est pas un Jour Ouvré Indice Commun, cette Date de Barrière sera reportée au Jour Ouvré Indice Commun suivant, sous réserve des dispositions des sous-paragraphe (3) et (4) ci-dessous relatives à la date limite d'évaluation.
- (3) S'il n'existe aucun Jour Ouvré Indice, dans le cas d'une Date d'Evaluation, ou Jour Ouvré Indice Commun, dans le cas d'une Date de Barrière, pendant la période de cinq Jours Ouvrés d'Observation suivant la date initialement fixée comme Date d'Evaluation ou Date de Barrière, le dernier jour de cette période sera réputé être respectivement la Date d'Evaluation ou la Date de Barrière et l'Agent de Calcul déterminera de bonne foi, pour ce jour, le juste niveau de marché de chacun des Indices pour lesquels ce jour n'est pas un Jour Ouvré Indice.
- (4) Nonobstant les dispositions précédentes, toute Date d'Evaluation et toute Date de Barrière devront survenir au plus tard le quatrième Jour Ouvré précédant la date à laquelle un paiement doit être effectué au titre des Titres sur la base de déterminations faites pour cette Date d'Evaluation ou cette Date de Barrière. Le cas échéant, ce quatrième Jour Ouvré sera réputé être la Date d'Evaluation ou la Date de Barrière et l'Agent de Calcul déterminera de bonne foi le juste niveau de marché de chacun des Indices pour lesquels ce quatrième Jour Ouvré n'est pas un Jour Ouvré Indice.

II. Conséquences d'un Jour de Perturbation

- (1) Si une Date d'Evaluation est un Jour de Perturbation pour un Indice, le niveau de cet Indice sera déterminé de bonne foi par l'Agent de Calcul, conformément à la dernière formule et à la dernière méthode de calcul en vigueur pour cet Indice avant la survenance du premier Jour de Perturbation (sous réserve des dispositions du sous-paragraphe (4) ci-dessous relatives à la date limite de détermination), en utilisant:
 - (A) en ce qui concerne chaque marchandise comprise dans l'Indice qui n'est pas affectée par un Dérèglement de Marché, son prix de règlement, tel que déterminé et publié par la Bourse concernée pour la Date d'Evaluation; et
 - (B) en ce qui concerne chaque marchandise comprise dans l'Indice qui est affectée par un Dérèglement de Marché, son prix de règlement tel que déterminé et publié par la Bourse concernée pour le Jour Ouvré Marchandise suivant où le Dérèglement de Marché cesse d'exister, à moins que ce Dérèglement de Marché ne continue d'exister (mesuré à compter de la Date d'Evaluation (inclusive)) pendant cinq Jours Ouvrés d'Observation consécutifs, auquel

cas l'Agent de Calcul déterminera, ce cinquième Jour Ouvré d'Observation, la juste valeur de marché de la marchandise concernée.

- (2) Si le Sponsor de l'Indice ne publie pas le Cours de Clôture d'un Indice sur son site internet pour une Date de Barrière, le niveau de chacun des Indices spécifiés dans les Conditions Définitives applicables pour cette Date de Barrière sera le Cours de Clôture pour le Jour Ouvré Indice Commun suivant, sous réserve des dispositions des sous-paragraphes (3) et (4) ci-dessous relatives à la date limite de détermination.
- (3) S'il n'existe aucun Jour Ouvré Indice Commun pour lequel tous les Cours de Clôture de tous les Indices spécifiés dans les Conditions Définitives applicables sont publiés dans les cinq Jours Ouvrés d'Observation suivant la Date de Barrière concernée, le niveau de chacun des Indices sera déterminé par l'Agent de Calcul ce cinquième Jour Ouvré d'Observation (sous réserve des dispositions du sous-paragraphes (4) ci-dessous relatives à la date limite de détermination), en utilisant:
 - (i) en ce qui concerne un Indice pour lequel le Cours de Clôture est publié par le Sponsor de l'Indice concerné, ce Cours de Clôture, et
 - (ii) en ce qui concerne un Indice pour lequel le Cours de Clôture n'est pas publié par le Sponsor de l'Indice concerné, son juste niveau de marché.
- (4) Nonobstant les dispositions qui précèdent, la date à laquelle la valeur d'une marchandise comprise dans l'Indice et le niveau de l'Indice sont déterminés devra intervenir au plus tard le quatrième Jour Ouvré précédant la date à laquelle un paiement doit être effectué au titres de Titres sur la base de déterminations faites à cette date.

III. Conséquences d'un événement extraordinaire affectant les Indices

- (i) Si:
 - (A) le niveau d'un Indice n'est pas calculé et publié par le Sponsor de l'Indice mais est calculé et publié par un sponsor successeur (le **Sponsor Successeur**) jugé acceptable par l'Agent de Calcul, ou
 - (B) un Indice est remplacé par un indice successeur qui, de l'avis de l'Agent de Calcul, utilise la même formule et la même méthode de calcul que celles servant au calcul de l'Indice, ou une formule et une méthode substantiellement similaires;

l'Indice sera réputé être respectivement (i) l'indice ainsi calculé et publié par le Sponsor Successeur, ou (ii) cet indice successeur.
- (ii) Si l'Agent de Calcul détermine que:
 - (A) le Sponsor de l'Indice concerné (ou, s'il y a lieu, le Sponsor Successeur) modifie de façon significative la formule ou la méthode de calcul d'un Indice ou effectue toute autre modification significative de l'Indice (autre qu'une modification prescrite dans cette formule ou méthode afin de maintenir l'Indice en cas de changements dans les marchandises comprises dans l'Indice, de capitalisation et d'autres événements de routine), ou
 - (B) le Sponsor de l'Indice (ou, s'il y a lieu, le Sponsor Successeur) cesse définitivement de calculer et publier un Indice et il n'existe aucun Sponsor successeur;

l'Agent de Calcul pourra alors soit:

- (A) déterminer le niveau de cet Indice pour la Date d'Evaluation ou la Date de Barrière concernée conformément à la formule et la méthode de calcul en vigueur pour cet Indice avant ce changement ou cette cessation. Le niveau de l'Indice ainsi calculé sera utilisé au lieu du Cours

de Clôture publié par le Sponsor de l'Indice pour la détermination d'un montant à payer au titre des Titres ou, le cas échéant, pour déterminer si une condition s'est produite, ou

- (B) remplacer l'Indice par un nouvel indice, dans la mesure du possible, représentatif d'un type de marchandises similaire à celles comprises dans l'Indice et négociées sur une ou plusieurs Bourses.
- (C) Si l'Agent de Calcul ne procède pas à la détermination conformément au paragraphe (A) et si l'Agent de Calcul détermine qu'il n'existe aucun indice répondant aux critères pour être utilisé comme indice de remplacement conformément au paragraphe (B), l'Emetteur résiliera ses obligations en vertu des Titres et paiera à chaque Titulaire de Titres, dès que possible après la survenance de l'événement donnant lieu à l'ajustement concerné, un Montant de Remboursement Anticipé sur la base de la Valeur de Marché, telle que définie à la Modalité 7(g) des Modalités des Titres de Droit Anglais et des Titres NRC et à la Modalité 6(g) des Modalités des Titres de Droit Français.

PARTIE 4 – PERTURBATION DES OPERATIONS DE COUVERTURE, CHANGEMENT DE LA LOI ET CONSEQUENCES EN DECOULANT

Changement de la Loi désigne, en ce qui concerne les Titres ayant une ou plusieurs Marchandises ou un ou plusieurs Indices comme Sous-Jacent(s) que lors de celles des deux dates suivantes qui surviendra la première ou après celle-ci: (i) la Date d'Emission, ou (ii) la première Date d'Evaluation des Titres, et en raison de l'adoption ou de tout changement de toute loi ou réglementation applicable (y compris, sans caractère limitatif, toute loi fiscale), ou de la promulgation de toute loi ou réglementation ou d'un revirement dans l'interprétation qui en est faite par toute cour, tout tribunal ou toute autorité réglementaire compétente (y compris toute mesure prise par une autorité fiscale), l'Agent de Calcul déterminerait de bonne foi qu'il est devenu illégal pour Société Générale ou l'une de ses sociétés liées de détenir, d'acquérir ou de céder des Positions de Couverture (telles que définies ci-dessous) ou le contrat conclu avec Société Générale ou l'une de ses sociétés liées par l'Emetteur des Titres, relatif au Sous-Jacent des Titres, ou d'exécuter ses obligations ou d'exercer ses droits en vertu des présentes.

Perturbation des Opérations de Couverture désigne, en ce qui concerne les Titres ayant une ou plusieurs Marchandises ou un ou plusieurs Indices comme Sous-Jacent(s), la situation dans laquelle Société Générale ou l'une de ses sociétés liées se trouvent dans l'incapacité, en dépit de leurs efforts commerciaux raisonnables, soit d'acquérir, d'établir, de rétablir, de remplacer, de maintenir, de dénouer ou de disposer de toute(s) transaction(s) ou de toute(s) marchandise(s) qu'ils jugeront nécessaires pour couvrir le risque de prix des marchandises, ou tout autre risque de prix concerné, y compris, sans caractère limitatif, le risque de change encouru du fait de l'émission des Titres et de l'exécution de leurs obligations en vertu des Titres ou du contrat conclu avec Société Générale par l'Emetteur des Titres, ou de réaliser, recouvrer, verser, recevoir, rapatrier ou transférer librement les produits de Positions de Couverture ou du contrat conclu avec Société Générale par l'Emetteur des Titres, entre des comptes tenus dans la juridiction des Positions de Couverture (la Juridiction Affectée) ou depuis des comptes tenus dans la Juridiction Affectée vers des comptes tenus hors de la Juridiction Affectée.

Pour les besoins des présentes, **Positions de Couverture** désigne tout achat, vente, prise, conclusion ou maintien d'une ou plusieurs positions ou d'un ou plusieurs contrats sur des marchandises, transactions sur dérivés de marchandises négociées de gré à gré ou en bourse, de transactions de change ou d'autres instruments ou accords (quelle que soit leur description) par Société Générale ou l'une de ses sociétés liées, afin de couvrir les Titres, individuellement ou sur la base d'un portefeuille.

En cas de survenance d'une Perturbation des Opérations de Couverture ou d'un Changement de la Loi concernant, de l'avis de l'Agent de Calcul, une Marchandise ou un Indice (le **Sous-Jacent Affecté**), l'Agent de Calcul pourra:

- (1) considérer cet événement comme un événement déclenchant un remboursement anticipé des Titres (ci-après dénommé; Cas de Remboursement Anticipé). Dans ce cas, s'il survient un Cas de

Remboursement Anticipé, l'Émetteur résiliera ses obligations en vertu des Titres et paiera, ou recevra un Montant de Remboursement Anticipé sur la base de la Valeur de Marché, telle que définie à la Modalité 7(g) des Modalités des Titres de Droit Anglais et des Titres NRC et à la Modalité 6(g) des Modalités des Titres de Droit Français; ou

- (2) remplacer le Sous-Jacent Affecté par un nouveau sous-jacent qui est représentatif du même secteur économique ou géographique.

PARTIE 5 - CALCULS EFFECTUES PAR L'AGENT DE CALCUL

- (i) Sauf disposition contraire des Conditions Définitives applicables, et s'agissant des Titres auxquels s'applique cette Annexe Technique Marchandises, l'Agent de Calcul responsable de la détermination du Prix de Référence, du calcul du Taux d'Intérêt, du Montant de Remboursement Final, des intérêts payables et du Montant de Remboursement Anticipé sera la Société Générale, 29 boulevard Haussmann, 75009 Paris, France. Les calculs et déterminations de l'Agent de Calcul seront définitifs et obligatoires envers l'Émetteur, le Garant, l'Agent et les Titulaires de Titres, en l'absence d'erreur manifeste ou prouvée.
- (ii) Suite à la survenance d'un événement donnant lieu à un ajustement substantiel selon l'avis de l'Agent de Calcul ou d'un événement extraordinaire affectant un Sous-jacent au titre de cette Annexe Technique Marchandises, l'Agent de Calcul notifiera l'Émetteur qui à son tour notifiera l'Agent et les Titulaires de Titres conformément aux dispositions de la Modalité 15 des Modalités des Titres de Droit Anglais et des Titres NRC ou de la Modalité 14 des Modalités des Titres de Droit Français, l'ajustement effectué ou la décision prise par l'Agent de Calcul. Les détails de l'ajustement effectué ou de la décision prise peuvent être obtenus par les Titulaires de Titres sur simple demande à l'adresse indiquée dans les Conditions Définitives applicables.

C) ANNEXE TECHNIQUE EVENEMENT DE CREDIT

Les termes commençant par une majuscule qui ne sont pas définis dans cette Partie 1 ont la signification qui leur est respectivement donnée dans la Partie 2 de cette Annexe Technique Événement de Crédit, telle que celle-ci peut être modifiée ou complétée par les Conditions Définitives applicables.

PARTIE 1 – DISPOSITIONS RELATIVES A L'ÉVÉNEMENT DE CREDIT

I. Si la Méthode de Règlement spécifiée dans les Conditions Définitives applicables est un Règlement Physique:

1. Règlement Physique

- 1.1 Si l'Agent de Calcul détermine qu'un Événement de Crédit s'est produit pendant la période comprise entre la Date de Lancement (inclusive) et la Dernière Date de Survenance d'un Événement de Crédit (inclusive) et si une Notification d'Événement de Crédit et, le cas échéant, une Notification d'Information Publiquement Disponible, sont signifiées pendant la Période de Signification de Notification par ou pour le compte de l'Émetteur au Système de Compensation Concerné, pour l'information des Titulaires de Titres, l'Émetteur ne sera plus responsable du paiement du Montant de Remboursement Final à la Date d'Échéance Prévue ou à la Date d'Échéance, selon le cas, et Livrera ou fera Livrer le Montant de Règlement Physique aux Titulaires de Titres pendant la Période de Règlement Physique, en exécution intégrale et finale de ses obligations de remboursement de chaque Titre en vertu des présentes, sous réserve des dispositions du paragraphe immédiatement suivant et des dispositions ci-après applicables au règlement en espèces.

La Livraison des Obligations Livrables Spécifiées (ou le paiement du Montant de Règlement en Espèces, selon le cas) est soumise à la signification préalable, par ou pour le compte de l'Émetteur au Système de Compensation Concerné, pour l'information des Titulaires de Titres, d'une Notification de Règlement Physique entre la Date de Détermination de l'Événement de Crédit et la Dernière Date de Notification (ces deux dates étant incluses).

- 1.2 Après la survenance d'un Événement de Crédit au titre d'une Entité de Référence, l'Émetteur pourra sélectionner les Obligations Livrables Spécifiées à sa seule et absolue discrétion.
- 1.3 L'Émetteur ne livrera pas nécessairement toutes les Obligations Livrables Spécifiées à la même date et pourra Livrer des Obligations Livrables Spécifiées à différents Titulaires de Titres à des dates différentes ou au même Titulaire des Titres à des dates différentes.
- 1.4 L'Émetteur n'est pas obligé de livrer le même type et la même proportion d'Obligations Livrables à chaque Titulaire de Titres et un Titulaire de Titres peut recevoir des types variés d'Obligations Livrables.
- 1.5 Si toutes les Obligations Livrables Spécifiées ou certaines d'entre elles ne sont pas éligibles pour compensation par le Système de Compensation Concerné, l'Émetteur pourra, à sa discrétion mais après notification préalable aux Titulaires de Titres, arranger:
- (i) la Livraison de ces Obligations Livrables Spécifiées (s'il en existe), qui sont éligibles pour compensation par le Système de Compensation Concerné, dans le Système de Compensation Concerné et la Livraison des Obligations Livrables Spécifiées qui ne sont pas éligibles pour compensation par le Système de Compensation Concerné hors du Système de Compensation Concerné; ou
 - (ii) la Livraison de toutes les Obligations Livrables Spécifiées (que ces Obligations Livrables Spécifiées soient ou non éligibles pour compensation) hors du Système de Compensation Concerné.

Le Système de Compensation Concerné recevra ensuite instruction de bloquer et, sur confirmation par l'Émetteur que la livraison a eu lieu, d'annuler les positions des Titulaires de Titres dans ses livres et l'Agent Fiscal annulera à son tour les Titres en circulation. Si la Livraison doit se dérouler hors du Système de Compensation Concerné, l'Émetteur devra recevoir des instructions de transfert des Titulaires de Titres concernés, dans des termes jugés satisfaisants par l'Émetteur, suffisamment à l'avance avant la Dernière Date de Règlement Physique Admissible, pour permettre le règlement physique, à défaut de quoi il sera fait application des dispositions ci-dessous relatives au règlement en espèces.

Si Règlement Américain est spécifié dans les Conditions Définitives applicables et la clause 1.1 de cette Partie 1.1 s'applique, la clause 1.6. suivante s'appliquera:

- 1.6 Période d'Intérêts désigne chaque période comprise entre une Date de Paiement des Intérêts (incluse) et la prochaine Date de Paiement des Intérêts (exclue), étant cependant entendu que la première Période d'Intérêts commence à la Date de Début de Période d'Intérêts (incluse) et que la dernière Période d'Intérêts demeure soumise aux dispositions de cette Partie 1.

Si les Conditions Définitives concernées stipulent que la clause Intérêts Courus en cas d'Événement de Crédit est Applicable: La dernière Période d'Intérêts sera la période comprise entre la Date de Paiement des Intérêts (incluse) précédant immédiatement la Date de Détermination de l'Événement de Crédit (ou entre la Date de Début de Période d'Intérêts (incluse) dans le cas d'un Événement de Crédit se produisant avant la première Date de Paiement des Intérêts) et la Date de Détermination de l'Événement de Crédit (exclue), et la dernière Date de Paiement des Intérêts sera la Date de Règlement Physique. Aucun intérêt ne courra ni ne sera payable à partir de la Date de Détermination de l'Événement de Crédit (incluse) jusqu'à la Date de Règlement Physique.

Si les Conditions Définitives concernées stipulent que (i) la clause Intérêts Courus en cas d'Événement de Crédit est Applicable et (ii) la clause Contestation/Moratoire ou Extension de la Période de Grâce est Applicable: La dernière Période d'Intérêts sera la période comprise entre la Date de Paiement des Intérêts (incluse) précédant immédiatement la Date de Détermination de l'Événement de Crédit (ou entre la Date de Début de Période d'Intérêts (incluse) dans le cas d'un Événement de Crédit se

produisant avant la première Date de Paiement des Intérêts) et celle des deux dates suivantes qui surviendra la première entre: (a) la Date de Détermination de l'Événement de Crédit (exclue) et (b) la Date d'Échéance Prévues (exclue).

Dans ce cas, la dernière Date de Paiement des Intérêts sera la Date de Règlement Physique, étant entendu que si (i) l'Événement de Crédit faisant l'objet de la Notification d'Événement de Crédit est une Contestation/Moratoire qui se produit après le quatrième Jour Ouvré précédant la Date d'Échéance Prévues, (ii) le Cas Potentiel de Contestation/Moratoire relatif à cette Contestation/Moratoire se produit au plus tard le quatrième Jour Ouvré précédant la Date d'Échéance Prévues et (iii) la Condition de Prorogation pour Contestation/Moratoire est satisfaite, la dernière Date de Paiement des Intérêts sera alors la Date d'Échéance Prévues. Il est en outre entendu que si (i) l'Événement de Crédit qui fait l'objet de la Notification d'Événement de Crédit est un Défaut de Paiement qui se produit après le quatrième Jour Ouvré précédant la Date d'Échéance Prévues et (ii) le Défaut de Paiement Potentiel relatif à ce Défaut de Paiement se produit au plus tard le quatrième Jour Ouvré précédant la Date d'Échéance Prévues, la dernière Date de Paiement des Intérêts sera la Date d'Échéance Prévues.

Aucun intérêt ne courra ni ne sera payable à partir de la Date de Détermination de l'Événement de Crédit (incluse) jusqu'à la Date de Règlement Physique. Si la Date d'Échéance tombe après la Date d'Échéance Prévues, aucun intérêt ne sera payable à partir de la Date d'Échéance Prévues (incluse) jusqu'à la Date d'Échéance.

Si les Conditions Définitives concernées stipulent que la clause Intérêts Courus en cas d'Événement de Crédit est Non Applicable: La dernière Période d'Intérêts sera la Période d'Intérêts (le cas échéant) finissant lors de la Date de Paiement des Intérêts précédant immédiatement la Date de Détermination de l'Événement de Crédit. Aucun intérêt ne courra ni ne sera payable à partir de la Date de Paiement des Intérêts (incluse) précédant la Date de Détermination de l'Événement de Crédit (ou à partir de la Date de Début de Période d'Intérêts (incluse), dans le cas d'un Événement de Crédit se produisant avant la première Date de Paiement des Intérêts) jusqu'à la Date de Règlement Physique.

Si les Conditions Définitives concernées stipulent que (i) la clause Intérêts Courus en cas d'Événement de Crédit est Non Applicable et (ii) la clause Contestation/Moratoire ou Extension de la Période de Grâce est Applicable: La dernière Période d'Intérêts sera la période d'Intérêts (le cas échéant) finissant lors de celle des deux dates suivantes qui surviendra la première entre: (a) la Date de Paiement des Intérêts précédant immédiatement la Date de Détermination de l'Événement de Crédit et (b) la Date d'Échéance Prévues. Aucun intérêt ne courra ni ne sera payable à partir de la Date de Paiement des Intérêts (incluse) précédant la Date de Détermination de l'Événement de Crédit (ou à partir de la Date de Début de Période d'Intérêts (incluse) dans le cas d'un Événement de Crédit se produisant avant la première Date de Paiement des Intérêts) jusqu'à la Date de Règlement Physique. Si la Date d'Échéance tombe après la Date d'Échéance Prévues, aucun intérêt ne sera payable à partir de la Date d'Échéance Prévues (incluse) jusqu'à la Date d'Échéance.

Si les Conditions Définitives concernées stipulent que la clause Intérêts Courus en cas d'Événement de Crédit est Applicable et s'il n'existe qu'une seule Période d'Intérêts: La Période d'Intérêts sera la période comprise entre la Date de Début de Période d'Intérêts (incluse) et la Date de Détermination de l'Événement de Crédit (exclue), et la Date de Paiement des Intérêts sera la Date de Règlement Physique. Aucun intérêt ne courra ni ne sera payable à partir de la Date de Détermination de l'Événement de Crédit (incluse) jusqu'à la Date de Règlement Physique.

Si les Conditions Définitives concernées stipulent que (i) la clause Intérêts Courus en cas d'Événement de Crédit est Applicable et (ii) la clause Contestation/Moratoire ou Extension de la Période de Grâce est Applicable et s'il n'existe qu'une seule Période d'Intérêts: La Période d'Intérêts sera la période comprise entre la Date de Début de Période d'Intérêts (incluse) et celle des deux dates suivantes qui surviendra la première entre: (a) la Date de Détermination de l'Événement de Crédit (exclue) et (b) la Date d'Échéance Prévues (exclue).

Dans ce cas, la dernière Date de Paiement des Intérêts sera la Date de Règlement Physique étant entendu que si (i) l'Événement de Crédit faisant l'objet de la Notification d'Événement de Crédit est une Contestation/Moratoire qui se produit après le quatrième Jour Ouvré précédant la Date d'Échéance Prévues, (ii) le Cas Potentiel de Contestation/Moratoire relatif à cette Contestation/Moratoire se produit au plus tard le quatrième Jour Ouvré précédant la Date d'Échéance Prévues et (iii) la Condition de Prorogation pour Contestation/Moratoire est satisfaite, la dernière Date de Paiement des Intérêts sera alors la Date d'Échéance Prévues.

Aucun intérêt ne courra ni ne sera payable à partir de la Date de Détermination de l'Événement de Crédit (incluse) jusqu'à la Date de Règlement Physique. Si la Date d'Échéance tombe après la Date d'Échéance Prévues, aucun intérêt ne sera payable à partir de la Date d'Échéance Prévues (incluse) jusqu'à la Date d'Échéance.

Si les Conditions Définitives concernées stipulent que la clause Intérêts Courus en cas d'Événement de Crédit est Non Applicable et s'il n'existe qu'une seule Période d'Intérêts: Aucun intérêt ne courra ni ne sera payable sur les Titres.

Afin d'éviter toute ambiguïté, si une Date de Détermination de l'Événement de Crédit devait se produire pendant une Période d'Intérêts, moins de quatre Jours Ouvrés avant la Date de Paiement des Intérêts correspondante et si les instructions de paiement de l'Émetteur ont déjà été données pour les intérêts payables au titre de cette Période d'Intérêts, l'Émetteur sera alors autorisé à déduire du montant de Règlement Physique le montant des intérêts trop payés, cette déduction étant déterminée par l'Agent de Calcul à son entière et absolue discrétion, en agissant de manière commercialement raisonnable.

Si Règlement Européen est spécifié dans les Conditions Définitives applicables et la clause 1.1 de cette Partie 1.1 s'applique, la clause 1.7. suivante s'appliquera:

- 1.7** Période d'Intérêts désigne chaque période comprise entre une Date de Paiement des Intérêts (incluse) et la prochaine Date de Paiement des Intérêts (exclue), étant cependant entendu que la première Période d'Intérêts commence à la Date de Début de Période d'Intérêts (incluse) et que la dernière Période d'Intérêts demeure soumise aux dispositions de cette Partie 1.

Si les Conditions Définitives concernées stipulent que la clause Intérêts Courus en cas d'Événement de Crédit est Applicable: La dernière Période d'Intérêts sera la période comprise entre la Date de Paiement des Intérêts (incluse) précédant immédiatement la Date de Détermination de l'Événement de Crédit (ou entre la Date de Début de Période d'Intérêts (incluse) dans le cas d'un Événement de Crédit se produisant avant la première Date de Paiement des Intérêts) et la Date de Détermination de l'Événement de Crédit (exclue), et la dernière Date de Paiement des Intérêts sera celle des deux dates suivantes qui surviendra la première entre: (a) la Date de Paiement des Intérêts suivant le 4^{ème} Jour Ouvré tombant après la Date de Détermination de l'Événement de Crédit et (b) la Date d'Échéance. Aucun intérêt ne courra ni ne sera payable à partir de la Date de Détermination de l'Événement de Crédit (incluse) jusqu'à la Date d'Échéance.

Si les Conditions Définitives concernées stipulent que (i) la clause Intérêts Courus en cas d'Événement de Crédit est Applicable et (ii) la clause Contestation/Moratoire ou Extension de la Période de Grâce est Applicable: La dernière Période d'Intérêts sera la période comprise entre la Date de Paiement des Intérêts (incluse) précédant immédiatement la Date de Détermination de l'Événement de Crédit (ou entre la Date de Début de Période d'Intérêts (incluse) dans le cas d'un Événement de Crédit se produisant avant la première Date de Paiement des Intérêts) et celle des deux dates suivantes qui surviendra la première entre: (a) la Date de Détermination de l'Événement de Crédit (exclue) et (b) la Date d'Échéance Prévues (exclue).

Dans ce cas, la dernière Date de Paiement des Intérêts sera celle des deux dates suivantes qui surviendra la première entre: (a) la Date de Paiement des Intérêts suivant le 4^{ème} Jour Ouvré tombant

après la Date de Détermination de l'Événement de Crédit et (b) la Date d'Echéance, étant entendu que si (i) l'Événement de Crédit faisant l'objet de la Notification d'Événement de Crédit est une Contestation/Moratoire qui se produit après le quatrième Jour Ouvré précédant la Date d'Echéance Prévues, (ii) le Cas Potentiel de Contestation/Moratoire relatif à cette Contestation/Moratoire se produit au plus tard le quatrième Jour Ouvré précédant la Date d'Echéance Prévues et (iii) la Condition de Prorogation pour Contestation/Moratoire est satisfaite, la dernière Date de Paiement des Intérêts sera alors la Date d'Echéance Prévues. Il est en outre entendu que si (i) l'Événement de Crédit qui fait l'objet de la Notification d'Événement de Crédit est un Défaut de Paiement qui se produit après le quatrième Jour Ouvré précédant la Date d'Echéance Prévues et (ii) le Défaut de Paiement Potentiel relatif à ce Défaut de Paiement se produit au plus tard le quatrième Jour Ouvré précédant la Date d'Echéance Prévues, la dernière Date de Paiement des Intérêts sera la Date d'Echéance Prévues.

Aucun intérêt ne courra ni ne sera payable à partir de la Date de Détermination de l'Événement de Crédit (incluse) jusqu'à la Date d'Echéance. En particulier, si la Date d'Echéance tombe après la Date d'Echéance Prévues, aucun intérêt ne sera payable à partir de la Date d'Echéance Prévues (incluse) jusqu'à la Date d'Echéance.

Si les Conditions Définitives concernées stipulent que la clause Intérêts Courus en cas d'Événement de Crédit est Non Applicable: La dernière Période d'Intérêts sera la Période d'Intérêts (le cas échéant) finissant à la Date de Paiement des Intérêts précédant immédiatement la Date de Détermination de l'Événement de Crédit. Aucun intérêt ne courra ni ne sera payable à partir de la Date de Paiement des Intérêts (incluse) précédant la Date de Détermination de l'Événement de Crédit (ou à partir de la Date de Début de Période d'Intérêts (incluse), dans le cas d'un Événement de Crédit se produisant avant la première Date de Paiement des Intérêts) jusqu'à la Date d'Echéance.

Si les Conditions Définitives concernées stipulent que (i) la clause Intérêts Courus en cas d'Événement de Crédit est Non Applicable et (ii) la clause Contestation/Moratoire ou Extension de la Période de Grâce est Applicable: La dernière Période d'Intérêts sera la Période d'Intérêts (le cas échéant) finissant à la Date de Paiement des Intérêts précédant immédiatement la Date de Détermination de l'Événement de Crédit. Aucun intérêt ne courra ni ne sera payable à partir de la Date de Paiement des Intérêts (incluse) précédant la Date de Détermination de l'Événement de Crédit (ou à partir de la Date de Début de Période d'Intérêts (incluse) dans le cas d'un Événement de Crédit se produisant avant la première Date de Paiement des Intérêts) jusqu'à la Date d'Echéance. Si la Date d'Echéance tombe après la Date d'Echéance Prévues, aucun intérêt ne sera payable à partir de la Date d'Echéance Prévues (incluse) jusqu'à la Date d'Echéance.

Si les Conditions Définitives concernées stipulent que la clause Intérêts Courus en cas d'Événement de Crédit est Applicable et s'il n'existe qu'une seule Période d'Intérêts: La Période d'Intérêts sera la période comprise entre la Date de Début de Période d'Intérêts (incluse) et la Date de Détermination de l'Événement de Crédit (exclue), et la Date de Paiement des Intérêts sera la Date d'Echéance. Aucun intérêt ne courra ni ne sera payable à partir de la Date de Détermination de l'Événement de Crédit (incluse) jusqu'à la Date d'Echéance.

Si les Conditions Définitives concernées stipulent que (i) la clause Intérêts Courus en cas d'Événement de Crédit est Applicable et (ii) la clause Contestation/Moratoire ou Extension de la Période de Grâce est Applicable et s'il n'existe qu'une seule Période d'Intérêts: La Période d'Intérêts sera la période comprise entre la Date de Début de Période d'Intérêts (incluse) et celle des deux dates suivantes qui surviendra la première entre: (a) la Date de Détermination de l'Événement de Crédit (exclue) et (b) la Date d'Echéance Prévues (exclue).

Dans ce cas, la dernière Date de Paiement des Intérêts sera la Date d'Echéance, étant entendu que si (i) l'Événement de Crédit faisant l'objet de la Notification d'Événement de Crédit est une Contestation/Moratoire qui se produit après le quatrième Jour Ouvré précédant la Date d'Echéance Prévues, (ii) le Cas Potentiel de Contestation/Moratoire relatif à cette Contestation/Moratoire se produit

au plus tard le quatrième Jour Ouvré précédant la Date d'Échéance Prévues et (iii) la Condition de Prorogation de la Date d'Échéance pour Contestation/Moratoire est satisfaite, la dernière Date de Paiement des Intérêts sera alors la Date d'Échéance Prévues.

Aucun intérêt ne courra ni ne sera payable à partir de la Date de Détermination de l'Événement de Crédit (incluse) jusqu'à la Date d'Échéance. En particulier, si la Date d'Échéance tombe après la Date d'Échéance Prévues, aucun intérêt ne sera payable à partir de la Date d'Échéance Prévues (incluse) jusqu'à la Date d'Échéance.

Si les Conditions Définitives concernées stipulent que la clause Intérêts Courus en cas d'Événement de Crédit est Non Applicable et s'il n'existe qu'une seule Période d'Intérêts: Aucun intérêt ne courra ni ne sera payable sur les Titres.

Afin d'éviter toute ambiguïté, si une Date de Détermination de l'Événement de Crédit devait se produire pendant une Période d'Intérêts, moins de quatre Jours Ouvrés avant la Date de Paiement des Intérêts correspondante et si les instructions de paiement de l'Émetteur ont déjà été données pour les intérêts payables au titre de cette Période d'Intérêts, l'Émetteur sera alors autorisé à déduire du montant de Règlement Physique le montant des intérêts trop payés, cette déduction étant déterminée par l'Agent de Calcul à son entière et absolue discrétion, en agissant de manière commercialement raisonnable.

2. Règlement en Espèces

- 2.1** Si, à la Dernière Date de Règlement Physique Admissible, l'Agent de Calcul (agissant pour le compte de l'Émetteur) détermine qu'il est Illégal ou Impossible pour l'Émetteur de Livrer tout ou partie des Obligations Livrables Spécifiées à tous les Titulaires de Titres ou certains d'entre eux, ou si l'Émetteur ne reçoit pas les instructions de transfert décrites à la dernière phrase de la clause 1.5 ci-dessus, l'Agent de Calcul calculera alors un Montant de Règlement en Espèces, pour cette partie des Obligations Livrables Spécifiées qui sont des Obligations Non Livrables, et l'Émetteur, à la Date de Règlement en Espèces, paiera ou fera payer un Montant de Règlement en Espèces aux Titulaires de Titres concernés, en règlement intégral et final de ses obligations au titre des Obligations Non Livrables.
- 2.2** L'Émetteur devra notifier aux Titulaires de Titres concernés, via le Système de Compensation Concerné, qu'il existe des Obligations Non Livrables et les raisons pour lesquelles il est Illégal ou Impossible de Livrer ces Obligations Livrables Spécifiées.
- 2.3** Si, avant la Dernière Date de Règlement Physique Admissible, l'Agent de Calcul détermine que la Livraison de toutes les Obligations Livrables Spécifiées est Illégale ou Impossible, et s'il détermine de bonne foi que cette Livraison restera Illégale ou Impossible, jusqu'à la Dernière Date de Règlement Physique Admissible, l'Agent de Calcul pourra alors notifier ce fait au Système de Compensation Concerné à l'attention des Titulaires de Titres. La Date d'Évaluation de l'Événement de Crédit sera alors la date tombant deux Jours Ouvrés après la date à laquelle l'Agent de Calcul aura fait cette notification au Système de Compensation Concerné, et l'Émetteur paiera aux Titulaires de Titres un Montant de Règlement en Espèces à la Date de Règlement en Espèces, en règlement intégral et final de ses obligations au titre des Obligations Non Livrables.
- 2.4** Si la Livraison est partiellement Illégale ou Impossible, l'Émetteur pourra, pour chaque Titulaire de Titres, Livrer les Obligations Livrables Spécifiées et payer un Montant de Règlement en Espèces. L'Émetteur ne sera pas obligé de s'assurer que chaque Titulaire de Titres reçoit le même type et la même proportion d'Obligations Livrables et la même proportion d'Obligations Livrables et de Montant de Règlement en Espèces que chaque autre Titulaire de Titres.
- 2.5** Si la clause 2.1 ou 2.3 de cette Partie 1.I s'applique, l'Émetteur peut faire en sorte que tous les règlements effectués en vertu des présentes le soient en dehors du Système de Compensation Concerné de la manière décrite à la clause 1.5 ci-dessus, à condition que l'Émetteur reçoive des instructions de transfert dans des termes jugés satisfaisants par l'Émetteur afin de permettre ces règlements.

- 2.6 L'Agent de Calcul informera les Titulaires de Titres par le biais du Système de Compensation Concerné, du Montant de Règlement en Espèces en envoyant une Notification d'Evaluation Finale.

Si le Règlement Américain est spécifié dans les Conditions Définitives applicables et la clause 2.1 ou clause 2.3 de cette Partie 1.1 s'applique, la clause suivante 2.7 s'appliquera:

- 2.7 Période d'Intérêts désigne chaque période comprise entre une Date de Paiement des Intérêts (incluse) et la prochaine Date de Paiement des Intérêts (exclue), étant cependant entendu que la première Période d'Intérêts commence à la Date de Début de Période d'Intérêts (incluse) et que la dernière Période d'Intérêts demeure soumise aux dispositions de cette Partie 1.

Si les Conditions Définitives concernées stipulent que la clause Intérêts Courus en cas d'Événement de Crédit est Applicable: La dernière Période d'Intérêts sera la période comprise entre la Date de Paiement des Intérêts (incluse) précédant immédiatement la Date de Détermination de l'Événement de Crédit (ou entre la Date de Début de Période d'Intérêts (incluse) dans le cas d'un Événement de Crédit se produisant avant la première Date de Paiement des Intérêts) et la Date de Détermination de l'Événement de Crédit (exclue), et la dernière Date de Paiement des Intérêts sera la Date de Règlement en Espèces. Aucun intérêt ne courra ni ne sera payable à partir de la Date de Détermination de l'Événement de Crédit (incluse) jusqu'à la Date de Règlement en Espèces.

Si les Conditions Définitives concernées stipulent que (i) la clause Intérêts Courus en cas d'Événement de Crédit est Applicable et (ii) la clause Contestation/Moratoire ou Extension de la Période de Grâce est Applicable: La dernière Période d'Intérêts sera la période comprise entre la Date de Paiement des Intérêts (incluse) précédant immédiatement la Date de Détermination de l'Événement de Crédit (ou entre la Date de Début de Période d'Intérêts (incluse) dans le cas d'un Événement de Crédit se produisant avant la première Date de Paiement des Intérêts) et celle des deux dates suivantes qui surviendra la première entre: (a) la Date de Détermination de l'Événement de Crédit (exclue) et (b) la Date d'Échéance Prévues (exclue). Dans ce cas, la dernière Date de Paiement des Intérêts sera la Date de Règlement en Espèces, étant entendu que si (i) l'Événement de Crédit faisant l'objet de la Notification d'Événement de Crédit est une Contestation/Moratoire qui se produit après le quatrième Jour Ouvré précédant la Date d'Échéance Prévues, (ii) le Cas Potentiel de Contestation/Moratoire relatif à cette Contestation/Moratoire se produit au plus tard le quatrième Jour Ouvré précédant la Date d'Échéance Prévues et (iii) la Condition de Prorogation pour Contestation/Moratoire est satisfaite, la dernière Date de Paiement des Intérêts sera alors la Date d'Échéance Prévues. Il est en outre entendu que si (i) l'Événement de Crédit qui fait l'objet de la Notification d'Événement de Crédit est un Défaut de Paiement qui se produit après le quatrième Jour Ouvré précédant la Date d'Échéance Prévues et (ii) le Défaut de Paiement Potentiel relatif à ce Défaut de Paiement se produit au plus tard le quatrième Jour Ouvré précédant la Date d'Échéance Prévues, la dernière Date de Paiement des Intérêts sera la Date d'Échéance Prévues. Aucun intérêt ne courra ni ne sera payable à partir de la Date de Détermination de l'Événement de Crédit (incluse) jusqu'à la Date de Règlement en Espèces. Si les Conditions Définitives concernées stipulent que (i) la clause Intérêts Courus en cas d'Événement de Crédit est Non Applicable et (ii) la clause Contestation/Moratoire ou Extension de la Période de Grâce est Applicable: La dernière Période d'Intérêts sera la Période d'Intérêts (le cas échéant) finissant

à celle des deux dates suivantes qui surviendra la première entre: (a) la Date de Paiement des Intérêts précédant immédiatement la Date de Détermination de l'Événement de Crédit et (b) la Date d'Échéance Prévues. Aucun intérêt ne courra ni ne sera payable à partir de la Date de Paiement des Intérêts (incluse) précédant la Date de Détermination de l'Événement de Crédit (ou à partir de la Date de Début de Période d'Intérêts (incluse) dans le cas d'un Événement de Crédit se produisant avant la première Date de Paiement des Intérêts) jusqu'à la Date de Règlement en Espèces. Si la Date d'Échéance tombe après la Date d'Échéance Prévues, aucun intérêt ne sera payable à partir de la Date d'Échéance Prévues (incluse) jusqu'à la Date d'Échéance.

Si les Conditions Définitives concernées stipulent que la clause Intérêts Courus en cas d'Événement de Crédit est Applicable et s'il n'existe qu'une seule Période d'Intérêts: La Période d'Intérêts sera la période comprise entre la Date de Début de Période d'Intérêts (incluse) et la Date de Détermination de l'Événement de Crédit (exclue), et la Date de Paiement des Intérêts sera la Date de Règlement en Espèces. Aucun intérêt ne courra ni ne sera payable à partir de la Date de Détermination de l'Événement de Crédit (incluse) jusqu'à la Date de Règlement en Espèces.

Si les Conditions Définitives concernées stipulent que (i) la clause Intérêts Courus en cas d'Événement de Crédit est Applicable et (ii) la clause Contestation/Moratoire ou Extension de la Période de Grâce est Applicable et s'il n'existe qu'une seule Période d'Intérêts: La Période d'Intérêts sera la période comprise entre la Date de Début de Période d'Intérêts (incluse) et celle des deux dates suivantes qui surviendra la première entre: (a) la Date de Détermination de l'Événement de Crédit (exclue) et (b) la Date d'Échéance Prévues (exclue).

Dans ce cas, la dernière Date de Paiement des Intérêts sera la Date de Règlement en Espèces, étant entendu que si (i) l'Événement de Crédit faisant l'objet de la Notification d'Événement de Crédit est une Contestation/Moratoire qui se produit après le quatrième Jour Ouvré précédant la Date d'Échéance Prévues, (ii) le Cas Potentiel de Contestation/Moratoire relatif à cette Contestation/Moratoire se produit au plus tard le quatrième Jour Ouvré précédant la Date d'Échéance Prévues et (iii) la Condition de Prorogation pour Contestation/Moratoire est satisfaite, la dernière Date de Paiement des Intérêts sera alors la Date d'Échéance Prévues.

Aucun intérêt ne courra ni ne sera payable à partir de la Date de Détermination de l'Événement de Crédit (incluse) jusqu'à la Date de Règlement en Espèces. Si la Date d'Échéance tombe après la Date d'Échéance Prévues, aucun intérêt ne sera payable à partir de la Date d'Échéance Prévues (incluse) jusqu'à la Date d'Échéance.

Si les Conditions Définitives concernées stipulent que la clause Intérêts Courus en cas d'Événement de Crédit est Non Applicable et s'il n'existe qu'une seule Période d'Intérêts: Aucun intérêt ne courra ni ne sera payable sur les Titres.

Afin d'éviter toute ambiguïté, si une Date de Détermination de l'Événement de Crédit devait se produire pendant une Période d'Intérêts, moins de quatre Jours Ouvrés avant la Date de Paiement des Intérêts correspondante et si les instructions de paiement de l'Émetteur ont déjà été données pour les intérêts payables au titre de cette Période d'Intérêts, l'Émetteur sera alors autorisé à déduire du Montant du Règlement en Espèces le montant des intérêts trop payés, cette déduction étant déterminée par l'Agent de Calcul à son entière et absolue discrétion, en agissant de manière commercialement raisonnable.

Si le Règlement Européen est spécifié dans les Conditions Définitives applicables et la clause 2.1 ou la clause 2.3. de cette Partie 1.1 s'applique, la clause 2.7. suivante s'appliquera:

Si Règlement Américain est spécifié dans les Conditions Définitives applicables:

Période d'Intérêts désigne chaque période comprise entre une Date de Paiement des Intérêts (incluse) et la prochaine Date de Paiement des Intérêts (exclue), étant cependant entendu que la première Période d'Intérêts commence à la Date de Début de Période d'Intérêts (incluse) et que la dernière Période d'Intérêts demeure soumise aux dispositions de cette Partie 1.

Aucun intérêt ne courra ni ne sera payable à partir de la Date de Paiement des Intérêts (incluse) précédant la Date de Détermination de l'Événement de Crédit (ou à partir de la Date de Début de Période d'Intérêts (incluse), dans le cas d'une Date de Détermination de l'Événement de Crédit se produisant avant la première Date de Paiement des Intérêts) jusqu'à la Date d'Échéance.

Si les Conditions Définitives concernées stipulent que (i) la clause Intérêts Courus en cas d'Événement de Crédit est Non Applicable et (ii) la clause Contestation/Moratoire ou Extension de la Période de Grâce est Applicable: La dernière Période d'Intérêts sera la Période d'Intérêts (le cas échéant) finissant à la Date de Paiement des Intérêts précédant immédiatement la Date de Détermination de l'Événement de Crédit. Aucun intérêt ne courra ni ne sera payable à partir de la Date de Paiement des Intérêts (incluse) précédant la Date de Détermination de l'Événement de Crédit (ou à partir de la Date de Début de Période d'Intérêts (incluse), dans le cas d'une Date de Détermination de l'Événement de Crédit se produisant avant la première Date de Paiement des Intérêts) jusqu'à la Date d'Échéance. Si la Date d'Échéance tombe après la Date d'Échéance Prévues, aucun intérêt ne sera payable à partir de la Date d'Échéance Prévues (incluse) jusqu'à la Date d'Échéance.

Si les Conditions Définitives concernées stipulent que la clause Intérêts Courus en cas d'Événement de Crédit est Applicable et s'il n'existe qu'une seule Période d'Intérêts: La Période d'Intérêts sera la période comprise entre la Date de Début de Période d'Intérêts (incluse) et la Date de Détermination de l'Événement de Crédit (exclue), et la Date de Paiement des Intérêts sera la Date d'Échéance. Aucun intérêt ne courra ni ne sera payable à partir de la Date de Détermination de l'Événement de Crédit (incluse) jusqu'à la Date d'Échéance.

Si les Conditions Définitives concernées stipulent que (i) la clause Intérêts Courus en cas d'Événement de Crédit est Applicable et (ii) la clause Contestation/Moratoire ou Extension de la Période de Grâce est Applicable et s'il n'existe qu'une seule Période d'Intérêts: La Période d'Intérêts sera la période comprise entre la Date de Début de Période d'Intérêts (incluse) et celle des deux dates suivantes qui surviendra la première entre: (a) la Date de Détermination de l'Événement de Crédit (exclue) et (b) la Date d'Échéance Prévues (exclue).

Dans ce cas, la dernière Date de Paiement des Intérêts sera la Date d'Échéance, étant entendu que si (i) l'Événement de Crédit faisant l'objet de la Notification d'Événement de Crédit est une Contestation/Moratoire qui se produit après le quatrième Jour Ouvré précédant la Date d'Échéance Prévues, (ii) le Cas Potentiel de Contestation/Moratoire relatif à cette Contestation/ce Moratoire se produit au plus tard le quatrième Jour Ouvré précédant la Date d'Échéance Prévues et (iii) la Condition de Prorogation d'Échéance pour Contestation/Moratoire est satisfaite, la dernière Date de Paiement des Intérêts sera alors la Date d'Échéance Prévues.

Aucun intérêt ne courra ni ne sera payable à partir de la Date de Détermination de l'Événement de Crédit (incluse) jusqu'à la Date d'Échéance. En particulier, si la Date d'Échéance tombe après la Date d'Échéance Prévues, aucun intérêt ne sera payable à partir de la Date d'Échéance Prévues (incluse) jusqu'à la Date d'Échéance.

Si les Conditions Définitives concernées stipulent que la clause Intérêts Courus en cas d'Événement de Crédit est Non Applicable et s'il n'existe qu'une seule Période d'Intérêts: Aucun intérêt ne courra ni ne sera payable sur les Titres.

Afin d'éviter toute ambiguïté, si une Date de Détermination de l'Événement de Crédit devait se produire pendant une Période d'Intérêts, moins de quatre Jours Ouvrés avant la Date de Paiement des Intérêts correspondante et si les instructions de paiement de l'Émetteur ont déjà été données pour les intérêts payables au titre de cette Période d'Intérêts, l'Émetteur sera alors autorisé à déduire du Montant

de Règlement en Espèces le montant des intérêts trop payés, cette déduction étant déterminée par l'Agent de Calcul à son entière et absolue discrétion, en agissant de manière commercialement raisonnable.

III. Notification d'Événement de Crédit après Restructuration

En cas de survenance d'une Restructuration pendant la période comprise entre la Date de Lancement (inclusive) et la Dernière Date de Survenance d'un Événement de Crédit (inclusive):

- si le Règlement Américain est spécifié dans les Conditions Définitives applicables:

- (a) L'Agent de Calcul pourra signifier une Notification d'Événement de Crédit pour un montant (le **Montant de Remboursement Partiel**) inférieur au Montant Nominal non encore remboursé de chaque Titre en circulation immédiatement avant la signification de cette Notification d'Événement de Crédit. Dans ce cas, les dispositions de la clause I ou de la clause II de cette Partie 1 seront réputées s'appliquer uniquement au Montant de Remboursement Partiel, et chacun de ces Titres sera remboursé partiellement (cette partie remboursée étant égale au Montant de Remboursement Partiel);
- (b) afin d'éviter toute ambiguïté, il est précisé que (i) le Montant Nominal de chaque Titre non remboursé en partie restera à payer et que des intérêts courront, s'il y a lieu, sur le Montant Nominal non encore remboursé de ce Titre, conformément aux dispositions des Conditions Définitives applicables (ajusté de la manière que l'Agent de Calcul jugera appropriée, à son entière et absolue discrétion), et (ii) les dispositions de la clause I et de la clause II de cette Partie 1 s'appliqueront au Montant Nominal non encore remboursé de ce Titre, dans le cas où des Notifications d'Événement de Crédit seraient ultérieurement signifiées au titre d'une Entité de Référence; et
- (c) en cas de remboursement partiel de chaque Titre, le Titre concerné ou, si les Titres sont représentés par un Titre Global, ce Titre Global, sera endossé pour refléter ce remboursement partiel.

Afin d'éviter toute ambiguïté, il est précisé que le Montant Nominal non encore remboursé de chaque Titre pour lequel aucune Notification d'Événement de Crédit n'a été signifiée pendant la Période de Signification de Notification, (et, le cas échéant, aucun Cas Potentiel de Contestation/Moratoire ni aucun Défaut de Paiement Potentiel ne se sont produits au plus tard le quatrième Jour Ouvré, précédent la Date d'Échéance Prévues) sera remboursé à la Date d'Échéance Prévues.

- si le Règlement Européen est spécifié dans les Conditions Définitives applicables:

- (a) L'Agent de Calcul pourra signifier une Notification d'Événement de Crédit pour un montant (le **Montant de Remboursement Partiel**) inférieur au Montant Nominal non encore remboursé de chaque Titre en circulation immédiatement avant la signification de cette Notification d'Événement de Crédit. Dans ce cas, les dispositions de la clause I ou de la clause II de cette Partie 1 seront réputées s'appliquer au Montant de Remboursement Partiel; et
- (b) afin d'éviter toute ambiguïté, il est précisé que les dispositions de la clause I et de la clause II de cette Partie 1 s'appliqueront au Montant Nominal non encore remboursé de ce Titre, dans le cas où des Notifications d'Événement de Crédit seraient ultérieurement signifiées au titre d'une Entité de Référence.

IV. Successeurs Multiples

Si les Conditions Définitives concernées stipulent que la clause Successeur(s) Multiple(s) est Applicable, la clause suivante s'appliquera:

Si plusieurs Successeurs ont été identifiés conformément à la définition du terme **Successeur** (voir la Partie 2 de cette Annexe Technique Événement de Crédit), chaque Successeur (**Successeur Multiple**) sera une Entité de Référence pour les besoins des Modalités, mais seulement pour un montant en principal de chaque Titre égal au Montant Nominal divisé par le nombre de Successeurs Multiples de cette Entité de Référence (le **Montant Notionnel Successeur Multiple**), tel que déterminé par l'Agent de Calcul. Si des Successeurs Multiples de cette Entité de Référence (chacun étant dénommé: un **Sous-Successeur Multiple**) ont été identifiés au titre d'une Entité de Référence (un **Successeur Multiple Initial**) qui est elle-même un Successeur Multiple, chaque Sous-Successeur Multiple sera une Entité de Référence pour les besoins des Modalités, mais le Montant Notionnel Successeur Multiple afférent à un Sous-Successeur Multiple sera égal au Montant Notionnel Successeur Multiple afférent à ce Successeur Multiple Initial, divisé par le nombre de Sous-Successeurs Multiples du Successeur Multiple Initial. Après la signification d'une Notification d'Événement de Crédit et, s'il y a lieu, d'une Notification d'Information Publiquement Disponible, au titre d'un Successeur Multiple, les Titres ne seront pas remboursés pour leur montant intégral, mais un montant sera livrable ou le cas échéant payable sur chaque Titre (un **Montant de Remboursement Echelonné**), qui sera déterminé de la même manière, *mutatis mutandis*, que le Montant de Règlement Physique ou Montant de Règlement en Espèces qui aurait autrement été déterminé au titre d'un tel Événement de Crédit pour l'Entité de Référence initiale, si ce n'est qu'il portera sur un montant en principal de chaque Titre égal uniquement au Montant Notionnel Successeur Multiple correspondant. La date de livraison ou paiement, selon le cas, de tout Montant de Remboursement Echelonné (une **Date de Remboursement Echelonné**) sera déterminée de la même manière, *mutatis mutandis*, que la Date de Règlement Physique ou Date de Règlement en Espèces qui aurait autrement été déterminée au titre d'un tel Événement de Crédit pour l'Entité de Référence initiale. Plusieurs Montants de Remboursement Echelonné peuvent être livrés ou payables le même jour au titre de différents Successeurs Multiples, mais une seule Notification d'Événement de Crédit peut être signifiée pour un même Successeur Multiple, à moins qu'une Restructuration ne survienne pour un Successeur Multiple, auquel cas les dispositions de la clause III de cette Partie 1 s'appliqueront à l'égard de chacun de ces Successeurs Multiples. Au moment où l'Agent de Calcul déterminera l'identité des Successeurs Multiples, il déterminera également les modifications devant être apportées aux Modalités et à tous autres documents connexes, afin de préserver en substance l'effet économique pour un Titulaire de Titres de la détention de ses Titres, et l'Émetteur devra faire des efforts raisonnables pour procéder à ces modifications.

Si le Règlement Américain est spécifié dans les Conditions Définitives applicables:

Après la livraison ou le paiement d'un Montant de Remboursement Echelonné au titre d'Événement de Crédit lié à un Successeur Multiple, le Montant Nominal non-remboursé de chaque Titre sera réduit en conséquence, en proportion du montant principal ainsi remboursé et, s'il y a lieu, les intérêts sur chaque Titre courront sur le Montant Nominal réduit de chaque Titre à partir de la date à laquelle ils auraient sinon cessé de courir après la signification d'une Notification d'Événement de Crédit et, le cas échéant, d'une Notification d'Information Publiquement Disponible en relation avec l'Entité de Référence initiale.

Si les Conditions Définitives concernées stipulent que la clause Successeur(s) Multiple(s) est Non Applicable, la clause suivante s'appliquera:

Si plusieurs Successeurs succèdent à l'Entité de Référence et s'il se produit un Événement de Crédit au titre de l'un quelconque d'entre eux, les Titres seront intégralement remboursés par anticipation, conformément à la Méthode de Règlement spécifiée dans les Conditions Définitives applicables, de la même manière que si les Conditions Définitives avaient stipulé que la clause "Première Entité de Référence Défaillante" était Applicable.

V. Notification d'un Défaut de Paiement Potentiel

En cas de survenance d'un Défaut de Paiement Potentiel, tel que déterminé par l'Emetteur à sa seule et entière discrétion, l'Emetteur, ou toute entité agissant pour son compte, déploiera ses efforts raisonnables pour en donner notification aux Titulaires de Titres dès que cela sera raisonnablement possible, conformément à la Modalité 15 des Modalités des Titres de Droit Anglais et des Titres NRC, et à la Modalité 14 des Modalités des Titres de Droit Français.

PARTIE 2 – DEFINITIONS

Montant Accumulé désigne, pour une Obligation Croissante, un montant, déterminé par l'Agent de Calcul, étant égal à (a) la somme formée par (i) le prix original d'émission de cette obligation et (ii) la portion du montant payable à échéance qui a été accumulé selon les modalités de l'obligation (ou comme autrement décrit ci-dessous), moins (b) tous les paiements en espèces effectués par le débiteur selon les obligations qui sous les termes de cette obligation, réduit le montant payable à échéance (à moins que ces paiements en espèces aient été pris en compte dans la clause (a)(ii) ci-dessus), dans chaque cas calculé au premier des termes suivants: (A) la date de survenance de tout événement ayant pour effet de fixer le montant d'une demande au titre du principal ou (B) la [Date de Règlement Physique ou]** la Date d'Évaluation de l'Événement de Crédit applicable [, selon le cas] *. Si une Obligation Croissante doit s'accroître selon une méthode linéaire, ou si le rendement de cette Obligation à échéance n'est pas spécifié dans les modalités de cette Obligation ou ne peut pas en être implicitement déduit, le Montant Accumulé sera calculé, pour les besoins de la clause (a)(ii) ci-dessus, en utilisant un taux égal au rendement à échéance de cette Obligation. Ce rendement sera déterminé sur la base d'un titre de créance semi-annuel équivalent, en utilisant le prix initial d'émission de cette Obligation, et sera déterminé à celle des dates qui surviendra la première entre: (A) la date de survenance de tout événement ayant pour effet de fixer le montant d'une demande au titre du principal et (B) la [Date de Règlement Physique ou]* la Date d'Évaluation de l'Événement de Crédit applicable [, selon le cas] *. Le Montant Accumulé exclura, dans le cas d'une Obligation Échangeable, tout montant qui est payable en vertu des modalités de cette obligation au titre de la valeur des Titres de Capital contre lesquels cette obligation est échangeable.

Obligation Croissante désigne toute obligation (y compris, sans limitation, une Obligation Convertible ou une Obligation Échangeable), dont les modalités prévoient expressément que le montant payable en cas d'exigibilité anticipée ou de remboursement anticipé est égal au prix initial d'émission (qu'il soit égal ou non à la valeur nominale), majoré d'un ou plusieurs montants additionnels (pour tenir compte de toute décote lors de l'émission initiale ou du montant des intérêts courus ou de tout montant en principal non payable sur un base périodique), qui s'accroîtront ou pourront s'accroître, indépendamment du point de savoir si (a) le paiement de ces montants additionnels est soumis à une condition ou déterminé par référence à une formule ou indice, ou (b) des intérêts périodiques en espèces sont également payables. Pour toute Obligation Croissante, le **solde en principal à payer** désigne le Montant Accumulé.

Sauf stipulation contraire des Conditions Définitives applicables, si l'option Crédit Transférable est indiquée comme Applicable sous la rubrique Catégorie de d'Obligation [Livrabable]**[Sélectionnée]* des Conditions Définitives concernées, ces Conditions Définitives seront interprétées comme si cette Caractéristique de l'Obligation [Livrabable]**[Sélectionnée]* avait été sélectionnée comme une Caractéristique l'Obligation

[Livrable]**[Sélectionnée]* uniquement au titre de Crédits et ne s'appliquera que si les Crédits sont couverts par la Catégorie d'Obligation [Livrable]**[Sélectionnée]* spécifiée.

Règlement aux Enchères désigne tout protocole de règlement sur le marché établi et publié par le *Determinations Committee*, qui prévoit l'évaluation de toute obligation d'une Entité de Référence au titre de laquelle un Événement de Crédit s'est produit, et qui sert à déterminer les montants payables entre les parties à une opérations sur dérivés de crédit référant cette Entité de Référence, tel que le tout est défini à la Section 12.1 de l'*ISDA Credit Derivatives Determinations Committees and Auction Settlement Supplement*.

Toute clause exigeant qu'une notification de novation, de transmission ou de transfert d'une Obligation Livrable soit fournie à un *trustee*, agent fiscal, agent administratif, agent de compensation ou agent payeur pour une Obligation Livrable ne sera pas considérée comme une clause exigeant leur consentement, pour les besoins de cette définition de l'Obligation Transférable sur Condition(s).

I.36 Si la clause Date Limite d'Echéance en cas de Restructuration Modifiée est applicable, et si une Obligation Livrable est une Obligation Transférable sur Condition(s) pour laquelle un consentement est nécessaire pour opérer une novation, une transmission ou un transfert, et si le consentement requis est refusé (que ce refus soit ou non motivé, et, s'il est motivé, quel que soit le motif de refus invoqué), ou si ce consentement n'est pas reçu avant la Date de Règlement Physique (auquel cas il sera considéré comme ayant été refusé), les dispositions relatives au règlement en espèces décrites dans la Partie 1 de cette Annexe Technique Evénement de Crédit s'appliqueront.

I.37 La question de savoir si une Obligation Livrable satisfait aux exigences de la définition de l'Obligation Transférable sur Condition(s) sera déterminée à la Date de Règlement Physique de l'Obligation Livrable, en tenant uniquement compte des modalités de l'Obligation Livrable et de tous documents de transfert ou de consentement y afférents qui ont été obtenus par l'Agent de Calcul.

- *si la Méthode de Règlement spécifiée dans les Conditions Définitives applicables est le Règlement en Espèces*:

Une Obligation Sélectionnée qui est soit Transférable, dans le cas des Titres de Créance, soit capable d'être cédée ou transférée par voie de novation à chacun des Cessionnaires Éligibles Modifiés sans qu'il faille obtenir l'accord de quiconque, dans le cas de toute Obligation Sélectionnée autre que des Titres de Créance, étant cependant entendu qu'une Obligation Sélectionnée autre que des Titres de Créance sera une Obligation Transférable sur Condition(s), nonobstant le fait que le consentement de l'Entité de Référence ou du garant (éventuel) d'une Obligation Sélectionnée autre que des Titres de Créance (ou le consentement du débiteur concerné, si une Entité de Référence garantit cette Obligation Sélectionnée), ou de tout agent soit nécessaire pour cette novation, cette transmission ou ce transfert, à condition que les termes de cette Obligation Sélectionnée stipulent que ce consentement ne doit pas être refusé ni retardé sans motif légitime. Toute clause exigeant qu'une notification de novation, de transmission ou de transfert d'une Obligation Sélectionnée soit fournie à un *trustee*, agent fiscal, agent administratif, agent de compensation ou agent payeur pour une Obligation Sélectionnée ne sera pas considérée comme une clause exigeant leur consentement, pour les besoins de cette définition de l'Obligation Transférable sur Condition(s).

La question de savoir si une Obligation Sélectionnée satisfait aux exigences de la définition de l'Obligation Transférable sur Condition(s) sera déterminée à la date à laquelle l'Agent de Calcul déterminera la Valeur Finale pour l'Obligation Sélectionnée, en tenant uniquement compte des modalités de l'Obligation Sélectionnée et de tous documents de transfert ou de consentement y afférents qui ont été obtenus par l'Agent de Calcul.

Sauf stipulation contraire des Conditions Définitives applicables, si l'option Crédit Transférable est indiquée comme Applicable sous la rubrique Caractéristiques d'Obligation [Livrabable]**/[Sélectionnée*] des Conditions Définitives concernées, ces Conditions Définitives seront interprétées comme si cette Caractéristique de l'Obligation [Livrabable]**/[Sélectionnée*] avait été sélectionnée comme une Caractéristique de l'Obligation [Livrabable]**/[Sélectionnée*] uniquement au titre de Crédit et ne s'appliquera que si les Crédit sont couverts par la Caractéristique de l'Obligation [Livrabable]**/[Sélectionnée*] spécifiée.

Obligation Convertible désigne toute obligation qui est convertible, en totalité ou en partie, en Titres de Capital uniquement, au choix des titulaires de cette obligation ou d'un *trustee* ou agent similaire agissant pour le seul compte des titulaires de cette obligation (ou l'équivalent en espèces, que l'option de règlement en espèces soit celle de l'émetteur ou celle des titulaires de cette obligation (ou celle exercée au profit de ceux-ci).

Si un événement devait constituer autrement un Événement de Crédit, cet événement constituera un Événement de Crédit, nonobstant le fait qu'il ait ou non pour cause directe ou indirecte l'un quelconque des éléments suivants, ou qu'il soit ou non possible d'invoquer l'une des exceptions ou l'un des moyens de défense suivants:

- I.38 tout défaut ou défaut présumé de pouvoir ou de capacité d'une Entité de Référence à l'effet de contracter toute Obligation ou, le cas échéant, tout manque ou manque présumé de pouvoir ou de capacité d'un Débiteur Sous-Jacent à l'effet de contracter toute Obligation Sous-Jacente;

- I.41 l'imposition par toute autorité monétaire ou autre, de tout contrôle des changes, de toutes restrictions à la libre circulation des capitaux ou de toutes autres restrictions similaires, ou tout changement de ces contrôles ou restrictions, quelle que soit leur description.

Il n'est pas nécessaire, pour qu'il soit constaté, qu'un Événement de Crédit faisant l'objet de la Notification

d'Événement de Crédit se poursuit à la Date de Détermination de l'Événement de Crédit. Si les Conditions Définitives applicables stipulent que la clause Notification d'Information Publiquement Disponible est Applicable, et si une Notification d'Événement de Crédit contient l'Information Publiquement Disponible, cette Notification d'Événement de Crédit sera aussi considérée comme étant une Notification d'Information Publiquement Disponible.

Date d'Évaluation de l'Événement de Crédit désigne:

L'Agent de Calcul déterminera, sur la base de la pratique du marché en vigueur à cette date, si ces cotations incluent ou excluent les intérêts courus mais impayés, et toutes les cotations seront obtenues selon cette détermination. L'Agent de Calcul exigera de chaque Intervenant de Marché qu'il fournisse des cotations dans la mesure raisonnablement possible, à environ 11.00 du matin heure de Londres ou 11.00 du matin heure de New York, selon le cas.

- I.66 Si l'Agent de Calcul obtient plus de trois Cotations Complètes à la Date d'Evaluation de l'Événement de Crédit, la Valeur de Marché sera la moyenne arithmétique de ces Cotations Complètes, sans tenir compte des Cotations Complètes présentant les valeurs les plus hautes et les valeurs les plus basses (et, si plusieurs de ces Cotations Complètes présentent la même valeur la plus haute ou valeur la plus basse, l'une de ces Cotations Complètes les plus hautes ou les plus basses ne sera pas prise en compte).
- I.67 Si l'Agent de Calcul est incapable d'obtenir plus de trois Cotations Complètes, mais obtient exactement trois Cotations Complètes à la Date d'Evaluation de l'Événement de Crédit, la Valeur de Marché sera la Cotation Complète restant après avoir éliminé les Cotations Complètes les plus hautes et les plus basses (et, si plusieurs de ces Cotations Complètes ont la même valeur la plus haute ou valeur la plus basse, l'une de ces Cotations Complètes les plus hautes ou les plus basses ne sera pas prise en compte).
- I.68 Si l'Agent de Calcul est incapable d'obtenir trois Cotations Complètes, mais obtient exactement deux Cotations Complètes à la Date d'Evaluation de l'Événement de Crédit, la Valeur de Marché sera la moyenne arithmétique de ces Cotations Complètes.
- I.69 Si l'Agent de Calcul est incapable d'obtenir deux Cotations Complètes, mais obtient une Cotation Moyenne Pondérée à la Date d'Evaluation de l'Événement de Crédit, la Valeur de Marché sera cette Cotation Moyenne Pondérée.
- I.70 Si l'Agent de Calcul obtient moins de deux Cotations Complètes et aucune Cotation Moyenne Pondérée à la Date d'Evaluation de l'Événement de Crédit, la Valeur de Marché sera un montant déterminé par l'Agent de Calcul le prochain Jour Ouvré où l'Agent de Calcul obtiendra deux Cotations Complètes ou davantage, ou une Cotation Moyenne Pondérée. Si l'Agent de Calcul est incapable d'obtenir le même Jour Ouvré deux Cotations Complètes ou une Cotation Moyenne Pondérée, au plus tard le quinzième Jour Ouvré suivant la Date d'Evaluation de l'Événement de Crédit, la Valeur de Marché sera réputée être égale à zéro.

Si la date à laquelle la Meilleure Information Disponible devient disponible, est déposée ou est affichée, précède la date d'effet juridique de l'Événement de succession concerné, toutes les hypothèses concernant l'allocation d'obligations entre ou parmi des entités contenues dans la Meilleure Information Disponible sera réputée s'être réalisée à la date d'effet juridique de l'Événement de Succession, que tel soit ou non réellement le cas.

Contestation/Moratoire désigne la survenance des deux événements suivants: (i) un dirigeant autorisé d'une Entité de Référence ou une Autorité Gouvernementale (a) ne reconnaît pas, conteste, dénonce ou remet en cause, en totalité ou en partie, la validité d'une ou plusieurs Obligations pour un montant total au moins égal au Seuil de Défaut, ou (b) déclare ou impose un moratoire, un gel, une suspension ou un report des paiements, que ce soit de fait ou de droit, au titre d'une ou plusieurs Obligations, pour un montant total au moins égal au Seuil de Défaut, et (ii) un Défaut de Paiement, déterminé indépendamment du Seuil de Paiement, ou une Restructuration, déterminée sans considération du Seuil de Défaut, au titre de cette Obligation, survient le quatrième Jour Ouvré ou avant le quatrième Jour Ouvré précédant immédiatement la Date d'Évaluation de la Contestation/Moratoire.

Date d'Évaluation de la Contestation/Moratoire désigne, si un Cas Potentiel de Contestation/Moratoire survient au plus tard le quatrième Jour Ouvré précédant immédiatement la Date d'Echéance Prévues, (i) si les Obligations auxquelles ce Cas Potentiel de Contestation/Moratoire se rapporte incluent des Titres de Créance, la plus tardive des deux dates suivantes: (A) la date se situant 60 jours plus quatre Jours Ouvrés après la date de survenance de ce Cas Potentiel de Contestation/Moratoire, ou (B) la première date de paiement plus quatre Jours Ouvrés en vertu de ce Titre de Créance suivant la date de survenance de ce Cas Potentiel de

Contestation/Moratoire (ou, si cette date est reportée, la date d'expiration de toute Période de Grâce applicable au titre de cette date de paiement), et (ii) si les Obligations auxquelles ce Cas Potentiel de Contestation/Moratoire se rapporte n'incluent pas des Titres de Créance, la date se situant 60 jours plus quatre Jours Ouvrés après la date de survenance de ce Cas Potentiel de Contestation/Moratoire. Si (i) la Condition de Prorogation pour Contestation/Moratoire est satisfaite et (ii) une Date de Détermination de l'Événement de Crédit au titre de cette Contestation/Moratoire ne survient pas pendant la Période de Signification de Notification, la Date d'Évaluation de la Contestation/Moratoire sera la Date d'Échéance (même si une Contestation/Moratoire survient après la Date d'Échéance Prévues).

Condition de Prorogation pour Contestation/Moratoire désigne une condition qui est satisfaite par la signification d'une Notification de Prorogation pour Contestation/Moratoire et, si les Conditions Définitives concernées stipulent qu'elle est Applicable de la signification d'une Notification d'Information Publiquement Disponible par ou pour le compte de l'Émetteur aux Titulaires de Titres, et qui est effective pendant la période décrite à la clause (a) de la définition de la Période de Signification de Notification.

Notification de Prorogation pour Contestation/Moratoire désigne une notification irrévocable délivré(e) par ou pour le compte de l'Émetteur aux Titulaires de Titres qui décrit un Cas Potentiel de Contestation/Moratoire, survenu à la Date de Lancement ou après cette date et au plus tard le quatrième Jour Ouvré précédant immédiatement la Date d'Échéance Prévues. Une Notification de Prorogation pour Contestation/Moratoire doit contenir une description raisonnablement détaillée des faits pertinents pour la détermination du Cas Potentiel de Contestation/Moratoire et indiquer la date de survenance de ce cas. Il n'est pas nécessaire que le Cas Potentiel de Contestation/Moratoire qui fait l'objet de la Notification de Prorogation pour Contestation/Moratoire continue à la date à laquelle la Notification de Prorogation de la Date d'Échéance pour Contestation/Moratoire est effective. Si les Conditions Définitives concernées stipulent que la clause "Notification d'Information Publiquement Disponible" pour Contestation/Moratoire est Applicable, et si une Notification de Prorogation de la Date d'Échéance pour Contestation/Moratoire contient des Informations Publiquement Disponibles, cette Notification de Prorogation de la Date d'Échéance pour Contestation/Moratoire sera réputée être une Notification d'Information Publiquement Disponible.

Titre de Créance ou Crédit Restructuré désigne une Obligation qui est un Titre de Créance ou un Crédit, pour laquelle une Restructuration faisant l'objet d'une Notification d'Événement de Crédit a eu lieu.

Restructuration désigne:

- (a) au titre d'une ou plusieurs Obligation(s) et s'agissant d'un montant total au moins égal au Seuil de Défaut, la survenance de l'un ou plusieurs des événements suivants sous une forme qui lie tous les titulaires de cette Obligation, est convenue entre l'Entité de Référence ou une Autorité Gouvernementale et un nombre suffisant de titulaires de cette ou ces Obligation(s) pour lier tous les titulaires de ou des Obligation(s), ou est annoncée (ou autrement décrétée) par une Entité de Référence ou une Autorité Gouvernementale sous une forme qui lie tous les titulaires de cette ou ces Obligation(s), dès lors que cet événement n'est pas expressément prévu dans les modalités de cette ou ces Obligation(s) en vigueur lors de la plus tardive des deux dates suivantes - la Date de Lancement et la date d'émission ou de création de cette ou ces Obligation(s):
 - (i) toute réduction du taux ou du montant des intérêts payables ou à courir initialement prévus;
 - (ii) toute réduction du montant de la prime ou du principal dû à l'échéance ou aux dates de remboursement prévues initialement;

 - (v) tout changement de la devise ou de la composition de tout paiement en principal ou intérêts, pour passer à toute devise qui n'est pas une Devise Autorisée.
- (b) Nonobstant les stipulations du sous-paragraphe (a) ci-dessus, ne constituent pas une Restructuration:
- (i) le paiement en euro du principal ou d'intérêts dus au titre d'une Obligation libellée à l'origine dans la devise d'un Etat Membre de l'Union Européenne qui a opté ou opterait pour la monnaie unique selon les dispositions du Traité instituant la Communauté Européenne, tel que modifié par le Traité de l'Union Européenne;
 - (ii) la survenance ou l'annonce de l'un des événements décrits aux paragraphes (a)(i) à (a)(v) ci-dessus ou un accord portant sur un tel événement en raison d'une mesure administrative, fiscale, comptable ou technique, survenant dans le cours normal des affaires; et
 - (iii) la survenance ou l'annonce de l'un des événements décrits aux paragraphes (a)(i) à (a)(v) ci-dessus ou un accord portant sur un tel événement, s'il ne résulte pas directement ou indirectement de l'augmentation du risque de crédit de l'Entité de Référence ou d'une détérioration de sa situation financière.
- (c) Aux fins des sous-paragraphes (a) et (b) ci-dessus et, aux fins du sous-paragraphe (d) ci-dessous, à moins que les Conditions Définitives concernées ne stipulent que la clause "Obligation à Porteurs Multiples" est Non applicable, le terme "Obligation" sera réputé inclure des Obligations Sous-Jacentes pour lesquelles l'Entité de Référence agit soit en qualité de fournisseur au titre d'une Garantie Affiliée Eligible soit, si la clause "Toutes Garanties" est stipulée comme étant Applicable dans les Conditions Définitives applicables, en tant que fournisseur au titre d'une Garantie Eligible. Pour une Garantie Eligible et une Obligation Sous-Jacente, les références à l'Entité de Référence faites à la Section (a) ci-dessus seront réputées désigner le Débiteur Sous-Jacente, et la référence à l'Entité de Référence à la Section (b) ci-dessus continuera de désigner l'Entité de Référence.
- (d) A moins que la clause "Obligation à Porteurs Multiples" soit stipulée comme étant Non applicable dans les Conditions Définitives concernées, et nonobstant toute disposition contraire dans les sous-paragraphes (a), (b) ou (c) ci-dessus, la survenance ou l'annonce de l'un quelconque des événements décrits aux clauses (b)(i) à (v), ou l'accord sur un tel événement, ne constituera pas une Restructuration à moins que l'Obligation concernée par l'un de ces événements ne soit une Obligation à Porteurs Multiples.

Date de Restructuration désigne, pour un Titre de Créance ou Crédit Restructuré, la date à laquelle une Restructuration est juridiquement effective selon les termes de la documentation qui régit cette Restructuration.

Date Limite d'Échéance en cas de Restructuration et Obligation Totale Transférable signifie, si cette clause est stipulée comme étant Applicable dans les Conditions Définitives concernées et si la Restructuration est le seul Événement de Crédit précisé dans une Notification d'Événement de Crédit signifiée par ou pour le compte de l'Émetteur, qu'une Obligation [Livrable]**[Sélectionnée]* ne peut être spécifiée dans la [Notification de Règlement Physique]**[Notification d'Évaluation Finale]* qu'à condition qu'elle (i) soit une Obligation Totale Transférable et (ii) ait une date d'échéance finale non postérieure à la Date Limite d'Échéance en cas de Restructuration.

Date Limite d'Échéance en Cas de Restructuration désigne celle des deux dates suivantes qui surviendra la première entre: (x) la date qui tombe/se situe 30 mois après la Date de Restructuration et (y) la dernière date d'échéance finale de tout Titre de Créance ou Crédit Restructuré, sous réserve toutefois que la Date Limite de l'Échéance en Cas de Restructuration ne soit en aucun cas antérieure à la Date d'Échéance Prévues

postérieure à la date qui tombe/se situe 30 mois après la Date d'Echéance Prévues, auquel cas elle sera réputée être la Date d'Echéance Prévues ou la date qui est 30 mois après la Date d'Echéance, selon le cas.

Obligation(s) Sélectionnée(s) désigne, afin de déterminer le Prix Final, tel que spécifié dans la Notification d'Evaluation Finale, sous réserve des dispositions contenues dans la définition de la Date Limite d'Echéance en cas de Restructuration et Obligation Totale Transférable, ou des dispositions contenues dans la Définition de la Date Limite d'Echéance en cas de Restructuration Modifiée et Obligation Transférable sur Condition(s), si les Conditions Définitives concernées stipulent qu'elles sont Applicables, une des obligations suivante:

 - (c) toute loi, tout décret, toute réglementation, toute ordonnance ou tout arrêté applicable, quelle que soit sa description, la promulgation de toute loi, tout décret, toute réglementation, toute ordonnance ou tout arrêté, ou tout revirement de l'interprétation qui en est faite par toute cour, tout tribunal, toute autorité réglementaire ou toute autorité administrative ou judiciaire similaire compétente ou ayant compétence apparente, quelle que soit sa description; ou
 - (d) l'imposition par toute autorité monétaire ou autre, de tout contrôle des changes, de toutes restrictions à la libre circulation des capitaux ou de toutes autres restrictions similaires, ou tout changement de ces contrôles ou restrictions, quelle que soit leur description.
- I.80 uniquement en relation avec une Restructuration applicable à une Entité de Référence Souveraine, toute Obligation Sélectionnée Souveraine Restructurée qui (i) est payable pour un montant égal à son solde en principal à rembourser (à l'exclusion des intérêts courus) ou au Montant Dû et Payable, selon le cas, (ii) ne fait l'objet d'aucune demande reconventionnelle, exception ou autre objection, (autre qu'une demande reconventionnelle, exception ou objection fondée sur les facteurs visés au paragraphe (ii)(a)-(d) ci-dessus), ni d'aucun droit de compensation de l'Entité de Référence ou, le cas échéant, d'un Débiteur Sous-Jacent, et (iii) dans le cas d'une Garantie Eligible autre qu'une Garantie Affiliée Eligible, peut, à la Date d'Evaluation de l'Evénement de Crédit, être exécutée immédiatement par ou pour le compte du ou des titulaires à l'encontre de l'Entité de Référence, pour un montant au moins égal au solde en principal à rembourser (à l'exclusion des intérêts courus) ou au Montant Dû et

Payable, selon le cas, et qui est Livrée indépendamment de l'envoi de toute notification de non-paiement ou de toute exigence procédurale similaire, étant entendu que la déchéance du terme d'une Obligation Sous-Jacente ne sera pas considérée comme une exigence procédurale;

I.81 toute autre obligation d'une Entité de Référence spécifiée comme telle dans les Conditions Définitives applicables.

- *Si les Titres décrits dans les Conditions Définitives applicables sont libellés en euros:* si une Obligation Sélectionnée est libellée dans une devise autre que l'euro, l'Agent de Calcul déterminera l'équivalent en euro de ce montant par référence au prix moyen affiché sur la Page Reuters ECB37 à 12:00, heure de Londres, à la Date d'Évaluation de l'Événement de Crédit, ou de toute autre manière raisonnable commercialement que l'Agent de Calcul déterminera à sa seule discrétion.
- *Si les Titres décrits dans les Conditions Définitives applicables sont libellés en Dollars Américains:* si une Obligation Sélectionnée est libellée dans une devise autre que le Dollar Américain, l'Agent de Calcul déterminera l'équivalent en Dollars Américains de ce montant par référence au taux moyen de la Banque de la Réserve Fédérale de New York à 10:00 du matin, tel qu'affiché sur la Page Reuters FEDSPOT à la Date d'Évaluation de l'Événement de Crédit, ou de toute autre manière raisonnable commercialement que l'Agent de Calcul déterminera à sa seule discrétion.
- *Si les Titres décrits dans les Conditions Définitives applicables sont libellés en Dollars de Hong Kong:* si une Obligation Sélectionnée est libellée dans une devise autre que le Dollar de Hong Kong, l'Agent de Calcul déterminera l'équivalent en Dollars de Hong Kong de ce montant par référence au taux moyen de la Banque de Réserve Fédérale de New York à 10:00 du matin, tel qu'affiché sur la Page Reuters FEDSPOT à la Date d'Évaluation de l'Événement de Crédit, ou d'une autre manière raisonnable commercialement que l'Agent de Calcul déterminera à sa seule discrétion.

Catégorie d'Obligation Sélectionnée désigne l'une des catégories suivantes: Paiement, Dette Financière, Obligation de Référence Uniquement, Titre de Créance, Crédit, ou Titre de Créance ou Crédit, comme précisé dans les Conditions Définitives applicables. Si les Conditions Définitives applicables stipulent la clause Obligation de Référence Uniquement, aucune Caractéristique d'Obligation Sélectionnée ne sera applicable.

Caractéristiques d'Obligation Sélectionnée désigne l'une des caractéristiques suivantes: Non Subordonné(e), Devise de Référence, Devise Locale Exclue, Droit Non Domestique, Cotée, Non Conditionnelle, Emission Non Domestique, Crédit Transférable, Crédit Transférable sur Accord, Transférable, Maturité Maximum, et Titre Nominatif, comme précisé dans les Conditions Définitives applicables. Si l'une des catégories suivantes: Paiement, Dette Financière, Titre de Créance ou Crédit, ou Crédit est précisée comme une Catégorie d'Obligation Sélectionnée et si plusieurs caractéristiques autres que Crédit Transférable et Crédit Transférable sur Accord sont spécifiées comme Caractéristiques d'Obligation Sélectionnée, l'Obligation Sélectionnée pourra inclure tout Crédit qui satisfait à l'une quelconque des Caractéristiques d'Obligation Sélectionnée précisées et ne devra pas satisfaire à toutes ces Caractéristiques d'Obligation Sélectionnée. Pour les besoins des Caractéristiques d'Obligation Sélectionnée applicables à une Obligation Sous-Jacente, les références à l'Entité de Référence seront réputées viser le Débiteur Sous-Jacent.

Méthode de Règlement désigne soit le Règlement Physique (cf. la Partie 1-I-1 de cette Annexe Technique Événement de Crédit) soit le Règlement en Espèces (cf. la Partie 1-II-2 de cette Annexe Technique Événement de Crédit) comme précisé dans les Conditions Définitives applicables.

Protocole de Règlement désigne un protocole de marché, publié par l'ISDA ou toute autre association ou organisation reconnue, choisie par l'Agent de Calcul (y compris, afin d'éviter toute ambiguïté, tout Règlement aux Enchères), qui prévoit l'évaluation de toutes les obligations d'une Entité de Référence au titre desquelles un Événement de Crédit s'est produit, tel que défini ci-dessus, et qui est utilisé pour déterminer les montants payables entre les parties ayant pris part à une opération sur dérivés de crédit référant cette Entité de Référence.

Devise de Règlement désigne la devise spécifiée comme telle dans les Conditions Définitives applicables ou, si aucune devise n'est spécifiée, la devise de la Valeur Nominale des Titres concernés.

Nombre Spécifié désigne le nombre de Sources Publiques précisé dans les Conditions Définitives applicables (ou si aucun nombre n'est précisé, deux).

Agence Souveraine désigne toute agence, toute émanation, tout ministère, tout département ou toute autre autorité (y compris, sans limiter ce qui précède, la banque centrale) d'un Souverain.

Obligation Livrable Souveraine Restructurée désigne une Obligation d'une Entité de Référence Souveraine (a) au titre de laquelle une Restructuration faisant l'objet de la Notification d'Événement de Crédit concernée est survenue et (b) qui appartient à la Catégorie d'Obligation Livrable spécifiée dans les Conditions Définitives applicables et qui présente, conformément à la définition de la "Catégorie d'Obligation Livrable", les Caractéristiques d'Obligation Livrable spécifiées dans les Conditions Définitives applicables, dans chaque cas immédiatement avant la date à laquelle cette Restructuration devient légalement effective conformément aux règles et aux textes en vigueur régissant cette Restructuration, même si, à la suite de cette Restructuration, l'Obligation ne correspond pas à la Catégorie d'Obligation Livrable ou aux Caractéristiques d'Obligation Livrable.

Obligation(s) Livrable(s) Spécifiée(s) désigne les Obligations Livrables de l'Entité de Référence, telles que spécifiées dans la Notification de Règlement Physique (sous réserve de la définition de ce terme).

Devise de Référence désigne une obligation qui est payable dans la devise ou les devises précisées comme telles dans les Conditions Définitives applicables (ou, si la rubrique "Devise de Référence" est mentionnée dans les Conditions Définitives applicables sans qu'aucune devise ne soit précisée, chacune des devises légales du Canada, Japon, Suisse, Royaume Uni, États-Unis d'Amérique et l'euro (et toute devise remplaçante de chacune des devises mentionnées ci-dessus), et ces devises étant dénommées collectivement les Devises **de Référence Standard**).

Subordination désigne, pour une obligation (l'**Obligation Subordonnée**) et d'une autre obligation de l'Entité de Référence à laquelle cette obligation est comparée (l'**Obligation Senior**), un arrangement contractuel, fiduciaire ou accord similaire en vertu duquel (i) au moment de la liquidation, dissolution, réorganisation ou cessation de l'Entité de Référence, les demandes des titulaires de l'Obligation Senior sont satisfaites avant les demandes des titulaires de l'Obligation Subordonnée ou (ii) les titulaires de l'Obligation Subordonnée n'ont pas le droit de recevoir ou conserver des paiements au titre de leurs créances à l'encontre de l'Entité de Référence, à tout moment où l'Entité de Référence sera en arriéré de paiement ou autrement en défaut en vertu de l'Obligation Senior. **Subordonné** sera interprété en conséquence. Afin de déterminer si une Subordination existe ou si une obligation est subordonnée à une autre obligation à laquelle cette obligation est comparée, l'existence de créanciers privilégiés en vertu de la loi ou d'accords de garantie, soutien ou rehaussement de crédit, ne seront pas pris en compte; par exception à ce principe et nonobstant ce qui précède, les priorités précitées résultant de la loi seront prises en compte lorsque l'Entité de Référence est un Souverain.

Obligation(s) de Référence de Remplacement désigne une ou plusieurs obligations de l'Entité de Référence (soit en qualité de débiteur principal soit en qualité de garant au titre d'une Garantie Affiliée Eligible, ou, si les Conditions Définitives stipulent que la clause "Toutes Garanties" est Applicable, en qualité de garant au titre d'une Garantie Eligible) qui se substitueront à une ou plusieurs Obligations de Référence, identifiées par l'Agent de Calcul conformément aux méthodes suivantes:

- (a) Si (i) une Obligation de Référence est remboursée en totalité ou si (ii) de l'avis de l'Agent de Calcul, (A) le montant total dû au titre d'une Obligation de Référence a été substantiellement réduit par voie de

remboursement ou de toute autre manière (autrement qu'à la suite d'un remboursement, d'un amortissement ou de remboursements anticipés effectués aux dates initialement prévues), (B) toute Obligation de Référence est une Obligation Sous-Jacente avec Garantie Eligible d'une Entité de Référence et la Garantie Eligible n'est plus une obligation valable et ayant force de loi pour cette Entité de Référence, dont l'exécution forcée puisse être recherchée conformément à ses termes, sauf si cette situation résulte de l'existence ou de la survenance d'un Evénement de Crédit, ou (C) toute Obligation de Référence cesse d'être une obligation de l'Entité de Référence pour tout autre motif, autre que l'existence ou la survenance d'un Evénement de Crédit, l'Agent de Calcul devra alors identifier une ou plusieurs Obligations qui se substitueront à cette Obligation de Référence.

- (b) Toute Obligation de Référence de Remplacement ou toutes Obligations de Référence de Remplacement devront être une Obligation qui (1) vient au même rang de priorité de paiement (ou, si une telle Obligation n'existe pas, une Obligation, ayant un rang de priorité de paiement supérieur à cette Obligation de Référence) que cette Obligation de Référence, (le rang de priorité de paiement de cette Obligation de Référence étant déterminé à la plus tardive des deux dates suivantes: (A) la Date de Lancement et (B) la date d'émission ou de création de cette Obligation de Référence, à condition qu'aucune modification de ce rang de priorité de paiement ne soit intervenue après cette date), (2) garantit un équivalent économique aussi proche que possible des obligations de l'Émetteur en vertu des Titres, comme l'Agent de Calcul en jugera, et (3) est une obligation de l'Entité de Référence (soit en qualité de débiteur principal soit en qualité de garant au titre d'une Garantie Affiliée Eligible, ou, si les Conditions Définitives concernées stipulent que la clause "Toutes Garanties" est Applicable, en qualité de garant au titre d'une Garantie Eligible). Après notification aux Titulaires de Titres, l'Obligation de Référence de Remplacement ou les Obligations de Référence de Remplacement identifiées par l'Agent de Calcul se substitueront, sans aucune formalité, au(x) Obligation(s) de Référence concernée(s).

L'Agent de Calcul procédera (en son absolue discrétion) aux ajustements qu'il jugera nécessaire d'apporter aux modalités des Titres, afin de préserver l'équivalent économique des obligations de l'Émetteur en vertu des Titres.

succède signifie, pour les besoins de la détermination d'un Successeur, au titre d'une Entité de Référence et de ses Obligations Concernées (ou, selon le cas, des obligations de cette Entité de Référence), qu'une partie autre que cette Entité de Référence (i) prend en charge ces Obligations Concernées ou en devient responsable (ou, selon le cas, des obligations de cette Entité de Référence), en application de la loi ou en vertu d'un contrat, ou (ii) émet des Titres de Créance qui sont échangés contre des Obligations Concernées (ou, selon le cas, des obligations de cette Entité de Référence) et, dans les deux cas, cette Entité de Référence n'est plus débitrice (à titre principal ou secondaire) ou garante de ces Obligations Concernées (ou, selon le cas, des obligations). Les déterminations requises en vertu de la définition du terme "Successeur" devront être faites, dans le cas d'une offre d'échange, sur la base de l'encours en principal d'Obligations Concernées proposé et accepté dans l'échange, et non sur la base de l'encours en principal de Titres de Créance contre lesquels des Obligations Concernées ont été échangées.

Événement de Succession désigne un événement tel qu'une fusion, une consolidation, un regroupement, un transfert d'actifs ou de passifs, une scission, une cession de branche d'activité ou tout autre événement similaire au cours duquel une entité succède aux obligations d'une autre entité, que ce soit en application de la loi ou en vertu d'un contrat. Nonobstant les dispositions qui précèdent, "Événement de Succession" n'inclura pas un événement où les titulaires d'obligations de l'Entité de Référence échangent ces obligations contre des obligations d'une autre entité, à moins que cet échange n'intervienne à l'occasion d'une fusion, d'une consolidation, d'un regroupement, d'un transfert d'actifs ou de passifs, d'une scission, d'une cession de branche d'activité ou de tout autre événement similaire.

Successeur désigne:

- (a) pour une Entité de Référence qui n'est pas une Entité Souveraine, l'entité ou les entités (éventuelles) déterminées de la manière définie ci-dessous:

- (i) Si une entité succède directement ou indirectement à cette Entité de Référence à hauteur de 75 pour cent ou plus des Obligations Concernées de l'Entité de Référence, en raison de la survenance d'un Evénement de Succession, cette entité sera le seul Successeur;
- (ii) Si une seule entité succède directement ou indirectement à cette Entité de Référence à hauteur de plus de 25 pour cent (mais moins de 75 pour cent) des Obligations Concernées de l'Entité de Référence, en raison de la survenance d'un Evénement de Succession, et si l'Entité de Référence ne conserve pas plus de 25 pour cent des Obligations Concernées de l'Entité de Référence, l'entité qui lui succède à hauteur de plus de 25 pour cent des Obligations Concernées sera le seul Successeur;
- (iii) Si plusieurs entités succèdent directement ou indirectement à cette Entité de Référence et, si chacune de ces entités lui succède à hauteur de plus de 25 pour cent au titre des Obligations Concernées de l'Entité de Référence, en raison de la survenance d'un Evénement de Succession, et si l'Entité de Référence ne conserve pas plus de 25 pour cent des Obligations Concernées de l'Entité de Référence, chacune des entités qui lui succèdent à hauteur de plus de 25 pour cent des Obligations Concernées constituera un Successeur et les Modalités des Titres seront modifiées conformément aux dispositions de la définition de l'expression "Successeur Multiple" dans la Partie 1-IV de la présente Annexe Technique Evénement de Crédit;
- (iv) Si une ou plusieurs entités succèdent directement ou indirectement à cette Entité de Référence, si chacune de ces entités lui succède à hauteur de plus de 25 pour cent au titre des Obligations Concernées de l'Entité de Référence, en raison de la survenance d'un Evénement de Succession, et si l'Entité de Référence conserve plus de 25 pour cent des Obligations Concernées de l'Entité de Référence, chacune de ces entités et l'Entité de Référence seront un Successeur et les Modalités des Titres seront modifiées conformément aux dispositions de la définition de l'expression "Successeur Multiple" dans la Partie 1-IV de la présente Annexe Technique Evénement de Crédit;
- (v) Si une ou plusieurs entités succèdent directement ou indirectement à cette Entité de Référence à hauteur d'une fraction des Obligations Concernées de l'Entité de Référence, en raison de la survenance d'un Evénement de Succession, mais si aucune entité ne succède à plus de 25 pour cent des Obligations Concernées de l'Entité de Référence et si l'Entité de Référence continue d'exister, il n'y aura pas de Successeur et l'Evénement de Succession n'affectera en aucune manière l'Entité de Référence ni les Modalités des Titres; et
- (vi) Si une ou plusieurs entités succèdent directement ou indirectement à cette Entité de Référence à hauteur d'une fraction des Obligations Concernées de l'Entité de Référence, en raison de la survenance d'un Evénement de Succession, mais si aucune entité ne succède plus de 25 pour cent des Obligations Concernées de l'Entité de Référence et si l'Entité de Référence cesse d'exister, l'entité qui succède à hauteur du pourcentage le plus élevé des Obligations Concernées (ou, si deux ou plus de deux entités succèdent à hauteur d'un pourcentage égal des Obligations Concernées, celle de ces entités qui succède à hauteur du pourcentage le plus élevé des Obligations Concernées de l'Entité de Référence) de l'Entité de Référence sera le seul Successeur.

L'Agent de Calcul sera chargé de déterminer, dès que cela sera pratiquement possible après qu'il ait eu connaissance de l'Evénement de Succession concerné (mais 14 jours calendaires au moins après la date légale effective de l'Evénement de Succession), avec effet à compter de la date légale effective de l'Evénement de Succession, si les seuils concernés exposés ci-dessus ont été atteints ou, selon le cas, quelle entité répond aux conditions posées au paragraphe (vi) ci-dessus. Dans le calcul effectué pour savoir si les pourcentages utilisés pour déterminer les seuils concernés exposés ci-dessus ont été atteints ou, selon le cas, quelle entité répond aux conditions posées au paragraphe (vi) ci-dessus,

l'Agent de Calcul devra utiliser, pour chaque Obligation Concernée applicable comprise dans ce calcul, le montant de la dette relative à cette Obligation Concernée, qui figure dans la Meilleure Information Disponible. Une notification sera envoyée par ou pour le compte de l'Emetteur aux Titulaires de Titres prouvant l'Événement de Succession et fournissant toutes les indications appropriées nécessaires en ce qui concerne les Successeurs(s), le Montant Notionnel de Successeur Multiple (si applicable) et le changement de [] ou des Obligations de Référence.

- (b) pour une Entité de Référence Souveraine, Successeur désigne tout successeur direct ou indirect à cette Entité de Référence indépendamment du fait de savoir s'il assume une quelconque obligation de cette Entité de Référence.

- I.83 les restrictions imposées sur les investissements autorisés, telles les restrictions d'investissement légales ou réglementaires pesant sur les compagnies d'assurance et les fonds de pensions.

Sauf stipulation contraire des Conditions Définitives applicables, si la Caractéristique d'Obligation Transférable [Livrible]**[Sélectionnée]* est stipulée comme étant Applicable dans les Conditions Définitives concernées, ces Conditions Définitives seront interprétées comme si cette Caractéristique d'Obligation [Livrible]**[Sélectionnée]* avait été spécifiée comme une Caractéristique d'Obligation [Livrible]**[Sélectionnée]* uniquement au titre des Obligations [Livrible]**[Sélectionnée]* qui ne sont pas des Crédits (et s'appliqueront uniquement dans la mesure où des obligations autres que des Crédits sont couvertes par la Catégorie d'Obligation [Livrible]**[Sélectionnée]* spécifiée).

D) ANNEXE TECHNIQUE PORTEFEUILLE D'ACTIFS GERES

Pour les paiements de Titres Indexés (que ce soit en principal et/ou intérêts et que ce soit à l'échéance ou autrement) calculés par référence à un portefeuille d'actifs (panier de fonds, fonds unique ou instruments financiers sous-jacents à un indice), l'annexe technique suivante (**l'Annexe Technique Portefeuille d'Actifs Gérés**) complète le Prospectus du Programme d'Emission de Titres de Créance.

Les risques spécifiques liés à un investissement dans ces Titres sont exposés sous le titre "Facteurs de Risque" du Prospectus du Programme d'Emission de Titres de Créance.

L'Annexe Technique Portefeuille d'Actifs Gérés s'appliquera aux Conditions Définitives relatives à une émission particulière de Titres, si ces Conditions Définitives stipulent ce qui suit:

"Les dispositions de l'Annexe Technique Portefeuille d'Actifs Gérés s'appliquent aux présentes Conditions Définitives et doivent être lues conjointement avec celles-ci. En cas de contradiction entre l'Annexe Technique Portefeuille d'Actifs Gérés et les présentes Conditions Définitives, les présentes Conditions Définitives prévaudront."

Les termes employés dans la présente Annexe, à moins qu'ils ne soient spécifiquement définis dans celle-ci, auront la même signification que celle qui leur est donnée dans le Prospectus du Programme d'Emission de Titres de Créance.

I. DEFINITIONS GENERALES

Panier désigne un portefeuille synthétique d'actifs dont la composition est identique à celle décrite ci-dessous dans la définition du terme "Portefeuille"; étant cependant entendu que sa valorisation peut être exprimée en termes de chiffres simples ou de pourcentage simple plutôt que par référence à un montant de devise; cela s'applique au Panieri, au Panierf, et au Paniert qui désignent:

Panieri = 100 ou 100 pour cent ou tout autre chiffre ou pourcentage précisé dans les Conditions Définitives applicables.

Panierf = Panieri \times (Valeur du Panier par Titre à la Date d'Evaluation Finale / Valeur du Panier par Titre à la Date de Détermination Initiale);

Paniert = Panieri \times (Valeur du Panier par Titre à la Date d'Evaluation "t" / Valeur du Panier par Titre à la Date de Détermination Initiale);

Sinon, toutes les références faites dans les présentes au Portefeuille, à la Valeur du Portefeuille et à la Valeur du Portefeuille par Titre seront réputées viser respectivement le Panier, la Valeur du Panier et la Valeur du Panier par Titre; afin d'éviter toute ambiguïté, toutes les références faites dans les présentes au Portefeuillei, Portefeuillef et Portefeuillet seront réputées viser le Panieri, le Panierf et le Paniert à l'exception des dispositions précitées.

Capital Emprunté désigne le montant total en principal des emprunts contractés au titre du recours à l'effet de levier du Portefeuille, reflété par le fait que l'Exposition à l'Actif Risqué excède 100 %.

Jour Ouvré désigne les jours spécifiés comme tels dans les Conditions Définitives applicables.

Agent de Calcul désigne l'agent spécifié dans les Conditions Définitives, responsable du calcul du Montant de Remboursement Final et/ou des intérêts payables et/ou du Montant de Remboursement Anticipé, selon le cas, et réalisant toute autre détermination dont il est déclaré responsable par cette annexe. Les calculs et déterminations de l'Agent de Calcul seront définitifs et obligatoires pour l'Émetteur, le Garant, l'Agent, le Gérant de Portefeuille et les Titulaires de Titres, sauf erreur manifeste ou prouvée.

Espèces désigne toutes espèces et tous dépôts à court terme, titres zéro coupon, obligations synthétiques zéro coupon, papier commercial, contrats murabaha et/ou tous autres instruments négociables du marché monétaire.

Cas de Perturbation désigne tout événement échappant au contrôle de l'Agent de Calcul, empêchant l'Agent de Calcul de déterminer la Valeur du Portefeuille, y compris, sans caractère limitatif, une panne des moyens de communication utilisés pour déterminer la Valeur du Portefeuille, la non publication ou suspension du calcul de la Valeur Liquidative par Part de tout Fonds ou tout événement de toute nature, y compris la liquidation de tout Fonds, qui empêche la communication de cette Valeur Liquidative, tel que ce calcul ou cette communication doit intervenir conformément au Prospectus du Fonds correspondant.

Date d'Evaluation Finale désigne, sauf disposition contraire des Conditions Définitives applicables, le dixième Jour Ouvré précédant la Date d'Echéance, étant entendu que si ce Jour Ouvré n'est pas une Date d'Evaluation, la Date d'Evaluation Finale sera la Date d'Evaluation immédiatement suivante, étant en outre entendu que dans le cas où aucun des Jours Ouvrés qui suivent, jusqu'au cinquième Jour Ouvré (compris) précédant la Date d'Echéance n'est une Date d'Evaluation, le cinquième Jour Ouvré précédant la Date d'Echéance sera réputé être la Date d'Evaluation Finale et l'évaluation correspondante sera faite à cette date par l'Agent de Calcul agissant de bonne foi, sur la base de la valeur estimée de chaque Actif Risqué et/ou de chaque Actif non Risqué et/ou des composants Espèces, à défaut de communication d'une valeur officielle.

Fonds désigne tout Fonds Risqué ou Fonds Non Risqué.

Prospectus du Fonds désigne, pour un Fonds, le document décrivant ce fonds et définissant, entre autres, le processus de souscription et de remboursement des Parts de ce Fonds et les droits attachés à ces Parts, tel que ce document pourra être complété et modifié de temps à autre, étant précisé que ce document pourra être obtenu gratuitement aux guichets de l'Agent au Luxembourg.

Contrepartie de Couverture désigne tout entité qui détient les Parts du Fonds pour les besoins de tout accord de couverture conclu relatif aux Titres et, le cas échéant, relatif à la gestion du portefeuille des Actifs sous-jacents des Titres.

Date de Détermination Initiale désigne la date à laquelle la composition/structure initiale du Portefeuille est déterminée; sauf disposition contraire des Conditions Définitives applicables, cette date sera la Date d'Émission des Titres.

Exposition Maximale désigne l'exposition maximale du Portefeuille à l'Actif Risqué, telle que spécifiée dans les Conditions Définitives applicables et exprimée en pourcentage de la Valeur du Portefeuille.

Exposition Minimale désigne l'exposition minimale du Portefeuille à l'Actif Risqué, telle que spécifiée dans les Conditions Définitives applicables et exprimée en pourcentage de la Valeur du Portefeuille.

Valeur Liquidative désigne, pour un Fonds, la Valeur Liquidative de ce Fonds, telle que calculée de temps à autre par le gérant de ce Fonds ou toute entité désignée par ce Fonds à cet effet ou telle qu'estimée autrement par l'Agent de Calcul de bonne foi, comme mentionné dans les définitions de Actif 1 et Actif 2.

Montant Nominal désigne la Valeur Nominale de chaque Titre, indiquée dans les Conditions Définitives applicables.

Actif Non Risqué désigne le ou les Fonds Non Risqués, les Espèces et les Autres Instruments (éventuels) y afférents.

Fonds Non Risqué désigne toute entité, tout trust ou toute autre forme d'organisme de placement collectif dont la majorité de ses actifs est investie en instruments du marché monétaire et/ou titres de créance ou exposée à ceux-ci, tels que sélectionnés par le Gérant de Portefeuille.

Titres en Circulation désigne, à toute date, les Titres existants détenus à cette date par tous les Titulaires de Titres, ou, pour les besoins de la définition de la Valeur du Portefeuille par Titre, par tous les Titulaires de Titres autres que la Contrepartie de Couverture ou toute entité spécifiée dans les Conditions Définitives applicables, le cas échéant.

Autres Instruments désigne toutes transactions sur instruments financiers à terme, contrat d'échange, garantie de taux plafond, garantie de taux plancher et/ou option ou autres transactions sur produits dérivés conclues en relation avec l'Actif Risqué ou l'Actif Non Risqué.

Objectif de Performance désigne la performance périodique et/ou finale ciblée au mieux par le Gérant de Portefeuille, exprimée en pourcentage ou en taux plus une marge, étant entendu qu'aucune assurance ou garantie n'est donnée, en aucun cas, que l'Objectif de Performance sera atteint à tout moment, y compris à la Date d'Echéance.

Portefeuille désigne un portefeuille d'actifs comprenant (i) une sélection de Fonds Risqués, un Fonds Risqué unique ou tout(s) autre(s) type(s) d'actif(s) risqué(s) spécifié(s) dans les Conditions Définitives applicables constituant, ensemble avec les Autres Instruments (s'il y en a) liés à eux, l'**Actif Risqué** et, le cas échéant, (ii) le(s) Fonds Non Risqué(s) et les Espèces constituant ensemble avec les Autres Instruments (s'il y en a) liés à eux, l'**Actif Non Risqué**. Le cas échéant, tout Capital Emprunté fera partie intégrante du Portefeuille, étant entendu qu'en tant que passif, il viendra en déduction des actifs précités. Les Conditions Définitives concernées spécifieront la répartition des actifs du Portefeuille entre les composants de l'Actif Risqué applicable à la Date de Détermination Initiale, étant entendu que cette spécification peut être purement indicative.

Le Portefeuille peut être géré et alloué par le Gérant de Portefeuille de différentes manières, telles que détaillées ci-dessous (sauf disposition contraire des Conditions Définitives applicables):

(a) Gestion de Portefeuille

- Si les Conditions Définitives applicables spécifient la méthode de **Sélection Dynamique**, le Gérant de Portefeuille gèrera l'Actif Risqué en son absolue discrétion, sans aucune limitation du nombre et/ou de la pondération des composants de l'Actif Risqué; il peut, en particulier, enlever un composant de l'Actif Risqué ou y ajouter un ou plusieurs nouveaux composants. Les Conditions Définitives peuvent stipuler des règles, directives ou contraintes spécifiques en ce qui concerne les pouvoirs ou facultés discrétionnaires en matière de Gestion du Portefeuille pour les Actifs Risqués.
- Si les Conditions Définitives applicables spécifient la méthode de **Sélection Permanente**, le Gérant de Portefeuille n'est pas autorisé à supprimer ou ajouter des composants à l'Actif Risqué, étant cependant entendu que (i) les pondérations respectives des composants de l'Actif Risqué peuvent être modifiées par le Gérant de Portefeuille et (ii) le Gérant de Portefeuille et/ou l'Agent de Calcul agissant de bonne foi peuvent apporter des ajustements à l'Actif Risqué, à la suite de la survenance d'un Evénement Extraordinaire.

(b) Allocation du Portefeuille

En allouant les actifs du Portefeuille, le Gérant de Portefeuille prendra en compte (i) les variations de la performance de l'Actif Risqué et (ii) les conditions spécifiques du marché. Le Gérant de Portefeuille peut permettre que l'exposition du Portefeuille à l'Actif Risqué

(l'"Exposition à l'Actif Risqué", soit le ratio Valeur d'Actif Risqué/Valeur du Portefeuille) varie de l'Exposition Minimale (0 % signifie que le Portefeuille est exclusivement investi dans l'Actif Non Risqué) jusqu'à l'Exposition Maximale (100 % ou plus signifie que le Portefeuille est exclusivement investi dans l'Actif Risqué). Pour éviter toute ambiguïté, une Exposition à l'Actif Risqué excédant 100 % reflète la caractéristique de levier de l'investissement dans le Portefeuille (Actif Risqué du Portefeuille partiellement financé par des emprunts).

- Si les Conditions Définitives applicables stipulent la clause **Allocation de Portefeuille**, le Gérant de Portefeuille allouera les actifs du Portefeuille entre les composants appropriés sur une base dynamique, selon la méthodologie connue sous le sigle APD ("Assurance de Portefeuille Dynamique" ou DPI pour *Dynamic Portfolio Insurance*) ou selon la méthodologie APPC ("l'Assurance de Proportion de Portefeuille Constant" ou CPPI pour *Constant Portfolio Proportion Insurance*) ou la méthodologie APAO ("Assurance de Portefeuille Axé sur l'Objectif" ou ODPI pour *Objective Driven Portfolio Insurance*) (ou selon toute autre méthodologie similaire spécifiée dans les Conditions Définitives) afin d'atteindre (i) une caractéristique de protection du capital pour les Titres et/ou (ii) une participation dans la croissance de la valeurs des actifs compris dans le Portefeuille et/ou (iii) un Objectif de Performance dans le cas de l'APAO.
- Si les Conditions Définitives applicables stipulent la clause **Allocation de Panier** APD, l'allocation parmi les composants appropriés du Panier sera gérée de manière dynamique conformément à la méthodologie baptisée APD ou la méthodologie APPC, mais en faisant usage de certains paramètres arbitraires qui ne permettront pas de protéger le capital, comme ceux qui suivent:
 - le Gérant de Portefeuille fera périodiquement des observations de la différence (cette différence étant l'"Amortisseur") entre (i) la Valeur du Portefeuille par Titre à une date t donnée et (ii) le Niveau de Référence (exprimé en pourcentage) à la même date multiplié par la Valeur du Portefeuille par Titre à la Date de Détermination Initiale.
 - le Gérant de Portefeuille peut déterminer, à sa discrétion absolue, la fourchette dans laquelle le ratio de la Valeur d'Actif Risqué par Titre par rapport à l'Amortisseur (ce ratio étant le "**Multiplicateur**") doit se maintenir. Si le Gérant du Portefeuille observe à tout moment que le Multiplicateur a dévié de cette fourchette ciblée, il peut ajuster l'allocation des composants du Panier en réduisant ou augmentant (comme approprié) l'allocation d'Actif Risqué dans le Panier de telle sorte que le Multiplicateur redescende dans la fourchette ciblée, en respectant l'Exposition Maximale et l'Exposition Minimale. Alternativement, le Multiplicateur peut être un facteur fixe prédéterminé qui génère une norme de Valeur d'Actif Risqué (ou Exposition à l'Actif Risqué) sur la base du niveau de l'Amortisseur. L'ajustement de l'allocation du Panier n'interviendra que si les chiffres réels divergent de la norme d'un pourcentage supérieur au pourcentage spécifié; si cette alternative s'applique, les Conditions Définitives applicables spécifieront un Multiplicateur Fixe et un Pourcentage Spécifié pour l'Exposition à l'Actif Risqué.
- Si les Conditions Définitives applicables stipulent la clause **Allocation de Panier selon un Plafond de Volatilité**, le Gérant de Portefeuille gèrera de manière dynamique l'allocation du Panier selon la méthodologie du Plafond de Volatilité définie ci-dessous.

Rééquilibrage de la Volatilité: le Gérant de Portefeuille déterminera le niveau de la Volatilité du Panier chaque Jour Ouvré t (La **Volatilité (t) du Panier**) selon la formule ci-dessous. Si la Volatilité_(t) du Panier excède le Niveau du Plafond de Volatilité ou est inférieure au Niveau du Plancher de

Volatilité, le Gérant de Portefeuille procédera alors à un rééquilibrage du Panier en augmentant/diminuant l'exposition à l'Actif Non Risqué et en diminuant/augmentant l'exposition à l'Actif Risqué afin d'atteindre le Niveau de Recalcul de la Volatilité.

Les objectifs de pondérations des 2 composants du Panier pendant un Jour Ouvré sont définies comme suit:

Objectif de Pondération de l'Actif Risqué (t) =

[Max[Exposition minimum; Min (Exposition maximum; Objectif de Pondération de l'Actif Risqué (t-1) × Niveau de Recalcul de la Volatilité / Volatilité(t) du Panier)]

Objectif de Pondération de l'Actif Non Risqué (t) = 1 – Objectif de Pondération(t) de l'Actif Risqué

Où **t-1** est le premier Jour Ouvré après la date t

A la Date de Détermination Initiale (t=0) Objectif de Pondération (t-1) de l'Actif Risqué = Exposition Maximum.

Le rééquilibrage du Panier sera effectué dans les 3 (ou 5) Jours Ouvrés suivant ladite date t, sans obligation de résultat, et sous réserve du délai de valorisation, de la condition de liquidité et d'exécution des constituants de l'Actif Risqué.

Une fois qu'une nouvelle allocation entre l'Actif Risqué et l'Actif Non Risqué est déterminée, elle demeure constante à moins que la Volatilité du Panier n'entraîne un rééquilibrage en vertu de ces règles d'allocation.

Le **Niveau du Plafond de Volatilité**, le **Niveau du Plancher de Volatilité** et le **Niveau de Recalcul de la Volatilité** correspondent au pourcentage concerné précisé dans les Conditions Définitives applicables.

Volatilité(t) du Panier désigne, pour chaque Jour Ouvré t, l'Ecart Type Annualisé de la Performance Quotidienne de l'Actif Risqué multiplié par la Pondération (t-1) Cible de l'Actif Risqué. La Volatilité du Panier sera déterminée pour la première fois à la Date de Détermination Initiale, sous réserve du délai de valorisation, de la condition de liquidité et d'exécution des constituants de l'Actif Risqué.

Ecart Type Annualisé:
$$\sigma = \sqrt{260 \times \frac{1}{n-1} \sum_{i=0}^{19} R_{t-i}^2}$$

Où:

n est le nombre de Jour Ouvrés de la Période Glissante.

R_{t-i} est la Performance Quotidienne de l'Actif Risqué pendant le Jour Ouvré *t-i* de la Période Glissante.

i désigne l'ordre numérique (de 0 à 19) des Jours Ouvrés lors d'une Période Glissante.

Période Glissante désigne une période de 20 Jours Ouvrés à compter de chaque Jour Ouvré se produisant à partir du vingt et unième Jour Ouvré inclus précédant la Date de Détermination Initiale ou toute autre période éventuellement précisée dans les Conditions Définitives applicables.

Performance Quotidienne de l'Actif Risqué désigne, pendant chaque Jour Ouvré t, la différence entre la Valeur de l'Actif Risqué pendant ledit Jour Ouvré et la Valeur de l'Actif Risqué pendant le Jour Ouvré précédent, divisé par la Valeur de l'Actif Risqué pendant le Jour Ouvré précédent.

ETANT ENTENDU QUE SI "Un à Un" est spécifié dans les Conditions Définitives applicables, les Titres seront alors simplement indexés sur le(s) constituant(s) de l'Actif Risqué, sans qu'aucune stratégie de gestion ou d'allocation soit mise en place (sauf disposition contraire des Conditions Définitives applicables), (ii) si les Conditions Définitives applicables stipulent la clause "**Stratégie de Levier**", le Portefeuille se composera uniquement de l'Actif Risqué et demeurera en permanence exposé à cet Actif Risqué sans aucune autre stratégie de gestion ou allocation que la redéfinition périodique de l'Exposition à l'Actif Risqué à un niveau donné (le "**Niveau de l'Exposition Cible**") et (iii) si les Conditions Définitives applicables stipulent la clause "**Stratégie Spécifique**", le Portefeuille sera géré et alloué conformément aux règles spécifiques détaillées dans ces Conditions Définitives.

ET ETANT EN OUTRE ENTENDU QUE l'Actif Risqué demeurera toujours soumis aux dispositions d'ajustement stipulées à la section 4 ci-dessous.

Portefeuille_i désigne la Valeur du Portefeuille par Titre à la Date de Détermination Initiale, égale à un montant dans la Devise Prévue représentant un pourcentage fixe du Montant Nominal, tel que spécifié dans les Conditions Définitives applicables. Portefeuille_i reste soumis à tous ajustements appropriés réalisés de bonne foi par l'Agent de Calcul, en relation avec certains événements affectant tout Fonds et/ou toute Part et/ou tout autre Actif Risqué sous-jacent.

Portefeuille_f désigne la Valeur du Portefeuille par Titre à la Date de Détermination Finale, telle que déterminée par l'Agent de Calcul. Le Portefeuille_f reste soumis à tous ajustements appropriés réalisés de bonne foi par l'Agent de Calcul, en relation avec certains événements affectant tout Fonds et/ou toute Part et/ou tout autre Actif Risqué sous-jacent.

Si aucun Gérant de portefeuille n'est spécifié dans les Conditions Définitives applicables, l'Agent de Calcul assumera et exercera les tâches et fonctions du Gérant de Portefeuille décrites dans les présentes, ces tâches et fonctions n'impliquant aucune gestion active dans ce cas particulier.

Niveau de Référence désigne, dans le contexte d'une Allocation du Panier et comme précisé dans les Conditions Définitives applicables, un pourcentage du Panier, augmentant d'un niveau initial à la Date de Détermination Initiale jusqu'à un niveau final à la Date d'Evaluation Finale. Le Niveau de référence est destiné à être utilisé comme un outil de gestion par le Gérant de Portefeuille.

1) En relation avec tout Fonds Risqué / Part

Les événements listés de (a) à (n) ci-dessous s'appliquent si les Conditions Définitives stipulent la clause "Sélection Permanente". Les mêmes événements s'appliquent si les Conditions Définitives stipulent la clause "Un à Un", à l'exception des paragraphes (a), (c), (f) et (k), et seuls les paragraphes (b), (d), (e) et (l) s'appliquent si les Conditions Définitives stipulent la clause "Sélection Dynamique"; en outre, dans ce dernier cas (clause Sélection Dynamique), les conséquences visées aux (i) et (ii) ne s'appliquent pas.

En cas de survenance de l'un quelconque des événements suivants (chacun d'eux étant un Evènement Extraordinaire):

- (a) la clôture, pour un motif quelconque, de toutes souscriptions dans le Fonds;
- (b) une modification substantielle ou matérielle des conditions du Fonds (y compris, sans limitation, un changement de la devise, de la stratégie, des objectifs, des lignes directrices et/ou des politiques d'investissement du Fonds), une modification du Prospectus du Fonds ou tout événement ou tout changement affectant le Fonds et/ou les Parts (y compris, sans limitation, l'interruption, l'arrêt, la suspension ou l'ajournement du calcul ou de la publication de la Valeur Liquidative des Parts, ou la disparition de la Valeur Liquidative des Parts résultant plus particulièrement, mais sans caractère limitatif, de la liquidation ou de la fermeture du Fonds, ou de l'annulation de l'enregistrement ou de l'agrément par toute autorité compétente à l'égard du Fonds) si, de l'avis raisonnable de l'Agent de Calcul et/ou du Gérant du Portefeuille, cette situation est susceptible d'avoir un effet significatif sur la valeur des Parts;
- (c) une modification substantielle de la proportion du type d'actifs dans lesquels le Fonds peut investir, comme déterminé de bonne foi par l'Agent de Calcul et/ou le Gérant du Portefeuille, qui ne conduit pas nécessairement à une modification du Prospectus du Fonds, et qui, de l'avis raisonnable de l'Agent de Calcul, a ou est susceptible d'avoir un effet significatif sur tout accord de couverture à conclure en ce qui concerne les Titres;
- (d) une réduction pour toute raison (y compris, sans caractère limitatif, la réduction du Montant Nominal Total des Titres en Circulation à un montant inférieur à 1.000.000 euros ou son équivalent dans la Devise Prévvue) du nombre de Parts détenues ou susceptibles d'être détenues par la Contrepartie de Couverture ou l'une de ses sociétés liées, en tant que détenteur de Parts de Fonds à des fins de couverture ou de gestion;
- (e) l'inexécution ou l'exécution partielle, ou une suspension par le Fonds, pour toute raison, d'un ordre de souscription ou de rachat donné par la Contrepartie de Couverture ou l'une de ses sociétés liées, à des fins de couverture ou de gestion;
- (f) une augmentation après la Date d'Émission des commissions ou autres taxes grevant l'achat ou le remboursement de Parts, ou tout changement du régime fiscal affectant défavorablement tout paiement fait par le Fonds aux détenteurs des Parts du Fonds, et qui, de l'avis raisonnable de l'Agent de Calcul et/ou du Gérant du Fonds, a un effet ou est susceptible d'avoir un effet significatif sur tout accord de couverture conclu en ce qui concerne les Titres;
- (g) une augmentation de la participation détenue dans le Fonds sous-jacent par la Contrepartie de Couverture ou l'une quelconque de ses sociétés liées à concurrence de 20 pour cent (sauf disposition contraire des Conditions Définitives), ou une réduction du total des actifs nets du Fonds à moins de 25.000.000 euros (sauf disposition contraire des Conditions Définitives) qui,

de l'avis raisonnable de l'Agent de Calcul et/ou du Gérant du Fonds, a ou est susceptible d'avoir un effet significatif sur les conditions de gestion de Fonds et/ou ses frais d'exploitation;

- (h) une conversion des Parts dans une autre catégorie de Parts ou de titres, ou la subdivision, le regroupement, la fusion, la vente ou tout autre transfert de la totalité ou de la quasi-totalité des actifs du Fonds à un tiers;
- (i) une distribution de capital ou distribution extraordinaire en espèces qui ne correspond pas à la politique normale de dividendes du Fonds;
- (j) une réduction du total des actifs nets du Fonds d'un montant qui, de l'avis raisonnable de l'Agent de Calcul et/ou du Gérant du Fonds, a ou est susceptible d'avoir un effet significatif sur les conditions de gestion de Fonds et/ou ses frais d'exploitation;
- (k) l'existence, telle que déterminée par l'Agent de Calcul, de toute irrégularité dans le calcul de la Valeur Liquidative par Part, si la valeur résultant de ce calcul diffère du niveau auquel les Parts peuvent être achetées ou remboursées;
- (l) tous les autres événements similaires qui, de l'avis raisonnable de l'Agent de Calcul et/ou du Gérant du Fonds, ont ou sont susceptibles d'avoir un effet significatif sur les conditions de tous accords de couverture conclus en ce qui concerne les Titres;
- (m) la liquidation, la dissolution, la démission, le regroupement, l'absorption ou la révocation du gérant et/ou du trustee/dépositaire du Fonds, ou l'un quelconque d'entre eux ferait l'objet d'une procédure de faillite ou réglementaire;
- (n) l'annulation, la suspension, ou la révocation de l'enregistrement ou de l'agrément du Fonds par toute entité de contrôle, légale, réglementaire ou gouvernementale ayant compétence à l'égard du Fonds;
- (o) la liquidation, la dissolution, la démission, le regroupement, l'absorption ou la révocation du Gérant du Portefeuille.

l'Agent de Calcul, après consultation du Gérant de Portefeuille (le cas échéant) peut:

- (i) ajuster la définition du Portefeuille_i, du Portefeuille_t et/ou du Portefeuille_f comme le Gérant de Portefeuille l'estime approprié pour les besoins du sous-paragraphe (h) uniquement, remplacer les Parts par le type et le nombre de parts ou d'autres titres et actifs auxquels un titulaire de Titres peut prétendre lors d'une telle conversion, d'une telle subdivision, d'un tel regroupement, d'une telle fusion, d'une telle vente ou d'un tel transfert, au titre de ses droits détenus immédiatement avant cette conversion, cette subdivision, ce regroupement, cette fusion, cette vente ou ce transfert, afin de déterminer la valeur des Parts et de procéder à tout ajustement (si nécessaire) de la valeur de ces Parts et/ou des modalités des Titres; ou
- (ii) remplacer le Fonds, en tout ou partie, par un nouvel actif sous-jacent présentant des caractéristiques économiques similaires, ou intégrer un actif risqué sous-jacent supplémentaire dans le Portefeuille, et ajuster en conséquence, si besoin est, la définition du Portefeuille_i, du Portefeuille_t et/ou du Portefeuille_f et les modalités des Titres; étant entendu que tout remplacement partiel et toute intégration d'un actif risqué supplémentaire ne pourront être effectués que par l'entité désignée comme Gérant de Portefeuille, tel que spécifié dans les Conditions Définitives applicables et non par l'Agent de Calcul; ou
- (iii) considérer cet événement comme un événement déclenchant un remboursement anticipé des Titres (ci-après un **Cas de Remboursement Anticipé**). Si un Cas de Remboursement Anticipé survient, les Titres ne seront plus liés à la performance de l'Actif Risqué et les obligations de l'Émetteur en vertu des Titres seront résiliées, moyennant quoi l'Émetteur paiera ou fera payer un Montant de Remboursement Anticipé, de la même manière que s'il

s'agissait d'un remboursement pour raisons fiscales ou d'un Cas de Défaut, sur la base de la Valeur de Marché, telle que définie à l'Article 7(g) des Modalités des Titres de Droit Anglais et des Titres Dématérialisés, et à l'Article 6(g) des Modalités des Titres de Droit Français; étant entendu que le Montant de Remboursement Anticipé dépendra, selon le cas, en tout ou partie des montants reçus grâce au dénouement des accords de couverture conclus en relation avec les Titres.

Si l'événement cesse à la date ou après la date à laquelle l'Agent de Calcul et/ou le Gérant de Portefeuille prennent la décision de rembourser les Titres de manière anticipée, aucun Titulaire de Titres ne pourra prétendre à un paiement quelconque sur les Titres, que ce soit un paiement d'intérêts ou autrement, autre que le Montant de Remboursement Anticipé, et ni l'Émetteur, ni l'Agent Placeur, ni le Gérant de Portefeuille ni l'Agent de Calcul n'auront une responsabilité quelconque au titre de ce remboursement anticipé.

2) En relation avec un indice actions sous-jacent

Lors de la survenance de tout événement affectant un indice actions sous-jacent, tel que détaillé dans la Partie 1 de l'Annexe Technique Titres de Capital, l'Agent de Calcul pourra, à sa seule discrétion, décider d'apporter tout ajustement à l'indice actions sous-jacent ou aux Titres, comme indiqué dans la Partie 2 de l'Annexe Technique Titres de Capital du Prospectus; cependant, dans le cas où l'indice actions sous-jacent cesserait d'être coté ou calculé, l'Agent de Calcul pourra, à sa seule discrétion, décider soit de remplacer l'indice actions sous-jacent par un autre indice présentant des caractéristiques similaires, soit de rembourser les Titres à leur valeur de marché, calculée sur la base de la dernière cotation publiée de l'indice actions sous-jacent et conformément aux dispositions consacrées au "Remboursement Anticipé" ci-dessous.

Le Montant de Remboursement Anticipé payable lors de la survenance d'un événement affectant l'indice actions sous-jacent, comme mentionné ci-dessus, sera payé aux Titulaires de Titres comme s'il était un remboursement pour raisons fiscales ou un Cas de Défaut, sur la base de la Valeur de Marché, telle que définie à l'Article 7(g) des Modalités des Titres de Droit Anglais et des Titres Dématérialisés, et à l'Article 6(g) des Modalités des Titres de Droit Français; étant entendu que le Montant de Remboursement Anticipé dépendra totalement ou partiellement, selon le cas, des montants reçus grâce au dénouement des accords de couverture conclus en relation avec les Titres.

Si l'événement cesse à la date ou après la date à laquelle l'Agent de Calcul et le Gérant de Portefeuille prennent la décision de rembourser les Titres de manière anticipée, aucun Titulaire de Titres ne pourra prétendre à un paiement quelconque sur les Titres, que ce soit un paiement d'intérêts ou autrement, autre que le Montant de Remboursement Anticipé, et ni l'Émetteur, ni l'Agent Placeur, ni le Gérant de Portefeuille ni l'Agent de Calcul n'auront une responsabilité quelconque au titre de ce remboursement anticipé.

3) Calculs - Agent du Calcul

L'Agent de Calcul notifiera à l'Émetteur, qui notifiera à son tour à l'Agent et aux Titulaires de Titres, conformément à l'Article 15 des Modalités des Titres de Droit Anglais et des Titres Dématérialisés, et à l'Article 14 des Modalités des Titres de Droit Français (a) tous ajustements substantiels de l'avis de l'Agent de Calcul, et (b) lors de la survenance d'un événement extraordinaire cité dans la présente Annexe Technique Portefeuille d'Actifs Gérés, toute modification de la composition du Sous-jacent et/ou de la Valeur de Marché des Titres payable, ainsi que les détails des calculs si nécessaire.

Les Conditions Définitives applicables spécifieront l'Agent de Calcul responsable du calcul du Taux d'Intérêt et/ou du Montant de Remboursement Final et/ou des intérêts payables et/ou du Montant de Remboursement Anticipé, pour les Titres auxquels la présente Annexe Technique Portefeuille d'Actifs

Gérés s'applique. Les calculs et les déterminations de l'Agent de Calcul seront définitifs et obligatoires envers l'Émetteur, le Garant, l'Agent et les Titulaires de Titres, sauf erreur manifeste ou prouvée.

E) ANNEXE TECHNIQUE TITRES AUTRES QUE DE CAPITAL

PARTIE 1 – DEFINITIONS

Titre Autre que de Capital désigne un titre de créance, un certificat, une obligation, un warrant ou tout autre titre autre qu'une action, un indice, une action ou une part de fonds, ou une action d'une société d'investissement ou un certificat Américain d'actions étrangères (*ADR*) ou un risque de crédit, dont le nom apparaît dans les Conditions Définitives applicables et qui fait l'objet d'ajustements conformément aux dispositions de la Partie 2 "Événements et Ajustements" ci-dessous.

Date d'Évaluation désigne toute date précisée comme telle dans les Conditions Définitives.

PARTIE 2 – EVENEMENTS ET AJUSTEMENTS

- (a) Dans le cas de la survenance à tout moment, à la dernière Date d'Évaluation ou avant cette date, de modifications matérielles ou substantielles des conditions des Titres Autres que de Capital (par exemple, mais sans caractère limitatif, la modification de la documentation juridique de ces titres) ou de tout événement ou changement affectant le Titre Autre que de Capital (par exemple, mais sans caractère limitatif, l'interruption définitive de la cotation du Titre Autre que de Capital, ou résiliation des obligations de l'Émetteur du Titre Autre que de Capital pour un motif quelconque) et qui, de l'avis raisonnable de l'Agent de Calcul, est susceptible d'avoir un effet significatif sur la valeur du Titre Autre que de Capital, l'Agent de Calcul pourra alors:
- (i) ajuster toutes dispositions des Titres qu'il jugera appropriées afin de tenir compte de l'effet économique d'un tel événement sur les Titres; ou
 - (ii) remplacer le Titre Autre que de Capital par un nouvel actif sous-jacent;
 - (iii) considérer un tel événement comme un événement déclenchant une résiliation des Titres (un **Cas de Résiliation**).
- (b) S'il survient un Cas de Résiliation pour un Titre Autre que de Capital à la Date d'Échéance ou avant cette date, l'Agent de Calcul déterminera alors de bonne foi la juste valeur de marché des Titres et l'Émetteur mettra fin à ses obligations en vertu des Titres, et paiera à chaque Titulaire de Titres, dès que possible après la survenance du Cas de Résiliation, le montant déterminé par l'Agent de Calcul pour chaque Titre.

PARTIE 3 – CALCULS – AGENT DE CALCUL - REGLEMENT PHYSIQUE

Les dispositions de la Partie 3 de l'Annexe Technique Titres Autres que de Capital s'appliqueront *mutatis mutandis* aux Titres auxquels la présente Annexe Technique Titres Autres que de Capital s'applique, comme spécifié dans les Conditions Définitives.

F) DEFINITIONS RELATIVES AUX FORMULES

- + signifie que l'élément précédant ce signe est ajouté à l'élément suivant ce signe.
- - signifie que l'élément suivant ce signe est déduit de l'élément précédant ce signe.

- x ou * signifie que l'élément précédant ce signe est multiplié par l'élément suivant ce signe.

- $>$ signifie que l'élément précédant ce signe est strictement supérieur à l'élément suivant ce signe. Utilisé dans une condition, ce signe signifie que l'élément précédant ce signe doit être strictement supérieur à l'élément suivant ce signe pour que la condition soit remplie. Par exemple, "Si $X > Y$, alors, ..." signifie que X doit être strictement supérieur à Y pour que la condition soit remplie.
- $<$ signifie que l'élément précédant ce signe est strictement inférieur à l'élément suivant ce signe. Utilisé dans une condition, ce signe signifie que l'élément précédant ce signe doit être strictement inférieur à l'élément suivant ce signe pour que la condition soit remplie. Par exemple, "Si $X < Y$, alors, ..." signifie que X doit être strictement inférieur à Y pour que la condition soit remplie.
- \geq signifie que l'élément précédant ce signe est supérieur ou égal à l'élément suivant ce signe. Utilisé dans une condition, ce signe signifie que l'élément précédant ce signe doit être supérieur ou égal à l'élément suivant ce signe pour que la condition soit remplie. Par exemple, "Si $X \geq Y$, alors, ..." signifie que X doit être supérieur ou égal à Y pour que la condition soit remplie.
- \leq signifie que l'élément précédant ce signe est inférieur ou égal à l'élément suivant ce signe. Utilisé dans une condition, ce signe signifie que l'élément précédant ce signe doit être inférieur ou égal à l'élément suivant ce signe pour que la condition soit remplie. Par exemple, "Si $X \leq Y$, alors, ..." signifie que X doit être inférieur ou égal à Y pour que la condition soit remplie.
- **i, j, ou k** signifie, pour l'élément auquel il s'applique, lequel peut, entre autres, être une date (par exemple "Date d'Evaluation (i)"), un Sous-jacent (par exemple "Action (i)") ou une combinaison de Sous-Jacents (par exemple "Panier (i)") ou un chiffre obtenu en application d'une formule (par exemple "Coupon (i)»), la désignation de cet élément à l'intérieur d'une liste, au moyen de la variable i, j ou k.
- La formule "**i de X à Y**" signifie, parmi la liste de nombres constituée par les éléments désignés auxquels i s'applique (défini ci-dessus) que seules les valeurs comprises entre le nombre X et le nombre Y (tous les deux inclus) sont prises en considération.
- La formule "**i de X à Y et \neq i0**" par extension la valeur classée i0 est exclue de la liste ci-dessus.
- La formule " i^k " signifie, lorsqu'un élément est désigné dans une liste par 2 variables, la désignation de cet élément dans la liste. Par exemple "Action $_i^k$ " avec la Date d'Evaluation (k) signifie "Action $_i$ " à la Date d'Evaluation (k).
- La formule "**Min [X;Y]**" signifie que la valeur concernée est la valeur la moins élevée de X ou Y. Si X et Y sont toutes deux des valeurs positives, la valeur à retenir en application de cette formule sera la moins élevée de ces deux valeurs positives (par exemple, dans l'hypothèse Min [3;2], 2 sera la valeur retenue). Si X est positive et Y négative, Y sera la valeur retenue (par exemple, dans l'hypothèse Min [3;-2], -2 sera la valeur retenue). Si X est négative et Y positive, X sera la valeur retenue (par exemple, dans l'hypothèse Min [-3;2], -3 sera la valeur retenue). Si X et Y sont toutes deux des valeurs négatives, la valeur à retenir par application de cette formule sera la plus grande valeur négative (par exemple, dans l'hypothèse Min [-3;-2], -3 sera la valeur retenue). Si X est positive et Y égale à 0, Y sera retenue (par exemple dans l'hypothèse Min [3;0], 0 sera la valeur retenue) et si X est négative et Y égale à 0, (par exemple dans l'hypothèse Min [-3;0], X = -3 sera la valeur retenue). Les mêmes règles s'appliquent lorsqu'il existe plus de deux valeurs.
- La formule "**Max [X;Y]**" signifie que la valeur concernée est la valeur la plus élevée de X ou Y. Si X et Y sont toutes deux des valeurs positives, la valeur à retenir en application de cette formule sera la plus élevée de ces deux valeurs positives (par exemple, dans l'hypothèse Min [3;2], 3 sera la valeur retenue). Si X est positive et Y négative, X sera la valeur retenue (par

exemple, dans l'hypothèse Min [3;-2], 3 sera la valeur retenue). Si X est négative et Y positive, Y sera la valeur retenue (par exemple, dans l'hypothèse Min [-3;2], 2 sera la valeur retenue). Si X et Y sont toutes deux des valeurs négatives, la valeur à retenir par application de cette formule sera la plus petite valeur négative (par exemple, dans l'hypothèse Min [-3;-2], -2 sera la valeur retenue). Si X est positive et Y égale à 0, X sera retenue (par exemple dans l'hypothèse Min [3;0], 3 sera la valeur retenue) et si X est négative et Y égale à 0, (par exemple dans l'hypothèse Min [-3;0], Y = 0 sera la valeur retenue). Les mêmes règles s'appliquent lorsqu'il existe plus de deux valeurs.

– La formule "**Min** _{i de X à Y}" signifie que la valeur concernée de l'élément auquel elle s'applique sera la moins élevée des différentes valeurs que cet élément peut avoir en application des règles de Min ci-dessus, si son classement dans la liste varie de X à Y. Par exemple, Min _{i de 1 à 5} Action (i) signifie que la valeur à prendre en considération est la valeur la moins élevée parmi les 5 valeurs que Action (i) couvre.

– La formule "**Max** _{i de X à Y}" signifie que la valeur concernée de l'élément auquel elle s'applique sera la plus élevée des différentes valeurs que cet élément peut avoir en application des règles de Max ci-dessus, si son classement dans la liste varie de X à Y. Par exemple, Max _{i de 1 à 5} Action (i) signifie que la valeur à prendre en considération est la valeur la plus élevée parmi les 5 valeurs que Action (i) couvre.

– $\sum_{n=1}^X$ ou Somme_{n de 1 à X} désigne, pour l'élément auquel elle s'applique, la somme des X valeurs que l'élément peut avoir. Par exemple, $\sum_{n=1}^{10}$ Panier(n) désigne la somme des 10 valeurs que le Panier(n) couvre si n varie de 1 à 10.

– $\frac{1}{X} \times \sum_{n=1}^X$ désigne, pour l'élément auquel elle s'applique, la moyenne arithmétique des valeurs que l'élément va avoir. Par exemple, $\frac{1}{10} \times \sum_{n=1}^{10}$ Panier (n) désigne la moyenne arithmétique des 10 valeurs que ce Panier (n) couvre.

– **|X|** ou **Abs (X)** ou **valeur absolue de X** signifie que même si X a une valeur négative, cette valeur négative ne sera pas prise en considération. Par exemple, **|-10|** signifie que la valeur à retenir est 10.

– **Xⁿ** signifie que la valeur à prendre en considération est le résultat de X multiplié par lui-même "n-1" fois. Par exemple, 2⁵ désigne 2*2*2*2*2, soit 2 multiplié quatre fois par lui-même, c'est-à-dire 32.

– **√x** ou **la racine carrée de X** signifie que la valeur à prendre en considération est le nombre qui, multiplié à lui-même, donne X. Par exemple, √9 = 3, dès lors que 3*3 = 9.

– $\prod_{n=1}^x$ désigne, pour l'élément auquel elle s'applique, le produit des valeurs x que l'élément prendra. Par exemple

– $\prod_{n=1}^3 (n + 1)$ désigne (1 + 1)(2 + 1)(3 + 1) = 2 × 3 × 4 = 24

« **a puissance b** » désigne la fonction exponentielle de b avec une base a.

- **LN(x) = In(x) = Ln(x)** désigne le logarithme de la base e de x, par exemple LN(2) = 0,69315.
- **INT(x)** désigne la fonction qui donne un nombre entier à partir du nombre x (arrondi à la baisse au nombre entier le plus proche), par exemple INT(2,3) = 2, INT(1,6) = 1, INT (1,4) = -2, INT (-4,6) = -5.
- **IND(condition)** désigne la fonction caractéristique de la condition qui est égale à 1 si la condition est satisfaite, et qui est égale à 0 si la condition n'est pas satisfaite, par exemple:
S(0): valeur de clôture du Sous-Jacent à la Date d'Evaluation (0)
S(1): valeur de clôture du Sous-Jacent à la Date d'Evaluation (1)
Si $S(0) > S(1)$, alors $IND(S(0)>S(1)) = 1$
Si $S(0) = S(1)$, alors $IND(S(0)>S(1)) = 0$
Si $S(0) < S(1)$, alors $IND(S(0)>S(1)) = 0$

G) AUTRES DEFINITIONS

Les Conditions Définitives applicables peuvent contenir d'autres définitions qui ne sont pas spécifiquement visées dans cette Annexe Technique (y compris, sans limitation, Niveau d'Activation, Niveau de Désactivation et Prix d'Échange). Les significations et/ou fonctions de ces définitions seront précisées en détail dans l'Annexe aux Conditions Définitives applicables.

2. Plafond de la Garantie

La présente Garantie ne s'applique pas à toute Série (telle que définie dans le Contrat d'Agent Placeur) de Titres émis par un Emetteur à la date des présentes ou après cette date, dans la mesure où, à la Date d'Emission de cette Série de Titres, le total formé par (A) le Montant Nominal Total de ces Titres et (B) la somme des Montants Nominaux Totaux de chaque Série de Titres émis par les Emetteurs et Société Générale agissant en qualité d'émetteur et Société Générale comme émetteur et en circulation à cette Date d'Emission, convertie dans chaque cas en euro au taux de change au comptant concerné à cette Date d'Emission, est égal à un montant excédant 125.000.000.000 €.

Pour les besoins de la présente Clause, toutes les références à "la présente Garantie" et expressions liées doivent s'entendre comme faisant référence à cet Acte de Garantie et à la Garantie Anglaise prises ensemble et le Montant Nominal Total des Titres garantis par ceux-ci n'excédera pas la Limite de la Garantie.

3. Garant en qualité de Débiteur Principal

Sans affecter les obligations de l'Emetteur concerné, le Garant sera responsable en vertu de la présente Garantie de la même manière que s'il était l'unique débiteur principal et non pas simplement une caution. En conséquence, il ne sera pas délié de ses obligations et sa responsabilité ne sera pas affectée par tout fait ou élément qui ne le délierait pas de ses obligations ou n'affecterait pas sa responsabilité s'il était l'unique débiteur principal (y compris (a) tout délai de paiement, toute renonciation ou toute acceptation respectivement consenti ou donné par l'Emetteur concerné ou toute autre personne à tout moment, (b) toute modification apportée à tout Titre, tout Coupon ou (le cas échéant) au *Deed of*

Covenant, ou à toute sûreté, garantie ou autre obligation d'indemnisation, (c) l'envoi ou l'absence d'envoi à l'Emetteur concerné ou à toute autre personne de toute mise en demeure de payer, (d) l'exécution forcée ou l'absence d'exécution forcée de tout Titre, de tout Coupon, du *Deed of Covenant* (le cas échéant) ou de toute sûreté, autre garantie ou autre obligation d'indemnisation, (e) la mainlevée de toute sûreté, garantie ou obligation d'indemnisation précitée, (f) la dissolution, la fusion, la restructuration ou la réorganisation de l'Emetteur concerné ou de toute autre personne, ou (g) l'illégalité, l'absence de validité, l'absence de caractère exécutoire, ou tout défaut entachant toute disposition, de tout Titre, tout Coupon ou (le cas échéant) du *Deed of Covenant* ou de l'une quelconque des obligations de l'Emetteur concerné en vertu de ceux-ci).

4. **Effet Continu des Obligations du Garant**

Les obligations du Garant en vertu de la présente Garantie sont et demeureront pleinement en vigueur et en effet à titre de sûreté permanente, jusqu'à ce qu'il ne reste plus aucune somme payable en vertu de tout Titre, de tout Coupon ou (le cas échéant) du *Deed of Covenant*. En outre, ces obligations du Garant viennent s'ajouter et non se substituer à toute sûreté ou autre garantie ou obligation d'indemnisation existant à un moment quelconque, consentie par le Garant ou autrement, en faveur d'un Titulaire. Le Garant renonce irrévocablement à toutes formalités de notification et de mise en demeure.

5. **Remboursement d'un Paiement à l'Emetteur**

Si un paiement quelconque reçu par un Titulaire est annulé suite à la liquidation ou à la faillite de l'Emetteur concerné, en vertu de toutes lois relatives à la liquidation ou à la faillite, ce paiement ne sera pas réputé avoir délié le Garant de ses obligations ni avoir réduit ses obligations en vertu de la présente Garantie, laquelle continuera à s'appliquer de la même manière que si ce paiement était resté dû à tous moments par l'Emetteur concerné.

6. **Obligation d'Indemnisation**

A titre de disposition séparée et alternative, le Garant consent inconditionnellement et irrévocablement à ce que toute somme stipulée payable par l'Emetteur concerné en vertu de tout Titre, de tout Coupon ou (le cas échéant) du *Deed of Covenant*, mais qui ne serait pas recouvrable auprès du Garant sur le fondement de sa garantie pour un motif quelconque (qui serait ou non connu ou le serait ultérieurement par l'Emetteur concerné, le Garant ou tout Titulaire), sera néanmoins recouvrable auprès du Garant de la même manière que s'il était l'unique débiteur principal, et sera payée par lui au Titulaire sur simple demande. Cette obligation d'indemnisation constitue une obligation séparée et indépendante des autres obligations découlant de la présente Garantie, donne lieu à un recours séparé et indépendant, et s'appliquera indépendamment de toute marque d'indulgence de la part de tout Titulaire.

7. **Statut de la Garantie**

L'obligation du Garant en vertu de la Garantie constitue, à l'égard de tous Titres, une obligation directe, inconditionnelle, non assortie de sûretés et générale du Garant, et vient et viendra au même rang que toutes autres obligations directes, inconditionnelles, non assorties de sûretés et générales du Garant, présentes et futures, y compris celles relatives aux dépôts, mais à l'exclusion de toutes créances privilégiées en vertu de la loi au moment considéré et ayant un rang prioritaire par rapport à toutes obligations subordonnées.

8. **Incorporation des Modalités des Titres**

Aussi longtemps que l'un quelconque des Titres demeurera en circulation (au sens défini dans les Contrats de Service Financier), le Garant se conformera aux dispositions des Modalités des Titres qui lui sont applicables, de la même manière que si ces dispositions étaient intégralement incorporées aux présentes.

9. **Pouvoir de signer**

Le Garant déclare, garantit et convient par les présentes envers chaque Titulaire qu'il a tout pouvoir et qu'il a pris toutes les mesures nécessaires, requises par le droit des sociétés, ses statuts ou autrement, afin de lui permettre de signer, livrer et exécuter la présente Garantie, et que la présente Garantie constitue une obligation légale, valable et ayant force de loi pour le Garant, conformément à ses dispositions.

10. **Dépôt de la Garantie**

La présente Garantie prend effet comme un acte d'engagement(*deed poll*) au profit des Titulaires existants de temps à autre et au moment considéré. La présente Garantie devra être déposée auprès de, et conservée par, Société Générale Bank & Trust, au profit des Titulaires, jusqu'à ce que toutes les obligations du Garant aient été intégralement exécutées.

11. **Production de la Garantie**

Le Garant reconnaît par les présentes le droit de chaque Titulaire d'exiger la production de, et le droit de chaque Titulaire à obtenir (contre paiement de frais raisonnables) une copie de la présente Garantie, et il reconnaît et convient en outre que les obligations mises à sa charge par les présentes sont contractées pour le compte de chaque Titulaire et dues à chaque Titulaire, et que chaque Titulaire sera individuellement en droit de poursuivre l'exécution forcée desdites obligations à l'encontre du Garant.

12. **Subrogation**

Le Garant ne sera pas subrogé en vertu de la présente Garantie dans un droit quelconque de tout Titulaire et ne pourra faire valoir aucune créance à l'encontre de l'Emetteur concerné, qui viendrait en concurrence des droits ou recours des Titulaires, tant que tous les montants qui peuvent être exigibles en vertu des Titres, des Coupons et/ou (le cas échéant) du *Deed of Covenant*, n'ont pas été irrévocablement payés pour leur montant intégral.

13. **Loi Britannique sur les Contrats (Droits de Tiers) de 1999 (*Contracts (Rights of Third Parties) Act 1999*)**

Nul n'aura le droit de poursuivre l'exécution forcée de toute disposition de la présente Garantie en vertu du *Contracts (Rights of Third Parties) Act 1999*, mais cette disposition n'affecte aucun droit ou recours qu'un tiers peut détenir ou exercer sur tout autre fondement que cette Loi.

14. **Loi Applicable et Attribution de Compétence**

La présente Garantie et toutes obligations non contractuelles découlant de la présente Garantie ou s'y rapportant, sont régies par le droit anglais, qui gouvernera également leur interprétation. Le Garant convient irrévocablement par les présentes, au bénéfice de chaque Titulaire, que les tribunaux anglais seront compétents pour régler tous différends pouvant découler ou être en relation avec la présente Garantie (y compris un différend relatif à toutes obligations non contractuelles découlant ou étant en relation avec la présente Garantie), et qu'en conséquence, toutes poursuites, actions ou procédures (l'ensemble étant dénommé: **Procédures**) découlant ou en relation avec la présente Garantie (y compris toute Procédure relative à toutes obligations non contractuelles découlant ou étant en relation avec la présente Garantie) pourront être engagées devant les tribunaux anglais.

Le Garant renonce irrévocablement à invoquer toute exception d'incompétence pour s'opposer à l'engagement de toute Procédure devant les tribunaux anglais, et consent irrévocablement à ce que tout jugement définitif prononcé à l'issue d'une Procédure engagée devant les tribunaux anglais aura force de chose jugée à l'égard du Garant et pourra recevoir l'exequatur devant les tribunaux de toute autre

juridiction. Aucune disposition de la présente Clause ne limite tout droit d'engager une Procédure à l'encontre du Garant devant tout autre tribunal compétent, et l'engagement d'une Procédure devant une ou plusieurs juridictions n'empêchera pas l'engagement d'une Procédure devant toute autre juridiction, concurremment ou non.

L'Emetteur nomme Société Générale, London Branch (SGLB), actuellement située à SG House, 41 Tower Hill, Londres EC3N 4SG, en qualité de mandataire chargé de recevoir la signification des actes de procédure pour son compte en Angleterre dans le cadre de toute Procédure et s'engage, dans le cas où SGLB cesserait d'agir en cette qualité, à nommer une autre personne en qualité de mandataire chargé de recevoir la signification des actes de procédure en Angleterre pour son compte, au titre de toute Procédure.

EN FOI DE QUOI, la présente Garantie a été signée et remise en tant qu'acte d'engagement pour le compte du Garant.

SYSTEMES DE COMPENSATION PAR INSCRIPTION EN COMPTE

Les informations qui suivent s'entendent sous réserve de toute modification ou réinterprétation des règles, réglementations et procédures de DTC, Euroclear, Clearstream, Luxembourg, EUI ou SIX SIS Ltd (collectivement dénommés, pour les besoins de la présente section, les **Systemes de Compensation**) actuellement en vigueur. Les informations sur les Systemes de Compensation qui figurent dans cette section ont été obtenues auprès de sources que l'Emetteur et le Garant estiment fiables, mais ni l'Emetteur, ni le Garant ni aucun Agent Placeur n'assume une responsabilité quelconque au titre de leur exactitude. Les investisseurs souhaitant utiliser les facilités de l'un ou l'autre des Systemes de Compensation sont invités à se faire confirmer que les règles, réglementations et procédures du Systeme de Compensation concerné sont toujours applicables. Ni l'Emetteur, ni le Garant ni aucune autre partie au Contrat de Service Financier n'assumera une responsabilité quelconque au titre de tout aspect des inscriptions en compte ou des paiements effectués à raison des droits de propriété effective sur les Titres détenus par l'intermédiaire de tout Systeme de Compensation, ni au titre du maintien, de la supervision ou de la révision de tous livres dans lesquels ces droits de propriété effective sont inscrits en compte.

Systemes d'Inscription en Compte

DTC

DTC a avisé l'Emetteur qu'il est une société fiduciaire à objet limité (*limited purpose trust company*) régie par la *New York Banking Law* (Loi de l'Etat de New York sur le système bancaire), une "organisation bancaire" au sens de la *New York Banking Law*, une "société de compensation" au sens du *New York Uniform Commercial Code* (Code de Commerce Uniforme de New York) et une "agence de compensation" enregistrée en vertu de la Section 17A de l'*Exchange Act* (Loi sur la Bourse). DTC détient des titres que ses participants (**Participants**) déposent auprès de DTC. DTC facilite également le règlement des transactions sur titres entre ses Participants, tels que les transferts et nantissements, en procédant s'agissant des titres déposés à des changements électroniques des inscriptions en compte sur les comptes des Participants concernés, ce qui élimine la nécessité d'opérer des mouvements physiques de certificats représentatifs de ces titres. Les Participants Directs comprennent des courtiers et négociateurs en valeurs mobilières, des banques, des sociétés fiduciaires (*trust companies*), des sociétés de compensation et certaines autres organisations. DTC est détenu par certains de ses Participants Directs et par New York Stock Exchange, Inc., American Stock Exchange, Inc. et National Association of Securities Dealers, Inc. D'autres entités peuvent également avoir accès au Systeme DTC, telles que des courtiers et négociateurs en valeurs mobilières, des banques et des sociétés fiduciaires (*trust companies*) qui effectuent leurs opérations de compensation par l'intermédiaire d'un Participant Direct ou entretiennent des relations avec un Participant Direct pour le dépôt de titres, que ce soit directement ou indirectement (**Participants Indirects**).

En vertu des règles, réglementations et procédures constituant ou affectant DTC et ses opérations (les **Règles**), DTC procède à des transferts par inscription en compte de Titres Nominatifs entre des Participants Directs pour le compte desquels il agit, en ce qui concerne des Titres acceptés dans le système de règlement par inscription en compte de DTC (**Titres DTC**), tel que décrit ci-dessous, et reçoit et transmet des distributions en principal et intérêts sur les Titres DTC. Les Règles sont déposées auprès de la *Securities and Exchange Commission*. Les Participants Directs et les Participants Indirects auprès desquels les propriétaires réels de Titres DTC (**Propriétaires**) ont des comptes de Titres DTC sont également tenus de procéder à des transferts par inscription en compte, et reçoivent et transmettent ces paiements pour le compte de leurs Propriétaires respectifs. En conséquence, bien que les Propriétaires qui détiennent des Titres DTC par l'intermédiaire de Participants Directs ou de Participants Indirects ne possèdent pas de Titres Nominatifs, les Règles instituent, en vertu des exigences décrites ci-dessus, un mécanisme permettant aux Participants Directs de recevoir des paiements et d'opérer des transferts des Titres DTC.

Les achats de Titres DTC dans le cadre du système DTC doivent être effectués par ou via des Participants Directs, lesquels seront crédités pour les Titres DTC tenus par inscription en compte chez DTC. Le droit de propriété de chaque acheteur effectif de chaque Titre DTC (**Propriétaire Effectif**) doit à son tour être enregistré dans les livres du Participant Direct et Indirect. Les Propriétaires Effectifs ne recevront pas une confirmation écrite de leur achat de la part de DTC, mais devront recevoir des confirmations écrites donnant des détails de la transaction, ainsi que des relevés périodiques de leur portefeuille de titres, de la part du Participant Direct ou Indirect par l'intermédiaire duquel le Propriétaire Effectif a conclu la transaction. Les transferts de droits de propriété sur les Titres DTC sont effectués par des inscriptions en compte dans les livres des Participants, agissant pour le compte des Propriétaires Effectifs. Les Propriétaires Effectifs ne recevront pas de certificats représentant leurs droits de propriété sur des Titres DTC, excepté dans le cas où le système d'inscription en compte ne serait plus utilisé pour les Titres DTC.

Afin de faciliter les transferts ultérieurs, tous les Titres DTC déposés par des Participants auprès de DTC sont enregistrés au nom de la personne désignée par DTC, Cede & Co. Le dépôt de Titres DTC auprès de DTC et leur enregistrement au nom de Cede & Co. n'opèrent aucun changement de la propriété effective des titres. DTC ne connaît pas les Propriétaires Effectifs des Titres DTC; les registres de DTC ne reflètent que l'identité des Participants Directs sur les comptes desquels ces Titres DTC sont crédités, qui peuvent ou non être les Propriétaires Effectifs. Les Participants demeureront responsables de la tenue des comptes relatifs aux titres qu'ils détiennent pour le compte de leurs clients.

La transmission des avis et autres communications par DTC aux Participants Directs, par des Participants Directs à des Participants Indirects, et par des Participants Directs et des Participants Indirects à des Propriétaires Effectifs, sera régie par des accords entre eux, sous réserve de toutes exigences légales ou réglementaires en vigueur au moment considéré.

Les demandes de remboursement doivent être envoyées à Cede & Co. En cas de remboursement d'une partie seulement des Titres DTC d'une émission donnée, DTC a pour pratique de déterminer par voie de tirage au sort le montant de titres de cette émission qui sera remboursé à chaque Participant Direct, sur le montant total des titres de cette émission qu'il détient.

Ni DTC ni Cede & Co. n'exerceront le droit de vote s'attachant aux Titres DTC. En vertu de ses procédures habituelles, DTC envoie par la poste une Procuration *Omnibus Proxy* à l'Emetteur dès que possible après la date d'enregistrement. La Procuration *Omnibus Proxy* transfère les droits de consentement ou de vote de Cede & Co. aux Participants Directs aux comptes desquels les Titres DTC sont crédités à la date d'enregistrement (identifiés dans un listing annexé à la Procuration *Omnibus Proxy*).

Les paiements en principal et intérêts sur les Titres DTC seront effectués à DTC. DTC a pour pratique de créditer les comptes des Participants Directs à la date d'exigibilité du paiement, au prorata des titres qu'ils détiennent respectivement, tels qu'ils apparaissent dans les registres de DTC, à moins que DTC n'ait un motif de croire qu'il ne recevra pas le paiement à sa date d'exigibilité. Les paiements effectués par des Participants à des Propriétaires Effectifs seront régis par des instructions permanentes et les pratiques habituelles, comme cela est le cas des titres détenus pour le compte de clients, qui revêtent la forme au porteur ou sont enregistrés au nom de l'intermédiaire au lieu de celui du propriétaire, et ces paiements engageront la responsabilité de ce Participant et non pas de DTC ou de l'Emetteur, sous réserve de toutes exigences légales ou réglementaires en vigueur au moment considéré. Le paiement du principal et des intérêts à DTC incombe à l'Emetteur, et le reversement de ces paiements aux Participants Directs incombe à DTC, tandis que le reversement de ces paiements aux Propriétaires Effectifs incombe aux Participants Directs et Indirects.

Dans certaines circonstances indiquées dans les Titres globaux, DTC échangera les Titres DTC contre des Titres Définitifs Nominatifs, qu'il distribuera à ses Participants au prorata de leurs droits et qui, s'ils représentent des droits sur un Titre Global *Rule 144A*, porteront la légende appropriée visée à la section intitulée "*Restriction de Souscription, de Vente et de Transfert*".

Etant donné que DTC ne peut agir que pour le compte de Participants Directs, qui agissent eux-mêmes pour le compte de Participants Indirects, tout Propriétaire désirant nantir des Titres DTC au profit de personnes ou d'entités qui ne participent pas à DTC, ou souhaitant prendre d'autres mesures relatives à ces Titres DTC, devra retirer ses Titres Nominatifs du système DTC, dans les conditions décrites ci-dessous.

Inscription en Compte des Droits de Propriété sur les Titres DTC et Paiements sur les Titres DTC

L'Emetteur peut faire une demande à DTC afin qu'une Tranche de Titres soit représentée par un Titre Global Nominatif accepté dans son système de règlement par inscription en compte. Lors de l'émission de ce Titre Global Nominatif, DTC ou son dépositaire créditera les montants nominaux respectifs des droits de propriété individuels représentés par ce Titre Global Nominatif aux comptes de personnes détenant des comptes chez DTC. Ces comptes seront initialement désignés par ou pour le compte de l'Agent Placeur concerné. La propriété de droits sur ce Titre Global Nominatif sera limitée aux Participants Directs ou aux Participants Indirects, y compris, dans le cas de tout Titre Global *Regulation S*, les dépositaires respectifs d'Euroclear et de Clearstream, Luxembourg. La détention de droits de propriété sur un Titre Global Nominatif accepté par DTC sera matérialisée par, et le transfert de ces droits de propriété ne pourra être effectué qu'au moyen d'une inscription dans les registres tenus par DTC ou son mandataire (en ce qui concerne les droits de Participants Directs), et dans les registres des Participants Directs (en ce qui concerne les droits de Participants Indirects).

Les paiements en U.S. dollars du principal et des intérêts concernant un Titre Global Nominatif accepté par DTC seront effectués à l'ordre de DTC ou de son mandataire en tant que détenteur enregistré de ce Titre. En cas de paiement dans toute devise autre que l'U.S. dollar, le paiement sera effectué à l'Agent d'Echange pour le compte de DTC ou de son mandataire, et l'Agent d'Echange remettra (conformément aux instructions reçues par lui) tout ou partie de ce paiement pour qu'il soit crédité directement au profit des propriétaires effectifs de droit sur le Titre Global Nominatif dans la devise dans laquelle ce paiement a été effectué et/ou faire en sorte que tout ou partie de ce paiement soit converti en U.S. dollars et crédité sur le compte concerné du Participant concerné.

L'Emetteur prévoit que DTC crédite les comptes de Participants Directs à la date de paiement applicable, conformément à leurs droits respectifs tels qu'ils apparaissent dans les registres de DTC, à moins que DTC n'ait un motif de penser qu'il ne recevra pas le paiement à cette date de paiement. L'Emetteur prévoit également que les paiements effectués par les Participants à des propriétaires effectifs de Titres soient régis par des instructions permanentes et pratiques habituelles, comme tel est le cas pour des titres détenus pour le compte de clients, et qu'ils engageront la responsabilité de ce Participant et non pas de DTC, de l'Agent Fiscal, de l'Agent de Tenue des Registres ou de l'Emetteur. L'Emetteur est responsable du paiement à DTC du principal, de la prime (éventuelle) et des intérêts (éventuels) sur les Titres.

Transferts de Titres Représentés par des Titres Globaux Nominatifs

Les transferts de droits sur des Titres représentés par un Titre Global Nominatif détenu par DTC, Euroclear et Clearstream, Luxembourg, seront effectués conformément aux règles et procédures opérationnelles habituelles du système de compensation concerné. Les lois de certains Etats des Etats-Unis exigent que certaines personnes prennent livraison physique de titres sous forme définitive. En conséquence, la capacité à transférer des Titres représentés par un Titre Global Nominatif à ces personnes peut dépendre de la capacité à échanger ces Titres contre des Titres sous forme définitive. De la même manière, étant donné que DTC ne peut agir que pour le compte de Participants Directs au système DTC, qui agissent eux-mêmes pour le compte de Participants Indirects, la capacité d'une personne détenant un droit sur des Titres représentés par un Titre Global Nominatif accepté par DTC à nantir ces Titres au profit de personnes ou d'entités qui ne participent pas au système DTC, ou sa capacité à prendre toute autre mesure portant sur ces Titres, peut dépendre de la capacité à échanger ces Titres contre des Titres sous forme définitive. La capacité de tout titulaire de Titres représentés par un Titre Global Nominatif accepté par DTC à revendre, nantir ou transférer autrement ces Titres peut être réduite si le cessionnaire proposé de ces Titres n'est pas éligible pour détenir ces Titres par l'intermédiaire d'un Participant Direct ou d'un Participant Indirect au système DTC.

Sous réserve de respecter les restrictions de transfert applicables aux Titres Nominatifs, décrites à la section intitulée "*Restriction de Souscription, de Vente et de Transfert*", les transferts trans-marché entre DTC, d'une part, et, directement ou indirectement, des teneurs de comptes chez Clearstream, Luxembourg ou Euroclear, d'autre part, seront effectués par le système de compensation concerné conformément à ses règles et en vertu d'un acte de l'Agent de Tenue des Registres, de l'Agent Fiscal et de tout dépositaire (**Dépositaire**) auprès duquel les Titres Globaux Nominatifs concernés ont été déposés.

A compter de la Date d'Emission d'une Série quelconque (incluse), les transferts de Titres de cette Série entre les teneurs de comptes chez Clearstream, Luxembourg et Euroclear et les transferts de Titres de cette Série entre des participants au système DTC, auront généralement une date de règlement se situant trois jours ouvrés après la date de négociation (N+3). Les accords habituels de livraison contre paiement s'appliqueront à ces transferts.

Les transferts trans-marché entre des teneurs de comptes chez Clearstream, Luxembourg et Euroclear et des participants au système DTC devront stipuler une date de règlement convenue entre les parties à ce transfert. Etant donné qu'il n'existe aucun lien direct entre DTC, d'une part, et Clearstream, Luxembourg et Euroclear, d'autre part, les transferts de droits sur les Titres Globaux Nominatifs concernés seront effectués par l'intermédiaire de l'Agent de Tenue des Registres, de l'Agent Fiscal et du Dépositaire recevant des instructions

(et, s'il y a lieu, une attestation) de la part du cédant, qui feront en sorte que les droits transférés soient inscrits au crédit du compte désigné du cessionnaire. En cas de transferts trans-marché, le règlement entre des teneurs de comptes Euroclear ou Clearstream, Luxembourg et des participants au système DTC ne pourra pas être effectué sur la base livraison contre paiement. Les titres seront livrés sur la base d'une livraison franco et les accords de paiement devront être pris séparément.

DTC, Clearstream, Luxembourg et Euroclear ont chacun publié des règles et procédures opérationnelles destinées à faciliter les transferts de droits de propriété effective sur des Titres Globaux Nominatifs entre participants et teneurs de comptes de DTC, Clearstream, Luxembourg et Euroclear. Toutefois, ils n'ont aucune obligation d'appliquer ou de continuer d'appliquer ces procédures, lesquelles pourront être interrompues ou modifiées à tout moment. Ni l'Emetteur, ni le Garant, ni les Agents ni aucun Agent Placeur ne répondront de l'exécution par DTC, Clearstream, Luxembourg ou Euroclear, ou par leurs participants directs ou indirects ou leurs teneurs de comptes de leurs obligations respectives en vertu des règles et procédures régissant leurs opérations, et aucun d'eux ne répondra de tout aspect des inscriptions en compte ou des paiements effectués à raison des droits de propriété effective sur les Titres représentés par des Titres Globaux Nominatifs, ni du maintien, de la supervision ou de la révision de tous livres dans lesquels ces droits de propriété effective sont inscrits en compte.

CREST et CREST Depository Interest

CREST

Les Titres EUI seront détenus en forme nominative non représentée par un certificat conformément aux *Uncertificated Securities Regulations 2001*, incluant toute modification ou nouvelle réglementation y afférent applicable à un moment donné (les **Réglementations**) et ils ne sont pas matérialisés ni représentés par un titre physique. Les Titres EUI sont des titres de participation (*participating securities*) au sens des Réglementations. Dans les cas autres que celui des Titres SIS NRC, la propriété des Titres EUI est enregistrée sur le registre Opérateur des titres concerné. L'Agent EUI, pour le compte de l'Emetteur, devra, dans le cadre des Titres EUI, maintenir un registre des titres non représentés par un certificat conformément aux registres de Euroclear UK & Ireland Limited (**EUI** ou **CREST**) (anciennement connu sous le nom de CRESTCo Limited) (le **Registre**) et devra s'assurer que le Registre est régulièrement mis à jour afin de refléter le registre Opérateur des titres conformément aux règles et pratiques de l'Opérateur applicable de temps à autre. Sous réserve de cette exigence et à l'exception des cas de Titres SIS NRC, (i) chaque personne qui pour la période concernée apparaît dans le Registre comme le titulaire d'un nombre particulier de Titres EUI sera considéré par l'Emetteur et l'Agent EUI comme le titulaire de ce nombre de Titres EUI à toute fin (et l'expression **Titulaire de Titres EUI** et les expressions liées devront être interprétées en conséquence), et (ii) ni l'Emetteur, le Garant, ou l'Agent EUI ne sera responsable de tout acte, toute chose faite ou omise par lui ou pour son compte en partant de l'hypothèse que les éléments enregistrés dans le Registre tenu par l'Agent EUI sont conformes avec les éléments enregistrés dans le registre Opérateur des titres relatifs aux Titres EUI.

CREST Depository Interests

Suite à leur livraison en Euroclear et Clearstream, Luxembourg, les droits dans les Titres peuvent être livrés, détenus et réglés en CREST grâce à la création de *dematerialised depository interests* représentant les droits dans les Titres concernés.

En vertu du *CREST Reference Manual*, les titres détenus en forme globale par le Dépositaire Commun peuvent être réglés via le système CREST et le *CREST Depository* émettra des *CREST Depository Interests* (**CDI**). Les CDI seront des titres indépendants, créés en droit anglais qui peuvent être détenus et transférés par l'intermédiaire du système CREST.

Les CDI seront créés en vertu de l'acte d'engagement signé par le *CREST Depository* en faveur des titulaires des CDI de temps à autre (**l'Acte d'Engagement CREST**), et émis selon ses modalités. Les

investisseurs potentiels dans des CDI noteront qu'ils n'auront aucun droit contre CRESTCo ou des filiales en raison des Titres Sous-Jacents, des droits dans ces Titres Sous-Jacents ou des CDI les représentant.

Les droits dans les Titres Sous-Jacents seront crédités sur le compte du *CREST nominee* auprès d'Euroclear et le *CREST nominee* détiendra ces intérêts en qualité de *nominee* pour le *CREST Depository* qui émettra des CDI pour les participants CREST concernés.

Chaque CDI sera traité comme un Titre sous-jacent unique afin de déterminer tous les droits et obligations et tous les montants payables concernés. Le *CREST Depository* transférera aux titulaires des CDI tout intérêt ou autres montants reçu par lui en qualité de titulaire des Titres Sous-Jacents au bénéfice du titulaire des CDI. Les titulaires de CDI pourront toujours recevoir du *CREST Depository* les notifications relatives aux assemblées générales des titulaires de Titres Sous-Jacents et autres notifications applicables émises par l'Emetteur.

Les transferts de droits dans les Titres Sous-Jacents par un participant CREST à un participant Euroclear ou Clearstream, Luxembourg seront réalisés par l'annulation des CDI et transfert d'un droit dans ces Titres Sous-Jacents vers le compte du participant Euroclear ou Clearstream, Luxembourg concerné.

Les CDI auront le même code ISIN (*international security identification number*) que les Titres Sous-Jacents et ne nécessiteront pas une cotation distincte sur la Liste Officielle.

Les souscripteurs potentiels des Titres représentés par des CDI sont visés au Chapitre 3 du *CREST Reference Manual* qui contient le modèle d'Acte d'Engagement CREST devant être conclu par le *CREST Depository*.

Les droits des titulaires de CDI seront régis par les accords entre CREST, Euroclear, Clearstream, Luxembourg et l'Emetteur incluant l'Acte d'Engagement CREST (dans la forme visée au Chapitre 3 du *CREST International Reference Manual* (qui fait partie intégrante du *CREST Reference Manual*)) signé par le *CREST Depository*. Les droits peuvent être différents de ceux des titulaires de Titres qui ne sont pas représentés par des CDI.

Paiements effectués par Société Générale ou SG Option Europe en tant qu'Emetteurs

Titres émis par Société Générale ou SG Option Europe qui ne sont pas assimilables, au sens du droit français, à des Titres émis avant le 1er mars 2010

A la suite de l'entrée en vigueur de la loi française de finances rectificative pour 2009 n°3 (n°2009-1674 en date du 30 décembre 2009) (la **Loi**), les paiements d'intérêts et autres revenus effectués par Société Générale ou SG Option Europe relatifs aux Titres (à l'exception des Titres (décrits ci-après) qui sont assimilables au sens du droit français et forment une seule série avec des Titres émis avant le 1er mars 2010 avec le bénéfice de l'article 131 quater du Code général des impôts français) ne seront pas soumis au prélèvement forfaitaire obligatoire visé à l'article 125 A III du Code général des impôts français à moins que ces paiements ne soient effectués hors de France dans un Etat ou territoire non-coopératif au sens de l'article 238-0 A du Code général des impôts français (un **Etat Non Coopératif**). Si ces paiements relatifs aux Titres sont effectués dans un Etat Non Coopératif, un prélèvement forfaitaire obligatoire de 50% sera applicable (sous réserve de certaines exceptions (décrites ci-dessous) et des dispositions plus favorables d'une convention fiscale applicable) en vertu de l'article 125 A III du Code général des impôts français.

En outre, les intérêts et autres revenus relatifs aux Titres ne seront plus déductibles des revenus imposables de l'Emetteur, à partir des exercices ouverts à compter du 1er janvier 2011, s'ils sont payés ou dus à des personnes domiciliées ou établies dans un Etat Non Coopératif ou payés dans un Etat Non Coopératif. Sous certaines conditions, les intérêts et autres revenus non déductibles peuvent être requalifiés de revenus réputés distribués en vertu de l'article 109 du Code général des impôts français, et ainsi ces intérêts et autres revenus non déductibles pourront faire l'objet de la retenue à la source visée à l'article 119 bis du Code général des impôts français, à un taux de 25% ou 50%.

Par dérogation à ce qui précède, la Loi dispose que ni le prélèvement forfaitaire obligatoire de 50%, ni la non déductibilité ne s'appliqueront à une émission particulière de Titres si l'Emetteur peut démontrer que cette émission de Titres avait principalement un objet et un effet autres que de permettre la localisation de ces revenus et produits dans un Etat Non Coopératif (**l'Exception**). En vertu du rescrit n°2010/11 (FP et FE) de l'administration fiscale française en date du 22 février 2010, une émission de Titres bénéficiera de l'Exception, sans que l'Emetteur n'ait à apporter la preuve tenant à l'objet et à l'effet de cette émission de Titres, si ces Titres sont:

- A. offerts dans le cadre d'une offre au public de titres financiers au sens de l'article L.411-1 du Code monétaire et financier français ou d'une offre équivalente réalisée dans un Etat autre qu'un Etat Non

Coopératif. Une "offre équivalente" s'entend d'une offre rendant obligatoire l'enregistrement ou le dépôt d'un document d'information auprès d'une autorité de marché étrangère; ou

- B. admis aux négociations sur un marché réglementé ou un système multilatéral de négociation d'instruments financiers français ou étranger, sous réserve que ce marché ou système ne soit pas situé dans un Etat Non Coopératif, et que le fonctionnement du marché soit assuré par une entreprise de marché ou un prestataire de service d'investissement ou tout autre organisme similaire étranger, sous réserve que cette entreprise, prestataire ou organisme ne soit pas situé dans un Etat Non Coopératif; ou
- C. admis, lors de leur émission, aux opérations d'un dépositaire central ou à celles d'un gestionnaire de systèmes de règlement et de livraison d'instruments financiers au sens de l'article L.561-2 du Code monétaire et financier français, ou d'un ou plusieurs dépositaires ou gestionnaires similaires étrangers, sous réserve que le dépositaire ou gestionnaire ne soit pas situé dans un Etat Non Coopératif.

Titres émis par la Société Générale ou SG Option Europe qui sont assimilables, au sens du droit français, à des Titres émis avant le 1er mars 2010

Les paiements d'intérêts et autres revenus relatifs à des Titres qui sont assimilables au sens du droit français et forment une seule série avec des Titres émis avant le 1er mars 2010 avec le bénéfice de l'article 131 quater du Code général des impôts français ne seront pas soumis au prélèvement forfaitaire obligatoire visé à l'article 125 A III du Code général des impôts français. Les Titres émis avant le 1er mars 2010, qu'ils soient libellés en euros ou dans une autre devise, constituant des obligations en vertu du droit français ou des titres de créances négociables au sens des rescrits 2007/59 (FP) du 8 janvier 2008 et 2009/23 (FP) du 7 avril 2009 de l'administration fiscale française ou d'autres instruments d'emprunt français ou étranger fiscalement assimilés sont réputés être émis en dehors de France pour l'application de l'article 131 quater du Code général des impôts français tel qu'interprété par la Circulaire 5 I-11-98 de l'administration fiscale française et les rescrits 2007/59 (FP) et 2009/23 (FP).

En outre, les intérêts et autres revenus payés par l'Emetteur concerné relatifs aux Titres émis à compter du 1er mars 2010 et qui sont assimilables au sens du droit français et forment une seule série avec ces Titres ne seront pas soumis à la retenue à la source visée à l'article 119 bis du Code général des impôts français seulement parce qu'ils sont payés dans un Etat Non Coopératif ou dus ou payés à des personnes établies ou domiciliées dans un Etat Non Coopératif.

Paiements effectués par le Garant

Le droit français ne contient aucune disposition particulière relative au régime applicable aux paiements effectués par un Garant au titre d'une Garantie. Par conséquent, les développements ci-après sont fondés sur une interprétation des principes généraux applicables en matière de fiscalité. Ces développements peuvent être affectés, potentiellement avec un effet rétroactif, par de futures lois, réglementations, instructions administratives ou décisions judiciaires.

Paiements relatifs aux Titres émis par SGA Société Générale Acceptance NV:

Selon une interprétation du droit fiscal français, les paiements effectués par le Garant, au titre de sommes dues par SGA Société Générale Acceptance N.V. à un Titulaire de Titres qui n'est pas un résident fiscal français et n'agit pas au travers d'une succursale ou d'un établissement français peuvent être considérés comme des paiements se substituant à des paiements relatifs aux Titres devant être effectués par SGA Société Générale Acceptance NV. En conséquence, selon cette interprétation, les paiements de toutes sommes relatifs aux Titres dus par SGA Société Générale Acceptance N.V. effectués par le Garant ne devraient pas être soumis au prélèvement forfaitaire obligatoire visé à l'article 125 A III du Code général des impôts français, dans la mesure où les paiements des intérêts effectués ou devant être effectués par l'Emetteur ne seraient pas soumis au

prélèvement obligatoire du fait que SGA Société Générale Acceptance N.V. n'est ni résident français ni établi en France.

Selon une autre interprétation, ces paiements peuvent être considérés comme des paiements autonomes par rapport à ceux effectués par SGA Société Générale Acceptance NV concernant les Titres. En l'absence de disposition spécifique à l'article 125 A III du Code général des impôts français, ces paiements ne devraient pas être soumis au prélèvement forfaitaire obligatoire visé à l'article 125 A III du Code général des impôts français.

Paiements relatifs aux Titres émis par SG Option Europe:

Selon une première interprétation du droit fiscal français, les paiements effectués par le Garant, au titre de sommes dues par SG Option Europe à un Titulaire de Titres qui n'est pas un résident fiscal français et qui n'agit pas au travers d'un établissement français ou d'une succursale française peuvent être considérés comme des paiements se substituant à des paiements relatifs aux Titres devant être effectués par SG Option Europe. En conséquence, selon cette interprétation, les paiements de toutes sommes relatifs aux Titres dus par SG Option Europe effectués par le Garant ne devraient pas être soumis au prélèvement forfaitaire obligatoire visé à l'article 125 A III du Code général des impôts français à la condition que ces paiements ne soient pas effectués hors de France dans un Etat Non Coopératif.

Selon une seconde interprétation, tout paiement effectué par le Garant relatif aux Titres émis par SG Option Europe peut être considéré comme un paiement autonome par rapport au paiement devant être effectué par cet Emetteur relatifs aux Titres. En l'absence de disposition spécifique à l'article 125 A III du Code général des impôts français, ces paiements ne devraient pas être soumis au prélèvement forfaitaire obligatoire visé à l'article 125 A III du Code général des impôts français.

Directive du Conseil 2003/48/CE en matière de fiscalité des revenus de l'épargne sous forme de paiements d'intérêts

La Directive du Conseil 2003/48/CE en matière de fiscalité des revenus de l'épargne sous forme de paiements d'intérêts a été transposée en droit français à l'article 242 *ter* du Code général des impôts français, qui impose aux agents payeurs basés en France une obligation de communiquer à l'administration fiscale française certaines informations sur les paiements d'intérêts effectués au profit de bénéficiaires effectifs domiciliés dans un autre Etat Membre, notamment l'identité et l'adresse du bénéficiaire et une liste détaillée des différentes catégories des paiements d'intérêts.

ANTILLES NEERLANDAISES

SGA Société Générale Acceptance N.V. a été informé que, conformément à la législation actuelle des Antilles Néerlandaises, les paiements relatifs aux Titres détenus par des personnes résidant en dehors des Antilles Néerlandaises, ou engagés dans des relations commerciales ou d'affaires par l'intermédiaire d'un établissement permanent installé dans les Antilles Néerlandaises, ainsi que les bénéfices résultant de la vente ou du remboursement des Titres par ces personnes, ne seront pas soumis à l'impôt des Antilles Néerlandaises, et qu'aucun impôt sur la succession résultant du décès d'un Titulaire de Titres non domicilié dans les Antilles Néerlandaises n'est dû au jour de sa mort.

B. LUXEMBOURG

Le résumé ci-après, qui a un caractère général, est fourni à titre purement indicatif. Il est basé sur les lois actuellement en vigueur au Luxembourg mais n'est pas censé constituer un conseil juridique ou fiscal et ne doit pas être interprété comme tel. Les investisseurs potentiels sont donc invités à consulter leurs propres conseils professionnels concernant les effets des lois nationales, locales ou étrangères, notamment la législation fiscale luxembourgeoise, auxquelles ils peuvent être soumis.

Impôt retenu à la source

(i) Non-résidents Titulaires de Titres

Aux termes de la législation fiscale luxembourgeoise actuellement en vigueur et des lois du 21 juin 2005 (les **Lois**) dont il est fait mention ci-après, ne sont pas soumis à des retenues à la source les paiements au titre du capital, des primes ou des intérêts effectués au profit de non-résidents Titulaires de Titres, ni concernant les intérêts courus non payés relatifs aux Titres, ni le remboursement ou le rachat des Titres détenus par des non-résidents titulaires de Titres.

Aux termes des Lois transposant la Directive du Conseil 2003/48/CE du 3 juin 2003 en matière de fiscalité des revenus de l'épargne sous forme de paiements d'intérêts et ratifiant les traités signés par le Luxembourg et certains territoires dépendants et associés des Etats membres de l'UE (les **Territoires**), les paiements d'intérêts ou autres revenus assimilés effectués ou attribués par un agent payeur établi au Luxembourg à ou au profit immédiat d'un bénéficiaire individuel ou d'une entité résiduelle, telle que définies par les Lois, qui est un résident ou est établi dans un Etat membre de l'UE (autre que le Luxembourg) ou dans l'un des Territoires, seront assujettis à une retenue d'impôt à la source, sauf si le bénéficiaire concerné a donné des instructions adéquates à l'agent payeur concerné afin qu'il fournisse des informations sur les paiements d'intérêts ou autres revenus assimilés à l'administration fiscale de son pays de résidence ou d'établissement, ou, dans le cas d'un bénéficiaire individuel, s'il a fourni à l'agent payeur concerné un justificatif d'exonération au format requis émanant de l'administration fiscale de son pays de résidence. L'impôt retenu à la source est, le cas échéant, prélevé actuellement au taux de 20 pour cent et, à compter du 1^{er} juillet 2011, un taux de 35 pour cent sera appliqué. L'agent payeur au Luxembourg est responsable de l'impôt retenu à la source. Les paiements d'intérêts relatifs aux Titres entrant dans le champ d'application des Lois seraient actuellement soumis à une retenue à la source de 20 pour cent.

D. Résidents titulaires de Titres

Aux termes des lois fiscales actuellement en vigueur au Luxembourg et sous réserve de la loi du 23 décembre 2005 (la **Loi**) mentionnée ci-après, il n'est pas prélevé de retenue à la source sur le paiement de principal, de primes ou d'intérêts au profit de résidents luxembourgeois Titulaires de Titres, ni concernant les intérêts courus non payés afférents aux Titres, ni lors du remboursement ou du rachat des Titres détenus par un résident titulaire de Titres.

Aux termes de la Loi, les paiements d'intérêts et revenus assimilés effectués ou attribués par un agent payeur établi au Luxembourg pour ou au profit d'un bénéficiaire individuel qui est un résident du Luxembourg seront soumis à un impôt retenu à la source au taux de 10 pour cent. Cette retenue à la source sera libératoire de l'impôt sur le revenu si le bénéficiaire est un individu agissant dans le cadre de la gestion de son patrimoine personnel. L'agent payeur est responsable de la retenue à la source de l'impôt. Les paiements d'intérêt afférents aux Titres entrant dans le champ d'application de la Loi seront soumis à une retenue à la source au taux de 10 pour cent.

C. SUISSE

Les paragraphes suivants résument la législation en vigueur à la date de ce Prospectus. Ils n'ont pas pour objectif de donner une description exhaustive de tous les aspects fiscaux pouvant être utiles pour décider d'investir dans les Titres. Le traitement fiscal pour chaque investisseur dépend de sa situation propre. Tous les investisseurs sont invités à consulter leurs conseils fiscaux professionnels pour ce qui concerne les conséquences fiscales en Suisse liées à l'achat, la détention, la vente, l'annulation, l'exercice ou le rachat des Titres à la lumière de leur situation spécifique.

Droits de timbre

Droit de timbre d'émission fédéral

Les Titres ne sont pas soumis au droit de timbre d'émission fédéral, à condition que l'Emetteur concerné soit à tout moment, au sens du droit fiscal suisse, domicilié hors de la Suisse et géré en dehors de la Suisse.

Droit de timbre de négociation fédéral

Les transactions sur les Titres faisant partie de la catégorie des instruments financiers dérivés purs (tels que des pures options call et put, y compris des options à bas prix d'exercice (LEPO) ayant une échéance ne dépassant pas douze mois, des pures opérations à terme dont le préfinancement maximum est de 25 pour cent, des certificats classiques ou des certificats dynamiques assimilés à des certificats classiques répliquant un indice ou un panier d'actions d'au moins cinq actions ayant une échéance fixe ou des certificats sans durée fixe assortis d'un droit de dénonciation annuel et assimilés à des certificats classiques) ne sont pas soumis au droit de timbre de négociation fédéral.

Les transactions sur des Titres qui ont été émis par un Emetteur en dehors de la Suisse et qui font partie de la catégorie des instruments structurés, des instruments assimilés aux actions (y compris des options à bas prix d'exercice (LEPO) portant sur des actions ayant une échéance supérieure à douze mois) ou des instruments assimilés à des placements collectifs de capitaux sont soumis au droit de timbre de négociation fédéral au taux de 0,3 pour cent du montant payé par la contrepartie, mais uniquement si un commerçant de titres suisse (tel que défini par la loi fédérale suisse sur les droits de timbre) est une partie ou un intermédiaire à la transaction et qu'aucune exception ne s'applique.

La livraison d'un titre sous-jacent lors de l'exercice ou du rachat au titulaire des Titres est soumise au droit de timbre de négociation fédéral au taux de 0,3 pour cent si un titre émis par un émetteur en dehors de la Suisse est délivré et au taux de 0,15 pour cent si un titre émis par un émetteur suisse est délivré; toutefois, dans les deux cas, uniquement si un commerçant de titres suisse (tel que défini par la loi fédérale suisse sur les droits de timbre) est une partie ou un intermédiaire à la transaction et qu'aucune exception ne s'applique.

Impôt anticipé suisse

Les paiements relatifs à un Titre ne sont pas soumis à l'impôt anticipé suisse à condition que l'Emetteur concerné soit à tout moment, au sens du droit fiscal suisse, domicilié hors de Suisse et géré en dehors de la Suisse.

Impôt sur le revenu

Titulaires non domiciliés en Suisse

Un titulaire de Titres qui n'est pas domicilié en Suisse et qui, durant l'année fiscale, n'a pas réalisé des activités économiques ou des opérations par le biais d'un établissement stable ou d'un lieu fixe d'affaires en Suisse, et qui n'est pas soumis à l'impôt sur le revenu en Suisse pour une autre raison, ne sera pas soumis à l'impôt sur le revenu en Suisse.

Titres détenus dans le patrimoine privé par un titulaire domicilié en Suisse

Instruments financiers dérivés structurés: Si un Titre fait partie de la catégorie des instruments financiers dérivés structurés, l'imposition des revenus y afférents dépend du fait que l'obligation et le ou les instruments financiers dérivés qui lui sont incorporés sont ou non enregistrés séparément, et du fait que le Titre répond ou non au critère d'instrument structuré avec ou sans paiement d'intérêt unique prédominant:

Instruments financiers dérivés structurés non transparents: Si l'obligation incorporée n'est pas enregistrée séparément du ou des instruments financiers dérivés incorporés, le Titre fait partie de la catégorie des instruments structurés non transparents et tout rendement découlant de l'investissement initial est considéré comme un paiement d'intérêts imposable. Les instruments financiers dérivés non transparents intègrent généralement un paiement d'intérêt unique prédominant et sont imposés conformément aux principes exposés ci-après au paragraphe "Instruments financiers dérivés structurés transparents à intérêt unique prédominant".

Instruments financiers dérivés structurés transparents sans intérêt unique prédominant: Si l'obligation incorporée est enregistrée séparément du ou des instruments financiers dérivés incorporés et que le rendement à échéance provient de manière prédominante de paiements d'intérêt périodiques et non d'un paiement d'intérêt unique (voir ci-après le paragraphe "Instruments financiers dérivés structurés transparents à intérêt unique prédominant"), tout paiement d'intérêt périodique et le paiement d'intérêt unique sont imposés lorsqu'ils sont versés au titulaire des Titres. Les gains, y compris les intérêts accumulés, et les pertes, réalisés sur la vente d'un Titre, sont respectivement des gains en capital privé non imposables ou des pertes en capital privé non déductibles fiscalement.

Instruments financiers dérivés structurés transparents à intérêt unique prédominant: Si l'obligation incorporée est enregistrée séparément du ou des instruments financiers dérivés incorporés et si le rendement à échéance provient de manière prédominante d'un paiement d'intérêt unique, tel qu'un escompte originel lors de l'émission ou le remboursement avec une prime et non de paiements périodiques d'intérêts, tout paiement périodique d'intérêts et, de surcroît, lors de la vente ou du remboursement d'un Titre, la différence entre la valeur de l'obligation incorporée lors de la vente ou du remboursement selon le cas, et sa valeur lors de l'émission ou de l'achat sur le marché secondaire selon le cas, converti, dans chaque cas, en francs suisses au taux de change en vigueur au moment du remboursement ou de la vente, émission ou achat (méthode d'imposition de la différence selon la méthode analytique), constitue un revenu imposable. Une baisse de valeur de l'obligation incorporée réalisée respectivement sur le remboursement ou la vente du Titre peut être déduite de toutes plus-values (y compris des paiements d'intérêts périodiques) réalisées au cours de la même année fiscale, découlant de tout instrument à intérêt unique prédominant. Tout rendement résiduel réalisé sur le ou les instruments financiers dérivés incorporés constitue un gain en capital privé non imposable, et toute perte résiduelle constitue une perte en capital privée non déductible fiscalement.

Obligations sans intérêt unique prédominant: Si un Titre fait partie de la catégorie des obligations pures sans intérêt unique prédominant (le rendement à échéance découle de manière prédominante de paiements d'intérêt périodiques et non du paiement d'un intérêt unique), les investisseurs privés domiciliés en Suisse seront imposés sur les paiements périodiques et le paiement de l'intérêt unique, chacun étant converti en francs suisse au taux de change en vigueur à la date du paiement. Un gain, y compris les intérêts accumulés, ou une perte, réalisé respectivement sur la vente d'un Titre, constitue respectivement un gain en capital privé non imposable ou une perte en capital privée non déductible fiscalement.

Obligations à intérêt unique prédominant: Si un Titre fait partie de la catégorie des obligations pures à paiement d'intérêt unique prédominant (le rendement à échéance découle de manière prédominante d'un paiement d'intérêt unique tel qu'un escompte originel lors de l'émission ou le remboursement avec une prime, et non de paiements d'intérêt périodiques), les investisseurs privés domiciliés en Suisse seront imposés sur tout gain, y compris les gains en capital et les gains de change, réalisés sur les Titres (méthode d'imposition de la différence).

Instruments financiers dérivés purs: Un gain en capital réalisé par une personne physique sur la vente ou le remboursement d'un Titre qui fait partie de la catégorie des instruments financiers dérivés purs (tels que les pures options call et put, y compris les options à bas prix d'exercice (LEPO) ayant une échéance inférieure ou égale à un an, les pures opérations à terme, les certificats classiques ou des certificats dynamiques assimilés à des certificats classiques répliquant un indice ou un panier d'actions d'au moins cinq actions, assortis d'une échéance fixe ou les certificats sans durée fixe assortis d'un droit de dénonciation annuel et assimilés à des certificats classiques) et qui est détenu dans son patrimoine privé, constitue un gain en capital privé non

imposable. De même, une perte en capital réalisée sur la vente ou le remboursement d'un Titre n'est pas déductible du revenu imposable. Les paiements périodiques et les paiements uniques servant à compenser des dividendes sur un Titre qui est un instrument financier dérivé pur constituent un rendement de fortune imposable.

Options à bas prix d'exercice (LEPO): Actuellement, l'administration fiscale fédérale suisse considère qu'une option qualifie comme option à bas prix d'exercice (LEPO) si le sous-jacent d'une option call a été préfinancé à hauteur d'au moins 50 pour cent au moment de l'émission. Pour les options à bas prix d'exercice ayant une échéance supérieure à un an, la composante d'intérêt de l'option à bas prix d'exercice (c'est-à-dire l'escompte originel lors de l'émission) constitue un rendement de fortune imposable.

Instrument assimilé à un placement collectif de capitaux: Un Titre faisant partie de la catégorie des instruments assimilés à un placement collectif de capitaux sera traité de manière transparente d'un point de vue du droit fiscal suisse si le produit des dividendes et des intérêts (moins les coûts attribuables), ainsi que les gains et pertes en capital (moins les coûts attribuables) réalisés sur les instruments sous-jacents sont comptabilisés et distribués séparément. Sous ces conditions, un individu détenant dans son patrimoine privé un instrument assimilé à un placement collectif de capitaux perçoit uniquement des revenus imposables (qu'il doit déclarer chaque année) sur la partie des distributions (si l'instrument de placement collectif de capitaux distribue les produits réalisés sur les instruments sous-jacents) ou les bénéfices accumulés (si l'instrument de placement collectif de capitaux réinvestit les bénéfices afférents à l'investissement sous-jacent) découlant de dividendes et d'intérêts (moins les coûts attribuables) liés aux instruments sous-jacents. Toutes distributions ou tous crédits découlant de gains en capital réalisés sur les investissements sous-jacents constituent un gain en capital non imposable, et toute perte en capital privée non déductible fiscalement. Tout gain ou perte réalisé sur la vente d'un instrument assimilé à un placement collectif de capitaux au cours d'une même année fiscale (y compris les dividendes et les intérêts accumulés) représente un gain en capital privé non imposable exonéré de l'impôt sur le revenu ou une perte en capital privée non déductible fiscalement.

Instruments détenus comme des actifs d'une entreprise suisse

Les personnes physiques et morales qui détiennent des Titres dans le cadre de leurs activités professionnelles ou commerciales en Suisse, y compris les personnes résidant à l'étranger qui conduisent leurs activités au travers d'un établissement stable ou d'un lieu fixe d'affaires en Suisse, doivent enregistrer tout paiement lié à, et tout gain ou perte réalisé sur la vente ou le remboursement de ces Titres (quelle que soit leur classification), dans leur compte de pertes et de profits pour la période fiscale concernée, et elles seront imposées sur les bénéfices nets imposables de cette période.

Le même traitement fiscal s'applique également aux personnes physiques domiciliées en Suisse qui, aux fins de l'impôt sur le revenu, sont considérées comme des "commerçants professionnels de valeurs mobilières" notamment du fait d'activités fréquentes de négociation et du recours à des investissements financés au moyen d'emprunts.

Directive sur la fiscalité des revenus de l'épargne

Un paiement d'intérêt relatif à un Titre effectué par un agent payeur suisse en faveur de personnes physiques ayant leur résidence dans un état membre de l'UE est soumis à l'imposition des revenus de l'épargne de l'UE. L'impôt est retenu à la source au taux de 20 % pour les paiements d'intérêts réalisés avant le 1^{er} juillet 2011, et au taux de 35 % pour les paiements d'intérêts effectués après cette date. Les personnes physiques peuvent toutefois opter pour la communication, par l'agent payeur et la Suisse à l'administration fiscale de l'Etat membre de l'UE, d'informations sur les paiements d'intérêt, à la place de la retenue à la source. Les personnes physiques peuvent avoir droit à un crédit ou à un remboursement de l'impôt retenu à la source, à condition qu'elles soient le bénéficiaire effectif des paiements d'intérêts et que certaines autres conditions soient remplies.

BELGIQUE

Les paragraphes ci-après résument certaines conséquences fiscales, en Belgique, résultant de l'acquisition, la détention et la vente de Titres. Ce résumé n'a pas pour objectif de fournir une description exhaustive de tous les aspects de la fiscalité belge et les investisseurs sont invités à consulter leurs conseils fiscaux pour ce qui concerne les conséquences fiscales inhérentes à leur situation spécifique. La description de certains impôts belges figurant ci-après est donnée à titre indicatif et n'a pas pour objectif d'être exhaustive.

Ce résumé est basé sur la législation actuelle, sur la jurisprudence publiée et sur d'autres directives et réglementations publiées en vigueur à la date de ce Prospectus de Base, et reste sujet à modifications futures, lesquelles peuvent ou non avoir un effet rétroactif.

Impôt sur les bénéficiaires et impôt sur le revenu en Belgique

Pour les besoins de la fiscalité belge, les intérêts englobent tous les intérêts payés relatifs aux Titres ainsi que tous montants payés qui excèdent du prix initial en cas du remboursement ou du rachat par l'Emetteur.

Personnes physiques résidentes de la Belgique

Pour les personnes physiques assujetties à l'impôt sur le revenu qui ne détiennent pas des Titres en tant qu'investisseur professionnel, tous les paiements d'intérêts (tels que définis par le Code des Impôts Belge) seront soumis au régime fiscal décrit ci-après.

Si les intérêts sont payés par le biais d'un intermédiaire belge, celui-ci doit prélever l'impôt retenu à la source. Le taux actuel de l'impôt retenu à la source est de 15 pour cent. Aucun autre impôt sur le revenu ne sera prélevé au titre de ces revenus. Si le paiement d'intérêts n'est pas réalisé grâce à un intermédiaire belge, l'investisseur doit déclarer ces intérêts comme des revenus mobiliers dans sa déclaration de revenus personnelle. Ces revenus seront, en principe, imposés séparément, à un taux de 15 pour cent actuellement (majorés de la surtaxe locale applicable).

Toute plus-value résultant de la vente de Titres qui ne serait pas affectés à l'activité professionnelle de la personne physique, à une personne autre que l'Emetteur, exception faite de la part du prix de vente attribuable à la composante d'intérêts, est en principe exonérée d'impôt (sauf si l'administration fiscale peut prouver que la plus-value ne découle pas de la gestion normale d'un investissement non professionnel). L'investisseur doit déclarer les intérêts comme des revenus dans sa déclaration de revenus personnelle. Ces revenus seront en principe imposés séparément, aux taux de 15 pour cent actuellement (majorés de la surtaxe locale applicable), sauf s'il peut être démontré que ces revenus seront soumis à l'impôt retenu à la source à échéance.

Si un intermédiaire luxembourgeois ou autrichien a prélevé un impôt au sens de la Directive 2003/48/CE du Conseil sur la fiscalité des revenus de l'épargne prenant la forme de paiements d'intérêts (la **Directive Epargne**), cet impôt ne dispense pas la personne physique belge de l'obligation de déclarer les paiements d'intérêts dans sa déclaration de revenus personnelle. Toutefois, cet impôt sera crédité à l'impôt sur le revenu, et tout excédent sera remboursé. L'impôt peut également s'appliquer aux intérêts payés par l'intermédiaire des agents payeurs de certains territoires dépendants ou associés.

Les pertes liées aux Titres détenus comme un investissement non professionnel sont généralement non déductibles fiscalement.

Sociétés belges

Les intérêts payés par le biais d'un intermédiaire établi en Belgique à une société belge assujettie à l'impôt sur les sociétés seront généralement soumis à une retenue à la source en Belgique (le taux actuellement en vigueur est de 15 pour cent). Toutefois, une exemption peut s'appliquer sous réserve de s'acquitter de certaines

formalités, sauf dans le cas d'intérêts payés au titre d'obligations zéro coupon ou d'intérêts capitalisés. Si la retenue à la source en Belgique est applicable, les sociétés belges peuvent, en principe, le déduire de leur passif fiscal au titre de l'impôt sur les bénéfices lorsque certains critères sont remplis.

Pour toute société belge assujettie à l'impôt sur les sociétés en Belgique, tous les intérêts et toutes les plus-values résultant de la vente des Titres feront partie du bénéfice imposable de cette société. En Belgique, le taux d'imposition normal est actuellement de 33,99 pour cent pour l'impôt sur les sociétés.

Les pertes liées aux Titres sont, en principe, déductibles fiscalement.

Autres entités juridiques belges assujetties à l'impôt sur les sociétés

Pour les autres entités juridiques belges assujetties à l'impôt sur les sociétés, tous les paiements d'intérêts (tels que définis par le Code des impôts belge) seront soumis à l'impôt prélevé à la source, actuellement au taux de 15 pour cent.

Si ces intérêts sont payés par le biais d'un intermédiaire belge, celui-ci devra prélever une retenue à la source, actuellement au taux de 15 pour cent. Aucun autre impôt sur les sociétés ne sera prélevé sur ces produits. En l'absence d'intermédiaire belge, il appartient à l'entité juridique de déclarer et de payer l'impôt retenu à la source.

Toute plus-value découlant de la vente de titres à une personne autre que l'Émetteur sera, en principe, exonérée d'impôt, excepté la partie du prix de vente attribuable à la composante des intérêts. Ces intérêts sont soumis à l'impôt retenu à la source, au taux actuel de 15 pour cent. Cet impôt retenu à la source doit être payé par l'entité juridique, sauf s'il peut être démontré que l'impôt retenu à la source sera payé à l'échéance.

Taxes sur les opérations boursières

La vente et l'acquisition des Titres seront soumises à une taxe sur les opérations boursières exécutées en Belgique par un intermédiaire professionnel. Cette taxe est généralement de 0,07 pour cent sur chaque vente et acquisition individuelle, et plafonnée à 500 euros par transaction imposable. Certaines catégories d'investisseurs institutionnels et de non-résidents bénéficient d'exemptions. Les transactions sur le marché primaire ne sont plus assujetties à la taxe sur des opérations boursières.

Directive sur la fiscalité des revenus de l'épargne

Aux termes de la Directive 2003/48/CE du Conseil sur la fiscalité des revenus de l'épargne, les États membres doivent communiquer à l'administration fiscale d'un autre État membre des informations sur les paiements d'intérêts (et autres revenus assimilés) payés par une personne dans son territoire à une personne physique résidant dans cet autre État membre, ou à certains types d'entités établies dans cet autre État membre.

Toutefois, pendant une période de transition, le Luxembourg et l'Autriche doivent (sauf si durant cette période ils en décident autrement) disposer d'un système de retenue à la source pour ces paiements (la fin de cette période de transition reposant sur la conclusion de certains autres accords relatifs à l'échange d'information avec certains autres pays). Un certain nombre de pays et territoires non-membres de l'UE, dont la Suisse, ont adopté des mesures similaires (un système de retenue à la source dans le cas de la Suisse). Le taux actuel de l'impôt applicable à ces paiements est de 20 pour cent (à compter du 1^{er} juillet 2008). Toutefois, ce taux sera porté à 35 pour cent postérieurement au 1^{er} juillet 2011. À cet égard, le Ministre des Finances belge a récemment indiqué qu'à compter du 1^{er} janvier 2010, la Belgique n'appliquerait plus de retenue à la source sur les paiements d'intérêts en faveur des bénéficiaires effectifs qui sont résidents d'un autre État membre de l'Union Européenne, mais échangera automatiquement des informations, tel que prévu par la Directive Épargne.

Le 15 septembre 2008, la Commission Européenne a émis un rapport au Conseil de l'Union Européenne sur le fonctionnement de la Directive, qui contenait les recommandations de la Commission concernant la nécessité d'apporter des modifications à la Directive. Le 13 novembre 2008, la Commission Européenne a publié une proposition plus détaillée de modifications de la Directive incluant différentes modifications proposées. Si une quelconque de ces modifications proposées relatives à la Directive est adoptée, l'étendue des exigences décrites ci-dessus pourrait être modifiée ou élargie.

RESTRICTIONS DE SOUSCRIPTION, DE VENTE ET DE TRANSFERT

Aux termes d'un Contrat d'Agent Placeur amendé et reformulé (le **Contrat d'Agent Placeur**, expression qui inclut ce contrat tel qu'il pourra être actualisé ou complété de temps à autre) en date du 27 avril 2010, les Agents Placeurs sont convenus avec les Emetteurs et le Garant d'une base sur laquelle ils (ou l'un quelconque d'entre eux) pourront accepter de temps à autre d'acheter des Titres. Cet accord s'étendra aux questions visées à la section "*Forme des Titres*" et dans les Modalités des Titres décrites ci-dessus. Les Emetteurs se sont conjointement et solidairement obligés dans le Contrat d'Agent Placeur à rembourser aux Agents Placeurs certains de leurs frais en relation avec l'établissement et toute mise à jour future du Programme et avec l'émission des Titres dans le cadre du Programme, et à indemniser et garantir les Agents Placeurs contre certaines responsabilités encourues par eux en relation avec ce Programme et cette émission.

Les restrictions de vente suivantes peuvent être modifiées par l'Emetteur concerné et le ou les Acquéreurs concernés à la suite d'une modification des lois, réglementations ou directives, et dans certaines autres circonstances convenues entre l'Emetteur concerné et le ou les Acquéreurs concernés. Ces modifications seront exposées dans les Conditions Définitives et (le cas échéant), dans le contrat de syndication se rapportant à la Tranche concernée, ou dans un supplément à ce Prospectus du Programme d'Emission de Titres de Créance.

Restrictions de Transfert

En conséquence des restrictions suivantes, les acheteurs de Titres aux Etats-Unis sont invités à consulter un conseil juridique avant de procéder à tout achat, offre, vente, revente ou autre transfert de ces Titres.

Chaque acheteur de Titres Nominatifs ou chaque personne souhaitant échanger un droit sur un Titre Global Nominatif contre un autre droit, ou un droit sur un Titre global contre un droit sur un Titre définitif ou vice versa, sera réputé reconnaître, déclarer et garantir ce qui suit ou, selon le cas, se verra exiger de reconnaître, déclarer et garantir ce qui suit (les termes employés dans ce paragraphe qui sont définis dans la *Rule 144A* ou dans la *Regulation S* ont la même signification dans ce paragraphe):

- (a) il: (a) est un QIB ("*Qualified Institutional Buyer*", Acheteur Institutionnel Qualifié) et un QP ("*Qualified Purchaser*", Acheteur Qualifié) achetant (ou détenant) les Titres pour son propre compte ou pour le compte d'un ou plusieurs QIB qui sont également des QP, dans chaque cas pour investissement et non pas en vue de tout placement de ceux-ci ou pour les vendre en relation avec tout placement de ceux-ci, et il reconnaît que toute vente qui lui est faite est conforme à la *Rule 144A* ou (b) se trouve hors du territoire des Etats-Unis et n'est pas une *U.S. Person*;
- (b) les Titres et toute Garantie sont offerts et vendus dans le cadre d'une transaction n'impliquant pas une offre publique aux Etats-Unis, au sens de l'*U.S. Securities Act*, et les Titres et toute Garantie n'ont pas et ne seront pas enregistrés en vertu de l'*U.S. Securities Act* ou de toutes autres lois relatives à des instruments financiers étatiques américaines applicables, et ne peuvent pas être offerts ou vendus aux Etats-Unis ou à des *U.S. Persons*, ni pour leur compte ou à leur profit, excepté dans les conditions indiquées ci-dessous;
- (c) l'Emetteur n'a pas été enregistré et ne sera pas enregistré comme une "société d'investissement" (*investment company*) en vertu du *U.S. Investment Company Act*, en raison de l'exception prévue par la Section 3(c)(7) de celle-ci, et les Titres ne pourront pas être vendus aux Etats-Unis ou à des *U.S. Persons*, ni pour leur compte ou à leur profit, excepté dans les conditions indiquées ci-dessous;
- (d) à moins qu'il ne détienne un droit sur un Titre Global *Regulation S* ou un Titre Global Nominatif Non-US, et ne soit une personne se trouvant hors des Etats-Unis ou ne soit pas une *U.S. Person*, s'il décide, à l'avenir, de revendre, nantir ou transférer autrement les Titres ou tout droit de propriété sur les Titres, il ne le fera (a) qu'au profit de l'Emetteur ou de l'un de ses affiliés, (b) dans le territoire des Etats-Unis,

Singapour

Toute offre de titres de créances à des investisseurs potentiels à Singapour (que l'émetteur soit un émetteur résident de Singapour ou un émetteur étranger) doit être faite conformément aux exigences concernant les prospectus du *Securities and Futures Act*, Chapitre 289 de la loi singapourienne (le **SFA**).

En principe, un prospectus doit être communiqué à, et enregistré auprès de, l'Autorité Monétaire de Singapour (*Monetary Authority of Singapore*) (la **MAS**), avant toute offre de titres de créances à Singapour, bien que certaines catégories d'investisseurs potentiels puissent faire l'objet d'offres de titres de créances sans qu'il soit nécessaire pour l'émetteur d'avoir enregistré un prospectus.

Suisse

Chaque Agent Placeur reconnaît, et chaque Agent Placeur nommé ultérieurement dans le cadre du Programme et chaque autre Acquéreur devront reconnaître, qu'ils se conformeront (i) à toutes les lois, tous les règlements ou leurs interprétations en Suisse, de temps à autre, en relation avec l'offre, la vente, la livraison ou le transfert ou la distribution de tout document d'offre relatif aux Titres en Suisse, et (ii) à toutes les exigences dans le cadre de la distribution des Titres SIS CHF visées dans la Modalité 1(a)-(g) des Modalités des Titres de Droit Anglais et des Titres NRC.

Etats-Unis

Les Titres et toute Garantie n'ont pas été et ne seront pas enregistrés en vertu du *U.S. Securities Act* et ne peuvent être offerts, vendus ou livrés, directement ou indirectement aux Etats-Unis, ni vendus à, pour le compte ou au profit de *U.S. Persons*, autrement qu'en conformité avec la *Regulation S* ou de la *Rule 144A* du *U.S. Securities Act*, ou lors de certaines transactions exemptées des obligations d'enregistrement prévues par le *U.S. Securities Act*, n'ayant pas pour effet d'obliger l'Emetteur à se faire enregistrer en tant que société d'investissement en vertu du *U.S. Investment Company Act*. Les termes utilisés dans ce paragraphe ont la signification qui leur est donnée dans la *Regulation S* du *U.S. Securities Act*.

Les Titres au porteur sont soumis au régime fiscal américain et ne peuvent être offerts, vendus ou livrés aux Etats-Unis ou dans leurs territoires ni à un ressortissant américain, hormis s'agissant de certaines transactions autorisées par la réglementation fiscale américaine. Les termes utilisés dans ce paragraphe ont la signification qui leur est donnée par le Code des Impôts Américain (*U.S. Internal Revenue Code*), tel que modifié, et par les réglementations afférentes.

Toutes les offres et ventes aux Etats-Unis seront exclusivement opérées par des courtiers-vendeurs (*brokers-dealers*) enregistrés en vertu de l'Article 15 de la Loi Américaine sur les Bourses de Valeurs de 1934, telle que modifiée. Chaque Agent Placeur a déclaré et garanti, chaque Agent Placeur nommé ultérieurement au titre du Programme et tout Acquéreur devra déclarer et garantir qu'il n'offrira pas, ne vendra pas et ne livrera pas des Titres (autres que des Titres avec Restriction Permanente) aux Etats-Unis, à des ressortissants américains ou pour leur compte (a) dans le cadre de leur placement, à tout moment ou (b) autrement, moins de 40 jours avant la date à laquelle le placement de tous les Titres de la Tranche dont ces Titres font partie aura pris fin, telle que cette date sera déterminée et certifiée par l'Agent Fiscal à cet Agent Placeur ou Acquéreur (selon le cas) ou, par le chef de file concerné pour une émission syndiquée de Titres, autrement qu'en conformité avec la *Rule 144A* prise pour l'application du *U.S. Securities Act*, et qu'il n'offrira, ne vendra ni ne livrera à aucun moment des Titres avec Restriction Permanente, ou tout intérêt sur ceux-ci, aux Etats-Unis, à des *U.S. Persons* ou à leur profit ou pour leur compte. En outre, chaque Agent Placeur s'est engagé à envoyer, et chaque Agent Placeur nommé ultérieurement en application du Programme et tout Acquéreur devra s'engager à envoyer, à chaque agent placeur à qui il vend des Titres au cours de la Période de Placement Réglementé, une confirmation ou une

notification exposant les restrictions concernant l'offre et la vente de Titres, aux Etats-Unis, à des *U.S. Persons* ou pour leur compte. Pendant la période de 40 jours qui courra après le début de l'offre de Titres, un Agent Placeur ou Acquéreur (qu'il participe ou non à l'offre) peut, s'il offre ou il vend ces Titres aux Etats-Unis, se rendre coupable d'une violation des obligations d'enregistrement prévues par le *U.S. Securities Act* si cette offre ou cette vente n'est pas effectuée conformément à une exemption d'enregistrement prévue par le *U.S. Securities Act*. Les termes utilisés dans ce paragraphe ont la signification qui leur est donnée par la *Regulation S* du *U.S. Securities Act*.

Les Agents Placeurs peuvent organiser la revente de Titres (autres que des Titres avec Restriction Permanente) à des QIB (Acheteurs Institutionnels Qualifiés) qui sont également des QP (Acheteurs Qualifiés) en vertu de la *Rule 144A*, et chacun de ces acheteurs de Titres est informé par les présentes que les Agents Placeurs peuvent se fonder sur l'exemption des obligations d'enregistrement du *U.S. Securities Act*, instituée par la *Rule 144A*. Le montant en principal total minimum pouvant être acheté par un QIB qui est également un QP en vertu de la *Rule 144A* est fixé à 100.000 U.S.\$ (ou sa contre-valeur approximative dans une autre devise). Dans la mesure où l'Emetteur n'est ni une société soumise aux obligations de publication imposées par la Section 13 ou 15(d) du *U.S. Exchange Act* (Exchange Act), ni une société dispensée de ces obligations de publication en vertu de la Règle 12g3-2(b) prise pour l'application du *U.S. Exchange Act*, l'Emetteur s'est obligé à fournir aux titulaires de Titres et aux acheteurs potentiels désignés par ces titulaires, sur simple demande, ces informations pouvant être requises par la *Rule 144A(d)(4)*.

Chaque émission de Titres Indexés, de Titres Indexés sur Marchandises et de Titres Libellés en Deux Devises pourra être soumise aux restrictions supplémentaires de vente aux Etats-Unis que l'Emetteur et l'Acquéreur concerné peuvent convenir d'inclure, et ces restrictions supplémentaires seront stipulées dans les Conditions Définitives applicables. Chaque Agent Placeur s'est engagé, et chaque autre Acquéreur sera tenu de s'engager, à n'offrir, vendre ou livrer ces Titres qu'en conformité avec ces restrictions supplémentaires de vente aux Etats-Unis. Les Agents Placeurs pourront exiger des acquéreurs potentiels des Titres qu'ils fournissent un certificat revêtant en substance la forme annexée au Mémoire des Procédures Opérationnelles et Administratives (*Operating and Administrative Procedures Memorandum*) attestant que cet acquéreur est éligible pour acheter ces Titres et du respect des restrictions de vente applicables.

Les Titres Dématérialisés de Droit Français et les Titres NRC qui sont, dans chaque cas, désignés dans les Conditions Définitives comme étant des Titres avec Restriction Permanente, ou tout intérêt sur ceux-ci, ne peuvent à aucun moment être offerts, vendus, revendus, négociés, nantis, remboursés, transférés ou livrés directement ou indirectement aux Etats-Unis ou à une *U.S. Person*, ou pour le compte ou au profit d'une *U.S. Person* et toute offre, toute vente, toute revente, toute négociation, tout nantissement, tout remboursement, tout transfert ou toute livraison qui serait effectué directement ou indirectement aux Etats-Unis ou à une *U.S. Person*, ou pour le compte ou au profit d'une *U.S. Person*, ne sera pas reconnu. Les Titres de Droit Français et les Titres NRC ne peuvent être à aucun moment la propriété légale ou effective d'une *U.S. Person*, et sont donc offerts et vendus hors du territoire des Etats-Unis à des personnes qui ne sont pas des *U.S. Persons*, au sens de la *Regulation S*.

Les Titres Matérialisés de Droit Français et les Titres Dématérialisés de Droit Français et les Titres NRC qui ne sont pas, dans chaque cas, désignés dans les Conditions Définitives comme étant des Titres avec Restriction Permanente, ou tout droit sur ceux-ci, ne peuvent pas être offerts ni vendus aux Etats-Unis, ni à des *U.S. Persons*, ni pour leur compte ou à leur profit, excepté en vertu d'une dispense de l'obligation d'enregistrement du *U.S. Securities Act*, dans le cadre d'une transaction n'imposant pas à l'Emetteur ou au Garant, selon le cas, l'obligation de se faire enregistrer en vertu du *U.S. Investment Company Act*.

Restrictions de Vente: Juridictions au sein de l'Espace Economique Européen

Les restrictions de vente ci-dessous peuvent ne pas être applicables dans le contexte d'une offre au public, auquel cas des modifications appropriées seront apportées aux Conditions Définitives applicables

Restrictions de vente relatives à une offre au public en application de la Directive Prospectus

En ce qui concerne chaque Etat Membre de l'Espace Economique Européen qui a transposé la Directive Prospectus (chacun étant dénommé: un **Etat Membre Concerné**), chaque Agent Placeur déclare et garantit, et chaque Agent Placeur nommé ultérieurement dans le cadre du Programme et tout autre Acquéreur devra déclarer et garantir, qu'à compter de la date (incluse) de transposition de la Directive Prospectus dans cet Etat Membre Concerné (la **Date de Transposition Concernée**) ils n'ont pas procédé et ne procéderont pas, dans cet Etat Membre Concerné, à l'offre au public des Titres envisagée dans ce Prospectus du Programme d'Emission de Titres de Créance, dans les conditions prévues par les Conditions Définitives, mais pourront toutefois, à compter de la Date de Mise en Application Concernée (incluse), procéder à l'offre de Titres au public dans cet Etat Membre Concerné:

- (a) si les conditions définitives applicables aux Titres spécifient qu'une offre de ces Titres peut être faite autrement qu'en conformité avec l'Article 3(2) de la Directive Prospectus dans cet Etat Membre Concerné (une **Offre Non Exemptée**), après la date de publication d'un prospectus relatif à ces Titres ayant obtenu le visa des autorités compétentes de l'Etat Membre Concerné, ou, le cas échéant, ayant été approuvé dans un autre Etat Membre Concerné et notifié aux autorités compétentes de cet Etat Membre Concerné, sous réserve que chacun de ces prospectus ait été ultérieurement complété par les conditions définitives prévoyant cette Offre Non Exemptée, conformément à la Directive Prospectus, pendant la période commençant et finissant aux dates spécifiées dans ce prospectus ou ces conditions définitives, selon le cas;
- (b) à tout moment à des entités juridiques qui sont réglementées ou habilitées à intervenir sur les marchés financiers ou, si elles ne sont pas réglementées ou habilitées, qui ont pour objet social unique l'investissement dans des Titres;
- (c) à tout moment à une personne morale réunissant au moins deux des conditions suivantes: (1) avoir une moyenne d'au moins 250 employés au cours du dernier exercice; (2) avoir un total de bilan de plus de 43 000 000 € et (3) avoir un chiffre d'affaires annuel net de plus de 50 000 000 €, tel que reflété dans ses derniers comptes annuels ou son bilan consolidé. Et pour les investisseurs en Norvège qui sont enregistrés en qualité d'investisseur professionnel conformément à la Loi Norvégienne sur les Négociations en Valeurs Mobilières;
- (d) à tout moment à moins de 100 personnes physiques ou morales (autres que des investisseurs qualifiés tels que définis par la Directive Prospectus) sous réserve d'obtenir l'accord préalable du ou des Agents Placeurs concernés nommés par l'Emetteur dans le cadre de cette offre; ou
- (e) à tout moment et dans toute autre circonstance entrant dans le champ d'application de l'Article 3(2) de la Directive Prospectus,

étant entendu qu'aucune offre de Titres de la nature visée aux points (b) à (e) ci-dessus n'imposera à l'Emetteur ou à tout Agent Placeur de publier un prospectus en vertu de l'Article 3 de la Directive Prospectus ni un supplément au prospectus en vertu de l'Article 16 de la Directive Prospectus.

Pour les besoins de la présente clause, l'expression "offre de Titres au public", employée en relation avec tous Titres dans tout Etat Membre Concerné, désigne la communication sous quelque forme et par quelque moyen que ce soit d'une information suffisante sur les conditions de l'offre et sur les Titres à offrir, de manière à mettre un investisseur en mesure de décider d'acheter ou de souscrire les Titres, telle qu'elle pourra être modifiée dans cet Etat Membre par toute mesure prise pour l'application de la Directive Prospectus dans cet Etat Membre, et l'expression **Directive Prospectus** désigne la Directive 2003/71/CE et inclut toute mesure prise pour la transposition de cette Directive dans chaque Etat Membre Concerné.

Autriche

Aucune offre de Titres émis par un Emetteur ne peut être faite au public en Autriche; par exception à ce principe, les Titres émis par un Emetteur peuvent être offerts au public en Autriche (a) dans le cas de Titres au porteur, pendant la période commençant un jour de banque après (i) la date de publication du présent Prospectus du Programme d'Emission de Titres de Créance, y compris tous suppléments mais en excluant toutes Conditions Définitives applicables aux Titres émis par un Emetteur qui a été agréé par le Finanzmarktaufsichtsbehörde (Autorité de Surveillance des Marchés Financiers) en Autriche (le "FMA"), ou, s'il y a lieu, agréé dans tout autre Etat Membre et notifié au FMA, le tout en conformité avec la Directive Prospectus, et (ii) ou la date de publication des Conditions Définitives applicables aux Titres émis par un Emetteur, et (iii) la date de dépôt d'une notification auprès de l'Oesterreichische Kontrollbank, le tout tel que prescrit par la loi autrichienne sur les marchés de capitaux de 1991 ("LMC": Kapitalmarktgesetz 1991), ou (b) dans le cas de Titres au porteur, en se conformant autrement aux dispositions de la LMC.

En outre, chaque Agent Placeur déclare, garantit et convient qu'il n'a pas offert et n'offrira pas de Titres nominatifs en Autriche, que ce soit par voie de placement privé ou d'offre au public en Autriche.

Pour les besoins de la présente clause, l'expression "offre au public de Titres émis par un Emetteur" désigne la communication sous quelque forme et par quelque moyen que ce soit d'une information suffisante sur les conditions de l'offre et sur les Titres offerts émis par un Emetteur, de manière à mettre un investisseur en mesure de décider d'acheter ou de souscrire les Titres émis par un Emetteur.
