

CHAPTER 7: DYNAMIC AND STATIC PORTFOLIO NOTES ISSUED BY ING BANK N.V.**PART 1: TERMS AND CONDITIONS OF DYNAMIC AND STATIC PORTFOLIO NOTES**

The terms and conditions applicable to Dynamic and Static Portfolio Notes issued by the Global Issuer shall comprise the Terms and Conditions of the Medium Term Notes set out in Chapter 2, Part 1 (the “General Conditions”), the provisions of one, or more (as applicable), Applicable Chapter(s) (as defined below) and the additional Terms and Conditions set out below (the “Dynamic and Static Portfolio Conditions”), in each case subject to completion and/or amendment in the applicable Final Terms. 2 Master Portfolio

If Master Portfolio is specified as applicable in the relevant Final Terms, the Issuer will establish and maintain a notional Master Portfolio (the “Master Portfolio”) in respect of the Notes that shall notionally comprise certain assets (and liabilities) that are notionally allocated to such Master Portfolio. Unless otherwise stated in the Final Terms, the initial and all subsequent allocations of notional assets (and liabilities) of the Master Portfolio will be sub-divided into the Reference Portfolio, the Deposit Portfolio (if applicable) and the Leverage Portfolio (if applicable), such assets (and liabilities) shall be determined in accordance with Condition 6 of these Dynamic and Static Portfolio Conditions and the relevant Final Terms. The Master Portfolio will be notionally subdivided into interests (each a “Master Portfolio Interest”). The value from time to time of a Master Portfolio Interest (the “Master Portfolio Interest Price”) will be equal to the Master Portfolio Value divided by the Number of Master Portfolio Interests. The value of the Master Portfolio (the “Master Portfolio Value”) shall initially equal the Aggregate Nominal Amount of the Notes, unless otherwise specified in the relevant Final Terms, and subsequently shall equal the sum of the value of the Reference Portfolio, the Deposit Portfolio and the Leverage Portfolio. On each occasion on which there is a notional redemption or subscription of Master Portfolio Interests, the Number of Master Portfolio Interests will be increased (in the case of a subscription) or decreased (in the case of a redemption) by the amount of such subscription or redemption divided by the Master Portfolio Interest Price.

3 Reference Portfolio

The “**Reference Portfolio**” comprises the notional investment of the Master Portfolio in either an asset or a basket of assets as determined in accordance with the provisions of one, or more (as applicable), relevant chapter(s) specified in the relevant Final Terms under “Applicable Chapter(s)”. References in these Dynamic and Static Portfolio Conditions to “Reference Portfolio Interests”, “Reference Portfolio Interest Price” and “Reference Portfolio Business Day” means a reference to units in the relevant asset or basket of assets, the price of such units and the Business Day applicable to such asset or basket of assets, all as determined in accordance with the provisions of the applicable chapter(s) as specified in the relevant Final Terms (the “Applicable Chapter(s)”).

4 Deposit Portfolio

4.1 Where a Deposit Portfolio is specified as being applicable in the relevant Final Terms, the Master Portfolio will contain a deposit portfolio (the “Deposit Portfolio”). The Issuer will make notional allocations to the Deposit Portfolio in accordance with Condition 6 of these Dynamic and Static Portfolio Conditions. The Deposit Portfolio comprises the aggregate amount of deposits (the “Deposits” and each a “Deposit”) notionally made by the Master Portfolio in respect of the Deposit Portfolio.

4.2

4.2.1 If “Zero/Fixed Coupon Deposit” is specified in the relevant Final Terms, each Deposit shall (i) be treated as having been notionally accepted by the Calculation Agent at a discount to its nominal amount (or, depending on prevailing market rates, at a premium), (ii) shall have a coupon equal to the Deposit Coupon (if any) accruing on 100 per cent. of its nominal amount (calculated in accordance with the Deposit Day Count Fraction) and payable as of each Deposit Coupon Payment Date, each as specified in the relevant Final Terms, and (iii) shall be finally redeemed at the Deposit Redemption Amount on the Reference Portfolio Final Valuation Date. The price at which a Deposit is made into the Deposit Portfolio (and the price at which a Deposit is paid out of the Deposit Portfolio in whole or in part prior to the Reference Portfolio Final Valuation Date) and which shall, therefore, be used to determine the nominal amount of the Deposit made (or portion of the Deposit paid out) shall be valued by discounting to the date as of which the calculation is being made each of (i) the nominal amount of the Deposit and (ii) the Deposit Coupons notionally payable on that Deposit, each at the Applicable Rate, using the relevant day count fraction for the Applicable Rate. The discounted price shall be the sum of such discounted amounts. A Deposit shall only be capable of being made as of a Deposit Business Day. For the avoidance of doubt, the Deposit and any accrued interest thereon will be reinvested in another Deposit on the same terms on the day that it matures, unless an Allocation Adjustment requires that all or part of such Deposit is required to be allocated to another portfolio in the Master Portfolio.

The “Applicable Rate” shall be the zero-coupon interest rate (not including a bid or offer spread) for the period from the date as of which the calculation is being made to the payment date of the cashflow being discounted, which zero-coupon interest rate shall be calculated by the Calculation Agent from prevailing swap market rates for each such period (such rates to be determined by the Calculation Agent at its absolute discretion but, in the case of Deposits denominated in U.S. dollars, by reference to USD-LIBOR-BBA, in the case of Deposits denominated in Euro, by reference to EUR-EURIBOR-Reuters, or such other rate as may be specified in the applicable Final Terms as the “Deposit Interest Rate” (each as defined in the

Annex to the 2006 ISDA Definitions) and, in the case of Deposits denominated in a different currency, by reference to such other publicly available rate (if any) as may be specified in the relevant Final Terms), which swap market rates will be subject to a deduction equal to, (i) where a Deposit is being accepted, the Deposit Offer Spread, (ii) where a Deposit is being repaid, the Deposit Bid Spread and (iii) when a Deposit is being valued for the purposes of determining the Master Portfolio Value, no spread.

- 4.2.2 If “Overnight Deposit” is specified in the relevant Final Terms, on each occasion on which the Deposit is required to be notionally made or liquidated, it shall be treated as having been notionally accepted by the Issuer in a nominal amount in the Specified Currency equal to the sum of (i) the sum so deposited, (ii) the notional amount of the existing Deposit and (iii) accrued interest on the existing Deposit. The Deposit shall notionally mature on the Business Day following the date of its deemed notional deposit and shall bear interest on its notional amount at the overnight interest rate for deposits in the Specified Currency offered by the Issuer. On maturity of the Deposit, its nominal amount shall be increased by the overnight interest that has accrued on it, which shall be calculated by multiplying the nominal amount of the Deposit by the overnight rate and the number of calendar days between the date of the Deposit was notionally made and its maturity dividing the result by 360, or such other fraction as may be specified in the applicable Final Terms as “Overnight Day Count Fraction”. For the avoidance of doubt, the Deposit and any accrued interest thereon will be reinvested in another Deposit on the same terms on the day that it matures, unless an Allocation Adjustment requires that all or part of such Deposit is required to be allocated to another portfolio in the Master Portfolio.
- 4.2.3 If “No Interest Bearing Deposit” is specified in the relevant Final Terms, on each occasion on which the Deposit is required to be notionally made or liquidated, it shall be treated as having been notionally accepted by the Issuer in a nominal amount in the Specified Currency equal to the sum of (i) the sum so deposited, and (ii) the notional amount of the existing Deposit. The Deposit shall notionally mature on the Business Day following the date of its deemed notional deposit. For the avoidance of doubt, the Deposit will be reinvested in another Deposit on the same terms on the day that it matures, unless an Allocation Adjustment requires that all or part of such Deposit is required to be allocated to another portfolio in the Master Portfolio. No interest shall accrue on any of the Deposits.

5 Leverage Portfolio

Where a Leverage Portfolio is specified as being applicable in the relevant Final Terms, the Master Portfolio will contain a Leverage Portfolio as set out below:

- (i) The leverage portfolio (the “Leverage Portfolio”) is a notional borrowing by the Master Portfolio from the Issuer (the “Leverage Counterparty”), whereby on each Specified Date (save for the final Specified Date) the Master Portfolio will, if required pursuant to Condition 6 of these Dynamic and Static Portfolio Conditions, notionally borrow an amount equal to the Leverage Notional Amount for the Reference Period commencing with such Specified Date and, at the end of that Reference Period, will notionally repay that Leverage Notional Amount.
- (ii) The Leverage Notional Amount of any such notional borrowing will be notionally invested in the Reference Portfolio, with such notional investment being made for value as of the Specified Date commencing that notional borrowing. Any repayment of such notional borrowing (that is a reduction of the Leverage Notional Amount, in whole or in part, as specified in Condition 6 of these Dynamic

and Static Portfolio Conditions) will be made in the manner set out in Condition 6 of these Dynamic and Static Portfolio Conditions), with any disinvestments from the Reference Portfolio to fund such notional repayment being made for value as of the Specified Date ending the Reference Period relating to such notional borrowing.

- (iii) For each Reference Period, the Master Portfolio will pay interest on the Leverage Notional Amount (if any) equal to the Leverage Funding Costs (unless “No Interest Bearing Leverage Portfolio” is specified in the applicable Final Terms, in which case no interest shall accrue on the Leverage Notional Amount). The “Leverage Funding Costs” will accrue daily and be payable in arrear as of each Leverage Funding Costs Payment Date in that Reference Period in respect of the Leverage Funding Costs Period ending on such Leverage Funding Costs Payment Date. The Leverage Funding Costs payable in respect of a Leverage Funding Costs Period will be an amount, in the Specified Currency, equal to the sum of the Leverage Cost Daily Accruals for that Leverage Funding Costs Period. For each day in the Leverage Funding Costs Period, the amount that shall accrue daily (each a “Leverage Cost Daily Accrual”) will be equal to the product of:
- (A) The Specified Rate for that Leverage Funding Costs Period, determined by reference to the 2006 ISDA Definitions and as if the Reset Date for the Leverage Funding Costs Period was the Leverage Funding Costs Payment Date (or, in the case of the first Leverage Funding Costs Period in a Reference Period, the Specified Date commencing that Reference Period) commencing that Leverage Funding Costs Period, plus the Funding Spread specified in the relevant Final Terms;
 - (B) the Leverage Notional Amount for the Reference Period in which the Leverage Funding Costs Period falls; and
 - (C) the Leverage Day Count Fraction.

6 Allocation Adjustments

6.1 Initial Allocation:

The Calculation Agent will, as of the Issue Date, notionally allocate an amount equal to the Master Portfolio Investment Proceeds to the Master Portfolio. Of the Master Portfolio Investment Proceeds, an amount equal to the product of the Initial Reference Portfolio Allocation and the Master Portfolio Investment Proceeds will be allocated to the Reference Portfolio for the purpose of notionally investing in Reference Portfolio Interests and, if Deposit Portfolio is specified as being applicable and the Initial Reference Portfolio Allocation is equal to or less than 100 per cent., any remainder will be allocated to the Deposit Portfolio. If Leverage Portfolio is specified as being applicable in the relevant Final Terms and the Initial Reference Portfolio Allocation is greater than 100 per cent., a Leverage Notional Amount equal to the product of (i) the Master Portfolio Investment Proceeds and (ii) the Initial Reference Portfolio Allocation less 100 per cent. will be established which shall be applied towards the notional subscription of additional Reference Portfolio Interests.

6.2 Allocation Adjustments

6.2.1 Static Master Portfolio

If Static Master Portfolio is specified as applicable in the relevant Final Terms, there will be no subsequent allocation adjustments between the Reference Portfolio, the Deposit Portfolio and the Leverage Portfolio.

6.2.2 Managed Master Portfolio

If Managed Master Portfolio is specified as applicable in the relevant Final Terms, the Calculation Agent will notionally increase (or decrease) the allocation of the assets of the Master Portfolio to the Reference Portfolio, the Deposit Portfolio and the Leverage Notional Amount (as applicable) (each, an “Allocation Adjustment”), from time to time, based on the criteria specified in the Final Terms (the “Allocation Adjustment Criteria”), by, as applicable, notionally redeeming or selling (as the case may be) or subscribing or purchasing (as the case may be) an appropriate number of Reference Portfolio Interests, by increasing or reducing Deposits and by adjusting the Leverage Notional Amount. At any time, up to the Ceiling Percentage and no less than the Floor Percentage of the Master Portfolio Value may be notionally allocated to the Reference Portfolio. As of any Reference Portfolio Business Day from (and including) the Issue Date to (but excluding) the Master Portfolio Redemption Date, the Issuer will increase (or decrease) the allocation to the Reference Portfolio, the Deposit Portfolio and the Leverage Portfolio as follows:

- (i) If the Target Reference Portfolio Allocation is less than or equal to the Reference Portfolio Allocation by a percentage equal to or greater than the Allocation Threshold, as estimated by the Calculation Agent, as of any time on any Reference Portfolio Business Day, then a deleverage (a “Deleverage”) will be initiated as of that Reference Portfolio Business Day by notionally redeeming or selling (as the case may be) Reference Portfolio Interests and repaying all, or some only, as necessary, of any Leverage Notional Amount and/or increasing the assets allocated to the Deposit Portfolio by an amount equal to the notional proceeds of such redemption or sale (as the case may be) of Reference Portfolio Interests remaining after any notional repayment of Leverage Notional Amount.
- (ii) If the Target Reference Portfolio Allocation is greater than or equal to the Reference Portfolio Allocation by a percentage equal to or greater than the Allocation Threshold, as estimated by the Calculation Agent, as of any time on any Reference Portfolio Business Day, then a releverage (a “Releverage”) will be initiated on the Reference Portfolio Business Day following such Reference Portfolio Business Day by notionally subscribing or purchasing (as the case may be) Reference Portfolio Interests and increasing any Leverage Notional Amount and/or by notionally subscribing or purchasing (as the case may be) Reference Portfolio Interests and decreasing the allocation to the Deposit Portfolio by an amount equal to the notional proceeds of such subscription or purchase (as the case may be) of Reference Portfolio Interests not notionally attributable to the increase in any Leverage Notional Amount.

6.3 In each case, the Allocation Adjustment will be made to the extent necessary so that the revised allocation of assets of the Master Portfolio to the Reference Portfolio equals the Target Reference Portfolio Allocation. Where the Target Reference Portfolio Allocation is less than 100 per cent., the balance of the assets of the Master Portfolio will be notionally allocated to the Deposit Portfolio. If this results in all the assets of the Master Portfolio being notionally allocated to the Deposit Portfolio there will be no further notional allocation of assets to the Reference Portfolio. Where the Target Reference Portfolio Allocation is more than 100 percent., a Leverage Notional Amount equal to the product of (i) the Master Portfolio Value and (ii) the Target Reference Portfolio Allocation less 100 per cent. will be established or maintained.

6.4 Clean-up Call Percentage

Unless otherwise specified in the relevant Final Terms, if, upon an Allocation Adjustment, the Target Reference Portfolio Allocation formula would result in the percentage value of the assets of the Master Portfolio allocated to the Reference Portfolio being equal to or lower than the Clean-up Call Percentage (as set out in the relevant Final Terms), the Target Reference Portfolio Allocation will be deemed to be zero. In such circumstances, all of the assets of the Master Portfolio will be allocated to the Deposit Portfolio and no further allocation of assets to the Reference Portfolio will occur.

6.5 Determination of Allocation Adjustments

The determination as to whether an Allocation Adjustment is necessary and as to the level of each such Allocation Adjustment will be made based on the determination of the relevant formulaic variables as of the Reference Portfolio Business Day of calculation. For the avoidance of doubt, the subsequent publication of official Reference Portfolio Interest Prices or any subsequent correction of a previously determined variable shall in no way retrospectively affect the need for, or the amount of, any Allocation Adjustments that have been initiated or settled in accordance with the foregoing provisions. In addition, although the Calculation Agent is required to effect Allocation Adjustments with the aim described in Condition 6 of these Dynamic and Static Portfolio Conditions and the Final Terms, the exact value of the transactions effected as a result of the Allocation Adjustment cannot be determined until after they have been completed and all relevant Reference Portfolio Interest Prices determined.

6.6 Timing of Allocation Adjustment

An Allocation Adjustment may require the notional redemption or purchase (as the case may be) or subscription or sale (as the case may be), as the case may be, of all or some only of the Reference Portfolio Interests notionally held in the Reference Portfolio. Although the Allocation Adjustment will be initiated immediately (such date, the “Allocation Adjustment Effective Date”), the precise timing of the Allocation Adjustment (to the extent that such Allocation Adjustment requires the notional liquidation of Reference Portfolio Interests or notional further investment in Reference Portfolio Interests) will be dependent upon the time it would actually take to effect a liquidation or investment of an equivalent amount in the relevant asset(s) in the Reference Portfolio (as determined by the Calculation Agent in its absolute discretion). Specifically (but subject to Condition 5 of these Dynamic and Static Portfolio Conditions in respect of a Leverage Portfolio) in respect of a Deleverage (or Releverage), the notional redemption or sale (as the case may be) (or subscription or purchase, as the case may be) of Reference Portfolio Interests will be settled as of, and for value, the next following Reference Portfolio Business Day in which an investment (or disinvestment) would next be capable of being made in the relevant Reference Portfolio Interest given the timing restraints specified above (such date, the “Allocation Adjustment Settlement Date”) and the corresponding deposit into (withdrawal from) the Deposit Portfolio (if any) will be made on the Allocation Adjustment Settlement Date using prevailing forward rates for such date, with such forward rates being calculated as of the Allocation Adjustment Effective Date (such forward rate determined by the Calculation Agent from prevailing swap market rates at its absolute discretion).

6.7 Cash Balance

A certain percentage of the Reference Portfolio may be held as a cash balance (the “Cash Balance”) at the determination of the Issuer. The Issuer may determine to hold or increase the Cash Balance in order to fund any liabilities of the Reference Portfolio, which shall include the value of all accrued premia, fees and expenses notionally attributable to the Reference Portfolio and interest that has notionally accrued, whether or not such sums are currently due and payable. Where the Issuer determines it

necessary to hold a Cash Balance in the Reference Portfolio, such Cash Balance will be funded by the notional redemption of Master Portfolio Interests and, if necessary following redemption of all Master Portfolio Interests attributable to the Reference Portfolio, by the notional redemption of Deposits. No interest will be payable on any Cash Balance.

6.8 Deductions of Additions to the Reference Portfolio.

Where a payment or a deduction is specified to be made from the Reference Portfolio, such payment or deduction will be effected by a reduction of the Cash Balance (if any) by the amount of such payment or deduction. Should the Cash Balance not be sufficient to fund such payment or deduction, the Cash Balance will be reduced to zero and the additional amount required will be met through a redemption of Master Portfolio Interests notionally attributed to the Master Portfolio (payment or deduction or such additional amount being subject to the time it would take to make a redemption of the requisite number of Master Portfolio Interests). If, following the redemption of all Master Portfolio Interests notionally attributable to the Master Portfolio, such payment or deduction still has not been fully met then the remainder of such payment will be met from the Deposit Portfolio (if any). Where an amount is to be notionally credited to the Reference Portfolio, such amount will be applied towards a notional purchase of Master Portfolio Interests, save that the Issuer may determine that all or some only of that amount may be held as part of the Cash Balance.

PART 2: FORM OF FINAL TERMS FOR DYNAMIC AND STATIC PORTFOLIO NOTES

- (III) If a Relevant Level is published or announced at any time after the Cut-Off Date in respect of a Determination Date in respect of which a Substitute Index Level was determined, the Calculation Agent, acting in good faith with an aim to preserve the the economic equivalent of the obligations of the Issuer with respect to the Italian Bonds and to the Italian Certificates which are admitted to trading, or for which an application for admission to trading has been made or will be made, on an Italian Market, may either (A) determine that such Relevant Level shall not be used in any calculation or determination under the Notes and that the Substitute Index Level shall be deemed to be the definitive Index Level for the relevant Reference Month, or (B) request the Issuer to make any adjustment to the Final Redemption Amount, interest payable under the Notes (if any) and/or any other relevant term of the Notes as it deems appropriate as a result of the announcement or publication of the Relevant Level and/or determine the amount (if any) that is payable as a result of such publication or announcement. The Issuer shall give notice to the holders of the Notes of any determination in respect of (A) or (B), together with any adjustment or amount in respect thereof, in accordance with Condition 13 of the General Conditions.

If the Calculation Agent determines that the Index has been or will be rebased at any time, the Index as so rebased (the “Rebased Index”) will be used for purposes of determining the Index Level from the date of such rebasing; provided, however, that the Issuer may make (A) if Related Bond is specified as applicable in the relevant Final Terms, any adjustments as are made pursuant to the terms and conditions of the Related Bond, if any, to the past levels of the Rebased Index so that the Rebased Index levels prior to the date of rebasing reflect the same rate of inflation as before the rebasing, and/or (B) if Related Bond is specified as not applicable in the relevant Final Terms or a Related Bond Redemption Event has occurred, the Calculation Agent may make such adjustments to the levels of the Rebased Index so that the Rebased Index levels reflect the same rate of inflation as the Index before it was rebased, and in each case the Issuer may make any adjustment(s) to the Final Redemption Amount, interest payable under the Notes (if any) and/or any other term of the Notes as the Calculation Agent, acting in good faith and in accordance with reasonable market practice with an aim of neutralising the distorting effects of such events with respect to the Italian Bonds and to the Italian Certificates which are admitted to trading, or for which an application for admission to trading has been made or will be made, on an Italian Market, may deem necessary. If the Calculation Agent determines that neither (A) nor (B) above would produce a commercially reasonable result, the Issuer may redeem each Note on a date notified by the Issuer to Noteholders in accordance with Condition 13 of the General Conditions at its fair market value as determined by the Calculation Agent (unless otherwise provided in the relevant Final Terms) as at the date of redemption taking into account the rebasing, less, unless specified otherwise in the Final Terms, the cost to the Issuer of amending or liquidating any financial instruments or transactions entered into by the Issuer in connection with the Note, together with any costs, expenses, fees or taxes incurred by the Issuer in respect of any such financial instruments or transactions and provided further that such costs, expenses, fees or taxes shall not be deducted with respect to the Italian Bonds and to the Italian Certificates which are admitted to trading, or for which an application for admission to trading has been made or will be made, on an Italian Market. application for admission to trading has been made or will be made, on an Italian Market, deems necessary for the modified Index to continue as the Index and to account for the economic effect of the Index Modification.

- (II) If the Calculation Agent determines that an Index Modification has occurred at any time after the Cut-Off Date in respect of any Determination Date, the Issuer, acting in good faith and in accordance with reasonable market practice with respect to the Italian Bonds and to the Italian Certificates which are admitted to trading, or for which an application for admission to trading has been made or will be made, on an Italian Market, may determine either to ignore such Index Modification for the purposes of any calculation or determination made by the Calculation Agent with respect to such Determination Date, in which case the relevant Index Modification will be deemed to have occurred with respect to the immediately succeeding Determination Date such that the provisions of (I) above will apply, or, notwithstanding that the Index Modification has occurred following the Cut-Off Date, to make any adjustments as the Calculation Agent deems fit in accordance with (I) above.

“**Scheduled Closing Time**” means, in respect of the Exchange or a Related Exchange and a Scheduled Trading Day, the scheduled weekday closing time of such Exchange or Related Exchange on such Scheduled Trading Day, without regard to after hours or any other trading outside of the regular trading session hours.

“**Share Amount**” means, in respect of each Note, the number of Shares specified in the Final Terms.

“**Tender Offer Date**” means, in respect of a Tender Offer, the date on which voting shares in an amount determined by the Calculation Agent are actually purchased or otherwise obtained (as determined by the Calculation Agent).

“**Valuation Time**” means the Scheduled Closing Time on the Exchange on the relevant date. 3 Disrupted Days

For the purposes of the Notes, Condition 6 of the General Conditions shall be amended by the addition of a new Condition 6(n) as follows:

“(n) *Disrupted Days*

If the Calculation Agent determines that any Exchange Date is a Disrupted Day, then such Exchange Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the eight Scheduled Trading Days immediately following the original date that, but for the determination by the Issuer of the occurrence of a Disrupted Day, would have been such Exchange Date is a Disrupted Day. In that case:

- (a) that eighth Scheduled Trading Day shall be deemed to be such Exchange Date in respect of the Shares, notwithstanding the fact that such day is a Disrupted Day; and
- (b) the Calculation Agent shall determine the price of one Share as its good faith estimate of the price of one Share that would have prevailed, but for the occurrence of a Disrupted Day, at the Valuation Time on that eighth Scheduled Trading Day.”

4 Adjustments

For the purposes of the Notes, Condition 6 of the General Conditions shall be amended by the addition of a new Condition 6(o) as follows:

“(o) *Adjustments, Consequences of Certain Events and Currency*

(i) Adjustments

If the Calculation Agent determines that a Potential Adjustment Event has occurred or that there has been an adjustment to the settlement terms of listed contracts on the Shares traded on a Related Exchange, the Calculation Agent will determine whether such Potential Adjustment Event or adjustment has a diluting or concentrative effect on the theoretical value of the Shares and, if so, will (a) require the Issuer to make the corresponding adjustment(s), if any, to any one or more of the Final Redemption Amount and/or the Exchange Right and/or any of the terms and conditions of the Notes as the Calculation Agent determines appropriate to account for that diluting or concentrative effect (provided that no adjustments will be made to account solely for changes in volatility, expected dividend, stock loan rate or liquidity) and (b) determine the effective date(s) of the adjustment(s). The Calculation Agent may (but need not) determine the appropriate adjustment by reference to the adjustment in respect of such Potential Adjustment Event or adjustment to settlement terms made by an options exchange to options on the Shares traded on that options exchange.

(ii) Consequences of a Merger Event

If the Calculation Agent determines that a Merger Event has occurred, the Issuer may:

- (a) redeem each Note at its fair market value (as determined by the Calculation Agent) as at the Merger Date, less, unless specified otherwise in the Final Terms, the cost to the Issuer of amending or liquidating any financial instruments or transactions entered into by the Issuer in connection with the Note, together with any costs, expenses, fees or taxes incurred by the Issuer in respect of any such financial instruments or transactions, on such date as the Issuer may notify to Noteholders in accordance with Condition 13 of the General Conditions; and/or
- (b) make such adjustment to the exercise, settlement, payment or any other term or condition of the Notes as the Calculation Agent determines appropriate to account for the economic effect on the Notes of such Merger Event (provided that no adjustments will be made to solely account for changes in volatility, expected dividends, stock loan rate or liquidity relevant to the Shares or to the Notes), which may, but need not, be determined by reference to the adjustment(s) made in respect of such Merger Event by an options exchange to options on the Shares traded on such options exchange and determine the effective date of that adjustment; and/or
- (c) save in respect of a Reverse Merger, on or after the relevant Merger Date, deem the New Shares and/or the amount of Other Consideration, if applicable (as subsequently modified in accordance with any relevant terms and including the proceeds of any redemption, if applicable), and their issuer (if any) to be the “Shares” and the “Share Issuer”, respectively, and if the Calculation Agent determines to be appropriate, the Issuer will adjust any relevant terms of the Notes as the Calculation Agent may determine.

The Issuer shall give notice of such redemption, adjustment or deemed change to Noteholders in accordance with Condition 13 of the General Conditions.

(iii) Consequences of a Tender Offer

If the Calculation Agent determines that a Tender Offer has occurred, then on or after the relevant Tender Offer Date the Issuer may:

- (a) redeem each Note at its fair market value (as determined by the Calculation Agent) as at the Tender Offer Date, less, unless specified otherwise in the Final Terms, the cost to the Issuer of amending or liquidating any financial instruments or transactions entered into by the Issuer in connection with the Note, together with any costs, expenses, fees or taxes incurred by the Issuer in respect of any such financial instruments or transactions, on such date as the Issuer may notify to Noteholders in accordance with Condition 13 of the General Conditions; and/or
- (b) make such adjustment to the exercise, settlement, payment or any other term or condition of the Notes as the Calculation Agent determines appropriate to account for the economic effect on the Notes of such Tender Offer (provided that no adjustments will be made to account solely for changes in volatility or liquidity relevant to the Shares or to the Notes), which may, but need not, be determined by reference to the adjustment(s) made in respect of such Tender Offer by an options exchange to options on the Shares traded on such options exchange and determine the effective date of that adjustment.

The Issuer shall give notice of such redemption or adjustment to Noteholders in accordance with Condition 13 of the General Conditions.

(iv) Nationalisation, Insolvency or De-listing

If in respect of the Shares or the Share Issuer the Calculation Agent determines that there has been a Nationalisation, an Insolvency or a De-listing, the Issuer may (i) request the Calculation Agent to determine the appropriate adjustment, if any, to be made to any one or more of the Final Redemption Amount and/or the Exchange Right and/or any of the other terms and conditions of the Notes to account for the Nationalisation, Insolvency or De-listing, as the case may be, and determine the effective date of that adjustment or (ii) require the Issuer to redeem each Note at its fair market value (as determined by the Calculation Agent) as at the date of redemption taking into account the Nationalisation, Insolvency or De-listing, less, unless specified otherwise in the Final Terms, the cost to the Issuer of amending or liquidating any financial instruments or transactions entered into by the Issuer in connection with the Note, together with any costs, expenses, fees or taxes incurred by the Issuer in respect of any such financial instruments or transactions. Notice of any redemption of the Notes or determination pursuant to this paragraph shall be given to Noteholders in accordance with Condition 13 of the General Conditions.

(v) Change of Exchange

If the Exchange is changed, the Issuer may make such consequential modifications to the Final Redemption Amount, Exchange Right, Valuation Time and such other terms and conditions of the Notes as it may deem necessary.

(vi) Price Correction

In the event that any price or level published on the Exchange and which is utilised for any calculation or determination made under the Notes is subsequently corrected and the correction is published by the Exchange within three Business Days (or such other period specified in the Final Terms) after the original publication, the Calculation Agent will determine the amount (if any) that is payable following that correction, and, to the extent necessary, the Issuer will adjust the terms and conditions of the Notes to account for such correction.

(vii) Currency

If the Calculation Agent determines that any event occurs affecting the Specified Currency or the Share Currency (whether relating to the convertibility of any such currency into other currencies or otherwise) which the Calculation Agent determines necessitates an adjustment or adjustments to the Final Redemption Amount, Exchange Right and/or any other relevant term of the Notes (including the date on which any amount is payable by the Issuer), the Issuer Calculation Agent may make such adjustment or adjustments to the Final Redemption Amount, Exchange Right and/or any other relevant term of the Notes as it deems necessary. The Issuer shall give notice to the holders of the Notes of any such adjustment in accordance with Condition 13 of the General Conditions.

(viii) Additional Disruption Events

If the Calculation Agent determines that an Additional Disruption Event has occurred, the Issuer may redeem each Note at its fair market value (as determined by the Calculation Agent) as at the date of redemption taking into account the Additional Disruption Event, less, unless specified otherwise in the Final Terms, the cost to the Issuer of amending or liquidating any financial instruments or transactions entered into by the Issuer in connection with the Note, together with any costs, expenses, fees or taxes incurred by the Issuer in respect of any such financial instruments or transactions. Notice of any redemption of the Notes or determination

pursuant to this paragraph shall be given to Noteholders in accordance with Condition 13 of the General Conditions.

(ix) Change in currencies

If, at any time after the Issue Date, there is any change in the Share Currency, then the Issuer will adjust such of the terms and conditions of the Notes as the Calculation Agent determines appropriate to preserve the economic terms of the Notes. The Calculation Agent will make any conversion necessary for purposes of any such adjustment as of the Valuation Time at an appropriate mid-market spot rate of exchange determined by the Calculation Agent prevailing as of the Valuation Time. No adjustments under this section will affect the currency denomination of any payment obligation arising out of the Notes.”

5 Exchange Right

For the purposes of the Notes, Condition 6 of the General Conditions shall be amended by the addition of a new Condition 6(p) as follows:

“(p) *Exchange Right*

(i) Exchange Periods and Exchange Rights

(a) Exchange Right

Holders of Notes have the right (the “Exchange Right”) to exchange their Notes for their respective Share Amount(s) at any time during the Exchange Period referred to below. Upon exchange, the right of the exchanging holder of Notes to repayment of the Note(s) to be exchanged shall be extinguished and released, and in consideration and in exchange thereof the Issuer shall deliver or procure the delivery of the relevant Share Amount(s) as provided herein.

(b) Exchange Period

Subject to and upon compliance with these Conditions, the Exchange Right attaching to any Note may be exercised by the holder thereof, at any time during such Exchange Period as may be specified in the Final Terms or, if no Exchange Period is so specified, at any time during the period (the “Exchange Period”) from and including the Issue Date to and including the earlier to occur of:

- (x) the close of business (at the place where such Note is deposited for exchange) on the eighth Business Day prior to the Maturity Date; and
- (y) if such Note shall have been called for redemption before the Maturity Date, the close of business (at the place where such Note is deposited for exchange) on the day which is eight Business Days before the date fixed for redemption thereof.

(c) Entitlement upon Exchange

Upon a due exercise of Exchange Rights the relevant holder of Notes shall be entitled to receive the Share Amount.

(d) Fractions

The Share Amount to which a Noteholder may be entitled will be determined on the basis of the separate (for the avoidance of doubt, not aggregate) number of Notes held by

the Noteholder. The Issuer shall not be obliged to deliver fractions of a Share but shall be obliged to account for the Fractional Cash Amount of any such fractions to the relevant Noteholder on the Physical Settlement Date and any such fractions will be rounded down to the nearest whole multiple of a Share.

(ii) Cash Settlement Option

(a) Election

If “Cash Settlement Option” is specified as being applicable in the Final Terms, the Issuer shall be entitled upon the delivery of an Exchange Notice by a holder of Notes to redeem all or some only of the Notes which are the subject of the Exchange Notice for the Cash Value of the relevant Share Amount in respect of the relevant Notes, provided that the Election Date in respect thereof falls within three Business Days of the relevant Exchange Date.

(b) Cash Settlement

If the Issuer gives a notice in accordance with Condition 6(p)(ii)(a) of the General Conditions, the Notes the subject of the relevant Exchange Notice will be redeemed by the Issuer by payment of the relevant Cash Value, together with repayment of any amount in respect of Exchange Expenses tendered with the relevant Exchange Notice, on the relevant Cash Settlement Date to the account specified in the relevant Exchange Notice as provided in Condition 6(p)(iii)(g) of the General Conditions.

(iii) Procedure for Exchange

(a) Exchange Notice

To exercise the Exchange Right attaching to any Note, the holder thereof must at its own expense complete, execute and deposit at the office of any Paying Agent during normal business hours on any Business Day in the place of such office during the Exchange Period, a notice of exchange (an “Exchange Notice”) in the form (for the time being current) obtainable from the office of each Paying Agent, together with such Note and any Exchange Expenses. An Exchange Notice once delivered shall be irrevocable. The Exchange Right attaching to any Note may only be exercised in respect of the whole of the nominal principal amount of the Note.

(b) Non-US certification

A holder of Notes exercising Exchange Rights will be required to certify in the relevant Exchange Notice that such exchange is being effected outside of the United States (as such term is defined in Regulation S (“Regulation S”) under the United States Securities Act of 1933) and it and any person for whom it is acquiring any Shares Amount(s) is not a U.S. person (as such term is defined in Regulation S) and it is not acting as agent for, or on behalf of, a U.S. person.

(c) Exchange Date

The exchange date in respect of a Note (the “Exchange Date”) in respect of which the Exchange Right shall have been exercised by a holder of Notes will be the first Business Day which is an Exchange Business Day following the date of the delivery of the duly completed and executed Exchange Notice and the relevant Note and, if applicable, any

payment or indemnity required to be made or given under these Conditions in connection with the exercise of such Exchange Right.

Noteholders should note, in relation to Notes held in a clearing system, that such Notes will likely be presented and the Exchange Notice in respect thereof delivered on behalf of Noteholders by such clearing system and that holders of Notes held in such clearing system will be required to instruct such clearing system to present such Notes and to deliver such Exchange Notice not later than such deadline as may be fixed by such clearing system (which may be prior to the date on which such Exchange Notice is to be delivered).

(d) Exchange Expenses

A holder of Notes exercising Exchange Rights must pay any Exchange Expenses or provide an indemnity in respect thereof in such form as the Issuer may reasonably require.

(e) Settlement

Following the due exercise of any Exchange Right, unless the Issuer elects to pay the Cash Value as provided above, the Issuer shall, subject to Condition 6(p)(iii)(f) of the General Conditions, on the Physical Settlement Date, deliver or procure the delivery of the relevant Share Amount to such account in such Clearing System as may be specified by the relevant Noteholder at the risk and expense of the relevant Noteholder. If a Noteholder does not provide the Issuer with sufficient instructions in a timely manner to enable the Issuer to effect any required delivery of Shares, the due date for such delivery shall be postponed accordingly. The Issuer shall determine whether any instructions received by it are sufficient and whether they have been received in time to enable delivery on any given date. As used herein, “delivery” in relation to any Share Amount means the carrying out of the steps required of the Issuer (or such person as it may procure to make the relevant delivery) in order to effect the transfer of the relevant Share Amount and “deliver” shall be construed accordingly. The Issuer shall not be responsible for any delay or failure in the transfer of such Share Amount once such steps have been carried out, whether resulting from settlement periods of clearing systems, acts or omissions of registrars or otherwise and shall have no responsibility for the lawfulness of the acquisition of the Shares comprising the Share Amount or any interest therein by any holder of Notes or any other person.

In respect of each Share comprising the Share Amount, the Issuer shall not be under any obligation to register or procure the registration of a Noteholder or any other person as the registered shareholder in any register of members of the Share Issuer.

Noteholders should note that the actual date on which they become holders of the Shares comprising their Share Amount will depend, among other factors, on the procedures of the relevant clearing systems and share registrar and the effect of any Settlement Disruption Events.

Neither the Issuer nor any other person shall (i) be under any obligation to deliver (or procure any other person to deliver) to the Noteholders or any other person, any letter, certificate, notice, circular or any other document received by that person in its capacity as the holder of any Shares, (ii) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to the Shares or (iii) be under any

liability to the Noteholders or any subsequent beneficial owner of such Shares in respect of any loss or damage which any such Noteholder or subsequent beneficial owner may sustain or suffer as a result, whether directly or indirectly, of that person being registered at any time as the legal owner of such Shares.

(f) Settlement Disruption

If the Calculation Agent determines that delivery of any Share Amount in respect of any Note by the Issuer in accordance with the Conditions is not practicable or permitted by reason of a Settlement Disruption Event subsisting, then the Physical Settlement Date in respect of such Note shall be postponed to the first following Delivery Day in respect of which no such Settlement Disruption Event is subsisting and notice thereof shall be given to the relevant Noteholder by mail addressed to it at the address specified in the relevant Exchange Notice or in accordance with Condition 13 of the General Conditions provided that the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Note by delivering or procuring the delivery of such Share Amount using such other commercially reasonable manner as it may select and in such event the Physical Settlement Date shall be such day as the Issuer deems appropriate in connection with delivery of such Share Amount in such other commercially reasonable manner. No Noteholder shall be entitled to any payment whether of interest or otherwise on such Note in the event of any delay in the delivery of the Share Amount pursuant to this paragraph and no liability in respect thereof shall attach to the Issuer.

Where a Settlement Disruption Event affects some but not all of the Shares comprising the Share Amount, the Physical Settlement Date for the Shares comprising such Share Amount but not affected by the Settlement Disruption Event will be the originally designated Physical Settlement Date.

For so long as delivery of the Share Amount in respect of any Note is not practicable or permitted by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof, the Issuer may elect in its sole discretion to satisfy its obligations in respect of each relevant Note by payment to the relevant Noteholder of the Disruption Cash Settlement Price on the third Business Day following the date that notice of such election is given to the Noteholders in accordance with Condition 13 of the General Conditions. Payment of the Disruption Cash Settlement Price will be made in such manner as shall be notified to the Noteholders in accordance with Condition 13 of the General Conditions.

The Issuer shall give notice as soon as practicable to the Noteholders in accordance with Condition 13 of the General Conditions if a Settlement Disruption Event has occurred.

(g) Specified account

A Noteholder shall, in the relevant Exchange Notice, specify an appropriate account with a bank to which any cash amount payable on or in respect of the relevant exercise of Exchange Rights by that Noteholder (including any Cash Value, Disruption Cash Settlement Price or Realisation Proceeds) shall be credited and the Issuer shall pay such sum to the relevant Noteholder in accordance with such directions.

(iv) Title to Share Amount(s)

All Share Amounts transferred or delivered upon exercise of Exchange Rights shall be transferred or delivered with full title guarantee.

(v) Release from Share Amount(s)

Upon delivery of Share Amounts to the relevant holder of Notes or upon payment of the relevant Cash Value or Disruption Cash Settlement Price or upon redemption of the Notes or upon any purchase and cancellation of the Notes, that Noteholder's entitlement to the relevant Share Amount(s) or the relevant part thereof attributable to each relevant Note shall cease to exist.

(vi) Voting Rights

A Noteholder shall have no voting rights in respect of any Shares prior to the delivery or transfer thereof to the relevant Noteholder and the completion of any other formalities, registrations or the like in connection therewith."

6 Prescription

For the avoidance of doubt, Condition 8 of the General Conditions shall apply to the Notes and claims for delivery of any Share Amount in respect of the Notes shall become void upon the expiry of five years from the Physical Settlement Date.

If, the Calculation Agent determines that an adjustment to the terms and conditions is required, the Issuer will as soon as reasonably practicable adjust the terms and conditions of the Notes to account for such correction.

(ii) Currency

If the Calculation Agent determines that any event occurs affecting the Specified Currency or the currency in which the Specified Commodity and/or Futures Contracts and/or Commodity Reference Prices are quoted, listed and/or dealt in on the relevant Price Source and/or Exchange (whether relating to the convertibility of any such currency into other currencies or otherwise) which the Calculation Agent determines necessitates an adjustment or adjustments to the Final Redemption Amount, Strike Price (if applicable) and/or any other relevant term of the Notes (including the date on which any amount is payable by the Issuer and the amount of interest payable, if any), the Issuer may make such adjustment or adjustments to the Final Redemption Amount, Strike Price (if applicable) and/or any other relevant term of the Notes (including the amount of interest payable, if any) as it deems necessary or, with respect to the Italian Bonds and to the Italian Certificates which are admitted to trading, or for which an application for admission to trading has been made or will be made, on an Italian Market, as determined by the Calculation Agent in good faith and in accordance with reasonable market practice with an aim of neutralising the distorting effects of such event. Notice of any determination made pursuant to this paragraph and/or any adjustment and/or redemption of the Notes shall be given to Noteholders in accordance with Condition 13 of the General Conditions.

- (iv) Change in currency

If, at any time after the Issue Date, there is any change in the currency in which the Specified Commodity and/or Futures Contracts and/or any relevant Commodity Reference Price are quoted, listed and/or dealt on the relevant Price Source and/or Exchange, then the Issuer will adjust such of the terms and conditions of the Notes as the Calculation Agent determines appropriate to preserve the economic terms of the Notes. The Calculation Agent, acting in good faith and in accordance with reasonable market practice with an aim of neutralising the distorting effects of such events with respect to the Italian Bonds and to the Italian Certificates which are admitted to trading, or for which an application for admission to trading has been made or will be made, on an Italian Market, will make any conversion necessary for purposes of any such adjustment as of the Valuation Time at an appropriate mid-market spot rate of exchange determined by the Calculation Agent prevailing as of the Valuation Time. 3 Disruption Fallback

For the purposes of the Notes, Condition 6 of the General Conditions shall be amended by the addition of a new Condition 6(n) as follows:

“(n) *Disrupted Fallback*

If the Calculation Agent determines, in its sole and absolute discretion or with respect to the Italian Bonds and to the Italian Certificates which are admitted to trading, or for which an application for admission to trading has been made or will be made, on an Italian Market, in good faith,, that a Market Disruption Event has occurred or exists on a day which is a Pricing Date, Strike Date, Averaging Date, Automatic Early Redemption Valuation Date or Observation Date in respect of any Component (such Component an “**Affected Commodity**”), the Commodity Reference Price of the Components which are not affected by the occurrence of a Market Disruption Event shall be determined on the scheduled Pricing Date, Strike Date, Averaging Date, Automatic Early Redemption Valuation Date or Observation Date and the Commodity Reference Price of any Affected Commodity shall be determined in accordance with the first applicable Disruption Fallback specified in the Final Terms.

Notwithstanding the provisions of any other Condition, if the Calculation Agent determines that a Market Disruption Event has occurred on any Observation Date, Automatic Early Redemption Valuation Date or Averaging Date, payment of the Final Redemption Amount, the Automatic Early Redemption Amount (if such amount is payable) and/or any amount of interest (if the payment of interest is commodity-linked), as the case may be, shall be postponed to the later of (i) the Maturity Date, the Automatic Early Redemption Date and/or the relevant Interest Payment Date and (ii) the date that is three Business Days (or such other period as specified in the Final Terms) following the last postponed Observation Date, Automatic Early Redemption Valuation Date or Averaging Date in respect of which the relevant Commodity Reference Price and/or relevant Relevant Commodity Price has been determined in respect of each Component. For the avoidance of doubt, no additional amounts shall be payable in respect of the postponement of any payment of the Final Redemption Amount, the Automatic Early Redemption Amount and/or any amount of interest in accordance with this Condition 6(n) of the General Conditions.

The Issuer shall give notice to the holders of the Notes, in accordance with Condition 13 of the General Conditions, of the occurrence of a Market Disruption Event if it results in a delay in the

determination of a Commodity Reference Price and the postponement of any payment in respect of the Notes.”

4 Adjustments

For the purposes of the Notes, Condition 6 of the General Conditions shall be amended by the addition of a new Condition 6(o) as follows:

“(o) *Adjustments and Additional Disruption Events,*

(i) Adjustments

If the Calculation Agent determines in respect of any Relevant Commodity Price, that the price published or announced and used or to be used by the Calculation Agent in any calculation or determination made or to be made in respect of the Notes is subsequently corrected and the correction is published or announced by the person responsible for that publication or announcement within three Business Days (or such other period specified in the Final Terms) after the original publication or announcement, the Calculation Agent will determine, in its sole and absolute discretion or, with respect to the Italian Bonds and to the Italian Certificates which are admitted to trading, or for which an application for admission to trading has been made or will be made, on an Italian Market, acting in good faith and in accordance with reasonable market practice with an aim of neutralising the distorting effects of such event, the amount (if any) that is payable following that correction, and, whether any adjustment to the terms and conditions of the Notes is required to account for such correction. If the Calculation Agent determines that an adjustment to the terms and conditions is required the Issuer will, as soon as reasonably practicable, adjust the terms and conditions of the Notes to account for such correction.

(ii) Currency

If the Calculation Agent determines that any event occurs affecting the Specified Currency or the currency in which any Component and/or any relevant Futures Contract and/or any relevant Commodity Reference Price is quoted, listed and/or dealt in on the relevant Price Source and/or Exchange (whether relating to the convertibility of any such currency into other currencies or otherwise) which the Calculation Agent determines necessitates an adjustment or adjustments to the Final Redemption Amount, Strike Price (if applicable) and/or any other relevant term of the Notes (including the date on which any amount is payable by the Issuer and the amount of interest payable, if any), the Issuer may make such adjustment or adjustments to the Final Redemption Amount, Strike Price (if applicable) and/or any other relevant term of the Notes (including the amount of interest payable, if any) as it deems necessary or, with respect to the Italian Bonds and to the Italian Certificates which are admitted to trading, or for which an application for admission to trading has been made or will be made, on an Italian Market, as determined by the Calculation Agent in good faith and in accordance with reasonable market practice with an aim of neutralising the distorting effects of such event. The Issuer shall give notice to the holders of the Notes of any such adjustment in accordance with Condition 13 of the General Conditions.

(iii) Additional Disruption Events

If the Calculation Agent determines that an Additional Disruption Event has occurred, the Issuer may:

- (a) make such adjustment or adjustments to any relevant term of the Notes (including the amount of interest payable, if any) as it deems necessary and, with respect to the Italian Bonds and to the Italian Certificates which are admitted to trading, or for which an application for admission to trading has been made or will be made, on an Italian Market, acting in good faith and in accordance with reasonable market practice with an aim of neutralising the distorting effects of such events; and/or
- (b) redeem each Note at its fair market value (as determined by the Calculation Agent) as at the date of redemption taking into account the Additional Disruption Event less, unless specified otherwise in the Final Terms, the cost to the Issuer of amending or liquidating any Hedging Arrangements, together with any costs, expenses, fees or taxes incurred by the Issuer in respect of any such Hedging Arrangements and provided that such costs, expenses, fees or taxes shall not be deducted with respect to the Italian Bonds and to the Italian Certificates which are admitted to trading, or for which an application for admission to trading has been made or will be made, on an Italian Market.

Notice of any determination made pursuant to this paragraph and/or any adjustment and/or redemption of the Notes shall be given to Noteholders in accordance with Condition 13 of the General Conditions.

- (iv) Change in currency

If, at any time after the Issue Date, there is any change in the currency in which any Component and/or any relevant Futures Contract and/or any relevant Commodity Reference Price is quoted, listed and/or dealt on the relevant Price Source and/or Exchange, then the Issuer will adjust such of the terms and conditions of the Notes as the Calculation Agent determines appropriate to preserve the economic terms of the Notes. The Calculation Agent, acting in good faith and in accordance with reasonable market practice with an aim of neutralising the distorting effects of such events with respect to the Italian Bonds and to the Italian Certificates which are admitted to trading, or for which an application for admission to trading has been made or will be made, on an Italian Market, will make any conversion necessary for purposes of any such adjustment as of the Valuation Time at an appropriate mid-market spot rate of exchange determined by the Calculation Agent prevailing as of the Valuation Time. No adjustments under this section will affect the currency denomination of any payment obligation arising out of the Notes.”

5 Automatic Early Redemption

For the purposes of the Notes, if “Automatic Early Redemption” is specified as being applicable in the Final Terms, Condition 6 of the General Conditions shall be amended by the addition of a new Condition 6(p) as follows:

“(p) Automatic Early Redemption:

Unless previously redeemed or purchased and cancelled, if on any Automatic Early Redemption Valuation Date or during any Observation Period the Automatic Early Redemption Event occurs, then the Notes will be automatically redeemed in whole, but not in part, on the Automatic Early Redemption Date immediately following such Automatic Early Redemption Valuation Date or (in the case of the occurrence of an Automatic Early Redemption Event during an Observation Period) on the date that is five Business Days (or such other period as is specified in the applicable Final Terms) following the occurrence of such Automatic Early Redemption Event, and in any such case the Final

Redemption Amount payable by the Issuer on such date upon redemption of each Note shall be an amount equal to the relevant Automatic Early Redemption Amount.”.

“**Successor Commodity Index**” means, in respect of a Commodity Index, where the Commodity Index is (i) not calculated and announced by the relevant Commodity Index Sponsor but is calculated and announced by a successor sponsor acceptable to the Calculation Agent or (ii) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of the Commodity Index, such successor index or index calculated and announced by the successor sponsor.

“**Tax Disruption**” means, with respect to a Commodity Index and any Component of such Commodity Index, the imposition of, change in or removal of an excise, severance, sales, use, value-added, transfer, stamp, documentary, recording or similar tax on, or measured by reference to such Component (other than a tax on, or measured by reference to, overall gross or net income) by any government or taxation authority after the Issue Date, if the direct effect of such imposition, change or removal is to raise or lower the Commodity Reference Price of such Component on the day that would otherwise be a Strike Date, Expiration Date, Averaging Date, Automatic Early Redemption Valuation Date or Observation Date, as applicable, from what it would have been without that imposition, change or removal.

“**Trading Disruption**” means, in respect of a Commodity Index and any Component of such Commodity Index, any material suspension of or material limitation imposed on trading in any such Component of the Commodity Index. For these purposes:

(i) a suspension of the trading in any Component of the Commodity Index on any Commodity Business Day shall be deemed to be material only if:

(A) all trading in the relevant Component is suspended for the entire Strike Date, Expiration Date, Averaging Date, Automatic Early Redemption Valuation Date or Observation Date, as applicable; or

(B) all trading in the relevant Component is suspended subsequent to the opening of trading on the Strike Date, Expiration Date, Averaging Date, Automatic Early Redemption Valuation Date or Observation Date, as applicable, trading does not recommence prior to the regularly scheduled close of trading in such Component on such Strike Date, Expiration Date, Averaging Date, Automatic Early Redemption Valuation Date or Observation Date, as applicable, and such suspension is announced less than one hour preceding its commencement; and

(ii) a limitation of trading in the relevant Component on any Commodity Business Day shall be deemed to be material only if the relevant Exchange establishes limits on the range within which the price of the relevant Component may fluctuate and the closing or settlement price of the relevant Component on such day is at the upper or lower limit of that range.

“**Valuation Time**” means the Scheduled Closing Time on the relevant date. If the relevant Exchange closes prior to its Scheduled Closing Time, and the specified Valuation Time is after the actual closing time for its regular trading session, then (subject to Condition 6(n) of the General Conditions) the Valuation Time shall be such actual closing time.

3 Disrupted Days

For the purposes of the Notes, Condition 6 of the General Conditions shall be amended by the addition of a new Condition 6(n) as follows:

“(n) Disrupted Days

If the Calculation Agent determines that the Strike Date, the Expiration Date, any Averaging Date, any Automatic Early Redemption Valuation Date or any Observation Date, as the case may be, is a Disrupted Day in respect of any Commodity Index, then the Issuer may elect to:

- (a) postpone the Strike Date, the Expiration Date, such Averaging Date, such Automatic Early Redemption Valuation Date, Observation Date in respect of such Commodity Index, and/or the payment of the Final Redemption Amount, the Automatic Early Redemption Amount (if such amount is payable) and/or any amount of interest (if the payment of interest is index-linked), as the case may be, to such date as the Issuer may, in its discretion or, with respect to the Italian Bonds and to the Italian Certificates which are admitted to trading, or for which an application for admission to trading has been made or will be made, on an Italian Market, acting in good faith and in accordance with reasonable market practice, determine; and/or
- (b) determine the Commodity Index Level in respect of such Commodity Index for such Strike Date, the Expiration Date, such Averaging Date, such Automatic Early Redemption Valuation Date or such Observation Date, as the case may be. In determining the Commodity Index Level of any such Commodity Index, the Issuer, taking into account the relevant event and in order to preserve the economic equivalent of the obligations of the Issuer under the Italian Bonds or Italian Certificates in relation to the Italian Bonds and to the Italian Certificates which are admitted to trading, or for which an application for admission to trading has been made or will be made, on an Italian Market, may take into account (i) the formula for and method of calculating the Commodity Index Level last in effect; (ii) the Commodity Reference Price or other relevant price or value determined by the Issuer in respect of the Components comprised in the Commodity Index in respect of such date; (iii) the latest available quotation for the relevant Commodity Reference Prices of the Components of the Commodity Index; (iv) the Commodity Reference Price in respect of any Component comprised in the Commodity Index in respect of such date determined under any Hedging Arrangement; and/or (v) any other price, value or other information that the Issuer in good faith deems relevant; and/or
- (c) make an adjustment to any of the terms of the Notes and/or redeem the Notes pursuant to Condition 6(o)(i).

For the avoidance of doubt, no additional amounts shall be payable in respect of the postponement of any payment of the Final Redemption Amount, the Automatic Early Redemption Amount and/or any amount of interest in accordance with this Condition 6(n) of the General Conditions.

The Issuer shall give notice to the holders of the Notes, in accordance with Condition 13 of the General Conditions, of the occurrence of a Disrupted Day and of any election made pursuant to this Condition 6(n).”

4 Adjustments, Consequences of Certain Events and Currency

For the purposes of the Notes, Condition 6 of the General Conditions shall be amended by the addition of a new Condition 6(o) as follows:

- (i) “(o) Adjustments, Early Redemption and Currency”

Currency Adjustments and Early Redemption

If the Calculation Agent determines that, in respect of any Commodity Index, an Additional Disruption Event, a Commodity Index Modification, Commodity Index Cancellation or Commodity Index Disruption, or any event specified in the definition of Disrupted Day has occurred or any other event or events occur which the Calculation Agent determines necessitate(s) an adjustment or adjustments to the Final Redemption Amount, the Automatic Early Redemption Amount (if such amount is payable), any Strike Price, any Commodity Index Level and/or any other relevant term of the Notes (including the amount of interest payable, if any) (each such other event a “Relevant Event”), the Issuer, at its discretion, may:

(a) make any adjustment or adjustments to the Final Redemption Amount, the Automatic Early Redemption Amount (if such amount is payable), any Strike Price, any Commodity Index Level and/or any other relevant term of the Notes (including the amount of interest payable, if any) as it deems necessary or, with respect to the Italian Bonds and to the Italian Certificates which are admitted to trading, or for which an application for admission to trading has been made or will be made, on an Italian Market, as determined by the Calculation Agent in good faith and in accordance with reasonable market practice with an aim of neutralising the distorting effects of such events; and/or

(b) redeem each Note at its fair market value (as determined by the Calculation Agent) as at the date of redemption taking into account the occurrence of such Additional Disruption Event, Commodity Index Modification, Commodity Index Cancellation, Commodity Index Disruption, or Relevant Event, as applicable, less, unless specified otherwise in the Final Terms, the cost to the Issuer or any of its Affiliates of amending or liquidating any Hedging Arrangements, together with any costs, expenses, fees or taxes incurred by the Issuer or any of its Affiliates in respect of any such Hedging Arrangements and provided that such costs, expenses, fees or taxes shall not be deducted with respect to the Italian Bonds and to the Italian Certificates which are admitted to trading, or for which an application for admission to trading has been made or will be made, on an Italian Market.

Notice of any determination pursuant to this Condition 6(o)(i), any such adjustment and/or any redemption of the Notes hereunder shall be given to Noteholders in accordance with Condition 13 of the General Conditions.

(ii) Price Correction

In the event that any price or level published or announced on any relevant Exchange or by any relevant Commodity Index Sponsor in respect of a Commodity Index and which is utilised for any calculation or determination made under the Notes is subsequently corrected and the correction is published or announced by the relevant Exchange or the relevant Commodity Index Sponsor within three Business Days (or such other period as specified in the Final Terms) after the original publication, the Calculation Agent will determine the amount (if any) that is payable following that correction, and, to the extent necessary, the Issuer will adjust the terms and conditions of the Notes to account for such correction.

(iii) Currency

If the Calculation Agent determines that any event occurs affecting the Specified Currency (whether relating to its convertibility into other currencies or otherwise and whether relating to the currency in which any Commodity Index, any Component of any Commodity Index and/or any Commodity Reference Price of any Component of any Commodity Index is quoted, listed

and/or dealt on the relevant Price Source and/or Exchange or otherwise) which the Calculation Agent determines necessitates an adjustment or adjustments to the Final Redemption Amount, Strike Price and/or any other relevant term of the Notes (including the date on which any amount is payable by the Issuer and the amount of interest payable, if any), the Issuer may make such adjustment or adjustments to the Final Redemption Amount, Strike Price and/or any other relevant term of the Notes (including the amount of interest payable, if any) as it deems necessary or, with respect to the Italian Bonds and to the Italian Certificates which are admitted to trading, or for which an application for admission to trading has been made or will be made, on an Italian Market, as determined by the Calculation Agent in good faith and in accordance with reasonable market practice with an aim of neutralising the distorting effects of such event. The Issuer shall give notice to the holders of the Notes of any such adjustment in accordance with Condition 13 of the General Conditions.”

5 Automatic Early Redemption

For the purposes of the Notes, if “Automatic Early Redemption” is specified as being applicable in the Final Terms, Condition 6 of the General Conditions shall be amended by the addition of a new Condition 6(p) as follows:

“(p) Automatic Early Redemption:

Unless previously redeemed or purchased and cancelled, if on any Automatic Early Redemption Valuation Date or during any Observation Period the Automatic Early Redemption Event occurs, then the Notes will be automatically redeemed in whole, but not in part, on the Automatic Early Redemption Date immediately following such Automatic Early Redemption Valuation Date or (in the case of the occurrence of an Automatic Early Redemption Event during an Observation Period) on the date that is five Business Days (or such other period as is specified in the applicable Final Terms) following the occurrence of such Automatic Early Redemption Event, and in any such case the Final Redemption Amount payable by the Issuer on such date upon redemption of each Note shall be an amount equal to the relevant Automatic Early Redemption Amount.”

6 Commodity Index Disclaimer

(c) Settlement by issue of additional Notes

Except where the holder of a Note has validly exercised the Distribution Event Cash Option in respect of such Note on or prior to the Distribution Event Cut-off Time, on the Distribution Issue Date, the Issuer shall issue to the holder of each Note such additional number of Notes (the “**Number of Distributed Notes**”) equal to: (a) the Number of Distributed Shares; divided by (b) the Number of Reference Units in respect of such Note. If, with respect to a Distribution Issue Date, the Number of Distributed Notes is not an integral number, then the Number of Distributed Notes shall, in the sole and absolute discretion of the Calculation Agent, be rounded down to the nearest integral number or, if none, zero (the number by which the Number of Distributed Notes is so rounded down being the “**Reduced Number of Distributed Notes**”). In such circumstances, in lieu of issuing such Reduced Number of Distributed Notes, the Issuer shall pay to each Noteholder (with respect to each Note then held by such Noteholder) an amount, rounded down to the smallest sub-unit of the Specified Currency, (the “**Adjustment Rounding Amount**”) equal to the fair market value (determined by the Calculation Agent in its sole and absolute discretion by reference to the Distribution Event Issuer Execution Price) of such Reduced Number of Distributed Notes.

Each such issue of Notes (and, if applicable, payment of an Adjustment Rounding Amount) on a Distribution Issue Date shall be effected so as to ensure that the Number of Reference Units per Note remains unchanged as a result of the occurrence of the relevant Distribution Event and therefore no Noteholder shall have to pay any subscription proceeds in connection with any such issue of Notes in accordance with this Condition 3. The Issuer shall notify the Noteholders of the occurrence of Distribution Issue Date in accordance with Condition 13 of the General Conditions.

(d) Distribution Event Cash Option

To exercise the Distribution Event Cash Option validly in respect of a Note, the holder of such Note must:

(i) if such Note is in definitive form and held outside Euroclear and Clearstream, Luxembourg or, if applicable, Euroclear Netherlands, deliver at the specified office of any Paying Agent, any Transfer Agent or, as the case may be, the Registrar at any time during normal business hours of such Paying Agent, Transfer Agent or Registrar falling within the Distribution Event Cut-off Time, a duly signed and completed notice of exercise in the form (for the time being current) obtainable from the specified office of any Paying Agent, any Transfer Agent or the Registrar (a “**Distribution Event Cash Option Exercise Notice**”) and in which the

holder must specify a bank account which will accept payment and to which the Issuer may lawfully make payments in the Specified Currency (or, if payment is required to be made by cheque, an address) to which payment is to be made, provided that where the Note is in definitive form and a Bearer Note, then the Noteholder shall present such definitive Bearer Note as evidence of holding together with the delivery of the Distribution Event Cash Option Exercise Notice; and

(ii) if such Note is represented by a global Bearer Note or is in definitive form and held through Euroclear, Clearstream, Luxembourg or, if applicable, Euroclear Netherlands, prior to the Distribution Event Cut-off Time, give notice of such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg or, if applicable, Euroclear Netherlands (which may include notice being given on his instruction by Euroclear or Clearstream, Luxembourg or any common depositary for them or, if applicable, Euroclear Netherlands to the Agent by electronic means), in a form acceptable to Euroclear and Clearstream, Luxembourg or, if applicable, Euroclear Netherlands from time to time.

Where the Distribution Event Cash Option has been validly exercised in respect of a Note on or prior to the Distribution Event Cut-off Time, the Issuer shall pay to the holder of such Note an amount of cash, rounded down to the smallest sub-unit of the Specified Currency (the “**Distribution Event Cash Amount**”) equal to: (a) the value (determined by the Calculation Agent in its sole and absolute discretion by reference to the Distribution Event Issuer Execution Price) of the Number of Distributed Shares; divided by (b) the Number of Reference Units in respect of such Note. The Issuer shall pay the Distribution Event Cash Amount in respect of each Note in accordance with Condition 5 of the General Conditions as if such amount were an amount of interest on the third Business Day following determination by the Calculation Agent of the Distribution Event Issuer Execution Price. For the avoidance of doubt, if the Issuer receives any additional Shares from the Reference Issuer, it shall not be obliged to sell or otherwise dispose of such additional Shares.

8 Disrupted Days

For the purposes of the Notes, Condition 6 of the General Conditions shall be amended by the addition of a new Condition 6(n) as follows:

“(n) Disrupted Days

If the Calculation Agent determines that the Strike Date, the Expiration Date, any Averaging Date, any Automatic Early Redemption Valuation Date, any Early Redemption Fixing Date or any Observation Date, as the case may be, in respect of the Reference Units is a Disrupted Day, then the Strike Date, the Expiration Date, such Averaging Date, such Automatic Early Redemption Valuation Date, such Early Redemption Fixing Date or such Observation Date, as the case may be, shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the eight Scheduled Trading Days immediately following the original date that, but for the determination by the Calculation Agent of the occurrence of a Disrupted Day, would have been the Strike Date, the Expiration Date, such Averaging Date, such Automatic Early Redemption Valuation Date, such Early Redemption Fixing Date or such Observation Date, as the case may be, is a Disrupted Day. In that case:

- (a) that eighth Scheduled Trading Day shall be deemed to be the Strike Date, the Expiration Date, such Averaging Date, such Automatic Early Redemption Valuation Date, such Early Redemption Fixing Date or such Observation Date, as the case may be, in respect of the Reference Units, notwithstanding the fact that such day is a Disrupted Day;
- (b) the Calculation Agent shall determine the price of one Reference Unit as its good faith estimate of the price of one Reference Unit that would have prevailed, but for the occurrence of a Disrupted Day, at the Valuation Time on that eighth Scheduled Trading Day; and/or
- (c) the Issuer may make any adjustment or adjustments to the Final Redemption Amount, Automatic Early Redemption Amount, the Early Redemption Amount, the Initial Reference Price, the Final Reference Price, the Strike Price and/or any other relevant term of the Notes as it deems necessary.

Notwithstanding the provisions of any other Condition, if the Calculation Agent determines that a Disrupted Day has occurred on the Expiration Date and/or on any Observation Date, Automatic Early Redemption Valuation Date, Early Redemption Fixing Date or Averaging Date, payment of the Final Redemption Amount and/or the Automatic Early Redemption Amount (if such amount is payable) and/or the Early Redemption Amount (if such amount is payable), as the case may be, shall be postponed to the later of (i) the Maturity Date and/or the Automatic Early Redemption Date and/or the original early redemption date and (ii) the date that is three Business Days (or such other period as specified in the Final Terms) following the postponed Expiration Date, Observation Date, Automatic Early Redemption Valuation Date, early redemption date or Averaging Date, as the case may be. For the avoidance of doubt, no additional amounts shall be payable in respect of the postponement of any payment of the Final Redemption Amount and/or the Automatic Early Redemption Amount in accordance with this Condition 6(n) of the General Conditions.

The Issuer shall give notice to the holders of the Notes, in accordance with Condition 13 of the General Conditions, of the occurrence of a Disrupted Day if it results in the postponement of any payment in respect of the Notes and/or any adjustment to any term of the Notes pursuant to this Condition 6(n).”

9 Adjustments

For the purposes of the Notes, Condition 6 of the General Conditions shall be amended by the addition of a new Condition 6(o) as follows:

“(o) Adjustments, Consequences of Certain Events and Currency

(i) Adjustments

If the Calculation Agent determines that a Potential Adjustment Event has occurred or that there has been an adjustment to the settlement terms of listed contracts on the Shares traded on a Related Exchange, the Calculation Agent will determine, in its sole and absolute discretion, whether such Potential Adjustment Event or adjustment has a diluting or concentrative effect on the theoretical value of the Shares and/or the GDRs (as applicable) and, if so, will (a) make the corresponding adjustment(s), if any, to any one or more of the Final Redemption Amount, Early Redemption Amount and/or the Strike Price and/or any of the terms and conditions of the Notes as the Calculation Agent determines, in its sole and absolute discretion, appropriate to account for that diluting or concentrative effect (provided that no adjustments will be made to account solely for changes in volatility, expected dividend, stock loan rate or liquidity) and (b) determine the effective date(s) of the adjustment(s). The Calculation Agent may (but need not) determine the appropriate adjustment by reference to the adjustment in respect of such Potential Adjustment Event or adjustment to settlement terms made by an options exchange to options on the Shares and/or GDRs (as applicable) traded on that options exchange.

(ii) Consequences of a Merger Event

If the Calculation Agent determines that a Merger Event has occurred, the Issuer may,:

- (a) redeem each Note at its fair market value (as determined by the Calculation Agent in its sole and absolute discretion) as at the Merger Date less, unless specified otherwise in the Final Terms, the cost to the Issuer of amending or liquidating any Hedging Arrangement, together with any costs, expenses, fees or taxes (including Contingent Taxes) incurred by the Issuer in respect of any such Hedging Arrangement, on such date as the Issuer may notify to Noteholders in accordance with Condition 13 of the General Conditions; and/or
- (b) (i) make such adjustment to the exercise, settlement, payment or any other term or condition of the Notes as the Calculation Agent, in its sole and absolute discretion, determines appropriate to account for the economic effect on the Notes of such Merger Event (provided that no adjustments will be made to solely account for changes in volatility, expected dividends, stock loan rate or liquidity relevant to the Shares or the GDRs or to the Notes), which may, but need not, be determined by reference to the adjustment(s) made in respect of such Merger Event by an options exchange to options on the Shares and/or GDRs traded on such options exchange and determine the effective date of that adjustment and (ii) determine the effective date of that adjustment; and/or
- (c) save in respect of a Reverse Merger, on or after the relevant Merger Date, deem the New Shares and/or the amount of Other Consideration, if applicable (as subsequently modified in accordance with any relevant terms and including the proceeds of any redemption, if applicable), and their issuer (if any) to be the “Shares” and the “Reference Issuer”, respectively, and if the Calculation Agent, in its sole and absolute discretion, determines to be appropriate, the Issuer will adjust any relevant terms of the Notes as it may determine.

The Issuer shall give notice of such redemption, adjustment or deemed change to Noteholders in accordance with Condition 13 of the General Conditions.

(iii) Consequences of a Tender Offer

If the Calculation Agent determines that a Tender Offer has occurred, then on or after the relevant Tender Offer Date the Issuer may:

- (a) redeem each Note at its fair market value (as determined by the Calculation Agent in its sole and absolute discretion) as at the Tender Offer Date less, unless specified otherwise in the Final Terms, the cost to the Issuer of amending or liquidating any Hedging Arrangement, together with any costs, expenses, fees or taxes (including Contingent Taxes) incurred by the Issuer in respect of any such Hedging Arrangement, on such date as the Issuer may notify to Noteholders in accordance with Condition 13 of the General Conditions; and/or
- (b) (i) make such adjustment to the exercise, settlement, payment or any other term or condition of the Notes as the Calculation Agent, in its sole and absolute discretion, determines appropriate to account for the economic effect on the Notes of such Tender Offer (provided that no adjustments will be made to account solely for changes in volatility or liquidity relevant to the Shares and/or GDRs or to the Notes), which may, but need not, be determined by reference to the adjustment(s) made in respect of such Tender Offer by an options exchange to options on the Shares traded on such options exchange and determine the effective date of that adjustment and (ii) determine the effective date of that adjustment.

The Issuer shall give notice of such redemption or adjustment to Noteholders in accordance with Condition 13 of the General Conditions.

- (iv) Nationalisation, Insolvency or De-listing

If in respect of the Shares or the Reference Issuer the Calculation Agent determines that there has been a Nationalisation, an Insolvency or a De-listing, the Issuer may (i) request the Calculation Agent to determine, in the Calculation Agent's sole and absolute discretion, the appropriate adjustment, if any, to be made to any one or more of the Final Redemption Amount and/or the Strike Price and/or any of the other terms and conditions of the Notes to account for the Nationalisation, Insolvency or De-listing, as the case may be, and determine the effective date of that adjustment or (ii) redeem each Note at its fair market value (as determined by the Calculation Agent in its sole and absolute discretion) as at the date of redemption taking into account the Nationalisation, Insolvency or De-listing less, unless specified otherwise in the Final Terms, the cost to the Issuer of amending or liquidating any Hedging Arrangement, together with any costs, expenses, fees or taxes (including Contingent Taxes) incurred by the Issuer in respect of any such Hedging Arrangement. Notice of any redemption of the Notes or determination pursuant to this paragraph shall be given to Noteholders in accordance with Condition 13 of the General Conditions.

- (v) Change of Exchange

If the Exchange is changed, the Issuer may make such consequential modifications to the Strike Price, Final Redemption Amount, Valuation Time and such other terms and conditions of the Notes as it may deem necessary.

- (vi) Price Correction

In the event that any price or level published on the Exchange and which is utilised for any calculation or determination made under the Notes is subsequently corrected and the correction is published by the Exchange within three Business Days (or such other period specified in the Final Terms) after the original publication, the Calculation Agent will determine, in its sole and

absolute discretion, the amount (if any) that is payable following that correction, and, to the extent necessary, the Issuer will adjust the terms and conditions of the Notes to account for such correction, provided that no such adjustment shall take place after the Expiration Date.

(vii) Currency

If the Calculation Agent determines that any event occurs affecting the Specified Currency or the currency in which any of the Reference Units are quoted, listed and/or dealt in on the Exchange (whether relating to the convertibility of any such currency into other currencies or otherwise) which the Calculation Agent determines necessitates an adjustment or adjustments to the Final Redemption Amount, Strike Price (if applicable) and/or any other relevant term of the Notes (including the date on which any amount is payable by the Issuer), the Issuer may make such adjustment or adjustments to the Final Redemption Amount, Strike Price (if applicable) and/or any other relevant term of the Notes as it deems necessary. The Issuer shall give notice to the holders of the Notes of any such adjustment in accordance with Condition 13 of the General Conditions.

(viii) Additional Disruption Events

If the Calculation Agent determines that an Additional Disruption Event has occurred, the Issuer may (i) make any adjustment or adjustments to the exercise, settlement, payment or any other term or condition of the Notes as the Calculation Agent, in its sole and absolute discretion, determines appropriate (including, without limitation, to the Final Redemption Amount, Automatic Early Redemption Amount, the Initial Reference Price, the Final Reference Price and the Strike Price) and/or (ii) redeem each Note at its fair market value (as determined by the Calculation Agent in its sole and absolute discretion) as at the date of redemption taking into account the Additional Disruption Event less, unless specified otherwise in the Final Terms, the cost to the Issuer of amending or liquidating any Hedging Arrangement, together with any costs, expenses, fees or taxes (including Contingent Taxes) incurred by the Issuer in respect of any such Hedging Arrangement. Notice of any determination made pursuant to this paragraph and of any adjustment and/or redemption of the Notes shall be given to Noteholders in accordance with Condition 13 of the General Conditions.

(ix) Change in currency

If, at any time after the Issue Date, there is any change in the currency in which the Reference Units are quoted, listed and/or dealt on the Exchange, then the Issuer will adjust such of the terms and conditions of the Notes as the Calculation Agent determines appropriate to preserve the economic terms of the Notes. The Calculation Agent, in its sole and absolute discretion, will make any conversion necessary for purposes of any such adjustment as of the Valuation Time at an appropriate mid-market spot rate of exchange determined by the Calculation Agent in its sole and absolute discretion prevailing as of the Valuation Time. No adjustments under this section will affect the currency denomination of any payment obligation arising out of the Notes.”

10 Delivery of Reference Unit Amount

For the purposes of the Notes, if “Reference Unit Delivery” is specified as being applicable in the Final Terms, Condition 6 of the General Conditions shall be amended by the addition of a new Condition 6(p) as follows:

“(p) *Delivery of Reference Unit Amounts:*

(i) Delivery of Reference Unit Amounts

If the Notes are to be redeemed by the delivery of the Reference Unit Amounts, the Issuer shall, on the Reference Unit Delivery Date, deliver or procure the delivery of the Reference Unit Amount in respect of each Note to such account in such clearing system as may be specified by the relevant Noteholder, at the risk and expense of the relevant Noteholder. If a Noteholder does not provide the Issuer with sufficient instructions in a timely manner to enable the Issuer to effect any required delivery of Reference Units, the due date for such delivery shall be postponed accordingly. The Issuer shall determine whether any instructions received by it are sufficient and whether they have been received in time to enable delivery on any given date. As used herein, “delivery” in relation to any Reference Unit Amount means the carrying out of the steps required of the Issuer (or such person as it may procure to make the relevant delivery) in order to effect the transfer of the relevant Reference Unit Amount and “deliver” shall be construed accordingly. The Issuer shall not be responsible for any delay or failure in the transfer of such Reference Unit Amount once such steps have been carried out, whether resulting from settlement periods of clearing systems, acts or omissions of registrars or otherwise and shall have no responsibility for the lawfulness of the acquisition of the Reference Units comprising the Reference Unit Amount or any interest therein by any Noteholder or any other person.

In respect of each Reference Unit comprising the Reference Unit Amount, the Issuer shall not be under any obligation to register or procure the registration of the Noteholder or any other person as the registered shareholder in any register of members of the Reference Issuer.

Noteholders should note that the actual date on which they become holders of the Reference Units comprising their Reference Unit Amount will depend, among other factors, on the procedures of the relevant clearing systems and any share registrar and the effect of any Settlement Disruption Events.

Dividends and distributions in respect of the Shares which constitute a Potential Adjustment Event may result in an adjustment being made pursuant to Condition 6(o) of the General Conditions. Neither the Issuer nor any other person shall (a) be under any obligation to deliver (or procure any other person to deliver) to the Noteholders or any other person any letter, certificate, notice, circular or any other document received by that person in its capacity as the holder of the Reference Units, (b) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to the Reference Units or (c) be under any liability to the Noteholders or any subsequent beneficial owners of the Reference Units in respect of any loss or damage which any Noteholder or subsequent beneficial owner may sustain or suffer as a result, whether directly or indirectly, of that person being registered at any time as the legal owner of the Reference Units.

(ii) Settlement Disruption

If the Issuer determines that delivery of any Reference Unit Amount in respect of any Note by the Issuer in accordance with the terms and conditions of the Notes is not practicable or permitted by reason of a Settlement Disruption Event subsisting, then the Reference Unit Delivery Date in respect of such Reference Unit Amount shall be postponed to the first following Delivery Day in respect of which no such Settlement Disruption Event is subsisting and notice thereof shall be given in accordance with Condition 13 of the General Conditions, provided that the Issuer may elect in its sole and absolute discretion to satisfy its obligations in respect of the relevant Note by delivering or procuring the delivery of such Reference Unit Amount using such other commercially reasonable manner as it may select and in such event

the Reference Unit Delivery Date shall be such day as the Issuer deems appropriate in connection with delivery of such Reference Unit Amount in such other commercially reasonable manner. No Noteholder shall be entitled to any payment whether of interest or otherwise on such Note in the event of any delay in the delivery of the Reference Unit Amount pursuant to this paragraph and no liability in respect thereof shall attach to the Issuer.

Where a Settlement Disruption Event affects some but not all of the Reference Units comprising the Reference Unit Amount, the Reference Unit Delivery Date for the Reference Units comprising such Reference Unit Amount which are not affected by the Settlement Disruption Event will be the originally designated Reference Unit Delivery Date.

For so long as delivery of the Reference Unit Amount in respect of any Note is not practicable or permitted by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof, the Issuer may elect in its sole and absolute discretion to satisfy its obligations in respect of each Note by payment to the relevant Noteholder of the Disruption Cash Settlement Price on the third Business Day following the date that notice of such election is given to the Noteholders in accordance with Condition 13 of the General Conditions. Payment of the Disruption Cash Settlement Price will be made in such manner as shall be notified to the Noteholders in accordance with Condition 13 General Conditions.

The Issuer shall give notice as soon as practicable to the Noteholders in accordance with Condition 13 of the General Conditions if a Settlement Disruption Event has occurred.

(iii) Aggregate Reference Unit Amount

The aggregate Reference Unit Amount to which a Noteholder may be entitled will be determined on the basis of the separate (for the avoidance of doubt, not aggregate) number of Notes held by the relevant Noteholder. The Issuer shall not be obliged to deliver fractions of a Reference Unit but shall be obliged to account for the Fractional Cash Amount of any such fractions to the relevant Noteholder on the Reference Unit Delivery Date and each such Reference Unit Amount to be delivered shall be rounded down to the next integral number of Reference Units.”

11 Automatic Early Redemption

For the purposes of the Notes, if “Automatic Early Redemption” is specified as being applicable in the Final Terms, Condition 6 of the General Conditions shall be amended by the addition of a new Condition 6(q) as follows:

“(q) Automatic Early Redemption:

Unless previously redeemed or purchased and cancelled, if on any Automatic Early Redemption Valuation Date or during any Observation Period the Automatic Early Redemption Event occurs, then the Notes will be automatically redeemed in whole, but not in part, on the Automatic Early Redemption Date immediately following such Automatic Early Redemption Valuation Date or (in the case of the occurrence of an Automatic Early Redemption Event during an Observation Period) on the date that is five Business Days (or such other period as is specified in the applicable Final Terms) following the occurrence of such Automatic Early Redemption Event, and in any such case the Final Redemption Amount payable by the Issuer on such date upon redemption of each Note shall be an amount equal to the relevant Automatic Early Redemption Amount.”

12 Prescription

For the avoidance of doubt, Condition 8 of the General Conditions shall apply to the Notes and claims for delivery of any Reference Unit Amount in respect of the Notes shall become void upon the expiry of five years from the Reference Unit Delivery Date.

Im Folgenden werden die Anleihebedingungen der von der Global-Emittentin zu begebenden Schuldverschreibungen für den deutschen Markt (die "Bedingungen") aufgeführt, die jeder Globalurkunde beigelegt werden. Die jeweiligen Endgültigen Bedingungen in Bezug auf eine Tranche der Schuldverschreibungen können andere Bedingungen enthalten, die – soweit dies angegeben ist oder soweit diese in Widerspruch zu den folgenden Bedingungen stehen – die folgenden Bedingungen für die Zwecke dieser Tranche der Schuldverschreibungen ersetzen oder ändern. Die jeweiligen Endgültigen Bedingungen werden jeder Globalurkunde beigelegt.

Diese Schuldverschreibung für den deutschen Markt ist Teil einer Serie von Schuldverschreibungen für den deutschen Markt, die von der ING Bank N.V. (die "Emittentin"; dieser Begriff schließt etwaige Nachfolgeschuldnerinnen gemäß § 12 der Bedingungen ein) begeben werden. Bezugnahmen in diesem Kapitel 13 auf die "Schuldverschreibungen" sind Verweise auf die Schuldverschreibungen dieser Serie (wie

Bezugnahmen in diesem Dokument auf die "jeweiligen *Endgültigen Bedingungen*" sind Verweise auf die *Endgültigen Bedingungen*, die diesem Dokument beigelegt sind, für dieses Dokument gelten bzw. in dieses Dokument einbezogen sind.

In diesem Dokument bezeichnet der Begriff "*Tranche*" *Schuldverschreibungen*, die in jeder Hinsicht identisch sind (einschließlich im Hinblick auf ihre Notierung), und "*Serie*" bezeichnet eine *Tranche* der *Schuldverschreibungen* zusammen mit einer oder mehreren weiteren *Tranchen* der *Schuldverschreibungen*, die (i) ausdrücklich eine Einheit und eine einzelne Serie bilden und (ii) in jeder Hinsicht identisch sind (einschließlich im Hinblick auf ihre Notierung), abgesehen von ihren jeweiligen *Ausgabeterminen*, ihrem *Verzinsungsbeginn* und/oder ihrem *Ausgabekurs*.

Kopien der für diese *Schuldverschreibung* geltenden *Endgültigen Bedingungen* sind jeweils bei den genannten Geschäftsstellen der *Verwaltungsstelle* und der sonstigen *Zahlstellen* sowie bei der *Emittentin* erhältlich und können dort eingesehen werden, wobei jedoch die *Endgültigen Bedingungen* in Bezug auf eine *Schuldverschreibung*, für die gemäß Richtlinie 2003/71/EG (die "**Prospektrichtlinie**") keine Veröffentlichung eines Prospekts erforderlich ist, nur durch einen *Anleihegläubiger* eingesehen werden können, wenn dieser *Anleihegläubiger* der jeweiligen *Zahlstelle* bzw. der *Emittentin* seine Identität ausreichend nachweist. Schriftliche oder mündliche Anfragen bei der *Emittentin* bezüglich solcher Unterlagen sollten an die *Emittentin* unter folgender Anschrift gerichtet werden: Foppingadreef 7, 1102 BD Amsterdam, Niederlande.

Der Basisprospekt vom 31 März 2011, zu welchem die Bedingungen gehören, wurde in Bezug auf den englischsprachigen Inhalt von der Niederländischen Behörde für Finanzmärkte (*Netherlands Authority for the Financial Markets*) für die Zwecke der Prospektrichtlinie am 31 März 2011 gestattet.

[In the case of the Rate of Interest linked to a CMS rate the following may be inserted:

"**Rate of Interest**" means in respect of the Interest Payment Date:

[•].

Where

The "[•] **CMS**" means, the annual swap rate for [•] denominated Swap transactions with a maturity of [•] years, expressed as a percentage, which appears on the Reuters Page at or around 11:00 a.m. Frankfurt time on the relevant

(Frankfurter Zeit) am betreffenden *Bewertungstag* erscheint und durch die *Berechnungsstelle* festgestellt wird.

Falls dieser Satz am *Bewertungstag* nicht auf der *Reuters Bildschirmseite* um oder gegen 11:00 Uhr Frankfurter Zeit erscheint, berechnet die *Berechnungsstelle* den [●] CMS auf der Grundlage der mid-market jährlichen Swap-Satz-Quotierung, wie sie von den *Referenzbanken* um oder gegen 11:00 Uhr (Frankfurter Zeit) an diesem *Bewertungstag* zur Verfügung gestellt wird.

Hierbei steht die mid-market jährliche Swap-Satz-Quotierung für das arithmetische Mittel der Geld- und Briefkurse für den jährlichen Festzinsteil (annual fixed leg), berechnet auf der Grundlage des 30/360 Zinstagequotienten, einer fest-für-variabel Euro Zinssatz Swap Transaktion in Höhe des *Repräsentativbetrages*, mit einer Laufzeit von [●] Jahren, die am betreffenden *Bewertungstag* beginnt, vereinbart mit einem Händler mit guter Reputation auf dem Swapmarkt, wobei der variable Zinsteil (floating leg), jeweils berechnet auf der Grundlage des *Actual/360* Zinstage-Quotienten, der *EUR-EURIBOR-Reuters-Rate* mit einer vorgesehenen Fälligkeit von [6 Monaten] entspricht.

Die *Berechnungsstelle* wird die Hauptniederlassung jeder *Referenzbank* auffordern, eine entsprechende Quotierung abzugeben. Der Satz in Bezug auf die betreffende *Zinsperiode* trägt das arithmetische Mittel aller so erhaltenen Quotierungen.

"*Reuters Bildschirmseite*" steht in Bezug auf den [●] CMS für die Reuters Seite [●] oder für eine andere Seite, die diese bei diesem Informationsdienst oder einem anderen Informationsdienst ersetzt, in jedem Fall wie von der *Berechnungsstelle* bzw. derjenigen Person oder Organisation angegeben, welche die an der entsprechenden Stelle erscheinenden Informationen zur Anzeige von Sätzen oder Preisen, die mit dem [●] CMS vergleichbar sind, zur Verfügung stellt oder vertreibt.

"*Referenzbanken*" steht (i) in Bezug auf den [●] CMS für [fünf] [●] führende Swap Händler im *Euro-Raum* Interbanken Markt und in Bezug auf *EUR-EURIBOR-Reuters-Rate* (ii) für [vier][●] von der *Berechnungsstelle* im Euro-Raum Interbanken Markt ausgewählte Großbanken.

"*Repräsentativbetrag*" steht, in Bezug auf den [●] CMS und einen *Bewertungstag*, für einen Betrag, der für eine einzelne Transaktion am maßgeblichen Markt zur entsprechenden Zeit repräsentativ ist.

Valuation Date, as determined by the Calculation Agent.

If such rate does not appear on the Reuters Page at or around 11:00 a.m. Frankfurt time on a Valuation Date, the [●] CMS will be a percentage determined by the Calculation Agent on the basis of the mid-market annual swap rate quotations provided by the Reference Banks at approximately 11:00 a.m. Frankfurt time on that Valuation Date.

For this purpose the mid-market annual swap rate means the arithmetic mean of the bid and offered rates for the annual fixed leg, calculated on a 30/360 day count basis, for a fixed-for-floating euro interest rate swap transaction with a [●]-year term commencing on such Valuation Date and in a Representative Amount with an acknowledged dealer of good credit in the swap market, where the floating leg, calculated on an Actual/360 day count basis, is equivalent to EUR-EURIBOR-Reuters-Rate with a designated maturity of [six months].

The Calculation Agent will request the principal office of each of the Reference Banks to provide a quotation of its rate. The Rate of Interest for the relevant Interest Period will be the arithmetic mean of the quotations so provided.

"*Reuters Page*" means with respect to the [●] CMS, Reuters page [●] or such other page as may replace it on that information service or on such other information service, in each case as nominated by the Calculation Agent or as may be nominated by the person or organisation providing or sponsoring the information appearing there for the purpose of displaying rates or prices comparable to [●] CMS.

"*Reference Banks*" means (i) with respect to the [●] CMS [five][●] leading swap dealers in the Euro-zone interbank market, and (ii) with respect to EUR-EURIBOR-Reuters-Rate, [four][●] major banks selected by the Calculation Agent in the Euro-zone interbank market.

"*Representative Amount*" means, with respect to the [●] CMS and a Valuation Date, an amount that is representative for a single transaction in the relevant market at the relevant time.

"**EUR-EURIBOR-Reuters-Rate**" bedeutet, dass der Satz für einen *Bewertungstag* der Satz für Einlagen in Euro für den Zeitraum von [6 Monaten] ist, der um 11:00 Uhr Brüsseler Zeit auf der *Reuters Seite* [●] an dem *Bewertungstag* erscheint. Falls der Satz auf der *Reuters Seite* [●] nicht erscheint, wird der Satz für den entsprechenden *Bewertungstag* so bestimmt, als hätten die Parteien "**EUR-EURIBOR-Referenzbanken**" als anwendbaren Zinssatz vereinbart.

"**EUR-EURIBOR-Referenzbanken**" bedeutet, dass der Zinssatz für einen *Bewertungstag* auf der Grundlage des Zinssatzes bestimmt wird, zu dem *Referenzbanken* um 11:00 vormittags, Brüsseler Zeit an dem *Bewertungstag*, erstklassigen Banken im Eurozonen Interbankenmarkt Einlagen in Euro für den Zeitraum von [6 Monaten], beginnend mit dem *Bewertungstag* und in Höhe des *Repräsentativen Betrages*, anbieten, ausgehend von einer Zinsberechnung auf Basis eines Quotienten von *Actual/360*. Die *Berechnungsstelle* wird von jeder *Referenzbank* bei deren Hauptsitz in der *Eurozone* die entsprechenden Quotierungen ihres jeweiligen Zinssatzes einholen. Sofern mindestens zwei Quotierungen zur Verfügung stehen, ist der Zinssatz für den *Bewertungstag* das arithmetische Mittel der beiden Quotierungen. Falls weniger als zwei Quotierungen zur Verfügung stehen, ist der Zinssatz für den *Bewertungstag* das arithmetische Mittel der Zinssätze, die von der *Berechnungsstelle* ausgewählte führende Banken in der *Euro-Raum*, gegen 11:00 Uhr vormittags Brüsseler Zeit, an dem jeweiligen *Bewertungstag* für Darlehen in Euro an europäische Großbanken für den Zeitraum von [6 Monaten] entspricht, beginnend mit dem *Bewertungstag* und in Höhe des *Repräsentativen Betrages*, angeben.

"**Euro-Raum**" steht für die Gesamtheit derjenigen Mitgliedstaaten der Europäischen Union, die, gemäß dem Vertrag zur Gründung der Europäischen Gemeinschaft in seiner jeweils gültigen Fassung, zum entsprechenden Zeitpunkt den Euro als Einheitswährung akzeptieren.

"**Actual/360**" steht für die tatsächliche Anzahl der Tage in der betreffenden Zinsperiode dividiert durch 360.]

[●][Gegebenenfalls andere anwendbare Definitionen einfügen]

"**EUR-EURIBOR-Reuters-Rate**" means that the rate for a Valuation Date will be the rate for deposits in euro for a period of [six months] which appears on the Reuters Page [●] as of 11:00 a.m., Brussels time, on the Valuation Date. If such rate does not appear on the Reuters Page [●], the rate for that Valuation Date will be determined as if the parties had specified "EUR-EURIBOR-Reference Banks" as the applicable rate.

"**EUR-EURIBOR-Reference Banks**" means that the rate for a Valuation Date will be determined on the basis of the rates at which deposits in euros are offered by the Reference Banks at approximately 11:00 a.m., Brussels time, on the Valuation Date to prime banks in the Euro-zone interbank market for a period of [six months] commencing on that Valuation Date and in a Representative Amount, assuming an Actual/360 day count basis. The Calculation Agent will request the principal Euro-zone office of each of the Reference Banks to provide a quotation of its rate. If at least two quotations are provided, the rate for that Valuation Date will be the arithmetic mean of the quotations. If fewer than two quotations are provided as requested, the rate for that Valuation Date will be the arithmetic mean of the rates quoted by major banks in the Euro-zone, selected by the Calculation Agent, at approximately 11:00 a.m., Brussels time, on that Valuation Date for loans in euros to leading European banks for a period of [six months] commencing on that Valuation Date and in a Representative Amount.

"**Euro-zone**" means the region comprised of member states of the European Union that adopt the euro as single currency in accordance with the Treaty establishing the European Community, as amended.

"**Actual/360**" means the actual number of days in the relevant Interest Period divided by 360.]

Anleihegläubiger sollten beachten, dass der Termin, zu dem sie tatsächlich Inhaber der *Aktien* werden, aus denen ihr *Aktienbetrag* besteht, u.a. von den Verfahren der maßgeblichen Clearingsysteme und etwaigen Aktienregisterstellen und den Auswirkungen etwaiger *Abrechnungsstörungen* abhängt.

Die *Emittentin* ist zu keiner Zeit einem *Anleihegläubiger* gegenüber verpflichtet, Rechenschaft in Bezug auf Beträge oder Ansprüche, die sie im Wege einer Dividende oder sonstigen Ausschüttung in Bezug auf *Aktien* erhält, abzulegen. Dividenden und Ausschüttungen in Bezug auf die *Aktien*, die einen *Potentiellen Anpassungsgrund* darstellen, können jedoch dazu führen, dass eine Anpassung gemäß § 5[(n)] der *Bedingungen* vorgenommen wird.

Noteholders should note that the actual date on which they become holders of the Shares comprising their Share Amount will depend, among other factors, on the procedures of the relevant clearing systems and any share registrar and the effect of any Settlement Disruption Events.

The Issuer shall not at any time be obliged to account to a Noteholder for any amount or entitlement that it receives by way of a dividend or other distribution in respect of any of the Shares. Dividends and distributions in respect of the Shares which constitute a Potential Adjustment Event may however result in an adjustment being made pursuant to Condition 5[(n)] of Conditions.

Neither the Issuer nor any other person shall (a) be under any obligation to deliver (or procure any other person to deliver) to the Noteholders or any other person any letter, certificate, notice, circular or any other document received by that person in its capacity as the holder of the Shares, (b) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to the Shares or (c) be under any liability to the Noteholders or any subsequent beneficial owners of the Shares in respect of any loss or damage which any Noteholder or subsequent beneficial owner may sustain or suffer as a result, whether directly or indirectly, of that person registered at any time as the legal owner of the Shares.

(ii) *Settlement Disruption*

If the Issuer determines that delivery of any Share Amount in respect of any Note by the Issuer in accordance with the terms and conditions of the Notes is not practicable or permitted by reason of a Settlement Disruption Event subsisting,

durchführbar oder zulässig ist, so wird der *Aktienliefertag* in Bezug auf diesen *Aktienbetrag* auf den ersten folgenden *Liefertag* verschoben, in Bezug auf den keine *Abrechnungsstörung* besteht, und dies wird gemäß § 10 angezeigt, wobei sich die *Emittentin* nach billigem Ermessen dafür entscheiden kann, ihre Verpflichtungen in Bezug auf die betreffende *Schuldverschreibung* durch Lieferung oder Veranlassung der Lieferung des *Aktienbetrags* zu erfüllen, und zwar in einer anderen kaufmännisch vernünftigen Weise nach ihrer Wahl. In diesem Fall ist der *Aktienliefertag* derjenige Tag, den *Emittentin* im Zusammenhang mit der Lieferung des *Aktienbetrags* in der jeweiligen kaufmännisch vernünftigen Weise für geeignet hält. Kein *Anleihegläubiger* hat Anspruch auf etwaige Zahlungen, seien es Zins- oder sonstige Zahlungen, auf die jeweilige *Schuldverschreibung* in Zusammenhang mit der Verzögerung der Lieferung des entsprechenden *Aktienbetrages* gemäß diesem Abschnitt, wobei jedwede diesbezügliche Haftung der *Emittentin* ausgeschlossen ist.

Soweit eine *Abrechnungsstörung* nicht alle *Aktien* betrifft, aus denen der *Aktienbetrag* besteht, sondern nur einige davon, ist der *Aktienliefertag* für diejenigen *Aktien*, aus denen der *Aktienbetrag* besteht und die nicht von der *Abrechnungsstörung* betroffen sind, der ursprünglich benannte *Aktienliefertag*.

Solange die Lieferung des *Aktienbetrages* in Bezug auf eine *Schuldverschreibung* wegen einer *Abrechnungsstörung* nicht durchführbar oder zulässig ist, kann die *Emittentin* anstelle einer physischen Lieferung und unbeschadet sonstiger Bestimmungen hierin ihre Verpflichtungen in Bezug auf die betreffende *Schuldverschreibung* nach alleinigem Ermessen durch Zahlung des *Barausgleichspreises bei Störung* an den betreffenden *Anleihegläubiger* am dritten *Geschäftstag* nach dem Tag, an dem diese Entscheidung den *Anleihegläubigern* gemäß § 10 der *Bedingungen* mitgeteilt wird, erfüllen. Die Zahlung des *Barausgleichspreises bei Störung* erfolgt in der den *Anleihegläubigern* entsprechend § 10 der *Bedingungen* mitgeteilten Art und Weise.

then the Share Delivery Date in respect of such Share Amount shall be postponed to the first following Delivery Day in respect of which no such Settlement Disruption Event is subsisting and notice thereof shall be given in accordance with Condition 10, provided that the Issuer may elect in its reasonable discretion to satisfy its obligations in respect of the relevant Note by delivering or procuring the delivery of such Share Amount using such other commercially reasonable manner as it may select and in such event the Share Delivery Date shall be such day as the Issuer deems appropriate in connection with delivery of such Share Amount in such other commercially reasonable manner. No Noteholder shall be entitled to any payment whether of interest or otherwise on such Note in the event of any delay in the delivery of the Share Amount pursuant to this paragraph and no liability in respect thereof shall attach to the Issuer.

Where a Settlement Disruption Event affects some but not all of the Shares comprising the Share Amount, the Share Delivery Date for the Shares comprising such Share Amount which are not affected by the Settlement Disruption Event will be the originally designated Share Delivery Date.

For so long as delivery of the Share Amount in respect of any Note is not practicable or permitted by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof, the Issuer may elect in its sole discretion to satisfy its obligations in respect of each Note by payment to the relevant Noteholder of the Disruption Cash Settlement Price on the third Business Day following the date that notice of such election is given to the Noteholders in accordance with Condition 10 of the Conditions. Payment of the Disruption Cash Settlement Price will be made in such manner as shall be notified to the Noteholders in accordance with Condition 10 of these Conditions.

Die *Emittentin* teilt den *Anleihegläubigern* gemäß § 10 der *Bedingungen* sobald wie möglich mit, wenn eine *Abrechnungsstörung* eingetreten ist.

(iii) Gesamter Aktienbetrag

Der gesamte Aktienbetrag, auf den ein *Anleihegläubiger* ggf. Anspruch hat, wird auf Basis der Zahl der einzelnen (zur Klarstellung: nicht der gesamten) von dem betreffenden *Anleihegläubiger* gehaltenen *Schuldverschreibungen* bestimmt. Die *Emittentin* ist nicht verpflichtet, Bruchteile einer *Aktie* zu liefern, sie ist jedoch verpflichtet, am *Aktienlieferstag* gegenüber dem betreffenden *Anleihegläubiger* hinsichtlich des *Bruchteilbetrags* etwaiger Bruchteile abzurechnen, und die einzelnen zu liefernden *Aktienbeträge* sind auf eine ganze Zahl von *Aktien* abzurunden.]

[[Im Falle von Schuldverschreibungen, die auf eine einzelne Aktie bezogen sind und einer "Automatischen Vorzeitige Rückzahlung" wird § 5 der Bedingungen durch die Einfügung eines neuen § 5(n)] wie folgt ergänzt:]

[(n) Automatische Vorzeitige Rückzahlung:

Soweit sie nicht zuvor zurückgezahlt oder gekauft und für kraftlos erklärt wurden, werden die *Schuldverschreibungen*, falls **[[Im Falle eines Bewertungstages bei Automatischer Vorzeitiger Rückzahlung gilt Folgendes:]** an einem Bewertungstag bei *Automatischer Vorzeitiger Rückzahlung*] [oder] **[[Im Falle eines Beobachtungszeitraumes gilt Folgendes:]** während eines *Beobachtungszeitraums* ein *Automatisches Vorzeitiges Rückzahlungsereignis*] eintritt, insgesamt, jedoch nicht nur teilweise, **[[Im Falle eines Bewertungstages bei Automatischer Vorzeitiger Rückzahlung gilt Folgendes:]** am *Automatischen Vorzeitigen Rückzahlungstag* unmittelbar nach dem betreffenden *Bewertungstag bei Automatischer Vorzeitiger Rückzahlung*] **[[Im Falle eines Beobachtungszeitraumes gilt Folgendes:]** an dem Tag, der [fünf *Geschäftstage*]**[[anderen Zeitraum einfügen]** nach dem Eintritt des *Automatischen Vorzeitigen Rückzahlungsereignisses* liegt,] in Höhe des maßgeblichen *Automatischen Vorzeitigen Rückzahlungsbetrags* automatisch zurückgezahlt.]

The Issuer shall give notice as soon as practicable to the Noteholders in accordance with Condition 10 of the Conditions if a Settlement Disruption Event has occurred.

(iii) Aggregate Share Amount

The aggregate Share Amount to which a Noteholder may be entitled will be determined on the basis of the separate (for the avoidance of doubt, not aggregate) number of Notes held by the relevant Noteholder. The Issuer shall not be obliged to deliver fractions of a Share but shall be obliged to account for the Fractional Cash Amount of any such fractions to the relevant Noteholder on the Share Delivery Date and each such Share Amount to be delivered shall be rounded down to the next integral number of Shares.]

[[In the case of Notes linked to a single share and "Automatic Early Redemption" Condition 5 of the Conditions shall be amended by the addition of a new Condition 5(n)] as follows:]

[(n) Automatic Early Redemption:

Unless previously redeemed or purchased and cancelled, if on any Automatic Early Redemption Valuation Date **[[In the case of an Observation Period, the following applies:]** or during any Observation Period] the Automatic Early Redemption Event occurs, then the Notes will be automatically redeemed in whole, but not in part, at an amount equal to the relevant Automatic Early Redemption Amount **[[In the case of an Automatic Early Redemption Valuation Date, the following applies:]** on any Automatic Early Redemption Valuation Date] on the Automatic Early Redemption Date immediately following such Automatic Early Redemption Valuation Date] **[[In the case of an Observation Period, the following applies:]** on the date that is [five Business Days] **[specify other period]** following the occurrence of such Automatic Early Redemption Event].]

If the Issuer determines that an FX Market Disruption Event has occurred or is continuing on a Scheduled Valuation Date or on any other date on which any amount is to be determined by reference to the Primary FX Rate, the calculation of any amount which is to be determined by reference to the Primary FX Rate on such Scheduled Valuation Date or on such other date (for the purposes of this General Condition [16(a)], the "Relevant FX Amount") shall be postponed until the next Business Day on which there is no FX Market Disruption Event.

Stellt die *Emittentin* fest, dass an einem *Vorgesehenen Bewertungstag* oder einem anderen Tag, an dem ein Betrag unter Bezug auf den *Primären Devisenkurs* zu bestimmen ist, ein *Nicht-Vorhergesehener Feiertag* eingetreten ist oder andauert, so wird die Berechnung des *Maßgeblichen FX-Betrags* auf den nächsten *Geschäftstag* verschoben, der kein *Nicht-Vorhergesehener Feiertag* ist; eine derartige Verschiebung erfolgt jedoch nicht über einen Zeitraum von [mehreren aufeinander folgenden Kalendertagen (oder über einen anderen Zeitraum wie in den *Endgültigen Bedingungen* als *Maximale Aufschiebfrist* definiert) nach diesem *Vorgesehenen Bewertungstag* bzw. anderen Tag.

**15 OPERATIONAL INFORMATION
INFORMATION ÜBER DIE ABWICKLUNG**

- (i) Intended to be held in a manner which would allow Eurosystem eligibility: [Yes/No]
[Note that the designation "yes" simply means that the Notes are intended upon issue to be deposited with one of the International Central Securities Depositories as common safekeeper and does not necessarily mean that the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria.][include this text if "yes" selected in which case the Notes must be issued in NGN form]
- (i) Es ist beabsichtigt, die Schuldverschreibungen so zu halten, dass sie die Eignung für Eurosystem haben: [Ja/Nein]
[Die Angabe 'Ja' bedeutet, dass die Schuldverschreibungen bei einem internationalen zentralen Verwahrungssystem (International Central Securities Depositories) hinterlegt werden sollen, das

als Common Safekeeper fungiert. Das hat nicht unmittelbar zur Folge, dass die Schuldverschreibungen als eligible Sicherheiten für die monetären Regularien oder die 'intra-day credit Geschäfte' von Eurosystem, weder im Hinblick auf die Emission noch auf spätere Zeitpunkte während der Laufzeit, angesehen werden. Die Schuldverschreibungen werden nur dann als Sicherheiten akzeptiert, wenn sie die Eligibilitätskriterien von Eurosystem erfüllen.]]*[einzufügen, wenn 'Ja' gewählt wird, und die Schuldverschreibungen als NGNs emittiert werden müssen]*

Allerdings wird keine Gewähr dafür übernommen, dass die Kursstabilisierende Stelle (oder eine Person, die im Namen der Kursstabilisierenden Stelle handeln) tatsächlich derartige Stabilisierungsmaßnahmen vornehmen wird. Stabilisierungsmaßnahmen können an oder nach dem Tag beginnen, an dem die Endgültigen Bedingungen für das Angebot der betreffenden Schuldverschreibungen in angemessener Weise (falls es sich um Wandelanleihen (convertible bonds) oder Umtauschanleihen (exchangeable bonds) oder um andere Schuldverschreibungen handelt, die in aktienähnliche Wertpapiere getauscht werden können) oder an dem Bedingungen (in allen übrigen Fällen) für das Angebot der Tranche der Schuldverschreibungen öffentlich bekannt gemacht werden und dürfen jederzeit beendet werden, müssen jedoch spätestens 30 Kalendertage nach dem Tag der Ausgabe der betreffenden Tranche der Schuldverschreibungen oder, sollte dieser Zeitpunkt vor dem vorgenannten Zeitpunkt eintreten, 60 Kalendertage nach der Zuteilung der betreffenden Schuldverschreibungen beendet*

[STABILISATION

In connection with the issue of the Notes, *[insert name of stabilising manager]* (the "Stabilising Manager") (or any person acting on behalf of the Stabilising Manager) may over-allot Notes *[include if Notes being admitted to a regulated market – (provided that the aggregate principal amount of Notes allotted does not exceed 105 per cent. of the aggregate principal amount of this Tranche)]* or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, there is no assurance that the Stabilising Manager (or any person acting on behalf of the Stabilising Manager) will undertake stabilisation action. Any stabilisation action may begin on or after the date on which adequate public disclosure of the final terms (in the case of Notes convertible or exchangeable into shares or into other securities equivalent to shares) or terms (in all other cases) of the offer of the Tranche of Notes is made and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the date of issue of the Tranche of Notes and 60 days after the date of the allotment of the Notes. Allerdings wird keine Gewähr dafür übernommen, dass die Kursstabilisierende Stelle (oder eine Person, die im Namen der Kursstabilisierenden Stelle handeln) tatsächlich derartige Stabilisierungsmaßnahmen vornehmen wird. Stabilisierungsmaßnahmen können an oder nach dem Tag beginnen, an dem die Endgültigen Bedingungen für das Angebot der betreffenden Schuldverschreibungen in angemessener Weise (falls es sich um Wandelanleihen (convertible bonds) oder Umtauschanleihen (exchangeable bonds) oder um andere Schuldverschreibungen handelt, die in Aktien oder aktienähnliche Wertpapiere getauscht werden können) oder an dem Bedingungen (in allen übrigen Fällen) für das Angebot der Tranche der Schuldverschreibungen öffentlich bekannt gemacht werden, und dürfen jederzeit beendet werden, müssen jedoch spätestens 30 Kalendertage nach dem Tag der Ausgabe der betreffenden Tranche der Schuldverschreibungen oder, sollte dieser Zeitpunkt vor dem vorgenannten Zeitpunkt eintreten, 60 Kalendertage nach der Zuteilung der betreffenden Schuldverschreibungen beendet sein. 15 OPERATIONAL INFORMATION
INFORMATION ÜBER DIE ABWICKLUNG

- (i) Intended to be held in a manner which would allow Eurosystem eligibility: [Yes/No]
[Note that the designation "yes" simply means that the Notes are intended upon issue to be deposited with one of the International Central Securities Depositories as common safekeeper and does not necessarily mean that the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria.][include this text if "yes" selected in which case the Notes must be issued in NGN form]
- (i) *Es ist beabsichtigt, die Schuldverschreibungen so zu halten, dass sie die Eignung für Eurosystem haben:* [Ja/Nein]
[Beachten Sie, dass die Angabe 'Ja' einfach bedeutet, dass die Schuldverschreibungen bei einer Internationalen Zentralen Wertpapier-Verwahrstelle (International Central Securities Depository) hinterlegt werden sollen, die als Allgemeine Verwahrstelle (Common Safekeeper) fungiert. Das hat nicht unmittelbar zur Folge, dass die Schuldverschreibungen als geeignete Sicherheiten für die monetären Regularien oder die 'Intra-Day Credit'-Geschäfte von Eurosystem, weder im Hinblick auf die Emission noch auf spätere Zeitpunkte während der Laufzeit, angesehen werden. Die Schuldverschreibungen werden nur dann als Sicherheiten akzeptiert, wenn sie die die

Eignungskriterien von Eurosystem erfüllen.][einzufügen, wenn 'Ja' gewählt wird, und die Schuldverschreibungen als NGNs emittiert werden müssen]
