STRUCTURED SECURITIES PROGRAMME

Barclays Bank PLC (the "**Bank**" or the "**Guarantor**", as the case may be) and Barclays Capital (Cayman) Limited ("**BCCL**") (each in its capacity as an issuer, an "**Issuer**" and together, the "**Issuers**") may from time to time issue notes and other similar instruments ("**Notes**"), certificates ("**Certificates**") and warrants ("**Warrants**" and, together with the Notes and Certificates, the "**Securities**") under the programme described herein (the "**Programme**") denominated in such currencies as may be agreed or as may be otherwise designated by the relevant Issuer at the time of issue and on the terms and conditions (the "**Conditions**") set out in this document applicable to the relevant Securities (hereinafter referred to as the "**Base Prospectus**") (as amended and supplemented from time to time), in the relevant final terms (each set, the "**Final Terms**") and any supplement to the Base Prospectus or other document that may be required to be issued in connection with the listing of any Securities. Securities issued by BCCL will be guaranteed by the Bank.

Each set of Final Terms relating to an issue of Securities will set out certain information with respect to the Securities of the relevant Series, including, where applicable, the denomination of each Note, the aggregate principal amount of the Notes being issued, the currency of the Securities, the designation, the aggregate number and type of Securities, the date of issue, the issue price, the purchase price, the exercise price, the redemption amount, the redemption date or dates (in each case to the extent applicable to the relevant Security) and such other terms applicable to the particular Series of Securities as are specified therein (including any changes to the relevant Conditions set out in this Base Prospectus).

The maximum aggregate nominal amount of all Notes to be issued from time to time outstanding will not exceed £60,000,000,000 (or its equivalent in other currencies). Notes of any series (a "**Series**") will entitle the holder thereof to receive a cash amount from the Issuer calculated in accordance with the relevant Conditions or, in the case of Equity Linked Notes, Equity Basket Notes or Credit Linked Notes (each as defined in the Conditions relating to the Notes (the "**Note Conditions**")) to receive at the option of the Issuer a specified security or securities or a combination of securities and a cash amount (or *vice versa*, as the case may be), all as set out in the Note Conditions. The Issuers may issue Notes in bearer form ("**Bearer Notes**") or in registered form ("**Registered Notes**").

The Issuer may issue Certificates and Warrants of any kind including, but not limited to, Certificates or Warrants relating to a specified index or a basket of indices ("**Index Certificates**" or "**Index Warrants**", as the case may be), a specified share or a basket of shares ("**Share Certificates**" or "**Share Warrants**", as the case may be), a specified debt instrument or a basket of debt instruments ("**Debt Certificates**" or "**Debt Warrants**", as the case may be), a specified currency or a basket of currencies ("**Currency Certificates**" or "**Currency Warrants**", as the case may be), a specified commodity or a basket of commodities ("**Commodity Certificates**" or "**Commodity Warrants**", as the case may be) or a specified fund or a basket of funds ("**Fund Certificates**" or "**Fund Warrants**", as the case may be).

Under the terms of the Programme, each Issuer may issue Protected Equity Linked Securities ("**PELSs**") and Equity Linked Securities ("**ELs**"). Each PELS or ELS will comprise one call Warrant of a single series and one put Warrant of a single series on terms specified in the applicable Final Terms.

This Base Prospectus has been approved by the United Kingdom Financial Services Authority (the "**FSA**"), which is the United Kingdom competent authority (the "**Regulatory Authority**") for the purposes of Directive 2003/71/EC (the "**Prospectus Directive**") and relevant implementing measures in the United Kingdom, as a base prospectus issued in compliance with the Prospectus Directive and relevant implementing measures in the United Kingdom for the purpose of giving information with regard to the issue of Securities under the Programme issued within 12 months following the date of this document. This Base Prospectus is valid for one year from the date hereof.

Applications have been made to admit such Securities to listing on the Official List of the FSA (the "**Official List**") and to trading on the London Stock Exchange plc's (the "**London Stock Exchange**") regulated market. The London Stock Exchange's Regulated Market is a regulated market for the purposes of Directive 2004/39/EC (each such regulated market a "**Regulated Market**"). Application may be made to any other stock exchange for a listing of a particular Series of Securities issued under the Programme (such other stock exchanges, together with the London Stock Exchange, the "**Relevant Stock Exchanges**"). Certain Series of Securities may not be listed on any stock exchange. If any Series of Securities is to be listed, the relevant Final Terms will specify on which exchange(s) such Securities will be listed. References in this Base Prospectus to Securities being "listed" on the London Stock Exchange shall mean that such Securities have been admitted to trading on such exchange's Regulated Market and have been listed on such Relevant Stock Exchange.

Any person (an "**Investor**") intending to acquire or acquiring any securities from any person (an "**Offeror**") should be aware that, in the context of an offer to the public as defined in section 102B of FSMA, the Issuer may be responsible to the Investor for the Base Prospectus under section 90 of FSMA, only if the Issuer has authorised that Offeror to make the offer to the Investor. Each Investor should therefore enquire whether the Offeror is so authorised by the Issuer. If the Offeror is not authorised by the Issuer, the Investor should check with the Offeror whether anyone is responsible for the Base Prospectus for the purposes of section 90 of FSMA in the context of the offer to the public, and, if so, who that person is. If the Investor is in any doubt about whether it can rely on the Base Prospectus and/or who is responsible for its contents, it should take legal advice.

An Investor intending to acquire or acquiring any Securities from an Offeror will do so, and offers and sales of the Securities to an Investor by an Offeror will be made, in accordance with any terms and other arrangements in place between such Offeror and such Investor including as to price, allocations and settlement arrangements. The Issuer will not be a party to any such arrangements with Investors (other than dealers) in connection with the offer or sale of the Securities and, accordingly, this Base Prospectus and any Final Terms will not contain such information and an Investor must obtain such information from the Offeror.

The Notes, the Certificates and Guarantee and, where applicable, the securities or Entitlements (if any) (as defined herein) to be delivered when Notes are redeemed, have not been, and will not be, registered under the US Securities Act of 1933, as amended (the "*Securities Act*"), and Bearer Notes are subject to US tax law requirements. Trading in the Notes has not been approved by the US Commodity Futures Trading Commission under the US Commodity Exchange Act of 1936, as amended (the "*Commodity Exchange Act*"). The Notes may not at any time be offered or sold in the United States or to US persons (as such terms are used in Regulation S under the Securities Act), nor may any US persons at any time trade or maintain a position in such Notes unless the Notes of the relevant Series are registered under the Securities Act or an exemption from the registration requirements of the Securities Act is available. Additionally, Bearer Notes may not be offered, sold or delivered within the United States or its possessions or to US persons (as such terms are used in the US Internal Revenue Code of 1986, as amended (the "*Code*")), and the regulations promulgated thereunder) except in certain transactions permitted by US tax regulations. In certain circumstances, delivering of any Entitlements under the terms of the Certificates will be conditional upon certification as to non-US beneficial ownership.

The Warrants have not been and will not be registered under the Securities Act. Warrants, or interests therein, may not at any time be offered, sold, resold or delivered, directly or indirectly, in the United States or to, or for the account or benefit of, a US person and any offer, sale, resale, trade or delivery made, directly or indirectly, within the United States or to, or for the account or benefit of, a US person will not be recognised. The Warrants create options exercisable by the relevant holder. There is no obligation on the Issuer to pay any amount or deliver any asset to any holder of a Warrant unless the relevant holder duly exercises such Warrant or such Warrants are automatically exercised and an Exercise Notice is duly delivered. The Warrants will be exercisable in the manner set forth herein and in the applicable Final Terms. Upon exercise, the holder of a Warrant will be required to certify (in accordance with the provisions outlined in "*Purchase and Sale*" below) that it is not a US person or exercising such Warrant on behalf of a US person. Warrants may be issued to one or more Managers on a syndicated basis.

Registered Notes of each Series which are sold in an "offshore transaction" within the meaning of Regulation S under the Securities Act will be represented by interests in a global unrestricted certificate (a "*Regulation S Global Note*"), without interest coupons, which will be deposited with, and registered in the name of, a nominee for a common depository of Euroclear Bank S.A./N.V. as operator of the Euroclear Systems ("*Euroclear*"), and Clearstream Banking, société anonyme ("*Clearstream Luxembourg*") on its issue date. Beneficial interests in such global certificates will be shown on, and transfers thereof will be recorded solely through, records maintained by, Euroclear or Clearstream, Luxembourg.

Registered Notes of each Series sold to qualified institutional buyers within the meaning of Rule 144A under the Securities Act (which will at all times be subject to the transfer restrictions set out herein), will initially be represented by a global restricted certificate (each a "*Rule 144A Global Note*") without interest coupons, which will be deposited (1) with a custodian for, and registered in the name of a nominee of, The Depository Trust Company ("*DTC*") or (2) with a common depository on behalf of Clearstream, Luxembourg and Euroclear on its issue date. Beneficial interests in a Rule 144A Global Note will be either (1) shown on, and transfers thereof will be recorded either solely through, records maintained by DTC and its participants or (2) shown on, and transfers thereof will be recorded either solely through, records maintained by Clearstream, Luxembourg and/or Euroclear, as the case may be. Any Notes issued in the United States or to, or for the benefit or account of US persons, will be issued by the Bank.

Certificates eligible for sale in the United States ("*US Certificates*") (i) to qualified institutional buyers ("*QIBs*") pursuant to Rule 144A, any such US Certificates sold in the United States will be represented by a global certificate which will be deposited either: (1) with The Bank of New York, as the New York Agent as custodian for, and in the name of a nominee of, DTC or (2) with a common depository on behalf of Clearstream, Luxembourg and Euroclear (each a "*Rule 144A Global Certificate*") and (ii) any such US Certificates sold outside the United States to non-US persons will be represented by a Regulation S Global Certificate (each a "*Regulation S Global Certificate*") deposited with a common depository on behalf of Clearstream, Luxembourg and Euroclear.

Interests in a Permanent Global Certificate may not be exchanged for interests in a Rule 144A Global Certificate, a Regulation S Global Certificate or a Registered Global Certificate. Interests in a Rule 144A Global Certificate may not be exchanged for interests in a Permanent Global Certificate or a Registered Global Certificate. Interests in a Registered Global Certificate may not be exchanged for interests in a Permanent Global Certificate, a Regulation S Global Certificate or a Rule 144A Global Certificate. Interests in a Regulation S Global Certificate may not be exchanged for interests in a Permanent Global Certificate or a Registered Global Certificate.

Application has been made for publication of quotations for Registered Notes in The PortalSM Market ("*PORTAL*"), a subsidiary of The NASDAQ Stock Market, Inc. and may be made for designation of Registered Notes as "PORTAL Securities", as specified in the relevant Final Terms.

SEE "RISK FACTORS" FOR A DISCUSSION OF CERTAIN INFORMATION THAT SHOULD BE CONSIDERED BY PROSPECTIVE INVESTORS IN SECURITIES. THIS BASE PROSPECTUS DOES NOT DESCRIBE ALL OF THE RISK FACTORS RELATING TO AN INVESTMENT IN AN ISSUE OF SECURITIES, THE FINAL TERMS IN RESPECT OF AN ISSUE OF SECURITIES MAY CONTAIN ADDITIONAL RISK FACTORS IN RESPECT OF SUCH SECURITIES.

Any invitation or inducement to engage in investment activity (within the meaning of section 21 of FSMA) communicated or caused to be communicated in connection with the issue, placement or sale of the Notes may only be made in circumstances in which section 21(1) of the FSMA does not (in the case of BCCL) or would not, if the Issuer were not an authorised person (in the case of the Bank), apply to the Issuer.

US INFORMATION

This Base Prospectus is being submitted on a confidential basis in the United States to a limited number of QIBs for informational use solely in connection with the consideration of the purchase of the Notes represented by a Rule 144A Global Note or Certificates represented by a Rule 144A Global Certificate being offered hereby. Its use for any other purpose in the United States is not authorised. It may not be copied or reproduced in whole or in part nor may it be distributed or any of its contents disclosed to anyone other than the prospective investors to whom it is originally submitted.

Notes represented by a DTC Registered Global Note or Certificates represented by a Rule 144A Global Certificate may be offered or sold within the United States only to QIBs in transactions exempt from registration under the Securities Act. Each US person purchasing US Notes represented by a Rule 144A Global Note or US Certificates represented by a Rule 144A Global Certificate is hereby notified that the offer and sale of any Notes represented by a Rule 144A Global Note or Certificates represented by a Rule 144A Global Certificate to it may be being made in reliance upon the exemption from the registration requirements of the Securities Act provided by Rule 144A under the Securities Act.

Each purchaser or holder of Notes represented by a Rule 144A Global Note or Certificates represented by a Rule 144A Global Certificate or any Notes or Certificates issued in registered form in exchange or substitution therefore will be deemed, by its acceptance or purchase of any such Notes or Certificates, as the case may be, to have made certain representations and agreements intended to restrict the resale or other transfer of such Notes or Certificates, as applicable, as set out in "*Transfer Restrictions for Registered Notes*" and "*Purchase and Sale*" with respect to a Rule 144A Global Note or as set out in "*Notice to Purchasers and Holders of Certificates and Transfer Restrictions*" and "*Purchase and Sale*" with respect to a Rule 144A Global Certificate. Unless otherwise stated, terms used in this paragraph have the meanings given to them in "*Terms and Conditions of the Certificates*".

Notwithstanding any provision herein and the otherwise confidential nature of this Base Prospectus and its contents, and effective from the date of commencement of discussions concerning any of the transactions described or contemplated herein (the "*Transactions*"), each party hereto (and each employee, representative, or other agent of such party) may disclose to any and all persons, without limitation of any

kind, the tax treatment and tax structure of the Transactions and all materials of any kind (including opinions or other tax analyses) that are provided to it relating to such tax treatment and tax structure, except to the extent that any such disclosure could reasonably be expected to cause a Transaction not to be in compliance with securities laws. In addition, no person may disclose the name of or identifying information with respect to any party identified herein or other non-public business or financial information that is unrelated to the tax treatment or tax structure of the Transactions without the prior consent of the applicable Issuer or the Guarantor. For purposes of this paragraph, the tax treatment of the Transactions is the purported or claimed US federal income tax treatment of the Transactions, and the tax structure of the Transactions is any fact that may be relevant to understanding the purported or claimed US federal income tax treatment of the Transactions.

SERVICE OF PROCESS AND ENFORCEMENT OF CIVIL LIABILITIES

BCCL is an exempted company incorporated under the laws of the Cayman Islands. The majority of the officers and directors named herein reside outside the United States and all or a substantial portion of the assets of BCCL and of such officers and directors are located outside the United States. As a result, it may not be possible for investors to effect service of process within the United States upon BCCL or such persons, or to enforce judgments against them obtained in courts inside the United States predicated upon civil liabilities of BCCL or such directors and officers under United States laws, including any judgment predicated upon the civil liability provisions of the securities laws of the United States. The Issuer has been advised by Maples and Calder, its legal adviser in the Cayman Islands, that the United States and the Cayman Islands do not currently have a treaty providing for reciprocal recognition and enforcement of judgments in civil and commercial matters. Although there is no statutory enforcement in the Cayman Islands of judgments obtained in New York or other states in the United States, the courts of the Cayman Islands will recognise and enforce a foreign judgment of a court of competent jurisdiction, based on the principle that a judgment of a competent foreign court imposes upon the judgment debtor an obligation to pay the sum for which judgment has been given, and provided such judgment is final, for a liquidated sum not in respect of taxes or a fine or penalty, and which was not obtained in a manner, and not of a kind the enforcement of which is, contrary to natural justice or the public policy of the Cayman Islands. There is doubt, however, as to whether the Grand Court of the Cayman Islands will (i) recognise or enforce judgments of U.S. courts predicated upon the civil liability provisions of the securities laws of the United States or any state of the United States, or (ii) in original actions brought in the Cayman Islands, impose liabilities predicated upon the civil liability provisions of the securities laws of the United States or any state of the United States, on the grounds that such provisions are penal in nature. The Grand Court of the Cayman Islands may stay proceedings if concurrent proceedings are being brought elsewhere.

The Bank is a company organised under the laws of England and Wales. All of the officers and directors named herein reside outside the United States and all or a substantial portion of the assets of the Bank and of such officers and directors are located outside the United States. As a result, it may not be possible for investors to effect service of process outside England and Wales upon the Bank or such persons, or to enforce judgments against them obtained in courts outside England and Wales predicated upon civil liabilities of the Bank or such directors and officers under laws other than English law, including any judgment predicated upon United States federal securities laws. There is doubt as to the enforceability in England and Wales in original actions or in actions for enforcement of judgments of United States courts of civil liabilities predicated solely upon the federal securities laws of the United States.

SUMMARY OF RISK FACTORS UNDER THE PROGRAMME

There are certain factors that may affect each Issuer's ability to fulfil its obligations under the Securities issued under the Programme. These are set out under "Risk Factors" below, and any decision to invest in Securities should be based on a consideration of the relevant Risk Factors as a whole. Such factors include alterations to business conditions and the general economy, certain credit, market, capital, liquidity, operational, hedging strategy, insurance, legal and tax risks, risks relating to the financial services industry, the impact of strategic decisions taken by the Group, the impact of external factors on the Group and peer group, regulatory compliance risk, the effect of a credit rating reduction, exposure to an underlying asset or basis of reference, factors affecting the value and trading price of Securities, certain considerations regarding interest rate, corporate, market, foreign exchange, time value and/or political risks, as well as other risks arising from fluctuations in the values of the relevant securities (or basket of securities), index (or basket of indices), commodity (or commodity index) or other Reference Item(s) and general risks applicable to the stock market (or markets) and capital markets.

Additional risks in relation to the Securities may include restrictions on transfer of the Securities, options to vary settlement, market disruption, settlement disruption, expenses and taxation, illegality, change of law, potential conflicts of interest of the Issuer and its affiliates which may influence the prices of any underlying equity security, index, debt security, credit, currency exchange rate, commodity, commodity index or other item(s) and could adversely affect the value of the Securities, the risk that the holders of Securities may lose the value of their entire investment or part of it, the risk that the interim value of the Securities may vary with the price and/or level of the Reference Item, the adverse effect on the holders of Securities' investment of termination of certain hedging arrangement in respect of the Securities, limited recourse under a Security to any Reference Item, restrictions or limits on the number, timing and manner in which Securities can be redeemed or exercised (if applicable), the adverse effect of any time lag after redemption, the adverse effect on the holders of Securities' investment of termination of the Securities in the event of unlawfulness or impracticability, possible illiquidity of the Securities in

the secondary market and the adverse effect of exchange rate rises and exchange controls. In addition, the amount paid by the Issuer on redemption of the Notes may be less than the principal amount of the Notes and may in certain circumstances be zero.

RISK FACTORS

Prospective investors should read the entire Base Prospectus (and, where appropriate, any relevant Final Terms). Words and expressions defined elsewhere in this Base Prospectus have the same meanings in this section. Investing in securities involves certain risks.

Each of BCCL and the Bank believes that the factors described below represent the principal risks inherent in investing in Securities issued under the Programme, but additional risks and uncertainties not presently known to either BCCL or the Bank or that BCCL or the Bank currently believes to be immaterial could also have a material impact on its respective business operations or the Securities. Neither BCCL nor the Bank represents that the statements below regarding the risks of holding any Securities are exhaustive. Some of the risks set out below relate to the Securities in general and some may be applicable to or specific to only the Notes, Certificates and/or the Warrants, as the case may be, and are identified accordingly.

An investment in Securities linked to one or more Reference Items may involve a number of risks, some of which are referred to below and are not associated with investment in a conventional debt security. The Final Terms in respect of an issue of Securities may contain additional Risk Factors in respect of such Securities. The amount paid by the Issuer on redemption of the Securities may be less than the principal amount of the Securities and may in certain circumstances be zero.

The inability of BCCL or the Bank to pay Cash Settlement Amounts in respect of Cash Settled Warrants or Cash Settled Certificates or pay the Redemption Amount in respect of Notes or deliver the Entitlement in respect of Physical Delivery Warrants or Physical Delivery Certificates or deliver the Reference Assets or Deliverable Amount in respect of Notes may occur for other reasons than set out below.

Potential investors should ensure that they fully understand all of the risks relating to the relevant Securities prior to making any investment decision. Potential investors should seek independent financial advice prior to investing in Securities. Potential investors should also read the detailed information set out elsewhere in this Base Prospectus (and where appropriate, any relevant Final Terms) and reach their own views prior to making any investment decision.

Prospective investors should note that the risks described below are not the only risks the Bank and/or BCCL face. BCCL and the Bank each have described only those risks relating to its respective operations that it considers to be material. There may be additional risks that BCCL or the Bank currently considers not to be material or of which it is not currently aware, and any of these risks could have the effects set forth above. Prospective investors should consider, among other things, the following:

RISKS RELATING TO THE GROUP

Business Conditions and General Economy

References herein to the "Group" or "Barclays" are to the Bank (acting in various capacities under the Programme, including, but not limited to, Issuer and Guarantor) and its subsidiaries.

The profitability of Barclays businesses could be adversely affected by a worsening of general economic conditions in the United Kingdom, globally or in certain individual markets such as the US or South Africa. Factors such as interest rates, inflation, investor sentiment, the availability and cost of credit, the liquidity of the global financial markets and the level and volatility of equity prices could significantly affect the activity level of customers. For example:

- An economic downturn or significantly higher interest rates could adversely affect the credit quality of Barclays on-balance sheet and off-balance sheet assets by increasing the risk that a greater number of Barclays customers would be unable to meet their obligations.
- A market downturn or worsening of the economy could cause the Group to incur mark to market losses in its trading portfolios.

- A market downturn could reduce the fees Barclays earns for managing assets. For example, a higher level of domestic or foreign interest rates or a downturn in trading markets could affect the flows of assets under management.
- A market downturn would be likely to lead to a decline in the volume of customer transactions that Barclays executes and, therefore, a decline in the income it receives from fees and commissions and interest.

Credit risk

Credit risk is the risk of suffering financial loss, should any of the Group's customers, clients or market counterparties fail to fulfil their contractual obligations to the Group. Credit risk may also arise where the downgrading of an entity's credit rating causes the fair value of the Group's investment in that entity's financial instruments to fall. The credit risk that the Group faces arises mainly from commercial and consumer loans and advances, including credit card lending.

Credit risk may also be manifested as country risk where difficulties may arise in the country in which the exposure is domiciled, thus impeding or reducing the value of the asset, or where the counterparty may be the country itself. Another form of credit risk is settlement risk, which is the possibility that the Group may pay a counterparty – for example, a bank in a foreign exchange transaction – but fail to receive the corresponding settlement in return.

Market risk

Market risk is the risk that the Group's earnings or capital, or its ability to meet business objectives, will be adversely affected by changes in the level or volatility of market rates or prices such as interest rates, credit spreads, commodity prices, equity prices and foreign exchange rates. The main market risk arises from trading activities. The Group is also exposed to interest rate risk in the banking book and market risk in the pension fund.

Operational risk

Operational risk is the risk of direct or indirect losses resulting from human factors, external events, and inadequate or failed internal processes and systems. Operational risks are inherent in Barclays operations and are typical of any large enterprise. Major sources of operational risk include operational process reliability, IT security, outsourcing of operations, dependence on key suppliers, implementation of strategic change, integration of acquisitions, fraud, human error, customer service quality, regulatory compliance, recruitment, training and retention of staff, and social and environmental impacts.

Capital risk

Capital risk is the risk that the Group has insufficient capital resources to:

- Meet minimum regulatory capital requirements in the UK and in other jurisdictions such as the US and South Africa where regulated activities are undertaken. The Group's authority to operate as a bank is dependent upon the maintenance of adequate capital resources.
- Support its strong credit rating. In addition to capital resources, the Group's rating is supported by a diverse portfolio of activities, an increasingly international presence, consistent profit performance, prudent risk management and a focus on value creation. A weaker credit rating would increase the Group's cost of funds.
- Support its growth and strategic options.

Liquidity risk

Liquidity risk is the risk that the Group is unable to meet its obligations when they fall due and to replace funds when they are withdrawn, with consequent failure to repay depositors and fulfil commitments to lend. The risk that it will be unable to do so is inherent in all banking operations and can be impacted by a range of

institution-specific and market-wide events including, but not limited to, credit events, merger and acquisition activity, systemic shocks and natural disasters.

Business risk

Business risk is the risk of adverse outcomes resulting from a weak competitive position or from poor choice of strategy, markets, products, activities or structures. Major potential sources of business risk include revenue volatility due to factors such as macroeconomic conditions, inflexible cost structures, uncompetitive products or pricing and structural inefficiencies.

Insurance risk

Insurance risk is the risk that the Group will have to make higher than anticipated payments to settle claims arising from its long-term and short-term insurance businesses.

Legal risk

The Group is subject to a comprehensive range of legal obligations in all countries in which it operates. As a result, the Group is exposed to many forms of legal risk, which may arise in a number of ways. Primarily:

- the Group's business may not be conducted in accordance with applicable laws around the world;
- contractual obligations may either not be enforceable as intended or may be enforced against the Group in an adverse way;
- the intellectual property of the Group (such as its trade names) may not be adequately protected; and
- the Group may be liable for damages to third parties harmed by the conduct of its business.

The Group faces risk where legal proceedings are brought against it. Regardless of whether such claims have merit, the outcome of legal proceedings is inherently uncertain and could result in financial loss. Defending legal proceedings can be expensive and time-consuming and there is no guarantee that all costs incurred will be recovered even if the Group is successful. Although the Group has processes and controls to manage legal risks, failure to manage these risks could impact the Group adversely, both financially and by reputation.

Tax risk

The Group is subject to the tax laws in all countries in which it operates. A number of double taxation agreements entered between countries also impact on the taxation of the Group. The Group is also subject to European Union tax law. Tax risk is the risk associated with changes in tax law or in the interpretation of tax law. It also includes the risk of changes in tax rates and the risk of failure to comply with procedures required by tax authorities. Failure to manage tax risks could lead to an additional tax charge. It could also lead to a financial penalty for failure to comply with required tax procedures or other aspects of tax law. If, as a result of a particular tax risk materialising, the tax costs associated with particular transactions are greater than anticipated, it could affect the profitability of those transactions.

The Group takes a responsible and transparent approach to the management and control of its tax affairs and related tax risk:

- tax risks are assessed as part of the Group's formal governance processes and are reviewed by the Executive Committee, Group Finance Director and the Board Risk Committee;
- the tax charge is also reviewed by the Board Audit Committee;
- the tax risks of proposed transactions or new areas of business are fully considered before proceeding;
- the Group takes appropriate advice from reputable professional firms;

- the Group employs high-quality tax professionals and provides ongoing technical training;
- the tax professionals understand and work closely with the different areas of the business;
- the Group uses effective, well-documented and controlled processes to ensure compliance with tax disclosure and filing obligations;
- where disputes arise with tax authorities with regard to the interpretation and application of tax law, the Group is committed to addressing the matter promptly and resolving the matter with the tax authority in an open and constructive manner.

Effect of governmental policy and regulation

The Group's businesses and earnings can be affected by the fiscal or other policies and other actions of various governmental and regulatory authorities in the UK, the European Union, the US, South Africa and elsewhere.

Areas where changes could have an impact include:

- the monetary, interest rate and other policies of central banks and regulatory authorities;
- general changes in government or regulatory policy that may significantly influence investor decisions in particular markets in which the Group operates;
- general changes in the regulatory requirements, for example, prudential rules relating to the capital adequacy framework and rules designed to promote financial stability and increase depositor protection;
- changes and rules in competition and pricing environments;
- further developments in the financial reporting environment;
- expropriation, nationalisation, confiscation of assets and changes in legislation relating to foreign ownership; and
- other unfavourable political, military or diplomatic developments producing social instability or legal uncertainty which in turn may affect demand for the Group's products and services.

Regulatory compliance risk

Regulatory compliance risk arises from a failure or inability to comply fully with the laws, regulations or codes applicable specifically to the financial services industry. Non compliance could lead to fines, public reprimands, damage to reputation, enforced suspension of operations or, in extreme cases, withdrawal of authorisations to operate.

Impact of strategic decisions taken by the Group

The Group devotes substantial management and planning resources to the development of strategic plans for organic growth and identification of possible acquisitions, supported by substantial expenditure to generate growth in customer business. If these strategic plans do not deliver as anticipated, the Group's earnings could grow more slowly or decline.

Competition

The global financial services markets in which the Group operates are highly competitive. Innovative competition for corporate, institutional and retail clients and customers comes both from incumbent players and a steady stream of new market entrants. The landscape is expected to remain highly competitive in all areas, which could adversely affect the Group's profitability if the Group fails to retain and attract clients and customers.

Risks relating to BCCL

BCCL was established for the purpose of issuing notes, warrants and buying and selling options. It is the policy of the Directors of BCCL to hedge fully the liabilities of BCCL arising under notes and warrants issued by BCCL. If, for any reason, BCCL's hedging strategy did not prove effective, the operations of BCCL could be materially adversely affected.

RISKS RELATING TO THE SECURITIES

General Considerations

The Securities involve a degree of risk, which may include interest rate, corporate, market, foreign exchange, time value and/or political risks, as well as other risks arising from fluctuations in the values of the relevant securities (or basket of securities), index (or basket of indices), commodity (or commodity index) or other Reference Item(s) which may be specified in the applicable Final Terms, and general risks applicable to the stock market (or markets) and capital markets.

In order to realise a return upon an investment in a Security, an investor must have correctly anticipated the timing and magnitude of an anticipated increase or the absence of a decrease in the value of the relevant Reference Item(s) relative to the Issue Price or purchase price, as the case may be, and must also be correct about when any change will occur. If the value of the Reference Item(s) does not increase, or decreases, as the case may be, before such Security is redeemed or exercised, as the case may be, part or all of the investor's investment in such Security may be lost on such redemption or exercise.

Fluctuations in the value of the relevant index or basket of indices (including the prices of securities included in an Index or basket of Indices) will affect the value of Single Equity Index Notes, Basket of Indices Notes, Index Certificates and Index Warrants. Fluctuations in the price of the relevant equity security or value of the basket of equity securities will affect the value of Equity Linked Notes, Equity Basket Notes, Share Certificates and Share Warrants. Fluctuations in the price or yield of the relevant debt instrument or value of the basket of debt instruments will affect the value of Debt Certificates and Debt Warrants. In all these cases and in the case of Currency Linked Notes, Currency Certificates and Currency Warrants, fluctuations in the value of the currency or currencies in or to which the Securities or the Reference Item are denominated or linked will also affect the value of such Securities. Also, due to the character of the particular markets on which most equity securities or debt instruments are traded, the absence of last sale information and the limited availability of quotations for such equity securities may make it difficult for many investors to obtain timely, accurate data for the price or yield of such equity securities or debt instrument.

Fluctuations in the value of a relevant commodity, Commodity Index or basket of commodities may affect the value of Commodity Linked Notes, Commodity Certificates or Commodity Warrants. An investment in Commodity Linked Notes, Commodity Certificates or Commodity Warrants may bear similar market risks to a direct investment in the relevant commodity(ies) and investors should take advice accordingly.

The Securities may not be a suitable investment for all investors

Each potential investor in the Securities, must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to evaluate the Securities the merits and risks of investing in the relevant Securities and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement and all information contained in the applicable Final Terms;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the relevant Securities and the impact the Securities will have on its overall investment portfolio;

- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the relevant Securities, including Securities, with a Cash Settlement Amount or Redemption Amount payable in one or more currencies, or where the settlement currency is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the relevant Securities, as the case may be, and be familiar with any relevant indices and financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

In addition, an investment in Single Equity Index Notes, Basket of Indices Notes, Index Certificates, or Index Warrants, as the case may be, Equity Linked Notes, Equity Basket Notes, Share Certificates or Share Warrants, as the case may be, Debt Certificates or Debt Warrants, as the case may be, Currency Linked Notes, Currency Certificates or Currency Warrants, as the case may be, Commodity Linked Notes, Commodity Certificates or Commodity Warrants, as the case may be, Fund Certificates or Fund Warrants, as the case may be, or other Notes, Certificates or Warrants, as the case may be, linked to other assets or bases of reference, may entail significant risks not associated with investments in conventional securities such as debt or equity securities, including, but not limited to, the risks set out in "Risks related to the structure of a particular issue of Certificates or Warrants", "Risks related to the structure of a particular issue of Certificates", and "Risks related to the structure of a particular issue of Warrants" set out below.

The Securities are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes, Certificates or Warrants which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the relevant Security will perform under changing conditions, the resulting effects on the value of the relevant Security and the impact this investment will have on the potential investor's overall investment portfolio.

Settlement Risk

Where the Notes provide for physical delivery, the Determination Agent may determine that a Settlement Disruption Event is subsisting. Any such determination may affect the value of the Notes and/or may delay settlement in respect of the Notes. In the case of Physical Delivery Certificates or Physical Delivery Warrants, if a Settlement Disruption Event occurs or exists on the Settlement Date, settlement will be postponed until the next Settlement Business Day on which no Settlement Disruption Event occurs. The relevant Issuer in these circumstances also has the right to pay the Disruption Cash Settlement Price (as defined in the relevant Conditions) in lieu of delivering the Entitlement. Such a determination may have an adverse effect on the value of the relevant Certificates or Warrants, as the case may be.

Certain Factors Affecting the Value and Trading Price of Securities

Generally, Securities offer investment diversification opportunities, but also pose some additional risks with regard to interim value. The interim value of the Securities varies with the price and/or level of the Reference Item and is affected by a number of other factors, including but not limited to:

- (i) the value and volatility of the Reference Item(s);
- (ii) where the Reference Item(s) is/are equity securities, the dividend rate on the Reference Item(s) and the financial results and prospects of the issuer of each Reference Item;
- (iii) in the case of Credit Linked Notes, the creditworthiness of the specified reference entity or entities;

- (iv) market interest rates;
- (v) fluctuations in currency exchange rates;
- (vi) fluctuations in commodities prices;
- (vii) the liquidity of the Securities or any Reference Item(s) in the secondary market;
- (viii) the time remaining to any redemption date or the maturity date; and
- (ix) economic, financial and political events in one or more jurisdictions, including factors affecting capital markets generally and the stock exchange(s) on which any Reference Item or Securities may be traded.

There can be no assurance that a holder of a Security (a "**Securityholder**") will be able to sell any Securities prior to maturity at a price equal to or greater than the market value of the Securities on the Issue Date and such holder may only be able to sell Securities at a discount, which may be substantial, to the Issue Price or the purchase price, as the case may be. The past performance of any Reference Item should not be taken as an indication of the future performance of that Reference Item during the term of any Security.

Before selling Securities or exercising Warrants, holders of such Securities should carefully consider, among other things, (a) the trading price of the relevant Securities, (b) the value and volatility of the Reference Item as specified in the applicable Final Terms, (c) the time remaining to redemption (or expiration in the case of Warrants), (d) in the case of Cash Settled Certificates or Cash Settled Warrants, the probable range of Cash Settlement Amounts, (e) any change(s) in interim interest rates and dividend yields if applicable, (f) any change(s) in currency exchange rates, (g) the depth of the market or liquidity of the Reference Item and (h) any related transaction costs.

Each Issuer may issue several issues of Securities relating to various reference indices, shares, debt instruments, currencies, commodities, funds or other assets or bases of reference which may be specified in the applicable Final Terms. However, no assurance can be given that the relevant Issuer will issue any Securities other than the Securities to which a particular Final Terms relates.

No Claim against any Reference Item

A Note will not represent a claim in respect of any Reference Item and, in the event that the amount paid by the Issuer on redemption of the Notes or Certificates is less than the Principal Amount of the Notes or the purchase price of the Certificates, a holder will not have recourse under a Note or a Certificate, as the case may be, to any Reference Item.

Exchange rate risks and exchange controls

In the case of Cash Settled Certificates or Cash Settled Warrants or the Notes, the Issuer will pay the Cash Settlement Amount in respect of the Certificates or Warrants or the Redemption Amount in respect of the Notes, as the case may be, in the settlement currency specified in the applicable Final Terms. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the settlement currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the settlement currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the settlement currency would decrease (i) the Investor's Currency-equivalent yield on the Securities, (ii) the Investor's Currency-equivalent value of the Cash Settlement Amount in respect of the Certificates or Warrants, as the case may be, or the Redemption Amount in respect of Notes and (iii) the Investor's Currency-equivalent market value of the relevant Securities,.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, the Cash Settlement Amount or Redemption Amount that investors may receive may be less than expected or zero.

Time Lag After Redemption

Unless otherwise specified in the relevant Final Terms, in the case of Notes or Certificates which the Issuer is required to redeem prior to the Maturity Date at the option of the Noteholder or the Certificateholder, there will be a time lag between the time a Noteholder or Certificateholder gives the instruction to redeem and the time the applicable Early Redemption Amount or Cash Settlement Amount, as the case may be, is determined by the Determination Agent or the Calculation Agent, as the case may be. Such time lag could be significantly longer, however, particularly in the case of a delay in the redemption of Notes or Certificates due to there being a limit on the maximum number of Notes redeemable on any one day, following the imposition of any exchange controls or similar regulations affecting the ability to obtain or exchange any relevant currency (or basket of currencies), or following a determination by the Issue and Paying Agent, or the Determination Agent or Calculation Agent, as applicable, that there is any Settlement Disruption Event or that a Disrupted Day has occurred. The applicable Early Redemption Amount or Cash Settlement Amount, as the case may be, may change significantly during any such period, and such movement or movements could decrease the Early Redemption Amount or Cash Settlement Amount, and may result in a Securityholder not realising a return on an investment in the relevant Securities.

Unless otherwise specified in the Final Terms, in the case of any exercise of Warrants, there will be a time lag between the time a Warrantholder gives instructions to exercise and the time the applicable Cash Settlement Amount (in the case of Cash Settled Warrants) relating to such exercise is determined. Any such delay between the time of exercise and the determination of the Cash Settlement Amount will be specified in the applicable Final Terms or the applicable Terms and Conditions. However, such delay could be significantly longer, particularly in the case of a delay in exercise of Warrants arising from any daily maximum exercise limitation, the occurrence of a market disruption event or failure to open when scheduled of an exchange or related exchange (if applicable) or following the imposition of any exchange controls or other similar regulations affecting the ability to obtain or exchange any relevant currency (or basket of currencies) in the case of Currency Warrants. The applicable Cash Settlement Amount may change significantly during any such period, and such movement or movements could decrease the Cash Settlement Amount of the Warrants being exercised and may result in such Cash Settlement Amount being zero.

Hedging

Prospective purchasers intending to purchase Securities to hedge against the market risk associated with investing in a reference index (or basket of indices), share (or basket of shares), debt instrument (or basket of debt instruments), currency (or basket of currencies), commodity (or basket of commodities), fund (or basket of funds) or other asset or basis of reference which may be specified in the applicable Final Terms, should recognise the complexities of utilising Securities in this manner. For example, the value of the Securities, may not exactly correlate with the value of the reference index (or basket of indices), share (or basket of shares), debt instrument (or basket of debt instruments), currency (or basket of currencies), commodity (or basket of commodities), fund (or basket of funds) or other asset or basis which may be specified in the applicable Final Terms. Due to fluctuating supply and demand for the Securities there is no assurance that their value will correlate with movements of the reference index (or basket of indices), share (or basket of shares), debt instrument (or basket of debt instruments), currency (or basket of currencies), commodity (or basket of commodities), fund (or basket of funds) or other asset or basis which may be specified in the applicable Final Terms. For these reasons, among others, it may not be possible to purchase or liquidate securities in a portfolio at the prices used to calculate the value of any relevant index, share, debt security, currency, commodity, fund or basket.

In connection with the offering of the Securities, the Issuer and/or any of its affiliates may enter into one or more hedging transactions with respect to the Reference Item(s) or related derivatives. In connection with such hedging activities or with respect to proprietary or other trading activities by the Issuer and/or any of its affiliates, the Issuer and/or any of its affiliates may enter into transactions in the Reference Item(s) or related

derivatives which may, but are not intended to, affect the market price, liquidity or value of the Securities and which could be deemed to be adverse to the interest of the relevant Securityholders.

Certain Considerations Associated with Securities relating to Shares (or Baskets of Shares)

In the case of Securities relating to a share (or basket of shares), no issuer of such shares will have participated in the preparation of the relevant Final Terms or in establishing the terms of the relevant Securities and none of the BCCL, the Bank or any Manager will make any investigation or enquiry in connection with such offering with respect to any information concerning any such issuer of shares contained in such Final Terms or in the documents from which such information was extracted. Consequently, there can be no assurance that all events occurring prior to the relevant issue date (including events that would affect the accuracy or completeness of the publicly available information described in any relevant Final Terms) that would affect the trading price of the share will have been publicly disclosed. Subsequent disclosure of any such events or the disclosure of or failure to disclose material future events concerning such an issuer of shares could affect the trading price of the share and therefore the trading price of the Securities.

Except as provided in the Warrant Conditions or the terms and conditions relating to the Certificates (the "*Certificate Conditions*") or the Note Conditions in relation to Physical Delivery Certificates or Physical Delivery Warrants or Notes settled by delivery of the relevant Reference Asset, as the case may be, Noteholders, Certificateholders or Warrantholders will not have voting rights or rights to receive dividends or distributions or any other rights with respect to the relevant shares to which such Securities relate.

Certain Additional Risk Factors Associated with Currency Securities

Fluctuations in exchange rates of the relevant currency (or basket of currencies) will affect the value of Currency Linked Notes, Currency Certificates or Currency Warrants. Furthermore, investors who intend to convert gains or losses from the redemption or sale of Currency Certificates or Currency Linked Notes or the exercise of Currency Warrants into their home currency may be affected by fluctuations in exchange rates between their home currency and the relevant currency (or basket of currencies). Currency values may be affected by complex political and economic factors, including governmental action to fix or support the value of a currency (or basket of currencies), regardless of other market forces (see "Exchange rate risks and exchange controls" below). Purchasers of Currency Linked Notes, Currency Certificates or Currency Warrants risk losing their entire investment if exchange rates of the relevant currency (or basket of currencies) do not move in the anticipated direction.

If additional certificates, warrants, securities or options relating to particular non-US currencies or particular currency indices are subsequently issued, the supply of certificates, warrants, securities and options relating to such non-US currencies or currency indices, as applicable, in the market will increase, which could cause the price at which the relevant Securities and such other certificates, warrants, securities and options trade in the secondary market to decline significantly.

Possible Illiquidity of the Secondary Market

There can be no assurance as to how Securities will trade in the secondary market or whether such market will be liquid or illiquid. The number of Securities of any Series may be relatively small, further adversely affecting the liquidity of such Securities. The relevant Issuer may list Securities on the London Stock Exchange or any other exchange as is specified in the applicable Final Terms or may issue Securities which are not listed on any exchange. However, no assurance can be given that any secondary trading market will develop for the Securities. If Securities are not listed or traded on any exchange, pricing information for such Securities may be more difficult to obtain and the liquidity of such Securities may be adversely affected. The fact that Securities are listed will not necessarily lead to greater liquidity.

Certain Notes are also subject to transfer restrictions. See "Terms and Conditions of the Notes — Form, Denomination, Transfer and Title" below.

Termination of the Notes in the Event of Unlawfulness or Impracticability

If the Determination Agent or Calculation Agent determines that the Issuer's or the Guarantor's (where BCCL is the Issuer) performance under the relevant Securities, or any arrangements made to hedge the Issuer's obligations under the relevant Securities, have or shall become unlawful or impracticable in whole or in part for any reason, the relevant Issuer may terminate the Notes or cancel the Certificates or Warrants by paying each holder of such Securities an amount determined by the Determination Agent or the Calculation Agent. Such termination or cancellation may result in an investor not realising a return on an investment in the relevant Securities.

Potential Conflicts of Interest

The relevant Issuer and its affiliates may engage in trading and market-making activities and may hold long or short positions in the relevant Reference Item(s) and other instruments or derivative products based on or related to the relevant Reference Item(s) for their proprietary accounts or for other accounts under their management. The Issuers and their respective affiliates may also issue Securities in respect of the relevant Reference Item(s) which are securities, or issue derivative instruments in respect thereof. To the extent that either of the Issuers, directly or through its affiliates, serves as issuer, agent, manager or underwriter of such securities or other instruments, its interests with respect to such products may be adverse to those of the Securityholders. The Issuers or their affiliates may also act as underwriter in connection with future offerings of securities which comprise the Reference Items or may act as financial advisors to certain Underlying Companies or Reference Entities. Such activities could present certain conflicts of interest, could influence the prices of such Reference Items and could adversely affect the value of the Securities.

Status of the Securities

The Securities are unconditional, unsubordinated and unsecured obligations of the relevant Issuer and will rank equally among themselves and, with the exception of certain obligations given priority by applicable law, will rank *pari passu* with all other present and future outstanding unsecured and unsubordinated obligations of the relevant Issuer. Each issue of Securities by BCCL will be guaranteed by the Bank pursuant to the Guarantee. The Guarantee constitutes a direct, unsecured and general obligation of the Bank and ranks and will rank equally with all other existing and future unsecured obligations of the Bank, including those in respect of deposits, but excluding any debts for the time being preferred by operation of law in bankruptcy or other legal proceeding of a similar nature and any subordinated obligations.

RISKS APPLICABLE TO THE NOTES

General

Where the relevant Issuer is required to redeem the Notes prior to the Maturity Date at the option of the Noteholders an investor should understand the consequences of liquidating any investment in the Notes by redeeming such investment as opposed to selling it. This includes knowing when the Notes are redeemable and how to redeem them.

The relevant Issuer may vary the manner in which a particular series of Notes are redeemed. At its sole and unfettered discretion, it may elect not to pay the relevant Noteholders the Redemption Amount or the Early Redemption Amount, as the case may be, or to deliver or procure delivery of the relevant Underlying Securities or Deliverable Obligations to the relevant Noteholders, as the case may be, and in lieu thereof, deliver or procure the delivery of the relevant Underlying Securities or Deliverable Obligations or make payment of the Redemption Amount or the Early Redemption Amount on the Maturity Date or the Early Redemption Payment Date, as the case may be, to the relevant Noteholders. See "Terms and Conditions of the Notes — Redemption" below.

Some Notes are not principal protected and Noteholders may lose some or a significant part of their principal. Noteholders may lose the value of their entire investment or part of it, as the case may be.

Credit Linked Notes

The occurrence of certain events or circumstances, in each case as specified in the applicable Final Terms, will affect the value of Credit Linked Notes and the Issuer's obligation to pay principal may be replaced by an obligation to pay other amounts calculated by reference to the value of the Reference Obligation(s) and/or to deliver the Reference Obligation(s). The Issuer's obligations in respect of Credit Linked Notes are not dependent on the existence of credit exposure of the relevant Issuer to a Reference Entity and the relevant Issuer need not itself suffer any loss nor provide evidence of any loss as a result of the occurrence of a Credit Event.

Disrupted Days and Disruption Events

Where the Notes are Equity Basket Notes, Equity Linked Notes, Single Equity Index Notes or Basket of Indices Notes, and Disrupted Day is specified as applying in the applicable Final Terms, the Determination Agent may determine that an event giving rise to a Disrupted Day has occurred at any relevant time. Where the Notes are Currency Linked Notes, the Determination Agent may determine that a Disruption Event has occurred at any relevant time. Where the Notes are Commodity Linked Notes, the Determination Agent may determine that a Commodity Market Disruption Event has occurred at any relevant time. Any such determination may have an effect on the timing of valuation and consequently the value of the Notes and/or may delay settlement in respect of the Notes. Prospective purchasers should review the Conditions of the Notes and the applicable Final Terms to ascertain whether and how such provisions apply to the Notes. See "Time Lag After Redemption" above and "Terms and Conditions of the Notes — Rights of the Issuer on a Disrupted Day or Disruption Event" below.

Limitations on Redemption

Other than in respect of Notes which are redeemable prior to the Maturity Date at the option of the Noteholder, the only means by which a Noteholder can realise value from its Notes prior to their Maturity Date is to sell such Notes at their then market price in the secondary market (if available) (see "— Possible Illiquidity of the Secondary Market" above).

If so indicated in the applicable Final Terms, the Issuer will have the option to limit the number of Notes which Noteholders (whether or not acting in concert) may require the Issuer to redeem at any one time to the maximum number specified in those Final Terms (see Condition 9 of the Note Conditions). In the event that the total number of Notes which Noteholders have requested the Issuer to redeem on any date exceeds such maximum number and the Issuer elects to limit the number of Notes redeemable on such date, a Noteholder may not be able to redeem all the Notes that such holder desires to redeem on such date. Notes to be redeemed on such date will be selected on a *pro rata* basis (unless otherwise specified in the applicable Final Terms). Unless otherwise specified in the applicable Final Terms, the Notes in respect of which the Issuer has received requests for redemption from Noteholders but which are not redeemed on such date will be redeemed on the next date on which Notes may be redeemed, subject to the same daily maximum limitation and delayed redemption provisions.

If so indicated in the applicable Final Terms, the number of Notes which a Noteholder may request the Issuer to redeem on any day may be subject to a specified minimum number of Notes and thereafter to specified integral multiples of Notes. Thus, Noteholders with fewer than the specified minimum number of Notes or specified multiples thereof will either have to sell their Notes or purchase additional Notes, incurring transaction costs in each case, in order to realise their investment. Furthermore, holders of such Notes incur the risk that there may be differences between the trading price of such Notes and the Redemption Amount or Early Redemption Amount, as the case may be, or the value of any Reference Item which the Issuer elects to deliver on redemption of such Notes.

Subject to the immediately following paragraph, when the Issuer elects to deliver Underlying Securities, Notes may only be redeemed in such amounts as will ensure that the number of Underlying Securities to be delivered is equal to an integral multiple of the minimum board lot for the trading of the Underlying Securities on the relevant Exchange as from time to time specified by such Exchange (a "**Board Lot**") (see Condition 9.4 of the Note Conditions). Noteholders who request that the Issuer redeem a holding of Notes which would not result in the purchase of a number of Underlying Securities equal to an integral multiple of the relevant Board Lot, will receive the maximum number of Underlying Securities equivalent to the maximum permissible integral multiple of a Board Lot and may be entitled to a payment in lieu thereof at the

option of the Issuer in respect of the remaining Underlying Securities unless any such payment is of a *de minimis* amount, in which case Noteholders shall not receive anything in respect of the remaining Notes. Noteholders will, therefore, either have to sell their Notes or purchase additional Notes, incurring transaction costs in either case, in order to realise their investment.

Restrictions on Transfer

The Notes have not been and will not be registered under the Securities Act and are being offered and sold in the United States only to QIBs in reliance on Rule 144A under the Securities Act. None of the Issuers, the Managers and their respective affiliates, or any other person or entity, has any obligation to register the Notes under the Securities Act or to register or qualify the Notes under any applicable law relating to the offering or sale of securities. Each purchaser of Restricted Notes (as defined herein) within the United States pursuant to Rule 144A, by accepting delivery of this Base Prospectus, will be deemed to have represented, agreed and acknowledged that it is (a) a qualified institutional buyer within the meaning of Rule 144A, (b) acquiring such Restricted Notes for its own account or for the account of a QIB and (c) aware, and each beneficial owner of such Restricted Notes has been advised, that the sale of such Restricted Notes to it is being made in reliance on Rule 144A. Each such purchaser understands that such Restricted Notes have not been and will not be registered under the Securities Act and may not be offered, sold, pledged or otherwise transferred except (a) in accordance with Rule 144A to a person that it and any person acting on its behalf reasonably believes is a QIB purchasing for its own account or for the account of a QIB, (b) in an offshore transaction in accordance with Rule 903 or Rule 904 of Regulation S or (c) pursuant to an exemption from registration under the Securities Act provided by Rule 144 thereunder (if available), in each case in accordance with any applicable securities laws of any State of the United States. No representation can be made as to the availability of the exemption provided by Rule 144 under the Securities Act for resales of the Notes. Each purchaser of Notes sold outside the United States in reliance on Regulation S will be deemed to have represented that (a) it is not a US person and it is located outside the United States (within the meaning of Regulation S) and (b) it is not an affiliate of the Issuer or a person acting on behalf of such an affiliate.

Taxation

Potential purchasers of Notes should be aware that duties and other taxes and/or expenses, including any applicable depositary charges, transaction charges, stamp duty and other charges may be levied in accordance with the laws and practices in the countries where the Notes are transferred and/or where Reference Items are delivered.

The summaries set out under the heading "Taxation" in this document do not consider the tax treatment of payments in respect of variable rate and Notes, the payments on which are determined by reference to the value of any index, stock or other Reference Items ("**Relevant Notes**"). Potential purchasers of Relevant Notes should note that the tax treatment of payments in respect of Relevant Notes may be different (and in some cases significantly different) from that set out in those summaries.

Potential purchasers of Notes should consult their own independent tax advisers. In addition, potential purchasers should be aware that tax regulations and their application by the relevant taxation authorities change from time to time. Accordingly, it is not possible to predict the precise tax treatment which will apply at any given time.

Nominee Arrangements

Where a distributor and/or a nominee service provider is used by an investor to invest in the Notes, such investor will only receive payments and/or deliveries of Reference Assets on the basis of arrangements entered into by the investors with the distributor or nominee service provider as the case may be. Such investors must look exclusively to the distributor or nominee service provider for all payments and/or deliveries attributable to the Notes. None of the Issuer, Guarantor, Manager, Determination Agent or any other person will be responsible for the acts or omissions of the distributor or nominee service provider, nor make any representation or warranty, express or implied, as to the services provided by the distributor or nominee service provider.

RISKS RELATING TO CERTIFICATES

Risks related to the structure of a particular issue of Certificates

A wide range of Certificates may be issued under the Programme. A number of these Certificates may have features which contain particular risks for potential investors. Set out below is a description of the most common such features. Potential investors should also have regard to "Risks related to the structure of a particular issue of Certificates or Warrants" for additional risks which are relevant to Certificates

General risks and risks relating to underlying asset or basis of reference.

The Certificates involve a high degree of risk, which may include, among others, interest rate, foreign exchange, time value and political risks. Prospective purchasers of Certificates should recognise that their Certificates may have no value on redemption. Purchasers should be prepared to sustain a total loss of the purchase price of their Certificates. This risk reflects the nature of a Certificate as an asset which, other factors held constant, tends to decline in value over time and which may become worthless on redemption. See "Certain Factors Affecting the Value and Trading Price of Certificates" below. Prospective purchasers of Certificates should be experienced with respect to options and option transactions, should understand the risks of transactions involving the relevant Certificates and should reach an investment decision only after careful consideration, with their advisers, of the suitability of such Certificates in light of their particular financial circumstances, the information set forth herein and the information regarding the relevant Certificates and the particular reference index (or basket of indices), share (or basket of shares), debt instrument (or basket of debt instruments), currency (or basket of currencies), commodity (or basket of commodities), fund (or basket of funds) or other asset or basis of reference to which the value of the relevant Certificates may relate, as specified in the applicable Final Terms.

The risk of the loss of some or all of the purchase price of a Certificate upon redemption means that, in order to recover and realise a return upon his or her investment, a purchaser of a Certificate must generally be correct about the direction, timing and magnitude of an anticipated change in the value of the relevant index (or basket of indices), share (or basket of shares), debt instrument (or basket of debt instruments), currency (or basket of currencies), commodity (or basket of commodities), fund (or basket of funds) or other asset or basis of reference which may be specified in the applicable Final Terms. Assuming all other factors are held constant, the lower the value of a Certificate and the shorter the remaining term of a Certificate to redemption, the greater the risk that purchasers of such Certificates will lose all or part of their investment. The only means through which a holder can realise value from the Certificate, prior to its Redemption Date in relation to such Certificate is to sell it at its then market price in an available secondary market. See "Possible Illiquidity of the Certificates in the Secondary Market" below.

At any given time, the number of Certificates outstanding may be substantial. Certificates provide opportunities for investment and pose risks to investors as a result of fluctuations in the value of the underlying investment. Options or certificates on shares or debt instruments are priced primarily on the basis of the value of underlying securities whilst Currency and Commodity Certificates are priced primarily on the basis of present and expected values of the reference currency (or basket of currencies) or commodity (or basket of commodities) specified in the applicable Final Terms.

Certain Considerations Associated with Certificates Relating to Funds (or Baskets of Funds)

An investment in Fund Certificates may bear similar market risks to a direct investment in the relevant fund(s) and investors should take advice accordingly.

Risks Related to Certificates Generally

Expenses and Taxation

A holder of Certificates must pay all Expenses relating to such Certificates. As used in the Certificate Conditions, Expenses means all taxes, duties and/or expenses, including any applicable depository charges, transaction charges, stamp duty, stamp duty reserve tax, issue, registration, securities transfer and/or other taxes or duties arising in connection with the redemption of such Certificates and/or delivery or transfer of the Entitlement as more fully set out in Condition 11 of the Certificate Conditions.

The relevant Issuer shall not be liable for or otherwise obliged to pay any tax, duty, withholding or other payment which may arise as a result of the ownership, transfer or enforcement of any Certificate by any person and all payments made by the Issuer shall be made subject to any such tax, duty, withholding or other payment which may be required to be made, paid, withheld or deducted.

Market Disruption Event and Disrupted Day

If an issue of Certificates includes provisions dealing with the occurrence of a market disruption event or a failure to open of an exchange or related exchange on a Valuation Date or an Averaging Date and the Calculation Agent determines that a market disruption event or such failure has occurred or exists on a Valuation Date or an Averaging Date, any consequential postponement of the Valuation Date or Averaging Date or any alternative provisions for valuation provided in any Certificates may have an adverse effect on the value of such Certificates.

Variation of Settlement

If the applicable Final Terms in respect of any Certificates represented by a Permanent Global Certificate or a Registered Global Certificate indicates that the relevant Issuer has an option to vary settlement in respect of such Certificates, the relevant Issuer may, at its sole and absolute discretion, elect (1) not to pay the relevant Holders of the Certificates the Cash Settlement Amount, but to deliver or procure delivery of the Entitlement or (2) not to deliver or procure delivery to the relevant Holders of the Certificates of the Entitlement, but to make payment of the Cash Settlement Amount.

If the Certificates are Physical Delivery Certificates which are represented by a Rule 144A Global Certificate or a Regulation S Global Certificate, unless the applicable Final Terms specifies otherwise, the relevant Issuer shall, in lieu of delivering or procuring the delivery of the Entitlement to the relevant Holders of the Certificates, make payment of the relevant Cash Settlement Amount.

Issuer's Option to Substitute Assets or to pay the Alternate Cash Amount

If the Certificates are represented by a Rule 144A Global Certificate or a Regulation S Global Certificate, the relevant Issuer may, at its sole and absolute discretion, if the Calculation Agent determines that the Relevant Asset(s) comprises shares which are not freely tradable, elect either (i) to substitute a Substitute Asset or Substitute Assets, as the case may be, for the Relevant Asset or Relevant Assets or (ii) not to deliver or procure the delivery of the Entitlement or the Substitute Asset(s) to the relevant Holders of the Certificates, but in lieu thereof to make payment to the relevant Holders of the Certificates on the Redemption Date of the Alternate Cash Amount.

RISKS RELATING TO WARRANTS

Risks related to the structure of a particular issue of Warrants

A wide range of Warrants may be issued under the Programme. A number of these Warrants may have features which contain particular risks for potential investors. Set out below is a description of the most

common such features. Potential investors should also have regard to "Risks related to the structure of a particular issue of Certificates or Warrants" for additional risks which are relevant to Warrants.

General risks relating to underlying asset or basis of reference

The Warrants involve a high degree of risk, which may include, among others, interest rate, foreign exchange, time value and political risks. Prospective purchasers of Warrants should recognise that their Warrants, other than any Warrants having a minimum expiration value, may expire worthless. Purchasers should be prepared to sustain a total loss of the purchase price of their Warrants, except, if so indicated in the Final Terms, to the extent of any minimum expiration value attributable to such Warrants. This risk reflects the nature of a Warrant as an asset which, other factors held constant, tends to decline in value over time and which may become worthless when it expires (except to the extent of any minimum expiration value). See "Certain Factors Affecting the Value and Trading Price of Warrants" below. Prospective purchasers of Warrants should be experienced with respect to options and option transactions, should understand the risks of transactions involving the relevant Warrants and should reach an investment decision only after careful consideration, with their advisers, of the suitability of such Warrants in light of their particular financial circumstances, the information set forth herein and the information regarding the relevant Warrants and the particular index (or basket of indices), currency (or basket of currencies), commodity (or basket of commodities), fund (or basket of funds) or other asset or basis of reference to which the value of the relevant Warrants may relate, as specified in the applicable Final Terms.

The risk of the loss of some or all of the purchase price of a Warrant upon expiration means that, in order to recover and realise a return upon his or her investment, a purchaser of a Warrant must generally be correct about the direction, timing and magnitude of an anticipated change in the value of the relevant index (or basket of indices), currency (or basket of currencies), commodity (or basket of commodities), fund (or basket of funds) or other asset or basis which may be specified in the applicable Final Terms. Assuming all other factors are held constant, the more a Warrant is "out-of-the-money" and the shorter its remaining term to expiration, the greater the risk that purchasers of such Warrants will lose all or part of their investment. With respect to European-style Warrants, the only means through which a holder can realise value from the Warrant prior to the Exercise Date in relation to such Warrant is to sell it at its then market price in an available secondary market. See "Possible Illiquidity of the Warrants in the Secondary Market" below.

Each Issuer may issue several issues of Warrants relating to various reference securities, currencies, commodities, funds or other assets or bases of reference which may be specified in the applicable Final Terms. However, no assurance can be given that the relevant Issuer will issue any Warrants other than the Warrants to which a particular Final Terms relates. At any given time, the number of Warrants outstanding may be substantial. Warrants provide opportunities for investment and pose risks to investors as a result of fluctuations in the value of the underlying investment. In general, certain of the risks associated with the Warrants are similar to those generally applicable to other options or warrants of private corporate issuers. Options or warrants on equities or debt securities are priced primarily on the basis of the value of underlying securities whilst Currency and Commodity Warrants are priced primarily on the basis of present and expected values of the reference currency (or basket of currencies) or commodity (or basket of commodities) specified in the applicable Final Terms.

Certain Factors Affecting the Value and Trading Price of Warrants

The Cash Settlement Amount (in the case of Cash Settled Warrants) or the difference in the value of the Entitlement and the Exercise Price (the Physical Settlement Value) (in the case of Physical Delivery Warrants) at any time prior to expiration is typically expected to be less than the trading price of such Warrants at that time. The difference between the trading price and the Cash Settlement Amount or the Physical Settlement Value, as the case may be, will reflect, among other things, the "time value" of the Warrants. The "time value" of the Warrants will depend partly upon the length of the period remaining to expiration and expectations concerning the value of the reference index (or basket of indices), currency (or basket of currencies), commodity (or basket of commodities), fund (or basket of funds) or other asset or basis of reference as specified in the applicable Final Terms. Warrants offer hedging and investment diversification opportunities but also pose some additional risks with regard to interim value. The interim value of the Warrants varies with the price level of the index (or basket of indices), currency (or basket of currencies), commodity (or basket of commodities), fund (or basket of funds) or other asset or basis of reference as

specified in the applicable Final Terms, as well as by a number of other interrelated factors, including those specified herein.

Certain Considerations Associated with Warrants Relating to Funds (or Baskets of Funds)

An investment in Fund Warrants may bear similar market risks to a direct investment in the relevant fund(s) and investors should take advice accordingly.

Protected Equity Linked Securities and Equity Linked Securities

Investors who exercise Warrants comprising a PEELS on a Lock-In Date or the Final Exercise Date will receive a minimum return equal to either (i) the Issue Price paid on the Issue Date or, (ii) if the value of the PEELS on a Lock-In Date or the Final Exercise Date, as applicable, is higher than the Issue Price, such higher amount. This capital protection in respect of the original investment only covers investors who purchase PEELS on the Issue Date and hold and exercise them on a Lock-In Date or the Final Exercise Date.

Investors who sell their Linked Securities prior to a Lock-In Date or the Final Exercise Date will get the market price at the time of sale, which may be more or less than the Issue Price.

The information on taxation contained in this Base Prospectus is based on the law and practice currently in force in the UK and is subject to any changes therein. The effect of the current taxation regimes in the UK may vary depending upon the individual circumstances of an investor. The levels and bases of, and reliefs from, taxation can change. The Issuer cannot give any assurance as to the actual tax treatment of the Linked Securities, and the component Warrant, or of a particular investor as a result of the purchase, holding, sale or exercise of a Linked Security or a component Warrant. All payments by the Issuer in respect of a linked Security or a component Warrant will be made subject to any withholding taxes and the Issuer will not be obliged to pay any additional amount as a result.

It is anticipated that an affiliate of the Issuer will be the only market maker for Linked Securities or their component Warrants. Investors should note that there may be no market for the Linked Securities or their component Warrants, if such entity ceases to be a market maker in respect of the Linked Securities or their component Warrants. This may seriously affect an investor's ability to sell and/or the price obtained.

Risks related to Warrants generally

Exercise Expenses and Taxation

A holder of Warrants must pay all Exercise Expenses relating to the Warrants. As used in the Warrant Conditions, "Exercise Expenses" includes all taxes, duties and/or expenses, including any applicable depository charges, transaction or exercise charges, stamp duty, stamp duty reserve tax, issue, registration, securities transfer and/or other taxes or duties arising from the exercise of the Warrants and/or the delivery or transfer of the Entitlement as more fully set out in Condition 6 of the Warrant Conditions.

The relevant Issuer is not liable for or otherwise obliged to pay any tax, duty, withholding or other payment which may arise as a result of the ownership, transfer, exercise or enforcement of any Warrant and all payments made by the Issuer will be made subject to any such tax, duty, withholding or other payment which may be required to be made, paid withheld or deducted.

Market Disruption Event and Disrupted Day

If an issue of Warrants includes provisions dealing with the occurrence of a market disruption event or a failure to open of an exchange or related exchange on a Valuation Date or an Averaging Date and the Calculation Agent determines that a market disruption event or such failure has occurred or exists on a Valuation Date or an Averaging Date, any consequential postponement of the Valuation Date or Averaging Date or any alternative provisions for valuation provided in any Warrants may have an adverse effect on the value of such Warrants..

Limitations on Exercise

If so indicated in the Final Terms, the relevant Issuer will have the option to limit the number of Warrants exercisable on any date (other than the final exercise date) to the maximum number specified in the Final Terms and, in conjunction with such limitation, to limit the number of Warrants exercisable by any person or group of persons (whether or not acting in concert) on such date. In the event that the total number of Warrants being exercised on any date (other than the final exercise date) exceeds such maximum number and the Issuer elects to limit the number of Warrants exercisable on such date, a Warrantholder may not be able to exercise on such date all Warrants that such holder desires to exercise. In any such case, the number of Warrants to be exercised on such date will be reduced until the total number of Warrants exercised on such date no longer exceeds such maximum, such Warrants being selected at the discretion of the Issuer or in any other manner specified in the applicable Final Terms. Unless otherwise specified in the Final Terms, the Warrants tendered for exercise but not exercised on such date will be automatically exercised on the next date on which Warrants may be exercised, subject to the same daily maximum limitation and delayed exercise provisions.

Minimum Exercise Amount and Units

If so indicated in the Final Terms, a Warrantholder must tender a specified number of Warrants at any one time in order to exercise or exercise Warrants in Units. Thus, Warrantholders with fewer than the specified minimum number of Warrants or the number of Warrants constituting a Unit will either have to sell their Warrants or purchase additional Warrants, incurring transaction costs in each case, in order to realise their investment. Furthermore, holders of such Warrants incur the risk that there may be differences between the trading price of such Warrants and the Cash Settlement Amount (in the case of Cash Settled Warrants) or the Physical Settlement Value (in the case of Physical Delivery Warrants) of such Warrants.

Option to Vary Settlement

If the applicable Final Terms in respect of any Warrants indicates that the relevant Issuer has an option to vary settlement in respect of such Warrants, the Issuer may, at its sole and unfettered discretion, elect (i) not to pay the relevant Warrantholders the Cash Settlement Amount, but to deliver or procure delivery of the Entitlement or (ii) not to deliver or procure delivery of the Entitlement, but to make payment of the Cash Settlement Amount on the Settlement Date to the relevant Warrantholders.

Recent developments

On 16 April 2007, Barclays announced the sale of Barclays Global Investors Japan Trust & Banking Co., Ltd, a Japanese trust administration and custody operation. The sale was completed on 31 January 2008.

On 5 October 2007, Barclays announced that as at 4 October 2007 not all of the conditions relating to its offer for ABN AMRO Holding N.V. were fulfilled and as a result Barclays was withdrawing its offer with immediate effect. Barclays also announced that it was restarting the Barclays PLC share buy-back programme to minimise the dilutive effect of the issuance of shares to China Development Bank and Temasek Holdings (Private) Limited on existing Barclays PLC shareholders. This programme was intended to run until 31 December 2007, but was subsequently extended to 31 January 2008.

On 7 February 2008, Barclays announced the purchase of Discover's UK credit card business for a consideration of approximately £35m. The consideration is subject to an adjustment mechanism based on the net asset value of the business at completion. Completion is subject to various conditions, including competition clearance, and is expected to occur during the first half of 2008.

On 3 March 2008, Barclays entered into an agreement with Petropavlousk Finance (limited liability society) to acquire 100% of the Russian Bank, Expobank, for a consideration of approximately \$745m (£373m). The transaction is expected to close in summer 2008 after receipt of appropriate regulatory approvals. Expobank focuses principally on Western Russia, with a substantial presence in Moscow and St Petersburg. Founded in 1994 it has grown rapidly and comprises a blend of retail and commercial banking, operating 32 branches and dealing with a range of corporate and wholesale clients. As at 31 December 2007, Expobank had net assets of \$186m (£93m).

Competition and regulatory matters

The scale of regulatory change remains challenging, arising in part from the implementation of some key European Union ("**EU**") directives. Many changes to financial services legislation and regulation have come into force in recent years and further changes will take place in the near future. Concurrently, there is continuing political and regulatory scrutiny of the operation of the retail banking and consumer credit industries in the UK and elsewhere. The nature and impact of future changes in policies and regulatory action are not predictable and beyond the Group's control but could have an impact on the Group's businesses and earnings. In June 2005 an inquiry into retail banking in all of the then 25 Member States was launched by the European Commission's Directorate General for Competition. The inquiry looked at retail banking in Europe generally. In January 2007 the European Commission announced that the inquiry had identified barriers to competition in certain areas of retail banking, payment cards and payment systems in the EU. The Commission indicated it will use its powers to address these barriers, and will encourage national competition authorities to enforce European and national competition laws where appropriate. Any action taken by the Commission and national competition authorities could have an impact on the payment cards and payment systems businesses of Barclays and on its retail banking activities in the EU countries in which it operates.

In September 2005 the UK Office of Fair Trading ("**OFT**") received a super-complaint from the Citizens Advice Bureau relating to payment protection insurance ("**PPI**"). As a result, the OFT commenced a market study on PPI in April 2006. In October 2006, the OFT announced the outcome of the market study and, following a period of consultation, the OFT referred the PPI market to the UK Competition Commission for an in-depth inquiry in February 2007. This inquiry could last for up to two years. Also in October 2006, the UK Financial Services Authority ("**FSA**") published the outcome of its broad industry thematic review of PPI sales practices in which it concluded that some firms fail to treat customers fairly. Barclays has cooperated fully with these investigations and will continue to do so.

In April 2006, the OFT commenced a review of the undertakings given following the conclusion of the Competition Commission inquiry in 2002 into the supply of banking services to small and medium enterprises. Based on the OFT's report, the Competition Commission issued its final decision on 21st December 2007 and decided to release the UK's four largest clearing banks (including Barclays) from most of the transitional undertakings given by them in 2002.

The OFT has carried out investigations into Visa and MasterCard credit card interchange rates. The decision by the OFT in the MasterCard interchange case was set aside by the Competition Appeals Tribunal in June 2006. The OFT's investigation in the Visa interchange case is at an earlier stage and a second MasterCard interchange case is ongoing. The outcome is not known but these investigations may have an impact on the consumer credit industry in general and therefore on Barclays business in this sector. In February 2007 the OFT announced that it was expanding its investigation into interchange rates to include debit cards.

In April 2007, the UK consumer interest association known as Which? submitted a super-complaint to the OFT pursuant to the Enterprise Act 2002. The super-complaint criticises the various ways in which credit card companies calculate interest charges on credit card accounts. In June 2007, the OFT announced a new programme of work with the credit card industry and consumer bodies in order to make the costs of credit cards easier for consumers to understand. This OFT decision follows the receipt by the OFT of the super-complaint from Which? This new work will explore the issues surrounding the costs of credit for credit cards including purchases, cash advances, introductory offers and payment allocation. The OFT's programme of work is expected to take six months.

On 11 February 2008, the OFT announced its recommendations, which include the introduction of an FSA price comparison website, improvements to customer information in summary boxes and the use of standard terminology.

In September 2006, the OFT announced that it had decided to undertake a fact find on the application of its statement on credit card fees made in April 2006 to current account unauthorised overdraft fees. The fact find was completed in March 2007. On 29 March 2007, the OFT announced its decision to conduct a formal investigation into the fairness of bank current account charges. The OFT announced a market study into personal current accounts ("*PCAs*") in the UK on 26 April 2007. The market study will look at: (i) whether the provision of 'free if in credit' *PCAs* delivers sufficiently high levels of transparency and value for customers; (ii) the implications for competition and consumers if there were to be a shift away from 'free if in credit' *PCAs*; (iii) the fairness and impact on consumers generally of the incidence, level and consequences of account charges; and (iv) what steps could be taken to improve customers' ability to secure better value for money, in particular to help customers make more informed current account choices and drive competition. The study will focus on *PCAs* but will include an examination of other retail banking products, in particular savings accounts, credit cards, personal loans and mortgages in order to take into account the competitive dynamics of UK retail banking. The OFT will publish its interim findings after the test case (see below).

In July 2007, the OFT commenced a test case in the High Court by agreement with Barclays and seven other financial institutions in which the parties seek declarations on two legal issues arising from the banks' terms and conditions relating to overdraft charges. The test case does not encompass claims from local, medium or larger business customers. The proceedings will run in parallel with the ongoing OFT dual inquiry into unauthorised overdraft charges and *PCAs*.

In January 2007, the FSA issued a statement of good practice relating to mortgage exit administration fees. Barclays agreed to charge the fee applicable at the time the customer took out the mortgage, which was one of the options recommended by the FSA.

US laws and regulations require compliance with US economic sanctions, administered by the Office of Foreign Assets Control, against designated foreign countries, nationals and others. HM Treasury regulations similarly require compliance with sanctions adopted by the UK government. Barclays has been conducting an internal review of its conduct with respect to US dollar payments involving countries, persons or entities subject to these sanctions and has been reporting to governmental agencies about the results of that review. Barclays received inquiries relating to these sanctions and certain US dollar payments processed by its New York branch from the New York County District Attorney's Office and the US Department of Justice, which, along with other authorities, has been reported to be conducting investigations of sanctions compliance by non-US financial institutions. Barclays has responded to those inquiries and is cooperating with regulators, the Department of Justice and the District Attorney's Office in connection with their investigations of Barclays conduct with respect to sanctions compliance. Barclays has also been keeping the FSA informed of the progress of these investigations and Barclays internal review. Barclays review is ongoing. It is currently not possible to predict the ultimate resolution of the issues covered by Barclays review and the investigations, including the timing and potential financial effect of any resolution, which could be substantial.

NOTES

The information in the following section of the Base Prospectus on pages 39 to 128 relates only to Notes and does not relate to Certificates or Warrants issued under the Programme.

FORM OF THE NOTES

The Notes of each Series will be in either bearer form, with or without interest coupons attached ("***Bearer Notes***"), or registered form, without interest coupons attached ("***Registered Notes***").

Bearer Notes

Each Series of Bearer Notes will be initially issued in the form of a temporary bearer global note (a "***Temporary Bearer Global Note***") which will be delivered on or prior to the original issue date of the Series either;

- (a) if the Temporary Global Note is intended to be issued in New Global Note ("***NGN***") form, as stated in the applicable Final Terms, with a common safekeeper (the "***Common Safekeeper***") for Euroclear Bank S.A./N.V. as operator of the Euroclear System ("***Euroclear***") and Clearstream Banking, société anonyme ("***Clearstream, Luxembourg***");
- (b) if the Temporary Global Note is not intended to be issued in NGN form, to a common depositary (the "***Common Depositary***") (and together with the Common Safekeeper, a "***Bearer Note Depositary***") for Euroclear and Clearstream, Luxembourg.

Whilst any Bearer Note is represented by a Temporary Bearer Global Note, payments of principal, interest (if any) and any other amount payable in respect of the Notes due prior to the Exchange Date (as defined below) will be made (against presentation outside the United States of the Temporary Bearer Global Note where not issued in NGN form) only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in such Bearer Note are not United States persons or persons who have purchased for resale directly or indirectly to any United States person or to a person within the United States, as required by US Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Issue and Paying Agent.

On and after the date (the "***Exchange Date***") which is 40 days after a Temporary Bearer Global Note is issued, interests in such Temporary Bearer Global Note will be exchangeable (free of charge) upon a request as described therein for interests in a permanent bearer global note (a "***Permanent Bearer Global Note***") of the same Series against certification of beneficial ownership as described above unless such certification has already been given. The holder of a Temporary Bearer Global Note will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Bearer Global Note for an interest in a Permanent Bearer Global Note is improperly withheld or refused.

Payments of principal, interest (if any) or any other amounts on a Permanent Bearer Global Note will be made through Euroclear and/or Clearstream, Luxembourg without any requirement for certification. Payments in the case of Permanent Global Notes not in NGN form will be made against presentation or surrender (as the case may be) outside the United States of the Permanent Bearer Global Note.

A Permanent Bearer Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Notes with, where applicable, receipts, interest coupons and talons attached only upon the occurrence of an Exchange Event. For these purposes, "***Exchange Event***" means that (i) an Event of Default (as defined in Condition 24) has occurred and is continuing, or (ii) the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system is available. The relevant Issuer will promptly give notice to Noteholders in accordance with Condition 16 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg, as applicable, (acting on the instructions of any holder of an interest in such Permanent Bearer Global Notes) may give notice to the Issue and Paying Agent requesting exchange. Any such exchange shall occur not later than 45 days after the date of receipt of the first relevant notice by the Issue and Paying Agent.

The following legend will appear on each Bearer Note (other than each Temporary Bearer Global Note) that has an original maturity of more than 182 days and on all interest coupons and talons relating to such Note:

"ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE. "

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Bearer Notes or interest coupons and will not be entitled to capital gains treatment of any gain on any sale, disposition, redemption or payment of principal in respect of such Notes or interest coupons.

Notes that are represented by a Bearer Global Note will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be.

Registered Notes

Registered Notes of each Series which are sold in an "offshore transaction" within the meaning of Regulation S under the Securities Act ("*Unrestricted Notes*") will be represented by interests in a Regulation S Global Note, without interest coupons, deposited with, and registered in the name of, a nominee for a Common Depository of Euroclear and Clearstream, Luxembourg on its issue date.

Registered Notes of such Series resold pursuant to Rule 144A ("*Restricted Notes*") will be represented by a Rule 144A Global Note, without interest coupons, deposited with either (i) a custodian for, and registered in the name of a nominee of, The Depository Trust Company ("*DTC*") or (ii) a common depository on behalf of Euroclear or Clearstream, Luxembourg on its issue date.

Payments of principal, interest and any other amount in respect of a Regulation S Global Note or DTC Restricted Note (together, the "*Registered Global Notes*") will, in the absence of provision to the contrary, be made to the person shown on the Register (as defined in Condition 25) as the registered holder of the Registered Global Notes. None of the Issuer, any Paying Agent or the Registrar will have any responsibility or liability for any aspect of the records relating to or payments or deliveries made on account of beneficial ownership interests in the Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

A Registered Note will be exchangeable (free of charge), in whole but not in part, for definitive Notes only upon the occurrence of an Exchange Event. The relevant Issuer will give notice promptly to Noteholders in accordance with Condition 16 if an Exchange Event occurs.

General

Pursuant to the Master Agency Agreement (as defined under "Terms and Conditions of the Notes" below), the Issue and Paying Agent shall arrange that, where a further Tranche of Notes is issued in accordance with Condition 21 that is intended to form a single Series with an existing Tranche of Notes, the Notes of such further Tranche shall be assigned a common code, ISIN and CUSIP that are different from the common code, ISIN and CUSIP assigned to Notes of any other Tranche of the same Series until at least the expiry of the Distribution Compliance Period (defined in "Terms and Conditions of the Notes") applicable to the Notes of such Tranche.

For so long as any of the Notes is represented by a Global Note held on behalf of Euroclear and/or Clearstream, Luxembourg and/or DTC each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or of Clearstream, Luxembourg as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the nominal amount of such Notes standing to the account of any person shall be conclusive and binding, for all purposes save in the case of manifest error) or, as the case may be, DTC or its nominee (in which regard any certificate or other documented issued by DTC as to the nominal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer and its agents as the holder of such nominal amount of such Notes for all purposes other than with respect to the payment of principal or interest on such nominal amount of such Notes, for which purpose the bearer of the relevant Bearer Global Note or the registered holder of the relevant Registered Global Note shall be treated by the Issuer and its agents as the holder of such nominal amount of such Notes in accordance with and subject to the

terms of the relevant Global Note and the expressions "**Noteholder**" and "**holder of Notes**" and related expressions shall be construed accordingly.

Any reference herein to Euroclear and/or Clearstream, Luxembourg and/or DTC shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms.

A Note may be accelerated by the holder thereof in certain circumstances described in Condition 24. In such circumstances, where any Note is represented by a Global Note and the Global Note (or any part thereof) has become due and repayable in accordance with the terms and conditions of such Notes and payment in full of the amount due has not been made in accordance with the provisions of the Global Note, then holders of interests in such Global Note credited to their accounts with Euroclear and/or Clearstream, Luxembourg and/or DTC, as the case may be, will become entitled to proceed directly against the Issuer on the basis of statements of account provided by Euroclear, Clearstream, Luxembourg and DTC on and subject to the terms of a deed of covenant (the "**Deed of Covenant**") dated on or about 28 March 2008 and executed by the Issuer.

TERMS AND CONDITIONS OF THE NOTES

The following are the terms and conditions of the Notes which (subject to completion and amendment) will be incorporated into each Global Note and each Note issued in definitive form, as the case may be. The applicable Final Terms in relation to any Series of Notes may specify other terms and conditions which shall, to the extent so specified or to the extent inconsistent with the following terms and conditions, replace or modify the following terms and condition, for the purposes of such Notes and will be incorporated accordingly into the relevant Global Note(s) or definitive Note.

The Notes may be Fixed Rate Notes, Floating Rate Notes or Zero Coupon Notes, or a combination of the foregoing depending on the Interest Basis specified in the applicable supplement.

The Notes may be Equity Linked Notes, Equity Basket Notes, Single Equity Index Notes, Basket of Indices Notes, Currency Linked Notes, Credit Linked Notes, Commodity Linked Notes or Non-Standard Notes, or a combination of the foregoing, depending on the Type of Note specified in the applicable Final Terms.

Although many of the Conditions contained in this Base Prospectus are applicable to all of the types of Notes that may be issued by the Issuers under the Programme, due to the diverse nature and characteristics of the different types of Notes, some of the Conditions will not be applicable, whether in whole or in part, to certain types of Notes. The application of any Condition to a particular type of Note may be altered and the relevant Final Terms may specify additional terms and conditions which apply to the relevant Notes. References to the "**Issuer**" in these Conditions are to the Issuer of the relevant series of Notes as specified on the face of the relevant Notes.

1. FORM, DENOMINATION, TITLE AND TRANSFER

1.1 Form

The Notes will be issued in bearer form or in registered form as specified in the applicable Final Terms and, in the case of definitive Notes, serially numbered. Notes in bearer form may not be exchanged for Notes in registered form and *vice versa*.

Notes in definitive form will not be issued unless otherwise specified in the applicable Final Terms, which will contain the terms and conditions to be set out on each Note.

If a Global Note is lost, stolen or destroyed, it shall, upon satisfactory evidence of, and indemnity for, such loss, theft or destruction being given to the Issuer and the Paying Agents, become void, and a duly executed replacement Global Note will be delivered by the Issuer to the Common Depository or nominee, as the case may be, of the Relevant Clearing System.

The Notes in bearer form (other than each temporary Global Note) that have an original maturity of more than 182 days will bear the legend as specified in "Form of the Notes - Bearer Notes".

1.2 Denomination

The aggregate principal amount, currency and denomination of the Notes of any Series will be specified in the applicable Final Terms.

1.3 Title

The Issuer shall (except as otherwise required by law) deem and treat the bearer of any Note in bearer form or coupon and the registered holder of any Registered Note as the absolute owner thereof for all purposes but, in the case of any Global Note, without prejudice to the provisions set out below.

For so long as any of the Notes are represented by a Global Note held on behalf of a common depository for, or registered in the name of a nominee of, Euroclear and/or Clearstream, Luxembourg and/or registered in the name of a nominee of DTC, each person (other than Euroclear or Clearstream, Luxembourg or DTC) who is for the time being shown in the records of Euroclear or of Clearstream,

Luxembourg or of DTC as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg or DTC as to the nominal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer and the Agents as the holder of such nominal amount of such Notes for all purposes other than with respect to the payment of principal or interest on such nominal amount of such Notes, for which purpose the bearer of the relevant Global Note in bearer form or the registered holder of the relevant Global Note in registered form shall be treated by the Issuer and any Agent as the holder of such nominal amount of such Notes in accordance with and subject to the terms of the relevant Global Note and the expressions "**Noteholder**" and "**holder of Notes**" and related expressions shall be construed accordingly.

Notes that are represented by a Global Note will be transferable only in accordance with the rules and procedures for the time being of Euroclear and/or Clearstream, Luxembourg or DTC, as the case may be. References to Euroclear and/or Clearstream, Luxembourg and/or DTC shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms.

The Noteholders, determined as aforesaid, shall be treated for all purposes by the Issuer, the Guarantor (where BCCL is the Issuer), the Paying Agents, the Relevant Clearing System and all other persons dealing with such Noteholders as the absolute holders and owners of their respective Notes and no person shall be held liable for so treating such persons.

In the event that (i) payment of any Redemption Amount, Early Redemption Amount or other amount due and payable by the Issuer (as the case may be) or delivery of the Underlying Securities or the Deliverable Amount (as the case may be) has not occurred within 40 Business Days commencing on the Maturity Date or the Early Redemption Payment Date (as the case may be) or, where the Underlying Securities or the Deliverable Amount are to be delivered, the Security Delivery Date or (ii) Euroclear or Clearstream, Luxembourg or DTC (if the Notes of the relevant series are held in any such Clearing System) is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention to cease business permanently, then the Global Note shall become void at 8:00 pm (London time) on such fortieth Business Day or fourteenth day or upon such cessation, as the case may be, and the Noteholders shall have no more rights under the Global Note except pursuant to the Deed of Covenant by virtue of which the Noteholders will have certain direct rights against the relevant Issuer.

1.4 Transfer of Notes in bearer form

Subject as set out above, title to the Notes in bearer form and coupons will pass by delivery.

1.5 Transfers of Registered Notes

(a) *Transfers of interests in Registered Global Notes*

Transfers of beneficial interests in Global Notes in registered form ("**Registered Global Notes**") will be effected by Euroclear or Clearstream, Luxembourg or DTC, as the case may be and, in turn, by other participants and, if appropriate, by indirect participants in such clearing systems acting on behalf of beneficial transferors and transferees of such interests. A beneficial interest in a Registered Global Note will, subject to compliance with all applicable legal and regulatory restrictions, be exchangeable for a beneficial interest in another Registered Global Note only in the authorised denominations set out in the applicable Final Terms and only in accordance with the rules and operating procedures for the time being of Euroclear or Clearstream, Luxembourg or DTC, as the case may be, and in accordance with the terms and conditions specified in the Master Agency Agreement.

(b) *Notes in definitive registered form*

Upon the terms and subject to the conditions set forth in the Master Agency Agreement, Notes in registered form represented by definitive certificates (which will be issued only following an Exchange Event) "**certificates**" may be transferred in whole or in part in the authorised denominations set out in the applicable Final Terms. In order to effect any such transfer (i) the

holder or holders must (A) surrender the certificates for registration of the transfer of the holding of Notes represented by such certificates (or the relevant part thereof) at the specified office of the Registrar or any Transfer Agent, with the form of transfer thereon duly executed by the holder or holders thereof or his or their attorney or attorneys duly authorised in writing and (B) complete and deposit such other certifications as may be required by the Registrar or, as the case may be, the relevant Transfer Agent and (ii) the Registrar or, as the case may be, the relevant Transfer Agent must, after due and careful enquiry, be satisfied with the documents of title and the identity of the person making the request. Any such transfer will be subject to such reasonable regulations as the Issuer and the Registrar may from time to time prescribe.

Subject as provided above, the Registrar or, as the case may be, the relevant Transfer Agent will, within three business days (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar or, as the case may be, the relevant Transfer Agent is located) of the request (or such longer period as may be required to comply with any applicable fiscal or other laws or regulations), authenticate and deliver, or procure the authentication and delivery of, at its specified office to the transferee or (at the risk of the transferee) send by uninsured mail to such address as the transferee may request, a new certificate of a like aggregate nominal amount of the Notes represented by such certificate (or the relevant part thereof) transferred.

In the case of the transfer of part only of a holding of Notes represented by a single certificate, a new certificate in respect of the balance of the part not transferred will be so authenticated and delivered or (at the risk of the transferor) sent to the transferor.

Upon the transfer, exchange or replacement of Notes represented by a certificate, or upon specific request for removal of any legend thereon, the Registrar shall deliver only certificates or refuse to remove such legend, as the case may be, unless there is delivered to the Registrar or the Issuer such certifications, legal opinions and other information as the Registrar or the Issuer may reasonably require to confirm that neither the legend nor the restrictions on transfer set forth therein are required to ensure compliance with the Securities Act and any other applicable securities laws.

2. STATUS

The Notes constitute unconditional, unsecured and unsubordinated obligations of the Issuer and rank equally among themselves and will rank *pari passu* with all other present and future unsecured and unsubordinated obligations of the Issuer (except for such obligations as may be preferred by provisions of law that are both mandatory and of general application). The Notes do not evidence deposits of the Issuer and are not insured by any government agency.

3. GUARANTEE OF THE BANK

Subject to Condition 17.2, if the Issuer is BCCL the due and punctual payment of any amounts due by the Issuer under any Notes, including any liability to make a payment resulting from a default in any obligation to physically deliver Underlying Securities or the Deliverable Amount in respect of the Notes, is unconditionally and irrevocably guaranteed by the Guarantor pursuant to the Guarantee. Subject as aforesaid, the Guarantee constitutes a direct, unsecured and general obligation of the Guarantor and ranks and will rank equally with all other existing and future unsecured obligations of the Guarantor (except for such obligations as may be preferred by provisions of law that are both mandatory and of general application).

4. INTEREST

If the applicable Final Terms so specify, the Notes of any Series will bear interest from the Interest Commencement Date at a rate or rates (the "**Interest Rate**") specified in, or determined in accordance with, the applicable Final Terms and such interest will be payable in respect of each Interest Period on the date or dates (the "**Interest Payment Dates**" and each an "**Interest Payment Date**") specified in the applicable Final Terms. The interest payable on the Notes of any Series for a period other than a full Interest Period shall be determined in accordance with the applicable Final Terms.

4.1 Interest on Fixed Rate Notes

Each Fixed Rate Note will bear interest on its outstanding nominal amount from (and including) the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Interest Rate specified in the relevant Final Terms. Interest will be payable in arrears on each Interest Payment Date in each year up to (and including) the Maturity Date.

If a Fixed Coupon Amount or a Broken Coupon Amount is specified in the relevant Final Terms, the amount of interest payable on each Interest Payment Date will be the Fixed Coupon Amount or, if applicable, the Broken Coupon Amount specified, and in the case of the Broken Coupon Amount will be payable on the particular Interest Payment Date(s) specified in the relevant Final Terms.

4.2 Interest on Floating Rate Notes

Each Floating Rate Note will bear interest on its outstanding nominal amount from (and including) the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Interest Rate payable from time to time in respect of Floating Rate Notes determined in the manner specified in the applicable Final Terms.

(a) *ISDA Determination for Floating Rate Notes*

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Interest Rate is to be determined, the Interest Rate for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the

purposes of this sub-paragraph (a), "**ISDA Rate**" for an Interest Period means a rate equal to the Floating Rate that would be determined by the Determination Agent under an interest rate swap transaction if the Determination Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc., as amended and updated as at the Issue Date of the Notes, or if the Series of which such Notes forms part consist of more than one Tranche, the date of issue of the first Tranche of the Notes (the "**ISDA Definitions**") and under which:

- (i) the Floating Rate Option is as specified in the applicable Final Terms;
- (ii) the Designated Maturity is a period specified in the applicable Final Terms; and
- (iii) the relevant Reset Date is either (A) if the applicable Floating Rate Option is based on LIBOR or EURIBOR, the first day of that Interest Period or (B) in any other case, as specified in the applicable Final Terms.

For the purposes of this sub-paragraph (a), "**Floating Rate**", "**Calculation Agent**", "**Floating Rate Option**", "**Designated Maturity**", "**EURIBOR**", "**LIBOR**" and "**Reset Date**" have the meanings given to those terms in the ISDA Definitions.

(b) *Screen Rate Determination for Floating Rate Notes*

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Interest Rate is to be determined, the Interest Rate for each Interest Period will, subject as provided below, be either:

- (i) the offered quotation; or
- (ii) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.00005 being rounded upwards) of the offered quotations

(expressed as a percentage rate per annum) for the Reference Rate that appears (or the Reference Rates that appear) on the Relevant Screen Page as at 11:00am (London time, in the case of LIBOR, or Brussels time, in the case of EURIBOR) on the Interest Determination Date in question (as specified in the applicable Final Terms or as defined below) plus or minus the Margin (if any), all as determined by the Determination Agent. If five or more such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Determination Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

If, on any Interest Determination Date, no offered quotations for such Reference Rate so appear (or, in the case of clause (ii), if fewer than two offered quotations for such Reference Rate so appear), the Determination Agent will request appropriate quotations and will determine the arithmetic mean (rounded as aforesaid) of the rates at which deposits in the relevant currency are offered by, if the Reference Rate is LIBOR, four major banks in the London interbank market, selected by the Determination Agent, at approximately 11:00 am (London time) on the Interest Determination Date to leading banks in the London Interbank market or, if the Reference Rate is EURIBOR, the principal Euro-zone office of four major banks in the Euro-zone, selected by the Determination Agent, at approximately 11:00 am (Brussels time) on the Interest Determination Date to leading banks in the Euro-zone interbank market, in each case for a period of the duration of the relevant Interest Period and in an amount that is representative for a single transaction in the relevant market at the relevant time. If, on any Interest Determination Date, only two or three rates are so quoted, the Determination Agent will determine the arithmetic mean (rounded as aforesaid) of the rates so quoted.

The Rate of Interest applicable to such Note during each Interest Period will be the rate (or, as the case may be, the arithmetic mean) so determined plus or minus the Margin (if any). If the Determination Agent is unable to determine a rate (or, as the case may be, an arithmetic mean) in accordance with the above provisions in relation to any Interest Period, the Rate of Interest applicable to such Note during such Interest Period will be the rate (or, as the case may be, the arithmetic mean) last determined in relation to such Note in respect of a preceding Interest Period plus or minus, as the case may be, the Margin.

As used herein, "**Interest Determination Date**", means in respect of any Interest Period, the date falling such number (if any) of Banking Days in such cities as may be specified in the Final Terms prior to the first day of such Interest Period, or if none is specified:

- (i) in the case of Notes denominated in sterling, the first day of such Interest Period;
- (ii) in the case of Notes denominated in euro, the date falling two TARGET Business Days prior to the first day of such Interest Period; or
- (iii) in any other case, the date falling two London Banking Days prior to the first day of such Interest Period

"**Banking Day**" means, in respect of any city, any day (other than a Saturday or a Sunday) on which commercial banks are generally open for business, including dealings in foreign exchange and foreign currency deposits in that city.

"**Euro-zone**" means the region comprised of member states of the European Union that have adopted the euro as the single currency in accordance with the Treaty establishing the European Community as amended by the Treaty on European Union.

"**Relevant Screen Page**" means such Reuters screen page as specified in the applicable Final Terms (or the relevant screen page of such other service or services as may be nominated as the information vendor for the purpose of displaying comparable rates in succession thereto) or such other equivalent information vending service as is so specified.

"**Target Business Day**" means any day on which the TARGET System is operating.

If the Reference Rate from time to time in respect of Floating Rate Notes is specified in the applicable Final Terms as being other than LIBOR or EURIBOR, the Interest Rate in respect of such Notes will be determined as provided in the applicable Final Terms.

(c) *Minimum Rate of Interest and/or Maximum Rate of Interest*

If the applicable Final Terms specify a Minimum Interest Rate for any Interest Period, then, in the event that the Interest Rate in respect of such Interest Period determined in accordance with the provisions of paragraph (a) or (b) above is less than such Minimum Interest Rate, the Interest Rate for such Interest Period shall be such Minimum Interest Rate.

If the applicable Final Terms specify a Maximum Interest Rate for any Interest Period, then, in the event that the Interest Rate in respect of such Interest Period determined in accordance with the provisions of paragraph (a) or (b) above is greater than such Maximum Interest Rate, the Interest Rate for such Interest Period shall be such Maximum Interest Rate.

4.3 Zero Coupon Notes

Zero Coupon Notes will not bear interest, provided however that where a Note the Interest Basis of which is specified to be Zero Coupon is repayable prior to the Maturity Date and is not paid when due, the amount due and payable shall be the Redemption Amount specified in the relevant Final Terms. As from the Maturity Date, the Interest Rate for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield.

4.4 Accrual of Interest

Interest shall cease to accrue on each Note on the due date for redemption unless upon due presentation payment is improperly withheld or refused, in which event interest shall continue to accrue (as well after as before judgement) to the Relevant Date at the Interest Rate in the manner provided in this Condition 4.

4.5 Calculations

For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified), (a) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (b) all figures shall be rounded to seven significant figures (with halves being rounded up) and (c) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen. For these purposes, "**unit**" means the lowest amount of such currency that is available as legal tender in the country of such currency.

Payment of any applicable Taxes and Redemption Expenses shall be made by the relevant Noteholder, and neither the Issuer nor the Guarantor shall have any liability in respect thereof.

If "Physical Settlement" is specified as applicable in the relevant Final Terms, the Issuer may, on the redemption of a Note, elect to deliver the Reference Assets to which such Note relates on the relevant Physical Delivery Date, and the Noteholder shall be obliged to accept such Reference Assets and pay any applicable Taxes and Redemption Expenses in accordance with Conditions 6.5 and 12 below. By delivering in writing or by tested telex to the Relevant Clearing System (with a copy to the Issue and Paying Agent) a duly completed irrevocable Maturity Redemption Notice, a Noteholder will be deemed to have agreed to such form of settlement as the Issuer shall elect.

If the Issuer does not elect to deliver the Reference Assets, the Issue and Paying Agent shall give notice to the relevant Noteholders in accordance with Condition 16 of the Redemption Amount payable in cash in respect of each Note as soon as practicable after calculation of such amount.

Payment of any applicable Taxes and Redemption Expenses shall be made by the relevant Noteholder, and neither the Issuer nor the Guarantor shall have any liability in respect thereof.

Credit Linked Notes do not give the Noteholder any right to acquire any of the Reference Obligations or Deliverable Obligations, and the Issuer is not obliged to purchase, hold or

deliver any of such Reference Obligations or Deliverable Obligations. However, if so specified in the relevant Final Terms, the Issuer may, on the redemption of such a Note, elect to deliver the Deliverable Amount on the relevant Physical Delivery Date and the Noteholder shall be obliged to accept such Deliverable Amount and pay any applicable Taxes and Redemption Expenses in accordance with Conditions 6.5 and 12 below. The Credit Event Redemption Amount may be less than the principal amount of such a Note. Any shortfall shall be borne by the Noteholders, and no liability shall attach to the Issuer.

If administrative or legal proceedings are commenced or threatened in connection with which this notice is or might be relevant, we irrevocably authorise you to produce this notice or a copy thereof to any interested party in such proceedings."

6.4 Liability

Redemption of the Notes, payments by the Issuers, the Guarantor (in respect of Notes issued by BCCL) and any Paying Agent and any transfer of the Reference Assets or Deliverable Obligations by the Issuer and/or any Paying Agent will be subject in all cases to all applicable fiscal and other laws, regulations and practices in force at such time (including, without limitation, any relevant exchange control laws or regulations and the Relevant Rules) and none of the Issuers, the Guarantor (where the Notes are issued by BCCL) or any Paying Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations and practices. None of the Issuers, the Guarantor (where the Notes are issued by BCCL) or any Paying Agent shall under any circumstances be liable for any acts or defaults of the Relevant Clearing System in the performance of their respective duties in relation to the Notes or, in relation to the delivery of Reference Assets or Deliverable Obligations, the acts or defaults of the relevant Exchanges.

6.5 Settlement by the Issuer

Subject to compliance by the Noteholder with the redemption procedures set out herein (and in the applicable Final Terms, where specified), the Issuer will, where applicable, comply with the following:

(a) *Settlement by delivery of Reference Assets*

- (i) Redemption Expenses and Taxes associated with the delivery of any Reference Assets (including for the avoidance of doubt, in the case of an equity unit, the securities comprised in such equity unit) or, in the case of a Credit Linked Note, any Deliverable Obligations will be for the account of the relevant Noteholder. No delivery by the Issuer of a fraction of Reference Assets or Deliverable Obligation shall be made. Notes redeemed at the same time by the same Noteholder will be aggregated for the purpose of determining the aggregate number of Reference Assets or

Deliverable Obligations to be delivered; and in the case of Equity Basket Notes, Notes redeemed at the same time by the same Noteholder shall be aggregated for the purpose of determining the aggregate number of Equity Baskets of Securities to be delivered and the aggregate number of each of the Reference Assets forming part of the relevant Equity Basket of Securities to be delivered. Where there is a fraction of a Reference Asset or a Deliverable Obligation, a Noteholder will be entitled to receive an amount in cash rounded to the nearest whole unit of currency in lieu of such fraction.

- (ii) No Noteholder will be entitled to receive dividends declared or paid in respect of any Reference Assets or to any other rights relating to or arising out of any such Reference Assets if the record date for the relevant dividend or relevant right in respect of such Reference Assets falls before the relevant Physical Delivery Date.
- (iii) If the Issuer has elected to make a delivery of the Reference Assets or the Deliverable Amount, but any Redemption Expenses incurred by the Issuer or the Guarantor have not been credited to the Bank Account of the Issue and Paying Agent (in favour of the Issuer), then the Issuer shall be under no obligation to transfer the Reference Assets or the Deliverable Amount or make any payment of any nature to the relevant Noteholder in respect of the Notes being redeemed, and the Maturity Redemption Notice, Early Redemption Notice or Noteholder's Notice, as the case may be, delivered in respect of such Notes shall thereafter be null and void for all purposes.
- (iv) If the Issuer elects to deliver Reference Assets or the Deliverable Amount in lieu of the Redemption Amount (or the Early Redemption Amount), then, as soon as practicable after the Valuation Date, it will confirm to the Relevant Clearing System and to the Issue and Paying Agent the Reference Assets or Deliverable Obligations being delivered upon redemption of each Note and the amount of any Taxes which the Issuer, the Guarantor (where the Notes are issued by BCCL) or the relevant Paying Agent is required to withhold or deduct and any Redemption Expenses incurred by the Issuer relating thereto. Subject to receipt of such information and subject to compliance by the Noteholder with the redemption procedure set out herein (and in the applicable Final Terms, where specified), the Relevant Clearing System will on or before the Physical Delivery Date transfer from the Cash Account of the relevant Noteholder to the account of the Issue and Paying Agent an amount equal to (1) any such Taxes and (2) any such Redemption Expenses.
- (v) The Issuer will ensure that delivery of the Reference Assets or the Deliverable Amount to the Noteholder takes place on the Physical Delivery Date. In the event that a Noteholder requests that delivery of the Reference Assets or the Deliverable Amount be made at a location or in a method that is different from that in the applicable Final Terms, the Issuer will, without any obligation whatsoever and provided that no additional unreimbursed costs are incurred, seek to deliver the Reference Assets or the Deliverable Amount to such location and/or by such method. Settlement will take place in accordance with the relevant method of settlement.
- (vi) Unless notified to the contrary, the Issuer shall, subject as provided below, on the relevant Physical Delivery Date deliver or procure the delivery of the Transfer Documentation relating to the Reference Assets or the Deliverable Amount being so transferred (or in the case of a Reference Asset that is an equity unit, the Transfer Documentation in respect of such equity unit) to or to the order of the Noteholder or to such bank or broker as the Noteholder has specified in the relevant Maturity Redemption Notice.
- (vii) The Issuer will, if it does not elect to deliver the Reference Assets or the Deliverable Amount in lieu of payment of the Redemption Amount (or the Early Redemption Amount), and subject to compliance by the Noteholder with the redemption procedure set out herein (and in the applicable Final Terms, where specified), pay or cause to be paid, on the relevant Maturity Date, the Redemption Amount (or the Early Redemption Amount) (less any Taxes or Redemption Expenses that the Issuer is authorised or required to deduct) to the Relevant Clearing System for credit to the relevant Noteholder's Cash Account designated in the relevant Maturity Redemption Notice for value on the Maturity Date or the Early Redemption Payment Date. Neither the Issuers nor the Guarantor (where the Notes are issued by BCCL) shall be liable for the failure of

any third party to credit the Noteholder's Cash Account or for payment effected to persons not entitled thereto.

(b) *Cash Settlement*

In respect of each Note being redeemed, the Issuer will pay or cause to be paid, on the relevant Maturity Date (or Early Redemption Payment Date), the Redemption Amount (or Early Redemption Amount) (less any Taxes or Redemption Expenses that the Issuer is authorised to deduct) to the Relevant Clearing System for credit to the relevant Noteholder's Cash Account designated in the relevant Redemption Notice for value on the Maturity Date (or Early Redemption Payment Date). Neither the Issuers nor the Guarantor (where the Notes are issued by BCCL) shall be liable for the failure of any third party to credit the Noteholder's Cash Account or for payment effected to persons not entitled thereto.

6.6 Settlement Disruption Event

(a) *Effect on Physical Delivery Date*

If the Issuer has elected to deliver Reference Assets in lieu of paying the Redemption Amount or the Early Redemption Amount, as the case may be, and a Settlement Disruption Event prevents the delivery of such Reference Assets on the Physical Delivery Date, then the Physical Delivery Date will be the first succeeding day on which delivery of the Reference Assets can take place through the relevant Clearing System unless a Settlement Disruption Event prevents settlement on each of the 10 relevant Clearing System Business Days immediately following the original date that, but for the Settlement Disruption Event, would have been the Physical Delivery Date.

In that case, the Issuer may in its sole discretion elect to (1) satisfy its obligations in respect of the relevant Note by payment in cash of the Redemption Amount or the Early Redemption Amount, as the case may be, not later than the third Business Day following the date that the notice of such election is given to Noteholders in accordance with Condition 16, or (2) if the Reference Assets can be delivered in any other commercially reasonable manner, as determined by the Issuer in its sole discretion, designate that the Physical Delivery Date will be the first day on which settlement of a sale of the Reference Assets executed on that tenth Relevant Clearing System Business Day customarily would take place using such other commercially reasonable manner of delivery (which other manner of delivery will be deemed the Relevant Clearing System for the purposes of delivery of the relevant Reference Assets). All determinations made by the Issuer will be conclusive and binding upon the Noteholders, the Guarantor (where the Notes are issued by BCCL) and the Issuers except in the case of manifest error.

For so long as the delivery of the Reference Assets in respect of any Note is not practicable by reason of a Settlement Disruption Event, the relevant Noteholders shall not be entitled to any payment, whether of interest or otherwise, on such Note as a result of any delay in the delivery of the Reference Assets pursuant to this paragraph.

(b) *Undeliverable Obligations*

If the Issuer has elected to deliver the Deliverable Amount in lieu of paying the Redemption Amount or the Early Redemption Amount, as the case may be, in respect of Credit Linked Notes and such Deliverable Amount includes Undeliverable Obligations, where the Issuer is unable to deliver such Undeliverable Obligations on the Physical Delivery Date, it shall continue to attempt to deliver all or a portion of such Undeliverable Obligations on or before the 30th Business Day following the Physical Delivery Date (the "**Final Delivery Date**").

If all or a portion of the Undeliverable Obligations constituting the Deliverable Amount are not delivered by a Final Delivery Date, the Issuer shall give notice (a "**Cash Settlement Notice**") to the Noteholders in accordance with Condition 16 and the Issuer shall pay in respect of each Undeliverable Obligation the Cash Settlement Amount on the Cash Settlement Date.

6.7 Determinations where Notes are being redeemed by the Issuer on the Maturity Date or on the Early Redemption Date

Any determinations as to whether a Maturity Redemption Notice, an Early Redemption Notice or a Noteholder's Notice, as the case may be, is duly completed and in proper form shall be made by the Relevant Clearing System in consultation with the Issue and Paying Agent and shall be conclusive and binding on the Issuers, the Guarantor (where the Notes are issued by BCCL), the Paying Agents, the Issue and Paying Agent and the relevant Noteholder. Any Maturity Redemption Notice, Early Redemption Notice or Noteholder's Notice, as the case may be, so determined to be incomplete or not in proper form or which is not copied to the Issue and Paying Agent immediately after being sent to the Relevant Clearing System shall be null and void unless the Issuer agrees otherwise. If such Maturity Redemption Notice, Early Redemption Notice or Noteholder's Notice, as the case may be, is subsequently corrected to the satisfaction of the Relevant Clearing System, it shall be deemed to be a new Maturity Redemption Notice, Early Redemption Notice or Noteholder's Notice, as the case may be, submitted at the time such correction is delivered to the Relevant Clearing System. The Relevant Clearing System shall use all reasonable endeavours promptly to notify the Noteholder submitting a Maturity Redemption Notice, an Early Redemption Notice or Noteholder's Notice, as the case may be, if it has determined that such Maturity Redemption Notice, Early Redemption Notice or Noteholder's Notice, as the case may be, is invalid or incomplete. In the absence of negligence or wilful misconduct on its part, the Relevant Clearing System shall not be liable to any person with respect to any action taken or omitted to be taken by it in connection with such notification to a Noteholder or such determination.

6.8 Effect of Early Redemption Notice, Issuer Redemption Notice and Special Redemption Notice

- (a) *Where Notes are being redeemed by the Issuer at request of Noteholder pursuant to Condition 5.2*

Delivery of an Early Redemption Notice by facsimile shall constitute an irrevocable election by the relevant Noteholder to require the Issuer to redeem the Notes specified therein. After the delivery of such Early Redemption Notice, the relevant Noteholder may not transfer such Notes. If, notwithstanding the foregoing, any Noteholder does so transfer or attempts so to transfer such Notes, the Noteholder will be liable to the Issuer for any loss, costs and expenses suffered or incurred by the Issuer or any of its affiliates through which it has hedged its position, including those suffered or incurred as a consequence of the Issuer or any of its affiliates through which it has hedged its position having terminated or commenced any related hedging arrangements in reliance on the relevant Early Redemption Notice and subsequently (i) entering into replacement hedging arrangements in respect for such Notes or (ii) paying any amount on the subsequent redemption of such Notes without having entered into any replacement hedging arrangements.

- (b) *Where Notes are being redeemed by the Issuer pursuant to Condition 5.3 or 5.4*

Upon the expiry of an Issuer Redemption Notice or a Special Redemption Notice, as the case may be, that has been given in the prescribed manner, the Issuer shall, subject to the requirements of these Conditions, be bound to redeem the Notes of the relevant Series unless previously redeemed or purchased and cancelled.

6.9 Currency

- (a) *Exchange Date*

Where the price(s) for the Reference Assets or Relevant Index is (are) quoted in a currency other than the currency in which any cash settlement in respect of the relevant Notes is required to be made, the exchange rate for conversion into the currency in which any cash settlement in respect of the relevant Notes is required to be made will be that determined by the Issue and Paying Agent by reference to the relevant Reuters page or other reference source specified in the applicable Final Terms or will be the exchange rate quoted by the reference bank or relevant central bank specified in the applicable Final Terms, at a time or times on the Valuation Date as specified in the relevant Final Terms or, if no such time is specified, then at 5:00 pm (London time) on the Valuation Date.

(b) *Change in Currency*

- (i) If at any time there is a change in the currency of a country such that the central bank of that country recognises more than one currency or currency unit as the lawful currency of that country, then references in, and obligations arising under, the Notes at the time of any such change that are expressed in the currency of that country shall be translated into, and/or any amount becoming payable under the Notes thereafter as specified in these Conditions shall be paid in, the currency or currency unit of that country, and in the manner, designated by the Determination Agent.

Any such translation shall be made at the official rate of exchange recognised for that purpose by the central bank of such country.

- (ii) Where such a change in currency occurs, the Global Note in respect of the Notes then outstanding and the Conditions relating to such Notes shall be amended in the manner agreed by the Issuers, the Guarantor (where the Notes are issued by BCCL) and the Issue and Paying Agent so as to reflect the change and, so far as practicable, to place the Issuers, the Guarantor (where the Notes are issued by BCCL), the Issue and Paying Agent and the Noteholders in the same position each would have been in had no change in currency occurred (such amendments to include, without limitation, changes required to reflect any modification to business day or other conventions arising in connection with such change in currency), provided that any such amendments will only be made in a manner that is consistent with the hedging arrangements entered into by the Issuer in connection with such Notes. All amendments made pursuant to this Condition 6.9(b) will be binding upon the Noteholders.
- (iii) Notification of any amendments made to the Notes pursuant to this Condition 6.9(b) will be made in accordance with Condition 16, which will state *inter alia* the date on which such amendments are to take or took effect, as the case may be.

7. RIGHTS OF THE ISSUER IN THE EVENT OF A DISRUPTED DAY OR DISRUPTION EVENT

7.1 Equity Linked Notes and Equity Basket Notes

If, in the opinion of the Determination Agent, any Valuation Date is a Disrupted Day, then:

- (a) in the case of an Equity Linked Note in respect of which the applicable Final Terms specify only one type of Underlying Security, the Valuation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the eight Scheduled Trading Days immediately following the original date that, but for the Disrupted Days, would have been the Valuation Date (the "*Scheduled Valuation Date*") is a Disrupted Day, in which case that eighth Scheduled Trading Day shall be deemed to be the Valuation Date notwithstanding the fact that it is a Disrupted Day, and the Determination Agent shall estimate in good faith the relevant Exchange traded price for such Underlying Securities that would have prevailed on that eighth Scheduled Trading Day but for that Disrupted Day;
- (b) in the case of Equity Basket Notes, the Valuation Date for each Underlying Security not affected by the occurrence of a Disrupted Day shall be the Scheduled Valuation Date, and the Valuation Date for each Underlying Security affected by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the eight Scheduled Trading Days immediately following the Scheduled Valuation Date is a Disrupted Day, in which case that eighth Scheduled Trading Day shall be deemed to be the Valuation Date for the relevant Underlying Security notwithstanding the fact that it is a Disrupted Day and the Determination Agent shall estimate the relevant Exchange traded price for such Underlying Security that would have prevailed on that eighth Scheduled Trading Day but for that Disrupted Day.

All determinations made by the Determination Agent pursuant to this Condition will be conclusive and binding on the Noteholders, the Guarantor (where the Notes are issued by BCCL), the Paying Agents and

the Issuers except in the case of manifest error. Notice of the Exchange's traded price for the relevant Underlying Securities, determined in accordance with this Condition 7.1, shall only be provided to those Noteholders affected by the occurrence of the Disrupted Days.

7.2 Single Equity Index Notes and Basket of Indices Notes

If, in the opinion of the Determination Agent, a Valuation Date is a Disrupted Day, then:

- (a) in the case of Single Equity Index Notes, the Valuation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the eight Scheduled Trading Days immediately following the Scheduled Valuation Date is a Disrupted Day. In that case (i) the eighth Scheduled Trading Day shall be deemed to be the Valuation Date, notwithstanding the fact that such day is a Disrupted Day, and (ii) the Determination Agent shall determine the level of the Index in the manner set out in the applicable Final Terms or, if not set out or not practicable, shall determine the level of the Index as of the Valuation Time on the eighth Scheduled Trading Day in accordance with the formula for and method of calculating the Index last in effect prior to the occurrence of the first Disrupted Day using the relevant Exchange traded or quoted price as of the Valuation Time on that eighth Scheduled Trading Day of each security included in the Index (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant Underlying Security on that eighth Scheduled Trading Day, its good faith estimate of the value for the relevant Underlying Security as of the Valuation Time on that eighth Scheduled Trading Day); or
- (b) in the case of Basket of Indices Notes, the Valuation Date for each Index not affected by the occurrence of a Disrupted Day shall be the Scheduled Valuation Date, and the Valuation Date for each Index affected by the occurrence of a Disrupted Day (each an "*Affected Index*") shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to the Affected Index, unless each of the eight Scheduled Trading Days immediately following the Scheduled Valuation Date is a Disrupted Day relating to the Affected Index. In that case (i) that eighth Scheduled Trading Day shall be deemed to be the Valuation Date for the Affected Index, notwithstanding the fact that such day is a Disrupted Day, and (ii) the Determination Agent shall determine the level of the Basket of Indices using, in relation to the Affected Index, the level of that Index determined in the manner set out in the applicable Final Terms or, if not set out or if not practicable, using the level of that Index as of the Valuation Time on that eighth Scheduled Trading Day determined in accordance with the formula for and method of calculating that Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on that eighth Scheduled Trading Day of each security included in that Index (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant security on that eighth Scheduled Trading Day, its good faith estimate of the value for the relevant security as of the Valuation Time on that eighth Scheduled Trading Day).

In the case of a Disrupted Day occurring prior to the Valuation Date, the level of any Index calculated by the Determination Agent in accordance with this Condition 7.2 shall only be notified to those Noteholders (if any) seeking to redeem their Notes at the time of the occurrence of the Disrupted Days.

7.3 Currency Linked Notes

- (a) *Determination of Disruption Event*

If, in the opinion of the Determination Agent, a Disruption Event (as defined below) has occurred and is continuing on any Valuation Date, then such Valuation Date shall be postponed to the first following Business Day in respect of which there is no such Disruption Event; provided, however, that in no event shall the Valuation Date be later than the eighth Business Day after the Maturity Date or the Early Redemption Date, as the case may be, and, if a Disruption Event in relation to an Exchange Rate is continuing on such eighth Business Day, the Valuation Date shall be such eighth Business Day and the Issuer shall pay in lieu of payment of the Redemption Amount or the Early Redemption Amount on the Maturity Date or Early Redemption Date, as the case may be, the Disruption Redemption Amount (as defined below) on the third Business Day following such eighth Business Day. All determinations made by the Determination Agent pursuant to this Condition will be conclusive and binding on the Noteholders, the Guarantor

(where the Notes are issued by BCCL) and the relevant Issuer except in the case of manifest error. Notice of the Disruption Redemption Amount, determined in accordance with this Condition 7.3, shall only be provided to holders of Notes affected by the Disruption Event.

"Disruption Event", in respect of Currency Linked Notes, means the occurrence of any of the following events:

- (1) Price Source Disruption;
- (2) Illiquidity Disruption;
- (3) Dual Exchange Rate;
- (4) any other event that, in the opinion of the Determination Agent, materially affects dealings in the Notes of any Series or affects the ability of the Issuer to meet any of its obligations under the Notes of any Series or under any related hedge transactions.

(b) *Calculation of Rates for Certain Settlement Rate Options*

- (i) If any of the Exchange Rates specified in the applicable Final Terms are published or announced by more than one price source and the price source referred to in such applicable Final Terms fails to publish or announce that Exchange Rate on the Rate Calculation Date (or, if different, the day on which rates for that date would, in the ordinary course, be published or announced by such price source), then the Spot Rate for that Rate Calculation Date will be determined by the Determination Agent in its absolute discretion.
- (ii) If the Exchange Rates specified in the relevant Final Terms are reported, sanctioned, recognised, published, announced or adopted (or are the subject of other similar action) by the relevant Governmental Authority (as defined below), and such Exchange Rate ceases to exist and is replaced by a successor currency exchange rate that is reported, sanctioned, recognised, published, announced or adopted (or other similar action) by such Governmental Authority (the "**Official Successor Rate**"), then the Spot Rate for the relevant Rate Calculation Date will be determined by the Determination Agent in its absolute discretion.
- (iii) For the purposes of determining the Spot Rate for any Rate Calculation Date in any case where the Spot Rate for a Rate Calculation Date is based on information obtained from the Reuters Monitor Money Rates Service or the Dow Jones Telerate Service, the Spot Rate will be subject to the corrections, if any, to that information subsequently displayed by that source within one hour of the time when such rate is first displayed by such notice.

Notwithstanding the preceding paragraph, in any case where the Spot Rate for a Rate Calculation Date is based on the information published or announced by a Governmental Authority in the relevant country, the Spot Rate will be subject to the correction, if any, to that information subsequently published or announced by that source within the shorter of the period of five days from the Rate Calculation Date and the period expiring on the Business Day prior to the Maturity Date or Early Redemption Payment Date, as the case may be.

7.4 Averaging

In the case of an Averaging Date being a Disrupted Day if, in relation to "Averaging Date Disruption", the consequence specified in the Final Terms is:

- (i) "Omission", then such Averaging Date will be deemed not to be a relevant Averaging Date, provided that if through the operation of this provision there would not be an Averaging Date

with respect to the relevant Valuation Date, then Condition 7.1 or 7.2, as the case may be, will apply for the purposes of determining the relevant level, price or amount on the final Averaging Date with respect to that Valuation Date as if such Averaging Date were a Valuation Date that was a Disrupted Day. If any Averaging Dates in relation to a Valuation Date occur after that Valuation Date as a result of the occurrence of a Disrupted Day, then the relevant Maturity Date, Security Delivery Date or Early Redemption Payment Date, as the case may be, shall be determined by reference to the last such Averaging Date as though it were that Valuation Date; or

- (ii) "Postponement", then Condition 7.1 or 7.2 as the case maybe, will apply for the purposes of determining the relevant level, price or amount on that Averaging Date as if such Averaging Date were a Valuation Date that was a Disrupted Day irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a day that already is or is deemed to be an Averaging Date. If any Averaging Date in relation to a Valuation Date occurs after that Valuation Date as a result of the occurrence of a Disrupted Day, then the relevant Maturity Date, Physical Delivery Date or Early Redemption Payment Date, as the case may be, shall be determined by reference to the last such Averaging Date as though it were that Valuation Date; or
- (iii) "Modified Postponement", then:
 - (A) in the case of an Equity Linked Note or a Single Index Note, the Averaging Date shall be the first succeeding Valid Date. If the first succeeding Valid Date has not occurred as of the Valuation Time on the eighth Scheduled Trading Day immediately following the original date that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date in respect of the relevant Scheduled Valuation Date, then (1) that eighth Scheduled Trading Day shall be deemed the Averaging Date (irrespective of whether that eighth Scheduled Trading Day is already an Averaging Date), and (2) the Determination Agent shall determine the relevant level or price for that Averaging Date in accordance with Condition 7.1 or 7.2 as the case may be; and
 - (B) in the case of an Equity Basket Note or a Basket of Indices Note, the Averaging Date for each Underlying Security or Relevant Index not affected by the occurrence of a Disrupted Day shall be the date specified in the applicable Final Terms as an Averaging Date in respect of the relevant Valuation Date, and the Averaging Date for an Underlying Security or Relevant Index affected by the occurrence of a Disrupted Day shall be the first succeeding Valid Date in relation to such Underlying Security or Relevant Index. If the first succeeding Valid Date in respect of such Underlying Security or Relevant Index has not occurred as of the Valuation Time on the eighth Scheduled Trading Day immediately following the original date that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date in relation to the relevant Scheduled Valuation Date, then (1) that eighth Scheduled Trading Day shall be deemed to be the Averaging Date (irrespective of whether that eighth Scheduled Trading Day is already an Averaging Date) in respect of such Underlying Security or Relevant Index and (2) the Determination Agent shall determine the relevant level, price or amount for that Averaging Date in accordance with Condition 7.1 or 7.2, as the case may be.

7.5 Index Modification, Cancellation, Disruption or Adjustment Event

If:

- (i) on or prior to any date on which the level of an Index is to be calculated, including without limitation any Averaging Date, (the "**Determination Date**") in respect of Single Equity Index Notes or Basket of Indices Notes, a relevant Index sponsor (a "**Sponsor**") announces that it will make a material change in the formula for or the method of calculating that Index or in any other way materially modifies that Index (other than a modification prescribed in that formula or method to maintain that Index in the event of changes in constituent stock and capitalisation and other routine events) (an "**Index Modification**") or permanently cancels the Index and no successor Index exists (an "**Index Cancellation**"); or

- (ii) on any Determination Date in respect of Single Equity Index Notes or Basket of Indices Notes the Sponsor fails to calculate and announce a relevant Index (an "***Index Disruption***" and together with an Index Modification and an Index Cancellation, an "***Index Adjustment Event***"),

then the Determination Agent shall on each relevant Determination Date determine if such Index Adjustment Event has a material effect on the relevant Notes and if so shall calculate the level of that Index by using, in lieu of a published level for the relevant Index, the level for that Index as at that Determination Date as determined by the Determination Agent in accordance with the formula for and method of calculating that Index last in effect prior to that Index Adjustment Event, but using only those securities that constituted the relevant Index immediately prior to that Index Adjustment Event (other than those securities that have since ceased to be listed on any relevant Exchange).

In the event that the Determination Agent determines that it can no longer continue to calculate such Index, the Determination Agent shall in its sole discretion rebase the Notes against a comparable Index so as to maintain the economic equilibrium of the Notes. If the Determination Agent determines in its absolute discretion that this is not possible, the Issuer may on such date elect to redeem the Notes in accordance with the applicable provisions of Condition 5 and pay the Early Redemption Amount in respect of such Notes.

7.6 Credit Linked Notes

The terms and conditions of the Notes relating to the calculation of the Final Price of the relevant Reference Obligation, the Credit Event Redemption Amount and the Valuation Method, in the event that Conditions to Settlement are satisfied during the Notice Delivery Period, shall be set out in the applicable Final Terms. In relation to Credit Linked Notes, unless otherwise defined in the applicable Final Terms, "Bankruptcy", "Failure to Pay", "Grace Period Extension", "Obligation Default", "Obligation Acceleration", "Restructuring", "Restructuring Maturity Limitation", "Restructuring Maturity Limitation Date", "Fully Transferable Obligation", "Modified Restructuring Maturity Limitation" and "Conditionally Transferable Obligation" have the meanings given to those terms in the 2003 ISDA Credit Derivatives Definitions, as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Notes.

7.7 Commodity Linked Notes

- (a) ISDA Determination

In relation to Commodity Linked Notes, in determining the Relevant Commodity Price for a Relevant Commodity or a Commodity Index, the terms of the 2005 ISDA Commodity Definitions, as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Notes (the "***ISDA Commodity Definitions***") shall be incorporated in the applicable Final Terms such that:

- (i) the Commodity Reference Price is as specified in the applicable Final Terms;
 - (ii) the Specified Price is as specified in the applicable Final Terms;
 - (iii) the Delivery Date (if any) is as specified in the applicable Final Terms; and
 - (iv) the Pricing Date(s) is/are date(s) as specified in the applicable Final Terms.
- (b) Commodity Market Disruption Event and Disruption Fallback

If, in the opinion of the Determination Agent, a Commodity Market Disruption Event (as defined below) has occurred and is continuing on any Pricing Date (or, if different, the day on which prices for that Pricing Date would, in the ordinary course, be published by the Price Source), the Relevant Commodity Price for that Pricing Date will be determined by the Determination Agent in accordance with the first applicable Disruption Fallback (as defined below) that provides a Relevant Commodity Price.

(c) Common Pricing

With respect to Notes relating to a Basket of Commodities, if "**Common Pricing**" has been selected in the applicable Final Terms as:

- (i) "Applicable" then, no date will be a Pricing Date unless such date is a day on which all referenced Commodity Reference Prices (for which such date would otherwise be a Pricing Date) are scheduled to be published or announced, as determined on the Trade Date of the Notes as of the time of issue of the Note.
- (ii) "Inapplicable" then, if the Determination Agent determines that a Commodity Market Disruption Event has occurred or exists on the Pricing Date in respect of any Relevant Commodity and/or Commodity Index in the basket (the "**Affected Commodity**"), the Relevant Commodity Price of each Relevant Commodity and/or Commodity Index within the basket which is not affected by the occurrence of a Commodity Market Disruption Event shall be determined on its scheduled Pricing Date and the Relevant Commodity Price for the Affected Commodity shall be determined in accordance with the first applicable Disruption Fallback that provides a Relevant Reference Price.

All determinations made by the Determination Agent pursuant to this Condition will be conclusive and binding on the Noteholders, the Guarantor (where the Notes are issued by BCCL) and the relevant Issuer except in the case of manifest error.

(d) Correction to Published Prices

For purposes of determining or calculating the Relevant Commodity Price, if the price published or announced on a given day and used or to be used by the Determination Agent to determine the Relevant Commodity Price is subsequently corrected and the correction is published or announced by the person responsible for that publication or announcement within 30 calendar days after the original publication or announcement, the Determination Agent may, in its sole discretion, recalculate relevant payment amount, using such corrected price. The Determination Agent shall notify the Issuer of any such correction, the revised Relevant Commodity Price and the relevant payment amount, as a result of that correction.

The Issuer reserves the right (such right to be exercised in the Issuer's sole and unfettered discretion and without any liability whatsoever) to make such adjustments as it believes appropriate in circumstances where an event or events occur that the Issuer believes, in its sole discretion, should, in the context of the issue of Notes and the obligations of the Issuer thereunder, give rise to such adjustment as is necessary to preserve the economic equivalent of the obligations of the Issuer under the Notes and to maintain the economic equilibrium of the Notes.

(e) Adjustments to Commodity Index

- (i) If a Commodity Index with respect to a Commodity Reference Price is permanently cancelled or is not calculated and announced by the sponsor of such Commodity Index or any of its affiliates (together the "**Sponsor**") but (i) is calculated and announced by a successor sponsor (the "**Successor Sponsor**") acceptable to the Determination Agent, or (ii) replaced by a successor index (the "**Successor Index**") using, in the determination of the Determination Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of such Commodity Index, then the Commodity Reference Price will be determined by the Index so calculated and announced by that Successor Sponsor or that Successor Index, as the case may be.
- (ii) If, for a Commodity Index with respect to a Commodity Reference Price, on or prior to the Maturity Date or Early Redemption Date, (i) the Sponsor makes a material change in the formula for or the method of calculating such Commodity Index or in any other way materially modifies such Commodity Index (other than a modification prescribed in that formula or method to maintain the Commodity Index in the event of changes in constituent commodities and weightings and other routine events), or (ii) the Sponsor

permanently cancels the Commodity Index or (iii) the Sponsor fails to calculate and announce the Commodity Index for a continuous period of three Trading Days and the Determination Agent determines that there is no Successor Sponsor or Successor Index, then the Determination Agent may at its option (in the case of (i)) and shall (in the case of (ii) and (iii)) (such events (i) (ii) & (iii) to be collectively referred to as "Index Adjustment Events") calculate the relevant Specified Price using in lieu of the published level for that Commodity Index (if any), the level for that Commodity Index as at the relevant determination date as determined by the Determination Agent in accordance with the formula for and method of calculating that Commodity Index last in effect prior to the relevant Index Adjustment Event (as the case may be), but using only those futures contracts that comprised that Index immediately prior to the relevant Index Adjustment Event (as the case may be) (other than those futures contracts that have ceased to be listed on any relevant exchange).

(f) Adjustments to payment dates or settlement dates

If, as a result of a delay pursuant to the occurrence of a Commodity Market Disruption Event or Index Adjustment Event, a Relevant Commodity Price is unavailable to determine any amount payable on any scheduled payment date or settlement date, that payment date or settlement date will be delayed to fall on the second Business Day following the determination of the Relevant Commodity Price under the Disruption Fallback provision or Adjustments to Commodity Index provision, as the case may be. If a corresponding amount would otherwise have been payable in respect of the Notes on the same date that the delayed amount would have been payable but for the delay, the payment date or settlement date for that corresponding amount will be delayed to the same extent.

(g) Definitions for Commodity Linked Notes

"Commodity Market Disruption Event" means the occurrence of any of the following events:

(A) with respect to a Relevant Commodity:

(i) Price Source Disruption;

(ii) Trading Disruption;

(iii) Disappearance of Commodity Reference Price;

(iv) Material Change in Formula;

(v) Material Change in Content; and

(vi) any additional Commodity Market Disruption Events specified in the applicable Final Terms.

(B) With respect to a Commodity Index:

(i) a temporary or permanent failure by the applicable exchange or other price source to announce or publish (a) the final settlement price for the Commodity Reference Price or (b) closing price for any futures contract included in the Commodity Reference Price;

(ii) a material limitation, suspension or disruption of trading in one or more of the futures contracts included in the Commodity Reference Price which results in a failure by the exchange on which each applicable futures contract is traded to report a closing price for such contract on the day on which such event occurs or any succeeding day on which it continues; or

(iii) the closing price for any futures contract included in the Commodity Reference Price is a "limit price", which means that the closing price for such contract for a day has increased

or decreased from the previous day's closing price by the maximum amount permitted under applicable exchange rules.

"Disruption Fallback" means a source or method that may give rise to an alternative basis for determining the Relevant Commodity Price in respect of a specified Commodity Reference Price when a Commodity Market Disruption Event occurs or exists on a day that is a Pricing Date in respect of the relevant Note. A Disruption Fallback is applicable if it is specified in the applicable Final Terms or, if no Disruption Fallback is specified in the applicable Final Terms, shall be deemed to mean:

- (A) With respect to a Relevant Commodity, (in the following order):
 - (i) Fallback Reference Price (if applicable);
 - (ii) Delayed Publication or Announcement and Postponement (each to operate concurrently with the other and each subject to a period of two consecutive Commodity Business Days (measured from and including the original day that would otherwise have been the Pricing Date); provided, however, that the price determined by Postponement shall be the Relevant Commodity Price only if Delayed Publication or Announcement does not yield a Relevant Price within that two consecutive Commodity Business Days); and
 - (iii) Calculation Agent Determination.
- (B) With respect to a Commodity Index, the following fallback determination mechanism:
 - (i) with respect to each futures contract included in the Commodity Reference Price which is not affected by the Market Disruption Event, the Relevant Commodity Price will be based on the closing prices of each such contract on the applicable determination date;
 - (ii) with respect to each futures contract included in the Commodity Reference Price which is affected by the Market Disruption Event, the Relevant Commodity Price will be based on the closing prices of each such contract on the first day following the applicable determination date on which no Market Disruption Event is occurring with respect to such contract;
 - (iii) subject to Clause (iv) below, the Determination Agent shall determine the Relevant Commodity Price by reference to the closing prices determined in Clauses (i) and (ii) above using the then-current method for calculating the Relevant Commodity Price; and
 - (iv) where a Commodity Market Disruption Event with respect to one or more futures contracts included in the Commodity Reference Price continues to exist (measured from and including the first day following the applicable determination date) for five consecutive Trading Days, the Determination Agent shall determine the Relevant Commodity Price in good faith and in a commercially reasonable manner.

"Fallback Reference Price", in respect of Commodity Linked Notes, means that the Determination Agent will determine the Relevant Commodity Price based on the price for that Pricing Date of the first alternate Commodity Reference Price, if any, specified in the applicable Final Terms and not subject to a Commodity Market Disruption Event.

"Calculation Agent Determination" in respect of Commodity Linked Notes, means that the Determination Agent will determine the Relevant Commodity Price (or a method for determining the Relevant Commodity Price), taking into consideration the latest available quotation for the relevant Commodity Reference Price and any other information that in its sole discretion it deems relevant.

"Delayed Publication or Announcement", in respect of Commodity Linked Notes, means that the Relevant Commodity Price for a Pricing Date will be determined based on the Specified Price in respect of the original day scheduled as such Pricing Date that is published or announced by the

relevant Price Source retrospectively on the first succeeding Commodity Business Day on which the Commodity Market Disruption Event ceases to exist, unless that Commodity Market Disruption Event continues to exist (measured from and including the original day that would otherwise have been the Pricing Date) or the Relevant Commodity Price continues to be unavailable for two consecutive Commodity Business Days. In that case, the next Disruption Fallback specified in the applicable Final Terms will apply.

"Postponement", in respect of Commodity Linked Notes, means that the Pricing Date will be deemed, for purposes of the application of this Disruption Fallback, to be the first succeeding Commodity Business Day on which the Commodity Market Disruption Event ceases to exist, unless that Commodity Market Disruption Event continues to exist for two consecutive Commodity Business Days (measured from and including the original day that would otherwise have been the Pricing Date). In that case, the next Disruption Fallback specified in the applicable Final Terms will apply.

"Trading Day" means, for the purposes of "Disruption Fallback" and Section 7.7(e), a day when:

- (i) the Calculation Agent is open for business in London and New York; and
- (ii) the exchanges of all futures contracts included in the Commodity Reference Price are open for trading.

8. ADJUSTMENTS

8.1 Equity Linked Notes and Equity Basket Notes

The Issuer may at any time determine and declare that a Potential Adjustment Event has occurred. Following such declaration by the Issuer of any Potential Adjustment Event, the Determination Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the relevant Underlying Shares and, if so, will (i) make the corresponding adjustment(s), relevant to the exercise, settlement, payment or other terms of the Notes as the Determination Agent determines appropriate to account for that diluting or concentrative effect and (ii) determine the effective date(s) of the adjustment(s). The Determination Agent may (but need not) determine the appropriate adjustment(s) by reference to the adjustment(s) in respect of such Potential Adjustment Event made by an options exchange to options on the relevant Underlying Shares traded on that options exchange.

(a) *Consequences of Merger Events*

Following the occurrence of any Merger Event (as determined by the Determination Agent in its sole discretion), the Issuer shall either (1) make such adjustment as it, in its sole discretion, considers appropriate, if any, to the formula for the Redemption Amount and/or the Early Redemption Amount set out in the relevant Final Terms, the number of Underlying Shares to which each Note relates, the number of securities constituting a Basket of Securities, the amount, the number of or title of shares or other securities which may be delivered under such Notes and, in any case, any other variable relevant to the redemption, settlement or payment terms of the relevant Notes and/or any other adjustment, which change or adjustment shall be effective as soon as practicable after the date upon which all, or substantially all, holders of the Underlying Shares (other than, in the case of a takeover, Underlying Shares owned or controlled by the offeror) become bound to transfer the Underlying Shares held by them; or (2) if the Determination Agent determines that no adjustment that it could make under (1) will produce a commercially reasonable result, determine that the relevant Notes should be redeemed early. If the Issuer determines that the relevant Notes should be redeemed early, then the relevant Notes shall be so redeemed and the relevant Issuer's obligations under the Notes shall be satisfied in full upon payment of the Merger Event Settlement Amount on the Early Redemption Payment Date.

(b) *Nationalisation, Insolvency and Delisting*

Any of the Noteholders, the Issuer, the Determination Agent or the Issue and Paying Agent shall, upon becoming aware of the occurrence of a Nationalisation, Insolvency or Delisting, notify the

Issuer, the Issue and Paying Agent, the Determination Agent or the Noteholders, as the case may be, of such an event.

As a consequence of a Nationalisation, Insolvency or Delisting, the Notes will be redeemed as of the Announcement Date and the Issuer will pay to the Noteholder the amount specified in Condition 8.1(c) below.

(c) *Payment to the Noteholder upon a Nationalisation, Insolvency or Delisting*

- (i) If Condition 8.1(b) applies, then the Issuer will pay to the Noteholder an amount determined as provided in clause (ii) below, such payment to be made not later than three Business Days following the determination by the Determination Agent of such amount (denominated in the currency for settlement of the transaction as determined by the Determination Agent).
- (ii) The amount to be paid by the Issuer to the Noteholder under clause (i) above will be the amount determined by the Determination Agent after the date of the occurrence of the Nationalisation, Insolvency or Delisting, as the case may be, failing which it will be determined by the Determination Agent and based on quotations sought by it from four leading market dealers. Each quotation will represent the quoting dealer's expert opinion as to the fair value to the Noteholder on terms that would preserve for the Noteholder the economic equivalent of any payment or delivery (assuming satisfaction of each applicable condition precedent) by the parties in respect of the Notes that would have been required after that date but for the occurrence of the Nationalisation, Insolvency or Delisting. Each quotation will be calculated on the basis of the following information provided by the Determination Agent (and such other factors as the quoting dealer deems appropriate):
 - (A) a volatility equal to the average of the volatility of the relevant Underlying Shares for each Exchange Business Day during the two-year historical period ending on the Announcement Date of the Nationalisation, Insolvency or Delisting;
 - (B) expected dividends for the period from the Issue Date to the expected Maturity Date based on, and payable on the same dates as, amounts determined by the Determination Agent to have been paid in respect of gross ordinary cash dividends on the relevant Underlying Shares in the calendar year ending on the Announcement Date; and
 - (C) a value ascribed to the relevant Underlying Shares equal to the consideration, if any, paid in respect of such Underlying Shares to holders of such Underlying Shares at the time of the Nationalisation or Insolvency.

If more than three quotations are provided, the amount will be the arithmetic mean of the quotations, without regard to the quotations having the highest and the lowest values. If exactly three quotations are provided, the amount will be the quotation remaining after disregarding the highest and the lowest quotations. For this purpose, if more than one quotation has the same highest or lowest value, then one of such quotations will be disregarded. If two quotations are provided, the amount will be the arithmetic mean of the quotations. If one quotation is provided, the amount will equal the quotation. If no quotation is provided, the amount will be determined by the Determination Agent in its absolute discretion.

(d) *Tender Offers*

If there occurs a Tender Offer (as determined by the Determination Agent in its absolute discretion), then on or after the relevant Tender Offer Date, the Underlying Company and the Underlying Shares will not change, but the Determination Agent shall either (1) make such adjustment to the exercise, settlement, payment or other terms of the relevant Notes as the

Determination Agent considers appropriate to account for the economic effect on the relevant Notes of such Tender Offer and determine the effective date of that adjustment or (2) if the Determination Agent determines that no adjustment that it could make under (1) will produce a commercially reasonable result, determine that the relevant Notes should be redeemed early.

If the Issuer determines that the relevant Notes should be redeemed early, then the relevant Notes shall be so redeemed and the relevant Issuer's obligations under the Notes shall be satisfied in full upon payment of the Merger Event Settlement Amount on the Early Redemption Payment Date.

(e) *Substitution of Shares*

If Substitution of Shares is specified as applicable in the applicable Final Terms, if any Share shall be affected by a Merger Event, Tender Offer, Nationalisation, Insolvency or Delisting, as the case may be, (the "*Affected Shares*") then without prejudice to any other rights that the Issuer may have under the Notes, the Issuer or the Determination Agent on its behalf shall have the discretion to substitute the Affected Shares with substitute shares (the "*Substitute Shares*") as selected by the Determination Agent in its sole discretion for inclusion in the Basket of Shares as of the Announcement Date or the Tender Offer Date (such dates together, the "*Relevant Date*"), as the case may be.

The Substitute Shares shall have such criteria as the Determination Agent deems appropriate including, but not limited to, the following:

- (i) the Substitute Shares shall be of same broad economic sector as the Underlying Company of the Affected Shares;
- (ii) the issuer of the Substitute Share shall be of a similar international standing and creditworthiness as the Underlying Company of the Affected Shares; and
- (iii) the Substitute Share shall not be a Share already in the Basket of Shares.

The Initial Price of the Substitute Shares shall be determined in accordance with the following:

$$\text{Initial Price} = \text{Substitute Price} \times (\text{Affected Share}(k)/\text{Affected Share}(j))$$

where:

"*Substitute Price*" means the official closing price per Share of the relevant Substitute Shares as of the Valuation Time on the dates on which the Affected Share(j) is determined or if such date is not a Scheduled Trading Date on the relevant Exchange in respect of the Substitute Shares, the following Scheduled Trading Date of the Substitute Shares.

"*Affected Share(k)*" means the Initial Price of the relevant Affected Shares; and

"*Affected Share(j)*" means the last closing price per Share of the Affected Shares on or prior to the Relevant Date.

The Determination Agent shall notify the Noteholders as soon as practicable after the selection of the Substitute Shares and the failure by the Determination Agent to give such notice shall not however prejudice or invalidate the Substitute Shares being included in the Basket of Shares as of the time and date specified above.

8.2 Single Equity Index Notes and Basket of Indices Notes

In relation to Single Equity Index Notes and Basket of Indices Notes, the following adjustments will occur in the following circumstances:

(a) *Third Party Calculation of the Index or Substitution of Index with Substantially Similar Calculation*

If an Index is (1) not calculated and announced by the Sponsor but is calculated and announced by a successor sponsor acceptable to the Determination Agent or (2) replaced by a successor index using, in the determination of the Determination Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of that Index, then (x) the index as calculated and announced by the successor sponsor or (y) the successor index, will be deemed to be the Index.

(b) *Correction of an Index*

If the level of an Index published on any Determination Date and used or to be used by the Determination Agent to determine the relevant Index value is subsequently corrected and the correction is published by the Sponsor or a successor sponsor prior to the second Exchange Business Day preceding the Maturity Date or the Early Redemption Date, the Determination Agent shall recalculate the Redemption Amount or the Early Redemption Amount, as the case may be, using such corrected level of the relevant Index. The Determination Agent shall notify the Issuer and the Issue and Paying Agent and the Issue and Paying Agent shall notify the Noteholders of (1) that correction and (2) the amount that is payable as a result of that correction.

8.3 Other Adjustments

Adjustments will not be made in any circumstances other than those set out above, subject to the right reserved by the Issuer (such right to be exercised in the Issuer's sole and unfettered discretion and without any liability whatsoever) to make such adjustments as it believes appropriate (including, without limitation, adjustment to the Conditions) in circumstances where an event or events occur that the Issuer believes, in its sole discretion and notwithstanding any prior or concurrent adjustment made pursuant to the above, should, in the context of the issue of Notes and the obligations of the Issuer thereunder, give rise to such adjustment as is necessary to preserve the economic equivalent of the obligations of the Issuer under the Notes and to maintain the economic equilibrium of the Notes.

Notwithstanding that an adjustment is required to be made by the provisions of this Condition 8 in respect of any event affecting an Underlying Company or its Underlying Securities, or an Index or its Sponsor, the Issuer reserves the right not to make that adjustment if, at the time the adjustment is to be made pursuant thereto, an option on the relevant Underlying Share or Index is traded on any Futures or Options Exchange and no adjustment is made by that Futures or Options Exchange to the entitlement under that traded option in respect of that event.

8.4 Notice of Adjustments

All determinations made by the Determination Agent or the Issuer pursuant to this Condition 8 shall be conclusive and binding on the Noteholders except in the case of manifest error. The Issuer will give, or procure that there is given, notice as soon as practicable of any adjustment and of the date from which such adjustment is effective by publication in accordance with Condition 16.

8.5 Required Certifications

Notwithstanding the redemption of any Notes under this Condition 8 or under Condition 15, the holder of any such Notes shall not be entitled to receive payment for such Notes until such time as it shall have delivered a notice containing the information required by Condition 6.3(b)(i) or (ii) (as applicable), together with the relevant US certification as required by Condition 6.3(c) or (d) (as appropriate) to the Relevant Clearing System (with a copy to the Issue and Paying Agent).

9. LIMITS ON NUMBER OF NOTES THAT CAN BE REDEEMED

9.1 Minimum number of Notes redeemable

In respect of each Series of Notes, the Final Terms shall specify the minimum number of Notes that a Noteholder may require the Issuer to redeem at any one time in connection with an early redemption pursuant to Condition 5 or 6, and such Notes may only be redeemed by a Noteholder in such minimum units thereof.

9.2 Multiples of Notes redeemable

In respect of each Series of Notes, the Final Terms shall specify the multiple of Notes, if any, that a Noteholder may require the Issuer to redeem at any one time in connection with an early redemption pursuant to Condition 5 or 6, and such Notes may only be redeemed by a Noteholder in integral multiples thereof.

9.3 Maximum number of Notes redeemable

If the relevant Final Terms specify that the Notes are redeemable at the option of the Noteholders pursuant to Condition 5.2, the Final Terms may specify the maximum number of Notes redeemable (the "**Daily Maximum Amount**") on any particular day. If the Issue and Paying Agent determines on the Early Redemption Date that Early Redemption Notices given by Noteholders pursuant to Condition 5.2 in respect of more than the Daily Maximum Amount have been received by the Relevant Clearing System from any single Noteholder or from a group of Noteholders acting in concert, then the Issue and Paying Agent may deem the Early Redemption Date for Notes up to this Daily Maximum Amount (selected, in each case, by the Issue and Paying Agent on a *pro rata* basis, to the extent possible, (failing which such selection to be by lot in accordance with the rules of the Relevant Clearing System) to ensure that such Noteholder or group of Noteholders submitting an Early Redemption Notice pursuant to Condition 5.2 is, notwithstanding the provisions of this Condition 9.3, complying with Conditions 9.1 and 9.2) to be such day, and the Early Redemption Date for each additional number of Notes up to this Daily Maximum Amount (and any remaining number thereof) to be each of the succeeding Business Days until all Notes, in respect of which Early Redemption Notices given by Noteholders pursuant to Condition 5.2 have been received, have been attributed with an Early Redemption Date.

9.4 Minimum board lot

Notwithstanding Conditions 9.1, 9.2 and 9.3, Notes may only be redeemed in such amounts as will ensure that the number of Underlying Securities to be delivered is equal to an integral multiple of a Board Lot (as defined below). Underlying Securities will be delivered by the Issuer only in integral multiples of the applicable Board Lot. In circumstances where Notes are not capable of being redeemed in amounts that would result in the purchase of a number of Underlying Securities equal to an integral multiple of the relevant Board Lot, the Issuer shall pay the Noteholder an amount (a "**Board Lot Payment**") equal to:

$$(B - D) \times C \times E$$

where:

- B : the number of the Noteholder's Notes that are being redeemed;
- C : the number of Underlying Securities or equity units in respect of which the Noteholder is entitled to receive delivery on redemption of a Note;
- D : the maximum number of the Noteholder's Notes that can be redeemed on the Maturity Date or Early Redemption Date, as the case may be, and would result in the purchase of Underlying Securities equal to an integral multiple of the relevant Board Lot;
- E : the Settlement Price of the Underlying Securities on the Valuation Date;

unless the amount of any such Board Lot Payment is less than £1 or its equivalent in the relevant currency, in which case, no Board Lot Payment shall be made.

10. PAYMENTS

10.1 Bearer Notes

Payments of principal in respect of Notes in bearer form will be made against presentation and surrender of the relevant Notes to the Issue and Paying Agent at the office of the Issue and Paying Agent specified in the applicable Final Terms.

Payments of interest in respect of Notes in bearer form will be made against presentation outside the United States of the relevant Notes to the Issue and Paying Agent at the office of the Issue and Paying Agent specified in the applicable Final Terms, subject, in the case of payments made in respect of the Temporary Global Note of any Series, to certification of non-US beneficial ownership as provided in the relevant Temporary Global Note.

In either case, with regard to bearer Notes in global form, such payments will be made outside the United States by transfer to the account of the bearer held with Euroclear or Clearstream, Luxembourg.

If a Note in bearer form is presented for payment of principal at the office of any Issue and Paying Agent in the United States or its territories in circumstances where interest (if any is payable against presentation of such Note) is not to be paid there, the relevant Issue and Paying Agent will annotate such Note with the record of the principal paid and return it to the Holder for the obtaining of interest elsewhere.

If the due date for any payment in respect of any Note is not a Payment Day, then payment will not be made until the next succeeding Payment Day, and the holder thereof shall not be entitled to any further payment in respect of such delay.

Holders of Notes in bearer form will not be entitled to any interest or other payment for any delay in receiving any amount due in respect of any such Note as a result of a transfer made in accordance with this Condition 10.1 arriving to such holder's account after the due date for payment.

A record of each payment made in respect of a Global Note of any Series in bearer form will be made on the relevant Global Note by or on behalf of the Issue and Paying Agent, and such record shall be *prima facie* evidence that the payment in question has been made.

None of the persons appearing from time to time in the records of Euroclear or Clearstream, Luxembourg as the holder of any portion of Notes shall have any claim directly against the Issuer in respect of any payment due on the Notes, and the Issuer's obligations to make any such payment shall be discharged by payment of the requisite amount to the bearer of the relevant Global Note.

Payments by the Issuers, Guarantor (where the Notes are issued by BCCL) or any Paying Agent, as the case may be, will be subject to any fiscal or other laws and regulations.

10.2 Registered Notes

Payments of principal in respect of each Registered Note (whether or not in global form) will (subject as provided below) be made against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the Registered Note at the specified office of the Registrar or any of the Paying Agents. Such payments will be made by transfer to the account designated by the holder (or the first named of joint holders) of the Registered Note appearing in the Register at the close of business on the third business day (being for the purpose of this Condition 10.2 a day on which banks are open for business in the city where the specified office of the Registrar is located) before the relevant due date.

Payments of interest in respect of each Registered Note will (subject as provided below) be made on the relevant due date or next succeeding Business Day to the holder (or the first named of joint holders) of the Registered Note appearing in the Register at the close of business on the fifteenth day (whether or not such fifteenth day is a business day) before the relevant due date (the "**Record Date**") by electronic transfer to

such holder's account at the Relevant Clearing System or, in the case of Notes represented by certificates, by electronic transfer to the holder's account as designated in writing by the holder in accordance with Condition 16.2.

Payments of principal and interest in respect of Notes represented by a Global Note in registered form registered in the name of a nominee for DTC will, if such Notes are denominated in US dollars, be made in accordance with the above two paragraphs. Payments of principal and interest in respect of Notes represented by a Global Note in registered form registered in the name of a nominee for DTC will, if such Notes are denominated in a Currency other than US dollars, be made or procured to be made by the Issue and Paying Agent in the relevant Currency in accordance with the following provisions. The amounts in such Currency payable by the Issue and Paying Agent or its agent to DTC with respect to such Notes will be received from the Issuer by the Issue and Paying Agent who will make payments in such Currency by wire transfer of same day funds to the designated bank account in such Currency of those DTC participants entitled to receive the relevant payment who have made an irrevocable election to DTC, in the case of interest payments, on or prior to the third DTC business day after the Record Date for the relevant payment of interest and, in the case of payments of principal, at least 12 DTC business days prior to the relevant payment date, to receive that payment in such Currency. The conversion Agent, after conversion of amounts in such Currency into US dollars, will deliver such US dollar amount in same day funds to DTC for payment through its settlement system to those DTC participants entitled to receive the relevant payment who did not elect to receive such payment in such Currency. The Master Agency Agreement sets out the manner in which such conversions are to be made. "*DTC business day*" means any day on which DTC is open for business.

Holders of Registered Notes will not be entitled to any interest or other payment for any delay in receiving any amount due in respect of any Registered Note as a result of a transfer made in accordance with this Condition 10.2 arriving to such holder's account after the due date for payment. No commissions or expenses shall be charged to such holders by the Registrar in connection with any payments of principal or interest in respect of the Registered Notes.

If the due date for any payment in respect of any Note is not a Payment Day, then payment will not be made until the next succeeding Payment Day in the relevant place, and the holder thereof shall not be entitled to any further payment in respect of such delay.

A record of each payment made in respect of a Registered Global Note of any Series will be made on the relevant Global Note by or on behalf of the Issue and Paying Agent, and such record shall be *prima facie* evidence that the payment in question has been made.

None of the Issuer or the Agents will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests. None of the persons appearing from time to time in the records of Euroclear or Clearstream, Luxembourg or DTC as the holder of any portion of Notes shall have any claim directly against the Issuer in respect of any payment due on the Notes, and the Issuer's obligations to make any such payment shall be discharged by payment of the requisite amount to the registered holder of the relevant Registered Global Note.

Payments by the Issuers, Guarantor (where the Notes are issued by BCCL) or any Paying Agent, as the case may be, will be subject to any fiscal or other laws and regulations.

11. THE ISSUE AND PAYING AGENT, THE REGISTRAR, THE DETERMINATION AGENT AND THE PAYING AGENTS

11.1 Changes in Agents

The Issuers reserve the right at any time (and in relation to all Notes or, as the case may be, the Notes of a given Series) to vary or terminate the appointment of the Issue and Paying Agent, the Registrar, the Transfer Agent, the Determination Agent and any Paying Agent and to appoint other or additional paying agents provided that (i) so long as any Notes are listed on the official list of the Financial Services Authority in its capacity as the competent authority under the Financial Services and Markets Act 2000 and traded on the London Stock Exchange's Regulated Market, there will always be a Paying Agent in

London and (ii) there will always be a Paying Agent (which may be the Issue and Paying Agent) with a specified office in a European Union member state that will not be obliged to withhold or deduct amounts for or on account of tax pursuant to the European Union Directive on the taxation of savings income, which was adopted on 3 June 2003 and which implements the conclusions of the ECOFIN Council Meeting of 26-27 November 2000, or any law implementing or complying with, or introduced in order to conform to, such Directive. In acting under the Master Agency Agreement, the Issue and Paying Agent, the Registrar, the Transfer Agents, the Determination Agent and the Paying Agents are acting solely as agents of the Issuers and do not assume any obligations or duty to, or any relationship of agency or trust for or with, the Noteholders.

11.2 Amendments to the Master Agency Agreement

The Master Agency Agreement may be amended by the parties to it without the consent of or notification to the Noteholders, for the purposes of (i) permitting the issue by either Issuer of additional Notes of any kind not contemplated herein, (ii) curing any ambiguity, (iii) curing, correcting or supplementing any defective provisions contained herein, (iv) in any manner which the parties may mutually deem necessary or desirable that will not materially adversely affect the interests of the Noteholders or (v) in any other manner with the prior consent of the requisite majority of Noteholders as specified in Appendix A10 of the Master Agency Agreement.

11.3 Calculations

The Issue and Paying Agent and the Determination Agent, as appropriate, shall have no responsibility for errors or omissions in any calculations and determinations made hereunder, and all such calculations and determinations shall (save in the case of manifest error) be final and binding on the Issuer, the Guarantor (where the Notes are issued by BCCL), the Paying Agents, the Determination Agent and the Noteholders.

12. TAXATION

A Noteholder whose Notes are redeemed shall pay all Taxes payable in connection with (i) the payment of the Interest Amount, or the redemption of such Notes and/or the payment of the Redemption Amount and/or the Early Redemption Amount and/or the Credit Event Redemption Amount and/or the Cash Settlement Amount and/or the Disruption Redemption Amount or (ii) the transfer or delivery of Reference Assets or the Deliverable Obligations or Deliverable Amount and/or the relevant Transfer Documentation (including, in the case of a Reference Asset that is an equity unit, the transfer or delivery of any security comprised in such equity unit) as a result of such redemption. Neither the Issuer nor the Guarantor (where the Notes are issued by BCCL) is liable for or otherwise obliged to pay any Taxes that may arise as a result of the ownership, transfer, redemption or enforcement of any Note.

Except as otherwise specified in the relevant Final Terms, all payments of principal and interest in respect of the Notes shall be made without withholding or deduction for or on account of any present or future Taxes of whatever nature imposed or levied by or on behalf of (in the case of Notes issued by the Bank) the United Kingdom (or any authority or political subdivision thereof having power to tax) or (in the case of Notes issued by BCCL) the Cayman Islands (or any authority or political subdivision thereof having power to tax) unless the Issuer is required by law to withhold or deduct any such Taxes. In that event, the Issuer shall make such payment after such withholding or deduction.

In such event, the Issuer shall pay such additional amounts ("***Additional Amounts***") as may be necessary in order that the net amounts receivable by the relevant Noteholder after such withholding or deduction shall equal the respective amounts of principal and interest that would have been receivable by such Noteholder in the absence of such withholding or deduction. No Additional Amounts shall be payable, however, for or on account of any Taxes in respect of Notes:

- (a) to, or to a third party on behalf of, a Noteholder who is liable to such Taxes in respect of such Notes by reason of his having a connection with the United Kingdom or the Cayman Islands (as appropriate) other than the mere holding of the Notes; or
- (b) presented for payment more than 30 days after the date on which the relevant payment first became due (or, if the full moneys payable have not been duly received by the Issue and Paying

Agent on or prior to such date, the date on which such moneys have been so received), except to the extent that the Noteholder would have been entitled to an Additional Amount on presenting such Note for such payment on the last day of such 30 day period; or

13. PRESCRIPTION

If any Note is mutilated or defaced it must be surrendered before replacements will be issued.

15. UNLAWFULNESS OR IMPRACTICABILITY

The Issuer shall have the right to redeem the Notes if the Determination Agent determines that the performance of the obligations of the Issuer or the obligations of the Guarantor (where BCCL is the Issuer) under the Notes, or any arrangements made to hedge the Issuer's obligations under the Notes, have or shall become unlawful in whole or in part as a result of compliance with any applicable present or future law, rule, regulation, judgement, order or directive of any governmental, administrative, legislative or judicial authority or power. The Issuer shall further have the right to redeem the Notes if the Determination Agent determines that by reason of force majeure or act of state occurring after the Issue Date on any day the Issuer or the Guarantor (in the case of Notes issued by BCCL) is prevented from performing any absolute or contingent obligation to make a payment or delivery in respect of such Notes or from complying with any other material condition of the Notes (or would be so prevented if such payment, delivery or compliance were required on that day) or it becomes impossible or impracticable for the Issuer or Guarantor so to perform or comply (or it would be impossible or impracticable for the Issuer or Guarantor so to perform or comply if such payment, delivery or compliance were required on that day) so long as the force majeure or act of state is beyond the control of the Issuer or Guarantor and the Issuer or the Guarantor could not, after using all reasonable efforts (which will not require the Issuer or the Guarantor to incur a loss other than immaterial, incidental expenses) overcome such prevention, impossibility or impracticability. In such circumstances, the Issuer will, as soon as practicable following such determination, pay to each Noteholder in respect of each Note held by it an amount determined by the

Determination Agent in its sole discretion, as representing the Early Redemption Amount in respect of such Notes.

Payment will be made in such manner as shall be notified to the Noteholders in accordance with Condition 16, as applicable and shall be subject to receipt of the required notice described under Condition 6.3(a)(iii) or 6.5(a)(iii).

In the event of any such substitution, any reference in these Conditions to the Issuer shall be construed as a reference to the New Issuer. Such substitution shall be promptly notified to the Noteholders in accordance with Condition 16. In connection with such right of substitution, the Issuer shall not be obliged to have regard to the consequences of the exercise of such right for individual Noteholders resulting from their being for any purpose domiciled or resident in, or otherwise connected with or subject to the jurisdiction of, any particular territory, and no Noteholder shall be entitled to claim from the Issuer any indemnification or payment in respect of any tax consequence of any such substitution upon such Noteholder.

17.2 The Guarantor

The Bank as Issuer and Guarantor shall be entitled at any time, without the consent of the Noteholders, to substitute any other entity the identity of which shall be in the absolute discretion of the Bank in place of the Bank as Issuer or, in relation to Notes issued by BCCL, the Guarantor (the "*New Issuer*" or "*New Guarantor*" as the case may be) to act as issuer in respect of Notes issued by it and as guarantor in respect of the obligations of BCCL under any Series of Notes issued by BCCL that is then outstanding under the Programme and any Series of Notes issued by BCCL thereafter, provided that (i) the New Issuer/New Guarantor's long term unsecured, unsubordinated and unguaranteed debt obligations are rated at least the same as the Bank's long term rating at the date on which the substitution is to take effect or the New Issuer/New Guarantor has an equivalent long term rating from another internationally recognised rating agency, (ii) the New Guarantor enters into a guarantee on substantially the same terms as the Guarantee (a "*New Guarantee*"), (iii) in the case of Restricted Notes, the new Issuer would not be an "investment company" required to register as such under the US Investment Company Act of 1940, as amended, and (iv) no event of default as set out in Condition 24 shall occur as a result thereof.

In the event of any such substitution, any reference in these Conditions to the Bank as Issuer or as Guarantor shall be construed as a reference to the New Issuer/New Guarantor and any reference to the Guarantee shall be construed as a reference to the New Guarantee. Such substitution shall be promptly notified to the Noteholders of each Series then outstanding in accordance with Condition 16. In connection with such right of substitution, the Bank as Issuer or as Guarantor shall not be obliged to have regard to the consequences of the exercise of such right for individual Noteholders resulting from their being for any purpose domiciled or resident in, or otherwise connected with or subject to the jurisdiction of, any particular territory, and no Noteholder shall be entitled to claim from the Bank as Issuer or as Guarantor or the New Issuer/New Guarantor any indemnification or payment in respect of any tax consequence of any such substitution upon such Noteholder.

18. GOVERNING LAW

The Notes and the Master Agency Agreement are governed by and shall be construed in accordance with English law. BCCL irrevocably agrees for the exclusive benefit of each Noteholder that the courts of England are to have jurisdiction to settle any disputes that may arise out of or in connection with the Notes and that accordingly any suit, action or proceeding (together, in this Condition, referred to as "*Proceedings*") arising out of or in connection with the Notes may be brought in such courts. Nothing contained in this Condition shall limit the right of any Noteholder to take Proceedings in any other court of competent jurisdiction, nor shall the taking of Proceedings in one or more jurisdictions preclude the taking of Proceedings in any other jurisdiction, whether concurrently or not. This Condition 20 shall apply in connection with any adjustments made to any of the Notes in accordance with Condition 8.

Any such modification shall be binding on the Noteholders and any such modification shall be notified to the Noteholders in accordance with Condition 16 as soon as practicable thereafter. Failure to give, or non-receipt of, such notice will not affect the validity of such modification.

An Extraordinary Resolution passed at any meeting of the Noteholders shall be binding on all the Noteholders, regardless of whether they are present at the meeting, save for those Notes outstanding but in respect of which an Early Redemption Notice shall have been received as described in Condition 5.2 prior to the date of the meeting. BOOK-ENTRY PROCEDURES FOR RULE 144A GLOBAL NOTES DEPOSITED WITH DTC

The Rule 144A Global Notes will be issued in the form of registered notes in global form, without interest coupons. Upon issuance, one or more global notes will be deposited with either (i) the Agent as custodian for The Depository Trust Company ("**DTC**") and registered in the name of Cede & Co., as nominee of DTC, or (ii) a common depository on behalf of Clearstream Banking, société anonyme and Euroclear Bank S.A./N.V.

Ownership of beneficial interests in a global note deposited with DTC will be limited to persons who have accounts with DTC ("**DTC Participants**") or persons who hold interests through DTC Participants. The Issuers expect that under procedures established by DTC:

- upon deposit of a global note with DTC's custodian, DTC will credit portions of the principal amount of the global note to the accounts of the DTC Participants designated by the Manager; and
- ownership of beneficial interests in a global note will be shown on, and transfer of ownership of those interests will be effected only through, records maintained by DTC (with respect to interests of DTC Participants) and the records of DTC Participants (with respect to other owners of beneficial interests in the global note).

Beneficial interests in a global note may not be exchanged for notes in physical, certificated form except in the limited circumstances described below.

Any global note and beneficial interests in the global note will be subject to restrictions on transfer as described under "Transfer Restrictions for Registered Notes."

Book-Entry Procedures for Global Notes

All interests in global notes will be subject to the operations and procedures of DTC. The following summary of those operations and procedures are provided solely for the convenience of investors. The operations and procedures of DTC are controlled by DTC and may be changed at any time. Neither the Issuers nor the Manager is responsible for those operations or procedures.

DTC has advised the Issuers that it is:

- a limited purpose trust company organized under the New York Banking Law;
- a "banking organization" within the meaning of the New York Banking Law;
- a member of the Federal Reserve System;
- a "clearing corporation" within the meaning of the New York Uniform Commercial Code; and
- a "clearing agency" registered pursuant to the provisions of Section 17A of the US Securities Exchange Act of 1934, as amended (the "**Exchange Act**").

DTC was created to hold securities for its participants and to facilitate the clearance and settlement of securities transactions between its participants through electronic book-entry changes to the accounts of its participants, thereby eliminating the need for physical transfer and delivery of certificates. DTC's Participants include securities brokers and dealers, including the initial purchasers; banks and trust companies; clearing corporations and other organizations. Indirect access to DTC's system is also available to others such as banks, brokers, dealers and trust companies; these indirect participants clear through or maintain a custodial relationship with a DTC Participant, either directly or indirectly. Investors who are not DTC Participants may beneficially own securities held by or on behalf of DTC only through DTC Participants or indirect participants in DTC.

So long as DTC's nominee is the registered owner of a global note, that nominee will be considered the sole owner or holder of the notes represented by that global note for all purposes under the Master Agency Agreement. Except as provided below, owners of beneficial interests in a global note:

- will not be entitled to have notes represented by a global note registered in their names;
- will not receive or be entitled to receive physical, certificated notes; and
- will not be considered the owners or holders of the Notes under the Master Agency Agreement for any purpose, including with respect to the giving of any direction, instruction or approval to the Agent under the Master Agency Agreement.

As a result, each investor who owns a beneficial interest in a global note must rely on the procedures of DTC to exercise any rights of a holder of notes under the Master Agency Agreement (and, if the investor is not a participant or an indirect participant in DTC, on the procedures of the DTC Participant through which the investor owns its interest).

Payments of principal, premium (if any), additional amounts (if any) and interest (if any) with respect to the Notes represented by a Global Note will be made by the Agent to DTC's nominee as the registered holder of the Global Notes. Neither the Issuers nor the Agent will have any responsibility or liability for the payment of amounts to owners of beneficial interests in a Global Note, for any aspect of the records relating to or payments made on account of those interests by DTC, or for maintaining, supervising or reviewing any records of DTC relating to those interests.

Payments by DTC Participants and indirect participants in DTC to the owners of beneficial interests in a Global Note will be governed by standing instructions and customary industry practice and will be the responsibility of those DTC Participants or indirect participants and DTC.

Transfers between in DTC Participants will be effected under DTC's procedures and will be settled in same-day funds.

Certificated Notes

Notes in physical, certificated form ("*certificates*") will be issued and delivered to each person that DTC identifies as a beneficial owner of the related notes only on the occurrence of one of the following events (for these purposes, an "*Exchange Event*"):

- DTC notifies the relevant Issuer at any time that it is unwilling or unable to continue as depository for the Global Notes and a successor depository is not appointed within 90 days;
- DTC ceases to be registered as a clearing agency under the Exchange Act and a successor depository is not appointed within 90 days; or
- the relevant Issuer, at its option, notifies the Agent that it elects to cause the issuance of certificated notes.

The laws of some countries and some states in the United States require that certain persons take physical delivery in definitive form of securities that they own. Consequently, the ability to transfer beneficial interests in a Global Note to such persons may be limited to that extent. Because DTC can act only on behalf of DTC Participants, the ability of a person having beneficial interests in a Global Note deposited with DTC to pledge such interests to persons or entities that do not participate in the relevant clearing system, or otherwise take actions in respect of such interests, may be affected by the lack of a physical certificate evidencing such interests.

The Certificates of this series (such Certificates being hereinafter referred to as the "**Certificates**") are issued by whichever of Barclays Capital (Cayman) Limited ("**BCCL**") or Barclays Bank PLC (the "**Bank**") is specified in the applicable Final Terms (the "**Issuer**") and references to the Issuer shall be construed accordingly. The Certificates are issued pursuant to an amended and restated Master Agency Agreement dated [27] March 2008 (such Master Agency Agreement as amended and/or supplemented and/or restated from time to time, the "**Master Agency Agreement**") between BCCL as issuer, the Bank as issuer and (where the Issuer is BCCL) guarantor (in such capacity, the "**Guarantor**"), The Bank of New York as principal certificate agent (the "**Issue and Paying Agent**" which expression shall include any successor principal certificate agent), J.P. The Bank shall undertake the duties of calculation agent (the "**Calculation Agent**") in respect of the Certificates as set out below and in the applicable Final Terms unless another entity is so specified as calculation agent in the applicable Final Terms. The expression Calculation Agent shall, in relation to the relevant Certificates, include such other specified calculation agent. The Certificates are constituted by the Master Agency Agreement as amended and/or supplemented by the applicable Final Terms and shall become valid obligations of the Issuer when the applicable Final Terms is attached to the relevant Global Certificate (the "**Global Certificate**").

In the event that the applicable Final Terms specifies that the Certificates issued by the Bank are eligible for sale in the United States (such eligibility to be pursuant to an exemption from the registration requirements of the United States Securities Act of 1933, as amended (the "**Securities Act**")), (A) the Certificates will be sold in the United States to qualified institutional buyers ("**QIBs**") within the meaning of Rule 144A under the Securities Act ("**Rule 144A**") and will be represented by a Rule 144A Global Certificate in registered form (the "**Rule 144A Global Certificate**"), and (B) Certificates will otherwise be sold outside the United States to non-US persons in reliance on Regulation S and will be represented by a Regulation S Global Certificate in registered form (the "**Regulation S Global Certificate**"). Trust Company ("**DTC**") or (ii) deposited with a Common Depository, as specified in the applicable Final Terms. Each Registered Global Certificate will be held by the Luxembourg Registrar on behalf of the Holders (as defined in Condition 1(E)).

In the case of Certificates represented by a Rule 144A Global Certificate held by a Custodian on behalf of DTC, if DTC notifies the Issuer that it is unwilling or unable to continue as a depository for that Rule 144A Global Certificate, or if at any time DTC ceases to be a clearing agency registered under the United States Securities Exchange Act of 1934, as amended, and, in each case, a successor depository is not appointed by the Issuer within 90 days of such notice or if the Issuer, at its option, elects to cause the Issuance of definitive certificates, the Issuer will deliver Certificates in definitive registered form (bearing such legends as may be required by the Issuer) in exchange for that Rule 144A Global Certificate. In that case, (i) that eighth Scheduled Trading Day shall be deemed to be the Valuation Date for the Affected Item, notwithstanding the fact that such day is a Disrupted Day, and (ii) the Calculation Agent shall determine the Settlement Price using, in relation to the Affected Item, the level or value as applicable, determined in the manner set out in the applicable Final Terms, and, in the case of a Share, Debt Security or Commodity a price determined in the manner set out in the applicable Final Terms or, if not set out or if not practicable, using:
- (x) in the case of an Index, the level of that Index as of the Valuation Time on that eighth Scheduled Trading Day in accordance with the formula for and method of calculating that Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on that eighth Scheduled Trading Day of each security/commodity comprised in that Index (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant security/commodity on that eighth Scheduled Trading Day, its good faith estimate of the value for the relevant security/commodity as of the Valuation Time on that eighth Scheduled Trading Day); or

If the relevant Exchange closes prior to its Scheduled Closing Time and the specified Valuation Time is after the actual closing time for its regular trading session, then the Valuation Time shall be such actual closing time.

5. REDEMPTION OF CERTIFICATES

Subject as provided in these Terms and Conditions and as specified in the applicable Final Terms, each Certificate will be redeemed by the Issuer:

- (i) in the case of a Cash Settled Certificate, by payment of the Cash Settlement Amount; or
- (ii) in the case of a Physical Delivery Certificate, subject as provided in Condition 6(B) below, by delivery of the Entitlement,

If (i) the date for payment of any amount in respect of the Certificates is not a Business Day, the holder thereof shall not be entitled to payment until the next following Business Day and shall not be entitled to any further payment in respect of such delay or (ii) the date for delivery of any Entitlement in respect of the Certificates is not a Settlement Business Day (as defined in Condition 6(B)(7)), the Holder thereof shall not be entitled to delivery of the Entitlement until the next following Settlement Business Day.

6. PAYMENTS AND PHYSICAL DELIVERY

(A) Payments

(1) *Payments in respect of Certificates represented by a Permanent Global Certificate*

The Issuer or, (where the Issuer is BCCL) failing the Issuer, the Guarantor shall pay or cause to be paid the Cash Settlement Amount (if any) for each Certificate represented by a Permanent Global Certificate by credit or transfer in the relevant Settlement Currency to the account (which, in the case of a payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) maintained by the payee with a bank in the principal financial centre of the county of such Settlement Currency (which, if the Settlement Currency is Australian dollars or New Zealand dollars, shall be Sydney or Auckland, respectively) or, in the case of payments in euro, by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee for value on the Redemption Date less any Expenses. Payments will (subject as provided below) be made in the manner specified above and otherwise in the manner specified in the Permanent Global Certificate against presentation or surrender, as the case may be, of the Permanent Global Certificate at the specified office of the Issue and Paying Agent outside the United States. A record of each payment made against presentation or surrender of the Permanent Global Certificate will be made on the Permanent Global Certificate by the Issue and Paying Agent upon presentation or surrender and such record shall be *prima facie* evidence that the payment in question has been made.

The Holder of the Permanent Global Certificate shall be the only person entitled to receive payments in respect of the Certificates represented by the Permanent Global Certificate and the Issuer or, as the case may be, the Guarantor will be discharged by payment to, or to the order of, the Holder of the Permanent Global Certificate in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the beneficial holder of a particular amount of Certificates represented by the Permanent Global Certificate must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for his share of each payment so made by the Issuer or, as the case may be, the Guarantor to, or to the order of, the holder of the Permanent Global Certificate.

Payments will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment.

(2) *Payments in respect of Certificates represented by a Regulation S Global Certificate or a Rule 144A Global Certificate*

Subject as provided below, the Issuer shall pay or cause to be paid the Cash Settlement Amount (if any) for each Certificate represented by a Regulation S Global Certificate or a Rule 144A Global Certificate on the Redemption Date less any Expenses.

Payments in respect of Certificates represented by a Regulation S Global Certificate or a Rule 144A Global Certificate will be made against presentation and surrender of the relevant Global Certificate at the specified office of (i) in respect of a Regulation S Global Certificate or a Rule 144A Global Certificate held by a Common Depositary on behalf of Clearstream, Luxembourg and Euroclear, any Certificate Agent outside of the United States and (ii) in respect of a Rule 144A Global Certificate held by a Custodian on behalf of DTC, the New York Agent. Such payments will be made by transfer to the

Designated Account (as defined below) of the Holder (or the first named of joint Holders) of the relevant Global Certificate at the close of business on the third New York Business Day before the relevant due date. Notwithstanding the previous sentence, if (i) a Holder does not have a Designated Account (as defined below), payment will instead be made or (ii) the Cash Settlement Amount payable in respect of Certificates held by a Holder is less than US\$250,000 (or its approximate equivalent in any other Settlement Currency), payment may, at the sole and absolute discretion of the Issuer, instead be made, in either case by a cheque in the Specified Currency drawn on a Designated Bank (as defined below). For these purposes, "**Designated Account**" means the account (which, in the case of a payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) maintained by a holder with a Designated Bank and identified as such by the Holder and "**Designated Bank**" means (in the case of payment in a Settlement Currency other than euro) a bank in the principal financial centre of the country of such Settlement Currency (which, if the Settlement Currency is Australian dollars or New Zealand dollars, shall be Sydney or Auckland, respectively) and (in the case of a payment in euro) any bank which processes payments in euro.

Holders of Certificates represented by a Regulation S Global Certificate or Rule 144A Global Certificate will not be entitled to any interest or other payment for any delay in receiving any amount due in respect of any Certificate as a result of a cheque posted in accordance with this Condition 6(A)(2) arriving after the due date for payment or being lost in the post. No commissions or expenses shall be charged to such Holders by the New York Agent in respect of any payments in respect of the Certificates.

All amounts payable to DTC or its nominee as registered holder of a Rule 144A Global Certificate in respect of Certificates in a Settlement Currency other than US dollars shall be paid by transfer by the New York Agent to an account in the relevant Settlement Currency of the New York Agent on behalf of DTC or its nominee for conversion into and payment in US dollars in accordance with the provisions of the Master Agency Agreement.

None of the Issuer or the Certificate Agents will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Rule 144A Global Certificates or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

The Holder of a Rule 144A Global Certificate shall be the only person entitled to receive payments in respect of Certificates represented by such Rule 144A Global Certificate and the Issuer will be discharged by payment to, or to the order of, the Holder of such Rule 144A Global Certificate in respect of each amount so paid. Each of the persons shown in the records of Euroclear, Clearstream, Luxembourg or DTC as the beneficial holder of a particular nominal amount of Certificates represented by such Rule 144A Global Certificate must look solely to Euroclear, Clearstream, Luxembourg or DTC, as the case may be, for his share of each payment so made by the Issuer or, as the case may be, the Guarantor to, or to the order of, the holder of such Global Certificate.

Payments will be subject in all cases to any fiscal or other laws and regulations applicable thereto in place of payment.

(3) *Payments in respect of Certificates represented by a Registered Global Certificate*

Payments in respect of Certificates represented by a Registered Global Certificate will be made by transfer to the Designated Account (as defined below) of the Holder (or the first named of joint Holders) of the Registered Global Certificate appearing in the register of holders of the Certificates maintained by the Luxembourg Registrar at the close of business on the second business day (being for this purpose a day on which banks are open for business in the city where the specified office of the Luxembourg Registrar is located) (the "**Record Date**") before the relevant due date. Notwithstanding the previous sentence, if a Holder does not have a Designated Account, payment will instead be made by a cheque in the Specified Currency drawn on a Registered Designated Bank (as defined below). For these purposes, "**Designated Account**" means the account (which, in the case of a payment in Japanese yen to a non resident of Japan, shall be a non resident account) maintained by the Holder with a Designated Bank and specified as such by the Holder and "**Designated Bank**" means (in the case of payment in a Settlement Currency other than euro) a bank in the principal financial centre of the country of such Settlement Currency (which, if the

Settlement Currency is Australian dollars or New Zealand dollars, shall be Sydney or Auckland, respectively) and (in the case of a payment in euro) any bank which processes payments in euro.

Holders of Certificates represented by a Registered Global Certificate will not be entitled to any interest or other payment for any delay in receiving any amount due in respect of any Certificate as a result of a cheque posted in accordance with this Condition arriving after the due date for payment or being lost in the post. No commissions or expenses shall be charged to such Holders by the Luxembourg Registrar in respect of any payments in respect of the Certificates.

None of the Issuer, the Guarantor, the Luxembourg Registrar or the Certificate Agents will have any responsibility or liability for any aspect of records relating to, or payments made on account of, beneficial ownership interests in the Registered Global Certificates or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Payments will be subject in all cases to any fiscal or other laws and regulations applicable thereto in place of payment.

(5) *Determinations and Delivery*

Any determination as to whether an Asset Transfer Notice is duly completed and in proper form shall be made, in the case of Certificates represented by a Permanent Global Certificate, a Regulation S Global Certificate or a Rule 144A Global Certificate held by a Common Depositary on behalf of Clearstream, Luxembourg and Euroclear only, by Clearstream, Luxembourg or Euroclear, as the case may be, or, in the case of Certificates represented by a Registered Global Certificate, the Luxembourg Registrar or, in the case of Certificates represented by a Rule 144A Global Certificate held by a Custodian on behalf of DTC, the New York Agent, in each case, in consultation with the Issue and Paying Agent, and shall be conclusive and binding on the Issuer, (where the Issuer is BCCL) the Guarantor, the Certificate Agents, the Luxembourg Registrar and the relevant Holder. Subject as set out below, any Asset Transfer Notice so determined to be incomplete or not in proper form, or which is not copied to the Issue and Paying Agent immediately after being delivered or sent to Clearstream, Luxembourg, Euroclear, the New York Agent or the Luxembourg Registrar, as the case may be, as provided in paragraphs (1), (2) or (3), as applicable, above, shall be null and void.

If such Asset Transfer Notice is subsequently corrected to the satisfaction of Clearstream, Luxembourg, Euroclear, the New York Agent or the Luxembourg Registrar, as the case may be, in consultation with the Issue and Paying Agent, it shall be deemed to be a new Asset Transfer Notice submitted at the time such correction was delivered to Clearstream, Luxembourg, Euroclear, the New York Agent or the Luxembourg Registrar, as the case may be, and the Issue and Paying Agent.

Clearstream, Luxembourg, Euroclear, the New York Agent or the Luxembourg Registrar, as the case may be, shall use its best efforts promptly to notify the Holder submitting an Asset Transfer Notice if, in consultation with the Issue and Paying Agent, it has determined that such Asset Transfer Notice is incomplete or not in proper form. In the absence of negligence or wilful misconduct on its part, none of the Issuer, (where the Issuer is BCCL) the Guarantor, the Issue and Paying Agent, Clearstream, Luxembourg, Euroclear, the New York Agent or the Luxembourg Registrar shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Holder.

No Asset Transfer Notice may be withdrawn after receipt thereof by Clearstream, Luxembourg, Euroclear, the New York Agent, the Luxembourg Registrar or the Issue and Paying Agent, as the case may be, as provided above. After delivery of an Asset Transfer Notice, the relevant Holder may not transfer the Certificates which are the subject of such notice.

The Entitlement will be delivered at the risk of the relevant Holder, in the manner provided below on the Redemption Date (such date, subject to adjustment in accordance with this Condition, the "**Delivery Date**"), provided that the Asset Transfer Notice is duly delivered to Clearstream, Luxembourg, Euroclear, the New York Agent or the Luxembourg Registrar, as the case may be, with a copy to the Issue and Paying Agent, as provided above on or prior to the Cut-Off Date.

If a Holder fails to give an Asset Transfer Notice as provided herein with a copy to the Issue and Paying Agent, on or prior to the Cut-Off Date, then the Entitlement will be delivered as soon as practicable after the Redemption Date (in which case, such date of delivery shall be the "**Delivery Date**") at the risk of such Holder in the manner provided below. For the avoidance of doubt, in such circumstances such Holder shall not be entitled to any payment, whether of interest or otherwise, as a result of such Delivery Date falling after the Redemption Date and no liability in respect thereof shall attach to the Issuer or (where the Issuer is BCCL) the Guarantor.

The Issuer shall at the risk of the relevant Holder, deliver or procure the delivery of the Entitlement for each Certificate, pursuant to the details specified in the Asset Transfer Notice or in such commercially reasonable manner as the Calculation Agent shall in its sole discretion determine and notify to the person designated by the Holder in the relevant Asset Transfer Notice. All Expenses arising from the delivery of the Entitlement in respect of such Certificates shall be for the account of the relevant Holder and no delivery of the Entitlement shall be made until all Expenses have been paid to the satisfaction of the Issuer by the relevant Holder.

(6) *General*

Certificates held by the same Holder will be aggregated for the purpose of determining the aggregate Entitlements in respect of such Certificates PROVIDED THAT the aggregate Entitlements in respect of the same Holder will be rounded down to the nearest whole unit of the Relevant Asset or each of the Relevant Assets, as the case may be, in such manner as the Calculation Agent shall determine. Therefore, fractions of the Relevant Asset or of each of the Relevant Assets, as the case may be, will not be delivered and no cash adjustment will be made in respect thereof.

Following the Delivery Date of a Share Certificate all dividends on the relevant Shares to be delivered will be payable to the party that would receive such dividend according to market practice for a sale of the Shares executed on the Delivery Date and to be delivered in the same manner as such relevant Shares. Any such dividends to be paid to a Holder will be paid to the account specified by the Holder in the relevant Asset Transfer Notice.

For such period of time after delivery of the Entitlement as the Issuer or any person acting on behalf of the Issuer shall continue to be the legal owner of the securities comprising the Entitlement (the "**Intervening**

Period"), none of the Issuer, (where the Issuer is BCCL) the Guarantor, the Calculation Agent nor any other person shall at any time (i) be under any obligation to deliver or procure delivery to any Holder any letter, certificate, notice, circular or any other document or, except as provided herein, payment whatsoever received by that person in respect of such securities or obligations, (ii) be under any obligation to exercise or procure exercise of any or all rights (including, without limitation, any voting rights) attaching to such securities or obligations or (iii) be under any liability to a Holder in respect of any loss or damage which such Holder may sustain or suffer as a result, whether directly or indirectly, of that person being registered during such Intervening Period as legal owner of such securities or obligations.

(7) *Settlement Disruption*

If, in the opinion of the Calculation Agent, delivery of the Entitlement using the method of delivery specified in the applicable Final Terms or such commercially reasonable manner as the Calculation Agent has determined is impossible or impracticable by reason of a Settlement Disruption Event (as defined below) having occurred and continuing on the Delivery Date, then the Delivery Date shall be postponed to the first following Settlement Business Day in respect of which there is no such Settlement Disruption Event, provided that the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Certificate by delivering the Entitlement using such other commercially reasonable manner as it may select and in such event the Delivery Date shall be such day as the Issuer deems appropriate in connection with delivery of the Entitlement in such other commercially reasonable manner. For the avoidance of doubt, where a Settlement Disruption Event affects some but not all of the Relevant Assets comprising the Entitlement, the Delivery Date for the Relevant Assets not affected by the Settlement Disruption Event will be the originally designated Delivery Date. For so long as delivery of the Entitlement is impossible or impracticable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof, the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Certificate by payment to the relevant Holder of the Disruption Cash Settlement Price (as defined below) on the fifth Business Day following the date that notice of such election is given to the Holders in accordance with Condition 10. Payment of the Disruption Cash Settlement Price will be made in such manner as shall be notified to the Holders in accordance with Condition 10. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with Condition 10 that a Settlement Disruption Event has occurred. No Holder shall be entitled to any payment in respect of the relevant Certificate in the event of any delay in the delivery of the Entitlement due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer or (where the Issuer is BCCL) the Guarantor.

For the purposes hereof:

"Disruption Cash Settlement Price", in respect of any relevant Certificate, shall be the fair market value of such Certificate (taking into account, where the Settlement Disruption Event affected some but not all of the Relevant Assets comprising the Entitlement and such non-affected Relevant Assets have been duly delivered as provided above, the value of such Relevant Assets), less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements, all as determined by the Issuer in its sole and absolute discretion; and

"Clearance System" means, in respect of a Physical Delivery Certificate:

- (a) if the Entitlement comprises a Relevant Asset, the Clearance System or any successor to such Clearance System for such Relevant Asset specified in the applicable Final Terms; or
- (b) if (i) the Entitlement comprises a Relevant Asset and no Clearance System is specified for such Relevant Asset in the applicable Final Terms or (y) the Entitlement comprises a Substitute Asset, the principal domestic clearance system customarily used for settling trades in the relevant Asset or Substitute Asset, as the case may be, on the Delivery Date as determined by the Calculation Agent in its sole and absolute discretion;

"Settlement Business Day" has the meaning given to it in the applicable Final Terms or if not defined in the applicable Final Terms, means, in respect of a Clearance System, any day on which such Clearance System is (or, but for the occurrence of a Settlement Disruption Event, would have been) open for the acceptance and execution of settlement instructions.

"Settlement Disruption Event" means, in the opinion of the Calculation Agent or, if the proviso to Condition 3 applies, the Guarantor, an event beyond the control of the Issuer or, if the proviso to Condition 3 applies, the Guarantor as a result of which the Issuer or the Guarantor, as the case may be, cannot make delivery of the Relevant Asset(s) using the method specified in the applicable Final Terms.

(8) **Failure to Deliver due to Illiquidity**

If "Failure to Deliver due to Illiquidity" is specified as applying in the applicable Final Terms and in the opinion of the Calculation Agent, it is impossible or impracticable to deliver, when due, some or all of the Relevant Assets (the "**Affected Relevant Assets**") comprising the Entitlement, where such failure to deliver is due to illiquidity in the market for the Relevant Assets (a "**Failure to Deliver due to Illiquidity**"), then:

- (a) subject as provided elsewhere in the Conditions, any Relevant Assets which are not Affected Relevant Assets, will be delivered on the originally designated Redemption Date in accordance with Condition 5; and
- (b) in respect of any Affected Relevant Assets, in lieu of physical settlement and notwithstanding any other provision hereof, the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Certificate by payment to the relevant Holder of the Failure to Deliver Settlement Price (as defined below) on the fifth Business Day following the date that notice of such election is given to the Holders in accordance with Condition 10. Payment of the Failure to Deliver Settlement Price will be made in such manner as shall be notified to the Holders in accordance with Condition 10. The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with Condition 10 that the provisions of this Condition 6(B)(8) apply.

For the purposes hereof:

"Failure to Deliver Settlement Price" in respect of any relevant Certificate shall be the fair market value of such Certificate (taking into account, the Relevant Assets comprising the Entitlement which have been duly delivered as provided above, the value of such Relevant Assets), less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements, all as determined by the Issuer in its sole and absolute discretion.

(C) **Issuer's Option to Vary Settlement**

- (i) In relation to any issue of Certificates which are represented by a Permanent Global Certificate or a Registered Global Certificate only, if the applicable Final Terms indicate that the Issuer has an option to vary settlement in respect of the Certificates, the Issuer may at its sole and absolute discretion in respect of each such Certificate, elect not to pay the relevant Holders the Cash Settlement Amount or to deliver or procure delivery of the Entitlement to the relevant Holders, as the case may be, but in lieu thereof to deliver or procure delivery of the Entitlement or make payment of the Cash Settlement Amount on the Redemption Date to the relevant Holders, as the case may be. Notification of such election will be given to Holders in accordance with Condition 10.
- (ii) In relation only to Certificates which are represented by a Rule 144A Global Certificate or a Regulation S Global Certificate and which are Physical Delivery Certificates, unless the applicable Final Terms specifies otherwise, the Issuer shall, in respect of each such Certificate, in lieu of delivering or procuring the delivery of the Entitlement to the relevant Holders, make payment of the Cash Settlement Amount on the Redemption Date to the relevant Holders.

(D) **Issuer's Option to Substitute Assets or to Pay the Alternate Cash Amount**

If the Certificates are Physical Delivery Certificates and are represented by a Rule 144A Global Certificate or a Regulation S Global Certificate, the Issuer may, in its sole and absolute discretion, if the Calculation Agent determines (in its sole and absolute discretion) that the Relevant Asset or Relevant Assets, as the case may be, comprises shares which are not freely tradable shares, elect either (i) to substitute for the Relevant Asset or the Relevant Assets, as the case may be, an equivalent value (as determined by the Calculation Agent in its sole and absolute discretion) of such other shares which the Calculation Agent

determines, in its sole and absolute discretion, are freely tradable (the "*Substitute Asset*" or the "*Substitute Assets*", as the case may be) or (ii) not to deliver or procure the delivery of the Entitlement to the relevant Holders, but in lieu thereof to make payment to the relevant Holders on the Redemption Date of an amount equal to the fair market value of the Entitlement on the Valuation Date as determined by the Calculation Agent in its sole and absolute discretion by reference to such sources as it considers appropriate (the "*Alternate Cash Amount*"). Notification of any such election will be given to Holders in accordance with Condition 10.

For purposes hereof, a "*freely tradable share*" shall mean a share which may be delivered by the Issuer to the relevant Holder without registration under the Securities Act and without such share being a "restricted security" within the meaning of Rule 144 under the Securities Act, or otherwise being subject to restrictions on subsequent resale or transfer pursuant to the Securities Act, by reason of such delivery, in each case as determined by the Calculation Agent in its sole and absolute discretion.

(E) **Rights of Holders and Calculations**

None of the Issuer, (where the Issuer is BCCL) the Guarantor, the Calculation Agent, the Luxembourg Registrar and the Certificate Agents shall have any responsibility for any errors or omissions in the calculation of any Cash Settlement Amount, any other amount payable pursuant to these Terms and Conditions or the applicable Final Terms or of any Entitlement.

The purchase of Certificates does not confer on any holder of such Certificates any rights (whether in respect of voting, distributions or otherwise) attaching to any Relevant Asset.

(F) **Prescription**

Claims against the Issuer or (where the Issuer is BCCL) the Guarantor, for payment of principal or interest in respect of the Certificates shall become void unless made within 60 months from the Redemption Date and no claims shall be made after such date.

7. ILLEGALITY

If the Issuer determines that the performance of its obligations under the Certificates has become illegal in whole or in part for any reason, the Issuer may, on giving notice to Holders in accordance with Condition 10, redeem all but not some only of the Certificates.

If the Issuer redeems the Certificates early then the Issuer will, if and to the extent permitted by applicable law, pay to each Holder in respect of each Certificate held by such Holder an amount equal to the fair market value of a Certificate, notwithstanding such illegality less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with Condition 10.

Should any one or more of the provisions contained in these Terms and Conditions be or become invalid, the validity of the remaining provisions shall not in any way be affected thereby.

8. PURCHASES

The Issuer or any Affiliate may, but is not obliged to, at any time purchase Certificates at any price in the open market or by tender or private treaty. Any Certificates so purchased may be held, reissued, resold or, at the option of the Issuer, or (where the Issuer is BCCL) the Guarantor, be surrendered for cancellation.

9. AGENTS, DETERMINATIONS, MEETINGS PROVISIONS AND MODIFICATIONS

(A) Certificate Agents and Luxembourg Registrar

The specified offices of the Certificate Agents and the Luxembourg Registrar are as set out at the end of these Terms and Conditions.

The Issuer and (where the Issuer is BCCL) the Guarantor reserve the right at any time to vary or terminate the appointment of any Certificate Agent or the Luxembourg Registrar and to appoint further or additional Certificate Agents or a further or additional Luxembourg Registrar, provided that no termination of appointment of any Certificate Agent or the Luxembourg Registrar shall become effective until a replacement Certificate Agent or a replacement Luxembourg Registrar, as the case may be, shall have been appointed and provided that, so long as any of the Certificates are listed on a stock exchange or admitted to trading or listing by any other relevant authority, there shall be a Certificate Agent having a specified office in each location required by the rules and regulations of the relevant stock exchange or other relevant authority and, Provided That so long as any of the Certificates are represented by a Registered Global Certificate there shall be a Luxembourg Registrar and Provided Further That there shall be a New York Agent. Notice of any termination of appointment and of any changes in the specified office of any Certificate Agent or the Luxembourg Registrar will be given to Holders in accordance with Condition 10. In acting under the Master Agency Agreement, each Certificate Agent and the Luxembourg Registrar acts solely as agent of the Issuer and (where the Issuer is BCCL) the Guarantor and do not assume any obligation or duty to, or any relationship of agency or trust for or with, the Holders and any determinations and calculations made in respect of the Certificates by any Certificate Agent or the Luxembourg Registrar shall (save in the case of manifest error) be final, conclusive and binding on the Issuer, (where the Issuer is BCCL) the Guarantor and the Holders.

(B) Calculation Agent

In relation to each issue of Certificates, the Calculation Agent (whether it be the Bank or another entity) acts solely as agent of the Issuer and (where the Issuer is BCCL) the Guarantor and does not assume any obligation or duty to, or any relationship of agency or trust for or with, the Holders. All calculations and determinations made in respect of the Certificates by the Calculation Agent shall (save in the case of manifest error) be final, conclusive and binding on the Issuer, (where the Issuer is BCCL) the Guarantor and the Holders.

The Calculation Agent may, with the consent of the Issuer, delegate any of its obligations and functions to a third party as it deems appropriate.

(C) Determinations by the Issuer

Any determination made by the Issuer pursuant to these Terms and Conditions shall (save in the case of manifest error) be final, conclusive and binding on the Issuer and the Holders.

(D) Meetings of Holders

The Master Agency Agreement contains provisions for convening meetings of the Holders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution (as defined in the Master Agency Agreement) of a modification of the Terms and Conditions or the Master Agency Agreement. At least 21 days' notice (exclusive of the day on which the notice is given and of the day on which the meeting is held) specifying the date, time and place of the meeting shall be given to Holders. Such a meeting may be convened by the Issuer, (where the Issuer is BCCL) the Bank or Holders holding not less than 5 per cent. (by number) of the Certificates for the time being outstanding. The quorum at a meeting of the Holders (except for the purpose of passing an Extraordinary Resolution) will be two or more persons holding or representing not less than 20 per cent. (by number) of the Certificates outstanding, or at any adjourned meeting two or more persons being or representing Holders whatever the number of Certificates so held or represented. The quorum at a meeting of Holders for the purpose of passing an Extraordinary Resolution will be two or more persons holding or representing not less than 50 per cent. (by number) of the Certificates outstanding or at any adjourned meeting two or more persons being holding or representing not less than 10 per cent. (by number) of the Certificates outstanding. A resolution will be an

Extraordinary Resolution when it has been passed at a duly convened meeting by not less than three-fourths of the votes cast by Holders at such meeting as, being entitled to do so, vote in person or by proxy. An Extraordinary Resolution passed at any meeting of the Holders shall be binding on all the Holders, whether or not they are present at the meeting. Resolutions can be passed in writing if passed unanimously.

(E) **Modifications**

The Issuer may modify these Terms and Conditions and/or the Master Agency Agreement without the consent of the Holders in any manner which the Issuer may deem necessary or desirable provided that such modification is not materially prejudicial to the interests of the Holders or such modification is of a formal, minor or technical nature or to correct a manifest or proven error or to cure, correct or supplement any defective provision contained herein and/or therein. Notice of any such modification will be given to the Holders in accordance with Condition 10 but failure to give, or non-receipt of, such notice will not affect the validity of any such modification.

10. NOTICES

All notices to Holders shall be valid if (i) (a) in the case of Certificates represented by a Permanent Global Certificate, a Regulation S Global Certificate or a Rule 144A Global Certificate held by a Common Depository on behalf of Clearstream, Luxembourg and Euroclear only, delivered to Clearstream, Luxembourg and Euroclear for communication by them to the Holders, (b) in the case of Certificates represented by a Registered Global Certificate, mailed to their registered addresses appearing in the Register or (c) in the case of Certificates represented by a Rule 144A Global Certificate held by a Custodian on behalf of DTC, delivered to DTC for communication by DTC to the Holders and (ii) if and so long as the Certificates are listed on a stock exchange or are admitted to trading by another relevant authority, in accordance with the rules and regulations of the relevant stock exchange or other relevant authority. Any such notice shall be deemed to have been given on the second Business Day following such delivery or, if earlier, the date of such publication or, if published more than once, on the date of the first such publication.

11. EXPENSES AND TAXATION

- (A) A holder of Certificates must pay all taxes, duties and/or expenses, including any applicable depository charges, transaction charges, stamp duty, stamp duty reserve tax, issue, registration, securities transfer and/or other taxes or duties arising from the redemption of the Certificates and/or the delivery or transfer of the Entitlement (as applicable) pursuant to the terms of the Certificates ("*Expenses*") relating to such Certificates as provided above.
- (B) The Issuer shall not be liable for or otherwise obliged to pay any tax, duty, withholding or other payment which may arise as a result of the ownership, transfer or enforcement of any Certificate and all payments made by the Issuer shall be made subject to any such tax, duty, withholding or other payment which may be required to be made, paid, withheld or deducted.

12. FURTHER ISSUES

The Issuer shall be at liberty from time to time without the consent of Holders to create and issue further Certificates so as to be consolidated with and form a single series with the outstanding Certificates.

13. SUBSTITUTION OF ISSUER OR GUARANTOR

- (A) The Issuer, other than where the Issuer is the Bank, shall be entitled at any time, without the consent of any Holder, to substitute any subsidiary or holding company of the Issuer or any subsidiary of any such holding company the identity of which shall be in the absolute discretion of the Issuer (the "*New Issuer*") in place of the Issuer, to act as obligor in respect of any Certificates issued by it, provided that (i) the New Issuer shall assume all obligations of the Issuer in relation to the Holders under or in relation to the Certificates and (ii) the obligations of the New Issuer shall continue to be guaranteed by the Guarantor (unless the New Issuer is the Guarantor itself). In the event of any such substitution, any reference in these Conditions to the Issuer shall be construed as a reference to the New Issuer. Such substitution shall be

promptly notified to the Holders in accordance with Condition 10. In connection with such right of substitution, the Issuer shall not be obliged to have regard to the consequences of the exercise of such right for individual Holders resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory, and no Holder shall be entitled to claim from the Issuer or New Issuer any indemnification or payment in respect of any tax consequence of any such substitution upon such Holder.

- (B) The Bank as Issuer and Guarantor shall be entitled at any time, without the consent of the Holders, to substitute any other entity (the "**New Guarantor**") the identity of which shall be in the absolute discretion of the Bank in place of the Bank as Issuer or Guarantor to act as obligor in respect of the Certificates issued by it or as guarantor in respect of BCCL's obligations under the Certificates provided that (i) the New Guarantor's long term unsecured, unsubordinated and unguaranteed debt obligations are rated at least the same as the Bank's long term unsecured, unsubordinated and unguaranteed debt obligations at the date on which the substitution is to take effect or the New Guarantor has an equivalent long term rating from another internationally recognised rating agency and (ii) if applicable, the New Guarantor enters into a guarantee on substantially the same terms as the Guarantee. In the event of any such substitution, any reference in the Terms and Conditions to the Bank in its capacity as Issuer or as Guarantor shall be construed as a reference to the New Guarantor and any reference to the Guarantee shall be construed as a reference to the new guarantee. Such substitution shall be promptly notified to the Holders in accordance with Condition 10. In connection with such right of substitution, the Bank in its capacity as Issuer or as Guarantor shall not be obliged to have regard to the consequences of the exercise of such right for individual Holders resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory, and no Holder shall be entitled to claim from the Bank in its capacity as Issuer or as Guarantor or New Guarantor any indemnification or payment in respect of any tax or other consequence of any such substitution upon such Holder.

14. GOVERNING LAW

The Certificates, the Global Certificate, the Master Agency Agreement and the Guarantee are governed by and shall be construed in accordance with English law.

Where the Issuer is BCCL, the Issuer irrevocably agrees for the exclusive benefit of each Holder that the courts of England are to have jurisdiction to settle any disputes which may arise out of or in connection with the Certificates and that accordingly any suit, action or proceeding (together in this Condition referred to as "**Proceedings**") arising out of or in connection with the Certificates may be brought in such courts. Nothing contained in this Condition shall limit the right of any Holder to take Proceedings in any other court of competent jurisdiction, nor shall the taking of Proceedings in one or more jurisdictions preclude the taking of Proceedings in any other jurisdiction, whether concurrently or not.

Where the Issuer is BCCL, the Issuer agrees that process in connection with Proceedings in the courts of England will be validly served on it if served upon Barclays Capital Services Limited at its offices for the time being (being at the date hereof 1 Churchill Place, London E14 5HP) and agrees that, in the event of it ceasing to have an office in London it will appoint another person as its agent for service of process in England in respect of any Proceedings.

15. TERMS FOR INDEX CERTIFICATES, SHARE CERTIFICATES, DEBT CERTIFICATES, COMMODITY CERTIFICATES AND FUND CERTIFICATES

(A) Index Certificates

For the purposes of this Condition 15(A):

"**Indices**" and "**Index**" mean, subject to adjustment in accordance with this Condition 15(A), the indices or index specified in the applicable Final Terms and related expressions shall be construed accordingly; and

"**Index Sponsor**" means, in relation to an Index, the corporation or other entity that (a) is responsible for setting and reviewing the rules and procedures and the methods of calculation and adjustments, if any related to such Index and (b) announces (directly or through an agent) the level of such Index on a regular

basis during each Scheduled Trading Day, which as of the Issue Date is the index sponsor specified for such Index in the applicable Final Terms.

(1) *Market Disruption*

"**Market Disruption Event**" means, in relation to Certificates relating to a single Index or Basket of Indices, in respect of an Index:

- (a) the occurrence or existence at any time during the one hour period that ends at the Valuation Time:
 - (i) of any suspension of or limitation imposed on trading by the relevant Exchange or Related Exchange or otherwise and whether by reason of movements in price exceeding limits permitted by the relevant Exchange or Related Exchange or otherwise:
 - (A) on any relevant Exchange(s) relating to securities/commodities that comprise 20 per cent. or more of the level of the relevant Index; or
 - (B) in futures or options contracts relating to the relevant Index on any relevant Related Exchange;
 - (ii) of any event (other than an event described in (b) below) that disrupts or impairs (as determined by the Calculation Agent) the ability of market participants in general (A) to effect transactions in, or to obtain market values for, on any relevant Exchange(s) securities/commodities that comprise 20 per cent. or more of the level of the relevant Index, or (B) to effect transactions in, or obtain market values for, futures or options contracts relating to the relevant Index on any relevant Related Exchange,

which in either case the Calculation Agent determines is material; or

- (b) the closure on any Exchange Business Day of any relevant Exchange(s) relating to securities/commodities that comprise 20 per cent. or more of the level of the relevant Index or any Related Exchange(s) prior to its Scheduled Closing Time unless such earlier closing time is announced by such Exchange(s) or such Related Exchange(s), as the case may be, at least one hour prior to (A) the actual closing time for the regular trading session on such Exchange(s) or such Related Exchange(s) on such Exchange Business Day or, if earlier, (B) the submission deadline for orders to be entered into the Exchange or Related Exchange system for execution at the Valuation Time on such Exchange Business Day.

For the purposes of determining whether a Market Disruption Event in respect of an Index exists at any time, if a Market Disruption Event occurs in respect of a security/commodity included in the Index at any time, then the relevant percentage contribution of that security/commodity to the level of the Index shall be based on a comparison of (i) the portion of the level of the Index attributable to that security/commodity and (ii) the overall level of the Index, in each case immediately before the occurrence of such Market Disruption Event.

The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with Condition 10 of the occurrence of a Disrupted Day on any day that, but for the occurrence of a Disrupted Day, would have been an Averaging Date or a Valuation Date.

(2) *Adjustments to an Index*

- (a) Successor Index Sponsor Calculates and Reports an Index

If a relevant Index is (i) not calculated and announced by the Index Sponsor but is calculated and announced by a successor sponsor acceptable to the Calculation Agent, or

(ii) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of that Index, then in each case that index (the "**Successor Index**") will be deemed to be the Index.

(b) Modification and Cessation of Calculation of an Index

If (i) on or prior to a Valuation Date or an Averaging Date the relevant Index Sponsor makes or announces that it will make a material change in the formula for or the method of calculating a relevant Index or in any other way materially modifies that Index (other than a modification prescribed in that formula or method to maintain that Index in the event of changes in constituent stock and capitalisation, contracts or commodities and other routine events) (an "**Index Modification**"), or permanently cancels a relevant Index and no Successor Index exists (an "**Index Cancellation**"), or (ii) on a Valuation Date or an Averaging Date the Index Sponsor or (if applicable) the Successor Index Sponsor fails to calculate and announce a relevant Index (an "**Index Disruption**" and, together with an Index Modification and an Index Calculation, each an "**Index Adjustment Event**"), then

- (i) the Calculation Agent shall determine if such Index Adjustment Event has a material effect on the Certificates and, if so, shall calculate the relevant Settlement Price and/or any other terms of the Terms and Conditions and/or the applicable Final Terms using, in lieu of a published level for that Index, the level for that Index as at the Valuation Time on that Valuation Date or that Averaging Date, as the case may be, as determined by the Calculation Agent in accordance with the formula for and method of calculating that Index last in effect prior to the change, failure or cancellation, but using only those securities/commodities that comprised that Index immediately prior to that Index Adjustment Event; or
- (ii) on giving notice to Holders in accordance with Condition 10, the Issuer shall redeem all but not some only of the Certificates, each Certificate being redeemed by payment of an amount equal to the fair market value of a Certificate taking into account the Index Adjustment Event, less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion. Payments will be made in such manner as shall be notified to the Holders in accordance with Condition 10.

(c) Notice

The Calculation Agent shall, as soon as practicable, notify the Issue and Paying Agent of any determination made by it pursuant to paragraph (b) above and the action proposed to be taken in relation thereto and the Issue and Paying Agent shall make available for Holders copies of any such determinations.

(B) **Share Certificates**

For the purposes of this Condition 15(B):

"**Basket Company**" means a company whose shares are included in the Basket of Shares and "**Basket Companies**" means all such companies;

"**Share**" and "**Shares**" mean, subject to adjustment in accordance with this Condition 15(B), in the case of an issue of Certificates relating to a Basket of Shares, each share and, in the case of an issue of Certificates relating to a single Share, the share, specified in the applicable Final Terms, and related expressions shall be construed accordingly; and

"Share Company" means, in the case of an issue of Certificates relating to a single Share, the company that has issued such share.

(1) *Market Disruption*

"Market Disruption Event" means, in relation to Certificates relating to a single Share or a Basket of Shares, in respect of a Share:

- (a) the occurrence or existence any time during the one hour period that ends at the Valuation Time for such Share:
 - (i) of any suspension of or limitation imposed on trading by the relevant Exchange or Related Exchange or otherwise and whether by reason of movements in price exceeding limits permitted by the relevant Exchange or any Related Exchange or otherwise:
 - (A) relating to the Share on the Exchange; or
 - (B) in futures or options contracts relating to the Share on any relevant Related Exchange; or
 - (ii) of any event (other than as described in (b) below) that disrupts or impairs (as determined by the Calculation Agent) the ability of market participants in general (A) to effect transactions, in or obtain market values for, the Share on the Exchange or (B) to effect transactions in, or obtain market values for, futures or options contracts on or relating to the Share on any relevant Related Exchange,

which in either case the Calculation Agent determines is material; or

- (b) the closure on any Exchange Business Day of the relevant Exchange or any Related Exchange(s) prior to its Scheduled Closing Time unless such earlier closing time is announced by such Exchange(s) or such Related Exchange(s), as the case may be, at least one hour prior to (A) the actual closing time for the regular trading session on such Exchange(s) or such Related Exchange(s) on such Exchange Business Day or, if earlier, (B) the submission deadline for orders to be entered into the Exchange or Related Exchange system for execution at the Valuation Time on such Exchange Business Day.

The Calculation Agent shall give notice as soon as practicable to the Holders in accordance with Condition 10 of the occurrence of a Disrupted Day on any day that, but for the occurrence of a Disrupted Day, would have been an Averaging Date or a Valuation Date.

(2) *Potential Adjustment Events, Merger Event, Tender Offer, De-listing, Nationalisation and Insolvency*

- (a) **"Potential Adjustment Event"** means any of the following:
 - (i) a subdivision, consolidation or reclassification of relevant Shares (unless resulting in a Merger Event or, if Tender Offer is specified as applying in the applicable Final Terms, a Tender Offer) or a free distribution or dividend of any such Shares to existing holders by way of bonus, capitalisation or similar issue;
 - (ii) a distribution, issue or dividend to existing holders of the relevant Shares of (a) such Shares or (b) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Basket Company or Share Company, as the case may be, equally or proportionately with such payments to holders of such Shares or (c) share capital or other securities of another issuer acquired or owned (directly or indirectly) by the Basket Company or Share Company, as the case may be, as a result of a spin-off or other similar

transaction or (d) any other type of securities, rights or Certificates or other assets, in any case for payment (in cash or in other consideration) at less than the prevailing market price as determined by the Calculation Agent;

- (iii) an extraordinary dividend as determined by the Calculation Agent;
- (iv) a call by a Basket Company or Share Company, as the case may be, in respect of relevant Shares that are not fully paid;
- (v) a repurchase by the Basket Company or Share Company, as the case may be, of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise;
- (vi) in respect of a Basket Company or Share Company, as the case may be, an event that results in any shareholder rights being distributed or becoming separated from shares of common stock or other shares of the capital stock of such Basket Company or Share Company, as the case may be, pursuant to a shareholder rights plan or arrangement directed against hostile takeovers that provides upon the occurrence of certain events for a distribution of preferred stock, Certificates, debt instruments or stock rights at a price below their market value as determined by the Calculation Agent, provided that any adjustment effected as a result of such an event shall be readjusted upon any redemption of such rights; or
- (vii) any other event having, in the opinion of the Calculation Agent, a diluting or concentrative effect on the theoretical value of the relevant Shares.

Following the declaration by the Basket Company or Share Company, as the case may be, of the terms of any Potential Adjustment Event, the Calculation Agent will, in its sole and absolute discretion, determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Shares and, if so, will (i) make the corresponding adjustment, if any, to any one or more of any Relevant Asset and/or the Entitlement and/or the Multiplier and/or any of the other terms of these Terms and Conditions and/or the applicable Final Terms as the Calculation Agent in its sole and absolute discretion determines appropriate to account for that diluting or concentrative effect (provided that no adjustments will be made to account solely for changes in volatility, expected dividends, stock loan rate or liquidity relative to the relevant Share) and (ii) determine the effective date of that adjustment. The Calculation Agent may, but need not, determine the appropriate adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon the making of any such adjustment by the Calculation Agent, the Calculation Agent shall give notice as soon as practicable to the Holders in accordance with Condition 10, stating the adjustment to any Relevant Asset and/or the Entitlement and/or the Multiplier and/or any of the other terms of these Terms and Conditions and/or the applicable Final Terms and giving brief details of the Potential Adjustment Event.

Notwithstanding the foregoing, in the case of Cash Settled Share Certificates relating to a single Share, if Market Access Dividend and Rights Issue Provisions is specified as applying in the applicable Final Terms, the Issuer may on giving notice to the Holders in accordance with Condition 10 elect in *lieu* of making an adjustment as aforesaid, to deliver to each Holder one or more additional certificates (on the same or, in the opinion of the Calculation Agent, substantially similar terms as the Certificates) and/or pay to each Holder a cash amount. In such notice the Issuer will set out the amount of certificates to be delivered and/or cash to be paid and the manner in which such delivery and/or payment is to be made.

- (b) "**De-Listing**" means, in respect of any relevant Shares, the Exchange announces that pursuant to the rules of such Exchange, such Shares cease (or will cease) to be listed,

If (x) a Merger Event, De-listing, Nationalisation or Insolvency and/or (y), if Tender Offer is specified as applying in the applicable Final Terms, a Tender Offer occurs in

relation to a Share, the Issuer in its sole and absolute discretion may take the action described in (i), (ii), (iii) or (iv) below:

- (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any one or more of any Relevant Asset and/or the Entitlement and/or the Multiplier and/or any of the other terms of these Terms and Conditions and/or the applicable Final Terms to account for the Merger Event, Tender Offer, De-listing, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The relevant adjustments may in the case of adjustments following a Merger Event or Tender Offer include, without limitation, adjustments to account for changes in volatility, expected dividends, stock loan rate or liquidity relevant to the Shares or to the Certificates. The Calculation Agent may (but need not) determine the appropriate adjustment by reference to the adjustment in respect of the Merger Event, Tender Offer, De-listing, Nationalisation or Insolvency made by any options exchange to options on the Shares traded on that options exchange; or
- (ii) in the case of Share Certificates relating to a Basket of Shares redeem the Certificates in part by giving notice to Holders in accordance with Condition 10. If the Certificates are so redeemed in part the portion (the "**Redeemed Amount**") of each Certificate representing the affected Share(s) shall be redeemed and the Issuer will (i) pay to each Holder in respect of each Certificate held by him an amount equal to the fair market value of the Redeemed Amount, taking into account the Merger Event, Tender Offer, De-listing, Nationalisation or Insolvency, as the case may be, less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion; and (ii) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any one or more of any Relevant Asset and/or the Entitlement and/or the Multiplier and/or any of the other terms of these Terms and Conditions and/or the applicable Final Terms to account for such redemption in part. For the avoidance of doubt the remaining part of each Certificate after such cancellation and adjustment shall remain outstanding with full force and effect. Payments will be made in such manner as shall be notified to the Holders in accordance with Condition 10; or
- (iii) on giving notice to Holders in accordance with Condition 10, redeem all but not some only of the Certificates, each Certificate being redeemed by payment of an amount equal to the fair market value of a Certificate taking into account the Merger Event, Tender Offer, De-listing, Nationalisation or Insolvency, as the case may be, less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion. Payments will be made in such manner as shall be notified to the Holders in accordance with Condition 10; or
- (iv) following such adjustment to the settlement terms of options on the Shares traded on such exchange(s) or quotation system(s) as the Issuer in its sole discretion shall select (the "**Options Exchange**"), require the Calculation Agent to make a corresponding adjustment to any one or more of any Relevant Asset and/or the Entitlement and/or the Multiplier and/or any of the other terms of these Terms and Conditions and/or the applicable Final Terms, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Options Exchange. If options on the Shares are not traded on the Options Exchange, the Calculation Agent will make such adjustment, if any, to any one or more of any Relevant Asset and/or the Entitlement and/or the Multiplier and/or any of the other terms of these Terms and Conditions and/or the applicable Final Terms as

the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Options Exchange to account for the Merger Event, Tender Offer, De-listing, Nationalisation or Insolvency, as the case may be, that in the determination of the Calculation Agent would have given rise to an adjustment by the Options Exchange if such options were so traded.

(c) Substitution of Shares

In the case of Share Certificates relating to a Basket of Shares, if Substitution of Shares is specified as applying in the applicable Final Terms and if (x) a Merger Event, De-listing, Nationalisation or Insolvency and/or (y) if Tender Offer is specified as applying in the applicable Final Terms, a Tender Offer occurs in relation to a Share (the "**Affected Share**") then without prejudice to any other rights that the Issuer may have under these Terms and Conditions and/or the applicable Final Terms, the Calculation Agent may (but is not obliged to) (i) substitute the Affected Share with a substitute share (the "**Substitute Share**") selected by the Calculation Agent in its sole and absolute discretion using the Substitution Criteria set out below as of the Substitution Date and (ii) determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any one or more of any Relevant Asset and/or the Entitlement and/or the Multiplier and/or any of the other terms of these Terms and Conditions and/or the applicable Final Terms to account for such substitution.

If the announcement of the relevant event is made after the actual closing time for the regular trading session on the relevant Exchange, without regard to any after hours or any other trading outside of such regular trading session hours, the Announcement Date shall be deemed to be the next following Scheduled Trading Day.

"**Substitution Date**" means, in the determination of the Calculation Agent, the date falling as soon as practicable following the relevant Announcement Date.

- (d) Upon the occurrence of a Merger Event, De-listing, Nationalisation, Insolvency or, if applicable, a Tender Offer, the Issuer shall give notice as soon as practicable to the Holders in accordance with Condition 10 stating the occurrence of the Merger Event,

The Issuer shall give notice as soon as practicable to the Holders in accordance with Condition 10 that a Market Disruption Event has occurred.

(D) **Fund Certificates**

Any market disruption, general disruption, adjustment and/or termination provisions relating to Fund Certificates will be set out in the applicable Final Terms.

(E) **Commodity Certificates**

(a) *ISDA Determination*

In relation to Commodity Certificates, in determining the Relevant Commodity Price for a Relevant Commodity or a Commodity Index, the terms of the 2005 ISDA Commodity Definitions, as published by the International Swaps and Derivatives Association, Inc. and as

amended and updated as at the Issue Date of the first Tranche of the Certificates (the "**ISDA Commodity Definitions**") shall be incorporated in the applicable Final Terms such that:

- (i) the Commodity Reference Price is as specified in the applicable Final Terms;
- (ii) the Specified Price is as specified in the applicable Final Terms;
- (iii) the Delivery Date (if any) is as specified in the applicable Final Terms; and
- (iv) the Pricing Date(s) is/are date(s) as specified in the applicable Final Terms.

(b) Commodity Market Disruption Event and Disruption Fallback

If, in the opinion of the Calculation Agent, a Commodity Market Disruption Event (as defined below) has occurred and is continuing on any Pricing Date (or, if different, the day on which prices for that Pricing Date would, in the ordinary course, be published by the Price Source), the Relevant Commodity Price for that Pricing Date will be determined by the Calculation Agent in accordance with the first applicable Disruption Fallback (as defined below) that provides a Relevant Commodity Price.

(c) Common Pricing

With respect to Certificates relating to a Basket of Commodities, if "**Common Pricing**" has been selected in the applicable Final Terms as:

- (i) "Applicable" then, no date will be a Pricing Date unless such date is a day on which all referenced Commodity Reference Prices (for which such date would otherwise be a Pricing Date) are scheduled to be published or announced, as determined on the Trade Date of the Certificates as of the time of issue of the Certificates.
- (ii) "Inapplicable" then, if the Calculation Agent determines that a Commodity Market Disruption Event has occurred or exists on the Pricing Date in respect of any Relevant Commodity and/or Commodity Index in the basket (the "**Affected Commodity**"), the Relevant Commodity Price of each Relevant Commodity and/or Commodity Index within the basket which is not affected by the occurrence of a Commodity Market Disruption Event shall be determined on its scheduled Pricing Date and the Relevant Commodity Price for the Affected Commodity shall be determined in accordance with the first applicable Disruption Fallback that provides a Relevant Reference Price.

All determinations made by the Calculation Agent pursuant to this Condition will be conclusive and binding on the Certificateholders, the Guarantor (where the Certificates are issued by BCCL) and the relevant Issuer except in the case of manifest error.

(d) Correction to Published Prices

For purposes of determining or calculating the Relevant Commodity Price, if the price published or announced on a given day and used or to be used by the Calculation Agent to determine the Relevant Commodity Price is subsequently corrected and the correction is published or announced by the person responsible for that publication or announcement within 30 calendar days after the original publication or announcement, the Calculation Agent may, in its sole discretion, recalculate relevant payment amount, using such corrected price. The Calculation Agent shall notify the Issuer of any such correction, the revised Relevant Commodity Price and the relevant payment amount, as a result of that correction.

The Issuer reserves the right (such right to be exercised in the Issuer's sole and unfettered discretion and without any liability whatsoever) to make such adjustments as it believes appropriate in circumstances where an event or events occur that the Issuer believes, in its sole discretion, should, in the context of the issue of Certificates and the obligations of the Issuer thereunder, give rise to such adjustment as is necessary to preserve the economic equivalent of the

obligations of the Issuer under the Certificates and to maintain the economic equilibrium of the Certificates.

(e) Adjustments to Commodity Index

- (i) If a Commodity Index with respect to a Commodity Reference Price is permanently cancelled or is not calculated and announced by the sponsor of such Commodity Index or any of its affiliates (together the "*Sponsor*") but (i) is calculated and announced by a successor sponsor (the "*Successor Sponsor*") acceptable to the Calculation Agent, or (ii) replaced by a successor index (the "*Successor Index*") using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of such Commodity Index, then the Commodity Reference Price will be determined by the Index so calculated and announced by that Successor Sponsor or that Successor Index, as the case may be.
- (ii) If, for a Commodity Index with respect to a Commodity Reference Price, on or prior to the Maturity Date or Early Redemption Date, (i) the Sponsor makes a material change in the formula for or the method of calculating such Commodity Index or in any other way materially modifies such Commodity Index (other than a modification prescribed in that formula or method to maintain the Commodity Index in the event of changes in constituent commodities and weightings and other routine events), or (ii) the Sponsor permanently cancels the Commodity Index or (iii) the Sponsor fails to calculate and announce the Commodity Index for a continuous period of three Trading Days and the Calculation Agent determines that there is no Successor Sponsor or Successor Index, then the Calculation Agent may at its option (in the case of (i)) and shall (in the case of (ii) and (iii)) (such events (i) (ii) & (iii) to be collectively referred to as "Index Adjustment Events") calculate the relevant Specified Price using in lieu of the published level for that Commodity Index (if any), the level for that Commodity Index as at the relevant determination date as determined by the Calculation Agent in accordance with the formula for and method of calculating that Commodity Index last in effect prior to the relevant Index Adjustment Event (as the case may be), but using only those futures contracts that comprised that Index immediately prior to the relevant Index Adjustment Event (as the case may be) (other than those futures contracts that have ceased to be listed on any relevant exchange).

(f) Adjustments to payment dates or settlement dates

If, as a result of a delay pursuant to the occurrence of a Commodity Market Disruption Event or Index Adjustment Event, a Relevant Commodity Price is unavailable to determine any amount payable on any scheduled payment date or settlement date, that payment date or settlement date will be delayed to fall on the second Business Day following the determination of the Relevant Commodity Price under the Disruption Fallback provision or Adjustments to Commodity Index provision, as the case may be. If a corresponding amount would otherwise have been payable in respect of the Certificates on the same date that the delayed amount would have been payable but for the delay, the payment date or settlement date for that corresponding amount will be delayed to the same extent.

 - (v) Material Change in Content; and
 - (vi) any additional Commodity Market Disruption Events specified in the applicable Final Terms.
- (B) With respect to a Commodity Index:
- (i) a temporary or permanent failure by the applicable exchange or other price source to announce or publish (a) the final settlement price for the Commodity Reference Price or (b) closing price for any futures contract included in the Commodity Reference Price;
 - (ii) a material limitation, suspension or disruption of trading in one or more of the futures contracts included in the Commodity Reference Price which results in a failure by the exchange on which each applicable futures contract is traded to report a closing price for such contract on the day on which such event occurs or any succeeding day on which it continues; or
 - (iii) the closing price for any futures contract included in the Commodity Reference Price is a "limit price", which means that the closing price for such contract for a day has increased or decreased from the previous day's closing price by the maximum amount permitted under applicable exchange rules.

"Disruption Fallback" means a source or method that may give rise to an alternative basis for determining the Relevant Commodity Price in respect of a specified Commodity Reference Price when a Commodity Market Disruption Event occurs or exists on a day that is a Pricing Date in respect of the relevant Certificate. A Disruption Fallback is applicable if it is specified in the applicable Final Terms or, if no Disruption Fallback is specified in the applicable Final Terms, shall be deemed to mean:

- (A) With respect to a Relevant Commodity, (in the following order):
- (i) Fallback Reference Price (if applicable);
 - (ii) Delayed Publication or Announcement and Postponement (each to operate concurrently with the other and each subject to a period of two consecutive Commodity Business Days (measured from and including the original day that would otherwise have been the Pricing Date); provided, however, that the price determined by Postponement shall be the Relevant Commodity Price only if Delayed Publication or Announcement does not yield a Relevant Price within that two consecutive Commodity Business Days); and
 - (iii) Calculation Agent Determination.
- (B) With respect to a Commodity Index, the following fallback determination mechanism:
- (i) with respect to each futures contract included in the Commodity Reference Price which is not affected by the Market Disruption Event, the Relevant Commodity Price will be based on the closing prices of each such contract on the applicable determination date;
 - (ii) with respect to each futures contract included in the Commodity Reference Price which is affected by the Market Disruption Event, the Relevant Commodity Price will be based on the closing prices of each such contract on the first day following

the applicable determination date on which no Market Disruption Event is occurring with respect to such contract;

- (iii) subject to Clause (iv) below, the Determination Agent shall determine the Relevant Commodity Price by reference to the closing prices determined in Clauses (i) and (ii) above using the then-current method for calculating the Relevant Commodity Price; and
- (iv) where a Commodity Market Disruption Event with respect to one or more futures contracts included in the Commodity Reference Price continues to exist (measured from and including the first day following the applicable determination date) for five consecutive Trading Days, the Determination Agent shall determine the Relevant Commodity Price in good faith and in a commercially reasonable manner.

"Fallback Reference Price", in respect of Commodity Certificates, means that the Determination Agent will determine the Relevant Commodity Price based on the price for that Pricing Date of the first alternate Commodity Reference Price, if any, specified in the applicable Final Terms and not subject to a Commodity Market Disruption Event.

In that case, the next Disruption Fallback specified in the applicable Final Terms will apply.

"Postponement", in respect of Commodity Certificates, means that the Pricing Date will be deemed, for purposes of the application of this Disruption Fallback, to be the first succeeding Commodity Business Day on which the Commodity Market Disruption Event ceases to exist, unless that Commodity Market Disruption Event continues to exist for two consecutive Commodity Business Days (measured from and including the original day that would otherwise have been the Pricing Date). In that case, the next Disruption Fallback specified in the applicable Final Terms will apply.

"Trading Day" means, for the purposes of "Disruption Fallback" and Section 7.7(e), a day when:

- (i) the Calculation Agent is open for business in London and New York; and
- (ii) the exchanges of all futures contracts included in the Commodity Reference Price are open for trading.

Book-Entry Procedures for Global Certificates

All interests in Global Certificates will be subject to the operations and procedures of DTC. The following summary of those operations and procedures are provided solely for the convenience of investors. The operations and procedures of DTC are controlled by DTC and may be changed at any time. Neither the Issuers nor the Manager is responsible for those operations or procedures.

DTC has advised the Issuers that it is:

- a limited purpose trust company organized under the New York Banking Law;
- a "banking organization" within the meaning of the New York Banking Law;
- a member of the Federal Reserve System;
- a "clearing corporation" within the meaning of the New York Uniform Commercial Code; and
- a "clearing agency" registered pursuant to the provisions of Section 17A of the US Securities Exchange Act of 1934, as amended (the "**Exchange Act**").

DTC was created to hold securities for its participants and to facilitate the clearance and settlement of securities transactions between its participants through electronic book-entry changes to the accounts of its participants, thereby eliminating the need for physical transfer and delivery of certificates. DTC's Participants include securities brokers and dealers, including the initial purchasers; banks and trust companies; clearing corporations and other organizations. Indirect access to DTC's system is also available to others such as banks, brokers, dealers and trust companies; these indirect participants clear through or maintain a custodial relationship with a DTC Participant, either directly or indirectly. Investors who are not DTC Participants may beneficially own securities held by or on behalf of DTC only through DTC Participants or indirect participants in DTC.

So long as DTC's nominee is the registered owner of a Global Certificate, that nominee will be considered the sole owner or holder of the notes represented by that Global Certificate for all purposes under the Master Agency Agreement. Except as provided below, owners of beneficial interests in a Global Certificate:

- will not be entitled to have notes represented by a Global Certificate registered in their names;
- will not receive or be entitled to receive physical, certificated notes; and
- will not be considered the owners or holders of the Notes under the Master Agency Agreement for any purpose, including with respect to the giving of any direction, instruction or approval to the Agent under the Master Agency Agreement.

As a result, each investor who owns a beneficial interest in a Global Certificate must rely on the procedures of DTC to exercise any rights of a holder of notes under the Master Agency Agreement (and, if the investor is not a participant or an indirect participant in DTC, on the procedures of the DTC Participant through which the investor owns its interest).

Payments of principal, premium (if any), additional amounts (if any) and interest (if any) with respect to the Notes represented by a Global Certificate will be made by the Certificate Agent to DTC's nominee as the registered holder of the Global Certificates. Neither the Issuers nor the Certificate Agent will have any responsibility or liability for the payment of amounts to owners of beneficial interests in a Global Certificate, for any aspect of the records relating to or payments made on account of those interests by DTC, or for maintaining, supervising or reviewing any records of DTC relating to those interests.

Payments by DTC Participants and indirect participants in DTC to the owners of beneficial interests in a Global Certificate will be governed by standing instructions and customary industry practice and will be the responsibility of those DTC Participants or indirect participants and DTC.

Transfers between in DTC Participants will be effected under DTC's procedures and will be settled in same-day funds.

Certificated Certificates

Certificates in physical, certificated form ("*certificates*") will be issued and delivered to each person that DTC identifies as a beneficial owner of the related notes only on the occurrence of one of the following events (for these purposes, an "*Exchange Event*"):

- DTC notifies the relevant Issuer at any time that it is unwilling or unable to continue as depository for the Global Certificates and a successor depository is not appointed within 90 days;
- DTC ceases to be registered as a clearing agency under the Exchange Act and a successor depository is not appointed within 90 days; or
- the relevant Issuer, at its option, notifies the Certificate Agent that it elects to cause the issuance of certificated notes.

The laws of some countries and some states in the United States require that certain persons take physical delivery in definitive form of securities that they own. Consequently, the ability to transfer beneficial interests in a Global Certificate to such persons may be limited to that extent. Because DTC can act only on behalf of DTC Participants, the ability of a person having beneficial interests in a Global Certificate to pledge such interests to persons or entities that do not participate in the relevant clearing system, or otherwise take actions in respect of such interests, may be affected by the lack of a physical certificate evidencing such interests.

WARRANTS

The following section of the Base Prospectus on pages 196 to 243 relates only to Warrants and does not relate to Notes or Certificates issued under the Programme.

General

A Linked Security is the tradable unit (for listing and trading purposes) comprising one Call Warrant and one Put Warrant. No separate terms and conditions apply to the Linked Securities as all of the rights pertaining to a Linked Security are as set out in the Conditions. Interests in Linked Securities will be transferable in accordance with the rules of Clearstream, Luxembourg or Euroclear, as the case may be. As described below under "Automatic Separation", in order to facilitate the exercise procedure with respect to the Warrants comprising the Linked Securities, all Linked Securities held at the time of exercise will be automatically separated into their component Warrants.

The Linked Securities will be given a separate common code and ISIN number by Clearstream, Luxembourg and Euroclear.

Separation of Linked Securities into component Warrants

An investor may separate a Linked Security into its component Call Warrant and Put Warrant. The minimum number of Linked Securities which can be separated is 50,000. In order to separate a Linked Security, an investor must comply with the following "Separation Requirements":

1. Non-Professional Investors holding Linked Securities through a Professional Investor with an account at Clearstream, Luxembourg or Euroclear and Professional Investors holding Linked Securities through another Professional Investor with an account at Clearstream, Luxembourg or Euroclear must request that the Professional Investor in whose Clearstream, Luxembourg or Euroclear account such Linked Securities are held send a notice of separation to Clearstream, Luxembourg or Euroclear, as appropriate.
2. Following such request, a non-Professional Investor will be sent, by the Professional Investor holding Linked Securities on its behalf, a "Separation Statement" as set out below.
3. Once the Separation Statement form has been signed and returned by the non-Professional Investor to the Professional Investor which is holding such Linked Securities, the Professional Investor will be able to submit a request for separation to Clearstream, Luxembourg or Euroclear, as appropriate, on behalf of such non-Professional Investor.
4. Following receipt of a request to separate a Linked Security and completion of the procedures in relation to non-Professional Investors described in paragraphs 1, 2 and 3 above, Professional Investors who are acting on behalf of such non-Professional Investors or Professional Investors or who are holders of Linked Securities for their own account will be required to submit a written request to Clearstream, Luxembourg or Euroclear, as appropriate. Such notice must contain the information required by Clearstream, Luxembourg or Euroclear, as appropriate, and must also contain the following statement:

"Separation Requirements have been complied with."

Such notice must be delivered to Euroclear or Clearstream, Luxembourg, as appropriate, in such manner as is acceptable to the relevant clearing system authenticated SWIFT.

5. At the same time as giving notice to Clearstream, Luxembourg or Euroclear, as the case may be, such Professional Investor shall confirm compliance with the "Separation Requirements" by sending to the Issue and Paying Agent a copy of the following notice duly completed:

"Notice of Separation

We [name of Professional Investor], being a "**Professional Investor**" (being a person whose ordinary activities involve it in acquiring, holding, managing or selling investments for the purpose of its business or an entity which is an authorised person under the Financial Services and Markets Act 2000, or an equivalent person or entity in a jurisdiction outside the United Kingdom) have requested a separation of [X] [*include details of relevant Linked Securities*] into their component Call Warrants and Put Warrants."

If we are making this request as a result of instructions received from one of our customers which is not a Professional Investor, we confirm that we have sent and received back a signed copy of the following Separation Statement from such non-Professional Investor:

"Separation Statement

Unlike a holding of Linked Securities, the separate holding of Call Warrants and Put Warrants will not guarantee payment of the aggregate Cash Settlement Amount payable or exercise of a Call Warrant and a Put Warrant. Only to the extent that an equal number of Call Warrants and Put Warrants are held on a Lock-In Date or the Final Exercise Date, as the case may be, will the holder be entitled to receive, as applicable, such aggregate amount on the Settlement Date. If a Linked Security is separated into its component Call Warrant and Put Warrant prior to a Lock-In Date, such Call Warrant and Put Warrant will each be exercisable only on the Lock-In Date and the holder of such Warrants will only be entitled to receive the Call Warrant Lock-In Amount and the Put Warrant Lock-In Amount.

The Warrants include a high degree of gearing, so that a relatively small movement in the price of any Share may result in a disproportionately large movement in the price of Warrants. The price of Warrants can therefore be volatile.

Terms used in this statement have the meanings given to them in the Conditions of the Warrants as amended and supplemented by the applicable Final Terms issued in respect of the Call Warrants and the Put Warrants, as applicable, copies of which are available free of charge from the Warrant Agents.

An investor should note that if it is not a Professional Investor, it will not be able to separate any Linked Securities held by it and trade the component Warrants independently of each other unless such investor has signed and returned to the Professional Investor through which it holds such Linked Security a form containing the Separation Statement wording set out above."

Automatic Separation

In the event that the automatic separation provisions apply as described above the "Separation Requirements" described above will not apply.

TERMS AND CONDITIONS OF THE WARRANTS

The following is the text of the Terms and Conditions of the Warrants which will be attached to each Global Warrant (as defined below). The applicable Final Terms in relation to any issue of Warrants may specify other terms and conditions which shall, to the extent so specified or to the extent inconsistent with the following Terms and Conditions, replace or modify the following Terms and Conditions for the purpose of such Warrants. The applicable Final Terms (or the relevant provisions thereof) will be attached to each Global Warrant.

The Warrants of this series (such Warrants being hereinafter referred to as the "**Warrants**") are constituted by a global warrant (the "**Global Warrant**") and are issued by whichever of Barclays Capital (Cayman) Limited ("**BCCL**") or Barclays Bank PLC (the "**Bank**") is specified in the applicable Final Terms (the "**Issuer**") and references to the Issuer shall be construed accordingly. The Warrants are issued pursuant to an amended and restated Master Agency Agreement dated 27 March 2008 (the "**Master Agency Agreement**") between BCCL as issuer, the Bank as issuer and (where the Issuer is BCCL) guarantor (in such capacity, the "**Guarantor**"), The Bank of New York as principal warrant agent (the "**Issue and Paying Agent**", which expression shall include any successor principal warrant agent) and The Bank of New York (Luxembourg) S.A. as Luxembourg warrant agent (the "**Luxembourg Agent**", which expression shall include any additional or successor Luxembourg warrant agent and together with the Issue and Paying Agent, the "**Warrant Agents**"). The Bank shall undertake the duties of calculation agent (the "**Calculation Agent**") in respect of the Warrants as set out below and in the applicable Final Terms unless another entity is so specified as calculation agent in the applicable Final Terms. The expression Calculation Agent shall, in relation to the relevant Warrants, include such other specified calculation agent.

No Warrants in definitive form will be issued. The Global Warrant has been deposited with a depository (the "**Common Depository**") common to Clearstream Banking, société anonyme ("**Clearstream, Luxembourg**") and Euroclear Bank S.A./N.V. ("**Euroclear**").

The applicable Final Terms for the Warrants are attached to the Global Warrant and supplement these Terms and Conditions and may specify other terms and conditions which shall, to the extent so specified or to the extent inconsistent with these Terms and Conditions, supplement, replace or modify these Terms and Conditions for the purposes of the Warrants.

References herein to the "**applicable Final Terms**" are to Part A of the Final Terms or each Final Terms (in the case of any further warrants issued pursuant to Condition 13 and forming a single series with the Warrants) attached to the Global Warrant.

Subject as provided in Condition 3 and in the Guarantee (as defined below), the obligations of BCCL with respect to physical delivery (if applicable) and/or the payment of amounts payable by BCCL are guaranteed by the Bank (in such capacity, the "**Guarantor**") pursuant to a deed of guarantee (the "**Guarantee**") dated 27 March 2008 executed by the Guarantor. The original of the Guarantee is held by the Issue and Paying Agent on behalf of the Warrantholders (as defined in Condition 1(B)) at its specified office.

Copies of the Master Agency Agreement and the Guarantee are available for inspection during normal business hours at the registered office of the Issuer and the specified office of the Issue and Paying Agent. Copies of the applicable Final Terms are available for viewing at the office of the Issue and Paying Agent at c/o The Bank of New York, One Canada Square, London, E14 5AL and copies may be obtained from the Issue and Paying Agent at c/o The Bank of New York, One Canada Square, London, E14 5AL save that, if this Warrant is neither admitted to trading on a regulated market in the European Economic Area nor offered in the European Economic Area in circumstances where a prospectus is required to be published under the Prospectus Directive, the applicable Final Terms will only be obtainable by a Warrantholder holding one or more Warrants and such Warrantholder must produce evidence satisfactory to the Issuer and the relevant Warrant Agent as to its holding of such Warrants and identity.

Words and expressions defined in the Master Agency Agreement or used in the applicable Final Terms shall have the same meanings where used in these Terms and Conditions unless the context otherwise requires or unless otherwise stated.

The Warrantholders are entitled to the benefit of and are deemed to have notice of and are bound by all the provisions of the Master Agency Agreement (insofar as they relate to the Warrants) and the applicable Final Terms, which are binding on them.

1. TYPE, TITLE AND TRANSFER

(A) Type

The Warrants are Index Warrants, Share Warrants, Debt Warrants, Currency Warrants, Commodity Warrants, Fund Warrants or any other or further type of warrants as is specified in the applicable Final Terms. Certain terms which will, unless otherwise varied in the applicable Final Terms, apply to Index Warrants, Share Warrants, Debt Warrants, Currency Warrants, Commodity Warrants or Fund Warrants are set out in Condition 16.

The applicable Final Terms will indicate whether the Warrants are American style Warrants ("*American Style Warrants*") or European style Warrants ("*European Style Warrants*") or such other type as may be specified in the applicable Final Terms, whether automatic exercise ("*Automatic Exercise*") applies to the Warrants, whether settlement shall be by way of cash payment ("*Cash Settled Warrants*") or physical delivery ("*Physical Delivery Warrants*"), whether the Warrants are call Warrants ("*Call Warrants*") or put Warrants ("*Put Warrants*"), or such other type as may be specified in the applicable Final Terms, whether the Warrants may only be exercised in Units and whether Averaging ("*Averaging*") will apply to the Warrants. If Units are specified in the applicable Final Terms, Warrants must be exercised in Units and any Exercise Notice which purports to exercise Warrants in breach of this provision shall be void and of no effect. If Averaging is specified as applying in the applicable Final Terms the applicable Final Terms will state the relevant Averaging Dates and, if an Averaging Date is a Disrupted Day, whether Omission, Postponement or Modified Postponement (each as defined in Condition 4 below) applies.

References in these Terms and Conditions, unless the context otherwise requires, to Cash Settled Warrants shall be deemed to include references to Physical Delivery Warrants, which include an option (as set out in the applicable Final Terms) at the Issuer's election to request cash settlement of such Warrant and where settlement is to be by way of cash payment, and references in these Terms and Conditions, unless the context otherwise requires, to Physical Delivery Warrants shall be deemed to include references to Cash Settled Warrants which include an option (as set out in the applicable Final Terms) at the Issuer's election to request physical delivery of the relevant underlying asset in settlement of such Warrant and where settlement is to be by way of physical delivery.

Warrants may allow holders to elect for settlement by way of cash payment or by way of physical delivery or by such other method of settlement as is specified in the applicable Final Terms. Those Warrants where the holder has elected for cash payment will be Cash Settled Warrants and those Warrants where the holder has elected for physical delivery will be Physical Delivery Warrants. The rights of a holder as described in this paragraph may be subject to the Issuer's right to vary settlement as indicated in the applicable Final Terms.

(B) Title to Warrants

Each person who is for the time being shown in the records of Clearstream, Luxembourg or of Euroclear as the holder of a particular amount of Warrants (in which regard any warrant or other document issued by Clearstream, Luxembourg or Euroclear as to the amount of Warrants standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, (where the Issuer is BCCL) the Guarantor and the Warrant Agents as the holder of such amount of Warrants for all purposes (and the expressions "*Warrantholder*" and "*holder of Warrants*" and related expressions shall be construed accordingly).

(C) Transfers of Warrants

All transactions (including transfers of Warrants) in the open market or otherwise must be effected through an account at Clearstream, Luxembourg or Euroclear subject to and in accordance with the rules and procedures for the time being of Clearstream, Luxembourg or of Euroclear, as the case may be. Title will pass upon registration of the transfer in the books of either Clearstream, Luxembourg or Euroclear, as the case may be. Transfers of Warrants may not be effected after the exercise of such Warrants pursuant to Condition 6.

Any reference herein to Clearstream, Luxembourg and/or Euroclear shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system, specified in the applicable Final Terms or as may otherwise be approved by the Issuer and Issue and Paying Agent, and notified to the Warrantholders in accordance with Condition 11.

2. STATUS OF THE WARRANTS AND GUARANTEE

The Warrants constitute direct, unsubordinated and unsecured obligations of the Issuer and rank equally among themselves and will rank *pari passu* with all other present and future unsecured and unsubordinated obligations of the Issuer (except as prescribed by law).

Where the Issuer is BCCL, the Guarantee constitutes a direct, unsecured and general obligation of the Guarantor and ranks and will rank equally with all existing and future unsecured obligations of the Guarantor, including those in respect of deposits, but excluding any debts for the time being preferred by operation of law in bankruptcy or other legal proceeding of a similar nature and any subordinated obligations.

3. GUARANTEE

Subject as provided below and in the Guarantee, the Guarantor has unconditionally and irrevocably, as a continuing obligation, guaranteed, for the benefit of each relevant Warrantholder, all obligations of BCCL to such Warrantholder under the Warrants and in the event that BCCL shall default in satisfying such obligations as and when the same become due, undertaken to satisfy or procure the satisfaction of such obligations upon written demand being made under the Guarantee by the relevant Warrantholder Provided That (A) in the case of Physical Delivery Warrants that are Call Warrants, notwithstanding that BCCL had the right to vary settlement in respect of such Physical Delivery Warrants in accordance with Condition 5(D) and exercised such right or failed to exercise such right, the Guarantor will have the right at its sole and unfettered discretion to elect not to deliver or procure delivery of the Entitlement to the holders of such Physical Delivery Warrants, but in lieu thereof, to make payment in respect of each such Physical Delivery Warrant of an amount equal to the Guaranteed Cash Settlement Amount calculated pursuant to the terms of the relevant Final Terms (the "**Guaranteed Cash Settlement Amount**") and (B) in the case of Warrants where the obligations of BCCL which fall to be satisfied by the Guarantor constitute the delivery of the Entitlement to the holders of such Warrants the Guarantor will as soon as practicable following BCCL's failure to satisfy its obligations under such Warrants deliver or procure delivery of such Entitlement using the method of delivery specified in the relevant Final Terms, Provided That, if in the opinion of the Guarantor, delivery of the Entitlement using such method is impossible or impracticable by reason of (i) a Settlement Disruption Event (as defined in Condition 5(C)(ii)) or (ii) if "Failure to Deliver due to Illiquidity" is specified as applying in the relevant Final Terms, a Failure to Deliver due to Illiquidity (as defined in Condition 5(C)(iii)), in lieu of such delivery the Guarantor will make payment in respect of each such Warrant of, in the case of (i) above, the Guaranteed Cash Settlement Amount or, in the case of (ii) above the Failure to Deliver Settlement Price (as defined in Condition 5(C)(iii)). Any payment of the Guaranteed Cash Settlement Amount or the Failure to Deliver Settlement Price, as the case may be in respect of a Warrant shall constitute a complete discharge of the Guarantor's obligations in respect of such Warrant.

For the purposes of these Terms and Conditions, the following general definitions will apply:

"Actual Exercise Date" means the Exercise Date (in the case of European Style Warrants) or, subject to Condition 7(A)(ii), the date during the Exercise Period on which the Warrant is actually or is deemed exercised or, if Automatic Exercise is specified as applying in the applicable Final Terms, is automatically exercised (in the case of American Style Warrants (as more fully set out in Condition 5(A)(i)));

If any such day is a Disrupted Day, then:

- (a) if "Omission" is specified as applying in the applicable Final Terms, then such date will be deemed not to be an Averaging Date for the purposes of determining the relevant Settlement Price provided that, if through the operation of this provision no Averaging Date would occur in respect of such Actual Exercise Date, then the provisions of the definition of "Valuation Date" will apply for purposes of determining the relevant level, price or amount on the final Averaging Date with respect to that Actual Exercise Date as if such Averaging Date were a Valuation Date that was a Disrupted Day; or
- (b) if "Postponement" is specified as applying in the applicable Final Terms, then the provisions of the definition of "Valuation Date" will apply for the purposes of determining the relevant level, price or amount on that Averaging Date as if such Averaging Date were a Valuation Date that was a Disrupted Day irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a day that already is or is deemed to be an Averaging Date; or

 - (ii) where the Warrants are Index Warrants relating to a Basket of Indices or Share Warrants relating to a Basket of Shares, the Averaging Date for each Index or Share not affected by the occurrence of a Disrupted Day shall be the originally designated Averaging Date (the "**Scheduled Averaging Date**") and the Averaging Date for an Index or Share affected by the occurrence of a Disrupted Day shall be the first succeeding Valid Date (as defined below) in relation to such Index or Share. If the first succeeding Valid Date in relation to such Index or Share has not occurred as of the Valuation Time on the eighth Scheduled Trading Day immediately following the original date that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date in respect of such Actual Exercise Date, then (A) that eighth Scheduled Trading Day shall be deemed the Averaging Date (irrespective of whether that eighth Scheduled Trading Day is already an Averaging Date) in respect of such Index or Share, and (B) the Calculation Agent shall determine the relevant level, price or amount for that Averaging Date in accordance with sub-paragraph (b)(ii) of the definition of "Valuation Date" below; and

Calculation Agent) in such Debt Security, such bid prices to be expressed as a percentage of the nominal amount of the Debt Security;

- (d) in respect of Currency Warrants:
- (i) in the case of Currency Warrants relating to a Basket of Subject Currencies, an amount equal to the sum of the values calculated for each Subject Currency at the spot rate of exchange appearing on the Relevant Screen Page at the Relevant Time on (A) if Averaging is not specified in the applicable Final Terms, the Valuation Date or (B) if Averaging is specified in the applicable Final Terms, an Averaging Date, for the exchange of such Subject Currency into the Base Currency (expressed as the number of units (or part units) of such Base Currency for which one unit of the Subject Currency can be exchanged) or, if such rate is not available, the arithmetic mean (rounded, if necessary, to four decimal places (with 0.00005 being rounded upwards)) as determined by or on behalf of the Calculation Agent of the bid and offer Subject Currency/Base Currency exchange rates (expressed as aforesaid) at the Relevant Time on the Valuation Date or such Averaging Date, as the case may be, of two or more leading dealers (as selected by the Calculation Agent) on a foreign exchange market (as selected by the Calculation Agent), multiplied by the relevant Multiplier; and
 - (ii) in the case of Currency Warrants relating to a single Subject Currency, an amount equal to the spot rate of exchange appearing on the Relevant Screen Page at the Relevant Time on (A) if Averaging is not specified in the applicable Final Terms, the Valuation Date or (B) if Averaging is specified in the applicable Final Terms, an Averaging Date, for the exchange of such Subject Currency into the Base Currency (expressed as the number of units (or part units) of the Base Currency for which one unit of the Subject Currency can be exchanged) or, if such rate is not available, the arithmetic mean (rounded, if necessary, to four decimal places (with 0.00005 being rounded upwards)) as determined by or on behalf of the Calculation Agent of the bid and offer Subject Currency/Base Currency exchange rates (expressed as aforesaid) at the Relevant Time on the Valuation Date or such Averaging Date, as the case may be, of two or more leading dealers (as selected by the Calculation Agent) on a foreign exchange market (as selected by the Calculation Agent);
- (e) in respect of Commodity Warrants, the provisions relating to the calculation of the Settlement Price will be set out in the applicable Final Terms; and
- (f) in respect of Fund Warrants, the provisions relating to the calculation of the Settlement Price will be set out in the applicable Final Terms.

"Valuation Date" means the Actual Exercise Date of the relevant Warrant or, if that is not a Scheduled Trading Day, the immediately succeeding Scheduled Trading Day unless, in the opinion of the Calculation Agent, such day is a Disrupted Day. If such day is a Disrupted Day, then:

- (a) where the Warrants are Index Warrants relating to a single Index, Share Warrants relating to a single Share or Debt Warrants relating to a single Debt Security, the Valuation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the eight Scheduled Trading Days immediately following the Scheduled Valuation Date is a Disrupted Day. In that case, (i) that eighth Scheduled Trading Day shall be deemed to be the Valuation Date, notwithstanding the fact that such day is a Disrupted Day, and (ii) the Calculation Agent shall determine the Settlement Price in the manner set out in the applicable Final Terms or, if not set out or if not practicable, determine the Settlement Price:
- (x) in the case of Index Warrants, by determining the level of the Index as of the Valuation Time on that eighth Scheduled Trading Day in accordance with (subject to Condition 16(A)(2)) the formula for and method of calculating the Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on that eighth Scheduled Trading Day of each security comprised in the Index (or, if an event giving rise to a Disrupted Day has occurred in respect of the

relevant security on that eighth Scheduled Trading Day, its good faith estimate of the value for the relevant security as of the Valuation Time on that eighth Scheduled Trading Day); or

- (y) in the case of Share Warrants, Debt Warrants or Fund Warrants, in accordance with its good faith estimate of the Settlement Price as of the Valuation Time on that eighth Scheduled Trading Day; or
- (b) where the Warrants are Index Warrants relating to a Basket of Indices, Share Warrants relating to a Basket of Shares or Debt Warrants relating to a Basket of Debt Securities, the Valuation Date for each Index, Share or Debt Security, as the case may be, not affected by the occurrence of a Disrupted Day shall be the Scheduled Valuation Date, and the Valuation Date for each Index, Share or Debt Security affected, as the case may be, (each an "**Affected Item**") by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to the Affected Item unless each of the eight Scheduled Trading Days immediately following the Scheduled Valuation Date is a Disrupted Day relating to the Affected Item. In that case, (i) that eighth Scheduled Trading Day shall be deemed to be the Valuation Date for the Affected Item, notwithstanding the fact that such day is a Disrupted Day, and (ii) the Calculation Agent shall determine the Settlement Price using, in relation to the Affected Item, the level or value as applicable, determined in the manner set out in the applicable Final Terms, and, in the case of a Share, Debt Security or Fund a price determined in the manner set out in the applicable Final Terms or, if not set out or if not practicable, using:
 - (x) in the case of an Index, the level of that Index as of the Valuation Time on that eighth Scheduled Trading Day in accordance with the formula for and method of calculating that Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on that eighth Scheduled Trading Day of each security comprised in that Index (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant security on that eighth Scheduled Trading Day, its good faith estimate of the value for the relevant security as of the Valuation Time on that eighth Scheduled Trading Day); or
 - (y) in the case of a Share or Debt Security, its good faith estimate of the value for the Affected Item as of the Valuation Time on that eighth Scheduled Trading Day,

and otherwise in accordance with the above provisions; and

"Valuation Time" means the Relevant Time specified in the applicable Final Terms or, in the case of Index Warrants or Share Warrants, if no Relevant Time is specified, the Scheduled Closing Time on the relevant Exchange on the relevant Valuation Date or Averaging Date, as the case may be, in relation to each Index or Share to be valued. If the relevant Exchange closes prior to its Scheduled Closing Time and the specified Valuation Time is after the actual closing time for its regular trading session, then the Valuation Time shall be such actual closing time.

5. EXERCISE RIGHTS

(A) Exercise Period

(i) American Style Warrants

American Style Warrants are exercisable on any Exercise Business Day during the Exercise Period.

If Automatic Exercise is not specified as applying in the applicable Final Terms, any American Style Warrant with respect to which no Exercise Notice (as defined below) has been delivered in the manner set out in Condition 6, at or prior to 10.00 a.m., Luxembourg or Brussels time, as the case may be, on the last Exercise Business Day of the Exercise Period (the "**Expiration Date**"), shall become void.

If the Warrants are Cash Settled Warrants and Automatic Exercise is specified as applying in the applicable Final Terms any such American Style Warrant with respect to which no Exercise Notice has

been delivered in the manner set out in Condition 6, at or prior to 10.00 a.m., Luxembourg or Brussels time, as the case may be, on the Expiration Date shall be automatically exercised on the Expiration Date and the provisions of Condition 6(G) shall apply.

The Exercise Business Day during the Exercise Period on which an Exercise Notice is delivered prior to 10.00 a.m., Luxembourg or Brussels time (as appropriate), to Clearstream, Luxembourg or Euroclear, as the case may be, and the copy thereof so received by the Issue and Paying Agent or, if the Warrants are Cash Settled Warrants and Automatic Exercise is specified as applying in the applicable Final Terms and no Exercise Notice has been delivered at or prior to 10.00 a.m., Luxembourg or Brussels time (as appropriate) on the Expiration Date, the Expiration Date, is referred to herein as the "**Actual Exercise Date**". If any Exercise Notice is received by Clearstream, Luxembourg or Euroclear, as the case may be, or if the copy thereof is received by the Issue and Paying Agent, in each case, after 10.00 a.m., Luxembourg or Brussels time (as appropriate), on any Exercise Business Day during the Exercise Period, such Exercise Notice will be deemed to have been delivered on the next Exercise Business Day, which Exercise Business Day shall be deemed to be the Actual Exercise Date, provided that any such Warrant in respect of which no Exercise Notice has been delivered in the manner set out in Condition 6 at or prior to 10.00 a.m. Luxembourg or Brussels time (as appropriate) on the Expiration Date shall (i) if Automatic Exercise is not specified as applying in the applicable Final Terms, become void or (ii), if the Warrants are Cash Settled Warrants and Automatic Exercise is specified as applying in the applicable Final Terms, be automatically exercised on the Expiration Date as provided above.

(ii) *European Style Warrants*

European Style Warrants are only exercisable on the Exercise Date.

If Automatic Exercise is not specified as applying in the applicable Final Terms, any European Style Warrant with respect to which no Exercise Notice has been delivered in the manner set out in Condition 6, at or prior to 10.00 a.m., Luxembourg or Brussels time (as appropriate) on the Actual Exercise Date, shall become void.

If the Warrants are Cash Settled Warrants and Automatic Exercise is specified as applying in the applicable Final Terms, any such European Style Warrant with respect to which no Exercise Notice has been delivered in the manner set out in Condition 6, at or prior to 10.00 a.m., Luxembourg or Brussels time (as appropriate) on the Actual Exercise Date, shall be automatically exercised on the Actual Exercise Date and the provisions of Condition 6(F) shall apply.

(B) **Cash Settlement**

If the Warrants are Cash Settled Warrants, each such Warrant or, if Units are specified in the applicable Final Terms, each Unit entitles its holder, upon due exercise and subject to certification as to non-US beneficial ownership, to receive from the Issuer on the Settlement Date a Cash Settlement Amount calculated by the Calculation Agent (which shall not be less than zero) equal to:

- (i) where Averaging is not specified in the applicable Final Terms:
 - (a) if such Warrants are Call Warrants,

(Settlement Price less Exercise Price) multiplied by, in the case of Debt Warrants only, the Nominal Amount;
 - (b) if such Warrants are Put Warrants,

(Exercise Price less Settlement Price) multiplied by, in the case of Debt Warrants only, the Nominal Amount; and
 - (c) if such Warrants are neither Call Warrants nor Put Warrants, settlement will be as specified in the applicable Final Terms;

- (ii) where Averaging is specified in the applicable Final Terms:
 - (a) if such Warrants are Call Warrants,
 - (the arithmetic mean of the Settlement Prices for all the Averaging Dates less Exercise Price) multiplied by, in the case of Debt Warrants only, the Nominal Amount;
 - (b) if such Warrants are Put Warrants,
 - (Exercise Price less the arithmetic mean of the Settlement Prices for all the Averaging Dates) multiplied by, in the case of Debt Warrants only, the Nominal Amount; and
 - (c) if such Warrants are neither Call Warrants nor Put Warrants, settlement will be as specified in the applicable Final Terms.

Any amount determined pursuant to the above, if not an amount in the Settlement Currency, will be converted into the Settlement Currency at the Exchange Rate specified in the applicable Final Terms for the purposes of determining the Cash Settlement Amount. The Cash Settlement Amount will be rounded to the nearest two decimal places (or, in the case of Japanese Yen, the nearest whole unit) in the relevant Settlement Currency, 0.005 (or, in the case of Japanese Yen, half a unit) being rounded upwards, with Warrants exercised at the same time by the same Warrantholder being aggregated for the purpose of determining the aggregate Cash Settlement Amounts payable in respect of such Warrants or Units, as the case may be.

(C) Physical Settlement

(i) Exercise Rights in relation to Physical Delivery Warrants

If the Warrants are Physical Delivery Warrants, each such Warrant or, if Units are specified in the applicable Final Terms, each Unit, as the case may be, entitles its holder, upon due exercise and subject to certification as to non-US beneficial ownership, to receive from the Issuer on the Settlement Date the Entitlement subject to payment of the relevant Exercise Price and any other sums payable. The method of delivery of the Entitlement is set out in the applicable Final Terms.

Warrants or Units, as the case may be, exercised at the same time by the same Warrantholder will be aggregated for the purpose of determining the aggregate Entitlements in respect of such Warrants or Units, as the case may be, PROVIDED THAT the aggregate Entitlements in respect of the same Warrantholder will be rounded down to the nearest whole unit of the Relevant Asset or each of the Relevant Assets, as the case may be, in such manner as the Calculation Agent shall determine. Therefore, fractions of the Relevant Asset or of each of the Relevant Assets, as the case may be, will not be delivered and no cash adjustment will be made in respect thereof.

Following exercise of a Share Warrant which is a Physical Delivery Warrant, all dividends on the relevant Shares to be delivered will be payable to the party that would receive such dividend according to market practice for a sale of the Shares executed on the relevant Actual Exercise Date and to be delivered in the same manner as such relevant Shares. Any such dividends to be paid to a Warrantholder will be paid to the account specified by the Warrantholder in the relevant Exercise Notice as referred to in Condition 6(A)(2)(vi).

(ii) Settlement Disruption

If, following the exercise of Physical Delivery Warrants, in the opinion of the Calculation Agent, delivery of the Entitlement using the method of delivery specified in the applicable Final Terms is not practicable by reason of a Settlement Disruption Event (as defined below) having occurred and continuing on any Settlement Date, then such Settlement Date for such Warrants shall be postponed to the first following Settlement Business Day in respect of which there is no such Settlement Disruption Event, PROVIDED THAT the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Warrant or Unit, as the case may be, by delivering the Entitlement using such other commercially reasonable manner as it may select and in such event the Settlement Date shall be such day as the Issuer deems

appropriate in connection with delivery of the Entitlement in such other commercially reasonable manner. For the avoidance of doubt, where a Settlement Disruption Event affects some but not all of the Relevant Assets comprising the Entitlement, the Settlement Date for the Relevant Assets not affected by the Settlement Disruption Event will be the originally designated Settlement Date. In the event that a Settlement Disruption Event will result in the delivery on a Settlement Date of some but not all of the Relevant Assets comprising the Entitlement, the Calculation Agent shall determine in its discretion the appropriate *pro rata* portion of the Exercise Price to be paid by the relevant Warrantholder in respect of that partial settlement. For so long as delivery of the Entitlement is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof, the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Warrant or Unit, as the case may be, by payment to the relevant Warrantholder of the Disruption Cash Settlement Price (as defined below) on the fifth Business Day following the date that notice of such election is given to the Warrantholders in accordance with Condition 11. Payment of the Disruption Cash Settlement Price will be made in such manner as shall be notified to the Warrantholders in accordance with Condition 11. The Calculation Agent shall give notice as soon as practicable to the Warrantholders in accordance with Condition 11 that a Settlement Disruption Event has occurred. No Warrantholder shall be entitled to any payment in respect of the relevant Warrant or Unit, as the case may be, in the event of any delay in the delivery of the Entitlement due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer.

For the purposes hereof:

"Disruption Cash Settlement Price" means, in respect of any relevant Warrant or Unit, as the case may be, the fair market value of such Warrant or Unit, as the case may be (taking into account, where the Settlement Disruption Event affected some but not all of the Relevant Assets comprising the Entitlement and such non-affected Relevant Assets have been duly delivered as provided above, the value of such Relevant Assets), less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements, all as determined by the Issuer in its sole and absolute discretion, plus, if already paid, the Exercise Price (or, where as provided above some Relevant Assets have been delivered, and a *pro rata* portion thereof has been paid, such *pro rata* portion); and

"Settlement Disruption Event" means, in the opinion of the Calculation Agent or, if the proviso to Condition 3(B) applies, the Guarantor, an event beyond the control of the Issuer or, if the proviso to Condition 3(B) applies, the Guarantor as a result of which the Issuer or the Guarantor, as the case may be, cannot make delivery of the Relevant Asset(s) using the method specified in the applicable Final Terms.

(iii) *Failure to Deliver due to Illiquidity*

If "Failure to Deliver due to Illiquidity" is specified as applicable in the applicable Final Terms and, following the exercise of Physical Delivery Warrants, in the opinion of the Calculation Agent, it is impossible or impracticable to deliver, when due, some or all of the Relevant Assets (the "**Affected Relevant Assets**") comprising the Entitlement, where such failure to deliver is due to illiquidity in the market for the Relevant Assets (a "**Failure to Deliver due to Illiquidity**"), then

- (a) subject as provided elsewhere in the Conditions, any Relevant Assets which are not Affected Relevant Assets, will be delivered on the originally designated Settlement Date in accordance with Condition 5(C)(i) and the Calculation Agent shall determine in its discretion the appropriate *pro rata* portion of the Exercise Price to be paid by the relevant Warrantholder in respect of that partial settlement; and
- (b) in respect of any Affected Relevant Assets, in lieu of physical settlement and notwithstanding any other provision hereof, the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Warrant or Unit, as the case may be, by payment to the relevant Warrantholder of the Failure to Deliver Settlement Price (as defined below) on the fifth Business Day following the date that notice of such election is given to the Warrantholders in accordance with Condition 11. Payment of the Failure to Deliver Settlement Price will be made in such manner as shall be notified to the Warrantholders in accordance with Condition 11. The Calculation Agent shall give notice as soon as practicable to the Warrantholders in accordance with Condition 11 that the provisions of this Condition 5(C)(iii) apply.

For the purposes hereof:

"Failure to Deliver Settlement Price" means, in respect of any relevant Warrant or Unit, as the case may be, the fair market value of such Warrant or Unit, as the case may be (taking into account, the Relevant Assets comprising the Entitlement which have been duly delivered as provided above), less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements, all as determined by the Issuer in its sole and absolute discretion, plus, if already paid, the Exercise Price (or, where as provided above some Relevant Assets have been delivered, and a *pro rata* portion thereof has been paid, such *pro rata* portion).

(D) Issuer's Option to Vary Settlement

If the applicable Final Terms indicates that the Issuer has an option to vary settlement in respect of the Warrants, upon a valid exercise of Warrants in accordance with these Terms and Conditions, the Issuer may at its sole and unfettered discretion in respect of each such Warrant or, if Units are specified in the applicable Final Terms, each Unit, elect not to pay the relevant Warrantheolders the Cash Settlement Amount or to deliver or procure delivery of the Entitlement to the relevant Warrantheolders, as the case may be, but, in lieu thereof to deliver or procure delivery of the Entitlement or make payment of the Cash Settlement Amount on the Settlement Date to the relevant Warrantheolders, as the case may be. Notification of such election will be given to Warrantheolders no later than 10.00 a.m. (London time) on the second Business Day following the Actual Exercise Date.

(E) General

In relation to any Cash Settled Warrants where Automatic Exercise is specified as applying in the applicable Final Terms, the expressions "exercise", "due exercise" and related expressions shall be construed to apply to any such Warrants which are automatically exercised in accordance with the above provisions.

None of the Issuer, (where the Issuer is BCCL) the Guarantor, the Calculation Agent and the Warrant Agents shall have any responsibility for any errors or omissions in the calculation of any Cash Settlement Amount or of any Entitlement.

The purchase of Warrants does not confer on any holder of such Warrants any rights (whether in respect of voting, distributions or otherwise) attaching to any Relevant Asset.

All references in this Condition to "Luxembourg or Brussels time" shall, where Warrants are cleared through an additional or alternative clearing system, be deemed to refer as appropriate to the time in the city where the relevant clearing system is located.

6. EXERCISE PROCEDURE

(A) Exercise Notice

Warrants may only be exercised by the delivery, or the sending by tested telex (confirmed in writing), of a duly completed exercise notice (an "**Exercise Notice**") in the form set out in the Master Agency Agreement (copies of which form may be obtained from Clearstream, Luxembourg, Euroclear and the Warrant Agents) to Clearstream, Luxembourg or Euroclear, as the case may be, with a copy to the Issue and Paying Agent in accordance with the provisions set out in Condition 5 and this Condition.

- (vi) certify, *inter alia*, that the beneficial owner of each Warrant being exercised is not a US person (as defined in the Exercise Notice); and

all as provided in the Master Agency Agreement.

(2) In the case of Physical Delivery Warrants, the Exercise Notice shall:

- (i) specify the series number of the Warrants and the number of Warrants being exercised and, if Units are specified in the applicable Final Terms, the number of Units being exercised;
- (ii) specify the number of the Warrantheader's account at Clearstream, Luxembourg or Euroclear, as the case may be, to be debited with the Warrants being exercised;

- (vi) include such details as are required by the applicable Final Terms for delivery of the Entitlement which may include account details and/or the name and address of any person(s) into whose name evidence of the Entitlement is to be registered and/or any bank, broker or agent to whom documents evidencing the Entitlement are to be delivered and specify the name and the number of the Warrantheader's account with Euroclear or

Clearstream, Luxembourg, as the case may be, to be credited with any cash payable by the Issuer, either in respect of any cash amount constituting the Entitlement or any dividends relating to the Entitlement or as a result of the occurrence of a Settlement Disruption Event or a Failure to Deliver due to Illiquidity and the Issuer electing to pay the Disruption Cash Settlement Price or Failure to Deliver Settlement Price, as applicable;

- (3) If Condition 5(D) applies, the form of Exercise Notice required to be delivered will be different from that set out above. Copies of such Exercise Notice may be obtained from Clearstream, Luxembourg, Euroclear and the Warrant Agents during normal office hours.

(B) Verification of the Warrantholder

Upon receipt of an Exercise Notice, Clearstream, Luxembourg or Euroclear, as the case may be, shall verify that the person exercising the Warrants is the holder thereof according to the books of Clearstream, Luxembourg or Euroclear, as the case may be. Subject thereto, Clearstream, Luxembourg or Euroclear, as the case may be, will confirm to the Issue and Paying Agent the series number and number of Warrants being exercised and the account details, if applicable, for the payment of the Cash Settlement Amount or, as the case may be, the details for the delivery of the Entitlement of each Warrant or Unit, as the case may be, being exercised. Upon receipt of such confirmation, the Issue and Paying Agent will inform the Issuer thereof. Clearstream, Luxembourg or Euroclear, as the case may be, will on or before the Settlement Date debit the account of the relevant Warrantholder with the Warrants being exercised. If the Warrants are American Style Warrants, upon exercise of less than all the Warrants constituted by the Global Warrant, the Common Depositary will, on the instructions of, and on behalf of, the Issue and Paying Agent, note such exercise on the Schedule to the Global Warrant and the number of Warrants so constituted shall be reduced by the cancellation *pro tanto* of the Warrants so exercised.

(C) Settlement

(i) Cash Settled Warrants

The Issuer shall on the Settlement Date pay or cause to be paid the Cash Settlement Amount (if any) for each duly exercised Warrant or Unit, as the case may be, to the Warrantholder's account specified in the relevant Exercise Notice for value on the Settlement Date less any Exercise Expenses.

(ii) Physical Delivery Warrants

Subject to payment of the aggregate Exercise Prices and payment of any Exercise Expenses with regard to the relevant Warrants or Units, as the case may be, the Issuer shall on the Settlement Date deliver, or procure the delivery of, the Entitlement for each duly exercised Warrant or Unit, as the case may be, pursuant to the details specified in the Exercise Notice. Subject as provided in Condition 5(C), the Entitlement shall be delivered and evidenced in such manner as set out in the applicable Final Terms.

(D) Determinations

Any determination as to whether an Exercise Notice is duly completed and in proper form shall be made by Clearstream, Luxembourg or Euroclear, as the case may be, in consultation with the Issue and Paying

Agent, and shall be conclusive and binding on the Issuer, the Warrant Agents and the relevant Warrantholder. Subject as set out below, any Exercise Notice so determined to be incomplete or not in proper form, or which is not copied to the Issue and Paying Agent immediately after being delivered or sent to Clearstream, Luxembourg or Euroclear, as the case may be, as provided in paragraph (A) above, shall be null and void.

If such Exercise Notice is subsequently corrected to the satisfaction of Clearstream, Luxembourg or Euroclear, as the case may be, in consultation with the Issue and Paying Agent, it shall be deemed to be a new Exercise Notice submitted at the time such correction was delivered to Clearstream, Luxembourg or Euroclear, as the case may be, and the Issue and Paying Agent.

If Automatic Exercise is not specified as applying in the applicable Final Terms, any Warrant with respect to which the Exercise Notice has not been duly completed and delivered in the manner set out above by the cut-off time specified in Condition 5(A)(i), in the case of American Style Warrants, or Condition 5(A)(ii), in the case of European Style Warrants, shall become void.

Clearstream, Luxembourg or Euroclear, as the case may be, shall use its best efforts promptly to notify the Warrantholder submitting an Exercise Notice if, in consultation with the Issue and Paying Agent, it has determined that such Exercise Notice is incomplete or not in proper form. In the absence of negligence or wilful misconduct on its part, none of the Issuer, (where the Issuer is BCCL) the Guarantor, the Warrant Agents, Clearstream, Luxembourg or Euroclear shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Warrantholder.

(E) **Delivery of an Exercise Notice**

Delivery of an Exercise Notice shall constitute an irrevocable election by the relevant Warrantholder to exercise the Warrants specified. After the delivery of such Exercise Notice, such exercising Warrantholder may not transfer such Warrants.

(F) **Automatic Exercise**

This paragraph only applies if the Warrants are Cash Settled Warrants, Automatic Exercise is specified as applying in the applicable Final Terms and the Warrants are automatically exercised as provided in Condition 5(A)(i) or Condition 5(A)(ii).

In order to receive the Cash Settlement Amount, if the Warrants are Cash Settled Warrants, or the Entitlement, if the Warrants are Physical Delivery Warrants, in respect of a Warrant, or if Units are specified in the applicable Final Terms, a Unit, as the case may be, the relevant Warrantholder must deliver or send by tested telex (confirmed in writing) a duly completed Exercise Notice to Clearstream, Luxembourg or Euroclear, as the case may be, with a copy to the Agent on any Business Day until not later than 10.00 a.m., Luxembourg or Brussels time (as appropriate), on the day (the "**Cut-off Date**") falling 180 days after (i) the Expiration Date, in the case of American Style Warrants or (ii) the Actual Exercise Date, in the case of European Style Warrants. The Exercise Notice shall include the applicable information set out in the Exercise Notice referred to in Condition 6(A)(1), Condition 6(A)(2) or Condition 6(A)(3), as applicable. The Business Day during the period from the Expiration Date or the Actual Exercise Date, as the case may be, until the Cut-off Date on which an Exercise Notice is delivered to Clearstream, Luxembourg or Euroclear, as the case may be, and a copy thereof delivered to the Agent is referred to in this Condition 6(F) as the "**Exercise Notice Delivery Date**", Provided That, if the Exercise Notice is received by Clearstream, Luxembourg or Euroclear, as the case may be, or if the copy thereof is received by the Agent, in each case, after 10.00 a.m., Luxembourg or Brussels time (as appropriate), on any Business Day, such Exercise Notice shall be deemed to have been delivered on the next Business Day, which Business Day shall be deemed to be the Exercise Notice Delivery Date.

Subject to the relevant Warrantholder performing its obligations in respect of the relevant Warrant or Unit, as the case may be, in accordance with these Conditions, the Settlement Date for such Warrants or Units, as the case may be, shall be (i) in the case of Cash Settled Warrants, the fifth Business Day following the Exercise Notice Delivery Date and (ii) in the case of Physical Delivery Warrants and subject to Condition 6(C)(ii), the fifth Settlement Business Day following the Exercise Notice Delivery Date. In the event that

a Warrantholder does not so deliver an Exercise Notice in accordance with this Condition 6(F) prior to 10.00 a.m., Luxembourg or Brussels time (as appropriate), on the Cut-off Date, the Issuer's obligations in respect of such Warrants shall be discharged and no further liability in respect thereof shall attach to the Issuer or (where the Issuer is BCCL) the Guarantor.

(G) Exercise Risk

Exercise of the Warrants is subject to all applicable laws, regulations and practices in force on the relevant Exercise Date and none of the Issuer, (where the Issuer is BCCL) the Guarantor and the Warrant Agents shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. None of the Issuer, (where the Issuer is BCCL) the Guarantor and the Warrant Agents shall under any circumstances be liable for any acts or defaults of Clearstream, Luxembourg or Euroclear in relation to the performance of its duties in relation to the Warrants.

7. MINIMUM AND MAXIMUM NUMBER OF WARRANTS EXERCISABLE

(A) American Style Warrants

This paragraph (A) applies only to American Style Warrants.

- (i) The number of Warrants exercisable by any Warrantholder on any Actual Exercise Date or, in the case of Automatic Exercise, the number of Warrants held by any Warrantholder on any Actual Exercise Date, in each case, as determined by the Issuer, must not be less than the Minimum Exercise Number specified in the applicable Final Terms and, if specified in the applicable Final Terms, if a number greater than the Minimum Exercise Number, must be an integral multiple of the number specified in the applicable Final Terms. Any Exercise Notice which purports to exercise Warrants in breach of this provision shall be void and of no effect.
- (ii) If the Issuer determines that the number of Warrants being exercised on any Actual Exercise Date by any Warrantholder or a group of Warrantholders (whether or not acting in concert) exceeds the Maximum Exercise Number (a number equal to the Maximum Exercise Number being the "*Quota*"), the Issuer may deem the Actual Exercise Date for the first Quota of such Warrants, selected at the discretion of the Issuer, to be such day and the Actual Exercise Date for each additional Quota of such Warrants (and any remaining number thereof) to be each of the succeeding Exercise Business Days until all such Warrants have been attributed with an Actual Exercise Date, provided, however, that the deemed Actual Exercise Date for any such Warrants which would thereby fall after the Expiration Date shall fall on the Expiration Date. In any case where more than the Quota of Warrants are exercised on the same day by Warrantholder(s), the order of settlement in respect of such Warrants shall be at the sole discretion of the Issuer.

(B) European Style Warrants

This paragraph (B) applies only to European Style Warrants.

The number of Warrants exercisable by any Warrantholder on the Exercise Date, as determined by the Issuer, must be equal to the Minimum Exercise Number specified in the applicable Final Terms and, if specified in the applicable Final Terms, if a number greater than the Minimum Exercise Number, must be an integral multiple of the number specified in the applicable Final Terms. Any Exercise Notice which purports to exercise Warrants in breach of this provision shall be void and of no effect.

8. ILLEGALITY

If the Issuer determines that the performance of its obligations under the Warrants has become illegal in whole or in part for any reason, the Issuer may cancel the Warrants by giving notice to Warrantholders in accordance with Condition 11.

Should any one or more of the provisions contained in these Terms and Conditions be or become invalid, the validity of the remaining provisions shall not in any way be affected thereby.

If the Issuer cancels the Warrants then the Issuer will, if and to the extent permitted by applicable law, pay an amount to each Warrantholder in respect of each Warrant or, if Units are specified in the applicable Final Terms, each Unit, as the case may be, held by such holder, which amount shall be the fair market value of a Warrant or Unit, as the case may be, notwithstanding such illegality less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements plus, if already paid by or on behalf of the Warrantholder, the Exercise Price, all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Warrantholders in accordance with Condition 11.

9. PURCHASES

The Issuer or any Affiliate may, but is not obliged to, at any time purchase Warrants at any price in the open market or by tender or private treaty. Any Warrants so purchased may be held or resold or surrendered for cancellation.

10. AGENTS, DETERMINATIONS, MEETINGS PROVISIONS AND MODIFICATIONS

(A) Warrant Agents

The specified office of the Warrant Agents are as set out at the end of these Terms and Conditions.

The Issuer and (where the Issuer is BCCL) the Guarantor reserve the right at any time to vary or terminate the appointment of any Warrant Agent and to appoint further or additional Warrant Agents, provided that no termination of appointment of the Issue and Paying Agent shall become effective until a replacement Issue and Paying Agent shall have been appointed and provided that, so long as any of the Warrants are listed on a stock exchange, there shall be a Warrant Agent having a specified office in each location required by the rules and regulations of the relevant stock exchange or admitted to trading or listing by any other relevant authority. Notice of any termination of appointment and of any changes in the specified office of any Warrant Agent will be given to Warrantholders in accordance with Condition 11. In acting under the Master Agency Agreement, each Warrant Agent acts solely as agent of the Issuer and (where the Issuer is BCCL) the Guarantor and does not assume any obligation or duty to, or any relationship of agency or trust for or with, the Warrantholders and any determinations and calculations made in respect of the Warrants by any Warrant Agent shall (save in the case of manifest error) be final, conclusive and binding on the Issuer, (where the Issuer is BCCL) the Guarantor and the Warrantholders.

(B) Calculation Agent

In relation to each issue of Warrants, the Calculation Agent (whether it be the Bank or another entity) acts solely as agent of the Issuer, (where the Issuer is BCCL) the Guarantor and does not assume any obligation or duty to, or any relationship of agency or trust for or with, the Warrantholders. All calculations and determinations made in respect of the Warrants by the Calculation Agent shall (save in the case of manifest error) be final, conclusive and binding on the Issuer, (where the Issuer is BCCL) the Guarantor and the Warrantholders.

The Calculation Agent may, with the consent of the Issuer, delegate any of its obligations and functions to a third party as it deems appropriate.

(C) Determinations by the Issuer or the Guarantor

Any determination made by the Issuer or (where the Issuer is BCCL) the Guarantor pursuant to these Terms and Conditions shall (save in the case of manifest error) be final, conclusive and binding on the Issuer and the Warrantholders.

(D) Meetings of Warrantholders

The Master Agency Agreement contains provisions for convening meetings of the Warrantholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution (as defined in the Master Agency Agreement) of a modification of the Terms and Conditions or the Master

Agency Agreement. At least 21 days' notice (exclusive of the day on which the notice is given and of the day on which the meeting is held) specifying the date, time and place of the meeting shall be given to Warranholders. Such a meeting may be convened by the Issuer, (where the Issuer is BCCL) the Bank or Warranholders holding not less than 5 per cent. (by number) of the Warrants for the time being remaining unexercised. The quorum at a meeting of the Warranholders (except for the purpose of passing an Extraordinary Resolution) will be two or more persons holding or representing not less than 20 per cent. (by number) of the Warrants for the time being remaining unexercised, or at any adjourned meeting two or more persons being or representing Warranholders whatever the number of Warrants so held or represented. The quorum at a meeting of Warranholders for the purpose of passing an Extraordinary Resolution will be two or more persons holding or representing not less than 50 per cent. (by number) of the Warrants for the time being remaining unexercised or at any adjourned meeting two or more persons being holding or representing not less than 10 per cent. (by number) of the Warrants for the time being remaining unexercised. A resolution will be an Extraordinary Resolution when it has been passed at a duly convened meeting by not less than three-fourths of the votes cast by Warranholders at such meeting as, being entitled to do so, vote in person or by proxy. An Extraordinary Resolution passed at any meeting of the Warranholders shall be binding on all the Warranholders, whether or not they are present at the meeting, save for those Warrants remaining unexercised but for which an Exercise Notice shall have been received as described in Condition 6 prior to the date of the meeting. Warrants which have not been exercised but in respect of which an Exercise Notice has been received as described in Condition 6 will not confer the right to attend or vote at, or join in convening, or be counted in the quorum for, any meeting of the Warranholders. Resolutions can be passed in writing if passed unanimously.

(E) Modifications

The Issuer may modify these Terms and Conditions and/or the Master Agency Agreement without the consent of the Warranholders in any manner which the Issuer may deem necessary or desirable provided that such modification is not materially prejudicial to the interests of the Warranholders or such modification is of a formal, minor or technical nature or to correct a manifest or proven error or to cure, correct or supplement any defective provision contained herein and/or therein. Notice of any such modification will be given to the Warranholders in accordance with Condition 11 but failure to give, or non-receipt of, such notice will not affect the validity of any such modification.

11. NOTICES

All notices to Warranholders shall be valid if delivered (i) to Clearstream, Luxembourg and Euroclear for communication by them to the Warranholders and (ii) if and so long as the Warrants are listed on a stock exchange or are admitted to trading by another relevant authority, in accordance with the rules and regulations of the relevant stock exchange or other relevant authority. Any such notice shall be deemed to have been given on the second Business Day following such delivery or, if earlier, the date of such publication or, if published more than once, on the date of the first such publication.

12. EXPENSES AND TAXATION

- (A) A holder of Warrants must pay all Exercise Expenses relating to such Warrants as provided above.
- (B) The Issuer shall not be liable for or otherwise obliged to pay any tax, duty, withholding or other payment which may arise as a result of the ownership, transfer, exercise or enforcement of any Warrant and all payments made by the Issuer shall be made subject to any such tax, duty, withholding or other payment which may be required to be made, paid, withheld or deducted.

13. FURTHER ISSUES

The Issuer shall be at liberty from time to time without the consent of Warranholders to create and issue further Warrants so as to be consolidated with and form a single series with the outstanding Warrants.

14. SUBSTITUTION OF ISSUER OR GUARANTOR

- (A) The Issuer, other than where the Issuer is the Bank, shall be entitled at any time, without the consent of any Warranholder, to substitute any subsidiary or holding company of the Issuer or any subsidiary of any such

holding company the identity of which shall be in the absolute discretion of the Issuer (the "**New Issuer**") in place of the Issuer, to act as obligor in respect of any Warrants issued by it, provided that (i) the New Issuer shall assume all obligations of the Issuer in relation to the Warrantheolders under or in relation to the Warrants and (ii) the obligations of the New Issuer shall continue to be guaranteed by the Guarantor (unless the New Issuer is the Guarantor itself). In the event of any such substitution, any reference in these Conditions to the Issuer shall be construed as a reference to the New Issuer. Such substitution shall be promptly notified to the Warrantheolders in accordance with Condition 11. In connection with such right of substitution, the Issuer shall not be obliged to have regard to the consequences of the exercise of such right for individual Warrantheolders resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory, and no Warrantheolder shall be entitled to claim from the Issuer or New Issuer any indemnification or payment in respect of any tax consequence of any such substitution upon such Warrantheolder.

- (B) The Bank as Issuer and Guarantor shall be entitled at any time, without the consent of the Warrantheolders, to substitute any other entity the identity of which shall be in the absolute discretion of the Bank (the "**New Guarantor**") in place of the Bank as Issuer or Guarantor to act as obligor in respect of the Warrants issued by it or as guarantor in respect of BCCL's obligations under the Warrants provided that (i) the New Guarantor's long term unsecured, unsubordinated and unguaranteed debt obligations are rated at least the same as the Bank's long term unsecured, unsubordinated and unguaranteed debt obligations at the date on which the substitution is to take effect or the New Guarantor has an equivalent long term rating from another internationally recognised rating agency and (ii) if applicable, the New Guarantor enters into a guarantee on substantially the same terms as the Guarantee. In the event of any such substitution, any reference in the Terms and Conditions to the Bank in its capacity as Issuer or as Guarantor shall be construed as a reference to the New Guarantor and any reference to the Guarantee shall be construed as a reference to the new guarantee. Such substitution shall be promptly notified to the Warrantheolders in accordance with Condition 11. In connection with such right of substitution, the Bank in its capacity as Issuer or as Guarantor shall not be obliged to have regard to the consequences of the exercise of such right for individual Warrantheolders resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory, and no Warrantheolder shall be entitled to claim from the Bank in its capacity as Issuer or as Guarantor or New Guarantor any indemnification or payment in respect of any tax or other consequence of any such substitution upon such Warrantheolder.

15. GOVERNING LAW

The Warrants, the Global Warrant, the Master Agency Agreement and the Guarantee are governed by and shall be construed in accordance with English law.

Where the Issuer is BCCL, the Issuer irrevocably agrees for the exclusive benefit of each Warrantheolder that the courts of England are to have jurisdiction to settle any disputes which may arise out of or in connection with the Warrants and that accordingly any suit, action or proceeding (together in this Condition referred to as "**Proceedings**") arising out of or in connection with the Warrants may be brought in such courts. Nothing contained in this Condition shall limit the right of any Warrantheolder to take Proceedings in any other court of competent jurisdiction, nor shall the taking of Proceedings in one or more jurisdictions preclude the taking of Proceedings in any other jurisdiction, whether concurrently or not.

Where the Issuer is BCCL, the Issuer agrees that process in connection with Proceedings in the courts of England will be validly served on it if served upon Barclays Capital Services Limited at its offices for the time being (being at the date hereof 1 Churchill Place, London E14 5HP) and agrees that, in the event of it ceasing to have an office in London it will appoint another person as its agent for service of process in England in respect of any Proceedings.

16. TERMS FOR INDEX WARRANTS, SHARE WARRANTS, DEBT WARRANTS, COMMODITY WARRANTS AND FUND WARRANTS

(A) Index Warrants

For the purposes of this Condition 16(A):

"**Indices**" and "**Index**" mean, subject to adjustment in accordance with this Condition 16(A), the indices or index specified in the applicable Final Terms and related expressions shall be construed accordingly; and

"**Index Sponsor**" means, in relation to an Index, the corporation or other entity that (a) is responsible for setting and reviewing the rules and procedures and the methods of calculation and adjustments, if any related to such Index and (b) announces (directly or through an agent) the level of such Index on a regular basis during each Scheduled Trading Day, which as of the Issue Date is the index sponsor specified for such Index in the applicable Final Terms.

(1) *Market Disruption*

"**Market Disruption Event**" means, in relation to Warrants relating to a single Index or Basket of Indices, in respect of an Index:

- (a) the occurrence or existence at any time during the one hour period that ends at the Valuation Time:
 - (i) of any suspension of or limitation imposed on trading by the relevant Exchange or Related Exchange or otherwise and whether by reason of movements in price exceeding limits permitted by the relevant Exchange or Related Exchange or otherwise:
 - (A) on any relevant Exchange(s) relating to securities/commodities that comprise 20 per cent. or more of the level of the relevant Index; or
 - (B) in futures or options contracts relating to the relevant Index on any relevant Related Exchange;
 - (ii) of any event (other than an event described in (b) below) that disrupts or impairs (as determined by the Calculation Agent) the ability of market participants in general (A) to effect transactions in, or obtain market values for, on any relevant Exchange(s) securities/commodities that comprise 20 per cent. or more of the level of the relevant Index, or (B) to effect transactions in, or obtain market values for, futures or options contracts relating to the relevant Index on any relevant Related Exchange,

which in either case the Calculation Agent determines is material; or

- (b) the closure on any Exchange Business Day of any relevant Exchange(s) relating to securities/commodities that comprise 20 per cent. or more of the level of the relevant Index or any Related Exchange(s) prior to its Scheduled Closing Time unless such earlier closing time is announced by such Exchange(s) or such Related Exchange(s), as the case may be, at least one hour prior to (A) the actual closing time for the regular trading session on such Exchange(s) or such Related Exchange(s) on such Exchange Business Day or, if earlier, (B) the submission deadline for orders to be entered into the Exchange or Related Exchange system for execution at the Valuation Time on such Exchange Business Day.

For the purposes of determining whether a Market Disruption Event in respect of an Index exists at any time, if a Market Disruption Event occurs in respect of a security/commodity included in the Index at any time, then the relevant percentage contribution of that security/commodity to the level of the Index shall be based on a comparison of (i) the portion of the level of the Index attributable to that security/commodity and (ii) the overall level of the Index, in each case immediately before the occurrence of such Market Disruption Event.

The Calculation Agent shall give notice as soon as practicable to the Warrantholders in accordance with Condition 11 of the occurrence of a Disrupted Day on any day that, but for the occurrence of a Disrupted Day would have been an Averaging Date or a Valuation Date.

(2) *Adjustments to an Index*

(a) Successor Index Sponsor Calculates and Reports an Index

If a relevant Index is (i) not calculated and announced by the Index Sponsor but is calculated and announced by a successor sponsor acceptable to the Calculation Agent, or (ii) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of that Index, then in each case that index (the "**Successor Index**") will be deemed to be the Index.

(b) Modification and Cessation of Calculation of an Index

If (i) on or prior to a Valuation Date or an Averaging Date the relevant Index Sponsor makes or announces that it will make a material change in the formula for or the method of calculating a relevant Index or in any other way materially modifies that Index (other than a modification prescribed in that formula or method to maintain that Index in the event of changes in constituent stock and capitalisation, contracts or commodities and other routine events) (an "**Index Modification**"), or permanently cancels a relevant Index and no Successor Index exists (an "**Index Cancellation**"), or (ii) on a Valuation Date or an Averaging Date the Index Sponsor or (if applicable) the Successor Index Sponsor fails to calculate and announce a relevant Index (an "**Index Disruption**" and, together with an Index Modification and an Index Calculation, each an "**Index Adjustment Event**"), then

- (i) the Calculation Agent shall determine if such Index Adjustment Event has a material effect on the Warrants and, if so, shall calculate the relevant Settlement Price using, in lieu of a published level for that Index, the level for that Index as at the Valuation Time on that Valuation Date or that Averaging Date, as the case may be, as determined by the Calculation Agent in accordance with the formula for and method of calculating that Index last in effect prior to the change, failure or cancellation, but using only those securities/commodities that comprised that Index immediately prior to that Index Adjustment Event; or
- (ii) the Issuer shall cancel the Warrants by giving notice to Warrantholders in accordance with Condition 11. If the Warrants are so cancelled the Issuer will pay an amount to each Warrantholder in respect of each Warrant or, if Units are specified in the applicable Final Terms, each Unit, as the case may be, held by him which amount shall be the fair market value of a Warrant or a Unit, as the case may be, taking into account the Index Adjustment Event, less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion. Payments will be made in such manner as shall be notified to the Warrantholders in accordance with Condition 11.

(c) Notice

The Calculation Agent shall, as soon as practicable, notify the Issue and Paying Agent of any determination made by it pursuant to paragraph (b) above and the action proposed to be taken in relation thereto and the Issue and Paying Agent shall make available for inspection by Warrantholders copies of any such determinations.

(B) **Share Warrants**

For the purposes of this Condition 16(B):

"**Basket Company**" means a company whose shares are included in the Basket of Shares and "**Basket Companies**" means all such companies;

"**Shares**" and "**Share**" mean, subject to adjustment in accordance with this Condition 16(B), in the case of an issue of Warrants relating to a Basket of Shares, each share and, in the case of an issue of Warrants

relating to a single Share, the share, specified in the applicable Final Terms and related expressions shall be construed accordingly; and

"Share Company" means, in the case of an issue of Warrants relating to a single Share, the company that has issued such share.

(1) *Market Disruption*

"Market Disruption Event" means, in relation to Warrants relating to a single Share or a Basket of Shares, in respect of a Share:

- (a) the occurrence or existence any time during the one hour period that ends at the Valuation Time for such Share:
 - (i) of any suspension of or limitation imposed on trading by the relevant Exchange or Related Exchange or otherwise and whether by reason of movements in price exceeding limits permitted by the relevant Exchange or any Related Exchange or otherwise:
 - (A) relating to the Share on the Exchange; or
 - (B) in futures or options contracts relating to the Share on any relevant Related Exchange; or
 - (ii) of any event (other than as described in (b) below) that disrupts or impairs (as determined by the Calculation Agent) the ability of market participants in general (A) to effect transactions, in or obtain market values for, the Share on the Exchange or (B) to effect transactions in, or obtain market values for, futures or options contracts on or relating to the Share on any relevant Related Exchange,

which in either case the Calculation Agent determines is material; or

- (b) the closure on any Exchange Business Day of the relevant Exchange or any Related Exchange(s) prior to its Scheduled Closing Time unless such earlier closing time is announced by such Exchange(s) or such Related Exchange(s), as the case may be, at least one hour prior to (A) the actual closing time for the regular trading session on such Exchange(s) or such Related Exchange(s) on such Exchange Business Day or, if earlier, (B) the submission deadline for orders to be entered into the Exchange or Related Exchange system for execution at the Valuation Time on such Exchange Business Day.

The Calculation Agent shall give notice as soon as practicable to the Warrantholders in accordance with Condition 11 of the occurrence of a Disrupted Day on any day that, but for the occurrence of a Disrupted Day, would have been an Averaging Date or a Valuation Date.

(2) *Potential Adjustment Events, Merger Event, Tender Offer, De-listing, Nationalisation and Insolvency*

- (a) **"Potential Adjustment Event"** means any of the following:
 - (i) a subdivision, consolidation or reclassification of relevant Shares (unless resulting in a Merger Event or, if Tender Offer is specified as applying in the applicable Final Terms, a Tender Offer) or a free distribution or dividend of any such Shares to existing holders by way of bonus, capitalisation or similar issue;
 - (ii) a distribution, issue or dividend to existing holders of the relevant Shares of (a) such Shares or (b) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Basket Company or Share Company, as the case may be, equally or proportionately with such payments to holders of such Shares or (c) share capital or other securities of another issuer acquired or owned (directly or indirectly) by the Basket Company or Share Company, as the case may be, as a result of a spin-off or other similar transaction or (d) any other type of securities, rights or

warrants or other assets, in any case for payment (in cash or in other consideration) at less than the prevailing market price as determined by the Calculation Agent;

- (iii) an extraordinary dividend as determined by the Calculation Agent;
- (iv) a call by a Basket Company or Share Company, as the case may be, in respect of relevant Shares that are not fully paid;
- (v) a repurchase by the Basket Company or its subsidiaries or Share Company or its subsidiaries, as the case may be, of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or
- (vi) in respect of a Basket Company or Share Company, as the case may be, an event that results in any shareholder rights being distributed or becoming separated from shares of common stock or other shares of the capital stock of such Basket Company or Share Company, as the case may be, pursuant to a shareholder rights plan or arrangement directed against hostile takeovers that provides upon the occurrence of certain events for a distribution of preferred stock, warrants, debt instruments or stock rights at a price below their market value as determined by the Calculation Agent, provided that any adjustment effected as a result of such an event shall be readjusted upon any redemption of such rights; and
- (vii) any other event that may have, in the opinion of the Calculation Agent, a diluting or concentrative effect on the theoretical value of the relevant Shares.

Following the declaration by the Basket Company or Share Company, as the case may be, of the terms of any Potential Adjustment Event, the Calculation Agent will, in its sole and absolute discretion, determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Shares and, if so, will (i) make the corresponding adjustment, if any, to any one or more of any Relevant Asset and/or the Entitlement and/or the Exercise Price and/or the Multiplier and/or any of the other terms of these Terms and Conditions and/or the applicable Final Terms as the Calculation Agent in its sole and absolute discretion determines appropriate to account for that diluting or concentrative effect (provided that no adjustments will be made to account solely for changes in volatility, expected dividends, stock loan rate or liquidity relative to the relevant Share) and (ii) determine the effective date of that adjustment. The Calculation Agent may, but need not, determine the appropriate adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange.

Upon the making of any such adjustment by the Calculation Agent, the Calculation Agent shall give notice as soon as practicable to the Warrantholders in accordance with Condition 11, stating the adjustment to any Relevant Asset and/or the Entitlement and/or the Exercise Price and/or the Multiplier and/or any of the other terms of these Terms and Conditions and/or the applicable Final Terms and giving brief details of the Potential Adjustment Event.

- (b) "**De-Listing**" means, in respect of any relevant Shares, the Exchange announces that pursuant to the rules of such Exchange, such Shares cease (or will cease) to be listed, traded or publicly quoted on the Exchange for any reason (other than a Merger Event or, if Tender Offer is specified as applying in the applicable Final Terms, a Tender Offer) and are not immediately re-listed, re-traded or re-quoted on an exchange or quotation system located in the same country as the Exchange (or, where the Exchange is within the European Union, in a member state of the European Union).

"**Insolvency**" means that by reason of the voluntary or involuntary liquidation, bankruptcy, insolvency, dissolution or winding-up of or any analogous proceeding affecting the Basket Company or Share Company, as the case may be, (i) all the Shares of that Basket Company or Share Company, as the case may be, are required to be transferred to a trustee, liquidator or other similar official or (ii) holders of the Shares of that Basket Company or Share Company, as the case may be, become legally prohibited from transferring them.

"Merger Date" means the closing date of a Merger Event or, where a closing date cannot be determined under the local law applicable to such Merger Event, such other date as determined by the Calculation Agent.

"Merger Event" means, in respect of any relevant Shares, any (i) reclassification or change of such Shares that results in a transfer of or an irrevocable commitment to transfer all of such Shares outstanding to another entity or person, (ii) consolidation, amalgamation, merger or binding share exchange of a Basket Company or Share Company, as the case may be, with or into another entity or person (other than a consolidation, amalgamation, merger or binding share exchange in which such Basket Company or Share Company, as the case may be, is the continuing entity and which does not result in a reclassification or change of all of such Shares outstanding), (iii) takeover offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person to purchase or otherwise obtain 100 per cent. of the outstanding Shares of the Basket Company or Share Company, as the case may be, that results in a transfer of or an irrevocable commitment to transfer all such Shares (other than such Shares owned or controlled by such other entity or person), or (iv) consolidation, amalgamation, merger or binding share exchange of the Basket Company or its subsidiaries or the Share Company or its subsidiaries, as the case may be, with or into another entity in which the Basket Company or Share Company, as the case may be, is the continuing entity and which does not result in a reclassification or change of all such Shares outstanding but results in the outstanding Shares (other than Shares owned or controlled by such other entity) immediately prior to such event collectively representing less than 50 per cent. of the outstanding Shares immediately following such event, in each case if the Merger Date is on or before (a) in the case of Cash Settled Warrants, the last occurring Valuation Date or where Averaging is specified in the applicable Final Terms, the final Averaging Date in respect of the relevant Warrant or (b) in the case of Physical Delivery Warrants, the relevant Settlement Date.

"Nationalisation" means that all the Shares or all or substantially all the assets of the Basket Company or Share Company, as the case may be, are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority, entity or instrumentality thereof.

"Tender Offer" means a takeover offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person that results in such entity or person purchasing, or otherwise obtaining or having the right to obtain, by conversion or other means, greater than 10 per cent. and less than 100 per cent. of the outstanding voting shares of the Basket Company or Share Company, as the case may be, as determined by the Calculation Agent, based upon the making of filings with governmental or self-regulatory agencies or such other information as the Calculation Agent deems relevant.

If (x) a Merger Event, De-listing, Nationalisation or Insolvency and/or (y), if Tender Offer is specified as applying in the applicable Final Terms, a Tender Offer occurs in relation to a Share, the Issuer in its sole and absolute discretion may take the action described in (i), (ii), (iii) or (iv) below:

- (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any one or more of any Relevant Asset and/or the Entitlement and/or the Exercise Price and/or the Multiplier and/or any of the other terms of these Terms and Conditions and/or the applicable Final Terms to account for the Merger Event, Tender Offer, De-listing, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The relevant adjustments may in the case of adjustments following a Merger Event or Tender Offer include, without limitation, adjustments to account for changes in volatility, expected dividends, stock loan rate or liquidity relevant to the Shares or to the Warrants. The Calculation Agent may (but need not) determine the appropriate adjustment by reference to the adjustment in respect of the Merger Event, Tender Offer, De-listing, Nationalisation or Insolvency made by any options exchange to options on the Shares traded on that options exchange; or

- (ii) in the case of Share Warrants relating to a Basket of Shares cancel part of the Warrants by giving notice to Warrantholders in accordance with Condition 11. If the Warrants are so cancelled in part the portion (the "**Cancelled Amount**") of each Warrant or if Units are specified in the applicable Final Terms each Unit representing the affected Share(s) shall be cancelled and the Issuer will (i) pay to each Warrantholder in respect of each Warrant or Units, as the case may be, held by him an amount equal to the fair market value of the Cancelled Amount, taking into account the Merger Event, Tender Offer, De-listing, Nationalisation or Insolvency, as the case may be, less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion; and (ii) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any one or more of any Relevant Asset and/or the Entitlement and/or the Exercise Price and/or the Multiplier and/or any of the other terms of these Terms and Conditions and/or the applicable Final Terms to account for such cancellation in part. For the avoidance of doubt the remaining part of each Warrant or Unit, as the case may be, after such cancellation and adjustment shall remain outstanding with full force and effect. Payments will be made in such manner as shall be notified to the Warrantholders in accordance with Condition 11; or
- (iii) cancel the Warrants by giving notice to Warrantholders in accordance with Condition 11. If the Warrants are so cancelled the Issuer will pay an amount to each Warrantholder in respect of each Warrant or, if Units are specified in the applicable Final Terms, each Unit, as the case may be, held by him which amount shall be the fair market value of a Warrant or a Unit, as the case may be, taking into account the Merger Event, Tender Offer, De-listing, Nationalisation or Insolvency, as the case may be, less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements plus, if already paid, the Exercise Price, all as determined by the Calculation Agent in its sole and absolute discretion. Payments will be made in such manner as shall be notified to the Warrantholders in accordance with Condition 11; or
- (iv) following such adjustment to the settlement terms of options on the Shares traded on such exchange(s) or quotation system(s) as the Issuer in its sole discretion shall select (the "**Options Exchange**"), require the Calculation Agent to make a corresponding adjustment to any one or more of any Relevant Asset and/or the Entitlement and/or the Exercise Price and/or the Multiplier and/or any of the other terms of these Terms and Conditions and/or the applicable Final Terms, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Options Exchange. If options on the Shares are not traded on the Options Exchange, the Calculation Agent will make such adjustment, if any, to any one or more of any Relevant Asset and/or the Entitlement and/or the Exercise Price and/or the Multiplier and/or any of the other terms of these Terms and Conditions and/or the applicable Final Terms as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Options Exchange to account for the Merger Event, Tender Offer, De-listing, Nationalisation or Insolvency, as the case may be, that in the determination of the Calculation Agent would have given rise to an adjustment by the Options Exchange if such options were so traded.

Upon the occurrence of a Merger Event, De-listing, Nationalisation, Insolvency or, if applicable, a Tender Offer, the Issuer shall give notice as soon as practicable to the Warrantholders in accordance with Condition 11 stating the occurrence of the Merger Event, Tender Offer, De-listing, Nationalisation or Insolvency, as the case may be, giving details thereof and the action proposed to be taken in relation thereto.

(C) **Debt Warrants**

Market Disruption

"**Market Disruption Event**" shall mean the suspension of or limitation imposed on trading either on any exchange on which the Debt Securities or any of them (in the case of a Basket of Debt Securities) are traded or on any exchange on which options contracts or futures contracts with respect to the Debt Securities or any of them (in the case of a Basket of Debt Securities) are traded if, in the determination of the Calculation Agent, such suspension or limitation is material.

The Issuer shall give notice as soon as practicable to the Warrantholders in accordance with Condition 11 that a Market Disruption Event has occurred.

(D) **Commodity Warrants**

(a) *ISDA Determination*

In relation to Commodity Warrants, in determining the Relevant Commodity Price for a Relevant Commodity or a Commodity Index, the terms of the 2005 ISDA Commodity Definitions, as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Warrants (the "**ISDA Commodity Definitions**") shall be incorporated in the applicable Final Terms such that:

- (i) the Commodity Reference Price is as specified in the applicable Final Terms;
- (ii) the Specified Price is as specified in the applicable Final Terms;
- (iii) the Delivery Date (if any) is as specified in the applicable Final Terms; and
- (iv) the Pricing Date(s) is/are date(s) as specified in the applicable Final Terms.

(b) **Commodity Market Disruption Event and Disruption Fallback**

If, in the opinion of the Calculation Agent, a Commodity Market Disruption Event (as defined below) has occurred and is continuing on any Pricing Date (or, if different, the day on which prices for that Pricing Date would, in the ordinary course, be published by the Price Source), the Relevant Commodity Price for that Pricing Date will be determined by the Calculation Agent in accordance with the first applicable Disruption Fallback (as defined below) that provides a Relevant Commodity Price.

(c) **Common Pricing**

With respect to Warrants relating to a Basket of Commodities, if "**Common Pricing**" has been selected in the applicable Final Terms as:

- (i) "Applicable" then, no date will be a Pricing Date unless such date is a day on which all referenced Commodity Reference Prices (for which such date would otherwise be a Pricing Date) are scheduled to be published or announced, as determined on the Trade Date of the Warrants as of the time of issue of the Warrants.
- (ii) "Inapplicable" then, if the Calculation Agent determines that a Commodity Market Disruption Event has occurred or exists on the Pricing Date in respect of any Relevant Commodity and/or Commodity Index in the basket (the "**Affected Commodity**"), the Relevant Commodity Price of each Relevant Commodity and/or Commodity Index within the basket which is not affected by the occurrence of a Commodity Market Disruption Event shall be determined on its scheduled Pricing Date and the Relevant Commodity Price for the Affected Commodity shall be determined in accordance with the first applicable Disruption Fallback that provides a Relevant Reference Price.

All determinations made by the Calculation Agent pursuant to this Condition will be conclusive and binding on the Warrantholders, the Guarantor (where the Warrants are issued by BCCL) and the relevant Issuer except in the case of manifest error.

(d) Correction to Published Prices

For purposes of determining or calculating the Relevant Commodity Price, if the price published or announced on a given day and used or to be used by the Calculation Agent to determine the Relevant Commodity Price is subsequently corrected and the correction is published or announced by the person responsible for that publication or announcement within 30 calendar days after the original publication or announcement, the Calculation Agent may, in its sole discretion, recalculate relevant payment amount, using such corrected price. The Calculation Agent shall notify the Issuer of any such correction, the revised Relevant Commodity Price and the relevant payment amount, as a result of that correction.

The Issuer reserves the right (such right to be exercised in the Issuer's sole and unfettered discretion and without any liability whatsoever) to make such adjustments as it believes appropriate in circumstances where an event or events occur that the Issuer believes, in its sole discretion, should, in the context of the issue of Warrants and the obligations of the Issuer thereunder, give rise to such adjustment as is necessary to preserve the economic equivalent of the obligations of the Issuer under the Warrants and to maintain the economic equilibrium of the Warrants.

(e) Adjustments to Commodity Index

(i) If a Commodity Index with respect to a Commodity Reference Price is permanently cancelled or is not calculated and announced by the sponsor of such Commodity Index or any of its affiliates (together the "**Sponsor**") but (i) is calculated and announced by a successor sponsor (the "**Successor Sponsor**") acceptable to the Calculation Agent, or (ii) replaced by a successor index (the "**Successor Index**") using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of such Commodity Index, then the Commodity Reference Price will be determined by the Index so calculated and announced by that Successor Sponsor or that Successor Index, as the case may be.

(ii) If, for a Commodity Index with respect to a Commodity Reference Price, on or prior to the Maturity Date or Early Redemption Date, (i) the Sponsor makes a material change in the formula for or the method of calculating such Commodity Index or in any other way materially modifies such Commodity Index (other than a modification prescribed in that formula or method to maintain the Commodity Index in the event of changes in constituent commodities and weightings and other routine events), or (ii) the Sponsor permanently cancels the Commodity Index or (iii) the Sponsor fails to calculate and announce the Commodity Index for a continuous period of three Trading Days and the Calculation Agent determines that there is no Successor Sponsor or Successor Index, then the Calculation Agent may at its option (in the case of (i)) and shall (in the case of (ii) and (iii)) (such events (i) (ii) & (iii) to be collectively referred to as "Index Adjustment Events") calculate the relevant Specified Price using in lieu of the published level for that Commodity Index (if any), the level for that Commodity Index as at the relevant determination date as determined by the Calculation Agent in accordance with the formula for and method of calculating that Commodity Index last in effect prior to the relevant Index Adjustment Event (as the case may be), but using only those futures contracts that comprised that Index immediately prior to the relevant Index Adjustment Event (as the case may be) (other than those futures contracts that have ceased to be listed on any relevant exchange).

(f) Adjustments to payment dates or settlement dates

If, as a result of a delay pursuant to the occurrence of a Commodity Market Disruption Event or Index Adjustment Event, a Relevant Commodity Price is unavailable to determine any amount

payable on any scheduled payment date or settlement date, that payment date or settlement date will be delayed to fall on the second Business Day following the determination of the Relevant Commodity Price under the Disruption Fallback provision or Adjustments to Commodity Index provision, as the case may be. If a corresponding amount would otherwise have been payable in respect of the Warrants on the same date that the delayed amount would have been payable but for the delay, the payment date or settlement date for that corresponding amount will be delayed to the same extent.

(g) Definitions for Commodity Warrants

"**Commodity Market Disruption Event**" means the occurrence of any of the following events:

(A) with respect to a Relevant Commodity:

- (i) Price Source Disruption;
- (ii) Trading Disruption;
- (iii) Disappearance of Commodity Reference Price;
- (iv) Material Change in Formula;
- (v) Material Change in Content; and
- (vi) any additional Commodity Market Disruption Events specified in the applicable Final Terms.

(B) With respect to a Commodity Index:

- (i) a temporary or permanent failure by the applicable exchange or other price source to announce or publish (a) the final settlement price for the Commodity Reference Price or (b) closing price for any futures contract included in the Commodity Reference Price;
- (ii) a material limitation, suspension or disruption of trading in one or more of the futures contracts included in the Commodity Reference Price which results in a failure by the exchange on which each applicable futures contract is traded to report a closing price for such contract on the day on which such event occurs or any succeeding day on which it continues; or
- (iii) the closing price for any futures contract included in the Commodity Reference Price is a "limit price", which means that the closing price for such contract for a day has increased or decreased from the previous day's closing price by the maximum amount permitted under applicable exchange rules.

"**Disruption Fallback**" means a source or method that may give rise to an alternative basis for determining the Relevant Commodity Price in respect of a specified Commodity Reference Price when a Commodity Market Disruption Event occurs or exists on a day that is a Pricing Date in respect of the relevant Warrant. A Disruption Fallback is applicable if it is specified in the applicable Final Terms or, if no Disruption Fallback is specified in the applicable Final Terms, shall be deemed to mean:

(A) With respect to a Relevant Commodity, (in the following order):

- (i) Fallback Reference Price (if applicable);
- (ii) Delayed Publication or Announcement and Postponement (each to operate concurrently with the other and each subject to a period of two consecutive Commodity Business Days (measured from and including the original day that

would otherwise have been the Pricing Date); provided, however, that the price determined by Postponement shall be the Relevant Commodity Price only if Delayed Publication or Announcement does not yield a Relevant Price within that two consecutive Commodity Business Days); and

- (iii) Calculation Agent Determination.
- (B) With respect to a Commodity Index, the following fallback determination mechanism:
- (i) with respect to each futures contract included in the Commodity Reference Price which is not affected by the Market Disruption Event, the Relevant Commodity Price will be based on the closing prices of each such contract on the applicable determination date;
 - (ii) with respect to each futures contract included in the Commodity Reference Price which is affected by the Market Disruption Event, the Relevant Commodity Price will be based on the closing prices of each such contract on the first day following the applicable determination date on which no Market Disruption Event is occurring with respect to such contract;
 - (iii) subject to Clause (iv) below, the Determination Agent shall determine the Relevant Commodity Price by reference to the closing prices determined in Clauses (i) and (ii) above using the then-current method for calculating the Relevant Commodity Price; and
 - (iv) where a Commodity Market Disruption Event with respect to one or more futures contracts included in the Commodity Reference Price continues to exist (measured from and including the first day following the applicable determination date) for five consecutive Trading Days, the Determination Agent shall determine the Relevant Commodity Price in good faith and in a commercially reasonable manner.

"Fallback Reference Price", in respect of Commodity Warrants, means that the Determination Agent will determine the Relevant Commodity Price based on the price for that Pricing Date of the first alternate Commodity Reference Price, if any, specified in the applicable Final Terms and not subject to a Commodity Market Disruption Event.

"Calculation Agent Determination" in respect of Commodity Warrants, means that the Determination Agent will determine the Relevant Commodity Price (or a method for determining the Relevant Commodity Price), taking into consideration the latest available quotation for the relevant Commodity Reference Price and any other information that in its sole discretion it deems relevant.

"Delayed Publication or Announcement", in respect of Commodity Warrants, means that the Relevant Commodity Price for a Pricing Date will be determined based on the Specified Price in respect of the original day scheduled as such Pricing Date that is published or announced by the relevant Price Source retrospectively on the first succeeding Commodity Business Day on which the Commodity Market Disruption Event ceases to exist, unless that Commodity Market Disruption Event continues to exist (measured from and including the original day that would otherwise have been the Pricing Date) or the Relevant Commodity Price continues to be unavailable for two consecutive Commodity Business Days. In that case, the next Disruption Fallback specified in the applicable Final Terms will apply.

"Postponement", in respect of Commodity Warrants, means that the Pricing Date will be deemed, for purposes of the application of this Disruption Fallback, to be the first succeeding Commodity Business Day on which the Commodity Market Disruption Event ceases to exist, unless that Commodity Market Disruption Event continues to exist for two consecutive Commodity Business Days (measured from and including the original day that would otherwise have been the Pricing

Date). In that case, the next Disruption Fallback specified in the applicable Final Terms will apply.

"Trading Day" means, for the purposes of "Disruption Fallback" and Section 7.7(e), a day when:

- (i) the Calculation Agent is open for business in London and New York; and
- (ii) the exchanges of all futures contracts included in the Commodity Reference Price are open for trading.

Any market description provisions relating to Commodity Warrants will be set out in the applicable Final Terms.

(E) **Fund Warrants**

Any market disruption, adjustment and/or termination provisions relating to Fund Warrants will be set out in the applicable Final Terms.

(F) **Additional Disruption Events**

- (a) **"Additional Disruption Event"** means any of Change of Law, Hedging Disruption, Increased Cost of Hedging, Increased Cost of Stock Borrow, Insolvency Filing and/or Loss of Stock Borrow, in each case if specified in the applicable Final Terms.

"Change in Law" means that, on or after the Trade Date (as specified in the applicable Final Terms) (A) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law), or (B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Calculation Agent determines in its sole and absolute discretion that (X) it has become illegal for the Issuer or any of its Affiliates to hold, acquire or dispose of any relevant Share (in the case of Share Warrants) or any relevant security/commodity comprised in an Index (in the case of Index Warrants) or (Y) the Issuer or any of its Affiliates will incur a materially increased cost in performing their obligations in relation to the Warrants (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on their tax position).

"Hedging Disruption" means that the Issuer and/or any of its Affiliates is unable, after using commercially reasonable efforts, to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the equity or other price risk of the Issuer issuing and performing its obligations with respect to the Warrants, or (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s).

"Hedging Shares" means the number of Shares (in the case of Share Warrants) or securities/commodities comprised in an Index (in the case of Index Warrants) that the Calculation Agent deems necessary to hedge the equity or other price risk of entering into and performing its obligations with respect to the Warrants.

"Increased Cost of Hedging" means that the Issuer and/or any of its Affiliates would incur a materially increased (as compared with circumstances existing on the Trade Date) amount of tax, duty, expense or fee (other than brokerage commissions) to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the equity or other price risk of the Issuer issuing and performing its obligations with respect to the Warrants, or (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s), provided that any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Issuer and/or any of its Affiliates shall not be deemed an Increased Cost of Hedging.

"Increased Cost of Stock Borrow" means that the Issuer and/or any of its Affiliates would incur a rate to borrow any Share (in the case of Share Warrants) or any security/commodity comprised in an Index (in the case of Index Warrants) that is greater than the Initial Stock Loan Rate.

"Initial Stock Loan Rate" means, in respect of a Share (in the case of Share Warrants) or a security/commodity comprised in an Index (in the case of Index Warrants), the initial stock loan rate specified in relation to such Share, security or commodity in the applicable Final Terms.

"Insolvency Filing" means that a Share Company or Basket Company institutes or has instituted against it by a regulator, supervisor or any similar official with primary insolvency, rehabilitative or regulatory jurisdiction over it in the jurisdiction of its incorporation or organisation or the jurisdiction of its head or home office, or it consents to a proceeding seeking a judgement of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors' rights, or a petition is presented for its winding-up or liquidation by it or such regulator, supervisor or similar official or it consents to such a petition, provided that proceedings instituted or petitions presented by creditors and not consented to by the Share Company or Basket Company shall not be deemed an Insolvency Filing.

"Loss of Stock Borrow" means that the Issuer and/or any Affiliate is unable, after using commercially reasonable efforts, to borrow (or maintain a borrowing of) any Share (in the case of Share Warrants) or any securities/commodities comprised in an Index (in the case of Index Warrants) in an amount equal to the Hedging Shares at a rate equal to or less than the Maximum Stock Loan Rate.

"Maximum Stock Loan Rate" means, in respect of a Share (in the case of Share Warrants) or a security/commodity comprised in an Index (in the case of Index Warrants), the Maximum Stock Loan Rate specified in the applicable Final Terms.

- (b) If an Additional Disruption Event occurs, the Issuer in its sole and absolute discretion may take the action described in (i) or (ii) below:
- (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any one or more of any Relevant Asset and/or the Entitlement and/or the Exercise Price and/or the Multiplier and/or any of the other terms of these Terms and Conditions and/or the applicable Final Terms to account for the Additional Disruption Event and determine the effective date of that adjustment; or
 - (ii) cancel the Warrants by giving notice to Warrantheholders in accordance with Condition 11. If the Warrants are so cancelled the Issuer will pay an amount to each Warrantheholder in respect of each Warrant or, if Units are specified in the applicable Final Terms, each Unit, as the case may be, held by him which amount shall be the fair market value of a Warrant or a Unit, as the case may be, taking into account the Additional Disruption Event less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements plus, if already paid, the Exercise Price, all as determined by the Calculation Agent in its sole and absolute discretion. Payments will be made in such manner as shall be notified to the Warrantheholders in accordance with Condition 11.
- (c) Upon the occurrence of an Additional Disruption Event, the Issuer shall give notice as soon as practicable to the Warrantheholders in accordance with Condition 11 stating the occurrence of the Additional Disruption Event, as the case may be, giving details thereof and the action proposed to be taken in relation thereto.

17. ADJUSTMENTS FOR EUROPEAN MONETARY UNION

The Issuer may, without the consent of the Warrantheholders, on giving notice to the Warrantheholders in accordance with Condition 11:

- (i) elect that, with effect from the Adjustment Date specified in the notice, certain terms of the Warrants shall be redenominated in euro;

The election will have effect as follows:

- (A) where the Settlement Currency of the Warrants is the National Currency Unit of a country which is participating in the third stage of European Economic and Monetary Union, such Settlement Currency shall be deemed to be an amount of euro converted from the original Settlement Currency into euro at the Established Rate, subject to such

provisions (if any) as to rounding as the Issuer may decide, after consultation with the Calculation Agent, and as may be specified in the notice, and after the Adjustment Date, all payments of the Cash Settlement Amount in respect of the Warrants will be made solely in euro as though references in the Warrants to the Settlement Currency were to euro;

- (B) where the Exchange Rate and/or any other terms of these Terms and Conditions are expressed in or, in the case of the Exchange Rate, contemplate the exchange from or into, the currency (the "**Original Currency**") of a country which is participating in the third stage of European Economic and Monetary Union, such Exchange Rate and/or any other terms of these Terms and Conditions shall be deemed to be expressed in or, in the case of the Exchange Rate, converted from or, as the case may be into, euro at the Established Rate; and
 - (C) such other changes shall be made to these Terms and Conditions as the Issuer may decide, after consultation with the Calculation Agent to conform them to conventions then applicable to instruments expressed in euro; and/or
- (ii) require that the Calculation Agent make such adjustments to the Multiplier and/or the Settlement Price and/or the Exercise Price and/or any other terms of these Terms and Conditions and/or the Final Terms as the Calculation Agent, in its sole discretion, may determine to be appropriate to account for the effect of the third stage of European Economic and Monetary Union on the Multiplier and/or the Settlement Price and/or the Exercise Price and/or such other terms of these Terms and Conditions.

Notwithstanding the foregoing, none of the Issuer, the Calculation Agent and the Warrant Agents shall be liable to any Warrantholder or other person for any commissions, costs, losses or expenses in relation to or resulting from the transfer of euro or any currency conversion or rounding effected in connection therewith;

In this Condition, the following expressions have the following meanings:

"**Adjustment Date**" means a date specified by the Issuer in the notice given to the Warrantholders pursuant to this Condition which falls on or after the date on which the country of the Original Currency first participates in the third stage of European Economic and Monetary Union pursuant to the Treaty;

"**Established Rate**" means the rate for the conversion of the Original Currency (including compliance with rules relating to rounding in accordance with applicable European Community regulations) into euro established by the Council of the European Union pursuant to first sentence of Article 1091(4) of the Treaty;

"**euro**" means the currency introduced at the start of the third stage of European Economic and Monetary Union pursuant to the Treaty;

"**National Currency Unit**" means the unit of the currency of a country, as those units are defined on the day before the date on which the country of the Original Currency first participates in the third stage of European Economic and Monetary Union; and

"**Treaty**" means the treaty establishing the European Community, as amended.

18. CONTRACTS (RIGHTS OF THIRD PARTIES) ACT 1999

The Warrants do not confer on a third party any right under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of the Warrants but this does not affect any right or remedy of a third party which exists or is available apart from that Act.

USE OF PROCEEDS

Each Issuer intends to apply the net proceeds from the sale of any Securities either for hedging purposes or for general corporate purposes unless otherwise specified in the Final Terms relating to a particular Series of Notes. If, in respect of any particular issue of Securities, there is a particular identified use of proceeds this will be stated in the applicable Final Terms.

TAXATION

TAXATION RELATING TO THE NOTES

General Taxation Information

The information provided below does not purport to be a complete summary of tax law and practice currently applicable to the Notes. Transactions involving Notes (including purchases, transfers or redemptions), the accrual or receipt of any interest or premium payable on the Notes and the death of a holder of any Note may have tax consequences for potential purchasers which may depend, amongst other things, upon the tax residence and/or status of the potential purchaser. Potential purchasers of Notes are therefore advised to consult their own tax advisers as to the tax consequences of transactions involving Notes and the effect of any tax laws in any jurisdiction in which they may be tax resident or otherwise liable to tax.

The following summaries do not consider the tax treatment of payments in respect of Underlying Securities, Deliverable Amounts or Deliverable Obligations. The taxation provisions applicable to such items may be different (and in some cases significantly different) from those described in the summary below.

Purchasers and/or sellers of Notes may be required to pay stamp taxes and other charges in addition to the issue price or purchase price (if different) of the Notes and in connection with the transfer or delivery of Underlying Securities, Deliverable Amounts or Deliverable Obligations.

United Kingdom Taxation

The following applies only to persons who are the beneficial owners of Notes and is a summary of the Bank's understanding of current law and practice in the United Kingdom relating only to certain aspects of United Kingdom taxation. Prospective Noteholders who may be subject to tax in a jurisdiction other than the United Kingdom or who may be unsure as to their tax position should seek their own professional advice.

1. Payment of interest on Notes

(i) *Payments of interest by the Bank*

The Bank, provided that it continues to be a bank within the meaning of section 991 of the Income Tax Act 2007 (the "*Act*"), and provided that the interest on the Notes is paid in the ordinary course of its business within the meaning of section 878 of the Act, will be entitled to make payments of interest without withholding or deduction for or on account of United Kingdom tax.

(ii) *Payments of interest in respect of Notes which are listed on a recognised stock exchange*

Payments of interest under Notes may be made without withholding or deduction for or on account of United Kingdom tax provided that such Notes carry a right to interest, and are and remain listed on a "recognised stock exchange", as defined in section 1005 of the Act. The London Stock Exchange is a recognised stock exchange. The Notes will satisfy this requirement if they are admitted to trading on the relevant recognised stock exchange, and are (in the case of the UK) included in the UK official list or (in a country outside the UK where there is a recognised stock exchange) are officially listed in accordance with provisions corresponding to those generally applicable in EEA states.

Provided, therefore, that the Notes are and remain so listed, interest on the Notes will be payable without withholding or deduction for or on account of United Kingdom tax whether or not the Issuer carries on a banking business in the United Kingdom and whether or not the interest is paid in the ordinary course of its business.

(iii) *Payments of interest to certain Noteholders*

Interest on the Notes may also be paid without withholding or deduction for or on account of United Kingdom tax where interest on the Notes is paid to a person whose usual place of abode is in the United Kingdom and, at the time the payment is made, the Issuer reasonably believes (and any person by or through whom interest on the Notes is paid reasonably believes) that either:

- (a) the person beneficially entitled to the interest payable on the Notes is within the charge to United Kingdom corporation tax as regards the payment of such interest; or
- (b) the payment is made to one of the classes of exempt bodies or persons set out in section 936 of the Act,

provided that HM Revenue and Customs has not given a direction (in circumstances where it has reasonable grounds to believe that such payment of interest will not be an "excepted payment" at the time the payment is made) that the interest should be paid under deduction of tax.

(iv) *Notes with a maturity of less than 365 days*

Interest on Notes having a maturity of less than one year from the date of issue and which are not issued under arrangements the effect of which is to render such Notes part of a borrowing with a total term of a year or more may also be paid without deduction for or on account of United Kingdom income tax.

(v) *Other withholdings*

In other cases, an amount may have to be withheld from payments of interest on the Notes for or on account of United Kingdom income tax at the savings rate (currently 20 per cent.), subject to the availability of other exemptions or reliefs or to any direction to the contrary from HM Revenue and Customs in respect of such relief as may be available under an applicable double taxation treaty. Noteholders who are individuals may wish to note that HM Revenue and Customs has power to obtain information (including the name and address of the beneficial owner of the interest) from any person in the United Kingdom who either pays interest to, or receives interest on behalf of another person. Interest as defined for relevant tax purposes includes discounts derived from money debts. Any information obtained may, in certain circumstances, be exchanged by HM Revenue and Customs with the tax authorities of other jurisdictions.

2. **Reporting requirements**

Persons in the United Kingdom paying interest to, or receiving interest on behalf of, another person may be required to provide certain information to HM Revenue & Customs regarding the identity of the payee or the person entitled to the interest. In certain circumstances, such information may be exchanged with tax authorities in other countries.

The provisions referred to above may also apply, in certain circumstances, to payments of amounts due on redemption of Notes that constitute "deeply discounted securities" (as defined in the Income Tax (Trading and Other Income) Act 2005). However, HMRC's published practice indicates that no such information will be required in relation to such redemption amounts where they are paid before 5 April 2008.

Certain US Federal Income Tax Consequences

TO ENSURE COMPLIANCE WITH TREASURY DEPARTMENT CIRCULAR 230, PROSPECTIVE INVESTORS ARE HEREBY NOTIFIED THAT: (A) ANY DISCUSSION OF UNITED STATES FEDERAL TAX ISSUES IN THIS BASE PROSPECTUS IS NOT INTENDED OR WRITTEN TO BE USED OR RELIED UPON, AND CANNOT BE USED OR RELIED UPON, BY PROSPECTIVE INVESTORS FOR THE PURPOSE OF AVOIDING PENALTIES THAT MAY BE IMPOSED ON THEM UNDER THE CODE; (B) SUCH DISCUSSION IS INCLUDED HEREIN BY THE ISSUERS IN CONNECTION WITH THE PROMOTION OR MARKETING (WITHIN THE MEANING OF CIRCULAR 230) BY THE ISSUERS OF THE TRANSACTIONS OR MATTERS ADDRESSED HEREIN; AND (C) PROSPECTIVE INVESTORS SHOULD SEEK ADVICE BASED ON THEIR PARTICULAR CIRCUMSTANCES FROM AN INDEPENDENT TAX ADVISOR.

THIS SUMMARY IS OF A GENERAL NATURE AND IS INCLUDED HEREIN SOLELY FOR INFORMATIONAL PURPOSES. IT IS NOT INTENDED TO BE, NOR SHOULD IT BE CONSTRUED TO BE, LEGAL OR TAX ADVICE. NO REPRESENTATION WITH RESPECT TO THE CONSEQUENCES TO ANY PARTICULAR INVESTOR OF THE NOTES IS MADE HEREBY. PROSPECTIVE INVESTORS SHOULD CONSULT THEIR OWN TAX ADVISERS WITH RESPECT TO THEIR PARTICULAR CIRCUMSTANCES AND THE EFFECTS OF NATIONAL, STATE, OR LOCAL TAX LAWS TO WHICH THEY MAY BE SUBJECT.

The following discussion summarizes certain United States federal income tax ("*US tax*") consequences of the purchase, beneficial ownership, and disposition of the Notes to "*US Holders*" (as defined below).

This summary is based on the US Internal Revenue Code of 1986, as amended (the "*Code*"), US Treasury Regulations issued under the Code, judicial authority, and administrative rulings and practice, all of which are subject to change, possibly with retroactive effect. This summary addresses only US tax consequences to a prospective investor who purchases the Notes in the initial offering and holds the Notes as capital assets within the meaning of section 1221 of the Code and not as part of a hedging, straddle, or a conversion transaction for US tax purposes, or as part of some other integrated investment. This summary does not discuss all of the US tax consequences that may be relevant to a prospective investor in light of its individual investment circumstances or the US tax consequences to a prospective investor that is subject to special treatment under US tax laws, such as:

- a holder that is not a US Holder;
- an insurance company;
- a financial institution;
- a tax-exempt organization;
- a retirement plan;
- a regulated investment company;
- a dealer in securities or non-US currency;
- a regulated investment trust;
- a pass-through entity or an investor in a pass-through entity such as a partnership;
- a broker;
- a trader in securities that elects to mark to market the Notes;
- a former citizen or former long-term resident of the United States, in certain circumstances; or
- a person whose functional currency for US tax purposes is not the United States dollar.

Each prospective investor should consult its own tax advisor concerning the application of US tax laws as well as state, local, non-US, and other tax laws to its particular situation.

This discussion does not address United States federal alternative minimum tax consequences, and does not describe any tax consequences arising under United States federal gift and estate tax laws or under the tax laws of any state, local, or non-US jurisdiction. The US tax consequences to a partnership may depend on the status of the partners and the activities of the partnership. A prospective investor that is a partnership should consult its tax advisor with regard to the application of the US tax laws to its particular situation.

For purposes of this discussion, a "*US Holder*" is a beneficial owner of a Note that is, for US tax purposes:

- an individual who is a citizen or resident of the United States;
- a corporation or other entity taxable as a corporation for US tax purposes that was created or organized in or under the laws of the United States or any political subdivision thereof;
- an estate whose income is subject to US tax regardless of its source; or
- a trust if a court within the United States is able to exercise primary supervision over its administration and one or more US persons have the authority to control all of its substantial decisions, or if the trust has elected validly to be treated as a US person.

Taxation of the Issuer

The Issuer intends to conduct its affairs so that interest on the Notes will not be treated as (i) effectively connected to the Issuer's trade or business (if any) within the United States for US tax purposes and (ii) where the Issuer and the investor are eligible for tax benefits under an applicable income tax treaty, attributable to a US permanent establishment of the Issuer. The Issuer will not seek a ruling from the Internal Revenue Service (the "**IRS**") on this issue, and the IRS may assert a contrary position. If the Issuer were found to be engaged in a trade or business or have a permanent establishment under the applicable income tax treaty within the United States, the Issuer would be subject to US tax (at a rate of up to 35% and also may be subject to a 30% branch profits tax, resulting in an effective US tax burden of up to 54.5%, which may be reduced by an applicable income tax treaty).

Characterization of the Notes

The Notes may be treated as debt or as equity for US tax purposes. The applicable supplement will specify how the Issuer intends to treat the Notes. The following discussion addresses some of the material US tax rules with respect to registered Notes that are treated as debt for US tax purposes, subject to the discussion set forth in the applicable supplement. If the Issuer intends to treat a particular issuance of Notes as equity for such purposes, the applicable supplement will discuss the material US tax rules relating to that issuance.

US Tax Considerations of the Notes Treated as Debt

Payments of Interest

Except as described below in "Original Issue Discount," a US Holder will be taxed on any interest on a Note as ordinary income at the time the US Holder receives the interest or it accrues, depending on the US Holder's method of accounting for tax purposes. Interest paid on the Notes and original issue discount, if any, accrued with respect to the Note (as described below under "Original Issue Discount – Taxation of OID") constitutes income from sources outside the United States and will be "passive income" or "general category income" for the purposes of computing the foreign tax credit limitation.

Cash Basis US Holder. A US Holder that uses the cash receipts and disbursements method of accounting for US tax purposes and receives an interest payment that is denominated in, or determined by reference to, a non-US currency, must recognize income equal to the US dollar value of the interest payment, based on the exchange rate in effect on the date of receipt, regardless of whether the US Holder actually converts the payment to US dollars.

Accrual Basis US Holder. A US Holder that uses an accrual method of accounting for US tax purposes may determine the US dollar value of income that is recognized with respect to an interest payment denominated in, or determined by reference to, a non-US currency by using one of two methods. Under the first method, a US Holder will determine the amount of income accrued based on the average exchange rate in effect during the interest accrual period or, with respect to an accrual period that spans two taxable years, that part of the period within the taxable year.

If the US Holder elects the second method, it will determine the US dollar value of income accrued on the basis of the exchange rate in effect on the last day of the accrual period or, in the case of an accrual period that spans two taxable years, the exchange rate in effect on the last day of the part of the period within the taxable year. Additionally, under this second method, if the US Holder receives a payment of interest within five business days of the last day of its accrual period or taxable year, it may instead translate the interest accrued into US dollars at the exchange rate in effect on the day that the interest payment is paid or received. If the US Holder elects the second method, it must be applied consistently from year to year and cannot be revoked without the consent of the IRS.

When a US Holder actually receives an interest payment, including a payment attributable to accrued but unpaid interest upon the sale or retirement of a Note, denominated in, or determined by reference to, a non-US currency for which it accrued an amount of income, it will recognize ordinary income or loss measured by the difference, if any, between the exchange rate that was used to accrue interest income and the exchange rate in effect on the date of receipt, regardless of whether the payment was converted into US dollars. However, the US Holder may not treat this ordinary income gain or loss as an adjustment to the interest income that was received.

Original Issue Discount

General. A US Holder will be treated as owning a discount debt security with original issue discount ("**OID**") if the amount by which the Note's "stated redemption price at maturity" exceeds its "issue price" is more than a de

minimis amount and the Note has a term of more than one year. Generally, a Note's issue price will be the first price at which a substantial amount of the Notes included in the issue of which the Note is a part is sold to persons other than bond houses, brokers, or similar persons or organizations acting in the capacity of underwriters, placement agents, or wholesalers. A Note's stated redemption price at maturity is the total of all payments provided by the debt instrument that are not payments of "qualified stated interest." Generally, an interest payment on a Note is qualified stated interest if it is one of a series of stated interest payments on a Note that is unconditionally payable at least annually at a single fixed rate, with certain exceptions for lower rates paid during some periods, applied to the outstanding principal amount of the Note.

In general, a Note will not be considered to have been issued with OID if the amount by which its stated redemption price at maturity exceeds its issue price is less than one quarter of one percent of its stated redemption price at maturity multiplied by the number of complete years to its maturity ("*de minimis OID*"). If the Note has *de minimis* OID, the US Holder must include the *de minimis* amount in income as stated principal payments are made on the Note, unless the US Holder has made an election to treat all interest as OID (described in "Original Issue Discount – Election to Treat All Interest as OID" below).

Taxation of OID. A US Holder of a Note issued with OID is required to include in gross income for US tax purposes an amount equal to the sum of the "daily portions" of such OID for all days during the taxable year on which the US Holder holds the Note. The daily portions of OID required to be included in a US Holder's gross income in a taxable year will be determined on a constant yield basis by allocating each day during the taxable year on which the US Holder holds the Note a pro-rata portion of the OID on such Note which is attributable to the "accrual period" in which such day is included. Accrual periods with respect to a Note issued with OID may be of any length and may vary in length over the term of the Note as long as (i) no accrual period is longer than one year and (ii) each scheduled payment of interest or principal on the Note occurs on either the final or the first day of an accrual period. The amount of OID attributable to each accrual period will be the product of the "adjusted issue price" at the beginning of such accrual period and the "yield to maturity" of the Note, less the amount of any qualified stated interest allocable to the accrual period. The yield to maturity is the discount rate that, when used in computing the present value of all payments to be made under the Note, produces an amount equal to the issue price of the Note. The adjusted issue price of the Note at the beginning of the accrual period generally will equal the issue price of the Note plus the aggregate amount of OID that accrued in all prior accrual periods.

Non-US Currency Denominated Notes. A US Holder of a Note issued with OID will be required to include in income the US dollar value of the amount of OID that has accrued during the accrual period. The US dollar value of such accrued income will be determined in the same manner discussed above with respect to US Holders of Notes that are on an accrual method of tax accounting (see "Payments of Interest – Accrual Basis US Holder" above). At the time the interest so accrued in a prior accrual period is received, the US Holder will realize exchange gain or loss equal to the difference, if any, between the spot rate of the non-US currency received by the US Holder and the amount of interest income previously accrued for such period. Such exchange gain or loss, if any, will be ordinary gain or loss and generally will not be treated as interest income or expense.

Election to Treat All Interest as OID. A US Holder may elect to include in gross income all interest that accrues on a Note using the constant yield method described above under "Original Issue Discount – Taxation of OID," with certain modifications. For purposes of this election, interest will include stated interest, acquisition discount, OID, *de minimis* OID, market discount, *de minimis* market discount, and unstated interest, as adjusted for any acquisition premium or amortizable bond premium (as described below under "Notes Purchased at a Premium"). Generally, this election will apply only to a Note for which the election is made; however, if the Note for which the election is made has amortizable bond premium, the US Holder will be deemed to have made an election to apply amortizable bond premium against interest for all Notes with amortizable bond premium, other than Notes the interest on which is excludible from gross income, that are held as of the beginning of the taxable year to which the election applies or any taxable year thereafter. A US Holder cannot revoke any election to apply the constant yield method to all interest on a Note or a deemed election with respect to amortizable bond premium without the consent of the IRS.

Notes Purchased at a Premium

If a Note is purchased for an amount in excess of its principal amount, a US Holder may elect to treat the excess as amortizable bond premium. If this election is made, the US Holder must reduce the amount required to be included in its income each year with respect to interest on the Notes by the amount of amortizable bond premium allocable to that year, based on the Note's yield to maturity. If the Note is denominated in, or determined by reference to, a non-US currency, the US Holder must compute its amortizable bond premium in units of the non-US currency and

its amortizable bond premium will reduce the US Holder's interest income in units of the non-US currency. Gain or loss that is recognized that is attributable to changes in exchange rates between the time of the US Holder's amortizable bond premium offsets interest income and the time of the acquisition of the Note is generally taxable as ordinary income or loss. If a US Holder elects to amortize bond premium, it will apply to all debt instruments, other than debt instruments the interest on which is excludable from gross income, that the US Holder holds at the beginning of the first taxable year to which the election applies or thereafter acquires, and the election cannot be revoked without the consent of the IRS. See "Original Issue Discount – Election to Treat All Interest OID" above.

Disposition of Notes

In general, upon the sale, exchange, retirement or redemption of a Note, a US Holder will recognize taxable gain or loss equal to the difference between (i) the amount of cash proceeds and the fair market value of any property received on the sale, exchange, retirement or redemption (not including any amount attributable to accrued but unpaid qualified stated interest) and (ii) the US Holder's "adjusted tax basis" in the Note. A US Holder's adjusted tax basis in a Note generally will be equal to the US dollar cost of the Note to such US Holder, increased by the amount of any market discount and OID previously taken into income by the US Holder and reduced by the amount of any amortized bond premium and all payments received by the US Holder (other than payments of qualified stated interest).

Generally, gain or loss realized on the sale, exchange, retirement or redemption of a Note will be capital gain or loss.

Non-US Currency Denominated Notes. If a Note is denominated in a non-US currency, gain or loss on its sale or other disposition will be ordinary to the extent attributed to exchange rate fluctuations and otherwise will be capital gain or loss. Such non-US currency gain or loss will be realized only to the extent of the total gain or loss realized by the US Holder on the sale, exchange, or redemption of the Note. A US Holder will have a tax basis in any non-US currency received on the sale, exchange, or redemption of a Note equal to the US dollar value of such non-US currency, determined at the time of such sale, exchange, or redemption.

Variable Rate Notes

In some cases, a Note may be offered that is subject to the US Treasury Regulations governing variable rate debt instruments. In that case, the applicable supplement will discuss the material US tax rules with respect to such variable rate Notes.

Contingent Payment Notes

In some cases, a Note may be offered that is subject to Regulations governing contingent payment debt instruments. The applicable supplement will discuss any material US tax rules with respect to contingent non-US currency debt Notes, Notes the payments on which are determined by reference to the value of any index or stock, and other Notes that are subject to the US tax rules governing contingent payment instruments.

Information Reporting and Backup Withholding Tax

Under current US tax law, information reporting requirements may apply to certain payments of principal, interest, and sales proceeds received with respect to a Note by a non-corporate US Holder. In addition, a backup withholding tax generally will apply to a non-corporate US Holder who:

- fails to furnish a taxpayer identification number ("*TIN*"), which, for an individual, is a social security number;
- furnishes an incorrect TIN;
- is notified by the IRS as being subject to backup withholding for failure to report interest or dividend payments; or
- under certain circumstances fails to certify, under penalties of perjury, that such person has furnished a correct TIN.

A prospective investor should consult its tax advisor regarding qualification for exemption from backup withholding and the procedure for obtaining such an exemption, if applicable. The rate for backup withholding is 28% until 2011, when the rate will rise to 31% unless the statutory rate is amended by Congress.

Any amounts withheld from a payment in respect of a Note under the backup withholding rules will be allowed as a credit against the investor's US tax liability and may entitle the investor to a refund, provided that a US tax return is filed and the required documentation is furnished to the IRS in a timely manner.

The US tax discussion set forth above is included for general information only and may not be applicable depending upon the particular situation of the investor. A prospective investor should consult its tax advisor with respect to the tax consequences to it of the purchase, beneficial ownership, and disposition of the Notes, including the tax consequences under federal, state, local, non-US, and other tax laws and the possible effects of changes in federal or other tax laws.

Disclosure Regulations

Pursuant to recently enacted legislation, a penalty in the amount of US\$10,000 in the case of a natural person and US\$50,000 in any other case is imposed on any taxpayer that fails to timely disclose its participation in a "reportable transaction" (as defined in US Treasury Regulations promulgated under Section 6011 of the Code (the "**Disclosure Regulations**")). A taxpayer complies with this disclosure obligation by attaching IRS Form 8886 (Reportable Transaction Disclosure Statement) to its federal income tax return for each taxable year during which the taxpayer participated in the reportable transaction. The Disclosure Regulations provide that, in addition to certain other transactions, a "loss transaction" constitutes a "reportable transaction." A "loss transaction" is any transaction resulting in the taxpayer claiming a loss under section 165 of the Code in an amount equal to or in excess of certain threshold amounts. The Disclosure Regulations specifically provide that a loss resulting from certain foreign currency transactions will constitute a loss transaction. The Disclosure Regulations provide, however, that the fact that a transaction is a reportable transaction does not affect the legal determination of whether the taxpayer's treatment of the transaction is proper.

Persons considering the purchase of Notes should consult their own tax advisors concerning the application of the rules contained in the Disclosure Regulations with respect to an investment in the Notes and to determine their own tax return disclosure obligations, if any, with respect to an investment in the Notes, including any requirement to file IRS Form 8886 (Reportable Transaction Disclosure Statement).

Cayman Islands Taxation

The following is a discussion on certain Cayman Islands income tax consequences of an investment in the Notes. The discussion is a general summary of present law, which is subject to prospective and retroactive change. It is not intended as tax advice, does not consider any investor's particular circumstances, and does not consider tax consequences other than those arising under Cayman Islands law.

- 1 Under existing Cayman Islands laws:
 - 1.1 Payments of interest and principal on the Notes will not be subject to taxation in the Cayman Islands and no withholding will be required on the payment of interest and principal to any holder of the Notes, nor will gains derived from the disposal of the Notes be subject to Cayman Islands income or corporation tax. The Cayman Islands currently have no income, corporation or capital gains tax and no estate duty, inheritance tax or gift tax.
 - 1.2 No stamp duty is payable in respect of the issue of Notes in bearer form. Notes in bearer form themselves will be stampable if they are executed in or brought into the Cayman Islands.
 - 1.3 No stamp duty is payable in respect of the issue of Notes in registered form. An instrument of transfer in respect of a Note in registered form is stampable if executed in or brought into the Cayman Islands.

BCCL has been incorporated under the laws of the Cayman Islands as an exempted company with limited liability and, as such, has obtained an undertaking from the Governor in Cabinet (formerly known as the Governor in Council) of the Cayman Islands in the following form:

The Tax Concessions Law

(Revised)

Undertaking as to Tax Concessions

1. That no law which is hereafter enacted in the Islands imposing any tax to be levied on profits or income or gains or appreciations shall apply to the aforesaid company or its operations; and
2. That the aforesaid tax or any tax in the nature of estate duty or inheritance tax shall not be payable on the shares, debentures or other obligations of the aforesaid exempted company.

This Undertaking shall be for a period of twenty years from the 29th day of August, 1989.

TAXATION RELATING TO THE CERTIFICATES

Purchasers of Certificates may be required to pay stamp taxes and other charges in accordance with the laws and practices of the country of purchase in addition to the issue price of each Certificate.

TRANSACTIONS INVOLVING CERTIFICATES MAY HAVE TAX CONSEQUENCES FOR POTENTIAL PURCHASERS WHICH MAY DEPEND, AMONGST OTHER THINGS, UPON THE STATUS OF THE POTENTIAL PURCHASER AND LAWS RELATING TO TRANSFER AND REGISTRATION TAXES. POTENTIAL PURCHASERS WHO ARE IN ANY DOUBT ABOUT THE TAX POSITION OF ANY ASPECT OF TRANSACTIONS INVOLVING CERTIFICATES SHOULD CONSULT THEIR OWN TAX ADVISERS.

Condition 11 ("Expenses and Taxation") of the Certificate Conditions on page 171 should be considered carefully by all potential purchasers of any Certificates.

United Kingdom Taxation

UK Tax Considerations

The following applies only to persons who are the beneficial owners of Certificates and is a summary of the Bank's understanding of current law and practice in the United Kingdom relating to certain aspects of United Kingdom taxation. Prospective holders of Certificates who are in any doubt as to their tax position or who may be subject to tax in a jurisdiction other than the United Kingdom should seek their own professional advice.

Payments under the Certificates

Payments under Certificates issued by the Bank may be made without deduction of United Kingdom income tax where the payments are made in the ordinary course of the Bank's business and otherwise where the payments are not regarded as interest for tax purposes.

Payments under Certificates issued by BCCL may be made without deduction of United Kingdom income tax where the Certificates are listed on a recognised stock exchange (which includes the London Stock Exchange) and otherwise where such payments are not regarded as interest for tax purposes.

Reporting requirements

Prospective holders of Certificates are referred to the disclosure at paragraph 2 on page 246 above of the section entitled "Taxation relating to the Notes." The same reporting requirements may apply to Certificates. Prospective holders of Certificates are also directed to the disclosure at page 261 in respect of the EU Directive on the Taxation of Saving Income.

United States Federal Income Tax Considerations

General

TO ENSURE COMPLIANCE WITH TREASURY DEPARTMENT CIRCULAR 230, PROSPECTIVE INVESTORS ARE HEREBY NOTIFIED THAT: (A) ANY DISCUSSION OF UNITED STATES FEDERAL TAX ISSUES IN THIS BASE PROSPECTUS IS NOT INTENDED OR WRITTEN TO BE USED OR RELIED UPON, AND CANNOT BE USED OR RELIED UPON, BY PROSPECTIVE INVESTORS FOR THE PURPOSE OF AVOIDING PENALTIES THAT MAY BE IMPOSED ON THEM UNDER THE CODE; (B) SUCH DISCUSSION IS INCLUDED HEREIN BY THE ISSUERS IN CONNECTION WITH THE PROMOTION OR MARKETING (WITHIN THE MEANING OF CIRCULAR 230) BY THE ISSUERS OF THE TRANSACTIONS OR MATTERS ADDRESSED HEREIN; AND (C) PROSPECTIVE INVESTORS SHOULD SEEK ADVICE BASED ON THEIR PARTICULAR CIRCUMSTANCES FROM AN INDEPENDENT TAX ADVISOR.

THIS SUMMARY IS OF A GENERAL NATURE AND IS INCLUDED HEREIN SOLELY FOR INFORMATIONAL PURPOSES. IT IS NOT INTENDED TO BE, NOR SHOULD IT BE CONSTRUED TO BE, LEGAL OR TAX ADVICE. NO REPRESENTATION WITH RESPECT TO THE CONSEQUENCES TO ANY PARTICULAR INVESTOR OF THE CERTIFICATES IS MADE HEREBY. PROSPECTIVE INVESTORS SHOULD CONSULT THEIR OWN TAX ADVISERS WITH RESPECT TO THEIR PARTICULAR CIRCUMSTANCES AND THE EFFECTS OF NATIONAL, STATE, OR LOCAL TAX LAWS TO WHICH THEY MAY BE SUBJECT.

The following is a general summary of certain US federal income tax consequences that may be relevant with respect to the acquisition, ownership and disposition of Certificates. Except where otherwise indicated, this summary addresses only the US federal income tax considerations of US Holders (as defined below) that acquire Certificates at their original issuance and that will hold the Certificates as capital assets.

This discussion is a summary for general information only and does not purport to address all US federal income tax matters that may be relevant to the purchase, ownership, and disposition of Certificates to a particular holder. This summary does not address tax considerations applicable to holders that may be subject to special tax rules including, without limitation, the following: (i) financial institutions; (ii) insurance companies; (iii) dealers or traders in securities (including options) or currencies; (iv) tax-exempt entities; (v) regulated investment companies; (vi) persons that will hold Certificates as part of a "hedging" or "conversion" transaction or as a position in a "straddle" or as part of a "synthetic security" or other integrated transaction for US federal income tax purposes; (vii) persons who hold Certificates through partnerships or other pass-through entities; (viii) persons that have a "functional currency" other than the US dollar; (ix) real estate investment trusts; (x) S corporations; and (xi) persons who have ceased to be taxed as US citizens or resident aliens. Further, this summary does not address tax consequences applicable to holders of equity interests in a holder of Certificates, or alternative minimum tax consequences.

This summary is based on the US Internal Revenue Code of 1986, as amended (the "*Code*"), US Treasury Regulations and judicial and administrative interpretations thereof, in each case as in effect and available on the date of this Base Prospectus. All of the foregoing are subject to change, which change could apply retroactively and could affect the tax consequences described below.

Additional US federal income tax consequences, if any, applicable to particular Certificates will be set forth in the applicable Final Terms. Further, any Certificate that (i) is issued in bearer form with a maturity of more than 182 days, and (ii) is treated as debt for US federal income tax purposes ("Bearer Indebtedness Certificates") will not be offered, sold or delivered within the United States or its possessions or to a United States person except as permitted under US Treasury Regulation section 1.163-5(c)(2)(i)(D). The specific US tax requirements and the terms and conditions of the Bearer Indebtedness Certificates will be set forth in the Final Terms. For a general discussion of these provisions as they relate to the Notes in bearer form, see "Form of Notes -- Bearer Notes," "Terms and Conditions of the Notes -- Bearer Notes" and "Purchase and Sale -- US Tax Selling Restrictions."

Prospective purchasers are urged to consult their own tax advisors concerning the US federal, state, local and foreign tax consequences of owning Certificates in light of their own particular circumstances. US Holders should also review the discussion under the section headed "United Kingdom Taxation" for the UK tax consequences to a US Holder of Certificates.

For the purposes of this summary, a "*US Holder*" is a beneficial owner of a Certificate that is, for US federal income tax purposes: (i) a citizen or resident of the United States; (ii) a corporation or other entity treated as a corporation, created or organized in or under the laws of the United States or any state thereof (including the District of Columbia); (iii) an estate the income of which is subject to US federal income taxation regardless of its source; or (iv) a trust if (x) a court within the United States is able to exercise primary supervision over its administration and (y) one or more US persons have the authority to control all of the substantial decisions of such trust. If a partnership holds Certificates, the consequences to a partner will generally depend upon the status of the partner and upon the activities of the partnership. A partner of a partnership holding Certificates should consult its own tax advisor. A "*Non-US Holder*" is a beneficial owner of a Certificate that is not a United States person for US federal income tax purposes.

The relevant Issuer and Guarantor, if applicable, will not investigate and will not have access to information that would permit them to ascertain whether any company that has issued equity instruments to which any Certificates relate is a passive foreign investment company for US federal income tax purposes. **Prospective investors should consult their own tax advisors concerning the US tax consequences to them of investing in Certificates that relate to the equity of a passive foreign investment company.**

Backup Withholding and Information Reporting

Backup withholding and information reporting requirements may apply to certain proceeds received from a sale, exchange, or other disposition of a Certificate. The relevant Issuer, its agent, a broker, or any paying agent, as the case may be, may be required to withhold tax from any payment that is subject to backup withholding if the US Holder fails to furnish the US Holder's taxpayer identification number, to certify that such US Holder is not subject to backup withholding, or otherwise to comply with the applicable requirements of the backup withholding rules. Certain US Holders (including, among others, corporations) are not subject to the backup withholding and information reporting requirements. Non-US Holders may be required to comply with applicable certification procedures to establish that they are not US Holders in order to avoid the application of such information reporting requirements and backup withholding. Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules will be refunded or credited against the holder's US federal income tax liability, provided that certain required information is furnished to the US Internal Revenue Service. **Holders of Certificates should consult their own tax advisors as to their qualification for exemption from backup withholding and the procedure for obtaining an exemption.**

THE US FEDERAL INCOME TAX DISCUSSION SET FORTH ABOVE IS INCLUDED FOR GENERAL INFORMATION ONLY AND MAY NOT BE APPLICABLE DEPENDING UPON AN OWNER'S PARTICULAR SITUATION. HOLDERS SHOULD CONSULT THEIR OWN TAX ADVISORS WITH RESPECT TO THE TAX CONSEQUENCES TO THEM OF THE OWNERSHIP AND DISPOSITION OF THE CERTIFICATES, INCLUDING THE TAX CONSEQUENCES UNDER STATE, LOCAL, FOREIGN AND OTHER TAX LAWS AND THE POSSIBLE EFFECTS OF CHANGES IN FEDERAL OR OTHER TAX LAWS.

Cayman Islands Taxation

The following is a discussion on certain Cayman Islands income tax consequences of an investment in the Certificates. The discussion is a general summary of present law, which is subject to prospective and retroactive change. It is not intended as tax advice, does not consider any investor's particular circumstances, and does not consider tax consequences other than those arising under Cayman Islands law.

- 1 Under existing Cayman Islands laws:
 - 1.1 Payments on the Certificates will not be subject to taxation in the Cayman Islands and no withholding will be required on the payment on the Certificates to any holder of the Certificates, nor will gains derived from the disposal of the Certificates be subject to Cayman Islands income or corporation tax. The Cayman Islands currently have no income, corporation or capital gains tax and no estate duty, inheritance tax or gift tax.
 - 1.2 No stamp duty is payable in respect of the issue of Certificates in bearer form. Certificates in bearer form themselves will be stampable if they are executed in or brought into the Cayman Islands.
 - 1.3 No stamp duty is payable in respect of the issue of Certificates in registered form. An instrument of transfer in respect of a Certificate in registered form is stampable if executed in or brought into the Cayman Islands.

BCCL has been incorporated under the laws of the Cayman Islands as an exempted company with limited liability and, as such, has obtained an undertaking from the Governor in Cabinet (formerly known as the Governor in Council) of the Cayman Islands in the following form:

The Tax Concessions Law

(Revised)

Undertaking as to Tax Concessions

In accordance with the provision of section 6 of The Tax Concessions Law (Revised), the following undertaking is hereby given to Barclays Capital (Cayman) Limited being a company certified by the Registrar of Companies to be a company registered as an exempted company under section 180 of the Companies Law (Cap. 22):

- 1 That no law which is hereafter enacted in the Islands imposing any tax to be levied on profits or income or gains or appreciations shall apply to the aforesaid company or its operations; and
- 2 That the aforesaid tax or any tax in the nature of estate duty or inheritance tax shall not be payable on the shares, debentures or other obligations of the aforesaid exempted company.

This Undertaking shall be for a period of twenty years from the 29th day of August, 1989.

TAXATION RELATING TO THE WARRANTS

Purchasers of Warrants may be required to pay stamp taxes and other charges in accordance with the laws and practices of the country of purchase and, in respect of physically settled Warrants, the country of the underlying assets in addition to the issue price of each Warrant.

TRANSACTIONS INVOLVING WARRANTS MAY HAVE TAX CONSEQUENCES FOR POTENTIAL PURCHASERS WHICH MAY DEPEND, AMONGST OTHER THINGS, UPON THE STATUS OF THE POTENTIAL PURCHASER AND LAWS RELATING TO TRANSFER AND REGISTRATION TAXES. POTENTIAL PURCHASERS WHO ARE IN ANY DOUBT ABOUT THE TAX POSITION OF ANY ASPECT OF TRANSACTIONS INVOLVING WARRANTS OR WHO MAY BE SUBJECT TO TAX IN A JURISDICTION OTHER THAN THE UNITED KINGDOM SHOULD CONSULT THEIR OWN TAX ADVISERS.

The comments below are of a general nature and are only a summary of certain aspects of the laws and practice currently applicable in the United Kingdom. Purchasers of Warrants may be subject to other tax consequences in relation to Warrants.

United Kingdom Stamp Duty and Stamp Duty Reserve Tax ("*SDRT*")

Issue

A Global Warrant may be subject to United Kingdom stamp duty if it is executed in the United Kingdom or if it relates to any property situate, or to any matter or thing done or to be done, in the United Kingdom. However, in the context of retail covered warrants listed on the London Stock Exchange, HM Revenue and Customs ("*HMRC*") has indicated that no charge to United Kingdom stamp duty will arise on the grant of such warrants. It is not clear whether or not HMRC would be prepared to take such a view in relation to a Global Warrant.

If a Global Warrant is subject to United Kingdom stamp duty, there may be no practical necessity to pay that stamp duty as United Kingdom stamp duty is not an assessable tax. However, a Global Warrant which is not duly stamped cannot be used for any purpose in the United Kingdom; for example it will be inadmissible in evidence in civil proceedings in a United Kingdom court.

If a Global Warrant is subject to United Kingdom stamp duty, and it becomes necessary to pay that stamp duty (for example because this is necessary in order to enforce the document in the United Kingdom), interest will be payable (in addition to the stamp duty) in respect of the period from 30 days after the date of execution of the Global Warrant to the date of payment of the stamp duty. Penalties may also be payable if a Global Warrant which was executed outside the United Kingdom is not stamped within 30 days of first being brought into the United Kingdom. If any United Kingdom stamp duty is required to be paid, it would be payable at the rate of 0.5 per cent. by reference to the amount of consideration given for the issue of Warrants represented by that Global Warrant.

No SDRT should be payable on the issue (into Euroclear or Clearstream) of a cash settled Warrant.

No SDRT should be payable in relation to the issue (into Euroclear or Clearstream) of a physically delivered Warrant which does not give the holder an interest in, rights arising out of, or the right to acquire stock, shares or loan capital.

SDRT at 1.5 per cent. of the consideration will be payable in relation to the issue (into Euroclear or Clearstream) of a physically settled Warrant which gives the holder the right on exercise to acquire stock, shares or loan capital unless such stock, shares or loan capital would qualify as "exempt securities".

Transfer

No United Kingdom stamp duty should be required to be paid on the sale of a Warrant provided no instrument of transfer is used in order to complete the sale.

No SDRT should generally be payable in relation to an agreement to transfer a Warrant within Euroclear or Clearstream.

Exercise

Depending upon the nature of the asset, United Kingdom stamp duty or SDRT may be required to be paid in relation to the transfer of an asset following the exercise of a physically settled Warrant.

However, any such liability to SDRT should be cancelled (or, if already paid, should be repaid) if an instrument effecting the transfer is chargeable with stamp duty (or is otherwise required to be stamped) and has been duly stamped within six years of the agreement being made or, in the case of a conditional agreement, within six years of all conditions being satisfied.

Withholding Tax

No United Kingdom income tax should be required to be deducted or withheld from any payments made on the issue, exercise, sale or other disposition of the Warrants.

Linked Securities

Linked Securities will only be issued by the Bank.

The comments below relate only to the Bank's understanding of certain aspects of United Kingdom taxation applicable to individuals who are the beneficial owners of Linked Securities (and/or their component Warrants) and who are resident or ordinarily resident in the United Kingdom. The comments are based on current United Kingdom tax law and HMRC published practice, are of a general nature and do not apply to certain classes of taxpayers (such as persons carrying on a trade of dealing in Linked Securities (and/or their component Warrants) and persons connected with the Issuer) to whom special rules may apply. The comments are not intended to be, nor should they be regarded as, legal or tax advice. The precise tax treatment of a holder of a Linked Security (or a component Warrant) will depend for each issue on the terms of such Warrants. The tax treatment of an investment in Linked Securities (and/or their component Warrants) may be the subject of change in the future, as may levels of taxation and/or allowances. The Bank gives no assurance as to the actual tax treatment of the Linked Securities (and/or their component Warrants) or of a particular investor as a result of the purchase, holding or sale of a Linked Security (and/or a component Warrants). Prospective investors should note that the relevant taxation provisions are complex, the Linked Securities (and/or their component Warrants) arrangements are innovative, and the provisions in question do not include any clearance procedure under which the views of HMRC can be obtained in advance. Prospective investors in Linked Securities (and/or their component Warrants) who are in any doubt as to their tax position or who may be subject to tax in a jurisdiction other than the United Kingdom should seek their own professional advice.

Gains arising to an individual as a result of acquiring then exercising or otherwise disposing of a "qualifying option" are charged to tax under the capital gains tax rules in the Taxation of Chargeable Gains Act 1992. Options which are listed or quoted on a recognised stock exchange are "qualifying options". The London Stock Exchange plc is a recognised stock exchange for these purposes. Accordingly, profits or losses on the Linked Securities (and/or their Component Warrants) arising, otherwise than as profits of a trade, on the sale or exercise of Warrants or on the sale of such Linked Securities by an investor who is resident or ordinarily resident in the United Kingdom for UK tax purposes or, in certain cases, is carrying on a trade in the United Kingdom through a branch or agency, should be treated as chargeable gains or allowable losses for the purposes of the taxation of capital gains in the United Kingdom.

It is expected that investors selling Linked Securities or exercising their component Warrants will be required to compute separately the chargeable gains or losses arising on the Call Warrants and the Put Warrants comprising the Linked Securities. Provisions contained in section 46 of the Taxation of Chargeable Gains Act 1992 (which can restrict the allowable expenditure taken into account in the computation of a chargeable gain or allowable loss for such purposes in respect of "wasting assets" as defined for this purpose) are not expected to apply to the Linked Securities (and/or their component Warrants).

In many circumstances when an investor sells Linked Securities, as the case may be, or exercises (or abandons) the component Warrants together, one of the component Warrants will give rise to a gain while the other will give rise to a loss. In these circumstances, losses can be set against chargeable gains in such order as results in the largest reduction of the amount charged to capital gains tax. An investor will be entitled to make a tax free gain upon the disposal or exercise of the Warrants or Linked Securities in any tax year equal to the annual exempt amount (£9,200

for the 2007/2008 tax year), assuming the annual exemption has not been utilised in relation to another gain in the same year.

Where a Warrant or Linked Security is held in connection with a trade carried on by the Warrantholder, the cost of acquiring such Warrant or Linked Security and the profit or loss on its sale and, in the case of such Warrant, its exercise will generally be brought into account in the computation of the trading profits of the Warrantholder for UK tax purposes if the Warrantholder is resident in the United Kingdom or if the trade is being exercised through a branch or agency in the United Kingdom.

At maturity a Warrantholder exercising a Call Warrant or a Put Warrant will receive payment of the exercise proceeds, if any, without deduction of tax.

No stamp duty reserve tax will be payable by investors on the initial purchase of the Warrants or the Linked Securities from Barclays Private Bank Limited or on any subsequent dealings in them through an account at Clearstream, Luxembourg or Euroclear. In the context of retail covered warrants listed on the London Stock Exchange, HMRC has indicated that no charge to United Kingdom stamp duty will arise on the grant of such warrants. It is not clear whether or not HMRC would be prepared to take such a view in relation to a Global Warrant.

Even if an instrument is subject to United Kingdom stamp duty there may be no practical necessity to pay that stamp duty, as United Kingdom stamp duty is not an assessable tax. However, an instrument which is not duly stamped cannot be used for any purpose in the United Kingdom; for example it will be inadmissible in evidence in civil proceedings in a United Kingdom court.

In the event that an instrument is subject to United Kingdom stamp duty, and it becomes necessary to pay that stamp duty (for example because this is necessary in order to enforce the document in the United Kingdom), interest will be payable (in addition to the stamp duty) in respect of the period from 30 days after the date of execution of the instrument to the date of payment of the stamp duty. Penalties may also be payable if an instrument which was executed outside the United Kingdom is not stamped within 30 days of first being brought into the United Kingdom. In the case of a Global Warrant representing a series of Warrants, if any United Kingdom stamp duty is required to be paid it would be payable by reference to the amount of consideration given for the Warrants represented by that Global Warrant.

A document constituting a transfer on sale of the Linked Securities and/or the Warrants will generally give rise to *ad valorem* stamp duty, at the current rate of 0.5 per cent of the amount or value of the consideration, unless the transfer is to a depositary for a clearing system or to a person issuing depositary receipts (or an agent or nominee of such a person) where stamp duty will be payable at 1.5 per cent of the amount or value of the consideration. The purchaser of the Linked Securities and/or the Warrants normally pays any stamp duty.

General

Transactions involving Warrants may have tax consequences for potential purchasers which may depend, amongst other things, upon the status of the potential purchaser and may relate to transfer and registration taxes.

Condition 12 of the Warrant Conditions ("*Expenses and Taxation*") on page 229 should be considered carefully by all potential purchasers of any Warrants.

Cayman Islands Taxation

The following is a discussion on certain Cayman Islands income tax consequences of an investment in the Warrants. The discussion is a general summary of present law, which is subject to prospective and retroactive change. It is not intended as tax advice, does not consider any investor's particular circumstances, and does not consider tax consequences other than those arising under Cayman Islands law.

- 1 Under existing Cayman Islands laws:
 - 1.1 Payments on the Warrants will not be subject to taxation in the Cayman Islands and no withholding will be required on the payment on the Warrants to any holder of the Warrants, nor will gains derived from the disposal of the Warrants be subject to Cayman Islands income or corporation tax. The Cayman Islands currently have no income, corporation or capital gains tax and no estate duty, inheritance tax or gift tax.
 - 1.2 No stamp duty is payable in respect of the issue of Warrants in bearer form. Warrants in bearer form themselves will be stampable if they are executed in or brought into the Cayman Islands.
 - 1.3 No stamp duty is payable in respect of the issue of Warrants in registered form. An instrument of transfer in respect of a Warrant in registered form is stampable if executed in or brought into the Cayman Islands.

BCCL has been incorporated under the laws of the Cayman Islands as an exempted company with limited liability and, as such, has obtained an undertaking from the Governor in Cabinet (formerly known as the Governor in Council) of the Cayman Islands in the following form:

The Tax Concessions Law

(Revised)

Undertaking as to Tax Concessions

In accordance with the provision of section 6 of The Tax Concessions Law (Revised), the following undertaking is hereby given to Barclays Capital (Cayman) Limited being a company certified by the Registrar of Companies to be a company registered as an exempted company under section 180 of the Companies Law (Cap. 22):

- 1 That no law which is hereafter enacted in the Islands imposing any tax to be levied on profits or income or gains or appreciations shall apply to the aforesaid company or its operations; and
- 2 That the aforesaid tax or any tax in the nature of estate duty or inheritance tax shall not be payable on the shares, debentures or other obligations of the aforesaid exempted company.

This Undertaking shall be for a period of twenty years from the 29th day of August, 1989.

EUROPEAN UNION TAXATION

EU Directive on the Taxation of Savings Income

Under EC Council Directive 2003/48/EC on the taxation of savings income, each EU Member State is required, from 1 July 2005, to provide to the tax authorities of another Member State details of payments of interest or other similar income paid by a person within its jurisdiction to, or collected by such a person for, an individual resident in that other Member State; however, for a transitional period, Austria, Belgium and Luxembourg will (unless they elect otherwise) instead apply a withholding system in relation to such payments, deducting tax at rates rising over time to 35 per cent. The transitional period is to terminate at the end of the first full fiscal year following agreement by certain non-EU countries to the exchange of information relating to such payments.

Also with effect from 1 July 2005, a number of non-EU countries, including Switzerland, and certain dependent or associated territories of certain Member States have adopted similar measures (either provision of information or transitional withholding) in relation to payments made by a person within its jurisdiction to, or collected by such a person for, an individual resident in a Member State. In addition, the Member States have entered into reciprocal provision of information or transitional withholding arrangements with certain of those dependent or associated territories in relation to payments made by a person in a Member State to, or collected by such a person for, an individual resident in one of those territories.

ERISA MATTERS

BCCL and certain affiliates of BCCL may each be considered a "party in interest" within the meaning of the US Employee Retirement Income Security Act of 1974, as amended (**ERISA**), or a "disqualified person" within the meaning of the Code with respect to many employee benefit plans and individual retirement accounts, tax qualified plans for the self-employed and other plans subject to Title I of ERISA or Section 4975 of the Code. Certain transactions between an employee benefit plan and a party in interest or disqualified person may result in "prohibited transactions" within the meaning of ERISA and the Code, unless such transactions are affected pursuant to an applicable exemption. Any employee benefit plan or other entity whose assets may be subject to such provisions of ERISA or the Code proposing to invest in any Certificates or Notes should consult with its legal counsel and be prepared to set forth for the Manager the basis of any applicable prohibited transaction exemption.

PURCHASE AND SALE

Pursuant to the Master Subscription Agreement dated on or about 27 March 2008, the Manager (being, at the date of this Base Prospectus, Barclays Bank PLC in its capacity as a Manager) has agreed with the Issuers the basis on which it may from time to time agree to purchase Securities. Any such agreement will extend to those matters stated under "Summary of the Programme", "Terms and Conditions of the Notes", "Terms and Conditions of the Certificates" and "Terms and Conditions of the Warrants" above. In the Master Subscription Agreement, each of the Issuers has agreed to reimburse the Manager for certain of its expenses in connection with the establishment of the Programme and the issue of Securities under the Programme.

No action has been or will be taken by BCCL, the Bank or the Managers that would permit a public offering of any Securities or possession or distribution of any offering material in relation to any Securities in any jurisdiction where action for that purpose is required. No offers, sales, re-sales or deliveries of any Securities, or distribution of any offering material relating to any Securities, may be made in or from any jurisdiction except in circumstances which will result in compliance with any applicable laws and regulations and which will not impose any obligation on BCCL, the Bank and/or the Managers.

SELLING RESTRICTIONS

European Economic Area

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive or for which the provisions of the Prospectus Directive have direct effect under local law because that Member State failed to implement the Prospectus Directive in time (each, a "**Relevant Member State**"), the Manager has represented and agreed, and each further Manager appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Member State (the "**Relevant Implementation Date**") it has not made and will not make an offer of Securities to the public in that Relevant Member State, except that it may, with effect from and including the Relevant Implementation Date, make an offer of Securities to the public in that Relevant Member State:

- (a) in (or in Germany, where the offer starts within) the period beginning on the date of publication of a prospectus in relation to those Securities which has been approved by the competent authority in that Relevant Member State in accordance with the Prospectus Directive or, where appropriate, published in another Member State and notified to the competent authority in that Relevant Member State in accordance with Article 18 of the Prospectus Directive and ending on the date which is 12 months after the date of such publication;
- (b) at any time to legal entities which are authorised or regulated to operate in the financial markets or, if not so authorised or regulated, whose corporate purpose is solely to invest in securities;
- (c) at any time to any legal entity which has two or more of (1) an average of at least 250 employees during the last financial year; (2) a total balance sheet of more than €43,000,000 and (3) an annual turnover of more than €50,000,000, as shown in its last annual or consolidated accounts; or
- (d) at any time in any other circumstances which do not require the publication by the Issuer of a prospectus pursuant to Article 3 of the Prospectus Directive or to supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an "offer of Securities to the public" in relation to any Securities in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Securities to be offered so as to enable an investor to decide to purchase or subscribe the Securities, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression "**Prospectus Directive**" means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.

United States of America

US Tax Selling Restrictions

Bearer Notes and the Bearer Indebtedness Certificates (collectively, the "**Bearer Debt Instruments**") have not been issued in registered form for US federal income tax purposes and may not be offered, sold or delivered within the United States or its possessions or to a United States person except as permitted under US Treasury Regulation section 1.163-5(c)(2)(i)(D) (the "**D Rules**").

Each Issuer and the Manager has represented and agreed (and each additional Manager named in a set of Final Terms will be required to represent and agree) that in addition to the relevant US Securities Selling Restrictions set forth below:

- (a) except to the extent permitted under the D Rules, (x) it has not offered or sold, and during the restricted period it will not offer or sell, Bearer Debt Instruments to a person who is within the United States or its possessions or to a United States person and (y) such Manager has not delivered and agrees that it will not deliver within the United States or its possessions definitive Bearer Debt Instruments that will be sold during the restricted period;
- (b) it has and agrees that throughout the restricted period it will have in effect procedures reasonably designed to ensure that its employees or agents who are directly engaged in selling Bearer Debt Instruments are aware that Bearer Debt Instruments may not be offered or sold during the restricted period to a person who is within the United States or its possessions or to a United States person (except to the extent permitted under the D Rules);
- (c) if it is a United States person, it is acquiring the Bearer Debt Instruments for purposes of resale in connection with their original issuance, and if it retains Bearer Debt Instruments for its own account, it will do so in accordance with the requirements of the D Rules;
- (d) with respect to each affiliate or distributor that acquires Bearer Debt Instruments from the Manager for the purpose of offering or selling such Bearer Debt Instruments during the restricted period, the Manager either repeats and confirms the representations and agreements contained in subclauses (a), (b) and (c) above on such affiliate's or distributor's behalf or agrees that it will obtain from such affiliate or distributor for the benefit of each Issuer and Manager the representations and agreements contained in such subclauses; and
- (e) it has not and agrees that it will not enter into any written contract (other than confirmation or other notice of the transaction) pursuant to which any other party to the contract (other than one of its affiliates or another Manager) has offered or sold, or during the restricted period will offer or sell, any Bearer Debt Instruments except where pursuant to the contract the Manager has obtained or will obtain from that party, for the benefit of each Issuer and Manager, the representations contained in, and that party's agreement to comply with, the provisions of subclauses (a), (b), (c) and (d).

Terms used in this section shall have the meanings given to them by the Internal Revenue Code and the US Treasury Regulations thereunder, including the D Rules.

US Securities Selling Restrictions

Notes and Certificates

The Notes, Certificates, the Guarantee and in certain cases, the Entitlements have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account of benefit of, US persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act ("**Regulation S**").

The Manager has agreed (and each further Manager named in a set of Final Terms will be required to agree) that it will not offer or sell Notes (i) as part of their distribution at any time or (ii) otherwise until 40 days after the completion of the distribution of an identifiable tranche of which such Notes are part, as determined and certified to

the Agent by such Manager (in the case of a non-syndicated issue) or the relevant Lead Manager (in the case of syndicated issue), within the United States or to, or for the account or benefit of, US persons except to certain qualified institutional buyers as defined in Rule 144A, and it will have sent to each Manager to which it sells Notes and Certificates during the distribution compliance period (other than resales pursuant to Rule 144A) a confirmation or other notice setting out the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, US persons. Terms used in the preceding sentence have the meanings given to them by Regulation S. Neither such Manager nor its affiliates, nor any persons acting on its or their behalf, have engaged or will engage in any directed selling efforts (as defined in Regulation S) with respect to the Securities, and such Manager, its affiliates and all persons acting on its or their behalf have complied and will comply with the offering restrictions requirement of Regulation S.

The Notes and Certificates are being offered and sold outside the United States to non-US persons in reliance on Regulation S. The Master Subscription Agreement provides that the Manager may directly or through their US broker-dealer affiliates arrange for the offer and resale of Registered Notes within the United States only to Qualified Institutional Buyers.

In addition, until 40 days after the commencement of the offering of any identifiable tranche of Notes and Certificates, an offer or sale of such Notes within the United States by any dealer (whether or not participating in the offering of such tranche of Registered Notes) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with Rule 144A.

The Base Prospectus has been prepared by the Issuers for use in connection with the offer and sale of Notes outside the United States and for the resale of the Registered Notes in the United States and for the listing of Notes on the Relevant Stock Exchange. The Issuers and the Manager reserve the right to reject any offer to purchase the Notes, in whole or in part, for any reason. The Base Prospectus does not constitute an offer to any person in the United States or to any US person other than any Qualified Institutional Buyer to whom an offer has been made directly by the Manager or its US broker-dealer affiliate. Distribution of the Base Prospectus by any non-US person outside the United States or by any Qualified Institutional Buyer in the United States to any US person or to any other person within the United States, other than any Qualified Institutional Buyer and those persons, if any, retained to advise such non-US person or qualified institutional buyer with respect thereto, is unauthorised and any disclosure without the prior written consent of the Issuers of any of its contents to any of such US person or other person within the United States, other than any Qualified Institutional Buyer and those persons, if any, retained to advise such non-US person or Qualified Institutional Buyer, is prohibited.

Each issue of Notes and Certificates shall be subject to such additional US selling restrictions as the Issuers and the relevant Manager may agree as a term of the issue and purchase of such Notes and Certificates, which additional selling restrictions shall be set out in the applicable Final Terms.

Warrants

No Warrants of any Series nor the Guarantee have been, or will be, registered under the Securities Act or any state securities laws and trading in the Warrants has not been approved by the US Commodity Futures Trading Commission under the Commodity Exchange Act. The Warrants are only being offered and sold pursuant to the registration exemption contained in Regulation S under the Securities Act. No Warrants of any series, or interests therein, may at any time be offered, sold, resold, traded, pledged, exercised, redeemed, transferred or delivered, directly or indirectly, in the United States or directly or indirectly offered, sold, resold, traded, pledged, exercised, redeemed, transferred or delivered to, or for the account or benefit of, any US person. Terms used in the preceding sentence have the meanings given to them by Regulation S. Consequently, any offer, sale, re-sale, trade, pledge, exercise, redemption, transfer or delivery made, directly or indirectly, within the United States or to, or for the account or benefit of, a US person will not be recognised.

Each Manager of an issue of Warrants will be required to agree that it, its affiliates and any person acting on its or their behalf will not at any time offer, sell, resell, trade, pledge, exercise, redeem, transfer or deliver, directly or indirectly, Warrants of such series in the United States or to, or for the account or benefit of, any US person or to others for offer, sale, resale, trade, pledge, exercise, redemption, transfer or delivery, directly or indirectly, in the United States or to, or for the account or benefit of, any such US person. Each Manager of an issue of Warrants will be required to agree that it, its affiliates, and any person acting on its or their behalf will not offer or sell the Warrants at any time except in accordance with Rule 903 of Regulation, and that neither it, its affiliates, nor any

persons acting on its or their behalf will engage in any directed selling efforts with respect to the Warrants and it and they will comply with the offering restrictions requirements of Regulation. The terms used in this paragraph have the meanings given to them by Regulation. Any person purchasing Warrants of any series must agree with the Manager or the seller of such Warrants that (i) it is not located in the United States and was not solicited to purchase the Warrants while present in the United States, (ii) it will not at any time offer, sell, resell, trade, pledge, exercise, redeem, transfer or deliver, directly or indirectly, any Warrants of such series so purchased in the United States or to, or for the account or benefit of, any US person or to others for offer, sale, resale, trade or delivery, directly or indirectly, in the United States or to, or for the account or benefit of, any US person, (iii) it is not purchasing any Warrants of such series for the account or benefit of any US person and (iv) it will not make offers, sales, re-sales, trades, pledges, exercises, redemptions, transfers or deliveries of any Warrants of such series (otherwise acquired), directly or indirectly, in the United States or to, or for the account or benefit of, any US person. Each Manager of an issue of warrants will also be required to agree, and any person purchasing Warrants of such series must agree, to send each person who purchases any Warrants of such series from it, at or prior to confirmation of sale of any Warrants, a written confirmation (which shall include the definitions of United States and US persons set forth herein) stating that the Warrants and the Guarantee have not been registered under the Securities Act, or any state securities laws, and trading in the Warrants and the Guarantee has not been approved by the US Commodity Futures Trading Commission under the Commodity Exchange Act, as amended, and stating that such purchaser agrees that it will not at any time offer, sell, resell, trade, pledge, exercise, redeem, transfer or deliver Warrants, directly or indirectly, in the United States or to, or for the account or benefit of, any US person. Any person exercising a Warrant will be required to represent, inter alia, that it is not a US person the Warrant is not being exercised within the United States or on behalf of a US person and no cash, securities or other property have been or will be delivered within the United States or to, or for the account or benefit of, a US person in connection with any exercise thereof. See "Terms and Conditions of the Warrants, Condition 6 - Exercise Procedure".

US Commodities Selling Restrictions

(a) Type 1 US Commodities Restrictions

Type 1 US Commodities Restrictions will generally apply in the case of Notes that may implicate the US commodities laws but that may, in limited circumstances agreed between the relevant Issuer and the relevant Manager, be purchased, or redeemed when held, by or on behalf of certain persons in the United States.

If the Final Terms for Notes of any Series indicates that Type 1 US Commodities Restrictions apply, the US Commodities Restrictions will be as follows:

Trading in the Notes or Certificates has not been approved by the US Commodity Futures Trading Commission under the Commodity Exchange Act. Except in limited circumstances agreed between the Issuer and the relevant Manager, the Notes may not at any time be offered, sold or delivered in the United States or to, or for the account or benefit of, US persons, nor may any US person, except in limited circumstances agreed between the Issuer and the Manager, at any time trade or maintain a position in the Notes. The redemption of a Note or the payment of the Redemption Amount, Early Redemption Amount or other similar amount on redemption of a Note will be conditional on certification that (a) neither the person holding the Notes that are being redeemed, nor any person on whose behalf the Notes that are being redeemed are held, is a US person or a person within the United States or (b) the person redeeming the Notes, and each person on whose behalf the Notes are being redeemed or who is the beneficial owner thereof, is an Eligible Contract Participant (as such term is defined in the Commodity Exchange Act), or such other form of certification as may be agreed between the Issuer or one of its affiliates and the Noteholder to equivalent effect.

The Manager has represented and agreed (and each additional Manager named in a set of Final Terms will be required to represent and agree) (a) that it has not, except in limited circumstances agreed between the Issuer and such Manager, acquired, and will not, except in such limited circumstances, at any time acquire, any Notes for the account or benefit of any US person and (b) that it has not, except in limited circumstances agreed between the Issuer and such Manager, offered, sold, traded or delivered, and will not, except in such limited circumstances, at any time offer, sell, trade or deliver, any Notes, whether acquired in connection with the distribution of the Notes or otherwise, in the United States or to, or for the account or benefit of, US persons.

Barclays Capital Inc. may act as agent for Barclays Bank PLC in respect of such offers and sales and receive certain consideration from Barclays Bank PLC in connection therewith.

Terms in the two immediately preceding paragraphs not otherwise defined have the meanings given to them by Regulation S. Thus, as used herein, the term "*United States*" includes the territories, the possessions and all other areas subject to the jurisdiction of the United States of America, and the term "*US person*" includes a resident of the United States, a corporation, partnership or other entity created or organized in or under the laws of the United States or an estate or trust the income of which is subject to United States federal income taxation regardless of its source.

Alternative or additional selling restrictions may apply where so indicated in the Final Terms for Notes of any Series.

(b) *Type 2 US Commodities Restrictions*

Type 2 US Commodities Restrictions will generally apply in the case of Notes that may implicate the US commodities laws resulting in a prohibition on purchase or holding by persons in the United States.

If the Final Terms for Notes of any Series indicates that Type 2 US Commodities Restrictions apply, the US Commodities Restrictions will be as follows:

Trading in the Notes has not been approved by the US Commodity Futures Trading Commission under the Commodity Exchange Act. The Notes may not at any time be offered, sold or delivered in the United States or to, or for the account or benefit of, US persons, nor may any US person at any time trade or maintain a position in the Notes. The redemption of a Note or the payment of the Redemption Amount, Early Redemption Amount or other similar amount on redemption of a Note will be conditional on certification as to non-US beneficial ownership.

The Manager has represented and agreed (and each additional Manager named in a set of Final Terms will be required to represent and agree) (a) that it has not acquired, and will not at any time acquire, any Notes for the account or benefit of any US person and (b) that it has not offered, sold, traded or delivered, and will not at any time offer, sell, trade or deliver, any Notes, whether acquired in connection with the distribution of the Notes or otherwise, in the United States or to, or for the account or benefit of, US persons.

Terms in the two immediately preceding paragraphs not otherwise defined have the meanings given to them by Regulation S.

US Retirement Plan Selling Restrictions

The Notes may not be sold or transferred to, and each purchaser by its purchase of the Notes shall be deemed to have represented and covenanted that it is not acquiring the Notes for or on behalf of, and will not transfer the Notes to, any pension or welfare plan as defined in Section 3 of the ERISA, that is subject to Title I of ERISA or any plan or arrangement that is subject to Section 4975 of the Internal Revenue Code or of an entity the assets of which are considered assets of such a plan, except that such purchase for or on behalf of a plan shall be permitted when, in the sole judgment of the Manager, and to the extent:

- (a) such purchase is made by or on behalf of a bank collective investment fund maintained by the purchaser in which no plan (together with any other plans maintained by the same employer or employee organization) has an interest in excess of 10% of the total assets in such collective investment fund, and the other applicable conditions of Prohibited Transaction Class Exemption ("*PTCE*") 91-38 issued by the US Department of Labor are satisfied;
- (b) such purchase is made by or on behalf of an insurance company pooled separate account maintained by the purchaser in which, at any time while the Notes are outstanding, no plan (together with any other plans maintained by the same employer or employee organization) has an interest in excess of 10% of the total of all assets in such pooled separate account, and the other applicable conditions of PTCE 90-1 issued by the US Department of Labor are satisfied;

- (c) such purchase is made on behalf of a plan by (A) an investment adviser registered under the US Investment Advisers Act of 1940, as amended (the "*Investment Advisers Act*"), that had as of the last day of its most recent fiscal year total assets under its management and control in excess of \$85 million and had stockholders' or partners' equity in excess of \$1 million as shown in its most recent balance sheet prepared in accordance with generally accepted accounting principles, or (B) a bank as defined in Section 202(a)(2) of the Investment Advisers Act with equity capital in excess of \$1 million as of the last day of its most recent fiscal year, or (C) an insurance company which is qualified under the laws of more than one state to manage, acquire or dispose of any assets of a pension or welfare plan, which insurance company has as of the last day of its most recent fiscal year, net worth in excess of \$1 million and which is subject to supervision and examination by a State authority having supervision over insurance companies and, in any case, such investment adviser, bank or insurance company is otherwise a qualified professional asset manager, as such term is used in PTCE 84-14 issued by the US Department of Labor, and the assets of such plan when combined with the assets of other plans established or maintained by the same employer (or affiliate thereof) or employee organisation and managed by such investment adviser, bank or insurance company, do not represent more than 20% of the total client assets managed by such investment adviser, bank or insurance company at the time of the transaction, and the other applicable conditions of such exemption are otherwise satisfied;
- (d) such plan is a governmental plan (as defined in Section 3(3) of ERISA) which is not subject to the provisions of Title I of ERISA or Section 4975 of the Internal Revenue Code;
- (e) such purchase is made by or on behalf of an insurance company using the assets of its general account, the reserves and liabilities for the general account contracts held by or on behalf of any plan, together with any other plans maintained by the same employer (or its affiliates) or employee organisation, do not exceed 10% of the total reserves and liabilities of the insurance company general account (exclusive of separate account liabilities), plus surplus as set forth in the National Association of Insurance Commissioners Annual Statement filed with the state domicile of the insurer, in accordance with PTCE 95-60, and the other applicable conditions of such exemption are otherwise satisfied;
- (f) such purchase is made by an in-house asset manager within the meaning of Part IV(a) of PTCE 96-23, such manager has made or properly authorized the decision for such plan to purchase the Notes, under circumstances such that PTCE 96-23 is applicable to the purchase and holding of the Notes; or
- (g) such purchase will not otherwise give rise to a transaction described in Section 406 of ERISA or Section 4975(c)(1) of the Internal Revenue Code for which a statutory or administrative exemption is unavailable.

United Kingdom

The Manager has represented and agreed, and each further Manager appointed under the Programme will be required to represent and agree, that:

- (b) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of any Securities in circumstances in which Section 21(1) of the FSMA would not, if the Issuer was not an authorised person, apply to the Issuer; and
- (c) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Securities in, from or otherwise involving the United Kingdom.

Significant or Material Change

There has been no significant change in the financial or trading position of the Bank or BCCL or the Group nor any material adverse change in the prospects of the Bank or BCCL or the Group taken as a whole since 31 December 2007 (the date at which the most recent annual audited financial statements were prepared).

Litigation

Barclays has for some time been party to proceedings, including a class action, in the United States against a number of defendants following the collapse of Enron; the class action claim is commonly known as the Newby litigation. On 20 July 2006, the Bank received an Order from the United States District Court for the Southern District of Texas Houston Division which dismissed the claims against Barclays PLC, Barclays Bank PLC and Barclays Capital Inc. in the Newby litigation. On 4 December 2006 the Court stayed Barclays dismissal from the proceedings and allowed the plaintiffs to file a supplemental complaint. On 19 March 2007 the United States Court of Appeals for the Fifth Circuit issued its decision on an appeal by Barclays and two other financial institutions contesting a ruling by the District Court allowing the Newby litigation to proceed as a class action. The Court of Appeals held that because no proper claim against Barclays and the other financial institutions had been alleged by

the plaintiffs, the case could not proceed against them. The plaintiffs applied to the United States Supreme Court for a review of this decision. On 22 January 2008, the United States Supreme Court denied the plaintiffs' request for review. Following the Supreme Court's decision, the District Court ordered a further briefing concerning the status of the plaintiffs' claims. Barclays plans to seek the dismissal of the plaintiffs' claims.

Barclays considers that the Enron related claims against it are without merit and is defending them vigorously. It is not possible to estimate Barclays's possible loss in relation to these matters, nor the effect that they might have upon operating results in any particular financial period.

Barclays has been in negotiations with the staff of the US Securities and Exchange Commission (the "*Commission*") with respect to a settlement of the Commission's investigations of transactions between Barclays and Enron. Barclays does not expect that the amount of any settlement with the Commission would have a significant adverse effect on its financial position or operating results.

Like other UK financial services institutions, Barclays faces numerous County Court claims and complaints by customers who allege that its unauthorised overdraft charges either contravene the Unfair Terms in Consumer Contracts Regulations 1999 or are unenforceable penalties or both. Pending resolution of the test case referred to below (the "*Test Case*"), existing and new claims in the County Courts are stayed, and there is an FSA waiver of the complaints handling process and a standstill of Financial Ombudsman Service decisions. In July 2007, and by agreement with all parties, the OFT launched the Test Case by commencing proceedings against seven banks and one building society including Barclays, the first stage of which seeks declarations on two issues of legal principle. The hearing commenced on 17 January 2008. Barclays is defending the test case vigorously. It is not practicable to estimate Barclays's possible loss in relation to these matters, nor the effect that they may have upon operating results in any particular financial period.

Barclays is engaged in various other litigation proceedings both in the United Kingdom and a number of overseas jurisdictions, including the United States, involving claims by and against it which arise in the ordinary course of business. Barclays does not expect the ultimate resolution of any of the proceedings to which Barclays is party to have a significant adverse effect on the financial position of the Group and Barclays has not disclosed the contingent liabilities associated with these claims either because they cannot reasonably be estimated or because such disclosure could be prejudicial to the conduct of the claims.

Save as disclosed in the first, second and fourth paragraphs above of this section "Litigation", no member of the Group is or has been involved in any governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which Barclays is aware) which may have, or have had during the 12 months preceding the date of this Base Prospectus, a significant effect on Barclays's and/or the Group's financial position or profitability.

BCCL is not, and has not been, involved in any government, legal or arbitration proceedings (including any proceedings which are pending or threatened of which BCCL is aware) that may have, or have had during the twelve months preceding the date of this Base Prospectus, a significant effect on the financial position or profitability of BCCL.

Auditors

The annual consolidated and unconsolidated financial statements of the Bank for the two years ended 31 December 2006 and 31 December 2007 have been audited without qualification by PricewaterhouseCoopers of Southwark Towers, 32 London Bridge Street, London SE1 9SY, chartered accountants and registered auditors (authorised and regulated by the Financial Services Authority for designated investment business). The financial information contained in this Base Prospectus in relation to the Bank does not constitute its statutory accounts for the two years ended 31 December 2007. The Bank's annual report and accounts (containing its consolidated and unconsolidated audited financial statements), which constitute the Bank's statutory accounts within the meaning of section 240 of the Companies Act 1985 relating to each complete financial year to which such information relates, have been delivered to the Registrar of Companies in England. PricewaterhouseCoopers has reported on the Bank's statutory accounts, and such reports were unqualified and did not contain a statement under Section 237 of the Companies Act 1985.

Post-issuance information

The Issuers do not intend to provide any post-issuance information in relation to any issues of Securities, the Securities or the performance of any underlying.
